## Heavy Rains Are General Over County

## Defending Golf Champion Ira Merchant Loses In First Round

### TOTAL RAINFALL OF 1.11 INCHES RECEIVED HERE

MOISTURE IS TERMED A  
LIFE SAVER ALTHOUGH  
MANY REPLANT

Heavy rains which flooded creeks and draws on the north plains of the Texas Panhandle and measured 1.11 inches here last week-end were general and covered practically the entire county, H. M. Breedlove, county agent, reported today.

The moisture received during the past week was a life saver although a large percentage of the farmers throughout the country were forced to plant over some of their crops because of the high winds and heavy rainfall. Breedlove stated after a tour of the county.

"With the moisture we now have on hand and with occasional rains in the future, crop prospects are very good in Donley county," the county agent said.

Beginning Saturday afternoon shortly before 5 o'clock, a hard rain accompanied by high wind struck Clarendon, causing little damage but depositing moisture amounting to 1.09 inches.

In the Claude vicinity the rain was somewhat heavier, totaling 2.62 inches and covering the highways in many places.

A little hail fell here but not enough to cause any damage.

The general rain extended from Kansas and the Oklahoma Panhandle across the Texas Panhandle and across to the South Plains.

### D. E. LEATHERS FAMILY HONORED HERE TUESDAY

The home town paid tribute to the No. 1 Typical Family of Texas, Tuesday night in a fitting ceremony held at the city park, beginning about 8 p. m.

Mr. and Mrs. D. E. Leathers, their daughter, Margaret Jean, and son, Johnny, were presented a silver loving cup by the Clarendon Chamber of Commerce, the Lions club, and Clarendon citizenry as a whole for their accomplishment in winning for Clarendon and Donley County the distinction and honor of having the state's most typical family.

Mayor Tom Connally presented the loving cup to the family and highly praised them for their accomplishment.

Each member of the family was called upon and responded by relating some phase of their trip to the New York World's Fair.

### Regular Meeting Of County Court Is Held Monday

The County Commissioners Court met in regular session Monday and took up routine business.

Among business transacted the court voted to discontinue bounties on coyotes after June 15.

The body will meet today and Friday, acting as a board of equalization to hear complaints of property owners.

All members of the court were present at the Monday's session including R. Y. King, county judge, and Commissioners J. H. Hermesmeier, G. G. Reeves, Claud Nash and Marvin Hall.

### Approximately Sixty Floats Are Expected To Enter In Parades

According to H. M. Breedlove and Buddy Knorpp, who are in charge of the parades to be held July 3rd and 4th, the business men in Donley County are giving wonderful support to make the parade one of the biggest ever in Donley County.

Breedlove and Knorpp said that they have worked just one-half day in contacting the business men in Clarendon and have

a promise of 34 floats or some kind of display. It is expected that after every business firm in the county has been contacted, there will be approximately 60 floats or displays in the parade.

It is certain that this is going to be a great celebration with the cooperation and willingness that has been shown thus far, the two men stated.

### Red Cross Quota for Donley County Lacks Near \$200--\$178 Remitted

Sharpened interest in relief for civilians in the huge war demobilized territory of Europe was reflected here this week when after a lagging start, the funds to meet Donley County's quota of the Red Cross call for \$380.00 reached \$178.35 at noon Wednesday, which amount has been forwarded to the National headquarters.

Special mention should go to Hedley where the list at the Security State Bank, netted \$68.35 up to Friday of last week. Local contributions here were \$108.00, of which \$43.50 was personally contributed, while \$66.50 was the result of the benefit bridge sponsored by the Episcopal Auxiliary at Mrs. J. T. McClellan's residence.

Treasurer J. D. Swift has forwarded the sum on hand, and the call continues until Donley has met her quota. Local Red Cross officials urge the local people show their sympathy for the defenseless civilian population in France, Belgium and other sections where aid can be rendered, by calling TODAY at one of the four banks in Donley County and leaving their contributions.

### BREEDLOVE AND NOBLETT ATTEND FARM MEETING

County Agent H. M. Breedlove and W. W. Noblett attended a wheat seed improvement meeting at the Herring Hotel in Amarillo last Thursday night.

B. L. Word and family arrived here last week from Bromley, California. They are glad to be back in Texas after two years in California and enjoy visiting with old friends and acquaintances.

Bert Smith returned Wednesday from a trip to Oklahoma City, Dallas and Fort Worth.

### Saturday Is Day For Red Cross Relief

Saturday will be the big day in Donley County for the Red Cross Relief Call, in a strong effort to complete the county quota of \$380.00. Mrs. Allen Jefferies heads a committee of ladies who will conduct three booths in downtown Clarendon where contributions will be accepted.

Earlier in the week \$175.35 was forwarded to national headquarters by Chapter Treasurer, J. D. Swift, so there is a balance of \$203.65 to be raised, and all contributions large or small will be accepted to make up what is likely to be a succession of calls in the months ahead.

Give the ladies your aid, and help the homeless and starving of Western Europe.

### CHANTERS SCORE TRIUMPH HERE LAST NIGHT

McMURRY COLLEGE SINGERS  
GREETED BY APPRECIATIVE  
AUDIENCE

Gypsy Ted Sullivan Wylie, former Clarendon woman, and for many years teacher of voice and director of the McMurry College Singers at Abilene, scored a real musical triumph here last night in a concert at the Methodist Church, where a most appreciative audience greeted her and her charges.

From the first number, Haydn's Largo from Xerxes, to the concluding strains of Elgar's "Land of Hope and Glory," every number of the full chorus, men's and women's quartettes, octettes, interspersed with tenor and soprano solo, sincere applause testified of the hearty approval of the music lovers in the pews.

Lavada Raynes, soprano, possessed with power and richness of voice, sang "Song of the Soul" by Briel, while J. C. Wilson, tenor, added his melody in "Woman is Fickle" from Rigoletto.

"Tom, Tom the Piper's Son," and "Peter Piper," arrangements of favorite nursery rhymes, were favorite numbers of the women's and men's chorus, respectively.

GRADY HAZLEWOOD

### PLATFORM GIVEN DONLEY VOTERS BY HAZLEWOOD

Grady Hazlewood, wellknown Amarillo attorney and candidate for State Senate, gave the News this week a condensed statement which outlines the objectives of his platform.

The following is a condensed statement of my platform as given over radio station KGNC immediately after my decision to run for the senate:

"I am 38 years old and married; most of my life has been on farms near Silverton and Canyon, Texas. I graduated from West Texas State College and the University of Texas Law School. I came to Amarillo as assistant District Attorney and was later elected District Attorney with out opposition. After two terms, I retired voluntarily. I have practiced law and have also been operating a farm near Hereford. My wife taught school in Childress and Tulla, and I think I am a representative Panhandle citizen.

