## Rodeo Plans Completed For Celebration

### BIGGEST EVENT IN HISTORY OF CITY IS SLATED

ATTRACTIVE PRIZES ARE EXPECTED TO DRAW MANY CONTESTANTS

Detailed plans for the greatest July 3rd and 4th rodeos in the history of Clarendon were completed here last Thursday by the rodeo committee consisting of Joe McMurry, John Blocker, John McClelland, W. J. Lewis, Jr., Lloyd Shelton, Homer Mudkey, George Norwood Clyde Douglas, and J. T. Patman.

The committee has arranged for many head of wild bucking horses, tough and elusive roping calves, and super-dangerous steers to be used in the big two-day rodeo, the big feature of Clarendon's Coronado Round-Up celebration.

Attractive prizes have also been posted to draw a flood of contestants here.

Prizes of \$25, \$15, and \$10 will be paid each afternoon to the three ranking individuals in calf roping. An entrance fee of \$2.50 will be charged.

Prizes of \$15, \$7.50 and \$5.00 will be paid in each of the break-away, bronc riding, and steer riding events. Entrance fee for each event will be \$2.

A saddle will be presented to the performer having the highest average time in the four roping events. A hat will be the prize to the cowboy ranking the highest in each of the bronc riding and steer riding events for the two days.

Hereford ranch cattle will be used in the roping events and Mexican steers for the steer riding.

Joe McMurry, John Blocker, and Loyd Shelton were named to do the judging. W. J. Lewis, Jr., and Loyd Johnson as pick-up men, L. B. Penick as one of the official timers; R. E. Drennan as announcer, Ross Knowles, Arlie Bernard, and Stobbs as chute helpers. The committee voted to ask Martin or Bill Thornberry to act as barrier jerkers for the roping events.

George Norwood and John McClelland will serve as arena directors. Johnson and Penick will take entries on the mornings of the events.

All entries must be paid by 11 a.m. on the morning preceding the contest.

### CITY'S ANNUAL GOLF PLAY TO OPEN NEXT WEEK

Clarendon golfers will cross niblicks next week for the playing of the 13th annual city golf tournament.

Qualifying rounds will open Sunday, June 9, over the rolling hills of the recently groomed Hillcroft course. The test rounds will be over the 18 hole route, match play of 18 holes will be held throughout the week with the finals set for Sunday, June 16.

The championship finals are billed for 36 holes with all other flights set at 18 holes each.

Heading the list of contenders is the perennial winner Ira Merchant who will be seeking his fourth consecutive title and his sixth crown in the thirteen years of the tourney.

Merchant, however, will be challenged by Billie Cooke, Texas Tech team member who lost to the champion in the 1939 finals; Alex Cooke, also member of the Texas Tech club, M. P. Gentry, two-times title holder, and the usual run of dark horses.

Mrs. Joe Wheat of Seymour is here visiting for a few days with friends and relatives.

Jean Teat, who is in nurses training in Dallas, is here for a few days visit with friends and relatives.

### Clarendon Gets .35 Inch Rain Tuesday Night

A hard rain, totaling but .35 inches, fell here Tuesday night about 9 o'clock.

Lasting but a short time, the rain was a hard one but was believed not to have caused any damage.

Last month's moisture totaled 1.79 inches compared with 2.04 in 1939 and 3.55 in 1938 during the same period.

### TWO CLARENDON YOUTHS INJURED IN CAR MISHAP

MARTI KELLY, K. DAVIS HURT IN HIGHWAY 287 CRASH NEAR HERE

Two Clarendon youths narrowly escaped death last Saturday night about 12 o'clock when the car in which they were riding collided with another car and overturned on Highway 287, about two and one half miles east of here.

Marti Kelly suffered a fractured skull and Kennedy Davis received deep cuts on the head and other bruises. Kelly was removed from the Adair hospital last night and taken to Dallas, presumably to undergo observation in the hospital there. Davis was released from the hospital Sunday.

The car in which the two boys were riding collided with a car occupied by the W. O. Reed family of Hestley. Both cars were going east at the time of the mishap, and one of them was evidently blinded by oncoming headlights, Deputy Sheriff Guy Wright stated.

Mr. and Mrs. Oscar Hay and Mrs. J. W. Miller from Willis, point Texas, visited over the week-end in the homes of their brothers, Bob and Haskell Hay.

### TEXAS' TYPICAL FAMILY RETURNS FROM NEW YORK

Home, tired, and still thrilled about it all, the D. E. Leathers family arrived home Saturday afternoon from their two-weeks trip to the New York World's Fair where they represented Texas as the Typical West Texas family.

"Glad to be back," was the first remark of Mr. Leathers who visited the News office early Monday morning.

Leathers rode into town horseback while the two Leathers children, Margaret Jean and Johnny, drove into town in the family car. Mrs. Leathers stayed home where she was catching up on her housework.

Mr. Leathers said that the title of the Typical American Family would not be decided until all the typical families of each state had visited the fair. Two families visit the fair each week, the Maine family having shared with the Leathers. After some thirty families, participating in the contest, have concluded their visit, the title winner will be announced. The No. 1 American Typical Family will receive a nice fat bankroll, a new \$3,500 home completely furnished and a new Ford car, Leathers said.

Mr. Leathers was more than pleased to find out that his crops had done extra well during his absence. "The recent rains have sure done wonders," he remarked.

### JOHN BLACKS MOVING TO AMARILLO

Mr. and Mrs. John Black, old time residents of Clarendon, will move to Amarillo in a day or two where they will make their home. Mr. Black will assume his new duties with a contractor there.

### The Chanters To Come Here June 12

Above is pictured the Chanters of McMurray College, Abilene, who will present a program here at the First Methodist church on Wednesday, June 12 at 8 p.m.

The choir, directed by Gypsy Ted Sullivan Wylie with accompanists Alleen Hardin and Joe Boyd, includes:

FIRST SOPRANOS — Hazel Grubbs, Evelyn Fudwiler, Sue Campbell, Olivia Eastus, Rosalie Grimes.

SECOND SOPRANO — Levada Raynes, Mildred Klingler, Patty Jean Price, Jean Scott.

FIRST ALTOS — Marian Marlin, Dorothea Merket, Beryl Talbot.

SECOND ALTOS — Lola Tate, Lucilee Grimes, Mary Grimes.

FIRST TENORS — J. H. Wheeler and J. C. Wilson.

SECOND TENORS — William Cantrell and Troy Wedzek.

BARITONES — Howard McCoy and Ted Longinoe.

BASSES — Rupert Phillips and Weldon Butler.

Questioned in regards to the trip itself, the pair related that they had seen the Natural Bridge in Virginia, stayed overnight in Washington where they saw the capital and important government buildings, ran into a hail storm, and passed 4,000 army tanks and trucks returning from the East Texas maneuvers.

At the end of the interview, Margaret Jean proudly exhibited her "City of Tomorrow" bracelet, given to her by H. D. Gibson. By peering through a small hole in the set of the bracelet, a picture of the city of tomorrow could be plainly seen. The bracelet, however, was only one of the many souvenirs and keepsakes brought back by the Leathers.

Included in their treasures were 18 rolls of exposed film, two portfolios of souvenir pictures, three boxes of keepsakes, a 21 page diary, and a fat book of autographs.

Advance tickets for the Coronado Entrada at the Top O' Texas Fiesta at Pampa, June 13, 14 and 15, went on sale in Clarendon today at the Douglas & Goldston Drug Store.

The advance tickets sell three for \$1. (Tickets at the gate cost 50 cents each.)

The Entrada will be presented during the three nights at 8:30 p.m.

Clarendon citizens are urged to take advantage of this advance ticket sale.

### Tax Collector's Books Found In Excellent Shape

The books in the office of Jess Adamson, county tax collector, were found to be in A.1 shape by two members of the State Comptrollers Office working here the past two days.

George F. Rainbolt and E. V. Johnson stated that they found the records of Adamson in excellent condition and very neat. Mr. Adamson's books, they commented, are among the very best they have audited to date.

Rainbolt and Johnson finished checking the records this morning.

### AMARILLOANS PRESENTED ON LIONS PROGRAM

CAL FARLEY'S SINGERS AND DANCERS PROVIDE ENTERTAINMENT HERE

One of those good old Cal Farley programs which provides plenty of entertainment for everyone was presented to the Lions Club at the regular luncheon meeting Tuesday.

I. D. Tolzien, one of Cal's right hand men, had charge of the program which consisted of numerous singing and dancing numbers by the Amarilloans.

Tolzien with his violin, accompanied by Vesta O'Dell at the piano, rendered the first selections.

Next on the program came the singing group, the Cal Farley Singers, and Marilyn Cornelius who sang four numbers, accompanied at the piano by Miss O'Dell.

Miss O'Dell followed up with two concert numbers, played on the piano. Jean and Marilyn appeared on the program singing "The Creaking Old Mill," and "Leavin' On the Old Top Rail." The presentation was concluded with the singing and dancing by the Ellis sisters, Anita Joe and Neva Nell, who were dressed in military style.

The highest praise that could be extended any citizen of his community was bestowed upon the Rev. J. Perry King and his family here Sunday evening in joint church services held at the Baptist Church.

The special tribute of appreciation was extended the Rev. King who began his seventh year as pastor of the Baptist Church last Sunday.

The Rev. E. W. Henshaw, pastor of the Episcopal Church, lauded both Mr. King and his family saying, "In many ways, Rev. King pastored the town of Clarendon. Upon his arrival here he took immediate steps to win not only members of his congregation but the whole community."

