CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY JULY 27, 1939

Established In 1878.

New Series, Vol. 50 No. 30

## COUNTY IS ASSURED COOPERATIVE GINS

### CHARTERS ARE GRANTED FOR CO-OP GINS

PROJECTS TO BE FINANCED THROUGH COOPERATIVE BANK OF HOUSTON

Donley County will have at least two cooperative cotton gins within the near future, County Agent H. M. Breedlove declared today.

With charters granted, well organized associations have been formed in Clarendon and Lelia Lake to outline plans and disburse common and preferred stock to interested farmers.

Only cotton producers are eligible as shareholders, Breedlove said.

R. O. (Lick) Thomas is president of the Clarendon organization and John Howard heads the Lelia Lake body.

Although the agent declined to say, it is advised by a reliable source that both organizations are considering purchases of Smith Brothers ginning properties both in Clarendon and Lelia Lake. However it is definitely known that no action has been taken to date.

Financed through the Cooperative Bank of Houston, cotton farmers wishing stock in the organization must sign for a given amount of stock against his cotton acreage.

This may be arranged with absolutely no cash payment, Breedlove explained, pointing out that a \$200 loan against a crop could be paid out annually from dividend refunds from ginning profits.

Over \$5,000 has been pledged in the Clarendon body while Lelia producers have signed around \$4,200.

The Cooperative Bank will hold 60 per cent of the paper with first mortgages at 4 per cent while the gin sellers will hold 40 per cent and second lien notes.

Both preferred and common stock will be sold, Breedlove stated, although non members wishing to gin will receive a refund of profits at the end of the fiscal year. The preferred stock value has not been determined but common stock is expected to sell from between \$1 and \$5 per share.

J. E. Montgomery, state cooperative supervisor, attended a meeting of the Lelia Lake association Tuesday night at which over 50 farmers were present. Montgomery explained and instructed the board of directors regarding the next move in completing the organization. Mr. Loury, editor of the Cooperative News, also attended the meeting.

The Lelia Lake meeting was also attended by several members of the Clarendon group.

Mr. and Mrs. Clarence Whitlock and Mr. and Mrs. George McCleskey are vacationing in Louisiana.

### Jack Bell Killed In Automobile Accident Near Brice Monday

Death rode with the flip of a coin here about 2 o'clock Monday morning and Jack Bell, 22, son of M. E. (Mitch) Bell, pioneer cattleman of this section, died in a car accident near Brice.

Jack and his brother, Walter, who was only slightly injured, matched to see who would drive to the home ranch.

Jack lost.

The accident occurred about 13 miles south of Clarendon.

According to a statement by Walter, the two left Clarendon around two o'clock and he (Walter) lay down in the seat with his head in his brother's lap. He said the next thing he knew was when he was being picked up at the scene of the accident.

The car and the boys were found near daylight by Lucian Bones, W. F. Wardlow and Harvey Martin, all of Clarendon who were working for Harvard Warner in that vicinity. Walter still badly dazed was taken to the nearby home of W. E. Davis. Mrs. Davis called a physician and an ambulance.

According to Deputy Sheriff Guy Wright, who investigated

### Prepared Exhibit for FFA Convention

These members of the Gold Key unit of the Clarendon F. F. A. Chapter and their advisor prepared the exhibit for Area One at the State F.F.A. convention July 20, 21, 22 at Temple. The exhibit ranked among the best at the convention. O. T. Ryan of Lubbock, Area One Supervisor,

selected the group, saying the Clarendon chapter's project program ranked first over 71 schools composing this district of 32 West Texas counties.

In the picture are, top row, left to right: J. R. Gillham, advisor; Joe Williams, chapter president; Pete Morrow and Carl

Morris. Bottom row, left to right: Ray Isham, Gene Putman, winner of the American Legion award for the outstanding boy graduate in 1939; and Johnny Leathers, exhibitor of the Panhandle Grand Champion in the Amarillo Fat Stock Show in 1939.

### PIONEERS PICNIC PLANS ADVANCE FOR AUGUST 18

Plans are going forward for one of the best "Old Settlers Association" picnics in the 10 years of its history, President W. I. (Uncle Billy) Rains said this week.

A fine program is being arranged by Homer Mulkey and W. C. Bridges and everyone is sure to enjoy the annual meeting, which will be held at Tate Grove, Friday, August 18, the organization's leader declared.

As is the custom, everyone who has resided in Donley County for twenty years, is automatically a member and is urged to attend. Baskets must be taken by each family.

Tom Tate is vice president of the association and Mrs. Joe Crawford secretary-treasurer but almost all the old timers in Hedley fill an unofficial office when called on to help with the gathering.

Mrs. Katie Zachary, daughter of Mr. and Mrs. W. O. Butler underwent an operation in a Pampa hospital Wednesday. Her condition is reported satisfactory.

### School Project Goes Forward

Renovation of the College auditorium, a part of the WPA \$3,700 school project, nearing completion this week as workmen finished two of the three floors in the building.

Calsimine, painting and varnish and plastering of several class room ceilings constituted most of the work.

Many of the men were transferred Wednesday to the South Ward School where similar remodeling is going on.

### DONLEY 4-H BOYS NET \$1,874.13 ON CLUB CALVES

OVER \$60 PER CALF IS AVERAGED ON DONLEY AND AMARILLO SHOWS

The Donley County and Amarillo Fat Stock Shows paid local 4-H Club members a clear profit of \$1,874.13 on thirty calves, it was revealed by H. M. Breedlove, club director, today.

Breedlove's figures were taken from his final report of the 1939 calf demonstrations prepared for the Extension Service of College Station.

The net profits of the calves which includes premium money and sales, gives an average of \$62.47 per calf. Over \$200 was derived from premiums with approximately \$1,671, resulting from the sales.

Johnnie Leathers, 4-H Club boy showed the best Panhandle calf in the show.

Breedlove said many calves were now on feed for next year's shows and all are in fine condition.

### HIGHWAY TOPPING TORN UP FOR NEW ROAD EXPERIMENT

Thirteen hundred feet of Highway 370 between Clarendon and Lelia Lake were torn up last week and workmen are preparing an experimental topping which may eventually be used on all hard surface roads.

Termed a stabilizing caliche base, 2,400 sacks of cement will be used on the caliche roadbed which will have an asphalt flexible surface.

Mrs. Byron Hill of Whitesboro is here for a two-weeks visit with her sister, Mrs. A. W. Simpson.

### CLARENDON TO BE ON REDESIGNATED U. S. HIGHWAY

WILL INVITE TRAFFIC FROM PORT ARTHUR TO YELLOWSTONE PARK

Clarendon will be on a redesignated federal highway after January 1, which will invite tourist traffic from the Gulf to Yellowstone National Park, according to The Childress Index, this week.

The Index said final approval has been given by the American Association of Highway officials to an extension of U. S. Highway 287 from Denver to Port Arthur. The route now extends only from Yellowstone to Denver.

The new road starts from Yellowstone and extends to Denver, through Colorado and across the Oklahoma, Panhandle into Texas near Stratford. From Amarillo it will merge with 370 through Clarendon, Wichita Falls, Fort Worth, Ennis, Corsicana, Palestine and Port Arthur.

Highway 370 will be absorbed and the number discontinued.

The new designation is expected to increase travel through Clarendon as it will be the first single numbered highway through Texas into the Rocky Mountain region.

### SCHOOLS GET \$22 PER CAPITA FOR THIRD YEAR

STATE BOARD REJECTS NEW STATUTE RAISE OF FIFTY CENTS

Despite Governor W. Lee O'Daniel's signature on a recent bill calling for an increase in the state per capita school aid, the state board of education voted 8 to 1 Monday to set the apportionment at \$22 for the third consecutive year.

The 50 cent increase would have meant approximately \$326 to local schools with an enrollment of over 630 pupils.

After determining the apportionment, the board decided to spend \$2,000,000 for additional free textbooks and considered addition of a number of volumes to the list.

The automatic tax board of Governor O'Daniel, Comptroller George H. Sheppard and Treasurer Chaley Lockhart, will meet soon to determine the ad valorem rate for the school and other purposes.

### SALVATION ARMY OLDEST SYMBOL IS DISCARDED

STREET TAMBOURINE SOLICITATION FORCED OUT BY RACKETEERS

The Salvation Army has laid down their tambourines after 80 years of street solicitation.

R. L. Portwood, Dallas, campaign director, here this morning said religious racketeers had forced the discontinuation of this custom which has been one of the symbols of the organization since its inception on a London street corner in 1859.

Hereafter, Portwood declared, only one appeal yearly will be made and that through an accredited army member who will bear credentials from local civic bodies.

The Salvation Army is the oldest charitable organization in the world and 85 per cent of collections are used for beneficial purposes. Strictly non-denominational, the organization with its slogan "A Man May Be Down But Never Out", is solely for the purpose of aiding those in distress. Thousands of dollars are spent annually without fanfare by the Army.

Mr. and Mrs. H. T. Burton and daughter Nelda Sue and Mr. and Mrs. McHenry Lane left Tuesday on a two-weeks fishing and camping trip in Colorado.

### Legislator

HON. GENE WORLEY

... legislator for this District, and mentioned as next speaker of the House says taxation is one of the great issues before the people of Texas, in address before Clarendon Lions Club Tuesday.

### AMARILLO'S NEW RADIO STATION TO OPEN SOON

After two weeks of exhaustive testing activity, KFDA, new 100 watt radio station in Amarillo was pronounced ready today to go on the air Tuesday, August 1.

Newest and most efficient RCA deluxe high fidelity equipment has been installed throughout with transmitter capable of generating 250 watts power.

A staff of 17 includes manager C. S. Gooch, three engineers, three announcers, program director, continuity-publicity writer, three commercial salesmen, receptionists - accompanist, three clerical employes and janitor.

KFDA is affiliated with both Mutual Broadcasting System and the Texas State Network and will carry the cream of the nation's dance bands as well as other high calibre programs and news costs. United Press news will be broadcast several times daily.

KFDA will broadcast 18 hours daily and 17 hours on Sunday, on a frequency of 1500 kilocycles.

### F. F. A. Members Attend State Convention

Clarendon F. F. A. chapter members and their advisor, J. R. Gillham, attended the State F. F. A. convention in Temple, July 20, - 22.

The group prepared the exhibit for Area 1 for the convention and received many compliments. The exhibit stressed the project program developed here during the past year, and the ribbons and trophies won during 1938-39 were displayed. The chapter scrapbook and pictures of the 1938 summer tour were also exhibited.

Advisor Gillham served as chairman on the swine improvement committee which worked out the rules to be followed in determining the winner in the state production contest.

Williams, Bulls and Morris played in the Area 1 and state F. F. A. bands while attending the convention.

### State Highway Department's Lease On Warehouse Property Expires, Commissioner Doubts Removal

Doubt that the state highway department's warehouse would be moved from Clarendon soon with the expiration of the lease was expressed today by city commissioner Homer McElvany who said the city had offered the department a provisional title to the land on which the warehouse stands.