"No person 'urged' me to run for this office, and I will not be 'ham-strung' with political obligations if elected. Texas must pay her honest debts which will call for large appropriations to be raised by taxation. Special interests may not want to pay their part. Your senator must not be obligated to them. The people who know me as District Attorney know I will

### 3-TIME CITY TITLE WINNER BEATEN BY M. P. GENTRY

BILLIE COOKE DEFEATS  
NEEL THOMPSON IN  
SPARKLING PLAY

The first round defeat of Ira Merchant and the sparkling exhibition of youngsters Neel Thompson and Billie Cooke highlighted this week's play in the 13th annual City Golf Championship.

Merchant, who annexed the title in 1937, '38 and '39, fell to the steady stroking of M. P. Gentry but it took until the 19th hole to decide the match.

The Thompson and Cooke match came in the second round, played Wednesday, and Cooke had to shoot a two under 70 to shake his opponent on the eighteenth. Thompson had previously defeated U. J. Boston, 4 and 2, Cooke downed Dick Cooke 3 and 2.

In the other championship flight match, Alex Cooke shook Led Jay, 3 and 2, in a close tussle.

The winner of the Gentry-Alex Cooke bout will meet Billie Cooke Sunday for the championship. The round will be over 36 holes.

Walter Wilson was in the money in the first flight Wednesday night after downing T. F. Connally and H. B. Kerbow. Wilson will meet the winner of the Dr. Beck and Patman bout to decide the title holder of that bracket.

Beck advanced by a default from T. M. Shaver while Patman earned the second round by clubbing Tom Murphy one up on 19 holes.

In the second flight Frank Murphy Whitlock got in the final playoff by defeating John Gillham after Gillham had ousted Clarence Whitlock. Frank Whitlock had previously beaten John King. For the honor of meeting Whitlock in the last round, Glenn Churchman and Dr. H. F. Harter will play. Churchman defeated Pud Bain in the opener and Harter won over Doss Palmer.

Joe Goldston eliminated Lee Bell in the first round of the third flight contest and L. B. Penick and Charlie Ballew were also victorious. Penick beat Bill

Andis said he would like to have about fifty cars make the trip on each of these days.

NOW—OR LATER AT A COLOSSAL COST

This nation must rush airplanes, tanks, artillery and supplies to the Allies NOW, or else operate these death-dealing mechanized units of war on our own at a later date—not so remote—at a colossal cost.

We cannot evade one or the other of these unpleasant courses, and the burying of our national head in the sand of blind optimism would be the world's prize example of national brains lower than the proverbial ostrich.

This is no time to prate about "neutrality". For the present all previous standards of international law and procedure have been blacked out by Messers Hitler, Stalin and Mussolini, and the rudely awakened sense of self-preservation must know how to act—and act promptly in such a crisis of human destiny.

If our American people would ride in 1941 model transportation in the safety of the Western Hemisphere, then we must "trade-in" our rapidly out-moding war machinery, and see that the Allies get immediate deliveries of planes, guns, and equipment to end Hitler's mad gamble for the destruction of European Democracy, which is only the first step in the wiping out of all Democracy.

We must forget inter-party and national politics. Today we have the sublime privilege of being free Americans—united in a supreme effort to protect Christian and Democratic ideals.

God grant that this effort for us may be short of War.

### FDR NOT TO BLAME FOR JONES REVERSAL

The News has never failed to openly differ with President Roosevelt when it thought him in the wrong, but we protest certain Panhandle personalities trying to lay the blame on the president for the ill-starred action of Marvin Jones when he got back into the congressional race in this district after having definitely declared that he would not offer, choosing to accept the federal judgeship on appointment of the president.

President Roosevelt is not the man to blame for Mr. Jones' action. It came from a certain well-known city of the Panhandle and not from Washington—it came by reason of the pressure of fairly well-known city-builders in Amarillo, who, by-the-way, do not always represent the rank and file of Amarillo citizenship, who are just as sincere, just as unselfish and just as generous, as are the people of any other town in the district.

Just to keep the record straight—and lay the blame where it rightfully belongs.

### OKEH, GOVERNOR LEHMAN

The Governor of New York State observed on a recent occasion that it was pleasant to know that we Americans are still at peace and "can still think in terms of homely living and security—of baseball, of schools to which more than 20 million children go in safety each morning; of economic security of jobs, and of the hundred and one simple pleasures and problems that fill the daily lives of the peace-loving, orderly people." Okeh Governor Lehman. Forty-seven other Governors ought to emphasize these same points.

### WELLS GAINING STRENGTH OVER THE DISTRICT

The News has had no cause to qualify its early prediction that Deskins Wells would be among the leaders in the 1940 congressional race in this district. After all the smoke screen has been cleared away, and the people have digested the just but costly barrage some candidates launched against Marvin Jones for his momentary yielding to the pressure from certain quarters to get back into the contest, Deskins Wells takes the inside track and is now being watched by every other candidate as the man with whom he must come to grips if he is to be in the runoff in August.

The brilliant young newspaper man of Wellington, full of his farm rearing and enthusiastic love for the Panhandle and all its interests will likely lead in the July primary, and as more and more Panhandle people come to know him, we confidently expect him to win the August final, and serve our section for many, many years with efficiency, credit and distinction.

### SUSPENSE WILL SOON BE OVER

While it is undoubtedly true that Texas people have been too much absorbed in fast-moving world events to give politics very much attention, it is also evident that there has been some irritation on the part of voters over the in-and-out antics of many candidates in a number of state and local races in the past few months.

Happily, that situation cures itself Saturday of this week, when even the precinct races are set insofar as a new name going on the ticket is concerned.

From here on out candidates have the unusual burden this year of not only striving against their opponents, but fighting against Hitler and Mussolini for attention in the public mind.

### REPRESENTATION IS STILL THE END

On all public boards, councils, and commissions, as President Theodore Roosevelt rightly proclaimed—

The agricultural country should be as well represented as the city. Country people should insist on having full representation.

The people whom we revere as saints are those who cooperated with God better than other people of their generation.

# ONE MILLION Texans

One million Texans would have to find other means of livelihood if the Texas petroleum industry were to shut down tomorrow.

Steady employment, good working conditions, reasonable working hours and fair wages are the industry's responsibilities to its workers and their families—a million Texans in all.

It must maintain production, find and develop new fields, meet competitive markets for its products and pay its total expense bill of 750 million dollars a year, which includes its payrolls.

The Texas petroleum industry now has to pay 97 million dollars a year in taxes to Federal, State and local governments before it can consider wages and employment.

When expenses must be cut to satisfy increasing tax demands, employment suffers, and with it, the buying power that employment creates in our State.

## Various Events Listed For June At Buffalo Lake

BUFFALO LAKE.—The Play-ground of the Southwest evidently believes in variety after glancing at the calendar of events for the month of June.

Hardly had fishing season been opened on this lake last week before cabins and boats became in constant demand and camping units began to fill with lovers of the out-of-doors.

