Donley Voters File Quietly To Polls

Donley county voters filed to the polls rather quietly Saturday and rung up a fairly heavy vote. Some 1792 voters cast their ballots despite the fact that war news was the main topic of the day.

Only one candidate for sure will be new in office next year. In the race for Commissioner, Precinct No. 1, John Hermesmeier, incumbent, was beaten by Slaton Mahaffey.

In the County Judge's race, R. Y. King missed a majority by eleven votes. Walker Lane, former District Clerk, will be his opponent at the second primary. The other candidates seeking various offices either won overwhelmingly or failed to have an opponent.

The following total of votes given each candidate covers the entire voting boxes in the county taken as a whole. Only two leading candidates of each bracket in the state races is given.

United States Senator: James V. Allred, 665; W. Lee O'Daniel, 916.

Governor: Coke R. Stevenson 1124; Hal H. Collins 612.

Lt. Governor: Harold Beck, 152; J. L. Smith, 434.

Treasurer: Jesse James, 546; W. Gregory Hatcher, 286.

Commissioner of the General Land Office: Bascom Giles, 1098; Neil Day, 377.

Attorney General: Gerald C. Mann, 1408; Jim F. Hair, 159.

Railroad Commissioner: Ernest O. Thompson, 721; Baker Scaulsbury, 478.

Railroad Commissioner (unexpired term): Pierce Brooks, 384; Beauford Jester, 182.

Congress: Worley, 1532; Miller, 155.

Civil Court of Appeals 7th District: W. T. Link, 1412; E. L. Pitts, 50; J. Ross Bell, 72; E. C. Nelson, 125.

State Representative: Ennis Favors, 1786.

District Attorney: John Deaver, 1779.

County Judge: Walker Lane, 553; R. Y. King, 876; H. C. Brumley, 332.

Co. Attorney: Jno. C. Knorpp, 1765.

County and District Clerk: Helen Wiedman, 1792.

Sheriff and Tax Collector: Guy Wright, 1791.

County Treasurer: David Johnson 527; Mrs. Margaret V. Thompson, 1228.

Commissioner Precinct No. 2: G. G. Reeves, 520; Forrest E. Sawyer, 333.

Commissioner No. 1: John Hermesmeier, 85; Slaton Mahaffey, 148.

Constable Precinct 2: L. A. Muse, 667; Tom Roberts, 151.

Justice of Peace Precinct 2: R. C. Weatherly, 859.

Public Weigher: Rayburn Smith 861.

County Commissioner, No. 3: J. A. Tollett, 512.

Justice of Peace Precinct No. 3: Frank Kendall, 368.

Commissioner No. 4: Ben Chamberlain, 50; Marvin Hall, 79.

County Chairman: Ed Dishman, 99.

The above totals are complete, but still lack official confirmation.

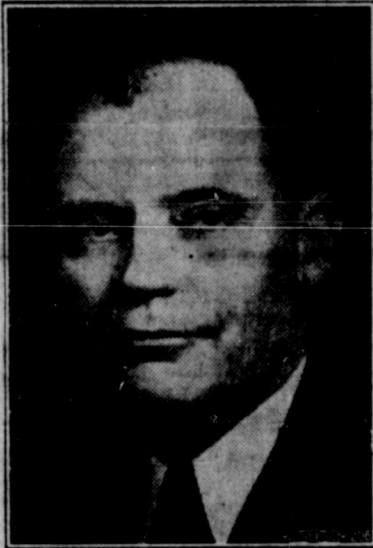

MILITARY POLICE COME AFTER ARMY DESERTER

Military Police from Ft. Sill, Oklahoma arrived in Clarendon Wednesday night and escorted Willis Edgar Jourangan to Ft. Sill this morning.

Jourangan was arrested here last week by Sheriff Guy Wright following an auto mishap west of town.

Charges filed here against the deserter will probably have to wait a long time as the government will probably give him quite some time to think about his misconduct.

Texas Governor

GOV. COKE STEVENSON

Texas' beloved governor, Coke R. Stevenson, received approximately 70 percent of the votes cast in the governor's race last Saturday. This splendid vote of confidence is just one of the many ways in which the people of Texas let the rest of the States know what a "grand guy" they have as governor of the biggest state in the Union.

Paul Greene Is Back In U. S.

Mrs. W. J. Greene received a long distance telephone call from her son, Paul Greene, Tuesday night from Washington, D. C. He stated that he arrived back in the States that day and would be home in about two days, which should be today or Friday.

Paul, a member of the Flying Tigers in China, finished his year's contract July 4th and possibly started home at that time. He stated in the phone call that he returned by the way of London and had been plenty new country.

Homefolks will be glad to see Paul come back to the old home town for a visit, and he had better be long-winded, for there will be lots of people with a leaning ear, ready to hear his story of the far East.

Faces Run-Off

SEN. W. LEE O'DANIEL

For the first time in his political career Sen. W. Lee O'Daniel faces an opponent in the run-off. The Senator was short a little less than two percent of receiving a majority of the votes in the United States Senatorial race. He will face dramatic Jimmy Allred in the senatorial nomination August 22nd.

RECEIVES COMMISSION

Lt. Bill Greene Jr. finished his officers course in Virginia July 22nd, and was commissioned a Lieutenant. Lt. Greene is now stationed with the 839 Aviation Engineers' Battalion at Eglin Field, Florida.

Federal Land Bank To Continue Low Interest Rate

Farmers and ranchmen of this territory served by the Clarendon National Farm Loan Association will save approximately \$20,760 during the next 2 years through continued low interest rates on Federal Land Bank and Land Bank Commissioner loans, Mr. C. E. Killough, Secretary-Treasurer of the association, reported Monday.

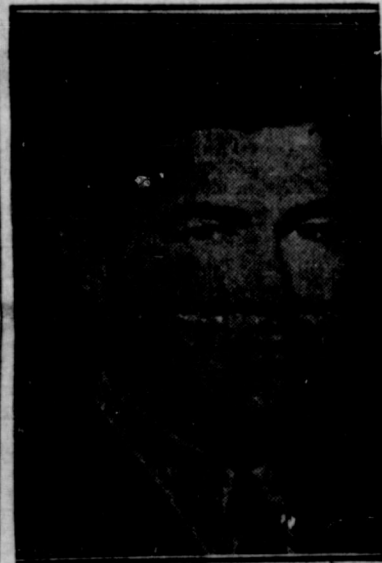

The saving, Mr. Killough explained, results from legislation recently passed by Congress, which continues through June 30, 1944, the 3 1/2 percent interest rate on long-term Federal Land Bank and Land Bank Commissioner loans.

The Clarendon National Farm Loan Association has approximately \$892,000 in loans outstanding to 295 borrowers.

PROMOTED

Carroll Hudson who is studying in the medical department at San Diego, Calif. writes that he is now a Sergeant in the Marines.

