SCHOOL AND CITY ELECTIONS HERE SET FOR NEXT WEEK

NOT OVER TWO ARE EXPECTED IN SCHOOL RACE

FOLLOWING CITY VOTING BY FOUR DAYS, LACK OF INTEREST IS MAINTAINED

Following the city election by four days, balloting in the annual school board election Saturday, April 6, is expected to be no more spirited than usual. Only two names are now on the ticket and those two were drafted by friends who circulated a petition for their filing. They are incumbent O. C. Watson, president of the board, and Clyde J. Douglas who has been a member for several years. That any other candidates will enter the race is indeed very doubtful as no flare of interest has been fanned to date. As in the case of the city election, the polls will open at the City Hall, Saturday morning at 8 o'clock and close that afternoon at 7 o'clock. W. M. Patman will act as election judge.

HIGH SCHOOL BAND TO GIVE SPRING CONCERT MONDAY

PROGRAM TO BE GIVEN AT COLLEGE AUDITORIUM OPENING AT 7:30

The Clarendon High School band will play their annual spring concert at the College Auditorium Monday night at 7:30 o'clock, director Ray Robbins announced today.

Mrs. Alice Egan will be the piano accompanist. Solos will be played by Jimmy Douglas, Manly Bryan, Helen Porter, Billy Jack Shelly, Victor Smith, Raymond Johnson, Bacl Kirtley, Clyde Benton Douglas, Mary Williams and Lewis Chamberlain. A brass sextette arrangement will be given by John Burton King, Bacl Kirtley, C. D. Shelly, Lewis Chamberlain, Raymond Johnson and Thad Lyle. Band numbers on the program will be "Marilyn Waltz" and "Star March" by the junior band; "Fidelity March" "Traveler Overture," "Fon' Herats Serenade" and "Hero Overture" by the High School Band.

Negro Youth Runs Mile To Jail When Car Overtakes

A negro youth ran a mile to jail and was charged with driving without a license following an automobile accident north of Clarendon Friday afternoon at 5 o'clock.

The youth, Frank Smith, Jr., was jailed at his own request after the automobile he was driving locked bumpers with a car driven by C. H. Holland of Leila Lake as the Holland car was attempting to pass. The Smith auto turned turtle but Holland managed to keep his upright although he plowed through a fence and into a field.

The accident occurred about 5 o'clock on Highway 18, according to Sheriff Guy Pierce. Smith was accompanied by another colored boy, while a daughter-in-law and two children were in the Holland car.

Mrs. W. J. Van Eaton Critically Injured In Fall

Mrs. W. J. Van Eaton, elderly resident of Clarendon, was critically injured this week when she fell in the yard of her home in Southwest Clarendon.

She was rushed to the Adair Hospital where she is being treated for leg and shoulder fractures.

According to information, Mrs. Van Eaton was attempting to pick up a piece of paper, that had blown under a cedar tree, when she tripped on a stone. Her right leg and right shoulder were broken.

Dr. and Mrs. H. R. Beck were in Amarillo Monday afternoon.

Clarendon F. F. A. Takes Greatest Stride In Forward Movement For Bettering Donley County Stock

By STAFF WRITER

The greatest stride on the Clarendon FFA Chapter in their forward movement to better livestock conditions in Donley County came last week when 21 registered and high-grade animals were purchased as the boys organized a Jersey Cow Club.

Included in the purchase were four, 4-year-old cows, four, 2-year-old cows; three springer heifers, six heifer calves, and four bull calves.

The cattle were secured from E. F. Craig of Springtown and are indirect animals of the famous Walnut Creek Jersey Farm owned by the Hodgkins Dairy.

The Walnut Creek Jersey farm is one of the most highly bred Jersey farms in the entire south-west. J. L. Hodgkins, the owner, has imported a large number of cattle from Jersey Island in breeding up his foundation stock.

The sire of the cows, Sour-ette's Coronation, is an imported Jersey bull with both gold and silver medal records. The dams of each of the cows have been officially tested and each have both gold and silver medal records in production. The dam, Helen Jean of one of the cows, and a sister of another of those bought by the local boys, have

stood at the head of their classes at the State Fair and Fort Worth shows.

Buying animals were Pete Morrow, a four year old cow and heifer calf; Carl Morris, a four year old cow, a bull calf, and a two year old heifer; H. A. Harrison, four heifer calves and a two year old heifer; Lee Christie, a springer heifer; Frank Cannon a springer heifer; William and Charles Sullivan, two heifers, and a springer heifer.

J. R. Gillham and J. W. Sullivan spent Saturday afternoon and all day Sunday inspecting registered dairy herds and locating the cattle. Cap Morris, Walter Morrow, George Bullman, L. O. Christie, Richard Cannon, and H. A. Harrison made the trip to Springtown and Azle Monday to aid in the purchase of the cattle.

The local FFA chapter bought three registered Jersey bulls last fall and they feel that with the placing of twenty one head of registered Jerseys this week they are well on the way to forming an excellent foundation for Jersey cattle of higher quality in Donley County. A number of FFA youths and their fathers plan to attend the Hodgkins auction of over two hundred head of registered Jerseys at Azle on April 18th.

Mr. Studer's pictures and illuminating information gleaned in the excavation of apartment lodgings of early man in this region showed that apartments

of from three to eight hundred rooms were common along the Canadian river from Oklahoma to New Mexico, and that these big buildings were air conditioned in a very practical manner, attesting to the cunning and intelligence of those earliest inhabitants. Their tools and utensils unearthed in the excavations also bear witness of their skill and ability.

The speaker declared that this first civilization left this region from what was likely a severe and prolonged drought, since they were agriculturists, and no evidence of war or diseases scourage has been found.

Lion Caraway reported that the underprivileged school children's kitchen fund was overdrawn and invited donations to keep the project going for the remainder of the school year.

Lion Gillham made a brief report on the recent importation of pure-bred Jersey cows and males to Donley County.

Program Chairman Charles Lowry introduced his son, Sam, and J. C. Estlack, as visitors of the day.

The Easter Cantata, given last Sunday in the First Methodist Church by the choir of Clarendon and directed by Mrs. H. R. Beck was well attended by Clarendon and Donley County people with quite a few out-of-town music lovers.

The Chorus was composed of about thirty eight voices and the special numbers were given by Miss Mantie Graves, W. T. Hayter, Miss Anna Moores, Thomas Perkins, Mrs. Gladys D. Power, and Mrs. W. G. Word.

Not only do local music lovers pay tribute to the members of the chorus for their excellent rendition, but to Mrs. Beck who established herself as a director of superior ability and to Mrs. Rayburn Smith, organist, whose accompaniment of the work contributed so much to its success.

IMPROVES Mrs. John Molesworth is reported improved today after a week's critical illness. Mrs. Molesworth has been suffering with heart attacks.

Dr. and Mrs. H. R. Beck were in Amarillo Monday afternoon.

STUDER LECTURES LIONS ON AGELESS HISTORY OF AREA

ARCHEOLOGIST SHOWS PICTURES OF PANHANDLE'S EARLY CIVILIZATION AND ANIMALS

Clarendon Lions had the pleasure Tuesday at their weekly luncheon at the Clarendon Hotel to have as their guest, Hon. Floyd V. Studer of Amarillo, one of the truly noted archeologists and devotees of paleontology of the Southwest. One of the founders and patrons of the West Texas Museum at the State College at Canyon, Mr. Studer brought an illustrated lecture on the subject of prehistoric animals that roamed these plains many thousands of years ago, and prehistoric man that antedated the plains Indian by centuries.

Mr. Studer's pictures and illuminating information gleaned in the excavation of apartment lodgings of early man in this region showed that apartments

of from three to eight hundred rooms were common along the Canadian river from Oklahoma to New Mexico, and that these big buildings were air conditioned in a very practical manner, attesting to the cunning and intelligence of those earliest inhabitants. FUNERAL SERVICES HELD WEDNESDAY FOR MRS. SMITH

Former resident of Clarendon dies in Terrell this week. Never recovering from the tragic death of an 18-month-old daughter who drowned in a stock tank at their home east of Clarendon in 1906, Mrs. Jessie A. Smith, 78, died in Terrell this week after 34 years of mental anguish.

Funeral services were held at the Buntin Funeral Chapel Wednesday morning at 11 o'clock. The Rev. M. M. Miller, Presbyterian pastor, and Rev. J. Perry King, pastor of the First Baptist Church officiated.

Mrs. Smith was born in Round Rock, Texas, May 9, 1861. She was married to P. J. Smith in Arkansas where the couple lived until coming to Childress in 1901. In 1902 the Smiths moved to Donley County establishing a home eight miles east of town where they lived until 1918.

Mr. Smith died in 1935 and is buried in the Citizens Cemetery in Clarendon.

Survivors include five daughters, Edna and Ruby Smith and Mrs. M. E. Steele all of Vernon; Mrs. N. E. Arnn, of Arkansas, and Mrs. Ruth Etter of California; three sons, M. P. Smith of Edmond, Oklahoma, W. N. Smith of Carthage, Mo.

Funeral services for the funeral were Odor Caraway, W. W. Taylor, J. H. Hedrick, W. M. Patman, C. J. Teel and H. Brumley

ANNUAL FLOWER SHOW SET FOR APRIL 6TH

The annual flower show and plant exchange sponsored yearly by the Senior Les Beaux Arts Club will be held at the Club Rooms Saturday, April 6, it was announced this morning.

