The chorus was directed by Mrs. H. R. Beck.

In the business meeting, Fred Cook was elected to membership in the club and the application of Homer Bones was presented for consideration. In accordance with the rules, Bones' application will not be voted on until next week.

A membership key was presented to Isadore Mellinger following a bit of comedy when President of the club, R. E. Drennan, presented Mellinger a certificate which carried with it the privilege of grafting anyone any place.

Lion Patman announced equipment purchased by the club for the City Park had arrived and after a discussion, it was decided to ask A. L. Chase to see about its installation.

Calling attention to a picture and story in a current issue of the Lions Magazine, concerning a pig project sponsored by a Lions Club, Lion W. H. Patrick declared the local club needed publicity and that he would send the magazine stories on the Clarendon pig shows, band and community kitchen. Lion Patrick also asked for any pictures members may have.

"YOUNG" OLDSTERS IN ENJOYABLE MEETING

Last week in Clarendon two of this section's youngest "oldsters" renewed a long acquaintance and enjoyed a long session of "Do you remember when—" Grandma Rogers of McLean, age 98, and P. A. Buntin, only 91, of this city, were the principals, and reminisced over their experiences of nearly fifty years ago in Wheeler county and other sections of the Panhandle.

Grandma Rogers, well known "Methodist mother" of this area, visited here with Mrs. Blanton, and with Rev. and Mrs. G. T. Palmer.

tests when Tulia outscored them 1,134 to 1,131 points in the Dairy Cattle Judging Contest.

Happy, Grenville, New Mexico, and Canyon complete the high five in the dairy cattle contest. Grenville, recently won the New Mexico State title and Lubbock, a team that failed to place in the high five, recently won the Texas State Contest.

Candidates For Office Of County Superintendent Still Dwindle As C. W. Howard Quits the Race

Once the most contested office in the current political campaign the county superintendent's race dwindled again this week with the formal withdrawal announcement by C. W. Howard, McKnight school teacher.

Howard's decision to quit the field left only two candidates, Bill Todd and Miss Ruth Richardson, and brought the number of withdrawals to three since the race opened.

George W. Kavanaugh, incumbent, was number one to resign followed by Ralph Stewart and Howard. Kavanaugh withdrew to accept a school teaching position on the south plains, Stewart gave for his reason "A good job and I want to keep it." and Howard's explanation is the written statement to the News which follows:

"I regret that, owing to circumstances that have arisen

since my announcement, I find it advisable to withdraw my candidacy for the office. It is for no selfish reason that I take such action, but simply that I am doing what I think is best for the welfare of my family.

"Especially do I regret to disappoint those of my friends who have so heartily and faithfully worked in my interest, or who have looked forward to the opportunity of favoring me with their vote.

"Personally, I would prefer to run the race out, but I have no doubt that most anyone else with my point of view would have acted as I have. And furthermore, I believe there are few who would censure me because of the action I have taken if they were fully apprised of the circumstances leading to such action."

Candidate

Tom Ellzey, Perryton rancher, only candidate for Congress north of the Canadian River.

BOYS FALL INTO WEALTH WHEN HORSE CRASHES THROUGH WOLF DEN

Troy and J. C. Moffett, sons of J. W. Moffett, literally fell into wealth in a pasture near their Donley County home, when the horse they were riding crashed through a coyote den that produced thirteen animals at a cash bounty of \$1 each.

The two boys were riding across the pasture when they saw a den which produced 3 coyotes. While working with den No. 1, the horse caved in hole No. 2, which proved to be the bonanza with ten animals.

According to the boys, coyotes in that vicinity are getting "to be gentle as dogs." Troy and J. C. say that at 5:30 each afternoon the animals come to a well, near the house, to get a drink of water.

Indications Show Oil Activity Is On Ebb Here

Leasing of oil acreage was practically over this week as most of the required rights had been secured or were hopelessly mired.

Hopes for a block, southwest of Clarendon, which might terminate in a drilling contract, seemed remote as several large landowners still refused to sign.

Indications were the majors and the one independent broker, had reached a top price last week of \$2 per acre and any hope of immediate oil action in the county must be abandoned.

In Amarillo the largest supper will be held with 1,000 in attendance. It is to be served in the City Auditorium.

The spirit of democracy and good fellowship will prevail at all dinners and every phase will be entirely informal. There will be no speaker's table — no head table.

NEEDED RAINFALL MEASURES LESS THAN HALF INCH

SHOWERS CUT SHORT MID-
SUMMER HEAT WAVE
WITH MERCURY AT 102

Falling in dashing showers late Monday night and Wednesday afternoon, 40 of an inch of much needed moisture was received in Clarendon this week.

Monday night's precipitation was general over the county with the hardest fall at Hedley where .75 of an inch was estimated. The shower thinned greatly west of Hedley and only a trace was reported at Lella Lake. The moisture Monday night was measured at .35 of an inch in Clarendon.

Threatening clouds hovering over the city throughout Wednesday finally loosed a short, hard, shower during the afternoon. Only .05 of an inch was recorded during the downfall.

The rains, which covered the entire Panhandle, cut short a mid-summer heat wave that had forced the mercury to a high of 102 degrees here. The readings were recorded on Sunday and Monday and were the highest for the year.

