Clarendon Dons Festive Holiday Dress

FINAL APPROVAL RECEIVED HERE FOR \$12,050 WPA BRIDGE

STORES HERE BEING TRANSFORMED BY YULE DISPLAY

BUSINESS STREETS AND RESIDENCES TO FOLLOW WITH COLORED LIGHTS

By DOROTHY McCORMACK
Shining red cellophane bows, silver icicles, white snow, and glittering blue tinsel have transformed the downtown shop windows and stores from everyday Clarendon to a kaleidoscope of holiday gaiety.

Soon the residential district will follow, mirroring in a riot of colored lights and Christmas trees the quickened activity of the season.

Judging in the annual Christmas decoration contest will take place between December 15 and 18 according to J. R. Gillham, Chamber of Commerce secretary. A silver loving cup, that must be won three years to become permanent property of the winner, will be awarded for one year to the merchant having the best window display. The cup was awarded to Mellinger and Rosenwasser last year.

A similar cup will be awarded to the best decorated residence. Mrs. George Ryan won the cup last year when it was awarded for the first time. The cups will be engraved with the winner's name and presented at the annual Chamber of Commerce banquet the latter part of January.

The Christmas lights, decorating the intersections of the business district, are going up under the direction of the Chamber of Commerce this week.

Toys have never been so colorful and so intriguing. Panda bears, talking dolls, sets of the Seven Dwarfs, Mickey Mouse and Minnie sit sedately in store windows enigmatically reminding the imagination of stories of toys that wake up at dark, drums that beat in the night, tops spinning their colors in an enchanted land of Santa's workshop.

Clear crystal bottles of perfume, dainty gold jewelry, soft satin robes, puffy down comforts, and fine linens are merchants' hints to the shopper that a woman likes lovely things. Pipes of all shapes, a confusion of ties, masculinely plain shaving sets, soft leather in bill folds, belts, and zipper cases are among the multitude of gifts to please a man's fancy.

And because it is Christmas, looming in proud dignity behind the gifts are the Three Wise Men following a star, snowy woods outside Bethlehem. All of Christmas is here, the reason, the spirit, the gifts — in the stores, in the streets, — holiday season.

Mrs. Victor Smith had as her guests during the holidays, Mr. and Mrs. Vern McCoy and daughter, Mary, of Chattanooga, Okla., Mr. and Mrs. Leonard Neal of Grandfield, Okla., Mr. and Mrs. L. C. Glasgow, Wellington.

CLARENDON NEWS SHOPPERS GUIDE TO BE OFF PRESS THURSDAY

The official Donley County shoppers guide, the annual Home Town Edition of the Clarendon News, will be off the press Thursday, December 14.

The issue, a boxholder edition which goes into every home in the trade territory, will as usual carry gift suggestions from all the leading firms of Clarendon. It is published, mainly, for the buying public's convenience in order that they may have a definite idea as to their purchases before the rush of late minute shopping.

In addition many business firms and individuals have taken this means to wish everyone a very merry Christmas.

SENATOR MOFFETT SAYS PEOPLE TO BE TRUSTED

LIONS CLUB SPEAKER DECLARES SECURITY PLAN FORTHCOMING

A surprise program greeted members of the Clarendon Lions Club Tuesday noon at Hotel Clarendon, when all entertainment and speaking items appeared unexpectedly and without previous knowledge of the program committee.

Lion Rhea Smith and party from Amarillo were present in the interests of the Rubloff benefit concert in that city Saturday night. With him were James Neill North and "Sonny Boy" (Rubloff) Welch, the latter six year old youngster playing two violin numbers in a style which marks him as a coming violin virtuoso. Mr. North accompanied "Sonny Boy" and added a few songs in his best professional tenor to the quality entertainment hugely enjoyed by the Lions.

Senator George Moffett of Chillicothe was introduced by Lion Braswell as Donley's "second state senator from Austin," and a fellow-Lion, whereupon the Senator told a few good jokes at the expense of Lion Porter and others, before he brought a striking picture of the attitude and problems of the Texas legislators, declaring that he had full confidence that the people of Texas would find a solution to their social security problems, either through their representatives or through their own vote. He said that there was an overwhelming sentiment for the payment of social security benefits, but that the method of financing the project was beset by a diversity of opinions and theories. He promised to visit the club again and go further into the political situation in the state.

Lion Gillham announced the chamber of commerce trip to Childress in the afternoon to attend the banquet for the highway commission Tuesday evening.

Mrs. H. W. Melton and son, Waldron, were in Hereford for the Thanksgiving holidays.

Donley Group Attends Highway Banquet At Childress Tuesday Evening Honoring Commission

Clarendon and Donley County joined with forty three other Texas counties at Childress Tuesday evening in a reception and banquet honoring members of the Texas Highway Commission, with over five hundred in attendance.

Judge R. Y. King with County Commissioners John Hermestreyer, G. G. Reeves, Claude Nash and Marvin Hall, were among the many county courts present, and J. R. Gillham, Clarendon Chamber of Commerce secretary, led a group of local highway workers from this city composed of Clyde Douglas, Odos Caraway, Homer Mulkey, J. R. Bartlett, and Sam M. Braswell.

The local men participated in a meeting of Highway 18, North-South association, held at the Childress Hotel at four o'clock in the afternoon in which an informal discussion of the objectives of the North-South road were discussed with Commissioner R. L. Bobbitt. Indications are that an announcement from the commission relative to the extent of construction on the route will be forthcoming in a few weeks, now.

The banquet, held in the new gymnasium of the Childress schools, was presided over by Judge Leonard King, with Judge Ross Bell of Childress delivering the welcome address. Commis-

LELIA LAKE CLASS TO PRESENT THREE ACT COMEDY

"AUNT TILLIE GOES TO TOWN" BILLED FOR DEC. 14 AT SCHOOL HOUSE

The Senior Class of Lelia Lake will present a three act comedy, "Aunt Tillie Goes to Town!" on Thursday night December 14.

The play said to be one of the "funniest" scenes ever to be written in a farce, has pep and action and is thoroughly clean and wholesome.

The story is about an old maid, Miss Tillie Trash, who hates men. Complications immediately arise when they invade the sacred precincts of her home in such varied costumes as a barrel and woman's attire.

