

Enlarged Donley County Stock Show Dates Set For March 3-4

Gas Company Gets Temporary Injunction In Local Rate Case

SHOW WILL HAVE TWO DIVISIONS AS BEFORE

DIRECTORS NAME CLYDE GILBERT AS PRESIDENT AT ANNUAL MEETING

Clyde Gilbert, well-known Donley County stockman, was selected by the association as president for the coming year. J. D. Swift was named vice president, and R. W. Moore, secretary-treasurer. The selections were made at the annual meeting of the directors of the show Monday afternoon. D. E. Leathers, Carroll Lewis, E. S. Ballew, C. C. Gilbert, J. D. Swift, Bert Mayfield, Bert Smith, Homer Mulkey, H. M. Breedlove, and J. R. Gillham are the directors of the organization.

The group voted to hold the show with respect to entries. Eight hundred pounds was set as the dividing line for the junior and senior calf division to more nearly equalize the two groups. Groups of five, singles in junior and senior divisions, grand and reserve champions are the divisions for the calf show. Litters of five or more, pens of three, light singles under 225 pounds and heavies over 225, grand and reserved champion pigs were divisions named for pig show. Groups of five, single fine wool and single mutton, reserve and grand champion lambs are the division classes for the lamb show.

Homer Mulkey, Allen Bryan, Odos Caraway, Cap Morris and Bert Smith were named as the finance committee for the show. Approximately \$250 will be needed to sponsor the show, which is the climax of a year's work for over 100 4-H and F. F. A. Club members. Individuals and business firms alike will be asked to subscribe the premium list for what will be the largest fat stock show in Donley county history. Thirty-five calves, 150 pigs and 40 lambs will be shown in the local show.

E. M. Regenbrecht, extension service swine specialist will judge the swine show. Mr. Regenbrecht is also judge of the swine division of the Amarillo Fat Stock Show. K. J. Edwards, district agent of the extension service will judge the lambs and calves.

Misses Berkeley Ryan, Vera and Eugenia Noland and Mrs. Joe Ritter and daughter, Jo Ann, visited in Hereford Sunday. Jo Ann Ritter met her grandparents, Mr. and Mrs. I. M. McCuan of Farwell there, and returned home with them.

BUGBEE LAND SOLD FOR \$123,000 TO AMARILLO MAN

JACK ROACH OF AMARILLO BUYS LAND; LEASED LAND PREVIOUSLY

Setting out the purchase price at slightly over \$123,000, a deed was filed here Friday announcing the sale of the last large block of the famous Col. T. S. Bugbee "old home ranch" to Jack Roach of Amarillo.

More than 17,000 acres of range and farm land were included in the sale.

The tract of land was a part of the old Quarter Circle T, founded as the Panhandle's second ranch, soon after Colonel Goodnight started the JA. Bugbee and his young wife were forced to halt when a swollen stream and a scattered herd delayed progress. There in a dug-out surrounded by buffalo, 10 days by wagon from the nearest town, the Bugbee ranch began.

Mr. Roach has held a lease on the land purchased for the past several years, has operated it successfully as a ranch, and it is reported that he will continue to raise stock, and do some farming as a supplement to ranch operations.

J. H. MILLER NEW PRESIDENT FOR LOCAL CHAMBER

PORTER VICE PRESIDENT; GILLHAM RE-ELECTED SECRETARY-MANAGER

J. H. (Jimmy) Miller, local manager for the Wm. Cameron & Co., yards, was elected president of the Clarendon Chamber of Commerce, Monday evening at the annual re-organization meeting of the board of directors of the body, held at Caraway's Cafe. Miller succeeds Frank White, Jr.,

New C. of C. Head

J. H. (JIMMY) MILLER

who has held the presidency for the past two years.

J. R. Porter was elected vice president, and J. R. Gillham was re-elected as secretary-manager for another year at the same salary. L. E. Thompson was continued as director for the West Texas Chamber of Commerce from this city.

Routine matters came up for discussion, with emphasis upon the North-South Highway project being given special attention. It is probable that Clarendon will be represented in a delegation made up of Perryton, Pampa, Turkey, Sweetwater, El Dorado, to Del Rio citizens appearing before the February hearing of the highway commission at Austin in behalf of the projected road. Completion of the survey of the Clarendon to Turkey designation heightens interest in the route.

President Miller and Secretary Gillham will announce the personnel of all standing committees in a few days, and the annual membership drive will take place in the next week or two.

Directors and officers appeared well pleased over the accomplishments of the organization during the past year.

Present at the meeting were Directors Miller, Burton, Braswell, Patman and retiring Director Douglas, and Secretary Gillham.

B. F. Kirtleys Attend Funeral of Father At Hubbard

Mr. and Mrs. B. F. Kirtley returned the latter part of last week from Hubbard where they attended the funeral of Mr. Kirtley's father, A. C. Kirtley, who died there Thursday. The funeral services were held from the family residence at 10 a. m. Friday by Rev. R. L. Vanderpool and interment was in the Fairview cemetery.

Mr. Kirtley, who was 77, was born in Clarksville, Ark. He came to Texas when a young man and worked in Dallas. He went to Hubbard and engaged in the saddle and harness business there until the time of his death. His wife died in 1914. His survivors include four daughters and two sons, one of whom is B. F. Kirtley of Clarendon.

All-Boys Recital Will Be Given Tonight at 7:30

An all-boys recital will be given Thursday night, Feb. 2, at the clubrooms at 7:30. Pupils of Miss Mary Cook, dancing; Mrs. C. E. Bairfield, expression; Mrs. Allen Bryan, piano, and Mr. Ray Robbins, band, will be presented at this time. The boys will give various numbers, demonstrating their talents.

Those appearing on the program will be Jimmie Frank Heath, Gene Bryan, Clyde Benton Douglas, Jimmie Douglas, Manly Bryan, Jackie Heath, Dewey Tom Heath, Jimmie Dean Howe, Billy Thornberry, Lewis Chamberlain, John Miller Morris, Dick Kennedy, James Wesley Palmer.

CLARENDON NETS \$43.20 IN DRIVE VS. PARALYSIS

LARGE CROWD ATTENDS BALL AND MANY GIVE TO MARCH OF DIMES

The President's Birthday Celebration with the accompanying drive for funds to fight infantile paralysis was quite successful locally according to Alex K. Cooke, local chairman. The drive, which included the March of Dimes contribution and the Birthday Ball netted \$43.20 here. Half of this will go into the National Foundation and half will be held in trust for the local group by the state organization. This will be used to aid any local victims of infantile paralysis.

The total income from the March of Dimes and the Birthday Ball was \$125.60 and expenses amounted to \$82.40. The March of Dimes contributions were \$31.60 with the South Ward school children giving \$13.34 to the cause. The Birthday Ball had \$84 taken in and the Rhythmair Club contributed \$10 to the fund. Expenses were \$16.33 for materials, i. e., posters, buttons, birthday cards; printing and advertising, \$11; rent of hall for dance, \$10; music for dance, \$5.07; and miscellaneous expenses, \$5.07; making a total expense of \$82.40. A number of birthday cards were filled out and sent in but the number will not be known until acknowledged by the national committee.

A large crowd attended the ball and very much enjoyed dancing. Local citizens evinced much interest in the drive and contributed generously to it. Chairman Alex Cooke had as his assistants, Mrs. A. T. Jefferies and Buddy Knorpp.

Haven For Refugees Planned Here In The Panhandle

NEW YORK, Jan. 31.—Henry Santrey, who envisioned—with million-dollar backing, he claimed—a Texas settlement for refugees of Europe, reported today his plan was to take tracts from various parts of the state.

The promoter at first planned to utilize a single vast acreage near Pampa but said various offers, including one of 500,000 acres in the Rio Grande Valley near Brownsville, brought the change.

Santrey, who asserted a New York banker, whom he would not identify, was ready to back the enterprise, said he also had offers of land near San Antonio Lubbock and Plainview.

He would not specify from whom came the offers, saying that would bring price increases. Santrey said the proposal had met with no disapproval, but in Texas state government officials expressed sympathy for the refugees, but no approval of the plan to stake thousands of them in that state.

Santrey, a public relations counsel, proposed to set up the refugees in tent cities, where they would work out their destinies, converting wilderness into cities, farms and ranches.

Re-Elected

J. R. GILLHAM who was re-elected Secretary-Manager of the Chamber of Commerce early this week.

WEEKLY AUCTION SALES OPENED TODAY, 1 P. M.

MANY ENTRIES AND LARGE CROWD OF BUYERS EXPECTED

J. R. Bain, owner and manager of the weekly auction sales being inaugurated here today, under the auspices of the Clarendon Livestock Commission Co., announced all arrangements ready to go this morning, for the beginning promptly at 1 o'clock.

The revamping of the old Harry Blair barns and pens now under lease to Harry Brunley into convenient sales ring and pens, has been completed and livestock began coming in for the sale yesterday, followed with many more this morning.

The sales have been advertised over a wide area and general interest indicates a goodly number of buyers for the first sale today, with increasing number as the every Thursday auctions gain momentum.

Clarendon merchants are pleased over the prospect of building up another good day for retail sales in each week as the crowds increase with the popularity of the auction.

T. S. Jamison is the auctioneer and the Chamber of Commerce is paying for his services at this initial sale.

W. T. S. T. students from Canyon who were home for the week included Joan Thompson, Dorothy Powell, Dorothy McCormack, Fannie McGowan, Nellie Grady, Peggy Word, Allen and Ardis Patman, Vivian Taylor.

INTERSCHOLASTIC LEAGUE LEADERS NAMED HERE

DATES FOR MEET TO BE DETERMINED AT A LATER DATE

The executive committee for the Donley County Interscholastic League met was named Thursday by principals and teachers who met at the county superintendent's office.

Dates for the annual meet were set, but Director General George W. Kavanaugh said the committee would meet at his office next Tuesday night to select the dates.

Members of the executive committee are director general, Kavanaugh; director of declamations, Mrs. L. B. Owens; director of extemporaneous speech, Lu McClellan; director of debates, Ineva Headrick; director of spelling, Geraldine Pratt; director of ready writers, Willie Anna Gorman; director of rural schools, C. E. Buck, director of athletics, Emil Hutto.

Porter Buys Purebred Herefords to Build Up His Herd

J. R. Porter attended the Fraser dispersion sale of linebred Herefords at Hereford Monday of this week and bought two fine cows to add to his herd on his place in the Goldston community.

The sale was one of the largest held in the Panhandle for months and some forty cows and fifteen bulls went under the hammer. Cows averaged \$229.25 each, while the bulls averaged \$169.

Porter's purchases included a Fraser cow at \$250, and a Hines cow consigned to the sale, at \$140. This will improve his herd breeding and bring his cattle up to a higher standard according to his plans.

SWEEPSTAKE WIN FOR LOCAL FFA TEAM AT TULIA

AWARD IN POULTRY AND CROP JUDGING IN STRONG COMPETITION

Members of the local F. F. A. poultry and crop judging teams won sweepstakes honors in the annual Tulia invitation judging meet Saturday, January 28, when they won in both events. Twenty teams were entered in the poultry and twelve in the crop contests. Lezuddy defeated the locals in the poultry event, and Friona was victor in the crop judging. Clarendon was high in the sweepstakes with a total of four with two second places, to six for Friona, the second place school with a total of six from one first and fifth places.