The show and exchange will open at 10 o'clock Saturday morning. Persons wishing to exchange flowers can do so by bringing a plant to the show which will be traded.

District Court In Light Session

District court remained light this week and Judge A. S. Moss heard only delinquent tax suits Monday. The civil docket is expected to be completed Friday.

COMMISSIONERS IN OFFICE ARE ONLY ONES IN RACE

DRAB ELECTION PROMISED AS ONLY TWO NAMES ARE FILED ON TICKETS

What promises to be the most uninteresting city election in many years is in the offing when Clarendon citizens will go to the polls next Tuesday to elect city commissioners for 1940-41.

Only a handful of votes is expected to be cast as not one nurner of political talk has been heard.

Incumbent commissioners Frank Bourland and J. T. Patman will, of course, be re-elected for another term as their two names are the only ones that will grace the ballot. Should additional candidates now enter the ring, they would have to be written as the deadline for filing for office has already passed.

The polls will open at eight o'clock Tuesday morning and close at seven that afternoon. Balloting will be in the City Hall with J. H. Hedrick as clerk.

SPRING BUILDING AND REMODELING CONTINUES

(EDITOR'S NOTE:- This is the second of a series of articles on civic improvements in Clarendon and Donley County. The News will greatly appreciate any information concerning building, repairing or remodeling here and in all parts of the county. No improvement is too small to be included in this series of stories.)

Spring building, remodeling and redecorating of Clarendon and Donley County homes continues at a rapid rate this week as several improvements were reported.

After clearing away old lumber from the old house, actual building will soon get underway on J. W. Kent modern five-room house on West Fourth St.

The Gene Herd home in the city is getting a remodeled interior this week while the B. F. McCracken home is receiving a new roof.

Besides the modern double garage being erected at the John Bass home, the back yard is being terraced to make a pleasure spot this summer.

Painting, papering, re-roofing and general remodeling is still going forward on the recently purchased S. E. Bell home. The U. J. Boston residence in southwest Clarendon now wears a new coat of white paint with roof and trimmings in green. Mrs. Mollie Gray is repairing and repainting a rear fence.

The farm home of Mr. and Mrs. J. A. Meaders is also being painted and new wallpaper will be laid in the living room. Exterior and interior remodeling is being conducted.

Another farm home that is being improved is the one recently purchased by Sam Roberts in the Sunnyview area.

Plans Submitted For \$20,390 Rock Wall Around Football Field

Plans were submitted Tuesday to the district WPA office in Amarillo for a \$20,390 rock wall project to circle the athletic field of Clarendon High School.

While the Clarendon Independent School district was official named as sponsors, actual cash expenditures will be made by the Broncho Booster Club, it was learned.

Plans for the wall call for native redstone laid nine feet high and 1,020 cubic yards in length. The foundation will be eighteen inches thick with the wall proper 15 inches thick.

The sponsors cost will total around \$5,138. This figure will be allocated to truck and hauling, \$2,537; tractor and grader work, \$320; stone, etc., \$731; non labor cost, \$1,050 and professional labor, \$500.

The government expenditure, as per the project blue prints, totaled \$15,352. Broken up into classes the figure represents \$1,667 for material; \$195, non labor (such as safety measures and incidental overhead) labor \$13,390.

Allen Bryan and C. J. Douglas, members of the school board and booster club and Mayor T. F. Connally and city commissioner J. T. Patman, submitted the project to the Amarillo office Tuesday.

The Clarendon Broncho Booster club was organized two years ago after athletics had dropped to the lowest level in the school's history. The business men of Clarendon met with school officials to form the club and the board of education agreed to employ a coach while members of the club agreed to contribute monthly sums to maintain the playing field and purchase equipment.

In two short years the field has been changed from a hard-packed sandbur surface field to a finely turfed gridiron. The local football team also finished the 1939 season with the best record of any eleven in the district.

During 1939 club members put into the fund a little over \$500. This money was used to keep the field watered, grass cut and other things. In return businessmen are not asked for donations or purchases of advertising on athletic programs.

Many From Here Attend Legion Meeting

Many Legionnaires and their wives of Clarendon attended the regular monthly meeting of the 18th District American Legion held in Wellington, Wednesday night.

Dr. O. E. Herndon manager of the Veterans' hospital in Amarillo was the principal speaker. Dr. Herndon explained for World War veterans.

A dinner and business session was held followed by a dance.

W. C. Larimer had his mother, Mrs. W. A. Larimer, his sister, Doris and his brother, Harold, all of Denton, here for the Easter holidays.

ONLY 880 AUTOS REGISTERED FOR 1940 NUMBERS

TAX COLLECTORS GET READY FOR RUSH AS DEADLINE NEARS

Only 880 automobile license plates for 1940 had been sold by last night and tax collector clerks were clearing the deck for the last minute buyer which will jam the office next week.

New tags must be on all motor vehicles by April 1 to avoid penalty payments, which means that approximately 800 automobiles and trucks must be registered within the next three days.

In order to avoid unnecessary delay, tax collector Jess Adamson asks that all persons registering cars bring 1939 receipts. This year's figure of 880 vehicles includes 735 passenger tags, 60 commercial plates and 85 farm numbers. By April 1, 1939, 1,210 passenger, 118 commercial and 175 farm tags had been issued, for a total of 1,503.

Former Resident Of Hedley Dies In Amarillo

AMARILLO, March 27. —Mrs. Frances Bell Christie, 43, former resident of Hedley, died in an Amarillo ambulance Tuesday afternoon while en route to a local hospital. She had been ill for some time and became suddenly worse.

The Christie family moved to Amarillo from Hedley about nine months ago. Mr. Christie has been farming at Hedley.

Survivors besides the husband are two daughters, Mrs. J. W. Young, Mrs. L. M. Brazier, Mary Frances, Sara and Florence Christie, all of Amarillo; the step father, Bob Watson of Hedley; and a cousin, Edward Watson of Amarillo.

102-Year-Old Civil War Vet Celebrates Birthday Saturday

T. L. Lovelace, member of the Donley County Old Settlers association but who now lives with relatives in McLean, celebrated his 102nd birthday Saturday with an all-day religious service at the McLean Nazarene Church.

The special services, conducted by Rev. W. S. James of Wellington, is the usual celebration which this community holds each year to honor its oldest citizen.

Mr. Lovelace is still very active despite his years and recalls vividly Civil War days when he and a brother fought for the North while his father and a brother served the South's cause.

SOCIAL SECURITY MAN WARNS OF VIOLATIONS

Several Clarendon business firms are not complying with the Social Security regulations and are subject to federal penalties, J. H. Strickland of the government's Amarillo office said here Tuesday.

Following the statement, the federal agent said he would be in Clarendon on April 23, May 28, and June 25, and anyone willing to iron out social security problems should get in touch with him at the Chamber of Commerce office. The hours will be from 2 to 3 o'clock in the afternoon.

Strickland handles claims for old-age and survivors insurance, applications for social security account numbers, applications for employer identification numbers and wage discrepancy cases. He will be available to furnish information on any phase of the program, he stated.

State Candidates Feature Program At Young Dems. Banquet Tuesday

Donley County and Clarendon citizens will have an opportunity to meet and talk personally with many of the state candidates Tuesday night when the Young Democrats hold their banquet at the First Christian Church at 8 o'clock.

Heading the list of featured speakers will be Pierce Brooks, President of the Texas Safety Council and runoff candidate with Coke Stevenson for Lieutenant Governor in 1938.

Gene Worley, state representative from this district, will be the other chief speaker of the occasion. Senator Clint Small, Curtis C. Douglas, candidate for state senator; District Attorney John Denver; Elgar Roberson, candidate for district attorney; District Judge A. S.

Moss, have all indicated they will attend.

All county candidates have been mailed special invitations and every citizen of Donley county who is interested in his government is invited to attend.

While Brooks in his speech will probably stress safety measures for state highways (both he and Worley are expected to give their views on the social security situation, the 7,000 pound load limit law for trucks and other governmental items of interest.

Tickets for the banquet will go on sale Friday afternoon, March 29, and will be available at Norwood's Pharmacy and Douglas & Goldston Drug store. Lawrence Neece, John Knorrp, Dick Cooke, T. H. Stewart, S. M. Payne and J. R. Gillham will be in charge of the sales.

TOP SCIENTIST CHAMPIONS RELIGION

Dr. Arthur Compton, world-famed scientist and Nobel prize winner, noted University of Chicago cosmic ray authority delivered an address in Dallas in which he declared that religion is vital to a free society, and human progress.

More and more every year scientists are coming into a positive personal belief and defense of the Christian religion, displacing that sneering attitude that many highly (or over) educated men have boasted in the decades of the last and present centuries.

Today, one of the most powerful signs of the gains of religion in the world, is the open declaration and championship of such recognized scientific intellects as Dr. Compton.

WELL-KNOWN PANHANDLE EDITORS IN THE WEEKS NEWS

Within the past two weeks two well-known Panhandle newspaper men were in the daily news stories, when Editor Dave Warren of Panhandle gained control of a bank in Borger, and T. E. Johnson, former Amarillo publisher, bought and assumed control of the Pampa Press.

Ripley will probably feature Warren's achievement in "Believe, It or Not", and in the meantime all Panhandle newspaperdom join in good wishes for both of these able scribes.

INDUSTRY ON THE MARCH TO TEXAS

During 1939, a total of 289 new manufacturing plants located in Texas.

Included were factories manufacturing paper, airplanes, machinery, petroleum products, foods, and many other types of goods for local, state, or national distribution.

