Clarendon Canning Plant Begins Operating Today

With prospects of a busy lay, the first of Donley county's three community canning plants opened in Clarendon this morning.

Mrs. J. E. Humphrey, manager of the plant, foresaw much work for the opening day this morning, as several persons immediately made reservations for time.

The plants are part of a program sponsored by the Clarendon Vocational Agricultural Department of the high school.

Each of the three plants have been equipped with cookers, sealers, heating, lighting and water facilities. There will also be a supervisor and two employees at each plant.

John R. Gillham, vocational agricultural instructor, said today that no charge for services would be made despite rumors to the contrary. "It is the aim of the government to assist and encourage people to preserve every possible bit of foodstuffs," the instructor said.

The opening of the plants at Lella Lake and Hedley have been delayed until next Thursday. The Lella Lake plant will be at the home economics room of Lella Lake high school and the Hedley plant will be at the home economics room of Lella Lake high school. The Clarendon plant is located at the junior high school.

Miss Maurice Berry, home economics instructor of the local schools, will supervise the three plants.

MEMPHIS COTTON OIL MILL BURNS YESTERDAY

MEMPHIS, June 17. — At a loss of several thousand dollars, the Memphis Cotton Oil Mill was almost totally destroyed by fire yesterday afternoon.

The blaze left only one feed house standing.

Origin of the fire was not immediately determined.

The fire started about 6:30 yesterday afternoon and blazed for hours as the immense structures were slowly consumed. Firemen were helpless as the flames roared through the buildings.

17 YEAR OLDS CAN NOW JOIN MARINE CORPS

Recruiting officers at Lubbock have informed the News that the U. S. Marine Corps is now open to 17 year old young men. These making application should do so either by writing or calling at the Lubbock recruiting station in person. This opportunity to join the greatest fighting force of any service in the world is open for a limited time only.

The corps is also open to women between the ages of 20 and 50. Women join the Marine Corps Women's reserve, free a marine to fight. For further information write or call in person at the Marine Corps Recruiting office, Lubbock, Texas.

CLAUDIN HEALEY INJURED IN A CAR WRECK

Claudine Healey, daughter of Mr. and Bill Healey, was seriously injured, a few weeks ago, in a car wreck. Her back was in a cast for six months.

Miss Healey is a former graduate of Clarendon High School. She has been taking her nurses' training in Baylor Hospital at Dallas and was to have finished June the twentieth.

She has been moved from the hospital to her home, which is in Amarillo.

WEATHER STATION IS MOVED TO AIRPORT TUESDAY

The official weatherman in Clarendon for the past 24 years, Joe Goldston this week was relieved of these duties when the weather bureau of the U. S. Department of Commerce, moved his instruments to the local airport.

Reason for the move was the fact that the local airport is equipped with additional meteorological instruments and must make weather reports to New Orleans ever few hours. Goldston was classed as a cooperative observer and only kept records as to rainfall, temperature, etc.

The change became effective Tuesday but Goldston's records showed a rainfall of .55 inches for Tuesday night. High temperature for this week, according to his figures, came Sunday when the mercury reached 94 degrees. The previous high temperature reading for the month was on June 3 when 97 degrees was recorded.

Tuesday's precipitation was accompanied with severe hail storms, in several sections of the county. Some small ice stones fell in Clarendon and no damage was reported.

PERSONS WHO CAN WORK ON FARMS ASKED TO APPLY

By H. M. BREEDLOVE
All persons living in town or in the country who wish to work on farms are asked to register in his office so that they can be placed on farms.

If the available labor in the county will register in my office the county agent stated we can contact the farmers and advise them where the labor can be located as well as advising the people seeking farm labor where they can find work.

We are asking that all persons men, women, boys and girls who wish this kind of work to come to the county agent's office at once and register. Farmers all over the county are being mailed labor questionnaires in regard to the kind of labor needed and when they will need the labor.

This information will be on file in the county office and a farm labor in an effort to help available for the persons seeking them get located on farms and ranches with the least possible trouble. The register of farm laborers and farmers wanting labor is taking place all over Texas and labor can be moved from one county to another, that is to the places where the shortage of labor is more serious than in other sections of the state. Harvest and farm work in

HINTS NECESSARY TO CANNING ARE LISTED BY HOME ECONOMICS HERE

EDITOR'S NOTE: This article was written in the interest of canning center, which is being set up in the county. The points mentioned are very necessary for successful work in canning.

By MAURICE BERRY
Teacher of Home Economics
If house wives want their summer canning to mean tasty eating this winter, they must start with good vegetables, the needed kitchen equipment and a willingness to roll up their sleeves and work whether they go to the canning center or work at home.

Women who want to bring their food to the canning center should wear wash dresses and come to work. Your vegetables, jars, lids, rubbers, are all that is necessary for you to bring.

To obtain the best results in canning certain factors are to be remembered about vegetable selection. Pick or pull vegetables the day you have your appointment at the canning center or that you intend canning them, if possible. If you must gather your vegetables the afternoon before, keep them in the refrigerator, wash, but do not pre-cook vegetables before going to the public kitchen.

Rubber Governors

C. R. Stevenson, John W. Bricker

Two rubber state governors are scheduled to get together, June 28, when American made rubber day is celebrated in Texas. The day has been proclaimed by Governor Coke R. Stevenson and all Texas will join in celebrating the important part Texas is playing in the vital rubber program.

Because most of the rubber is now processed in Ohio the arrangements committee headed by Thornton Hall of San Antonio president of the Texas Newspaper Publishers association and Deskins Wells, manager of the Texas Press association has invited Governor John W. Bricker to take part in the ceremonies.

Four of the government-owned plants are being erected in Texas, and more synthetic rubber will be produced in this state than in any other. Occasion of the June 28 celebration is the opening of the Baytown plant to be operated by The General Tire & Rubber company in association with the General Latex and Chemical company of Cambridge, Mass.

A nation-wide broadcast on the night of June 28 will tell the nation of Texas' part in the rubber problem.

Some parts of the state will be finished and the laborers will migrate to this part of the country and the placement of this labor will be much easier if all farmers have requests for labor on file at the county agent's office. The department of agriculture is going to do all that is in their power to see that the farmers have labor to harvest and make the present crops. In this time of war it is necessary that all farm laborers give their immediate attention and register in the county agent's office. This does not apply to those farm laborers who already have jobs on the farm but only to those people who wish to find work. Farmers and ranchers are asked to execute the questionnaire mailed to them and return to the county agent's office so that their names and labor needs can be filed and filled from the available laborers registered.

This can be done by returning the questionnaire by mail or by bringing it in to the office the first time that you are in town. This is very serious to the handling of labor for farmers and ranchmen so all interest per-

(Continued on Page Eight)

SERVICES HELD FOR ALONZO ALLEN AT ASHTOLA SUNDAY

Funeral services for Alonzo Allen, 72, who died at his home in Ashtola following a lengthy illness, were held at the Ashtola High School auditorium Sunday afternoon at 2 o'clock with the Rev. Louie Self officiating.

Death came at 6:30 Friday afternoon.

Mr. Allen, born in Kentucky on January 20, 1871 had been a Donley county resident for twenty-six years. He was a member of the Baptist church.

Survivors include his wife and three daughters, Della Allen of Ashtola, Mrs. Helen Perry of Longview and Mrs. Alva Hunsucker of Estelline.

Burial was in the Rowe Cemetery in Hedley with Womack Funeral Home in charge.

PFC. KENT TELLS LIONS OF ORAN EXPERIENCES

Pfc. Ernest Kent was the principle speaker at the weekly luncheon of the Clarendon Lion's Club, Pvt. Kent was sent as an M. P. on a convoy to Oran, Africa, which was taking a group of American soldiers there, German prisoners were brought back on the return trip.

He painted a very vivid picture of the conditions, existing in Africa, especially in dealing with the natives. He told of some of his own experiences and answered many of the questions, asked him by the members.

Captain Sam Barrow, recently back from Puerto Rico, was also a visitor at the luncheon.

Plans were made for a Ladies' Night to be held June 29.

GARDEN PROBLEMS ARE OUTLINED

Many Victory gardeners are inquiring why tomato plants are shedding blossoms and developing blossom-end rot—and house wives are asking why pinto beans do not always cook soft.

H. M. Breedlove for the A. and M. College extension service, has the answers and the remedies.

In areas where hot, dry weather prevailed at blossoming time, incomplete pollination resulted in shedding of tomato blossoms. Later blossoms no doubt will result in setting fruit on healthy plants. Blossom-end rot usually is detected when the fruit is about the size of a marble or a 50-cent piece. The fruit should be removed from the vine, good the most practical remedy is to keep the soil well supplied with moisture for the remainder of the fruiting season. This disease usually develops under hot and dry today rainy, tomorrow weather conditions. Gardeners shouldn't give way to discouragement under these troubles, but should help the plants by providing uniform moisture for the remainder of the growing season.

Now the beans. It has been discovered that the way pinto beans are handled in the field is responsible for the way they cook. If left on the plants until the plants mature and die they will be tough and hard when cooked. The beans should be left on the plants until the pods begin to turn brown, but with the plant foliage still green. Plants then should be pulled and placed in small stacks for three or four days to dry. The beans then can be picked off or run through a thresher. After shelling they may be placed in 50 pound cans or in tight paper bags to prevent weevil damage.

DONLEY COUNTY TO FORM DAD'S CLUB WEDNESDAY

Fathers with sons or daughters in the armed forces are asked to attend a meeting at the court house in Clarendon next Wednesday night at 8:45 when a Donley County chapter of the Dad's Club will be organized.

The meeting will be held in the district court room at the courthouse and all fathers who are eligible for membership have been urged to attend.

50th. Anniversary Celebration Of Episcopal Church June, 24

The Episcopal Church of St. John Baptist where the 50th anniversary celebration will be held next Thursday. Communion services will be held at 11 a. m. at which the Rt. Rev. E. Cecil Seaman, D. D., Bishop of the Missionary District of North Texas, will be the preacher.