Junior Spier was fourth high individual in the poultry judging event. The three members of the poultry team missed only one out of 100 and five questions on the standard, and were high team on the examination. Carl Morris and Horace Green were other poultry team members. Howard Gibbs, Pete Morrow and Cecil Hickman were the alternates in the contest. Hickman was high alternate of the entire contest.

Gene Putman was fourth and Rex Shannon were sixth in individual placings in crop judging. Ray Isham was the other team member. Rex Moore was the high alternate of the contest. Other Clarendon alternates were George Moore and Roy Bulls. Gene missed only one of 50 seed identifications and the local team was high in seed identification.

LIONS MEMBERS ENJOY ALASKAN COLOR MOVIES

PADUCAH LIONS BRING INTERESTING PROGRAM BY R. W. SIMPSON

One of the best entertainment features enjoyed by the local Lions Club was the program brought here Tuesday noon at the regular weekly luncheon when a group of Lions from Paducah visited the Clarendon group and presented moving pictures of a vacation in the Canadian Rockies and Alaska. R. W. Simpson, Paducah, theatre operator, showed the pictures and lectured as they were shown. Most of the pictures were in technicolor and brought the beauty and charm of the north in a never to be forgotten manner.

Mr. Simpson, with his wife, made the Alaskan trip last summer, driving to Seattle, where they left their automobile and made the sight-seeing tour by water and rail. The pictures of the resort country around Banff, Canada, the Yukon river tour, Seaward, Rampart, and Matanuska—the government re-settlement project, Skagway and Ketchikan, held his audience spell-bound for

BISHOP I. L. HOLT TO PREACH HERE ON FEBRUARY 9TH

SERMON AT METHODIST CHURCH THURSDAY AT 4:00 P. M.

Clarendon is complimented in the appearance here at the First Methodist Church, Thursday, Feb. 9th, at 4 o'clock, of Bishop Ivan Lee Holt, a clergyman of world renown, and at present the presiding bishop of the Northwest Texas Conference of the Methodist Church. The preaching hour

Will Appear Here

BISHOP IVAN LEE HOLT

is set at 4 o'clock to fit in with Bishop Holt's schedule coming here from Pampa en route to Denver, Colo.

Methodists from a large area will come here to join the local congregation in hearing Bishop Holt, according to Rev. H. C. Gordon, pastor of the local Methodist Church, and members of other faiths are also cordially invited to hear the noted divine. Before Bishop Holt was elected to the office of bishop at Birmingham last spring, he had already attained world-wide eminence as the president of the Federation of Churches of Christ in America. He held a pastorate of one of the great Saint Louis churches for 20 years, and has been in the forefront of every progressive religious and educational movement in the nation for the past three decades. Recently he was awarded with a coveted honor for his leadership by the governor of Pennsylvania. He is in large demand as a preacher and a speaker on world problems.

Before Bishop Holt appears in his sermon here at 4 o'clock, he will speak privately to stewards and laymen of this lower side of Clarendon District in one of the smaller rooms of the church. This arrangement was made by Presiding Elder G. T. Palmer and Sam M. Braswell, district lay leader. Some thirty or forty stewards will be in the group. A similar meeting for the stewards of the upper side of the district will be held at Shamrock on Tuesday afternoon at 2 o'clock, when Bishop Holt will address them, according to the district lay leader.

Mr. and Mrs. Bill Greene and Miss Rhoda Weidman spent this week in Fort Worth and Dallas at the spring market showings.

Miss Nettie Sims left this week to accept a position in the PSA office in Memphis.

over forty minutes.

In the Paducah party were E. A. Carlock, editor and publisher of the Paducah Post, Postmaster Hobson, Arch DuPriest, utilities manager, and Mr. Simpson. The two first named are past-presidents of the Paducah Lions Club. All are inveterate sportsmen—hunters and fishermen of renown.

Other visitors of the day were Dr. R. E. Anderson, Clarendon, and former Lion Joe Bownds, late of this city, but now of near Lakeview.

HEARING SET AT AUSTIN MONDAY FEBRUARY 20TH

CLARENDON CONSUMERS ARE BILLED AT OLD RATE PENDING VERDICT

The old seventy-cent rate for gas served to local consumers by the City Gas Co., did not give way to the 51-cent rate ordered by the Railroad Commission of Texas effective on January billing, according to the hopes of the City Commission and Clarendon citizenship.

The Upham interests, who own the City Gas Co., here, filed for a temporary injunction in the 98th District Court at Austin on January 28th, and the injunction papers were served on members of the Texas Railroad Commission, Attorney General Gerald C. Mann, Mayor Connally and the City Commission of Clarendon, and W. T. Link, as city attorney. The papers arrived here Monday and were promptly served, which ended all hopes of the new rate for gas in Clarendon going into effect on gas used in January, and also the refund of the over charge of the difference between 51c and 70c less ten per cent since Jan. 1939, to all consumers since that time.

The plaintiffs are J. A. Upham, Mabelle G. Upham, and U. P. Upham and Harry B. Upham.

The hearing on the injunction plea will be heard in Austin before Judge J. D. Moore of the 98th District Court, on Monday, February 20th, and the evidence in the case will be presented as if it was a new cause of action. If the court upholds the Railroad Commission, the gas company may appeal to the Appellate Court, if it elects to fight the rate and refund still further.

In the petition the gas company pleads under the 5th and 14th amendments of the U. S. constitution, declaring the new rate of 51 cents confiscatory, and that they have been denied "due process of law" in the decision of the commission.

Mayor Tom F. Connally said the city would likely have representation at the hearing in Austin on Feb. 20th, in line with the announced intention here to continue all reasonable efforts to secure a just rate for Clarendon people.

H. Lott Dies Today, Funeral Here Saturday, 2 p. m.

A wire was received here today just before press time with the information that H. Lott, former residence, died today in his home in Shreveport, La. Funeral services will be held in Clarendon Saturday at 2 p. m. at the First Methodist Church. Other arrangements are unknown. Lott, former resident, died last citizen of the Panhandle, left here about 1925.

Miss Margaret Kerbow spent the week-end in her home in Memphis.

COTTON YIELD IN THIS AREA IS OVER THIRD LESS IN 1938

DRY WEATHER AND ACREAGE CUTS ARE HELD RESPONSIBLE

The report of the Department of Commerce of Washington as to cotton ginned prior to January 16th in Texas reveals a marked decrease in ginnings of the staple in the Lone Star State, in 1938.

The gin report published in the News January 5th indicated a yield of around 12,000 bales, based on the report of 11,719 bales, reported. The later report showed 12,352 bales ginned. In 1937 a report covering the same period showed 19,515 bales.

BUILDING IN STORE FOR CLARENDON

One of the most likely activities for the coming year in Clarendon is a modest building and remodeling boom in the residential section of the city. It is said that there are a number of home projects about ready to break, and when it starts there will be quite a little of it.

In recent months Clarendon has had the good fortune to be rid of a number of old houses and hulls that have been torn down or moved, until there is a decided scarcity of desirable housing quarters at the present. Besides ridding the town of outmoded and unsightly structures in our otherwise attractive city, this movement has released a number of desirable building sites for prospective homes of the modern type.

Yes, Clarendon is in line for a building boom, and every line of business will be aided by it when it comes.

TECH WILL NOT PLAY SUNDAY FOOTBALL

There is a general applauding of President Clifford B. Jones of Texas Technological College at Lubbock for his announcement that the famous Red Raider football team of that school would not play a Sunday football game. President Jones had previously written the Attorney General of Texas, asking for a ruling on the matter, and that official had replied that there was no state law against Sunday football games.

It is refreshing that we have at the head of Texas Tech a man who makes his own decisions, and a man whose moral standards forbid doing what is legal from the standpoint of a state law, when it is so palpably an infraction of the moral law concerning the sanctity of the Sabbath.

Football is a robust and worthy American game, but to survive, it deserves and must have the protection from gambling and Sunday desecration.

STRAIGHT FROM THE HEART

Humility is often a sign of true greatness. Only last week Caps sat with a group of two hundred men while one of the members, in pleading for effort in behalf of wholesome camp life for underprivileged children, told of two years his family of five lived in a two-room negro hut on the wrong side of the river.

The man was worth well over a hundred thousand dollars, was well known throughout the state and only a few knew of his humble beginning. What made the story he told more remarkable was that both his son and his brother were members of the same club, his daughter had just married and he had served as president of the group. And the scene was in the same city in which he spoke.

To this man, who is both a business man and a sportsman, the important thing was to help other boys living under the conditions under which he had been forced to live. That he confessed, before his personal friends, that he, his brother and sister had lived in such humble surroundings was incidental to the cause.

"What good fortune might have come my way," he said, "has been due 90 per cent luck and 10 per cent to being in the right place at the right time."

There is a man!—Caps and Lower Case.

SO SAY WE ALL!

JUST HUMANS

By OENE CARR

"Hey, Pop, Wring Ya Whiskers Out 'Fore Ya Go in Dere!"

THE OLD-TIME RELIGION

The late Tom Marshall, vice president with Woodrow Wilson, once stated that what the United States needed was "a good 5-cent cigar." Being somewhat of a philosopher, and a humorist as well, what he really meant was for the country to get down to simple things.

Talking with a prominent editor recently I remarked that what the world needed was a good old-fashioned religious revival—and he agreed with me.

Religion does something to a man or woman that nothing else does. It is unfortunate that so many people get religious only when they get in trouble, or when they lose their personal possessions or when a sudden danger threatens. Just consider what would happen if they carried it around with them in the midst of success! Too many people use religion only for emergency purposes.

The people who came in the early days to settle this western world were men and women deeply religious. They went through almost unbelievable hardships. But their dependence upon a power higher than themselves gave them courage and faith. And from the small hamlets and farms were bred those who have made America great. No Godless nation has ever endured, or ever will.

How many a human being has come back to life and happiness through the memory of the old-time religion bequeathed him at the humble family fireside in youth. The old gospel songs and the simple teachings of Bible truth have influenced more men and women toward great leadership and usefulness than any other power on this earth.

I have attended some of the great revival meetings of the past quarter of a century, and while I always heard criticism of their emotionalism and methods, I never knew a city in which they appeared that wasn't left in higher spiritual mood. The Moody, Chapman and "Billy" Sunday revivals did something to a town. Crime decreased while they were on and people became less selfish and more thoughtful.

The more a person believes in God the more all people believe in Him. This belief and faith is the heart of the old-time religion by which men live and strive and become masters of themselves.—George Matthew Adams.

NOBODY'S BUSINESS

BY JULIAN CAPERS JR.

AUSTIN. — The 46th Legislature began to take on much the same appearance as its last predecessor this week, as the atmosphere cleared, and the tax fight settled down to a three-cornered brawl between those who want a sales tax, those who want additional natural resources taxes and those who want no taxes at all.

The strategy of the sales tax folks, who were responsible for the recommendation of Gov. O'Daniel for a Townsend plan "transaction tax," so far has placed them in a strategic position. The public reaction to the multiplied tax embraced by the "transaction tax" plan has been so unfavorable that it lay for a week without a sponsor willing even to introduce it. Finally, Rep. Alfred Petch, ardent sales taxer, agreed to sign it, merely to get it before the Legislature, but announced at the same time he was against it. There is virtually no possibility that it will even be submitted.