Manufacturing industries in Texas employed 130,247 workers in January of this year.

The estimated payroll per week was \$2,580,844 which was 7.6 percent higher than January a year ago.

MAN WANTED

Wanted—A man for hard work and rapid promotion who can find things to be done without the help of a manager and three assistants.

A man who is neat in appearance and does not sulk for an hour's overtime in emergencies.

A man who listens carefully when he is spoken to and asks only enough questions to insure carrying out instructions.

A man who moves quickly and makes little noise.

A man who looks you straight in the eye and tells the truth.

A man who is cheerful, courteous to everyone, and determined to "make good."—The Shield.

MY VOTE AND WOMEN DRINKING

One thing is easy to remember: When women did not drink. Now that we have regulation the increase of women who drink is known by everybody. There are more who drink at parties, more who drink on dining cars, more in road houses. Their number is increasing. All know it and all candid people admit it. It is the result of wet votes putting liquor on sale where that sort of votes are in the majority. One thing does it—voting wet. My vote shall not produce women drinkers. Others may use their ballots for that purpose, but I will not, either in a precinct, county, or the state. I just will not use that kind of a ballot.—The Crusader.

SUPER CONFIDENCE

A factor which works against the drinking driver is the supreme confidence which alcohol frequently gives him. He harbors the delusion that he is the perfect driver, while, in fact, his mind and muscles are far below their normal efficiency. His sense of proportion is gone, his judgment is warped, and his vision is impaired. Without mental and muscular coordination, he operates his car at excessive rates of speed, perhaps on the wrong side of the road, certainly violating all rules for safe driving, and leaving in his wake a trail of death and misery.—New York Department of Motor Vehicles.

GO TO CHURCH SUNDAY

By Frank Jensen, General Passenger Agent, Texas & Pacific Ry.

The Church is the main dining room for the hungry, thirsting spirit. Supplied from the exhaustless sources of its Founder, it is able perpetually to satisfy the souls of men, with its "honey out of the rock and the finest of the wheat." It is the "Home, Sweet Home" of the multitudes that are seeking the companionship and fellowship of the saintly ones of all the bygone and the present years, who have been and are gathering with holiest purposes and noblest desires.

It is the FINEST organization in existence for maintaining the integrity of moral values without which no home would be sacred nor any civilization secure. It keeps savory, fresh, clean, and sweet our visions of the higher virtues.

It has words of strength and power for every bewildered, discouraged life. It teaches us patience in tribulations, fortitude in the presence of afflictions, courage in the presence of uncertainties, and hope in the midst of our doubts and fears. It teaches us that though our burdens be heavy, we shall have grace sufficient. Its message is one of a great love that is forever wanting to wrap itself around the lonely, heart-broken, defeated life and woo it back to faith and trust and joy.

Its one sublime purpose is to be a blessing to all mankind. It enters into all the mighty experiences of our lives. It bends tenderly above our little ones as they awaken into our world. It teaches that "there is nothing on earth half so holy as the innocent heart of a child." It affords nurture and care and training through their years of habit-forming, outlining to them the sure and certain precepts upon which to build their characters which are to last throughout the ages. It bestows a benediction upon the contact of wedlock and adds a deep solemnity to the great obligations of the marriage vows. It opens its portals in the hours of our agony and sorrow, that fitting words may be spoken concerning our beloved as we give them back to the "Life of All Life."

It is peculiarly and uniquely the custodian and proclaimer of the most wonderful Book in the world, finds its divine birth and commission chronicled in these incomparable pages.

NOBODY'S BUSINESS

By JULIAN CAPERS JR.

AUSTIN — Although Albert Derden, Marlin legislator who led the fight against SJR 12 (the sales tax amendment O'Daniel supported) in the last Legislature, raised the curtain on the gubernatorial race this week, with his opening address at Washington-on-the-Brazos, there was every indication this will be a short, intensive campaign. Governor O'Daniel, naturally, will pace the campaign, and he has indicated he will not announce until a month or so before the primary election date. That, of course, is good political strategy for an "in."

Derden is an able, serious, intelligent young lawyer, well versed in legislative procedure, taxation, and with considerable natural talent for leadership. He enjoys the high regard of his fellow citizens in Falls County, and the respect of his legislative colleagues and Texas could go far and do worse in selecting a Governor. Derden's publicity during the tax fight was helpful, but he faces a rather large handicap, as a little-known candidate making his first state race.

Col. E. O. Thompson has indicated he will announce, but will delay his start until late April or May. Nothing further has been heard from Jerry Sadler since he told reporters he would run. Harry Hines is still making Chamber of Commerce speeches around the State, but has scheduled no campaign talks since his announcement.

The dogwood is blooming in East Texas.

Sensible Talk

Bernard J. Smith, research engineer of Fort Worth, speaking to a regional conference on citizenship in Dallas last week, said:

"We can't be national democrats and local panhandlers. Government is the sum total of democratic processes in the towns. Government cannot be wet nurse to us for every conceivable phase of our existence. That is what we have been demanding. We invited paternalism and if entrenched bureaucracy results ours is the blame. When we take the incubus of wet nursing our social habits, our economic existence, off the shoulders of Uncle Sam in Washington, then that gentleman will be in the best shape to attend to the business we have delegated to the Federal Government."

Some of these days, somebody is going to take the time and trouble to find out what it would actually cost a city to build a new city hall, or swimming pool, or pave its streets, if the city paid the cost, advertised for bids, let a contract to a private contractor who could do the job efficiently without red tape and silly rules emanating from a Washington Bureau. Then that cost is going to be compared with what it costs the other way, and these 40 and 50 and 60 percent Federal "grants", that "cost nothing", are going to be revealed in their true light. For 2,000 years, people have been getting about what they paid for in this world, and the rules have not been changed, not even by the WPA. You can't get something for nothing honestly, no matter who says you can.

Farley Comes To Texas
The announcement by James

There's No Place Like Home; 32,000 Killed There In 1939

COLLEGE STATION — The old gag that 'home is a dangerous place to be' is coming true. There were around 32,000 people killed through accidents in the home during 1939 — an increase of 2 per cent over 1938 totals.

Falls, with 17,000 deaths, were responsible for a biggest part of home accidents.

Slippery floors, small rugs, frayed rugs, and lack of hand rails on stairs were some of the things contributing to falls.

To prevent these falls, points out Mrs. Bernice Clayton, home improvement specialist of the Texas A. and M. Extension Service, floors should not be too highly polished; rugs should be mended; non-skid material should be placed under rugs.

She suggests a 'Fix-It' movement as a means of holding down the number of home accidents. Many of the needed repairs are those which homemakers, or their menfolks, can make she said.

"Jellie" McGowan, who is attending Texas A. & M., spent the holidays with his mother, Mrs. Claude McGowan.

Mr. and Mrs. Melton Eagle of Pampa visited her parents, here over the weekend.

A. Farley, postmaster general, Democratic national chairman, and Roosevelt's political brains, that he (Farley) is a candidate for the Democratic nomination for president, lends added interest to Farley's forthcoming visit to Texas, where he will attend the Postal convention at Marshall, visit Dallas, Hillsboro, College Station, Longview, Tyler and Marlin.

The political wisecracks here hold the following 'opinions, which may or may not be right: The announcement proves Roosevelt will not accept a third term nomination; there is no "break" between the President and Farley; Farley will not join up, as predicted with the Garner movement; that the rumors that he will, because he is being entertained in Texas by Gene Germany, State Democratic chairman, and Garner sponsor, are silly, because the State chairman is the only logical host for the National Chairman on a visit to Texas.

Gas Utilities Invisible Candidate In Campaign, Culberson Says

WACO, Feb. 13. — Even small Texas communities are not powerless against giant gas utility combines if they receive state protection gas consumers pay for, Railroad Commission candidate Olin Culberson told Central Texans this week.

"Few can afford expensive rate reduction fights, but the law requires the railroad commission to furnish expert assistance and a direct tax is collected for this protection, consumers have not received," Culberson said. "When elected I intend to carry on the fight for lower gas rates I made as chief of the commission's gas utilities division which saved millions for the towns affected," he added.

Culberson said his issue on gas rates had brought the invisible candidate — the gas utilities — into the campaign against abundant natural gas at the well and high rate charged for it at the burner tip," he charged. "I am glad to tell city officials and civic groups how to go about obtaining better rates for their communities."

Stressing the need for permanent stability of the oil industry, Culberson warned that Texas school children would be victimized unless sound and dependable policy replaces the "devious and vacillating broad regulation which has jeopardized income for school purposes and has undermined confidence of the public and industry alike."

"There is already authority to lower gas rates; to stabilize the jittery oil industry, and to help

with pressing transportation problems," he said, "but it has been lost in a bewildering maze of destructive uncertainty which I intend to eliminate when I am in office," Culberson said.

Additional Grant For N. Y. A. Work

AUSTIN, March 20. — Aubrey Williams, National Administrator, notified J. C. Kellam, State NYA Administrator, by wire that Texas had been allotted an additional \$25,000 for its Student Work Program this year. Kellam said these additional funds are now being made available to eligible institutions throughout the state.

Of the \$25,000, the State Administrator explained that \$15,000 would be added to \$677,458 original allotment for high schools, and the appropriations for colleges of \$741,770 would be boosted by \$10,000.