Com. Land Office

BASCOM GILES

Bascom Giles, Commissioner of the General Land Office was re-elected in a big way. Mr. Giles has gone a long way in simplifying the dispatching of information required of his office. The people who have had occasion to test the prompt efficiency of his office are quick to praise the work of Bascom Giles.

Old Timers To Celebrate

While here Monday, President W. I. Rains of the Donley County Old Settlers Association, announced that not a dissenting voice has arisen against the old folks holding their annual picnic this summer as usual.

But the date has been changed. Originally set for August 21st, the time has been changed to the Friday before the third Sunday in August. That clearly complies with the By-laws of the Association, and also will cause the picnic at Tate Grove to be held on August 14th.

The President and his Board of Advisers will meet the next few days to formulate a program. There will be some things added not on the program in former years. There will be very, very little public speaking, it was learned. So many of the old folks have heard the blow-hards and the egotists that they simply want to be left alone in their peaceful enjoyment of music, singing and wholesome association with their friends of long years.

A great many of the old folks have resided in this section over fifty years. A few longer than that. The annual gathering is eagerly looked forward to by some three hundred of the finest citizens Texas ever had. These good people are always there.

"Don't forget to tell the folks to bring plumb plenty of grub," was the parting shot taken by President Uncle Bill Rains as he left the Leader office Monday.

Henshaws Spend Day Here

Rev. and Mrs. Edgar W. Henshaw were down from Pampa Wednesday. The minister stated that he could not celebrate his birthday Tuesday due to stress of work, but that he observed the day Wednesday by seeing friends in Clarendon.

Rev. Henshaw recently completed speaking engagements before civic clubs from Dalhart to Tyler, Texas. Our readers will recall the demand for this minister's talents while he was pastor of the Episcopal church here. That popularity has grown by great bounds.

Donley County Is Asked To Furnish Fourteen Volunteers For Navy During Two Months Period

Enough men to equal the crew of a submarine and sub chaser now building will be enlisted from the Amarillo Navy recruiting district each month during August and September, Chief C. M. Norman, recruiter in charge of this district, announced today.

The district includes Armstrong, Briscoe, Castro, Carson, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hemphill, Hansford, Hartley, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher and Wheeler counties.

Sponsoring the campaign to enlist at least 195 men from this district each month will be American Legion Posts and civic organizations in each county. Committees have been organized and supplied with Navy recruiting literature. Individual members will be designated "Volunteer Navy Recruiters."

A monthly quota of volunteer enlistments for naval service has been assigned each county, based on population. Exact figures on complements of naval vessels are secret, Chief Norman said, but certain figures may be used for recruiting purposes. In the Houston Navy recruiting district, comprising the Southern half of Texas,

as a recent slogan was "Wanted, 1,000 Volunteers for Replacement of the Cruiser Houston."

Donley County with a population of 7,487 is asked to furnish seven volunteers each of the two months. The recruiting slogan for this county is "Donley County Navy Enlistments Will Equal Potter County Will Enlist Enough Men in the Navy to Man a Sub Chaser." Other counties will have appropriate recruiting slogans based on their monthly quota.

Navy enlistment ages are from 17 to 50 years. Unskilled men have opportunity to attend Navy trade schools. Qualified skilled men may be enlisted as petty officers with monthly pay ranging from \$78 to \$126.00. It is necessary that application for enlistment be made before induction into the Army.

Charles Lowry, manager of the local West Texas Utilities Co., has been appointed Navy Recruiting Chairman for Donley County. Those interested concerning this urgent Navy volunteer drive, are asked to contact Mr. Lowry for further information.

Washington Lady Visits Here

Friends of the lady and of Cong. Gene Worley were delighted with the visit of Mrs. Altavene Clark Tuesday. She visited here shortly and then went to Memphis.

Mrs. Clark was private secretary to Cong. Marvin Jones for many years, and when Mr. Worley was elected, she was induced to remain in the same position. She has done an admirable work since Mr. Worley went to the naval service, looking after the business of the office with ability and dispatch.

Mrs. Clark stated that Lt. Worley still was in Australian waters, and his return to the states was indefinite since he will continue in the service until his official orders are carried out.

ON MOUNTAIN VACATION

Rev. Frank H. Hutchins, rector of the Episcopal Church, and Mrs. Hutchins, left Wednesday on a vacation tour of the western mountain states. "We don't know where we will go, or when we will stop," the pastor stated.

Congressman

CONG. GENE WORLEY

Although Congressman Gene Worley was a long way off at election time, the people of his home district remembered him with an overwhelming vote of confidence. For some time Lt. Worley has been in active naval service somewhere in the Southwest pacific aboard an aircraft carrier. He is scheduled to return to Washington in the near future.

VISIT IN ABILENE

Mr. and Mrs. Granville McAnear and daughter Iva Jean, Mrs. Bill Todd and Mrs. D. T. Smallwood visited Mr. and Mrs. Marion Cross at Abilene Sunday. Mrs. Cross returned home with them for a visit with her parents, Mr. and Mrs. D. T. Smallwood of Brice.

Speeders Warned

Speeders were given a stern warning today by G. E. Kinslow, Chairman of the Donley War Price and Rationing Board, that speeding tickets issued against them by either state or local police will cause them to forfeit their eligibility for new tires or retreats.

"Abuse of tires by speeding must be stopped," Mr. Kinslow emphasized. "We have been advised by Mark McGee, the Texas OPA Director, that carbon copies of all speeding tickets issued on the highways by the Texas Highway Patrol will be forwarded to the local board.

"We are asking city police and county officers in Donley county to extend this same assistance to us in enforcing the vital wartime necessity for conserving rubber."

The speed limit imposed by the Office of Defense Transportation, is 40 miles per hour.

O'Daniel vs. Allred In Second Primary

Attorney General

GERALD C. MANN

Gerald (Jerry) C. Mann was re-elected Attorney General with but little opposition. The people of Texas believe in Jerry and they gave him a big vote of confidence in their Saturday's balloting.

Rolle S. Brumley Buys Interest In Jewelry Concern

Announcement is made in this issue of the Leader of the dissolution of partnership between Joe Goldston, Tom Goldston and Mrs. Donna L. Goldston. Also the new partnership between Joe Goldston and R. S. Brumley, which name shall be used as the firm name in the future.

Mr. Brumley is a graduate watch maker and engraver, having finished in Bradley Horological Institute of Peoria, Illinois and was formerly employed by Goldston Bros.

Ready For Battle

JAMES V. ALLRED

Former Federal Judge James V. Allred and one time governor of Texas, faces the second primary undaunted despite the fact that W. Lee O'Daniel bested him more than 16 percent in last Saturday's election for the United States senatorial nomination. Allred is a fiery speaker and a hard campaigner which means there will be plenty of action during the hot days of August.

VISIT IN NEW MEXICO

Mrs. Lena Antrobus and granddaughter Marilyn Maher, Mr. and Mrs. T. G. Stargel and daughter Jean who visited the week end at Lubbock and Clovis, N. Mex. have returned home.