In the rotation romance triumphs over difficulties.

The cast is as follows: Tillie Trash, (Aunt Tillie) — Ethel Kinner; Lucinda Talbot, Geraldine Pratt; Pamela Marsh — Neke Ree Ursey; Lizzie Parsons — Mona Riffle; Ellen Neeland — Imogene Wisdom; Ronald Howland — Eldon Holland; Luther Lorimer — Charles Archer; Mervin Tucker — Bobby Cruse; Charlie One Lung — Claud Bain; Mrs. Tillie Tucker — Inez Robertson; Dr. Hattie Bing — Faye Holland.

The admission will be 10 cents for children and 20 cents for adults.

DONLEY COUNTY TO GIVE FARM PROGRAM OVER KGNC

Charles Bairfield, local AAA committeeman, said this morning he had been advised by Bill Dryden, district AAA field man, that Donley County would present a radio program over station KGNC, Amarillo, Friday morning at 6:45.

The program which will be prepared by W. C. Bridges and Nollie Simmons, will be in connection with the cotton referendum, December 9.

Mr. and Mrs. Stuart H. Condon and children Stuart H. and Marilyn visited with Mr. and Mrs. Frank Bourland Thursday.

RED CROSS QUOTA EXPECTED TO BE SHORT BY \$100

CLARENDON GIVES \$236 ASHTOLA \$21; HEDLEY HAS NOT REPORTED

With almost all committees making a final report on the annual Red Cross Roll Call, Mrs. A. T. Jefferies, Roll Call chairman, said last night there was no hope of Donley County achieving more than three fourths of their quota of \$400.

Clarendon committees reported a grand total of \$236.60 collected during the call from November 11 to 30. Ashtola came forward with membership amounting to \$21. Hedley, Mrs. Jefferies said, has yet to report but approximately \$30 is expected to be received from there.

"There are a few memberships not recorded in Clarendon," the chairman declared, "however, we can not hope for over \$300 adding an estimated \$30 from Hedley supplementing the fund." Should Donley County's membership reach \$300, half of the amount, or \$150 would be retained in Clarendon for local relief work, Mrs. Jefferies declared.

METHODISTS OF DISTRICT HERE MONDAY

PASTORS AND DISTRICT STEWARDS HOLD MEETING WITH SUPT. PALMER

Pastors and district stewards of the twenty-two churches in the Clarendon Methodist District met here Monday at ten o'clock in annual meeting with District Superintendent Geo. T. Palmer, at the First Methodist Church.

Various phases of the pastoral and lay activities for the year were discussed by Dr. W. M. Pearce, Pampa; Lance Webb, Shamrock; Wayne Cooke, Wheeler; H. H. Bratcher, Pampa; J. E. Kirby, Wellington; H. C. Gordon, Clarendon; U. S. Sherrell, Quitaque; and Sam M. Braswell, Clarendon, John Forbis, Wellington.

In a session of the District Stewards, the Superintendent's salary was set at the same percentage as last year, and though the benevolent apportionment for the district was two hundred dollars less for the year, the expense of the general and jurisdictional conference brought the totals up to about the same figure as last year.

The entire group was guest of District Superintendent and Mrs. Palmer at a turkey dinner served in the fellowship room of the church at the noon hour.

LEGION-AUXILIARY CONVENTION SET FOR DECEMBER 11

PERRYTON, Dec. 6. Legionnaires and Auxiliaries of the Southwest will be welcomed to this city on Monday, December 11, for the annual fall convention of the Panhandle - Plains Association of American Legion Posts and Auxiliary Units and the regular monthly get-together meeting of the 18th District of Texas.

Legion and Auxiliary officials of five states will attend this meeting. Heading the list of distinguished officials in greeting ex-serviced men and women will be the Texas Department Commander and Auxiliary President, Lou Roberts and Mrs. George Berry.

Rites Held For H. Towle Wednesday

Funeral services for Charles Henry Towle, 80, grand father of E. C. Hodges of Clarendon, were held at Memphis Wednesday afternoon with the Rev. J. Perry King of Clarendon officiating. Burial was in the Citizens Cemetery here.

Mr. Towle died in Clarendon Tuesday, November 27. He was born in Lima, Wisconsin, January 8, 1859. He was married in 1880, to Mary Ann Towle who died in November, 1905. On August 25, 1925, Mr. Towle was married to Mrs. Alice A. Hodges who survives him.

DONLEY TEACHERS ORGANIZE UNIT OF STATE BODY

GROUP VOTES TO HAVE ONE ORGANIZATION ONLY IN DONLEY

Teachers of Donley County meeting in Hedley Monday night organized a unit of the Texas State Teacher's Association. Raymond Wilson was elected president, Geraldine Pratt, secretary and Leota Rumpy, treasurer.

In a short business session the group voted to have only one organization in the county this year. All teachers are urged to become members but only teachers belonging to the Texas State Teachers Association will receive a vote.

County school superintendent George W. Kavanaugh conducted a discussion upon the advisability of using allotted state funds for audio-visual education to buy a movie projector for all schools in the county. A projector of this type would bring the newest methods of teaching and some of the most able instructors in the United States within reach of local students, it is believed.

The group adopted a resolution that such equipment be bought if specific funds allotted for this purpose were adequate. Date and place for the next meeting of the association will be announced later.

Thrill Girl Bandit Still Cheerful Behind Bars Of Donley Jail For Part In Filling Station Holdup

Lois Oliver, 15-year-old dainty, brown eyed self-styled "thrill girl bandit" was in the county jail here last night in lieu of a \$7,500 bond demanded by justice W. A. Davis when she waived preliminary hearing Wednesday afternoon on charges of robbery with firearms.

Dressed in a spotless light blue slacks suit the comely blond quietly listened to the court proceedings which named her as an accomplice in the recent Phillips 66 filling station holdup. Although not defiant she seemed scarcely aware of the seriousness of her act. The heavy bond or the explanation that the charge carried the maximum penalty of death, failed to disturb her.

Once out of the gloomy courtroom, the winsome girl smiled slightly and by the time she was formally registered in her cell she was in high spirits.

