A Common Paper for Common People

Program For Chamber of Commerce Banquet Now Complete For Jan. 12

Highlighted by a discussion of the new ration program by State OPA Chief Mark McGee, program committeemen J. R. Porter and R. E. Drennan, have announced that the program for the annual banquet will be short and snappy, with the major portion of the time being given to McGee for his address.

Lee Bell, Chamber of Commerce president, will serve as toastmaster for the occasion, and the banquet will be served by the ladies of the First Christian Church at 7:45 p. m., Tuesday, January 12th.

Tickets are now on sale at the Douglas-Goldston Drug and Norwood Pharmacy and by all of the chamber of commerce directors and ticket committeemen, Lee Bell, R. E. Drennan, Dee Lowry, and J. R. Gillham. An unusually large crowd is anticipated due to the nature of the program, and ticket sales will be stopped at 6 p. m. Monday.

The program as released by the program committeemen is as follows:

Invocation—Rev. L. Guy Ament
Dinner—Introduction of guests.
Coronet Solo—Charlie Bennett.
Saxophone Solo—Jean Porter.
Welcome Address—Mayor T. F. Connally.

Response—Claude Wells, Memphis.
Clarinet Solo—Manley Bryan.
Sec. Report—J. R. Gillham.
Election of Directors.
Address—Hon. Mark McGee.
Benediction—Rev. J. O. Quatlebaum.

Two Stores Are Burglarized Last Night

Sheriff Guy Wright reported this morning that probable amateurs burglarized the Stocking Drug Store and Thompson Bros. Hardware, sometime last night.

The burglars gained entrance to both stores through back windows. A carton of cigarettes, four or five fountain pens and about three dollars in cash was taken from the drug store; and two cartons of .22 calibre shells and a few boxes of shotgun shells was all that was found missing from the hardware store.

No arrests have been made at this time, but the Sheriff's department feels confident that it was done by local amateurs.

MRS. LENA DILLI IN ILLINOIS

On a card received from Mrs. Lena Dilli this week, she states that she is now visiting her brothers and sisters near Chicago. She writes that this is their first meeting in 20 years and that she has visited some of her old time friends and schoolmates who she hadn't seen in 35 years. She sends her best regards to her friends around Clarendon and asks that they write her as she plans to visit up there for about three months.

Ballot For Nominations of Chamber of Commerce Officials Announced

Four directors of the Clarendon Chamber of Commerce will be elected for a two year term at the annual banquet on the night of January 12th by the vote of the members. The present directors whose terms expire are Lee Bell, J. R. Porter, and J. T. Patman, and a director will also be named to fill the vacancy caused by Marvin Warren being called for military service.

Holdover directors who have one more year to serve are R. E. Drennan, E. R. Andis, and C. J. Douglas. Officials are Lee Bell, president; Ralph Andis, vice-president; and J. R. Gillham, Secretary-Manager.

R. E. Drennan, C. J. Douglas, and E. R. Andis, nominations com-

Rationing Board States Their Appreciation

We wish to extend our appreciation to all teachers of the county, to the merchants, ladies of the Civic Clubs, Service Station Operators, and Patrons for their cooperation and help to us in carrying out the rules and regulations of the Office of Price Administration for 1942. We also wish to extend our thanks to all farmers and ranchers for their patience and cooperation in the issuance of gasoline and tire certificates in the past year.

We assure you that in 1943 we will do all we can to help you and ask your cooperation in all Rationing problems.

Donley County War Price and Rationing Board No. 66
(Gasoline & Tire Panel)

Greater Demand For Milk Grows

During 1943 there will be a greater demand for milk and milk products than farmers of Texas and other states will be able to produce says county agent H. M. Breedlove of the Texas A&M College Extension Service. Lend-Lease requirements alone will equal the amount of milk used to produce all of our condensed and evaporated milk and ice cream prior to the war.

Explaining the situation Breedlove said that for the first time this country has become the leading exporter of dairy products. Cheese, for example has become the major absorber of milk. Prior to the war this country imported more than fifty million pounds yearly. Next year milk will be mainly on an export basis. Probably four million pounds, or about the equivalent of two thirds of the entire pre-war production, will be sent abroad. Meanwhile, the domestic demand has increased and will grow.

To meet all requirements as far as possible, it would be necessary to double the cheese production over the pre-war levels. Because of mounting purchases it will be necessary for good care to be taken of the dairy herd and for farmers to produce all of the milk possible in the year of 1943.

The department has set the 1943 milk goal for farmers at one hundred and twenty-two billion pounds. This goal can be reached by good management, proper feeding and good protection of the dairy herd.

ANOTHER CLARENDON BOY RECEIVES PROMOTION

Announcement was received this week of the advancement in rank of Sergeant Charles F. Derrick to be a Staff Sergeant. Derrick is stationed at Fort Bliss, Texas and is attached to the Cavalry.

JANUARY 12, 1943

FARM MOBILIZATION DAY, set throughout the United States for January 12, will open the 1943 farm program in this county. Following that date a series of farm meetings will be held at which time the program will be explained, and the producers will be informed what is expected of them by way of producing war foods and fibers.

These meetings, which will be announced, will come under the direction of the County Agricultural War Board, working in conjunction with the AAA office.

The productive capacity of many farmers will determine whether or not they will be sent into the armed services, or will be reclassified by the draft board and remain here as agricultural workers.

Lieut Rose Smothers To Be In Clarendon Again January 14

According to a telegram received this morning from Lubbock headquarters, Lieut. Rose L. Smothers will be in Clarendon again next Thursday, January 14 at 8 p. m. She made her visit here Wednesday, but due to the day-time hour, only a small group was able to come out and hear her speak.

All women who are interested in the WAACS are urged to be present to hear Lieut. Smothers explain the aim and duties of the WAACS, and also give out application blanks. She is now enrolling her second platoon to be known as the South Plains Platoon.

Mrs. C. Huffman, president of the local Legion Auxiliary, has been named local chairman for the WAACS, and anyone wishing information on the subject can get in touch with her at the Huffman Home Bakery.

School Lunch Room To Open Again

O. D. Lowry, principal of Jr. High School, announced today that plans had been completed for re-opening the school lunch room. The Federal government will supply the bulk of the food through the surplus commodities channel, and it is this food that they are waiting on now before the lunch room can be put into operation. From latest accounts, it should arrive most any day.

The preparation of the meals will be under the supervision of Mrs. Joe Humphrey. The meals will be for needy and other school children. Those that are able will pay 15 cents a meal or 65 cents a week. A balanced meal will be served at all times.

A few food items that cannot be received from the government will be purchased with the money received for the meals.

The labor is to be supplied by the government.

COMMERCIAL VEHICLES MUST GET TIRE INSPECTION

Commercial motor vehicle operators in Texas, New Mexico, Oklahoma and Louisiana were reminded by John C. Massenburg, ODT regional motor transport division director, that they must have the tires on their vehicles inspected by January 15. After that date, operation of such a vehicle without an endorsement by an approved tire inspector on the certificate of war necessity will be unlawful. Passenger car operators must have their first tire inspection by January 31st.

TO SAN ANTONIO

Ethel Harvey left Monday for San Antonio where she has accepted a position at Duncan Field.

FATHER-SON BANQUET TO BE HELD NIGHT OF JAN. 26th

The annual Father-Son banquet is going to be held this year even though it is somewhat later than the usual time. It was postponed in December due to the busy season and the shortage of labor.

Tuesday night, January 26, has been set as the date and the ladies of the Methodist church will serve the banquet at the Methodist church and a first class meal with all the trimmings has been promised.

The program committee is working this week on the entertainment, and plans are underway to acquire a good speaker for the occasion.

Many of the young men who have been attending these meetings each year are away in service, but it is hoped that as many of the fathers as possible can attend. A further invitation is extended to those in the rural communities to come and take part. This is not just a town affair—it is a Father and Son get-together. It's a time when all can be proud of both father and son. Make your plans now to set aside that night and be present for this affair.

It is possible that a complete program may be announced in the next issue of your Leader.

LEAVE FOR NEW ORLEANS

Mrs. J. R. Bulls and daughter, Mrs. Opal Adamson of Hedley left this Thursday for New Orleans to visit her son Woodrow Bulls and wife. Mr. and Mrs. Bulls announce the arrival of an 8 lb. and 11 oz. girl, born Sat., Jan. 2, 1943.

Sugar Rationing Stamp No. 10 Now Valid

Sugar stamp No. 10 became valid December 16, 1942, and will be good for three pounds of sugar until January 31, 1943. Sugar stamp No. 9 which was valid for three pounds during a similar period expired at midnight December 15th. Industrial and institutional users of sugar may apply for their January and February allotments at the present time. These allotments remain unchanged: 70% for industrial users, 60% for institutional users, and 85% for hospitals of the type which were entitled to receive this amount during the November-December period.

A person who was 14 years old at the time of registration for War Ration Book and is now 15 years old is not entitled to use War Ration Book One for coffee. Only a person whose age is shown as 15 years or over on War Ration Book One is eligible to use his book to buy coffee.

