## Purchase Of City Gas Company Is Announced By Amarillo Man

### MAYOR DOES NOT BELIEVE LOCAL RATE AFFECTED

**HARWITZ COMPANY AND THOMAS COOK SAID TO BE BUYERS**

The City Gas Company this week was reported sold by the Upham Brothers of Ohio to Harwitz Brothers of Dallas and Thomas Cook of Amarillo.

The company owns the distributing gas franchise in Clarendon, Hedley, Lelia Lake, McGargel, Holiday, Archer City and Olney.

Members of the Clarendon Commission and Mayor T. F. Connally said today they had no reason to believe the sale would affect the recent court ruling in 98th District Court of Travis County in which Judge A. R. Stout upheld a Texas Railroad Commission's order reducing the local rate from 70 cents to 51 cents per thousand cubic feet.

"As far as the city is concerned," Connally said, "we are not interested in any sort of rate compromise. We are well pleased with the results obtained by the Railroad Commission and the attorney general's office, and are content to let them conclude the case."

The Harwitz Company and Cook own the Public Service Corporation of Texas and the combined companies will serve about 6,000 customers. The City Gas Company served approximately 3,000 customers.

The price paid for the company was not made public but it was reported to have been practically a cash deal.

### COUNTY COURT MAY DISCONTINUE NYA HOME

**WITHDRAWAL OF COUNTY FUNDS WOULD HALT ABOUT \$7,200**

The Donley County Commissioner's Court will meet Monday afternoon at 2 o'clock to determine whether or not the NYA Home Residence Project will be discontinued.

Approximately 30 girls from Donley and surrounding counties are in the home where home economics, business, etc., are taught.

Under the present arrangement the county is paying the house rent, gas and electric bills. The girls receive a total of approximately \$7,200 annually.

Mr. and Mrs. C. D. Church of Long Beach, Calif., arrived Friday to visit their daughter, Mrs. Carroll Knorpp, and family. They were accompanied by Mrs. Kate B. Carroll and son, Jack, also of Long Beach, who will visit Mr. and Mrs. Bill Carroll and other relatives.

Mrs. W. W. Noblet returned this week from Oklahoma where she had been visiting relatives.

### Museum Continues To Interest School Children and Groups

The Donley County Museum continues to be of interest to the schools of the county. Last week Mr. and Mrs. Ayers of the Hudgins school brought about 30 pupils to visit the museum, and this week quite a number came from the Lelia Lake school. They were all intensely interested in the many relics on exhibit there.

The board wishes to announce that it will be a pleasure to open the doors of the museum any day to a school if notification will be given in advance. However, the doors will be open each Monday afternoon to everyone who would like to come.

### JUNE DAIRY PRODUCTS SCHOOL TO BE HELD IN CLARENDON

A dairy products school demonstration, wherein the manufacture of farm butter and cheese will be demonstrated, will be held here next month, County Agent H. M. Breedlove said today.

Invitations are especially extended to farmers and their wives and women's clubs over the county, Breedlove said.

W. V. Maddox, extension service specialist in dairy manufacturing of Texas A. & M., will be the principal speaker and will comment upon the demonstration.

The date for the school has been set for Friday, June 8, the agent concluded.

### CLARENDON-MEMPHIS MATHER HERE TUESDAY

Thirty-two young people of the Methodist Church here and in Memphis gathered Tuesday evening at the local church for a union meeting.

The Memphis group brought an enjoyable program consisting of a Mother's Day play several musical numbers, and a Scripture reading. Rev. Orion Carter of Memphis closed the program with prayer.

At a business meeting, officers for the coming year were elected as follows: President, Bobby Wheeler; vice president, Jack Reeves; secretary-treasurer, Wanda Nell Smith; reporter, Vada Webster.

The Clarendon group then furnished games and other entertainment and refreshments.

### NEWS EMPLOYEE IS CRITICALLY ILL IN HOSPITAL

Ed Isaacs, employee of The Clarendon News for the past seven months, is in a critical condition at the Adair Hospital following partial paralysis strokes Sunday and Monday.

Mr. and Mrs. Lee Bell and Mr. and Mrs. Ben Andis left Tuesday for a 10-day trip to South Texas. Mr. and Mrs. Bell will visit in San Benito and Mr. and Mrs. Andis went to Harlingen.

Mr. and Mrs. I. W. Carhart of Greenville are visiting relatives here this week.

### CITY GOLF PLAY TO START HERE SUNDAY

**MERCHANT FAVORED TO REPEAT FOR THIRD STRAIGHT WIN**

First shots for the city golf championship will be fired Sunday when a large field tees off in qualifying rounds of the twelfth annual tournament.

With the course in splendid shape, at least four flights are expected in the local golfing high-light.

Ira Merchant, four times winner and present holder of the crown will be shooting for his third victory which would give him permanent possession of the cup.

However, the perennial favorite will have to outlast the always tough competition, Dude and M. P. Gentry and Billie Cooke.

Paul Greene, last year's finalist who blazed a 69 to draw even with Merchant in the afternoon round, after being six holes to the bad at lunch, will be missing from play this year.

The rest of the top bracket will probably be seeded from the following: U. J. Boston, D. R. Davis, J. T. Patman, Tom Connally, Alex Cooke, etc.

Although the tourney is reaching its twelfth birthday this year, the club is out the expense of only two cups. Under the rules each cup must be won three times before it becomes the personal property of a champion.

The winners:

Bill Cooke	1928
Al Cooke	1929
Ira Merchant	1930
Es. Merchant	1931
Al Cooke	1932
M. P. Gentry	1933
Al Cooke	1934
A. N. Wood	1935
M. P. Gentry	1936
Ira Merchant	1937
Ira Merchant	1938

### "A LOS TOROS" WILL BE PRESENTED BY HIGH SCHOOL BAND

"A Los Toros," and dance review featuring the pupils of Miss Mary Cooke's school, will be presented at the college auditorium tonight at 8 o'clock for the benefit of the Clarendon High School band.

The show will consist of two parts, "A Day In Madrid" and "Speaking of America." Opening with the entrance of the queen of Spain, the first part concludes with a bull fight. The American review begins on Broadway and ends in the deep South.

The admission will be 15 and 25 cents with the proceeds going to the band.

### EYE INJURY

Oscar Castleberry Friday was treated in an Amarillo hospital for an eye injury received when a silver flew from a steel plate he was hammering. The metal was removed successfully.

### Heads Lions

A. G. BEARDEN  
Lamesa, Texas

Elected district governor of Lions Clubs of District 2-T, embracing all the territory from the Panhandle to El Paso and the Big Bend country. The new governor who takes his seat at the conclusion of the International Convention of Lions Clubs at Pittsburgh, Pa., in July, is a chamber of commerce secretary, and well known over West Texas.

### Hail Storm Does Small Damage

Hail which battered several Panhandle points did only minor damage in Donley County but accompanied a rain for local farm and ranch lands of approximately 70 of an inch of moisture.

Hailstones which reached storm size fell in Clarendon shortly after lunch Sunday, damaging flowers and vegetable gardens. Only in few parts of the county was reported even minor losses.

### GRASSHOPPER EGGS ARE STILL UNHATCHED IN DONLEY COUNTY

Although vast hordes of grasshoppers are reported in other sections, County Agent H. M. Breedlove said today that no reports had reached his office of infestation in Donley County.

As far as can be learned this week, Breedlove stated, "hopper eggs have not begun to hatch here. Mixing stations at Clarendon and Hedley will be opened as soon as the first pests are seen," he added.

### DISTRICT LEGION AUXILIARY MEET IN CHILDRESS

**DELEGATES FROM HERE ATTEND THE SUNDAY SESSION**

Clarendon was represented Sunday at the meeting of the 18th District of the American Legion at Childress.

Vincent Chiodo of Houston and Mrs. William Wyatt of San Marcos, state legion and auxiliary commanders both spoke Sunday afternoon. Chiodo spoke on Americanism and was most interesting and timely. Mrs. Wyatt's speech followed the same general theme, except that it stressed the woman's angle of work. Charlie Maisel, district commander from Pampa, introduced both speakers.