Meanwhile, Petch and Senator Sulak will push their proposal for a 2-2 per cent retail sales levy, which they would permit as a constitutional amendment.

The natural resources tax bloc, slow to get into action, offered two tax bills this week. One is an omnibus bill, hiking the oil, gas and sulphur levies, by Albert Derden of Marlin, which he estimates will get \$23,500,000 annually. The other, by Abe Mayes of Atlanta, calls for a levy of 6 cents per 1000 feet on natural gas, which he thinks would raise \$63,000,000, and most of this, he claims, would be paid by out-of-state buyers of gas.

Yet to be introduced is some form of income levy, either gross or net, probably both, which will be offered as a money raiser which does not contain the objectionable features of the sales tax.

It is much too early to determine what course the tax fight will take. There is always the possibility that in the general wrangle over what is the best way to get the money, the session will expire without any new tax bills being enacted. That has happened before.

APPOINTMENT BATTLES

As forecast in this column, dissent over appointments by Gov. O'Daniel to some key positions, has broken out. Carr P.

Collins, of Dallas, insurance and hotel executive seems sure of confirmation as chairman of the Highway Commission. Opposition from an East Texas bloc, who contended for an East Texan, has melted, and unless Senator Bill Graves of Dallas objects, which he probably will not, Collins will be confirmed. A small storm is raging about confirmation of Elster M. Haile, as tax commissioner. Haile claims to live at Hereford, Texas. Sen. Joe Hill claims he lives at Kingman, Kan., O'Daniel's former home. The Senate deferred action to hear further evidence.

Approval was given Harry Knox, Jr., Brownwood national guard lieutenant, as adjutant general, despite protests of World War veterans. Knox is too young to have fought in the late war. Organized labor has entered bitter protests against confirmation of Joe Kunschik, member of the Southwestern Telephone Workers' Union, of Austin. Labor folks claim this is a "company union," disapproved by the National Labor Relations Board, and want a member of one of the nationally recognized unions.

One of O'Daniel's major appointments—life insurance commissioner and chairman of the insurance board—went to Truett Smith, district attorney of Lynn county, and former law partner of Senator G. H. Nelson. The Senate had not considered this one of the weekend, but some opposition, based on Smith's lack of insurance experience, may develop.

JUDGES FORM LOBBY

County judges and commissioners have formed a powerful lobby behind their bill to devote part of the 1-cent gasoline tax now used to retire county road bonds on roads later taken over by the state, to take up bonds on non-eligible, or county lateral roads. Senator Will Pace of Tyler is their floor leader. Criticism of the bill is based on the fact that 28 counties will get 50 per cent of the benefit, and that bond speculators, who have bought up lots of these county bonds, many at half price, will enjoy a huge profit when the bonds jump to par, if the state takes over the payment of them.

AUSTIN NOTES

Rep. Martin Dies, of Beaumont, nationally famous Red-hunter, recruited a lone negro editor from Houston, to appear with him and help protest confirmation of Ex-Gov. Jimmie Allred as federal judge. The rest of Texas' 6,500,000 citizens don't seem to mind Allred's appointment, so the national Senate is expected to confirm Judge Allred very shortly.

... Senator Franklin Spears of San Antonio is author of a bill that would permit 70 per cent of the barbers in any community to fix the price of haircuts and the hours of opening and closing the shops, with a criminal penalty for those who don't abide by such decision. The New Dealers in Washington, who seek to regulate business out of existence, ought to draft Spears. . . . Rep. DeWitt Hale, of Farmersville, young law student, has offered a reorganization bill, which would combine the 100 departments, 18 bureaus and commissions into 10 governmental departments. The bill probably won't get to first base, but it evidences real statesmanship ability on the part of a young representative who will be heard from again. . . . Feb. 7 will see the first skirmish in the battle to raise the present absurd 7,000 pound load limit on motor trucks, when the House highways committee will hold a hearing on the House measure, authorized by Abe Mayes and Homer Leonard, of McAllen. Senator Rogers Kelley of Edinburg has an identical bill pending in the Senate. . . . Several old favorites have appeared, including bills to legalize sale of whiskey by the drink, a public utility regulation bill by Senator Olan Van Zandt, and a legalized race track gambling measure with a local option feature attached. . . . In Dallas, they gave the Linz award, a cup symbolizing outstanding public service, to Karl Hobitzelle, theater magnate and newspaper publisher, who raised over 70,000 in a single day for the benefit of refugees from Germany's Hitler, by benefit performances in his theater chain. . . . Texans are anxiously watching the action of Congress, to see whether the present silver-purchasing agreement with Mexico shall be renewed after June 1. U. S. silver purchases are about all that have kept the Cardenas government going recently, and since the seizure of American oil properties by Cardenas, Texas oilmen are hoping this government will cease paying financial "angel" to our unappreciative neighbor.

The colachan fish is 12 to 15 inches long and has very oily flesh. Alaskan Indians dry them, put a strip of inner bark of the cypress tree through them from head to tail, and use them for candles.

TWO STARS ARE BORN—Priscilla Lane and John Garfield who play top roles in "Four daughters," Warner Bros. film version of a famous Fannie Hurst story, coming to the Pastime, have been hailed by the nation's critics as most promising of the year's new crop of stars.

"Your Daughters" Based On Story By Fannie Hurst

What happens when four devoted sisters fall in love with the same man? "Four Daughters," the Warner Bros. picture based on a Fannie Hurst story, which opens at the Pastime Theater, Saturday night prevue, takes that as its theme and develops it into a richly human story.

The four daughters of an elderly musician all gave their hearts unanimously to a captivating young man who comes to live at their home, and he in turn is enraptured by the youngest of them. And it is this girl, scarcely more than a child, who bravely sacrifices her own happiness because of a mistaken notion that by so doing she will insure the happiness of her oldest sister. More by chance than by design, the tangle into which the lives of the four girls is thrown is eventually unraveled so that each achieves the destiny that makes her happiest.

The cast of "Four Daughters" is of unusual interest in itself. In the first place, three of the four sisters are played by three girls who are sisters in actuality, Priscilla, Rosemary and Lola Lane—the fourth sister being enacted by Gale Page.

In the second place, two young actors of emphatic promise are both given their first big film roles in this picture. They are Jeffrey Lynn, a handsome youth who exudes so much charm that he is expected to win immediate fan favor, and John Garfield, considered the best young character actor developed on the New York stage since Cagney, Muni and Robinson came to Hollywood. The substantial base of tried

and proven acting ability is provided by such reliable troupers as Claude Rains, May Robson, Frank McHugh and Dick Foran. The Fannie Hurst original was turned into a screen play by Julius J. Epstein and Lenore Coffee, and the production was directed by Michael Curtiz.

Panhandle-Plains Dairy Show, April 18-22, At Plainview

PLAINVIEW.—Dates for the twelfth annual Panhandle-Plains Dairy Show were set for April 18 to 22 inclusive at a meeting of directors of the show association here.

"Plainview, home of the Panhandle-Plains Dairy Show, can expect one of the best shows in the history of the association this year," declared Pete Smith, show manager, and Chamber of Commerce secretary.

C. B. Martin, Hale county agent, was re-appointed general superintendent of the show.

Directors instructed Smith to notify all exhibitors and prospective exhibitors of the ruling passed prior to the 1938 show regarding requirements of certificates showing cattle to be free from bangs disease before they can be exhibited in the 1939 show.

Superintendents of the various show departments were named as follows: P. C. Colgin, Swisher county agent, Jersey department; Finley R. White, Briscoe county agent, Holstein-Freshian; Ralph Howe, Crosby county agent, Guernsey; Frank Weil, Hale Center, milking Shorthorn; Wayne Thomas, Ochiltree county agent, production; D. M. Carroll, Central Plains Dairy Herd Improvement Association field representative, assistant in production department; D. F. Bredthauer, Floyd county agent, dairy calf club superintendent; M. C. Fine, Texas Technological College, vocational cattle judging; M. G. Pederson, instructor in dairy products manufacture, Texas Tech, vocational dairy products judging; Miss Lucille Shultz, Hale county home demonstration agent, dairy products department; K. M. Renner, head of the dairy manufacturing department, Texas Tech, dairy products department.

The educational committee for the show is composed of K. M. Renner, Ray Mowery, associate professor in animal husbandry, Texas Tech; Miss Lida Cooper, district home demonstration agent; G. G. Gibson, assistant dairyman, Texas A. and M. College; E. R. Fudelp, A. and M. extension dairyman, and Miss Lucille Shultz.

The annual show exhibitors' meeting was scheduled for 7 o'clock on the night of April 19. Miles Milhoan, Wildorado, presided at the afternoon session of the directors here. Smith presided at the morning meeting which was followed by luncheon at the Hilton Hotel.

Tribute to Former Clarendon College Teacher-Minister

Several days ago the Lubbock Avalanche printed a tribute to Rev. Ben Hardy, recently retired Methodist minister, a former teacher in old Clarendon College and well known in this territory. Rev. Hardy is a brother of Rev. G. S. Hardy of Clarendon.

Here is the tribute mentioned above:

"Somewhere back was born the expression 'You can't write a book about a good man.'

"The statement naturally is exaggerated but serves to direct attention to an unfortunate custom—that of giving too much emphasis on the printed pages to individuals whose reputations at best are a bit salty and too little to those who lived a sort of prosaic existence characterized only by their generous consideration of others.

"In the classification too often overlooked might be mentioned Rev. Ben Hardy, retiring pastor of the Tahoka Methodist Church.

"Mr. Hardy quite probably never flew an airplane, or pulled a drowning man from a stream, or rode with the Rough Riders, or invented a new kind of mousetrap.

"Probably he has never found himself in any sort of trouble that so easily falls into the category of feature news, unless you except the probability he was a normal chap when a youth and as such subject to the pranks common to youth.

"But he has done more than that. For 41 years he has served in a single conference of his church, a record few ministers can match. When he was superannuated, at his own request, by the bishop at the last Northwest Texas Conference, he could look back at a simple life that created respect for his own ministry, more confirmed faith in his belief and a conscience that allowed for repose.

"It is not necessary to this tribute to point out that he was a professor in Clarendon College, president of the church extension board and at various times pastor of churches at Childress, Plainview, Memphis, Lubbock, Seymour, Big Spring, Haswell, Quanah, Floydada, Hamlin, Roscoe, and Anson.

"It is sufficient that he has devoted his life to an attempted betterment of society and that, despite his having retired from an active pastorate, he has dedicated his remaining years to visiting other pastors and their churches and continuing his ministry in the numerous ways he has learned."

23 Counties Of This Area Menaced By Grasshopper Threat

COLLEGE STATION, Jan. — Texas may expect a 1939 grasshopper infestation estimated as 28 per cent more severe than that of 1938 and one capable of causing 15 million dollars damage to crops, in spite of the fact that there will be fewer hoppers in the United States as a whole.

This estimate comes from R. B. Reppert, entomologist of the Texas A. and M. College Extension Service and state grasshopper control leader, and is based on egg surveys by federal supervisors and county agricultural agents.

Most of the damage will come from the migratory species which threatens 23 counties in the Panhandle. In all, 115 Texas counties may expect infestations of varying degrees.

The 1938 infestation caused losses estimated at \$1,756,908, while savings estimated at \$10,238,988 were affected by the control campaign. About \$200,000 of federal funds, administered thru the USDA Bureau of Entomology and Plant Quarantine, were expended in Texas in 1938, and local contributions of labor and material were in excess of this amount, Reppert said.

