North-South Road Construction Announcement Near Probability

DONLEY HAS PART IN HEARING AT DALLAS MONDAY

COMMISSIONER REEVES TELLS HIGHWAY BODY DONLEY WAITS ON THEM

As a continuation of the presentation made on Sept. 1st at Austin, Donley County along with other Panhandle counties, made a strong presentation of their claims on the North-South Highway, before the Texas Highway Commission in a hearing at Dallas Monday of this week.

No effort was made to present as large a delegation as represented the North-South Highway project on Sept. 1st, and G. G. Reeves, Donley County Commissioner, was the only representative present from the county, and most other counties had only one or two in their delegations.

Courteously giving away their priority on the hearing list, so that many other delegations might catch late afternoon trains, or drive home, the North-South group, headed by Judge Sherman White, appeared finally before the Commission in the last period of a night session required to clean up the many delegations present. Judge Flowers from Perryton represented Ochiltree County, after Judge White had made the opening remarks. Commissioner Reeves spoke for Donley, impressing upon the Commission that this county had done all it had been requested to do by the Commission and now urged definite promise of construction. Judge Goodpasture and Commissioner Russell of Hall county accounted for the progress made in Hall, and then Keno Stinson of Fanna made one of the most comprehensive arguments for early building of the North-South road, ever before introduced to the Commission.

Mr. Stinson showed the remarkable growth of the oil-field territory, the thousands that were to be served and the millions of dollars traffic that awaited the building of the route. It appeared to have a great effect on members of the Commission, not so familiar with local conditions in this area, as Commissioner Harry Hines, the senior member.

Commissioner Reeves returned here Tuesday afternoon and expressed himself as particularly pleased with the outlook of a definite announcement of construction from the department at no remote date. This view is held generally by the project workers in this area, since it was recently announced that the silence of the Commission since the last hearing on Sept. 1, was not indicative of a refusal on the part of the department, but was necessitated by a closer study of the problems involved in the North-South construction, and a desire to ascertain just how much the road bond refund act would return to the counties in this section.

F. F. A. MEMBERS FIND QUADROON SUITABLE HERE

CERTIFIED SEED SHOWS PRODUCTION RECORD HIGHER THAN KAFIR

Twenty Clarendon F. F. A. members who purchased a quantity of certified Quadroon seed last spring found that better seed paid in a big way. J. R. Gillham, advisor, said today.

The members found the Quadroon to be a quick growing, drought resisting, crop that made under this year's conditions when many other crops failed. One hundred and eight acres of quality seed was planted by the members. The average, reaching approximately one-half ton per acre, was from twenty to fifty per cent higher in production than had been kafir and milo grown on the same land.

SECOND EDITION OF CLARCO NOW OFF PRESS

TABLOID HERALDS C. C. EXES REUNION HERE NOVEMBER 10-11

The eight-page tabloid second edition of The Clarco was off the press today heralding the arrival of reunion time for ex-students of old Clarendon College.

The newspaper, published in the interest of furthering the annual gathering of former classmates, announced the reunion dates as Nov. 10-11.

In the left "dog ear" of the publication, the newspaper explains its presence by "The Clarco, revived from the limbo of an honorable past to serve present-day needs."

After almost three decades of serving the upper Panhandle region, the old Methodist institution of Clarendon College closed its doors in 1927. It had grown from a hand-full of students with classes in a church building to a senior college. Thus ex-enrollees last year resolved that the school should continue in memory if not fact, and a permanent organization was founded.

Dorothy McCormack edited the issue with Clyde I. Price, president of the association, acting as business manager.

BRONC - CANADIAN FRIDAY NIGHT GAME CALLED

HUTTO CLEARS DECKS TO MAKE ROOM FOR 10-GAME LIMIT RULING

The Clarendon High School Bronchos will get a well earned rest this week-end following the cancellation of the regular scheduled Canadian Wildcat game that was billed for College Field.

Head Coach Emil Hutto fearing a possibility of a knotted 3-A race asked the Canadian athletic department for a release. Should the Broncos get a tie with McLean and Shamrock, the 10-game limit rule might knock the local district hopes in a cocked hat as the Bronchos will have eight games behind them after the Memphis setto Friday night at 8 o'clock.

Probably another thought in Hutto's mind was the possibility of injuries. Playing for a small gate and a chance of injuring some of his ace ball players has little appeal for any mentor.

Armistice Day Proclamation

WHEREAS, in commemoration of Nov. 11th, 1918, the armistice anniversary has been set aside and proclaimed from year to year, as Armistice Day in these United States, and

WHEREAS, in spite of the wars now in progress over the earth, we as Americans stand for the principals and achievements of Peace, and

WHEREAS, local conditions of business interfere with the observance of the date this year, for all our people, therefore

I DO HEREBY PROCLAIM, Friday and Saturday, Nov. 10th and 11th, as official Armistice Day Celebrations for the City of Clarendon, and urge all our people to participate in the observance of the anniversary of Peace on these two days in a most sincere reverence for those who gave their lives that Peace might reign again.

I FURTHER PROCLAIM that certain hours of closing for Clarendon business houses be arranged by those in responsibility, that owners and employees may have benefit of such holiday hours in honor and reverence for Armistice Day, 1939.

Done by my hand and seal on this the 2nd day of November, 1939.

Clarendon Bronchos Realize Dream By Shutting Out McLean Tigers 6-0

By BILL LATSON

Fulfilling a dream of the past several seasons, the Clarendon High School Bronchos outlasted the McLean Tigers 6 to 0 on Tiger field last Friday night before an estimated crowd of 2000 persons.

The Bronchos were kept in the hole during the first two quarters due largely to punting, a 15-yard penalty and several breaks. It was not until the fourth period that Clarendon reached the bonanza. Little Johnny Grady took a lateral that originated in a splinter on the McLean 5-yard stripe and got around left end for the marker. It was the one of the few times that the Bronchos boomed in Windom, crack Tiger left end, but it was the play that gave Clarendon a life in the league title chase.

Clarendon won the toss and elected to receive. Bond kicked to Grady on the two-yard line and Grady got back to the 20-yard line.