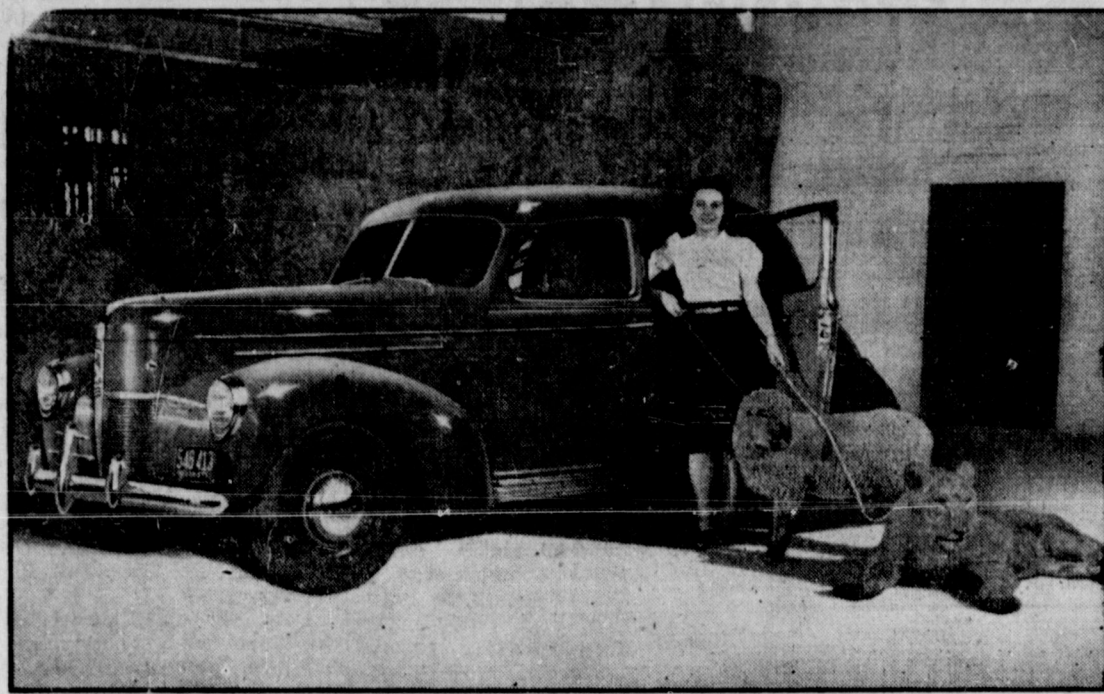

This will bring to 28,000 the number of NYA part-time jobs for Texas youth in 84 colleges and 2,522 high schools over the state for the school year 1939-1940.

Ed Foxhall of Memphis and C. L. Sloan of Estillene were Clarendon visitors last week.

Mrs. Frank White, Jr., visited her mother in Amarillo over the weekend.

Mr. T. E. Noel and Miss Joyce Sheets of Memphis were Clarendon visitors Sunday.

TOPICAL SCENE FOR MARCH.

March may come in like a lion and go out like a lamb—or vice versa, but with the Studebaker Climaticizer it makes little difference, says this young lady. This unusual photograph was taken at the winter quarters of Terrell Jacobs, world-famed animal trainer, who has accomplished the unusual feat of establishing friendship between a full-grown lion and a lamb. The car is a 1940 Studebaker Champion equipped with a Studebaker Climaticizer. This sensational heating, ventilating, defrosting and defogging unit makes any day as balmy and comfortable as the fairest day of spring. Even in the briskest March winds, Studebaker Champion passengers are equally comfortable in both front and rear compartments.

TREE PLANTING TO BE INCLUDED IN AAA PAYMENTS

\$7.50 PER ACRE ALLOWED
FOR WINDBREAKS OR
WOODLOTS, ON LAND

Trees may be planted for windbreaks or woodlots under the AAA program to earn all or any part of the Soil Building Allowance established for the farm, Lawrence Neece, FSA Secretary, said today.

When this Soil Building Allowance has been taken up in any manner, an additional \$30 may be earned by planting trees at the rate of \$7.50 per acre.

In this region trees must be planted so that a survival of 350 trees per acre at compliance time will be found. To be certain of obtaining this stand, it is advisable to plant approximately 450 trees per acre, at a spacing of not less than ten feet by ten feet.

Species recommended for planting in this county are: American elm, black locust, black and western walnut, bur oak, catalpa, juniper, Chinese elm, coffee tree, colutea, cottonwood, desert willow, green ash, hackberry, honey locust, jujube, lilac, mulberry, Osage - orange, persimmon, western yellow and Scotch pines, Russian olive, tamarix, vitex, and wild plum.

Maintaining a good stand by replanting will not qualify under this practice but may qualify under another practice at a lower rate of payment. No credit for planting trees will be given this practice when trees are planted under a cooperative agreement with the Prairie States Forestry Project.

DONLEY BENEFITS FROM DEFERRED GRAZING LISTED

The State Agricultural Conservation Committee at their last meeting approved certain practices under deferred grazing for Donley County under the 1940 Range Program.

Eradication of Shinoak and beargrass was approved at 50c per acre for infestation of 5 to 20 per cent; \$1.00 per acre for density of 21 to 40 per cent and \$2.00 per acre for density of 41 per cent or more. Eradication of cockle-burs using the above degrees of infestation was 50c, 75c and \$1.00 per acre. Piling of brush, rock or beargrass in washes was approved. The rates of pay and specifications are yet to be set by the County Committee.

Also on the approved list was elimination of Kangaroo rats and prairie dogs at a rate of 7 1-2 cents per acre.

For any ranch operator to be paid for carrying out these practices he must be deferring range land under the program and have approval of the County Committee for the practice he wishes to carry out.

Don Leary and J. W. Copage of Estillene were in Clarendon, Sunday evening.

Mr. Jake Webster of Memphis, Miss Bobbye Clark and Mrs. George Carter and children, George Clark and Mary Lynn, of Lubbock were in Clarendon Sunday afternoon.

President J. A. Hill announced the appointment after spending nearly a year seeking the best qualified man for the position.

"I believe we have found that man," Dr. Hill said. "I have seldom been as impressed by a young man and his recommendations."

Mr. Read is completing work for his Ph. D. degree at the University of Chicago. His dissertation is based on studies of vertebrates of the Permian redbeds near Seymour, Texas — a subject similar to that which will require much of his time here. His major subject is vertebrate paleontology, a field to which the Panhandle "diggings" are contributing finds of worldwide importance.

Beloved Songs In "Swanee River"

The best-loved songs of Stephen C. Foster, the great American troubadour, are heard in "Swanee River," the 20th Century-Fox Technicolor production, featuring Don Ameche, Andrea Leeds and Al Jolson at the Pastime Theatre on Saturday, March 30.

Ameche, who plays the composer, and Jolson, who plays E. P. Christy, minstrel king of that colorful day, sing several of the songs, and other melodies are rendered by the famous Hall Johnson Choir.

Among the number sung are "The Old Folks at Home" (Swanee River), "Old Black Joe," "My Old Kentucky Home," "Oh! Susanna!" "De Campdown Races," "Jeanie with the Light Brown Hair" and "Ring, Ring de Banjo." Also heard in the film are Foster's "Beautiful Dreamer" and "Soiree Polka."

So versatile was Foster that Ameche, already a splendid singer and accomplished pianist, had to learn to play the violin, to whistle with trills and to do a soft shoe-dance—and he also had to learn how to box!

Andrea Leeds plays Jane McDowell, the girl Foster loved and married and the inspiration for

CLARENDON MEN PARTICIPATE IN LOWER TAX MEET

WTCC DIRECTOR MULKEY
AND W. H. PATRICK

PAMPA, March 23 — The West Texas Chamber of Commerce fight to reduce taxation by control of public expenditures was explained to 50 representatives of 10 North Panhandle cities at a district meeting here Friday noon. C. A. Studer of Canadian, district director, presided.

The meeting followed a dinner given by the Pampa Chamber of Commerce at which Postmaster C. H. Walker, Pampa director, presided.

Judge James D. Hamlin of Farwell, chairman of the W. T. C. C. expenditures and taxation committee, presented the organization's proposal for organization of committees to work with city, county and school governing bodies in an effort to reduce expenditures. He urged every taxpayer to take an interest in budget hearings.

These committees are to be composed of leading tax payers who have no axes to grind. The committees will work through public officials.

Through services of a newly organized WTCC budget analysts staff, local committees may at a small cost have analytical reports prepared for their use in working with governing groups. It was explained by D. A. Bandoen, WTCC manager.

Wade Bryner, president of the Potter County Taxpayers Association, outlined the work that is being done in Amarillo and Potter County to reduce taxes there and urged other communities to follow suit.

Talks were also made by W. H. Patrick of Clarendon, J. E. Owens of Amarillo, Arthur Ross of Stratford, and H. M. Wiley of Wheeler.

Cities represented at the meeting included Amarillo, Canyon, Stratford, Dalhart, Borger, Canadian, Wellington, Wheeler, Clarendon, White Deer and Pampa.

The Pampa meeting was one of two held in the Panhandle-Plains area to discuss taxation. South Plains representatives met at Plainview Thursday, where H. S. Hillburn, past president of the WTCC presided.

DENSL DAVIS LEAVES CITY THIS WEEK

Densil Davis, for many years manager of the City Gas Company, left here this week for a prospecting trip as a preface to locating in some other Texas city. Since the change in ownership of the gas company, Mr. Davis has been here assisting the new manager, Fred Cook, and winding up affairs of the old ownership.

There is a bare possibility that Mr. Davis might become connected in a new business here, and his many friends are hoping that such an arrangement might be perfected, if he finds it to his interest; anyway, their best wishes go with him wherever he casts his lot.