The federal-state-county plan of control in effect in previous years will again be used in 1939, and plans are already being made to combat anticipated infestation.

THEY SAY . . .

"Without a free and well informed press, particularly one that is not under the tacit intimidation of prosecutors, courts and legislatures, a democracy cannot function."—Editor and Publisher.

The Texas citrus crop is expected to reach 22 million bushels for the 1938-1939 season.

DON'T SLEEP WHEN GAS PRESSES HEART

If you can't eat or sleep because gas bloats you up try Adlerika. One dose usually relieves stomach gas pressing on heart. Adlerika cleans out BOTH upper and lower bowels. Douglas & Goldston Drug Co.

PICTURE HIGHLIGHTS

Censored Cartoons—Surprisingly enough, there are many things of which movie cartoonists must be wary, according to an exposure in the latest Look of what can and cannot be shown in an animated cartoon.

Sees Upside Down—A defect in the eyesight of Richard Kenealy of Berwyn, Ill., makes him see moving objects upside down. Here's what Dick sees when he plays football with his pals.

Bow and Arrow Fishing—Isaac Walton's pastime looks like archery on Lake Elizabeth, which lies across the Illinois-Wisconsin line. This 20 pound carp has just been hit by the archer-fisherman.

Goes Pro, But—Don Budge has turned professional, but Look says he hates to do it, and tells why. Tennis champ says giving up his amateur standing involves many sacrifices.

Group Medicine Coming?—Yes, say many societies now battling the American Medical Association. Current Look magazine presents the story of the fight for better, and less expensive and more medical service.

American Beautified—Mother Cabrini is the first American citizen to be declared a Catholic saint. Her body is shown here being viewed at the Mother Cabrini High School in New York.

Trench Silos Make Huge Gain In Texas In 1938

COLLEGE STATION. — Texas farmers and ranchmen filled 17,019 trench silos in 1938 in cooperation with county agricultural agents, the annual report of E. R. Eudaly, dairyman of the Texas A. and M. College Extension Service, shows. This represents an increase of 7,536 over the number in use at the end of 1937.

or more than a million tons over the 1937 figure, is stored in these trenches. It would require a trench 12 feet wide, 6 feet deep, and 262 miles long to hold the silage, or one, Eudaly says, that would reach "from College Station to the city limits of Durant, Okla."

Even in a year of comparative large feed crop the silage represents a value of around 7 million dollars. There is enough feed stored in trenches in Texas, fed at the rate of 30 pounds an animal per day, to feed 642,000 animals for three months.

was lost as the number of trench silos failed to double that of the previous year's. At the same time the 7,536 increase made in 1938 far exceeds any previous year's gain.

"County agents have learned that the trench silo is the most economical and efficient way to store feed and they recommend the trench storage to their farmers and ranchers without reserve," Eudaly pointed out. "Feed in a trench silo is safe from weevils, rats, fire, rain, floods and time itself."

A total of 1,734,00 tons of feed

One record of 8 year's standing

Offer New Tax Plan As Substitute For O'Daniel's Plan

AUSTIN, Jan. 30.—Forty-four members of the Texas House today joined in a movement to finance the state's Social Security program through an increase in taxes on natural resources and on cigarettes.

LELIA LAKE Inez Skinner

Mr. and Mrs. Gorman moved to Windy Valley. We wish them much success in their new home. Mr. and Mrs. Jack Pegram of Goldston spent Sunday with the lady's parents, Mr. and Mrs. J. G. Wheatley.

W. M. PATMAN WINS RECOGNITION FOR INSURANCE SALES

LOCAL AGENT MAKES EXCELLENT RECORD FOR YEAR PAST Again W. M. Patman has made the Southwestern Life Club which will entitle him and Mrs. Patman to be the guests of the company to their annual convention which will be held at the Broadmoor Hotel at Colorado Springs, Colorado.

An increase in assets of \$5,777,727, the largest in its thirty-six years' history, was made by Southwestern Life Insurance company during 1938, according to C. F. O'Donnell, president.

W. M. PATMAN

said that his company had continued its record of never having had a default of either interest or principal on any bond. "The company's bonds are worth at current market prices \$2,226,519 more than their book value," he said.

Officers of the recently organized Texas Poultry Federation. They are, above, John B. Collier, Jr., (left) of Fort Worth, president and A. H. Demke of Stephenville, executive secretary-treasurer; below, left to right, D. H. Reid, head of the Texas A. and M. poultry department, first vice president; Ross M. Sherwood, chief, poultry husbandry department, Texas Agricultural Experiment Station, third vice president, and W. W. Cardwell, Luling, second vice president.

Texas Group to Show Super Poultry Exhibit At World's Congress

FORT WORTH, Jan. 25.— Within the next two weeks a meeting of officers and directors of the newly organized Texas Poultry Federation will be held to discuss participation in the Seventh World's Poultry Congress which opens at Cleveland July 28, the first objective of the organization, it was announced today.

LIBRARY NOTES (By Mrs. C. A. Burton)

The library is having some new shelves. This will help to relieve the greatly over-crowded condition until much needed larger quarters are available.

Another evidence of the steadily increasing literary development of Texas and the Southwest is the Writer's Conference to be sponsored by Texas State College for Women at Denton from Feb. 27 to March 4.

One of the most popular of the non-fiction best sellers just now is Richard E. Byrd's "Alone." It was unanimously chosen by the Associated Harvard Clubs as the Harvard prize book for 1938-1939.

Norma Patterson of Dallas, author of "Give Them Their Dream," is visiting in Honolulu, but will return to Dallas the last of the month. Her new book, "And Then Stars Fall," will appear as a serial.

People of all ages, all types of people have read "Gone With the Wind," and are still reading it. As a result of that fact interest has been very great in the film version of the story.

Vivian Leigh was born in Darjelling, India, is the wife of a London lawyer, Leigh Holman, and has a five-year-old daughter. While she is little known in America, she has, within the last four years, become very popular in London.

ITCH SPREADS to all members of the family unless stopped quickly. A sure sign of ITCH between the fingers use BROWN'S LOTION. You can't lose; it is GUARANTEED and sold

in London, and also in Paris. It is said that Selznick paid Margaret Mitchell \$50,000 for "Gone With the Wind, one month after it was published.

The presentation in Amarillo a few days ago of "The King of the Golden River," by the Claire Tree Major Players reminds us, again of the story of this troupe which is known as the Children's Theater. Fifteen years ago Mrs. Major, an actress who was conducting her own experimental theater and dramatic school in New York, conceived the idea that children needed a theater of their own.

These troupes are on the road 32 weeks, touring the entire country, making many small towns where they do not even make expenses, but accomplishing Mrs. Major's purpose, to bring the theater to children who would not otherwise come in contact with it.

Will Durant's "Story of Philosophy" which many of our readers have enjoyed, gave the layman his first intimate glimpse of the world's great philosophers and their work.

The daily press recently carried an article telling of the death of the man who was the original "Peck's Bad Boy" at his home in Milwaukee at the age of 77.

stant pranks so amused his neighbor, George W. Peck, editor of the weekly paper, Peck's Sun, that he used them as stories in his paper and they became famous. No reader of two generations gone but knew "Peck's Bad Boy," and many still read and enjoy these stories.

Gilbert Frankan's new book, "Royal Regiment," very closely ties up the romance of his chief characters, with the story of King Edward VIII and Wallis Simpson. The book is said to be "very English."

Drivers' License In Texas Extended After April 1, New Order

AUSTIN, Jan. 25.—Texas drivers may continue to use their operators' licenses after April 1, the statutory expiration date for all such permits, the public safety commission announced today.

The commission said an indefinite period of extension advisable pending legislative action on two proposals for reissuing driving permits. The two bills referred to in the legislative hopper are Senate bill No. 3 and House bill No. 50.

Licenses issued to chauffeurs and drivers classed as commercial operators were not affected by the safety department's orders for extensions as these permits expire one year from date of issuance. Since Texas' driver's license law was enacted in 1936, two and three-quarter million licenses had been assigned to passenger vehicle operators.

Safety department officials said the new expiration date would be announced later.

DOUGLAS & GOLDSTON

HEDLEY

Mrs. Richmond Bowlin

Many thanks Mrs. Longan of Midway. Happy to know you enjoy news from Hedley.

Last Monday Mrs. J. B. Masterson in her own sweet way entertained the W. M. S. of the First Methodist Church with a dinner party. All had a most pleasant time, and enjoyed a noon-day feast with Brother Biggs and Mr. Masterson as guests. Quilling and pleasant conversation was the pastime. At an appointed hour Mrs. Masterson, our hostess and president held a business session of the society and then organized another circle of the society, number of new circle being eleven. All left for their home feeling that a happy and profitable day had been spent. Thanks to the most gracious hostess, Mrs. Masterson.

Rev. I. E. Biggs, Methodist pastor, received a call to Clovis, N. M., to conduct the last rites of a dear friend at that place. Rev. and Mrs. Biggs left early Wednesday morning, accompanied by Mrs. Richmond Bowlin for

Clovis, returning that night.

Miss Faye Rasco of Gladewater, was house guest last week of Mr. and Mrs. Dick Vallance.

Miss Cleek, one of our popular teachers, spent the week-end visiting home folks at Panhandle.

Miss Sue Ruth Edwards spent Sunday in Amarillo, visiting relatives.

Mesdames Dick Vallance, Earl Truett, J. B. Masterson, Richmond Bowlin, W. A. Pierce and Paul Pyle attended a forty-two party at the home of Mrs. L. O. Dennis in Memphis Tuesday afternoon.

The Woman's Culture Club is sponsoring a yard beautification contest with the hope of getting the ladies interested in yards beautiful.

Mrs. Clifford Johnson entertained the 1919 Book Club at luncheon Wednesday.

Miss Lela Ruth Watt who is attending school at Canyon is spending a few days visiting her parents, Mr. and Mrs. Fred Watt.

Miss Della Wood returned from Abilene where she spent the past six weeks at the bedside of her aunt.

SUNNY VIEW

Lora Mae Seaton

We are trying to increase our Sunday school at Sunny View and we urge everyone to come and be with us next Sunday. Sunday school starts every Sunday evening at 2:30 p. m. Let's all get behind our Sunday school and all work together.

Singing is held every second and fourth Sunday night. We invite everyone in our community and in the neighboring communities to attend. Mr. and Mrs. Earthman and other visitors will attend next Sunday night, which will be Feb. 12. Everyone come.

The pupils of the Sunny View school are working hard on the events for the Interscholastic League meets. Much enthusiasm is shown by both pupils and teachers. The pupils will take part in choral singing, declamations, spelling, Three R's, ready writers, playground ball and track events.

Recent visitors in the Sunny View school were Mrs. Jean Hester and children, Blondell Hol-

ingsworth, Lovie Woods and Mrs. Naylor.

Mr. and Mrs. Bingham are proud to have their son from Canyon, R. W. Bingham, visiting them for a few days.

Mr. Lu McClellan spent the week-end with his parents at Ashtola.

Miss Hortense Lister spent the week-end with her parents at Shamrock. She was accompanied home by her niece, Oleta Lister, who will attend school at Sunny View for a while.