Sugar and coffee rationing regulations both require a consumer to surrender his War Ration Book One to the owner or the manager of a restaurant, boarding house, or similar eating place in which he arranges to eat 14 meals or more a week. Heretofore, the sugar ration regulations set 12 or more meals a week eaten in an establishment of a registered institutional user such as restaurants, boarding house, or similar place, as the number for which War Ration Book One must be surrendered while 14 meals were set in the coffee regulations. Today's amendment removes this inconsistency. The new amendment also requires the proprietor of the eating place to return War Ration Book One to the owner temporarily so that the owner may obtain War Ration Book Two. Possession of Book One will be needed in order to obtain Book Two when the latter is issued.

RAYMOND HAY RECEIVES HIS COMMISSION

Raymond Hay, son of Mr. and Mrs. R. A. Hay, was graduated from the Air Force Advanced Flying School of Mather Field, Calif., on Saturday, January 2, 1943 and commissioned Lieutenant in Air Corps.

Raymond finished high school at Clarendon and also graduated from Clarendon Jr. College, and was enrolled at Texas Tech, last year, but volunteered as an Air Cadet, Feb. 6, 1942.

State Rationing Chief To Speak At C-C Banquet

Birthday Celebration Being Planned On Broad Scale

Celebration of President Roosevelt's 61st birthday in the fight against infantile paralysis is being planned on a broad scale for Donley county by Mrs. Johnnie Blocker, county chairman. This announcement by the county chairman comes along with the appointment of a staff consisting of La Verne McMurtry, county vice chairman in charge of women's activities; George E. Norwood, county vice chairman; Dick Cooke, secretary and Walter Knorrp, treasurer.

The fund raising campaign will be conducted from county headquarters and will be carried to the separate communities through local organizations. Celebrations may take on any form decided upon by local committees and will be held the day and night of January 30th.

VISITS PARENTS

P. D. (Dampier) Dever of the Naval service and stationed in New York City, is here visiting his parents, Mr. and Mrs. D. T. Dever and other relatives.

Lee Christie Is Named Manager College Farm

Lee Christie, graduate of Clarendon High School and former student at Clarendon Junior College, was named student manager of the College Farm at West Texas State Teachers College last week. As manager, Christie will have supervision of the entire operations of the farm which includes a large dairy herd, crops, and other livestock. He is in direct charge of the boys living on the farm and directs the labor and housing of each of the youths who live on the farm and attend school on the cooperative project. Christie is a sophomore at WTSTC, and is the first sophomore to ever be elected manager of the farm.

Christie is a former outstanding member of the Clarendon F.F.A. Chapter, having served as president in 1940-41. He was a member of dairy cattle and of the 1941 State Championship Dairy Products Judging team. As a student he produced many outstanding projects and won many prizes in the outstanding stock shows of Texas.

AT WAKE ISLAND

Pvt. Harold Dubbs, son of Mr. and Mrs. Sylvester Dubbs, formerly of Clarendon, who was reported missing in the battle of Wake Island, has been heard from, and was well and doing fine, Dec. 20, 1942. He is still at Wake Island.

RETURNS HOME

Mrs. Lena Antrobus returned home Thursday from a very enjoyable visit with her daughter, Mrs. Florence Hvass and family at Lubbock.

Necessary Driving to Govern Amount of Stamps In Renewing Ration Books

According to the Donley County War Price and Rationing Board, it will not be necessary for a person to use all gasoline coupons allotted him in his book in order to get same amount of gasoline for the next three months when his application is renewed. When books are renewed it will be renewed on basis of need for necessary driving. The book holder should write his license number and state registered on all coupons in "A," "B" and "C" books and his certificate of war necessity number on the "T" coupons. This information

Mark McGee, State Office of Price Administration and Rationing Chief, will be the speaker at the annual chamber of commerce banquet to be held at the First Christian Church, Tuesday night, January 12th, at 7:45 p. m. Local officials are highly elated over being able to secure McGee for the event, and it will mark his first appearance in this part of the state this year.

In a telephone conversation with J. R. Gillham, local chamber of commerce secretary, Monday afternoon, McGee asked Gillham to notify all county rationing boards in this section of the state that he would like for them to be present at the meeting, and he asked the local rationing board to notify all of the boards in this region that they could issue special rations to themselves in order to attend the meeting.

McGee stated that he planned to discuss the new rationing program and that all rationing boards and individuals should be able to secure a great deal of information concerning the new rationing program from his talk. McGee will be available for discussions of the rationing program either before or after the banquet.

Notice of McGee's appearance at the local banquet has been sent to approximately forty-five local rationing boards in this section of the state. A large number of these boards are expected to attend the meeting, and the chamber of commerce officials of all surrounding towns have been sent special invitations to attend the banquet.

Donley Ships Over Million Pounds Scrap Metal

County agent H. M. Breedlove of the Texas A&M College Extension Service announced that according to reports from Forrest Sawyer, chairman of the local salvage drive for the Donley county USDA war board, over one million pounds of scrap metal have already been shipped from Donley county to go into war materials. Mr. Sawyer also states that in the near future a survey will be conducted in the county to determine how much scrap metal is still on the farms and ranches that could go into the scrap drive.

"It is absolutely necessary that we have this scrap as the war department is calling for more tanks and guns for the Allies and for our own boys on foreign shores and in battle zones," Mr. Sawyer stated.

"It is the duty of every American at home or on the farm," he states, "to bring in all of the scrap metal and rubber that he can locate and sell it to his local dealer. Let's all of us sell all of the old iron and rubber around the place before the survey of the county is made and bring the campaign to a close as soon as possible. A great deal of scrap might help to bring the war to an end much faster and will deal much misery to the Axis powers."

should be on the coupons before they are turned over to the station operator. Do not expect the station operator to put this information on them for you. Also be sure and turn the book over to the station operator before he puts the gasoline in the tank. Do not wait until he has filled your tank to turn this book over to him.

All truck operators must have their tire inspection complete by January 15th and passenger car inspection must be completed by January 31.

Federal Income Tax Information

Series No. 1

(Beginning this week, your Donley County Leader will run a series of articles released by the Treasury Department to better acquaint the public with their Federal Income Tax problems.)

What is Income Tax?

The federal income tax is, as the name implies a tax levied upon incomes, and it is payable in relation to the amount of income. Income, for Federal income tax purposes, means in general any compensation for one's services, whether the compensation be in money or in goods or other services; it includes also the net value received for the product of one's labor, as farm produce in the case of a farmer; income from investments; profit from business operations; and other gains from sales and exchanges of goods and property. Certain limited categories of income are, however, tax exempt, and to the extent of such exemption are excluded in computing the tax.

Because of exemptions from the tax given to persons having less than certain stated amounts of income, as well as because of various deductions and credits allowable, only a small proportion of the number of persons receiving income have until recently been subject to the tax. Thus, of the

estimated 55 million persons in this country who received income in one form or another during the calendar year 1941, only some 26 million persons were required to file Federal income tax returns for that year, while of these same 26 million, more than 9 million were not taxable due to credits and deductions allowable.

As a result of the lowering of exemptions, many more persons are now subject to the Federal Income tax than before, and for the calendar year 1942 it is estimated that more than 35 million persons will file Federal income tax returns. To the large number of persons now subject to the Federal income tax, who have never reported income before for Federal tax purposes, an understanding of the law and applicable regulations is of prime importance.

An income tax return is a declaration on the part of the taxpayer of his total taxable income for the year, together with the various deductions, exemptions, and credits to which he is entitled. It is in reliance upon voluntary disclosures, and the integrity of taxpayers generally, that the cost of administration of the income tax can be kept at a minimum. Though the return is a voluntary statement, any person who willfully makes a return which he

does not believe to be true and correct in every material matter is subject to the penalties provided by law.

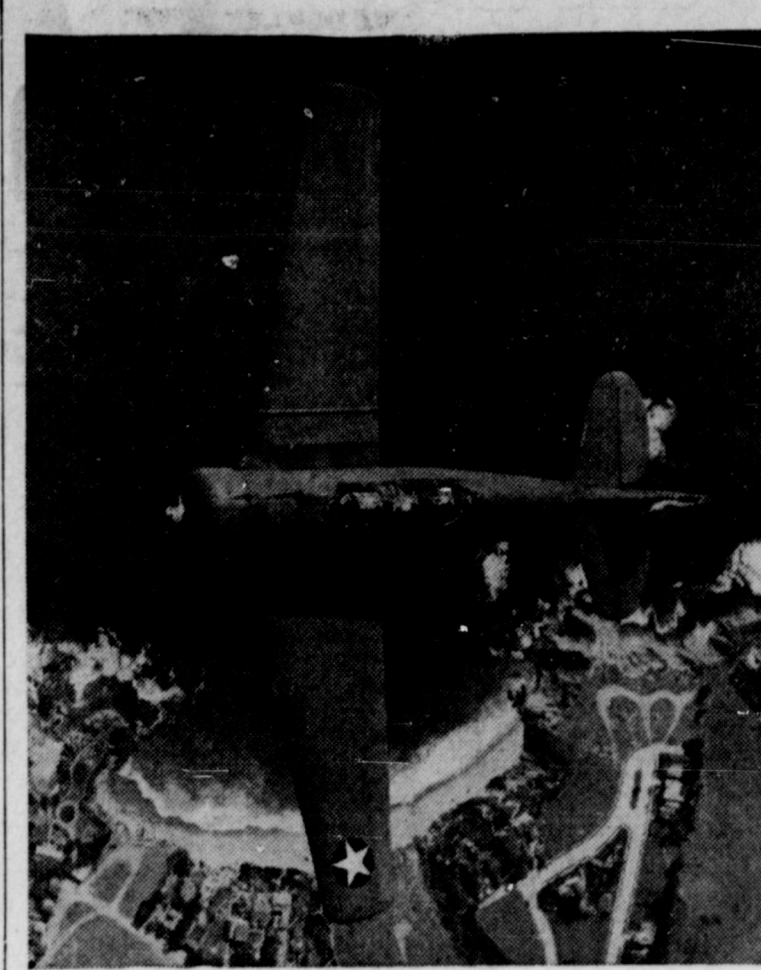

The first requirement of the law is the filing of an appropriate return. For individuals generally, this must be done by March 15 following the end of the calendar year. The return must be filed with the appropriate Collector of Internal Revenue for the district in which is located the legal residence or principal place of business of the person making the return.