Allison made five yards at center. Allison added another yard at center. Grady kicks 36-yards to Hantooth who was tackled in his tracks.

gives Lee the ball for a 9-yard pick-up at tackle. Bond got first at ten on a two yard plunge but was injured on the play. Mantooth made 2 yards at right guard. Mantooth failed to gain at the middle of the line. Back goes into the game for Bonner of McLean. Back fumbled and the goal line from his 45. Clarendon penalized 15 yards for roughing the kicker. Third Quarter Allison kicked off out of bounds. McLean's ball on their own 34 yard line.

GREENBELT ELECTRIC AND HALL COUNTY ELECTRIC GET GRANT APPROVED

An additional \$100,000 allotment for the Greenbelt Electric Cooperative Inc. for Wellington to build about 150 miles of line to serve 348 members of the R. E. A. in Collingsworth, Donley and Armstrong counties has been announced by the Department of Agriculture, Washington.

Out of the allotment, \$25,000 will be used to defray certain expenses connected with the initial operation of the project which cannot be covered by the construction loan.

The cooperative has been advised of the allotment and supplied with instructions for getting the lines under construction. Money will be available as details are completed.

Construction of these lines will provide nearly 31,000 man-hours of employment in the district.

The entire Greenbelt Electric Cooperative project included 311 miles of line to serve 702 members in Collingsworth, Donley and Armstrong counties in Texas and Harmon and Beckham counties in Oklahoma.

Orval Couch, and Luther Griddle, both of Wellington, are superintendent and attorney, respectively, of the corporation.

The Greenbelt lines will run from Hedley to Lella Lake, north of Clarendon to Martin, Ashtola and Goodnight.

The department of agriculture also announced an additional \$89,000 allotment for the Hall County Electric Cooperative, Inc., with which to build about 126 miles of line to serve 302 members in Hall, Childress and Donley counties.

5-YEAR SUSPENDED SENTENCE GIVEN HEDLEY YOUTH

After deliberating five hours, a district court jury here Tuesday afternoon assessed a 5-year suspended sentence against Joe Dean, 20, Hedley youth charged with a statutory offense.

The jury, picked from a special venire of fifty men, received the case Tuesday morning at 10:20 after about five hours of testimony and arguments. They returned the verdict at 4:30 Tuesday afternoon.

The indictment alleged that Dean had committed a moral offense against a 14-year old Donley County girl who, however, had married in the meantime.

Through their Post Commander, Joe Holland, the Legion asks all business houses to close between the hours of 2 o'clock and 5 o'clock Friday afternoon.

"We feel that it is not right to ask the merchants to close Saturday, but with another armed conflict now in progress, we do feel that now, more than ev-

DONLEY QUOTA 400 IN ANNUAL RED CROSS ROLL CALL

MRS. ALLEN JEFFRIES, CHAIRMAN, SAYS DONLEY MUST NOT FAIL

Officers of the Donley County Chapter, American Red Cross, met Friday morning in the school district tax office to make detailed plans for the forthcoming Roll Call in Donley County. Harold H. Brown, assistant field director from Ft. Sam Houston, was present by appointment and made a strong appeal to enlarged support of the Red Cross Roll Call and other activities this fall on account of the war and economic situation.

Mr. Brown gave the local workers a brief resume of the repatriation of Americans caught by the war in Europe, which the Red Cross has been handling. He also brought a graphic picture of the refugee situation in Rumania, where thousands of Poles are destitute and are overtaxing the resources of the Rumanian Red Cross, which calls for aid from the International office at Geneva, Switzerland. American representatives are in the International Red Cross headquarters at Geneva assisting in this tremendous task.

Donley County's quota this Fall in the Annual Roll Call is 400 memberships, as against 247 enrolled in 1938. Mrs. A. T. Jeffries, Roll Call Chairman for the County, made a report showing she has the preliminary plans well in hand, and after a conference with Mr. Brown is concluding the details of the campaign this week. Workers are being secured and every effort will be made to bring Donley's quota of 400 memberships to realization in one short, intensive effort on one day—Armistice Day, Nov. 11th, if possible. Mrs. Jeffries says Donley County must not fail in this challenge.

According to Donley County Chairman, Sam M. Braswell, the local chapter has local rehabilitation activities in mind, which will be adopted if funds through a successful 1939 Roll Call are forthcoming.

According to deputy Sheriff Guy Wright, Scott's car was involved in a collision with an automobile in which were six negroes. Scott and three companions were driving north and the other car was traveling south. Its driver, J. W. Byes, was uninjured but one of the colored men received a knee cut.

NEWS OUT IN NEW DRESS BODY TYPE

The News comes to you this week in a "new dress" of body type, which to the mind of the management is a great improvement, and which it believes will prove popular with our readers. Discarding the old face of Century body type, The News has selected one of the more readable modern faces introduced by the Linotype company. The new type is known as 8-point No. 2, with Bold Face No. 1, and has the approval of the opticians as among the most readable faces offered to newspaper readers.

This change is in line with the established policy of The News to keep this paper abreast of the times in every feature and service.

WE DON'T NEED THAT SORT OF BUSINESS

Checking over the newspapers of this area, The News is amazed to find that it is now one of the two or three papers which has consistently refused to accept beer advertising.

For several years, now, the weekly press over the nation has been offered well-paid schedules of so-called "institutional" advertising for the breweries. As much as The News needs added income, we have steadily refused to accept it, for we cannot afford to sell the advertising influence of this paper to assist what we believe to be the greatest menace the morals of America faces today—the beer and liquor influence.

Not many of the papers accepting the advertising advocate the use of beer or intoxicants, and The News believes they will all regret their course of action before many months pass.

There is no such thing as good business with a bad business.

TROUBLE WITHOUT LOOKING FOR IT

From reports around town there appears to be some boys who might find a lot of trouble without looking for it. The city office reports that there has been a lot of small damage and depredations up at the newly completed City Park—and one report is that there is a threat from these young fellows that there's lots more things soon to happen to the Park and its facilities.

The truth is that those who deliberately damage the City Park may find a federal officer on their trail, since the WPA has quite an interest in the project, having done the construction on the works.