BAGBY'S TRAVELOGUE AT F. F. A. PROGRAM

Approximately forty members formed an enthusiastic audience for the showing of a series of films made on a recent trip through the western states by Mr. and Mrs. George Bagby. The films were shown in technicolor and showed points of interest throughout New Mexico, Arizona, Utah, Idaho, Wyoming, and Colorado. The films were well arranged and were shown expertly by Mr. Bagby.

The greenhand officers presided at the meeting Tuesday night and a lengthy parliamentary drill was experienced by the young officers who were presiding for their first time. The group voted to have a committee set the time and make arrangements for a picnic at the Word Ranch. The committee has set the date for April 9.

Whatever interest might have been manifested was killed at the start when the performer bored everyone to death by telling how good he was and how many wonderful things he had done. He then took up a collection and returned, after hours of begging at different cars, with \$2 and a sour disposition. He said he felt cheated but he would go on and act. He also alleged that if he could get the building into the Pastime Theatre, which of course he couldn't, the crowd would pay \$2 each to see him act.

After too much more self indulgence, he climbed from window to window and talked and talked until he reached the roof where he defied death by being helped up with a heavy rope on

Had for a roommate from Amarillo to Clarendon the other night, Judge A. T. Cole, and was highly entertained by the long time jurist re-count of early days in Texas. The judge recalls clearly when Dallas and Fort Worth were but small villages and when his father hauled cotton by oxen sixty miles into Dallas for ginning.

While in Dallas, Cole reminisced, the head of the family bought 100 pounds of flour and 20 pounds of sugar for the year's supply.

The wagon in which the Cole family came to Texas, from Arkansas, was home made with the exception of the iron which was purchased from a mail order house. The trail was long and hard, but good oxen could travel five miles an hour, Cole declared.

Ending his tale, the judge said of the first scandal in the community came when a neighbor purchased some supplies on credit.

W. B. HAILE CELEBRATED 70TH BIRTHDAY SUN. WITH ALL CHILDREN PRESENT

Mr. W. B. Haile was honored Sunday on his seventieth birthday in the home of his daughter, Mrs. Clyde Martin, with a birthday dinner at which all of his children were present.

A large three tier birthday cake with seventy candles on it, centered the dining table that seated eighteen. After the dinner all the children presented Mr. Haile with a 1940 Chrysler which Mr. and Mrs. Haile are going to Detroit to get.

The children present were Mrs. Monroe Harrington of Rogers, Ark.; Mrs. Buel Gray of Borger; Wm. C. Haile, who flew from Venice, Calif.; Jim Haile of Lubbock; Mrs. Russ of Panhandle, Mrs. Clyde Holtzclaw of Amarillo, Meade Haile of Hereford; Mrs. Clyde Martin of Clarendon, and Byrum Haile of El Reno, Okla.

ASHTOLA NEEDLE CLUB MEETS MARCH 14

March 14 at 2 o'clock, Mary Swinburn and Cula McClellan were hostesses to the Ashtola Needle Club in the club room at the school house.

The Easter motif was carried out in the table decorations. Anna Tomlinson, president presided over the business session at which time a committee reported that arrangements had been made for a party for the husbands on March 22.

Arrangements were discussed for a play which will be presented by several of the members at the school house in the near future.

Sue Rhodes, program leader, gave a very interesting talk about Salt Lake City.

Charlotte Word reviewed a book about the Mormon which was both interesting and instructive.

During the social hour Polly-Anna gifts were exchanged. Refreshments were served to 20 members.

PATHFINDER CLUB

The Pathfinder Club met at the Club room Friday afternoon March 22. Mrs. Edd Dishman, president, was absent on account of illness, and Mrs. Bairfield, vice president, presided.

The club regretfully accepted the resignation of Mrs. Frank Heath who had moved away. Mrs. Oscar Thomas was elected to membership, and the name of Mrs. C. D. McDowell was placed on the waiting list.

A card of appreciation for the endorsement of the Club in her candidacy for Federation president was read from Mrs. J. L. Walker of Plainview.

A report of the Calendar Committee consisting of Mesdames C. B. Morris, T. H. Stewart, H. R. Beck, J. H. Howze, and C. E. Bairfield was read by Mrs. Morris.

Roll call, consisting of Health Hints, was conducted by Mrs. T. H. Stewart.

The program was on the "Restoration of Williamsburg." Mrs. Ellis gave "The Colonial History of Williamsburg," and Mrs. Gray followed with "Inside a Colonial House in Old Williamsburg." The leader, Mrs. C. A. Burton, gave "Williamsburg Restored," and Mrs. Frank Brown closed the program with a short story, "Resatation", a story of Williamsburg.

The program brought out the fact that John D. Rockefeller, Jr., had spent between fifteen and twenty million dollars in restoring Old Williamsburg, Virginia's Colonial Capital, during the past thirteen years — that 80,000 people had visited there in one year, enchanted by the quaintness and charm of the past so faithfully reproduced.

The hostesses, Mrs. H. T. Burton and Miss Eula Joyce Burleson, served twenty-two members.

Miss Jessie Ingram of Amarillo spent the Easter Holidays here with her mother, Mrs. C. B. Ingram, who has just returned from an extended visit with another daughter at Denton.

EASTER EGG HUNT HONORS RICHARD VAN KENNEDY

Little Richard Van Kennedy was host to a number of his friends last Thursday afternoon at an Easter Egg Hunt given for him by his mother Mrs. Van Kennedy.

The children met for the hunt at the Kennedy home and played games until all had arrived. They then went to the hill south of Jr. High for the hunt.

After the hunt they were served refreshments in the park by Mrs. Kennedy, assisted by Mrs. Bill Sasser. There were about sixteen present.

VERA MAY BARKER AND C. B. NOBLE WED

Miss Vera May Barker of Lella Lake became the bride of Mr. C. B. Noble of Lella Lake Sunday morning, March 24, at nine o'clock in the parsonage of the Methodist Church with Rev. H. C. Gordon officiating.

The couple was attended by Miss Mildred Barker, Mr. Willard Sneed and Mr. and Mrs. Doyce Graham.

MOTHER'S STUDY CLUB MEETS TUESDAY

The Mother's Study Club met in the Club Room Tuesday afternoon, March 26 with Mrs. Frank Hommel, Mrs. Jack Molesworth, and Mrs. Alfred Estlack as hostesses.

Mrs. J. E. Burch presided over the business session during which nothing of importance was discussed.

Mrs. Ernest Hunt had charge of the program and spoke on "Are You Training Your Child To Be Happy." Mrs. Walter Clifford gave a talk on "Stand Behind Your Child" and little Alma Louise Murphy gave a reading.

A salad course was served to two guests, Mrs. Elmer Palmer and Mrs. W. G. Norris of San Angelo, California, and members, Mesdames Byron Armstrong, Frances Brown, Regan Bryon, Alvis Burch, Walter Clifford, Clyde Douglas, Ernest Hunt, Walter Lowe, Tom Murphy, George Norwood, Bill Patman, W. A. Riley, B. F. Wadsworth, H. T. Warner, W. C. McDonald and the hostesses.

Bond Papers at The News.

MRS. ANDERSON ENTERTAINS WINDY VALLEY CLUB

The Windy Valley Club met in the home of Mrs. Cap Anderson, Wednesday afternoon, March 20. Much of the afternoon was spent in quilting.

Lovely refreshments were served to Mrs. Dalton Swinney, Mrs. E. D. Wilmeth, Vera Barker, Jo Nell Stagner, Mrs. Theo Noble, Mrs. John Swinney, Mrs. Henry Parker, Mrs. Crome, Mrs. Waddell, Mrs. Hogard, Mrs. Earl Cole, Mrs. I. M. Noble, Mrs. Henry Riffle, Mrs. W. F. Barker, Mrs. Read, Mrs. Carl Barker, and hostess, Mrs. Cap Anderson.

BIRTHDAY PARTY HONORS BILLY MARVIN LAND

Billie Marvin Land was honored by his mother and grandmother, Mrs. Marvin Land and Mrs. W. A. Lane, at Mrs. Lane's home March 20 with a party on occasion of his eleventh birthday.

The party was in the form of an Easter egg hunt after which the children played other games and Ada Sue Smith, Guida Merle Miller, and Patty Molesworth entertained with the children numbers on the piano.

Refreshments were served in the Easter motif to Elise Norwood, Ada Sue Smith, Dorothy Jean Tatum, Guida Merle Miller, Mary Ann Brownley, Patty Molesworth, Manly Bryan, James Wesley Palmer, Jimmy Douglas, Leroy Butler, Max Keys, Tom Goodner, Gene Gordon, Billie Oiler, and Marvin Land.

THE FRIENDSHIP CLUB HAS REGULAR MEETING TUESDAY

The Friendship Club met Tuesday afternoon March 26 in the home of Mrs. Ralph Andis with Mrs. Eva Ballew as hostess.

The club president, Mrs. C. R. Skinner opened the meeting with "The Lord's Prayer," and Ailene Skinner closed the meeting with a prayer.

The social hour was spent in fancy work and conversation after which refreshments were served to three guests, Mrs. Ralph Keys, Mrs. Ben Andis and Mrs. Ralph Andis, and nine members, Mesdames L. Ballew, J. D. Stocking, J. E. Mongole, Glen Williams, Claude Lindsey, H. Tyree, C. R. Skinner, Ailene Skinner and the hostess, Mrs. Eva Ballew.

