Highway 18 Rally Urges Immediate Construction

DELEGATES AT TURKEY PLAN AUSTIN PLEA

RESOLUTION PROCLAIMS NORTH-SOUTH GAPS "NO. ONE PROJECT" FOR AREA

Led by Clarendon High School's colorful young band, Donley County's delegation marched into Turkey Monday afternoon to play a prominent part in the North-South Highway Rally in that city. President Odos Caraway of the Association sponsoring the route, and County Judge R. Y. King with the entire commissioners court, supported with numerous highway boosters made up a delegation of about sixty journeying to the Hall County axis of the North-South road, where the business session was held in the Gem Theatre, preceding the picnic feed provided by the city of Turkey on the Turkey golf grounds.

Delegations from Gray, Hall and Motley County with visitors from other interested points were present following a snappy band concert by the Clarendon band, when the meeting was called to order in the Gem Theatre by Mayor Bill Hardcastle of Turkey who made a brief welcome address, and introduced Sam M. Braswell of Clarendon who was the chairman for the program preceding the business session of the Association.

After a brief response to the welcome the chairman introduced the various delegations present and the group heard reports of the progress of the work in securing right-of-way and construction. Henry Pipkin, Matador, made a report of the construction work on Highway 18 in Motley County, which in a short time will be open to travel, closing the unpaved gap between the Hall County line and a few miles north of Matador. County Commissioner Roy Russell of Turkey gave a resume of the right-of-way difficulties in the environs of Turkey and said that the hope of the committee there was for a solution of the difficulty within the next few days. Hall County Judge Goodpasture was introduced and along with other Memphis delegates promised help and cooperation in bringing Hall County's end of the job up in early consummation.

Odos Caraway reported for Clarendon's part of the right-of-way procedure and introduced County Commissioner G. G. Reeves, who told of the progress South of Clarendon to the Hall County line. Mr. Reeves introduced County Judge R. Y. King and the entire commissioners court from Donley. Judge King assured the meeting of the interested cooperation of the court in opening the road. County and District Clerks, W. G. Word and Walker Lane of Donley were also introduced.

Next the Gray county group was introduced with County Judge Sherman White of Pampa, making an appreciated statement of the plans of Gray county for forwarding the closing of the Pampa to Turkey gap and of their hopes for the designation of the projected route from Pampa to Perryton. Judge White also gave a brief outline of the recent refunding law which will be of aid to many counties of the

(Continued on Page Eight)

PLEASE, PLEASE!

We are sorry we have been unable to locate you in order to make this request in person but we hope you will read and understand.

Several persons have come into the office recently complaining of an electrical motor disrupting radio reception in Southwest Clarendon. It is the general opinion that the motor is probably a vacuum cleaner and it would be greatly appreciated if the user would be kind enough to finish before 7:45 or wait until after 8 o'clock in the mornings so as to enable neighbors to hear the WFAA newscast. We thank you on behalf of the radio listeners and on behalf of the News-Editor.

Road Head

ODOS CARAWAY

President of the 18 North-South Highway Association who presided at the plan-session in Turkey Monday night.

FSA SUPERVISOR TELLS HOW TO MAKE FLY TRAPS

"For maintaining the families' health, fly traps are valuable", says Miss Lois Waggoner, Donley County Home Management Supervisor, Farm Security Administration.

The construction of the trap is simple and inexpensive, according to Miss Waggoner who says that in many cases they can be made without cost by using materials around the place. Three and one half feet of 34-inch screen is required for a trap and an apple box or scrap lumber can be used for the frame. A saucer of bait is placed under the trap to attract the flies.

In setting traps a location should be chosen where flies naturally congregate. This is usually on the sunny side of a building out of the wind. Those who are getting best results are using two traps placing one near the back door and one in the barnyard.

A model flytrap is on display in the Farm Security Administration offices and for further information write the U. S. Department of Agriculture, Farmers' Bulletin No. 734 entitled Flytraps and Their Operation.

Mrs. Frank Simmons of Dallas was here Sunday.

Secretary

JOHN GILLHAM

Secretary of the 18 North-South Highway Association who is responsible for most of the details of the organization's activities.

LOCAL F. F. A. ANNUAL TOUR DATES SET

GROUP WILL LEAVE HERE JULY 30th FOR EIGHT DAY OUTING TRIP

Clarendon F. F. A. members will begin their summer tour July 30 with the itinerary including New Mexico and the edge of Colorado. J. R. Gillham, chapter advisor, announced today.

The group plans to leave Clarendon the morning of July 30th and returning in about eight days. Raton, Cimarron, Eagle Nest, Red River, Taos, Santa Fe, Albuquerque, Ruidoso, Roswell, and Carlsbad will be the chief points of interest.

Members of the chapter will do the cooking and transportation and eats for each boy will amount to approximately \$8.

A special meeting will be held at the chapter room, Monday, July 24th to determine whose truck will be used for the trip and to determine definitely what boys will make the trip. Twenty-eight members were on the tour last year.

Mrs. Katie Zachry, Mrs. E. A. Hardin, Mrs. Charles Word, daughters of Mr. and Mrs. W. O. Butler of Clarendon were back home this week after a month's visit with Mr. and Mrs. Bill Murphy in Los Angeles, California.

TEETH IN NEW LAW ON HOT CHECKING IS EXPLAINED

PENALTIES INCLUDE FINE FOR ATTEMPTING TO SQUASH COMPLAINTS

Teeth in the new hot check law which became effective upon the signature of Governor W. Lee O'Daniel last month, were today pointed out by Donley County Sheriff Guy Pierce.

The new bill makes it unlawful for any person to obtain money, service labor or other things of value by drawing any check without sufficient funds to pay the instrument at the time it was given. It is also unlawful for a person to secure or retain possession of any personal property to which lien has been attached, by giving of such an instrument. In all cases, the nonpayment of the instrument upon presentation is prima facie evidence that the person gave or drew it with intent to defraud.

Penalties under the law are as follows:

First conviction for less than \$5 instrument, confinement in the county jail not exceeding two years or fine not exceeding \$200; conviction from \$5 to \$50, confinement in jail not exceeding two years or fine not exceeding \$500; for instrument over \$50, confinement in penitentiary not less than two years nor more than ten years.

Second conviction, confinement in county jail not less than 30 days nor more than two years.

Third conviction, confinement in the penitentiary for not less than two nor more than ten years, regardless of the amount involved in the first two convictions.

Probably the sharpest teeth in the law, however, is the penalty for attempting to withdraw a complaint after filing.

Section six of the act provides that any person who has filed a complaint or furnished information resulting in the acceptance of a complaint by a district or county attorney shall be guilty of a misdemeanor if he suggests or requests that the case be dismissed. Upon conviction he shall be fined not less than \$100 nor more than \$500.

AREA 1 EXHIBIT PREPARED BY LOCAL F.F.A.

The Clarendon chapter of the F. F. A. will prepare the exhibit for area one to be used at the State Convention in Temple, July 20-22. J. R. Gillham, advisor, who said today that O. T. Ryan, area 1 supervisor, had picked the local chapter over 71 schools in 32 West Texas counties.

Gillham quoted Ryan as saying the Clarendon chapter's project program was one of the most outstanding in this area if not the entire state. The project program will be featured in the exhibit.

In addition to the project program, the exhibit will include premiums won during the past year, chapter projects and accomplishments of the Lone Star farmer members of the chapter.

The exhibit will be placed on display in the convention hall on Thursday, July 20.

CITY SCHOOL AID INCREASED \$326 BY RECENT BILL

With the signing by Governor W. L. O'Daniel of the recent school bill increasing the per capita apportionment from \$22 to \$22.50, Clarendon schools will receive an approximate additional \$326.50 for the 1939-40 school year.

With 653 scholastics, as of the census of March, 1939, the local institutions stand to obtain \$14,692.50 in state aid as against \$14,366.00 as under the \$22 apportionment.

Agent Returns From A & M Short Course

County Agent, H. M. Breedlove returned this week from College Station where he has been attending the agents conference. The principal theme of the conference was land use planning within the counties. Various phases of County Agent's work was also discussed by different specialists of the A & M College of Extension Service.

The conference was attended by all the county agents and home demonstration agents in the state of Texas and the staff of specialists of the A & M College of Extension Service.

During the last three days of the conference approximately 5000 men and women attended the short course.

DESIGNER OF THE XIT BRAND TO BE AT REUNION

AB BLOCKER DELIVERED FIRST CATTLE TO RANCH IN JULY OF 1885

DALHART — Ab Blocker, 83, of Bigwell, Texas, who in July 1885, delivered the first cattle to the XIT Ranch at Buffalo Springs, 32 miles north of Dalhart and a few minutes later designed the ranch brand, will be back in Dalhart next August 7 and 8, for the Fourth Annual XIT Cowboy Reunion and Rodeo.

Mr. Blocker, last year celebrated a scheduled trip into Old Mexico to accommodate the General XIT Committee which was most anxious for him to attend the Third Annual XIT Cowboy Reunion and Rodeo here last August 8 and 9 as the No. 1 XIT guest.

During his stay here he was taken to Buffalo Springs which in 1885 was the No. 1 division headquarters of the famous spread. It was the first time he had been at the springs since that time. He looked about, "We pushed the trail herd right over that rise there," he said, "and threw'em into the corral."

There was a herd ahead of Blocker, who was driving for his brother, Tom Blocker of Tom Green County, but the night before he got to the Springs, Blocker roused his men and quietly they pushed the cattle in a wide circle and so delivered the first herd to the ranch.

B. H. (Barbecue) Campbell, who had ranged in the Oklahoma badlands, had been secured as the first general manager of the spread, and met Blocker at the Springs. He hadn't designed a brand and told Blocker that it had to be one that could be run with a straight iron and that rustlers could not successfully burn over.

With his boot heel, Blocker scratched out XIT in the coral dust. "Git to Brandin'", Campbell said. Blocker dabbed a rope on the first critter out of the chute and then ran the first brand.

Blocker is again this year to be a guest of the General Committee. Mayor Frank Farwell, committee member and former XIT hand, is arranging for Blocker's trip and his accommodations here.

Mr. and Mrs. Joe Goldston were in Sweetwater Sunday where they visited relatives. They were accompanied home by Mrs. Rollie Brumley and children, Joe Carroll and Shirley.