Now comes the social season and starting the many June events already scheduled are the Beta Sigma Phi sorority girls of Amarillo who present their first season barbecue at the lake Friday, June 14. The Gamma Kappa Chapter are the host for this gala event and have invited two sister chapters for guests. An estimated 75 couples will attend, according to their officials. A dance in the Recreational Building will follow the barbecue, it has been announced. Walter Irvin, Amarillo Ford dealer, has promised transportation for the young couples from Amarillo to the lake and return.

On Monday, June 17, the three Amarillo Kiwanis Clubs combine in an All-Kiwanis Day at Buffalo Lake for one of the highlights of the season when more than 200 club members, their wives and children take over for an evening of fun. A tasty barbecue dinner has been planned to serve Ranch Style for the Kiwanians to be followed that evening with a grand Kiwanis Ball. The clubs have reserved the Recreational Building exclusively for this event.

Slater for one day this month in the near future will be Charter Day celebration for the Canyon Lions Club when Lions from over the entire Panhandle will congregate at the lake in commemoration of the latest Lion Club in the Panhandle to re-

## NEW AUTOMATIC STREET LIGHTING SWITCH INSTALLED

An automatic time switch for controlling the street lights in Clarendon has just been installed, according to Charles M. Lowry, West Texas Utilities local manager.

The entire street lighting system in Clarendon is handled on a single circuit, and heretofore it has been necessary for a serviceman to make two trips daily to the standby power plant to turn the lights on and off with a manually operated switch.

The new automatic time switch has been set to turn the street lights on at dusk and off at dawn, and can be regulated according to the seasonal changes. It will result in more economical operation and better service inasmuch as the hours lights will burn will be more accurately controlled, Lowry said.

To end a glorious month plans are now under way for a Sall Boat Regatta when internationally known sailors of both Atlantic and Pacific coasts compete with Texas, Oklahoma and Panhandle Tars in a regatta of national sanction. Members of the Oklahoma City and Dallas Yacht Clubs were Buffalo Lake visitors this week to chart the course and make arrangements for the first such event ever held on inland waters in the Southwest.

Vacationists are now taking advantage of the lake facilities to spend a beautiful outing with all resort advantages yet remain close to home and business connections.

## LIBRARY NOTES

(By Mrs. C. A. Burton)

The University of Texas and the O. Henry Museum in Austin united in doing honor to O. Henry on June 4th which was the thirtieth anniversary of his death. Special exhibits of his works and relics connected with his life while a citizen of Austin were shown. It will be remembered that he was William Sidney Porter, but to the great number of people who enjoy his short stories he has only the one name, O. Henry. Of course all his stories are on our shelves. The Southwestern Library Association will meet in Albuquerque, New Mexico, Oct. 2-5. The convention theme will center about the cultural heritage and local problems of the Southwest. The discussions by outstanding authorities will be on such subjects as "What Book Publishers Get from the Southwest," "Southwestern Archives," "Printing in the Southwest since the First Press in Mexico in 1539." The delegates will be entertained with Spanish and Indian music and folk dances, a tour of Santa Fe, and trips to Taos and the prehistoric cliff dwellings of Puye.

Richard Llewellyn, author of "How Green Was My Valley," which continues to lead the best sellers, is working as chief transport officer of the Entertainment National Service Association, directing the movements of 500 concert troops in England and France.

The New York Drama Critics Circle selected William Saroyan's "Time of Your Life" as the best play of the year by an American playwright. It was also awarded the \$1000 Pulitzer Prize — but Mr. Saroyan set a new precedent by refusing the prize, saying that he was deeply grateful, but that he had always been opposed to awards in general in the realm of art, and particularly to material awards. "Time of Your Life" closed a Broadway run of 185 performances before the Pulitzer Award, and there are rumors of a fall revival.

Signal Undset, Norwegian novelist and Nobel Prize winner, is scheduled for a tour of the United States in the fall. This plan was made before hostilities began, but it is expected that she will fulfill the contract. Only one of her books, "The Snake Pit," is on our shelves.

F. Van Wyck Mason has a new book which is attracting much attention called "Stars on the Sea." The author says he has planned a series of four books — each complete in itself — to describe the whole span of Revolutionary years as lived and suffered by the maritime population of the Colonies. The first of the series we have, "Three Harbors," which describes the opening years of 1774-1775. He plans to describe a Northern Colony, a Southern Colony and a British Colony which did not side with the Revolutionists. He says, "In Stars on the Sea," I have tried to show the disastrous effect of the unopposed British blockade on all ranks of Colonial society. The underlying purpose of this series is to recreate in familiar guise those joys, doubts and ambitions which motivated our ancestors. Why not make history amusing and vital as well as instructive and accurate?"

Barry Benefield, author of "The Chicken Wagon Family," and "Vallant Is the Word for Carrie" has a new novel, "April Was When It Began." It is said to be cut to the same pattern as these two charming stories and should please readers "who are willing to enter upon a surprising and beautiful adventure wherein dream girls are spirited, but with moderation, in the classic way." In its pages Barry Benefield brings to life a whole gallery of characters "uncommonly endearing," as Vallant Carrie was to Alexander Wolcott. And the mood is again one of "Spring days when the blood dances and the world is golden, and misfortune to be disposed of by a gallant flirt of the wrist." The story has sentiment without sentimentality; it does not add weight to the brow, but takes it off the heart. Clean and wholesome, it is a refreshing change from the sordid, the sensual, the too realistic which have characterized many recent novels, so say the critics.

The author is a native Texan, a graduate of the University of Texas, and was at one time a reporter on a Texas newspaper. He now lives at Peekskill, New York, and commutes to Manhattan three days a week to read manuscripts for his publishers. He is in his early fifties, and still speaks with a Texas drawl.

This latest story of Barry Benefield's, "April Was When It Began," is to be reviewed here

## NEWS IS SELECTED FOR ADVERTISING BY COFFEE FIRM

### DUNCAN COMPANY TO RUN SERIES OF ADVERTISING THIS SUMMER

The Clarendon News has been selected by the Duncan Coffee Company, Houston, for an extensive advertising campaign in which housewives of Clarendon and trade territory will be told about the quality and refreshing goodness of both Iced Admiration coffee and Admiration tea during the hot summer months.

Independent merchants of Clarendon also are joining in the campaign and will advertise Admiration tea and coffee in this newspaper in co-operation with it and the Duncan Coffee Company. The Clarendon News was selected for this selling job, officials of the coffee company said, because of its outstanding reader audience in Clarendon and the surrounding trade territory.

A statement from the company said that Southwest housewives are urged to prepare for Summer the "Admiration Way" by stocking their pantry shelves with the Southwest's favorite beverages — Admiration coffee and tea. These two popular drinks served "iced" are not only the refreshing answer to the Summer heat, the firm states, but are also the stimulating remedy for Summer-worn spirits.