The Rev. J. C. Gordon, Methodist pastor, delivered the sermon from the text, Matt. 16:19, "And I will give thee the keys of the kingdom of heaven, and whatsoever thou shalt find on earth shall be found in heaven, and whatsoever thou shalt lose on earth thou shalt lose in heaven."

Prayer was offered by the Rev. G. T. Palmer, district superintendent of the Methodist Church.

During the hour long service a number of telegrams congratulating the Rev. and Mrs. King were read.

Betty Jo McKee left Wednesday to spend a few days in Portales and Clovis, New Mexico.

### CLARENDON F. F. A. CHAPTER IS FIRST IN 53 COUNTIES

LOCALS SCORE PERFECT 1300 TO WIN OVER SPUR RIVALS

The Clarendon F.F.A. chapter was visited and scored last Friday by O. T. Ryan, area supervisor of Vocational Agriculture, T. L. Leach, assistant supervisor, and W. A. King, vocational instructor. The local chapter scored a perfect 1300 points out of a possible 1300 to lead Spur, its nearest competitor in the 53 counties by 88 points.

The Clarendon winners will compete with the winners will compete with the winners of each of the other nine areas in the state for the honor of being the outstanding chapter in the state and for the privilege of representing Texas in the National F. F. A. contest.

The local chapter has many outstanding accomplishments for the year among which are the winning of \$100 for first place in the state F. F. A. swine production contest; first in the state milk judging contest for the second consecutive year; the winning of \$1945 cash premiums at fairs and shows on exhibits of project livestock; the sponsoring of three registered Jersey bull circles and six registered boar circles, all animals bought and owned by local chapter; every member owning one or more head of registered livestock; every member exhibited one or more head of livestock in fairs and shows; every member exhibited one or more head of livestock in fairs and shows; every member exhibited one or more head of livestock in fairs and shows.

## LOOKING BACK IS EASY

Millions listened to the President's speech recently—the one in which he asked for appropriations for armament and 50,000 airplanes—the majority of us mentally applauded the speech many times as it came over the ether waves in the President's forceful and clear style.

It is, in the majority of opinions, England and France, and partly the United States, who are to blame that the present war is in progress. It can be regarded as nothing short of criminal negligence that these countries, our own included, have sat idly by and watched Germany build the greatest war machine this or any other age has known for the very thing that she is attempting to do now.

There is not even the flimsy defense that no one knew what Germany was doing or what her plans were.

The whole world knew what Germany was doing, and knew exactly what her plans were. Her declaration of war, her invasion of the Rhineland, Poland, Denmark, and Norway was no surprise to anyone who does an occasional bit of real thinking.

If France, England, and the United States had announced to the world that they were opposed to wars of aggression and would oppose such wars being promoted by any nation and would have outlined a program of armament and trained men necessary to enforce their ideologies the present war would not now be in progress. China would not have been attacked by Japan, Ethiopia by Italy, Finland by Russia, Poland, Denmark and Norway by Germany.

It is true that such a program of armament would be costly but as costly it might be it would be less costly than the present war will be before it is finished, or even now.

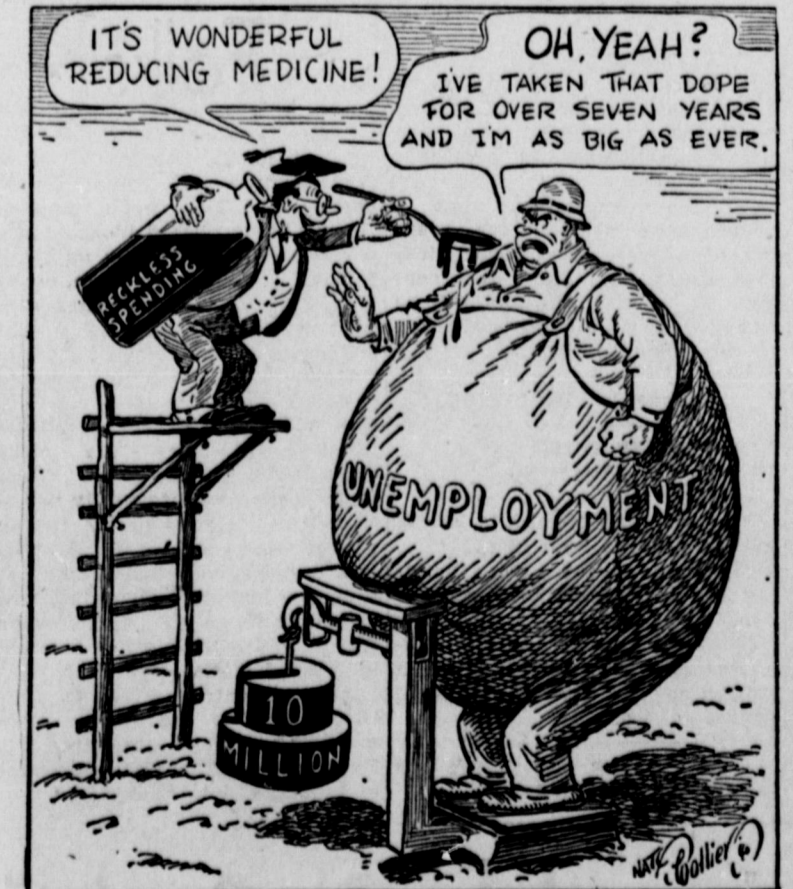

Like ostriches we have hidden our heads in the sand and have said since we don't want war to come—it isn't going to come. With England, France, and the United States committed to a program of world peace, world peace will not only be a probability but a possibility. Frankly, world peace will come in no other way on this world bility. Frankly, world peace will come in no other way on this world of ours until that day when the Kingdom of God shall finally come upon the earth.

At the risk of being charged with being a war monger and a propagandist, the intelligent individual will contend that all peace loving people of this earth have an obligation to maintain peace, an obligation which they can fail to assume only at the cost of the ultimate destruction of liberty and civilization.

## "BREAD, BEAUTY AND BROTHERHOOD"

"Life's supreme needs," said Edwin Markham, "are represented by three B's—Bread, Beauty, and Brotherhood"—Bread representing the material requirements of our physical existence, Beauty signifying all the rich heritage of the race in art and nature, music and drama, romance poetry, play and recreation, the wonders of nature, and all the amenities that ennoble life, while by Brotherhood Mr. Markham meant the fullest development of a spirit of comradeship, fellowship, and service to our fellows.

## SAME OLD "CURE"

## JUST HUMANS

By GENE CARR

An Example

## TEXAS ANTI-PARACHUTE CORPS

Down at Hereford, Texas the boys are preparing for Mr. Hitler and his parachute tactics.

Determined that no invader will ever drop parachute troops at Hereford and get away with it, two citizens are organizing anti-parachute corps.

The general public is invited to bring out their .22's and participate in the target practice in which some 1,000 gas-filled balloons are turned loose at the skeet shoot location.

Other Texas towns and cities would do well to follow Hereford by forming their own anti-parachute corps.

Should Mr. Hitler attempt to invade this country with his parachute troops, he most likely would try the back door, meaning Mexico.

With the invasion of Texas, Mr. Hitler would first seek control of the big oil refineries since petroleum is so imperative to his mechanized army. This means that parachute troops would attempt landings at Houston, Port Arthur, Amarillo, Borger and various other places where oil is refined and stored.

In this unpredictable world of today, nothing comes as a surprise. Let us not believe ourselves secure because we have a few thousand miles of water between us and Europe. Let us be prepared to the last ditch.

Clarendon itself, with its large air field would be an ideal place for Mr. Hitler to land troops for an invasion of Amarillo and Borger.

Think it over, and you'll be convinced that those Hereford boys are on the right track after all.

## A NEW KIND OF SKUNK

One of nature's finer gifts to mankind, and particularly to poultry raisers, is the skunk.

For skill at slaughter, we can think, offhand, of only one odoriferous beast that is more accomplished than this gentle little animal.

That, of course, is a Nazi—a beast found in large quantities in north Europe.

One can't be too sure that this new beast hasn't already a strong foothold in America—working disguised as "Fifth Columnists."

England and other countries in Europe which have not been officially invaded are working frantically to rid themselves of this deadly pest.

And we in America should be on our toes; we should take every precaution to prevent the "breeding" of this beast in our country.

Let us organize a "Sixth Columnists" and a seventh, eighth, ninth and so on if necessary to prevent this blood-sucking creature from multiplying in our country.

We don't mind polecats as long as they're the four-legged type. It's the two-legged skunks we have no use for.

What America needs besides the good old five cent cigar is lots of planes, tanks and machine guns, and the will and the way to prevent this Nazi beast from getting a deadly grip on the nation.

## VOTERS' TROUBLES

Over in Oklahoma, voters in the primaries will have a hard time deciding who is who—almost every state office has at least two candidates of the same name.

But even with this problem, the voters there will have little trouble in deciding who to vote for in comparison with the troubles of Texas voters concerning the governor's race.

For example, there is "Pappy" O'Daniel (who lost Leon) who voters can re-elect and hear another two years of Sunday morning radio programs; there is Jerry Sadler (who got Leon), who is noted for his snuff-dipping; there is Albert Derden, (who never had Leon), who has been helping make laws in the Legislature.

There is Harry Hines, who builds highways; there is Ma Ferguson, who jumps when Pa Ferguson yells; there is Ernest Thompson, who finally let "the people" make up his mind about what he wanted to run for; and, one can never tell, there may be still others before the race is over.