Other numbers on the program were special church services Sunday morning at the First Presbyterian Church with Rev. Frank Travis, pastor, preaching, and a buffet barbecue at Fair Park following the church services. Sunday afternoon a business session was held. George E. Broome of Amarillo was chosen to represent the 18th district at the national convention in Chicago this summer with Lee O'Neil of Wellington as alternate. The June zone meeting was awarded to Matarador.

Attending from Clarendon were Mrs. O. L. Fink, Mr. and Mrs. Joe Holland, Lee Holland, Tom Tucker, Clifford Decker, Mr. and Mrs. L. E. Thompson, and Mr. and Mrs. Ralph Andis and son, Billie Ralph.

### LIONS LISTEN TO 2-T CONVENTION REPORT TUESDAY

**DELEGATION HOME FROM CONVENTION AT EL PASO**

Time allotted to the weekly program of the Clarendon Lions Club in session Tuesday noon at the Clarendon Hotel was diverted to the report of the club delegates to the annual district convention which was held in El Paso the past week.

The local Lions were represented by President W. H. Patrick, Homer Mulkey and Sam M. Braswell, the latter making the report of the annual district convention where three district meets in nearby cities, merging their entertainment features into a "Little International" convention District 2, Texas met in El Paso while District B, Mexico met in Juarez, and District 40, New Mexico met in Las Cruces. Over 700 Lions and ladies joined in the program and entertainment, featured by a barbecue at Las Cruces, joint session to hear International President Walter Dexter of California in El Paso, followed by a joint dinner at the Cortez Hotel, and a dinner and a bull-fight in Juarez in the typical Mexican manner. President Rudolfo M. Fernandez of the National Association of Lions in Mexico was also an honored guest.

In the annual elections Lion A. G. Bearden of Lamesa was elected District Governor of District 2-T, Lions for the incoming year, and Midland won the 1940 district convention. The local delegates returned here over the week-end.

Whitefield Carhart of Greenville, former resident of Clarendon, was a club guest for the day.

John H. Wilson, vice president of the Independent Exploration Company and graduate of Clarendon College in 1918, will talk on soil analysis at the weekly luncheon at the Fort Worth Geological Society in Fort Worth Monday.

After finishing college, Wilson took post graduate work at Southern Methodist University. He then took his degree of Mechanical Engineer at the Colorado School of Mines in 1926.

### HOPES FOR EARLY CITY PARK WORK SPURRED TODAY

**FUNDS FOR PROJECT MAY BE RECEIVED IN WEEK OR TWO**

Hopes that actual work on the Clarendon City Park would begin within the near future were spurred this week when the Donley County Commissioner's Court voted it improvement No. 1 project and G. A. Lider, WPA district supervisor of operations, announced that federal funds may be obtained within the next two weeks.

The Washington office of the WPA allotted \$4,294 for the work in March, although complications developed locally and at the state office in San Antonio.

Lider was in Clarendon this morning looking over several projects and stated the revised papers had been approved by the Amarillo office and mailed to San Antonio.

The County Commissioners also voted to make the \$8,957 school improvement project No. 2 and the city bridge project No. 3.

F. F. A Wins Chapter Event At Area Meet

The Clarendon F. F. A. chapter conducting team placed first in the area meet at Canyon Saturday over schools competing from 20 counties.

Joe Williams, Bailey Estes, Homer Hardin, Ray Bullis, Ray Isham, George and Rex Moore, Gene Putman, Horace Green, Ray Robinson and Rex Shannon were members of the winning team. J. R. Gilham is the team coach.

Junior Spier added the third consecutive news writing trophy to the Clarendon collection by winning first. Carl Morris placed fifth in public speaking.

The first places entitles the group to represent the chapter in state contests in Huntsville, in June, however the expansiveness will probably prohibit their entering. Gilham said.

Mrs. Edythe Maher was in Amarillo Monday.

## HOW INTERESTING LIFE IS—IF WE ARE ALERT

The most intensively interesting thing in the world is life, and the most absorbing study among us is people.

Last week while on a trip to El Paso a brief stop at a small village filling-station-restaurant disclosed in a chance conversation that the proprietor was present in Havana harbor on the occasion of the Battleship Maine disaster. The narrator was a galley-boy on another ship anchored in the harbor and heard the explosions which was the immediate cause of the Spanish-American war.

A few hours later, up in the fringe of the Davis Mountains, at a ranch owned by a former college-mate, we renewed a friendship enjoyed only intermittently for the past thirty years, and saw a pair of buck horns larger than any in the collections viewed in Texas.

Later in the same day at Van Horn, a few miles from the scene of the terrible Fromme murders, when two prominent California women, mother and daughter, were frightfully and brutally murdered last year, in conversation with a filling station operator, it developed that he was the driver of the ambulance that bore the bodies to El Paso in their decomposed state after days on the desert—an experience no man could ever erase from his memory.

Yes, life and people are the most absorbing elements we know here on this mundane sphere. Every day is a new and glorious adventure—let us enjoy that adventure to the utmost as we strive to do good along the pathway.

## THOSE CARELESS CIGARET SMOKERS

Most people have an idea that fires caused by carelessly thrown away cigarettes, happen away off somewhere else than in the home-town.

Last week a house-to-house canvasser came to this editor's front door and as he waited for the lady of the house to come to the door threw a hot cigarette butt against the wall carelessly intending that it should fall behind a porch swing-lounge to die on the concrete floor. It didn't. It fell between the stuffed seats, smoldered a long while, ate out the insides from the seats, and ruined a twenty-five dollar piece of porch furniture before it was found.

The careless cigaret tosser had gone on his way, out of the reach of claims for damage, and with a little better entrenched reputation for being a nuisance than he had formerly enjoyed.

Yes, the cost of the careless cigaret smoker is just as much a threat in Clarendon as in Hollywood or Palm Beach. He needs eliminating.

## THE LIQUOR TRAFFIC PROMISED

—That the revenue of cities, states and the nation would be enlarged. The liquor cost is very much larger.

—That "prohibition" evils of moonshining and bootlegging would cease. Ha ha!

—That the saloon would not return. It has not; we only have bars, liquor stores, taverns, beer joints, grog shops and an infinite variety of hell-holes operating under every name but saloon.

—That drunken driving would be reduced. It steadily increased as liquor consumption increased; it began to decline from that point when liquor consumption began to decline. It is still a much more formidable problem than it was under prohibition.

—That youth would cease to drink. Drinking conditions among the young people were never so serious as they are today.

—That crime would decrease. Reference to Federal state and municipal statistics indicate a serious increase in crime—The Voice.

## WAR RAIDS VERSUS TREASURY RAIDS

There have been so many war scares that the hysteria seems to have been overworked with the result that Congress appears to have concluded that here is very little danger of any foreign government attempting to commit raids along the American coast.

Raids on the Federal Government have long seemed an actuality, and attention is noticeably turning to domestic affairs. The question of a better system to get men back to jobs is our nation's most serious problem.

In general the old American theory of assuring business and the great mass of the working people that they are expected to stand on their own footing, and assume the responsibility of making their way in life, instead of forever boondoggling on a public treasury, is the raid that a sensible Congress is checking up on.

## BUSINESS INDEPENDENCE

As in time of yore the business interests of our country are accepting every challenge offered by opportunities to forge ahead. There is gradual divorcement from the irritations of restrictive political forces that furnish genuine hopes that 1939 will continue to make official and unofficial statistics of progress in transportation more cheerful. We find it rather easy to believe, as proven in the past, that transportation leads the rising suns of progress.

Washington has supplied an official definition of 5 million dollars and less as a "small business" concern. Many suggestions have been officially broached to help them. It is illuminating to note that small business men, like big business, show (not a new) the old time spirit of independence.

Business men have apparently let Washington understand that their new independence means that they have quit sticking their necks out. Reputable American business and industries have no crimes or schemes that they are trying to conceal from the "witch hunters" of the Federal Government.

A new governmental-business arrangement that does not destroy business independence seems to be a demand of the American people, who want a square deal for everyone.

