NO. 22

## \$8,957 CITY SCHOOL WPA PROJECT OPENS HERE TODAY

### RENOVATION AND REMODELING IS BEGUN TODAY

24 MEN TRANSFERRED TO JOB, COMPLETION IS EXPECTED BY FALL

Work on the \$8,957 Clarendon schools improvement project opened this morning when twenty-four WPA laborers were transferred to the job from a road construction unit.

The men this morning began preliminary work on the Junior High school.

R. L. Bomar of Amarillo, who will superintend the work, said today that completion of the project would probably take at least three months.

Members of the local school board said the work would be carried out to the original plans which call for remodeling and renovating the South Ward, Junior High, High School and College buildings.

Included in the work will be installing roofs, ceilings and floors, remodeling stairs, windows and doors, refinishing desks and painting and revarnishing woodwork and other incidentals.

Members of the school board and faculty are highly pleased over the project. The buildings, they said, are in bad repair and the federal project will save the school district much money.

### POISON STATIONS OPEN FOR BATTLE ON GRASSHOPPERS

Poison mixing plants were opened at Clarendon and Hedley this week and county agent H. M. Breedlove said today that the war on Donley grasshoppers had begun throughout the county.

Farmers and ranchers may obtain the mixture whenever desired by calling at his office or either one of the plants, Breedlove said.

Breedlove stressed the importance of an early poisoning program saying that the time to win the war with grasshoppers is before the hoppers begin flying.

The expense will be the same as in 1938, Breedlove stated. The government furnishes the bran and poison for an equal amount of ground bundles, cotton seed hulls etc.

### POPPY DAY SALE IS RECORD WITH 500 DISPOSED OF

The American Legion Auxiliary was most successful Saturday in their efforts to sell the poppies made by war veterans in observance of Memorial Day. Five hundred poppies were sold, the greatest number ever sold by the local unit.

Mrs. Joe Holland, President of the local auxiliary, said that she wished to thank the following who assisted her, Billie Ralph Andis, Clyde Benton Douglas, Naomi Morris, Annie Ree Porter, Nelda Sue Burton, Miss Eula Naylor, and Mrs. O. L. Fink, and also to thank all who bought poppies and made it possible for the group to sell their quota.

The proceeds of this sale will go partly to the fund to help disabled war veterans and their dependents and the rest of the fund will be used in the local unit for child welfare and other causes.

### PASTIME THEATRE INSTALLS WALKER SILVER SCREEN

In accordance with the "abreast of the times" policies of manager Homer Mulkey, a new screen was installed at the Pastime Theatre Monday.

The screen, a Walker Silver Screen, is the best obtainable, Lee Bell of the theatre said, and should improve the vision greatly.

Mr. and Mrs. D. Smith and daughter Wilma Dee and Mrs. Flem Caraway went to Bowie Saturday returning Monday.

### J. G. WALKERS HOLD FAMILY REUNION HERE TODAY

LARGE FAMILY REUNION AND DINNER AT THE METHODIST CHURCH

Rev. and Mrs. J. G. Walker are hosts here today to a large number of children, grandchildren and friends in an annual family reunion. The veteran pastor of the Clarendon Methodist Circuit and his wife have reared a large family and are happy in the event which has brought them together from long distances and several states for the reunion and a dinner at the fellowship hall of the First Methodist Church, where some thirty sat down to a most sumptuous dinner.

The program had been arranged religious in its nature and entered into by all attendants as follows:

- 12:00 Noon Lunch in Dining Room, Methodist Church.
- 1:30 P.M. Songs by all.
- 1:40 P.M. Prayer—Rev. W. M. Pearce.
- 1:45 P.M. Special Music.
- 1:50 P.M. Value of Reunion to Parents—Rev. H. C. Gordon.
- 2:00 P.M. Value of Reunion to Children—Rev. M. A. Wachter.
- 2:10 P.M. Value of Reunion to In-laws—Rev. Bernard Hatch.
- 2:20 P.M. Value of Reunion to Friends—Rev. W. M. Pearce.
- 2:30 P.M. Value of this Reunion to me—Open discussion.
- 2:40 P.M. Hope of Eternal Reunion.
- 2:50 P.M. Benediction.

### RED CROSS MOVIE TO BE PRESENTED HERE JUNE 10-13

DRAMA OF THE LIVES OF NURSES IS PORTRAYED IN THRILLING SHOW

What is described as a glowingly beautiful and dramatic portrayal of the humanitarian work of the American Red Cross is coming to the Pastime Theatre, June 10-12.

The dynamic picture, "Footsteps," is being brought here through the courtesy of Theatre manager Homer Mulkey and the cooperative efforts of Lee Bell and the local Red Cross chapter. "Footsteps" is a one-reel production which takes a young woman through a nurses' training school and then shows the three different paths she can follow in serving the Red Cross.

The purpose of the film is to acquaint the public with the vast scope and immeasurable value of the Red Cross' contribution to the welfare of America. It was produced by the William J. Ganz Co. of New York. Milton J. Cross is the narrator.

"Footsteps" is hailed by those who have seen it at previews as a documentary film which though without a single professional actor will deeply stir American audiences.

### UNDERGOES OPERATION

Paul Slaton is recuperating in the Adair Hospital this week from an emergency appendicitis operation which he had Saturday night.

Miss Luree Burson of Silverton spent Wednesday with Miss Mildred Allen.

### Clarendon Golfers To Tee Off Sunday For Donley County Open Tournament

Clarendon golfers will again tee off Sunday for the second of the summer's outstanding tournaments when they fire qualifying shots in the Donley County Open.

With increased interest in tournament play, a much larger field is expected than in the recent city tourney. Many shot-makers are also expected from Hedley.

Ira Merchant, who repeated for the City Cup by ousting Billie

## Hog Breeding Advanced By F. F. A.

PROGRAM IS RECOGNIZED ONE OF MOST SUCCESSFUL CONDUCTED IN STATE

Originating with the purchase of six registered females two years ago, the Clarendon FFA chapter now is recognized throughout Texas as having one of the most extensive and successful programs in the State.

With the 1938-39 show season over, which netted the boys over \$650 in premium money alone, the chapter members are holding regular meetings throughout the summer and are looking forward to an even greater year in 1939-40. The boys believe they will have an even greater show season next fall as 65 registered gilts and sows already have been bred, insuring a greater range from which to pick competition animals. Two hundred pigs are now on feed.

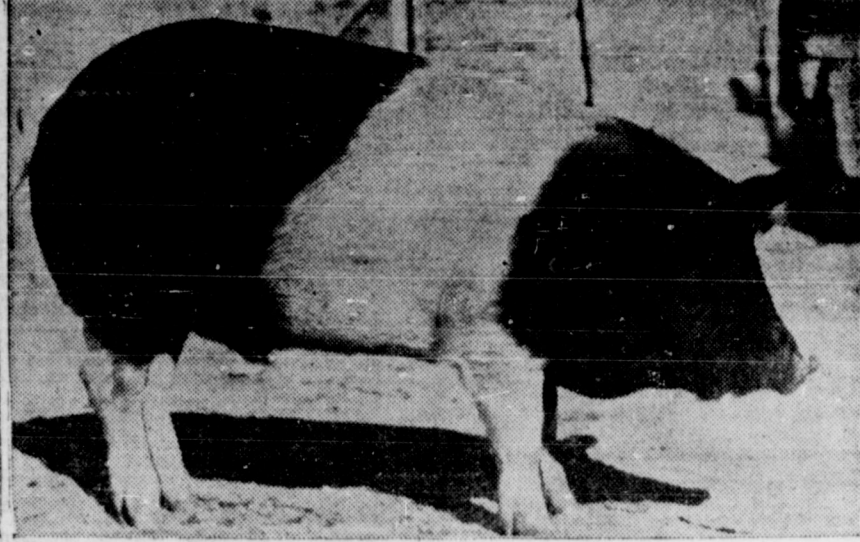

The 1938-39 season opened with the Donley County fall pig show in September. With 80 entries, the chapter won \$70. Their next step was the Tristate Fair in Amarillo, held the same month, at which the pigs placed fourth, sixth and eighth in the 10 places allotted club boy singles.

At the 1938 State Fair in Dallas 22 pigs were shown at a profit of \$200 in premiums. Carl Morris had the grand champion pig in the club division and the animal placed second in the open Hampshire class. The state fair also gave the local FFA boys first, second, and third and six lesser places in the first 13 winners in the Hampshire group. Other State Fair winners were first, second and fourth litter awards, first heavy Poland, third fourth, fifth, sixth and seventh light Polands and third heavy

Showing a record entry of 175 top pigs in the March 1939 Donley county Fat Stock Show, chapter members won \$84 in premium money before going to the Amarillo Fat Stock Show to take approximately 70 for places which included six of 25 positions in the light singles group.

From Amarillo to the Southwestern Exposition and Fat Stock Show in Fort Worth the young farmers took 36 pigs to win \$203 in premiums. The boys placed two firsts, two seconds, two thirds, two fourths, one sixth and one ninth, one twelfth and one thirteenth and the champion county lot in the club division. Twenty-five Hampshires weighing from 225 to 260 pounds made up the county championship division. Hampshires Preferred

According to J. R. Gillham,

With the Clarendon FFA Chapter standing well toward the top in the list of champion hog raisers of Texas, E. S. Ballew, (top left) Donley county swine breeder, looks back on a job well done. It was Ballew who gave the boys their first registered stock by making it possible for them to use his high-bred boars. At the right of Ballew is the purebred Hampshire that placed reserve champion in the Donley County Fat Stock Show this Spring. Fed by Bill Alexander, the pig also placed fourth in the light Hampshire class of the club boy division in the Southwestern Exposition and Fat Stock Show in Fort Worth. The bottom picture shows the Donley County grand champion for 1939 and his feeder, Johnnie Leathers.

Local FFA advisor, the chapter members are partial to Hampshires for several reasons. First, he said, is the fact that the local single enties have placed higher in the singles divisions than any other Hampshire enties in the 1938 and 1939 Amarillo Fat Stock Show, 1939 Tristate Fair, 1938 State Fair and 1939 Fort Worth show club departments.

Another reason, Gillham says, is because E. S. Ballew, local Hampshire breeder, has made it possible for the youths to acquire registered pigs at a minimum cost. A son of High Scorer, many times world champion Hampshire boar, has been used by the boys in their program. Also, all the chapter's breeding females have been obtained either directly or indirectly through the local farm.

proved equally as effective as corn in results obtained by the youthful feeders.

Six additional gilts, bred for fall pigs were delivered to F. F. A. members this week. This brings the total number of Hampshires, Polands, and Durocs bred for fall pigs to sixty-five. Four of the gilts were Hampshires, purchased from E. S. Ballew. Two were Durocs purchased from Harlan Howell, Vocational instructor at White Deer; the Duroc gilts are of the same breeding that placed the grand champion pig and champion pen of three at the 1939 Amarillo Stock Show.