The City Park is a source of pride to thoughtful citizens, so any act that damages it, is a direct thrust at the majority will of this community. The News hopes there is an end to all such actions and disposition, and that young and old, alike, may join in making the Park a greater civic asset.

No warning should have been necessary—no further warning will be issued on this matter—so say the authorities.

ANNUAL RED CROSS ROLL CALL COMING UP

Just a few days now until the annual Red Cross Roll Call for Donley County will begin on Armistice Day, Nov. 11th, as it will throughout the nation. The News desires to bring the claims of the Red Cross to our people and indulges in the hope that the quota set for Donley County will be quickly realized.

Donley's quota is 400 memberships, according to Mrs. Allen Jefferies, Roll Call Chairman, and who is busy organizing the county for a prompt meeting of the quota here. After all, 400 members at \$1.00 each isn't a heavy demand for Donley. The county has over a thousand families, and the four hundred should be enrolled within two hours time after the Call opens.

With the growing demands on the International organization account of the wars, and our own bulwark against disasters in America, The News believes, our people will rally joyfully to answer this reasonable quota set for Donley.

It is another opportunity to prove to the world the warm hearted citizenship of Donley County people—the best in the world.

EXPERTS ARE "BULLISH" ON BUSINESS OUTLOOK

It should be remembered that business was improving in this country before Germany invaded Poland, and Britain and France declared war. Therefore, late jumps in the business cycle cannot be entirely laid to hostilities abroad. War was a "boom" factor, but it didn't change a downward trend into an upward trend. It simply accelerated (to an immense extent in some lines) the betterment that had set in some time before.

The first weeks of the war saw frenzied buying and manufacturing, everybody seemed to be trying to get in on the ground floor at once, before prices shot skyward. That first, rather hysterical phase of the current improvement apparently has passed. The uptrend in the barometers continues, but at a slow pace. The outlook is that practically all of the economists feel that it will continue.

Business is better than most of us realize. Industrial production today is close to the 1929 level—some barometers show it even slightly above that point. A number of industries have actually passed the pre-depression peak. Of these, the most important is steel, which recently touched a new high. Other industries which are doing better now than in 1929 from the production standpoint (but not from the profit standpoint) are electric power, shoes, textiles, oil refining and tobacco manufacturing.

That the country is all set to go ahead is obvious from even a cursory glance at the basic statistics. Business Week, for instance, thinks that without being over-sanguine, it is reasonable to anticipate a push upward that will bring us ahead of 1929 economically. As evidence, the magazine points out that bank deposits are at their all-time high and that excess reserves of banks are also at record high levels. The cash is on hand when our people are ready to use it.

All the temporary influences seem to be for the better. At the same time, it pays to be cautious—time and again in the last ten years we have seen the stage set for recovery, only to have a new "recession" take hold and shatter our hopes. If another break comes soon and the indicators reverse their upward course, about every expert in the country will have to go into hiding. They are practically all bullish today.

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN — The Supreme Court of Texas will have an opportunity to pass upon the ruling of Attorney General Gerald Mann, declaring the state tax remission bill, giving away one half the State's ad valorem tax revenue to the counties for a five year period, unconstitutional, Dallas County officials, counting upon the State money in making a budget for 1940, and with an overdraft of over \$800,000 in the general fund of the county, have arranged with Dallas lawyers to bring a friendly test suit, seeking to enjoin the county from creating any indebtedness based upon this item in their budget. They will endeavor to get county officials to obtain an injunction in district court, take a quick appeal to the Fifth Court of Civil Appeals in Dallas, ask the latter court to certify the questions, and go direct to the Supreme Court, getting a decision soon after the first of the year. Best legal opinion is that Mann's ruling will be upheld by the highest court.

Flowers Appointed
M. O. Flowers, of Lockhart, who has had some 18 years professional experience in politics, as county judge of Caldwell County, and as a regent of the Teacher's Colleges, is the new Secretary of State, named by Gov. O'Daniel to succeed Judge Tom Beauchamp, who moved up to the Court of Criminal Appeals last week.

Alsop on Warpath
Rep. Lonnie Alsop, blind veteran House member from Panola County, this week "demanded" the resignation of Adam R. Johnson, director of the public welfare department. Alsop, House sponsor of the bill creating the Welfare Board, objects to Johnson's retaining efficient members of the Pension administration, declaring it was the "intent of the Legislature" to "clean out" the pension employees under the new setup. He also complained Johnson has not carried out the intent of the liberalization of the pension act, by adding some 40,000 eligibles to the rolls. Johnson declared Alsop sought a job as personnel director of the Welfare Board, but didn't get the job. He pointed out, as has previously been related in this column, that re-investigation of the 120,000 now on the pension rolls must be carried out promptly, or the state will lose federal pension aid, and that the addition of 40,000 pensioners now would cut average pension checks from \$8.25 to \$3 or \$4.

Need New Plan
This incident, and another this

week, focussed attention of some officials on the need for a new law which would prevent members of the Legislature. The Constitution prohibits a legislator being appointed to state office, and under the rulings of Attorney General Mann, no such appointments have been made, although the constitutional provision has frequently been ignored by Gov. Allred and others in the past. But there is nothing in the law or the constitution to prevent a legislator showing great zeal in behalf of some department through a session, and then, when the session is over, resigning from the legislature to accept a fat-paying job from the department he sponsored.

Rep. W. N. Corry, of Tarrant County, ran into trouble when Attorney General Mann held that once a legislator resigns, he has done so "for keeps" and cannot take it back. Corry quit to take a job as assistant director of the Old Age Assistance

Commission on July 5. A couple of months later, the pension set-up was taken over by the new Welfare Board, and Corry was fired by the new director. Then Corry sought to withdraw his resignation, and resume his seat in the House, but Mann held this illegal.

Rail Race Looms
Hottest competition in next year's election, outside the governor's race, is expected to be for the post of Railroad Commissioner, now held by Lon Smith. Smith will have as opponents, according to reports here, at least three strong candidates, including Roy Hoffheinz, county judge of Harris County; Bill McCraw, ex-attorney general; and P. Pierce Brooks, of Dallas, who gave Lt. Gov. Coke Stevenson a real scare in the runoff last year for Lieutenant Governor.