## The Low Down FROM HICKORY GROVE

I am not such a hot expert on big business, but I guess big business, it is not much different from the little outfits. Like a nan and his boy—the boy, he just has not had time to get big, but he will if he survives the green apples, etc., etc.

And this idea about business, it is running through my head on account I was tuned on a feller talking about finance. And I kept tuned in, thinking maybe he might tell me how to get some. But this luck, he was explaining mostly about taxes. He told about a company, where it was earning around 4 dollars a share and the stockholders, they get 2 dollars, and the government, it got the other 2, for taxes. But the government, it got its 2 bucks first.

And I been pondering ever since, and thinking about the insurance I got. My company, it owns a raft of stocks and bonds. This tax business, it is like a thunder storm. When it gets to cracking around right close to home, you kinda wonder if you are next.

Yours, with the low down,  
JO SERRA.

## NOTARY APPOINTMENTS SHOULD BE REQUESTED IMMEDIATELY

Persons wishing to secure notary public appointments should make applications before the current session of the Legislature adjourns. Eugene Worley, representative of the district, said in a letter to The Clarendon News this week.

Often, Worley said, many people desiring the appointments overlook requesting them until the Legislature has adjourned. "In view of the fact the current session is nearly over, I would appreciate an immediate communication and I shall be glad to care for them," he added.

## ELECTRIC EYE COUNTS TEXAS TRAFFIC

AUSTIN.—An electric eye for counting traffic on the highways has been developed by the State Highway Department, according to a statement issued by Junian Montgomery, state highway engineer. The machine is operated by batteries and can be set up at any point on the road. The passing car breaks a beam of light and causes a dial to register the count. A camera built into the machine automatically takes a picture of the dial every hour.

Your temperature sense is not as good as you may think. You can touch a block of frozen mercury and a red hot iron without being able to tell which is which.

## NEW METHODIST CHURCH MEETING IN KANSAS CITY

UNITED ORGANIZATION WILL HAVE 8,000,000 MEMBERS

The first meeting of a new Methodist church organization is being held in Kansas City this week which will unite close to 800,000 persons into the largest Protestant group in the United States.

Combining are the Methodist Episcopal Church (Northern), the Methodist Episcopal Church, So., and the Methodist Protestant Church.

Besides the 800,000 members, the united church will have 50,000 churches and property valued at \$800,000,000.

## HUDSON RESIGNS AS SCA SECRETARY IN DONLEY COUNTY

L. A. Hudson, assistant Donley County agent for over a year, and local FCA secretary, announced this week that he had resigned to accept a position with the FSA in Hereford.

Hudson will leave today for Hereford and will be replaced here by Harold Leach of Wellington who has been assisting in the Collingsworth County office of the AAA.

Leach is a graduate of W. T. S. C., Canyon.

## HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat Everything From Soup to Nuts  
The stomach should digest two pounds of food daily. When you eat heavy, greasy, coarse or rich foods or when you are nervous, hurried or slow paced—your stomach often pours out too much fluid. Your food doesn't digest and you have gas, heartburn, nausea, pain or sour stomach. You feel sour, sick and upset all over. Doctors say never take a laxative for stomach pain. It is dangerous and foolish. It takes those little black tablets called *Bell-sun* for indigestion to make the excess stomach fluids harmless, relieve distress in no time and put you back on your feet. Relief is so quick it is amazing and one 5c package proves it. Ask for *Bell-sun* for indigestion.

## PROCEDURE FOR ESTABLISHING COTTON YIELD IS EXPLAINED

All farms for which cotton allotments have been established must be placed in one of three groups, according to Harold L. Leach, Donley County ACA secretary, who yesterday issued a statement to producers pointing out the groups.

The statement:  
Group I: To place your farm in group 1 you must produce either your actual gin tickets or sales receipts for the years 1934-1938, inclusive or arrange with your ginster to bring his individual customer's ledger to the office to be examined by the county committee. No other records will be accepted. The county committee will be in session for the purpose of examining these records from Friday, May 12 until Thursday, May 18. There must also be a AAA record of measurement for each year of the base period. This proof positively must be in the hands of the county committee by Thursday, May 18. If your farm is placed in this group your normal yield cannot be lowered below your actual production.

Group II: The requirements for this group are the same as for group I, except that the producer is willing to take the records of production on file in our office rather than attempt to prove his production by gin records for the five-year base period. Unless gin records are produced for the year 1938, however, the committee may adjust the yield downward in cases where they believe the yield for that year to be overstated. No other downward revision can be made in this group.

Group I: This group will consist of the following farms: Those which have been sub-

vided during the five-year base period; those which have been combined with part of another farm during the base period; those which have had no AAA measurement during any one year of the base period; those on which no cotton has been planted in any one year of the base period.

### Funeral Services Conducted For Gerald Davis

Funeral services were conducted Friday for Gerald L. Davis, 28, at El Paso, Davis, a brother of D. R. Davis and Mrs. Otto Beach of Clarendon, died Thursday of complications following an automobile wreck last year in which he was seriously burned. Davis lived here for a year in 1932 and 1933. Other survivors are sisters, Mrs. I. D. Gray of Guthrie, Okla., Mrs. Russell Vanbier of Oklahoma City, Mrs. R. L. Squires of El Paso; and brothers Ed Davis of El Paso, Fred Davis of Guthrie, Okla., Shirl Davis of Genoa, Calif. Mrs. Beach and Mr. Davis attended the services.

### FORMER RESIDENT RETURNS HERE TO PRACTICE

Dr. E. F. Hamm, one time Clarendon physician, returned here Friday to again resume practice after an absence of about 20 years. He will be associated with Dr. B. L. Jenkins. Two daughters, Mary and Ruth, will arrive next month from Mexico, where Dr. Hamm has been practicing.

Ruby Delong Mathews

Director of the home management supervisors for the Farm Security Administration in West Texas is Ruby Delong Mathews, formerly of San Angelo, now in the regional offices in Amarillo. Under her direction, twenty-four women working with 2,500 families in this area have perceptibly raised the standards of the farming communities, for instances 258,865 quarts of vegetables canned, 122,849 pounds of vegetables stored, 92,509 quarts of fruit stored, 1,376 record books kept in perfect order, 1,335,179 chickens raised.

## YEAR'S MOISTURE IS SLIGHTLY BELOW 1938

RAINFALL DECREASED AFTER UNUSUALLY WET JANUARY

Despite an unusually wet January, moisture received here for the first four months of 1939 is below that for the same period in 1938, according to official statistics kept by the Weatherman Joe Goldston.

The official figures show only 4.30 inches of moisture for the first four months of 1939 as against 5.04 inches in 1938. This year's January record breaking fall of 2.02 inches was followed by a very dry February when only .8 of an inch of moisture was received. Precipitations measured 1.19 in March and 1.01 in April.

A light fall of .22 of an inch was recorded in January, 1938, but February's 1.18 inches was over an inch more than this year's figure. March of 1938, also gained on its rival month with 1.88 inches. April, 1938, again brought up the average with 1.76 inches of moisture.

The current month of May must receive over 3 inches if it is to compare favorably with May of 1938 when 3.55 inches were received. Although 6.88 inches fell in Clarendon last June, the moisture was more damaging than beneficial as valuable crop land was washed away.

## Fiery Itching Skin Gets Quick Relief

Home Treatment Eases Unbearable Soreness—Distress

There is one simple yet inexpensive way to ease the itching and torture of Eczema, Itching Toes or Feet Rash and many other externally caused skin eruptions and that is to apply Moore's Emerald Oil night and morning and people who suffer from such embarrassing or unsightly skin troubles would be wise to try it.

Just ask any first-class druggist for an original bottle of Moore's Emerald Oil and refuse to accept anything else. It is such a highly concentrated preparation that a small bottle lasts a long time and furthermore if this clean, powerful, penetrating oil that helps promote healing fails to give you full and complete satisfaction you can have your money refunded.