Claude Boosters Here Friday

Claude boosters invaded Clarendon Friday afternoon in interests of their ninth annual rodeo and reunion sponsored by the American Legion, Friday and Saturday July 21 and 22.

The delegation of about twenty cars was led by the Claude High School band which gave a short street concert. Mayor H. L. Doak issued Clarendon a special invitation to attend the celebration which besides the rodeo will include a barbecue for the old settlers, speaking, and a street dance each night.

The band, dressed in snappy red and blue uniforms was under the direction of Mrs. H. L. Doak.

Work Advances On Fair Exhibits

County Agent, H. M. Breedlove, said today that he is preparing a county exhibit to be shown at the Tri State Fair in Amarillo in September and also at the State Fair in Dallas in October.

Reservations have already been made for the county exhibit at both Amarillo and the Dallas State Fair. Breedlove said he hopes to have one of the best local exhibits that has ever been shown.

Five NYA Boys and girls will be working on the exhibit from now until time for the show.

BENEFICIAL RAINS FALL IN COUNTY THIS WEEK

CLARENDON, CENTER OF MOISTURE, RECEIVED .82 OF AN INCH

Showers falling over Donley County three nights this week greatly revived vegetation which in many sections has begun to show hot spots from extremely hot days.

The rain fell in most parts of the county during the three nights according to County Agent H. M. Breedlove, but Clarendon received the greatest amount of moisture.

The precipitations here were reported at .17, .23, and .35 of an inch respectively for Sunday, Monday and Tuesday nights.

The showers brought the month's total to .82 of an inch.

14-YEAR-OLD GIRL CAUSES FILING OF FORMAL CHARGE

A fourteen-year-old Clarendon girl Monday told a sordid tale of immorality to local sheriff department officers bringing about the filing of a statutory charge against a Hedley youth of 20.

The offense is a capital crime and carried the maximum penalty of death.

The boy, who sheriff Guy Pierce said was Joe Dean, waived preliminary hearing and was remanded to the county jail after Justice of the peace W. A. Davis ruled the offense did not permit a bond.

The youth must remain in confinement according to Pierce, until the grand jury convenes October 9.

LIONS LISTEN TO REPORTS OF ROAD MEET AT TURKEY

VICE-PRESIDENT GENTRY PRESIDES IN ABSENCE OF PRESIDENT

Lion Dede Gentry, vice-president of the club, presided at the weekly luncheon of the Clarendon Lions Tuesday at the Clarendon Hotel, in the absence of President Drennan who is in Pittsburgh, Pa., representing the club here at the International Convention of Lions Clubs.

A complete report of the North-South Highway rally at Turkey Monday afternoon was made by Lion Caraway, president of the highway association, Lion Andis program chairman for the day, and by Lion Gillham, secretary of the road group. Lion Caraway expressed himself as being highly pleased with the results of the Turkey meeting, saying that to his mind it was the best session of the Association yet to be held. Lion Andis reported that including the CHS band, Clarendon had around seventy-five at the rally.

Rhodin Chase, now of St. Louis, was the guest of the club for the day and presented two piano numbers as a part of the program. Rhodin is the son of Lion A. L. Chase and is a former pianist of the local club.

A special committee working on a proposal to install an air-conditioner in the hospital room furnished by the Lions at Adair Hospital made a preliminary report, and were continued with power to order the installation under favorable conditions.

Newly-installed Tailtwister Gillham was active during the session and almost got caught in his own game before the meeting closed.

MOVEMENT ON FOOT TO PURCHASE SMITH GIN IN LELIA LAKE

LELIA FARMERS TO CONSIDER CO-OP GIN AT MEETING

Farmers of the Lelia Lake community will meet at the Lelia Lake school house Tuesday night, July 25, to consider plans for a co-operative cotton gin in that section of the county, County Agent H. M. Breedlove said this morning.

J. E. Montgomery, state co-operative supervisor, Austin, will address the group. The meeting will be presided over by John Howard of Lelia Lake, president of the newly formed organization. It is understood the body is considering purchasing the Smith Brothers Gin at Lelia Lake for their use in the cooperative plan.

FIRE INSURANCE RATERS IN CLARENDON THIS WEEK

Five state fire insurance raters were in Clarendon this week checking buildings for fire hazards. Results of their findings will be used in determining the rates for insurance.

They are Frank J. Quirk, Dennis B. Duprest, Stanley Spore, Tommy Hughston and Champ Fitzhugh.

Mr. and Mrs. Otto Beach are vacationing in Creed, Colorado this week.

Donley County Old Settlers Picnic To Be Held August 18

The Donley County Old Settlers Association annual picnic will be held at Tate Grove August 18, W. I. Rains, Hedley pioneer and president of the group announced yesterday.

The association was founded several years ago when a few of the "old timers" decided to have a small get-together picnic just

for their own entertainment. With the passing of each year the association has grown until hundreds were registered at the outing last year.

The gathering is unlike other pioneer reunions in that it was founded, and has been maintained, as an old fashioned picnic. Well filled baskets are taken by each family and coffee and tea

are served free. Qualification for membership is that one has lived in Donley County for a twenty-year period. There are no dues or assessments.

Although the program has not been arranged enough local talent in and near Hedley assures entertainment throughout the day.

NORTH-SOUTH HIGHWAY GAINS MOMENTUM AS "PROJECT NO ONE" IN PANHANDLE AREA

The ringing resolution passed by the North-South Highway rally at Turkey Monday afternoon, declaring the closing of the gaps on the projected route Turkey to Pampa, was the "Project No. One" in the Panhandle section, and pledging the full resources of the Association to secure immediate construction is without doubt the preface to the most far-reaching step in the realization of the badly needed highway linking the North Plains to the Central West Texas and Rio Grande areas.

There is a happy feeling among the promoters of this important route that the old members of the Highway Commission are sold on the need for the opening of the project, and having pre-empted the "No. One" position which rightfully belongs to the project by reason of priority and public necessity and convenience, there is a determination to carry on a sustained campaign until the gaps are paved and the short-line route opened.

Trucks and automobiles from the North Plains and Donley must travel either by Amarillo or Estelline in order to reach Turkey, Matorador, Spur or the oil fields of Fisher and Nolan counties, entailing a detour varying from thirty to fifty miles. When this added mileage is multiplied by thousands of vehicles week after week, the economic loss is terrific, without respect to loss of time.

The North-South Highway is "Project No. One", and as such must have early and positive attention. Counties from Ochiltree to Val Verde and neighboring counties along the route demand action which will with relatively small outlay bring the multiple benefits of the highway so important to the progress of the entire Southwest.

CHICKENS WILL COME HOME TO ROOST

No more striking example of the old saying that "chickens will come home to roost" has been witnessed in America in decades than in the present strike of WPA workers against the government. For the past six or eight years, the whole attitude of the federal establishment has been favorable to strikes from the ruthless "sit-downs" to the more aggressive sort that by force prevents operation of properties by workers willing to carry on. We have seen the worst elements of the AF of L become uglier CIOs and on every side there has been a sentiment among union workers that the "government was back of them" in any action short of anarchy.

Now this feeling has very logically possessed the WPA workers, and Uncle Sam has a headache and a handful in coping with the situation—a situation that came into being by governmental attitude and policies.

As an American we sincerely hope no serious results will come from the WPA strike against the government, but we likewise hope the president will use this one opportunity to "profit by his mistakes", as he promised to do when he went into office.

A government should be ready at all times to be the umpire between capital and labor, when the public interest is at stake. At no time should the government allow its power to be used in a partial and partisan manner for either one as against the other.

DON'T LET IT SPREAD!

JUST HUMANS By GENE CARR

"That Kid Always Has th' Chills!"
"So Would You, if Ya Hung Out in a Ice Cream Store All th' Time!"

MINORITY WOULD RULE

Governor O'Daniel hit the nail on the head last Sunday when he said that the "immortal 56" are on the spot, and trying to have him take them off. In spite of all the propaganda to the contrary, the 56 are in no happy situation. The record shows that they blocked the only pension financing measure which had a chance at the recent legislative session. Moreover, they refused to let the people decide a question which several sessions of the legislature had failed to decide.

On the other hand, the 94 members of the House who were willing to let the people vote on pension financing, are in a very fortunate situation. They can prove to their constituents that they attempted to bring about a solution of the financing problem, and that, if they had been given their way, the people themselves would have been enabled to make the final decision.

With amusing confidence in the right and power of minority to rule some of the 56 are demanding a special session of the legislature to act upon the very subject on which the regular session failed to act. One wonders what they expect to do.

If the tax plan embodied in Senate Joint Resolution No. 12 had been submitted to the people and defeated by them, the 56 might have had a very good chance to carry out their own plans in a special session. But the resolution's tax plan is still a very live issue, and its friends in the legislature considerably outnumber the 56. The most the latter could expect to accomplish is again to block any action.

Apparently, the governor is undisturbed by the clamor raised by the minority and newspapers of its way of thinking. And, indeed, it would be very odd of him to take advice from those who have fought him hardest and criticized him most severely.—Austin Times.

WE OWE GOVERNOR O'DANIEL A VOTE OF THANKS

Texas citizens owe Governor W. Lee O'Daniel a vote of thanks for the liberal use of his "blue pencil" and the lopping off of over four million dollars expense in the various departments of state government after having radioed a call to Texans to take a renewed interest in their county and local government costs, which constitute about eighty-five per cent of taxes.

It is unusual for a governor to practice economy regardless of his previous statements. O'Daniel has made good in this matter—let's give him a hand.

NOBODY'S BUSINESS

AUSTIN — The action of Gov. O'Daniel in slashing \$5,000,000 in round numbers from the biennial appropriation bills was the center of interest in Austin this week-end. The consensus of opinion here was that the governor's action would be approved by the people, and would make a good talking point in his re-election campaign next year. Observers here or at least those without personal bias—were of the opinion that the budget cuts were probably a wholesome thing. There is a tendency on the part of the State department heads to build up the personnel and the expense of their bureaus, and a pruning of deadwood periodically is undoubtedly a good thing. The influence of the New Deal and its free-spending policy has spread to Austin, and there has been a constant rise in activity and expenditure by most State departments. O'Daniel's action, therefore, required political courage, because is undoubtedly antagonized a great many State employees who vote, but most observers here believed the Governor would benefit politically in the long run from his action.