Asked where she met the 21-year-old boy whose signed statement before Panhandle officers last week resulted in her present charges, she shook her head coyly and replied, "just around, but it doesn't matter, I just went for the thrill."

Slumping contentedly on her jail bunk, which may be her home until next March when the grand jury convenes, she

WORK EXPECTED TO GET UNDER WAY IN DECEMBER

STRUCTURE TO SPAN FLOOD CONTROL VIADUCT ON SOUTH KEARNEY STREET

Blue prints arrived this week for the recently approved \$12,050 WPA bridge on South Kearney Street and construction is expected to get under way early this month. Mayor T. F. Connally, announced today.

The new structure will span the flood control viaduct near the Connally corner and will replace the obsolete, one-way crossing in use for the past number of years. The WPA steel and concrete bridge with its forty-eight feet width will greatly reduce the traffic hazard now encountered at the narrow span, the city commission believes.

Approximately 75 men will be employed on the project and will receive around \$6,635 in wages, exclusive of the superintendent's salary. The project breakdown shows unskilled labor salaries at \$4,653; intermediate wages reaching \$1,417 and skilled labor \$655. The superintendent's salary is set forth at \$1,500. Equipment, material and other non-labor cost will total roughly \$3,915.

Draining, excavating, back filling, removing old bridge, widening and deepening channel, preparing and quarrying rock for base, preparing and setting concrete and erecting steel reinforcement, etc., is included in the non-labor cost.

The city of Clarendon, sponsors of the project, must pay approximately 27 per cent of construction cost. From the federal treasury will come around 73 per cent of the expense. The city's cost will reach about \$3,320 with the federal obligation totaling nearly \$8,730.

Miss Jo Ellen Kennedy, home from the University of Oklahoma at Norman, Okla., for the holidays, and Mrs. Ruth Kennedy had as their house guest, Mr. Ted Hess of Oklahoma City. Mr. Hess is a student at the University and president of Sigma Alpha Epsilon fraternity there.

Clarendon Bowlers Outscore Mann's Cakes Sunday

AMARILLO, Dec. 6 — An invading team of men bowlers from Clarendon won the first and third games and topped 2,766 to 2,637 total pins to defeat Mann's Cakes women's team Sunday afternoon at Louie's Alleys.

Kellerman, Clarendon lead-off man, turned in the high total of the match with 588 pins. He was pressed by Ruby Wagner of Amarillo with 587. Mrs. Wagner had the high single game of 215.

Miss Dora Lucille Piercy is visiting this week with Mr. and Mrs. Bill Roberson of Crosbyton.

Random Reflections

Pardon to the Park Board. This department was mistaken about the meeting to draft plans for a swimming pool.

There was no meeting and the members are only casting about for an idea to raise funds for a swimming pool program. They have no definite plan and we are very sorry for our error. However, we are highly in favor of a pool or recreation spot for Clarendon children and if there is anyway that we may help we would be very pleased.

Christmas is again in the offing and the most prosperous shopping season since 1929 has been predicted by the National Consumers Tax Commission. According to the commission, American families will spend \$2,500,000 during the holidays as compared to the peak of \$3,000,000,000 Christmas marked up in 1929. Too the board expects 250,000 persons to find seasonal employment and bosses will probably pay record-breaking bonuses to employees.

Joe Goldston had an after-ark caller the other night when a coon paid a visit to his home. Hearing a noise on the front porch, Goldston investigated and found a coon highly interested in the porch light. Although not wild the coon eased into the shadows when Mr. Goldston came near, and has not been seen since.

Power lines financed by the Rural Electrification Administration are going into service at the rate of approximately 560 miles each working day, a progress bulletin from the Department of Commerce said this week.

At the present rate, all constructions now approved would be completed in February, 1940. Projects for which allotments have been approved and which are being prepared for construction would require another three or four months to complete. Since its inception in May,

1935, the REA has allotted \$267,136,293. More than 300,000 farm families and other users are already getting service and indications point to a total of 400,000 customers by the end of the calendar year.

Clarendon owes a tribute to Ray Robbins, director of the Clarendon High School band.

Outside of instruction the band in playing and marching, and teaching classes in the local schools, Robbins must also qualify as a financial wizard.

During the past few years the band master has purchased over \$2,000 worth of instruments, not including uniforms and music. He first borrows the money from the banks then calls upon his own resources as a promoter to pay the debt.

Sheriff Guy Pierce visited in Amarillo last week and came home without his gun.

Now there are several reasons why one loses his gun but it sounds very disconcerting when the law and order arrived home unarmed reporting that he probably left it in a rest room in the Potter County courthouse—anyway it was a very expensive gun and if anyone from here happens to be in the Amarillo court house and finds a gun without an owner, Sheriff Pierce would surely appreciate its return.

Please don't think we are about to unwind that joke about the city painting the town red but Marshall R. T. Brown this week supervised a very neat parking strip re-touch job. The red could harmonize very well with Christmas and if you have that kind of humor you could work in something about the green. And while on the subject we have often wondered why red and blue were not the official Yule colors. The red could symbolize almost anything around Christmas and the blue could blend nicely with January 1. One last point, may we remind you to do your Christmas shopping in haste and repent at leisure.

Miss Tillie Pratt of Amarillo spent the weekend with her aunt, Mrs. R. L. Bigger.

William Ebey, flying cadet of Denver, Colorado, was here for the week-end to visit his mother Mrs. W. G. Ebey.

Two Bronchos Find Berths On All-District 3-A Mythical Eleven

District 3-A coaches last week picked two Clarendon Bronchos as first string members on the mythical all-district eleven; four as good enough to make the second team and three on the honorable mention list.

Johnny Grady, elusive Clarendon halfback landed that berth in the voting for the all district greats and Jimmy Lumpkin was chosen for a tackle position.

Clarendon's fine center, Huffman, was picked on the second team as was burly Boyd Allison, fullback, Ray Bulls, guard, Bob McWhorter, Broncho end and George Stafford Wellington, tied for the wing position on the second team.

Broncho honorable mentions were Huffman, Grehr, Hermes-meyer, Melton, Hartzog.