## TRUCK VICTIM HELD IN LELIA LAKE

D. W. ROBERTSON IS FATALLY HURT IN HIGHWAY WRECK

Funeral services were held Sunday afternoon at the Lelia Lake Church of Christ for D. W. Robertson, 25, who died in Fort Sumner, N. M., Friday evening from injuries received when the truck in which he was riding crashed into a bridge early Thursday morning.

James V. Curlee, Clarendon Church of Christ pastor, officiated.

Robertson, son of Mr. and Mrs. C. J. Robertson of Hanover, N. M., was a former Lelia Lake resident where he lived with his parents and for about seven years. Mr. and Mrs. Robertson moved to New Mexico about two years ago. He was married to Miss Inez Woods of Donley County in October, 1934.

Besides his parents and wife, he is survived by a five-months old girl, Doris; three sisters, Mrs. J. B. Williams, Mrs. J. R. Teague and Emogene Robertson, all of New Mexico and one brother, A. D. Robertson of California.

According to his mother Robertson and a companion were employed by a lumber company and were hauling a heavy load of timber from Clovis to Fort Sumner. The truck crashed into a bridge about about five o'clock Thursday morning. His companion also was killed.

CLARENDON METHODIST CHURCH  
J. G. Walker, Pastor

Just won't have space to say all I want to say this week. Closed our meeting at Lelia Lake Sunday evening. We are very happy over the results. All who attended regularly were greatly strengthened in the faith. Every sermon preached by Brother Gordon was the pure Gospel of Jesus Christ. Each one well rounded up and complete in itself. Even the occasional attendee found food for his hungry soul. There were seven received by certificate and transfer, one by vows and three to be received by Baptism later—four confessions in all—we do not know how many renewed their standing. We do know that the spirit of Lelia Lake Methodist Church is quite different to what it has been. We organized Sunday school with 31 present. We have good material in our superintendent, officers and teachers. They all seemed to be determined to make it go and pledged themselves to this end. My belief is that though small in numbers we will succeed.

Quality goes much farther towards success than numbers. Watch us. If we grow we will tell you in our notes. If we fail, we will tell you. Don't be a preacher, be a booster. Don't boost just with wind, but be a heart and soul booster. "They that are for us are far greater than they that be against us."

We are proud to know that both services at Ashtola Sunday were good. Brother David Johnson filled the 11 o'clock hour. He reports good attendance and a fine service. We have heard good things said about his talk. Brother R. Y. King held the evening service. We have not yet had re-

port from him; but have heard from Ashola that his service was fine. We thank these good men for their help. We believe Methodism needs more lay-preaching. We know that Clarendon Circuit can use lots of help like that. We shall be pleased to have you help us more. God will see to it that the giver will be blessed as well as the receiver.

### ORDER OF ELECTION

#### PROCLAMATION BY THE GOVERNOR OF THE STATE OF TEXAS

To All To Whom These Presents Shall Come:

Whereas the 46th Legislature at its present session, by House Bill No. 20, which was signed and became effective April 20, 1939, has provided for the creation of a state soil conservation board by the means and under the procedure hereinafter stated.

Now, Therefore, I, W. Lee O'Daniel, governor of the State of Texas, do hereby direct, in accordance with said act, the Commissioners Court of each county of the State of Texas to call a Convention of the landowners in each Commissioners precinct of their respective counties to be held on the 15th day of May, 1939, for the purpose of selecting a representative from each precinct who, in turn, shall immediately select one of their number as a delegate to attend the State District Conservation Convention to be held as herein provided on the 22nd day of May, 1939, at 11 a. m.

District No. 1 which includes Donley County, shall meet at Plainview, in Hale County, Texas.

At each of the district meetings herein provided a member of the board shall be selected who shall meet on the 29th day of May, 1939, at Temple, Texas at 11 o'clock a. m., for the purpose of organization and transaction of business by the State Soil Conservation Board; and

I do hereby direct that the County Judge and Commissioners Court of each county shall publicize and make the usual notice of the time and place of all precinct meetings to be held on the 15th day of May, 1939, and this will be to all delegates elected their due and proper notice of each subsequent meeting, as hereinabove directed.

The commissioners Court and the County Judge of each county shall cause due notice to be given to the Secretary of State of the delegates elected by each county to the State District meeting, and furnish to each delegate a letter of authority to act.

In Testimony Whereof, I have hereunto signed my name officially and caused the Seal of State to be impressed hereon at Austin, this 1st day of May, A. D., 1939.

## Perennials Grow Best from Seed Sown Early

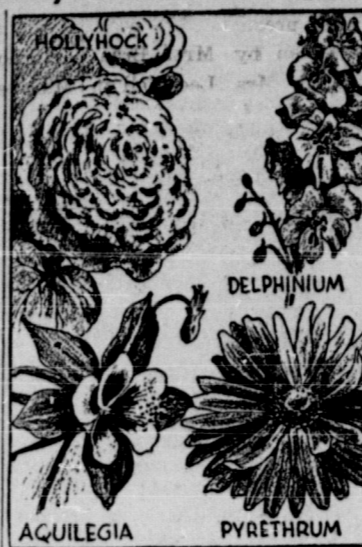

Most perennials can be grown from seed without trouble or expense, provided you grow them in a secluded spot where they will not be trampled on, or disturbed. A corner of the vegetable patch, or the unused cold frame are good places for them.

Early sowing is always best. In the cool, moist spring days they germinate better, and an early start gives them a longer season to grow into sturdy plants for fall transplanting.

Delphiniums and hollyhocks are the tallest perennials which no perennial border can well do without. When it comes to those of medium height ranging between three and four feet, there is a wide selection. These, however, form the mainstays for sheets of bloom at various times during the season. For the earliest display, starting in mid-May, as the tulips wax and wane, come the pyrethrums or painted daisies and the columbines.

In the latter there is a wide latitude as to blooming season, extending from late April through July. The pyrethrums come all at once in great sheets of bloom for a month, with later scattering bloom. The pyrethrums are one of the finest of cutting materials, the long-stemmed daisies, sometimes growing three feet tall, keeping for days when cut. They range in color from pure white to palest pinks, rose, scarlet, maroon and crimson. The dark shades are the rarest and a packet of seed will give a prevailing number of light tones. To get a good strain of pyrethrums it is necessary, first of all, to buy a good strain of seed from a reliable seedsmen.

It is best to grow the seedlings—

Perennials easily grown from seed.

a packet will give scores of them—in rows like vegetables until they bloom. Then take the ones you want and throw the rest away, propagating any particularly fine variety by division, which is easily done.

Columbines do not need this selection, as they show a wide diversity of color but not much diversity in size or form if the seed is from a good strain. There are fine-named types that come fairly true from seed. You may select the color you like in columbines, but it is one perennial which, because of its soft coloring, is as effective in mixed coloring as grown in separate colors. It is best in shade, but will grow well in full sun. Set plants a foot apart for masses of bloom.

## Satisfying Meals That "Stick to Your Ribs"

By RUTH J. COOPER  
Consulting Home Economist  
Breeder-Feeder Association

In planning family menus one of the important considerations is the satiety value. Will this meal "stick to the ribs" or will the family feel hungry again immediately after eating?

Meat is one food that does satisfy longer than many foods. While it is completely and easily digested, the fat in the meat retards the digestive process and in this way, stays with us longer.

The following menus are built around meat and are nourishing, appetizing and will "stick to your ribs."

of hot water and more as needed. Cover pan and allow meat to simmer slowly about three and one-half hours. During the last hour of cooking, add the prepared vegetables and cook only until they are done. If meat is not done by that time, remove the vegetables around the meat. Serve hot. Pass the gravy separately. A variety of vegetables—string beans, peas, lima beans, turnips, parsnips, cabbage, etc.—may be used.

### GARDEN CLUB ENJOYS UNUSUAL PROGRAM

The Garden Club met with Mrs. C. D. McDowell May 8, thirteen members were present. The program was given by Mrs. Braswell assisted by Mrs. Lee Bell in a very original performance—"Garden Quiz" which was enjoyable and informative. Mrs. Ellis following with a paper on summer bulbs. She told the club of dozens of bulbs waiting to be planted. Bulbs are almost sure to bloom as the flower is dormant in the bulb, that is true bulbs. Many tubers such as Dahlias, are not true bulbs, yet are beautiful.