Better Parenthood Week is being observed throughout the nation this week.

**GRAND OLD SONGS
NEW HITS STUD
CROSBY PICTURE**

A bright, melodious host of grand old songs, known to oldsters and youngsters alike because they have become increasingly popular through the years, and four new songs, destined to rank in the hit class, will be sung and danced to in the great new Bing Crosby comedy drama, "The Star Maker" which Paramount will present on November 4-5-6 at the Pastime Theatre.

The old songs are the work of Gus Edwards, the famous showman whose amazing career suggested the story of the picture. Bing will be heard singing such tuneful Edwards' numbers as "School Days," "In My Merry Oldsmobile," "Look Out for Jimmy Valentine," "If I Was a Millionaire," "I Can't Tell Why I

Love You But I Do," "I Wonder Who's Kissing Her Now," "Tummy" and many others. In several of the numbers, he will be accompanied by outstanding groups of child singers, assembled especially for the picture.

The new songs which Bing will sing in the picture are the work of Johnny Burke and James V. Monaco, ace song writing team. Entitled "Still the Bluebird Sings," "An Apple for the Teacher," "Go Fly a Kite," and "A Man and His Dreams," they already rank in the hit class. As in the case of the old songs, Bing will have child singers furnishing vocal background.

New Singer and New Song

Incidentally, it is in the singing of one of these numbers—"An Apple for the Teacher"—that Linda Ware, who is a discovery of Charles R. Rogers, producer of the picture, renders other numbers in the picture, too—numbers ranging from the catchy "Darktown Strutters' Ball" to Tschalkowsky's "Waltz in Flowers." According to all

reports, her voice has tremendous range, rare quality, and great power, marking it as one of the most exceptional voices to be heard in years.

Lovers of classical music will not be disappointed in "The Star Maker," for Walter Damrosch, the "grand old man" of America music, will be heard conducting The Philharmonic Orchestra of Los Angeles in Beethoven's Symphony. The orchestra, under Damrosch direction, also accompanies Miss Ware in several of her numbers.

"The Star Maker," which was directed by Roy Del Ruth, tells how Bing, a tin-pan alley song writer and small time hooper, rises to the top in the entertainment world by making stars out of talented children. *A penny box of matches averages about 43 to the box. Each match burns approximately 22 seconds—a total of 15 minutes. Each gives one foot-candle of light—a total of 15. In comparison to a match, a 25-watt light bulb gives 67 foot-candles of light—and burns a total of 8 hours for only 1 cent. On this basis, the 25-watt bulb gives 2,144 times more light for a penny than a penny box of matches.

LELIA LAKE STUDENTS HAVE HALLOWE'EN PARTY

Hallowe'en night, students of Lelia Lake High School met at the school building to see what the witches had in store for them. Entertainment for the evening consisted of various carnival attractions supplemented by contests for which prizes were awarded.

Before gaining admittance, each person had to successfully withstand all tests of the spirits as they followed directions for a ghost tour which took them over the surrounding countryside. Highlights of this trip was a visit to a deserted elevator which was the chief stronghold of the ghosts.

The gaily costumed throng soon gathered at the school house to enjoy such diversions as fortune telling, house of horrors, fishing, side shows, and contests of various kinds. Everyone was rich for the evening with money especially coined for the occasion. During the serving of the refreshments, which were obligingly furnished by Mr. Slimy Blood, guests were entertained with pantomimes entitled, "The Operation" and "What Young People Can Do to Have Fun on Hallowe'en."

J. F. Johnson, who was disguised as a black cat, won first prize of \$1.00 for having the most appropriate costume. An Arabian miss, Cieta Riffle, won second prize of \$0.50.

REV. W. T. LACKEY BURIED HERE AT 6 P. M. SUNDAY

FORMER RESIDENT DIED SATURDAY AT PADUCAH OF HEART ATTACK

Interment services were held here Sunday afternoon at six o'clock for the remains of Rev. W. T. Lackey, pastor of the Methodist Church, who died after a brief illness early Saturday morning at Paducah. Rev. H. C. Gordon, Clarendon Methodist Pastor, had charge of the commitment here.

William T. Lackey was born at Rio Vista, Texas, July 10th, 1888, and at an early age moved with his parents to Greer County, Okla. In 1914 under a call to the ministry, he came to Clarendon and enrolled as a student in Clarendon College, studying here for five years, and preaching as opportunity came. He worked his way through school as a barber, dropping out for one year to preach and returning here for another year in college, before taking regular work as a pastor.

He served appointments in Donley and Wilbarger counties, and last year was appointed to the Paducah circuit, where he had enjoyed an exceptionally successful ministry to the time of his passing.

Rev. Lackey married Miss Maurine Mullins at Clarendon, June 16th, 1920, and surviving him is his widow, and one son, Jack, who is attending school in Clarendon, staying with his grand-parents, Prof. and Mrs. L. H. Mullins. Mrs. Lackey has moved back to Clarendon and will make her home here with her parents.

Funeral services were held Sunday afternoon at 2:00 o'clock at the Paducah Methodist Church, conducted by Dist. Supt. Cal C. Wright, assisted by Rev. W. E. Fisher, pastor. A delegation of Odd Fellows, of which the deceased was member, were present from the lodge at Elliott, Texas.

Rev. William T. Lackey, was a sincere, brotherly Christian and had made a great impression on the communities where he served his Master. He was kindly, gentle and of a brave, optimistic spirit, and will be missed by hundreds who knew him and who join the News in condolences to the bereaved family.

Visiting at Paducah when death came his brother, Horace Lackey, and family of Springfield, Colo. Other brothers present at the funeral were: R. E. and family of Carlisbad, N. M., and John F. and family of Cordell, Okla. His three sisters, Mesdames Iris Prutsman of Spearman, Sam Godfrey of Lone Wolf, Okla., and Comer Johnson of Granite, Okla., with their families were also present at the funeral.

A cousin, Mrs. Anderson, and two grown daughters of Cleburne were also present.