DONLEY POULTRYMEN URGED TO NEW GOAL IN EGG PRODUCTION

Donley county poultrymen are asked by the government to produce approximately 673,000 dozen eggs this year, 12 per cent more than in 1942, as their share in the food for victory program, the National Poultry Defense committee estimated today.

This county goal, which is based on the percentage increase suggested for Texas by the U. S. Department of Agriculture, can be reached if adequate supplies of labor and feed are available, declared committee chairman Hobart Creighton.

"Poultry farmers are now working harder than ever in all-out war production," Creighton said, "continuing the fine job they did in this county last year by producing approximately 601,000 dozen eggs to help supply civilian military and lend-lease needs. Also, two developments during last year have resulted in larger laying flocks on most farms today:

"First, egg prices as shown by purchases of the A & P Tea company, one of the larger buyers, which paid \$800,900 in Texas last year for 2,522,040 dozen, were so favorable that farmers saved an unusually large proportion of potential layers. Second, conditions in 1942 were good for raising pullets, as fall weather was generally mild and the

WOMEN MAY ENLIST AS OFFICERS IN WAACS NOW

Eligible women between the ages of 21 and 45 now have an opportunity to enlist in the WAACS directly as officers, Lt. Neva E. Kerr of the Childress recruiting office said here this week.

Lt. Kerr and Cpl. Roy Ezell were in Clarendon to talk with women interested in joining the service.

Formerly of the Lubbock recruiting office, Lt. Kerr and her staff were recently transferred to Childress. Anyone interested in this branch of the service may contact Lt. Kerr at the First National Bank building in Childress or inquire at The Clarendon News.

STENOGRAPHERS, FIELD WORKERS NEEDED BADLY

Declaring that the manpower problem was becoming increasingly serious, O. S. Miller, field worker for Texas Unemployment Compensation Commission with offices in the Clarendon courthouse, said today that merit examinations would be held for a number of important positions on July 17.

"At the present time," the T. U. C. C. said, "we need qualified applicants for junior stenographers, and field workers." The most serious shortage exists in the junior stenographers department with the field worker ranking second.

Mr. Miller asked that anyone interested in taking the examination apply to his office at once.

Children's Hour Well Attended

Despite the threatened rain and the high wind Tuesday evening at 7:30 twenty eager children gathered on the Court House steps for the Story Hour. Mrs. Burton told them a "Bear Story", and then an "Indian Story", after which they had a glorious half hour of play under the direction of Mesdames Wood, Estlack and Lanham.

All children are cordially invited to attend these weekly story hours, Mrs. Burton said.

By REV. FRANK HUTCHINS

A week from Thursday the Episcopal Church of St. John Baptist will celebrate the fiftieth anniversary of the consecration of the church grounds and building.

The celebration will consist of a Communion Service at eleven o'clock, at which the Rt. Rev. E. Cecil Seaman, D. D., Bishop of the Missionary District of North Texas, will be the preacher, and an evening service at 8:30, at which the local ministers will bring their felicitations, and it is hoped that the entire community will be with us to rejoice with us on our happy association with all the people on Clarendon in furthering the kingdom of God. The Bishop will preach at this service also.

The first Episcopal Church service in the Texas Panhandle was held in November, 1887, at the ranch home of Mr. and Mrs. J. B. McClelland in Old Clarendon by the Rev. Mr. Townsend, who had been sent by Bishop Garrett of Dallas to look over the field. It was a Communion service, and ten people were present. Thereafter the Rev. Edward Wickens was sent to Clarendon occasionally for services, and in September, 1889, the Women's Guild was organized at the home of Mrs. C. J. Lewis. Work was started immediately for the raising of funds for a church building. A grand ball was held at the Cain Hotel that fall, with a band brought from Fort Worth by Col. Robert Eggleston Montgomery, and numerous other entertainments were held from time to time.

In 1890 the Rev. Mr. Sartwell was placed in charge of the work, and held services once a month in the public school building, with Sunday school in the afternoon. The Northern Methodist Church was later placed as our chapel for those services.

On September 1, 1891, Bishop Garrett visited Clarendon, held a Confirmation, and presented the congregation with a gift of \$350 to the building fund from his fund, with Sunday school in the school building, on whose suggestion the church was given its present name.

Land for the church building was given by Col. Montgomery, and the corner stone was laid in January, 1893. The church was built by Troutman Bros. of Denver, who were that same year engaged in building the Courthouse, and was consecrated by Bishop Garrett on June 24, the Feast of the Nativity of St. John Baptist. Two adults were baptized and five persons confirmed at the same service.

Bishop Garrett continued to make annual visitations until 1911, when the Missionary District of North Texas was formed with the Rt. Rev. Edward Arthur Temple as its Bishop. Since that time the church has twice been host to the convocation: once in May, 1912, under Bishop Temple, and once in January, 1926, under Bishop Seaman.

The Church of St. John Baptist is the oldest Episcopal Church in the Panhandle, and has set a high standard, not only of Christianity in the community, but also in missionary work, having been responsible for the establishing of churches in Amarillo, Lubbock, Canyon, Plainview, Pampa and numerous other places, and for ministering to their congregations until they were able to have resident clergy of their own. The Rev. Mr. Hutchins, the present minister of the church, still has under his care churches at Childress, Shamrock and Quanah and services once a month at Vernon.

COMMITTEES TO DECIDE ON 4TH OF JULY EVENTS AT MEETING TONIGHT

Whether or not Clarendon will have its annual Fourth-of-July celebration this year will be decided at a meeting of civic leaders tonight, Geo. Norwood, chairman of the rodeo department said today.

Held as a patriotic gesture last year, the rodeo was a financial success for one of the few times in the history of celebrations in Clarendon. Prizes last year were paid in war bonds and the committee purchased bonds with surplus money.

LOWER MEAT PRICES

Effective June 21, meat prices at retail will be lowered 3 cents to 7 cents a pound by order of the OPA. New prices for cured and processed pork will go into effect on July 5. Reductions in price are smaller on cheaper cuts and larger on the more expensive. As in the case of the rollback of prices on butter, the lowering of meat prices will not directly affect the farm producer. Subsidies, which began June 7, will be paid to anyone who slaughters 4,000 of meat or more per month.

WRITE TO MEN IN ICELAND

"American soldiers in Iceland are not getting nearly enough mail from home, said Chaplain Peter E. Cullom, who recently returned to the U. S. after two years of duty with Iceland's garrisons. In spite of the fact that the U. S. Army delivers the mail with promptness and regularity to every Army post in Iceland, folks at home are not taking full advantage of this service," Chaplain Cullom said.

MORE FARM MACHINERY

A total of 300,000 tons of carbon steel, with other materials in production, has been allocated to the farm machinery program for the quarter beginning July 1. An additional 290,000 tons of steel have also been approved for each of the three quarters from October 1, 1943, to July 1, 1944. During the third quarter of this

year, special emphasis will be given to the manufacture of harvesting machinery for this year's crop. The whole farm machinery program has been stepped up.

ICE BOX PRICES

Retail price ceilings on new ice boxes have been established by OPA by models and states. Present prices will be lowered in many cases. Three sets of retail ceilings have been provided: (1) sales by ice companies and their stores, prices ranging from \$26.75 to \$75.50 delivered; (2) mail order sales — \$18.95 to \$59.95; (3) all other sales at retail — \$30.75 to \$88.75.

COFFEE BY MAIL

Coffee drinkers who order their blends by mail may now "pay" for the purchase by enclosing detached ration stamps with the order rather than the entire ration book, OPA has announced. Formerly, consumers were required to forward their ration book to the retailer or wholesaler for removal of stamps.

INSPECTION REQUIREMENTS CHANGED

Tire inspections for commercial vehicles may be made over 5,000 miles or over six months whichever occurs first, OTD has announced. Previously, commercial vehicles had to have inspections over 5,000 miles or over 60 days, whichever occurred first.

DATA ON PRISONERS

American soldiers officially reported as prisoners of war in enemy countries to date total 17,083, the War Department has announced. Of these, 11,307 are held in Japan; 3,312 by the Germans and 2,464 by Italy. However, these reports are incomplete. Information in the hands of the War Department indicates that the basic diet of an American soldier in German prison camps is largely potatoes, cabbage, fish and an indefinite amount of meat.

TO SUBSTITUTE TIRES

Farmers needing farm implement on front wheel tractor tires will be permitted to purchase suitable substitutes when they are unable to find a dealer with tires designed expressly for their purpose, the OPA has announced. Dealers may also sell passenger car owners tires and tubes of a slightly different size than is called for by the rationing certificate.

LEATHER FOR CIVILIANS

Manufacture of many civilian leather products, which was prohibited after June 1, can be continued through 1943 out of manufacturers' inventories, under a recent WPB amendment. Among products affected are dress gloves and mittens, brief cases, new upholstery, radio cases, key cases, cigarette cases, tobacco pouches, watch straps and dog furnishings.

ELECTRICITY TO FARMS

Rural electrification to 26 systems in 18 states have been made to a total of \$1,790,000 for immediate extensions of service to more than 1,000 farms qualifying under present WPB regulations permitting connections to farms producing livestock, dairy and poultry products. The following allocations have been made in Texas: South Plains Electric Cooperative, Inc., Lubbock, \$10,000; Deep East Texas Cooperative, \$85,000; Erath County Electric, \$10,000; Caprock Electric Coop., \$10,000.

GAS COUPONS CHANGED

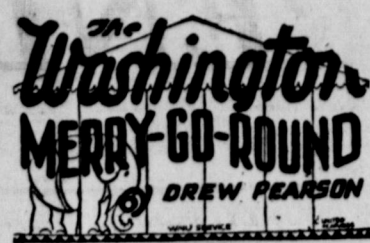

A new "TT" gasoline rationing coupon, which replaces the present "T" coupon will become valid for use on July 1. The old type "T" coupon will be invalid on and after July 1, except in the northwestern shortage area where it will be used through July 25. OPA expects the change in design to help take up "slack" mileage and remove potential sources of black market gasoline.