In making the all-district selection, points were awarded in his manner, each player chosen on the first eleven received three points and selected on the second team two points. Coaches voting were John William, Wellington; Emil Hutto, Clarendon; Cricket Christian, McLean, Bill Horchem, Wheeler; Abe Murray, Memphis; Bill Harp, Lakeview, and Forrest Kline, Shamrock.

The hostess served refreshments to twelve members and one guest, Mrs. George Bagby.

THE REV. MR. HENSHAW TALKS TO LELLA STUDENTS

The Rev. Mr. E. W. Henshaw, Clarendon Episcopal Rectory, gave a talk to the Lella Lake student body and faculty in their assembly Wednesday morning. Mr. Henshaw took the listeners on a trip to Hawaii.

Mrs. Henshaw appeared on the program in Hawaiian costume, dispelling the idea that the native women wear grass skirts, except for dancing.

1930 NEEDLE CLUB MEETS WITH MRS. REAGAN BRYAN

The 1930 Needle Club met Tuesday, December 5, at the home of Mrs. Reagan Bryan.

Needlework, conversation, and the exchange of Pollyanna gifts provided the entertainment of the afternoon.

The hostess served refreshments to members, Josie Penabody, Marie Paterson, Ona Tatum, Moselle Wright, Maggie Hunt, Nora Decker, Betsy Landers, Frances Hilliard and Margaret Carpenter.

The next meeting will be the Christmas party with Mrs. Margaret Carpenter on Tuesday, December 19, at 2:30 o'clock.

MADONNA PICTURES SHOWN AT JOINT MEETING OF BEAUX ARTS CLUBS

A study of Madonna pictures by famous painters was the feature of the joint meeting of the Senior Beaux Arts Club and the Junior Beaux Arts Club held this afternoon at the Clubroom.

The Senior Club met early for a business session at which Mrs. R. L. Bigger gave a report of her trip to the Women's Clubs Federation convention in Wichita Falls.

The Junior Club joined the group for the program. Peggy and Jo Word presented a duet, "Silent Night, Holy Night," accompanied by Miss Mary Howren at the piano. Mrs. W. G. Word led the group singing of Christmas carols. Ethlyn Drennan presented "The story of the First Christmas." Miss Howren showed slides of the Madonna pictures and other pictures of religious subjects while Mrs. J. W. Evans lectured briefly on each. Represented in the study were copies of painting by Fra Angelico, Cimbué, Perugino, Correggia, Della Tempi, Raphael, Holbein, Murillo, Virginie Demont, Dagan Bouveret, and Titian.

The hostesses, Mrs. T. H. Ellis, Mrs. Ben Tom Prewitt, Misses Edith Shelton, Zackie Salmon, and Dorothy McCormack, served refreshments to about forty-five persons.

EDITORIAL
 We, the students of Clarendon Schools are blessed with one of the best Faculties that could be gathered into one school system. Many of us have never considered this fact, therefore we do not know how much they have accomplished for our benefit. It would be impossible to name the many things they have done, besides teach us our courses.

One of the most important things would be the social program which Coach Hutto has outlined for the remainder of the college term. He has gone to a lot of trouble for us and his efforts have accomplished more than we would ever have been able to do. He is one of the leaders in the college social activities. We would be at a standstill if it were not for his unceasing efforts. Coach is one of the sponsors of the Chi-Delta-Chi, and he and Mr. Drennan have developed a great club.

Another of the truly important things would be the sponsorship of the Broncho Range. This paper is very hard to put out, and Miss Hall has a very difficult task as sponsor. She is responsible for the censorship and this alone is an overwhelming task. The paper is the life of the student body, and it is a Faculty member who so graciously keeps it alive.

The new Hi-Y club has as its sponsors several faculty members. We have had a need for a

NOTICE
 It has been officially announced that many improvements are to be made within and without the old C. H. S. Among the improvements are to be new floors for the entire building. The floor will be of highly waxed and polished hard wood. Much to the regret of hundreds that expected names to go down in history, the old desks that have the autographs on them will be removed; but to the great happiness of others there will be new cushioned seats and study tables installed.

Marble drinking fountains will take the place of the old ones which are now in the building. Due to the distasteful water that we now have, Coca Cola and Dr. Pepper may be acquired both inside and outside the building at these fountains. The stairways and halls are to be carpeted and new curtains are to be purchased for the auditorium. Two elevators are being installed for those who do not like to climb stairs. The entire building will have indirect lighting. Lounges are to be in the basement floor and the school color of Maroon and white are to be carried out in the auditorium and upholstery. Many more improvements are to be made in the auditorium.

All who believe this stand on their heads.

Mrs. Goodner: "Can any of you tell me what a mandate is?"
 Mariam Gordon: "Yes, teacher, an appointment with a gentleman."

club of this sort for a long time, and the faculty, seeing the need, organized the new club. The teachers meet with the club regularly, and are willing advisors when they are called on.

We could name a large number of things that they have done for us but we know them without naming them. Let us never lose sight of the things that the faculty has accomplished for us and let us strive to cooperate with them in every way.

DIFFERENCE IN OPINION OF AN IDEAL SCHOOL BOY

Kitty Ruth says he must be tall, have blue eyes, and be blonde with wavy hair. He should play football, and drive a car. The most suitable costume is slacks with a sweater, and a cute little hat.

Nelda Sue believes he should be tall, blonde, have blue eyes, drive a nice car, be interested in band and football and by all means wear a tie.

Pat likes black hair and eyes. He should be tall, drive a nice car, and must be interested in football and band.

Naomi says he should be tall, in-between a blonde and a brunette, drive a rattle trap with a horn, be interested in football and band. She doesn't like freckles. She doesn't want the boys to be interested in pigs.

Frankie decides he should be medium in height, have dark hair and eyes, be friendly, and by all means come to band practice on week night. He must be interested in sports. She likes someone she can count on being here on time.

Anna Lynn likes a boy who is tall, dark complexion has brown eyes, dark hair, is interested in painting, plays a violin, and wears slacks and sweaters.

Cordelia also says he should be tall, of medium complexion, a blonde with brown eyes, drive a car, be interested in football, and she rather likes a twin. Yvonne believes he should be tall dark complexion, a brunette. She prefers brown eyes if not a steel gray. He should wear dress slacks and shirts.