Oklahomans have trouble with names, we have trouble with the colorfulness of our candidates. Which had you rather have to do—decide on whether to vote for Will A. Rogers or William Rogers, or decide on whether to vote for radio programs, snuff, highways, or "what have you"?

According to Senator Lee of Oklahoma, every mouthful of bread the consumers of this country eat was raised by a farmer who lost money on it.

## NOBODY'S BUSINESS

AUSTIN—A short sharp "blitzkrieg" type of campaign, with surprises and rapid-fire developments during the last four or five weeks of the campaign, was the prospect in the race for Governor of Texas at the weekend.

Former Governor Dan Moody, in whose behalf a petition and the \$100 filing fee were filed with State Demo. Chairman Gene Germany, held the answer to one big campaign riddle as he declared he would decide within a few days, whether to let his name stand, or withdraw it. His Georgetown friends "drafted" him as a candidate. Moody has been flitting with the idea for weeks, but had about decided not to run. It is generally understood. Twice Governor, once victor of Mrs. Ferguson, the red-haired lawyer has built up a very lucrative law practice. He had retired definitely from politics, and but for the fact that he was outraged at the treatment accorded his life-long friend Claude Teer, member of the Board of Control who committed suicide last fall, by Gov. O'Daniel and his political henchman, would probably have never considered running for Governor again.

Teer's Death Irks Dan Moody, according to a well-authenticated story in Austin at the time, called on Gov. O'Daniel, with whom he had been quite friendly, during the time Teer was confined to a hospital suffering from a nervous breakdown. Moody accompanied Dr. Johnson, superintendent of the San Antonio State Hospital to the Governor's office and they asked O'Daniel to put at rest rumors then current that O'Daniel wanted to remove Teer from office, because his illness kept him away from his job for several weeks. O'Daniel, so the story goes, not only refused to reassure Teer, so that his recovery might be speeded, but insulted Johnson and Moody, and threatened to try to remove Teer from office by court action.

Moody, the story goes, replied hotly to the Governor, challenged him to go to court, on the removal of Teer, and left the office in high dudgeon. Two days later, hounded by political hangers-on sent by O'Daniel to San Antonio "interview" him, Teer, with his mental balance upset by worry took his own life. Moody, according to his friends, has been extremely bitter toward O'Daniel ever since, and if he decides to run for Governor, this feeling, coupled with a belief that somebody ought to make a sacrifice to defeat the flour salesman, and give Texas a Governor with ability and experience in public affairs, during the critical world war situation, will be the factor that influences him.

Moody made one of the most enviable records of any Texas governor in recent years. He enjoys the confidence and admiration of thousands of Texans, for his high moral character and his statesmanlike qualities. The fact that he has represented some large corporations in oil litigation since he abandoned public life, may influence his race, if he makes one, adversely with the large pension and high tax advocates. But Moody is a capable campaigner, and if he runs for Governor, the race will take on color and enlist public interest, undoubtedly, something that it has lacked to date.

Meanwhile, Ernest Thompson told friends he would formally file his application for a place on the ballot on Monday, the last filing day.

Warm Congress Race Over in East Texas, where Dick Waters of Texarkana is waging a hot campaign against Congressman Wright Patman, the issue in the campaign has been neatly dramatized by Waters. At his meetings, he holds up a can of baking powder, and points out that Patman's proposed Federal chain-store tax bill, designed to put the chain stores entirely out of existence, would make it illegal to sell the can of baking powder at less than 25 cents, the manufacturers' advertised price. It now sells for 19 cents. Patman is seeking his sixth term. Waters, an Allied stalwart, served as State Casualty Insurance Commissioner, and made a good record. He also lambasts Patman in every speech for the latter's alleged connection with the McKesson-Robbins wholesale drug firm, charging Patman received from this company up to \$300 each for speeches he made in favor of the Robinson-Patman Act. Waters' friends say he is making visible headway in his efforts to oust the veteran Texarkana congressman.

## "Lean Months" Eliminated For Rural Families

COLLEGE STATION—No longer is the farm family's income largely confined to the fall months and cotton picking months, for rural families are finding substitutes for cash crops which no longer can be grown at a substantial margin of profit.

To solve the problem of distributing the cash income from the farm more evenly throughout the year, the Rannels County Land Use Planning Committee has developed a calendar which suggests sources of income to people in that area. Similar efforts are being made by numerous county land use planning committees over the state, according to G. E. Adams, assistant state agent of the A. and M. College Extension Service, who is directing extension coordination in the planning movement.

For instance, the "income calendar" for Rannels County has no less than four suggested income sources for any one month. Here are some random examples: February—eggs, pork products, fat hogs, and planting seed, May—wool, vegetables, berries, friers, and eggs; August—cotton, maize, melons, fruits, and hens; November—eggs, dairy products, and turkeys.

Despite the fact that the acreage planted to cotton now is about 100,000 acres less than it was in 1939, the cotton crop is

Governor, the race will take on color and enlist public interest, undoubtedly, something that it has lacked to date.

Meanwhile, Ernest Thompson told friends he would formally file his application for a place on the ballot on Monday, the last filing day.

Warm Congress Race Over in East Texas, where Dick Waters of Texarkana is waging a hot campaign against Congressman Wright Patman, the issue in the campaign has been neatly dramatized by Waters. At his meetings, he holds up a can of baking powder, and points out that Patman's proposed Federal chain-store tax bill, designed to put the chain stores entirely out of existence, would make it illegal to sell the can of baking powder at less than 25 cents, the manufacturers' advertised price. It now sells for 19 cents. Patman is seeking his sixth term. Waters, an Allied stalwart, served as State Casualty Insurance Commissioner, and made a good record. He also lambasts Patman in every speech for the latter's alleged connection with the McKesson-Robbins wholesale drug firm, charging Patman received from this company up to \$300 each for speeches he made in favor of the Robinson-Patman Act. Waters' friends say he is making visible headway in his efforts to oust the veteran Texarkana congressman.

was five or six years ago, the committee feels that the change in income sources can be profitable not only to the people but to the land. To bring about a more permanent prosperity the committee recommended that the farm families of Rannels County (1) participate in a well-rounded live-at-home program; (2) build up and maintain their soil fertility; (3) increase their yield per acre; (4) improve and increase farm livestock and poultry flocks; (5) develop new cash crops such as wildlife production; (6) take advantage of better markets through cooperative efforts such as frozen food lockers; and (7) employ better farm management methods.

## FRANK HEATH ATTENDS MAYTAG CONVENTION

J. Frank Heath, owner of the Clarendon Furniture Store, was in Lubbock Monday and Tuesday representing his store at a Maytag Washing Machine meeting.

Fred Maytag, president of the Maytag company of Newton, Iowa, was present.

Salt water terrapin and green turtles have legal size limits on Texas. Terrapins not less than six inches in length can be taken legally. Green turtles must not weigh less than 12 pounds.

Gambusia, or mosquitofish, natives of Texas, are live bearers, not hatches of eggs, and a half dozen to 60 may compose the brood of this diminutive fish.

## WPA EMPLOYMENT LIST IS REDUCED FOR THIS MONTH

11,450 CUT OFF ROLLS IS STATE'S SHARE OF NATIONWIDE SLASH

SAN ANTONIO—Employment on WPA projects in Texas for June will be limited to 71,050 persons, a reduction of 11,450 workers from the total authorized employment during May, it was announced today by State Work Projects Administrator H. P. Drought.

The reduction is this state's share of the nationwide cut in WPA employment, Drought explained. The June employment figure reflects the third consecutive monthly reduction in WPA employment and brings the Texas employment quota to 37,050 workers less than the 108,100 jobs authorized for the agency in this state during March.

June employment quotas for Texas districts were listed as follows: Marshall district, 10,232; Dallas district, 11,082; Houston district, 7,868; Fort Worth district, 9,598; Waco district, 6,159; Austin district, 4,229; San Antonio district, 7,847; Laredo dis-

## NEARLY EIGHTY ENROLL IN BAND SUMMER CLASSES

Nearly eighty have enrolled in the Summer Band School in the Junior College building here, according to Bandmaster Ray Robbins.

Classes are being held on Monday, Wednesday and Fridays for beginners, high school and junior-high students.

Robbins said he was now preparing his classes for the Pampa Top of Texas Fiesta celebration this month, and two booster trips which will advertise Clarendon's Fourth of July celebration.

Mr. and Mrs. W. T. Link and daughter Joyce visited relatives in Childress Sunday.

Mrs. E. J. Hayes and Mrs. Elmer Sidde and daughter, Jaunella, of Memphis spent Tuesday with Mr. and Mrs. Elmer Hayes and family.

trict, 2,511; Amarillo district, 2,801; Lubbock district, 2,347; San Angelo district, 4,392; El Paso district, 1,876. Jobs for 168 workers will be provided on statewide projects.

## LIBRARY NOTES

(By Mrs. C. A. Burton)

The Literary awards of the year are always keenly interesting. The Pulitzer awards have been announced and now we have the Newberry and Caldecott awards which were announced at the sixty-second annual conference of the American Library Association which has convened in Cincinnati, Ohio, the past week.

The John Newberry Medal is awarded for the best contribution to literature for children by an American writer, James Daugherty of Westport, Connecticut received this medal for his "Daniel Boone," a biography for young readers. The illustrations which seem to form an important part of the story were by the author, also. Mr. Daugherty says some of his earliest recollections were of a one-room school in Indiana, of the farm home in Ohio, and of a grandfather who was full of tall stories of Daniel Boone and his buckskin men handed down by word of mouth and not out of books.