MATERIALS FOR UNDERWEAR

Materials for knit underwear for men, women, and children will be made available by an action of WPB. Manufacturers have been assured of supplies of cotton yarn, thread fabrics and other materials to meet the essential civilian needs.

NEW PIPELINE APPROVED

A 383-mile, 16 inch pipeline from Sundown, Texas to Drumright Oklahoma, having an initial capacity of 54,000 barrels of crude oil daily, has been approved by the War Production Board upon the recommendation

BRITISH-INDIA PROBLEM

It will probably be denied, but the inside fact is that U. S. Ambassador Bill Phillips came back from India with a blunt, in spite of bitter, report against the British. He felt that the United States should do something about the pressing Indian political situation, that the Indian army and people could not be a force in the war until the question was cleaned up. Also he was straight from the shoulder in his criticism of Field Marshal Wavell whom he feels is not suited for the job and should be removed.

Phillips not only gave this report to the President but he also had a conference with Winston Churchill. Ambassador Phillips' report is most significant, because he has been pro-British, served as minister to Canada, has been a consistent believer that our policy must go hand in hand with the British. Phillips is mild, not addicted to crusading, but a thorough, conscientious diplomat, reporting what he believes to be the facts.

Among other things, Phillips reported that mediation between different Indian factions and the British government was possible now; also desirable. He feels that if some such move is not undertaken now, he should not go back to India, nor should any other U. S. ambassador, since the presence of an American envoy would be taken as the stamp of U. S. approval for British policy.

What the President said to Churchill on the Indian problem is his secret. But it is known that Roosevelt has hoped for a year that the British would do something about India. However, he also feels very strongly that the United States should not interfere in Britain's colonial problems.

Meanwhile, the British, with an army large enough to handle any problem inside India, seen content merely to sit on the lid—despite American pleas that the Burma road must be reopened and despite the fact that India troops will not fight the Japs wholeheartedly unless they have a small investment in the Four Freedoms for which they are supposed to fight.

WOMAN WATCHES ARMY

of the Petroleum Administrator for War. Construction is expected to begin early in October, 1943d and should be completed sometime in 1944, the administrator added, providing that materials and workmen are available on schedule. The pipeline will serve to provide middle western refineries with additional supplies of West Texas crude oil thus helping to relieve the national oil shortage.

WORKERS STAY ON JOB

Labor and management in the Southwest have given overwhelming support to the national wartime no-strike, no-lockout policy, a report by the eighth regional war labor board reveals. The region, including Texas, Oklahoma and Louisiana, has far surpassed the recent national record of only three 1-100 of one percent of man hours lost through work stoppages. In the seven months the regional WLB office has been in operation, only four strikes have been recorded, the report showed.

What You Buy With WAR BONDS Battle Wagons

When Japan attacked at Pearl Harbor we had 17 battleships in service and 15 building. We were making preparations but the war did not wait. These 32 battle wagons cost American taxpayers three billion dollars for a two ocean navy. The war seemed far away then.

Now fifty million Americans have a personal stake in this war. It has been brought home to them. That's why everyone is increasing purchases of War Bonds. U. S. Treasury Department

COOKS

Miss Mary I. Barber, Washington, has now been to bring long-needed thrift to army mess kitchens. If Miss Barber has her way, the army's 250,000 cooks will be persuaded to make soup out of the left-overs and cut down the quota for the garbage pails.

In fact, her save left overs idea has already gone so far that certain pig farmers near army camps are complaining that they don't get enough garbage these days.

Miss Barber was borrowed by the quartermaster corps from the Kellogg company at Battle Creek to teach tough mess sergeants, among other things, that a camp menu does not have to be arranged one week in advance, and stuck to religiously. If, for instance, a camp mess has several hundred chickens left over from Sunday dinner, they can be used on Monday, not thrown into the garbage pail.

Unfortunately, a lot of mess sergeants had been doing that, partly because the menu for Monday was already arranged. Alas it is against the law for the army to sell food, or can it be given away. It must be thrown away. This has been done in the past via garbage trucks to the highest bidding hog dealers.

Now, however, Miss Barber is helping to arrange master menus, which though they specify soup, do not name the variety. This gives the cook an option to make soup out of whatever his left-overs permit.

This all sounds simple to the average housewife, but believe it or not, it has not always been done by the army.

Another trick is to save all dripping fats from bacon or sausage, and use them in a cream sauce for cauliflower, or other vegetables.

WHITE HOUSE BLACK MARKET The White House is having its troubles with the Black Market. The White House architect called up the Georgetown Electric company recently to buy No. 12 copper wire for rewiring a part of the Executive Mansion. But there was no copper wire to be had.

"Where can we get it?" the architect asked.

"Baltimore, on the Black Market — only it will cost you 20

THESE WOMEN!

By d'Alessio

"All I did was threaten to go home to mother and now look at him!"

PROMISE

(Roswell Dispatch) "Well, we can't have anything to do with the Black Market," was the White House reply, and the architect went shopping elsewhere."

INDIAN MERRY-GO-ROUND

Imprisoned Mahatma Gandhi has asked the viceroy for permission to communicate with the Mohammedan leader in an effort to effect Indian unity, but the viceroy has refused.

Raj, Gopal Chariar, important Indian leader, has asked the viceroy for permission to see Gandhi in order to compose Indian differences. Again the viceroy has refused. Suspicion is that the British don't want Indian differences adjusted or composed.

A golf club can easily ruin itself by letting nature take its course.

It will be the little kids' luck for the spinach crop to be a whopper this year.

GOLDSTON NEWS

By Beatrice Smith

Vilas Ann Ziegler is visiting her cousin, Mallie Nann Ziegler in Canyon.

Carolyn McBrayer spent Sunday with Dorothy Nell and Fern Haynes.

Irene Vick spent Saturday nite with Ina May Brock.

Bell Mooring and Hugu Stewart attended a party at Martin Friday given in the Crofford home.

Mr and Mrs. Lloyd Brock of Groom spent the week-end with

his parents, Mr. and Mrs. Roy Brock.

Mr. and Mrs. D. F. Johnson spent Sunday evening with J. F. Longdon and family.

Mr. and Mrs. Gill of Chamberlain and John Gill of Dallas, spent Wednesday with their daughter and sister, Mr. and Mrs. Buck Parker and family.

Lucille Dale spent last week with her grandparents, Mr. and Mrs. R. A. BraVim of Clarendon.

Mr. and Mrs. Adell Williams of Lelia Lake spent Sunday morning in the H. C. Smith home.

Mr. and Mrs. Odell McBrayer and family spent Sunday in the W. C. Higdon home.

Sally Higdon spent two days last week with her aunt, Mr. and Mrs. Carl Tucker and family.

We are sorry to report the illness of Paphine Robertson.

Ms. Charlie Young and daughters of Lelia Lake visited in the community Sunday.

Mr. and Mrs. Roy Stewart and son or Chamberlain and Mr. and Mrs. H. M. Stewart spent Sunday in the Dick Eichelberger home.

Rose, small daughter of Mr. and Mrs. Joe Dill, had the misfortune to get burned one day last week. She is much better as this time.

Mrs. Wilson Gray had her tonsils removed one day last week

and is recovering nicely at this time.

MIDWAY NEWS

Mrs. John Goldston

All of the Midway people regret the death of Bill Gatrner.

Bill had lived among us several years and by his integrity, honesty, his pleasant manners, his regard for everything that was right, he endeared himself to everyone that knew him.

Mr. and Mrs. LaVerne Goldston and son of McLean visited in the Goldston home Wednesday.

Mr. Davis of California, who is now living with his daughter in Alanreed, visited in the W. K. Davis home this week.

Mrs. M. L. Roberson received word through her daughter, Mrs. Etta Graham in California, that her grandson, Orval Graham, has been missing in action since the 10 of May. This word was from the government. Orval was a bombardier somewhere in Africa.

The John Goldstons visited with Mr. and Mrs. Gene Chamberlain in Memphis Sunday afternoon. Betty John remained with the Chamberlains.

Cap't J. H. Green of the U. S. Army visited friends here this the past week.

Miss Claudine Haley was moved from Baylor Hospital in Dallas this past Sunday to the home of her parents in Amarillo.

Mrs. Henry Riley of Shamrock is visiting in the W. K. Davis home for a while.

J. A. Meadows and Miss Katie Meadows made a business trip to Memphis Monday.

Guests in the Longon home Sunday and Monday were Mr. and Mrs. A. B. Stephens and baby, Mr. and Mrs. Cecil Beach of Plainview, Mrs. Evertsigers of Amarillo, Mr. and Mrs. Longon and Peggy of Hedley, Mr. and Mrs. Charles Longon and boys, and Mrs. Ben Andis of Amarillo.

They came for the funeral of Mr. Bill Gatrner. Mr. and Mrs. Beach and Mr. Stephens left Tuesday for their home, while

Mrs. Stephens and Mrs. Andis remained over for a few days.

Mrs. Edith Longan and Tom Corder went to Breckenridge Saturday because of the death of Mr. Gatrner.

Joe Williams, who is in training ill with an infection. He has been discharged from the hospital but is not yet able to go back to his duties.

Mr. Naylod and son, Floyd, of Wichita Falls arrived Saturday for a visit with relatives.

Mrs. Harold Longan and children left Friday morning for Louisiana to spend the summer with Sug Longan who is in training there. Mrs. Longan is to teach in Hedley next year.

Mrs. Ben Andis of Amarillo remained in Clarendon Tuesday for a tonsillectomy performed on her two grandsons.

Mrs. Nelson Riley is in Clarendon in the Clarendon Clinic convalescence after a major operation.

Mrs. Edith Longan visited with Mrs. Hubert Johnson at Goldston Tuesday.

The two nieces who have been visiting in the Gamble home returned to their home Friday.

Mr. and Mrs. Edwin Eanes of San Antonio arrived here Sunday for a visit.

John Chamberlain of Memphis spent Friday and Saturday in the Goldston home.