Carlton Gordon, Billy Smith, Elbe McCrary, and Harold Donnell each purchased a Hampshire gilt for fall bred pigs, Charles Smith and J. F. White each secured one of the Duroc gilts.

### HEDLEY 4-H NAMES 1939 OFFICERS FRIDAY NIGHT

The Hedley 4-H Club met Friday to complete the election of officers for 1939. They are C. L. McQueen, president; V. A. Hansford, vice-president; R. H. Alexander, reporter; J. M. Dickson, sergeant at arms and Paul Bailey, secretary-treasurer.

The Hedley club, formed last month, has 28 members but County Agent H. M. Breedlove, sponsor said he expected at least 40 before the summer is over.

Hogs will feature the Hedley unit projects and approximately 20 registered gilts will be used. Several of the boys have expressed desires for registered Jerseys, Breedlove said.

### ATTENDANCE PINS AWARDED TWELVE LIONS TUESDAY

PERFECT ATTENDANCE FOR CONTEST PERIOD BRINGS AWARDS

In the absence of President W. H. Patrick, Vice-President R. E. Drennan was in the chair Tuesday noon at the regular weekly luncheon of the Clarendon Lions Club at the Clarendon Hotel.

Visitors for the day included Lion E. D. Landreth, former member of the local club, but now a member at Ballinger, where he is pastor of the Methodist Church; R. L. Bomar of Amarillo, supervisor of the WPA improvement project here on the school buildings; and Rex Reeves local man who is a teacher at LeFors during the school term.

Rev. Landreth spoke of his appreciation of the Clarendon Lions and his many friends, of his happy membership in the Ballinger Lions Club and of the splendid fishing in that immediate territory, inviting local fishermen to come that way in search of the finny tribe.

Mr. Bomar spoke of his interest in the local project for the school buildings and of his participation in the more than \$8,000 program of improvement on Thursday morning when 24 men would report for duty under his direction.

Mr. Reeves expressed his pleasure at being present at the luncheon and enjoying the fellowship. A letter from the International

### LOCAL 4-H CLUB NAMES OFFICERS

The Clarendon 4-H Club met at the County Agent's office last Thursday night to elect officers for the 1939 year. In the voting Johnny Leathers was elected president, Rayburn Smith, secretary-treasurer, Cleo Russell, reporter and Harley Longan, sergeant at arms.

The club voted the first Monday night in each month would be regular meeting nights.

### ALL EQUALIZATION BOARDS TO MEET WITH TAXPAYERS TUESDAY, JUNE 13th

City, school and county and state equalization boards will meet June 13, it was announced today.

Tax payers may meet with the county board at the county judge's office, the city board will meet at the city hall and the school equalization board will hold its hearing at the school tax office.

office of Lions Clubs in Chicago was read citing twelve members of the Clarendon Club for perfect attendance during the recent contest and gold attendance pins were awarded the following: Bartlett, Braswell, Burton, Caraway, Drennan, McHenry Lane, Walker Lane, Patman, Penick, Robbins, Stallings, Stewart.

Announcement of the State Convention of Lions Clubs at Waco, Monday and Tuesday, June 5-6, was made by Lion Braswell, and after some discussion of the Clarendon Fourth of July Celebration the club adjourned.

### RECORD TIME MADE ON TWO HIGHWAY JOBS IN COUNTY

APPROXIMATELY 15 MILES OF ROAD TOPPED IN LESS THAN TWO WEEKS

Hard surfacing of two links of Donley County highways were completed last week almost before the general public realized the work had begun.

The work, done by Cocke and Braden, contractors, included hard surfacing of 4.6 miles of Highway 18 (from the Forest Sawyer farm, north) and surfacing and widening Highway 370 from Clarendon to the Armstrong county line.

Both jobs were completed in slightly less than two weeks, and cover approximately 15 miles of road. Approximately a week's work was used in shaping and base work and the remainder of the time was consumed in applying asphalt and gravel.

Ruth Hamm, daughter of Dr. E. F. Hamm, arrived from Mexico last night. She was accompanied here by Miss Jeanne O'Banion.

Mr. and Mrs. W. J. Palmer and daughter, Mrs. W. M. Magee of Calallen, Texas arrived here today for a brief visit with his brother, Rev. G. T. Palmer.

Gaynell Tidwell is in Abilene this week attending the graduation exercises of Hardin-Simmons University where her brother and his wife, Mr. and Mrs. L. S. Tidwell, are finishing.

### CITY PARK PROJECT TO OPEN MONDAY MAYOR STATES

WORK CLIMAXES SEVERAL YEARS WORK BY LOCAL WOMEN'S ORGANIZATIONS

Mayor T. F. Connally said today that work on the Clarendon City Park will start Monday.

Funds for improvements will come through a recent \$4,294 federal grant and WPA labor will be used. A. C. Donnell will superintend the project, Connally said.

Opening of the park project will climax a concerted drive by the women's clubs of Clarendon. Originated several years ago by the senior Beaux Arts Club, other organizations were enlisted to aid in securing the WPA project.

The plans for the park include construction of fences, picnic units, bridges, small buildings etc. The grounds recently terraced by the highway department, will be landscaped and planted with shrubs, trees and flowers.

### BODY FORMED TO BUY HIGHWAY 18 RIGHT-OF-WAY

TURKEY. — An organization was completed Friday afternoon for the securing of right-of-way on highway 18 from Turkey to Clarendon.

J. W. Harcastle was appointed president, John Sharp, vice president and Carl Rowe secretary. Five committee chairmen were appointed; U. F. Coker, J. B. Ray, John Fuston, Dr. H. Gilmore and Willis Walker.

The permanent survey on this road has been completed and accepted by the state. Commissioner Roy Russell has received deeds for all of the right-of-way.

The organization hopes to have the right-of-way completed at an early date, so that actual construction can start on this link.

The president announced that the next meeting of the association will be held Friday, June 2, and instructed the committee to bring in as many of the deeds as they can before that time.

It was decided that the first objectives of the Association will be to secure immediate execution of deeds for frontage and acreage property lying along the proposed route from Main street, Turkey, along a line running approximately 12 miles northwest to Briscoe County line.

### MASONS FROM THE 95TH DISTRICT ENTERTAINED

OVER 130 MASONS ARE PRESENT FOR CHICKEN DINNER FRIDAY NIGHT

Members of the 95th District Association of the Masonic Lodge Friday night were entertained by the Clarendon chapter with a chicken dinner at the local hall. Approximately 200 members were present from Clarendon, Memphis, Lakeview, Hedley, Childress and Henrietta.

District Attorney John Deaver of Memphis was the principal speaker of the evening.

The Masons were greeted by Tom Connally, Mayor of Clarendon and W. J. Porter of Childress responded for the visitors.

The next meeting of the association will be held in Hedley the later part of June.

### NEW RESIDENCE

Construction on the Earl Alderson home got underway this week. The house will be brick veneer with five rooms. The structure will replace the former residence which was torn down recently.

## FIELD AND GARDEN TRUCK SEASON ON IN DONLEY

Just a few days, now, until the field and garden truck season will be on in Donley County, and here well-known products will be on the markets of this territory.

This means that we are approaching the season when our aggressive farmers and gardeners will bring a goodly cash return for their vegetables and products into local channels of trade.

Add to this the addition of so many good things to eat on the family table in our territory, and you arrive at a season of the year most favorable to the enjoyment of life and the stimulation of business.

With our superior summer climate, there is no better place to live than Donley County.

## NOT CONFINED TO ANY ONE CHURCH

Last week at the Southern Baptist Convention in Oklahoma City, Dr. R. C. Campbell, of Dallas and well known in West Texas, blamed pastors for "spiritual darkness" abroad in the land, and admonished them to "quit talking about topics of the day and get back to the message of the ages". Continuing Dr. Campbell said of certain pastors "they're preaching as if truth were fiction; they're substituting palatable platitudes for spiritual teaching."

This bold and timely warning from a man of Dr. Campbell's standing should have been heard by pastors of all denominations. The situation he speaks so pungently about isn't limited to the Baptist preachers—it is so widespread over the country in all faiths that it has become a national menace from a spiritual standpoint.

Let each church do its own cleansing in pulpit and pew, alike.

## TEAM-WORK, OR ELSE

The great middle-class of America—that portion of our citizenship who believes that permanent recovery of the nation can be made only by business absorbing unemployed millions through legitimate and profitable operations—continue to be mystified and amazed by the show and side-shows going on in Washington.

Some prominent cabinet member or governmental official takes the spotlight to declaim that now the administration is ready to be friendly and encourage business to proceed with some assurance of freedom and a chance for profit without governmental interference. Then, in a few days, the president or some other voice of the New Deal will declare to the public that there shall be no let-up in administration objectives which has decared many times its intention of redistribution of wealth by punitive taxation and general measures against the only avenues we have of normal recovery through business activity.

This is either a form of team-work partaking of the new diplomacy which wages war without a declaration thereof, or it is something else just as indefensible from an American standpoint.

It will be a great day for this nation when its people can believe what is said by its public officials, and no return of business confidence is to be expected until that day arrives.

## JUST HUMANS By GENE CARR

## BENJAMIN FRANKLIN'S PEACE PLAN

In these parlous times of "war and rumors of war", when the people of most nations are casting about for some method of avoiding the catastrophe which all of them fear, it might not be amiss for them to consider a plan that was once suggested by a man who had been a printer and a publisher. His name was Benjamin Franklin.

In 1788, when Turkey and Russia were engaged in one of their conflicts, Franklin wrote his friend, Benjamin Vaughn, as follows:

"I regret the immense quantity of misery brought upon mankind by this Turkish war; and I am afraid the King of Sweden may burn his fingers by attacking Russia.

When will princes learn arithmetic enough to calculate, if they want pieces of one another's territory, how much cheaper it would be to buy them, than to make war for them, even though they were to give a hundred year's purchase?"

But, if glory cannot be valued, and therefore the wars for it cannot be subject to arithmetical calculation so as to show their advantage or disadvantage, at least wars for trade, which have gain for their object, may be proper subjects for such computation; and a trading nation, as well as a single trader, ought to calculate the probabilities of profit and loss, before engaging in any considerable adventure.

This however, nations seldom do, and we have had frequent instances of their spending more money in wars for acquiring or securing branches of commerce, than a hundred years' profit or the full enjoyment of them can compensate."

Judging by the events of recent years, the statesmen of today seem no more capable than the princes of 150 years ago of "learning arithmetic enough to calculate, if they want pieces of another's territory, how much cheaper it would be to buy them, than to make war for them." Being statesmen, the solution of the problem may be too simple for them. Some day, though, they may realize the virtue of this suggestion by the American printer, who was also a practical idealist and a far-seeing philosopher, and, when all else fails, learn to their surprise that a "cost accounting system for peace and war" is the answer!—Publisher's Auxiliary.

## NOBODY'S BUSINESS

By JULIAN CAPRETTA JR.

AUSTIN.—The black shadow of next summer's political campaigns—which has never been very far in the background—fell athwart the legislative halls last week, as the two houses maneuvered for place.