The title, he said, would be granted the highway department only with the provisions that

### GENE WORLEY IS LIONS SPEAKER HERE TUESDAY

LEGISLATOR FROM THIS DISTRICT GIVES HIGH LIGHTS OF LAST SESSION

Hon. Gene Worley, representative from this district in the Texas Legislature, was guest speaker at the Tuesday luncheon of the Clarendon Lions Club this week at the Hotel Clarendon. Second Vice-President Ralph Andis presided in the absence of President R. E. Drennan and 1st Vice-President P. B. Gentry.

Likening the recent record-breaking session of the Texas legislature to a ball game, the legislator from Shamrock got a laugh when he summed the game up with "Few hits, several runs, and lots of errors." Without injecting his personal views or prejudices in the resume, Rep. Worley gave a digest of the several positions taken by the various conflicting groups on the matter of proposed social security legislation, which lacked four votes of being submitted to the people in S. J. R. No. 12. The speaker declared that there was a general disposition to shift the blame to the "other fellow" by representatives, senators and the governor, but took the position that all were to blame for the failure to produce a solution to the principle problems in the longest session ever held in the history of Texas. He declared that he believed the Governor to be a sincere man anxious to do the best thing for the citizenship and complimented the chief executive for his recent Sunday morning broadcasts on the problem of local taxation.

Rep. Worley's address was well received by the Lions who expressed themselves as deeply appreciative for the frank and candid manner in which he gave review of the legislative mill down at Austin.

The attendance was light on account of so many members being out of the city on vacation.

### Lions Club Provides Air Conditioner For Hospital Room

Several years ago the Clarendon Lions Club furnished a private room at the Adair Hospital here in the most approved style of hospital furnishings, and since that time it has been regarded as one of the choice rooms of the institution.

Last week an efficient air conditioning unit was installed in the room by the Lions Club to keep the facilities of the room in the best of repair. It has sponsored up to equal rank of the best anywhere. It has not been thought best by the medical profession to have general air conditioning for hospitals, since some stages of illness or immediately following operations the low temperature would hardly be best for the patient, but the single room unit can be cut on or off with a switch to suit the needs of the patient occupying the room.

A picture of the air-conditioned room will be sent the Lions Magazine for reproduction in an early issue to show the continued activities of the Clarendon Lions Club, rated as one of the best clubs for the size city in the eight nations where Lions Clubs operate.

should the warehouse be moved from here the land would revert to the city.

The lease was granted the state in 1929 for \$1.

According to McElvany the state advised the council they wished to improve the property but were hesitant about the lease.

The warehouse provides several Clarendon families with occupations.

### ACCURATE AIM FOR AN OLD MAN

After noting so many rush into print and lift up their voices to "contradict" and "explain away" the charges of intemperance in the social high life of political and social strata in the East made by Governor Dickinson of Michigan, we are strongly moved to believe that the Governor has very accurate aim for an old man.

There is little question that so-called high society indulges in alcoholic beverages—you don't have to go to Washington and New York to establish that shameful fact—which bears out the Governor's charges that such a situation is a real pitfall for young women regardless of the solemn pronouncement of the mistress of the White House advising young women to learn "how much liquor they can carry."

Governor Dickinson has performed a real service to good citizenship and temperate living in the Nation, and we need reform instead of "explanations" or "denials".

### HE'S GOING TO HAVE MORE TO TELL THAN EVER

Down at Stephenville is an upper-bracket columnist who signs himself "I'll Tell The World". In last week's Empire-Tribune, Stephenville's top-flight newspaper, Old "I'll Tell The World" came out with the following:

"One of these days this department is going to send a representative to Northwest Texas with specific instructions to visit Paducah, Vernon, Seymour, Quanah, Clarendon and Wellington. At Paducah this representative will visit Ed Carlock, the wealthiest country editor in Texas, while at Vernon an all-night stay will be made with Ray Nichols, the political sage of Wilbarger County. Up at Clarendon we are going to stop in on Sam Braswell for first-hand knowledge about the famed shelter belt, and get it all confirmed by Desk Wells at Wellington. Coming home we will stop at Quanah and Seymour where pleasantries will be exchanged with Harry Koch and O. C. Harrison. It must be a great country up there if all we have heard is true."

If "I'll Tell The World" makes the visit he says he is going to make—and we hope he does—he'll have more to tell the world than he ever had before. What an eye-opener to him and his readers!

### "MY COUNTRY 'TIS OF THEE"

Under the above caption, Ronald Calvert, Associate Editor of the Portland "Oregonian," comes forward with a patriotic contribution, which recently won the Pulitzer Prize this year for the best editorial in the nation. Mr. Calvert's editorial follows:

"In this land of ours, the man we choose as our leader at no time uniforms or insignia to denote his position as commander-in-chief of armed force.

In this land of ours, the average citizen sees so little of the army that he has not learned to distinguish between a major and a lieutenant from his shoulder straps.

In this land of ours, there is no tramp of military boots to entertain the visiting statesman.

In this land of ours, there is no fortification along the several thousand miles of the northern border.

In this land of ours, no youth is conscripted to labor on devices of defense. Military training he may take or leave at option.

In this land of ours, one-third of the population is foreign born, or native born of foreign or mixed parentage. The foreign born of races that are assimilated are admitted to all privileges if they want them.

In this land of ours, the common citizen may criticize without restraint the policies of government or the aims of the chief executive.

In this land of ours, the common citizen may criticize without menace, the blue of the night, sails in the sunset, fearing neither might, martyrdom or a political power. In lighter patriotism we are nationally cosmopolitan and sing of Dixie, or of Iowa where the tall corn grows, of springtime in the Rockies, or of California here I come.

In this land of ours, there is not a bomb-proof shelter and a gas mask is a curiosity.

In this land of ours, our troubles, present and prospective, come from within—come from our own mistakes and injure us alone.

In this land of ours, we have illuminated the road to permanent peace. But that is not the sole moral sought herein to be drawn. Rather it is that blessings of liberty and equality and peace that have been recounted herein are possessed nowhere in the same measure in Europe or Asia, and wane and disappear as one enters a land of dictatorship of whatever brand. This liberty, this equality, this peace, are imbedded in the American form of government.

We shall ever retain them if foreign isms that would dig them out and destroy them are barred from our shores. If you cherish this liberty, this equality, this peace material and peace spiritual—then defend with all your might the American ideal of government."

### News Item: "85 per cent of the national income of the United States goes to workers and the self-employed."

### HATCH BILL FORWARDS REAL DEMOCRACY

The passage of the Hatch Bill eliminating most classes of federal employees as eligible for membership in national political conventions, is one of the most forward steps the Nation has made in promoting real Democracy. When the bill becomes a law, the voters of America will really be the masters of the ship of state. Conservative Democrats generally favor the bill, while New Dealers are largely opposed to its provisions.

### IS IT REACTIONARY?

More than 75 per cent of investors have money available that could be used to promote new enterprises, according to a recent survey. But the money is not forthcoming for the following reasons:

62 per cent of the investors covered by the survey said that the Government takes too much in taxes from the individual taxpayer. Sixty-three per cent feared the possibility of labor troubles. Seventy-three per cent feared the possibility of new taxes on industry. 77 per cent cited legislation restricting industry, 83 per cent complained that the government takes too much in taxes from corporations. Here, in black and white, are some of the major reasons for upwards of 10,000,000 unemployed men and women, soaring relief costs, industrial stagnation.

Impartial authorities have frequently pointed the way to a correction of abuses which have destroyed investor confidence in the future. The Brookings Institution for example, has recently set forth a complete tax revision program that should serve as a model for congress. And as a matter of fact, Arthur Krock of the New York Times, observes, many congressmen and treasury officials would undoubtedly support a conservative tax reform program—privately. Yet, for political reasons—probably for fear of being called "reactionaries"—many have so far refused to support such a program publicly.

One can only ask "Since when has it become "reactionary" to promote jobs and recovery?—Luling Signal.

### NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN — A maximum state ad valorem tax levy for general purposes of 35 cents, made necessary by the action of the Legislature in authorizing a levy sufficient to pay a \$22.50 per capita apportionment for educational purposes was anticipated here this week, as the State Board of Education and the State Automatic Tax Board were scheduled to meet and fix the levy. There is a shortage of \$3.50 in the \$22 per capita school apportionment for the current year, and if the Attorney General holds a sufficient levy can be made to absorb this deficit, authorities agreed the maximum of 35 cents levy will be necessary. The present rate, set during the Allred administration, is 7 cents per \$100 of valuation for general purposes, the lowest state tax rate in a quarter of a century.

Reports of county tax assessors to State Comptroller George Sheppard indicated an increase of about \$25,000,000 in the valuation of property for State taxation purposes this year, with a total estimated taxable valuation of \$3,522,027,141. Harris County which received a special tax remission for ten years at the last session of the Legislature, led the state with a total of \$290,488,910, with Dallas county second.

Meanwhile, latest information on the deficit in the State general fund showed a rise to \$18,035,927. Checks issued by the State against the general fund are averaging about seven months "hot"—that is there is no money available to pay such checks until about seven months after they are issued, and they are discounted accordingly.

Counties Must Wait—About the only benefit that county governments will get in the near future from enactment of the road bond assumption act by the regular session will be a continuance of 100 per cent payments of principal and interest on bonds issued to improve roads that are now part of the State highway system, as in the past full assumption of the bond service debt on such additional roads as have been taken into the system since January 1, 1932.

The other benefits—including the assumption of bonded debts on lateral roads in the counties—will have to wait another year, as members and staff of the bond assumption board declare at least a year will be required to figure out division of the surplus in the fund and the complicated legal aspects of the new law. The law provides for ultimate assumption of the service charges on certain lateral roads in the counties, under a

complicated formula, but county judges and commissioners who expected, while the bill was pending, that it would open an immediate wide open gateway to the State treasury for the benefits of the county political machines, are doomed to disappointment. There is even some talk that a court test of the legality of the entire act may be launched before any lateral road payments are made. Many authorities believe the State has no power under the Constitution, to underwrite and pay off county bonds on roads which do not belong to the State over which the State has no control.

Tax Remission Aids Counties—More "manna from Heaven" for the counties will come from the remission of half the ad valorem tax levy for general purposes, which is effective this year. Actual effective date awaits an opinion from the Attorney General, but most officials think the money will not be available until September 1, 1940, end of the fiscal year. This will distribute about \$5,000,000 annually to the counties, and some of them are losing no time in finding a way to spend it. In Dallas county, for instance, where the general fund of the county is over half a million dollars in the "red", the County Commissioners Court held a special meeting the day after the Governor signed the bill, and raised the pay of 16 county employes. The plea made during the session was that the counties needed the State's money to pay for relief work, and to aid sorely pressed county tax payers. But indications are that counties using the money to reduce the county tax rate will be few and far between.