Red Cross Volunteer Service

The total number of garments shipped to the American Red Cross from Donley County this month was 1591. These consisted of children's pajamas, women's and girl's blouses, women's slips, men's shirts, men's pajamas, and men's night shirts. In this shipment were sent 36 quilts, made from scraps of materials. We consider this a great amount of

work done by all the women who took part in the sewing. The cooperation with this work has been splendid, and if we all realize the great amount of good we are doing we would be doubly proud.

SEWING

We have on hand 40 men's bath robes, which are to be made for the army hospital in Amarillo. Ashtola has taken 20 of these robes to complete. They are making bed slippers and pillow covers for convalescent soldiers. Anyone interested in this work, please call Miss Molesworth, Production Chairman, at 365.

The Legion Auxiliary is making hot water bottle covers for the Amarillo hospital.

SOLDIER'S KITS

Pfc. Ernest Kent, who has just returned from Oran, Africa, told us how the soldiers appreciated the Soldiers' Kits given to them by the Red Cross on leaving this country. He also stated that wherever they went, the Red Cross was always there and were of great aid to the soldiers.

Mrs. Henry Tatum turned in 154 Kits, 154 housewives, 123 soap containers, and 150 shoeshine cloths. These were made by the following ladies of the 1930 Needle Club: Mabin Andis, Emma Ayers, Alice Bain, Marguerite Carpenter, Nora Decker, Maggie Hunt, Glyn Kirby, Hattie Palmer, Edna Russell, Ona Tatum, Moselle Wright, Jackie Phelps, Dee Lane, Marie Bell and Bettie Keys.

The very young children of Mrs. Glascoe's kindergarten class worked very hard gathering and sorting the tinfoil which they gave to the Red Cross. Members of this class are Vanetta McClellan, Janice Benson, Dorothy Jo Knorpp, Billy Wayne Noblet, Gene Alderson, Bernice Benson, Wesley Knorpp, and Frank

\$3,000 WEEKLY TO ENTERTAIN SERVICE MEN

NEW YORK, N.Y.—More than \$3,000 a week is being raised for the entertainment of America's fighting men through the Stage Door Canteen radio program, heard nationally each week at 9:30 P.M. on Thursdays. This money is used by the American Theatre Wing War Service to operate the Stage Door Canteens in New York, Philadelphia, Washington and Cleveland. Above is Bert Lytell, permanent officer of the day, and Cheryl Walker, junior hostess, going over their script for the program.

White, 111. HOME SERVICE

By MRS. C. A. BURTON

Another letter from the Texas State Board of Health in regard to the Government's program for hospital care for wives and children of servicemen brings the information that this fund is still not available because revised plans for administering the fund have not yet been approved by the necessary Federal and State agencies. It was stated that the plan is in the hands of these agencies at this time, but no estimate was given as to the length of time before the program may be put into effect.

Until necessary approval is

secured, no applications will be authorized, nor any application forms sent out. And still more important was the statement that there will be no pay for any care given before the program goes into effect. That will preclude any help being given up to that time. Only those applications received after the official statement of the program is in effect will be considered.

Again we are assured that this notification will be sent as soon as the program is put into effect.

This letter came from the Acting Director of the division of Maternal and Child Health, a division of the State Board of Health.

Watson, O. F. Miller, F. White Jr., Bill Ray, B. C. Antrobus, G. W. Bennett Jr., M. L. Thornberry and O. C. Watson.

Harmony Sunday School Class Meets Thursday

The Harmony Sunday School Class of First Methodist Church met in the home of Mrs. F. Pheasant with Mrs. C. E. Bairfield as co-hostess, Thursday afternoon at 4 o'clock.

Mrs. Lee Holland, president of the class, presided over the business meeting, after which forty two was played.

Refreshments were served to the following guests: Mesdames C. M. Roach and B. L. Hurst and members Mesdames M. R. Allensworth, Tom Goldston, V. L. Smith, Lester Schull, H. Warner, Lee Holland, B. G. Watson, O. F. Miller, F. White Jr., Bill Ray, B. C. Antrobus, G. W. Bennett Jr., M. L. Thornberry and O. C. Watson.

1930 Needle Club

Mrs. Edna Russell entertained the 1930 Needle Club Tuesday afternoon in her home. The house was decorated with cut flowers. The afternoon was spent in doing needle work, after which refreshments were served to the following: Mesdames M. R. Allensworth, Hattie Palmer, Maggie Hunt, Dee Lané, Nora Becker and Ona Tatum.

The club reported that they have turned in 154 kits, 154 housewives, and 123 soap kits to the Red Cross in the last month.

Bert Barnes left Monday for San Antonio where he will spend the summer with his sister, Mrs. C. M. Carter.

LIBRARY NOTES

By MRS. C. A. BURTON

With the closing of school, our number of readers is increasing every day.

With this in view, we have been hoarding our funds in order to have some new books. These have arrived, and, as you will see, they include all types of readers: "Mama's Bank Account," by Kathryn Forbes, Those who met "Mama" in the Readers' Digest will enjoy this story of the Americanization of her Norwegian family. "See Her Private Hargrove" by Corporal Marion Hargrove is conceded to be the most laughable war story yet produced. "Seven Came Through" will probably become a war classic, as Captain Eddie Rickenbacker recounts the events over which all America held its breath. It's companion volume, "We Thought, We Heard the Angels Sing," written by Rickenbacker's co-pilot, Lt. James C. Whittaker, will thrill you with its courage and spiritual strength. "One Foot in Heaven," followed by the splendid screen version of it, brought keen enjoyment, so we bespeak the same pleasure to our readers with "Get Thee Behind Me," by this same minister's son as he tells more particularly of the Parsonage Children.

Then there is "The Road I Know" by the well known newspaper man and author, Stewart Edward White; "My Heart for Hostage," by Robert Hillier who won the Pulitzer Prize for poet-

Woman's Society Of Christian Service

A childrens program was the special feature of the Woman's Society of Christian Service Wednesday. The leader for the afternoon was Mrs. R. Y. King. Mrs. J. R. Porter's class of beginners gave the program, with Inell Cox telling a story and a trio composed of Glenda Sue Davis, Inell Cox, and Cynthia Ann Thornberry singing "We Are Gleaners."

Kappa Enjoy Outing At Country Club

An overnight party at the Country Club, Thursday evening June 10, opened the summer events, for the Kappa Kappa Sorority.

Swimming, hiking and boat riding were enjoyed by the members and their guests.

Attending were as follows: Mary Nell Keys, Betty Jo Rhoades, Kathleen Grady, Beverly Stricklin, Ruth Patman, Edith McCrary, Helen Porter, Frances Phelps, Betty Ann Craft, Elizabeth Beverly, Jean Porter, and sponsors, Mesdames Alfred McMurry, Jim Biggerstaff and Miss June McMurry.

WEDDING

Ima Jo Brogdon and James Douglas Mendenhall were married June 12 in the office of the Justice of the Peace in Clarendon, Mr. and Mrs. Mendenhall are residents of Hedley, Texas.

ry a few years ago — a story from the other World War of a young American Lieutenant and French girl; "The Copper Pot" by Oliver Laforge, who won the Pulitzer Prize a few years ago with his "Laughing Boy"; "Decade" by Stephen Longstreet, highly recommended by the A. L. A. — A story about "Just folks" — like us: "As the Seed is Sown," by one of the favorite authors of light fiction Christine Parmenter; William Saroyan's best seller, "The Human Comedy," Agnes Sligh Turnbull who has given us two exceedingly readable stories in the past; "Old Soldiers Never Die" by J. Ronald has been compared with "The Pied Piper" and if it is as good a story, no one will be disappointed; "The Hill Is Mine," by Maurice Walsh is another A. L. A. selection; "They Were Expendable" by White has long been a "must," only we could not afford it until now; "So Dream All Night," Tempton, promises pleasure as a readable light story — to rest on; when we say "Our Hearts Were Young and Gay" is by Cornelia Otis Skinner, we need say no more — You know you will enjoy its rich humor; "The Heritage of Hatchery Ide" by Booth Tarkington will need no introduction — Tarkington is too well known. The larger number of his books were on our shelves and we were glad to add this one; "Frank G. Slaughter" should have been written by no one but a doctor and doctor stories are always good; "The Negro Handbook for 1942," compiled by Florence Murray, a negro newspaper woman, of Washington, is a worthwhile addition to the library; "Banebis Children" by Felix Salten is already bringing the pleasure to the children who have enjoyed "Bambi"; John D. Rockefeller, This latter was sent as a gift to the library by the publishers, Scribners. Allan Nevins has twice won the Pulitzer Prize in the field of American biography, first with his "Grover Cleveland," and then with his "Hamilton Fish. He is Professor of American History at Columbia University. This statement is made in regard to his biography: "The career of John D. Rockefeller is one of the most significant in American History, stretching over a span of almost 100 years. There has been great need for a biography which should review, all the transac-

tions of his life without prejudice or preconception. This book attempts to do that." We have as many more new books ordered which we know will be enjoyed by our readers. John Gunther is preparing to go overseas again as a war correspondent. He is going as the accredited correspondent of "The Riverdale Bell" — Because that is the name of the school paper which his young son publishes for his school. The reports of few men will be received with as much interest as those of John Gunther author of "Inside Asia," "Inside Europe," and "Inside Latin America." All of which are on our shelves. The Pulitzer Prize winner, "I Saw the Fall of the Philippines" by Col. Carlos P. Romulo, has brought added honor to its author. He has recently been notified that he has received the Oak Leaf Cluster and Star. Col. Romulo's next book will be called "Mother America," a text book of Democracy.

Walt Disney will complete his adaptation of Sevsky's "Victory Through Air Power" soon. The news is given out that the discords from the Victory Book Campaign's collection this year was only 10 per cent. Last year it was 50 per cent. Most of the discard type were evidently given last year.

Bride Elect Honored With Shower

A shower honoring Miss Naomi Morris was given Thursday afternoon in the home of Miss Annie Ree Porter, with Mrs. Pat Grady and Miss Sara Lowry as co-hostesses.

Guests were greeted by Miss Porter, who in turn introduced them to the members of the receiving line which included Miss Naomi Morris, Mrs. Cap Morris, the mother of the bride, and Mrs. Joe Green, the bride-groom's mother.