O'DANIEL MAINTAINS HUGE LEAD IN RACE

Reports from all over Texas indicate that Governor O'Daniel, with or without his Hillbilly Band, is due to hold a great plurality of support regardless of who is on the ticket against him in the primaries this year.

Harry Hines is gathering a liberal support from the conservative business element, as expected, while Jerry Sadler has been a real disappointment to his followers in the flat effects of a flamboyant announcement. Jim Ferguson's attempt to profit from Roosevelt popularity has failed—the boys cheered him when he praised FDR, but left shaking their heads on his lame attempt at a comeback. Col. Ernest Thompson's vacillating attitude about a candidacy in some race, somewhere, has cost him huge numbers of what might have been a most formidable candidacy for some office. Hines will probably get much of the red-head's former support in the governor's race.

There will likely be some shooting in the governor's race, but it appears now that the hottest race in Texas will be among those who scramble for the vacancies on the Texas Railroad Commission. The question now, is whether there will be two vacancies or three.

BUYING FOREIGN SILVER AT FANCY PRICES

The bill of Senator Townsend providing for the repeal of the 1934 legislation under which the United States Treasury has bought

foreign silver at prices above the world market has been reported favorably by the Banking and Currency Committee of the Senate. It is perfectly clear that the bill does not touch domestic silver at all, since the sole object is to stop the buying of foreign silver which Senator Townsend condemns as "a wasteful, unnecessary, pointless and disturbing process."

There are plenty of votes in the Senate and House in favor of the bill which would discontinue foreign silver purchases. Opposed to the plan is the National Administration, including the President.

CAN'T IT HAPPEN HERE?

Nation after nation in Europe has fallen victim to the same technique. Norway is the latest to suffer. Even as these words appear in print, Holland or Rumania or some other small country may see their fears justified, and follow in the footsteps of Poland and the others.

Adolph Hitler described the technique years ago in his book, "My Battle." He would conquer nations, he boasted, by establishing and encouraging enemies within their own borders, enemies who would betray their countries at the critical moment for their own real or imagined gain.

Americans can learn an object lesson from the bitter experiences of the little lands of Europe. There are those in this country who consider the activities of the Dies Committee, and all other efforts to root out subversive activities in the United States, a mere political gesture and a waste of time. These people insist on wearing mental earmuffs and blinders in any kind of weather. They are willing to shout, in the face of all evidence to the contrary, that "it can't happen here!"

Saner citizens, genuinely prizing the liberties we in this country enjoy, are not inclined along with this attitude. They believe rather that ounces of prevention are far better than tons and tons of the kind of "cure" now being forced upon many nations of the globe simply because their complacent citizens were satisfied to say, "Oh, why worry? It can't happen here!"

SPENDING BLITZKRIEG

The United States is at peace. Great Britain is at war.

In the coming fiscal year, Great Britain's local and national government will spend 10 billion dollars. During the same period, government—federal, state and local—in the United States will cost well over 19 billion dollars!

Of course our population is three times as large as that of Great Britain. Allowance can be made for that, and the figures still remain startling in their implications, for it is well to remember that the British bill—still much smaller than ours—is two and a half times what it was in pre-war days.

The Low Down FROM HICKORY GROVE

If the truth about what this country needs were dragged out into the open and we could view it from all sides, it would not be anything very complicated. It would be quite simple. Our country needs a rest.

We need a rest from argument and debate — and self-appointed shepherds. We have developed sit-down-and-listen-it-is.

We been going through an era where all the simple things of life and our successes of the past, they are debated and questioned. You don't tune-in or read much except where somebody is venturing an opinion on what is wrong and guaranteeing to fix it — if elected. But on top of it all, we keep on getting more threadbare.

But listening to grand argument and soothing, sweet words, it is like it is with ice cream and fruitcake and pie — you get fed up — and you are hungry for some cornbread and spareribs. I guess we will be alright now, pretty soon — but we had quite a session.

Yours with the low down,
JO SEPRA.

ASHTOLA

(By Helena Poovey)

There was fifty at Sunday School Sunday after which Rev. Forch preached a very interesting sermon on, "The Elder Son." He preached again at night. Since spring is here let us increase the attendance of our Sunday School.

Friends will be grieved to learn of the death of Grandmother Cobbs, who lived with her son, Clarence Cobbs, in this community, but was with her daughter in Oklahoma when she passed away on April 30. She

was a good Christian lady and loved by all who knew her. We extend sympathy to the bereaved family. Mr. Clarence Cobbs and family were with her when she passed away and the next day after she was buried, Mrs. Clarence Cobbs had to undergo an appendix operation, the last report was that she was recovering as well as could be expected.

Mr. and Mrs. T. A. Nelson are caring for their things while they are away.

Mrs. Fannie Rector, Mr. and Mrs. W. P. Holley were business visitors in Amarillo, Friday.

Mr. and Mrs. Millard Word had as their guest over the weekend her father and mother from Canyon.

Mrs. John Dial from Channing spent last week with her parents, Mr. and Mrs. W. A. Poovey.

Sorry to hear of Miss Margaret Swineburn being real sick in California after an appendix operation. Miss Swineburn is nursing in a hospital there.

Mr. and Mrs. Loyd Shelton were in Lubbock last of the week.