Pension Future Uncertain—Future fate of Texas pensioners remained uncertain as checks for July pensions, made late by a delay in Federal approval, went out. The Federal authorities have okayed August pension payments, but after that Federal participation will depend upon pension rules and regulations instituted by the new Welfare Board, which will take over pension administration after September 1, and on application of the newly liberalized pension law. The action of Congress on pending measures to liberalize Federal pension participation may also have a strong influence upon the future welfare of Texas pensioners. Full effect of the liberalized law, which it is believed will add a minimum of 50,000 new beneficiaries to the Texas pension rolls, will not be known until the staff can make inspection.

tions and pass on the flood of new applications now on hand which will require several months. Meanwhile, politics here were watching for Gov. O'Daniel's announcements of the nominations he will make for the three places on the new administrative board. The Federal government requires experienced social service workers on the pension staff, but on the other hand, O'Daniel has bitterly condemned the casual workers who make pension inspections, during his campaign and since and a wholesale clean-out of the present staff, working under the direction of Jack Little as supervisor may result. Upon pension developments of the next few months most observers here believe, will depend the probability of a special session of the Legislature.

Must Have Drivers' License—Failure of the Legislature to enact a drivers' license law did not invalidate the existing law, and it will remain in effect until new legislation is adopted, Attorney General Mann held. Licenses now held by drivers are automatically extended. The Public Safety Department will stamp an extension notice on licenses of any motorist who visits out of Texas, in order to avoid trouble with local officers in other States, the department has announced. The old regulations for issuing new licenses remain in effect.

### New Budget Not Expected To Raise Taxes

COUNTY SPENDING WILL PARALLEL PAST YEARS COMMISSIONER BELIEVES

Although the county budget for the next fiscal year will not be set until the next regular meeting of the commissioners court, John Hermesmeier, precinct 1 Commissioner, said today that he is positive the tax rate will not be increased.

The next regular meeting is scheduled for August 14, however it is possible there may be some delay before the budget is confirmed.

Hermesmeier also said the court expected a rise in valuations due however to new building, etc, and not increased assessments.

The budget is expected to parallel the past few years.

**Advent of Fencing Panhandle Was Slow and Expensive Job; Pioneer Resident of Hedley Recalls**

When flat-barbed wire fences and wire were freighted to the Panhandle's free grass land, it cost the large cow outfits a pretty penny, reminisces Jo Devine of Hedley who was a cowpoke on the Rowe Ranch before the turn of the century. Devine, who now at 65, is one of the important cogs in Hedley's civic life, says there were two big pastures on the RO when he first began cowboying there in 1893. The largest took 80 miles of fenced at 50 cents a post and 50c a pound for wire. 170 post were required to the mile, he pointed out, although the construction was completed before his duties began. Devine said Alfred Rowe, at that time manager of the ranch, declared the post

**14TH CENTURY POTTERY FOUND BY TECH GROUP**

LUBBOCK — Excavation of a ruin near Glorieta Pass, N. M. of Pueblo origin, dating from about 1392 A. D. by an archaeological research party of Texas Technological College students resulted in the uncovering of many pieces of pottery dating from the 14th century, several thousand sherds, several effigies, and various cooking vessels. Dr. W. C. Holden, dean and director of historical anthropological, and social science research and director of the party, described the six weeks' field trip as "very successful". The group brought back about a dozen pottery pots which will be fully restored. In addition, several pieces of modern pottery were obtained from living pueblos visited in New Mexico and Arizona and later will be exhibited in the West Texas Museum on the Tech Campus.

**CLARENDON METHODIST CIRCUIT**  
J. G. Walker, Pastor

Good day at Lelia Lake Sunday. The young people had charge of the worship program for the Sunday school. Their teacher Mrs. Daisy White led the program, and it was well done. Lelia Lake Sunday school furnishes a fine opportunity for one who is willing to work; and numbers of them are responding to the opportunity. Of course it is small in number but the quality of work often makes up for lack of number. 1 Cor. 1:27 "God has chosen the weak things of the world to confound the mighty". We use this scripture to illustrate our weakness in numbers and not otherwise. Had a good service at Naylor in the evening.

Get ready for the revival campaign. It is now on. In my estimation it is the most important work of the entire year. The next six or seven weeks will tell the story of our work this year. It is the harvesting time for the church. Will we reap a great harvest?

It depends upon our efforts. We beg for a united effort of all in the Clarendon circuit. Clarendon Circuit is one body composed of six members (churches). Let's all be interested in the work as a whole as well as an individual church. The eyes of all who know us are on us this year and we believe anxious to see us succeed. Make arrangements to begin with us in the first revival. Visit each revival and do your best to make each a success. If we help build up each individual church, it will add strength to the whole. We want to make the best report the work has ever made. Not for our own glory, but for the glory of God. The next six or seven weeks will be a great strain on the pastor, but we feel physically able to go through and if we have the spiritual strength to succeed, we shall be happy.

People of all faiths are cordially invited to cooperate with us.

Mrs. F. B. Thomas visited relatives in Olton last week.

**RABIES INCREASE RECORDED IN PARTS OF TEXAS**

AUSTIN — Rabies is increasing in prevalence in many parts of Texas. Although rabies may be controlled and even exterminated, but unfortunately treatment has never been applied until the disease is widespread. The dog is the chief source of rabies, but all warm blooded animals are susceptible. Contrary to a widespread belief, rabies is not a warm weather disease. It occurs just as frequently in the cold months. The most logical procedure in the control of rabies would be to vaccinate all dogs. Where this is impossible the stray dog should be immediately impounded, for the stray dog is chiefly responsible for the spread of rabies.

Public health authorities are handicapped in their fight against the spread of rabies in humans occurs only frequently. However, it must be remembered that rabies is 100 per cent fatal once the disease has developed. Treatment is only preventive and must be taken in time.

Do not kill the dog that is behaving strangely or immediately after it has bitten some one. The animal should be captured and kept under observation for ten days to determine whether it has rabies or not. The confinement should be amply secure, for a dog in the frenzy of furious rabies requires a much stronger collar and chain or enclosure than a non-rabid dog.

When the rabies virus is put into the body by a biting dog the virus travels slowly from the wound along the nerves until it reaches the brain and spinal cord. Thus if the bite is on the face the virus does not have far to travel to reach the brain. Consequently bites on the face are the most dangerous and immunization must be started at once.

**Rural Life Meeting Brings Interesting Views on Problems**

"Our world's cotton market is gone forever and the farmer must look to the chemist to find new uses for farm products." "The average farmer spends but several months a year in making a cotton and corn crop. If he could utilize profitably six days a week throughout the year he would make a bountiful living." "The rural church must be concerned with the economic and social life of its members."

These are a few of the statements made by experts in rural life at the State Rural Life Conference held at John Tarleton College July 18, 19, and 20. The conference, covering problems of an economic, spiritual and social nature, pertaining to rural life attracted many leaders from over the State. Among these were Victor Schoffelmayer, agricultural editor of the Dallas News; Upshur Vincent, agricultural editor of the Fort Worth Star Telegram; Rev. John A. Sicehoff of the Methodist Church; President T. O. Walton of Texas A. and M. College; and Dean J. Thomas Davis of John Tarleton College.

Of special interest to the many visitors were talks and demonstrations by 4-H Club members who have made outstanding records. One of these boys, Marvin McMillan of Mason, a 17 year old club boy who had the grand champion steer of the United States this past year, spoke on club work.

Another interesting talk was made by Loyd Astor, Lone Star F.F.A. farmer on "What the Rural Youth Expects of the Church." Astor explained that a personal survey made by him revealed that rural youth still expected spiritual rather than social benefits from the church.

**Texas Employment Up During June**

AUSTIN — Non-agricultural employment in Texas during June was 0.6 per cent above May and 2.9 per cent above June of last year, The University of Texas Bureau of Business Research reported today. Total weekly payrolls were 0.5 per cent above May and 1.9 per cent above June, 1938.

Employment in manufacturing industries gained 0.4 per cent over May and 3.4 per cent over June of last year, while total weekly payrolls in these establishments gained 1 per cent over May and 1.4 per cent over June a year ago.

**Prisoner Escapes!**

Guard Killed By British Officer in Daring Escape from German Prison Camp

Hunted by all the police in Germany, he found refuge in the heart and home of this lovely little girl of the Berlin streets — Calmy, bravely she faced the police and lied for him—lied for an enemy of her country whom she had not known but for one short night—Not even the threats of certain death could break her devoted loyalty to him.

You'll be held breathless by this exciting story of escape from a German prison camp. You'll be thrilled and fascinated by this romantic girl who took such desperate chances to hold the only tender, sincere love she ever knew — No wonder the late O. O. McIntyre called it "The most absorbing book I've read in five years."

Because we want you to know Mercury Books, we'll send you this one—"Everything Is Thunder", by J. L. Hardy—practically free. We'll supply the book, if you'll pay 10c for postage and handling.

Out of more than 100,000 copies printed we have less than 5,000 left—and they're going fast. Hurry and send a dime for a complete copy of this intensely interesting book of more than 90,000 words. (Sorry—only one to a customer.)

Here's my dime. Send me a copy of the Mercury Book "Everything, Is Thunder" by J. L. Hardy.

## FARMERS LEARNING VALUE OF SOIL CONSERVATION

### PRACTICES DEMONSTRATED INCREASED YIELDS BY EROSION CONTROL

AMARILLO, July 27.—The changing pattern of agriculture in the Southern Great Plains, which is becoming more and more evident each year, may be expected to become more widespread in the future, according to H. H. Fennell, regional director of the Soil Conservation Service. During the last five years, Fennell points out, soil and water conservation practices have been demonstrated in cooperation with other agencies and farmers on projects located in Kansas and portions of Colorado, Texas, Oklahoma and New Mexico included in the Southern Great Plains region.

Farmers have been given an opportunity of observing how erosion may be controlled and crop yields increased through the use of practices which conserve soil and moisture. This has brought about a changed pattern of farming. Terraces, contour rows, rows of close rows of crops alternating with rows of clear, tilled crops in strip crop design, all of value in holding the maximum amount of moisture on the land and checking the movement of soil, now can be seen winding about the slopes in practically every section of the plains. Contour pasture furrows holding water where it can be used in increasing grass growth, water diversion and water spreading systems designed to put water into use in growing erosion-resistant vegetation instead of cutting gullies and adding to flood dangers, and even farm roads, fences and tree sites on the contour have become common sights in the plains within recent years.

"Farmers are learning that the longer way around the contour often is the shortest way to crop success", Fennell says. "Realizing the vital necessity for checking erosion and conserving the soil, the legislative bodies of the five states, along with a majority of the other commonwealths, have enacted soil conservation districts laws. Briefly, these states have passed enabling acts—laws which make it possible for landowners to organize into a cooperative group to pool individual experience, and, with group initiative and responsibility, attack the recognized problems of soil and water conservation," Fennell explains.