IN DALLAS

Mrs. Parker and Thomas Perkins of McLean were in Dallas on business Monday and Tuesday.

According to latest tabulations from the Texas Election Bureau, it seemed certain that Senator W. Lee O'Daniel, winner of past political victories without a runoff, would be squared off today in a second primary battle for the first time in his fast-moving political career.

Facing him, on the basis of unofficial election returns, was James V. (Jimmy) Allred, a former Texas governor who resigned a federal judgeship to campaign against the incumbent O'Daniel for the Texas Democratic nomination to the U. S. senate.

The Texas electorate, speculating on whether the movement home of most of the Texas congressional delegation would play a part in the race, looked for a hot campaign.

The latest tabulation by the Texas Election Bureau of votes in the Democratic primary today showed that the senator's vote was 474,849; that for Allred 315,797, or 32.16 per cent; for Dan Moody 179,081, or 18.24 per cent, and for Floyd E. Ryan 12,066.

In the race for Treasurer, Jesse James was leading the race with 49.40 per cent of 831,031 votes counted. It seemed unlikely however that James would gain a majority as there was not enough votes out to make much difference. Gregory Hatcher in second place in the race for treasurer, had 175,516 votes; Harry McKee had 66,335; Larry Mills, 87,715, and Gordon Smith 90,904.

Lieutenant Governor—Arnold 38,801; Beck 148,409; Hardin 90,500; House 125,302; Lemens 94,366; Mead 28,127; Miller 65,197; Dixie Smith 56,100; J. L. Smith 184,388.

In the race for Railroad Commissioner (unexpired term), it looks like Brooks and Jester will battle it out in the second primary. Brooks had a vote total of 223,457 to Jester's 163,344. The other candidates trailed far behind with none reaching six figures.

Qualifying Training In United States Naval Schools

Men who enlist in the U. S. Navy are given, among other advantages, an opportunity to learn a useful trade, which enhances his value as a citizen when he re-enters civilian life, since his Navy training, being thorough and comprehensive, equips him to hold a responsible position.

The Electrical, Ordnance, Communication and Clerical Schools, are located at the Naval Training stations, Norfolk, Va. and San Diego, Calif. These schools are available to men who have completed their recruit training and have been selected from applicants who desire to learn one of the trades which lead to the ratings of Electrician's Mate, Fire Controlman, Gunner's Mate, Torpedoman, Aviation Ordnanceman, Radioman, Eignalman, Quartermaster, Yeoman or Storekeeper.

The course of instruction is short but comprehensive. It is so planned as to give the student the foundation on which the career of a finished mechanic can be built. The graduate's training is continued and rounded out by practical experience on board a vessel of the Fleet where the Navy develops its skilled mechanics.

Since graduates are expected to fill petty officer ratings in the Navy, qualities of ambition, education and character from which leadership can be developed are required of applicants from these schools.

Next week, a further review of the advantages of Naval training will be given.

Former Sheriff Writes Letter

The following letter is from 1st Lieut. Guy S. Pierce, former sheriff of Donley county, to J. C. Estlack. Mr. Pierce asks that a card of appreciation be printed in the Leader expressing gratitude for the kindness and consideration shown his mother before her death, and the sympathy extended the bereaved at the time of her passing. (A card of thanks from S. A. Pierce and family was printed in last week's issue of the Leader.)

July 24, 1942

Dear J. C.
I am getting along fine here in Louisiana. We are training pretty hard. I am in command of a company of men in the Military Police. We are training for over-seas service. I am heartbroken because I did not get to come home for my mother's funeral, but they wouldn't let me off; and Estlack I want you to thank the people there for me and my family in your paper. I thank God for people like they have in Clarendon. I just received a letter from my sister. She told me how good the folks were to them. I know God never made better folks, so please do this for me.

I am proud to be in the service again—proud to have the privilege of wearing the uniform for my country again. I am doing my best to do my small bit. All I can do is give my life if need be and I am ready. My little boy wants to be a soldier too, so I told him to just be a good soldier to his mama.

Estlack, I hope you and yours are getting along O. K. We never know how hard it is to lose one of our loved ones 'till that time comes.

Estlack, I notice in your paper where good old Gene Worley is in Australia and is to return to Washington, D. C. There is a real man—a real American—a man

that is doing more than his part for his people and country. I hope to see him again some time.

Your old Pal,
1st Lieut. Guy S. Pierce

Display Auto Stamp or Pay Heavy Fine

Reports reaching the office of Collector of Internal Revenue indicate that most persons subject to the \$5.00 automobile tax due July 1, 1942, have already purchased the required Stamp but that in some sections many automobile owners have failed to purchase this Stamp. Beginning August 1, 1942, a concerted drive by Deputy Collectors in every section will be undertaken, and all persons subject to the tax, using their cars without the Stamp affixed, will be vigorously prosecuted. Such tax evaders will be subject to a \$25.00 fine and thirty days imprisonment in addition to payment of the tax. This automobile use tax is a war measure, and all patriotic people should respond without delay.

The most important thing to remember is that the \$5.00 automobile tax Stamp cannot be purchased from Post Offices after July 31, 1942, and purchases will have to be made from the Collector of Internal Revenue, and late purchasers will be required to establish the fact under oath that they have not used their cars prior to the purchase date of the Stamp, in order to avoid penalty.

This is a final notice, and further leniency cannot be extended. This statement is made by direction of the Bureau of Internal Revenue in Washington.

SIDE GLANCES ON TEXAS HISTORY

By Lorena Drummond
University of Texas Library
Praise For Texas Indians

Although some writers seem to have thought the Indians of Texas unusually savage, at least one traveler during the period of the American Revolution considered their behavior "very decent."

During the course of a five-year trip around the world, a Monsieur De Pages, captain in the French Navy and corresponding member of the Paris Academy of Science, visited Texas, and traveled to San Antonio and then across the Rio Grande into Mexico. A copy of his account of this trip, "Travels Round the World," written in the years 1767-1771, is contained in the Texas collection in the University of Texas Library.

The Indians, De Pages wrote, made a display of horsemanship for the benefit of the party in which he was traveling, which was headed by a Spanish governor.

"It is but doing them justice to say that the most noble and graceful object I have ever seen was one of those savages mounted and running at full speed," he wrote. "The broad Herculean trunk of his body, his gun leaning over the left arm, and his plaid or blanket thrown carelessly across his naked shoulders and streaming in the wind, was such an appearance as I could only compare to some of the finest equestrian statues of antiquity."

The Indian women, the traveler declared, were very modest and resented "our too inquisitive regard."

Traveler Doubts Value of Missionary Efforts

De Pages found little to praise in the enterprises of four mission stations which he found near San Antonio. He described the missions as each containing two or three Franciscan monks and a group of Indians, captured in war, on whom the missionaries had conferred marriage and baptism.