Mrs. W. D. Brison and Mr. and Mrs. Marten from Amarillo were guests in the Dewey home Thursday.

Mr. and Mrs. Van Knox and family with several guests spent Sunday at Palo Duro Canyon.

Those enjoying the trip to Carlsbad Cavern over the weekend were, Jessie J. Tomlinson, Christine Knox, Oleat Marshall, Margaret Hill, Pat Morris, Mary Lois Scobbin, and Helena Poovey.

LIBRARY NOTES

(By Mrs. C. A. Burton)

A purchase of used books from a rental library has brought us the following: "Silver Bar Mystery," W. C. Tuttle; "It Can't Happen Here," Sinclair Lewis; "The Little Doctor," Louise Platt Hauck; "Unfinished Cathedral," T. S. Stribling; "Murder in Three Acts," Agatha Christie; "Bread Into Roses," Kathleen Norris; "The Brothers Askenazi," I. J. Singer; "Deep Summer," Gwen Bristow; "Fly Now Falcon," Pamela Frankan; "Love I Dare Not," Allene Corliss; "Murder at Wrides Park," J. S. Fletcher; "Orchids On Your Budget," Marjorie Hillis; "Outlaw Sheriff," Will Jenkins; "President Fu Manchu," Sax

Rohner; "Slogum House," Mari Sandoz; "With All My Love," Mary Raymond; "With Benefit of Clergy," Octavus Roy Cohen; "Women Over Forty," Sara Trent; "Fighting Angel," Pearl Buck; "Neighbor to the Sky," Gladys Hasty Carroll; "Rich Man, Poor Man," Janet Ayer Fairbanks; "Roller Skates," Ruth Sawyer; "Murder in the Bookshop," Carolyn Wells.

Besides these some of our friends have made us contributions. Mr. Van Kennedy brought us several books, and C. M. Peabody gave us several. And the Mother's Club gave us a check which completed their contribution of \$1 per month for the year. All this interest and these contributions mean much to us. But each new book brings to us the realization of our great need for larger quarters.

The library is profoundly grateful for the help given by the W. P. A. during the past three years. More than two thousand of our four thousand books have been repaired by the W. P. A. assistant — a service which has been of incalculable benefit. Because of this we gladly cooperate in the WPA celebration to take place in the near future.

The announcement of the Pulitzer Prizes is always an event of much interest. In that announcement made this week, "The Grapes of Wrath" by John Steinbeck, won first place in the novel competition, receiving \$1,000. William Saroyan was awarded the same amount for his play, "The Time of Your Life." Carl Sandburg won the same prize for his contribution in history with his Abraham Lincoln: "The War Year"; in biography Ray Sannard Baker was given the same award for his "Woodrow Wilson, Life and Letters;" and Mary Van Doren for her "Collected Poems." Other awards were to a Waterbury, Connecticut newspaper for exposure of municipal graft; to O. D. Folisclus of the New York Times for the most distinguished service as a foreign correspondent; to S. Burton Heath for domestic reporting in the New York World-Telegram; to Bart Howard of the St. Louis Post-Dispatch for editorial writing; and to Edmund Duffy of the Baltimore Sun for work as a cartoonist. Our readers will probably be interested to know that the winner in biography, Ray Sannard Baker, is the author of "Adventures in Friendship" and that series of books under the pen name of David Grayson.

Texas is forty-seventh among the states in the number of people without library service.

From the daily press comes the statement that Congress has just recognized the services of George M. Cohan as author of the World War song, "Over There," and that President Roosevelt has presented him with a gold medal. Mrs. William Sidney Porter, in collaboration with Ralph Spence, has written, "The Life of O. Henry," which is being filmed. Of course you recall that O. Henry was the pen name of William Sidney Porter.

Sinclair Lewis's latest book, Bethel Merriday, is also being filmed by Alexander Corda.

Edward Boykin has written a new play, "Lee of Virginia," which is to be presented in July at the Barter Theatre, Arlington, Va., and again during Lee Memorial Week in August. Both the author and producer are native Virginians and both felt that the first presentations should be in Robert E. Lee's native state.

The New York Herald Tribune offers each year an award of \$250 for the best book for younger children, and an equal amount for the best for older children, these to be selected from the spring publications. These two awards this spring were for "That Mario", by Lucy Herndon Crockett, and for "Cap'n Ezra, Privateer," by James D. Adams. The judges were Stephen Vincent Benet, Pulitzer Prize poet; Margaret Ernst, Librarian of the City and County School, New York City; Caroline Emerson, of the Spence School; Oscar McPherson, Librarian of the Lawrenceville School, New Jersey; Lena Barksdale, Children's book-seller. As will be seen, each of these is connected in some way with Children's work, most of them having written books for children.

Besides these two prize winners, these judges named as Honorary Books ten other books. The first five are for younger children as follows: "The Great Guppy," by William Pene du Boise; "Whistle For Good Fortune," by Margery Bailey; "A Good House For a Mouse," by Irmengarde

Eberle; "The Far Away Trail," by Charlie May Simon; "The Littlest House," by Elizabeth Coatsworth.