"The value of conservation practices has been proven and demonstrated. The future of the conservation of soil is left squarely up to the farmers themselves," the regional director points out. "Farmers already are accepting this responsibility as is evidenced by the formation of ten soil conservation districts in the Southern Great Plains region. Others are in the process of formation. More and more, straight-row farming is giving away to the contour—the pattern of agriculture is changing."

### SCHOOL TRANSFERS MUST BE IN BY SATURDAY

County Superintendent G. W. Kavanaugh announced this week that all school transfers must be in by Saturday. The office will be kept open later than usual in order to accommodate the patrons. It is emphasized that these transfers of pupils from one school district to another must be made in order to avoid charging of tuition. If it is impossible for the parent to come to the office, a blank will be sent if they notify the County Superintendent.

Mr. and Mrs. Thomas Slick of Oklahoma City and Mr. Stewart of New York are spending several days in the home of W. J. Lewis. Mrs. Slick is Mr. Lewis' daughter.

## JUST HUMANS

By GENE CARR

"Slip Me a Soft Pencil, Pop. I Wanna Write to My Sweetie!"

## Random Reflections

By DICK COOKE

I was the host of Ed Dishman at the Hedley vs. Lakeview baseball game last Sunday and immediately came to the conclusion that if Ed and I had been playing it would have been a different story than the 8 to 4 beating Hedley took.

Ed and I, of course, would have been more sympathetic if the Hedley players had followed our advice. We told them loud and long what the pitcher was going to throw and how to field the balls, etc.

Well what if we were a bit slow, we knew it all the time and we could have told them before they struck or fielded the ball wrong. After all we weren't paid anything, you know.

Mr. Peebles—the only Mr. Peebles—had an opportunity to go airplane riding recently. He told the pilot that the only way he would get into the ship was for him (the pilot) to sign an affidavit before a notary public that the wheels would not leave the ground.

Crops through the county are ok generally, H. M. Breedlove, County Agent says. Only in a few tight places are they beginning to burn badly.

Was quite amused Tuesday when a young boy swore that he was insane when applying for a drivers license. However, we knew how the lad felt when confronted by those state coppers uniforms. However patrolman O. K. Huggleston gave a brief but weighty lecture that would be well if printed.

Huddleston said "Son, about three-fourths of our work is educational. If we can impress upon youths the fact that driving a car is a job, and that when you step behind the wheel you may return home in an ambulance, we have accomplished something. With the present day high powered automobiles, it takes all of one's time to drive. One minute's carelessness may spell disaster."

Huddleston also pointed out that under the age of 18, the father is responsible for the actions of the child, and upon certain traffic violations is liable to confinement in the penitentiary for his son's deeds.

If you are not interested in birds, you may skip the next few paragraphs—

The following clipping from the Tackless Texan, Amarillo News, was sent Random Reflections with a request to reprint and add something of a local nature.

"Here is a letter from Jack and Jill Cooper, down at Canyon, who tell of the robin's nest they found in Amarillo. And they are asking if I wasn't offering a reward. Well, I did offer a reward a year or two ago and if those young people will call on me I'll see that it still stands.

This is the second robin's nest found in Amarillo that I know anything about. The first one was two or three years ago in a tree across the street from the Ware home on Polk Street."

We are not sure whether robins nest here although many residents are of the opinion they do. However, many of the red-breasted birds are here during the Spring months, and several pairs have been known to spend the winter here.

The nests are placed anywhere, but usually in the forks of heav-

## FUNERAL SERVICES ARE HELD FOR W. L. BUTLER

### LONG TIME LELIA LAKE RESIDENT DIES AT TENNESSEE HOME

Funeral services for W. L. Butler, 58, long time Lelia Lake farmer, who died in his Petersburg, Tenn., home Saturday, were held at the First Christian Church here Wednesday afternoon at 5 o'clock. The Rev. Powell A. Smith of the First Christian Church, Amarillo, officiated.

He succumbed after a lengthy illness. Mr. Butler came to Donley County from Lewisburg, Tenn. in 1915 and lived on a farm near Lelia Lake for 23 years. He had only recently returned to Tennessee to make his home.

He is survived by his widow, and three children, Mrs. H. S. Hughes, Skellytown, J. L. Butler, Lelia Lake, and O. G. Butler, Decatur, Alabama; three brothers, Ewell, G. L. and Ulver Butler of Lewisburg, Tenn.

## IDA MAY WIEDMAN SERIOUSLY ILL AT HOSPITAL

Ida May Wiedman, 14-year-old daughter of Mr. and Mrs. Philip Wiedman, is in a serious condition at the Adair Hospital.

Reports from the hospital late last night gave her condition as critical.

The child underwent an appendectomy Monday and has failed to respond properly to treatment.

## DEAN SHELBY OF U. OF T. VISITS FORMER TEACHER HERE SUNDAY

Dean T. H. Shelby of wife of Austin were in Clarendon Sunday afternoon for a visit with Mrs. C. A. Burton a former teacher of Mr. Shelby when a lad down in Wilbarger County.

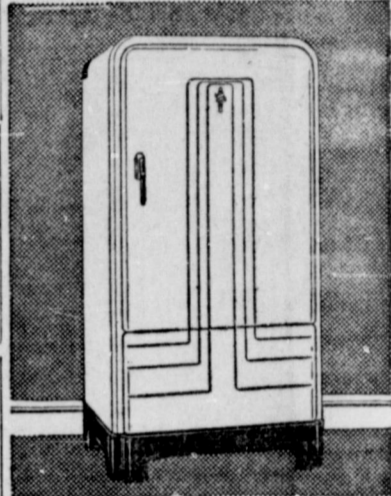

Dean Shelby is the head of the Extension Department of the University of Texas, and the Shelbys were returning from a vacation and observation trip to the West coast. Last year Dean Shelby was sent to England by the department to observe extension practices in Great Britain. He told Mrs. Burton that his department was working on a plan of radio courses for Texas, probably the newest development in extension service.

Bristol Boards at The News.

Billie Wayman Noblett, son of Mr. and Mrs. W. W. Noblett, was in an Amarillo hospital this week for observation.

Miss Cynthia Eller of Memphis visited friends here this week.

## BAND HONORS BETTY JO BAIN

The Clarendon High School Band honored one of its members, Miss Betty Jo Bain, who is leaving to make her home in California. At a practice held at the home of Billie Ralph Andis, a lovely fitted week-end bag was presented Miss Bain by Ray Robbins, director, in behalf of the band. Refreshments were served later to the group.

## MARTIN QUILTING CLUB HAS MEETING

The Martin Quilting Club met Thursday at the school building as guests of Mrs. L. A. Sibley. Two quilts were quilted for the hostess that day. A picnic luncheon was served at the noon hour.

The club has over twenty-five members and is doing much work at each meeting.

Those present to enjoy the last meeting were Mesdames R. Cannon, W. H. Morrow, Ed Hodges, Buck Roberts, J. D. Wood, J. T. Easterling, Claude Easterling, Clyde Easterling, Buck DeBoard, W. L. Jordan, Jack Bailey, J. D. Thomas, Lewis Marshall, W. F. Shannon, and Misses Mildred Lilly, Christine Pittman, Willie Nell Shannon, Doris Bailey.

## FRIENDSHIP CLUB WITH MRS. LINDSEY

Mrs. C. E. Lindsey entertained the Friendship Club Tuesday afternoon at her home. The meeting was opened with a prayer, followed by a scripture reading by Mrs. J. L. Allison. The afternoon was spent in sewing and conversation.

Delicious refreshments were served to three guests, Mesdames J. B. Beaty of Floydada, J. J. Therman of Temple, Oklahoma, and Flen Caraway and members Mesdames G. J. Teel, C. R. Skinner, Aileen Skinner, L. Bal- lew, Maggie Matheson, J. E. Mongole, J. L. Allison, and Miss Mable Mongole.

## MRS. BOSTON WILL BE STORY TELLER

Mrs. U. J. Boston will tell the stories and Miss Lottie Lane and Mrs. L. E. Thompson will sponsor the play period at the Pathfinder Story Hour to be held Tuesday, August 1 on the court house lawn.

## METHODIST YOUNG PEOPLE ENJOY PICNIC

Members of the Methodist Young People's League and Sunday school classes enjoyed a picnic at the river Friday evening.

After hiking and various games were enjoyed, a delicious supper was served to about thirty youngsters.

## SLUMBER PARTY GIVEN ON BIRTHDAY

Mary Ann Bromley celebrated her tenth birthday Tuesday with a slumber party at the ranch home of her parents, Mr. and Mrs. Bill Bromley.

A swim was enjoyed first after which a picnic supper was served from a table centered with a birthday cake. The gifts were opened and admired. Wednesday morning, after a sunrise breakfast the guests returned to town.

Those present were Dorothy Jean and Layma V. Tatum, Ada Sue Smith, Elise Norwood, and the honoree.

## PARTY GIVEN FOR VISITORS

A delightful steak supper was given Wednesday night by Mr. and Mrs. Barcus Antrobus at the Country Club for Rev. and Mrs. J. Sam Barcus of Archer City who are visiting friends here.

Swimming and visiting were enjoyed by the following guests, Messrs. and Mesdames J. T. Patman, Wm. Patman and family, O. C. Watson and family, Mesdames J. T. Sims, C. A. Burton, Edythe Maher, Lena Antrobus, Misses Nettie Sims and Mantie Graves and Mr. Carroll Knorpp.

## GARDEN CLUB MEETS TUESDAY

The Garden Club enjoyed a meeting Tuesday in the home of Mrs. U. J. Boston. Opening the program, Mrs. Tom Goldston discussed "Growing Delphiniums" followed by Mrs. O. L. Fluk who spoke on "Pests in the Garden."

Mrs. C. D. McDowell closed the program with a discussion on "Chrysemums."

## HARVEY HOME IS LAWN PARTY SCENE

Mrs. M. V. Harvey and Miss Ethel Harvey delightfully entertained the girls in the N.Y.A. house with a lawn party Friday evening.

Games were played and punch and cookies served to the girls and two guests, Misses Christine Knox and Mona Churchman.

## LAWN PARTY GIVEN BY BETTY JO BAIN

Miss Mary Frances Word entertained with a lawn party Friday night in honor of Betty Jo Bain who is moving to California.

The guests enjoyed various games and were served iced watermelon later.

Those present were Misses Betty Jo Bartlett, Margaret Fay Wadsworth, Miriam Gordon, Nelda Sue Burton, Helen Frances Porter, Glen Leray Reiger and John Burton King, Billie Ralph Andis, Jimmie Lumpkin, Dan Boston.

Mr. and Mrs. Harry Blair of Vernon were Clarendon visitors Tuesday.

Mrs. J. A. Potts returned home Monday after a lengthy visit with her sister in Portland, Ore.