The Indians received some education and maintenance in the mission, but De Pages regarded the rules of conduct set down by the monks, and particularly their method of enforcement, as unduly harsh.

The Frenchman further described the way in which the savages were induced to live in the missions. In battles with Indians still using bows and arrows as weapons, the better-armed Spaniards would capture prisoners, bind them hand and foot, and carry them to one of the missions.

"The missionary makes it his business by threats, persuasion, severe fasting, gentleness, and last of all by marriage, to tame and civilize the manners of his prisoner," Dr Pages continued.

"Tough luck, old man—my money's all in nontransferable War Savings Bonds."

BEHIND THE SCENES IN AMERICAN BUSINESS

By John Craddock

The way the war and its by-products of gas and rubber rationing have collided with Americans' traditional tastes for fast, frequent and far traveling is emphasized by significant news bits from all three of the main categories of mass transportation—railroads, buses and airlines. Railroads have moved more soldiers in the first five months of this year than in the first 13 months of World War I—at the same time setting new all-time highs in freight. General passenger business for January through April was 44 per cent ahead of the 1941 pace.

Bus lines are busy, with Greyhound showing an 80 per cent gain in gross revenue for May over that month last year.

Reports from TWA and American Airlines both emphasize the growing use of airways for cargo movement, showing express poundage gains for the first five months of 144 and 103 per cent, respectively, and the latter mentioning that this did not include large volumes of freight being flown under contract for the Government.

For half a century auto tire engineers have been trying to devise a tubeless tire. Last week John L. Collyer, president of the

B. F. Goodrich company, announced that Frank Herzegh, a young engineer of the company, had developed such a tire for heavy vehicles. Collyer said the invention is of primary importance because of the savings it makes possible in rubber ordinarily required for inner tubes and flaps.

TO THE VOTERS OF DONLEY COUNTY:

Since words are inadequate to show my appreciation for the support you gave me in returning me to the office of County Treasurer, I shall show to you my continual gratitude in the future in the service I render to the people of this county.

THE TEMPLE OF TRUTH
By the Apostle

GOSSIP.
It is said that the only time a fisherman will tell the truth is when he calls the other fisherman a liar.

DIAGNOSIS.
A fellow here Monday was of the opinion that he had thoroughly recovered until the second man told him what a fine fellow he was. Now he thinks they "know" he is going to die.

WAR MAPPING.
Any resemblance of the city of Hamburg to a steak of the same name, is purely coincidental, due

to Americans showing the Germans how to get the job done.

SLOGAN.
Don't worship your money—warship it.

MORE WAR STUFF.
Many a top Sergeant in the army really gets tough. Some of them get so tough that it will take the little woman thirty min-

utes to deflate his self-importance when he gets back home again.

GOOBERITIS.
Georgia goober growers are all a dither because they can get no nails with which to harvest their peanut crop. The nails are used in fastening slats to a post so the vines will dry out after being pulled and stacked. It must rain a bit more in Georgia than here.

Why out here the goobers would dry out, blow against a properly constructed fence and shed their pea pods without any help from mere man. Great is Texas! (I mean west Texas.)

ADVICE.
If you didn't fall out with your neighbor in the first primary, try to get along with the second. You will have to live by him long after the candidates have forgotten you, if they ever knew you at all.

With that the old Apostle takes out. It's hot. He's only 81 but he dissipated as a boy by drinking coffee every morning for breakfast when he could get it. Now he's prematurely enfeebled. Civilization in some respects is nothing more than danged nuisance breeding gossipers and other vermin.

WHY PAY DEBTS NOW?

You are a good risk. Your Bank or other creditor is satisfied. Then why all this talk about making 1942 a "Get-Out-Of-Debt" Year? Because—

1. Many things can't be had anyway. Using all spendable money for things available drives prices up for all.
2. Assume that it will take \$1.25 in 1943 to buy what \$1.00 buys now. You have more margin now for paying debts. Spend it now, and you still have your debts with less to pay them.
3. We will all need a cushion to break the fall of post-war days, and debts then will rob one of that pillow.

Yes, our Bank wants to make loans today. And we also want the people of our Community to be here and able to borrow tomorrow.

BURGLARS MAKE HAUL THURSDAY NIGHT

A suspect is now being held in jail in connection with the burglary of the Cameron Lumber Co. last Thursday night. Sheriff Guy Wright reported that \$40 in currency, \$14.85 in coins and approximately \$1,100 in checks was taken. The thief gained entrance to the building through a window into the bathroom. Besides taking the money and checks, nothing else was bothered in the store.

Mrs. Clyde Martin left by plane from Amarillo to Salinas, Calif., where she will visit her husband, Clyde Martin.

KILL KARE KNEEDLE KLUB
The members of the Kill Kare Kneedle Klub entertained with a picnic supper at the City park Thursday evening honoring their husbands.
The food such as bacon, eggs and chicken was cooked at the Park and enjoyed while hot.
Guests were Mr. and Mrs. Joe Goldston, Mrs. Geo. McCleskey and Mrs. W. W. Raney and Shirley Brumley.
Club members, Messrs. and Mesdames H. C. Brumley, W. A. Massie, W. B. Sims, Sam Lowe, R. R. Dawkins, W. A. Land, Mrs. Roy Bartlett and Mrs. Eva Draffin.

MARSHALL—CORNELIUS
Mr. and Mrs. Lee Marshall of Littlefield are announcing the marriage of their daughter, Miss Oleta Marshall to Pvt. H. E. Cornelius, formerly of Lubbock, which took place July 14 in a parsonage at Dillon, South Carolina, with Rev. Frank W. Lyon reading a single ring ceremony. Miss Marshall will be remembered here as she attended high school and Jr. College.
The bride wore a two piece navy sheer dress with white accessories. For "something old" she wore a cameo necklace belonging to the bride-groom's mother and "something borrowed" was an antique bracelet.
Guests were the bridegroom's parents, Mr. and Mrs. Roy Cornelius and his sister, Miss Georgia

Faye Cornelius, of 705 Ave. S. and Pvt. Melvin Henson of Fort Bragg, North Carolina.
Pvt. Cornelius completed a course in airplane mechanics at the Academy of Aeronautics at La Guardia Field in New York, June 24. He is now stationed at Pope Field, Fort Bragg. The bride has returned to Lubbock.

THE DONLEY COUNTY NAVY CLUB
The Donley County Navy Club will have its next meeting on Thursday night, 9 p. m. at the Club room. Several important matters are to be brought before the members, so it is urged that all be present. The mothers, wives and sisters of any man from this county who is serving in the Navy, Marines, or Coast Guard, is eligible for membership in the Navy Club. Such eligible relatives can show their interest in the upkeep of morale among their Navy men, by cooperating with the efforts of these Club units. As has been widely demonstrated, it gives the men a concrete feeling that the folks on the home front are behind him, and appreciate the efforts he is making toward their security.

Mrs. Lillian Fargey and daughter Jimmy V. Powell are visiting in the Simmons Powell home.