The five for older children were: "The Golden Knight" by George Challis; "The Last Baron" by Allen French; "Nonsen" by Anna Gertrude Hall; "Voices From The Grass," by Julie Closson Kenly; and "The Kid From Tomkinsville" by John R. Tunis. Why not buy one of these, read it and pass it on to the library? Quite a few of our boy readers do that.

A grant of \$60,000 by the Rockefeller Foundation has made possible the "Books for Europe" project of the American Library Association which was launched last September. In spite of the fact that Hitler began activities at the same time, the work went forward. It was felt that gestures of international good will would mean the more because of that. Its purpose "is to give European readers who are interested, freer access to the thought of American men of letters and of science, and to overcome, in some measure, the handicap of high prices of American books abroad." The office of the project is in the New York Public Library Building. It operates through the central library agencies in the countries included — Denmark, Ireland, England, France, Netherlands, Norway, Sweden, and Switzerland. The books are ordered direct from five larger publishers and from a New York book dealer. Many expressions of appreciation have

come from these countries of this work by the A. L. A. and the Rockefeller Foundation.

Mrs. Minnie Lokey returned home from Newlin where she has been visiting for the past week.

Random Reflections

By DICK COOKE

This is, probably, the final edition of Random Reflections. So before we go further I wish to thank you for your kind indulgence, your patience and sympathy. I have enjoyed writing for you and it is not without a deep feeling of regret that I bring this pleasant interlude to a close. To those who have been the object of my jokes, let me assure you that it was all in the spirit of fun and perhaps some day on some paper I can again use you to my advantage. In the meantime, however, let me again tell you how much I appreciate your cooperation and wish each of you a heap of amusement and prosperity always.

Odos Caraway, who took it upon himself to see that Clarendon needy school children were fed during the school term, informed this department today that approximately \$80 is needed if the underprivileged youngsters get enough to eat the remainder of the year. Mr. Caraway says it will take at least \$15 each week to maintain the lunchroom which is now in the red badly. Mrs. Joe Terry, manager of the kitchen, is three weeks behind in her salary and the account is overdrawn at the bank.

So far this year no drive has been made to secure funds for the upkeep of the kitchen. "Clarendon citizens have sensed the need of the project and have donated willingly," Caraway said. Anyone wishing to donate to the cause to save some little trot from a gnawing, empty stomach, is asked to leave any amount he cares to at the Caraway Cafe.

The Clarendon MacDowell Club deserves high praise for their participation in the National Music week and especially for their May Festival program at the Methodist Church Monday night. The chorus, under the direction of Mrs. H. R. Beck, was exceptionally fine.

Western story fiction has always been frowned upon by high-brow authors, the most of whom achieved fame by having an utter disregard for sex; and a vocabulary that would shock a sailor or a nine year old school boy. In many instances, though, western stories could lead the procession in any parade of fiction but it is writing like the following, that has given them their bad name:

"The guns spun again on his fingers and a button flew from the buckskin shirt of his enemy; another tore a flower from his breast and another drove it into the ground at his feet as others stirred his hair and cut the buckle off his pretty sombrero. Dazed, but wise enough to stand quiet, the enemy felt his belt tear loose and drop to his feet, felt a spur rip from its strap and saw his cigarette leap from his lips. Throwing the guns to a friend, John (the hero) laughed and abruptly turned and was lost in the crowd.

I think the author was also lost in the crowd but whether or not you believe it, the above was copied word for word from a story. He wasn't using machine guns either.

I'm sorry I bored you all with this but I didn't have anything to say anyway.

Add to the list of hometown girls making good: Jeanne McDonald who is a journalism student in Texas Tech. Jeanne just completed a long feature story which was published under her name in the current issue of the school magazine. She will also be one of the few to be honored in the women's annual recognition service which acclaims outstanding students of the school. Jeanne is a member of Women's Press Club.

Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

Iris, goddess of the rainbow, has indeed a worthy namesake in the exquisite garden iris of today.

The Brumley yard is devoted almost entirely to iris at this season. Known as an iris "fan" Mrs. Brumley has filled her flower beds with innumerable varieties and dozens are in full bloom this week.

The Dutch Iris in shades of blue, yellow and white have been very beautiful in the Stricklin's yard. Bright pansies edge a flower bed at Mrs. Gray's, and across the street at the Lovell's beds of brilliant colored flowers delight the passerby.

No other flower flares out so gaily and dazzles us so utterly as the oriental poppies, have you seen them at Mrs. Van Eaton's? The dainty columbine is also in many yards, especially noticeable are those in the Bourland and Fink yards.

From every nook and corner spring flowers nod greetings. Drive over town and behold the wonders of nature.

WHEN Your Boy Grows Up!

ALL mothers and fathers want their children to have worthwhile employment when they grow up.

Old age retirement and unhampered development of the oil business will provide many new jobs each year for our young Texas workers.

The Texas oil business is manned by Texans... the Texas boys and girls of yesterday, 225,000 of them earn good livings for themselves and their families—a yearly payroll of \$271,000,000.

But the growing tax burden is a serious factor in wages and employment, since the Texas oil industry now pays taxes equal to 36 per cent of its labor payroll.

Oil pays good wages... maintains reasonable working hours... and offers opportunity for promotion.

Unwise laws and excessive taxes can retard and stop the growth of this industry which means so much to the future employment of our boys and girls.