Under the present law every single person, and every married person not living with husband or wife, having a total income (earnings, together with other income) of \$500 or more, and married persons living with husband or wife throughout the taxable year, who have an aggregate income (total earnings of both husband and wife, together with other income) of \$1200 or more, regardless of the amount of net income, must file a return.

ON THE HOME FRONT

The test of the mettle of Americans on the Home Front will come during 1943 as we learn the war's hardest lesson for those at home—the lesson of doing without. It is true that we have experienced some discomforts; we have also begun to lack some things once in common daily use, and have divided up the reduced supplies of other things by rationing. But on the whole, the goods and services we miss are only a small proportion of those we still enjoy.

When point rationing starts, all household stocks of items coming under the ration plan must be reported. Hoarders will be penalized by having to deduct coupon points for excessive supplies they have managed to accumulate. But unless all citizens are equally patriotic, hoarders and food speculators may cause acute local shortages before the plan goes into effect. Retail stores, already laboring under many war-time handicaps, are cooperating 100 percent in the program to combat hoarding, because grocery store managers recognize, probably as well as anyone, the great dangers to our economic system of "scarce" buying. In most cases, grocery stores are limiting the amount of canned goods which each person can buy.

CLAD IN ITS WAR PAINT, the TEXAN roars through the sky. The famous trainer, manufactured at the Dallas division of North American Aviation, Inc., was known as the AT-6 to the Army Air Forces, the SNJ to the Navy and the Harvard to the British before it was given its new name by the War and Navy departments at the suggestion of J. H. Kindelberger, president of North American. The TEXAN, a swift, sturdy plane, is powered by a Pratt and Whitney motor, has hydraulic landing gear, dual controls, two-way radio and is equipped with machine guns and bomb racks. It is one of the world's most universal planes due to the fact that cadet pilots of 26 nationalities are training in it.

every civilian everywhere—even for the soldier's wife who buys her food at army stations.

When point rationing starts, all household stocks of items coming under the ration plan must be reported. Hoarders will be penalized by having to deduct coupon points for excessive supplies they have managed to accumulate. But unless all citizens are equally patriotic, hoarders and food speculators may cause acute local shortages before the plan goes into effect. Retail stores, already laboring under many war-time handicaps, are cooperating 100 percent in the program to combat hoarding, because grocery store managers recognize, probably as well as anyone, the great dangers to our economic system of "scarce" buying. In most cases, grocery stores are limiting the amount of canned goods which each person can buy.

"Scarce" buying—usually born of detestable rumors—can accomplish only one purpose, that of giving Hitler and Tojo a great deal of comfort. We on the Home Front who are foolish enough to think that the Axis does not hear of dangerous "rumors" on goods here in the United States had better study our A, B, C's again. As a matter of fact, nine times out of ten we can trace such buying back to vicious rumors planted by the Axis in our country. If there is one resolution which the United States government would like for its Home Fronters to make in the new year, it is to stop listening to rumors. They are our most dangerous enemy on the Home Front. Rumors have only one purpose—to disrupt our war program. Everyone has to be a soldier in this fight. The rumor is an invisible enemy. And a tricky one. If we can ever get him out in the open, we can lick him. That is our job. Our advice is give a thorough examination to every rumor you hear. Do your best to trace a rumor to its source and then deflate it. There will be no medals for crushing this enemy, but Home

Fronters will have the comfort of knowing that they have made vital contributions to the war program.

AMERICAN PRISONERS GET RED CROSS PARCELS

American fighting men and American civilians taken prisoner and interned by Germany or Italy receive regular American Red Cross standard food parcels and necessary clothing as soon as the International Red Cross Committee at Geneva is notified of their capture and camp location. Prisoners receive a package a week and internees a package every two weeks. In addition, a prisoner may also receive a supplementary package every sixty days from his family or friends as soon as the Provost Marshall General's office has notified them of his whereabouts. Twenty thousand American Red Cross parcels were sent to the Far East last June on the diplomatic exchange ship Gripsholm, for distribution to American prisoners.

Too many Texas teachers are able to teach only one subject, an analysis by calls for teachers in comparison with applicants for positions, made by the University of Texas Teachers Appointment Committee, reveals. Combinations often required are English and speech, mathematics and science, English and library work, mathematics and athletics, science and athletics, music in combination with almost any subject.

Bonds buy bonds, Stamps buy bullets! Buy U. S. Defense Bonds or Stamps every pay day.

THE TEMPLE OF TRUTH

By the Apostle

Back through history we had the stone age, copper, bronze and iron ages. But they will be nothing to the age of plastic right ahead of us. Auto bodies and even residence buildings will be made

from plastics, we are told. Airplane bodies are already being made from plastic material. It is said to be lighter and stronger than material formerly used. Thermosetting plastics include that quality of material that stays moulded as it was first shaped. It cannot be remolded, it is stated. Then another composition known as thermoplastics may be warmed over and remolded at will. Great

sheets will be brought on and shaped by various forms of machines for many purposes in the retail store, we are further informed. Books will be bound in plastic after the war, as will thousands of other articles. One article states that homes will be bought by plan. The dealer will order the home by number. When the plastic home layout arrives, it may be erected in a few days or hours ac-

ording to the small number of workmen required. It may be taken down and moved, though it may be a home of several rooms, a trade journal states.

The old Apostle is most, most too busy to think up anything for this column this week. The hope still lives that a real column will be born of a different mood next week.

GOLDSTON

Little Donnie Matheson from Amarillo is visiting in the home of his aunt, Mrs. J. R. Brandon.

Mr. and Mrs. Watters from Clarendon visited in the home of their daughter, Mrs. Mary Sue Longan Sunday.

The sympathy of the entire community is extended to the Jewett family in the death of the wife and mother.

The following friends and relatives from a distance were here last week to attend the funeral of Mrs. Rosa Jewett: Mr. and Mrs. Floyd Blaylock, and son, Fulbright; Pvt. William Beck, Fort Warren, Wyoming; Mr. Tom Beck, Clarksville; Mr. and Mrs. Walter Jewett, Detroit; Mrs. Ben Osborn; Miss Mary Ida, Mr. Odell Osborn, Parnell; Mrs. Abilene Freeze and Mrs. O. B. Walker, Turkey; Mrs. John Earl Leffel and Mr. and Mrs. Isaac Ferguson, Amarillo.

Mr. T. B. Nelson is visiting in Dallas this week.

Mr. W. B. Miller left Monday morning for Amarillo where he is employed.

U. S. CIVIL SERVICE POSITIONS ANNOUNCED

Federal agencies need qualified applicants in engineering, drafting and radio so urgently that new liberalized examination requirements in all 3 fields were issued today in Washington by the United States Civil Service Commission, Mr. Elmer G. Hayes, local Secretary for the Commission announces.

Persons interested in becoming Federal Engineers, (any branch), Junior Engineers, Engineering Draftsmen, or Radio Inspectors may secure full information on new requirements and applications for applying from Mr. Hayes at the local post office.

There are no written tests and no maximum age limits, Mr. Hayes states and applications will be accepted in the Commission's Washington office until further notice.

Carolina Boys Aid In Penny Drive

Winston-Salem, N. C.—“We want to see Mr. Morgenthau” was the demand of two youngsters to the desk clerk at the Robert E. Lee hotel here. Each boy was lugging a heavy canvas bag of pennies. “We want to turn these in to Mr. Morgenthau,” they explained. “Send them right up,” the Secretary of the Treasury told the clerk, and the boys were escorted to Mr. Morgenthau’s room where they emptied the contents of their bags, amounting to approximately 2500 pennies. They were congratulated by the Secretary, and their pennies turned into a War Bond purchase. The Treasury is making a drive for the circulation of pennies due to the fact that no more are being minted because of the copper shortage. Pictured here with Mr. Morgenthau are the two boys, Aubrey Pegram and Freddie Hartman, carriers for the Winston-Salem Twin City Sentinel. U. S. Treasury Dept.

Positions to be filled are as follows:

1. Engineers, \$2,600 to \$8,000 a year. Appropriate experience is required.
2. Junior Engineer, \$2,000. So heavy are demands, college graduates and seniors not majoring in engineering may qualify by taking the tuition, free, government-sponsored, 10-week engineering course given in many colleges. Women particularly are wanted.
3. Radio Inspector, \$2,000 to \$2,600. Three to 4 years appropriate education or experience are required. Inspectors must be able to transmit and receive in International Morse Code.
4. Engineering Draftsman, \$1,440 to \$2,600. Appropriate experience or training required.