Mr. and Mrs. A. W. Seaton and son, Chester, visited in the home of Mrs. K. F. Stone Sunday night until bedtime.

Miss Gladys Hardin spent the evening Sunday with Miss Hazel Bingham.

Windell Davis spent Sunday night with Jimmie Hall.

The Donley County Teachers Quartet will be heard over KPDN every Saturday morning from 10:15 to 10:30 a. m. Mr. McClellan, our principal, is a member of the quartet. Tune in.

Mr. and Mrs. J. L. Russell of Amarillo visited Mr. and Mrs. Bill McWhorter Tuesday night.

SKILLET NEWS

SOCIETY

Pathfinder Club Has Annual Party Friday Afternoon

The Pathfinder Club held their annual anniversary reception which is one of the most outstanding social events of the year Friday afternoon, Jan. 27, in the new home of Mrs. C. T. McMurtry from 3 until 5.

The guests were greeted at the door and conducted upstairs to a bedroom where they removed their wraps. They then went down the back stairs into another bedroom where they signed two attractive guest books presided over by Mesdames A. T. Cole and J. W. Evans. About 120 signed the books which were then presented to the president of the club, Mrs. B. L. Jenkins, and the hostess, Mrs. McMurtry. The guests were introduced to the receiving line by Mrs. Fred Tathjen. Those in the receiving line were Mesdames C. T. McMurtry, B. L. Jenkins and Edd Dishman. The guests went into the living room and hence into the dining room where they were served.

A silver and white color scheme was carried out in the dining room and service.

The large dining table was lovely with white Chinese hand-embroidered linen cloth centered with a large reflector. The reflector was outlined with white carnations and in the center a triple silver candelabrum with white tapers shed a soft light over the table. All-white dishes and silver further carried out the scheme. Mesdames Mollie Gray and Sella Gentry poured the first hour and Mesdames T. R. Porter, and U. J. Boston the second. Tiny white booklets, made by Mrs. Joe Goldston, chairman of the social committee, were given as plate favors. Small white cakes rolled in coconut, white mints with a silver dot and salted nuts were served.

Sweet peas and roses and other cut flowers were used throughout the house to achieve an artistic decoration. Those who poured were corsages of talisman roses and those in the receiving line wore white carnations. All of the house party were formally gown.

During the afternoon, Mesdames John Knorpp and McHenry Lane gave readings which were much enjoyed by the guests.

MRS. A. L. CHASE IS BRIDGE PARTY HOSTESS

Mrs. A. L. Chase was gracious hostess to a number of her friends at a lovely bridge party Tuesday afternoon at her home. Games of bridge were enjoyed during the afternoon in which Mrs. C. C. Powell had high score and Mrs. J. L. McMurtry had low. Small pot plants were used as decorations on the tables and were given as favors.

Delicious refreshments were served to Mesdames Sella Gentry, L. L. Swan, W. H. Martin, L. S. Bagby, Geo. Ryan, Odos Caraway, R. L. Bigger, A. R. Letts, C. G. Stricklin, F. E. Chamberlain, C. C. Powell, J. L. McMurtry, C. T. McMurtry, W. H. Patrick, J. F.

Blocker, J. T. Sims, C. H. Bugbee, Eva Rhodes, Will Chamberlain, Ruth Kennedy, H. Glascoe, Ben Tom Prewitt.

MRS. J. L. McMURTRY IS BLUEBONNET CLUB OSTESS

Mrs. J. L. McMurtry was hostess last Thursday afternoon to the Bluebonnet Bridge Club at a lovely party at her home. A delicious two-course luncheon was served to the guests. In the games of bridge which were enjoyed during the afternoon, Mrs. C. T. McMurtry had high score for club members, Mrs. Odos Caraway high for guests and Mrs. F. E. Chamberlain cut for consolation. Sweet peas were used attractively as decorations on the table.

Club members present were Mesdames J. F. Blocker, R. L. Bigger, F. E. Chamberlain, Arthur Letts, C. G. Stricklin, Geo. Ryan, C. T. McMurtry; guests were Mesdames L. L. Swan, Mildred word, Odos Caraway, L. S. Bagby, Jack Molesworth.

CHRISTIAN ENDEAVOR WILL CELEBRATE ANNIVERSARY

The young people of the First Christian Church will meet Sunday evening at 6:30 to celebrate the 58th birthday of Christian Endeavor. The movement was started Feb. 2, 1881, in Portland, Me., with Dr. Frances E. Clark as its founder. Christian Endeavor is an international, interdenominational organization and is the most successful and far-reaching young people's society the church has ever known.

A special program is being prepared as follows: Leader, Zoy Fronabarger; devotional, Frances Hott; discussions, George Seaton, Louise Russell, Gene Bell, Vernon Reid, Ruby Fronabarger, Earl Eudy, Cleo Russell, special music.

MESDAMES KNORPP, HEARNE, PATRICK RETURN FROM SOUTHERN TRIP

Mesdames Wesley Knorpp of Long Beach, Cal., and Clarendon, Redney Hearne of Seattle, and W. H. Patrick of Clarendon returned Friday afternoon from a three week's motor trip through Texas, Louisiana, Alabama, Mississippi and all places of interest in Florida. They took a cruise to Havana Cuba, also. They report a most interesting and enjoyable trip. Mrs. Hearne returned to Seattle.

ELMER PALMERS ARE 1937 CLUB HOSTS

Mr. and Mrs. Elmer Palmer were gracious hosts to the 1937 Bridge Club Monday night at their home. A lovely two-course dinner was served after which games of bridge were enjoyed. Verna Lusk had high score for men, Mrs. A. D. Estlack high for ladies and Gilmer Ayres low.

Guests were Mr. and Mrs. Billie Weatherly, and members present were Mess. and Mesdames Verna Lusk, A. D. Estlack, G. E. Estlack, Gilmer Ayres, Elmer Palmer.

KILL KARE KLUB MEETS WITH MRS. LANE

Mrs. Cap Lane was hostess to the Kill Kare Needle Klub Thursday afternoon at her home. A pleasant afternoon was spent in sewing and conversation. Refreshments were served to guests, Medames Ed Speed, Major Hudson, A. W. Simpson and members, Mesdames W. A. Massie, W. B. Sims, Lon Rundell, H. C. Brumley, T. C. Kirby, W. A. Land, J. Perry King, Eva Draffen, J. R. Bartlett, Harris, Misses Etta and Ida Harned

HARMONY CLASS GUEST OF MRS. BEN ANDIS

A very lovely party of the Harmony Class was given by Mrs. Ben Andis at her home Thursday, Jan. 26, assisted by Mrs. Ballew.

A short business session was held, games of bingo, Chinese checkers, and 42 were played. Pollyanna names were revealed and gifts exchanged. New Pollyanna names were drawn. Delicious refreshments, consisting of salad sandwiches, coffee, tea and mints were served. Visitors for the occasion were: Miss Eula Naylor, Mrs. P. H. Stewart of Hobbs, N. M., Mrs. R. F. Rogers of Happy, Texas, Mrs. Sam Hardy of Houston, Texas, Mrs. L. L. Wallace, Mrs. H. T. Warner, Mrs. Frank White, Jr., Mrs. R. M. West. Class members were: Mrs. Lester Schull, Mrs. B. C. Antrobus, Mrs. Otis Naylor, Mrs. Nathan Cox, Mrs. Edythe Maher, Mrs. Fontayne Elmore, Mrs. Cap Morris, Mrs. John Moss, Mrs. H. T. Stuart, Mrs. Victor Smith, Mrs. Bill Ray, Mrs. Clarence Whitlock, Mrs. Carl Bennett, Jr., Mrs. Joe Holland, Mrs. O. C. Watson, Mrs. Walter Hutchins, Mrs. Homer McElvany, Mrs. M. R. Allensworth and Mrs. Ben Andis and Mrs. Elba Ballew, hostesses.

JR. H. D. CLUB MEETS THURSDAY

The Junior Home Demonstration Club had their regular meeting Thursday afternoon at the clubrooms at 2:30. The meeting was opened by Mattie Ballew with the club prayer. Following a brief business meeting, needlework was done during the afternoon. A gift was presented by the club to the hostess, Mattie Ballew.

Refreshments were served to Mesdames Jennie Birch, Alise McMahan, Jeanice Weatherly, Mary Wallace, Hattie Palmer, Dollie Wilson, Virginia Schull, Grace Ayres, Ruth Killough, Marie Patterson, Dale Holland, Hazel Lusk, Lucille Chesshir, Viola Bones.

ELEVEN ARE PRESENT AT BLUEBONNET MEETING

Eleven girls, including one new member, were present at the regular meeting of the Baptist Bluebonnets at the church Thursday afternoon. The group sang their theme song and Mrs. Cornelius gave a prayer. The devotional was the 113th Psalm. Billie Nell Warren dismissed the group.

Miss Kathleen Riley returned to Amarillo Monday after visiting relatives here.

Miss LaVerne McMurtry, student in Texas University, visited her parents, Mr. and Mrs. J. L. McMurtry, this week.

Wesley Powell of Texas Tech at Lubbock spent the week-end with his parents, Mr. and Mrs. C. C. Powell.

MARTIN SCHOOL

Editor - Frances Easterling
Asst. Editor - Billy Rae Marshall
Sports - Ray Pittman
Class - John Murry Peabody
Social Activity - Billy Jack Green

The intermediate room have started a spelling contest. Those leading are Helen Jo Bulman, 6th grade; Marvin Ray Jordan, 5th grade; Celia Mae Easterling, 4th grade.

The primary room has just finished a spelling contest. The winners are Jimmie Nell Parker, and Myrtle Jean Tolbert, second grade.

Gladys Rodewald of Logan, N. M., spent Thursday at school with Billie Ray Marshall.

Josie Davis spent the week-end at Clarendon.

Ralph Morrow spent Sunday night with John Murry Peabody.

Wanda Lee Stopp spent Tuesday night with La Verne Goodman.

Wanda Lee Stopp spent Thursday night with Helen Jo Bulman.

Ralph Morrow and Wanda Lee Stopp spent Saturday in Amarillo.

Kathleen Brinson spent Saturday night with Geraldine Jordan.

Billie Rae Marshall spent Saturday night with Frances Easterling.

Geraldine Jordan and Frances Easterling spent Sunday night with Kathleen Brinson.

The Eagles played the Martin High School last Thursday. The High School boys were winners.

The Martin boys and girls are hoping to get a game this week.

The girls are making a great improvement so whoever we play we hope to win.

We have a social community singing class every Sunday night, and wish all could attend.

Imagine Faye liking the front seat by the window.

Geraldine Jordan getting the second seat from the back on the bus every morning.

Ray Pittman looking forward to the evening bus arriving from town.

Josie Davis is so happy when she hears we are going to play Gies.

Ralph wearing Wanda Lee's cap.

Mr. Hartzog and the basketball boys going to Canyon to see a game at Abilene.

Col. Goodnight Topic Of Texas Tech Radio Sketches

LUBBOCK, Jan. 28.—Tales of befriending Indians in the early days of the West, taken from the life of the late Col. Charles C. Goodnight, are being enacted over radio by speech students at Texas Technological College, January 29 and February 5. These presentations will be the third and fourth programs in the "Salute to the Pioneers" series over KFYO at 4:15 o'clock Sunday afternoons.