THE GENTLE ART OF GIVING TALKS (Betty Webb)

What is more astounding than suddenly being appointed to give a formal talk? Besides being scared stiff, what can we talk about? Of course if one is given a subject, it is much easier; but merely being told to give a talk!

We grope blindly around for a topic. Since it is for English class, we'll talk on the "Advantages of Good Grammar." But what ARE the advantages? We have always contended that as long as we make ourselves understood, what does it matter?

After several days of brain labor our talk is prepared. My, the class never before looked so large, nor our friends so unfriendly. Well, even if they kill us they can't eat us, so we swagger to the front with a false air of confidence.

The room is unusually hot; our face feels unusually red, and our knees unusually shaky.

Our opening remark is a failure as we suddenly find we stutter. Someone in the audience titters making us feel even more undignified. We suddenly feel that our eyes are swollen, giving our face the appearance of a cantelope.

Those carefully prepared notes do us no good as we keep losing the place. Let the stupid class grin! Our turn to grin is next. We'll make them think we're not scared. So with all the self-confidence abandon we can gather, we renew our efforts.

The audience looks like a sea of upturned plates. Their expressions are about as intelligent. At last we see the end of our notes. So, speaking unusually fast, we finish with a wave of triumph, and sink gladly into our seats.

WE WENT, WE SAW, AND WERE CONQUERED

Caesar did quite differently from us who went to Carlsbad last week-end. He is said to have conquered, while we were conquered. Why? Well, in two ways.

First, getting up at five in the morning and preparing to leave at six on a four hundred mile trip through parched, dry New Mexico on a bumpy truck is a conqueror in one. We were rather pathetic to look at on reaching the City of Carlsbad. Even then we had twenty-eight more miles to go.

At the end of that last twenty-eight miles, we literally dropped out, with hot, flushed faces, and drooping eyes. Mr. Heat, and Mr. Trip had done an excellent job as our first conquerors.

The second piece of conquering inflicted on the group had been at work the whole time—little Mr. Cupid. Of all the break-ups, make-ups, and beginnings of romances, one never could have seen before.

We caught up with the college and brought about some very interesting changes. Calvin and Edna Earl became the very best of friends. Forrest bestowed his attentions upon Zachie, Lamar gazed contentedly at Jessie the whole trip, Nell, as usual, was always close to Billie Lou, and J. D. kept close to Pat.

Once his work there was complete, he flew to the High School truck, where romance bloomed in the form of Dorothy and Waldron; Johnny and Estelle; Kenneth and Oleta; Millard and Ruth; Majorie and Colie; Dan and Betty Jo; Dock and Dona; Weldon and Elgin; and George and Lois. George has been accused of following Ruth everywhere.

Mr. Cupid became the last and best conqueror, and certainly one most enjoyed.

PRESIDENT OF McMURRY COLLEGE SPEAKS AT ASSEMBLY

Monday morning the students gathered for assembly the second period. Rev. Gordon introduced the speaker for the occasion, who was Frank Turner, President of McMurry College. A very inspiring talk was given by Mr. Turner.

The substance of the talk was from Dr. Luke's description of the Master, which was, "He increased in wisdom, stature, and favor with God and man."

The physical development of Christ was taken up first. Christ was not a feminine creature, but He was strong and commanding. Men respected Him. He had a perfect physical body. Young people should develop strong bodies, for as Paul said that the body is the temple of the soul. A person should take care of physical body, and not destroy it by destructive things.

Jesus increased in wisdom, and that is one of the challenges that comes to high school and college students. Every opportunity should be taken, during high school career to be able to compete with other men and women.

Jesus increased in favor with man, so should students. Friend making is the best qualification for life. One should develop one's personality to carry out his task as did Jesus.

If you want to win in the victory of life put your hand in the nail—scared hand of Jesus.

HIGH SCHOOL SENIOR AND COLLEGE SOPHOMORE GIRLS ENTERTAINED

Wednesday, the first of May, marked the first of a number of events honoring the High School Senior and the College Sophomore girls.

At that time, Miss Eula Joyce Burleson, aided by the Baylor College Alumnae, gave a bridge party attended by most of the members of both classes. Miss Aileen Parton, registrar at Baylor, was guest of honor at the party. Favors were miniature diplomas in the college colors of purple, white, and gold. Refreshments also carried out this scheme. In addition to the many students, the following faculty members attended: Mr. and Mrs. Burton, Mr. and Mrs. Drennan, Mrs. Howren, Mrs. Goodner, Mrs. Burton, Mr. and Mrs. Drennan, Miss Howren, Mrs. Goodner, Mrs. White, and Miss Hal.

On Tuesday, the seventh of May, the women of the high school and college faculty entertained the girls at tea which was served from four to six o'clock in the home of Mrs. Odos Caraway.

Mrs. Burton and Mrs. T. H. Stewart dined the first hour; and Mrs. Drennan and Mrs. McHenry Lane the second hour. The serving was done by the following Freshmen College girls: La Verne Goodman, Billy Lou Gilbert, Pauline, Riley, Edna Earle Alexander, Ruth McDonald, and Jonimerle Pickett.

During the afternoon the following guest-artists presented an interesting program: Mrs. Rayburn Smith, Mrs. McHenry Lane, Mrs. Byran, and Miss Anna Moores.