Then he remembers how his father, "a splendid reader out loud poured the whole stream of English and American literature from Chaucer to Mark Twain into my enraptured childish consciousness during long hours while I drew pictures as the splendor rolled by."

Then the Concoran Art Academy—and now, after many other successes, the Newberry Medal. He is described as "Tall muscled, straggling, but never awkward—he might have stepped from many of his own illustrations."

The Caldecott Medal, named for a famed English artist, is awarded for the most distinguished picture book for children published in the United States during the year. This medal was awarded to Ingrid and Edgar Pors in D'Aulaire for their "Abraham Lincoln" which is illustrated with lithographs in four colors. The authors met at an art school in Paris, and were married a year later in Norway. Edgar comes from Switzerland; his father Huguenot French, his mother American. Ingrid comes from Norway. Four years after their marriage they come to America.

Together they have written many children's stories which they themselves have illustrated. Both these stories come to us at the right time with their heroic note of the pioneer spirit which has helped to make us what we are.

I recently made mention of "How Green Was My Valley" by Richard Llewellyn. It continues to lead the best sellers in the entire country—having had eleven printings in eleven weeks averaging eleven thousand copies each—121,000 copies to date. The critics' distinction and vibrant interest, clear and strong as the music under the sky. "From the standpoint of pure pleasure, one of the finds of the year." "Such honesty, such understanding, such fine loyalty, such quiet humor are rare in any novel."

The latest of the Federal Writers Project production is "Virginia." This guide to the Old Dominion is the latest addition to the American Guide series. As we know, the guide to Texas is being written.

The Rockefeller Foundation has made a grant of \$5,500 to

the American Library Association for a study of the responsibility of libraries for handling educational films.

The Wilson Library Bulletin recently gave a very illuminating article on WPA Library work in New Jersey. This service made it possible to serve 600,000 more borrowers in 1939 than had been served in 1929 and to circulate 2,000,000 more books. One boy asked for "Alone" by Byrd and was told there were nineteen on the waiting list ahead of him. He said, "Gee! A boy asks for a book in the sixth grade and gets it in high school, but that's better than not having it at all. And before we got this library we couldn't get anything."

The statement was made that "to see a book come back all cleaned and mended is like seeing a friend get well after an illness"—and that more than 900,000 of such books in New Jersey had been so cleaned and mended by WPA workers. Similar splendid reports of services rendered by NYA library workers in Illinois were given.

Good Housekeeping Magazine has joined with Farror and Rinehart in sponsoring the second Mary Roberts Rinehart mystery novel contest. In addition to the \$1000 advance royalty offered by the publishers the magazine offers \$1000 for an option on the serial right to the winning story. The offer closes Oct. 31st.

Mrs. Homer Wilsie Morrow, author of the Lincoln Trilogy, "Forever Free," "With Malice Toward None," and "The Last Full Measure," as well as several other books on our shelves, died recently after a brief illness in New Haven, Conn. She came of a scholarly family and made a worthy contribution to our literature.

A five-volume set of Isaac Walton's "Complete Angler" in its original sheepskin binding recently sold for \$8,300 at a book auction in London.

The John Anisfield prize, for 1939. Naming the best book on racial relations—was awarded to E. Franklin Frazier, professor of sociology at Howard University in Washington for his book "The Negro Family in the U. S."

## AAA Assistance And Information Free To Farmers

COLLEGE STATION—Reports have reached the state headquarters of the AAA that persons in some areas have set themselves up as "AAA experts" and are charging farmers fees for assistance in getting applications filled out and certified. These so-called experts are "setting up offices and handling all AAA business for groups of farmers for a share of their payments," the reports stated. All information and assistance necessary for participation in the AAA program can be obtained free of charge at the county AAA office.

"No farmer should pay any kind of fee for information or assistance in doing the 'paper work' connected with the AAA program," George Slaughter, chairman of the state committee, declared. "All such services are furnished without cost by the county AAA office, and farmers are invited to take advantage of it."

Persons who are charging fees

for such services have no official status and cannot be depended upon to furnish accurate and complete information, the chairman continued, pointing out that any farmer using such assistance will have only himself to blame if errors in forms and applications result in loss of payments. When farmers pay a fee in order to receive AAA payments, their payments are necessarily reduced to that extent, while farmers who handle all such business through their local AAA office can be assured of receiving full payments earned for participation in the program, Slaughter said.

## CARLOADINGS FOR WEEK SHOW A DECLINE

The Santa Fe System carloadings for the week ending June 1, 1940, were 17,646, as compared with 17,939 for the same week in 1939. Received from connections were 4,943, as compared with 4,864 for the same week in 1939. The total cars moved were 22,589, as compared with 22,803 for the same week in 1939. The Santa Fe handled a total of 23,377 cars during the preceding week of this year.

### Typical Family Will Be Honored Here On June 11

Texas' Typical Family, the D. E. Leathers family of Clarendon, will be honored at the City Park at 7:45 p. m., on Tuesday, June 11.

Mayor Tom Connally will present the family who will tell in their own way of the wonderful trip from which they have just returned.

The Leathers have brought a great honor to Donley County by winning the typical family title. They have just returned from a week's stay at the New York World's Fair where they were official guests and represented Texas.

Everyone is invited to attend the affair.

### George Gelsey Funeral Held Here Wednesday

George Gelsey, 26 years old, and a resident of Clarendon for the past seven years, died Tuesday morning at 3:30 a. m. at his home here.

Funeral services were held yesterday afternoon at the Assembly of God Church.

Pallbearers were Jake Holman, Jack O'Hara, Ivy Holman, Redus Melton, George Hall and Joe Hall.

Mr. Gelsey is survived by his wife, Dora Buchanan Gelsey.

Mr. and Mrs. Howard Rhodes and children of Tell visited in the John Rhodes home here Sunday.

Bond Papers at The News.

Couldn't help feeling sorry for that donkey penned up on Main street last Saturday morning. He had sort of a disgusted look on his face when a number of the local boys were "tossed" in with him for failing to "go western." Do you suppose it was the company?

Hats off to Ralph Andis, Verna Lusk, John Gilham and several assistants for their good work. By all means, the Northwest Mounties should be notified that we have a few young fellows here capable of "getting their man."

Times are sure getting tough. Saw one fellow recently sitting in a car on Main street in his sock feet. And even the burglary business is bad, burglars in Clarendon operating in their bare feet. Seems as though they could at least steal a pair of shoes.

That new streamlined Port Worth and Denver Diesel engine is sure a honey. It's the baby that has stepped the time up between Dallas and Denver five hours. Incidentally it has two motors, 2,000 horse power each, a big revolving light that gives a warning to everyone at grade crossings, and is the fastest thing on the track today.

This new Diesel engine is a forerunner to the big Zephyr train which will make its debut through here soon. Stepping up this train service has also made a change in the mail time here, the north bound trains arriving at 8:41 p. m. and 6:27 a. m., and the south bound at 12:45 a. m. and 11:51 a. m.

Have you ever stopped to think that what you think isn't always right, and perhaps it isn't important after all? Just to illustrate here's a little story . . . A girl was driving through the country and saw a lovely swimming pool. She decided to go in for a swim. She didn't have her bathing suit and since it was

### Leathers Thank Friends And All For Their Backing

Mr. D. E. Leathers, head of the Typical West Texas family, dropped into the News office Monday and left the following message:

"We wish to take this method to acknowledge the letters and telegrams which have been sent us and also the congratulations received on our trip and stay in New York at the World's Fair. They were sincerely appreciated."

Mr. and Mrs. Leathers. Margaret Jean Johnny

Miss Hattie Dem Ward of Memphis was a business visitor here Monday morning.

Stamp Pad Ink at The News.

a long way from nowhere she went in in her birthday clothes.

She hadn't much sooner got into the water than a boy about fifteen walked up to the pool. After she had been in the water about an hour he was still standing by her clothes and nothing she could do or say would make him leave. Finally she saw an old tub about half buried on the edge of the water and she got hold of it and held it up in front of her and walked forward to get her clothes . . . and was she mad.

"Young man," she said, "do you know what I think?" "Yes Ma'am," he answered without moving. "You think that tub's got a bottom in it but it ain't." And with that thought, I'll be checking it over to you folks for the week . . . and remember, what you think or what I think isn't going to stop the world in its tracks.

### SINGING AT GROOM SET FOR SUNDAY

There will be a singing session at the Baptist Church in Groom, Sunday, June 9. Everyone is invited to attend.

### 530 NEW TELEPHONE BOOKS DISTRIBUTED

Clarendon's new June, 1940, telephone book made its appearance here this past week. Approximately 530 books were distributed throughout the city.

### Goldston Will Hold Candidate Rally On June 11

The Goldston community will hold a candidate rally on Friday night, June 11, it was announced today.

A short program will be given and a small admission price charged. Ice cream and cake will be served. Every one is invited to attend.

## MILDRED ALLEN BECOMES BRIDE OF W. C. LARRIMER

Miss Mildred Allen, daughter of Mr. and Mrs. Dick Allen of this city, became the bride of W. C. Larrimer, head of the Commercial Dept. of Clarendon Schools for the past four years, Saturday morning at 8:00 with Elder Claude C. Smith, pastor of the Church of Christ officiating.