—On Pay Day, Buy Bonds—

A \$10,570 grant from the U. S. Public Health Service has been made to the University of Texas John Sealy College of Nursing, located at Galveston. Purpose of the grant is to increase facilities and teaching staff to train more nurses for the national defense program.

PRE-NUPTIAL ANNOUNCEMENT

Mr. and Mrs. Van S. Knox of Ashtola announce the approaching marriage, January 18, of their daughter, Christine, to Rev. Frank Baugh of Dallas.

Miss Knox was an honor graduate of both Clarendon High School and Junior College. She has been a student in Baylor University School of Nursing in Dallas for the past two years. At present she is at home with her parents for a few days prior to her marriage.

Rev. Baugh is the son of Mr. and Mrs. Clyde Baugh of Jackson, Missouri. He is a Baylor University graduate and student of Fort Worth Baptist Theological Seminary. He is pastor of Fruitdale Baptist Church in Dallas.

The ceremony will be performed in the groom's church by Rev. H. H. Kinkeade, pastor of Wellington Baptist Church.

The couple will be at home at 4326 Fordham, Dallas.

BLUE BONNET BRIDGE CLUB

Mrs. A. R. Letts entertained the bridge club at her home Thursday afternoon. Games of bridge were played at two tables. Mrs. R. A. Chamberlain was given high score prize; Mrs. C. T. McMurtry and Mrs. Fred Chamberlain cut high for consolation.

At the end of the games, a plate luncheon was served to guests. Mrs. R. A. Chamberlain, Mrs. T. H. Ellis and Mrs. L. S. Bagby; members, Mesdames, C. T. McMurtry, Fred Chamberlain, C. G. Stricklin, W. H. Patrick, John Blocker and hostess, Mrs. Letts.

1937 BRIDGE CLUB

Met with Mr. and Mrs. Geo. W. Estlack Tuesday evening. In the games, Mr. and Mrs. Alfred Estlack received high score, and Mr. and Mrs. A. B. Turner, low.

A delicious salad course was served after the games.

Those present were guests, Mr. and Mrs. Dee Lowry, Mr. and Mrs. Alvin Landers; members, Messrs. and Meses. John Gillham, Alfred Estlack, A. B. Turner, Geo. Wayne Estlack.

BIRTHDAY PARTY

Jane Duke, daughter of Mr. and Mrs. J. T. Duke, celebrated her 8th birthday with a party at her home Wednesday afternoon.

A variety of indoor games were played and refreshments of ice cream and cake were served.

Those present were Jane Duke, Laquita and Gayle Ayers, John Hester, Betty Ann Speed, Biffie Dee Blair, Patricia Ann Estlack, Joe Lynn Ballew, Norma Ann Bobbitt, James Holman, Annette Thomas, Teddy Shelley, Doris Crawford, Douglas Duke.

Mr. and Mrs. Frank Bourland and Mrs. C. C. Powell were Amarillo visitors Wednesday.

Mrs. Homer Mulkey was in Amarillo on business Monday.

MISSIONARY SOCIETY

Missionary Society of the First Christian Church met in the parlors of the church Wednesday at 3 p. m. with Mrs. Liesburg as hostess who received her guests graciously and presented to our honored guests, Meses. Hayter and Tucker each a lovely corsage, which they enjoyed throughout the afternoon.

The business period was presided over by the President, Mrs. L. Guy Ament. Then Mrs. Ruth Jacobus led in a very interesting program. The theme: "The Missionary Message of the Bible, Jesus Christ, the World Missionary." After the program in which a number of ladies had a part, the meeting closed with a lovely social hour. Two of our faithful ladies Mrs. Hayter and Tucker, having birthdays were given a surprise handkerchief shower. This was greatly appreciated by both. The hostess was assisted in serving a dainty refreshment plate by Mrs. Mulkey and Mrs. Anderson to sixteen members: Meses. Hayter, Tucker, Ament, Clappitt, McClenny, Anderson, Casey, Pipes, Percival, Jacobus and little son, Mulkey, Shelly, Hurst, Neaves, Bro. Ament and the hostess, Mrs. Liesburg.

—Reporter

DOLL-TEA PARTY

Laquita Ayers, daughter of Mr. and Mrs. Gilmer Ayers, entertained a few of her little friends with a doll tea party Thursday afternoon.

After playing games, the youngsters were served sandwiches, cookies and hot chocolate.

Those present were Biffie Dee Blair, Jane Duke, Jackie Estlack, Anette Thomas, Patricia and Barbara Estlack, Betty Jo Speed, Zella Crawford, Laquita and Gayle Ayers.

JUNIOR VICTORY CLUB

Dorothy Nell Kemp entertained this Club at her home Saturday afternoon. Several hours were spent in knitting and chatting.

The hostess served a lovely salad course to Elise Norwood, Mary Ann Bromley, Patty Molesworth, June Atteberry, Alma Jo Mosely, Dorothy Nell McNeal, Melba Ruth Grady, Ada Sue Smith, Betty Jean Brown, and Dorothy Jean Tatum, and guest Edith Jo Beckett of Memphis. The Club will meet with Dorothy Nell McNeal Saturday afternoon.

1930 NEEDLE CLUB

Met with Hattie Palmer Tuesday afternoon at her home. The afternoon was spent in sewing and visiting.

Refreshments were served to Meses. Mozelle Wright, Ona Tatum, Nora Decker, Bernice Abbot, Marie Patterson, Nina Armstrong, Marguerite Carpenter, Fred Russell, and hostess Hattie Palmer.

Mrs. N. S. Percival and son Bill spent the Holidays with her children in Amarillo.

WIN ONE S. S. CLASS

Met at the home of Mrs. C. L. Benson Monday afternoon in business and social meeting. Mrs. G. T. Palmer gave devotional. Report of committees were given and plans for the new year were discussed. Red Cross work was distributed among the members.

Lovely refreshments were served to Mesdames G. T. Palmer, C. D. McDowell, J. T. Patman, Jesse Podl, Lon Rundell, Will Johnson, A. A. Mayes, Tom Connally, C. C. Powell, Walter Taylor, Mattie Hudson and hostess, Mrs. Benson.

ASSEMBLY OF GOD CHURCH

J. J. Grubbs, Pastor
Sunday school—10 a. m.
Preaching—11 a. m. and 7:30 p. m.
Prayer Meeting, Wed.—7:30 p. m.

EPISCOPAL CHURCH OF ST. JOHN BAPTIST

Rev. Frank H. Hutchins, M. A., Clergyman
Mr. Walter B. Knorpp, Lay Reader

Sunday, January 10—First Sunday after Epiphany—11:00 a. m. Morning prayer and sermon—Mr. Knorpp.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor
Next Sunday, Jan. 10, will be Homecoming Sunday. The roll call will be one of the features of the special day. A covered dish luncheon will immediately follow the church services. Bring your dish and meet with us. The luncheon will be in the basement of the church. There will be some out of town guests with us. I am sure. Let us make it a splendid day of worship and social fellowship. Tell others and bring your guests with you.

This roll call and luncheon is the annual affair of the church, and we are anxious that everyone be with us on this special occasion. So make your plans to be one with us. We trust a goodly number that were associated with us will be in our roll call.

Sunday school begins at 10 a. m. and the church services at 11 a. m. We are inviting the public to come and worship with us. Remember the day, January 10th, at 11 a. m. You will be welcome.

RED CROSS VOLUNTEER SERVICE

Mrs. W. A. Riney, Chairman of the knitting, is still asking for our good knitters to help with this rush order for armed forces. The rooms are again open between the hours of 3:00 and 5:30 each afternoon.

Sleeveless sweaters have been issued to Mrs. C. D. McDowell, Mrs. Frank Hutchins, Elizabeth Ann Beverly, Mrs. W. C. Beverly, and Mrs. Karl Adams.

Turtle-necked sweaters were issued to Mrs. Ed Dishman and Mrs. Sella Gentry. Gloves to Mrs. C. D. McDowell, and Mrs. Ed Dishman, mufflers to Mrs. W. T. Clifford, Mrs. J. B. Hutson, Mrs. Joe Kendall, Mrs. D. W. Clappitt, and Mrs. A. L. Chase.

Mrs. Sella Gentry was the first to turn in a turtle-necked sweater for this rush order, which she knitted in less than a week.

Mrs. J. B. Hutson turned in eleven afagan squires.

A sleeveless sweater was turned in by Mrs. D. F. Wadsworth, a muffler by Mrs. W. T. Clifford and some gloves by Mrs. Frank McClure. These were for the armed forces.

Knitted garments for the refugees were turned in by Mrs. Alvin Landers, who turned in a muffler and Mrs. C. W. Taylor, who turned in a sweater.