Favors consisted of sketches of tiny girl graduates. A color scheme of yellow and white was used.

Hostesses for the occasion were Mrs. Caraway, Miss Howren, Mrs. Goodner, Miss Berry, Miss Wallis, and Miss Hall.

On Friday, the tenth of May, the girls will be guests of the Pathfinder Club.

"BANANAS ARE GREAT FRUIT"

A Japanese youth recently arrived at Michigan State College and was having quite a hard time learning English. Here is his recent composition on the banana.

"The banana are great fruit. He are constructed in the same architectural style as sausage are habitually consumed, while it is not advisable to eat wrappings on banana.

"The banana are held aloft while consuming, sausage left in reclining position. Sausage depend for creation on human being as stuffing, while banana are product of Mother Nature.

"In case of sausage, both conclusions are attached to other sausage; banana on other hands, are attached one end to stem and opposite termination entirely loose.

"Finally, banana are strictly vegetable kingdom while affiliation of sausage often undecided."

SENIOR CARLSBAD TRIP

On Friday morning, May third twenty-seven seniors left at six-thirty for Carlsbad, New Mexico to go through the cavern.

The trip out was rather uneventful. In order to miss Amarillo, a cut-off on a dirt road was taken. This practically spoiled the whole day for everyone because of the dust coming in.

Because of the change of time between Texas and New Mexico, lunch was eaten at Clovis at ten-thirty, N. M. time; but it was eleven-thirty Texas time, and everyone was ready to eat.

At Carlsbad the truck the seniors were on separated from the college truck and went to Black River Village to spend the night. This was another four miles on a dirt road which was certainly no treat for a group of tired, hot and hungry people.

At first it seemed the village was a disappointment to the group, but after everyone had cleaned up and eaten, the main disappointment was the drinking water. Several of the boys went swimming and the others danced on the patio or walked about exploring the grounds. Even on after such a tiresome day, no one got to bed before twelve o'clock.

On Saturday morning everyone was on the truck at six-thirty to leave for Carlsbad for breakfast. They were supposed to be at the cavern at ten-thirty to go through; but after breakfast, the brakes of the truck had to be re-lined, and were not finished until fifteen until eleven and there were twenty miles to drive.

Because the seniors were late, they had to go twice as fast going down as the college had gone, but they saw as much as they wanted to at that. They joined the main group in the large room at the "Rock of Ages." To many, this was perhaps the most impressive time in the tour. More than a thousand people were there in this large room looking at a massive formation which was formed at the rate of one square inch a century. Everyone was asked to be still and quiet while the lights were put out, and the place thrown into invisible darkness. From far off down the cavern the sound of men's voices singing "Rock of Ages" came faintly to the still, quiet crowd in the dark room. As the song progressed, a faint light from the direction of the voices grew until the room was in complete light and the song was completed.

Coming out, the group paused for a short time for refreshments in the dining room, then began their long climb to the surface. There were few stops on the way up; and the top was reached about four-thirty.

After the cavern tour, the seniors went to Carlsbad for supper and what entertainment they could find. A group of the college joined them and danced and talked. At nine, the twenty miles back to Black River Village were started by the weary group.

Everyone was ready to leave at six o'clock Sunday morning—five o'clock Texas time—and started for Carlsbad for breakfast. On the way at a filling station they were entertained by a trained wild cat, saw a dozen rattle snakes, and a baby eagle.

After breakfast in Carlsbad, everyone headed for Texas and home, which they reached at eight-thirty Sunday night.

STUDENTS ENJOY DANCE

Everyone who attended the dance at Mrs. Biggers home April 30, commented the sponsors, Joe Williams, Johnnie Leathers, J. D. Swift, and Jack Simmons for the splendid music and the most enjoyable school dance of the year.

There were approximately twenty couples present with a short stag line.

A few favorite tunes were: "The Isle Of May," "In the Mood," "Leaning on the Ole Top Rail," "The Gaucho Serenade," and "When You Wish Upon a Star."

This was the first dance of the year which an intermission was given.

CLARENDON WINS AT CHILDRESS

The Clarendon FFA entered two leadership contests at Childress Saturday. The chapter conducting team won first and so did the news writer, Frank Cannon.

FRIDAY—WHAT A DAY

Friday! What a wonderful day for some and such a dull one to others. With the absence of so many students running and yelling in the halls, the school building even witnessed the difference. She recalled the memories of summer vacations when she must stand idle with nothing to break the solitary quietness.

Probably the greatest difference between Friday and any other school day was in the study hall. The usual picture of a study hall is of wild disorder among the students with as much noise as possible. Friday it was different. Mr. Burton did the talking with the students listening.

Friday was quite a relief to the typewriters, and such a change in the noise issuing from the room. Where ordinary a visitor would think the Texas Highway Patrol was after Al Capone with machine guns, the quietness was broken only by a few dribbling sounds issuing from two or three typists.

The scene in the library presented was shocking. For the first time in months one was able to obtain any paper, or magazine he desired. It was quite a comfort to be able to read without someone punching you in the ribs and whispering, "I want that next."

Believe it or not, Mo closed her store Friday afternoon. Some of the students must be suffering heart aches because of the miracle. This event is probably the most startling thing that happened Friday.