Mrs. Harold White visited Thursday and Friday in the Frank White Sr. home. She has returned to her home at Waco.

STOCKING'S TO LEAVE ON VACATION
Mr. and Mrs. Jerome Stocking will leave Sunday for a vacation trip to Red River and Albuquerque, N. Mex.
Mr. A. M. King of Gould, Okla. will have charge of the drug store in their absence. Mr. King was a pharmacist for Mr. Stocking for 13 years. He left here 10 years ago. Mrs. Fayne Kent of Borger will also work in the drug store while the owners are away.

LAKE McCLELLAN EXPERIENCES TWISTER
A small twister moving from northeast to southwest swept up McClellan creek last Saturday night breaking up many of the stately cottonwood trees in the picnic area and then jumped the dam and struck again at the east end of the boat house. Several boats were torn loose from the docks and pitched around, but enough water was picked up with them causing very little damage. No damage was suffered to the buildings at the Lake.

MY APPRECIATION
I want to express my sincerest thanks to the people of Donley county who gave me their support in my race for County Judge. And to those who saw fit to support one of my opponents, I want to say that I feel that I have your friendship just as I did before the election.

August Stamp List Includes Fresh Fruit

Blue stamp foods listed for August and announced today by Dan L. Boyd, area supervisor, Agricultural Marketing Administration, include a number of fresh fruits and all fresh vegetables, thus offering participants a healthful and varied hot weather diet. Fresh pears have been added to the August list of Stamp Program foods which are those obtainable nationally by participants in areas where the program is in operation.

By placing fresh pears on the list at this time, Mr. Boyd pointed out, producers will have a broader outlet and greater assurance of a fair return during the period in which pears will be in heaviest abundance on the nation's markets. Also the pears will be a palatable addition to the variety of foods made available to public-aid families through the Stamp Program.

With this addition, the complete list of Blue Stamp foods issued by the Agricultural Marketing Administration for August 1 through August 31 in all stamp program areas is as follows: fresh pears, peaches, plums, apples, and oranges, all fresh vegetables including Irish and sweet potatoes, shell eggs, butter, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self-rising flour, enriched self-rising flour, and whole wheat (Graham) flour.

War Boards Have New Jobs

COLLEGE STATION, July 28—County USDA War Boards are conducting a search for small power generating plants for the U. S. Army Signal Corps. B. F. Vance, chairman of the Texas USDA War Board, has announced. The plants are needed for operating communications equipment, especially at remote bases where current is not available from established plants, the War Board official said.

Types of power plants (both engine and generator) needed include gasoline, diesel, kerosene or fuel oil driven motors, operating 110- to 220-volt generators, AC only. Equipment of these types can be used in capacities from 500 watts to 25 kilowatts and larger.

The boards are being asked to locate plants not now in use and to advise the state board, Vance said. All negotiations in connection with inspection and approval for purchase will be handled by the Army Signal Corps directly with the owner.

MEETS CHINESE PILOTS IN AMARILLO

Lt. Robert H. Gattis, formerly of Clarendon, has been visiting the past week in Amarillo with Winfred Gattis, his brother. Saturday evening he was strolling down Polk Street when he saw what looked like Chinese aviators walking toward him. Having instructed Chinese at Luke Field where he is a regular instructor, he took a closer look and ejaculations of happy greetings broke through the din of the busy street. Several of the lads were former students of his in their cadet days.

The Chinese pilots were making a cross-country flight when they stopped at Amarillo and this so happened to be the longest flight of this type made by foreigners in the U. S.

U. S. Soldiers in Ireland Making Out Just Fine

PLAINVIEW, July 25—American soldiers in Ireland make out just fine except for a few of the items they were accustomed to in the states, says Pri. Don Tomlinson in a recent letter to his sister, Mrs. L. B. Chunn of Plainview.

Private Tomlinson who is a son of Mrs. M. M. Tomlinson, of Clarendon, said he wanted cigars, air mail stamps, soap, razor blades, candy and pictures of relatives and friends.

Miss Ethel Moore of Saline, Texas is visiting her sister-in-law Mrs. R. W. Fowlkes.

Miss Jessie Ingram of Amarillo visited her mother, Mrs. Ingram, the week end.

VINCIT QUI PATITUR

"These are the times that try men's souls. The summer soldier and the sunshine patriot will, in this crisis, shrink from the service of his country; but he that stands it, NOW, deserves the love and thanks of man and woman. Tyranny, like hell, is not easily conquered; yet we have this consolation with us, that the harder the conflict, the more glorious the triumph. What we obtain too cheap, we esteem too lightly: 'tis dearness, only that gives everything its value. Heaven knows how to put a proper price upon its goods; and it would be strange indeed if so celestial an article as FREEDOM should not be highly rated."

December 23, 1776
Thomas Paine.

ATTENDS BREAKFAST

Mrs. B. F. Kirtley attended a lovely breakfast Saturday at Memphis at the home of Mrs. Ed Teer, complimenting Miss Elouise Norman, bride-elect. Mrs. Teer was assisted by Mrs. Jack Jarrell. Mrs. Kirtley was accompanied home by Mrs. Teer and daughter and Mrs. Jarrell and son for the week end.

STOP!

Yes, Stop and notice the Quality of our Laundry and Dry-Cleaning Service. Practically every item that is sent to us is personally handled by an experienced workman that has only one job to do --- and does it right.

THINK!

You can also think of the hot hours that you usually spend doing your own washing and ironing. When you send your bundle to us, you can forget these wash-day worries and spend your time about the home or doing those things that you want to do --- and not be worn out.

SAVE!

Yes, you can save too! Many people think that it is expensive to have their bundle finished at a Laundry, but if you will add up the cost of washing, soap and electricity for ironing, you will find that the cost is pretty much the same --- not adding in your labor.

AUGUST FIRST IS DEADLINE FOR TRANSFERS

According to Miss Ruth Richerson, Superintendent of Donley County schools, August 1st is the last day to make transfers from rural schools to town. Parents, whose children intend to attend school in town, should make the proper transfer before the deadline, August 1st. Failure to send in transfers to State headquarters will deprive the town school of the quota allotted for each pupil being transferred. A pupil who has not been transferred in the proper manner will have to pay tuition at the town school. Miss Richerson also stresses the

fact that pupils must be transferred individually and not as a group. She asks that all transfers be made immediately, as it is very important to the town school as well as to the parents in a financial way. Even though an entire school has been transferred to town, each child is required to be transferred singularly or pay the tuition price. If not properly transferred, the money will remain in the community where the child is registered.

TO THE VOTERS

Windy Nicklaus Is Assistant Coach At W. T. S. College

CANYON, July 28—Appointment of W. W. (Windy) Nicklaus as assistant coach and instructor in physical education at West Texas State College has been announced by Dr. J. A. Hill, president. He will be first assistant to W. A. (Gus) Miller, acting athletic director and head football coach.