Coffee has been the national American beverage ever since Pocahontas made the first steaming cup for Captain John Smith (he carried his own coffee beans with him) and American housewives were the first to pour hot fresh coffee brew over ice and call a halt to meanu heat waves.

Newspaper were selected by Admiration for the iced coffee selling campaign, company officials said, because "newspapers are the backbone of the entire Admiration advertising program — Summer or Winter."

## The Low Down FROM HICKORY GROVE

They sure been putting a burr under the saddle, there in Oregon. The folks went down to the voting place and they says, says they, we have a stomach-full of this tomfoolery about the electric lights. We don't want to be any Yogi like in India, they said, and lay on a bed of spikes the rest of our life. We don't want any TVA misery loaded on to our backs. So they up and said Nix, on municipal ownership.

Those old web-feet there, they really got up on their haunches, and het up, about it. They figure that the Army and the Navy is plenty to keep Uncle

Samuel busy. So another Govt. adventure has exploded — and the drowsy taxpayers throughout the nation, get their eyebrows singed again. They got one more white elephant to look after now.

Anybody in the market for a nice new shiny powerhouse, but with no customers on the horizon, he might write to Bonneville, there in Oregon, or to Grand Coulee — or maybe he should try Wash., D. C. direct. Yours with the low down,  
JO SERRA.

Mary Frances Powell, who has been teaching in Quanah, arrived here last week for a short visit with friends and relatives before starting to summer school.

## Over The Coffee

Get ready for your uniforms, boys, the United States took its first definite step toward entering war Monday when President Roosevelt lambasted the Italian Premier for his declaration of war on the Allies.

Yes, we're really on the brink of war whether we realize it or not. War sentiment in the United States has been rising in leaps and bounds in the past few weeks and now parallels that of pre-war days of 1917.

We don't agree with Mr. Roosevelt on everything but we're sure 100 per cent back of him on his rearmament program. Let's have the biggest and strongest army in the world, let's have the largest and heaviest tanks, let's have the biggest and greatest air fleet, and let's have a navy which outranks England's—then let someone start something!

Let's be so strong that even Mr. Hitler will think twice before knocking the chip off the shoulder.

Let's also increase Edgar Hoover's G-men force and rid ourselves of those two legged skunks called 'Fifth Columnists.' Let's not be caught napping like Norway, Holland and Belgium

and be a prey for the 'Trojan Horse.' Let's act now so we can feel secure from the war mongrels across the pond.

The old political teapot sure whipped up steam last week. And old Marvin Jones was the one who kept the fire flaming hot. First he was out of it, then in it, and then out of it again.

Marvin announced that he would not seek reelection to Congress and that his only reason for considering it in the first place was the request of the President. Maybe so, but this corner is more inclined to believe that the Amarillo political machine had more to do with Marvin's announcements than Mr. Roosevelt.

Anyway, Marvin's decision to stay out will keep him a lot of friends.

The local political situation also showed some activity during the past week with Bill Todd withdrawing and Judge Lowe entering the county school superintendent's race. Todd was making fine progress, according to word coming to this corner, when all of a sudden he jumped off the bandwagon. Looks like Judge Lowe and Ruth Richardson will fight it out for the honors.

Father's Day will be here next Sunday and everyone with a papa should give the old boy something nice. Dad's a grand person and very deserving. He works hard all day long, comes home tired and worn out and seldom gets a kind word.

It's Dad who pays! One day Johnny needs a pair of shoes, the next day little sister has to have a dress. One week it's this and the next week it's that. And then on the first of the month, he's swamped with an avalanche of bills.

But Dad keeps right on, usually without saying a word. His troubles continue, but he still smiles.

Like Mother, Dad should have special recognition on his one and only day of the year. Let's not forget him.

Mr. Irene Mathews and daughter, Betty Jo, left Friday for there home in Denver, Colorado after spending several weeks here with her parents, Mr. and Mrs. Lee Martin.

Mr. and Mrs. H. C. Brumley have returned from a two weeks' visit with their son and family at McCamey. Mrs. Rolle Brumley and children, Carroll and Shirley, accompanied them home.

Mrs. H. E. Westmoreland and daughters, Flora Katherine, Janice and Louise, of Columbia, Missouri are here visiting with their parents and grandparents, Mr. and Mrs. Tom F. Connally.

Mrs. Ouis Rolls and baby who have been visiting here for the past few days with her parents, Mr. and Mrs. Victor Smith, returned to her home in Canyon, Sunday.

## Romance A Modern Linerider on the Range

"Hangin' a pot's like bulldoggin' a steer"

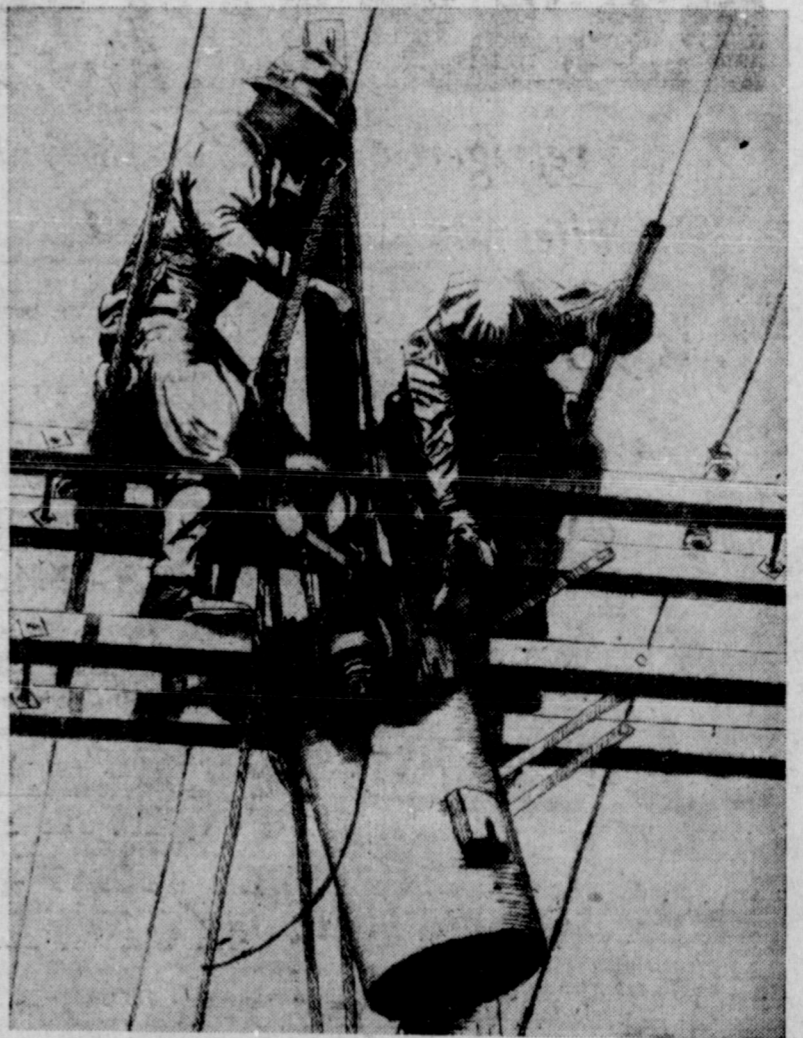

THE modern linerider has a language all his own, much the same as the West Texas cowboy uses a "range" tongue "foreign" to most of us.