SENIOR PICNIC

Friday, May 3, about thirty one Seniors motored to the One Ranch. They were accompanied by Miss Howren and Mr. Warden, as sponsors.

The activities of the day were baseball, boat riding, hiking, eating, and swimming.

The biggest highlight of the day was tricks performed by a horse belonging to Mr. Winks Adams.

The crowd returned to town about 2:30 o'clock, with a sunburn and a memory that will linger in their minds for years to come.

Double Trouble

A pair of slightly muddled men found the temperature one evening much too frigid despite their warm interiors. Veering up to a hotel desk, one of them said to the clerk: "Shay, we wash a bed with two rooms in it."

Said the harassed clerk: "I'm a busy man. I can't be annoyed. What you want is a room with two beds in it."

This apparently met with the approval of the guests, for ten minutes after they were still fully dressed and horizontally reclined in one of the two single beds.

"Psst, Bill, there's somebody in my bed."

"Is there? There's somebody in my bed."

Silence.

"Psst, Bill, let's kick 'em out of our room."

Loud noises.

"Hey, Bill, I kicked mine out."

"Did you? That blighter kicked me out."

"Okay, pal, you come and sleep with me."

PEP SQUAD HAS MEETING

The Pep Squad for the 1940 football season was recently organized. Mrs. White and Miss Wallis were chosen as sponsors. The following girls were elected as leaders: Geraldine Ryan, Jean Taylor, and Pauline Mays. Maggie Lee and Josie Davis were elected stunt girls.

There were 42 members present at the last meeting. We are still eager for more to join and if you are interested in joining the Pep Squad, see one of the leaders before the close of school.

F. F. A. MEMBERS ATTEND TULIA SHOW

Mr. J. R. Gillham and two of the judging teams attended the Tulia Dairy Show Thursday. The dairy judging team placed third. The members were Clyde Peabody, Lee Christie, and Frank Cannon.

GOOD-BYE SENIORS!

At this time of the year the band loses many of its members, some of which have been in the band from five to seven years. The members of the band who have several more years to play are sorry to leave us. This year the seniors in the band aided the band very much in everything it has done. The contest proved that the seniors were the leaning posts for the whole band.

This year there are eight seniors in the band. They are Carl Morris, baritone; Clarence Pipes, cornet; Bobby Skelton, bass drum; Thad Lyle, bass; J. D. Campbell, clarinet; Betty Jo Caraway, clarinet; Dan Boston, clarinet; L. D. Lummus, clarinet.

Every year several of the seniors remain in Clarendon and go to CJC. During the summer and sometimes during the year these members play with the band. This year we hope that all eight of the seniors will remain in Clarendon and play with the band for at least two more years.

We, the members of the band, hope that ever if you do not remain in Clarendon and play with the band you will take your instruments and keep working and practicing on them. If you do this we may see your names in bright lights, telling of your greatness as a concertist.

So, in case you go away, good bye seniors. We will miss you and we hope you will feel the same.

Friday the band went to Memphis to participate in the annual Cap Rock Festival. Colonel Earl D. Irons was the guest director. Memphis presented each band with a beautiful trophy. Wednesday, Lewis Chamberlain went to Waco to compete in the National Band Contest. Mrs. Allen Bryan went to accompany Lewis. Mr. Robbins also went.

PRESS CLUB DANCE

The Press Club met the seventh period Monday and made plans for our Broncho Round-up dance. The dance will be at Mrs. Biggers' Thursday night. And is to celebrate our special edition of the Broncho Round-up.

There are about thirty members in the Press Club. Each member will bring his or her guest.

There were several who helped on the Round-up that are not weekly writers. They are to be guests of the club.

THE LAST "Y" CLUB MEETING

The "Y" club held its last meeting Monday night, April 30, 1940. A very interesting program was given by various members of the club. A skit was performed in conclusion. Different members stated their opinions of the club and wished that it might exist in the future.

The club will end its year work by a picnic Friday night, May 10. The plans for the picnic as yet have not been defined.

More than 300 products vital to American industry are now made from Texas crude oil.

I'LL TUNE OUT THE ALKA-SELTZER ANNOUNCEMENT

Don't - THAT'S THE MOST IMPORTANT THING YOU'LL HEAR TONIGHT

"When statements about Alka-Seltzer are made over the air, please, please believe them."

Mrs. Oma Catherine Jones

MILLIONS suffer less from Headache, Acid Indigestion, Distress of Colds "Morning After" and Muscular Fatigue because they have heard—and believed—Alka-Seltzer radio announcements. To these millions, the relief obtained by the use of Alka-Seltzer is worth far more than the genuine enjoyment they get from the broadcasts.

The most important parts of our radio program, both to you and to us, are the commercial announcements. Once you have tried Alka-Seltzer we believe you will agree with us.

But try Alka-Seltzer because it is an unusually effective medicine not because you enjoy the radio programs.

WHY ALKA-SELTZER IS SO EFFECTIVE

The pain-relieving analgesic in Alka-Seltzer is in complete solution, ready to ease the distress as soon as you swallow it. The pain-relieving action is made more effective by alkaline buffers. The alkalinizing elements in Alka-Seltzer reduce excess stomach acidity.