Dorothea Watson of Lubbock spent the Easter holidays here with her parents Mr. and Mrs. O. C. Watson.

Miss Jo Ellen Kennedy arrived Wednesday night from Norman, Oklahoma where she is a student in the University to visit her mother, Mrs. Ruth Kennedy, during Easter holidays.

Dr. J. D. Sandefer, Hardin-Simmons President, Died At Abilene Home

NATIONALLY KNOWN EDUCATOR AND MORAL LEADER WELL KNOWN IN CLARENDON — SPOKE HERE MANY TIMES

ABILENE, Texas, March 22.—Dr. Jefferson Davis Sandefer, 72, nationally known educator and president of Hardin-Simmons University for the last thirty one years, died at his campus home here Friday.

Dr. Sandefer, known affectionately as Prexy to thousands of alumni and students of the forty-nine year old West Texas institution, had been president of Hardin-Simmons since 1909. Death, attributed to a malignancy, prevented Dr. Sandefer from realizing a major aim, that of taking a leading part in the University's semicentennial celebration in 1941 and 1942.

Half Century as Educator.

Dr. Sandefer was an educator for a half century. He was born and reared in humble surroundings at Nubbin Ridge, Peckerwood Creek, in Sharp County, Arkansas, to Mr. and Mrs. Samuel B. Sandefer, on March 13, 1868. His father was an ex-soldier of the Confederacy and a Baptist deacon.

Jefferson Davis Sandefer, at the age of 8, moved with his parents to a Texas quarter-section farm near Whitt, close to the line of Parker and Palo Pinto Counties.

By attending country school about four months a year, he completed what now would be called the fifth grade. From this school he went to Parker Institute, four miles away, at 18, to take a Bachelor of Arts degree six years later.

After graduation from Parker

Institute, young Sandefer taught his first school in the same log school room on his father's farm at a salary of \$40 a month. College President at 26

He was soon promoted, however, and at the age of 26 became president of Strawn College.

In 1890, Dr. Sandefer and Miss Lucille Gilbert of Nashville, Tenn., who had been expression

DR. J. D. SANDEFER

and art teacher in Parker Institute when he was a senior there, were married. Mrs. Sandefer is at present state vice-regent of the Daughters of the American Revolution.

In 1907, he was named superintendent of schools at Stephenville, and was elected president of John Tarleton in 1908.

In the meantime Dr. Sandefer

continued his education, attending the University of Texas and the University of Chicago at Summer sessions.

In the summer of 1909 Dr. Sandefer was elected president of what was then Simmons College.

Moulded College's Growth
During Dr. Sandefer's presidency at Hardin-Simmons, the physical plant has increased three to fourteen buildings and is valued at \$1,000,000. The endowment has grown to exceed \$1,500,000.

President Sandefer was widely known as a public speaker. He was an outstanding exponent of temperance—and prohibition—in education.

Active in the lay work of the Baptist Church, Dr. Sandefer was a former head of the Texas Baptist Convention. In the mid-twenties, when the Legislature passed the law creating Texas Technological College, Gov. Pat Neff offered the presidency, but he chose to remain at Hardin-Simmons.

Dean of Texas Presidents

Dr. Sandefer, on whom Baylor University conferred an honorary degree in 1917, became the dean of senior college heads in Texas in point of continuous service, with the retirement of Dr. H. F. Estill, president of Sam Houston State Teachers College, Huntsville, three years ago.

Survivors include four children, J. D. Sandefer, Jr., Brackenridge oilman and recently named to the state park board; Mrs. E. T. Compere, Abilene; Mrs. Stanley Walker, wife of the New York newspaperman, and G. B. Sandefer, manager of athletics and the Cowboy band at Hardin-Simmons.

Neil Wright was in Lubbock on business over the week-end.

Mr. and Mrs. C. C. Hodges of Memphis were here Friday.

SCHOOL SPIRIT AT C. J. C.

By Jimmy Thompson
 Colleges and universities are
 the most democratic institutions
 to be found in the United States
 today. We, as Americans, think
 of democracy as the right to do
 as we please in thought, writing,
 and action. Nowhere will you
 find this idea more nearly per-
 fected than in American col-
 leges.

Our own CJC is no exception
 to this rule. The students of
 CJC present a true cross-section
 of college life. They are not
 above average; they have prob-
 lems which must be met and
 ironed out just as any other
 group does.

The students of CJC do not
 always agree and are sometimes
 divided with respect to their
 ideas on leadership, entertain-
 ment, and other school activity.
 However individuals in CJC do
 not side with one faction or
 another because of personal feel-
 ings, but rather with the side
 which more nearly expresses
 their ideas of right. When dif-
 ficulties are smoothed over, the
 students once again become one
 homogeneous group. This is de-
 mocracy!

Another thing which express-
 es a democratic spirit at CJC
 is the attitude of the faculty. In
 student differences they do not
 take sides and faction, as the
 other but assume a neutral and
 impartial viewpoint. This makes
 for a more agreeable relation-
 ship between student and the
 faculty.

True democracy comes not
 from the expression of individ-
 ual liberty, but in sacrificing that
 individual liberty in order that
 we may acquire collective lib-
 erty—a rule of the majority.
 Let's help make CJC more
 democratic by each individual do-
 ing his part to promote our
 school, and its democratic prin-
 ciples.

ON TO CARLSBAD

This week still finds the Col-
 lege students eager to do their
 part in planning the trip to
 Carlsbad Caverns, New Mexico. A
 real "College Spirit" was man-
 ifested last Saturday when the
 girls gave the food Bazaar. We
 made twelve dollars to use on
 our trip. To the West Texas Util-
 ity Company we extend our sin-
 cere appreciation for the use of
 their building, and also to the
 school patrons and teachers for
 their help.

We are planning another food
 Bazaar next Saturday March 30,
 and are asking for the help of
 the boys this time because they
 are as eager to help as the
 girls—besides, their mothers
 are pretty good cooks, too,
 they say! We will be glad to
 take orders for food any time
 this week; if you should like to
 phone in an order, just give it
 to any college student and it will
 be turned in, and will be filled
 Saturday.

More work—more play and
 pay and all for a lovely trip
 to Carlsbad!

How about your support for
 the College students?

SOPHOMORE PICNIC

After several class meetings,
 the sophomores decided to have
 a picnic to take the place of a
 party that was postponed. The
 picnic was at Troublesome Can-
 yon, the group left the school
 building on two trucks right
 after school.

The menu was planned and
 bought by a food committee and
 Mrs. Goodner. They did a good
 job of it. Thanks to everyone
 who helped.

Mr. and Mrs. Drennan, Mrs.
 Goodner, and Mr. Larimer were
 the chaperons. There was hiking
 —both before and after eating
 —and everyone had a good
 time. A few juniors and one se-
 nior went to make the old say-
 ing true—"the more the mer-
 rier."

 Anyone who wishes to join the
 "Y" Club is indeed welcomed.

BAND PLANS FOR CONTEST AT PLAINVIEW

Thursday, April the fourth,
 the annual band contest will begin.
 This year the contest is to be
 held at Plainview as it was last
 year. The band will leave Clare-
 ndon at eight thirty Friday morn-
 ing and will play in Plainview
 at two thirty at the City Audi-
 torium. This is the second year
 that the band has participated.

The solos cover a period of
 three days. There are seven solo-
 ists from here to play Thurs-
 day. They are Bacl Kirtley,
 Raymond Johnson, Manly Bryan,
 Jimmy Douglas, Victor Smith,
 Helen Porter, and Billy Jack
 Shelly. Playing Friday are Mary
 Williams, and Lewis Chamber-
 lain. On Saturday the brass sec-
 tion and Clyde Benton Douglas
 will play.

The solos and bands enter cer-
 tain divisions according to the
 number enrolled on the high
 school of that town. EE bands
 are bands which have been or-
 ganized less than one year. E
 bands are junior high bands. C
 bands are those with less than
 two hundred and fifty in high
 school. B bands are those with
 from two hundred and fifty to
 seven hundred and fifty enrolled.
 A bands are those with over
 seven hundred and fifty enrolled.

There are fifteen C bands en-
 tered in the contest this year—
 of which Clarendon is one.

Solos are classed by grade
 schools, junior high school, high
 school, and the national divi-
 sion. In this group the hardest
 music written is played. Lewis
 Chamberlain is the only one
 from Clarendon to enter this
 division.

Judges for the contest are:
 Wiley from Texas Technical Col-
 lege; Irons from Arlington, Tex-
 as; Calavan from Oklahoma City;
 Varnum from Oklahoma A. and
 M.; Carey from Phillips Univer-
 sity in Enid, Oklahoma; and
 Kunkel.

There will be some contestant
 or contestants playing from eight
 o'clock in the morning until late
 at night all during the three
 days of the contest. Each band
 participating must play a con-
 cert; play a piece they have ne-
 ver seen before; and march on
 the football field. Each of these
 must be given before one or
 more of the judges and they
 will be graded and criticized.

The grading is done in groups
 or divisions. The divisions are
 one, two, three, four, and five.
 The judges may give all first
 divisions or none.

FOUND IN THE PRESS CLUB BOX

I think it is very unnecessary
 to take up so much space in
 the Broncho Range for the pur-
 pose of naming all of the con-
 tributors. This space could be
 taken by some "gossip" which
 the students like best of all. We
 do not care who all of the con-
 tributors are, therefore, more
 publicity for something of im-
 portance could be put in that
 rather large space.