The first program took place in the fall of 1878, when posses formed by cow outfits from the North Plains sallied out to head off a band of Comanches who had just stolen some horses from the LX ranch. Colonel Goodnight and some of his range riders encountered the late Major George W. Littlefield and a posse with six Indians in custody, on the banks of the Canadian.

When one of the Indians spoke to Colonel Goodnight in Spanish, he recognized the prisoners as friendly Pueblos from New Mexico who were not horse thieves but buffalo hunters. By securing their freedom, Colonel Goodnight won their lasting friendship and was later made chief of the Pueblo tribe.

The second program will recount his gift of two buffalo robes to the tribe in 1928. The robes were an essential part of the Pueblo ceremonial, and after the animals became scarce in Texas and New Mexico, Goodnight had two of his own herd killed and skinned in order to make the gift.

Research of these historical incidents is made by students of history under the direction of Dr. W. C. Holden, dean of archeological research and head professor of history. Richard Flowers, speech instructor, writes the adaptation and directs the dramatization on the air. The programs are sponsored by West Texas Museum Association and Tech speech department.

MARTIN (By Billie Ruth Bulman)

There were not so many present for Sunday school Sunday morning. A contest has been organized with Billie R. Bulman and Winston Wood chosen as leaders. We want to have a good attendance every Sunday from now on. We want to ask everyone to come out and help build up our

Sunday school. When the contest is ended, the losing side has to entertain the winners.

There was a large crowd present for singing Sunday night. Miss Frances Hott from Chamberlain was present and played the piano. We will ask her to play the piano on Sunday nights if it may be possible for her to be present. Mr. Earl Eudy was also present. We want to invite him back again.

Mr. and Mrs. M. C. Rampy and family, spent Sunday with Mrs. Rampy of Chamberlain.

Mr. and Mrs. Rufus Pool spent Sunday with Mr. and Mrs. Richard Cannon.

Mr. and Mrs. Clarence Ayres of Windy Valley spent Sunday with Mr. and Mrs. W. H. Morrow.

Mr. and Mrs. G. E. Bulman and family spent Sunday with Mr. and Mrs. G. W. Kavenaugh.

Mrs. Richard Cannon and Mrs. Rufus Pool spent Sunday evening with Mrs. Jack Eddings and little daughter.

Ray Ramy was slightly injured Saturday evening when a large plank fell on his head.

Geraldine Jordan and Frances Easterling spent Sunday night with Kathleen Brinson.

Mr. and Mrs. L. O. Christie and family spent Sunday visiting their folks of Hudgins.

Mrs. Harry Hartzog and son spent Sunday in Hedley.

Mrs. Howard Davis and Emily Davis spent the week-end with home folks here.

Mr. and Mrs. Roy Morrow spent Sunday night with Mr. and Mrs. Fred Easterling.

Mr. Howard Rhodes and son, H. B. and Rev. Hitt and A. B. Mill-sap of Tell visited Mr. and Mrs. John Rhodes Sunday night.

Miss Hazel Dyer of McLean is spending this week with relatives and friends here.

CLAUDE GLOVES TEAM TO MEET BRONCHOS HERE THURSDAY NIGHT

Ten members of the Claude High School Mustangs gloves team will mix leather with the Bronchos in the College Auditorium at 7:30 p. m., Thursday, Feb. 2. The Bronco team is in the best shape it has been for the entire year, and the members hope to add another win to their percentage column. The locals will return the match at Claude Feb. 8.

Sports

The Broncos are lathering under the harness this week. The coach has a tight grip on the reins, and he really knows how to drive. The Broncos are all in good shape and raring to go. They are eager for a game with the Exes, and the Exes are eager for them. Many of the boys have changed positions, and are learning the signals. Jack Rolf is shaping up for center, and George Reeves has moved into the ball-packing position. Colie Huffman, Boyd Allison and Johnnie Grady are looking great in the backfield. Waldron Melton has really started to work and he certainly looks good. We hope the Broncos are as good this fall as they are looking now.

The old CJC Bulldogs went down in defeat last night. The Groom Tigers licked the Bulldogs 34-26. Craig Johnson reports that he thought it was a mixture of a "wesslin" match and a football game. He says he never saw such a rough bunch on a basketball court.

The High School volleyball girls of Groom motored to Clarendon Monday night, Jan. 30, to play the local high school girls. Four games were played with the local girls winning every game.

Those playing on the Clarendon team are Billie Lou Gilbert, Mary E. Ziegler, Thelma Horton, Yvonne Smith, Ruzell Ryan and Lella Ruth Buchanan, and others who are substitutes.

The Claude Mustangs will tangle fists with the Bronco pugilists Thursday night. The boys who will box for the Broncos are: Carl Morris, 110; George Reeves, 120; Clyde Peabody, 130; Carrol Peabody, 140; Pete Morrow, 150; L. B. Hartzog, 150; Junior Spier, 160.

There will be a negro battle royal as a climax to this week's matches.

WIND IN THE FACE

To some people, the wind is nothing but a nuisance. It ruffles the clothes; it musses the hair. It blows weeds in your path and sand in your face. It blows trash into the yard and blows your property out. When it is strong, it rattles the panes; when it is cold, it rattles your bones. That is all that some people can say for it. They endure it.

Others say that it is handy to have it around sometimes. It turns the windmill to draw the water. It turns the Wincharger to give electricity. Sometimes when you are hot, it cools you. Outside of that, they see no good of it. It is just useful to them.

But to me the wind is something more. The Indians might have called Wind in the Face. It is a friend; it is a challenge. Some people endure it; some people use it; but all I ask is to play with it.

BR

BRONCHOETTA SAYS GOODBYE

Dear Readers:
I, Miss Bronchoetta, am leaving my space in the paper to the marvelous Mr. X. As he has said, he is too good at writing to even compete with anyone else, so regrettably I retire into a quieter life without any argument.

Mr. X has so little time to write that it is quite appalling how he gets it done. You see, he spends most of his time at the telephone calling 236-W.

As this is my last contribution, I should like very much, if it is agreeable with Mr. X, to give you a few simple rules to follow so that you may have more order during the assembly periods.

When the bell rings for assembly jump from your seat and dash for the auditorium. If someone gets in your way, just knock him down. It is his hard luck if he fails to regain consciousness. When you reach your seat, stand up where everyone can see you, and if some one has to walk in front of you, trip him. It will at least cause a little fun for someone. Be sure you see everyone that enters.

If you have something to say to someone and cannot attract their attention, put a note in a book and sling it at him. If you are a good shot he will get it. When someone is speaking, give him lots of applause, stamp your feet, cough, sneeze, whistle, do anything to make a lot of noise, and be sure you laugh at all his jokes.

When at last that period of mental and physical strain is over, leave the auditorium the way you entered. If you wish, it is permissible to jump from one seat to another. In this way you will avoid the crowd. Good-bye, Bronchoetta.

LISTENING IN ON ASSEMBLY

The assembly program Friday was conducted entirely by the Senior class. After the singing of "Let Me Call You Sweetheart," charge of the program was turned over to Neel Thompson. Rebecca Eanes gave a dialect reading, "Between Two Loves." A tap dance by Billy Ralph Andis and Betty Jo Bain, accompanied by June McMurtry, was followed by a piano solo by Frances Hott.

Jo Word and Rue Zell Ryan sang a vocal duet, "Sympathy." Lewis Chamberlin played a trombone solo, accompanied on the piano by Billie Thornberry.

A vocal solo, "Two Sleepy People," sung by Glenna Deal and a tap dance by Clyde Benton Douglas completed the program.

Mr. Drennan and Mr. Gillam made some announcements. Mr. Drennan certainly has the right idea about lost articles. When advertising a lost glove, he said he wished the owner would either claim it or turn in the other one. The glove was claimed at once.

COLLEGE PERSONALITIES

Name: Raymond Wood.
Class: Sophomore.
Description: Height 5 feet, 7 inches; weight 160 pounds; blond, blue eyes.
Major: Pre-medical.
Favorite sport: Football.
Nick names: "Ray" and "Cotton."
Pet peeve: The song, "Maple On the Hill."
Ambition: Doctor.
Hobby: Collecting "3 for a Dime" photos.
Favorite song: "Thanks for the Memories."
Name: Jane Hillman.
Class: Freshman.
Description: Height 5 feet, weight 92 pounds; brown hair and eyes.
Major: Business administration.
Favorite sport: Football.
Favorite pastime: Movies.
Pet peeve: Getting sleepy when trying to cram.
Ambition: To be a very good dancer.
Hobby: Collecting butterflies.
Favorite song: "Two Sleepy People."

PERSONALS

Ex-students of Clarendon College and High School who are at home for a few days between semesters have visited school.
R. W. Bingham who is attending school at West Texas State Teacher's College at Canyon, visited school Monday.
La Verne McMurtry, who is attending the University of Texas, visited school.
Jo Ann Thompson of Canyon was seen on the campus Monday.
Fannie McGowan and Nellie Grady of Canyon are visiting here.
Pat Slavin has enrolled in college here.
Dorothy McCormack, W. T. S. T. C. was here on Monday.
Margaret Nell Hillman of Canyon visited school Monday.
Otis Rolls and Gerald Noble of Canyon visited here over the week-end.
Ruth McDonald was in Amarillo Friday.
La Verne Goodman visited in Amarillo over the week-end.

LITTLE FREDDIE'S DIARY

Dear Diary: The college basketball team closed their season Monday night with a hard fought game with the Groom Independents. The CJC boys being genuinely hospitable let Groom win 34 to 26. Aside from being a little rough the game was exciting during the full period of time. Throughout the entire year the team has proved to be good sports and the boys report a successful season.

Ra-ra'ing glimpses: Several of the exes were seen on the campus this week. We're always glad to see old friends. The style of wearing fur coats and anklets was introduced by one of the young ladies from W. T. S. T. C. Earl Shannon, usually quiet, was heard reciting this little poem.

My love has flew
Her did me dirt.
Me did not know
Her was a flirt.
Let's love forbid
Lest you get doed
Like I been did.

It has been rumored that J. D. Swift will go into the gasoline business soon. We understand that he is on the committee to furnish transportation during college week. Jellie McGowan is learning to play checkers. He has been making several moves in biology class.

Pep Squad Entertains Football Boys

The Broncho Pep Squad treated the football boys with a picnic at Troublesome Canyon Friday afternoon. The girls had been planning some kind of entertainment for the boys for several weeks. They made their plans for the picnic Friday afternoon and they wouldn't let a little thing like the weather stop them.

All wish to thank Mr. Bairfield for so kindly consenting to our use of the canyon.

Highlights of the picnic were just a shade high. Colie and Robert ran off and made the mistake of coming back after everything had been eaten. Oh, no, there were some sour pickles left.

Mr. Hutto is a Scotchman. Mrs. Hutto (Coachess) we think can enjoy a game as well as any kid.

Mary Lee fell down more times than necessary.

J. W. has a new nick name. Ask him what and why.

J. H. Spier was awfully worried about the girls riding home on the front fenders.

Just about everybody got a new name along with J. Even Pete Morrow was dubbed.

BUYING AT HOME INCREASES LOCAL PAYROLLS

With the possible exception of whole cottonseed, protein supplements for balancing the grain ration in fattening calves for beef must be purchased. Cottonseed meal and cottonseed cake is the standard protein supplement in Texas.