Get Alka-Seltzer the next time you pass a drug store.

TOM ELLZEY IN CONGRESSIONAL CAMPAIGN

PERRYTON RANCHER ASKS FOR JONES' OFFICE

Tom V. Ellzey of Perryton, Ochiltree county rancher, also widely known through his work with youth through the famous L. Z. boys ranch, which operates eight weeks in the summer, is formally announcing his candidacy for congress to represent the 18th district and to succeed Marvin Jones.

For 15 years he has run a boys summer camp and has enabled many boys to get their first touch of ranch life, as well as give them a good influence.

Long an outstanding lay church leader, Ellzey has been primarily interested in conservation of youth. It was as a young man in Kiowa County, Okla., while he was president of a county Sunday school organization that he met the young woman who is Mrs. Ellzey today.

In order to devote his time to the congressional race Ellzey has turned the management of the ranch and of the boys camp this summer over to his son, Lawrence, who is also widely known in the Panhandle area.

Conservation of natural resources, conservation of soil and conservation of youth are planks in his platform. He has been ranching nearly a quarter of a

century in the Panhandle and feels that he is thoroughly competent to talk the language of the people of this section in congress.

Ellzey issued the following statement in connection with his candidacy:

"I was born in California and was reared in Texas. I came up the Chisholm trail as a little boy with my father from Limestone county to Greer county, then part of the Panhandle of Texas. When I was 14 years old I began to make my own way as a notion boy in a department store.

"Since then I have served as a cashier in the same firm, ridden the line and batched in a dugout on the Kiowa Indian Reservation, milked cows to pay for my board while at Polytechnic College, Ft. Worth, entered the real estate and banking business in Oklahoma, and was elected county treasurer of Kiowa County in 1905.

"I worked for the International Sunday School Association as secretary of the Louisiana and Alabama State Associations, and traveled the United States and Cuba extensively in following this work.

"I was with J. H. Heinz Co. for 5 years as director of the Growers' Service Department and as personal representative for J. H. Heinz in United States and Canada. While with the Heinz Co. I was sent to Washington to have a special appropriation included in the agricultural bill then before the House of Congress. I got the job done in three days.

"Upon the death of my brother I resigned from the Heinz Co. in order to take over the management of the L. Z. Ranch. On the way from Pittsburgh to the Panhandle I came through Washington and brought a message from the government to the Panhandle, urging the growers to produce more feed and food for the war.

"The Panhandle Cattlemen's Association organized a special commission for the promotion of Panhandle food and feed campaign. The commission was composed of Ben Masterson, Pat Landergin, Tom Coble, W. H. Fugua, Ed Brainard, J. D. Hamlin, Tom Moody and others, and I was made director and manager of this campaign, without salary. I served in this capacity until the close of the war.

"In 1918 I was sent to Washington to secure a \$50,000 loan for the wheat growers of Ochiltree county and secured the loan in one day.

"And in 1934 when the feed situation became so acute, I went to Washington with Jack Allen, now 84th district judge. We started in at Marvin Jones' office at 9:30 a. m. and by 6 o'clock that evening, the emergency feed committee in Washington had started loading 100 carloads of feed for the dust bowl of Texas.

"The feed for Ochiltree county arrived in Perryton before Allen and I returned. Thereafter, I rendered service whenever possible in building the present farm

and ranch program.

"The conservation of childhood and youth, the conservation of the soil, the grass and all other natural resources are fundamentals of an enduring civilization. The fear of God, the love of one's country, and the respect and concern for one's fellow man are as necessary today as they were when a little boy, busy at his father's carpenter bench in Nazareth, wrought out a yardstick, the Golden Rule, which is the only yardstick by which an individual can square his life. The same thing is fundamentally true of a home, a state, or a nation.

If we are going to use that yardstick, we are certainly obligated to provide security for old age with old age pensions. Shipping our boys to Europe to be fed to machine guns, bombs and cannon, is not conserving our youth, and the mothers and the fathers of the nation and of the world should be on their knees praying God to stay the horrors of war; but I believe that adequate means of defense and preparedness to the Nth degree are two of the major factors in keeping the United States out of war.

The New Deal has done more than any other program since the days of our Pilgrim Fathers to make possible the practice of the Golden Rule in everyday living. No one can deny that there are certain details of the New Deal program that should be modified and changed, but certainly it has saved the farmers and ranchers, and therefore all other forms of business interests, in the 18th Congressional District.

Marvin Jones, through the New Deal, has done more for the farming and ranching interests than any other man that has ever set in Congress.

No man can fill his place, but the need of the hour is to put a man in congress from this district who knows the farming and ranching business from actual experience; who has tailed up cows, worn out tractors, who, along with others, has kicked the wolf from the door with one foot and the sheriff with the other during these long years of drought and dust experience.

The world now faces one of the most critical and chaotic conditions that has ever existed in the history of our nation. No one dares prophesy what may happen in the next four years. For this reason it is imperative that we have as our representative a man who has had first hand experience in and personal knowledge of the various interests of this Panhandle country.

We do not want to send men to Congress who will take four to eight years to get ready to do their task. We need a man to go to Washington with the fear of God in his heart and courage to start to fight the day he arrives to hold what Marvin Jones has secured for the ranchers and farmers of this district.