The senate which has hammered away for four months with every tool in its kit to make the House accept its plan of foisting a \$50,000,000 sales tax constitutional amendment upon the people, and four times has been turned back by an undaunted House minority, opened the skirmish by adopting a resolution attempting to "reason" the House into doing what political sharpshooting, brute force, sulking and other tactics on the part of the upper body have failed to accomplish. It recited the background of the social security program, cited precedent for fixing tax rates for pensions in the constitution, and urged the House to pass its sales tax amendment.

The House, as unconvinced by tardy "sweet reasonableness" by the Senate as it had been by repeated attempts to beat its ears down, promptly relied by adopting an overwhelming vote, an omnibus tax bill calculated to raise in the shape it left the House, about \$16,000,000 annually for social security. It ups the taxes on oil and gas, sulphur, and levies a 1 per cent sales tax on utility bills, motor car sales, and other "luxury" commodities. The vote was 110 to 25, as the sales tax boc members scrambled to get on the band wagon, and write a record of "aiding the old folks."

Rep. Ross Hardin tried to substitute the gross receipts tax for the measure, and Rep. W. N. Corry sought to kill it by striking out the enacting clause. The floor fight for it was led by G. C. Morris of Greenville, leader of the anti-sales tax bloc.

Think Senate Will Take It—What the Senate will do with the bill is problematical at this writing but majority opinion inclines to the belief the House has put the Senate in a spot, and that the upper body will adopt the bill in some form, after considerable amendment. A loud howl from the taxed groups, especially the oil lobby, was being heard in the Senate lobby.

The House, belligerent after many weeks of battling, promptly rejected a Senate resolution for sine die adjournment June 3, and indicated it will "sit tight" until the Senate makes a record on the omnibus tax bill. Gov. O'Daniel, meanwhile, held his silence of the past few weeks, and there was much speculation as to what his strategic position will be when the legislative work is ended. Many observers here think the bitter controversy with

the legislature, and the apparent victory of the anti-sales tax group over the Governor has weakened O'Daniel with the people, and will make difficult his re-election. Others were as strongly of the opinion the Governor can "pour it on" the legislature for failure to give the old folks the \$30 a month he promised everybody, and win again the votes of the oldsters which was his biggest bloc in 1938. Only the future can give the answer—but the action of the next two weeks in the two legislative halls may give an accurate key to it.

The sales tax advocates have never given up the battle, and many of them still cling to the hope that the House may be pressured into accepting it at the last minute. Ex-Gov. Jim Ferguson raised his now feeble voice in behalf of the constitutional amendment program this week, with a letter to legislators, declaring there are 400,000 persons in Texas over 65 and it will require \$72,000,000 a year to pay them \$15 a month.

Still another black shadow was apparent in Austin, as underground channels reported the Federal Social Security administration will turn "thumbs down" on the "liberalized" pension law, which will admit from 50,000 to 100,000 new pensioners to the roll. Removal of the ability of relatives to support old folks as a test for eligibility is said to have drawn unofficial opinion from Federal pension moguls that Uncle Sam will retire from the pension alliance with Texas when it takes effect, because it does not meet the Federal requirement of pensions for the "needy aged." If that happens, the whole pension snarl will be worse snarled, and a special session to undo the disastrous work of the present session is regarded virtually a certainty.

The hour of reckoning is fast approaching. The old folks are due to learn the hard truth in Texas pretty soon—and that is that neither the 46th Legislature nor Governor W. Lee O'Daniel has long whiskeys or answers to the name of Santa Claus.

Names And News—Dr. Sidney M. Lister of Houston is new chairman of the State Prison Board, succeeding Joseph Wearden of Victoria, and Denver Chestnutt of Kenedy, the popular South Texas newspaper publisher, becomes vice chairman.—

The world's tallest tree on record is the Founders tree, a redwood 364 feet high, in California.

The highest inhabited spot in Texas is Frijoles—just a post office—6,650 feet above sea-level. It is in Culberson county.

## Farmer Beats Depression And Makes \$11,000 on \$2.25 Pig Investment

Drouth and the government pig program have worked hand in hand to give Farmer William Bock an \$8,000 profit in four years from a \$2.25 investment in pigs. And Bock still has \$3,000 worth of pigs on his farm from the same investment.

In 1934, porkers were a drug on the market. It was a dry year around Yuma, Ariz., where Bock lives on a dry land farm. Few farmers had feed for pigs. And, anyway, the government was trying to limit corn-hog raising to relieve glutted markets. Bock had 12 fresh cows and lots of skimmed milk that wasn't any use except to feed hogs. So, when he went to Yuma one day and sold \$2.25 worth of cream he thought of an Irish proverb: "When they're agivin' away potatoes, plant 'em." They weren't exactly giving pigs away, but when Bock saw 15 that could be had for his cream check he bought them.

"You would have to pay about \$125 for that many now," says Bock. "The way it turned out, it would have been a good invest-

ment even at that price. As Bock tells it, the price of pigs went up while rature was taking its course. His pig litters averaged about eight, compared with the national average of six and a half.

The next fall Bock surprised himself by selling \$2,000 worth of pigs. The national supply was short.

Every fall since he has been able to market his \$2,000 worth of hogs.

"I haven't bought a pig since I laid out that milk check," he says with a little pride. "They all came from the original \$2.25 worth and they have been life-savers."

Many farmers have had to ask the government for seed and feed loans. Not Bock. His pigs saved him from that.

He sold \$1,480 worth of eggs from his chickens last year and he has a good barley and wheat crop. Pigs profits bought the seed. And that's not all. Bock has something else to thank his pigs for: "We were able to build up a new modern home," his final boast.

### The Low Down FROM HICKORY GROVE

You know, there are folks who think that the Democrats, they are always poison—and a bad omen—and a sure sign of slim business. And there are folks who think the Republicans, they are not so hot either—and are a false alarm also.

And I been thinking the thing over and I guess both sides, they do some funny didos, now and then—but neither side are always 100 per cent loss and failure.

And even without a microscope you will see some pretty fair hombies on both sides of the fence.

And the other day I was reading about this here yankee, Mr. Aiken—he is Governor of Vermont—and he knows tricks. He knows which shell the pea is under on this idea of the Government getting into business, and

running everybody else out.

And then we have this southern gent, this Mississippi Harrison, he takes no back seat either. An owl, even an old one, has nothing on Patrick.

And there you have a ticket—Harrison and Aiken—Democrat and Republican—north and south. Fardner, it would go to town.

Yours, with the low down,  
JO SERRA.

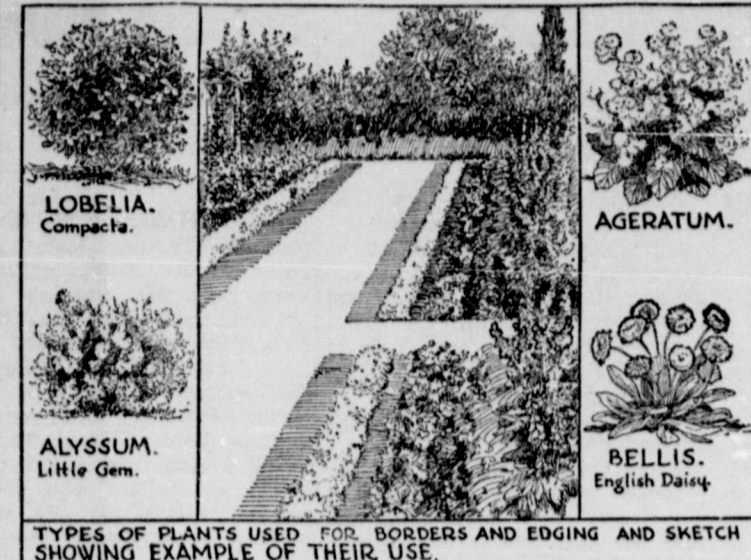

### Clarendon Youths To Receive B. S. Degrees at T. U.

AUSTIN, May 31.—Thayer Elmo Accord, and James Milton Hendrick of Clarendon are among the candidates for bachelor's degrees in Science in Electrical Engineering at the University of Texas.

Degrees will be conferred at the June 5 commencement of the University.

WHITE, CLEAN—Cotton Rags wanted at the News Office.

## Dwarf Foreground Flowers Enhance Garden Beauty

TYPES OF PLANTS USED FOR BORDERS AND EDGING AND SKETCH SHOWING EXAMPLE OF THEIR USE.

Free use of small flowered, dwarf growing, free blooming annuals as edgings adds much to the attractiveness of the flower garden or border.

Of these plants the sweet alyssum is deservedly the most popular, for its snowy sheets of sweet-scented flowers are a constant delight. Dwarf ageratums and lobelias make bushy plants covered with blue-lavender flowers which combine with all other colors and enhance their beauty. The English daisies (bellis perennis) are double flowers of white, red and pink borne on bushy 8-inch plants.

The dainty blue, rose and white daisies of the Swan River Daisy are material for a beautiful border for most robust plants and this little annual is deserving of wider use. The dwarf candytufts are rivals of the alyssum for snowy whiteness as well as giving beautiful shades of lilac and carmine.

Anagallis or pimpinell is a spreading plant which bears star-shaped blue and scarlet flowers. It likes a sunny place and blooms freely, making a delightful edging

Virginia stock, a dainty little plant in pink and rose shades, makes a great sheet of bloom but its chief weakness is that its season of bloom is rather short.

Gilia tricolor is another rare and handsome little edging plant. Its tiny cups produced in great profusion are pale lilac, shading to yellow in the center with five purple spots. It grows only 7 inches tall.

A tiny marigold, Tagetes signata pumila, bearing myriads of brilliant orange flowers above fernlike sweet-scented foliage, is a handsome border plant making a solid miniature flowering hedge.

For colored foliage, the Golden Ball feverfew gives brilliant effect with the dusty millers for gray contrasts. The tufted pansies or bedding violas are used lavishly in English gardens as edging or carpeting plants and are coming into great popularity here. They are more compact in growth than pansies with longer stems and more flowers to a plant while the range of colors is much the same. The self colors give the finest effect.

## GRASSHOPPER WAR BEGINS ON ALL FRONTS JUNE 1

COLLEGE STATION, — The first week in May saw the beginning of the fight to control grass hoppers in a section reaching from San Jacinto county in the southeast to Dallam county in the northwest corner of the Panhandle.

In the Panhandle, the dangerous migratory species predominates. Reppert said egg beds had been found to cover 200 acre areas and that in some cases, there were as many as 2,000 eggs per square foot. The migratory infestation is expected to be more than twice as severe as in 1938.

The government, through the U. S. Bureau of Entomology and Plant Quarantine, will provide 325 carloads of bran and saw dust for poison mash in the 23 counties where the migratory species is present. The mash is spread by hand from trucks, and from mechanical spreaders.

At least four counties have provided mechanical mixers capable of mixing a ton of bait every six minutes, and in Hartley county, where the infestation appears to be heaviest and where hatching occurred earliest, mash is being mixed at the rate of two carloads a day.