A delightful hour of informal garden talk was enjoyed and the guests were served individual shortcake and coffee after which they adjourned to meet May 22 with Mrs. Joe Goldston.

The club program for the year is as follows: May 22—Hostess, Mrs. Joe Goldston. "Roses for the Home". Mrs. Rundell. Ten commandments of phlox culture; Samuel Untermyer in his Enchanted Garden, Mrs. Prewitt.

### Jr. Beaux Arts Club Gives Annual Tea

The Junior Beaux Arts Club gave their annual tea Thursday afternoon at the home of Miss Maxine Ellis. The affair was one of the most attractive of the season.

Guests were received at the door by Misses June McMurry, Ellis, Mary H. Howren, Jean Bourland and Rosalie Grady. They went into the living room where a musical program was given during the afternoon. Misses McMurry, Ellis and Ethelyn Drennan played piano solos; Miss Word sang a vocal solo, and Mrs. Lester Schull presented a whistling solo. These numbers were given both hours of the reception.

Invited into the dining room, the guests were served from a lovely table covered with a white embroidered Chinese linen cloth and centered with a silver bowl of deep purple iris on a reflector.

Tall yellow tapers in silver candelabra on reflectors stood at each end of the table. Miss Edith Shelton and Mrs. Emil Hutto poured the first hour with Misses Phebe Ann Buntin, Frances Grady and Jeanne McDonald serving. Pouring the second hour were Misses Myrtle Hall and Lucille Polk and Misses Jo Word, Wanda Nell Smith, and Mrs. Bill Weatherly served. All members of the club were gowned in pastel formals.

Purple and white snowballs, mints and salted nuts were served. Plate flavors were white cards with hand-painted pansies on them. Lovely cut flowers of Iris and snowball decorated the entertaining rooms. Approximately eighty guests called during the afternoon.

MOTHER'S CLUB CLOSING YEAR AT LUNCHEON

The Mother's Study Club closed their year's work Tuesday with a lovely luncheon at the club rooms. Hostesses for the affair were Mesdames Alfred Eastlack, J. H. Howze, Walter Lowe, W. A. Riney, Joe Ritter, H. T. Warner, Frank Heath, W. C. McDonald and G. G. Reeves who was chairman of the committee.

The club colors of green and white were attractively carried out in the decorations and menu. The small tables were laid with white covers and green dishes were used. Each table was centered with a bud vase containing roses. Sweet corn cobs were given as plate favors. A delicious three-course luncheon was served.

Mrs. C. A. Burton was the program guest and reviewed the book, "Family Style" by Carl Wilson Baker, in her inimitable manner which was enjoyed by the group.

Guests were Miss Norma Riney of Abilene, Mrs. Burton and Mrs. Joe Bownds. Members present were Mesdames Byron Armstrong, Francis Brown, Regan Bryan, Elvis Burch, Walter Clifford, Ralph Decker, Ernest Hunt, Alvin Landers, J. H. Miller, Jack Molesworth, Tom Murphy, George Norwood, Wm. Patman, Clarence Piercy, Henry Tatum, D. F. Wadsworth Ralph Keys, Ralph Andis.

CHD CLUB ENJOYS ALL-DAY SESSION

The Clarendon Home Demonstration Club met at the home of Mrs. J. C. Estlack in an all-day meeting Friday. A quilt was quilted for the hostess during the day. Mrs. Estlack, the vice president, presided over the business meeting. At noon a delicious covered dish luncheon was served.

The next meeting of the club will be with Mrs. O. L. Fink on May 19 at 2:30.

Guests for the day were Mr. and Mrs. Eugene Estlack and children of Austin, Mesdames Major Hudson, Eva Humphrey, Elmer Palmer, Alfred Estlack and children, Miss Leona Hayes. Members present were Mesdames G. A. Anderson, A. H. Baker, C. L. Benson, A. L. Chase, M. A. Hahn Elmer Hayes, A. G. Lane, J. D. McAdams, C. D. McDowell, A. W. Simpson, Ed Speed, W. D. Van Eaton, and Misses Ida and Etta Harned.

CONTRACT CLUB MEETS WITH MISS MOLESWORTH

Miss Charlotte Molesworth entertained the Contract Club at her home Tuesday afternoon. In the games, Mrs. M. P. Gentry won high score for members with Mrs. Edythe Maher winning the guest prize.

Dainty refreshments were served to Mesdames P. B. Gentry, H. F. Harter, L. S. Bagby, M. P. Gentry, Ruth Kennedy, Forest Taylor Ira Merchant, John Knorpp, Jack Molesworth, Edythe Maher, Walter Knorpp, Paul Slaton.

Tea guests were Mrs. Ray Carr, Miss Mary Cooke and Mrs. Kelly Chamberlain.

W. W. Noblett was in Chillicothe Friday.

Mrs. T. J. Jefferies of Childress was a visitor here Sunday.

### Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners."

Perhaps you rang the door bell or called over the telephone at the home of some flower grower this week and received no response—well, they were giving first aid to broken and bruised limbs of the plant and shrubbery family. The hail had us gardeners feeling discouraged for a few days, but in most cases the recovery seems probable.

Several homes that are overrun by thick clinging vines attracted my attention this week. The M. S. Parson's home, and those of Simmons Powell and Homer McElvany are as picturesque, vine clad as the castles of old. The Seldon Bagby apartment walls are also covered with ivy.

Glances will not reveal the hiding places of the lovely clumps of columbine that are found in Mrs. McDowell's, Mrs. Fink's, Mrs. Joe Goldston's and other yards. They are partly hidden among the shrubbery. However, the scarlet verberna gaily beckons you in Miss Lottie Lane's lawn. The numerous mock orange shrubs at the Prewitt home are a lovely mass of green and white, and their fragrance is quite noticeable.

Our flower growers are succeeding with roses. Gorgeous blooms are seen on the bushes at Frank Bourland's, Carroll Knorpp's and various homes. Do notice the fence over run with roses at the back of the Meredith Gentry home.

Go on a garden glimpse drive, your first hour off, and then you will say with the poet, "The garden is man's place to grow."

### 1912 NEEDLE CLUB GUESTS OF MRS. LETTS

The 1912 Needle Club was guest of Mrs. A. R. Letts Thursday afternoon in their regular meeting. An enjoyable afternoon was spent in needle-work and conversation.

Dainty refreshments were served to Mesdames L. S. Bagby, A. L. Chase, Ed Dishman, J. W. Evans, H. Glascoe, J. T. Patman, J. T. Sims, C. W. Taylor, W. T. Clifford, J. F. Fleming.

### FRIENDSHIP CLUB GUEST OF MRS. THORNTON

The Friendship Club was guest of Mrs. M. E. Thornton Tuesday afternoon. Mrs. C. R. Skinner presided over the session which was opened with prayer. Mrs. J. L. Allison read the Scripture lesson. A short business meeting followed, after which the club adjourned to meet with the T. E. L. Sunday school class.

Present were Mesdames J. L. Allison, Abshur, J. A. Meaders, C. R. Skinner, G. J. Teel, H. Tyree, Eva Womack, J. D. Stocking, Miss Katie Meaders.

### DORCAS-ALATHEAN CLASS WITH MRS. LOWE

The Dorcas-Alatheatan Sunday School Class of the First Baptist Church had their regular monthly meeting Thursday afternoon at the home of the president, Mrs. Genoah Lowe with Mesdames Dewey Clifford and Corrine Harrison as co-hostesses.

An enjoyable afternoon was spent playing 42. The Pollyanna gifts were exchanged. Delicious refreshments were served to two guests, Mesdames Claudia Thompson and Genoah Dozier and the following members: Mesdames Marie Patterson, Alice Bain, Hattie Palmer, Mabynd Andis, Dorinda Douglas, Willette M. Cole, Hazel Lusk, Dollie Wilson, Emma Rhodes Jennie Burch, Lucille Neece, Nina Armstrong, Maud Palmer, Tinnie Smith and H. T. Burton, Miss Eula Joyce Burselon.