A color scheme of blue, gold, and white was used in the decorative appointments in the reception rooms. The tea table was covered with a lace table cover and centered with a bowl of blue and white cut flowers.

Presiding in the dining room during the afternoon were Mesdames J. R. Porter and C. M. Lowry. Assisting them were Misses Helen and Jean Porter.

May Morris presided at the guest book.

About eighty guests called during the afternoon.

LOOK Lady

with JOSEPHINE HUDDLESTON

Like newly fallen snow against a blue sky or white eggs in a blue lined box, white shirts, sheets, towels, and tablecloths also, depend largely upon the adroit use of blue for their sparkling whiteness.

Scientists at the American Institute of Laundering explain this seeming color magic by reminding us that the whitest of cotton cloth is only seventy six per cent of the ideal whiteness of newly fallen snow against a blue sky. To our inexperienced eye, new sheets or shirts appear "snowy" white just as the blooming cotton from which they are made appears to be snowy white in the field. Actually, however, these cotton fibers are tinged with yellow.

Diving to the rescue, heroic Mr. Blue routs the ignoble Mr. Yellow intent on spoiling the sparkling whiteness of our laundry.

Cloth manufacturers reduce this natural yellow by bleaching until our inept eye accepts new material as pure white. Nonetheless, the yellow color is there and must be further "killed" by the expert use of bluing.

When these apparently "white as snow" shirts or sheets get into the home, another problem arises which even the scientific use of bluing can't solve all by itself. And that problem has to do with alkalies which tend to deaden the color of most blues and so reduces their ability to "kill" yellow.

Most of us have had more experience than we like to admit with that dratted "ring around the tub" formed by soap and hard water. We're equally aware of the countless rinsings which still fail to eliminate all hard water soap curds.

Even in laundries where only rain-soft water is used, some soap still is present in the fifth rinse water. To eliminate this, laundries use a special preparation in the last rinse water before adding guiny. This preparation is called a "sour" and it neutralizes alkalinity, making it possible for the bluing to do a real job of whitening your shirts and sheets.

All of which leads us right back to where we started from — that whether it's eggs in a blue-lined box, snow against a blue sky, or shirts in an expert bluing, it's the color blue that makes white things whiter.

THIS BUSINESS OF Living

BY SUSAN THAYER

Housekeepers Who Understand

I was sitting with Great-Aunt Matilda on her side porch the other morning when her pretty young neighbor came 'round the house asking, "Mind if I join you? I shouldn't but on a day like this," she lifted her pert little nose to breathe deep of the sweet spring air, "it's wicked not to stop work for a little while to enjoy just being alive."

"Yes," we agreed, "it's a glorious day and we don't believe the lilacs ever smelled so good or the grass looked so green."

Then the young woman continued: "You know, if I weren't a housekeeper but had a job in an office or factory, I'm afraid I'd be tempted to play hooky on a day like this. And if it were not wartime I think I would! But a housekeeper can't ever go in for 'absenteeism' or strikes, or do any of those things that some industrial workers indulge in." She sighed, "There are always the breakfast dishes to be washed and Junior's formula to fix and the marketing to do, and so on or the house just wouldn't function."

"A housekeeper's job," observed Great Aunt Matilda, "since you are speaking of factories, is a good deal like that of a factory manager. The responsibility for seeing that a job is done rests on you and no matter what happens you can't go temperamental or quit."

"And that," I added, seeing a new connection between housekeeping and industry, "ought to make all house keepers sympathetic with the management end of industry. We know what it's like to get the work we have. We know what it means to meet schedules and deliver the goods. Of course, we're responsible only to our families, but they're a pretty important part of our world. And right now the managers of industry are largely responsible to Uncle Sam, and issues affecting all humanity for centuries to come depend on the war goods they are turning out."

"My, you make their jobs sound terribly important," our young visitor exclaimed.

"They are," I said, "and they are more difficult than ever these days, what with a growing shortage of labor and problems like the 'absenteeism' you mentioned to contend with."

"Then, why not start a movement for 'housekeepers who understand,'" suggested that girl from next door, "and get all of us behind the managers of industry not only for our sympathy and approval but for practical help in getting workers to their jobs every day, rain or shine, spring or fall, until this war's won?"

Garden Glances

Presented weekly by the Garden Club

Recent rains have surely helped the yards and gardens.

The lilies are in the height of their beauty at the homes of Mrs. Carrie Wiedman and Mrs. John Patts.

The landscape at the John Blocker home is bright with various flowers. The lace vine draped over the porch is also an asset to the surroundings.

Bright colored petunias is a round bed produce an attractive setting in the back yard at the O. D. Skelton home.

The City Park, City Hall and the County Court House have very attractive lawns, shrubs, and trees.

A white flowered shrub is very beautiful at the James Trent home.

Day lilies of orange hue are blossoming gayly at the home of Mrs. Bertha Benson.

Victory gardens are fine and many are canning their vegetables for their winter use.

Mrs. Wayne McElroy and son from Junction City, Kansas are visiting her parents, Mr. and Mrs. M. H. Rhoades, for a few weeks, before joining her husband in Battle Creek, Mich.

NEWS From Donley County Boys In The Service

The News Cannot Hope to Obtain Information of All Donley County Boys Without Your Help! Please mail or bring your news to the office.

Mrs. C. H. Brock of the Jericho Route has received the following letter from her son, Pvt. Jarvis T. Brock, MBPSNY, Bremerton, Washington:

Dear Mother:
Will drop you a few lines this afternoon. How is everything down your way. I'm getting a long just fine. I am sure tired and sleepy. I've been on guard for three days and nights and haven't had any rest hardly at all. When we are on duty we sleep in the guard house, what little sleep we get.

I believe I will like it pretty good when I get used to it. I sure did enjoy the trip out here. I got to see some pretty country. We came through Oregon and most of it is sure pretty country. Up there in one pace, I forgot just where it was, it was really snowing. It sure did look pretty, all the timber covered with snow.

We came across water from Seattle to Bremerton. Boy I sure did get a kick out of that, it being the first time for me to be out on water.

Well, Mom, I don't know much to write. Will write again when I have time, and there isn't much telling when that will be. Answer real soon, Love,

JARVIS.

J. P. Heath, brother of Grover Heath of Clarendon, visited here this week. Heath is serving in the navy and has just returned from action at Guadalcanal.

Pfc. Eulen Higdon has completed gunners school at Laredo and expects to be sent for an additional four weeks training in aerial gunnery. Pfc. Higdon's grade average was 86. Before

being assigned to gunnery school, Pfc. Higdon was a crew chief at LAFS, Lubbock. He has been in service since October 15. He is the son of Mr. and Mrs. Higdon of the Jericho Route.

Garland L. Holland, son of Mr. Howard Holland of Ashtola, has been promoted to the rank of Corporal. It was learned this week, Cpl. Holland entered service on April 5 and received his promotion from Pvt. before June 1. He is stationed at Camp Crowder, Mo.

Master Sergeant Gordon Williamson returned Wednesday to his post, after spending a 15-day furlough in Clarendon. Sgt. Williamson is stationed at the army air base in Fort Worth, Texas.

Pvt. Billy G. Thornberry, son of Mrs. W. C. Thornberry, Box 734, Clarendon, Texas is a newly-arrived soldier at Jefferson Barracks, Colonel Parker G. Tenney commanding. This historic military post, on the Mississippi River a few miles south of Saint Louis, is a replacement training center for the army air forces technical training command. He attended the Clarendon Junior College.

Linwood Betts is an air cadet in the army air field at Santa Maria, Calif. He entered the service at Santa Ana in February and had pre-flight training there. He was recently transferred to Santa Maria. Betts graduated from Clarendon College a few years ago and has since been in the employment of the Phillips Co.

Robert Summers, son of Mrs.

R. A. Summers has recently been promoted from private first class to corporal at Camp Howze, Texas, where he has been in training since February.

WHAT TO WRITE TO SERVICEMEN

The Office of War Information offers these pointers for home-folks writing to soldiers, sailors, and marines — based on suggestions gathered in a survey among servicemen at home and overseas, in cooperation with the Special service division of the army service forces:

TELL HIM:
How the family is doing everything possible to help in the war.

How anxious the family is for the boy's return.

How well and busy the family is. Give details.

How the family is getting along financially.

What's doing in the community: news about girls (single) he knows, doings of friends, who is marrying whom, exploits of the home team and other sports events, social doings, effects of the war on the home town. Reminisce a little about past events and places the boy used to visit. Enclose clippings from the home town paper.

DON'T TELL HIM:
Your troubles. He has troubles of his own.

Your complaints. He can't do anything about them.

About things you are deprived of. He can't supply them.

Doleful predictions about the future. He's fighting for that future—now.

Unnecessary details about financial troubles. If there are things he should know about family finances, and he is in a position to do something about the situation, tell him. But don't string it out.

MARTIN

(By HELEN BULMAN)

The Sunday School attendance was much smaller than usual. The number fell to four. We hope that everyone will come back next Sunday.

Instead of having R. Q. U. services Sunday evening, most everyone attended church in town where Viola Hearn was baptized along with two candidates from Clarendon.

The young folks of Goldston,

Ashtola and this community enjoyed a party Friday night at the home of F. G. Crofford. Games were played till a late hour and then evening was made complete by some music.

Mr. and Mrs. Jack Eddings spent Sunday in Amarillo.

Melba and Lee Christie were home over the week end. Melba will be here a few days to have her tonsils removed before going back to her work in Dalhart. Lee returned to Canyon late Sunday evening.

John Dale Gray of Fort Bliss, Texas returned to his camp Thursday after enjoying a 15-day furlough with his wife and relatives.

Mr. and Mrs. T. M. Shadle and family, Mr. and Mrs. Claude Eastertling and family and Mrs. Ray Robertson spent Sunday in the W. L. Jordan home, Geraldine Jordan returned to Pampa with her sister Mrs. Robertson.

Mr. and Mrs. Carl Fulton and family, Mrs. Roy Burch and son and Mr. and Mrs. Claude Parker of Amarillo spent Sunday with Mr. and Mrs. J. C. Gibbs and family.