From start to finish of feeding give a calf that is being fattened for beef all the roughage he will eat, says Geo. W. Barnes, animal husbandman of the Texas A. and M. College Extension Service. This does not require any figuring, simply give him what he will eat.

A ration for fattening a beef calf consists of three things: Roughage (hay, cottonseed hulls, corn fodder, etc.); protein supplement (in Texas that means meal or cake); and grain, (Milo, corn, barley and so on.)

Legume hays are high in protein and minerals and therefore the amount of protein supplements and minerals may be cut down where legumes are fed as roughages in fattening beef calves.

DO YOU KNOW—

That the Stars and Stripes received its baptism of fire in land battle at the defence of Fort Stanwix, New York, on August 2, 1777. The stripes of red and white and the "stars of glory" set upon a field of blue were cut from a "camulet cloak" taken from the enemy at Peeka-kill.

HUGE TREE OF LIFE FOR NEW YORK FAIR

NEW YORK—This 60-foot statue was carved from an elm in South Windsor, Conn., by Lawrence Tenney Stevens to represent the Tree of Life. As the largest wooden statue in the world, it will be seen with two smaller statues next spring in Bowling Green Plaza near the Contemporary Arts Building at the New York World's Fair 1939. Still unfinished, it is a mecca for New England sightseers. Hessian prisoners captured the elm in 1781.

MANY ADDING MACHINES

About 500 adding machines are expected to be needed in compiling statistics gathered in the Sixteenth Decennial Census of the United States to be taken in 1940.

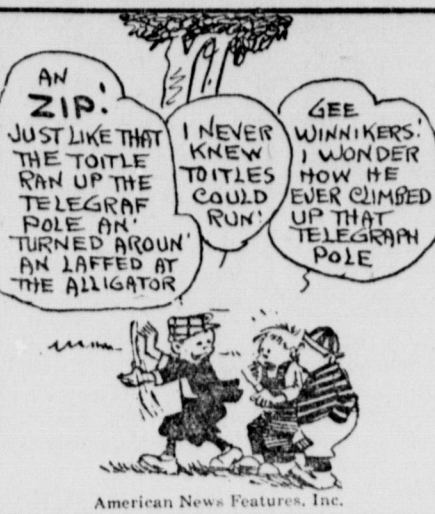

Oats are the best grain for a young calf, but if you do not have oats, feed corn, milo, or any of the other grains.

In addition to vitamin C citrus fruits provide acids and flavors that stimulate the appetite and aid in digestion.

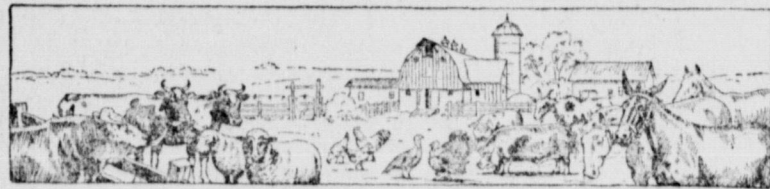

The alkaline salts in citrus fruits balance the acid affects of meat, eggs, and cereals.

The calcium, phosphorous, and iron in citrus fruits aid in cell building and maintenance.

REG'LAR FELLERS

HE HAD TO!!!

Speaking of Clover

By T. C. RICHARDSON, Secretary Texas Breeder-Feeder Association

We remarked once before that there's good luck in a four-leaf clover or any other sort if there's enough of it. The Southwest has been dilatory in adopting clover, but is stepping into its use at a rapid rate in recent years. The increased production of livestock and poultry on farms demand more legumes for grazing and hay, as well as for soil improvement, and there is scarcely a section for which there is not one or more sorts of clover available.

While it is generally preferable to sow the clovers early in fall, some of them are equally or better adapted to spring sowing. Since all clovers and small seeded grasses require a well-settled firm, seedbed, for good germination, the preparation for spring sowing must begin several weeks before seeding time.

Sweet clover is one of the most widely adapted in the Southwest, and the best time for seeding either alone or on winter grain, ranges from the middle of February to the middle of March. If it or alfalfa has not been grown on the field before the seed should be inoculated. Standard inoculants may be bought in all good seed stores, and directions should be carefully followed. A successful practice is to drill the sweet clover seed cross-wise

of newly drilled-in spring oats or barley; or it may be drilled lightly on fall-sown oats or barley. In either case the grain serves as a nurse crop, and the clover makes its growth after grain harvest.

Biennial sweet clover should not be sown on land where cotton dies with root rot, as the stand will be depleted before the clover makes seed. Hubam (annual white sweet clover) seeds the first year and is being used successfully in the Texas blacklands where cotton root rot occurs.

Lespedeza is another legume with a wide adaptation throughout the more humid portions of the Southwest especially on sandy soils, and is also sown in the spring. It supplies good summer pasture and with fertile soil and good rainfall grows high enough to cut for hay.

New strains, Tennessee 76, Korean and Kobe lespedeza, introduced in recent years with remarkable success in some sections, have not been widely enough tried in the Southwest to determine their value and special adaptability, but where they succeed they make heavier yields than the common lespedeza. Kobe is doing well in deep East Texas and Arkansas, however.

Alfalfa is of course the king of all legume forage plants, and while it is usually better to sow it in fall in this region, it can be sown like sweet clover on ground that is not foul with early-growing weeds. In its seedling stage alfalfa cannot compete with grass or weeds, but if it gets a good start, the competing growth can be held down by mowing.

Looking ahead to next fall it is not too early to plan a field so that the summer crop will be out of the way and the ground in condition for sowing alfalfa or some other clover in September or October.

"In clover" is a common phrase for good living in either man or beast. Let's "cloverize" for the livestock as a means of putting their owners also "in clover."

The Low Down FROM HICKORY GROVE

I been getting another bunch of mail from Mr. Morgenthau, and he sure seems to want to sell me a bond.

But the thing that kinda gets me, and I cannot savvy too well, it is about him wanting me to save all the time. And in Washington, they don't do any saving their ownself, but are all the time spending more than they take in.

And mostly, they spend it on rainbow ideas, and also more and more secretaries. And the secret service men, they have them too, to guard the secretaries. Instead of it being too bad if a secretary strays away or gets lost, it should be visa versa. You can find plenty of secretaries, at 10 thousand.

But I read where the government, it is going in the hole 4,000 million this year so it is easy to see why they are lookin' behind every gate-post for money.

And this Mr. Morgenthau, in his letter, he invites criticism, so I reckon he is none too well satisfied his ownself, with the way things are turning out, and maybe wishes he had never seen our U. S. treasury.

Yours, with the low down, JO SEPERRA.

He's Not To Reason How

By Gene Byrnes

Smallpox As Cause Of Death Can Be Eliminated

AUSTIN, Feb. 2.—Smallpox can be eliminated as a cause of illness and death if every person would be vaccinated against this disease at least every five years, declared Dr. Geo. W. Cox, state health officer. There were over 600 cases of smallpox reported to the State Health Department in 1938.

Smallpox occurs most frequently among young children under 14 years of age. The incubation period average from 8 to 14 days, and the disease begins suddenly with a severe headache and a high fever. The severe headache and the intense pain in the loins, back and extremities are most characteristic of smallpox than of any other disease occurring in temperate climates. At the end of 3 or 4 days of these preliminary symptoms, an eruption appears which, within a few hours becomes distinctly raised above the general level of the skin. With the appearance of the eruption the fever subsides and the patient becomes more comfortable. In contradistinction to chickenpox, the eruption does not occur in crops, but goes through its development in a characteristic fashion nearly simultaneously all over the body.

Every community is in a position to determine the amount of smallpox it wishes to have. Vaccination against the disease is economical, safe and sure and brings complete protection.

Deferred Grazing Let Range and Pasture Improvement In 1938

COLLEGE STATION, Feb. 1.—National reseeding of grasses by deferred grazing led all other range and pasture improvement work in Texas during 1938 as the practice was applied to 4,779,371 acres. In deferred grazing, livestock are withheld from grazing a portion of the range for a period in which root reserves are accumulated.

Altogether more than 8 million acres of grass land were improved during the past year while over a million and a quarter of grass and clover seed were sown, according to figures compiled by R. R. Lancaster, pasture specialist of the Texas A. and M. College Extension Service, from the annual reports of county agricultural agents.

Much of the improvement consisted of clearing land of objectionable growths that shade grasses and take away moisture and plant food, and 1,370,104 acres were cleared of prickly year, mesquite, lechuguilla, cedar and other varieties of brush.

M. R. Bentley, extension agricultural engineer, said 385,000 acres of Texas range and pasture land was contoured or terraced during 1938. Much of the deferred grazing, contour and eradication work was done under the AAA's range conservation program.

WHITE, CLEAN—Cotton Rags wanted at the News Office.

THE AWFUL PRICE YOU PAY FOR BEING NERVOUS

Quivering nerves can make you old and haggard looking, cranky and hard to live with—can keep you awake nights and rob you of good health, good times and jobs.

What you may need is a particularly good woman's tonic—and could you ask for anything whose benefits are better proved than famous Lydia E. Pinkham's Vegetable Compound? Let its wholesome herbs and roots help Nature build up more physical resistance and thus help calm your shrieking nerves, give more energy and make life worth living again. More than a million women have reported benefit—why not let Pinkham's Compound help YOU, too, to go "smiling thru" trying times like it has other grateful women for the past 3 generations? IT MUST BE GOOD!

L. C. R. A. Manager Has Fame Running City Light Plant

AUSTIN, Jan. 31.—When the consumers in nearly a hundred cities and communities in Central Texas, in a few months now, can press a switch and put cheap electricity to work for their convenience and profit, the "Little T. V. A." of Texas will be in operation.

And back of it all, to see that this power will be there every day dependably and at a low cost will be Max Starcke, operating manager of the Lower Colorado River Authority.

His is the duty of seeing that the giant dams in the Colorado river above Austin serve the people, as they were intended to serve when millions of dollars were turned into concrete and steel to build them.

Starcke, a chunky, mild-mannered man with a keen wit and an almost inexhaustible store of mental and physical energy, has behind him one of the outstanding records of operation of a municipal light and power plant.

A business man who became annoyed because his hometown, Seguin, didn't have a satisfactory water supply, Starcke ran for mayor to do something about it.

He got the town fixed up with an adequate water system all right, but by the time he had, he had become interested in 'ts municipal power plant.

For ten years he stayed on as mayor, operating the light system so that the rates and taxes could

be lowered and at the same time sufficient profits made to finance construction of a municipal building, paved streets, parks, playgrounds, swimming pools, golf courses and many other city improvements.