There were twenty five or
 more names in that part of the
 paper, which I think were very
 unimportant.

 loved Student of C. H. S.

SENIORS ENGLISH CLASSES GIVE PROGRAM

Miss Hall's three senior Eng-
 lish classes have been putting
 on skits as a part of the semes-
 ter's work. The skits were amus-
 ing, educational and interesting.
 Each section gave a skit.
 The most amusing skit was
 the one composed entirely of
 boys. The characters each read
 his stage directions which made
 the play even more amusing. Jr.
 Spier, Clarence Pipes, and Jack
 Rodgers were the beautiful prin-
 cesses; Dwayne Little, Millard
 Miller and Colie Huffman were
 the devoted queens; Weldon War-
 ren, Durward Mears, Carl Mor-
 ris were the handsome dukes;
 and the kings were Frank Can-
 non, Maschl Cole and Cleo Rus-
 sel.

Clarence Pipes deserves special
 mention for being the most tim-
 id and retiring of the princesses.
 Because of disorganized mech-
 anism, the curtains, played by
 two boys from each class, failed
 to function properly. They did
 prove, however, that curtains can
 talk.

OUR COMPLIMENTS TO:

L. B. Hartzog for his pleas-
 ing personality.
 Kitty Ruth Bailey on her
 swell voice.
 Roy Bulls ability to make
 dates for other boys.
 Leo's Heckman on her beau-
 tiful blonde hair.
 George Reeves for being so
 charming, but mean.
 Mariam Gordon for showing
 a special personality.
 Ruth Hamm's ability to be
 friendly to everyone.
 Millard Miller's usefulness
 since entering school here.

THE EASTER PARADE

Views of the Easter Parade re-
 vealed the following attractive
 costumes:
 Miss Mildred Phelps was wear-
 ing a rose skirt and white chif-
 fon blouse with black patent ac-
 cessories. Elmer Joe was very
 proud of her, he said.
 Lucille McWhorter was there
 in a peach sheer dress with black
 and peach accessories. Chick,
 I am sure you'll agree.
 Dorothy Rhodes seemed to
 please everyone's eye with her
 navy blue two piece suit. The
 dress was trimmed in white
 and she had black accessories.
 Yvonne Smith stayed home
 most of the day but when she
 did come out she was cute; she
 wore a fuschia and white dress
 made on the gone with the wind
 style. She had black accessories.
 June Melton was seen in her
 youthful frock. It was a navy
 blue sheer suit with a pink
 blouse. Her shoes and hat being
 blue.
 Viola Floy wore a powder
 blue dress with white trimmings.
 Her accessories were black and
 powder blue.
 Ruth Peden was present in a
 black satin dress trimmed in
 black lace. She had red acces-
 sories.
 Charlotte Ann Tombs was
 truly stunning in her teal blue
 skirt and white waist. She, too,
 had black accessories.
 A navy blue dress trimmed
 in white was worn by Marilyn
 Sawyer. She had a rose hat and
 black shoes. Stunning?—Yes!
 Oleta Marshall shined out in
 her medium green dress trimmed
 in black with black accessories.
 Madeline Kelly was definitely
 outstanding in her navy blue
 and white dress. Her accessories
 were also navy blue.
 Katrena Carlile was present
 in her lavender and white dress
 with which she had black ac-
 cessories.
 Margaret Fae wowed'em when
 she stepped out in her powder
 blue dress with white trimmings.
 Powder blue was the col-
 or of her accessories.
 Wanda Craft floored the
 crowd in her rose dress trim-
 med in dusty rose. She had dus-
 ty rose accessories.
 Pearl Derrick was in the pa-
 rade in her black and white ta-
 feta, her accessories were tan.
 A navy blue dress of military
 style was worn by Dorothy Jean

WORMS

By "Intelligentia"

The worm is a lower animal.
 It is called a lower animal for
 the same reason the birds are
 called the higher animals. Worms
 crawl on the ground; birds fly.
 The worm has two ends; anter-
 ior in front, and posterior be-
 hind. The space between is called
 the interior. The worm is an
 aid to the farmer because he
 (the worm, not the farmer)
 chews up the soil.

"The worm will turn," is a
 proverb and also a fact, for the
 worm is very flexible. It is very
 popular as food—with fish and
 birds. "The early bird catches
 the worm," is what the worm
 gets for being out so late the
 night before.

On rainy days, worms appear
 on the pavements. People step
 on them and slide with a bang.
 If a worm is cut in two, both
 ends shift off in different direc-
 tions to shift for themselves. I
 should not like to be either the
 person or the worm on a rainy
 day.

Worms are friends of men, but
 not of women.

WE WONDER

If Ida Mae really got jealous
 because Juanita rode from the
 Spanish picnic with Jack Gold-
 ston?
 What Doc Higgins reason was
 for not going on the Spanish
 picnic? Well, Betty John wasn't
 left alone, Clyde Peabody saw
 to that. Wow!
 If Geraldine Clayton really en-
 joyed the Sunday School party
 at Martin, Friday night? You
 know she was with Clyde Pea-
 body? 'Tis heard she did.
 Who wrote the "We Wonder"
 column last week? Could the
 writer be jealous of Anna Lynn?
 If Iva Ruth could be trying
 to make somebody jealous by
 trying to go with Clyde? Well—
 we don't think it'll work.
 What Jessie J. Tomlinson
 would do without Lamar Ste-
 wart?

What Marie Watkinson would
 do without Pete Miller?
 If Carroll really likes Marilyn
 Sawyer's dancing? Seems as
 though he does.
 If the Coaches really like to
 climb hills?
 If Margaret Wadsworth will
 ever grow up? It's hard to tell.
 If Roy Bulls still likes June?

FRED GIVES ADVICE

To begin the day at five in
 the morning is an art rather
 than a habit. I was told when
 I began my job that after a
 few months this thing of getting
 up early would be easy. If I
 could remember who told me
 this, it would give me a great
 satisfaction to look him straight
 in the eye and tell him that he
 if full of prunes. After two
 years of being a "paper boy," I
 find the hardest part of my job
 is getting up in the morning.
 Before you can get up you
 must first wake up. Since awak-
 ening at an early hour does not
 come natural with most peo-
 ple, an alarm clock is used—or
 even better two of them so there
 will be no slip-up. The clock
 should be placed across the
 room from the bed because if
 they can be reached without get-
 ting out of bed, you can, in grog-
 gy state of mind, shut off the
 alarm without really waking up.
 But if you set them across the
 room and must first stumble
 over a pair of shoes and stomp
 a toe on the chair before reach-
 ing the clocks, you are wide
 awake enough to know that it
 is time to get up.

Now that the alarms are
 shut off, the supreme tempta-
 tion is to get back in bed for
 just a few minutes. This is a
 physical impossibility, because
 the next thing you know you
 will be awakened by old Sol
 shining in your eyes, and you
 will be two hours late to work.
 If the morning is very cold, the
 "arizer," of course, thinks of
 lighting the stove. This is a
 mistake, for trying to get warm
 before you leave only prolongs
 that awfully tired feeling, which
 is quickly overcome by the cold
 air. Washing your face and
 hands in cold water also helps
 awaken your sleepy mind.

After dressing and going out-
 side, the only "hangover" you
 are aware of from getting up
 early is a queer feeling in the
 stomach. Although this feeling
 does not resemble the feeling
 of hunger, a hot cup of coffee
 is just the thing. But after you
 have succeeded in fully waking
 up, you find that you are in sort
 of a low mood. A fast swing
 number on the nickleodeon at
 the cafe where you drink the
 cup of coffee overcomes this last
 obstacle. Now nothing is in the
 way to hinder you from going
 to work in a cheerful, wide a-
 wake state of mind.

HELP STOMACH DIGEST FOOD

Without Laxatives—and You'll Eat
 Everything from Soup to Nuts
 The stomach should digest two pounds of food
 daily. When you eat heavy, greasy, coarse or
 rich foods or when you are nervous, hurried or
 chew poorly—your stomach often pours out too
 much fluid. Your food doesn't digest and you
 have gas, heartburn, nausea, pain or sour
 stomach. You feel sour, sick and upset all over.
 Doctors say never take a laxative for stomach
 pain. It is dangerous and foolish. It takes those
 little black tablets called Bull-ans for indigestion
 to make the excess stomach fluids harmless, relieve
 distress in no time and put you back on your
 feet. Bull-ans is so quick it is amazing and one
 package proves it. Ask for Bull-ans for indigestion.

How One Woman Lost 20 Pounds of FAT

Lost Her Prominent Hips
 Lost Her Double Chin
 Lost Her Sluggishness
 Gained a More Shapely Figure
 and the Increase in Physical Vigor
 and Vivaciousness Which So Often
 Comes With Excess Fat Reduction.
 Thousands of women are getting
 fat and losing their appeal just be-

Texas, Kansas, Oklahoma, Arizona Join New Mexico In Coronado Cuarto Centennial Celebrations In 1940

A plains-Indian slave plotting to lead Coronado to a trap four centuries ago caused the Spanish explorer to wander over the southwest.

Elaborate plans for a series of pageants already have been made by New Mexico, Texas and other states, over which the major part of Coronado's expeditions took place.

A tale of the fabulous "seven cities of Cibola" first started Coronado on his two-year journey, one of the most remarkable expeditions in the history of America.

Coronado, who was christened Francisco Vasquez de Coronado when he was born in Spain in 1500, accompanied Antonio de Mendoza to New Spain (Mexico) in 1535.