WHAT NEXT

First I got tonsillitis followed by appendicitis and pneumonia. After that I got erysipilas with hemacromatosis. Following that I got poliomyelitis and finally ended with neuritis. Then they gave me hypodermics and inoculations. "Boy, I though I never would pull through that spelling test!"

TURKEY TALK

I am celebrating my Thanksgiving now. Maybe you think I don't have things to be thankful for, but you're badly mistaken I guess I'm about the happiest "bird" living. That what I am thankful for — that I'm living! Didn't I see my brothers taken from my very eyes, taken to the guillotine? Why, one would think this was Germany or some other far off place.

It was kind of hard at first to give up my old pals, but I had to think about saving my own hide. I had never realized before what a blessing it is to be ugly. When the folks that came to the pen and looked at me, they would say, "No we want a nice turkey." This hurt my pride somewhat, but how my heart did pound for joy — I had no time to think of pride at such a critical moment, however, I felt very proud when so many of my fine feathered friends looked so longingly and envious at my scant feathers and scrawny legs. Oh, but its great to be alive.

The only thing for which I'm not thankful is that Christmas is coming soon, and the master is feeding me an enormous amount of food these days. How can a fellow control his appetite? I want to know.

FISH MEETING

The Fish of C. J. C. met Thursday morning to plan a party for the Sophomores who defeated us in a football game recently. Before the game, it was agreed that the losing class would entertain with a party. Our President, Neel Thompson, is going to give the party in his home next Thursday night, December 14 at 7:30. All fish are asked to please bring your quarters to Mrs. Warden by Thursday. There will be fun for all, so come on and let's make it a success.

We also decided that we would present a program in chapel, Friday, Frances Hott, chairman of the program committee asked that everyone please cooperate.

HAPPY OR UNHAPPY THANKSGIVING RESULTS?

We're so full we can hardly write this, and have been this way since Thursday noon! Confidently, the results of Thanksgiving are not so good. Attendance at school Monday fell off about 25 per cent. Dr. Jenkins has lost fifteen pounds. We've gained five! Oh! Our figure!

In an interview with Dr. Jenkins, he said "Woe is me! I've been running since Thursday noon! Why do you know, I had to go to Dan Boston's and quiet his tummy cause he had eaten too much; while on the other hand, I paid Madeline Kelly a visit because she hadn't eaten enough. I hear that Madeline had steak for dinner while Dan had turkey! June Miller had meat loaf! Shucks! What's Thanksgiving coming to anyway? Steak and meat loaf." Keep up the good work Dan!

COLLEGE WAKES UP

After three months of college inactivity the students of CJS have suddenly aroused themselves and started planning some activities that will not only add to their pleasure but will also improve the college spirit.

Wednesday morning at the third period, a college assembly met to discuss ways and means of promoting some extra-curricular activities. A committee was appointed consisting of Jack Reeves, Ralph Grady, Neel Thompson, Christine Knox, and Lavern Goodman to serve as a planning board for these activities:

1. Weiner roast.
2. Tacky parties.
3. Formal proms.
4. Stage plays.
5. Picnics.
6. Informal dances.
7. Duck dinners.
8. An all-college banquet.
9. Such games as ping-pong, shuffle-board, tennis, and other games to use up the student's energies.

"FLOWERS"

He was in love with "Rose Geranium." She was as pretty as a "Daisy," and has "Phlox" admirers. His name was "Jonquil." Her eyes were "Violet" and her cheeks were "Pink." He fastened his coat with "Bachelor Buttons." John "Aster" if she would marry him? Her parents were so worldly they told her to "Marigold." Her lover offered the "Goldenrod." When pleading with her he said, "For-get-me-not." He fell upon his knees before her and she said "Johnny-jump-up." He "Rose." When they parted, they both had "Bleeding Hearts." When, after many months, the parents relented, and the lovers found "Hearts Ease." "Four o'clock" was the hour set for the wedding. She wore an "Orchid" dress, "Lady Slippers," "Fox Gloves" and in her hair "Cockscomb." The bridesmaids were the "Seven Sisters" and the best man was "Sweet William." "Jack in the Pulpit" married them.

OUR ELEVEN

No doubt you've been to Clarendon You have heard of our great team. They tackle 'em and smear all With pep and steam.

No doubt you've heard of Huffman Grady, and Melton—durn tootin' And the other boys Backed by that Wooten.

There are other players on the team That come in a pinch They are still good boys While they cheer from the bench

Their winning plays and players Passes and mighty kicks Make Clarendon victorious That team really clicks.

So hats off to our eleven And then you will be right Let's fight for those two colors The Maroon and the white. Cordella Pate.

BAND NEWS

The past week a bass Clarinet was added to the band which is to be played by Frankie Hommel who is already practicing on it. Before taking up the bass Clarinet, Frankie played the baritone saxophone. She has done fine work on the saxophone and we know she will do the same on the bass clarinet.

Monday night the reeds had practice. The reeds include clarinets, saxophones, flutes, and the oboe. Nearly everyone was present. "The Traveler," "Water Lily Waltz," "Fidelity March," "Triumph March," "F o n d Hearts," and many other pieces were played. Lewis Chamberlain attended to play the bass drum. Lewis plays solo trombone.

Band Personalities

Name: Mary Williams
 Age: 15
 Height: 5 ft. 4 in.
 Weight: 108
 Color of hair: Brown
 Color of eyes: Hazel
 Instrument: Oboe

Mary Williams is an outstanding band member who plays several instruments and plays them all very well. First, Mary started band work on the alto saxophone. Later she played the baritone, saxophone, and now she plays the oboe. Mary only received her oboe after school started, and she is a good worker. Mary very seldom misses a practice, and then only when it is very necessary. These are just a very few of Mary's outstanding points.

Name: L. D. Lummus
 Age: 17
 Height: 6 ft. 2 in.
 Weight: 147
 Color of hair: blond
 Color of eyes: Blue
 Instrument: Clarinet

L. D. Lummus has been playing a clarinet in the band for just about two years. In this short time L. D. has made rapid progress. He is always near when you want him for anything, no matter what it is. Just a few short weeks, after L. D. received his clarinet, he was playing very difficult pieces in the band. His grades rank at the top of the list. L. D. believes in working and shows this in everything he does.