Mrs. Ray Ellis of Fort Worth visited her grandmother, Mrs. R. A. Chamberlain, this week.

Mrs. Frio Walling of Los Angeles, Calif., arrived Wednesday to visit her mother, Mrs. Linnie Cauthen, and other relatives.

L. T. Cornell of Wellington visited in Clarendon Sunday.

## Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

"America the beautiful lies in the hands of the gardener."

There are so many unusually beautiful lawns to be seen in Clarendon, regardless of difficulties that one's heart swells with civic pride when they are viewed.

The outstanding blooming shrub of the week is the crepe myrtle. They are gorgeous in dozens of yards, but some of the largest of these graceful shrubs are at the Crocket Taylor's, Tom Connally's, and Bert Smith's.

When you see them you will feel that a part of South Texas has been transplanted to the Panhandle. Perhaps you had better let your glance linger for a while at the Bert Smith lawn, for it is developing into a show place of real beauty.

Among the perennials the phlox are leading in grace and beauty. They are graciously beckoning in the Bell's, H. C. Brumley's, Mrs. A. H. Baker's, and other lawns too numerous to list. Their colors are shades of orchid, red and white.

It is restful, fascinating and worth your time to drive by several continuous blocks of attractive lawns, for instance begin with Allen Byran's, Breedlove's, Powell's, Boston's, and Knorpp's and many others on that street. Then in another part of town there is a block where McCraw's, Smith's, Herd's and Mrs. Rhodes have neat lawns.

Dawkins' and Pud Bain have attractive adjoining lawns. The Jays', Hays' and Flen Caraway's are interested in the care of their lawns.

There are colorful flower beds, and a porch box that attract attention at Dave Johnson's and the Latson apartments next door have planted an attractive lawn.

Some of our plants are doing extra service this year. Mrs. A. T. Cole's catalpa has bloomed twice, and a few of the locusts have too. The mock orange has an unusual number of blossoms again. Some of the ornamental peach shrubs that are always cultivated for their lovely blossoms are producing peaches. We shall have to secure a garden manual and see why all these exceptional happenings have occurred on Clarendon lawns.

"ROMANCE OF THE REDWOODS" BASED ON JACK LONDON STORY

Lovely Jean Parker, who scaled the heights of screen stardom with her performance in "Sequoia," returns to the big timber country in her latest Columbia picture, "Romance of the Redwoods," opening next Wednesday and Thursday at the Pastime Theatre.

Charles Bickford is co-starred with Miss Parker in the new film, which is based upon a famous Jack London story.

"Romance of the Redwoods" is set against the majestic savagery of the nation's timber belt, the Pacific Northwest. It is said to be one of the most beautiful films made in recent years, possessed of all the breath-taking beauty of the backwoods country, with its great trees, its turbulent rivers and riotous mill towns.

The new film also possesses, according to advance reports, a story as sweeping and as savage as the mighty background against which it is played. "Romance of the Redwoods" is primarily concerned with the emotions which struggle within the breast of one man, a rugged lumberjack, who is torn between friendship and love. The logger, admiring a young backwoods girl, watches her fall in love with the city-bred youth with whom he himself has formed a close friendship. When the boy accidentally dies, the lumberjack is accused and tried for murder. He is freed, but his fellow loggers are unconvinced of his innocence. His bitter rejection of his friendship is terminated only with the sweeping onrush of a spectacular forest fire.

The cast, in addition to Mr. Bickford and Miss Parker, includes Gordon Oliver, Ann Shoemaker, Pat O'Mally, Marc Lawrence, Don Beddoe, Al Bridge, Earl Gunn and John Tyrrell.

## MUSEUM NOTES

Several visitors were at the Donley county Museum last Sunday. The Museum is open each Sunday afternoon from four until six o'clock.

Some recent additions are an interesting collection of flint pieces, given by Bobbie Brown, and a medicine cup and lapboard for sewing and cutting out garments used fifty or sixty years ago. This was presented by Mrs. Ella McCrary.

Mrs. C. C. Powell has constructed some signs that will soon be set up for the purpose of directing the way to the museum.

Since the first of April five thousand, one hundred and eighty-five people have registered at the museum.

## MRS. GORDON TO BE HOME SATURDAY FROM FT. WORTH

Mrs. H. C. Gordon is expected home from a Fort Worth hospital Saturday. Recuperating from a recent operation the physicians delayed her return here today as planned that she might gain added strength. Rev. Gordon will drive down for her tomorrow, and they will be accompanied home by a daughter who is a trained nurse in the hospital where Mrs. Gordon is convalescing.

## MASONS WILL MEET IN CHILDRESS

Masons of the 95th district organization will meet in regular session July 31 in Childress.

Masons of Childress, Memphis, Turkey and Lakeview are members of the district organization. Visitors from Clarendon and other points will also join the session.

## BONES GARAGE CELEBRATES THIRD ANNIVERSARY

The Homer Bones Auto Repair on east Highway 370, will celebrate its third anniversary July 23, Homer Bones, manager, said today.

The garage is now one of the best equipped shops in this section of the country with a phenomenal growth during the past three years.

Mrs. Montie Garrison and children of Vernon were here this week.

Mrs. W. M. Silvey of Amarillo visited Mrs. W. B. Sims this week.

Mr. and Mrs. J. L. McMurtry and son Alfred, and daughters LaVerne and June left Sunday for Battle Creek, Michigan to spend several weeks.

## TEXAS FIRE INSURANCE RATES TO BE CUT 10 PER CENT SEPT. 1

AUSTIN, July 26.—Although fire losses in Texas are expected to reach \$2,000,000 or \$3,000,000 this year, Marvin Hall, Fire Insurance Commissioner this week announced that state rates would be reduced 10 per cent, to become effective September 1.

Mr. and Mrs. Sam Cauthen are spending this week with her mother, Mrs. G. G. Kemp, near Plainview.

Mr. and Mrs. U. Z. Patterson and son have returned from a week's vacation spent in South Texas.

Glen Bruce of Memphis was in Clarendon on business Wednesday.

Isadore Mellinger is attending the fall market showings in Ft. Worth and Dallas this week.

Mr. and Mrs. M. W. Harvey and Misses Ethel Harvey and Christine Knox went to Childress Saturday.

J. H. Miller was in Amarillo Monday on business.

## Misses Clynell and Hazel Gilbert and Wilma Dee Smith and John Plaster of Mobeetie left Monday for a vacation trip in California.

Mrs. Jim Andrews, Mr. and Mrs. Fred Simpson, and Claudia and Helen Andrews were visitors in Clarendon Sunday.

Mrs. Michael McCully of Paducah is the guest of her parents, Mr. and Mrs. Odos Caraway.

Mrs. J. J. Therman and Mr. and Mrs. Charles Therman of Temple Oklahoma, arrived Sunday to visit their sister and aunt Mrs. D. Smith.

Mrs. Howard Stewart and Misses Irene and Aileen Rhodes were in Amarillo Tuesday.

Mrs. J. D. Stocking left Tuesday to visit her sister in Fort Worth.

Miss Dorothy Jo Ryan arrived Sunday from Fort Worth to visit her mother.

Mrs. H. B. Robbins and daughter Frankie Ann returned Sunday from Vernon where they visited several days last week.

### Health Officers Urge Immunization Of Children Against Diphtheria

AUSTIN — The State Department of Health urges that all parents of children from six months to ten years of age, who have not been immunized against diphtheria, take them to their family physician and have this done at once. It will take some time to establish immunity to this disease, so the child should be given this preventive treat-

ment now before the advent of cold weather when diphtheria is more prevalent.

It is a generally accepted fact among public health authorities that any community may control its death rate from diphtheria. Immunization has been proved a safe and effective measure. Wherever immunizing treatment has been extensively used, diphtheria has steadily decreased.

The most forceful weapon in the control of diphtheria is prevention through immunization, rather than cure of the disease after it has developed. Children can be protected against diphtheria by the use of what is known as toxoid. Young children are particularly susceptible to the disease. Accordingly, as soon as a baby is six months old, the parents are advised to take it to the family physician and have it immunized—protected, by the use of toxoid. Older children in the family who have not had the protective treatment, should be immunized also, and this should be attended to now before the school season begins. This immunizing agent is absolutely safe to administer; there is only a slight local reaction, and practically no constitutional or troublesome after effects. It confers a life time immunity in the majority of the cases. To be certain that immunization is complete, however, the child should be taken back to the physician six months after the toxoid was administered, and given the Schick Test.

It is within the power of the parents of this State, cooperating with their physicians and public health departments, to eliminate diphtheria from Texas.

Mr. and Mrs. Rufus White have returned from a delightful two week's vacation trip on the West coast.

### FARM UNITY IS URGED TO LOWER LIVING COSTS

ONLY 39 CENTS OF THE COMMODITY DOLLAR IS RETURNED TO PRODUCER

COLLEGE STATION — Farmers are beginning to realize that they can help themselves as much or more by lowering the prices of things they buy as by raising the price of things they sell.

That, according to C. E. Bowles, Texas A & M College Extension Service specialist in co-operatives, is one of the more hopeful aspects of current rural thinking.

Addressing a group of farm homemakers at the Farmers' Short Course here, Bowles said the difference between what the farmer and the distributor get out of the dollar for farm products has been widening steadily in the distributor's favor.

He showed that whereas the producer was getting 55 cents of the farm commodity dollar back during the period 1913-20 he is getting only 39 cents now and the distributor is getting 61 cents. As a more extreme example, he cited that the Texas onion grower gets only around 20 cents of the dollar spent for onions.

"If we are going to reduce this spread," Bowles asserted, "farmers are simply going to have to come together more generally in a cooperative way. The farmer can't expect to compete single handedly with the bulk-order buying industry."

Bowles thought it a reflection "on our intelligence" that for lack of adequate distributing facilities enough grapefruit was buried in the Lower Rio Grande Valley last season to provide every farm family in Texas with eleven bushels.

"Yet," he continued, "by the time grapefruit gets to the average consumer, it's almost a luxury. And hundreds die in Texas for lack of the nutritional elements which just such food as this contains."

### MARTIN

(By Billie Ruth Bulman)

The Sunday School attendance fell down a little. We want to invite everyone to come and help build up our Sunday School.

Mrs. Herman Patterson and children of Borger and Mr. and Mrs. W. T. Lowe of Chamberlain spent Friday with Mr. and Mrs. R. Cannon.

Mr. and Mrs. R. E. Harvey and family of Lubbock were visitors in the Geo. E. Bulman home last week.

Mr. and Mrs. Claude Easterling and sons, Geraldine Jordan, Helen Bulman and Billy Rae Marshall were dinner guests in the Clyde Easterling home Sunday.

Doris Bailey spent Saturday

### IMPROVED COTTON GROUPS APPLY FOR CLASSING

GINNED SAMPLES WOULD BE GRADED FREE FOR ORGANIZATION MEMBERS

COLLEGE STATION — One hundred and six organized cotton improvement groups in Texas have already applied to the Agricultural Marketing Service of the U. S. Department of Agriculture for free classing of their 1939 crops. E. A. Miller, agronomist of the Texas A and M College Extension Service, has announced.