Married Royalty

The brilliant marriage to the daughter of Estrada, New Spain's royal treasurer, resulted in Coronado's becoming a Grandee. In 1539 he was appointed governor of the province of New Galicia.

Historians generally are vague concerning the exact details of the start of Coronado's explorations, but one of the more widely-accepted versions states that Alvar Nunez, Cabeza de Vaca, arrived in New Spain from an extraordinary journey from Florida in 1536 with strange stories of the existence of half-civilized tribes far to the north.

These tribes were reported to be living in populous cities and acquainted with the arts. They were said to possess large quantities of gold, silver and precious stones.

An expedition was sent out under Fray Marcos de Niza in 1539 to explore those regions. De Niza, apparently wishing to make his journey appear fruitful, strengthened the reports.

It was de Niza who first introduced the tales of the "even cities of Cibola."

Trip Cost Million

The Spanish crown, intent upon finding gold and expanding its new empire, lavished what might have been the equivalent of a million dollars of the venture.

The train marched up the en-

tire length of what now is the Mexican state of Sonora to the river Gila. Crossing this, Coronado penetrated to the little Colorado river which he named the "Rio de Lino" (River of Flax) because of flax observed growing there.

With part of his force, Coronado captured the fabulous "seven cities" which now are identified as the Suni Pueblos of New Mexico.

Coronado met his first great disappointment for the reputed great wealth was not there. Later the group was given new spirit by the tales of the plains Indian slave concerning "Quivira", described as "almost 300 leagues" to the northeast.

In April, 1541, Coronado started out for the reported treasures accompanied only by a few horsemen.

He found only a few settlements of Indians and no wealth in traversing the Texas Panhandle, Oklahoma, and Kansas.

The Indian slave later confessed the Pecos Indians had induced him to lure Coronado to his destruction with the tales of "Quivira." He was put to death for his deception.

Coronado Received Coldly
Coronado reached the Rio Grande again that October and in the spring of 1542 led his followers home. The priests remained, however, as missionaries in Cibola.

Disappointed in the lack of treasures, the Viceroy received Coronado coldly and accepted his "resignation" as governor of New Galicia. The explorer retired to his estates where he remained in obscurity until his death at the age of 45.

Yet, without the original purpose of the expedition having been realized, Coronado became noted after his death for:

The first trustworthy account of the Zuni Pueblos; the discovery of the Grand Canyon of Colorado; a vast increase of the nominal dominion of Spain; a notable addition to geographical knowledge of his time; the first description of the buffalo and their prairie habit, and the entrance of christianity into the explored regions.

FIRST OPEN HOUSE SET FOR APRIL 15 IN AMARILLO

AMARILLO. — Shades of Coronado — the first day of Amarillo Industrial Open House, April 15, 16, 17 will be colorful to say the least when 1,000 citizens of Guymon, Okla., invade this city to tell the world of their Pioneer Day celebration, May 1-2.

These 1,000 boosters will all be attired in pioneer regalia, long beards, colorful dresses and a spirit of the old west. They will arrive in Amarillo in time for the dedication ceremonies by Mayor Ross Rogers that will of-

ficially open the celebration.

Guymon's invasion is but one of the highlights of opening day that includes a golf tournament on the new municipal course, open house of all firms in Amarillo, and a dance and floor show at the Nat in the evening.

The second day, April 16, continues in riotous fun. The Remington Arms Co., trap and skeet shoot in the afternoon, theater matinee programs over the city, the dedication of the new additions to Northwest Texas Hospital, convention of the Panhandle Home Demonstration Clubs street shows, radio audition programs, and more dances at the Amarillo and Herring Hotels in the evening. Floor shows will be presented at the dances and vaudeville acts on the theatrical stages.

Ice Cream and Cheese Make Gains In Texas

AUSTIN, March 25. — Ice cream led Texas dairy production in February, making gain of 29 per cent over 1939 output, the University of Texas Bureau of Business Research reported here today.

The output for February was 486,000 gallons, 14 per cent above the normal February increase.

Butter slumped, however to 1,776,000 pounds, 14 per cent below the February 1939 figure. The normal decrease would have been 12 per cent.

Cheese factories turning out 1,036,000 pounds last month were 3.3 per cent ahead of their 1939 production, bureau statisticians estimated.

Mr. and Mrs. Bob Land of Memphis spent the weekend here with Mr. and Mrs. Odos Caraway.

The celebration, features a baseball game between St. Joseph Missouri, and the Amarillo Gold Sox in the afternoon, arrival of famous flyers in an aviation program, street shows and booster trip of Spearman including their 71 piece band and the glorious climax at municipal auditorium of a two hour musical comedy stage production, Panhandle Pep as only Dixie Dice can produce. From this stage the national coast-to-coast broadcast will originate to extol the virtues of this territory.

Open House is the way Amarillo industrial firms, such as manufacturers, wholesalers, jobbers and distributors, have in showing appreciation to their trade territory. All entertainment shows and dances are free to the out-of-town guests through out the entire three days.

HEALTH, CLEAN-UP AND SAFETY WEEK DATES ARE SET

GOVERNOR O'DANIEL URGES ALL LOCALITIES TO COOPERATE IN DRIVE

AUSTIN — The week of March 31 to April 7 has been set aside as Texas Health, Clean-up and Safety Week by proclamation of Governor W. O'Daniel.

Cities and towns will observe the week with special localized campaigns sponsored by local civic and governmental agencies in cooperation with the State Health Department, the State Fire Insurance Commission, and the Department of Public Safety, sponsors of the week on a state-wide basis.

Dr. George W. Cox, state health officer, points out that the accumulation of winter's debris is a menace to the health of adults and children, and everyone is urged to observe clean-up week by removing this health hazard from their premises. Removal of these wastes is not only good housekeeping, but lessens the spread of diseases, particularly those affecting infants.

Collection of waste matter and trash in and about the home provides a breeding place for flies, which help spread typhoid fever, dysentery, diarrhea, tuberculosis, anthrax and cholera. Flies breed, live, and feed in filth. To prevent their infestation, all refuse should be disposed of promptly, garbage kept covered in sanitary containers, houses screened. Since each area raises its own flies, the number of flies in any neighborhood is

an index to sanitary conditions therein.

Destruction of the breeding places of mosquitoes is an important part of cleanup week activities. Malaria, dengue, and yellow fever are spread by the malaria and tiger mosquito. They breed in standing water and can be checked by draining, ditching, or filling in such natural reservoirs which serve as breeding places. Further protection against mosquitoes is provided by weekly spraying of oil on standing water or stocking with surface minnows to eat the young mosquitoes, and by screening houses to prevent the entrance of insects.

Miss Madge Hall was in Oklahoma over the weekend visiting relatives.

Clarendon School Band To Enter District Contest At Plainview

By BAND WRITER

The Clarendon High School band will compete in the C division at the District High School Band contest in Plainview Thursday, April 4. Director Ray Robbins announced today.

With \$5,000 of uniforms and instruments the band is in the third year of organization and is expected to be near the top when honors are awarded for the tests.

In competition the local band will play "Fidelity March" by Buchtel and "Hero Overture," by Johnson.

This year ten soloists and a brass sextet will be entered from Clarendon. Those playing solos are Mary Williams, oboe; Lewis Chamberlain, trombone; Raymond Johnson, baritone; Bacl Kirtley, cornet; Victor Smith, bass; Jimmy Douglas, clarinet; Manly Bryan, clarinet; Billy Jack Shelley, French horn; Helen Porter, flute; Clyde Benton Douglas, flute. The brass sextet consists of Johnson, Kirtley, and John Burton King, Chamberlain, Thad Lyle, and C. D. Shelley.

Money for band activities, uniforms and instruments has largely been raised through the band parents organization.

Lewis Chamberlain is president of the band, John Burton King, vice president; Mary Williams, secretary - treasurer; and Clyde Douglas, reporter.

The high school band has forty-six members. This band consists of fifteen freshmen, eighteen sophomores, eight juniors, and five seniors. The twelve clarinetists are: Billy Mears, Billie Andis, Dan Boston, L. D. Lumsus, Geraldine Clayton, Betty Jo Caraway, Iva Ruth Gibbs, J. D. Campbell, Joe Williams, Marilyn Mayer, Jimmie Douglas, and Manly Bryan. Cornetists are: John Burton King, Bacl Kirtley, Clarence Pipes, Billy Douglas; oboe, Mary Williams; alto saxophone, Tommy Saye; tenor saxophone, Madeline Kelly; baritone saxophone, Nelda Sue Burton; and bass clarinet, Frankie Hommel. Trombone players are Lewis Chamberlain, Claude Hearne, James Earl Hott, and June Gibbs. Basses are Thad Lyle, Victor Smith, and Lee Shelley.

The French horn players are Billy Jack Shelley, G. D. Shelley, Neta Jane Cornell, and Louise Butler. Playing baritones are Raymond Johnson and Carl Morris; bass drum player, Bobby Skelton; snare drum, Ernest Thompson; bell lyre, Naomi Morris; tympani, Dorothy Ann Kennedy; twirlers are Margaret Wadsworth, Betty Ann Craft, and Pat Grady; and drum major, Annie Lee Porter.

The Midway Club met with Mrs. Bob Williams Thursday with only two absent members. The club enjoyed a lovely covered dish luncheon at noon. One quilt was finished. Polly Anna gifts were exchanged. At the business period Mrs. J. T. Sykes was added to the list as a new member. The next meeting will be with Mrs. Loyd Moreland, April 4.