SAFE DRIVING

There are several more days until Christmas holidays, but we do not have too much time in which to consider our driving during the rush season. We will be in continual danger while driving during the days of heavy traffic, therefore let us do our part toward more and better safety practices. There are several thousand people killed in the U. S. each Christmas. We may be one of them if we do not watch our driving. We can help protect many people if we are careful, therefore we should be very careful at all times.

The Press Club held its weekly meeting in Miss Hall's room on December 4, 1939. There were twelve members and Miss Hall present. After different assignments were given all the members present, the meeting was adjourned.

F. F. A. NEWS

The agricultural room has undergone a slight transformation during the last few days. All of the tables and benches have been painted and the badly defaced table tops repaired with a layer of ply-wood. There is a law, or rather a proclamation, that any opened knife seen in class will automatically become the property of Mr. Gillham. Thus, the boys favorite pastime of whittling has been eliminated.

The agriculture class has just finished an intense study of parliamentary procedure. We think everyone learned it or, if they didn't it won't be Mr. Gillham's fault.

JUNIOR HIGH NEWS

Chapel Program: A few pupils in the eighth grade gave the chapel program this week. It was a surprise to both the teachers and the pupils. We wish to thank Mrs. Lane who helped us sponsor the play. The cast was as follows. Mr. Lane - Victor Smith; Mr. Penick - Ernest Thompson; Mr. Robbins - Claude Hearn; Mrs. Drennan - Helen Porter; Mrs. Thomas - Mary Nell Keys; Mrs. Bryan - Dorothy Kennedy; Mrs. Glascoe - June Gibbs. They discussed the department grades of some of the pupils, and talked about a new invention for the school. They tried to bring out some of the characteristics of the teachers.

After the play Frances Phelps sang "An Apple for the Teacher." She was dressed as a little girl in about the third grade. After that we had some string music by Kenneth Taylor. Jack Shelly, and Claude Hearn. The teachers enjoyed the program as much as the pupils. (We hope.)

HOME EC

The Home Economics girls of the second and third years are beginning their annual Christmas cake sale. The money made from the sale will be used to buy more equipment for the department. If you want to buy a cake, see one of the Home Economics girls.

HIT OF THE WEEK

"Blue Orchids" is a favorite with most of the students. Many are going about humming or whistling it; therefore we are printing the words so everyone can sing it.

I dreamed of two beautiful blue orchids, two beautiful blue orchids. One night while in my lonely room. I dreamed of two blue orchids, so full of love and light. That I wanted to possess each tender bloom. Then my dream took wings and through a thousand springs, blue orchids seemed in a world apart.

But when I met you something pale and blue Came standing from the meadows of my heart. I saw my two blue, my beautiful blue orchids, last night, and what a sweet surprise When you looked at me it was plain to see. Blue orchids only bloom in your eyes.

the belief that President
Roosevelt would not seek a third
term. Backers of Garner have
declared, however, that the Tex-
an's name would be presented to
the Democratic convention regard-
less of who else was seeking
the presidential nomination.
Garner released the Texas dele-
gation at the 1932 convention
clearing the way for Mr. Roose-
velt's nomination. One Garner
strategist emphasized today that
"he will not step aside this
time!"
Mrs. Clara Driscoll, woman's
chairman of the Garner-for-Pres-
ident drive, said she assumed
"that President Roosevelt would
not go contrary to tradition and
seek a third term."
"For that reason," she added,
"I do not feel that I am in any
way disavowing any allegiance to
the president's administration by
my endorsement of Vice Presi-
dent Garner."
Garner now is vacationing at
his Uvalde, Texas, home. One
of his friends here said today
he would have little to say about
politics during his stay in Texas.
Garner has maintained an almost
unbroken silence on national
issues since the 1932 election.
Garner's managers now are
seeking to build state organiza-
tions throughout the country in
preparation for the primaries
next year. A headquarters for
the Garner movement already is
operating at Dallas.

AAA FARMERS ARE ELIGIBLE FOR '39 COTTON LOANS

MINIMUM RATE TO BE 8.3
CENTS PER POUND ON 3/4
INCH MIDDLING COTTON

COLLEGE STATION — Texas
cotton farmers cooperating with
the AAA will be eligible for a
loan on their 1939 crop, George
Slaughter, chairman of the state
Agricultural Conservation Assoc-
iation committee, announced
following notification from the
Commodity Credit Corporation
that loans would be available.
Minimum rate of the loan will
be 8.3 cents per pound on 7-8
inch middling cotton, the same
as the basic rate in 1939, but
will make allowances for loca-
tion differentials, as well as
differentials for grades and staple.
An allowance of 40 points
will be made for tare, the loan
rates for middling 3/4 inch cot-
ton will vary from 8.70 per
pound in parts of West Texas to
9.20 cents per pound in Gulf
regions.
The full loan rate will be
available only to co-operating cot-
ton producers who have not on
any farm knowingly planted or
permitted the planting of cotton
in 1939 in excess of the cotton
acreage allotment established for
the farm for the 1939-40 mar-
keting year.
Non-co-operators will be eli-
gible to receive a loan at 60 per
cent of the rate applicable to
co-operating producers but only
on that part of their production
in excess of their farm market-
ing quotas. Loans will be made
only to producers who hold a
clear title to the cotton.
The loans to the producers
will bear 3 per cent interest in-
stead of 4 per cent as in the
past and will mature July 31,
1940.
Loans will be made only upon
cotton represented by negotiable

TECH BEETS SHOW LOWER YIELD BUT GAIN IN SUGAR

AVERAGE PRODUCTION
REACHES 11.76 TONS PER
ACRE FOR THIS YEAR

LUBBOCK, Nov. 22. — Su-
gar beets harvested by the plant
industry department at Texas
Technological college from 3.6
acres this week showed a lower
average yield per acre than last
year's crop, but indicated a
higher sugar content, Dr. A. W.
Young, head professor, said.
Average yield was 11.76 tons
per acre as compared with 15.7
tons per acre last year. Sam-
ples of beets taken in mid-Sep-
tember, however, had a sugar
content of 16.1 per cent, while
sugar content of last year's crop
at harvest time in early Novem-
ber was only 16.5 per cent.
"Since considerable increase in
sugar is usually noted during the
last six weeks of the growing
period," Young said, "it is ex-
pected that sugar content of the
beets harvested this year will
exceed 18 per cent."
He attributes increase to the
longer growing season, beets
having been planted about April
15, approximately one month
earlier than the 1938 crop.