LIBRARY NOTES

(By Mrs. C. A. Burton)

by Mrs. C. A. Burton
Children's Book Week will be observed in its twenty-first anniversary from November 12 to 18. "Books Around the World" is the slogan for this year, and the publishing houses are offering most attractive lists.

The awards in the eighteenth annual contest of the Poetry Society of Texas have just been announced as follows: The Old South Prize of \$25, offered for the best poem of any form was won by Valda Stewart Montgomery of Dallas with her poem, "Viva Espana." The Alamo Prize of \$25, offered for the best sonnet or group of sonnets, was won by Luline Mallard Bowman, Bay City, Texas with her "Dark Pilgrimage." The Texan Prize, offered by the Poetry Society for the best poem on a Texas theme, received a tying vote for first place. The co-winners were Grace Ross, Ft. Worth, with her ballad, "Spirit of Place", and Mrs. J. W. Wheeler of Abilene with her ballad, "Two." All three of the judges for this last year were Texas men — Dr. John O. Beatty, Southern Methodist University; Dr. E. W. Wray, East Texas State Teacher's College, Commerce; J. Lon Tinkle, Southern Methodist University. The judges in the first two were from educators in various states from Kansas to Florida, the only Texas being Dr. Rebecca Smith, T. C. U., Fort Worth.

Sinclair Lewis has completed the manuscript for a new novel, "Bethel Merriday," a story of a young girl in the theatre. The book is dated for publication in March of next year.

The most coveted prizes in the world are the Nobel Prizes awarded from Stockholm, Sweden. Recently the prize for physiology and medicine was awarded to Prof. Gerhard Domack of Germany, although the Hitler government has refused to recognize the Nobel awards. Hitler decreed that Germans could no longer accept the award which amounts to \$39,000 after it had been made in 1935 to Carl Von Ossietzky, a pacifist writer while he was in a Nazi concentration camp as an enemy of the State. Hitler then announced special \$40,000 prizes for art, literature, and science to replace the Nobel prizes as far as Germans were concerned.

Lawrence Oliver, who is Max de Winter in "Rebecca" and who starred in "Wuthering Heights," is facing the prospect of a call to the colors at any time in his native England — which must necessarily end his brilliant nine year successes in America. He says he will of course do gladly whatever his country orders, but nevertheless his friends and admirers realize that the prospect is not a happy one. Every effort is being made to complete the filming of "Rebecca" before such a call may come. Christopher Morley has a new book, "Kitty Foyle," and Hugh Walpole's new novel is "The Sea Tower." Bertita Harding, who has written her stories of the Hapsburgs, beginning with "Phantom Crown" which we have lately put on our shelves, has a new novel, the story of Karl and Zita in Hungary — called, "Imperial Twilight."

Monica Dickens, great granddaughter of Charles Dickens, has just brought out her first book,

"One Pair of Hands." Evidently she is inspired by the same urge for knowing and helping to better conditions for the great mass of the common people, because she became a domestic servant for a year — and of this she writes, enlivening with keen wit the foibles of her employers and fellow servants.

When Somerset Maugham is mentioned I think most of us immediately think of his "Of Human Bondage," but he has really written forty two books, novels, short stories, travels, plays. And now he has a new book which he calls "Christmas Holiday." It is a story of the motives for a crime — is said not to have the candor and human warmth of "Of Human Bondage" nor the coldness and externality of some of his other novels. His best characters are always poor people, described from observations which he likely made while he was a poor medical student and a starving writer. In his autobiography, "The Summing Up," Maugham tells very interestingly of the conditions under which he wrote "Of Human Bondage." He was forty years old and his literary apprenticeship was over. He had enjoyed the experience of having four plays running during one season in London, but in the midst of this success as a playwright, he became obsessed with the desire to write his past life in the form of a novel — so obsessed that he realized he could have no peace until he had written it. He knew it would be a long story, so he refused contracts which the managers were anxious to give him and retired temporarily from the stage. Under such conditions his work was almost bound to be good, and it was. And the critics say that he has never produced anything else of the same rank. It is the one of his books on our shelves.

Two books which have been selected for preservation in the Crypt of Civilization at Oglethorpe University, Georgia, are Margaret Mitchell's "Gone With the Wind," and Thurmond Arnold's "The Folklore of Capitalism." They will be micro-filmed, page by page, and placed in the crypt which is to be sealed to remain so until the year 8113 A. D.

Antoine de Saint Exupery lately famous as the author of "Wind, Sand and Stars" has changed his plan about flying to the Far East and eventually around the world and is on his way back to France where he will serve as captain of the Air Corps Reserve in the French Army.

During the four years of its existence the Federal Writers' Project has completed 500 books, many of them of the American Guide Series, which range from "Maine, a Guide Down East" to "San Diego, A California City." The University of California Library has chosen 100 books from this list as their opening exhibit for the fall semester, to be shown for six weeks.

Mr. Rathjen recently gave us quite a number of National Geographics which are valuable. And besides this he gave us a bound copy of Amarillo's Golden Anniversary Edition of 1938. A whole mine of information of all this West Texas country — which we were so glad to have.

Mrs. A. D. Blanton visited with her daughter, Mrs. Herbert Davis at Ashtola the first part of the week.

After playing a number of games, the group roasted wieners and marshmallows and ate a picnic supper. The group sang a number of songs and quoted several scriptures. Imogene Spencer led in prayer. A number of pictures were made of the group—then they played games until time to go home.

MCDOWELL CLUB HAS MUSICAL TEA

The seated tea given by the McDowell Club, Monday afternoon at the home of Mrs. Frank Heath was a very pleasing and lovely affair.

The centerpiece on the lace-covered table was chrysanthemums in autumn colors. Dahlias and other flowers in harmonizing shades were used in the other rooms. Mrs. Heath, hostess and Mrs. L. E. Thompson, president of the club received the guests.