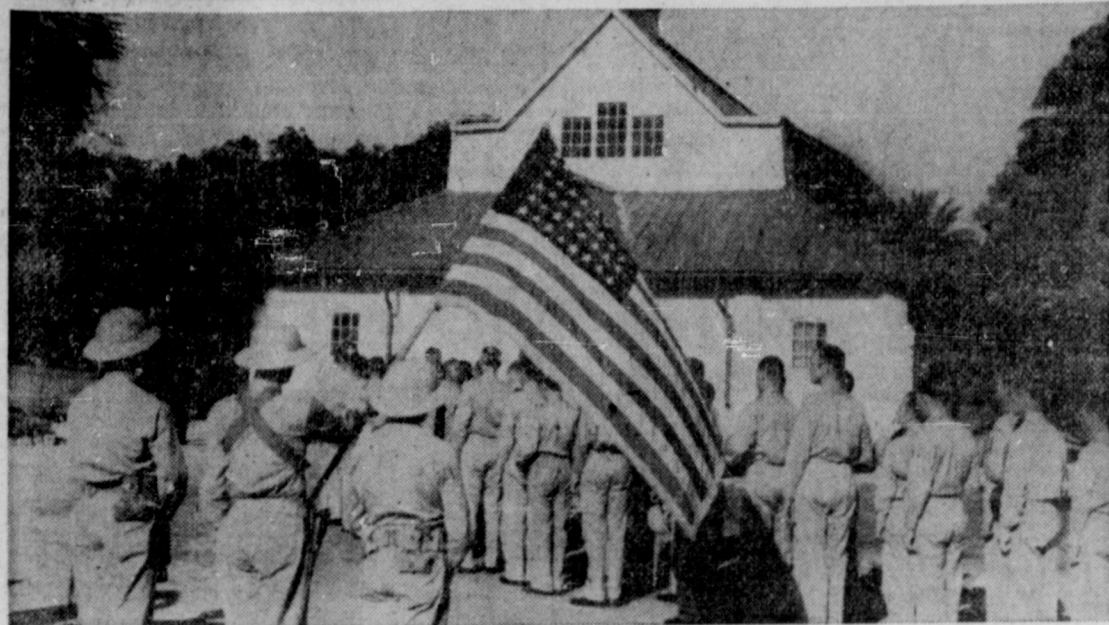

Sewing
Mrs. C. L. Benson turned in twenty-four (24) slips made by the following ladies of the Home Demonstration Club: Mrs. Karl Adams, Mrs. O. C. Watson, Mrs. Henry Williams, Mrs. G. A. Anderson, Mrs. A. G. Lane, Mrs. Clyde Butler, Mrs. Cap Lane, Mrs. J. C. Estlack and Mrs. C. L. Benson.

Mrs. Earl Myers of Lelia Lake turned in 100 women's blouses. In our column next week we will give the names of the ladies who sewed on these garments.

Mrs. Bill Patman turned in 36 children's pajamas from the Win-A-One Sunday School Class. The names of these ladies will appear in next week's column also.

Mrs. A. T. Jefferies turned in 26 blouses from St. John's Episcopal Auxiliary.

Last Rites

AMERICAN SOLDIERS with bared heads, and a color guard stand outside a church in Leopoldville, Belgian Congo. They have gathered to attend the funeral of the first American nurse to die in service on the African continent, Lieutenant Gertrude Edwin.

We issued 110 blouses to Mrs. M. H. Rhoades for the Ashtola community. We are very happy to have these ladies working for us again.

The soldier's kit bags are not being taken out as soon as we had hoped. These bags should be completed this month. Any society wishing to do this work, please call Miss Molesworth, No. 365, as soon as possible. The Win-A-One Sunday School Class of the Methodist Church has taken 25 bags this week, which still leaves 150 to be made.

HOME SERVICE

Mrs. C. A. Burton
Several releases from Red Cross Headquarters have been in regard to delayed allotments from soldier's pay and the accompanying Government allowances. Those expecting these helps are urged to

be patient, and not to write letters of inquiry. The explanation is given that there are so many hundreds of thousands of these claims, and every letter which must be answered takes time in the offices.

The statement by Secretary of War, Stimson, that all packages for the overseas armies which were mailed by Nov. 1, would be delivered by Christmas Day brought comfort to the "home front", the loved ones sending these packages. He states the volume of Christmas overseas mail is about three times as large as that of 1917-18 combined.

There has been quite a little disappointment about sending Christmas greetings in the homeland by wire or by cable to foreign countries, but they have been refused in many cases because of

Government priorities on the wires.

A cheering note was sounded with the announcement that five hundred tons of food, clothing and medical supplies would probably reach American military and civilian prisoners in the Philippines during Christmas week.

Air mail addressed to a member of the armed forces in care of the Postmaster at New York, San Francisco, New Orleans, Miami, or Prisque Isle, Me., requires six cents postage for each half ounce of weight, from Seattle, six cents for each ounce.

The railroads have authorized continuance of existing reduced round trip furlough fares for the duration of the war. This fare is 1 1/4 cents per mile each way, with stop-overs, and good for 90 days. It is available to military and

naval personnel, including Army and Navy nurses and members of the Women's Army Auxiliary Corps and of the Women's Naval Reserve. These rates are granted to men and women in uniform and to coach fares only.

The Office of Dependency Benefits, the War Department, has recently ruled that two affidavits of dependency are required for each Class B dependent, even when they belong to the same family.

CARD OF THANKS

Friends in time of need— is a friend indeed.

We want to thank each and everyone for their kindness and words of sympathy, in our dark hour in the loss of our wife, mother and sister. We also thank our friends for the beautiful flowers, the Rev. E. L. Moody for his words of condolence, Dr. Stewart for his untiring efforts, and Womack Funeral Home for their services. May God's richest blessing be with you.

Mr. A. W. Jewett and Children,
Mr. and Mrs. Walter Jewett
Pvt. Bill Beck and Wife,
Mr. Tom Beck and Family,

Billie Lu Gilbert returned to school at Lubbock Monday.

Mr. and Mrs. Frank White Sr. and Mrs. Glen White of Shamrock were in Amarillo Monday.

Texas Farmers In The War

College Station—Texas farmers occupy a large section of the production line of this country, according to Tyrus R. Timm of the A&M College Extension Service. In verification, Timm gave this breakdown of farmers' contributions to the war effort in a talk before the Texas Academy of Science on the College campus recently:

One out of every eighth farm in the nation is in Texas; 10 per cent of the beef cattle; one-fifth of the sheep; one out of three of the acres planted to rice and cotton, and one out of each three grapefruit eaten are produced in this state. Timm is the extension economist in farm management.

Discussing the problems in holding their place in the production line, the economist said that already one third of the farm labor supply, involving family laborers and employed help, either has left or been taken from the farms. Two thirds of this decrease has been in family labor, suggest-

ing why the government has stabilized the man power supply engaged in dairy, livestock and poultry production.

"Nevertheless," he added, "if the war continues through 1944, U. S. Department of Agriculture economists estimate that one third of those engaged in agriculture in 1939 will be off the farm. But I don't think farmers can expect too much government assistance as long as production continues high. Notwithstanding, rural people not only are going all out for victory with their resources and physical strength, but are doing

an equally impressive job with their mental strength.

"Texas rural people today are more conscious about how closely our public problems are related to agriculture and even to their individual farms. They are buying all of the War bonds they can, thus helping to reach the goal asked by the President—that of having everybody help finance the war, which is the real democratic process."

Mrs. James Wofford of Amarillo spent the week end with Mrs. Haskel Kemp.

Increasing Meat Production Is Good Business

MIDWAY
Mrs. John Goldston

Mrs. Rayburn Smith left Jan. 1 for Denver, Colo. to visit her daughter, Jo Ann, for awhile.

Mr. and Mrs. Herbert Johnston have bought the G. A. Anderson farm east of Goldston store and will move to it soon.

Corp Marvin Jones came over from Lubbock Wednesday and moved his mother to Clarendon. She has an apartment at Mr. Goodner's. The Loyd Moreland family moved into the Jones house.

The Moreland family were assisted by neighbors in their move. Mr. Moreland being still in the hospital recovering from a broken leg in the gin explosion some week ago.

The Everett Stevenson's will move to the Bill Meaders farm where the Moreland's moved from and the Baker farm, where the Stevenson's live, is rented to a Mr. Swinney.

This past week seemed to be Donley county butchering week. Nearly every family having hogs, did some butchering. Near McLean where the Son lives, a community vat was used and 18 hogs butchered in one day on his farm. This was a neighbor get-together to save fuel.

Guests in the Holland home on Friday were Mr. and Mrs. Foster, parents of Mrs. Buford Holland, of Childress; Mr. and Mrs. Will Dixon of Quail, Miss Anna Mae Curtis of Lubbock and Clarence Graham of Quitaque.

Mr. and Mrs. Hefner had as dinner guests, Tuesday, Mr. and Mrs. Quattlebaum and Miss Nancy Stidham.

Mr. and Mrs. Quattlebaum entertained Mr. and Mrs. Hefner and son Loyd and Mr. John Naylor.

Mr. John and Carl Naylor were called to Wichita Falls New Years day to the bed side of their mother, Mrs. T. L. Naylor who is seriously ill.

John Naylor returned home and reports his mother as some better.

Mr. and Mrs. Edwin Eanes returned to San Antonio last week after a return to Kentucky for some weeks for Mr. Eanes and a visit with Mrs. Eanes' parents for her.

Mrs. Clifford Davis and son Billy and the Bankheads of Amarillo visited in the W. K. Davis home Sunday.

Mrs. W. M. Pickering was returned to her home Monday from St. Anthony's hospital, convalescing from a major operation.