### CLARENDON METHODIST CIRCUIT J. G. Walker, Pastor

Lelia Lake Methodist Church put on her beautiful garment Sunday. Forty-eight in attendance at Sunday School, some others came in for preaching. Received the three waiting candidates for membership, by baptizing. You should have seen and been admitted to the large table loaded with good eats. All present had enough and much left over. Looks like that some of the dry bones that we spoke about some time ago are coming to life. Won't they look fine when they are well developed? Notwithstanding a ball game was launched just across the street about the same hour we began our af-

ternoon service about the same number worshipped with us. Bro. Harold Leach, the assistant county agent of Donley county made a fine speech on Church School work. The pastor preached at 2:45 p.m. Of course our little crowd looked small compared to the large attendance at the ball game and did not make so great a noise; but they seemed happy and acted very intelligently.

Some folks say that the world is getting better. Maybe so, but the movement has not reached some places yet. "I have been around and now I am old," yet I have never found a community whose citizens would stand for a ball game to be pitched on the Sabbath Day in front of a church

## DETAILED REPORT OF REA PROJECT SUMMARIZED

### CONSTRUCTION UNDERWAY AND 161 MILES OF LINE TO BE FINISHED SOON

With construction underway on 161 miles of Rural Electric lines to serve Donley, Collingsworth counties in Texas and Harmon County, Oklahoma, a brief summary of the project has been released.

The summary: Sponsor—Greenbelt Electric Cooperative, Inc., Wellington.

Project—161 miles, 345 members, line in Texas and Oklahoma.

Allotment—\$131,000 on December 29, 1938 and \$7,600 on April 12, 1939.

Superintendent—Orval B. Couch, Wellington.

Attorney—Luther E. Gribble, Wellington.

Contractor—Richards and Mullinix, Oklahoma City.

Notes—Richards and Mullinix's successful bid was \$79,465 and included materials and labor. The total cost, with meters and overhead added, will be \$101,507. This is an average of \$630 per mile. The contract calls for the work to be completed by mid summer.

Thirty-two carloads of poles, 402 miles of wire, and 233 transformers will be used. Approximately 26,000 man hours will be used on direct labor alone.

All wishing service should sign up at once.

Mr. and Mrs. Rollie Bromley and children were week-end visitors in Clarendon.

Paul Scually of McCarney was in Clarendon last week-end.

at the same time that services were being conducted in the church. We do not say that it is wrong to play ball, but for it to be played on the Sabbath Day makes it wrong. "Remember the Sabbath Day to keep it holy" is God's command. Don't tell me you can play ball like that and be keeping the Lord's Day holy, and especially if it conflicts with the worship. Of the weakest servant of God Jesus said: "It were better for him that a millstone were hanged about his neck and he be cast into the sea than to offend one of these little ones." Had the best service at Naylor 8:30 p.m. we have ever had there. We go next Sunday to Ashola. How we are praying for a great day.

### CLARENDON STUDENTS WILL GRADUATE AT CANYON JUNE 1

Several Clarendon students will be in the graduating class of West Texas State College which will receive their diplomas Thursday, June 1. Among them are Dorothy McCormack who will get a bachelor of arts degree with a major in English; Nellie Grady will receive a bachelor's degree with a major in home economics; James Lowell LaFon, former resident, now of Clovis, N. M., will have a degree of bachelor of business administration conferred as will Julia Earthman of Alameda. All of these students are graduates of Clarendon High school and Junior College. Mrs. Lea Cornelius Carver will receive her degree with a major in history.

Miss Clariene Allensworth, daughter of Mr. and Mrs. M. R. Allensworth returned home Saturday from Okmulgee, Oklahoma where she taught Spanish the past year. She will attend Oklahoma University this summer.

Miss Mantie Graves visited last week-end in the Albert Graves home in Pampa.

### Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbearable Soreness—Distress

There is one simple yet inexpensive way to ease the itching and torture of Eczema. Itching Toes or Feet Rashes and many other externally caused skin eruptions and that is to apply Moore's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it. Just ask any first-class druggist for an original bottle of Moore's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded.

## OPPORTUNITY TO GO INTO BUSINESS FOR YOURSELF

in a Western Auto Associate Store — Western Auto Supply Co., any largest and most successful in its line, 30 years in business, had a sales volume of 36 million dollars in 1938. We are now offering you an opportunity to own and operate a Western Auto Associate Store, home owned, in towns of 1,500 to 20,000. There are over 1100 such stores in operation.

You can become the owner and operator of a "Western Auto Associate Store" for as little as \$2,750 in the smaller towns, which pays for merchandise and fixtures and everything necessary to start business. We train you in our successful merchandising methods.

Western Auto Supply Co.  
Dallas, Texas

## Frame Gardens Becoming Very Popular Here

**VEGETABLES ARE ALMOST READY FOR TABLES IN DONLEY COUNTY**

Many Donley County vegetable gardens have radishes, tomatoes, lettuce and mustard almost ready for table use. Miss Goldie Howard, local home management supervisor of the FSA said today in explaining the benefits of sub-irrigated frame gardens.

Besides the plentiful water supply, the frame gardens protect the growing plants from torturous sand and wind, Miss Howard said.

Mr. and Mrs. Horton Sibley of the Goldston Community have a well advanced garden and Mrs. Sibley plans to replant each row as the usable plants are taken up for canning.

The protective framework and the subirrigation affords green vegetables throughout the hot summer months, Miss Howard concluded.

## SHAMROCK TO BE HOST TO LEGIONAIRES

SHAMROCK, May 31.—Charles Dehazo post of the American Legion will be host to the autumn convention of the 18th district of the American Legion, according to an announcement.

Approximately 400 Legionaires and Auxiliary members are expected.

## CLARENDON BANKERS AT AMARILLO CONVENTION

The Panhandle Bankers Association convention in Amarillo Tuesday was attended by several from Clarendon.

Included in the list from here were Wesley Knorpp, Mr. and Mrs. Carroll Knorpp, Miss Lotie E. Lane, Mr. and Mrs. Harold Euboe, Mr. and Mrs. W. H. Patrick, Mr. and Mrs. J. D. Swift, Miss Anna Moores, Emmet Simmons, Miss Mary Cooke, W. H. Cooke, Alex and Billie Cooke.

F. E. Chamberlain, Mr. and Mrs. M. R. Allensworth, Miss Clariene Allensworth, J. D. Swift Jr., and James Bartlett.

## WILL ATTEND DAUGHTER'S GRADUATION AT BAYLOR

Mr. and Mrs. J. D. Swift and son James will leave Friday for Waco where they will attend the graduation exercises of Baylor University Monday. Their daughter, Anna Moores will receive her bachelor of arts degree at that time.

Miss Ruth Hamm of Mexia arrived Wednesday night to make her home here with her father Dr. E. F. Hamm.

## CLARENDON YOUTH MAKES STRIDE IN ELECTRIC FIELD

### THAYER ACORD TO GET MASTER'S DEGREE AT TEXAS UNIVERSITY

AUSTIN, May 31.—Two University of Texas electrical engineering students, Thayer Acord of Clarendon and Rufus Mallin, are getting the jump on a yardward charge of electricity.

They have built an electrical transmission network in miniature which may be susceptible to all the ills of the large high voltage transmission lines.

From this model, they can determine where a short circuit will occur—and why—even before the real line is constructed.

Acord is the son of Mr. and Mrs. J. M. Acord of Clarendon and will receive his master degree Monday, June 5. Mrs. Acord will leave Clarendon Saturday to attend the exercises.

After a short vacation here, Acord has an offer of employment from the General Electric Company in Schenectady, N. Y. His duties will open June 15.

## Rev. Geo. T. Palmer Has Brand New Title Don't Mis-Call Him

Don't make the mistake of calling Rev. Geo. T. Palmer, "Presiding Elder", any more. He has a new title—"District Superintendent", and it is up to his Methodist friends and others to avoid the error of mis-calling him.

One of the acts of the Uniting Conference of the Three Methodisms at Kansas City recently, was abolishing the title of "presiding elder" and substituting therefor, that of "district superintendent", which has been in use among Northern Methodists for a number of years.

Bro. Palmer says his duties and salary remain the same, and he has had the privilege of being the last "presiding elder" Clarendon will ever have—also its first "district superintendent."

## Local F. F. A. Is Chapter Contest District Winner

With a total of 923 points based on the year's activities, the Clarendon F.F.A. won the Memphis district chapter contest for 1938-39, it was announced this week.

Quitaque placed second with 800 points followed by Kirkland, Lakeview, Childress, Quail, Samnorwood and Estelline.

The score of the Clarendon chapter is one of the highest in the area but the chapter will not compete in area contests because its scrapbook is not of official size.

## F. F. A. MEMBERS GO FISHING SATURDAY

Twenty-four members of the Clarendon F. F. A. chapter enjoyed a fishing outing last Saturday afternoon at Lelia Lake.

The group caught one hundred fish averaging approximately three-fourths of a pound.

Making the trip were Harold Donnell, Jack Goldston, Woodie Spencer, Raymond Johnson, Carl Morris, Ray and Roy Bulls, Clyde and Carroll Peabody, Frank Cannon, Pete Morrow, J. W. Goodman, Horace Green, Homer Hardin, Eugene Putman, Bailey Estes, Elbert Horton, Howard Gibbs, George Reeves, Wilson Reuter, Rex and George Moore, Ralph Morrow and Advisor J. E. Gillham.

## TWO FINED FOLLOWING HEDLEY ALTERCATION

Two Hedley men yesterday pleaded guilty in county court on charges growing out of an alleged altercation in Hedley last week, and were fined \$1 and costs by Judge R. Y. King.

The charges were aggravated assault and drunkenness in a public place.

## TWO CLARENDON GIRLS GET DEGREES AT TECH

Two Clarendon girls, graduates of Clarendon High School and Junior College, received their bachelor degrees at Texas Technological College in Lubbock Monday. Miss Eloise Hill who majored in journalism, and Miss Leota Rampy who studied Home economics were the students to graduate.

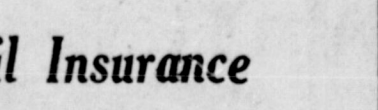

## APPENDECTOMY

Mrs. R. V. Payne of Plainview, daughter of Mr. and Mrs. F. E. Chamberlain of Clarendon, underwent an appendectomy in an Amarillo Hospital this week. She is reported recovering nicely.

Buster Caldwell was in Pampa Sunday.

## FUNERAL SERVICES HELD FOR J. D. McADAMS TODAY

### RESIDENT OF COUNTY FOR 28 YEARS DIES AT MARTIN HOME

Funeral services for James Davidson McAdams, 65, who died suddenly Tuesday night at his home in the Martin community, were held this morning at the First Christian Church here. The Rev. Powell Smith, pastor of the San Jacinto Christian Church of Amarillo, officiated.

Mr. McAdams, a 28-year resident of Donley county, had been in ill health for several months but his condition was not considered serious. He was stricken with a heart attack soon after eating supper and died immediately.

Born in Marshall County, Tennessee in March, 1874, Mr. McAdams came to Texas when four or five years old following the death of his mother and father. He made his home with Y. O. McAdams, his uncle, who was at that time residing in Hunt County.