### SENIOR ART CLUB HAS STUDY OF CHINA

The Senior Beaux Arts Club met Friday afternoon in their regular meeting at the home of Mrs. T. W. Evans with Mrs. U. J. Boston as assistant hostess.

Mrs. R. L. Bigger gave a report of the federation meeting last week in Pampa, which she attended as a delegate of the club. Mrs. Mae Prewitt was elected to membership in the club.

Mrs. L. S. Bagby led the program with a discussion of "Old China and Glassware." She had a beautiful exhibit of antiques to show the club. Mrs. Henry Melton told about "Silver and Pewter."

Mr. and Mrs. John Beverly of Pampa and Mrs. Velma Sue Budke of Amarillo were here for the funeral services of Mrs. W. J. Parsons Wednesday.

Mr. and Mrs. Jack Molesworth and children were in Memphis Friday night visiting Mr. and Mrs. J. M. Morris.

Mrs. Bennett Haley of Silverton is visiting her mother, Mrs. Lalar D. Wilkerson here this week.

# The Broncho Range

Devoted to the Students of Clarendon High School, Junior College and Junior High School

**THE BRONCHO RANGE**  
Published exclusively each week in The Clarendon News by the students of the Junior College, High School, and Junior High.

**STAFF:**  
EDITOR-IN-CHIEF: RAYBURN SMITH  
ASSISTANT EDITOR: BILLIE HORTON  
SPORTS EDITOR: JACK REEVES  
CONTRIBUTORS: Maxine Ellis, La Verne Goodman, Helen Peden, June McMurtry, Elgin Risley, Clyde B. Douglas.

**EDITOR'S NOTE**  
This issue of the Broncho Range is the last of the 1938-1939 series. We have had a lot of fun turning out this little page every week for the students and patrons of Clarendon High School and Clarendon Junior College. We gathered and writing. There have been too many things wrong with this page we know, but we have learned a lot about news writing in the past few weeks. Next year with the knowledge we have gained this year we hope to put out a far better Broncho Range.

Assistant Editor Billie Horton has stuck firmly to her duty of taking over when your editor couldn't make it. She brought you the "Bronchoetta" and other popular features.

Sports Editor Jack Reeves brought you a sports column that is worthy any man's newspaper. He has nosed around and turned out one of the gossipiest scandal columns we ever hope to read.

Maxine Ellis has reviewed our chapel programs unfailingly every week. She has also responded to every request we have asked of her.

Other contributors who have made this page what it is: La Verne Goodman, Theresa Bain, Gail Adams, Glenna Deal, Clyde Renton Douglass, Margaret Hill, Jo Ann Smith, Bob Wilson, Elgin Risley, Warren Hardin, George Seaton, Lois Marie Taylor, Jean Piercey, Helen Peden, Rebecca Eanes, Billy Ralph Andis, Jimmy Thompson, Billy Latson, Lewis Chamberlain and Jeanne McDonald.

Miss Headrick has stood soundly beside us as sponsor. She has untiringly helped us in every way possible to make the Broncho Range a page that you as readers would be proud of.

And last but probably the most important are you readers of the Broncho Range. You have wholeheartedly supported us and inspired us with your appreciation. Your Editor-in-Chief wishes to thank all of you who have helped him so splendidly with the Broncho Range.

**THANKS**

The staff of the Broncho Range wishes to extend its thanks to Mr. Sam M. Braswell, editor of The Clarendon News. Mr. Braswell has made the school page possible by giving space in his paper to print the news and features of interest of our schools. He has always helped when help was needed.

**LISTENING IN ON ASSEMBLY**

The assembly program Friday the last period was ushered in with excerpts from the senior play. The characters were introduced by Neel Thompson.

These songs were sung: "Old Black Joe," "Carry Me Back to Old Virginny," and "Row Row Row."

Following some announcements Coach Hutto talked about the football situation. He referred to a game in Memphis Thursday night and he discussed the prospects of Memphis. He also said that the situation here for next year is 75 per cent better than it was this time last year.

Thus ended the last assembly of the year. We'll see you in assembly next year.

**THIS-N-THAT**

What were all the things doing in Cleo Russell's hat Monday night?

Waldron Melton pleased the study hall when he announced that he was going to pass.

John Jay has a happy vacation ahead of him. At least it won't be a lonesome one. The Rhodes sisters have moved next door.

Kitty Ruth Bailey was well entertained Monday night by Oscar and Homer Charles.

Wow! What a team. Dona and Dado!

This Reeves-Smith affair looks pretty serious.

Rayburn Smith evidently had a change of heart, or else is under the influence of a good woman. He surprised the staff by returning for the last publication of the Broncho Range, after an absence of several weeks.

Poor Mildred, Elmer Jo has gone to Dallas.

One senior girl says she has one regret for not going to school here next year. The one little regret is Doc Adamson.

Billy Latson is still wearing a long face caused by disappointment in not getting the title of the "meekest" boy in high school.

Why does Betty Jo Bartlett dislike balconies?

Ella Jean Speed is sent a warning message by Raymond Hay. That is to keep away from busy news reporters.

**HERE-N-THERE**

Wow! What a scoop the F. F. A. sweetheart picnic furnished a discouraged reporter. Several new romances were begun by accidental dates.

George Moore, who had a date with Katrina, is still in a daze. Yvonne Smith says, "Elbert, it was love at first sight."

Joan wanted a football hero and she fell for Carlton Gordon, the one and only.

"Red" Risley says, "It must have been the yellow moon that got me, but I still dream about Howard's handsome face."

Well, that's enough for the picnic. Let's see what has been happening to the other kids up here.

Louise Russell was seen alone at the senior play. Tsk, tsk. Louise, you must be slipping.

Why has Dorothy Jean been walking around in a daze with a love-love look in her eyes?

This little conversation was heard between two High School celebrities.

Mildred Phelps: My but you are a fast worker.

Cleo Russell: I have to be. I have this car rented by the hour.

So until next year, I remain your faithful correspondent of gossip, snip news and the local ballyhoo.

**CAMPUS CHATTER**

The Bronchos are going to be great next year. From the exhibition that they staged the other night it is evident that they are good. Against a selected team of exes, the Bronchos played heads up football. The exes did not have a chance from the beginning as they were playing against boys that really know football! The coach said so. The Bronchos seemed to fathom the exes' plays with great ease and skill. Every time the exes got the ball, their power plays and especially their passes were stopped by the dazzling defense of the Bronchos.

Coach Hutto should be proud of his boys after that game. In a chapel program Coach Hutto explained that for psychological reasons, to build confidence in his boys, he selected a team which he knew would not stand a chance against the Bronchos. We thoroughly agree that such a set up was necessary and to make it more so that slight gesture of the referee behind the exes line seemed to indicate which way the play was going or whether the exes were going to pass or punt. This really was not necessary as the Bronchos had the exes out-classed considerably. Next year should prove the real test for the Bronchos as their schedule is rather hard. We hope that the Bronchos fathom their opponent's plays with the ease that they did those of the exes. Nevertheless, here's wishing more power to the Bronchos and their coaching staff, and may they continue to win.

**MEET A SENIOR**

H. L. Lane is 18 years old. He is 6 feet 2 inches tall and weighs 175 pounds. He has dark brown hair and eyes. His hobby is swimming. His nickname is "Brick". H. L. is one of the outstanding athletes of the senior class. His favorite sport is football and "Hold Tight" is his favorite song. He is planning to attend Clarendon Junior College next year.

Fred Chamberlain, otherwise known as Freddy, is 17 years old. He is 5 feet 9 inches and weighs 170 pounds. Typing is his pet peeve. "Hold Tight" is Fred's favorite song and fishing is his favorite sport. Now Fred's ambition is to become rich quick. He is planning to go to West Point.

**DATES FOR SENIOR GOLF TOURNAMENT TO BE SET**

Directors of the Tri-State Senior Golf Association will meet in Amarillo today to decide the time and place for the 1939 tournament, according to O. T. Nicholson, president from Shamrock. Several Clarendon golfers are members in the association.