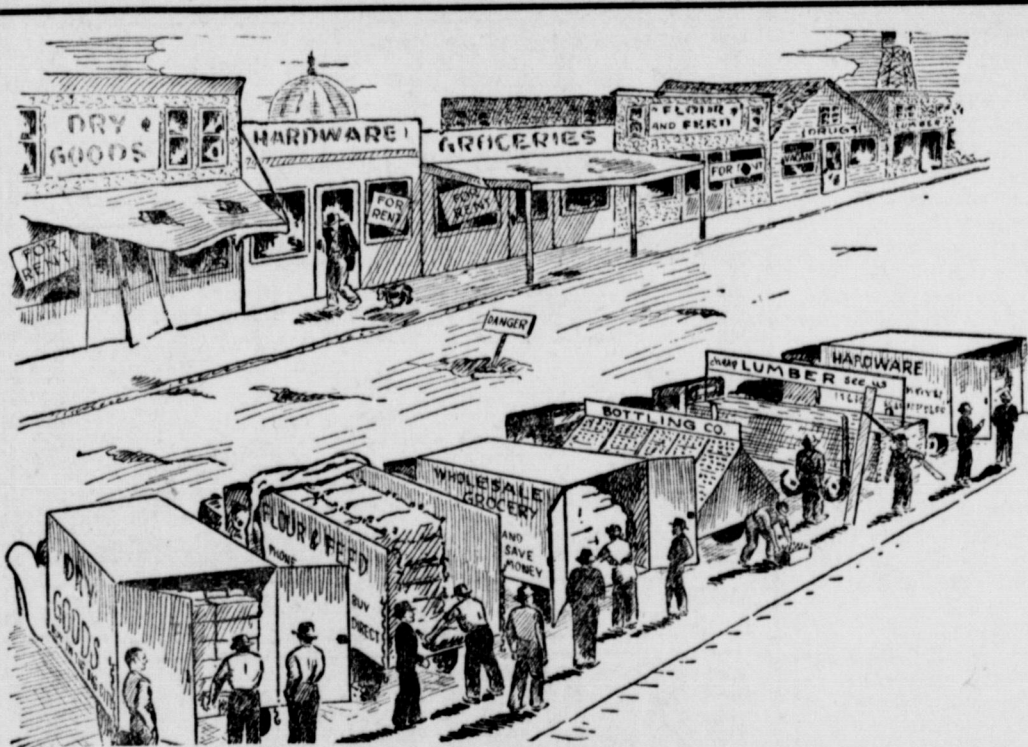

As all Starcke's program of city improvement went along on profits from the light plant, his and Seguin's record gained wide-spread notice as a shining example of municipal electric utility operation.

And it was this record that attracted the Lower Colorado River Authority's directors to him when they started hunting a man to put into operation its policy of distributing low-cost public power to consumers in a large section of Texas.

ACHING COLDS

Relieve Their DISTRESS This Easy, Quick Way!

To bring speedy relief from the discomfort of chest colds, muscular rheumatic aches and pains due to colds—you need more than "just a salve"—use a stimulating "counter-irritant" like good old warming, soothing Musterole. It penetrates the surface skin breaking up local congestion and pain resulting from colds. Even better than a mustard plaster—Musterole has been used by millions for over 30 years. Recommended by many doctors and nurses. In three strengths: Regular, Children's (mild) and Extra Strong, 40¢. Approved by Good Housekeeping Bureau. All druggists.

What Does the Future Hold for The Smaller Towns in Texas?

What must inevitably be the fate of the small towns and communities in Texas?

This question is being asked in literally hundreds of interior places over the state where today "For Rent" signs clutter the windows of numbers of empty business buildings! It is a question of increasingly serious importance, not only to these small towns and communities, but to the state as a whole.

These once busy places of community life, around which has largely grown the progressive development of Texas, are being dried up by the operation of heavy trucks over our highways. Their local business firms and enterprises, the dry goods, hardware, drug and fruit and vegetable stores, retail lumber yards, wholesale grocery houses, bottling plants, feed mills, oil mills, grain elevators and cotton compresses are unable to meet the competition of the larger business centers because of the almost unrestricted and promiscuous use of Texas highways in the delivery of goods by trucks from the larger cities holding the quantity-purchase advantage.

The absorption and manipulation, in varying degrees, of the cost of transportation by highway for competitive purposes, if not restricted, will inevitably drive dealers and wholesalers in the smaller towns and communities out of business. They must succumb to the inequality of opportunity with which they are burdened and thus contribute farther to our growing economic chaos.

The plea now being made by certain interests to increase the load limit on trucks operating over Texas Railroads, who seek no favors and advantages, but who willingly pay their own way to render efficient, dependable and economical transportation service to Texas communities, have felt the ill effects of unfair and subsidized competition in the same way and measure as the small town business men and, in the interest of our mutual preservation, join with them in urging that existing legal truck load limits be not increased!

Permit us at this first opportunity to convey our sincerest appreciation to our friends and neighbors through many years for the thoughtful acts and words of sympathy in the recent death of our dear husband and father. We want to especially thank those who provided the eloquent and beautiful floral offering for the last said rites. May God bless you all, is our prayer. Mrs. W. A. Willie and Family

Mrs. D. E. Stevenson is in Temple undergoing a major operation this week.

Park Project Is Moved Forward This Week

The Works Progress Administration office in Amarillo Wednesday approved an application to complete work on the Clarendon City Park. Mayor Tom Connally, Mesdames U. J. Boston, C. C. Powell and J. D. Swift went to Amarillo Wednesday to receive the approval of the application which will amount to about \$4,500. It will have to be approved by national officials and this approval is expected to come within the next few weeks so that work will be commenced at once on the park.

The dream of a city park has been in the minds of Clarendon people for many years, but seemed to have no chance of materializing until last year when the Senior Beaux Arts Club undertook to improve the park. They enlisted the interests and cooperation of other civic organizations and through the combined efforts, much has been done in the past six months towards giving Clarendon an attractive park. Much work has been put out by the Park Board and others to complete the WPA project. Services of Walker Lane in blue printing and land scaping the park are much appreciated. Mr. Deering of the State Highway Department also assisted greatly in the land scaping.

Mrs. Don Matheson spent Wednesday in Amarillo.

CLOSE READERS—GOOD SPELLERS MAY BE WINNERS

NEWS' MIS-SPELLED WORD CONTEST TO RUN FOUR WEEKS

Cash prizes and theatre tickets may reward close readers and good spellers if they turn their attention to the big ad on page 6 of this issue, pick out the mis-spelled words and send in their answers not later than 5 o'clock Monday afternoon of next week.

There will be two \$1.00 cash prizes each week—\$1.00 to the first correct answer from any person living in Clarendon, and \$1.00 to the first correct answer from anybody living outside of Clarendon. Then the five theatre tickets will be awarded to other correct or near-correct answers in order of their receipt.

Manager Homer Mulkey of the Pastime Theatre is co-operating with The News by furnishing the tickets to the Pastime Theatre, and he invites the winners to come to the Pastime at any one of the big attractions that are on the screen there from day to day.

As soon as you get your News out of the postoffice, begin hunting the mis-spelled words in the ads of Clarendon business houses in the big ad on page 6. Read each one carefully, and see if you can find the mis-spelled word—it may be an ordinary word, or it may be a proper word—it may even be a trade name spelled wrong. If you are not certain just how some product should be spelled, just call up the merchant in whose ad the puzzling word appears and ask him—he'll be glad to tell you. His message will be worth reading, and you can save money by trading with Clarendon merchants.

In the big spelling contest which will appear in The News exclusively for the next four weeks, no one is barred, except those employed by The News, or their families. Get going and see if you can win the first dollar cash prize in your locality—if not maybe you'll get a free theatre ticket.

SAM BRASWELL, JR., NOW ASSOCIATE EDITOR OF KERRVILLE SUN

Last week Sam Braswell, Jr., former Clarendon citizen, and son of Sam M. Braswell, editor of The Clarendon News, took up his new duties as associate editor of the Kerrville Mountain Sun, winner of the 1938 Belo Cup award to the best weekly newspaper in Texas in the annual contest held at Port Arthur.

Young Braswell was with the Sun some two years ago in the mechanical department, but for the intervening period has been with the Kerrville Times, as sports editor and machine man. The Kerrville Mountain Sun is owned by Mrs. W. A. Salter, and for many years has been recognized as one of the best county newspapers in the Southwest.

DOUGLAS & GOLDSTON

COLLECTIONS IN TAXES MAY SHOW SLIGHT GAIN

POLL TAXES PAID IN COUNTY ABOUT HALF STRENGTH IS REPORT

From incomplete reports from the three tax-collecting agencies here in Clarendon, indications are that 1938 tax collections to the deadline on January 31st, a slight gain over the past year may be registered.

Mrs. Mae Shaver, city secretary, informed The News that taxes collected by the city ran about 73 per cent, which is some 13 per cent over the average for the past two years.

A. L. Chase, collector for the Clarendon Independent School District, reports that the school taxes collected runs about 70 per cent, which is about five per cent better than last year, but actually produced less money by reason of lower valuations.

Reports from the county tax collector's office will not be available for several days yet, but there is a general feeling that county and state collections will run about the same as in past years. Poll taxes paid for Donley county showed about half strength for the total votes in all precincts and are as follows:

FUNERAL SERVICES FOR THOMPSON INFANT ARE HELD WEDNESDAY

Funeral services for little Ann Ree Thompson, infant daughter of Mr. and Mrs. P. O. Thompson, were held Wednesday afternoon at 3 p. m. at the family home. Rev. J. Perry King officiated and interment was in the Citizen's Cemetery.

The child was born December 17, 1937, and died January 31, after a week's illness. She is survived by a twin, Nan, and a brother, George.

W. A. (BILL) WILIE IS BURIED HERE TUESDAY AFTER DEATH IN ARIZONA

Funeral services for W. A. (Bill) Willie who died Jan. 26 in Patagonia, Arizona, were held Tuesday afternoon from the First Baptist Church here at 2:30 p. m. with Rev. J. Perry King officiating. Interment was in the Citizen's Cemetery.

Mr. Willie was an old-time cowboy here, being employed by the JA Ranch for twenty-five years. He lived in Clarendon later for several years. Survivors are his widow, two sons, Dick and Ted, and a daughter, Mrs. Oscar Dickens, all of New Mexico, and two sisters, Mesdames Ray and R. M. Sloan of this city.

Dr. and Mrs. H. R. Beck attended the dentist's convention in Amarillo Monday and Tuesday of this week.

Mr. and Mrs. Ben Andis went to Austin Friday on business and returned Sunday night.

PATRICK ADDRESSES FFA BOYS WEDNESDAY NIGHT ON SOIL PROBLEMS

W. H. Patrick pioneer banker, was chief speaker at the first February meeting of the local F. F. A. chapter, Wednesday, Feb. 1. Mr. Patrick emphasized the need of proper care of the soil and the proper utilization of our land. He urged the Future Farmers to use care in proper tillage, crop use, and other factors that

might tend to rob the soil of its fertility and of its use for future generations.

Forty-three members were present at the meeting.

Word was received here of the death of J. C. Wells, 38, in Delhi, Okla., last week. Mr. Wells was a brother of Mrs. Roy McCraw and was formerly employed by the JA Ranch and the Matador Land and Cattle Company.

LET THE ALLIS-CHALMERS Tractor

MAKE YOU AN INDEPENDENT FARMER

MODEL B	MODEL WC	MODEL RC
This Tractor, the newest addition to the Allis-Chalmers line, is a 1-row Lister, economical, efficient and easy to operate, designed especially to fill the needs of the farmer with an average size farm.	The WC, a 2-row Lister is made for larger scale operations, and is fully as economical as the 1-row, being admirably adapted to the work for which it is designed.	The RC is a full 2-row Lister and is equipped with lights and starter, at no extra cost, and has no superior in the large scale operations field.

We carry a full line of Lister Shears and replacement Moldboards for all makes of planters; also a big stock of parts for Allis-Chalmers Tractors. We have some two-year Pedigreed Qualla Cottonseed! At this time we have some horses and mules for sale.