Samples of all cotton ginned for grower members of each approved organization will be classed free for grade and staple length by government classifiers. Also free will be market news reports.

"The purpose of the service," Miller has stated, "is to help farmers get definite and accurate information on the grade staple and current market value of the quality cotton they produce."

He urged that additional improvement groups take advantage of the opportunity offered. Applications may be filed as soon as the cotton is planted, with September 1 as the final deadline. Requests for application forms may be made through county agricultural agents.

### TEXAS CAR SALES UP FOR THE FIRST HALF OF 1939

AUSTIN — Texas automotive sales for the first half of 1939 were sharply above those for the corresponding period a year ago. The University of Texas Bureau of Business Research reported.

For the first six months of the year, passenger car registrations were up 35 per cent, and commercial car registrations showed a gain of 20.6 per cent over the period from January to June last year.

Automotive sales for June showed a decline from those of May of only eight tenths of 1 per cent, increasing 56.6 per cent over June, 1938. Commercial car registrations lagged 6.5 per cent behind May, but 22 per cent above June of last year.

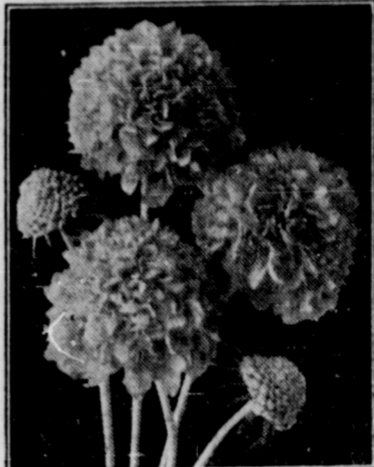

Mr. and Mrs. Roy Barnes of Denver arrived Monday to visit his mother, Mrs. Ed Barnes. They returned Thursday.

night with Nina B. Sloan.

Mr. and Mrs. L. O. Christie and family and Lillian Green and Pauline Mays visited in Huddings Community Sunday.

Several from here attended the baseball game in Hedley Sunday afternoon.

### Lovely But Little Known

Scabiosa Blue Moon, which won honorable mention in 1939 All America trials for new flowers.

Shakespeare was wrong. A rose by any other name would not smell as sweet. Suppose it were christened with the Latin name for "itch," which is scabiosa. It might then be as little known and as seldom grown as the lovely flower which does bear that name.

Mourning Bride is another name for Scabiosa, but is not much better; it is also called "pincushion flower," but that name is not attractive and quite undeserved. The scabiosas, indeed, have been consistently out of luck with names, but that has not kept them from being an ambitious, progressive family.

The blossoms from two to three inches in diameter are double, and borne on long stems, on bushes growing to thirty inches high. Its chief merit is probably found in its exceptionally wide range of color, and the rich hues which it produces. Red, blue and yellow, all are found in the scabiosa in delightful variety. Lovely true pink, pale lavender blue, brilliant scarlet, and a crimson almost black are found in well fixed varieties.

This is one of the choice cut flowers and is grown in variety by many amateurs who find pleasure in arranging flowers for indoor decoration. The plants are easy to grow from seed, and if the flowers are picked off as they fade, flowering will continue until the plants have been killed by frost.

### ASHTOLA

(Ira Kay Rhoades)

The Intermediate B.Y.P.U. class enjoyed a picnic on the S. J. Ranch Friday afternoon. Sandwiches and punch were served to Wilma Henson, Charline Knox, Joyce Miller, Earl Dean Wilson, Lanelle Beene, Juanita, Kuykendall, Romane Cole, Ira Kay Rhoades, Ted Tomlinson, Redell Henson, Wilson Rector, J. F. White, Billy and Charles Smith, N. L. McKee, Billie Ray Graham, Bobbie Marshall, James Reed Lovek, and sponsors, Mesdames, J. R. Brandon, G. G. Henson, Ben Lovell, and Rector.

Mr. and Mrs. Loren Rhoades of Lefors and Mr. and Mrs. Hubert Rhoades visited Mr. and Mrs. Austin Rhoades Thursday evening.

Redell Henson spent Sunday with Russell Morris.

Mr. and Mrs. Fred Mongrosky and Buster Warrick of Conway spent Sunday with Mr. and Mrs. Grady Henson.

Donald Buster of Claude is visiting Mr. and Mrs. Hubert Rhoades.

Mr. and Mrs. Pink Marshall and family and Oleta Marshall left Saturday for a visit in East Texas.

Frank Mahaffey is spending this week in Amarillo with his grandparents.

Billy Rae Graham spent Sunday with Mr. and Mrs. Hubert Rhoades.

Helen Rhoades spent Sunday with Edna Lee Mahaffey.

J. F. White spent Sunday with Billy and Charles Smith.

DOUGLAS & GOLDSTON

### AAA HOME GARDEN AID INCLUDED IN FARM BENEFITS

\$2 PAYMENT FOR FAMILY GARDENS RECOMMENDED BY COMMITTEE

COLLEGE STATION — A Texas born movement to put more food on the farm family table reached national proportions when 100 state farmer-committeemen met in Washington last week to draw up the 1940 farm program, and provided for home gardening assistance by the AAA next year.

Setting up a general outline from which specific provisions for the new program will be drafted the conferees recommended a \$2 allowance for family gardens, and a \$2 deduction from payments otherwise earned if the farm family fails to plant a garden, where state agricultural conservation committees are willing.

"When you realize there are reported to be more than 200,000 gardenless farms in the state, this action is highly significant," George Slaughter, chairman of the state committee asserted. "\$2 isn't much, but in some cases it may mean the difference between an adequate garden and none at all."

### LELIA LAKE

Inez Skinner

Mrs. Esther Baker of Claude visited her father Mr. Evans and family during the week end.

Miss Emogene Robertson of Hanover N. M., is visiting relatives here.

Rev. Vic Allen preached at Silverton Baptist church Sunday morning. He was accompanied by Mr. and Mrs. Porter Arnold and children who visited relatives there.

Mr. and Mrs. C. W. Stogner and children of Ashtola visited the former's aunt Mrs. W. S. Noble Sunday.

Mr. and Mrs. Al Davis of N. M., spent the week-end with Mrs. Davis' parents Mr. and Mrs. R. A. Sisson.

Miss Inez Skinner spent Saturday night and Sunday with Mrs. Andrew Robertson at Clarendon.

Mrs. Opal Dickson of Panchandle spent the week end with her sister Mrs. Eua Lowe and family.

Howard Tyler of Rising Star is visiting his uncle, Mr. Sandy Tyler and family.

Mrs. Earl Lafon visited Mrs. P. M. Cruse Monday.

Mr. and Mrs. Nelse Robinson and sons Jack and Dempsey of McCamey visited relatives here this week.

Born to Mr. and Mrs. V. E. Henderson Monday morning, a daughter.

### Forty Tribes Dance at Gallup Ceremonials

War bonnets, ceremonial paint and feathers signal the approach of the Inter-Tribal Indian Ceremonial to be held at Gallup, New Mexico, August 17-20, inclusive.

GALLUP, N. M.—Indian drums are sounding in the far places of the Southwest. Soon it will be time for the many tribes to gather "at the place by the bridge" (Indian for Gallup, N. M.)

Here each year seven thousand Indians from nearly forty different tribes join forces to produce America's most colorful and spectacular Indian Show, the annual Inter-Tribal Indian Ceremonial. For four days they will dance, chant, compete in sports and engage in weird pagan rites before capacity audiences made up of their white brothers. The Gallup Ceremonial is the largest and most authentic Indian spectacle of its kind in the country.

Usually the Ceremonial is held the last part of August. But a change in dates has been announced by Joseph Lieberman, Santa Fe agent and this year's president of the

Ceremonial Association. The event will open on August 17th and run through four days with the last performance scheduled for the evening of the 20th. In addition to seven regular shows, the association has also arranged a colorful street parade each day except Sunday.

A special attraction each year is the unusual display of Indian arts and crafts in the Exhibit Hall where thousands of articles are shown. A score of native craftsmen will be at work showing the technique of Indian handicraft.

Yes, the Indian drums are sounding in the far places of the Southwest, and soon the Navajos, Zunis, Hopis, Utes, Apaches, Lagunas, Acomas and a score of other tribesmen and their families will start the trek to "the place by the bridge," Gallup, N. M.

### LIBRARY NOTES

(By Mrs. C. A. Burton)

Never have the girls and boys enjoyed the library more than this summer. They have read and read and never tired. And so in our recent order for new books which will be on our shelves before this reaches them, we have specially kept them in mind as they will see from this list:

"Ruth Fielding and Baby June", "Ruth Fielding and Her Double", "Ruth Fielding and Her Greatest Triumph", "Ruth Fielding in Talking Pictures", and "Ruth Fielding and Her Crowning Victory" by Alice B. Emerson. "Bob Dexter and the Beacon Beach Mystery" and "Bob Dexter and the Storm Mountain Mystery" by Willard F. Baker. "Adventures of Tom Sawyer" by Mark Twain. "The City Beyond the Clouds" by Roy Rockwood. "The Invisible Chimes", Margaret Sutton. "The Yellow Phantom", "The Mystic Ball", "The Mysterious Half Cat", "Seven Strange Clues", Margaret Sutton. "The Secret of Red Gate Farm" and "The Clue in the Diary", Caroline Keene. "Emily Climbs", L. M. Montgomery.

And then for the grown-ups there will be "Phoebe Deane" and "The Gold Shoe" by Grace Livingston Hill; "Make Believe" and "Love's Puzzle" by Faith Baldwin; "Love Comes to Mary", by Ruby M. Ayers; "Tarpaper Palace", Lida Larrimore; "The Trail of Conflict", Emilie Loring; "A Son of the Middle Border", Hamlin Garland; "The Patriot", Pearl Buck; "Tree of Liberty", Elizabeth Page; "Trumpets Calling", Dora Aydelotte; "The Road Back", Eric Maria Remarque; "To Mary with Love", Richard Sherman; "Characters in Order of Appearance", Romily Cavan; "Owl Wilderness", N. W. Hooker; "Craine's First Case", Eugene P. Healy; "When Texans Ride", J. E. Grinstead; "Bloody Saddle", L. P. Holmes; "Prairie Dust", James I. Rubel; "Murder at 300 to 1", L. M. O'Hanlon.

In addition to these, Mr. Braswell gave us a copy of a very worthwhile book, "Mexico at the Bar of Public Opinion" by Burt M. McConnell, a former member of the Literary Digest staff. The book is a "Survey of Editorial Opinion in newspapers of the Western Hemisphere."