SOME FACTS ABOUT SOCIAL SECURITY ACCOUNT NUMBERS

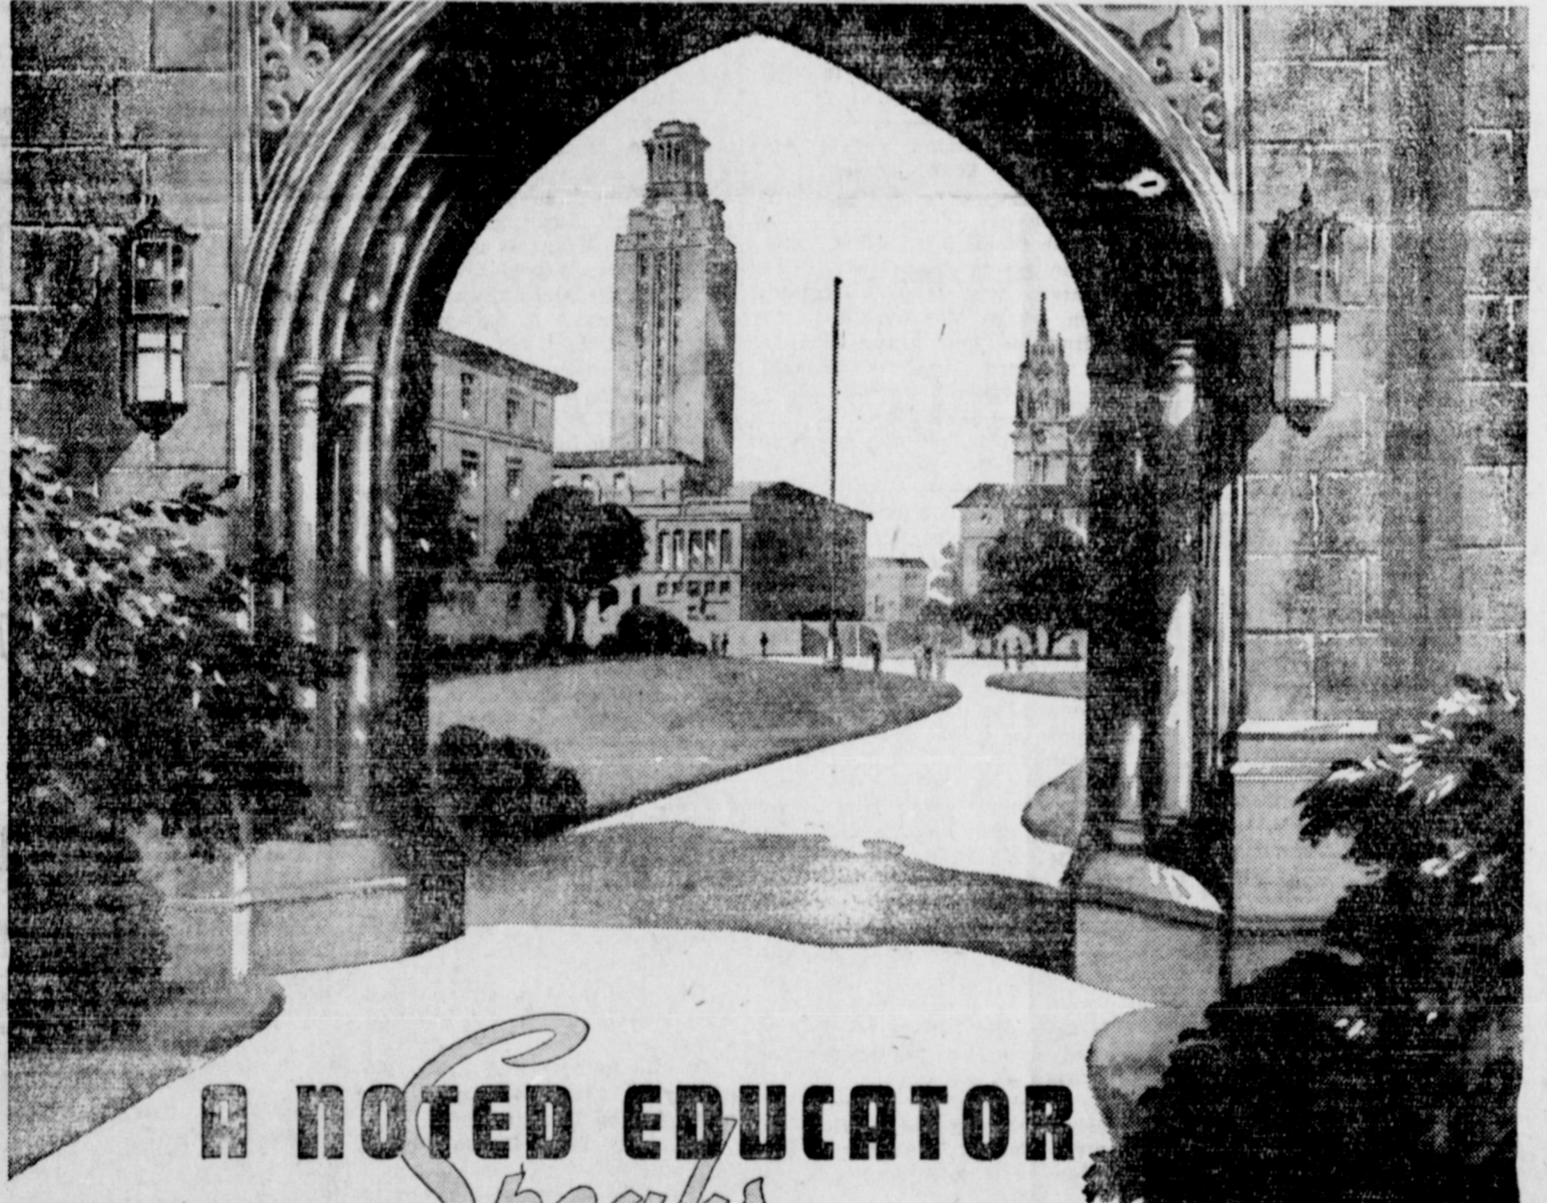

The importance of a social se-
curity account number to a wor-
ker or his family should not be
overlooked. It is equally as im-
portant to the person who is
changing jobs from time to time
as it is to the man who has
a permanent job.
To secure a social security ac-
count number, it is necessary to
fill out an application form and
mail it to the field office of the
Social Security Board. These
forms may be obtained from any
field office or any post office in
a city where the Board has no
field office.
A social security account num-
ber is evidence that the Social
Security Board has opened an
account for the worker. The ac-
count contains an accurate re-
cord of wages received by the
worker from covered employment
since December 31, 1936, and up
to the time of his retirement
from work.
Therefore, the social security
account number becomes the key
that opens the door to Federal
old-age insurance for the worker
when he is old. These payments
may be in the form of lump-sum
benefits or monthly benefits,
whichever the worker may qual-
ify for.

CHILDRESS MAN NAMED CENSUS SUPERVISOR

WASHINGTON, Nov. 22.—L.
G. Raney of Childress was named
assistant area supervisor for this
district in the 1940 census sur-
vey as plans began to take shape
last week for the nation-wide enu-
meration.
Raney will have offices in Am-
arillo and will work under the
state supervisor.
With the area offices ready
to open in early December, the
bureau will now turn its atten-
tion to naming the district su-
pervisors. They will be chosen
from recommendations by 21 con-
gressmen in the state.
Although recommended by the
congressmen, each district super-
visor and his assistant will have
to pass examinations to be given
by the area supervisors. The sal-
ary scale for the district super-
visors and their assistants will
range from \$175 to \$350 a
month.

A NOTED EDUCATOR Speaks...

Dr. Homer P. Rainey, President of the University of Texas, has analyzed Texas' future possibilities in repeated public address. These statements express his thought:
"The next stage in the progress of Texas lies in the develop-
ment of our great industrial and commercial possibilities."
"The best measure of the importance of an enter-
prise is the employment it creates and the income
it produces."
"A program of industrial development centers around the
manufacture of raw materials into finished products."
"Our need for increased employment requires the keenest
intelligence in solving the problem. Our boys and girls
must be trained in highly efficient schools to meet the
growing needs of farm and business."
"American industry is moving closer to its raw material sources.
We in Texas can capitalize on this movement if the oppor-
tunity is grasped."
"Our Universities are dedicated to a program of scientific
training and research which will create employment and build
industry to use our raw materials at home."
"Our great highway development, coupled with industrial
progress, will greatly aid the Texas farmer in his marketing
problem."
"Repeated failures did not stop our hardy pioneers in the building
of our present empire. The same spirit must prevail for a successful
future."
The Texas oil industry recognizes the soundness of these broad principles. They underlie present employment and provide