The bride wore a navy blue sheer dress with tiny embroidered navy blue roses and white accessories. She attended Clarendon High school for three years and was graduated from Forest Avenue High School in Dallas after which she attended "S.M.U." in Dallas for 2 years.

Mr. Larrimer attended the University of Iowa, N.T.S.T.C. in Denton and Texas University. He has been in the Commercial Department of Clarendon schools

## PATHFINDER STORY-TELLING TO START TUESDAY

The story-telling hour, sponsored by the Pathfinder Club, will be held each Tuesday afternoon at 7 o'clock on the courthouse lawn. All children of the town are cordially invited to attend.

For June 11, the story-teller will be Mrs. U. J. Boston, sponsors, Mrs. Trent and Mrs. Dishman.

\*\*\* \*\* \* \*\* \*  
Anna Moores Swift returned home Saturday from Denton where she has been attending school at T. S. C. W.

for the past four years.

The couple left immediately after the ceremony for an extended wedding trip to Colorado and various other places. They will make their home here in Clarendon.

## MISS MILDRED ALLEN HONOREE AT SHOWER ANNOUNCEMENT PARTY

Miss Mildred Allen was honoree at a pre-nuptial shower given in the home of Mrs. Claude C. Smith with Mesdames Fred Russell, Hardy Bobbitt, R. E. Duncan, W. B. Mayfield, and Smith as hostesses.

The house was lovely with decorations of pink roses and white baby's breath, while the pink, blue, and white color scheme was carried out in the honoree's chair and her ensemble, corsage, and refreshments.

The program consisted of games in which the guests participated and prizes were awarded the winners. The last game was in the form of a treasure hunt in which the bride-elect hunted the gifts.

The date of the wedding, June 1, was announced on tiny white linen scrolls tied with pink and blue ribbons which were placed on the refreshment plates.

The guest list included Mesdames H. C. Gilbert, C. L. Knight, R. O. Thomas, Frank Whitlock, U. T. Dever, C. E. Lindsey, G. E. Allen, F. E. Caraway, Albert Cobb Jr., J. T. Mayo, H. C. Thomas, E. G. Hayes, Maye Harkness, W. A. Land, Mr. and Mrs. A. L. Connelly, Dee Smith, Edington, Arnie Harlen, Monnie Robinson, Bill Adams, Geo. McCleskey, Carl Saye, R. E. Drennan, C. C. Gilbert, and Albert Cobb, Sr., Charles Ballew and Misses Loraine Hayes and Bertha Mae Thomas.

## MRS. WADDILL IS HOSTESS TO WINDY VALLEY CLUB

The Windy Valley Club met at the club room with Mrs. Waddill as hostess. The afternoon was spent in quilting. There were 20 members and one visitor present.

Lovely refreshments were served to Mesdames Carl Barker, W. F. Barker, Read, Cap Anderson, John Swinney, Croan, Dalton Swinney, I. M. Noble, Henry Riffe, Dick Noble, Jo Nell Stagner, Sug Noble, E. D. Wilmeth, Lucy Noble, N. C. Hudson, Cecil Mills, Cobb, Buckannan, Boyd Croan, Ray Polk, and hostess, Waddill.

\*\*\* \*\* \* \*\* \*  
Mrs. Wynne Collier and children, Carolyn and Janet of Tahoka, Mrs. Carson Wells of Hobbs, New Mexico and Mrs. Harold Rallins and children Jacquelyn and Lola Dell of Dallas are here visiting in the home of their mother, Mrs. O. W. Latson.

## Having Fun At World's Fair

West Texa's typical family of Clarendon are shown above having fun at the World's Fair in New York. Here they are returning the official greeting, "Hello Folks!" at the popular Ford Exposition.

Pictured left to right are: Johnny, 19; Margaret Jean, 14; Mrs. D. E. Leathers and (in the driver's seat) Mr. Leathers. Looking over his shoulder is C. S. Carroll, their escort. They're trying out the new lightweight Ford tractor. This powerful, inexpensive machine will, in the opinion of Henry Ford, eliminate farm drudgery and bring young people back to the land.

The Leathers were chosen as the Typical American Family of West Texas. Thus they won their jaunt, with everything free. As you can see by this photo, they're having a mighty good time of it—as everybody does at this year's big make-yourself-at-home Fair.

## MILDRED ALLEN HONORED WITH SURPRISE SHOWER

Miss Mildred Allen was honored Monday afternoon April 20 with a surprise shower shower given at the Clarendon Hotel with Miss Clynell Gilbert and Miss Luree Burson of Silverton as hostesses.

The room was beautifully decorated with spring flowers. Refreshments were served to Mesdames Sam Dyer, H. R. Beck, Lloyd Johnson, Frank White, Jr., John Blocker, Max Payne, Homer Mulkey, Lee Bell, Misses Bertha Mae Thomas, Louise Russell, Billie Lou Gilbert, Wilma Dee Smith. Those sending gifts were Peggy Blocker, Allene and Irene Rhodes, Shirley West, Emma Ayers, and Mrs. Jewel Stewart.

Those attending from out of town were Mrs. O. E. Brooks, Heldton, Oklahoma; Mrs. Byron Weatherly, Mrs. Roy Boom, Peggy Roberts, Mrs. Clifford Davis, and Mrs. Glen E. Allen all of Amarillo, Gladys Arnold of Silverton and Miss Mary Roberts of Amarillo.

## MARTIN GARDEN CLUB TO MEET WITH MRS. JORDAN

The Martin Garden Club met Friday May 24, with Mrs. V. R. Jordan as hostess.

The meeting was called to order by the vice president, Mrs. Jordan and interesting talks were made by Mrs. J. H. Hilton on "Growth and Care of Pot Plants" and Mrs. E. Baley on Gladiolus.

During the social hour a delicious salad course was served to eight members, Mesdames J.H. Hilton, Asa Peabody, Edwin Baley, Guy Sibley, Fred Easterling, J. T. E. Asterling, J. C. Gibbs and Jack Eddings, two guests Miss Reba Higgins, Mrs. Margaret Tompson.

The club adjourned to meet with Mrs. J. H. Hilton on June 6.

## Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

On any drive thru town one can see beauty this week. We took particular notice of the tall elder bushes with their lacy blossoms on the west side of the Baptist church.

The Catalpa tree in Mrs. C. W. Bennet's yard and the one at Crockett Taylor's are exceptionally beautiful with innumerable blossoms.

Do not neglect to glance over the fence at the flaming poppies at the Tom Goldston's.

The Cardinal flower and regal lilies are dominant in the floral beauty offered at the Prewitt home.

Poppies have added a bit of golden color with the regal lilies in the Brumley's garden.

Mrs. Geo. Ryan's yard fence is a picture to behold with its climbing roses.

Perhaps the most gorgeous rose blossoms are seen at the Van Kennedy's, Walter Taylor's, Connally's and Mrs. W. R. Bourland's.

More and more garden lovers are carrying their "Green Fingers" with them and are making their yards blossom like—and with the rose.

\*\*\* \*\* \* \*\* \*  
Mr. and Mrs. Ben Andis returned Saturday afternoon from a trip to Monterey, Old Mexico.

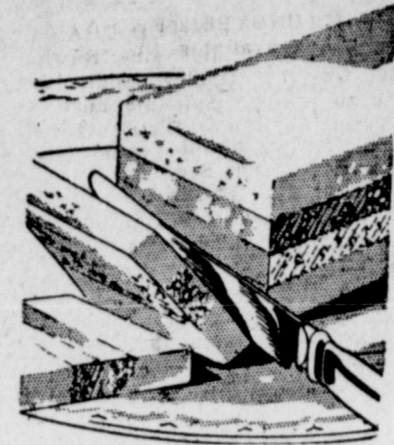

Mr. Roy L. Brewer of Memphis was here on business Tuesday.

Mrs. Charlie McMurtry won guest high, Mrs. Arthur Letts, club high, and Miss Mary Howren, consolation.

Those attending were Mesdames Fred Chamberlain, Charlie McMurtry, Eva Rhodes, Charlie Bugbee, Atteberry of Amarillo and Miss Mary Howren, guests

and Mesdames Sella Gentry, Odos Caraway, J. B. McClellan, Lollie Bagby, Arthur Letts, John Sims, Jim Trent and the hostess members.

Mr. and Mrs. George Bagby spent the week-end visiting and attending business in Dallas.

### Feminine Fans Give Boyd Trophy

All set to get the autograph of Texas A&M's All-American tackle, Joe Boyd, is Mary Kay Jones, president of the Texas State College for Women student body. Boyd, fourth in a line of Southwest Conference gridiron favorites with the girls at TSCW, was on the woman's college campus recently to receive an engraved desk set from his feminine fans. TSCW students annually present a trophy to their choice for the outstanding senior football player in the conference.

### Margaret Jean Leathers' Diary Is Filled With Many Adjectives Describing Trip To World's Fair

Margaret Jean Leathers, member of the typical American family of West Texas who just came back from the world's fair at New York, has a diary filled with adjectives about her momentous two-week trip that ended last Saturday. According to a Fort Worth Star-Telegram writer, the 16-year-old Clarendon girl's day by day recordings reads like a cross between Alice in Wonderland and the Official Guide to New York. The D. E. Leathers family arrived home last weekend after representing Clarendon and West Texas as a Typical American

family at the world's Fair. If they've missed an inch of New York, it must not be on the map. They have seen everything from the Aquarium to the Rockettes, but not as run-of-the-mill rubberneckers.