Following his marriage to Miss Henry Ann Ray in Hunt County he moved to Donley County. For the past several years he had been farming in the Martin Community.

He is survived by his wife and one daughter, Mrs. Gertrude Neaves of Electra and three grandchildren.

He was a member of the First Christian Church of Clarendon for 20 years having joined that denomination in 1919.

## SERVICES FOR MRS. W. H. CONDRON HELD WEDNESDAY

DONLEY PIONEER DIES AT DAUGHTER'S HOME AFTER LONG ILLNESS

Death Tuesday morning claimed another from the fast thinning ranks of Donley County pioneers when Mrs. W. H. Condron, 81, died at the home of a daughter, Mrs. Frank Bourland.

She had resided in Clarendon for thirty-seven years and was the mother of Stewart H. Condron, West Texas State Teachers College professor and former Clarendon College president.

Mrs. Condron had been ill for several months and her condition became grave last week-end. Death came quietly about 10 a.m. Tuesday.

Funeral services were held at the First Methodist Church of which she had been a member for 68 years, here Wednesday afternoon at 2:30 o'clock. The Rev. H. C. Gordon, local pastor, officiated. Interment was in the Citizens' cemetery.

A product of the pioneering era, Mrs. Condron came to Texas as a young girl and family when twelve years old. The trip was made by covered wagon in 1869 following the death of her father who died during the Civil War. The family's first Texas stop was in Bastrop county.

Born in Fayette County, Alabama on October 31, 1857, she was married to W. H. Condron on April 27, 1879. The couple hewed for themselves a niche in homemaking and community settlement in an early day Texas.

Palbearers for the funeral were C. W. Taylor, D. O. Stallings, C. H. Lorry, Lee Holland, H. T. Burton and W. G. Wood.

In charge of the flowers were Mrs. Robert Linder, Mrs. John McClellan, Mrs. Nina Gardenhire, Mrs. Joe Holland and Miss Frances Powell.

Besides Mrs. Bourland and Professor Condron, she is survived by another son, Eleno Condron of Elgin, Texas; three sisters, Miss Ann Bobo, Clarendon, Mrs. A. W. McLean of San Antonio and Mrs. Fannie Hackworth of McAdaie, Texas.

## Random Reflections

By DICK COOKE

Vacation time naturally enough is bicycle time and bicycle time gives the national death rate a sharp increase in traffic fatalities.

Not that we think it will do any good but here are a few rules designed to prevent accidents.

Obeey all traffic laws, signals, and signs. Display a white headlamp and a red tail lamp when riding between sunset and sunrise. Give pedestrians and motor vehicles the right of way. Be alert for traffic from all directions. Before leaving a driveway or crossing a street, look both ways. Do not ride on a crowded street. Don't ride alongside other cyclists. Ride in single file. Do not ride double or do trick riding. Always keep your wheel in good condition. DO NOT HITCH ON TO CARS or Wagons.

Despite widespread scoffing, superstition is not dead within the American negro, and many north Clarendon residents often feel strongly the presence of supernatural spirits.

Following a tale of ghostly adventures related by a darktown resident in a strained voice, we asked whether or not the spirits ever hurt anybody. "No suh," our slow drawing ritualist explained, "they don't hurt yo, they just scares yo and yo hurt yourself."

Should ever a Clarendon merchant feel blue and become possessed with the idea that there is no money here, a rapid calculation by postmaster Forest Taylor will reveal that:

Clarendonites last year bought a total of \$13,762.50 worth of United States Saving Bonds (more commonly called baby bonds) and the amount of sales for the first five months of this year have already reached approximately \$14,568.75. According to these figures, sales for 1939 should triple last year's.

Clarendon 'too, was way ahead of their eastward neighbors with Childress reporting the 1938 sales at only \$10,950 and Memphis \$3,762.50.

As a whole the nation goes for baby bonds with a recent report of the Treasury department advising that more than \$2,437,108,850 of the securities have been purchased since January 1, 1939.

During a recent dockworkers strike, the mamouth liner, Queen Mary, was brought into New York Harbor and docked without the aid of tugs or pilot.

Without fanfare, the majority of Clarendon motorists accomplish a feat equally as thrilling and daring at least once a week.

The feat? Navigating the length of main street on a given Saturday night without mauling someone or smashing their car.

Reason? Double and triple parking and full glaring headlights of approaching cars.

Clarendon motorists could go a long way toward safer driving by a simple courteous rule. Dim your lights on main street.

A good example of "lucky to be alive" comes from a tale by D. F. Wadsworth, Fort Worth and Denver Station agent.

Wadsworth says that not long ago a fast freight was whizzing past the depot and a "fat old boy" came breezing around the corner and made a headfirst dive for an open boxcar. He missed the door completely and was heading right under the train when the wheels caught the seat of his pants and pushed him clear of danger. "It scared me to death," Wadsworth said, "but the old boy jumped up fussing about his hat and ran down to the yards (where the train had stopped) and climbed on."

A very fruitless thirty minutes of quizzing D. R. Davis, local manager of The City Gas Company, revealed that if D. R. Davis knows anything about the recently reported company's sale of the Clarendon property it will remain a secret.

D. R. Davis, however, did say that Thomas Cook of Amarillo was in town Tuesday. Cook, it may be recalled is supposedly a member of the firm which might have bought the company late in April. Too, D. R. Davis maintained that he has not been advised of the sale by his home office.

This department may be a bit

## SCHOOLS MAY CLOSE

if ITCB and IMPETIGO spread among the pupils. Stop ITCB or IMPETIGO CONTAGIOUS SORES at once with BROWN'S LOTION. You can't lose; this liquid-antiseptic is sold and guaranteed by DOUGLAS & GOLDSTON

wacky but we believe The City Gas Company has not yet been sold. At any rate it's been a good guessing game.

Meanwhile the company has until June 5th to appeal the recent rate reduction order sustained by the Travis County court.

Dr. Joe P. Harris, Dallas County superintendent believes Texas schools would be much improved if examinations for the pupils were abolished and teachers given tests instead.

Harris says the present day schools have the cart before the horse and have no bearing upon the intelligence of the student. Dr. Harris also believes that a normal child's failure is the teachers fault. Dallas County classrooms are filled with happy pupils of whom 70 per cent regret vacation, according to Dr. Harris, who says eliminating the examinations have caused this revolutionary result.

Thoughts halted by the deadline — Sheriff Guy Pierce flying a kite on the Court House lawn. He had his children, Joy and Coy to front for him. And he did let them hold the string for a few minutes. — Miss Mantie Graves paid an overnight social call on Mrs. Ruth Teat, superintendent

Makers of butter in Texas annually loose thousands of dollars by not knowing the proper way to prepare the highly perishable product. With this in mind all those who make butter either for market or for home use should attend the butter and cheese demonstration here June 9th.

H. V. Maddox, extension service dairy products specialist, will conduct the school in the Rhodes (across from the post-office) building, from nine o'clock in the morning until late afternoon.

Besides butter, Maddox will explain the proper way of making processed cottage cheese and Neufchatel cheese. All farmers, their wives, ladies clubs and anyone interested in dairy products have been invited to attend.

## SURPRISE PICNIC HONORS BIRTHDAY

A surprise picnic Friday evening honoring Miss Emma Ayres. The picnic was held at the Road side park near Hedley. Various games were played after which a delicious supper was served. Gifts presented to the honoree were opened and admired.

Those present were Miss Ayres, Misses Irene and Johnnie Rhodes, Goldie Howard, Billie Lou and Clynell Gilbert, Moody Kennedy, Addienne Pharr, Wilma Dee Smith, Bonnie McCracken, Mona Churchman, Zackie Slamon, Mildred Aten, Moody Aten, Lola Ayres, Carrie Davis, Lucille Polk, and Mesdames Walter Wilson, and W. B. Ayres.

## COFFEE GIVEN FOR MRS. BOSTON

Miss Berkeley Ryan gave a lovely coffee Thursday morning from ten until twelve for Mrs. Bob Boston.

Mrs. Claude Moore of Corsicana and Miss Evelyn Murphy poured from a table beautifully decorated with a lace cloth, sweetheart roses, and candles.

Approximately sixty guests called during the morning.

## MRS. MERCHANT HAS CONTRACT CLUB

Mrs. Ira Merchant was hostess to the Tuesday Contract Club this week. A delightful afternoon was spent playing bridge. High score for club members was won by Miss Nettie Sims, while Mrs. W. W. Noblett won high for guests and Mrs. Alfred McMurry won the consolation. Beautiful roses decorated the tables and house.

A salad course was served to tea guests, Mesdames John McClellan and George Bagby, and guests, Mesdames W. W. Noblett, Allen Bryan, Alfred McMurry, Edythe Maher, Miss Berkeley Ryan, and members, Mesdames M. P. Gentry, John Knorrp, Forrest Taylor, Ruth Kennedy, Misses Nettie Simms and Charlotte Molesworth.

## JR. H. D. CLUB MEETS THURSDAY

The Junior Home Demonstration Club met Thursday afternoon at the clubroom with Mrs. Alise McMahan as hostess. The meeting was opened with members repeating the club prayer. The roll call was answered with the monthly report and with a recipe.

During a business meeting, Dale Holland resigned as treasurer and Grace Ayres was elected to fill the position. A gift was presented to the hostess. The afternoon was then spent in needlework. The clubroom was attractively decorated with pink and white flowers.

The next meeting of the club will be June 8 with Hattie Palmer.

Refreshments were served to members Mesdames Jennie Burch, Gracie Ayres, Mary Wallace, Dale Holland, Aileen Estlack, Hattie Palmer, Viola Lusk, Lucille Cheshir, Viola Bones.

## CAMPFIRE GIRLS ENJOY OUTING

The Campfire Girls and their guardians enjoyed an outing the first of this week at their camp near the country club. They went out Monday morning and returned Tuesday. The time was spent in cleaning the camp in order to prepare it for their annual encampment. Swimming and hiking were also enjoyed. Seven girls and four guardians attended.

## ASHTOLA GIRLS ORGANIZE CLUB

A group of girls living in Ashtola met Friday for the purpose of organizing a club. The following officers were elected: President, Jessie J. Tomlinson; Vice-president, Christine Knox; Secretary-treasurer, Nancy Miller; Reporter, Margaret Hill; Parliamentarian, Helena Poovy. The president appointed social and program committees.

Present were Jessie J. Tomlinson, Christine Knox, Laura Mae Harp, Helena Poovey, Oleta Marshall, Pat Morris, Nancy Miller, Lois Scoggins, Marie Watkins, Margaret Hill.

Mrs. Ella McCrary of Florida arrived this week to visit her brother, Arthur Letts, and family. Mrs. McCrary is a former resident of Clarendon.