Mrs. Joe Green and Lillian and Mr. and Mrs. George Bulman and family visited in the Christie home Sunday.

Jackie Land of Amarillo is visiting his aunt and uncle, Mr. and Mrs. Pete Land.

Mr. and Mrs. L. M. Marshall and La Veine went to Tulla Sunday to meet his brother and family.

Mrs. Wiley and children of Wichita Falls who visited her sister, Mrs. W. L. Jordan the past week returned home Saturday.

Mrs. Jack Jackson and children who were visiting Mr. and Mrs. Marshall returned also. Clifford Felton of Amarillo is visiting with Mr. and Mrs. J. O. Gibbs.

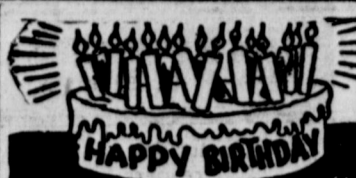

Mr. and Mrs. Reed and baby attended the annual family reunion Sunday given at the home of her parents.

Mr. and Mrs. Lyle of Clarendon and their son, Kenneth who is in the army visited in the C. C. Hearn home Sunday.

Mrs. Lindsey Johnson and children visited in the Schafes home Sunday evening.

Mr. and Mrs. John Dale Gray are the proud parents of a 7-lb. baby girl, born Tuesday, June 15. She was given the name of Patricia Ruth.

Marvin Ray Jordan and Jack Gray were in Amarillo Tuesday.

CHURCH NEWS AND COMMENTS

By REV. J. O. QUATTLEBAUM

The Archbishop of Canterbury leads off in the week's news with the charge that the people of his country are, "Wonderful in their courage and endurance against the foes of the Empire, but lax in their morals." He charges that the common "Virtues of honesty and truthfulness are on the wane, and that even the sag in sex virtue is 'cause for alarm."

Dr. Roy Smith, editor of the Christian Advocate calls attention to the fact that, "The Archbishop could have been speaking the same things to Americans," adding "That some things that are traditionally sacred to us are being violated." The Pope in a Radio address to two thousand laborers, appealed to them, "to be careful of their leadership, to be considerate and not demand so much at this time of distress and thereby add to the world's suffering."

These pronouncements ought to give thoughtful people enough concern to acquaint themselves with what is taking place in the nation and in our communities. Business interests alone will demand truthfulness and honesty in affairs. There is not enough collateral in the world to protect all business, without these virtues. A man can't stand with a "big stick" or a gun forever guarding his business and his home. But if patriotism and love of family and honor and reverence for the Divine, do not cause people to act and Labor to consider a different course, it is doubtful if an Archbishop and a Pope will do much to change them.

LOCALS

Mr. and Mrs. J. D. Chambers, of Clovis, were house guests last week end in the home of Mr. and Mrs. Naylor.

Mrs. H. E. Westmoreland, of Amarillo, is visiting her parents, Mr. and Mrs. Tom Connally this week.

Pvt. Arlis Ray Allison, has returned to Del Rio, after visiting his parents, Mr. and Mrs. R. C. Allison.

Cpl. Boyd M. Allison and wife visited their parents, Mr. and Mrs. R. C. Allison and Mr. and Mrs. W. J. Horton last week end.

Pvt. and Mrs. J. T. Hoy, of Pampa, visited in Clarendon Sunday. They are former residents of Clarendon.

Pvt. and Mrs. Clarence Whitlock are home for a few days. Pvt. Whitlock is parachute inspector at the air base in Lubbock.

Sgt. Shelley C. Bell and wife from Frederick, Okla., spent last week end with Sgt. Bell's parents, Mr. and Mrs. S. C. Bell.

Cpt. James E. Bell has returned to camp after spending a ten day furlough with his parents, Mr. and Mrs. S. C. Bell. Cpt. Bell is stationed in Del Rio.

Mrs. P. D. Phillips and daughter, Peggy, have been visiting Mr. and Mrs. A. M. Taylor. Mrs. Phillips who is the former Miss Ada Williams, had not visited in Clarendon for twenty-seven years.

Mrs. Darden, Cleo Darden, Mrs. Van Kennedy, Dorothy and Dick Kennedy visited in Lubbock last week.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor
Addison said: "What sculpture is to a block of marble, education is to a human soul." Barrie said: "Those who bring sunshine into the lives of others cannot keep it from themselves." Our religion must show itself in our faces; it must shine for the author.

Church services at 11 a. m. and at 8:30 p. m. You are invited very cordially to worship with us, Sunday school assemblies at 10 a. m. There is a place for you. Every Christian ought to let his light shine.

Wednesday night at 8:30, prayer services and Bible study. All are invited. You are welcome.

Misses Irene and Mattie Rhoades were in Amarillo on business Tuesday.

Mrs. Ben Andis and Mrs. Ralph Keys were in Amarillo Tuesday.

Isabelle Wright visited her sister, Mrs. Fay Kent, in Borger, Tuesday.

Mr. and Mrs. Jim Harris, of Borger, were guests in the home of Mr. and Mrs. Clyde Butler last week end.

Miss A. P. Holligan is visiting her sister in Harlingen, Tex.

Dr. H. S. Springall, of Dallas, will preach Sunday morning at the 11:00 o'clock service. Dr. Springall is president of the Home Missionary Presbytery. Sunday school will be promptly at 10 o'clock.
Mrs. L. L. Wallace and children left for Greenville, Thursday where they will visit Mrs. F. Wallace, Mrs. Lenan Twaddell and son will return with Mrs. Wallace.

THESE HORSES HAVE JOINED THE CAVALRY!

The merry-go-round has gone to war!

Like the plants that made refrigerators, stoves, furniture, and many other familiar household items, a plant that made merry-go-rounds is now turning out vital equipment for our fighting forces.

It was the biggest job ever performed by American industry to change over from washing machines to guns, from automobiles to planes and tanks. A job that demanded more machinery, more equipment, more men—and more electric power!

That's part of the story why America clicks, of our amazing ability to get things done. Let's feel proud of our achievement... proud that we have more electric power here in America than all the rest of the world combined, and we are using it.

Yes, we have built up in this country more kilowatt-hour output than all the Axis dominated countries combined.

The electric power line is another line the Axis cannot hold.

Lines have been extended to new factories and military training camps ahead of schedule.

It was not an accident that America was power-full.

Electric companies, under business management like the West Texas Utilities, had planned ahead. Knowing their business, schooled in emergencies, they saw to it that Uncle Sam had plenty of electric power—wherever and whenever needed!

It's on tap for all civilian needs too—no shortages, no rationing, no increase in cost.

It's an outstanding wartime example of what free men can do. Free enterprise works!

We're fighting this war to hold this freedom. Government bureaucracies should place full emphasis on winning the war and desist from their political endeavors to permanently change our system of government.

BUY WAR BONDS TODAY!

Try Your Home Town First

"You've Done Your Bit Now Do Your Best"

DURING the first year of our toughest war, We—Trained a lot of men—made a lot of fighting tools—built a lot of shipping.

And to help pay for it all, we bought War Bonds. Altogether, 50 millions of us bought War Bonds. And nearly 30 millions of us started putting, on the average, 10 percent of our pay into War Bonds every payday through the Payroll Savings Plan.

That was a good start. But, it was ONLY a start. What we did in '42 is not enough for '43!

We've got to do more fighting this year. We've got to do more building, more training, more shipping—and more saving.

We've got to buy MORE War Bonds.

What You Buy With WAR BONDS

Beans

So long as a soldier can eat and think up disparaging names for his equipment the Army will do all right. Food is either "beans," or "chow."

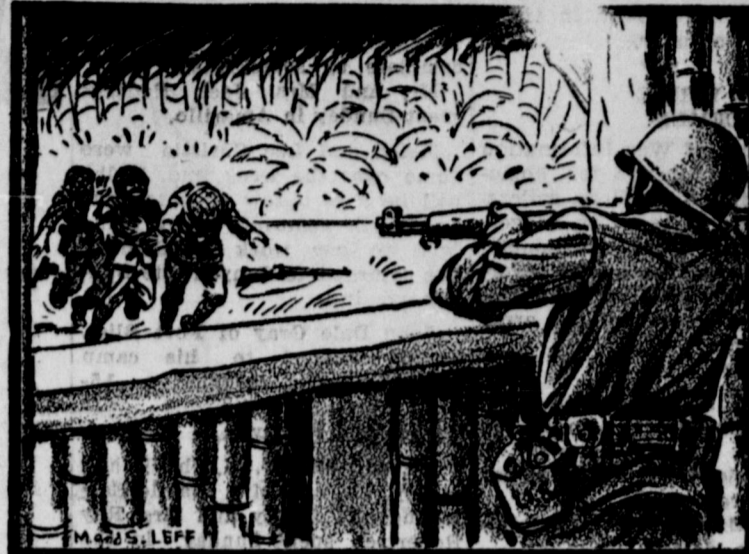

"Chow" may consist of a well cooked meal or if circumstances demand our fighting men have learned to subsist on "Ration K," the concentrated food that all of them carry into battle.

With millions of men and women in the services it will require a lot of War Bond buying on our part to keep them happy.

U. S. Treasury Department

AMERICAN HEROES

BY LEFF

Three Japs killed with one bullet was the score of Marine Pfc. Nicholas Sileo while defending a small village somewhere in the South Pacific. Sileo dropped the trio as they approached Indian file and then bagged two more before the swarming little men's rifle fire put him out of commission and he had to be hospitalized. Our boys are making the best use of the ammunition which you help buy when you invest in War Bonds. Help pass them more of it.

U. S. Treasury Department.

OPA WARNS THAT RATION BOOKS MUST BE KEPT

LUBBOCK, June 16.—"Ration books can be more valuable to the individual than money," the district OPA office said today in issuing a warning against the careless handling of their books by many consumers. Advising that local War Price and Rationing boards will have to become more severe in re-issuing books, the OPA pointed out that persons should keep their books in a safe but accessible place.