The admirers of O. Henry—of whom there are many—will be interested in a recent collection of stories called "O. Henry Encore", edited by Mary S. Harrell of Austin. Miss Harrell's family had befriended Sidney Porter, O. Henry, in the days of his misfortune before he was known to fame. In her graduate work in American Literature at the University of Texas, Miss Harrell decided to see if she could find anything that had escaped the biographers. She found a good deal. From the files of the Houston Post where he was staff contributor she fixes the date of his first contribution as October 19, 1895. She has gathered together many of his early stories and here she says are examples of the sudden twist of O. Henry's surprise endings, the whimsical diction and absurd conceits of his modern euphemism. One of his critics said "The thing that fascinates me is the odd quirk of the man's mind." All of O. Henry's stories are on our shelves.

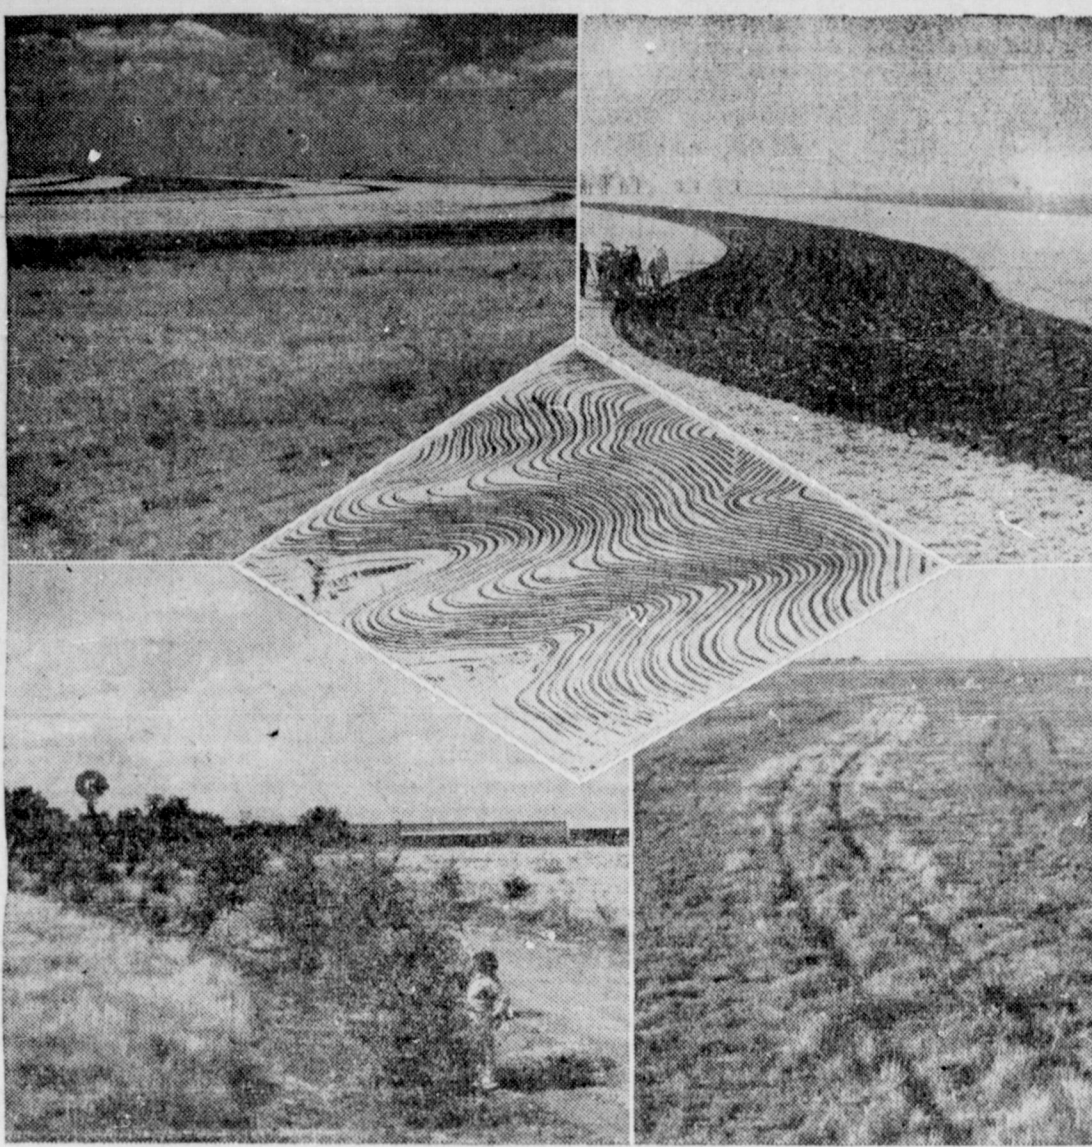

E. Phillips Oppenheim, now 73 years old, has completed his 108th novel, "Exit a Dictator", which will be published next month. We do not, by any means, have his other 107, but we do have quite a few of his interesting stories. Pearl Buck announces that she will give to the Chinese relief for a period of three years the entire royalties from her books, "The Chinese Novel" containing the Nobel lecture which she delivered when she received the Nobel Prize for Literature. The book will be published next month. The publishers, John Day Company will also donate all profits from the same book. All payments will be through the American Bureau for Medical aid to China, to be used by the Chinese Red Cross.

"Christopher Columbus, Seaman and Discoverer" is the title of the book by Prof. Samuel Eliot Morison of Harvard which is to be published next year. Prof. Morison will head an expedition which will leave New England this next month to study the navigation and retrace the routes of Columbus—the third voyage made by Prof. Morison in connection with his book since he began in 1936.

William Allen White whose "Puritan in Babylon" a biography of Calvin Coolidge, won such acclaim the past year, has written a new book to be published in October. It is entitled "The Changing West." Mr. White is known as journalist, editor, and author.

Frances Hackett is writing a play which he is adapting from his coming book entitled "Queen Anne Boleyn." Already John Golden has taken an option on it. The author is working on the play abroad where he is now living.

### Streamlined Farming Replaces Straight Rows

Streamlined farming—farming around the slopes on the level instead of up and down the hills is being used more and more by farmers in the Southern Great Plains who are seeking to conserve their soil and moisture and to prevent erosion. Terraces and strip crops (upper left) hold practically all the water on the land where it falls. Where terraces are not necessary, fields are being plowed on the contour (upper right). Furrows on the contour hold water on grass land and are proving highly successful in improving the range (lower right). Some farmers are finding that placing roads, fences and tree sites on the contour fits well into their conservation program (lower left). Contour furrows, winding about pasture slopes like ribbons, are shown in the aerial view in center. All of these practices and many others can be viewed on Soil Conservation Service erosion control demonstration areas.

### TEXAS OUT-O'-DOORS

AUSTIN, July 26.—While Texas is not generally regarded by Texans as a leader in trapping, the state ranked sixth in the nation, a report for the 1938 fiscal year by the U. S. Bureau of Biological Survey reveals. Texas was not only sixth with a total of 590,400 animals taken for their pelts, but leads the entire United States in five species badgers, ringtail cats, wolves, Canada Lynx and foxes. Ohio and Louisiana are tied for the lead in fur production.

Fifteen species of pelts are taken in Texas. A report for the 1939 fiscal year made by J. G. Burr, statistician for the State Game, Fish and Oyster Commission, shows an increase, the take being 729,244. However trapping is declining almost annually in the state, the present output marking a decrease of 48 per cent over the 1933 crop, which was 1,407,884 pelts.

The Biological Survey report reveals that 397,000 opossums, 75,900 skunks, 28,900 gray foxes, 2,500 badgers, 14,400 ringtail cats, 5,100 wolves, 1,000 Canada lynx and 29,400 foxes were taken during the 1938 fiscal year.

the animals was knocked to the ground before the principals in the unique battle disappeared out of sight of the warden.

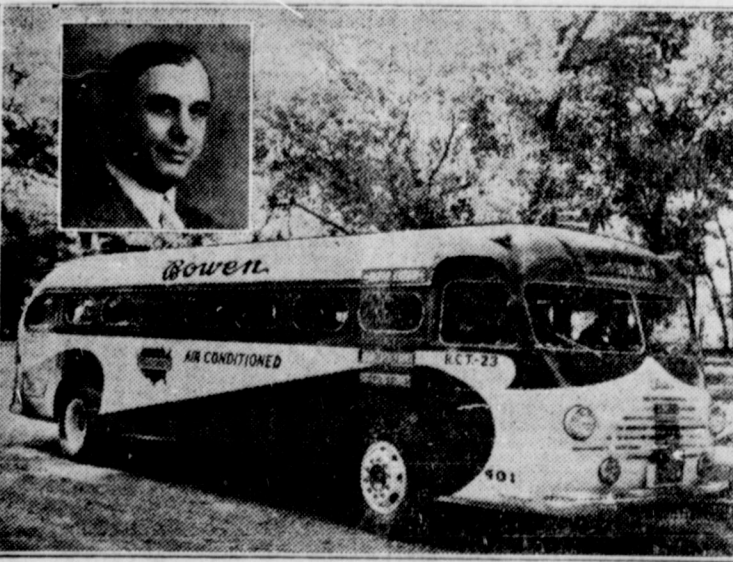

Low W. Duddleston didn't have far to go fishing one night recently. Part of the city of Houston was flooded by a rise in the streams and Duddleston, seeing five feet of water in his driveway, rigged up a pole and line. He caught three catfish while sitting on his front steps, the Houston Press reports.

Just how hard-working beaver are is shown in a report to the state game department by Arthur Cook, field biologist, who recently cut a beaver dam on the John Mason Ranch near Eagle Pass. The dam had backed up approximately 200 acres of water. Ten days later the beaver had restored the dam and the water was back at its former level. Beaver are being trapped in West Texas and transplanted in East Texas by the game department.

Thousands of fish were saved for sportsmen earlier this month through the quick thinking of Game Warden John Taylor of Marble Falls. Flood waters of the Colorado River which had been checked by the huge Buchanan dam, were being released in an orderly manner and water from one of the flood gates emptied into a small creek, which otherwise is dry.

Fishermen were quick to find out that the small creek offered wonderful bass and crappie fishing. Then without warning, the

### Bowen's New Air-Conditioned Bus

This photo shows one of the new Bowen air-conditioned buses which is serving this city. The line owned by R. C. Bowen, shown in the inset, is the first in the Southwest to feature air-conditioned buses for the comfort of their passengers, who travel a total of 22,000 miles per day in Bowen Motor Coaches.

ped, he jumped into his car, raced to the foreman in charge of operations and explained the situation. The foreman agreed to let enough water keep flowing through the creek to save the fish.

Interest in conservation education is mounting, Will J. Tucker, executive secretary of the game department; Phil Goodrum, director of research and education and Dan Lay, reg on game manager, reported after each had delivered lectures before conservation classes in ten of the leading schools in the state. Each of the game department speakers appeared before more than 2,000 students.

Conservation as a summer school course was introduced last summer by North Texas State Teachers College of Denton and spread this year to include many other schools.