Selection of Nicklaus completes the reorganization of the athletic department of West Texas State. Athletic Director Al Baggett, developer of tall basketball teams, is now director of physical training at the U. S. Army Air Corps base at Miami Beach, Fla. Coach Leslie Van Meter, who was to have succeeded Jack Curtice as head football coach, is an Air Corps swimming instructor. Curtice, who went from here to Texas Mines, is in the Navy's physical training program.

Coach Nicklaus is a former Amarillo High School athlete. He played college football at Bucknell and Texas Tech. He coached at Amarillo College, Altus (Okla.) Junior College, Oklahoma Baptist University, and Borger (Texas) High School. He is at present completing work for the M.A. degree at Oklahoma A&M.

Coach Miller came here recently from Texas Wesleyan College of Fort Worth. He played football at West Texas State and later took the M.A. degree at Texas Tech.

Both Miller and Nicklaus have records of having won most of their college football games, and Miller has an exceptional record in basketball. They will have a small squad here, and one in which freshmen may figure heavily, especially in the backfield.

To feed and clothe the troops in one Army Corps Area requires 98,000 miles of highway and 131 miles of government-owned railroads connecting 20,000 buildings of nearly 2,500,000 acres of military reservations.

Ruthless Grab From Farmers Charged To CIO

Washington, D. C. — CIO demands for a 41 per cent increase in the wages of textile workers would come directly from the pockets of American cotton farmers. President Oscar Johnston of the National Cotton Council told the War Labor Board this week.

Demands of the CIO, he said, represent "a ruthless, opportunistic grab which would turn President Roosevelt's all-embracing program of inflation control into a hypocritical farce at the expense of farm workers whose annual income already is only one-half of the present income of textile workers."

Testifying before the War Labor Board in behalf of cotton farmers of eighteen states, Mr. Johnston declared that "in the name of a country at war, the cotton farmer has been told that inflation is his nation's enemy, and has been asked to forego selfish advantage in order to defeat that enemy. Now the cotton farmer is expected to stand quietly aside while the man who processes his product, and makes more money than the farmer in doing so, is led by the CIO into the green pastures of one-sided inflation at the farmer's expense."

Ceilings already placed on the price of finished goods would make it impossible for mills to pass on higher wages to consumers, Mr. Johnston said, but would force them to recover largely through reductions in prices paid farmers for their cotton.

"We respectfully ask," he told the board, that the brief submitted by the CIO be re-read, and that every reference to the low and dismal estate of the cotton mill worker be viewed in the light of the fact that his income already is at least twice as great as the cotton farmer's."

Mr. Johnston presented to the board a comparison of relative trends in the price of cotton and the level of cotton mill wages since the period which was taken as a base for the establishment of parity prices. Since 1914, the last

H. J. R. No. 1
A JOINT RESOLUTION
proposing an amendment to Article III of the Constitution of the State of Texas by adding a new section thereto to be known as Section 49a, requiring all bills passed by the Legislature on and after January 1, 1945, appropriating money for any purpose, to be sent to the Comptroller of Public Accounts for his approval, and fixing the duties of the Comptroller with reference thereto; authorizing the Legislature to provide for the issuance, sale and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by the General Revenue Fund on September 1, 1943; providing for the submission of this amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof; and providing for the necessary appropriation to defray necessary expenses for the submission of this amendment.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of the State of Texas be amended by adding thereto, immediately after Section 49, a section to be known as Section 49a, to read as follows:

"Section 49a. It shall be the duty of the Comptroller of Public Accounts in advance of each Regular Session of the Legislature to prepare and submit to the Governor and to the Legislature upon its convening a statement under oath showing fully the financial condition of the State Treasury at the close of the last fiscal period and an estimate of the probable receipts and disbursements for the then current fiscal year. There shall also be contained in said statement an itemized estimate of the anticipated revenue based on the laws then in effect that will be received by and for the State from all sources showing the fund accounts to be credited during the succeeding biennium and said statement shall contain such other information as may be required by law. Supplemental statements shall be submitted at any Special Session of the Legislature and at such other times as may be necessary to show probable changes.

"From and after January 1, 1945, save in the case of emergency and imperative public necessity and with a four-fifths vote of the total membership of each House, no appropriation in excess of the cash and anticipated revenue of the funds from which such appropriation is to be made shall be valid. From and after January 1, 1945, no bill containing an appropriation shall be considered as passed or be sent to the Governor for consideration until and unless the Comptroller of Public Accounts endorses his certificate thereon showing that the amount appropriated is within the amount estimated to be available in the affected funds. When the Comptroller finds an appropriation bill exceeds the estimated revenue he shall endorse such finding thereon and return to the House in which same originated. Such information shall be immediately made known to both the House of Representatives and the Senate and the necessary steps shall be taken to bring such appropriation to within the revenue, either by providing additional revenue or reducing the appropriation.

"For the purpose of financing the outstanding obligations of the General Revenue Fund of the State and placing its current accounts on a cash basis the Legislature of the State of Texas is hereby authorized to provide for the issuance, sale, and retirement of serial bonds, equal in principal to the total outstanding, valid, and approved obligations owing by said fund on September 1, 1943, provided such bonds shall not draw interest in excess of two (2) per cent per annum and shall mature within twenty (20) years from date."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas, at the next general election to be held on the first Tuesday after the first Monday in November, 1942, being November 3, 1942, at which election all voters favoring said proposed amendment shall write or have printed on their ballots, the words:

"For the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the

Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Those opposing said proposed Amendment shall write or have printed on their ballots, the words:

"Against the Amendment to the Constitution of the State of Texas, requiring appropriation bills passed by the Legislature to be presented to and certified by the Comptroller of Public Accounts as to available funds for payment thereof, limiting appropriations to the total of such available funds, providing for issuance of bonds to pay off State obligations outstanding September 1, 1943, and fixing the duties of the Legislature and Comptroller of Public Accounts with reference thereto."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand Dollars (\$5,000.00), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas, not otherwise appropriated, to pay the expenses of such publication and election. (26-c)

A JOINT RESOLUTION
proposing an Amendment to Article 3 of the Constitution of the State of Texas authorizing the lending of Two Million Dollars (\$2,000,000) of the Permanent School Fund for the construction of a State office building or buildings; providing for repayment to the Permanent School Fund; providing for the submission of this Amendment to the voters of this State; and providing for the necessary proclamation and expense of publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article 3 of the Constitution of the State of Texas

be amended by adding thereto a new section to be known as Section 49-b, which shall read as follows:

"Section 49-b. The Legislature may provide by law for the issuance of not more than Two Million Dollars (\$2,000,000) in bonds or obligations of the State of Texas to the Permanent School Fund for the construction in the City of Austin of a State office building or buildings, and the State Board of Education is hereby directed to invest not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund therein. Such bonds shall be executed on behalf of the State of Texas by the Governor and Comptroller, and shall bear a rate of interest not to exceed three (3) per cent per annum, payable annually; they shall be of such denomination as may be prescribed by law, and shall be payable in not to exceed twenty-five (25) equal installments beginning one (1) year from date of issuance; and the State Treasurer is hereby authorized and directed to set aside into a special fund annually at the beginning of each fiscal year until all of said bonds shall have been paid off and discharged, a sufficient amount of the first moneys coming into the Treasury for the use and benefit of the General Revenue Fund not otherwise heretofore obligated to the payment of bonds and interest, a sufficient amount to pay the interest becoming due and the bonds maturing during such fiscal year. From said Fund, the Treasurer shall pay the interest on said bonds as it comes due, to the credit of the Available School Fund; and shall pay off said bonds as they become due and deposit the amounts so paid to the credit of the Permanent School Fund. The power hereby granted to issue bonds is expressly limited to the amount stated and to five (5) years from and after the adoption of this grant by the people."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the third day of November, 1942, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"For the Amendment to the Constitution of the State of Texas

authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Those voters opposing said Amendment shall write or have printed on their ballots the words:

"Against the Amendment to the Constitution of the State of Texas authorizing the investment of not more than Two Million Dollars (\$2,000,000) of the Permanent School Fund in bonds of the State of Texas to be issued for the construction of a State office building or buildings and providing for the repayment of the said sum of money to the Permanent School Fund."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

Sec. 4. The sum of Eight Thousand Dollars (\$8,000), or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State not otherwise appropriated to pay the expenses of said publication and election. (26-c)

A JOINT RESOLUTION

proposing an Amendment to Article V of the Constitution of Texas by providing that the Legislature shall have the power by local or general law, in counties having a population in excess of two hundred thousand (200,000) inhabitants to create other courts having exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters; fixing the time for an election therefor; prescribing the form of ballot; providing for a proclamation of such election and the advertisement thereof; and making an appropriation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. Article V of the Constitution of the State of Texas be amended by adding thereto a new section to be known as Section 22-a and reading as follows:

"Section 22-a. The Legislature shall have the power, by local or general law (without the necessity of advertising any such local law), in counties having a population in excess of two hundred thousand (200,000) inhabitants according to the then last Federal Census, to create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at a special election to be held on the first Tuesday after the first Monday in November, 1942, at which time all voters favoring such proposed Amendments shall have written or printed on their ballots the following:

"For the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

Those voters opposed to such Amendment shall have written or printed on their ballots the following:

"Against the Amendment to the Constitution, providing that the Legislature may in certain counties create other courts having either exclusive jurisdiction or concurrent jurisdiction with the county court in civil, criminal or probate matters."

If it appears from the returns of said election that a majority of the votes cast is in favor of the Amendment, the same shall become part of the Constitution of the State of Texas.

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and to have it published as required by the Constitution and existing laws of this State.

Sec. 4. The sum of Ten Thousand Dollars (\$10,000) or so much thereof as may be necessary is hereby appropriated out of the State Treasury not otherwise appropriated to pay the expenses of said publication and election. (26-c)

RED CROSS VOLUNTEER SERVICE

KNITTING

Knitted garments were turned in this week by Betty Jo Rhodes (sq), Mrs. Bob Head (ss), Mrs. J. T. Hoy (h), Mrs. H. C. McMahan (ss), Mrs. Harvey Shaw (m and sq), Mrs. Clyde Price (wp), Mrs. Mattie Hudson (sq). Yarn for a helmet was taken out by Mrs. Henry Williams and Illa Pool was issued yarn for a War Production sweater.

Sewing

Mrs. J. C. Gibbs of Martin has turned in fourteen childrens aprons made from old shirts. Women who had part in the making of the aprons included Mrs. Shadle, Mrs. Baley, Mrs. Sibley, Mrs. Easterling, Mrs. Edings, Mrs. Helton, Mrs. DeBord and Mrs. Gibbs. The aprons have been beautifully made and as soon as the production room is again in order we urge that everyone come in and see these garments.

Mrs. Harvey Shaw of Windy Valley turned in two quilts by the Windy Valley Club. Each member donated 10c and bought the tops for the quilts. Anyone else wishing to donate tops for quilts will be glad to learn that the Red Cross will furnish the batt and the lining.

Home Service News

The Home Service News sent to Mrs. C. A. Burton, Secretary of the Donley County Home Service, gives several items of interest.

The War Department has devised a special "arrival card" designed to give prompt information to parents, relatives and friends of the safe arrival of military personnel overseas. These cards are supplied to every individual sailing, addressed to the person to be notified in case of emergency and containing overseas addresses, then signed by the service man and left to be mailed as soon as the ship reaches its destined port. Any other necessary information will be added by the commanding officer.

The Army Air Forces Ferry Command was renamed, effective the 1st of July. It is now known as the "Air Transport Command."

The War Department has established an Effects Bureau to store and dispose of personal property left at camps and stations or on trains by military personnel when leaving for overseas duty on short notice. These will be released to the family upon proper procedure.

On the 10th of July the President approved an act increasing the pensions paid veterans of the first World War for permanent

total non-service connected disability. This act will affect approximately 79,000 World War I veterans who are receiving pensions under the provisions of the Economy Act for non-service connected disability.

The acceptance of orders for delivery of A.R.C. food packages to individual prisoners of war notified by name is discontinued. Only packages for prisoners of war in general will be accepted. Four or five months are required for packages to reach the prison camps.

Production Room News

The Production Room is undergoing a job of repainting this week, and little work has been carried on but plans are made for the room to open Saturday. Shelves have been built along the walls for the display of the garments being made by the volunteer workers and the walls themselves are being redone in white. We urge you to come and visit the room soon and see the various garments, quilts, etc. that will be on display.

"I Learned about LIGHT in a BLACKOUT!"

That's what a man wrote in a very human letter.

"We had our first practice blackout here recently," he added. "For twenty minutes, my family and I sat in total darkness. The seriousness of war hit us all harder than ever before."

"Then, when the all-clear sounded and we turned the lights back on, warmth and reassurance came into the room. That made me realize that whatever I spend for electricity, it's still about the cheapest thing I buy."

Here in West Texas, where blackouts have been few and far between and the war seems far away, a lot of folks take electricity for granted until something reminds them how dependable and cheap it really is. If yours is an average family, you're getting about twice or three times as much electricity for your money as ten to fifteen years ago.

The reasons why this service is so cheap and so dependable go back to the way America works—a way we're all fighting for now. A way of life in which free men have an opportunity to create and produce and succeed in proportion to their individual contribution.

Your Electric Servant grew up that way—steadily making more jobs, serving more homes and people and lowering rates—under efficient business management. Because it has done its part of the job well, West Texas has the electric power to attract military training camps, flying schools and war plants. West Texas today is helping produce the men and material that promises a permanent blackout for the Axis dictators!