When the consumer appears before a ration board and reports that his ration book has been lost, he must wait ten days longer before he can obtain another. A few days of going without coffee, sugar and other food often tends to sharpen the memory and individuals in many cases appear before the Board and explain that their books have been found. Carelessness and disregard for the importance of their ration coupons were found to be two of the chief causes for losing books.

EARL JONES RITES ARE HELD HERE THURSDAY

Funeral services for Earl Jones were held Thursday in the First Methodist Church, with the Reverend J. O. Quattlebaum officiating.

Earl D. Jones was born at Brownwood in October, 1905. He came to Clarendon with his parents while a boy and grew to manhood here.

He was married to Stella Gatewood in 1929 at Hollis, Oklahoma and three children were born to them, the first two surviving him, Stuart Carroll, age 7 and Barry Lynn, age 5. Terry Mae, an infant, died in January of this year.

Surviving him besides the two sons are his wife, his mother and father, Mr. and Mrs. W. C. Jones of Clarendon, and one sister, Mrs. Althea Ellis of Bivins Station.

Attending the funeral from out of town were Mr. and Mrs. Orville Ellis of Bivins Station, C. A. Jones and daughter, Opal, Ross Jones, C. P. Jones and Curtis Jones and families of Borger; Oscar Jones and family of Pampa; Mrs. T. T. Butler of Lubbock; Mr. and Mrs. Virgil Butler of Plainview; Mrs. Roy Thurman, Mr. and Mrs. Perry Wood, Mrs. Mable Hill, Mrs. Rettock and Mrs. Gibbs of Amarillo; Gordon Gatewood and family of Paducah; Mr. and Mrs. Oren Gatewood of Perryton; Mr. and Mrs. Jess Birefield and son of Dimmitt; Mrs. J. W. Gatewood, Mr. and Mrs. Osie Black and children of Quail; Mr. and Mrs. Curtis Owens of Ft. Worth and Mrs. Elmer Jones of Borger.

CLUBS WILL GET COOKERS BEFORE FAMILIES

LUBBOCK, June 16. — Many West Texas housewives are asking rationing committees just what their chances are to obtain pressure cookers for canning fruits and vegetables. In answer to this question the district OPA office pointed out today that organized groups, such as neighborhood pools, garden clubs, home demonstration clubs, etc., will have the better chance of obtaining cookers than single family groups.

"With an estimated demand for 500,000 pressure cookers and an authorized production up-to-date

THROW YOUR SCRAP INTO THE FIGHT!
Do it Today!

of only 150,000 compared to 250,000 in pre-war days annually, it means that many, many persons will have to share the same cooker." OPA officials said about 12,000 pressure cookers have already been made and sent into the South and West where the canning season is early.

Applications should be made to the farm rationing committee and if approved, he will be issued a certificate. It is to be assumed that the applicant has already made inquiries and found out if cookers are available. He will then present his certificate with the purchase price to the dealer.

That Extra Something!

...You can spot it every time

EVEN a general in Africa writes home how much he misses meeting the gang downtown to enjoy a Coca-Cola. Overseas, Coke is a refreshing remembrance of home. Men cherish its taste and refreshment.

The newspapers have been full of such incidents. Such as Bataan survivors getting hold of some fruit, eggs and Coca-Cola. Mighty welcome fare to them, they said.

These men, like yourself, have found in ice-cold Coca-Cola all the difference between something really refreshing and just something to drink. Yes, the only thing like Coca-Cola is Coca-Cola, itself.

Word that "the Coke's in" packs any canteen these days. Every good soldier wants the drink that adds energy to refreshment.

NORWOOD PHARMACY

but I like to play dominoes, anyhow. My favorite opponent used to be a hotel proprietor in a West Texas town (when I lived out there.) he was a good player and on the rather rare occasions that I would plunk down a rock and score 15 or 20, he would drily remark: "Blind hog found an acron."

However, I used to mystify acquaintances by informing them that I had such delicate powers of perception that I could tell, when a domino was face down, which end had the most spots on it, provided it was not a double.

The dominoes had an eagle design on the back and the eagle faced the way that the most spots were.

Polks: Met Jim Robertson, county assessor and collector of Wichita Falls recently. He campaigned by handing out corn-cob pipes—and has kept it up. Letters addressed to him as "Corn-cob" Robertson are promptly delivered.

George McEntire of the U ranch near Sterling City says of our mutual friend, Shine Phillips (author of "Big Spring"):

"I have always felt sorry for Shine—at heart a cowboy but he is unable to be one on account of his size. As you know, cowboys come in only two sizes: six feet, two and named 'Slim' and five feet, four and named 'Shorty'". (Shine is betwixt and between these sizes.)

Millions for defense but not once cent for tribute. — Chas. C.

Old joke contest entry: "She asked me to buy her something for her neck—so I gave her a cake of soap." Can you remember when you used to go shopping, as a boy, with a nickel and wouldn't buy the kind of candy that was only three pieces for a penny because that was too expensive.

More recollections of Los Angeles: A touch of the old West: a vivid painting in the lobby of the luxurious Biltmore, of an abandoned Wells-Fargo stage-coach station.

A sign, "Beads, re-strung 15 cents,"—and mighty reasonable, don't you think.

"Guides" whose place of business consisted of a small sign set out on the sidewalk; they would show you "the homes of the stars" for a fee, the trip to be made in your car.

A tall building in grayish black with gold splashes along the edges—a temple to the great god, Petroleum—or, to speak more prosaically, an edifice erected by a big oil company).

Through the traffic noises: the street car gongs, the automobile horns, the shuffling feet, there broke a remark, "Once when I was on Beale Street"—and the speaker and his companion moved beyond ear-shot while the mind of this listener flashed back to old Memphis for I, too, had been on picturesque Beale street.

How did you learn your ABC's, I learned them from a little rocking chair that my parents gave me—the letters were printed on the chair and the last character was "&" which I learned as "and so forth." It took considerable effort later on the part of the teacher of the chart-class to remove the impression as "and so forth." It took considerable effort later on the

part of the teacher of the chart-class to remove the impression that "and so forth" was part of the alphabet.

And did you hear about the fellow who was so dumb he thought a football coach had four wheels?

State Department Of Public Health

AUSTIN, June 16 — "If you have not been vaccinated against typhoid fever within the last two or three years, go to your doctor and secure this protection at once," Dr. Geo. W. Cox, state health officer, advises prospective campers, Boy and Girl Scouts, and other summer vacationists as the out-of-door season approaches.

"Typhoid fever," he continued, "is unnecessary and preventable. Every case is due to community negligence or to the ignorance or carelessness of some individual. There would be no deaths from typhoid if every person were protected by typhoid 'shots.'"

Some of the most serious and far reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. A typhoid carrier is a person who has had typhoid at sometime and who even after recovery carries the germs of the disease in the urine and the discharges from the intestinal tract. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands.

Dr. Cox explained that typhoid germs are picked up and spread from person to person by water, milk, flies, fingers, food. Every case of typhoid is contracted by the way of the mouth and the digestive system. "The only way to be absolutely sure of typhoid prevention is by immunization," he declared.

COMMUNITY SPIRIT MUST PREVAIL IN FEEDING WORLD

COLLEGE STATION, June 14. It's a custom in rural communities when a home is destroyed by fire or flood for neighbors to come to the assistance of the family, regardless of whether the folks are well liked in the community. This same type of assistance must be given to starved and impoverished nations at the end of the war, whether they are on "our side" or lined up with the Axis, believes Jennie Camp, specialist in home production planning for the A. and M. College extension service.

In a recent talk to several hundred home demonstration club women Miss Camp pictured the near starvation existence of people in Axis-held territories. In April, 1942, the Society of Friends reported that the French rations allowed by the Germans totaled 1116 calories per day. About 1250 calories per day are required for a man to exist after a protracted period, and 2500 to 3000 daily are required for a man to live at normal activity, she explains.

"Establishing an enlightened world policy with reference to food diet for everybody in the world," Miss Camp says, "If the United States is to overcome its dietary deficiencies, we will have to produce and consume 10 to 20 per cent more milk, 10 to 25 per cent more butter, 25 to 70 per cent more citrus and tomatoes, 100 per cent more green and yellow vegetables than were produced and consumed in the late 1930's."

She urged the club women to keep informed and help their neighbors keep informed on the food situation and the need for increased production, to abide patriotically by the rationing programs, to continue their efforts toward maximum production and save all they produce, to support sound legislation affecting food, and to promote educational activities on the intelligent use of food.

The four United States Army Chaplains who gave their lives so that seamen of the Army Transport Service might live to carry on are shown here. 1. Rev. Clark V. Poling; 2. Father John P. Washington; 3. Rev. George L. Fox; 4. Rabbi Alexander D. Goode.

FARMERS MAY GET NEW "A" RATION BOOKS BY MAIL

LUBBOCK, June 16, West Texas farmers and others living at a distance from their local war price and rationing boards may renew their "A" gasoline coupon books by mail, the District OPA office pointed out today, in an effort to save gasoline and prevent loss of hours from work. This plan will go into effect on June 22 and after that time, both motorists and bicyclists should begin picking up their application forms. Local boards will publicize the names of filling stations at which the forms can be secured, the OPA said.

Due to the fact that "A" rations expire on July 21, applications should start coming in immediately after June 22 in order that the boards will have time to process them and mail them back before expiration date. This mail renewal plan also includes renewal of the basic "D" motorcycle rations and eliminates the school house registration that was necessary when basic rations were issued, the OPA said. Steps pointed out in the procedure to follow include (1) on June 22 pick up application forms from designated service stations; (2) fill out forms according to instructions and mail them back immediately to the boards. Accompanying these forms should be (a) the back cover of the present "A" or "D" book (properly filled out), and (b) the current tire inspection record

20 per cent more milk, 10 to 25 per cent more butter, 25 to 70 per cent more citrus and tomatoes, 100 per cent more green and yellow vegetables than were produced and consumed in the late 1930's."

She urged the club women to keep informed and help their neighbors keep informed on the food situation and the need for increased production, to abide patriotically by the rationing programs, to continue their efforts toward maximum production and save all they produce, to support sound legislation affecting food, and to promote educational activities on the intelligent use of food.