Margaret Jean's diary tells of a 40-mile jaunt aboard the private yacht of Harvey D. Gibson, chairman of the board of the World's Fair — under George Washington, Brooklyn, Manhattan and Fifty-ninth Street Bridges, past Ellis Island, the Statue of Liberty and the Navy Yard.

Among other souvenirs Margaret Jean brought home a silver bracelet with a Trylon-Perisphere pendant, a gift from Gibson, and her brother, Johnny, a baseball autographed by Babe Ruth.

The Clarendon girl writes of being "televised," of meeting Albert Johnson, producer of the current "American Jubilee" who designed Fort Worth's Casa Manana and their show buildings, of going up 68 stories onto the roof of Radio City.

Here is just a skeleton outline of some of the other things the typical family has seen at the World's Fair and in New York at large:

Ford Building, General Motors exhibit, Billy Rose's "Aquacade," public library, Grand Central Station, Central Park, Empire State Building, Hotel New Yorker's ice show, Radio City Music Hall, Museum of Natural History, the Brazil Building, General Electric and Natural Gas Building, Red Square, where Communist meetings are held; Wamaker's Department Store, Grace Church, the Bowery, Chinatown, Wall Street, the home of J. P. Morgan, the New York Stock Exchange, the Woolworth Building and Little Italy.

All that comes under the limited head of just "highlights" of the trip they won in a contest sponsored by The Star-Telegram and the West Texas Chamber of Commerce, with Ford Motor Company paying traveling expenses.

Elgin Patrick of Dallas visited relatives here the first part of the week.

### Gov. Lee O'Daniel Proclaims June As Dairy Month

DALLAS, Texas.—Dairying, a fast-expanding industry on Texas farms, will be saluted throughout the month of June, which has been designated National Dairy Month. Plans for the featuring of milk products at every counter, from the cross-roads stores to the large chain stores and at drink fountains and restaurant counters were worked out at a week-end meeting here of milk producers.

B. E. Stallones of Houston was elected chairman at the organization meetings of the Texas June Dairy Month committee. The meeting had been at his call, following appointment on the National Producer Committee of the Cooperative Milk Producers' Association on the previous week.

The 30-day period has been designated Texas Dairy Month by proclamation of Gov. W. Lee O'Daniel, Chairman Stallones reported. The committee voted a resolution of thanks to the Governor's proclamation, which stated in part: "The nearest approach to the fabled Fountain of Youth yet discovered is milk... whether from the deep white cloth-covered crock in the cool spring milkhouse or from the utilitarian bottle left outside the door by the milkman in the early morning." Mayors of Texas cities and towns were requested likewise to issue June Dairy Month proclamations.

### Thousands Of Refugees Lost In Carnage, Red Cross Member Says In Dispatch Cabled To America

By JOHN MALONEY (American Red Cross Staff Writer)

"PARIS, France.—I have spent the last five hours talking to individual French and Belgian refugees from a stream of millions rushing southward toward Paris to escape roaring hell left behind them. It is impossible to picture to Americans in their comfortable surroundings the misery and terror experienced by these homeless victims of war.

Paris itself is swarmed by terror-stricken, hungry, exhausted men, women and children whose thoughts now are not of homes and possessions left behind, but of safety from bombs and bullets that have harassed their flight from battle zones. Roads from the north are now cluttered with carts, bicycles, bullet-scarred automobiles, thousands of persons afoot are wearily dragging themselves along unmindful of the danger from military convoys rushing to and from the front.

In the rest-house and first aid station under the shadow of the Palace of Versailles, voluntary first aid workers are bathing feet of old men and women, some of whom walked forty, fifty, sixty miles in the past three days. Stockings had to be cut from lacerated swollen, blistered, bleeding feet. Hundreds were lying about on improvised cots in a state of utter exhaustion, awaiting ambulance transportation to refugee centers or emergency hospitals for treatment before transportation to areas safe from fighting. Many were too tired to eat. I saw women and old men faint at the sight of food—too starved to eat soup suddenly put before them. Stories told by simple Belgian and French peasants were uniformly appalling.

Frenzied are the parents who have seen their children killed or separated from families in the headlong rush for safety. Any guess concerning the number of lost children scattered throughout France is mere speculation. Undoubtedly the number is enormous. There are pens of unidentified, frightened children under eight years of age on every refugee concentration point.

The French Provinces from the Swiss-Italian border to the Atlantic are rapidly filling to the saturation point with homeless persons, arriving without food and clothing, seeking the likely possibility of adequate shelter. Unfortunately, because of the influx of strangers began without warning, the village officials are unable to cope with the problem. "I was told days ago to prepare for three hundred," one village Mayor told me today, "now look at them. There are three thousand here and more coming by the hour. What am I to do?"

Renewed confidence in the future of France is given when one sees the whole nation rallied seeking to solve the gigantic refugee problem. Hundreds of thousands of women, young girls, Boy Scouts, men too old for trenches are laboring long un-rested hours in the first aid stations, feeding stations and rest houses, carrying baggage to the exhausted evacuees. The French and Belgian Red Cross pooled the resources of their manpower, regardless of the territorial limits of their nationality. French peasants and aristocrats work side by side in the best democratic tradition. The American Red Cross is doing its full share.

I repeat that a cable is inadequate in picturing the mass terror and suffering which resulted from the greatest battle in history raging for hours when this was written. I have seen cruel wars in China, Finland and Norway, but I have never seen suffering such as this. I witnessed the misery following the floods in the Mississippi Valley and hurricanes on America's coast. There is no comparison between suffering in their wakes and the human misery which exists as the result of the unlimited

warfare now blasting to bits the homes, towns and villages in what was one of the most beautiful regions on Earth. Americans should be thankful for the existence of the Atlantic ocean.

### Texas Is Ready To Push Rural Low-Cost Homes

COLLEGE STATION.—Texas is ready to cooperate in the program to promote the building of low-cost homes in rural communities and for farm buildings and repairs. H. H. Williamson, director of the Texas A. and M. Extension Service, has announced.

Plans for the program have been drawn up by M. L. Wilson, director of the USDA Extension Service and chairman of the Central Housing Committee.

The building industry has set up the National Homes Foundation to cooperate with various federal agencies, including the Farm Credit Administration, Federal Home Loan Bank, Federal Housing Administration, Federal National Mortgage Association, and the RFC Mortgage Company.

This foundation is recommending ways to improve building designed and construction at low-costs than usually thought

### 9,000 Increase In Marine Corps Is Authorized

According to word received today by Postmaster Forest Taylor, an authorized increase of 9,000 men for the U. S. Marine Corps has been approved by Congress, bringing the strength of the Corps up to 34,000. These 9,000 men will be used, in addition to bringing the present regiments up to peace time allowance, for the following: One Infantry Regiment, two Defense Battalions, and 1,500 men to increase the guards at Navy Yards.

The Defense Battalions are a new type of unit intended for the temporary defense of a small base, an island base for example. They provide an antiaircraft defense, having 12 3-inch guns; 48 .50-caliber antiaircraft machine guns; 48 .30-caliber machine guns, and 6 5-inch guns for use against surface vessels. Only 750 men are used in such a battalion. It is a most powerful unit.

The opportunity afforded by this increase will be grasped by many young men physically and mentally qualified for military service. Young men between 18 and 30 years of age, white, single and without dependants, not less than 64 nor more than 74 inches tall, have had one year high school, and of good possible.

Service to the rural and farm home building field will be through existing facilities in the rural communities and will be centered around the local financial and service institutions.

moral character are eligible for enlistment. Those under 21 years of age must have the consent of parents or guardians.

Application blanks and illustrated pamphlets may be obtained from Postmaster Forest Taylor or by writing direct to the Marine Corps Recruiting Office, 822 Allen Building, Dallas, Texas.

Lorene Hayes left Tuesday to join friends in Abernathy. From there they will journey to Washington, D. C., Philadelphia, New York City, Buffalo, Toronto, Canada and back to Chicago where they will attend the summer session in the University.

### GUARD AGAINST PYORRHEA

Are your gums irritated? Do your gums cause you annoyance? Druggists return money if first bottle of "LETO'S" fails to satisfy.

DOUGLAS - GOLDSTON DRUG STORE

ADVISES YOUNG GIRLS ENTERING WOMANHOOD. Thousands of young girls entering womanhood have found a "real friend" in Lydia E. Pinkham's Vegetable Compound to help them go "smiling thru" restless, moody, nervous spells, and embarrassing fainting spells due to female functional irregularities. Famous for over 50 years. WORTH TRYING!

That Nagging Backache. May Warn of Disordered Kidney Action. Modern life with its hurry and worry, irregular habits, improper eating and drinking—its risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood. You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination. Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

How One Woman Lost 20 Pounds of FAT. Lost Her Prominent Hips. Lost Her Double Chin. Lost Her Sluggishness. Gained a More Shapely Figure and the Increase in Physical Vigor and Vivaciousness Which So Often Comes With Excess Fat Reduction. Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart — do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfyingly—there need never be a hungry moment! Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little. If not joyfully satisfied—money back.

### The Low Down FROM HICKORY GROVE

You see people rushing up and down the country—in a lather—about our migrant problem, and trying to tell us why it happened and how dreadful it is — and how to cure it.

If you was to take them too serious, you could get the idea that a spring zephyr and some dust was something brand new—something just invented — something terrible. You might get the idea that the wind just up and blows people right smack out of Kansas and Oklahoma and clear into sunny California.