Through the efforts of Miss Anna Moores, choral director of the Club, Mrs. J. W. Sanders, president of the Philharmonic Club of Amarillo, was present with members of her club who, after being introduced by Miss Moores, gave a delightful program. Mrs. Guy Carlander, contralto soloist, gave three interesting Mexican numbers in costume. These were followed with three numbers by Mrs. Maynard Drake, soprano soloist, after which they sang together in a duet. Mrs. Lucille Palmer Ballard who was the accompanist gave a piano solo also.

Vera Holding, who has written a considerable number of good poems which have been printed in book form, read selections from her collection, much to the delight of everyone present, not only because of the interest in the poems but because of her pleasing sparkling personality and clever wit. After the program tea was served to about eighty guests.

This was the first social occasion of this nature that has been given by the McDowell club, which was organized last year and has begun its second year of work. The club is to be commended for entertaining in this delightful way and for sponsoring a really worthwhile program by out-of-town artists.

PATHFINDER CLUB HAS GUEST DAY

The Pathfinder Club had an unusually interesting meeting on Friday, October 27, because it was guest day in a double sense—a guest speaker, and the Book Club, the Les Beaux Arts Club, and the Junior Beaux Arts club as guests for the afternoon.

In the continued absence of the president, Mrs. Edd Dishman, Mrs. Bairfield again presided. On a motion, all business was dispensed with.

Mrs. Marguerite Goodner was leader of the program, and after a few brief words of welcome to the guests, she presented her sister, Mrs. Fancher Upshaw of Amarillo, as the guest speaker.

Mrs. Upshaw gave a most interesting review of Rachel Field's "All This and Heaven Too"—a book which has continued to be a best seller for about fourteen months. Mrs. Upshaw made the statement that, according to the booksellers, the average life of a best seller, commercially, was about six weeks. Therefore she said there must be something worthwhile in a book which continued to be listed as a best seller after fourteen months. And her charming presentation of the story convinced her hearers that this was true. After the review Mrs. H. R. Beck played "Romance in D Flat" by Sibellus.

Autumn flowers, with roses predominating, brightened the club room.

The hostesses, Mesdames L. E. Thompson, Simmons Powell, C. T. McMurtry, and R. L. Bigger served the large gathering from a lace draped table—with the most fitting refreshments from an autumn day, pumpkin pie, whipped cream, and coffee.

CARD OF APPRECIATION

May we take this early opportunity to express our deepest thanks for the many acts of kindness and thoughtfulness in the recent valley of sorrow which came to our home. We cannot name the scores of friends and neighbors of our community who came to us in our darkest hour, but our hearts shall ever hold them in grateful memory. We also desire to give special thanks to the Clarendon Methodist Church, its pastor and choir, for their kind services at the last tribute to our dear, departed one, and to all those many friends who showed their sympathy in the beautiful floral offering.

May a Kind Father be your comforter when dark days come to you, is our prayer.

Sincerely,
D. E. Randel,
Mr. and Mrs. Ralph E. Randel,
Mr. and Mrs. Earl Holley.

Mr. and Mrs. Bert Boomer and baby of Amarillo visited here with Mrs. Boomer's parents, Mr. and Mrs. W. W. Taylor, Sunday.

Lelia Lake School News

LELIA LAKE SCHOOL HAS FIRST HOME EC CLUB

Under the sponsorship of Miss Leota Rumpy a Home Economics Club has been organized for the first time in Lelia Lake with the purpose of stimulating interest in that subject.

The club in Lelia Lake has been affiliated with the Area One and the State Home Making Club.

They are proud of their 100 per cent membership which includes every Homemaking student past and present, in school. The officers are: president, Anita Cook; vice president, Mildred Floyd; secretary, Virginia Gee Leathers; reporter, Louise Skinner; song leader, Virginia Carroll; and pianist, Margaret Jean Leathers.

The only social that the club has had was the initiation of the former Home Economics girls into the club. However, others have been planned as a part of the program which has been prepared for the club's Year Book. The present project of the club is the planning of the refreshments for the school Halloween party.

NEW PLAN ADOPTED ON CLOSING FOR COTTON PICKING

In a meeting on October 26, the Lelia Lake School Board adopted a new plan to take care of the picking of the cotton crop and still give the children an opportunity to attend school.

School will be dismissed on the following days in November—3, 10, 17, 23, 24, 30, and December 1. This plan will give the pupils two successive days, Friday and Saturday in which to help pick the cotton. Patrons are urged to let their children attend school on all the other days in order that this plan may be carried out successfully.

SCHOOL ELECTS STUDENTS COUNCIL FOR TERM

As a project the past week the civics class of Lelia Lake High School held election for the purpose of choosing a student council. Under the direction of their teacher, Mr. Raymond Wilson, they followed the plan of regular elections.

Candidates were required to file notice of their intention to run and voters had to register to be eligible for voting.

In both elections regular printed ballots were used. A judge, a police officer, and three clerks presided over the elections each of which lasted only half a day. The successful candidates were Virginia Carroll, president, Nellie Ree Usrey, and Eldon Holland. These three will be the representatives of the student body and will present the pupils viewpoint on all school problems to the faculty. This plan has

THOUGHT FOR THE WEEK

What do you think of your self? That question perhaps startle many senior high school students; it should, and it also should set many of them to thinking. Of course one is bound to consider himself in thinking. Of course one is bound to consider himself a pretty swell "gal" or "guy" which is all right to a certain extent. Down deep in your heart, however, do you ever reprove of yourself? Maybe many of us are completely disgusted with some of our actions. Don't feel bad about this reaction of the conscience, because as long as it continues one is not likely to get into any bad trouble. Just remember what you truthfully think of yourself, and this can, and will be a great deciding factor of your entire future.

This is Betty Jo's fourth year of playing in the band. She is a very good clarinetist. In all of Betty's three years, she has been one of the most faithful band members. We know she will continue to be in this, her fourth and last year.

Betty has always been ready and willing to come to band practice, to play football games, or other activities. She has sold tickets when the band has sponsored a picture show or has done anything she was called upon to do. At the present time she is working every Saturday at the rummage sale.

When it is impossible for other girls to work on Saturdays, Betty fills in for them. The band salutes Betty Jo Caraway.

NEW CLUB COMES TO C. J. C.