CLARENDON 1-1 NEEDLEY

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary
Donley County ACA

I should like this week to talk some with the wheat growers in the county. I feel sometimes that in carrying on the work of the county the wheat growers are not given as much thought and consideration as they should be especially in the educational line.

You are aware, I am sure, that there is a Wheat Crop Insurance Program, but have you gone into it thoroughly with anyone lately? It has, at least I believe it has, improved a great deal in the last four years.

One of the greater improvements is that the premium need not be paid at the time the insurance is taken out. When you make an application for insurance you also sign a non-interest bearing note which does not come due until July 10 of the following year.

You may, however, pay your premium at any time during the year if you wish to do so, at the rate quoted by the Crop Insurance Corporation on the day you wish to pay it, thereby taking advantage of any low price quoted on wheat.

Another feature which is offered for the first time in 1943 is a three year contract. In fact this is the only insurance offered under the program this year. In doing this the Crop Insurance Corpora-

tion is able to give you insurance at a lower rate, and the same rate for at least three years. If you should make a large yield at any time during this three year period, and make your farm eligible to receive more insurance at about the same rate, you may void your original application by signing a new application for another three year period. If you are not satisfied with your contract you may, with the permission of the county committee, cancel your contract at the end of the second year.

You say the insurance premium is too high. I agree with you that it is too high, but the risk to the corporation is also pretty high. This year it was the greenbugs which destroyed almost all the seeded wheat in the county, last year it was too much rain that affected everyone, and cut the yield short. The year before that it was drought. The yield for the county is gradually going down, and unless we have some good years, will continue to go down, so I cannot see why wheat growers do not avail themselves of the protection that insurance affords and keep an average income, rather than one very good year and several bad ones.

This year, for the first time, the Corporation has set up a premium schedule. This schedule is made up so that all farms within the same yield range will have the same premium rate. By yield range I mean all farms whose yield is within a certain group. If your yield is between 7.0 and 7.9 your insurance premium will be 1.59 bushels per acre for 75% insurance and .81 bushels per acre for 50% insurance. If your yield is between 10.0 and 10.9 your insurance premium will be 1.67 bushels per acre for 75% insurance or .85 bushels for 50% insurance.

I would very much like to explain this program to anyone who is interested at any time.

Rev. M. M. Dudley of Oxford, Florida is preaching each evening at the Assembly of God Church. He has done evangelistic work extensively in the Southeastern states and Northwestern states. Rev. Dudley is an interesting speaker and singer. Services each evening at 8:30.

Rev. Mrs. Alma Wisdom is pastor of the Church. A cordial invitation is extended to the public to attend these services.

County Agent H. M. Breedlove of the Texas A&M College Extension Service in Donley county announced this morning that farmers of Donley county who filled out the application recently mailed them in regard to free classing of their cotton would receive this service free of charge.

"We ask the variety planted this year and the acreage so that the farmers can be grouped according to varieties planted," the county agent stated. "This service will save farmers 15c per bale for classing. This will save the entire county better than fifteen hundred dollars on the average crops for the past few years. We want all farmers to have this service, and those persons who have not mailed in the card enclosed in the circular letter mailed them should do so at once so that this can be sent in to the state office. This service is free for the cotton farmer if he fills out the card mailed to him. August the first is the closing date for the return of the cards to the county office."

TO THE VOTERS OF DONLEY COUNTY:

I am very grateful for the large number of votes that I received in the first primary election. If it is possible I will see each of you before the second primary and thank you personally for your support at the past election and solicit your vote and influence in my behalf for the coming run-off election for the office of County Judge of Donley County.

W. T. LINK THANKS VOTERS

I appreciate the splendid vote in my race for Chief Justice of the Court Civil Appeals, and especially do I appreciate the splendid vote given me by my friends in Donley county, among whom I have lived for over 30 years.

E. W. Jones Sr. Dies From Heart Attack Monday

Death claimed a well-known Borgan, E. W. Jones Sr., at 4:20 o'clock Monday morning when he was stricken with an acute heart attack at his residence, 117 West Adams street.

Coming to Borgan in October, 1931, Jones has been in the automobile business and was co-owner of a used car lot.

Funeral services were held in Borgan, Tuesday at 3 o'clock. The body was brought overland to Clarendon where interment was made in Citizens cemetery. Mr. Jones was at one time a resident of Clarendon.

Born April 25, 1898, in Colman County, Elmer Washington Jones married Osie Mae Bryant on May 28, 1911, at Weatherford.

To this union four children were born, three of whom are among survivors, E. W. Jones Jr., of Borgan; Mrs. Earl Runyon of Bartlesville, Okla.; and Mrs. C. M. Dillard of Borgan.

Mr. and Mrs. Roy Morrow visited home folks the week end.

Dig And Fill Silos County Agent Advises

This year is one of the best years in the history of the county for farmers to dig and fill a trench silo on the farms, says county agent H. M. Breedlove of the Texas A&M College Extension Service.

"If we make a good feed crop we can store it in a trench silo and preserve the feed for the year that will not be so good," Breedlove stated. "This is also a good time to the trench silo due to the fact that if we were to miss a crop at this time feed might get so high that the farmers could not afford to buy it, therefore if we put the trench silo it can be preserved for an indefinite period of time and can be opened when needed. A move is now in progress to buy a big silage cutter for Donley county and if it can be bought farmers and ranchers will have the privilege of using this machine."

RAYMOND FERGUSON IS NEW BAND DIRECTOR

The Clarendon schools have hired Raymond E. Ferguson as the new Band Director for the coming school term. He and his wife and two small children are now in Clarendon to make their home here.

Mr. Ferguson comes from Tulsa where he has been director of the band for the past five years. Clarendon welcomes these folks into their midst and wish them much happiness in their new home.

WE DELIVER

Please Don't Let Us Down

The American Legion has always had the co-operation of the public in any thing that was good and right, and we are still expecting this co-operation from you.

So far our Records for the fighting men drive has been more or less of a failure, on our quota of 2,500 records we have only collected to date 858. We are a long ways from our goal. Are you going to help us put this over or are you going to let us down.

If you are not familiar with the purpose of this old record drive, it is simply this. We collect the old records and then ship them in to a point and they are melted and made into new records, and in turn sent into the army and other organizations for the amusement of the fighting men. The men in the service do not get the old records, but new ones of their own choice. Surely you can help this much on this drive.

This is my last appeal through the local papers as this drive is over on the first day of August.

So don't forget but go now to the cellar or attic and dig out those old records and phone 68, and I will send some one after them.

I am depending on YOU.

RETURNS FROM CONVENTION

L. E. Thompson, president of the local Lions club and popular hardware merchant, returned Sunday night from Toronto, Canada where he took in the Lions International Convention.

At the regular Tuesday luncheon of the Lions club, Mr. Thompson told of the interesting trip and the warm welcome of the Canadians. The trip took eleven days, of which almost half the time was spent coming and going. Mr. Thompson stated that he would like to go back again some time in an automobile so he could get a better view of the country.