Wild mountain sheep, of which there are several hundred in the mountains of west Texas, are among the most keen sighted of animals. They take fright at moving objects as far as two miles away Bob Snow of the game department reports.

### NAGGING BACKACHE

May Warn of Disordered Kidney Action. Don't Neglect It!

Modern life with its hurry and worry, irregular habits, improper eating and drinking, exposure, contagion, whatnot, keeps doctors busy, hospitals crowded. The after effects are disturbing to the kidneys and oftentimes people suffer without knowing that disordered kidney action may cause the trouble.

After colds, fever and similar ills there is an increase of body impurities the kidneys must filter from the blood. If the kidneys are overtaxed and fail to remove excess acid and other harmful waste, there is poisoning of the whole system.

Symptoms of disturbed kidney function may be nagging backache, persistent headache, dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of strength and energy. Other signs of kidney trouble may be burning, itching, or a feeling of heat in the bladder. ALL THE REASON DOAN'S ARE FAMOUS

All over the country scanty or too frequent urination, or a feeling of heat in the bladder. In such cases "Doan's" is the answer. That is why we say, "Doan's" helped me! I recommend it to you. Ask your neighbor!

Doan's has won world-wide approval than on something less favorably known. Use Doan's Pills. They have been winning new friends for more than forty years. Be sure to get Doan's. Sold at all drug stores.

### How Women in Their 40's Can Attract Men

Here's good advice for a woman during her change (usually from 38 to 62), who fears she'll lose her appeal to men, who worries about hot flashes, loss of pep, dizzy spells, upset nerves and moody spells.

Just get more fresh air, 8 hrs. sleep and if you need a reliable "WOMAN'S" tonic take Lydia E. Pinkham's Vegetable Compound, made especially for women. It helps Nature build up physical resistance, thus helps give more vivacity to enjoy life and assist calming jittery nerves and those disturbing symptoms that often accompany change of life. Pinkham's is WELL WORTH TRYING.

### Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbearable Soreness—Distress

There is one simple yet inexpensive way to ease the itching and torture of Eczema, Itching Toes or Feet Rashes and many other externally caused skin eruptions and that is to apply Moone's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Just ask any first-class druggist for or original bottle of Moone's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded.

### Breathe Freely

People that use BROWN'S NOS-O-PEN never have a stopped up head. Instant relief from HAY FEVER, ASTHMA and HEAD-COLDS. Guaranteed. Price \$1.00

### Tough Highway Truckers are Sheep in Wolf's Clothing

(Editors Note: The following is part of a recent story by Paul Timmons in the Amarillo Globe and is reprinted for its local interest.)

Truck drivers are the "Gentlemen of the Highways," an Amarillo traveling man who drives thousands of miles every month over the highways of the southwest said yesterday.

"If other drivers would practice only a little of the etiquette of the road which is practiced by truck drivers, the highways would be both safer and a more pleasant avenue of travel.

"The typical truck driver gives the motorist the benefit of the size and power of the truck, he's always ready to serve the driver of a private automobile.

"I've never had the driver of a private car to stop and help me out when I had trouble. But the first truck driver who comes along will stop to help.

"I have had truck drivers pull me out of the mud many times, after driver of private cars had crowded me off the pavement and into the ditch.

"It's easier to pass a truck on the highway than it is a private car, too," he said. "I've had hundreds of trucks pull off the pavement to give me room to get by—and I've had just as many private cars speed up when I tried to get around them.

Truckers will always slow down

for you while you're passing them making it easier for you to pass and get back into the right side of the road.

"You have to get in a jam before you can appreciate the truck drivers," the traveling man said. After they've pulled you out of a really bad situation you begin to notice them and appreciate them."

### REGISTERED BOAR BOUGHT BY LOCAL F. F. A. BOYS

A registered Poland China boar from the Tierra Blanca hog farms of Canyon, was this week purchased by the Clarendon F. F. A. chapter, Advisor J. R. Gillham announced today.

The boar is a descendant of Showboy, a world champion boar and a world champion Messenger sow.

The animal will be ready for service in October and will be used by chapter members and local farmers to build up the blood of Donley County hogs.

Carl Morris also bought a registered gilt for fall pigs. The gilt weighed 350 pounds.

Miss Leona Caison of Wellington was the guest of Mr. and Mrs. Tom Helton Sunday.

### ANNUAL F. F. A. SUMMER OUTING BEGINS SUNDAY

#### MEMBERS PLAN EIGHT-DAY NEW MEXICO, COLORADO TOUR FOR ANNUAL TRIP

Planning an eight-day excursion, Clarendon F. F. A. members will leave Sunday morning on their annual tour.

The group will visit Raton, Cimarron River, Eagle Nest Lake, Red River, Taos, Santa Fe, Albuquerque, Ruidoso, Roswell, and Carlsbad. The trip will be made by truck and the group will camp and eat on the road.

Junior and Obra Spier, Ray Isham, Gene Putman, Forest Helton, Roy Bulls, Carlton Gordon, Howard Gibbs, Lee Christie, Wilson Rector, Clyde Peabody, Carl Morris, Harice and Billy Jack Green, H. A. Harrison, J. F. White, Wayne Naylor, Herman Higgins, and True Barbee have signed up for the trip, and two or three others are expected to be on hand. L. B. Penick, Don Matheson, Advisor J. R. Gillham will make the trip with the boys. Ray Isham will serve as official treasurer for the trip.

J. R. Glass of McLean was a Clarendon visitor Monday.

Mr. and Mrs. Walter Wilson returned Saturday from Colorado where they enjoyed a two week's vacation.

### LOCALS

G. L. Green returned Sunday from Dallas where he visited relatives. His mother returned with him for a visit.

Mrs. Fayne Kent returned Sunday from a visit in Vernon with her sister, Mrs. Gene Leggett.

Arthur Chase, Jr. returned Sunday from a month's trip through Texas and Old Mexico.

Mr. and Mrs. C. H. Hawthorne and two daughters of Streetman, Texas spent the week end in the home of Mr. and Mrs. Oscar Thomas.

Homer Mulkey went to Amarillo Friday and attended the rodeo at Claude on his way home.

Mr. and Mrs. E. E. Boles and daughters, Dorothy and Marian McCormack of Thompsons, Texas arrive Friday to visit relatives.

Mr. and Mrs. Leonard Wilson and David Wilson of Spur spent Sunday with Mr. and Mrs. Walter Wilson.

Miss Carrie Davis spent the week-end in Edmond, Okla., attending the graduation of her sister from college.

Samuel E. McClung, N.Y.A. area supervisor with offices in Childress, inspected the N.Y.A. home here Tuesday.

### DO YOU KNOW—

That in Ohio, 100 years ago there was a law requiring each free white man to deliver 100 squirrel scalps every year or pay a penalty of 3 dollars. Today the grey squirrel needs protection to prevent its extermination.

### Clarendon Is Placed On State Honor Roll

Clarendon was one of the 266 Texas municipalities to have their name placed on the Fire Prevention Honor Roll for representation at the A and M College annual fireman's training school.

In addition to lectures on fire fighting and prevention, classes also learned about protection of health, bodily hazards, life saving and methods of body recovery.

### CLARENDON GOLFER IN AMARILLO TOURNNEY

Billie Cooke, playing under the banner of the Hillcroft Club of Clarendon is in Amarillo this week for the Country Club Invitational tourney.

Qualifying gets underway today with most of Texas' leading golfers shooting for the championship which will be decided Sunday.

### 100 YEARS AGO

New York was a week's journey from Boston.

No one had yet become acquainted with vitamins or calories, and a year of college study made you a doctor.

Every gentleman wore a queue and powdered his hair.

One fifth of the country's population lived in Virginia.

Ladies took their sewing seriously and the ballot box was a dream unborn.

The whipping post and pillory were still standing from Pilgrim days.

The harness business thrived and the big man of town ran a blacksmith shop or livery.

A square meal consisted of beef, pork, salt, fish, potatoes and hominy. No one had yet thought of salads or hors d'oeuvres.

The church collection was taken in a bag at the end of a pole, with bell attached to arouse

sleepy occupants of pews. There were no telephones, typewriters, trolleys, railroads, planes nor motor cars.

And there was no movie contests, no free verse, chewing gum, cigarettes, zippers—nor bootleggers.

Still, a number of people in those days considered that the world was going at too fast a pace.

Prizes totalling more than \$10,000 will be awarded here for the 1939 State Fair of Texas, Oct. 7 to 22, it has been announced. This is the largest prize money ever paid for this class of livestock. Premiums were increased due to the increased interest in this particular breed.

Mr. and Mrs. Harry Hart left Sunday for a vacation trip to Houston and other points.

More than 75 towns are listed in Texas which only have a population of 10 persons. Pleasant Mound in Dallas County is given a count of five.

THE NICEST courtesy you can show your guests is to have their visits mentioned in The News. The nicest courtesy you can show your friends is to let them learn of your visit through these pages whenever you go away. We will consider it a courtesy whenever you give us an item of any kind.

### THE POCKETBOOK OF KNOWLEDGE

NATIONAL INCOME

I GROW AN' GROW AN' MY SUIT NEVER COVERS ME!

NATIONAL DEBT

THIS CURIOUS LOCOMOTIVE USED IN 1815 WAS EQUIPPED WITH IRON LEGS—THE LEGS OPERATED BY STEAM—WALKED ALONG PUSHING THE LOCOMOTIVE AHEAD

THE WIDEST STREET IN THE WORLD IS THE "NINTH OF JULY AVENUE" IN BUENOS AIRES, ARGENTINA—IT IS 450 FEET WIDE!

IT TOOK THE AUTOMOBILE INDUSTRY UNTIL 1912 TO PRODUCE A MILLION CARS. IN ONE RECENT YEAR, A SINGLE COMPANY ALONE BUILT TWICE THAT NUMBER.

THOUGH A LIQUID, MILK HAS MORE SOLID MATTER THAN TOMATOES, BEETS OR CARROTS

DURING THE LAST TEN YEARS, THIS COUNTRY'S NATIONAL DEBT INCREASED SO RAPIDLY THAT IT NOW EXCEEDS THE AMOUNT WE SPENT IN THE WORLD WAR.

### The Low Down FROM HICKORY GROVE

Every once in a while you will pick up a paper and somebody is poppin' off about women in business, and how successful they are, etc.

But stenographers and young women know their onions, they quit the office as soon as they get married. They quit before the so-called head of the house gets hep that he can loaf and play pool, while the little woman brings in the bacon.

But right down to brass tacks, most fellers, they would rather turn over their pay-check to some gal who knows something about the design and flavor of mince pie versus a gal who can maybe manage a plumbing shop, or can put the shot, or do some man's job. Most fellers, they're kinda half-way fearful to tie up with these go-getters.

Men in women's jobs or in women's garb, they would be laughing stock. Smart gals—they stay feminine. Your with the low down, JO SERRA.