Little Real Saving—

That cuts were not made in the most intelligent manner, was obvious. O'Daniel waved the blue pencil without much regard to the relative necessity of the public service rendered by the respective departments, or the public convenience resulting from such service. Heavy cuts given the Highway Department and the department of Public Safety were believed by many students of State government to have been unjustified, since both departments have been operated with a fair degree of economy and efficiency. Some of the other cuts, while lighter, were applied to departments rendering superfluous "luxury" services, and will not impair the public service to any great extent. Some of the cuts obviously were made with typical O'Daniel lack of knowledge. He left the State Ranger force intact, for instance,

but vetoed an item of less than \$1,000 for ammunition. If the Rangers do any shooting during the next two years, they will have to buy their own bullets out of their rather meager salaries. The Governor left the mule barns appropriation for the new hospital at Big Spring, but cut other buildings much more necessary to the operation of the hospital plant. The colleges, including the University of Texas and the teachers' colleges, suffered rather drastic elimination of items to maintain their plans. That is not good economy, because deterioration of physical properties merely piles up and has to be cared for later, at greater expense, when necessary maintenance work is not done.

Actually, some of O'Daniel's largest vetoed items, represented more apparent cuts than real ones. The veto of \$500,000 from the Highway Department's funds is an example. It will not result in a penny of savings, or elimination of a single job, since Julian Montgomery, highway engineer, pointed out the appropriation bill carried a clause authorizing the department to hire out of funds allocated to the highway department by law, all employees necessary to build and maintain a system of highways. Having made rather severe reduction in personnel and expense during the past year, the Highway Commission feels all of the vetoed jobs are necessary, and will retain this personnel.

The economy move by the Governor will bring little saving to the general fund, as funds for many of the departments that were slashed come from special taxes and fees and the Attorney General's in the past have ruled taxes levied for a specific purpose under special laws cannot be diverted to other uses. Therefore, the fees and taxes, in some cases will simply lie impounded in the special funds, with the departments unable to use them, but the general fund not receiving the benefit of the apparent "savings."

Mann In Spotlight—

Attorney General Jerry Mann added lustre to his already brilliant achievement of running the Attorney General's office as a law office, instead of a political machine, with two more splendid opinions. He ruled that a law

passed by the recent session, and signed without question by the Governor, authorizing Commissioners' Courts and other taxing governmental bodies to re-open and reduce valuations on property upon which such taxes are delinquent, was unconstitutional. It was another of those "pressure" laws resulting from activity of Federal agencies. The Home Owners Loan Corporation, holding mortgages on thousands of Texas homes on which taxes were delinquent, offered to settle these huge tax bills if the penalty and interest charges were waived. This was illegal, so the bill, permitting the boards of equalization to do the same thing in a roundabout way, was enacted. Mann declared it clearly violates the constitution, and the deal is off.

The doughty Attorney General's office also handed out a "letter" opinion, that is an opinion by one member, advising the governor he couldn't name a member of the Legislature to a district judgeship. It is supposed the inquiry was made in behalf of Rep. Harold Hankamer, of El Paso. Jimmy Allred named Sarah Hughes to a district judgeship at Dallas, and Harry Graves of Georgetown to the Court of Criminal Appeals, while each was a House member. Legal authorities have contended such appointments are unconstitutional. The opinion from Mann's office upheld this view, and a conference opinion of the whole Attorney General's staff, has been asked. If it confirms the letter opinion, serious legal questions involving the acts performed by the two judges in the interim between the time they were appointed and the time each was re-elected, may ensue. Some lawyers saw a possibility that criminals might be released under habeas corpus proceedings in cases passed on by Judge Graves, while divorces and other civil judgments issued by Mrs. Hughes might be attacked as void.

In any event, the opinions indicate Mann is interested in interpreting the law, and not in rendering opinions that might make votes for him in some future political contest.

Pension Setup Approved—

Approval by the Federal Social Security Board of the liberalized Texas Setup so far as July and August Federal matching is concerned, heartened the liberal pension folks, but the whole pension situation was largely up in the air at the weekend, pending final action by Congress upon amendments to the Federal Social Security bill. Tom Connally, junior Texas Senator, got the Senate to adopt an amendment requiring the Federal board to put up two-thirds of the first \$15 granted each pensioner, with the State putting up the other one-third. That will help the Texas situation if it is included in the finally enacted law.

—AND NOW YOU TELL ONE

By GIBBONS POTEET
In Farm and Ranch

Down at Pap Dugan's Store Saturday night the club was honored by the presence of Ed Cothran, the original bee man of the county, and so the talk was soon trailing along the bee courses, hunting bee trees, etc.

"Yes," says the bee man, "in the pioneer days the woods were full of wild bees, bee trees and honey. In hunting bee trees we usually 'coursed' them. When a bee starts home he takes a straight course, a 'baseline'. So we would go to a watering place and watch the course of the bees when they started home, follow the line which they take and, as long as you are on the line, you will observe the bees flitting by. By following this course you would soon discover the bee tree. Sometimes we would make rich hauls of honey, the amount depending upon the size of the hollow in the tree.

"Sometimes men hunting in the woods would find bee trees. The most remarkable tree which I ever heard of was found by a gang of coon hunters one night about forty years ago. An old-timer over on Red River told me this tale.

"One night a gang of us went coon hunting with six good dogs over north of Round Prairie near Red River. The dogs treed up a giant sycamore tree standing right in the edge of a lake whose outlet was Sandbranch emptying into the river. This sycamore was the biggest tree I ever saw, as big around as the hind wheel of a wagon. The dogs were all excited and barking as if they had treed a bear. It was a moonlight night, the leaves all off the tree so that we could see all over the top. We looked good and could not see a single coon. We tried to call the dogs off but they would not come but were rearing upon the trunk and barking and gnawing at the tree; you never saw dogs in such a frenzy. Sid Caviness says, "Boys, there are coons in that tree—lots of them, sure as shootin' and we got to help the dogs out. It would ruin them to pull them off when they know the coons are there." So we decided to chop the tree down, though it made us tired to think of cutting so large a tree. But as soon as the axes hit we knew our job was easy for it

Many Panhandle Counties Get '39 Wheat Payments

COLLEGE STATION — Fulfilled this week was the AAA's promise of an early wheat program, as 1940 acreage allotments sped to wheat farmers in 24 counties.

Last year it was September before the first ones were issued.

Counties which had received allotments by July 13 are Hemphill, Nolan, Fisher, Young, Foard, Somervell, Hardeman, Fother, Armstrong, Hutchinson, Oldham, Roberts, Hartley, Ochiltree, Wheeler, Hansford, Wise, Clay, Randall, Lipscomb, Sherman, Parmer, Knox and Wichita.

sounded hollow, it was just a mere hull, not over six inches of live wood surrounding the biggest hollow we had ever seen. The boys turned in and soon the monarch of the forest fell with a crash and roar that could be heard for miles. The dogs rushed into the mighty top as soon as it hit the ground and out came the coons—never saw such a coon catching in my life—nine of the biggest finest coons that ever made a track on Red River.

"The dogs were still rushing in hunting for more coons, and then a dog came out yowling, and rolling in the leaves, and then another and another. Buck Riley says 'Bees, boys, bees is stingin' the dogs.' We got some rags and made smudges and began to hunt for honey. The limbs of that old tree were all hollow and big, a foot or more through. We got seven tubs full of the finest white honeycomb you ever saw. Charley Smart, who had been to town to business college says 'Boys, that tree is a regular apartment house—coons in one apartment and bees in another.' About that time I noticed the water in that big old stump was sloshing and stirring. You see, the tree stood in the edge of the lake and the roots were hollow too, and that old stump was full of water. I examined it and yelled, 'Here is another apartment, Charley, and this is a fish apartment.' We got to work and took out two tubs full of the finest white perch you ever saw. Old-timer says, 'Boys, Texas is a marvelous country.'"

Blind Fold Drive Thrills Crowd As Stunt Man Defies Heavy Traffic

Twisting in and out of heavy traffic with eyes hidden by a heavy handkerchief, Hal Mason, a movie stunt star, thrilled a large crowd here Saturday afternoon with a blind fold drive through downtown Clarendon.

Mason, who has been headlined throughout the states for daredevil acts, appeared here under the joint sponsorship of the Clarendon Motor Company and the Clarendon News.

After a short vaudeville act at the Motor company's show rooms, Mason was blindfolded by two of the spectators. He made a tour of the business section stopping at various stores where he purchased merchandise to present to the crowd.

He was accompanied on the drive by three local persons as witnesses to the fact that he did not touch the blind during the tour. They were Max Wilson, Ed Hodges and Dick Cooke.

Following the driving exhibit, Mason returned to the Clarendon Motor Company for an exhibition of strength. His strong man act included pulling three cars, up grade, with his teeth. Coupling the automobiles together with heavy chains, Mason tied a heavy cloth around the bumper of the first car, took the loose end in his teeth and rolled the cars.

MIDWAY

(By Mrs. P. H. Longan)

We all enjoyed the nice little shower of rain and the cooler temperature Monday.

Mrs. U. G. Koontz was on the sick list all last week, but is able to be up this week.

Mr. and Mrs. Gene Chamberlain and baby left Tuesday for Corpus Christi.

Mr. and Mrs. Bob Williams and Thelma Jean visited in the Lloyd Moreland home Sunday night.

Mrs. A. J. Garland who is taking medical treatment in Amarillo spent the week end at her home here.

Mr. and Mrs. Lavern Goldston and son and Mr. and Mrs. Leslie Pickering all enjoyed the fish fry in the Goldston home Sunday.

John Goldston went to Lake Kemp fishing last week and reports a good catch.

Mrs. J. A. Meaders, Misses Katy Meaders, Jane and Virginia Williams and Miss Willis returned from their vacation in California Friday night.

J. M. Potter attended the old Settlers reunion and picnic at Tulia the 14 and 15, returning home Sunday night.

Mr. and Mrs. Tom Eanes and family of Goldston spent Sunday with Mr. and Mrs. Geo. Eanes.

Bruce Riley was a caller in the Moreland home Sunday afternoon.

Mrs. John Goldston and Betty John visited Mrs. Stephenson Wednesday afternoon.