These linemen are hanging a pot on a 50-foot Black Diamond. They are using a gut on the hot wires for protection against high voltage juice.

A "pot" is a transformer, fixed high up on a creosote pole. It reduces voltage to 110 or 220 volts so that electric current can be safely used in your home. A "gut" is the rubber line hose placed around the wires to prevent shock.

Until a worker is experienced enough to perch atop the pole without fear and without holding on with one hand, he is known as a "clumb-some." The man working on the ground, sending up tools and handling paraphernalia is called a "Grunt." "Coon that pole" is the signal to climb a pole when not equipped with climbing hooks or spurs. "Suck on it" means to take up the slack in a new wire being strung. A "johnnie ball" is an insulator. A "nigger-head" is a porcelain fuse cutout around which wires are tied on cross-arms for insulation purposes. "The Bear" is the sobriquet sometimes given "the boss."

Although the lineman's life is fraught with danger, he is a normal citizen... maybe your neighbor. He is one of hundreds of men and women working behind the scenes to help make Electric Service efficient, dependable, and economical here... On him we bestow a title of honor — A Modern Linerider.

This is the fourth of a series of "THUMBNAILED SKETCHES" featuring the work performed by our Linemen in bringing ELECTRIC SERVICE to your home

## Les Beaux Arts Club Presents Spring Pageant Friday Evening

The last meeting of the Les Beaux Arts Club was held last Friday evening June 7, in the City Park in the form of twilight part and Spring Pageant.

The program, which began just as the sun sank out of sight, was in a setting of little girls dressed as daisies, roses, tulips and bluebonnets grouped about over the grass. Mrs. Frank White, Jr., and Mrs. George Bagby dressed in costumes of an old fashioned girl and her old fashioned lover were seated on a garden bench at the left of the throne. Still further to the left, a temporary well had been placed by the walk at the foot of the steps. The well had a pulley and rope and an old oaken, iron bound bucket.

The Queen and her attendants came from the archway entrance to the park down the steps and the cobble stone walk proceeded by Jane Williams singing "Have You Ever Been to Texas in the Spring." The group of older girls followed wearing pastel colored evening dresses and joined in singing the chorus then took their places in behind the throne, forming an attractive background.

When the Queen was on her throne, Jane Williams as reader, told of the coming of the Queen of Spring each year from her tower in the east and how she sent her fairy attendants across the green meadow in search of flowers to be placed at her feet, after which the Queen waved her magic wand and at her command the daisies, roses, tulips and bluebonnets were brought from their beds and gathered about her. During this time the chorus sang "Tip-toe Through the Tulips," "Daisies Won't Tell," "Beautiful Texas, Where the Beautiful Bluebonnets Grow," and "A Garland of Old Fashioned Roses." At last when the flower gar-

den was complete, Mrs. White and Mrs. Bagby sang "In an Old Fashioned Garden" and then moving to the well, sang "The Old Oaken Bucket" with the girls joining in on both choruses.

Guests were then served from the sweetness of the old oaken bucket.

The children on the program dressed to represent flowers were, Joy Pierce, Peggy Wright, Doris Knorpp, May Morris, Emma Gene Mears, Patsy Hommel, Mary Margaret Smithy, Doris Wallace, Lois Marie Hommel, Carolyn Peabody, Jaculene Estlack, Barbara Estlack, Mary Lydell Cox, Inell Cox, Arvergene Smith, Elbagene Ballew, Betty Thompson, and Willena Riney.

Those appearing in the rest of the program were Peggy Strickland, LaVerne McMurry, June McMurry, Jo Word, Joan Thompson, Anna Moores Swift, Mrs. Frances Powell, Ethlyn Drennan, Frances Grady, Ruth Palmer, Mrs. George Bagby, Mrs. Frank White, Jr., Elice Norwood as the Queen of Spring, and Ira Gene Estlack, Juanita Carpenter and Vendell Hommel and the Queen's fairy attendants.

### Garden Glances Presented weekly by the Garden Club

"America's beautiful lies in the hands of the gardeners"

Rained! The grass is luxuriant and every shrub and tree has a new growth of tender green. The flower beds are a pageant of gay color. Nothing in the June gardens draw out more admiration than Regal Lilies. Some of the loveliest clumps are seen in the Stallings, Potts and Weidman's yards.

The day-lilies are providing deepest orange to clear yellow for the borders at the Weatherly's, Ryan's and Joe Goldston's. In the Misses Harned's garden a lily pool has become the most entrancing feature with its exotic blooms of pink and white. A large Buck Horn Cactus with myriads of single pink flowers is noticeable on the Crockett Taylor's and Mrs. Glascoe's lawn.

A white climbing rose ornaments the front porch at the Jimmie Miller's. "Creeds, customs, states, nations pass away, but still the flowers bloom and still the nightingale sings!"

BREEDLOVE AND KNORPP TO HEAD PARADE GROUP

MANY FLOATS SCHEDULED TO PARTICIPATE ON JULY 3rd AND 4th

H. M. Breedlove and Walter (Buddy) Knorpp were chosen by the celebration committee to handle the parades on the third and fourth of July.

Breedlove said Wednesday that plans were progressing rapidly for an excellent parade. All ranches are being contacted and almost without exception all ranches in this territory will be represented in the parade. He also stated that almost all local business firms that have been contacted have promised to provide floats for the parade. The high school band will participate in the parade both days, and the Shamrock and Pampa bands will participate in the event on the third and the Memphis and Childress bands on the fourth. Breedlove predicted that the out-of-town and local girl sponsors in the parade would serve to make it one of the most colorful in the history of the event. The D. E. Leathers family, the typical family of Texas, will be featured in the parade on a float built especially for them.