Carl Naylor returned Monday from Wichita Falls reporting his mother as resting. Mrs. Naylor is to remain in bed for two months.

Mr. and Mrs. Nelec Robinson visited in the Longan home Monday eve.

Mr. and Mrs. J. T. Lambersown and children spent Friday night with the Longan's.

Mrs. A. B. Stephens returned to her home at Plainview Saturday after a two weeks visit with her mother and brother J. C. Longan at Hedley.

Miss Katie Meaders, Mr. and Mrs. Meaders and Mary Ellen Williams went to Amarillo Monday for consultation with a doctor.

Edith Jo Beckett of Memphis visited Patty Molesworth last week.

Mr. and Mrs. John Blocker and Irene Lankford were in Amarillo Monday.

Ruth and Ruby Blackman of Amarillo visited friends in Clarendon Sunday.

COLLEGE STATION—Increasing meat production not only is patriotic but it's good business, I. W. Duggan, director of the AAA's southern division, told Farm Bureau members at their convention in Waco.

"Regardless of shortages and the difficulties which face them, farmers in the South must increase the production of livestock and livestock products," Duggan said, pointing out that he referred not only to Texas ranches but to farms throughout the South.

Duggan pointed out that the mid-October farm price of hogs was 126 percent of parity and the farm price of beef cattle was 136 percent of parity, compared with cotton which was bringing the farmer 99 percent of parity, corn 78 percent, and wheat 76 percent.

"With these relative prices, it is profitable for southern farmers to increase their livestock production, especially if it can be done with home-produced feed and pastures," he declared.

The 1943 AAA farm program is designed to assist farmers in their all-out production for the war effort, the AAA official said.

Conservation practices, such as seeding permanent pasture grasses, establishing cover crops of winter legumes, and applying lime and phosphate, all contribute directly to the war effort, because it is through these practices that farmers can increase their production of vitally-needed war commodities, he explained.

Duggan congratulated Texas farmers for the big contribution they made to war-time agricultural production in 1942, especially in vegetable oils, but he warned that production will be even more difficult in 1943 because the farmers must face the same handicaps as last year, except they will be even greater.

Dorothy Jo Taylor of Pampa visited home folks the week end.

Geraldine Pratt left Monday for Lefors for work as librarian.

Mrs. Odis Martin and son Jimmy are at Dumas.

NOTICE TO THE PUBLIC
Owing to the extremely technical requirements necessary to meet the 1942 Income Tax Regulations, necessitating more time and work, and to meet the high costs of living, I find it necessary to raise my charges for this work. My fees have always been reasonable, and still will be, but I must charge as I have to pay, in keeping with other professions and the way of life at this time.

For men in the armed forces, there will be a nominal fee just to take care of actual expenses, charged.

J. A. WARREN
Thanks,
(45-tfc)

MODERN MOLLY PITCHERS "GO TO WAR"

Above, a modern Molly Pitcher—a typical woman war worker at the Hyatt Bearings Division of General Motors—greets the Revolutionary War heroine in a symbolic ceremony marking the formation of the initial Molly Pitcher Brigade chapter at Harrison, N. J., which bids fair to expand into a national movement with thousands of members. At right, two members of the Hyatt Molly Pitcher Brigade are busy in a G.M. plant where they are helping to fashion weapons of war for their fighting men.

HARRISON, N. J.—Molly Pitcher is fighting for American liberty again.

Although she is not loading and firing a cannon at her fallen husband's side, she is in this war beside her husband and is playing a part as vital as the role of her Revolutionary predecessor. For the modern Molly Pitcher is today's woman war worker, and her efforts on the production front will contribute very largely to final victory.

Symbolizing the rebirth of the spirit of the Revolutionary heroine, the women war workers of the Hyatt Bearings Division of General Motors here have formed a Molly Pitcher Brigade, which, from the outside interest aroused in it, bids fair to become a national movement with thousands of members.

A group of Hyatt girls met last summer to form the organization. Reserving for themselves the right

of being the charter unit, the Hyatt group has extended invitations to fellow women war workers to join them in similar Molly Pitcher Brigade units. Women workers in both war plant and office, married or single, are eligible for membership.

Though not called upon to do battle as the original Molly Pitcher did, the women of today have an important part in this all-out war. They are asked to fill the empty ranks of industry as the men go to the front, and some of these women are filling their own husbands' posts. Besides their war work, the Hyatt Molly Pitchers, now 400 strong, are carrying on a number of other activities to aid the men in service—raising money to supply them with cigarettes and other treats, knitting, writing letters and sending books and gift packages to them.

The Molly Pitchers are so intent

on their efforts that they asked the Hyatt plant to set aside its plans for sending Christmas boxes to the men. Then the brigade took over. Through their own efforts they raised \$1,200 and sent 350 Christmas boxes to the Hyatt men in service. Each box represented a cost of \$3 and contained good things to eat as well as shaving cream, writing materials and other needed items.

It was not many miles from Harrison, at the Battle of Monmouth on June 28, 1778, a very hot day, that Mary Ludwig Hays carried water for the thirsty American patriots during some of the fiercest fighting of the Revolutionary War. Legend has it that when her own husband fell, Molly—the grateful soldiers had dubbed her Molly Pitcher—manned his cannon and kept the piece firing through the battle.

West Texas Woman Selected For WAAC Officer Training

Mrs. Gertrude Oppenheim, former employee of the Army Air Force Bombardier School near Midland and Odessa, has been selected for Women's Army Auxiliary Corps officer candidate training. She enrolled November 11th in the WAAC at the Lubbock Army Recruiting Station and was sent to Des Moines, Iowa on November 27th.

Mrs. Oppenheim's husband,

Lieutenant James R. Oppenheim, has been missing since the fall of Bataan, P. I., and perhaps at present is a "ghost" of the Japanese Government. Mrs. Oppenheim felt that by joining the Women's Army Auxiliary Corps she would be more able to help the war effort.

Many officers are needed now in the WAAC. Due to the recent order increasing the Corps to 150,000 members, it is necessary to train qualified women for leadership positions. All officer candidates are now selected from the

auxiliaries ranks. Women who demonstrate unusual ability and leadership qualities will be selected for officer candidate training.

The WAAC offers the women of America a real opportunity for service. Qualified women between the ages of 21 and 44, inclusive, are urgently needed to replace soldiers in non-combatant jobs. Soldiers released will be sent to active duty.

Women interested in joining the Women's Army Auxiliary Corps should contact the nearest U. S. Army Recruiting Station at once.

YOUR VICTORY TAX

By J. A. WARREN

Income Tax Consultant, Clarendon, Texas

The so-called Victory Tax is a temporary tax imposed upon every individual American citizen, whose gross income for the year 1943 amounts to \$624.00 or more, in the case of wage or salary earners, and the same amount for those operating some kind of business, less certain deductions.

In the case of wage earners, there are no deductions, the tax being imposed upon gross income, over and above the amount above specified.

The Victory tax rate is five per cent of your salary, over and above \$12.00 per week or \$26.00 semi-monthly, and is required to be deducted from your salary each pay period by your employer, who should furnish you with an official receipt for some. These receipts should be retained by the one to whom given in order to show your record of payments for the year. Then at the end of the taxable year 1943, your Victory Tax report for the entire year is filed in connection with your regular income tax report before March 15th, 1944. In case you have overpaid, then the balance due you may be applied on your regular income tax.

In the case of business operators, payments are for the same amounts, but are not payable until the end of the taxable year, at which time they file their Victory Tax Report along with their regular tax report, as do wage earners. Business operators have the same personal exemptions for Victory Tax as do wage earners, but have certain business deductions in connection with the operation of their businesses, which are too complicated to go into here.

Withholding Victory Tax payments by Employers does not apply to services performed by a member of the Military or Navy; Agricultural labor; Domestic Services in a private home; Casual labor not in the course of employer's regular trade or business. Employers Reports of Victory Tax withholdings from his employees are to be made to the Collector of Internal Revenue, Dallas, Texas, together with remittance

covering the same, quarterly, along with his Social Security Reports, but on separate forms, however, which will be furnished by the Department. In case employer does not have these forms, he should communicate with the office of Collector for his district, which in our case, is Dallas, Texas.

You will note that married persons have the same personal exemptions for Victory Tax purposes as do single persons, that is \$624.00. This apparent difference is taken care of, however, in the post-war refund of this tax, by returning more each year to a married person, than to a single person. In this post-war refund by the government, single persons receive annually 25% of the Victory Tax, or \$500, whichever is less; 40% or \$500.00, whichever is less, to married persons, living with husband or wife, filing separate returns; 40% of the Victory Tax or \$1000.00, whichever is less, to married persons filing joint returns; the same for a qualified Head of a Family; 2% of Victory Tax for each dependent, or \$100, whichever is less.

As soon as practicable, after the war is over, the amount of the post-war credit which has not been absorbed by the taxpayer, if any, will be credited against any income tax then due by the taxpayer, then any balance will be refunded to him.

So, for wage earners' duties in connection with their Victory Tax is to keep their receipts given them by employers, or at least some accurate record, and for business operators it is just a question of a complete record of your business.

QUICK RELIEF FROM Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID

Free Book Tells of Home Treatment that Must Help or it Will Cost You Nothing

Over two million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Upset Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. Land is 700 Miles Away...

BUT WHICH WAY?