Mrs. Pat Longan spent last week in Amarillo with Mrs. Gaither who had her tonsils removed Wednesday morning. Mrs. Gaither was able to come home Sunday.

Dinner guests in the Longan home Sunday were: Mr. and Mrs. Beach and Loyce of Plainview, Mr. and Mrs. Gaither of Amarillo, Mr. and Mrs. J. C. Longan, Doc Higgins, Robbie Zoe Moreland and Clyde Bauman.

Miss Cleo Eanes of Wichita Falls is spending the week here. Mr. Tucker began trucking from the Goldston farm Monday.

GOLDSTON NEWS

(Mrs. M. Grant)

Rev. Walker preached at the morning hour last Sunday. Singing was enjoyed Sunday afternoon and preaching Sunday night. A light shower fell in this community Sunday night. We would appreciate a good rain.

DICK BAIN TO MOVE TO CALIFORNIA SOON

The Dick Bain family, who have resided in Clarendon and Donley County for a number of years, will leave shortly for California where they will make their home in the future.

Mr. Bain said yesterday that he expected to move as soon as possible. An auction will be held at the residence Saturday wherein all household goods will be sold, he stated.

Random Reflections

By DICK COOKE

Yes, I rode with Hal Mason Saturday in his death defying blind drive and it is just absolutely too foolish for you people to think that I was frightened.

What if I was shaking when I got into the car. That was only because I just remembered that I hadn't paid my insurance premium and it always makes me nervous and shaky when I owe people.

Ed Hodges, the laundry man rode with us and was scared stiff. Why one time when we were both trying to get under the back seat he says, "Cooke if you don't give me some room under here I'm going to jump out." He probably would have but Mason had his advertising signs pasted on the windows and indicated that he would rather they stay there. Too, we thought we would be just a small bite for a man that could pull three cars with his teeth.

Hodges, too, has been around town talking about how I stayed on the floor all the time. He'll no doubt be very disappointed to know that I thought I dropped something and was only searching for it.

Max Wilson, young college boy, was another passenger. He kept talking all the time but I dozed off and didn't know what he said. Anyway Hodges and I couldn't have helped him.

We were greatly encouraged when C. E. Griggs of the Bunton Funeral home handed us his telephone number before we started. It was also comforting to notice that the funeral home's Severson was following closely. You know, it made you feel that you were not alone and it's nice to know you have such close friends.

But honestly I don't know how he did it. The ones that tied the handkerchief said he was blinded. He said it too and he sure as everything drove like it.

That act could have been billed, "Man and passengers in blind fold drive" because while we didn't have anything tied over our eyes we sure couldn't see. Our eyes were shut tight all the way.

Deputy Sheriff Guy Wright was asked to take the ride but he suddenly remembered he had to see a man up town.

From the Texas A & M extension service comes the most wonderful advice on how to stop chigger bites from stinging.

First if you feel a grass sitting spell coming on, why all you have to do is dust yourself with flowers of sulphur. That, I suppose, is to ward off all self respecting chiggers but if they fail to fall for the hint come on back home and apply kerosene to the sting places, places where chiggers usually gather. Then jump in the bathtub and turn on hot water, scrub well with a brush and apply medicated soap liberally. Allow the soap to dry for fifteen minutes then wash off and you are free of chiggers.

It seems rather a long and tortuous route and we believe we could cut down on the time by advising that after you apply kerosene liberally, just touch the bugs lightly with a burning match. Of course in cases where the chiggers stop on arms or legs, we also advise to amputate the annoying member and eradicate the pest quickly.

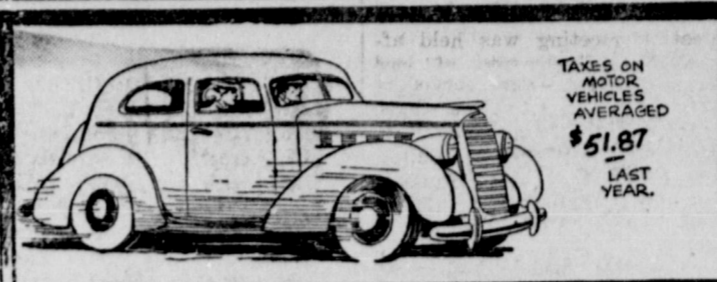

There are, however, many old fashioned people who will not heed any of these splendid remedies.

The Highway meeting at Turkey Monday night was very enjoyable and highly successful from all points. However I ate too many hot dogs and repented through an uncommonly rough nightmare which would have done credit to a modernistic work of art.

Mr. and Mrs. Kelly Chamberlain who recently remodeled and

THE POCKETBOOK OF KNOWLEDGE

By TOPPS

CLARENDON METHODIST CIRCUIT

J. G. Walker, Pastor

Wife called my attention to the fact that the report of the fellow who lost his bottle was at a former street dance and not the last one. Have no intentions of further discussing this subject; but wanted to make this correction.

Had very good services at Goldston Sunday. The evening service not largely attended. Some threatening clouds. You know that it is very dangerous to go to church if any clouds are a round.

We are getting near the revival season. Are you ready? Do you think we need a revival? If so, will we pay the price? The pastor thinks we need it—He needs it in his own heart. The prophet Isaiah had a vision. He just saw God high and lifted up. Then he saw himself. "Woe is me for I am undone," he exclaimed. "I am a man of unclean lips, I dwell in the midst of people of unclean lips."

Perhaps the prophet had spoken no vile words which polluted his lips; but doubtless had failed to speak the warning that God wanted His people to have. Failure to speak for the Lord, held back words, pollute the lips holding them. The failures of his people as well as his own are all piled upon the pastor's heart—the Angel of the Lord bringing a live coal off the altar of the Lord and touched Isaiah's lips brought instant relief. A voice said unto him: "Whom shall I send and who will go for us?" Then Isaiah said "Here I am, send me". How God needs consecrated lips in the pastor and the people to carry His holy messages to the people. Yes, we need reviving.

Will we pay the price? We can if we will. It is a personal question. What are you going to do? Glad to think of going to Lelia Lake Sunday. Heard that brother Gillham made a fine talk on faith Sunday before last. Give us fifty in Sunday school. Thanks to brother Gillham for his services.

THOMPSON HARDWARE MAKING CHANGES
To afford a better display of stock, Thompson Bros. & Co., hardware is this week effecting some alterations and rearrangement to their Clarendon store, which includes new business office, according to L. E. Thompson local manager.

moved into the Taylor old home near the Methodist church, recently discovered an old and interesting diary written by the second Mrs. Charles Goodnight. It seems that she and the Colonel were married in that house.

C. E. (Jack) Killough, the Clarendon abstractor, who may be remembered by many as a top flight baseball player himself, this week was awarded \$5 by Amarillo sports writer Jerry Malin for sending in a "What I Would Do If I Were Manager of the Gold Sox".

Jack said he would prepare the batting order and keep it the same as near as possible the remainder of the season. Stress more and better teamwork with signals fully understood by all members of the club, and last, more batting practice, especially bunting, instead of line drives to the pitchers.

Air Conditioner Is Simple Device For Automobiles

On plans furnished by a salesman who makes periodical visits to Clarendon, Jimmy Thompson built this week what is said to be an economical and highly successful air conditioning unit for an automobile, in the tin shop of Watson & Antrobus of this city.

The unit is a rectangular water container with an elevating ramp of excelsior enclosed between mesh wire hinged near the opening facing the front of the car and suspended just outside the door on the driver's side. Motion of the car forces the air up the ramp across the soaked excelsior and into the car through the upper part of the unit about level with the driver's shoulder. It is said that at forty miles or above, the temperature in the car is brought to a low mark, sometimes too low for comfort. The cost is said to be very low, and the device simply a matter of adding water to the container with an occasional lowering of the ramp into the water to take care of evaporation.

DEVICE TO AID CUSTOMERS WITH DEFECTIVE HEARING AT PASTIME THEATRE

For the benefit of persons with defective hearing, the Pastime Theatre installed this week a personal amplifying device which will bring in the sound according to the needs of the person so afflicted. A special seat in the rear of the Pastime is wired direct to the sound equipment and on request of the patron the individual phone is supplied to aid in the enjoyment of the program.

Homer Mulkey, owner of the Pastime, says it is just another service he is trying to render the public of this community.

ATTEND CERTIFICATE MEN'S MEETING AT LAKEVIEW

Elmer Palmer and Homer Mulkey represented Clarendon at a meeting of the district certificate men of the Masonic lodge at Lakeview today. They will invite the association to come to Clarendon for the next meeting.

Eugene Cornelius who has been visiting Mr. and Mrs. Slaton Mahaffey returned to his home in Lubbock last Monday.

H. W. Lovell Jr., of Dallas spent the week-end with his parents Mr. and Mrs. H. W. Lovell.

Miss Wilma Henson, Joyce Miller, Charlene and Billie Jean Knox spent Sunday with Ila Kay and Helen Rhoades.

Mr. and Mrs. Van Knox and daughter visited in Lelia Lake Sunday.

The Intermediate B.Y.P.U. of the Baptist Church are planning a picnic for next Friday.

WHITE FRIENDS INVITED TO COLORED REVIVAL

The white friends of the St. Stephen Baptist Church (colored) in Clarendon are invited to attend the revival services now being conducted here by the Rev. O. B. Davis of Matador, it was announced today.

Special provisions have been made for white congregation, according to the announcement.

Mrs. E. W. Townsen, gospel singer of Oklahoma, will assist in the revival.

Mrs. Lola Jane Latson left Monday of this week for Tahoka, Texas where she will spend a week visiting her daughter, and family. Mr. and Mrs. Wynne Collier.

SOCIETY

McCAULEY-JOHNSTON

John McCauley and Mary Jo Johnston, both of Lelia Lake, were married Sunday morning at 6 a. m. at the Baptist parsonage by Rev. J. Perry King. The ring ceremony was used. The bride's sister, Mrs. Allen Angel, was the only attendant.

Mrs. McCauley is the charming daughter of Mr. and Mrs. Joe Johnston of Lelia Lake. The groom is the son of Mr. and Mrs. W. V. McCauley also of Lelia Lake.

The couple left immediately for a trip to Colorado after which they will be at home here. Mr. McCauley is employed at the Bryan Clothing Company.