for expanded future employment for our Texas people. The vital part oil plays today in putting these principles into
actual practice will be portrayed in a series of advertisements to follow in this publication.

MID CONTINENT OIL ADVERTISING

SERIES WILL ENDEAVOR TO PORTRAY THE PART OIL PLAYS ECONOMICALLY

With December issues of state newspapers, the Texas Oil Industry through its service organization, the Texas Mid - Continent Oil and Gas Association, will begin a series of institutional and educational advertising.

One of the company's ads appears on page 7 of this week's News.

The advertisement series will endeavor to portray to the public the part the oil industry plays in the economic life of Texas and its contribution of employment, tax revenues, distribution of new wealth created through constant production of oil and the advantage it offers to the new industry.

C. B. MORRIS FAMILY ESCAPES MONOXIDE ASPHYXIATION

Bird's nests obstructing the vents in a chimney of the C. B. Morris home caused near tragedy early Thursday night when the family and three guests were almost overcome by carbon monoxide fumes.

Mrs. Morris began to feel ill and sleepy but ignored the feeling in her holiday preparations. When other members of the family and her guests complained of headaches and dizziness, it was gradually realized that gas must be escaping into the house.

Monoxide gas thrown off by three high blasing stoves unable to find an outlet through the chimney was pushed back into the rooms, according to D. R. Davis, local gas company manager, who said raw gas is easily detected by its odor while monoxide is comparatively odorless and colorless.

BURIAL SERVICES HERE FOR MRS. J. E. LYON

Last rites for Mrs. J. E. Lyon, 77 years old, were held at 1 o'clock Sunday, Nov. 26 at the Quitaque Baptist church with the pastor, Rev. J. L. Ponder and Rev. U. S. Sherrill, pastor of the Methodist church, officiating. Interment was in the Clarendon cemetery. A short service was held at the grave conducted by Rev. H. C. Gordon, Methodist pastor of Clarendon.

Mrs. Lyon died Saturday morning at 5:30 o'clock at the home of her son in Quitaque where she spent about half of her time, though she owned and maintained a home in Clarendon, being one of the pioneers of that city. She had been in declining health for several years, however, she had been up and about the house or Wednesday.

Mrs. Lyon was born March 12, 1862 in Atlanta, Ga., and before her marriage was Lela H. Tanner. After marriage she and her husband lived in Georgia about ten years before coming to Texas with their children. She was a member of the Presbyterian church, her membership dating back many years.

Sammie Jo Lowe, taken to a clinic in Dallas last week, was reported to be feeling a little better according to her father, S. W. Lowe, Thursday morning.

Mrs. T. H. Ellis and Mrs. C. T. McMurtry were Amarillo visitors Monday.

IMPORTANT TO ALL WHO BORROW OR DEPOSIT

Assured strength of banking connections is a definite advantage to any business or individual. Banks should be conservative during periods of inflation and stoutly reliable in times of stress. For more than thirty years, in booms and panics, The Donley County State Bank has offered outstanding protection to depositors and borrowers. That policy will be maintained.