BEST WISHES

for 1943!

THE WAR is getting closer to home. West Texas papers now are frequently carrying stories about local boys... killed or missing in action... or found after many days afloat in a rubber raft... undergoing indescribable hardships and suffering.

West Texas boys, unused to bottomless, endless stretches of ocean water, are learning to read the sun, the stars, the wind, and the drift in order to survive.

They feel a terrible need of training and experience to give them a better chance of reaching land—maybe 700 miles away.

Whatever the job—be it navigating a rubber raft or operating a light and power system—experience and training are needed to successfully cope with the technical problems involved.

Because the men and women who run

this company had that training and experience over many long years, you've undergone no inconvenience resulting from a shortage of light or power.

The war created new and greater needs for electricity. But the problems of supplying it were not new to us. Our plant engineers, linemen, servicemen already had the know-how.

This is one of the advantages of free enterprise and business management as opposed to political control and bureaucratic mis-management. You've got to know how to run a power plant... or navigate a rubber boat. There's no time or place for inexperience!

West Texas Utilities Company

Red Cross Parcels Reach Prisoners

American fighting men taken prisoner by Germany or Italy and American civilians interned by those countries receive regular American Red Cross standard food parcels and necessary clothing as soon as the International Red Cross Committee in Geneva is notified of their capture and camp location. A total of 5,931 food parcels were reported dispatched during November to United States prisoners of war and internees in camps in Europe. Prisoners receive a package a week and internees one every two weeks.

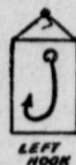

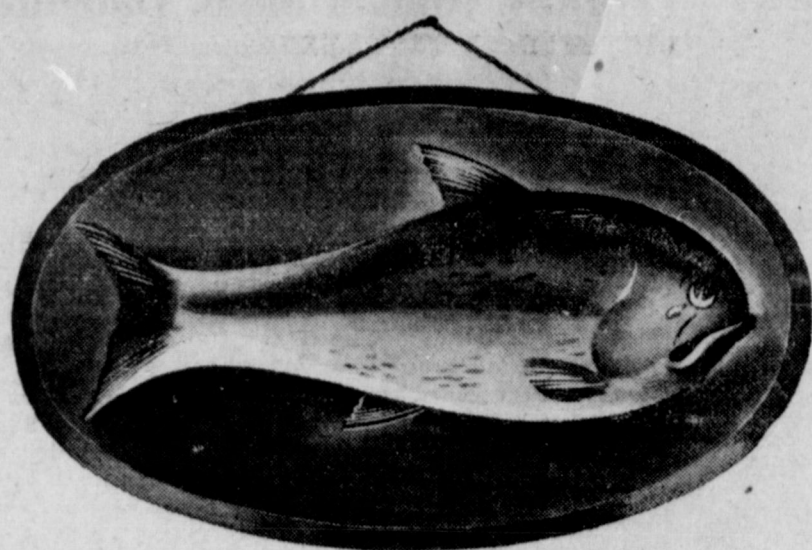

In addition to the standard Red Cross parcels, which have been carefully prepared by nutrition experts to counteract any vitamin deficiencies in the regular prison diet, a prisoner also may receive one supplementary parcel every sixty days from his family or friends as soon as they have been officially notified by the Provost Marshal General's office of his whereabouts. Full directions for sending these parcels are sent to the next of kin at the time of notification. Information also may be obtained from any postoffice, under regulations recently issued by the Board of Economic Warfare, no individual export license is now required.

The American Red Cross food parcels contain evaporated milk,

biscuit, cheese, cocoa, sardines, pork, beef, chocolate bars, sugar, coffee, powdered orange concentrate, prunes, cigarettes and smoking tobacco. The contents of each package weigh 8 1/4 lbs. The shipping weight is 11 lbs.

Large numbers of these standard food parcels have been shipped through the neutral port of Lisbon. They are carried from Lisbon on a vessel chartered by the International Red Cross Committee, under a safe conduct guarantee from the belligerents, to Marseilles, or Genoa, and from there are sent by rail to Geneva. The International Committee arranges for their transport to the camps, where they are handed out by the "man of confidence", the camp leader chosen by the prisoners from among themselves. A system of receipts in triplicate, and constant checks by the International Red Cross Committee delegates who make periodic inspections of the camps, assure that all parcels are received by those for whom they are intended.

Twenty thousand American Red Cross parcels were sent last June to the Far East on the neutral diplomatic exchange ship, the Gripsholm for distribution by International Red Cross Committee delegates to American prisoners in Japan, Occupied China, and the Philippines. The Gripsholm also

*"I Wouldn't Be Here Now
If I Had Kept My Mouth Shut"*

COPYRIGHT 1942

HIRSHON-GARFIELD, INC.

The above friendly reminder is passed on to the civilian public that it will better serve the United States and her Allies by keeping mum, as far as military news is concerned.

The poster is typical of the

many decorating the walls at the Lubbock Army Flying School.

Little rumors, apparently harmless, when pieced together by foreign agents may lead to the needless deaths of American soldiers and sailors.

During wartime the American public must curb its characteristic desire to hear and pass on gossip and rumor, said officials of the advanced twin-engine bomber training school at Lubbock.

carried 1,000,000 cigarettes, 10,000 tins of smoking tobacco, \$50,000 worth of medical supplies, and quantities of clothing and other necessities furnished by the Army and Navy.

Much larger quantities of supplies have been loaded on the Gripsholm in anticipation of her second sailing, for which final clearance with the Japanese is still awaited.

Ever since the entry of the United States into the war, negotiations have been carried on vigorously through Red Cross and diplomatic channels to establish a regular shipment of food parcels and other comforts for American prisoners in the Far East. Delay in completing such arrange-

ments for prisoners of war is not unusual. It took almost a year before the British could make satisfactory arrangements for sending regular supplies of food parcels from England for British prisoners held in Germany, in spite of the short distance to the Continent and other obviously more favorable factors.

In addition to the distribution of material aid, all information about prisoners of war is cleared through the International Red Cross Committee's Central Agency for Prisoners of War at Geneva, to which the belligerent nations acting under the terms of the Geneva Convention of 1939, send lists of those captured, and the location of their prison camps, for transmission to the country interested.

Up to December 9, 1942, Germany had reported 228 U. S. prisoners of war and 1,491 interned U. S. civilians, of whom 788 were men and 703 women. Italy had reported 15 U. S. prisoners of war and 21 U. S. internees of whom 13 were men and 8 women. Japan had reported 1,442 U. S. prisoners of war, 310 Army, 728 Marine Corps and 404 Navy and 1,883 U. S. internees, 1,596 men and 287 women. Japan holds many times this number of Americans, and every available means is being used to obtain from Japan complete lists of names, the furnishing of which is required under the International Convention which that country has agreed to apply.

Combat Trainer Plane Named For Texas

DALLAS, Jan. 2—Texas had a namesake in the air today after J. H. Kindeberger, president of North American Aviation, Inc., announced that the combat trainer made in Texas by his firm had been named in honor of the Lone Star State.

Previously the ship, which is being manufactured in the first war-time aircraft plant to be constructed in the state, was known as the AT-6 to U. S. Army pilots, the SNJ to the Navy, and as the Harvard to British fliers. It will now be known as the Texan throughout the United Nations.

In making the announcement concerning the Texan Mr. Kindeberger pointed out that the main reasons for giving the plane its new name are the fine job that Texans are doing in building it and the fact that Texas is rapidly becoming one of the Nation's air centers, both from the standpoint of the air services and the industry.

The Texan is a two-place low-wing monoplane which is standard equipment at Army Advanced training fields. The same ship is produced for the Naval Air Services and with slight variations in design it is used to train thousands of pilots in the RAF and other British Empire forces. It comes close to being the most universal plane manufactured in the United States since the pilots of 26 nations are training in it.

The Texan is powered by a Pratt and Whitney engine and is fully equipped with two-way radio, retractable landing gear, variable pitch propeller, bomb-racks and machine guns.

TWO JOBS

The action of the medical profession in voluntarily supplying the armed forces with practically the full quota of physicians requested for 1942, has proved that this country can still get a few things done without employment of legislative force. Ernest Lindley, Washington commentator, recently complimented the doctors on the success of their effort when he said: "A few months ago the prospective shortage of physicians in the Army was serious. The job of overcoming this was undertaken by the War Manpower Com-

mission with the cooperation of the American Medical Association. A roster of 176,000 licensed physicians was available from which to draw the military quota of 42,000 for 1942, while preserving as far as possible an even distribution of medical care for the civilian population. This recruitment is still in process. With the year almost three-fourths gone, five-sixths of the quota has been filled."

Nowadays an ocean seems to be a large body of water entirely surrounded by trouble.

"I'm saying this for Uncle Sam!"

FOR VICTORY

BUY UNITED STATES WAR BONDS AND STAMPS

"I speak for the pleasant, happy things in life... all the things we necessarily now have less of. You know... tires, radios, gas, fuel, food, fun, leisure and all the like. In its own way, your bottle of ice-cold Coca-Cola is almost a casual symbol of such pleasant things.

"Everybody eagerly accepts wartime restrictions. We'll have the good things, again, someday. But now it's work harder and fight, too. We've got a tough war to win. And no matter what anybody is doing to help (this doesn't go for fighting men) nobody is doing his full share if he's not buying U. S. War Bonds and War Stamps regularly. Are you buying them? Are you buying your share in Victory and in the good American way of life?"