SUNDAY SCHOOL CLASS PICNIC

The Young Matron's Harmony Sunday school class of the First Methodist Church enjoyed a picnic Thursday night on the lawn of the light plant. After a delicious supper, visiting was enjoyed.

Those present were Marilyn Maher, Esther Wade and Messrs.

JUNIOR HD CLUB ENTERTAINED

The members of the Junior Home Demonstration Club and their husbands were entertained Thursday night with a lovely picnic by Mr. and Mrs. Lester Schull at Gerner's Lake.

Swimming was enjoyed after which a delicious picnic supper was served.

Guests were Mr. and Mrs. G. W. Estlack, Miss Carrie Davis and Mr. Paul Schull and members present Messrs. and Mesdames U. Z. Patterson, Clyde Wilson, John McMahan, Gilmer Ayers, Brooks Chesshir, Verna Lusk, Elvis Burch, L. L. Wallace, Elmer Palmer and Alfred Estlack.

Bert Smith and son, Colie Huffman and Colie Huffman Junior, are in Colorado fishing this week.

and Mesdames Cap Morris and children, Nathan Cox and children, Victor Smith and son, Ben Andis, Sam M. Braswell, L. B. Pennick, Walter Hutchins, Charles Bairfield, Barcus Antrobus, Charles Lowrey and children.

MRS. PEABODY, MRS. J. D. MEADORS HOSTESS

The Martin Garden Club met July 14 at the home of Mrs. Asa Peabody with Mrs. J. D. Meadors as co-hostess. A very interesting meeting was held after which refreshments of iced drink and cookies were served to the following guests Mrs. Fred Gray of Houston, Miss Kitty Ruth Bailey, Members, Edwin Bailey, Fred Easterling, Sam Rundell, Virgil Jordan, Guy Sibbey, Burk Deboard, J. T. Easterling, J. H. Helton and the hostesses.

The club is planning a picnic for the first Friday in August. Next meeting will be at the home of Mrs. Sam Rundell, July 28.

SPENT SUNDAY IN ROBERTS HOME

Mrs. J. C. Boston, Jr., and daughters Mary Carolyn and Margery and B. M. Stephens of Dallas; Mr. and Mrs. Andrew Womack and Mr. and Mrs. Brice Webster of Memphis; Mr. and Mrs. J. H. Roberts, Jr., Mr. and Mrs. Brownie Roberts, Mr. and Mrs. O. B. Roberts and family all of Amarillo, and Mr. and Mrs. Luther Butler of Lelia Lake were guests of Mr. and Mrs. S. S. Roberts Sunday.

1937 BRIDGE CLUB GUESTS VERA LUSKS

Mr. and Mrs. Verna Lusk delightfully entertained the 1937 Bridge Club Tuesday night at their home. In the games of bridge, Mrs. George Wayne Estlack won high for ladies, Gilmer Ayres high for men, and Mrs. Jack Murff low.

Delicious refreshments were served to guests, Messrs. and Mesdames Bill Weatherly and Jack Murff and members, Messrs. and Mesdames Gilmer Ayers, G. W. Estlack, Alfred Estlack and Verna Lusk.

1930 NEEDLE CLUB WITH MRS. LANDERS

The 1930 Needle Club met with Mrs. Betsy Landers Tuesday afternoon. During a business meeting, Gracie Ayers was elected to membership and Mozelle Wright was elected reporter. The next meeting of the club will be August 1 with Hazel Lusk.

After an afternoon of needlework and conversation, refreshments were served to guests Mesdames Cecil Killough and Earl Myers and members, Mesdames Nadine Whitlock, Nora Decker, Josie Peabody, Glenn Kirby, Mozelle Wright, Ellen Bryan, Hazel Lusk.

DICK KENNEDY HAS BIRTHDAY PARTY

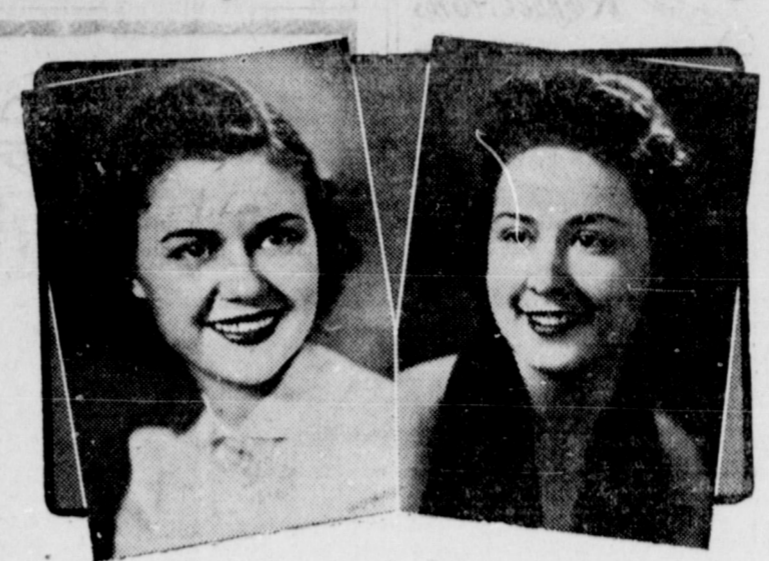

Dick Kennedy was honored on his eighth birthday last Thursday when his mother, Mrs. Van Kennedy, gave a party in his honor. After the guests arrived, games of various kinds were played on the lawn. Ice cream cones and cake were served and balloons given as favors.

Guests were Patsy Pittman, Billy Shelley, Sammie Jo Lowe, Donna Ree Bryan, Betty Jean Decker, Louva Hunt, Layma V. Tatum, Douglas Shelton, Jimmie Frank Heath, Gene Bryan, Mae Morris, Miller Morris, Geraldine Hommel, Patsy Hommel.

Leonard Black and family of Lawrenceburg, Tenn. returned home last week after a visit here with his brother, John Black and family.

Girls Choose Favorites

Cream of the Feminine Crop

Beauty and popularity raised these two girls to the height of campus fame at Texas State College for Women recently. Miss Juanita Taliarfero, a Denton senior, was elected the most beautiful student this summer and Miss Evalie Rushing of Lott won the title of most popular. Winners in the annual contest sponsored by the Lass-O, campus weekly, they were presented at a formal prom a few nights after their election. Both girls are active in numerous social and class organizations, and Miss Rushing is president of the senior class.

KILL KARE KLUB MEETS THURSDAY

The Kill Kare Kneedle Klub met Thursday afternoon as the guests of Mrs. R. R. Dawkins. A pleasant afternoon was spent in sewing and conversation.

Guests were Mesdames George McCleskey and M. C. Reed and members were Mesdames S. W. Lowe, Cap Lane, H. Mulkey, W. B. Sims, Buel Sanford, W. A. Massie, Turner Kirby, W. A. Land, H. Brumley, Harris, E. M. Ozier, J. R. Bartlett, Misses Ida and Etta Harned.

TWO GIRLS ENTERTAIN AT PARTY SATURDAY

Dorothy Ann Kennedy and Frankie Hommel, assisted by their mothers, Mesdames Van Kennedy and Frank Hommel, entertained with a delightful party for the younger set Saturday night at the Hommel home.

The party was given on the lawn. A variety of games and contests were enjoyed there.

Ice cream and cake were served to Mary Nell Keys, Lucille Wallace, Annie Ree and Helen Porter, Ernest Thompson, G. D. and Billy Jack Shelly, G. G. Reeves, Marilyn Bartlett, Billy Love, Victor Smith, Geraldine Ryan, Buddy Ryan, Mary Frances Phelps, Betty Ann Craft, Naomi Morris, Nelda Sue Burton, Zona Pat Grady, Lewis Chamberlain, Wilson Rector, Leonard and Jack Goldston, Ella Gene Speed, Ruth and Nell Anthony, Jack Riley, Billy Milton Bromley, Neta Jane Cornell, Marilyn Sawyer.

Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

"America the beautiful lies in the hands of the gardeners"

The gardener's worries are on the increase. First, there were drying winds, baking sun, and millions of weeds, now it is worms. There are numerous varieties of the wriggling pests—one type for the red honeysuckle, big black striped ones on the sumac and huge giants on the lace and trumpet vines. Extermination requires as many spray formulas as there are worms. It seems that plants like all other life forms have numerous enemies.

Perhaps everyone has been appreciating the civic pride displayed by what we term our community property. One seldom sees a more beautiful lawn than that of the city hall, but a close rival is the court house lawn. The grounds of the light plant would compare with those of any park, and no hedge is more attractive than that enclosing the driveway at the hospital. Several of the churches have carefully planned and tended grounds. When the present plans for the city park are completed, it too will be a peaceful retreat.

There are several lawns we glanced into this week that had outstanding garden features. The Van Kennedy's have a green clipped lawn, immense rose bushes that bloom almost continuously, and he has added new trees across the front. Their next door neighbor, the Ayres, have a lawn with grass, flowers, and rock arrangement. The trumpet vines are numerous on walls, fences, and pergolas at quite a few homes. Their dark green foliage and richly colored blossoms make this one of the most gorgeous vines grown. There are so many decorative vines that can be used effectively to add charm to the grounds of the home nowadays.

rites for Lelia Lake man are held Monday

HAD BEEN RESIDENT OF LELIA LAKE FOR MANY YEARS

Funeral services were conducted for Voltintine McElway, 69, at the First Baptist Church in Hedley with Rev. V. W. Allen officiating assisted by Rev. M. E. Wells. The deceased had been in ill health for some time.

In charge of the floral offering were Mrs. S. B. Chennault, Mrs. Alvin Landers, Iva Williams, Jewell Myers, Norma Lewis.

Pall bearers were Will Walling Adell Williams, Carroll Lewis, Edd Morton, Bill Baine, J. A. Sargent.

The deceased is survived by his widow and nine children, Mrs. S. K. Owens, San Benito, California; Mrs. Dudd Burns, White Deer; Mrs. M. L. Frankson Enid, Oklahoma; Mrs. Claude Morton, Lelia Lake; Clyde McElway, Monrovia, California; Chester McElway, Bakersfield, Calif.; Crystal McElway, Jewell McElway and Howard McElway all of Amarillo.