From the Dust Bowl to the Rose Bowl, you might say, if you was comically inclined, I have been around Kansas and Oklahoma, and the better you are acquainted and the more you know these places, the less you know about a Dust Bowl.

But people have to get elected — and lots of things are connected. But it is like poking a round in a bee-hive — you can always divert a few, and anybody who has been around a disturbed bee knows that it only takes a few to start a problem.

Yours with the low down, JO SERRA.

### MELLINGER ATTENDS DALLAS SHOE MEET

Isadore Mellinger was in Dallas the first part of this week attending a shoe convention. He was accompanied to the city by his cousin, Marcus Rosenwasser, of Memphis.

Evelyn Selby of Memphis spent this week in the home of her brother, Dennis Selby.

Mrs. Raymond Evans left Tuesday to spend a few days in Childress with Friends and relatives.

- 1. Which is correct: Welsh rarebit or Welsh rabbit?
2. How do you prepare rhubarb curds?
3. Do all kinds of cheeses become stringy and tough when baked?

By Kitty Kitchen

- 1. The word rarebit was the mistake of an early American dictionary maker. Welsh rabbit was the name given to a cheese dish concocted in an emergency by a Welsh nobleman's chef. Both are in modern dictionaries.
2. Buy very young bright-skinned stalks of rhubarb. Scrub, but do not peel. Cut tender stalks into strips 1/4th of an inch thick. Stand them in ice water until they curl. Serve as a garnish—eat raw!
3. If overbaked, all cheeses will become stringy and tough. When you sprinkle cheese on top of a casserole, bake at 350° in the automatically controlled oven of your modern gas range.

### Candidate for Congress 18th District

Lewis Goodrich, Shamrock, seeking support in his campaign for member of Congress from the 18th district, invites voters to investigate his record in public office, his private life and habits. He has been practicing law for 13 years, and served five years as city attorney of Shamrock and six years as district attorney of the 31st district. (Paid Political Adv.)

### If Popeye Had a Garden He'd Grow These Greens

If Popeye were a gardener he would not confine himself to spinach, as a pep builder-upper. Green leaves which are appetizing when well cooked all have value in the diet, and there are several different kinds which can be easily grown in the home garden.

In 25 days after planting you can be harvesting Tendergreen, a variety of mustard, which produces large green leaves which, like Swiss chard, can be cut from the plant without disturbing the root, to be followed immediately by another crop.

There are several varieties of mustard, maturing in 30 to 40 days, which are popular for greens. They have a pungent flavor which is especially popular in the southern states, where greens have been a dietary standby for generations. Most of the mustards will keep bearing until frost.

Spinach takes longer to mature—40 to 50 days—and does not like hot weather. It is harvested by pulling up the plant by the roots, so that one crop is all it yields. Sow just as soon as the ground can be worked, in rows a foot apart, and thin out to six inches between the plants. A crop for fall may be sown in July, and will find the cool autumn weather to its liking.

Swiss chard is a species of beet which produces an insignificant

root, but luxuriant broad leaves, which have a distinctive flavor which many like better than other greens. Chard may be cut off at the ground, and the roots will send up a new crop of leaves several times during the summer. It is highly esteemed for young children during the hot weather when spinach is difficult to grow.

New Zealand spinach is not a spinach, but a tropical plant which botanists call tetragonia expansa. It should not be sown until the ground is fairly warm, and then it should be given plenty of room, 2 to 3 feet between plants. In the northern states it grows to remarkable size, so that a peck of greens can be picked from a single plant once a week until frosts come.

Garden sorrel is a hardy perennial which bears edible leaves considered by many to be delicious. It should be sown in drills eighteen inches apart, preferably in light shade, as hot sun is said to increase its acidity. The roots should be divided every four years.

To continue the greens program into the late fall and winter, sow in June seeds of kale or borecole. Transplant to rows with two feet between plants. It takes 110 days to bring plants to maturity, but frost improves the flavor and the plants continue to bear long after other greens have been killed.

### MIDWAY

(By Mrs. Pat Logan)

The quilting club met with Mrs. J. T. Sejkes Thursday. A good attendance of members, and guests for the day were Mrs. El. Speed, Misses Gladys Hardie, Betty Goldston, Thelma Jean Williams, Rachel Lengau, Janselle Stephenson and Mrs. Longau. After the two quilts were finished the club adjourned to meet next with Mrs. Clyde Beetler in Clarendon.

Mrs. J. M. Potter and Mrs. Harlan assisted by Miss Marjorie Harlan were hosts to a shower given Friday night for Mr. and Mrs. Charles Lengau. The young couple received many nice and useful gifts for which they are grateful. Punch and cake was served to about 30 guests.

Miss Christine Pitman spent Friday night with Miss Robbie Moreland.

Jack Robinson spent last Sunday and Monday with the Lengau families here. He was on his way to Salt Lake City, Utah.

J. M. Potter is in Spring Town where he will attend the reunion for the ex-students of the Spring Town college.

Miss Jane Williams who has been in school at Canyon came home Monday to spend the summer.

Mr. and Mrs. J. C. Longau and Peggy spent Sunday with Mr. and Mrs. Winfield Moseley.

Thelma Jean Williams spent Thursday night with Betty Goldston.

Mrs. Seth Swenney is visiting her mother who had the misfortune of burning her arm last Thursday which has caused some trouble.

Mrs. Doyle Koontz and Otho spent Sunday with Mr. and Mrs. Seth Swenney.

Mr. and Mrs. Clarence Reynolds and Miss Ileta Koontz spent Sunday with Mr. and Mrs. Delmar Koontz.

Mr. Eugene Bryan and son Allen and his son Eugene were callers on the Lengau home Sunday afternoon.

Miss Robbie Joe Moreland is spending this week with her sister, Mrs. Fred Easterling.

We are happy to report Kennedy Davis resting and recovering nicely from the shock and bruises received from the car wreck Saturday.

Mr. and Mrs. John Goldston were in Pampa Friday.

### MARTIN

(By Billie Ruth Bulman)

The attendance of the Training union is falling down. We want to invite everyone back again. The young people's training union is planning a weiner roast for next Saturday night.

Mr. and Mrs. J. D. Wood spent Sunday in Canyon and Winston returned home for the summer.

### After Dark!!... by Rice

**YOUR EYES AT NIGHT ARE REALLY YOUR HEADLIGHTS! YOUR SAFETY and OTHER'S DEPENDS ON THEM**

OLD-TYPE HEADLAMPS LOSE EFFICIENCY RAPIDLY - LENSES DIRTY - REFLECTORS CORRODE - BULBS DEGRADATE - THE MUST BE KEPT CLEAN and in ADJUSTMENT!

SEALED BEAM LIGHTING ON NEW CARS IS A STEP TOWARDS SAFETY - MAINTAINS EFFICIENCY THROUGHOUT LIFE.

**BUT, OLD CAR or NEW, USE LOWER or PASSING BEAM on MEETING!**

A bear cub is born while its mother is sound asleep in mid-winter. The cub is smaller than a new-born kitten.

Lean meats are suitable for children once a day, say home economists of the USDA. They recommend that the meat dish be liver or kidney or sweetbreads some time during the week.

Christee. Kathleen Brinson was hostess of a birthday party Friday night in honor of June Gibbs. Games were played until a late hour and then refreshments were served to a large crowd.

Jack Gray arrived Sunday morning to spend a few weeks with his folks here.

Mrs. Edd Waters, Amarillo, visited Mrs. C. J. Talley Sunday. She returned home with Mrs. Waters to spend the night.

### A WOMAN IN OIL BUSINESS TELLS OWN VERSION

FORT WORTH, June 5. — Granddaughter, daughter and widow of an oilman, Mrs. Leone O'Donnell of Ranger, herself one of the few women oil operators in the world, told the story of a woman in the oil business to members of the Business and Professional Women's Club here Tuesday noon.

"My grandfather was a drilling contractor, one of the first in America, and I grew up almost in the shadow of the Drake well which started the oil industry," Mrs. O'Donnell said. "My father worked with him as a driller in Pennsylvania, then drilled wells in California, Canada and Texas, including the first well at Ranger. I worked in Ranger oil offices myself, then married an oilman and helped him in the field with his business. When he died, I took over management of our producing properties and with the help of our many friends I have carried on."

"So when somebody asks how I happen to be in the oil business, I have four good reasons: I was born into it, I grew up in it, I worked in it and I married into it. My family has made its living from oil for three generations and my whole life has been built around it.

"The oil business is a fine, decent, clean business. Its rewards are sometimes large, but more often are small and its risks are heavy. Particularly today with the present high taxes, its profits are likely to be meager. Take my own business, for instance. I pay three sixteenths of my total income, or 19 per cent, to the owners of the land upon which my wells are drilled. I get 91 cents a barrel for my oil, and taxes cost me ten cents a barrel, or 11 percent. The 11 and 19 percent added to total 30 per cent — almost one-third my income gone before I can pay my workers, operate my leases, set aside any reserves or figure any profit.

"My case is typical. How can

### ASHTOLA

(By Helena Poovey)

Eighty-four were present at Sunday school Sunday. We are proud of this large group and invite them to be there again next Sunday.

Mr. and Mrs. Bowers and sons, Fred and Jack, and Mr. and Mrs. Major Evans and sons Earl and Glen of Tucumcari, New Mexico, James Reed and Joe Tom Lovell, and Ted Tomlinson spent Sunday with Mr. and Mrs. Evens.