COWBOY REUNION AT STAMFORD IS SET JULY 2, 3, 4

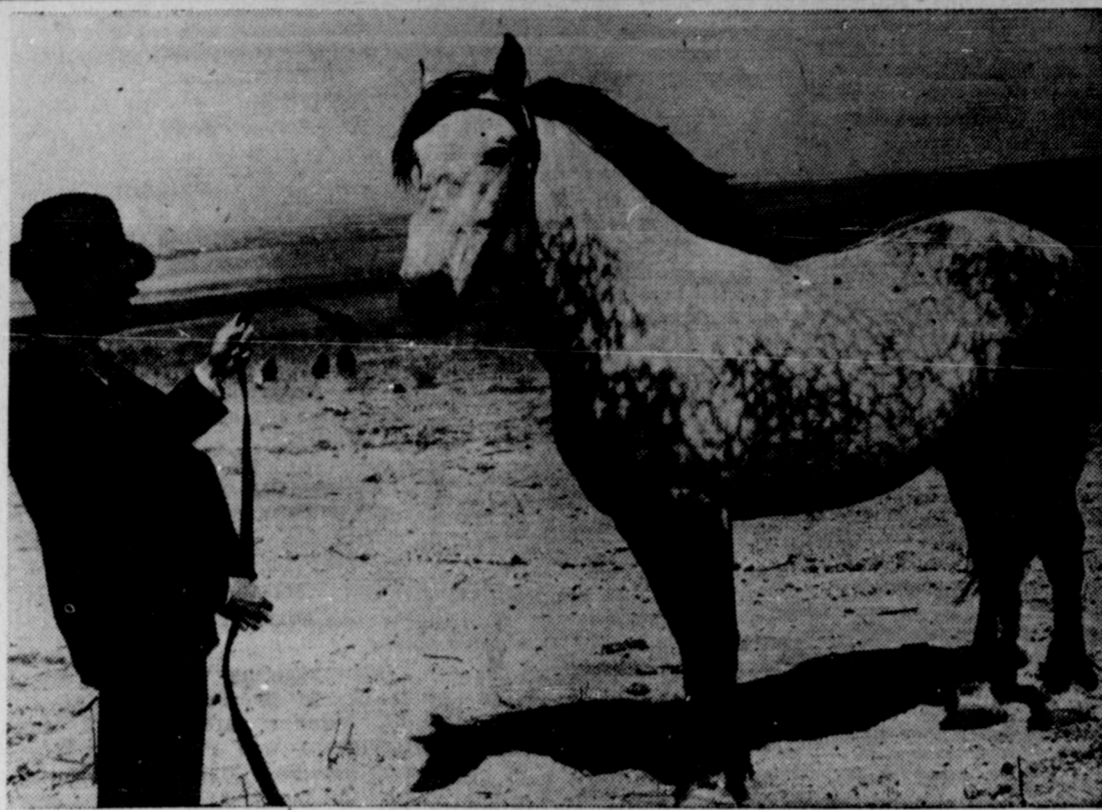

RANCHERS INVITED TO BRING CHUCK WAGONS FOR ANNUAL EVENT

STAMFORD, Texas.—It's getting to be an old ranch custom! After the spring round-up and branding are finished, bosses and cowboys load up the old chuck wagon and head for Stamford and the Texas Cowboy Reunion as a sort of vacation. There the ranch hands set up camp on a special reservation provided for that purpose. They eat at the chuck wagon, compete in the cowboy rodeo and take in the other attractions of the annual celebration.

W. G. Swenson, president of the Texas Cowboy Reunion, announced this week that all ranches are invited to bring their chuck wagons for the eleventh annual Reunion on July 2, 3 and 4. All provisions, including groceries and meats, after the wagons reach the Reunion grounds, are furnished without charge by the Reunion management. Employees and owners of the ranches bringing the wagons will be given chuck wagon passes. Visitors may have the novelty of eating at a chuck wagon but are required to pay for the meal.

Among the famous West Texas ranches which brought their chuck wagons last year were the 6666 ranch of Guthrie, Matador ranch of Matador, the Waggoner DDD ranch, Reynolds Land and Cattle Company, Kent County; SMS Flattop ranch, Stamford;

Donley Animal Purchased With FSA Funds

America's low-income farmers are increasing the quality of their livestock and workstock through the use of purebred sires made possible by the Farm Security Administration. Above is one of many stallions now available to farmers in this area on a cooperative basis. This animal, located on the O. N. Patterson farm in Donley County, was purchased with funds loaned by the FSA. Farmers in the Goldston Community are cooperating in the use of the stallion and to retire the loan.

RAILROAD GONE, TEXAS COMMUNITY IS IN MOURNING

PERRIN, TEXAS ADMITS LOSS DUE TO LACK OF APPRECIATION

PERRIN, Texas.—The people of this once thriving West Texas community are in mourning.

The occasion for their mourning is not the demise of some leading citizen or other beloved person, but the loss some months ago of their railroad. Now that it is gone many in Perrin are frank to admit its loss can be largely attributed to their own lack of appreciation of its value to the town.

Along with the railroad went school district, municipal and other taxes and a payroll highly important to a town of this size, even though it might not have been considered much of a factor to a larger city. Throughout Perrin's time this payroll had meant much to local business firms, professional men and others.

All of these losses combine to transform Perrin from a bustling, bustling plains country business center, which it was while the Gulf, Texas & Western Railroad was operating, into a slowly dwindling community, now threatened with being added to the growing list of Texas "ghost cities," a fate against which local citizens are striving valiantly. What has happened to Perrin was not contemplated when the Texas Railroad Commission authorized discontinuance of service by the G. T. & W. railroad. However, when officials of the line presented indisputable proof that the business actually taken in by the railroad failed by a wide margin to pay its operating expenses there was nothing left to do.

Perrin need not have been in its present dilemma. Time was when the railroad operated two freight and two passenger trains between Mineral Wells and Jacksboro and Perrin. There were a local railroad agent, two section foremen and ten section lab. orders whose wages boosted Perrin's payroll by \$12,000 annually.

But with the fine paved highways came the busses and the trucks and some Perrin citizens began to refer to the G. T. & W. as "two streaks of rust." Others more thoughtful called the attention of their neighbors to the fact that more than a dozen families earned their livelihood by

HOUSEWIVES CAUTIONED BY FIRE COMMISSIONER

AUSTIN—Home fires could be reduced to a minimum if Texas housewives would refrain from the use of gasoline, especially for cleaning purposes, Marvin Hall, state fire insurance commissioner, warned today.

The commissioner reported that the explosive power of gasoline has been ascertained at 83 times that of dynamite, and that the flash point of gasoline may be as low as zero.

"Static and friction should be avoided in handling gasoline," he said, "and people whose jobs involve its use should be thoroughly conversant with its dangers. Of course, its use is a commonplace as well as a necessity, but there's no need to ignore its power."

CANDIDATES RALLY TO BE AT BRAY JUNE 28

There will be a candidate rally at Bray Friday June 28. The proceeds will be used for the payment of the new electrical fixtures of the school house. Everyone is cordially invited to attend.

working for the railroad and that the taxes it paid were a factor in local business. The latter, who felt pride that Perrin had a railroad connection with the outside world, urged their friends to ship more of their products and receive more of their goods by rail.

But the lure of the new type of public transport was too great, with the result that, as the business of the highway carriers increased, that of the railroad dwindled, finally being reduced to the point where the line's continued operation was impossible. The last train was operated from Perrin last December 26.