Mr. McElway was a native of Fayette, Georgia, where he was born, January 19, 1870 and was past sixty nine years at the time of his death.

Interment was in Rowe Cemetery in Hedley under the direction of the Kelso-Womack Funeral home of Hedley.

For several months before his death, the deceased had been living with his daughter, Mrs. Claud Morton of Lelia Lake.

FUNERAL SERVICES FOR MRS. W. P. POWELL HELD

rites for long time CLARENDON RESIDENT HERE WEDNESDAY

In a brief service at the First Methodist Church here Wednesday morning at 9 o'clock, hundreds of friends paid tribute to Mrs. W. P. Powell, 77, long time resident who died at the home of a son, R. E. Powell, in Houston Sunday. The Rev. H. C. Gordon, local pastor, officiated.

Interment was in the Citizens Cemetery of Clarendon.

Although Mrs. Powell had been in failing health for several years, her death occurred suddenly as the result of a stroke.

After a short service at Houston, the body was shipped here Tuesday morning and lay in state at the J. R. Porter home until Wednesday morning.

Mrs. Powell moved with her husband to Clarendon in 1904 and resided here until recent years. Her husband preceded her in death July 12, 1907 and is buried in Clarendon.

A native of Texas, she was born in Victoria, March 9, 1862 and was married to W. P. Powell at Mountain Home (now Holland) Texas, in January, 1881. She was a member of the Methodist Church since early childhood and also belonged to the local order of the O. E. S.

She had also been a resident of Amarillo where her husband was an early day merchant conducting the Powell Trading Company, a pioneer mercantile business. Survivors include three sons, Perry Powell, Amarillo; C. C. Powell of Clarendon and J. Y. and R. E. Powell of Houston; two daughters, Mrs. J. R. Porter, Clarendon and Mrs. W. B. McSpadden, Greenville, Tennessee.

"Studio Work demands stockings that wear"

"Hold everything, Miss Brite Star has a run in her stocking!" A real tragedy because thousands of dollars worth of film stardom are going to waste just because of a run!

How many times have you, too, been delayed because of that awful foe of the hosiery budget? Well, here's a simple solution with much to gain and nothing to lose. Try ADMIRATION COSTUME HOSIERY—the truly different hosiery of high-twist silk, twisted by a secret process which gives greater elasticity, added wear and lasting beauty.

The Heart of Your Hose

The magnified heart section on the right shows loosely twisted silk used in ordinary hosiery. On the left is the high-twist silk used in all ADMIRATION COSTUME HOSIERY. This is twisted by a secret process which insures longer wear, added beauty and a perfect fit for every leg and ankle.

Barbecue In Honor of Old Settlers Highlights Memphis Celebration

MEMPHIS, July 19.—An array of prominent speakers and comely cowgirls, a gigantic "parade of progress", a barbecue honoring more than 2,000 old settlers, and one of the biggest and best amateur rodeos in West Texas will feature a two-day reunion of Hall County Pioneers in Memphis, Thursday and Friday, July 27-28.

Jerry Sadler, member of the Texas Railroad Commission, Robert Lee Bobbett of the Highway Commission, Senator Clint C. Small, and former Attorney General William McCraw are among the outstanding speakers who have been invited to appear on the program during the two-day celebration, which will commemorate the 49th anniversary of the founding of Hall county.

Old Settlers and cowboys from Hall, Collingsworth, Childress, and Donley Counties have been invited to attend the reunion and be honored guests at the annual

barbecue on Friday, the 28th. Tickets will be free to all who have lived in this section for more than 28 years.

Chief Baldwin Parker, son of Chief Quannah Parker, and his tribe of Comanche Indians from Cash, Oklahoma, will appear twice daily in the pioneer parade on the Old Settlers program and at the rodeo in war dances, scalp dances, Indian love songs, and other Indian ceremony.

Sydney Yokley, the Canadian, Texas, girl who has been an outstanding performer at almost every major rodeo in the South-west, will be featured in a special exhibition at all four shows of the two-day rodeo at Cyclone Stadium.

The Memphis rodeo will be one of the outstanding affairs of its kind in this section. Limited strictly to amateur performers, it will feature many of the top cowhands from West Texas ranches. Attractive prizes are being offered, and invitations have been mailed to more than 300 'punchers.'

The huge "parade of progress" will feature both days of the reunion. In it will ride more than 100 cow-girl sponsors representing many Memphis firms and other cities. The parade will depict the progress of transportation from pioneer days until the present time, and many vehicles of a past day will be featured.

Two-day headquarters for 11 famous Panhandle ranches, including the Shoe Bar, Shoe Nail Matador, '96', old J.A. Leaning F. Diamond Tail, Rowe, Smith and Mill Iron, have been established in Memphis, where the old time cowpunchers will be specially honored.

Red Lyons of Byars is supplying 110 head of Class A Rodeo stock for the two day show.

L-Z RANCH OPENS 1939 BOYS CAMP FRIDAY, JULY 21

Two big week-ends are in store for the members of the Tom Elzie camp for boys, located 25 miles southeast of Perryton. On Friday, July 21, the L-Z Ranch, the site of the camp, will entertain at the Northeastern Panhandle Rodeo and Neighbors Day. Friday, July 28th will be "Parents Day" at the boys camp.

The Elzie Camp for boys growing more popular each year, has one of the most wholesome programs for lads in their teens of any camp in the nation.

It is positively no: a camp for 'sissies' or pampered children. The routine for camp calls for the members to roll out of bed at 6:30 a.m. take regular setting up exercises, adjourn to the milking pens and each milk his individually assigned cow before the breakfast hour. Lesson study in the Bible, inspection of camp and personnel follow the morning routine before classes. Prizes are given for care in person and living quarters. Classes are so arranged that each lad studies 2 hours in the craft he is most interested in, continuing for two weeks before any change in schedule is authorized. During the 6 weeks of camp each boy gets training in health, hygiene and nature study. Following the class period, boys who are divided into competitive groups (Rangers and Cowboys) have a play period in which baseball, soccer and other outdoor games receive 2 hours of attention. Following the noon hour, 2 hours of rest period is required and lads write home, sleep or remain quietly in their quarters reading.

Riding is one of the most enjoyed and popular of the many sports, and after the rest period the members of the camp have a ride in which they work cattle, ride fence, roundup, or anything that has to be done around the ranch. The riding is from 3 to 6 p.m. and immediately after the return to camp the lads have supper. The boys who do not ride have a variety of things to do, mainly rifle practice and practice with bows and arrows made by them in their craft shops.

After the evening meal the boys again visit the milking pens and finish chores such as characteristic of camp and ranch life. Practically each evening (weather permitting) the boys enjoy a campfire entertainment, including some of their own concoctions, and some of talks from one of the 7 elder members of the training staff that direct their activities during the camp. At 8:45 the lights are darkened and the lads must be in their bunks by the nine o'clock hour.

Childress, July 19.—The annual convention of the Panhandle Fireman's Association will be held in Childress, August 8, it was announced today.

The entire Panhandle area will be represented and at least 200 firemen are expected.

Scheduled for the event are contest drills, a barbecue and a dance. Other events will be included.

Season tickets for four rodeo performances are on sale at \$1.50. Single admission will be 50 cents for adults and 25 cents for children.

CHILDRESS TO BE HOST TO FIREMAN CONVENTION

Lombard and Stewart New Romantic Team In Comedy Drama

The tense and thrilling story of Jane and John Mason, an average modern-day couple, deeply in love but hounded by opposing economic conditions, is unfolded in the new film drama, "Made for Each Other" a David O. Selznick production which has its premiere showing at the Pastime Theatre on July 21 at the midnight prelude and Sunday and Monday July 22, 23.

Co-starred for the first time, and as a romantic team, Carole Lombard and James Stewart play principal roles, while prominently featured in an unusual supporting cast are the screen notables Charles Coburn, Lucille Watson, Ruth Weston, Donald Briggs, Eddie Quillan, Harry Davenport, Esher Dale, Alma Kruger and Tully Marshall. Among the other members of the cast, which reads like a "who's who" of Hollywood supporting cast, is Julia Faye, one-time star of silent films, who played in the last silent picture ever made, "The Goddess Girl," and now is making a come-back on the screen. Also present is Jack Muhlhall, one of the few silent stars to continue successfully through the sound era.

"Made for Each Other" an original story by Jo Swerling, noted film author, draws its characters and plot from the wealth of material in life's everyday parade. Thousands have faced the problems entertainingly and dramatically presented in this film. "Made for Each Other" while it is first and last an exciting and suspenseful story, brings many questions into the open and discusses them frankly and honestly by means of motion picture drama—an answer to the demand of people all over for pictures with a meaning.

Carole Lombard, world renowned as the supreme comedienne of the screen's daffiest and dizziest comedies, provides a thrilling about-face in this picture to play her first straight dramatic role in years—forsaking her chair-breaking, somewhat mad cycle of characterizations. Miss Lombard plays a contemporary young modern who marries for love and dedicates her life to helping her lawyer-husband over the rough spots of their married life.

Briefly, the story concerns the joys and sorrows, the comedies and tragedies of John and Jane Mason, who marry on slim economic ice, support a mother-in-law, have a baby and cling desperately to their love and romance. When the child becomes ill with a serious case of pneumonia, the picture rises to a smashing climax.

"Made for Each Other," which is released through United Artists, was directed by John Cromwell, one of Hollywood's leading megaphonists.

Child Rest Very Important To Development

COLLEGE STATION — If children are accustomed from infancy to a regular bedtime except on "special occasions", their chances for normal development are greatly increased, Dosea Hale A. and M. College Extension Service specialists says.

Not only do regular hours aid in a child's sound physical development, but it also simplifies child management, Miss Hale states.

"Between the ages of two and three, most of them need between 13 and 14 hours sleep at night and in daytime naps; between the ages of four and eight they need from 12 to 13 hours," Miss Hale advises.

Little children need to rest frequently, either by naps or by quiet play, while the end of the day should be free from excitement and the half hour before bedtime devoted to quiet pleasure.

Made For Each Other

James Stewart loves Carole Lombard in David O. Selznick's "Made for Each Other," opening an engagement at the Pastime Theatre on July 22.

W. Lee O'Daniel and Hill Billies To Be At Canyon Celebration

CANYON, July 19.—Canyon will celebrate the 50th Anniversary of the founding of this town and organization of Randall County on Wednesday, July 26.