Mr. and Mrs. James Smith and family of Lakeview spent Sunday with Mr. and Mrs. Drue Smith.

Miss Nancy Miller returned home Thursday from Canyon where she has been attending school.

Miss Mamie Barker of Windy Valley spent the week-end with her sister Mrs. Doyce Graham.

Mr. Eugene Carnelius returned to his home in Lubbock Monday after spending a week with his cousin Frank Mahaffey.

Mr. and Mrs. Clarence Cobb and family visited Mr. and Mrs. Pete Land of Hedley Sunday.

Mr. and Mrs. Bob Wadkin and family spent Sunday with Mr. and Mrs. Van Knox and family.

Those visiting in the Slaton Mahaffey home Sunday were Mr. Claton of Amarillo, Mr. and Mrs. Lee Marshall and family.

Mrs. A. L. Wallace, Mr. and Mrs. Leo Wallace and Gertrude Caloate spent Sunday with Mr. and Mrs. Raymond Slaton of Martin.

Mr. and Mrs. Sam Allen and family of Segreaves spent Sunday with Mr. and Mrs. A. S. Allen. Their son, Ted is spending the week.

We are proud to welcome Mr. and Mrs. Joe Arnold and daughter and Mr. and Mrs. Dee Henderson and family into our community. Mr. and Mrs. Henderson are the proud parents of a new boy, born Friday the 31st.

Miss Nancy Miller and Miss Jessie J. Tomlinson visited Miss Pat Morris Sunday.

We are proud to report Mrs. Daton Shelton able to return to her home Saturday. She has been suffering a poison in her hand at the home of her daughter in Amarillo.

Mr. James Reed Lovell left Monday to visit his aunt and uncle, Mr. and Mrs. John Dial of Channing.

Mr. and Mrs. Clarence Peabody and family of Clarendon spent Sunday with Mr. and Mrs. Jim Cannas and family.

Mr. and Mrs. Jim Graham and family attended the funeral of his nephew near Newlin Wednesday.

Mrs. D. F. Randel and Mr. H. P. Holley spent the week-end with Mr. and Mrs. Earl Holley near Heart.

Mrs. McDaniel, South Plains, visited Mrs. Clarence Cobb Thursday night.

Grandmother Henderson returned to her home in Lark Sunday after spending some time with Mr. and Mrs. Henry

any oil operator create more employment when he is hard put to pay the workers he already has? How can he expand his operations branch out into other fields, or do more drilling if he can hardly pay royalty owners and tax collectors, meet his payroll and operating expenses? The answer is, he cannot.

"So when high-tax advocates make wild and unfounded statements about oil escaping tax-free, as undoubtedly they will this year, please weigh carefully these facts against their fictions. For oil is today paying nearly 10 cents a barrel and \$70,000,000 a year in State and local taxes in Texas. That represents 45 per cent of the total State tax income from all sources, excluding sales and poll taxes which the individual pays. Oil is also paying the cost of educating one-fourth of all the school children in Texas. And regardless of the line of endeavor which you may be in, oil has a vital effect upon every business in Texas. The oil industry is good for your community, your state, your nation. Please don't kill it with taxes."

### Goodrich Makes House-To-House Canvass Here

Lewis Goodrich, Shamrock, was in Clarendon this week making a house-to-house canvass of voters in the interest of his campaign for member of Congress from the 18th Congressional district.

Goodrich invites the voters to make an investigation of his record in public office, five years as city attorney of Shamrock, six years as district attorney of the 31st district, and also his life and habits.

He was accompanied by Peyton Reavis who is assisting him in the campaign over the district.

The output of vegetables preserved by the frozen pack method on the Pacific Coast increased from about 12,000,000 pounds in 1936 to 20,000,000 pounds one year later, according to a report on Agricultural Experiment Stations of the U. S. Department of Agriculture.

Texas has a closed season on salt water terrapin. The open season is from Nov. 1 to March 1.

### Bond Papers at The News.

Whisenant. Mr. Allen Whisenant returned home from Amarillo for the week-end.

Miss Margaret Swinburn returned to her home in California last Thursday after spending several weeks with her mother, Mrs. M. S. Swinburn.

Mr. and Mrs. D. W. Tomlinson visited Mr. and Mrs. J. D. Moss of Goodington Sunday.

Mr. and Mrs. Pierce Hawkins, Mrs. W. O. McFall and Granddaughter of Quitaque, Mrs. R. H. Elkins of Pampa are visiting Mr. and Mrs. L. McClellan.

### PARTICIPATION IN AAA IS EXPECTED TO REACH RECORD

INDICATE OVER 414,000 TEXAS FARMS WILL COOPERATE

COLLEGE STATION. — With an estimated 40,000,000 acres of cropland and 85,000,000 acres of rangeland signed up under the AAA for 1940, officials here believe participation in the program will be the largest of any year since the program began.

Latest reports indicate that more than 414,000 Texas farms will operate under the Agricultural Conservation Program in 1940, an increase over the 1939 participation of nearly 4,000 while approximately 1,200 additional ranches will practice range-improvement measures under the Range Conservation Program, bringing the number of ranches cooperating to 26,100.

To these farmers and ranchmen will go the greater portion of the \$89,000,000 available to Texas for full participation in the AAA program. George Slaughter, chairman of the state committee, pointed out. Full cooperation requires planting within soil-depleting acreage allotments and earning the maximum available for soil-building and range-improvement work by adopting specific conservation practices.

In the range program the entire payment is made for conservation work done, while in the farm program part of the payment is made for soil-building work and part for taking a portion of the cropland out of soil-depleting crops.

Practically every county in Texas has special laws regulating the taking of fish.

The "Admiration Way" Makes "Iced" Drinks Not Only Popular But Refreshing And Stimulating

Southwest housewives are urged to prepare for summer the "Admiration Way" by stocking their pantry shelves with the Southwest's favorite beverages...

Coffee has been the National beverage ever since Pokahontas made the first steaming cup for Captain John Smith...

Every indication points to a big summer business this year and Admiration dealers are urged to get their full share of it.

Newspapers were selected by Admiration for this pioneer selling job (iced coffee) because of their versatile ability.

the housewife in its most powerful form but also to solicit a more tangible dealer support.

Striking advertisements in the Austin American-Statesman each week throughout the summer will carry to the housewife the selling story on the quality and refreshing goodness of both iced Admiration Coffee and Tea.

Here's directions for the "Admiration Way" to summer comfort: Make your hot coffee brew as you like it—drip, percolator, vacuum maker or cold fashioned coffee pot—but make it always fresh and double strength.

The double-strength coffee will make up for dilution by the ice without loss of flavor. Serve with sugar, cream or both.

BENEFIT SHOW FOR BAND TO BE GIVEN TOMORROW

Homer Mulkey, local theater man, will turn his Pastime theater over to the high school band next Friday for a benefit show from which all proceeds will go to the band for the purchasing of new uniforms.

The afternoon and evening shows are scheduled to begin at the usual time, 2 p.m., and 8 p.m.

"Money to Burn," a family comedy of the "Higgins Family" series will be screened, and is considered one of the outstanding plays of its type released this year.

SOCIETY EPISCOPAL AUXILIARY TO SPONSOR PARTY MONDAY

The Woman's Auxiliary of the Episcopal Church are sponsors for a bridge and 42 party to be given in the home of Mrs. Bruce McClellan on Monday, June 10, from 3:00 to 5:00 and 8:00 to 10:00.

You are cordially invited to buy tickets, 50c each, from the members and help this worthy cause.

1937 BRIDGE CLUB MEETS WITH MR. & MRS. CHESSHIRE

The members of the 1937 Bridge Club met Tuesday evening in the home of Mr. and Mrs. A. B. Chesshire.

The western motif was carried out in the decorations, trolley card and refreshments.

Charlie Reynolds and family left Wednesday to attend the reunion at Clovis New Mexico.

LOWE ANNOUNCES CANDIDACY FOR SCHOOL POSITION

FORMER JUDGE SEEKS OFFICE OF COUNTY SUPERINTENDENT

S. W. Lowe, former county judge of Donley County, this week announced his candidacy for the office of county school superintendent.

Judge Lowe is well known in Clarendon and Donley County having moved here several years ago to accept a position as principal of Clarendon High school.

Following his retirement from the schools, Mr. Lowe entered the grocery business in which he remained until moving to Vernon in 1939.

Mr. Lowe received his training as an educator in John Tarleton College, and Simmons University. Besides his long employment in the Clarendon schools, he served as principal of the Memphis High School. Mr. Lowe also holds a permanent certificate.

In a written statement to The News, Mr. Lowe said:

"This is your authority to place my name before the voters of Donley County for the office of County School Superintendent. It has been my intention for several months to do this but circumstances have prevented me until this late.

"I watch with interest every move in connection with our school system. Our best efforts are poor in comparison with the importance of providing training for our sons and daughters in good schools. Yet in administration of our schools we must be mindful of the taxpayer whose load is often staggering.

"So in making this statement to the voters of Donley County, I do so respectfully asking your consideration in my behalf. In the mean time it is my hope to, solicit in person your vote and secure from as many as possible their views as regards our school situation.

Respectfully yours, (Signed) S. W. LOWE.

RUTH PALMER RECEIVES DEGREE AT ABILENE

Mr. and Mrs. G. T. Palmer attended the graduation exercises of their daughter, Ruth, who received her B. A. degree last Thursday at McMurray College at Abilene.