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY MEMPHIS COCA-COLA BOTTLING COMPANY

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary
Donley County ACA

The farmers of Donley County will be disappointed to know that the machinery for this county is very small. The state allotment of machinery is so small that it would not allow very much for each county. The following is the total amount of new farm machinery for Donley County: one (1) Row planter, horse drawn other than one row; two (2) lists with and without planting attachments; one (1) moldboard plow, tractor drawn or mounted; one (1) one way, disk plows or tillers; two (2) spike tooth harrows; one (1) spring tooth harrow; one (1) disk harrow; six (6) tractor drawn cultivators; four (4) wheel type tractors; three (3) farm wagons; four (4) cream separators; one (1) horse drawn mower; one (1) tractor drawn mower; two (2) combines, 6 feet and less; one (1) combine, over 6 feet; one (1) row binder.

Used farm machinery is not rationed, therefore farmers are urged to try to get good used machinery, or to repair their own machinery if at all possible, because when the county runs out of its quota there is no way that the Machinery Rationing Committee can get additional amounts. It is suggested that repairs be made immediately, or at least parts that will be needed be ordered immediately.

Farmers will be delighted to hear that some checks are arriving. Although checks are mailed directly to the Producers, the County Office gets a copy of the receipt showing that the checks have been delivered. We should be delighted to help you figure

W. T. LINK
LAWYER

INCOME TAX SERVICE

For Excellence in Investment

Courtesy of Los Angeles Examiner
THE MOST YOU CAN BUY IS THE LEAST YOU CAN DO

out what your check should have been, or how it was paid out, in the case of Crop Insurance Premiums, and Assignments.

Within the next two months the county office will prepare individual farm maps and paste or fasten them to individual farm folders. These folders will be given to or mailed to farmers on request. We feel that these maps will be of great assistance to farmers in planning their crops. These maps will be prepared showing the farm boundary, the permanent field boundaries, the permanent field number, and acreage directly under it. Plot boundaries will not be shown on these maps, as their lines will change every year probably, but permanent fields will remain the same from year to year unless physically changed by the Operator. It must be remembered that these maps are only to approximate scale and cannot be depended upon for actual measurements.

The county office will soon be

ready to start taking crop Insurance Applications for 1943 crop year. The 1943 program, I believe, has been greatly improved over last years program. I feel that the premiums are more equitably distributed, and spread over the entire county. The amount added for the loss of seed has been increased to 20%. A producer may insure still for 50% or 75%, as he could last year, but he may have the choice of staple length generally grown in this area, that is, 7/8, 15/16, 1 inch. Any information you should need regarding this program we will be glad to give you.

County Can Save Steel For 686 Machine Guns

Donley County housewives can save enough steel for 686 machine guns simply by replacing one can of fruits or vegetables a week during the next year with fresh or home-packed produce, a leading food distributor estimated today.

"This substitution, urged by the War Production Board, will not only save steel but also conserve food by using extra supplies of fresh produce made available by increased production, canning restrictions and reduced storage facilities," according to Earl R. French, marketing director of A&P's produce-buying affiliate, the Atlantic Commission Company.

A number two "tin" can averages .235 pounds of steel plus a small amount of tin, and a single family can save 12.2 pounds of steel in a year by the can-a-week reduction, French said. Thus Donley County's 1,970 families can save 24,034 pounds of steel, enough to make 686 thirty-calibre machine guns, each requiring 35 pounds of steel for manufacture, he pointed out.

"Reduced buying of canned produce doesn't mean reducing food consumption. Housewives can balance their family diets by serving more fresh produce, and our records show that many families are already doing this. American farmers last year moved 142,372 carlots of fresh fruits and vegetables to consumers through the Atlantic Commission Company, 10 per cent more than in 1940 and an all-time high record, and present indications are that they will move as much or more this year," French said.

The program would save 20,594,954 pounds of steel if carried out by all of Texas' 1,688,111 families, it was brought out. On a national basis, America's 31,000,000 families could save enough steel to make 5,000 medium tanks or 38 Liberty freight ships, and enough tin for 360,000 75mm. howitzers.

Forrest Helton who spent his furlough with his wife and baby, left Tuesday night for Ft. Bliss, El Paso where he is in the service.

Mrs. Russell Barton of Amarillo spent the week end in the home of Mr. and Mrs. S. M. Barton.

Mrs. Edith Maher left last week for her home at Seymour. Her daughter Marilyn accompanied her home for a visit. She returned home Monday.

Mrs. Fay Scoggins left Saturday for Florence, Ariz., after visiting through the holidays with her daughters, Mrs. Geo. Wayne Estlack and Mrs. Lawrence Whitlock and mother, Mrs. H. Tyree.

Turkey Woman Slain, Daughter Wounded, Farm Home Burned

MEMPHIS, Jan. 4.—Mrs. Nora V. Warden, farm woman, was shot to death at her farm home near Turkey this morning.

She was shot in the back of the head and in the shoulder and arm with two charges from a shotgun.

Her daughter, Mary E. Warden, also was shot in the shoulder. She is in a hospital here. Her condition is not considered serious.

Charley Warden, husband of the slain woman, is in the Hall County jail here, after having surrendered to Constable Bill Wedge of Turkey.

Following the shooting, which occurred in a pasture about 75 yards from the Warden home, which is seven miles northeast of Turkey, the farmhouse in which Mrs. Warden lived was burned to the ground.

Sheriff W. C. Anderson of Memphis, after investigating the shooting said, Warden declined to make a statement.

Mrs. Warden filed suit for divorce several months ago. She was 38 years old.

Besides the daughter, Mary E. Warden, two other children survive. They are Bessie Lee, 12 years old, and William E. Warden, eight years old.

Burrell Rhea left Monday for New Wilson, N. C., after spending his furlough during the holidays with home folks.

Pvt. Herbert Martin of Los Angeles, Calif. and Pfc. Raymond Martin from San Antonio spent the Xmas and new year holidays with their parents, Mr. and Mrs. A. G. Martin.

June McMurtry left Sunday to resume her studies at the University of Texas at Austin.

Laverne McMurtry has accepted a position at Amarillo.

Mrs. David Johnson visited her husband, David Johnson at Amarillo the week end.

INSTRUCTORS WANTED

"How would you like to be trained to instruct soldiers in radio, shop work, or air plane mechanics at an Army Air Forces Technical School at Amarillo, or Wichita Falls, Texas and make \$2000 a year?" Mr. Elmer G. Hayes, Local Civil Service Secretary inquires of high school graduates in this area, 20 years old and over, who have had a minimum of one year of college training.

An intensive local recruiting program has been started according to Mr. Hayes for the purpose of locating qualified persons for filling Junior Instructor positions with the Air Corps at either Amarillo or Wichita Falls. The jobs are open to men and women, but women with university training are especially urged to apply.

Applicants must possess one of the following qualifications in addition to a high school education: one year of college, a six month's course at a resident technical radio school, completion of a defense training course in radio, a C.A.A. airplane mechanic's or ground instructor's certificate, or one year of technical training as an aircraft, auto or radio mechanic, sheetmetal worker, welder, machinist or camera repairman. Applicants will be rated on experience and those selected will be assigned to a three months training course at an Air Force Technical School during which time they will receive their regular salary.

Applications may be secured from the Local Civil Service Secretary at the Post Office and should be filed immediately with the Director, Tenth Civil Service Region, Customhouse, New Orleans, La.

Mr. and Mrs. Charley Trent of Wichita Falls spent the week end visiting his parents, Mr. and Mrs. James Trent.

NOSTALGIC SIGN POST—Young Army engineers add an extra arrow to a sign post on the route of the Alaska Highway far up in Northern wilderness.

Don't Waste Your Venison

College Station—The deer which hunters bag this fall should mean more to the family larder than a brief variation in the home menu. With less beef, veal, pork, lamb and mutton available for civilian buying, all of the carcass from hide to hoofs should be saved. The hide is a contribution to the nation's supply of tanned products, and the meat, which may be conserved in cold storage or by bringing, is a valuable reserve against future emergencies in the domestic meat situation.

Here are some observations from Roy W. Snyder of the A&M College Extension Service which will be helpful in obtaining the fullest return from a deer carcass. It should be treated comparably to beef or lamb in processing. The hams and loins make the best

steaks, but the thin bony portions do not make good steaks or roasts. Snyder, who is animal industries specialist, says that if the owner of the carcass has access to a freezer locker the ideal procedure is to have it skinned, cut into desired pieces and placed in a locker box. Otherwise, the thicker muscles should be cured successfully.

The shoulder, neck and lower portion of the ribs when boned make good sausage. A good recipe calls for two parts deer meat and one part of fresh pork fat. For a drier sausage use three parts deer meat and one part of pork fat. Season with 14 ounces of salt and three ounces of black pepper to 50 pounds of the meat. One and one half ounces of sage may be added to the seasoning mixture according to taste.

O. L. Smith Jr. of Dalhart visited his grandmother, Mrs. Monica Harvey and sister Joyce Smith, Monday and Tuesday.

Here They Are! CHOICE FOODS At THRIFTY PRICES

SPUDS Per Peck	49c