**TO WORLD'S FAIR**

Mrs. J. Perry King left this week for New York where she will visit the World's Fair. She is accompanied by Mr. and Mrs. H. B. Fain of Amarillo, who are motoring to New York. Mrs. King and Mrs. Fain are sisters.

**NYA HANDCRAFT CLASS TO DISPLAY GIFTS**

Hand carved novelty wood-backed cook books, made by the handcraft class of the Donley County NYA Home Residence project, will be displayed in the windows of the Price Book Store Friday.

The books were constructed by the girls as gifts to their mothers on Mother's Day.

There are approximately 550 species of native grasses in Texas, which is approximately one-half of the whole number of 1,100 species found in the United States.

Texas has on its ranges about four-fifths of the Angora goats of the United States and produces approximately four-fifths of the mohair.

## How Tall Will Your Child Be?

At any age after six years, it is possible to determine the adult height of your child, according to Dr. Josephine E. Kenyon, who provides a chart for the determination of height, in an article in the May issue of Good Housekeeping Magazine. The height of the child should be accurately measured and recorded at each birthday in order to determine whether or not he has made the average growth expected at each age.

Johnny is Measured Annually to Record His Increase in Height.

The present median height of the average adult in the United States is 5 feet, 7 1/2 inches and the figures in this chart are based on this median height. If your child is two inches taller at each birthday than the figure in the median chart, he will probably attain a stature of 5 feet, 9 1/2 inches. Boys who grow to be six-footers are usually 5 inches high at the age of nine, 63 inches high at the age of thirteen and 69 inches at the age of fifteen. If your son is consistently two inches shorter on each birthday than the figure in the median chart, he will probably attain a stature of only 64 1/2 inches when he is grown.

Adjustments in cotton lint production will highlight the discussions, Breedlove declared.

The schedule is as follows (all meetings will be held at the community's school house at 8 p. m. unless otherwise indicated):

- Giles, Thursday, May 11; Lelia Lake, May 12; Hedley, May 15; Bray May 16; Hudgins May 17; Ashtola, May 18; Clarendon, (courthouse) May 19; Midway, May 22; Skillett, May 23, (10 a. m.); Whitefish, May 23 1:30 p. m.; Jericho, May 23, 4 p. m.; Goldston, May 23.

## WILLIAM SPITZER RITES ARE HELD HERE TUESDAY

FORMER LONG TIME DONLEY RESIDENT DIES IN DENVER

William Spitzer, 82, Donley County resident for 27 years, died at his home in Denver Colo., Thursday May 4, after a short illness.

Funeral services were held at a Denver mortuary Saturday with interment in the Citizens Cemetery in Clarendon, Tuesday afternoon at 3 o'clock. The Rev. J. Perry King, local pastor, officiated at a short grave-side ceremony.

Mr. Spitzer had been a Denver resident for three years where he moved when leaving Donley county.

Born in Durant Cabins, Fulton County, Penn., May 20, 1856 Mr. Spitzer moved while at an early age, with his family to Ohio where they made their home before going to Iowa.

He was married to Miss Eliza-

beth Jane Davidson of Iowa, on August 30, 1883. She preceeded him in death in October, 1923.

In 1888, the family went to Denver where they lived until 1900, when they moved to Ft Collins. They came to Donley County in 1909, where he was engaged in farming until moving into town in 1919.

Mr. Spitzer is survived by four sons, Ray of Caldwell, Idaho, George, Dan and Floyd of Denver; one brother John Spitzer and one sister, Mrs. Jessie Mineheart, both of Coggon, Iowa.

## PENSION CHECKS FOR DONLEY COUNTY VARY SLIGHTLY

Payments to Donley County old age needy for the month of April showed only a slight change over March figures, according to records in the county clerk's office.

One hundred and eighty-nine persons received assistance for a total of \$3,040 as against \$3,042 paid one hundred and ninety in March.

Guadalupe Peak, in Culberson County, is the highest point in Texas—a little short of 9,000 feet above sea level.

# RUN-OFF WATER IS HEAVY EXPENSE TO FARMERS

AMARILLO, April 26.—Run-off water not only is taking a heavy toll in soil losses, but also is robbing the Southern Great Plains of millions of dollars annually in lost crop production, according to H. H. Fennell, regional director of the Soil Conservation Service.

Water can be controlled so soil erosion and flood dangers are reduced while crop yields are being increased, or it can be permitted to run off the land, muddy with topsoil in the form of silt and leaving gullies and reduced soil fertility in its wake, Fennell says.

Texas Panhandle farmers are realizing the value of controlling water and each year more and more farms are being cultivated on the contour, strengthened by terraces where necessary. Many thousand additional acres are being planted on the contour for the first time this year, the Soil Conservation Service reports.

Experience of farmers using soil and water conservation practice shows that rows planted on the contour or around the slope instead of up and down the hill reduce the chances of seed being washed out of the ground, and give a more even distribution of moisture with the result that crop stands are more uniform and yields are greater.

Where fields are farmed continually up and down the slopes, crops often are washed out and most of the production comes from low spots where run-off water has accumulated. This rush of water down the slopes soon takes much of the rich topsoil from the hillsides and reduces the productivity of the land. Furthermore, water allowed to rush off a field speeds on its way downstream, often adding to damage caused by floods.

Milk should be cooled immediately after milking by placing the containers in cold water, ice water, or a refrigerator. Keep containers of milk covered to keep out dust dirt, insects and other sources of contamination.

# SUCCESSFUL FARM LIFE LIES IN HOMEMAKER

RURAL HOUSEWIVES GREATLY INCREASED LIVING STANDARDS

The ultimate success of the farm lies with the homemaker, believes Ruby Delong Mathews, supervisor for the Farm Security Administration, after compiling statistical surveys of 1938.

On Texas farms the standard of living increased immeasurably by the efforts of the farmers' wives who set about trying to provide the living for the family from the farm, and not from the store shelves.

Some 2,500 farm wives participated in the Farm Security program in Mrs. Mathews' district of West Texas. The families averaged 4.3 persons in size, and managed to have 4.1 milk cows per family, average!

"With an average of one cow for each member of the family an adequate milk supply for the children is assured," Mrs. Mathews pointed out.

Some of the families with whom Mrs. Mathews and her county supervisor worked had no gardens in 1937, using the entire farm plot for the raising of cash crops. In 1938 there were 2,244 gardens. From these gardens 431,700 quarts of fruits and vegetables were canned, and 202,580 pounds dried and stored. Meat consumption will rise, with a total of 730,628 pounds canned and stored.

From the sales of cream the families obtained \$150,701.58, or an average of \$59.92 per family. "We intend to improve this record each year, until every family in the area is securing at least 75 per cent of its entire living cost from the farm, so that cash returns can be used for improving the family's lot, rather than buying food," Mrs. Mathews said.

## The Rhoades Family . . . by Squier

THERE IS ONE TRUCK FOR EVERY SEVEN FAMILIES IN THE UNITED STATES!

Motor trucks are contributing much to sustain the high standards of living in the United States which are far above those of any other nation. There is one truck for every seven families in this country. Special additional automotive taxes paid by trucks total more than \$400,000,000 annually. That is about 25 per cent more than all the taxes paid by the class.

## ED CARHART AT AGE OF 16 HELPED FOUND CLARENDON NEWS IN 1880

By ARCHIE FULLINGIM (In Pampa News)

The first newspaper published in the Panhandle of Texas was written in Clarendon and printed in Oshkosh, Wis.

Furthermore, its editor, E. E. (Ed) Carhart was 16 years old when publication began.

And that's not all. The copy for the newspaper which at first was a monthly, was written in Clarendon, mailed by stage to Sherman, a distance of 302 miles, thence to Oshkosh by train. In that Wisconsin city the newspaper which was issued monthly was printed and then sent by express to Sherman and back by overland stage to Clarendon.

But the story of that newspaper, and the contents of the four priceless copies of the Clarendon News, which Mr. Carhart lent to this reporter the other day, is another story which will be published in the Pampa News later.