For a long time there has been a need for an organization in C. H. S. and C. J. C. that embodied Christian principles. On Thursday of last week the first step in attaining this organization was taken. The step was in the form of a meeting of all students who would be interested in such a club. The response was above expectations—forty-three students were present thus signifying their desire to join such a club.

The following officers were elected: President, R. L. Cooksey; vice-president, Wallace Rife; secretary—treasurer, Betty Jane Smith; chairman of program committee, J. R. Naylor; reporter, Jimmy Thompson. Mr. Brennan was elected sponsor.

The committee charged with the responsibility of writing the constitution met Monday night, and wrote a constitution which will be presented for ratification at the next meeting. The name suggested for this club is the Young Peoples Christian Association.

Regular meeting nights are to be the first and third Mondays in each month. The next meeting will be held on November 13th in the Auditorium. Any student interested in such an organization is invited to join. Members will be accepted at the next meeting: Monday, November 6, 1939.

HAND NEWS

Wednesday night the band had a tacky party and scavenger hunt. All band members were dressed very tacky and some imitated favorite characters of the funny papers. Short girls with long, old torn dresses were seen. Here and there were girls with the old-fashioned, hightop, spool-heeled shoes.

A certain boy whom we won't mention here, was very becomingly dressed as a woman. Over in one corner was seen a boy with a Buster Brown hat with long blue streamers. This person who also wore short pants, looked very "cute". There were several persons dressed as bums who looked very comical.

Popcorn, all-day suckers, and lemonade were served to the many band members. The committee for this party was as follows: Lewis Chamberlain, Betty Jo Caraway, Billie Ralph Andis, John Burton King, Mary Williams, and Clyde Douglas.

Friday night the band will go to McLean to attend the football game there. This week they will go in cars instead of the school buses.

This past Saturday the band rummage sale was held as usual, netting this time, \$14.72. That band is doing practical work with the sales—this money is helping to pay for uniforms, horns, and music. The band wished to thank the women who are conducting the sale every Saturday, for using their time to promote this weekly sale.

Wednesday and Thursday, October the eleventh and twelfth, the band had a benefit picture show. This picture show was another way of obtaining money for the things mentioned above. Mr. Mulkey is one of the band's best and most faithful boosters. He has taken his car on many trips the band has made and has done many other things to aid us. The band wishes to thank Mr. Mulkey for giving them this benefit show.

November the first, members of the band will go to Amarillo to hear the Navy Band. This trip is looked forward to by the band members as it will be a very interesting and helpful program. Last year the band attended the concert and enjoyed it very much.

MY FIRST FOOTBALL GAME

About five minutes after I finally found a seat in the grandstand, a gun sounded. All at once one boy kicked the ball—high into the air. Another boy caught it and ran right into a pile of other players. I could not see why he did not run the other way, instead of into that bunch of players.

After they got out of that pile, with the help of some men in tripped shirts, they all started in rows. Then they all started fighting, to get the ball, I guess; and the man in striped shirt finally got it.

While they were scrambling so some people started yelling for them to hold that line. I could not see the line for them to hold; then too, it was enough trouble for them to hold the ball. Every time the players piled up, the people started yelling; I did too, but I really did not see anything to yell about. After I got outside the football field, I heard someone say we won the game. I do not know how he could tell, but I guess he knew.

BRONCHO PERSONALITIES

Basil Smith, protege of Junior Spier is one of the 135-pounders. Since this is his first year of training and he has shown remarkable development in so short a period. He has proved his mettle over and over. Basil can tackle as hard as most boys who weigh much more, and he can really feed 'em the leather on those blocks. Basil can snag those passes from any angle with an astounding ease. He can really clean the pathway for the ball carrier on those end-sweeps.

Basil is a valuable man on the defense. He knows how to break up plays and he does it with the skill of a veteran. It would be neglecting our duty to overlook the way that he takes the hard knocks from older and larger boys. Never complaining or grumbling he takes the blocks of the big boys with the attitude of a true sportsman. Basil has two more years to play and we are going to expect him to help carry the Bronchos far and high in years to come.

Jimmie Lumpkin, burley tackle, is among the best of the Broncho linemen. Jimmie, who is very large, uses his weight to the greatest advantage at all times. This is his second year as varsity tackle, and he has performed many plays as only a true Broncho could do. Jimmie is noted for his pluck and pep under all kinds of trying circumstances. He is in on every play and he can tackle with bone crushing power. Jimmie is 6' 2" tall and weighs 175 pounds. He has one more year of playing left during which we are expecting him to shoulder a lot of responsibility.

WHOOOSH

We wonder what Al Wood will think when his McLean girl writes to Tick Barber.

Chick Gordon is a great football player, at least Margaret Pay thinks so.

Estelle Thornberry, much to her sorrow, has discovered that love doesn't grow on trees.

H. R. King and Earl Shannon were among the wanted list Friday night.

Billy Latson and Colie Huffman are now neighbors, and they seem to enjoy it very much.

We wonder why John Jay likes to sing in the choir.

Why was Dan Boston so angry last Thursday night?

Ralph Grady and Dorothy Jean are seen together quite a bit lately. Are you slipping Thelma?

DID NOTT SHOOT SHOTT?

The following tragedy, unearthed from an old Harper's, has never been fully solved. Try your hand on it:

A duel was lately fought in Texas by Alexander Shott and John S. Nott. Nott was shot, and Shott was not. In this case it is better to be Shott than Nott. There was a rumor that Nott was not shot, and Shott vows that he shot Nott, which proves either that the shot Shott shot at Nott was shot notwith-

standing. Circumstantial evidence is not always good. It may be made to appear on trial that the shot Shott shot Nott, or, as accidents with firearms are frequent it may be possible that the shot Shott shot Shott himself when the whole affair would unawake into its original elements and Shott would be shot, and Nott would not. We think, however, that the shot Shott shot not Shott—but Nott; anyway, it is hard to tell who was shot.

THE CLARENDON COLTS

The Clarendon Colts journeyed to Groom last Wednesday night, met the Groom 110-pounders, and came out with a seven to seven tie. The Colts scored early in the first quarter, and held the lead until late in the fourth quarter when Groom scored on a line play.