The taxes paid by the railroad were not large, but of the amount \$382 went toward the schools. This was an important item in meeting the expense of education.

"The loss of Perrin of its railroad means more than the loss of taxes" asserted John Sharp, local superintendent of schools. "When the railroad stopped, business stopped. Our experience should be a lesson to more fortunate communities that still have time to save their railroads."

Leathers Family Makes Grand Impression On Fair Officials, Publicity Director Casey Says

By LEO CASEY World's Fair Publicity Director

WORLD'S FAIR, N. Y.—Reversing the popular song, the eyes of New York were on a typical Texas family — D. E. Leathers of Clarendon — who spent a week as guests of the Fair in a specially constructed FHA model home.

It was hard to say which made the biggest hit—the Fair on the Leathers or the charming Texas family on the thousands of New Yorkers who were on hand to welcome their transcontinental neighbors.

Attired in true Southwestern fashion, colorful ten gallon hats and cowboy boots, the Clarendon family, Mr. and Mrs. D. R. Leathers, John 19, and Margaret Jean, 16, were delighted to find a rousing celebration awaiting them on the threshold of their new home.

The Leathers responded with typical Texas cheerfulness to the invitation of Fair Vice-President Howard A. Flanigan, who told them "to make themselves at home, with the sky the limit on the part of the Fair's hospitality."

Mr. Flanigan waited until the Leathers had hoisted the Texas State flag high on the pole in their front yard and then presented Mrs. Leathers with a specially engrossed lease to their new home.

Mr. Leathers was given the key to the front door and John the key to the back door. Here occurred an incident that, if

necessary would alone establish the Fair's new guests as typical Americans.

As soon as her brother had received the back door key, Margaret Jean laughingly remarked: "John will probably start stealing out at night now." This brought a big laugh from the crowd.

Mr. Flanigan, however, convinced John that if he steals out tonight he'll miss one of the swellest evenings he'll ever have. For, after a chance to freshen up and get "set" in their new home, the Leathers were off for a night of celebration within the enchanted acres of the Fair.

First they were the guests of Ford officials at a dinner in the private dining room of the Fair Pavilion. High company officials continued to impress upon the Leathers that the Fair this year has nothing but informal hospitality for all its guests.

Although Fair officials and the throng of Fair visitors who received the Leathers unanimously agreed that this family from the Panhandle region was typical American at its charming best, special was the impression made upon all by Margaret Jean.

Mr. and Mrs. Ted Truelove and daughter, Sherry, and Mrs. John McMicken all of Memphis were here on business Friday afternoon.

Mary Charlotte Word returned home from Missouri where she has been attending school.

countries will send special samples of their coffee by air express to this country, where the coffees will be blended and the resulting brew served to government officials and to the mayors of leading United States coffee ports.

The event performs the function of renewing interest in iced tea as well as calling the attention of the trade and public to a pleasing and stimulating summer beverage (iced tea) . . . a beverage, incidentally, that is more important to our economic structure than the average person realizes.

Coffee is the vital factor in the economy of our neighborhood nations to the South. This year they are faced with the loss of their European markets. When they can sell their coffee they are prosperous customers of Uncle Sam. . . . When they cannot, their economic position becomes affected, and our exports figures to these countries clearly reflect the situation. Although our imports from these countries were at the highest figure in history during 1939, this year our neighbors hope that we can absorb at least some of the crops that they usually ship to Europe.

Iced coffee provides a potential outlet for that increased consumption. Many people who have never tasted the nation's favorite beverage (coffee) an iced form turn to other drinks in summer weather. Throughout the country, roasters, grocers, and restaurateurs will bring iced coffee to their attention this summer, with the hope that hot weather consumption of the commodity will stay on the same level as during the winter. In the Southwest, this campaign will be aggressively supported by the Southwest's own Admiration Coffee and Tea.

### "An Angel From Texas" Opens At Pastime Theatre Wednesday

"An Angel From Texas," with Eddie Albert, Rosemary Lane, Wayne Morris, Jane Wyman, Ronald Reagan, and Ruth Terry in the leading roles, is Warner Bros.' latest comedy hit coming to the Pastime Theatre Wednesday and Thursday.

It's the hilarious story of adventures—and misadventures—of Lydia Weston a corn-fed cutie from Lone Star, Texas. Lydia, fresh from the triumphs in the Elks Auditorium is bent on a dramatic career in New York. Rosemary Lane plays this role and opposite her is Eddie Albert and the rest of those "Brother Rats."

Broadway managers are singularly unimpressed by Lydia's high school histrionics, and she is forced to accept a secretarial job to Morris and Reagan, two

she, string producers. When country boy Eddie Albert comes to the big city with \$20,000 bulging in his jeans and fostering the fond hope that he will buy a hotel and settle down with Lydia, the producers pounce on him and sell him an interest in a play fairly reeking of moth balls. Eddie willingly signs the check since the agreement stipulates that the stary-eyed Lydia will be leading lady. Unfortunately the play hits a snag when the vitally leading lady played by Ruth Terry threatens to summon her boy friend "who gets outa Alcatraz in three weeks" and have him plant a bomb under the stage.

Luckily for the bumpkins, Reagan's wife played by lovely Jane Wyman, is a sweepstakes

### FSA-SPONSORED DONLEY FARMS BETTER INCOMES

**BENEFICIAL PROGRAMS IN OPERATING ENCOURAGED BY AGENCY**

Increased incomes, better diets and more properly balanced operating programs are found on many farms of Farm Security Administration borrowers in Donley County as a result of additional substance dairy cattle, according to J. E. Burch, FSA supervisor.

Maintenance of enough dairy cows to supply milk, cream and butter for family consumption, with a surplus for market, is encouraged as an important part of successful farming, he said.

Although the FSA is making it possible for many low-income farmers to purchase dairy cows to meet their immediate subsistence needs, it was explained this agency also encourages farmers to use good sires for their herds and increase the quality and production of their milk cows.

"Because well-bred bulls are a prohibitive expense for owners of small dairy herds," Mr. Burch said, "the Farm Security Administration encourages groups of farmers to use the services of good sires and to share expense."

He said loans are made either to a group for joint ownership of a sire, or to an individual who agrees to make the services available to his neighbors at a reasonable charge.

Membership in FSA-sponsored cooperatives is not limited to FSA borrowers. However, only farmers who cannot obtain adequate financing from any other source are eligible for loans from this agency.

He said the history of the past seven years proves that the farm family who produces the greatest portion of its own food needs at home and who diversifies farm enterprises as much as possible, is the family that has the best chance to succeed.

Farmers desiring more information about organizing and financing group breeding services are encouraged to contact him at his office in the Goldston Building, Clarendon, Texas.

### Sponsors Will Participate In 4th Celebration

Chamber of Commerce Secretary J. R. Gillham has mailed invitations to fifty towns and ranches to participate in the out of town sponsor's event to be held in connection with the annual celebration here the third and fourth of July.