## MARTIN GARDEN CLUB HAS PROGRAM GUESTS

The Martin Garden Club met Friday with Mrs. J. T. Easterling and Mrs. Claude Easterling. Mrs. Virgil Jordan called the roll after which Miss Lucille Polk spoke to the group on landscaping and color arrangement. Miss Maurice Berry discussed diseases of plants and how to control them. Mrs. Sam Rundell told about the raising of dahlias. Games of forty-two were played after the program.

The club will meet again on June 2 with Mrs. J. H. Helton and on June 9th with Miss Berry at the Home Ec room.

Refreshments of cookies, and grape punch were served to guests, Misses Lucille Polk, Maurice Berry, Kitty Ruth Bailey, and Mrs. Alvin Pittman, and members, Mesdames Guy Sibley, Burk Debord, J. D. McAdams, Jack Bailey, Asa Peabody, Virgil Jordan, Sam Rundell and J. H. Helton.

## MARTIN QUILTING CLUB MEETS

The Martin Quilting Club met in an all day session Thursday with Mrs. Thomas as hostess. Two quilts were put out. A delicious dinner was served at noon. The club will meet on June 8 with Mrs. W. L. Jordan.

Those present were guest, Davis Bailey, and members, Mesdames Richard Cannon, J. D. Thomas, A. J. Sibley, Horton Sibley, Lewis Marshall, Jack Bailey, J. D. Wood, J. H. Helton, Edd Hodges, Buck Roberts, W. L. Jordan, Nealy Veazy, W. F. Shannon, W. H. Morrow, Ray Robertson and J. D. McAdams.

## KILL KARE KNEEDLE KLUB IN SESSION

The Kill Kare Kneedle Klub met in regular session Thursday with Mrs. Harris. A pleasant afternoon was spent in the usual needle-work and conversation.

Refreshments were served to one guest, Mrs. Henry Williams, and members Mesdames H. Mulkey, H. C. Brumley, W. B. Sims, F. A. White, E. R. Dawkins, J. Perry King, J. R. Bartlett, Misses Ida and Etta Harned.

## BLUEBONNET BRIDGE CLUB WITH MRS. LETTS

Mrs. A. R. Letts was hostess to the Bluebonnet Bridge Club Thursday afternoon in a delightful meeting. In the games of bridge enjoyed during the afternoon, Mrs. Geo. Ryan won high and Mrs. R. L. Bigger drew consolation.

Delicious refreshments were served to Mesdames R. L. Bigger, J. F. Blocker, Fred Chamberlain, T. H. Ellis, C. T. McMurry, J. L. McMurry, W. H. Patrick, Geo. Ryan.

## METHODIST YOUNG PEOPLE GO TO ABILENE MONDAY

Delegates of the Young People's department of the First Methodist church will go to Abilene Monday to attend the annual conference for Young People of the Northwest Texas Conference. The meeting will be held at McMurry College and will last until Saturday. Those attending will be Edith Shelton, Jo Ann Smith, Jack Reeves, and Carlton Gordon. Rev. H. C. Gordon will accompany them.

## 1937 BRIDGE CLUB ENJOYS PICNIC

Mr. and Mrs. Gilmer Ayers were hosts to the 1937 Bridge Club Tuesday night. Dispensing with the regular meeting, a picnic was enjoyed at the roadside park near Hedley. A delicious supper was served.

Those present were Messrs and Mesdames George Wayne Estlack, Verna Lusk, Alfred Estlack, Elmer Palmer, and Gilmer Ayers.

## MISS BOBBIE LYNCH MARRIES TODAY

Miss Bobbie Lynch, daughter of Mr. and Mrs. R. H. Lynch of this city, was married to Albert Shannon Barker, son of Mr. and Mrs. Bert Barker of McLean, at 10 o'clock this morning in a parlor at the Wood Hotel. Rev. W. A. Erwin of the McLean Presbyterian church officiated with a single ring ceremony.

The bride wore a royal blue lace dress with leghorn picture McLean, sister and brother of the bridegroom were matron of honor and best man.

The couple will be at home in McLean, where Mr. Barker is employed by the B and C Drilling Company.

Miss Lynch is the granddaughter of Mrs. Bettie Leisburg of Clarendon and formerly lived here.

Mr. and Mrs. Verna Lusk were in Pampa Sunday.

## Garden Glances

Presented weekly by the Garden Club

"America the Beautiful lies in the hands of the gardener".

"My Likes" seems to be the most discussed subject among the dirt gardeners this week. There are several varieties blooming, but apparently the Misses Harned have the loveliest display. There are forty clumps, or stalks blooming in majestic splendor along the front wall. Then at Mrs. Frank Bourland's, Miss Annie Bourland's, Mrs. Swift's, Mrs. Pink's and several other homes, you will see lovely clumps of this pure white lily. Mrs. Goldstar is discussing her red Russian lilies. There are seventeen clumps of these and one stalk has thirty-five buds. Mrs. Chase, too, has several varieties of lilies blooming. Quite a few of these lily growers have grown baby's breath and Bristol Fairy to use with the lilies in bouquets. The results are exquisitely beautiful.

Roses are blooming showily on Mrs. George Ryan's yard fence, and Mrs. Benson's front porch. Small but lovely rose gardens are undiscovered by the public in dozens of back yards.

The catalpa tree in Mrs. Cole's yard and the one at Crockett Taylor's are exceptionally beautiful with innumerable blossoms. The Taylor lawn has many enchanting nooks, lovely trees and flowers at all times.

The Clarendon gardeners, or flower growers, have been fortunate in having nature's cooperation of showers, and very little hail this spring. The trees, flowers, pools and shrubbery are prettier than usual.

## PICNIC HONORS LANDRETHS TUESDAY

Members of the Methodist Church entertained their former pastor, Rev. E. D. Landeth, and his family now of Ballinger, who visited here this week with a picnic at the Country Club Tuesday evening.

Swimming and various games were enjoyed after which a delicious supper was served to a large crowd. Visiting was then enjoyed until a late hour.

## Correction

An error was made last week in the spelling of the name of Ulis Arey who married Ruth Warren.

Mrs. H. E. Westmoreland and daughters Janice and Louise left Friday to make their home in Columbia Mo. They will visit relatives in Vernon and Oklahoma enroute there. The Westmorelands have made their home here with her parents, M. and Mrs. Tom F. Connolly, this year. They will join another daughter, Flora Kath erine, a student in the University of Missouri and Mr. Westmoreland.

Bob Boston returned Sunday from Fayetteville, Ark. where he has been attending school. He received a Bachelor of Business Administration degree there recently.

Mrs. Joe Ritterwas in Farwell last week-end visiting her parents, Mr. and Mrs. I. M. McCuan. Her daughter, Jo Ann returned home with her mother after a two weeks visit with her grandparents.

## IN AUSTIN

H. T. Burton, Clarendon schools superintendent and member of the county board and George W. Kavanaugh, county school superintendent were in Austin last week on school business.

Mrs. R. V. Payne of Plainview, daughter of Mr. and Mrs. F. E. Chamberlain, is in an Amarillo hospital where she underwent an appendectomy last week. She is recuperating rapidly.

## CHURCHES

FIRST METHODIST CHURCH  
H. C. Gordon Pastor

With the prayerful cooperation of our members and friends, we propose making of our regular Sunday services evangelistic though the summer months. Then probably in the early fall a pastor from another charge, will be invited to come and lead us in daily services for one, perhaps two weeks.  
H. C. Gordon, Pastor.

## FIRST BAPTIST CHURCH

There is Always Worship— Fellowship—Service  
Rev. J. Perry King, Pastor

Next Sunday promises to be unusually interesting in our church. It will be the beginning of the sixth year together as church and pastor. We hope that all will be as interested and enthusiastic and concerned for the life of the church and the betterment of the community as five years ago when we started together. They have been happy years even under difficulties. We hope that next Sunday will be a renewal of our opportunities, obligations and responsibilities to God and to each other. Let us make history on the next Lord's Day for his glory.

We will observe the ordinance of the Lord's Supper at the close of the morning preaching service and baptism after the service in the evening. Training school begins at 7:15 and the preaching promptly at 8:00 o'clock in the evening. We will be happy if you are in the service. All are invited.

Approximately sixty guests called during the morning.

Approximately sixty guests called during the morning.

Approximately sixty guests called during the morning.

## MUSEUM NOTES

The Donley County Museum will hold open house next Sunday afternoon at four o'clock. Lester Sheffield of the West Texas State Teachers College at Canyon will give an address in the Museum. The public is cordially invited to be present at that hour.

Recent gifts to the museum include a very large prehistoric turtle found on Judge Porter's place north of town by N. J. Vaughan, the paleontologist who has been making extensive research in this region. He also has present the horns from a young elk found by him in Wyoming. Master Bobbie Brown gave the museum last week a hawk's nest containing three eggs.

Mr. and Mrs. John McClellan were Pampa visitors Sunday.

**SMOKE From Panhandle Ranch CAMPFIRES**

The J. A. Ranch Sunday shipped 328 head of yearlings from the Ashola loading pens. The shipment was in six carloads and consigned to Ross Rentfro, Amarillo and E. E. Alexander, Ashland, Kansas.

Livestock movement from Texas ranches in April bounded to a seasonal peak much higher than that of April last year. A total of 11,842 carloads of livestock was shipped to Fort Worth stock yards and out of state points, 30.6 per cent more than in April last year. Movement of cattle totaled 9,171 carloads, calves 1,057 cars and hogs 864 cars. Sheep alone dropped 12.6 per cent, to 750 cars.

Funeral services were held last week for W. P. Bennett, 64 prominent stockman and ranchman of Armstrong County. A native Texan, Mr. Bennett had been a resident of Armstrong County for 46 years.

Thirty-six Hereford calves have been purchased by County Agent W. B. Hooser to be used by Hall County boys in 4-H club work. It is planned to purchase eight more. The Memphis Production Credit Association assisted in the purchase.

The recent sale of a bull and four cows to new breeders in Alabama is announced by John B. Stirling, nationally known Hereford breeder of Rotan, Texas. All were linebred Anxiety 4th Herefords purchased for foundation animals in the establishment of new herds. The bull and three cows went to Webb Brothers of Alabama for a total of \$2,010. The other cow was sold to Clyde Wallace of Alabama for \$550.

The biggest problem confronting the livestock industry is the task of educating the public to consume more meat, declares Fred Olander of the National Livestock Commission, Kansas City, while in Amarillo attend-

ing the bankers convention this week. Mr. Olander also said he believed the success of the northern feeders this year will determine to a large extent the prices which plains ranchmen will get for their livestock this fall and winter. Last year the per capita meat consumption in the United States was only 136.3 pounds. "We need to raise the consumption by 20 pounds per capita to take care of the 13 per cent increase of cattle reported by the government in feed lots this year as compared to a year ago," he added.

Murdo MacKenzie, 89, native of Scotland and one of the West's most prominent cattlemen since 1885, died in a Denver hospital Tuesday morning after an illness of about a month. MacKenzie, who was well known in Clarendon, where he often visited in the 90's when Clarendon was the shipping point for Matador cattle.

Among Mackenzie's prominent friends here was John Molesworth, who was in South America with him twenty years ago, and W. H. Patrick of the First National Bank.