UP PAYROLL SAVINGS. Mrs. James Bickerstaff, the former Janice Westmoreland, and Mrs. La Bonte, of Childress, are guests in the Tom Connolly home this week.

DOAN'S PILLS

THOSE ZEPHYRS ARE CERTAINLY DOING A JOB THESE DAYS, TOM.

YEP, THEY'RE GIVING US SPEED WHERE IT REALLY COUNTS

Bill—Take those two Zephyrs right there, for example. Both of them make a trip of 835 miles every day.

Tom—That's between Dallas, Fort Worth and Denver isn't it?

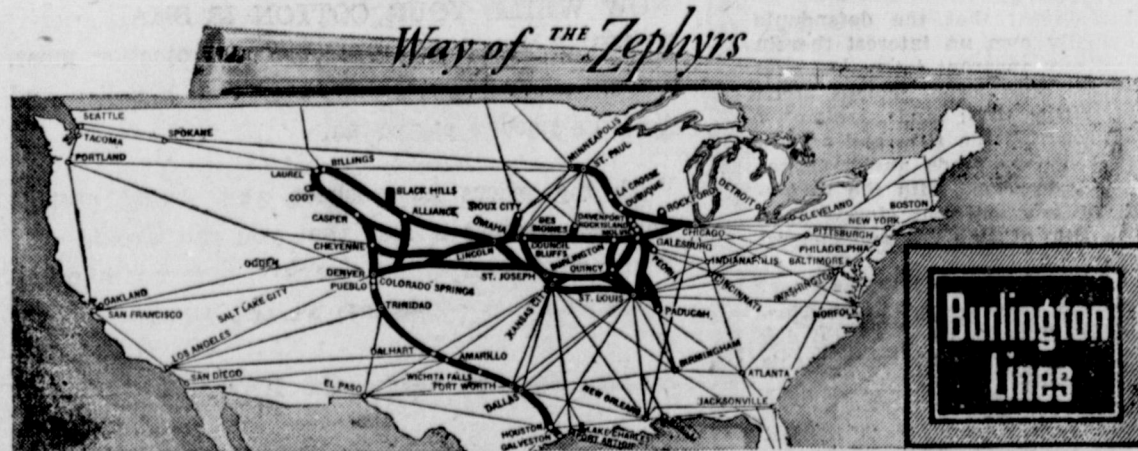

Bill—Yep. They make that trip every day, and that means more than 25,000 miles a month for each one of them.

Tom—That really means something when Uncle Sam's got so many men to keep moving.

Bill—Means a lot in handling important civilian travel, too.

Tom—I understand the Burlington's got a lot of Zephyrs running around the country. I'll bet they're all plenty busy, these days.

YOU'RE RIGHT, TOM—every one of our 14 diesel-powered Zephyrs is dedicated to one objective—to handle as MUCH vital traffic as possible, as FAST as possible. That goes for Burlington Lines' entire fleet of steam-powered trains, too—both passenger and freight. More than 35,000 Burlington workers are dedicated to the same cause.

PERSONS WHO

(Continued from Page 1)
sons are asked to give their immediate attention.

When the labor is available it will go to those persons who have registered as needing labor. With the transportation of labor from all parts of the state and the possibility of workmen in the concentration camps might be a big help to farmers and ranchers in this section of the country where harvests are always later than in other parts of the state. This is a war time measure and we should all give it serious consideration.

Second Class Seaman Bobby Skelton arrived Wednesday to spend a few days with his parents, Mr. and Mrs. Skelton, Bobby is stationed in Brunswick, Ga.

Louise Butler, a nurse at the North West Texas Hospital in Amarillo, spent last week end with her parents Mr. and Mrs. Clyde Butler.

Mr. and Mrs. Earl Butler of Borger were week end guests in the home of Mr. and Mrs. Clyde Butler.

Farm Notes

By WALTER FLYNT
Farmers in the county have been taking advantage of the premeasurement program offered by the AAA in order to advise them where to plant their 1943 crops, and meet war goals, and not over-plant their allotted acreage. Practically two thirds of all the farmers in the county office to take advantage of this program before July 1. If a farm is premeasured before the date stated above, then the operator can make any change necessary before that date in order to be in compliance. If the operator waits until performance begins, then any measurements made of the acreage of his crops are final.

It is necessary that all operators sign a farm plan sheet in order to be eligible for payments. It is estimated that all of these farm plan sheets have been signed with the exception of twenty five or thirty. The operators who have not signed these sheets are asked to do so at once. Notices have been mailed to all the operators who have not yet signed a farm plan sheet that these forms are in the county office and ready for their attention. This is vitally important so that the checks will not be delayed this fall.

Any insured producer who has suffered a total or partial loss in cotton during the recent bad weather should report this loss, however small, to the county office at once. The county adjuster is doing his work as fast as possible so that the 11 producers who have lost cotton can put the land to some other use immediately.

**PNEUMONIA REACHES SEVEN YEAR HIGH
IN TEXAS; HEALTH OFFICER ADVIS'S
TO WATCH INFLUENZA VERY CAREFULLY**

AUSTIN, June 16. — The unusually high incidence of pneumonia in Texas at this time, being over twice that of the seven year median is undoubtedly one of the dangerous and disabling sequelae of the current epidemic of influenza according to Dr. Geo. W. Cox, state health officer.

"Pneumonia is a killing disease and a contagious one," Dr. Cox warns. "It is definitely transmitted from one person to another in the same manner as other contagious diseases. The pneumonia patient should be isolated with the exception of the attendant and all paper tissues used for receiving nose and throat discharges should be immediately burned."

Dr. Cox advises all persons suspecting the presence of influenza to place themselves immediately under the care of the family physician and abide implicitly by his instructions. Bed rest, liquid diet and proper nursing will play a major part in the safe recovery of the influenza patient.

Pneumonia is the most frequent complication resulting from influenza and is certainly one of the most dangerous. The death rate in pneumonia remains high in spite of medical efforts to control it and when it follows so debilitating a disease as influenza, the patient naturally has less resistance and vitality with which to combat it," Dr. Cox declares.

type of squash seed which has the esame blooming period should be planted.

In saving beans, both bush and pole varieties, allow the seed to mature thoroughly on the plant, then pull up the entire plant in the early morning and place in the shade to dry. This will prevent the pods splitting. English peas may be left on plants until thoroughly matured, then picked when the pods turn brown and placed in storage. For tomato seed, place the jelly-like material containing the seed in a wire screener and wash it until only the seed remains. Another method is to scrape the seed on a piece of paper and place in the sun to dry.

Vegetable seed may be placed in paper containers, but it is important that all seed must be thoroughly dry. Generally, high temperature and humidity shorten the time vegetable seed can be kept. Extension service publication MS-509, MS-509 gives full information on seed saving, storing and testing, and may be obtained free by writing to the extension service, College Station.

Sgt. Don W. Ginter returned to Camp Maxey, Texas, Friday morning after spending a seven-day furlough with his wife and new son, Don W. Jr., born June 3. Sgt. Ginter is the son-in-law of Mrs. May B. Hayse.

Mr. and Mrs. Lovan Rhoades and family of Le Fores spent the week end in the Clyde Butler home.

Pvt. Leslie Butler, son of Mr. and Mrs. Clyde Butler, returned Wednesday to his post in Del Rio, Texas.

LEGAL NOTICE
IN THE DISTRICT COURT OF
DONLEY COUNTY, TEXAS
No. 2202

LON RUNDLELL

VS.

L. H. CARHART, et al

THE STATE OF TEXAS

To L. H. Carhart and the unknown heirs of L. H. Carhart, Greetings:

You are commanded to appear and answer the plaintiff's petition at or before ten o'clock a. m. on a Monday next after the expiration of forty-two days from the date of issuance hereof, the same being Monday, the 2nd day of August, 1943, before the Honorable 100th District Court of Donley County, Texas, at the court house in Clarendon, Texas.

Said suit was filed the 15th day of June, 1943.

The file number of said suit is 2202.

The style of the case is: Lon Rundell, Plaintiff, vs. each and all of the defendants above named or otherwise identified.

Said suit is the usual action in trespass to try title, as heretofore prescribed by statute and now prescribed by the Rules of Civil Procedure, alleging the ownership in fee simple to be in plaintiff, Lon Rundell, in his own right, and seeking the recovery by plaintiff, Lon Rundell, of the title to and possession of the hereinafter described real property being located and situated in Donley County, Texas and more fully described as follows, to wit:

Being the Northeast one-fourth (N. E. 1-4) of the Southwest one-fourth (S. W. 1-4) of Survey No. 9, Block C-6, Tyler Tap Ry. Co., Original Grantee, containing forty (40) acres of land, more or less; alleging additionally that plaintiff has title thereto under the Three, Five, Ten and Twenty-five Years Statutes of Limitation; that the defendants actually own no interest therein and any apparent interest should be removed as a cloud upon plaintiff's title; and seeking a recovery of the title and possession of the lands and premises above described with the removal of any apparent clouds upon the title of plaintiff, and general relief.

Given under my hand and seal of said court at office in Clarendon, Texas, this 15th day of June, 1943 and issued this same date.

HELEN WIEDMAN,
Helen Wiedman, Clerk District Court, Donley County, Texas.
By Walker Lane, Deputy,
(Seal)

**SAVE VEGETABLE
SEEDS IN JUNE**

Seed may be saved from vegetables harvested during June for planting this fall or next spring. H. M. Breedlove, county agent for the A. and M. College extension service, says that plants from which seed are saved should be unusually healthy and vigorous, and the seed selected only from choice, well matured fruits. Such plants may be specially marked by staking off or tying with string or piece of cloth and allowed to remain until fully matured for seed.

All vegetables do not yield seed but tomatoes, beans, peas, cantaloupes and watermelons can be saved by the average home gardener. If there is a special type of squash, cucumber, cantaloupe or tomato which you think is outstanding, try and save the seed. Be careful not to mix varieties. For example, only the