Governor W. Lee O'Daniel and his Hillbilly Band have accepted an invitation to be present. Ernest O. Thompson of the State Railroad Commission; Harry Hines of the State Highway Commission; Dr. J. G. Ulmer of Tyler, president of the State Board of Regents for Teachers Colleges. All are top-notch orators.

Festivities will start early in the morning with a three-mile parade of progress at 10 a.m. Bands and floats from six towns together with floats from all business firms and organizations in Canyon will be in the parade.

Thirty beeves are to be barbecued by John Snider of Amarillo for the free feed starting at 11:15.

Station KGNC will broadcast from 12 to 1:15 p.m.

The speaking will start at 1:15 o'clock and will end at 2:30 p.m. with the dedication of a monument to the pioneers.

The rodeo will be held at 2:30 in the afternoon and at 8 o'clock in the evening at Buffalo Stadium. This is the largest rodeo so far assembled this year, and there will be a complete change in the program for the night show under the floodlights.

A street dance will end the day's festivities starting at 9:30 p.m. Dances will also be held at the American Legion Hall and at Burton Gym.

Texas has 254 counties, 609 incorporated cities and towns, and a grand total of more than 9,000 civil subdivisions, each of which has the power to issue bonds.

HELP STOMACH DIGEST FOOD Without Laxatives—and You'll Eat Everything from Soup to Nuts

The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried, or carelessly eat your stomach often pours out too much fluid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous to take laxatives for indigestion. Little blue tablets called Bell-u-sol for Indigestion make the excess stomach fluids harmless, relieve distress in no time and put you back on your feet. Relief is so quick it is amazing and one 25c package proves it. Ask for Bell-u-sol for Indigestion.

Today's popularity of Doan's Pills, after many years of world-wide use, surely must be accepted as evidence of the able physicians who test the value of Doan's under existing laws and regulations. These physicians, too, approve every word of advertising you read recommending Doan's Pills as a good diuretic treatment for functional kidney disorder and for relief of the pain and worry it causes.

If more people were aware of how the kidneys must constantly remove waste that cannot stay in the blood without injury to health, there would be better understanding of why the whole body suffers when kidneys lag, and diuretic medication would be more often employed.

Burning, scanty or too frequent urination may be warning of disturbed kidney function. You may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, weakness under the eyes—feel weak, nervous, all played out.

Use Doan's Pills. It is better to rely on a medicine that has won world-wide acclaim than on something less favorably known. Ask your neighbor!

DOAN'S PILLS

Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbearable Soreness—Distress

There is one simple yet inexpensive way to ease the itching and torture of Eczema, Itching Sores or Feet Rash and many other externally caused skin eruptions and that is to apply Moore's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Just ask any first-class druggist for an original bottle of Moore's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded.

Texas Senator Urges Building Of Air Base In Puerto Rico

Decries Falling Market for Texas Rice and Beef in Island Crisis

WASHINGTON, D. C.—Pointing to the strategic location of Puerto Rico, and to the island's large purchases of rice, cotton, and meat from the United States; Senator Tom Connally, of Texas, declared today in a special interview on Puerto Rican affairs that he is strongly in favor of the proposal to place defensive air bases there, and said that at the same time Congress should give serious consideration to the serious economic plight of the island.

Senator Connally pointed out that the air bases proposed for Puerto Rico will form an invaluable first line defense for the Panama Canal and the Gulf of Mexico.

"It is vitally important that we protect the Canal and shipping in that area," he declared. "Planes from the Puerto Rican base will be able to scout far out to sea and give advance warning of the approach of an enemy. In addition, because of the close proximity of the island to South America, the bases on Puerto Rico will serve as a warning to the Dictators of Europe to stay out of South America."

Sen. Connally

Commenting on the economic condition, Senator Connally pointed out that the Interior Department recently reported that 42 per cent of Puerto Rico's population is out of work or dependent on unemployed persons; that their purchases of rice from the mainland last year fell off more than a million dollars, their purchases of cotton products slumped more than two million dollars, and their purchases of meat, more than three hundred thousand dollars.

Officials of the island blame this condition on the sugar quota, which restricted production in the island 30 per cent; on the trade agreement program which they say has made it virtually impossible for them to compete in the domestic market

Sportsmen May Soon Need Rule Books As 94 New Game Laws were Passed

AUSTIN, July 19.—The regular session of the 46th Legislature set what Game Department officials believe to be an all-time record in the passage of game and fish laws.

In all, 94 new laws relating to wildlife were enacted out of a total of 134 wildlife bills introduced, 118 originating in the House and 21 in the Senate.

Fishing received more attention than hunting. An analysis shows the Legislature passed 30 new laws dealing with regulation of fishing and sale of fish. Fourteen new laws dealing with deer and turkey hunting were passed, 10 relating to fox, nine to quail, and five each to squirrels and fur-bearing animals. Various other local laws were enacted.

Most important among the general laws passed was that declaring the Collared Peccary or Javelina a game animal. Killing of the animals was declared illegal except during an open season, from Nov. 16 to January 1, and the bag limit was declared to be two per season. Sale of javelinas or their hides were declared unlawful, except that javelinas or their hides imported from other states or countries might be sold. Many of the animals are imported annually from Mexico.

Other general laws included that placing the Starling on the unprotected list; forbidding fishing from bridges or causeways maintained by the State High-

way Department; allowing the game, Fish and Oyster commission to condemn lands for use in construction of fresh-water fish hatcheries or passes leading from one body of tidal water to another; providing for the issuance of non-resident trapper's licenses at a cost of \$200 each; and placing the brown pelican on the protected list.

Another general law had the effect of giving the Game Department permission to accept federal funds to be used in an extensive game management, survey and research program.

Part of the federal money already had been received for this purpose and the program had been inaugurated with executive approval of James V. Allred before his term as governor expired.

The game restoration program, being undertaken in cooperation with the U. S. Bureau of Biological Survey, was expected to last five years, as originally conceived. The Game Department was to match federal money in the ratio of 1 to 3. Several projects for the restoration of quail, antelope, mountain sheep, turkey, dove, deer and fur-bearing animals have been evolved during the first year of the federal-state project, and were due to get under way in the near future.

Veto of many Game Department items by Governor W. Lee O'Daniel last week, however, left the fate of the entire cooperative program in doubt.

EXPERT EXPLAINS HOW TO TREAT GARDEN BEANS

SMALL HOLES IN PLANT INDICATE WORK OF SPINY GRUBS

COLLEGE STATION — If the leaves of garden beans have numerous holes in them like an eyelet dress, they are likely being attacked by lemon-yellow spiny grubs which are the immature stage of the Mexican bean beetle, says R. R. Reppert, Extension Service Entomologist at A and M College.

This pest which can make lace work of sturdy bean plants in short order if left unchecked, may be combatted successfully with a three-fourths of one per cent rotenone dust, Reppert says.

In addition, a spray can be substituted. The spray is prepared by mixing four tablespoonfuls of a cube of derris powder that contains five per cent of rotenone in three gallons of water. Three tablespoonfuls of skim-milk powder added to the three gallons of rotenone spray mixture will materially help the spray to adhere to the foliage.

Insecticides on the upper surface and ineffective for this beetle, so Reppert cautions the gardener to apply the dust or spray to the under surface of the leaves. First treatment should be made just after the orange colored eggs hatch or when the first feeding injury is observed. A second treatment may be necessary within five days after the first is made.

Beans treated with this spray or dust are safe for eating, the specialist adds.

Texas population has increased from 7,000 (estimated) in 1895 to more than 8,000,000 (estimated) persons in 1939.

TEXAS OUT-O-DOORS

While it is not likely sportsmen will ever have an open season on wild sheep, which are among the most colorful animals in the Lone Star State, three ranchmen of the Trans-Pecos are leading the fight to help the species survive. They are A. F. Yates, Vivian McAdoo and T. M. Pyle upon whose lands most of the wild sheep range is found.

Texas sold more than one-twentieth of the federal duck stamps which were purchased by sportsmen throughout the United States during the period from July 1, 1938, to June 15, 1939, being fifth in total sales, a report of the U. S. Bureau of Biological Survey reveals. A total of 57,675 \$1 duck stamps were bought by Lone Star State hunters.

Minnesota led with \$116,196. Michigan was runner-up, having sold \$79,129. Wisconsin accounted for 78,911. And California, by showing a big increase over the previous fiscal year, was the other state ahead of Texas with a total sale of 61,790.

Total sales for the 1938-39 period were 984,401. Funds are used by the Biological survey to supplement other funds used for the purchase and maintenance of migratory wildfowl refuges in the United States and Alaska.

Duck stamps for the 1939 season went on sale July 1, at all first and second class postoffices.

One of the most unusual instances of charity in wildlife on record was discovered recently by Horace LaGrone, a school teacher of Deadwood, Panola County, Texas, it is reported by Hilbert R. Siegler, Regional Game Manager for the Game Department. Mr. LaGrone re-

cently observed a bluejay repeatedly feeding another adult jay. After calling State Game Warden Ray Biggerstaff's attention to the unusual occurrence, LaGrone killed the bluejay receiving the food. He discovered this jay could not have fed himself because he had no lower mandible, or beak.

Neal Wood of near Tatum, Rush county, Texas, is one farmer who will not allow insectivorous birds to be killed on his lands and especially sparrows, that species which is regarded in many quarters as a distinct nuisance. Mr. Wood had found that the sparrows had entirely cleaned out the army worms from his cotton patches.

Bats, protected by law in Texas because of the effective work in helping to keep down insect crops can be seen by tens of thousands in some places in the state. Dr. A. J. Nicholson, Regional Game Manager for the Game Department, recently observed a flight of bats from a large cave near Bracken in Comal county which continued for one hour and 45 minutes. The flight was approximately twenty-five feet wide and a foot thick. One bat didn't get to its usual night foraging spot for a blue-darter hawk swooped down into the flight of bats and carried one off to be part of his evening meal.

The Mexican three-tailed bat is the most common of a large number of species found in Texas.

COMPENSATION NOT FOR WORKERS WHO WALK OFF JOB

Workers in Donley County this week were advised not to walk off a job and expect to draw all their unemployment benefits. B. H. Thomson, supervising examiner for this district, said, "Quitting without good cause may result in a claimants being assessed one of the stiffest penalties of the unemployment compensation law."