The sponsors will participate in the parade each day, in the grand entry at the rodeo, and in an event during the rodeo to demonstrate their horsemanship. A saddle will be awarded the winning contestant and a pair of boots will be presented the second place winner. The participants will be judged on personality, horsemanship, apparel and horse equipment.

Each of the local firms is being contacted in connection with an event to be held for local

sponsors. Local firms and nearby ranches are being asked to sponsor some lady in the event for the local contestants. A prize list for the local sponsors will be announced at a later date.

Miss Penelope Blocker and Mrs. Joe McMurtry have been asked to take charge of the sponsor's events. All young ladies wanting to participate in the local sponsor, or event are asked to see Miss Blocker who is planning a drill for the local sponsors.

The Federal Seed Act which went into effect in February provides that seeds which are shipped in interstate commerce shall be labeled so farmers and other planters can tell from the labels whether the packaged seed are what they desire.

Artificial light is being used in some fish hatcheries to advance the time of trout spawning. As much as 2 months has been gained.

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Act your neighbor!

be obligated to no person. World history is being made overnight and we need able and aggressive legislators.

#### OLD AGE ASSISTANCE

"The governor of Texas told the legislature to pay a debt due the aged people, and that if they did not like his bill then to try another. I will cooperate with the governor of Texas in seeing that Texas pays this debt. There is no use stalling around until these good old people are dead and gone. Nothing but food and clothing will comfort hunger pains and cold bodies. We use public funds to feed cattle in drought-stricken areas. We spend billions for implements of murder and destruction. Let's pay our debt to these worthy old people. It is also my intention to AMEND THIS PENSION LAW so that the pennies received for mowing lawns, hauling dirt, or as a mother's or father's day gift will not be taken from their pensions. Needy aged persons who own non-revenue bearing homesteads are often refused assistance. This is also true where their children are employed, regardless of the obligations 'spy' system that sends out snipers to find out if mother or father received 50 cents for keeping someone's yard, or if son or daughter is making \$15.00 per week instead of \$12.00. These people are not criminals. What has become of the Golden Rule? What I have said also applies to providing revenue for the

#### TEACHERS' RETIREMENT FUND AND AID TO THE BLIND. FOUR-YEAR TERM FOR ALL PUBLIC OFFICIALS

"I favor a four-year term for all state, district, county, and precinct officers. Our public officials have their own family obligations to meet, and it is wrong for them to have to spend one-fourth of their salaries running for office. The present situation causes public officers continual financial embarrassment and retards governmental efficiency.

#### FARM PROGRAM

"I favor more farm-to-market roads, and until this Senatorial District has its just share of good lateral roads, I oppose any diversion of the gasoline tax for other purposes. I am farming myself, and I know that the GASOLINE TAX must be REFUNDED to the farmers the same as it has been in the past. This tax refund is constantly attacked in every session of the legislature, and the farmers must not be deprived of it. I believe the state should lend the Federal government whole-hearted cooperation in the splendid effort being made toward soil conservation.

#### OIL AND GAS CONSERVATION

"I think the state alone should control the production of oil and gas. We should regulate the petroleum industry for the prevention of waste, and in doing so, we should see that every producer has equal and uniform treatment. I vigorously oppose Federal control of the oil industry.

#### COURT REFORM

"I favor such a revision of

our civil and criminal practice as will cease to protect the guilty but continue to shield the innocent. Among other things, I favor an amendment to the search warrant law which frees criminals found in possession of stolen property simply because no search warrant was procured. I favor a revision so that suspended sentences will be revoked upon subsequent conviction of similar crimes, whether felonies or not. I favor a revision of all court procedure to stop all this red tape and useless delays which waste jurors' time and the tax payers' money.

#### POLICEMEN'S AND FIREMEN'S PENSIONS

"I believe in provisions for annuities for city policemen and firemen. Those officials are in constant danger of losing their lives — for the protection, security, and peace of those persons living within a municipality, and it is well known that they are not sufficiently paid to enable them to provide for old age. After they have given a life of service to the people for inadequate pay, I think we should have provisions that will take care of them upon retirement.

#### SOCIAL WELFARE

"The state owes the duty to provide for dependent and crippled children with the necessities of life. Unfortunately, afflictions may be corrected in early life so that such children may grow up to be useful citizens instead of charges. Likewise, the state should take care of the indigent blind people.

"We owe a legal obligation to

the aged, the teachers, and to the blind; we owe a moral and human obligation to the dependent and neglected, and crippled children of this state.

#### ROAD BOND ASSUMPTION BILL

"I favor the reenactment of this bill every two years which assumes certain outstanding road and bridge bonds of the various counties of this district.

#### LABOR PROGRAM

"I believe in principle of collective bargaining, and I shall favor any legitimate legislative program of organized labor. I shall oppose the confirmation of any man who might be appointed as state labor commissioner who is not a bona fide member of organized labor.

"Friends — I had rather be defeated standing for something than be elected President of the United States standing for nothing. And, I'll either introduce a bill, or assist in introducing a bill in the legislature carrying out my program, or I'll RESIGN at the end of the first session. Those who know me know I will work. I will stay on the job, and I will make you a senator of whom you will be proud. My radio-speaking dates are at 7:30 a. m. on Tuesdays and Fridays over KGNC."

### BENEFIT SHOW NETS CLARENDON HIGH BAND \$75

The Clarendon high school band derived \$75 from the benefit show held last Friday at the Pastime Theatre for the purpose of securing funds for uniforms, according to Ray Robbins, band director.

Robbins thanked Homer Mulkey and the citizens of Clarendon for the generous support given the band. In this statement he said:

"The Clarendon High School band wishes to express their appreciation to Mr. Mulkey and the employes of the Pastime Theatre, who so generously gave their time and all proceeds in making the recent band benefit a success.

"Also, may the band again thank the people of Clarendon for the generous support of the band."

### Two Accidents Occur Sunday At Hedley Signal

Two auto accidents occurred on the south edge of Hedley last Sunday near the blinker "slow" signal, but no one was reported seriously injured.

Deputy Sheriff Guy Wright said that a little girl was taken to a Memphis hospital Sunday night following a collision of a Pampa car and one from Muleshoe.

Earlier in the day, an aged man driving a new car crashed into some posts along the highway in order to keep from colliding with another machine, according to Deputy Wright.

Dorothy Jean Bogard returned home with Mrs. George R. McKown of Oklahoma City. From there she will go to Okemah, Oklahoma for a few days visit with relatives and on to Memphis Tennessee before returning home.

Mrs. A. Niece and Mrs. George R. McKown and two children of Oklahoma City, Mrs. W. H. McNeely and daughter, Mrs. J. D. Paul, of Waxahatchie visited in the homes of Miller and Heckle Stark and Neal Bogard last week.

Mr. and Mrs. Walter Taylor left last week for a two weeks vacation in Antonita, Colorado.