This story will be concerned with the goings and comings of Mr. Carhart in the Panhandle of Texas, and the part he played in the development of Donley and Carson counties. To write the story of Mr. Carhart's life, however brief you would make it, one would of necessity also be writing a chapter in the history of the Panhandle, because his deeds were not only foot-notes to his story, but sometimes the titles of chapters.

However, there must be a starting place, and the starting place in this story must be the Clarendon News.

When Mr. Carhart came to Old Clarendon which was situated five miles north of the present town, in 1880, he was 16 years old. He came to the Panhandle with his uncle, L. H. Carhart, who was really the founder of the Clarendon News. The uncle was a Methodist minister and in 1881 was made presiding elder of the

Dallas district which then included all the territory from Dallas northeast to Denison and north to the Texas line. The Rev. Carhart traveled all over the Panhandle and North Texas visiting congregations and preaching.

In 1881, the firm of Carhart and Carhart became Carhart and Kimball. Charlie Kimball became the editor, and Ed Carhart had charge of the advertising. Before Mr. Carhart moved to Panhandle in 1887, he served as county clerk in Donley county and rode line for the Quarter Circle Heart ranch, known familiarly then as the "Heart."

Printing of the Clarendon News in Wisconsin ceased when Rev. Carhart and his young nephew went to Chicago and bought a printing press, type and other printing equipment and shipped them to Clarendon, but that was a great deal easier said than done. The printing shop equipment was first shipped by rail to Sherman and then hauled over-land by wagon to Clarendon. The Carharts were weeks on the road bringing the printing equipment to Clarendon.

It was at Sherman that something happened that changed young Ed's life. He met a girl named Mary Estella Brewer who had come from Illinois where she was born, to Texas with her parents. The Brewer family later moved to Clarendon, and the romance that budded in Sherman quickly blossomed in Clarendon, and in December of 1881 young Ed, who was then 17 years old, rode to Clarendon and bought a license to be married from W. L. Dixon, county clerk. On Dec. 23, 1881, the young couple were wed. The store was located near where the Panhandle stock pens are now situated.

A life-long friend of Mr. Carhart, who also worked on the Heart ranch before he moved to Panhandle, was J. S. Wynne. In fact Mr. Wynne and Mr. Carhart moved to Panhandle at the same time. That was in 1887, when everybody was figuring that the main lines of the Fort Worth & Denver and the Santa Fe would cross at Panhandle.

McKinney & Huffman, business firm of Mobeetie, thought it so strongly that they sent Mr. Wynne with a stock of hardware and implements, and White & Company also had the same notion and they sent Mr. Carhart to Panhandle with a general stock of goods. Each store occupied half of one block.

That was the last move made by Mr. Carhart. He has lived in Panhandle since then, and he has held many positions. He was post-master eight years and he worked in the Panhandle bank of which he was cashier for 21 years. Of late years he has been in the automobile business, and held the Buick agency in Panhandle. He was also associated with his son-in-law, George Taylor, of Pampa, in an automobile agency.

One of the biggest problems

facing the first residents of Panhandle was how to get drinking water. When it rained you could get it out of nearby lakes, but when everything was dry you had to haul it from the Dixon creek springs, 12 miles from Panhandle. Mr. Carhart paid haulers a dollar a barrel for drinking water, and when it would be delivered at his store half of the water would be sloshed out, but he paid a dollar a barrel just the same.

Mr. Carhart has been a loyal member of the Methodist Church all his life, as was Mrs. Carhart who passed away several months ago at a local hospital.

Mr. Carhart was born Dec. 15, 1865, at Watertown, N. Y. His father was Dr. J. W. Carhart, a physician. The J. W. Carhart family moved to Racine, Wis., when he was six or eight years old and in 1880 to Oshkosh. Dr. Carhart was recognized shortly before his death as the inventor of the automobile by the National Association of Automobile Manufacturers, and adopted a set of resolutions recognizing him as the pioneer of the business. He was residing at Racine when he built the first self-propelled vehicle it was said. Dr. Carhart was a resident of San Antonio at the time of his death. Rev. Carhart, his brother, died in Clarendon.

When Mr. Wynne and Mr. Carhart arrived in Panhandle, James E. Southwood was already there, riding patrol on ten claims sponsored by O. H. Nelson of a Kansas firm. Nelson was the first county judge of Carson county after it was organized, and Jess Wynne was the first sheriff.

## AAA MAY NOW PAY RANCHERS TO MOW PASTURES

COLLEGE STATION.—It appeared certain here this month that AAA funds will be available under certain circumstances this year to assist ranchmen in mowing pastures and in destroying various types of scrub trees and underbrush not already cared for under regular provisions of the Range Conservation Program.

The program this year permits county committees to set up additional requirements in connection with deferred grazing if such requirements are found to be in the interest of range conservation and are approved by the State Agricultural Conservation Committee. Twenty per cent of a ranch's range-building allowance can be earned by carrying out the additional requirements.

The State Committee at its last meeting here indicated it will approve, as additional requirements to supplement deferred grazing, the mowing of pastures to stem the growth of undesirable weeds and shrubs, at rates of pay not to exceed 50 cents an acre and the eradication of various types of range-destroying shrub trees and underbrush at payment rates of not more than \$2 an acre on the harvest infestation.

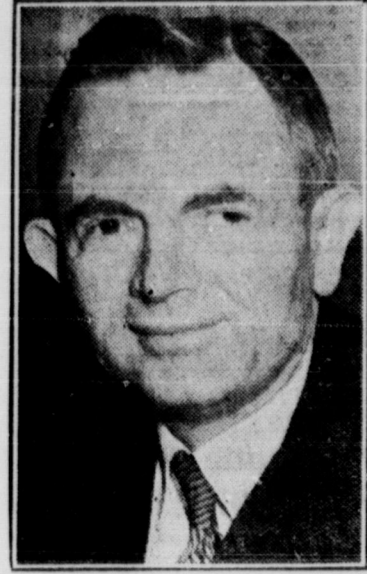

Other practices recommended as additional requirements which gained favor of the State Committee, according to Howard Kingberry, Santa Anna stock farmer who is a member of the committee, included:

Use of rock, wire and rock, wire and brush, etc., to check soil erosion where the earth has become gullied.

Eradication of loco weed, at payment rates not to exceed \$1 an acre for heavy infestation.

## COYOTE BOUNTY TO BE DISCONTINUED AFTER THIS MONTH

The Donley County Commissioners court Monday voted to discontinue the \$1 per head bounty payments on Coyotes. The order will become effective June 1. According to County Judge R. Y. King, keeper of the bounty records, approximately 600 of the range pests have been exterminated since Jan. 1, 1939, when the order was passed.

Dr. Walter M. W. Splawn, above, Washington, D. C., chairman of the Interstate Commerce Commission and former University of Texas president, will be principal speaker at the first general assembly of the 21st annual West Texas Chamber of Commerce convention in Abilene May 15-17. The program on which the widely known public official and educator will be heard is set for Tuesday morning, May 16. The WTCC's freight rate equality campaign, which has grown into a national movement, will be one of the principal topics discussed at the three-day session. A conference on the subject will be held Monday afternoon, May 15, and organization of the WTCC-sponsored Freight Rate Equality Federation will be perfected.

## Memphis Wins 13-0 From Goldston

Goldston dropped to within a game of the cellar position in the Hall County baseball league Sunday when Memphis won a 13 to 0 decision on the Goldston field.

Hedley, the other Donley County entrant, forfeited to Tell to stay in last place.

Other results showed Estelline a narrow 9 to 8 victory over Lakeview.

Team	Standings		Pct.
	W	L	
Memphis	3	0	1.000
Estelline	2	1	.667
Tell	2	1	.667
Lakeview	1	2	.333
Goldston	1	2	.333
Hedley	0	3	.000

The Texas state capital was completed in 1888 at a cost of 3,000,000 acres of public domain which the state exchanged for its construction by authority of the Constitution of 1876.

Nearly two-thirds of all the lamb eaten in the United States is consumed north of Washington and east of Pittsburgh, an area which grows less than five per cent of the country's sheep.