TWO HEDLEY MEN FINED ON LIQUOR CHARGE

Two Hedley men pleaded guilty to possession of untaxed liquor in county court here Monday and were assessed fines of \$100 and cost. The two, Joe Dean and Bob Wilkerson, were arrested between Hedley and Lelia Lake Saturday night by officers Jack Peabody and Clayton Kavanaugh.

Mesdames W. A. Land and Regan Bryan were in Amarillo Tuesday.

LIBRARY NOTES

(By Mrs. C. A. Burton)

For the first time since its publication "Gone With the Wind" is not one on the best seller lists, but our two copies are still having a waiting list. And interest has not lessened in the news items concerning its screen production. "Grapes of Wrath" by John Steinbeck is leading with "The Web and the Rock" by Thomas Wolfe second. "Wickford Point" by John P. Marquand is fifth with "All This and Heaven Too" by Rachel Field and "Tree of Liberty" by Elizabeth Page taking the next two places. "Rebecca", "The Yearling", "The Patriot", and "Disputed Passage" are still running strong.

The July A. L. A. Bulletin is full of interesting things from the San Francisco meeting in June. Chief among these to me is a brief review of the John Newberry and Caldecott winners by Gladys English, chairman A. L. A. section for Library Work with Children. Of Elizabeth Enright's "Thimble Summer" which received the Newberry award for the most distinguished contribution to children's literature written last year she says, "There's fine writing in this book, but best of all it is a story of modern America and is as true of life today as 'Little Women' was of the Concord of Louisa Alcott. It is a story of a summer on a Wisconsin farm and in it there is character, the warmth of human relationships, a true sense of fun, and underneath it all a deep knowledge and apprecia-

tion of country life" She quotes this one paragraph which has a special appeal to us in this country "All night long the rain fell steadily with a sound of gutters running, eaves dripping, wet leaves slapping together. When Garnet held her breath and listened carefully, it almost seemed as if she could hear roots deep in the wet earth drinking and coming to life again."

Of the Caldecott Medal book by Thomas Handforth—an award for the most distinguished picture book, she says "Mei Lin" is a childlike, joyful book. The author-artist has lived in the Orient for a number of years and the pictures reveal his own feeling for life behind the great wall of China. While in Peking he discovered Mei Lin—a real little Chinese girl whose home was in a neighboring compound.

Our readers will remember that Frederick G. Melcher, editor of Publisher's Weekly, is donor of the Newberry and Caldecott medals. He was made an honorary member of the Section for Library Work with Children at the San Francisco meeting.

Another interesting item from the bulletin was that Dr. Herbert Putnam, who recently celebrated his fortieth anniversary as librarian of the Library of Congress in Washington, D. C. was awarded the Joseph W. Lippincott award for "the most outstanding contribution to Librarian ship"—and award which carried with it a gift of \$500. In presenting the award, the chairman of the committee said, "Dr. Putnam made the Library of Congress not only indispensable to the Congress itself, but an

increasingly important instrument for the whole nation. Appreciating the needs of the scholar, he made it outstanding in many fields, in maps and music and manuscripts, in prints and printed books, in Slavonic and Indic and Chinese and Japanese as well as in the tongues of western Europe and America. The Hispanic collection, only recently acquired, has given the Library of Congress an outstanding position in the field of Spanish-American relations. The great Library of Congress Annex, just completed, constitutes the most notable recent achievement in the library world." Dr. Putnam is retiring August 1st. The Library of Congress employs a staff of 850 people and its financial administration involves \$3,000,000 annually.

Lin Yutang, author of "My Country and My People" and "The Importance of Living", recent bestsellers which are on our shelves, has completed a novel of contemporary Chinese life, covering a period of forty years from the Boxer rebellion in 1900 to the present war. It is entitled "Moment in Peking", and is written in English, but conforms to the traditional Chinese novel in structure and treatment. It will be published by John Day Company. Richard J. Walsh, president of the company is Pearl Buck's husband.

Warner Brothers are filming "All This and Heaven Too" with Bette Davis in the leading role. Selznick is filming "Rebecca" with Carole Lombard leading, and "Our Town", Thornton Wilder's Pulitzer Prize winning play is being filmed by R. K. O.

The daily press carried the statement a few days ago of the death in England of Havelock Ellis, 80-year-old scientist, sociologist, and author. He had spent much of his later life in studies tracing the effects of heredity and habits on crime and insanity. He wrote so many books that he once remarked he had forgotten how many. "I must go on writing, that is my relaxation," he said on his 80th birthday.

Stuart Cloete, whose "Turning Wheels" was one of last year's sensations, will have a new novel this fall dealing with the period just before the time of "The Turning Wheels". It will be entitled "Watch for the Dawn". "Turning Wheels" is a rather fierce, brutal story of the great African Trek, a fierce, brutal period. It has been greatly enjoyed by many of our readers.

(Continued from Page One)

state in projected highways. Garnett Reeves, manager of the Pampa Chamber of Commerce, made report on aims and plans for closing of the gaps and expressed confidence that the objectives of the Association would be realized in the not far distant future.

Regrets and assurances of absent delegations from Nolan, Roberts and Ochiltree counties were read and expressed to the meeting.

Divisional Engineer Jim Douglas of Amarillo was introduced and expressed pleasure at being present for the meeting, outlining some plans for minor construction on the proposed route in Donley county already set up for July 1940.

When the meeting was turned over to President Odos Caraway, it was pointed out that since request of the Association for combining state highway numbers had been granted by the Commission, and No. 88 had been superseded by the continuation of No. 18 from Turkey North to Pampa, the official name of the group should be changed from 88-18 Highway Association to 18North-South Highway Association. On motion this was made the official name of the organization.

A resolution was presented by Sam M. Braswell, chairman of the Clarendon chamber of commerce highway committee, declaring that the North-South Highway project sponsored by the organization was now the "New No. One Project" of highway construction in the Panhandle area and provided for vigorous action before the state highway commission until the project was realized. The resolution received a unanimous vote.

Text of the resolution is as follows:

"In session assembled this 17th day of July, 1939, members of this Highway Association, and delegates from the interested counties, view with satisfaction and approval the dedication and opening of the Oil Field Highway Pampa to Borger, on Friday, June 23rd, which had the designation as "Highway Project No. One" in the Panhandle area.

"Now, therefore, in view of priority, established need, and general demand, from Perryton to Del Rio, from Ochiltree to Val Verde, we declare the North-South Highway, as sponsored and projected by this Association to be the New "Highway Project No. One" in this area, and instruct our representatives before the next and subsequent hearings of the Texas Highway Commission, to exert all means, and press with all power for the immediate construction of all present un-paved gaps of this route of First Importance, with concurrent effort to immediate survey, designation and ultimate construction of the Pampa to Perryton leg of the projected highway incorporated in our complete objective.

"Copies of this resolution shall be presented members of the Texas Highway Commission and the State Highway Engineer at the next regular hearing in accordance with this action."

Immediately following the adjournment of the session the group was led to the Turkey golf course just East of town, where a picnic supper of Coney Island weiners with a special sauce and dressing was the principal course, accompanied by good coffee or old fashioned lemonade. Over a hundred North-South highway enthusiasts were fed and enjoyed the hospitality of the Turkey hosts, before returning to their respective cities.

Miss Geraldine Browder left this week to visit friends in Denver, Colorado.

Mrs. A. W. McLean of San Antonio is visiting her daughter Mrs. C. C. Powell and family this week.

Mr. and Mrs. George Wallman and family of Gary, Indiana visited Mr. and Mrs. J. H. Howze Sunday night.

Mrs. Henry Williams went to Dalhart Sunday to visit her sister, Mrs. George Holman.

Glenn Allison who is finishing work on his Master's degree at Texas Tech in Lubbock this summer was home for the week-end.

Miss Naomi Allison left today for Los Angeles where she will attend the University of Southern California for the last session. She also expects to visit the World's Fair in San Francisco.

Mrs. Guy Wright and daughter Jane are in Fort Worth.

Mr. and Mrs. C. B. Morris and children, with the exception of Carl who is in Temple for the F. F. A. convention, left Wednesday afternoon for a vacation in Denver, Colorado.

HEDLEY CONTINUES SENSATIONAL FLAG CHASE IN LEAGUE

Hedley continued its sensational winning streak in the Hall County baseball league Sunday by outscoring Tell, 10-9 in a 13-inning thriller.

Memphis patted Estelline 8 to 6 to slip back into the loop lead while Goldston was disposing of Lakeview 11 to 10.

Goldston, Donley County's other club is completely out of the race for leadership with two wins against eleven losses.

Estelline will go to Memphis next Sunday, Lakeview will play at Hedley and Tell will invade Goldston.

Miss Francis Morris returned home this week from visiting her sister, Mrs. L. E. Holloway, in Whiteriver, Arizona. Mrs. Holloway and three daughters accompanied her and will visit here for a week.

Mr. and Mrs. Cecil Kilgough returned Friday from a visit with their parents at Denison.

Local F.F.A. Members To Go To State Meet

Joe Williams, Ray Bulls and Carl Morris with their advisor J. R. Gillham, will represent the local F. F. A. Chapter at the State Convention in Temple, July 20-22 it was learned today.

Williams was president of the local chapter during 1939 and Morris will head the order for the coming year. Bulls is the chapter treasurer.

The three members will also play in the Area one band at the convention.

This is the first time since the local chapter was organized in 1930 that delegates have been sent to the convention from the local chapter. Morris will be presented with his Lone Star Farmer degree at the convention. The entire Clarendon delegation will attend the Gold Star Banquet, Thursday, July 20th, at 7 p.m. for chapter delegates, instructors, and Lone Star Farmers.

John Gray, formerly of Clarendon but now of Pampa, with three sons visited Sunday in the home of his brother, Wilson Gray in the Goldston community.

Clothes Clean and Cool

You know what these summertime "scorchers" are like, so be prepared for them! See to it that your summer suits are sent to Shaver & Whitlock. We'll get every speck of dirt and grease from the fabrics and make them their original air-conditioned selves again. Not only that, but we will restore the color of the garment and prolong its life! Get ready for the extra hot weather now!
