Wright, Richerson Win In Close County Races

ADAMSON LOSSES SHERIFF RACE BY 81 VOTES

QUIET ELECTION FEATURES AS APPROXIMATELY 2,300 VOTES ARE CAST

By a narrow margin of 81 votes, Guy Wright was the voters' choice over J. W. (Jess) Adamson for the office of sheriff-tax collector in the Democratic primary here last Saturday. In another close race, Ruth M. Richerson won over S. W. Lowe for county superintendent by a margin of 112 votes.

Both races were undecided until about 1 a. m., Sunday morning, upon the completion of the count at Hedley. With about 154 votes still to be counted in this box at 11 p. m., both of the above races were undetermined at this hour. Election officials at Hedley said that late voting there had delayed the counting.

Guy Wright polled 1203 votes to Adamson's 1122, while Ruth Richerson came through strong on the Hedley vote to forge ahead of her opponent and win the superintendent's race. She polled 1,226 votes to Lowe's 1,114.

In the county treasurer's race, Mrs. Margaret Thompson took an early lead over Mrs. Homer Glascoe and piled up a total of 1,761 to her opponent's 578.

Approximately 2,300 votes were cast in the county, this figure being derived by the high total of 2,291 cast for Gerald Mann, unopposed candidate for attorney general.

In county commissioners' races, John Hermesmeier won a close victory over Edwin Baley in precinct one, Hermesmeier's total was 143, Baley's 131.

In precinct two, G. G. Reeves took the decision over Pink Rodgers, by annexing 591 votes to Rodgers' 459.

Donley County voters apparently adopted Gov. O'Daniel's new theme song, "There Ain't Gonna Be No Runoff," as complete returns in the precinct three race showed J. A. Tollett with a total of 466 against his opponents' 375. In this race, W. C. Bridges received 249 votes and Jay Hunt, 126.

Marvin Hall, won reelection as precinct four commissioner over his opponent, Ben Chamberlain, Hall polled 94 votes to Chamberlain's 60.

On the whole, the election in Donley County was unusually quiet. Sheriff Guy Pierce and his deputy, Guy Wright, were called to Hedley late Saturday night to quell a disturbance in front of the voting place there. No arrests were made and the disturbance had no bearing on the counting which was being conducted inside, according to the officers.

Clarendon's Coronado Celebration Movies In Technicolor Benefit Park Board At College Friday Evening

Clarendon folk await with joyous expectancy the Benefit Showings here Friday evening at the College Auditorium, of the movies in technicolor of the 1940 Coronado Rancho Round-Up & 4th of July Celebration, sponsored by the City Park Board.

The sequence of pictures were made by George B. Bagby, local moving picture hobbyist, assisted by his artistic wife, and makes a new high achievement on the part of Mr. Bagby, as well as bringing perpetual record of one of the proudest events Clarendon ever knew — the 1940 Celebration.

Over fourteen hundred feet of pictures were made by Mr. Bagby of the preface, committees, parade, rodeo and incidental views which makes Clarendon live as a "story book" town in the big two-day event the first week in July.

The pictures were made at a cost of several hundred dollars to Mr. Bagby and he is generously allowing them to be shown to the public by local organizations in benefit performance without one cent return to him.

Monday evening at the Ladies Club room in the City Hall, Mr. Bagby was host to a number of citizens in a preview showing of the pictures and all declare that they are the work of a professional, and reach a new mark in local artistry.

J. D. Swift said: "The pictures of the Celebration made by Mr. Bagby are outstanding and most interesting," while R. E. Drennan says, "a most colorful picture everyone will want to see. George Bagby has done a wonderful piece of work."

"A wonderful picture that every person in Clarendon and Donley County should be proud of. It shows Mr. Bagby's rare ability in this line" is the verdict of W. H. Patrick. Among the others to comment, Fred E. Chamberlain said "It is a show worth fifty cents to any citizen of Clarendon and Donley county proud of our country and its achievement in the 1940 Celebration. No one will want to miss this treat Friday evening."

The benefit program at the college will begin at 8:15 Friday evening, and from the expressions heard about town it will be a race for good seats to enjoy this colorful portrayal of Clarendon's big Celebration, which brings a new era to Panhandle entertainment.

YOUTH OF TODAY IS HENSHAW'S SUBJECT

LIONS HEAR REV. HENSHAW IN FORCEFUL ADDRESS ON YOUTH PROBLEMS

A somewhat bettered attendance greeted Vice-President Louie Thompson Tuesday noon when he gave the Clarendon Lions Club to order at the Hotel Clarendon, and a good program was in store for them.

Program Chairman Caraway introduced Rev. J. Perry King, who had been invited to address the club, but who instead introduced his co-paster, Rev. E. W. Henshaw who delivered a thoughtful address on the problems of youth today. In the light of the universal draft likely to be passed by congress, and with a background of world-conditions far from encouraging. The speaker declared that he had no intention of bringing an indictment against the youth of today for he believed them as trustworthy and more intelligent than were the youth of the last generation, and that they had ground for inquiring if we, the mature men and women of today, after managing the affairs of the world for thirty years, had cause to feel that we had done a good job. He declared that the impact of massing young life into the heterogeneous life of the army could not but have tremendous effect on them and the world.