The Colt's line did not show as much fight in this game as in previous games. The backs did exceptionally well.

The Colts will be hosts to Groom on College Field this coming Thursday night at 7:00 p. m. This will be our last home game for the Colts — Come out and help them win!

POULTRY AND EGG SALES DROP IN SEPTEMBER

NEW LOW POINT FOR TEXAS REACHED AS SHIPMENTS DROP

AUSTIN — A new low point for the year was touched by poultry and egg shipments from Texas to interstate points during September, University of Texas business research statisticians have disclosed.

Research compilations. In September, 1938, shipments of chickens totaled ten cars and 36.7 cars of eggs, while no turkeys were shipped.

Two cars of eggs, both from Missouri, were brought into Texas, compared with five and a half cars a year ago — one from Missouri, one and a half each from Illinois, Minnesota, and Nebraska.

Powdered eggs and canned frozen eggs are converted to the shell-egg equivalent for the Bureau's reports, it was pointed out.

Texas parents might appropriately observe this week by pledging themselves to observe School Safety Week next week and each succeeding week of the year.

TEXAS TAX BILL AND TEXAS CROP VALUE COMPARED

TAXES EQUIVALENT TO MORE THAN THE VALUE OF CROP PRODUCTION

DALLAS — Total amount of taxes paid by the people of Texas for the fiscal year 1938 was equivalent to more than the value of all the field and non-field crops produced in the state that year, plus the value of all the wool and mohair, plus all the cash income from cattle and calves, according to the current issue of The Taxpayers Digest, Dallas.

The new tax publication for Texans, published by The Taxpayers Research Bureau, Dallas, and edited by Peter Molyneux, widely known journalist, author, and economist, with Booth Mooney as associate editor, points out these facts in its first regular issue, dated November 1.

gest explains, while the combined value of all state crops, all wool and mohair, and all cash income from cattle and calves amounted in 1938 to \$452,200,000.

"The revenue of the State Government of Texas raised by taxation during that period amounted to \$111,659,527," the paper says, "and that of all the local governments of the state amounted to \$120,283,286. The Taxpayers Research Bureau estimates the Federal taxes paid by the people of Texas during that year as not less than \$221,600,000, an extremely conservative estimate. The total of these figures is \$454,000,000, and certainly the 1938 tax bill of the people of Texas was not below that sum."

Value of all the crops produced in Texas in 1938 was \$324,400,000, that of all the wool produced that year was \$19,100,000, that of all the mohair was \$6,750,000, and cash income from cattle and calves amounted to \$101,950,000.

"The total of these figures," The Taxpayers Digest concludes, "is \$452,200,000. That is \$1,800,000 less than the tax bill paid by Texans during the 1938 fiscal year."

METHODIST NOTES Clarendon Circuit Rev. J. G. Walker

We were the first to arrive at McKnight Sunday. Sunday school superintendent had married the day before and therefore he could not come. Some were out-of-community visitors. Some seemed to be dreading the cold weather. You know that for some people it is too sand-stormy in 'spring, too hot in summer, and too cold in fall and winter to go to church or Sunday school.

Two things in this country that are very hard on a preacher's eyes to-wit: sand-storms and mote pullers. Of the two the mote puller is the most irritating. The sand fills the eye and affects only the inside; but the mote puller has to look over a beam in his own eye and thus fails to get a direct focus and his pulling affects a very large area. Read the following story for illustration: An old time squirrel hunter saw a squirrel in a tree and took good aim and fired a shot that he thought would surely bring the squirrel to the ground; but the squirrel remained unaffected. He then fired another shot with a more careful aim without effect. After the third shot, he began to make investigation and found that what he saw and thought was a squirrel in the tree was a large louse crawling on his eye brows. When you are looking for and trying to pull the mote out of preacher's eye, look for the louse on your own eye-brows.

We had two good services. Meeting next Sunday at Asthola. The last services ought to be the best. We are depending on you.

LOWER RAIL FARE ANNOUNCED BY BURLINGTON

REDUCTION WILL LOWER BASES TO 1.8 CENTS PER ONE MILE

Another slash in 60-day round-trip coach fares on the Burlington Lines, effective December 15, has just been announced by F. D. Daggett, General Passenger Agent, FW&DC Railway, Fort Worth, through Mr. D. F. Dads-worth local representative.

The new reduction will lower the basis of those fares to 1.8c per mile, and under this new basis travelers can purchase tickets at an approximate cost of only \$1.80 for a round-up of 100 miles.

This will amount to quite a saving to travelers in this area, particularly to those who travel frequently, such as sales representatives and other business men, and will, of course, also mean a reduction in travel expenses for the occasional train rider, the holiday visitor and the vacationist.

The reduction in fares which Mr. Daggett said, applies on all railroads in the West and Southwest, was established primarily to encourage more holiday traffic in this area. It is hoped that public reaction to the offer will result in the lower rate being made permanent.

SHAMROCK STILL UP IN 3-A RACE AS BRONCS TRIUMPH

BRONCO VICTORY GIVES PONIES LEAD IN FULL SEASON STANDINGS

Pushing over a last quarter touchdown for a 6 to 0 win over the vaunted McLean Tigers last week-end, the Clarendon High School Bronchos broke the 3-A district tie for the Shamrock Irish way now rest in full control of the lead.

The Irish with their 40 to 0 win over the hapless Lakeview Eagles kept their conference slate clean but dropped behind Clarendon in the full game standing.

Wheeler's twice defeated Mustangs got back into the conference win column by noosing out the Memphis Cyclones 19 to 14. The loss for the Cyclones left them a wagon wheel in the games-won record.

Fresh from their second conference loss at the hands of the Clarendon Bronchos last week, the Wellington Skyrocks journey over to Panhandle for an afternoon tilt with the Panthers. The 'Rockets fizzled once more by 6 to 18.

The eyes of the district will again be on McLean next Friday night when they entertain the Shamrock eleven. The game means as much to Clarendon as to the Tigers for a defeat for the green clads would throw the district into a three way deadlock with Clarendon, McLean and Shamrock at the top.