MacKenzie came to this country from Scotland in 1885 as manager of the Prairie Cattle company in Trinidad, Colo. A year later he was appointed manager of the Matador Land and Cattle company, a position which he held until two years ago. He was succeeded by his son, John MacKenzie.

Soon after his selection as manager of the Matador company, the organization purchased 450,000 acres of land in Motley and adjoining counties. Later tracts of 175,000 and 375,000 acres were added. The company purchased 100,000 acres when Montana was opened.

MacKenzie was a personal friend of President Theodore Roosevelt and carried to him the stockmen's plea for redress over what they considered excessive freight rates. The activities of MacKenzie and his associates

along this line were accredited with the successful passage of the Hepburn rate bill which gave the Interstate Commerce commission power to fix rates of interstate freight.

He was elected president of the American National Livestock association in 1901 and served in that office until 1911. At 61, when most executives are thinking of retiring, he went to Sao Paula Brazil, in 1914 as head of the Land, Cattle and Packing company. He remained in Brazil for eight years.

Survivors include another son, two daughters, a sister and several brothers.

**LIBRARY NOTES**

(By Mrs. C. A. Burton)

Just now when all eyes are turned toward Canada because of her Royal Guests, we find ourselves much interested in the fact that Lord Tweedsmuir, Canada's Governor-General is also the author, John Buchan, a few of whose books are on our shelves. Our latest purchase among his books is "Prester John" a very interesting story for boys. Not long since in a public address John Buchan, or Lord Tweedsmuir, confessed that he had a terrible weight on his mind. He admitted that he had made printing machinery, had owned a paper, had been a printer, publisher, writer, and reviewer—and that he had written "far too many books." "But" he went on to say, "the written word is one of the greatest things in the world. It provides a stable faith in the shifting sands on which we stand today."

Another English writer who is much in the public thought just now is Sir Philip Gibbs who is described as the best informed and most completely trusted journalist in Europe today—one of the three author brothers who was knighted by the Crown because of distinguished service in the World War. He has the confidence of the Crown and of officialdom in Great Britain, is a member of the Royal Commission to Investigate Armament; hence he is necessarily better informed than the majority of writers. His stories of late have been a passionate plea for peace. His latest, which is one of our recent purchases is "Great Argument" A reviewer says of it: "This is a brilliantly written novel, filled with characters who never become mere symbols, whose actions, tragic, humorous, or pathetic, one follows with breathless interest. But it is more than a novel. It is an impressive statement of the profound bewilderment of mind of millions of intelligent, tolerant, peace-loving men in a world in which intelligence tolerance and the love of peace seem to have given away to unreason, prejudice and brutality. It is a brilliant novel in its own right. In its universal quality as a reflection of the pathetically bewildered mind of man on the brink of war it is truly a great novel."

Another book which is not so new, but is new to us—one of late purchase is "Free Land" by Rose Wilder Lane. It is a frontier story—of Minnesota in the eighties—the story of a young man who took his thousand dollars and his bride and went out there to farm his newly acquired three hundred acres of land. The transcontinental railroads had spread over the country, but their engines could not plough through the snows of the Minnesota blizzards to bring needed supplies. Rose Wilder Lane has told a very vivid story. She says of herself that she was born in Dakota in a claim shanty. Her people had come from England with the early settlers and her father had kept moving westward, finally landing in Dakota. It took seven successive complete crop failures, with work, weather and sickness, interest at 36 on borrowed money to buy food to dislodge him from this Dakota homestead. So Rose Wilder Lane knows whereof she speaks as she tells of this pioneer life. Yet she still lives in the middle-west and loves it.

The childhood memoirs of How-

**Will Greet Cowgirls at Stamford**

Mrs. W. J. Bryant, wife of one of the city aldermen, will serve as hostess to the cowgirl sponsors who will represent the various Texas towns and cities at the tenth annual Texas Cowboy Reunion in Stamford July 3, 4 and 5. Horsemanship contest, parades and social events make up a busy three-day program for the sponsors.

**HEDLEY**

Mrs. Richmond Bowlin  
Mr. and Mrs. John Edwards and family visited over the weekend with relatives at Amarillo. Miss Madge Richerson is now at home on a vacation with her parents, Mr. and Mrs. Cy Richerson. Miss Richerson has been teaching near McLean for the past three years. Miss Sarah Hendricks of Turkey visited friends here over the weekend. Mr. and Mrs. Harrison Hall and daughter visited in Denton last week. Mr. and Mrs. Buster Hines of Tye are now house guests of Mrs. Hines parents, Mr. and Mrs. Frank Kendall.

Miss Alma Hall, a most popular teacher in the Dalhart school is now at home with her parents, Mr. and Mrs. J. S. Hall. She plans to be in school part of the summer. Mrs. Elvia Davenport of Childress is visiting her parents Mr. and Mrs. Bill Wiggins also her daughter, Mrs. John Mitchell and Mr. Mitchell. Ewell Whitfield of Phillips was a weekend visitor in the home of his parents, Mr. and Mrs. M. G. Whitfield.

Mrs. L. Spaulding of Grayson County is visiting relatives and friends here this week. Rev. Truman Caldwell and family, also Mrs. J. K. Caldwell and Miss Pauline Caldwell attended Workers Conference at Eli Tuesday of last week.

**MIDWAY**

(By Mrs. P. H. Longan)

There was a good rain in spots Monday afternoon. It is too wet to work on part of the places while others got no rain at all.

Mrs. Beach came over from Plainview Sunday afternoon to visit until Wednesday morning. Miss Marjorie Harlan spent all last week at McLean guest of Mr. and Mrs. McLaughlin.

J. M. Potter is visiting old friends at Springtown this week. He will attend the college homecoming while there. Jake Chamberlain and Frank Demrick visited the home folks Friday night. Jake came for the Masonic banquet.

Mr. and Mrs. John Naylor, Mr. and Mrs. Edwin Eanes and Mr. and Mrs. Gene Chamberlain all enjoyed a fishing trip to Lake Diversion near Vernon last week. R. A. Beverley was a dinner guest in the Longan home Sunday. We are happy to report Mary Ella Williams being well enough from her operation to come home last Saturday. Mr. and Mrs. Henry Williams and Miss Alice Williams of Borger, Mr. and Mrs. Slaton Mahaffey of Ashola all spent Sunday

**MARTIN**

(By Billie Ruth Bulman)

There wasn't a very big crowd sent for Sunday school last Sunday but we hope to see more next Sunday.

Mr. and Mrs. L. O. Christie spent Sunday visiting folks in Hudgins.

Mr. and Mrs. G. W. Kavanagh and children and Mrs. G. E. Bulman spent last week near Austin.

Melba Christie spent last week with her folks in Hall County.

Mr. and Mrs. W. H. Morrow, and Mr. and Mrs. R. Cannon spent Sunday in Borger visiting relatives.

Mr. and Mrs. Lowell Primrose are the proud parents of baby boy born May 25.

Mr. and Mrs. M. C. Rampy and children went to Lubbock over the week-end to attend the graduation exercises of their daughter, Lee Ota.

Mr. and Mrs. Geo. Bulman spent Sunday with Mr. and Mrs. J. F. Cannon of Clarendon. Mr. and Mrs. G. W. Kavanagh are moving to Canyon this week where they are to attend summer school.

Mrs. W. H. Morrow surprised her husband with a birthday party last Wednesday night. Ice cream and cake were served to Mr. and Mrs. W. L. Jordan and Mr. and Mrs. R. Cannon.

**MEMPHIS HOLDS SECOND PLACE IN LOOP CHASE**

MEMPHIS, Texas, May 31.—Memphis offered stubborn resistance to Lakeview here Sunday to retain its position of second place in the Hall County Baseball League.

Estelina won a decision over Tell in a protest game, 3 to 2, while Goldston outplayed Hedley 7 to 5.

Sunday's games will be Goldston at Memphis; Estelina at Lakeview, and Tell at Hedley.

**PER CAPITA FUND IS RELEASED TO SCHOOLS**

AUSTIN, May 31.—Release to public schools of a \$2 per capita apportionment from the available school fund was announced Friday by Supt. of Instruction L. A. Wood.

The allotment, totaling \$3,128,046, brought to \$14 payment on the current \$2 per capita apportionment, \$4 less than paid at the same time last year.

Woods said an additional \$1 would be released late in June.

**MEN LOVE GIRLS WITH PEP**

If you are peppy and full of fun, men will invite you to dances and parties. BUT if you are cross, listless and tired, men won't be interested. Men don't like "quiet" girls. When they go to parties they want girls along who are full of pep.

So in case you need a good general system tonic, remember for 3 generations one woman has told another how to go "snelling thru" with Lydia E. Pinkham's Vegetable Compound. It helps build up more physical resistance and thus aids in giving you more pep and lessens distress from female functional disorders.

You'll find Pinkham's Compound WELL WORTH TRYING!

**No Cobwebs in His Brain**

"John Nance Garner was born on Nov. 22, as near Thanksgiving as so modest and wise a person would choose to be. His countrymen can't help numbering him among their blessings this week," said an editorial in the New York Times a year or so ago in commenting upon the vice-president's birthday. "He holds playfully," said the editorial, "that the books have got the year of his birth wrong. They say it was 1868. He prefers '69. For us it is '69 until he selects some other date."

"He has been at Washington for nearly 36 years. He has minded his own business perfectly. He has minded the nation's affairs carefully and competently."

"He can be patient with policies that he disapproves. A sort of Ben Franklin, he has no cobwebs in his brain. He can be exposed freely to fanatics and fanatics and keep the peace. It is lucky for his own that he is a philosopher. The felicitations of his colleagues drove him from the chamber. Politicians who habitually spread their ears upon the ground can admire a man given to forming his own opinions."

"He is wise by nature and long experience, without pretense, pedantry or solemnity. He is a good man, an able man, full of humor and a good fellow. If he doesn't make his years a round hundred, that will be the first time that he has disappointed the public hope."

with Mr. and Mrs. Glen Williams. Mr. and Mrs. Burgham called in the afternoon.

Mr. and Mrs. Frank Hardin and Gladys are in Fort Worth this week where Gladys will see a specialist for her throat.

Mr. and Mrs. Guy Stedham came over from Little Rock Ark., Saturday to bring Clarence Davis who attended school there. They are visiting both the Davis' and Stedham families here.

THE POCKETBOOK OF KNOWLEDGE BY TOPPS

Lighting the Country... IN THE PAST TEN YEARS, AMERICANS HAVE BOUGHT 6,000,000,000 ELECTRIC LIGHT BULBS. AMERICA'S CHEMICAL PRODUCTS REPRESENT IN VALUE TODAY ONE-HALF THE WORLD'S OUTPUT... A RESULT OF INTENSIVE RESEARCH BY INDUSTRY.

The Rhoades Family . . . by Squier

Motorists are the chief source of state tax revenue. They pay 38 per cent of all the tax revenue received annually by the 48 states. In addition, they pay nearly one-third of a billion dollars in automotive taxes annually to the federal government.

90 TEXANS DIE IN ODD WAYS DURING MONTH OF APRIL

TWO NEGROS KILLED IN GRAVEYARD TO CLIMAX TRAFFIC FATALITIES

AUSTIN—Death moved in many ways to claim the lives of 90 Texans in April traffic crashes, a state police analysis of last month's toll revealed today. An oil field worker was killed and his companion injured when their car hit the curbing on an "island" in front of the New London school.

American Milk World Leader

Science double checks as tests are constantly being applied to milk to protect its purity and safeguard quality for the home.

DISTRIBUTION of milk in this country has grown to a point where it far outstrips any other country in the world in volume and sanitary protection of its product. When 30 million bottles of fresh milk are placed on the doorsteps of American homes every day this stupendous but unobtrusive daily service to consumers is so efficiently carried out as to be almost unbelievable to foreign milk experts.

A doctor died as he hastened on a call. Excessive speed was blamed for his car's failure to make a slight curve.

A 19-year-old student, riding as a passenger, was thrown from a car as the machine left a curve, hurtled across the ditch to the left of the road and overturned.

Near Henderson, a driver had his left arm hanging out the side window when a passing truck, veering close to the automobile, knocked the arm off.

Near Seguin, a driver and his passenger were trapped in ten feet of water when their car ran off a curve and skidded into the river.

Headon into a bunch of mules and horses traveled a car on a West Texas road, killing two mules and fracturing a rider's leg.

In south Texas, a Mexican pedestrian, caught between two lines of traffic, became confused, jumped back to avoid a car and toppled over, fracturing his skull on the pavement.

1938 COTTON CROP SET AT 11,943,000 BALES

WASHINGTON.—The agriculture department in a final report placed the 1938 cotton production at 11,943,000 bales.

The 1938 crop was approximately 7,000,000 smaller than 1937's production of 18,946,000 bales. The yield per acre last year was 235.8 pounds.

Texas has three legal holidays all its own—Texas Independence, Sam Houston's birthday and Texas Pioneer's Day.

FACTS FAVOR FORD

- 1 The 1939 Ford V-8 is a beautiful, modern motor car. Its 85-horsepower engine gives you economical, well-balanced performance over the entire speed range—and the 60-horsepower engine is even more economical. 2 The structural strength of the Ford car—frame, bracing, axles, body—makes not only for safety, but durability and long life. 3 Ford hydraulic brakes are exceptionally large and strong in proportion to car weight. 4 The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

These four points—power, strength, safety, comfort—are by far the most important essentials in any motor car. They form the basic value of your investment.

### CAVERN TRIP IN FINAL STUDY WEEK AT CHAMBERLAIN

**ENTIRE STUDENT BODY VISITS IN CARLSBAD AND POINTS WEST**

The student body of the Chamberlain school, accompanied by their teachers, Mr. and Mrs. Bill Todd, and chaperoned by four ladies of the community, made a trip to the Carlsbad Caverns and other points of interest to the west last week.

The group left Tuesday morning and spent their first night out in Roswell, N. M. The next morning they motored down to the Carlsbad Cavern where they spent the day going through the cave and later watched the vast horde of bats that inhabit the cave make their exit for the

night.

The second night out was spent in Carlsbad and the next day was spent sightseeing in and near Carlsbad which included a visit to the irrigation flume and to the Carlsbad Museum. The third night away from home was spent in Clovis. The last day of the trip, the group visited the Panhandle-Plains Historical Museum in Canyon, the Butternut Bakery and the Court House and Jail in Amarillo, arriving home about sun down.

Of the 36 students enrolled in the school 28 were able to make the trip. Expenses of the trip were paid by the school district. Members of the school board are: Roy Blackmon, President, John Aduddell and Henry Manr.

Those making the trip were Mr. and Mrs. Bill Todd, Mrs. Roy Blackmon, Mrs. John Aduddell, Mrs. Frank Reeves and Mrs. O. B. Rumpy.

Following is a list of the pupils of Chamberlain school who

### Area Inspectors Visit Local F.F.A. Projects

Area One vocational agricultural officials were in Clarendon this week inspecting projects of the local F. F. A. members.

Here were O. T. Ryan, area supervisor, T. L. Leach, assistant supervisor, Harold Stints, student inspector.

Projects of Carl Morris, Johnny Leathers, Pete Morrow and Ray Isham were inspected Friday afternoon. The inspectors stated the Clarendon projects were the best in the area.

Joe Williams and Eugene Putman now hold Lone State Farmers degrees in F.F.A. work for which Morris, Leathers and Isham are applying.

Mrs. Nina Gardenhire visited in Amarillo Monday.

Oliver Scott and his mother of California are visiting Mr. and Mrs. Charlie Johnson.

### HOME EC GIRLS IN CHS DOING SUMMER WORK

**RECEIVE TEN MONTHS INSTRUCTION AND ONE-HALF CREDIT**

Students in the Clarendon High School Home Economics department are working on their home projects for this summer. In this manner they have ten months of instruction instead of nine and receive one-half credit for their work, according to Miss Maurice Berry, instructor. Three weeks of the extra month's work is being done now, immediately following the close of school, and one week will be done just before the start of school in September. Miss Berry instructs the girls and inspects their projects during this time, but they continue to work all during the summer. Thirty-five girls are enrolled in the summer course which is given as a regular part of the school work with no charge being made.

Miss Berry is also conducting adult classes in Home Economics. At present she is working with the Martin Garden Club.

Out of 110 girls enrolled in the high school, seventy-eight were Home Ec students the past year. The following list will show some of the things accomplished in the Home Economics projects in 1938-39. These projects are done by the girls in their homes out of school hours. Five bedroom closets were constructed; 31 kitchens and 34 bedrooms were improved; 22 pieces of furniture and 10 floors were refinished; 11 bathrooms were improved; 342 pints of food were canned; 148 meals were prepared; 63 new garments were made and 21 garments were renovated; 3 yards were improved.

### NEWS EDITOR NAMED ONE OF TEN DISTRICT DELEGATES TO LIONS STATE MEET

District Governor Omar T. Burleson, head of District 2-T Lions International, notified Sam M. Braswell, editor of The News, last week of his appointment as one of the ten delegates from this Lions District to the State Convention of Lions Club at Waco next Monday and Tuesday, June 5-6.

Mr. and Mrs. Braswell will leave here tomorrow night and spend the week-end with Waco friends preceding the convention sessions, returning here Tuesday.

Mrs. H. G. Officer left Monday for her home in Tulsa, Oklahoma after spending the past week with relatives. Maxine Ellis returned with her for a visit.

Mrs. Ruth Teat and Mrs. Edythe Maher were among the Amarillo visitors Monday.

Mrs. F. E. Chamberlain and son, Lewis were in Amarillo Sunday.

Mrs. Hugh Currie and son of Canyon are visiting Miss Hazel Gilbert this week.

Miss Billie Lou Gilbert is visiting Mrs. J. E. Johnson in Claude.

Mr. and Mrs. Geo. Kavanaugh and children spent last week with relatives in Frost.

Ida Pool, teacher in the Pampa schools and daughter of Mr. and Mrs. Jess Pool of Hedley, is recovering from an operation in a Pampa hospital.

Mrs. Jack Molesworth and Mrs. J. T. Sims were in Amarillo Monday.

L. A. Hudson of Hereford, former assistant county agent here, was a visitor over the week-end.

Harold McDaniel, student in Texas Tech, arrived Sunday to visit friends here.

Allen Patman returned home Tuesday from Canyon where he attended school this year.

Bobby Jo LaFon of Clovis, N. M. is visiting Betty Jo Bain this week.

Glen Allison who has been teaching in Hereford returned home Saturday.

Mr. and Mrs. C. H. Speed of Amarillo visited their daughter Mrs. Lester Schull and other relatives the latter part of last week.

Miss Jo Ellen Kennedy returned this week from Norman, Oklahoma where she was a student in the university this year.

Mrs. E. E. Boles and daughter Marian McCormack left Thursday for their home in Thompsons Texas. Another daughter, Dorothy joined them at Canyon where she graduated. Mr. Boles who came up Tuesday also accompanied them.

### BABY CHICKS and Started Chicks

Immediate delivery on all breeds of baby chicks. We have several thousand started chicks on hand now.

**CLARENDON HATCHERY**

Mr. and Mrs. J. T. Patman returned this week from a visit with their daughter, Mrs. W. H. Price of Marion, Ill. and their son, James in Kansas. They were accompanied home by Mrs. Price and daughter Shirley.

Mrs. Ralph Andis and son, Billy Ralph, were in Amarillo Tuesday.

Mr. and Mrs. Walter Knorrp and Marti Kelly visited in Vernon this week.

### F.F.A. Presents Radio Program

The Clarendon chapter of the F. F. A. and the F. H. T. presented a fifteen minute radio program over station KGNC, Amarillo, Thursday.

The string band opened the program. Jo Ann Smith gave a resume of the activities of the F. H. T. for the 1938-39 school year. Joe Williams, program conductor, gave a summary of the F. F. A. activities.

Others on the program included Ray Bulls, Carl Morris, Billy Estes, Homer Hardin, Ray Isham Clyde and Carroll Peabody, Kenneth Sloan, Lawrence Hichman, J. W. Goodman and La Verne Goodman.

### LOCALS

Mrs. Clyde Price and sons Jerry and Clyde are spending this week with Mr. Price's mother in Wichita Falls.

Mrs. A. T. Cole, Miss Katherine Cole and Nancy Ann Bell were in Pampa Tuesday night. Ann Williams returned home with them.

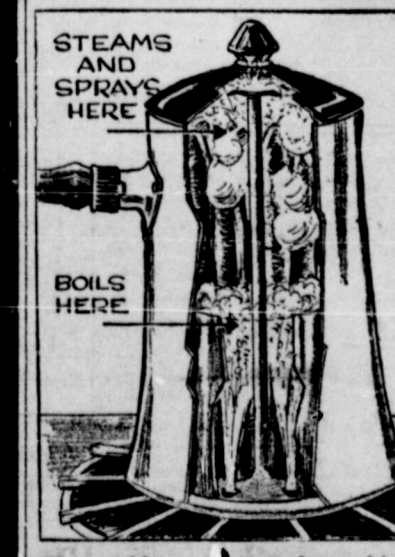

Mr. and Mrs. Ralph Corson of Houston arrived Monday to visit his aunt, Mrs. L. W. Chase and Mr. and Mrs. A. L. Chase.

Rev. and Mrs. E. D. Landreth and sons Merle and Jo Alton of Ballinger arrived Monday to visit friends.

Winston Nippert, student in Texas Tech, is at home for the summer vacation.

Mr. and Mrs. Louis Merrell and daughter Muffett of Memphis visited Mrs. J. T. Sims here Sunday.

### WHAT NEXT?

The problem of properly cooking the tough stalks of asparagus and broccoli without over-cooking the tender tips is met by this utensil. A separate insert, extending halfway up the cooker with a pipe leading from the bottom, permits the stalks to be boiled and the tips to be steamed and sprayed.