The question, therefore, is whether or not the proper moral and spiritual training is in the lives of our young people today, that will bring them and the world safely through the trials of tomorrow. Accepting the probabilities of war, Rev. Henshaw declared "Death is cheap; life is reality," and posed the proposition that it is much more difficult, much more worthwhile to live a life for our country, than to give a life for our country, important as that may become.

Since history has never recorded a democracy that lives more than two hundred years, the speaker, declared that today, we of the United States should give thought to those priceless liberties and moral foundations upon which this nation has been erected, if we are to maintain our Democracy longer than the span hitherto attained.

In closing, Rev. Henshaw called upon all citizens of this community to give renewed allegiance to our churches and every other institution that proposes to build moral character and fibre, inviting a closer Christian fellowship in these days of national and spiritual peril.

Other guests of the day, were Miss Nelda Sue Burton, who played the piano in the absence of Miss Wiedman, and former Lion Ira Merchant.

DONLEY VOTERS GIVE O'DANIEL MAJORITY

GOVERNOR POLLS 1,407 TO RUNNER-UP THOMPSON'S TOTAL OF 443

Donley County voters climbed aboard Gov. W. Lee O'Daniel's band wagon to the tune of his theme song, "There Ain't Gonna Be No Runoff," as they gave him an overwhelming majority in the first primary last Saturday.

O'Daniel also carried every county in the Panhandle, the home district of Ernest Thompson, runner-up in the race, and won a majority of a little more than 53 per cent of the votes cast in the entire state.

O'Daniel, who showed his voting strength here a week ago Wednesday when he attracted a record crowd to hear him speak on the courthouse lawn, polled 1,407 votes. Thompson, his nearest rival, came in second with a total of 443. Hines ran third with 281 while Sadler got 71, Ferguson 51, and Davis, four.

In the railroad commissioner's race, Olin Culbertson was high man in Donley County with Pierce Brooks but a few votes behind him. Culbertson polled 397 to Brooks' 392. According to late state reports, both men are in the Aug. 24 runoff.

WTCC WORK PLAN IS OUTLINED AT MEET HERE

J. A. RIX AND C. A. STUDER PRESENT PROGRAM TO LOCAL CHAMBER

J. A. Rix, assistant manager of the West Texas Chamber of Commerce, and C. A. Studer, region I director of the WTCC of Canadian, Texas, met with the directors of the local chamber of commerce, Wednesday at the city hall, for the purpose of outlining the work of the WTCC to the local chamber.

Mr. Studer, well known Canadian business man and rancher, gave a general outline of the work being promoted by the West Texas Chamber at this time. A resume of the organization of the freight rate fight, the fight for re-districting of state representatives and senators, improved method of determining state aid for schools, and oil regulation measures was given.

Mr. Studer stated the legislative districts had not been redistricted since 1920, and he quoted examples of the need of redistricting by calling attention to the fact that one representative represented 119,000 people in 9 counties surrounding Lubbock, and one representative represented 20,000 people in Wise County.

Rix discussed the WTCC program of work for this year and asked that the local chamber endorse this program and assist in carrying it out. Methods of cotton allotment, oil control, freight rate inequalities, methods of determining state aid for schools, redistricting of state legislative districts, and the organization of tax units to aid county and city officials in lowering operating costs were the chief points of the program of work.

Directors of the local chamber of commerce expressed themselves as being well pleased with the new plan of taking the program of work to the members of the organization that is being initiated under the direction of the J. S. Bridwell, president of the WTCC, and D. A. Bandeen, manager of the organization.

WELLS, WORLEY LEAD DONLEY VOTING

MAX BOYER IS FIRST IN STATE SENATE RACE IN THIS COUNTY

Deskins Wells and Eugene Worley, the two small town men who will fight it out in the Aug. 24 runoff to succeed Marvin Jones as congressman, led the ticket in Donley County in the first primary voting last Saturday.

Donley voters favored Worley, the 31 year old Shamrock attorney, while the district as a whole gave Wells, the Wellington publisher, the greatest number of votes.

Worley polled 658 votes in the county to lead a ticket of 12 candidates. Wells ran second with 545, just 113 votes behind the Shamrock man.

E. T. (Dusty) Miller of Amarillo who ran a nip and tuck race with Worley for second place in the district voting, came in third in Donley with a total of 235. Lewis Fields placed fourth with 201, and Henry Bishop held fifth place with 167 votes.

Max Boyer and Grady Hazlewood, the two that made the runoff in the state senator's race, polled the largest vote in Donley. Boyer led the balloting by receiving 804 votes, with Hazlewood right behind him with 758. Curtis Douglass, the Panhandle entry in the race, polled but only 468.

In the 122nd district representative race, Ennis Favours won a clear majority over his two opponents and staved off a race for this position in the August primary. Favours, a Pampa attorney, will represent Gray, Wheeler, Donley and Collingsworth counties. In the district, he received 7,080 votes while Luther Gribble, former Collingsworth County Judge, polled 3,847 votes and John Puryear, also of Collingsworth county and a former representative, received 2,981.

Puryear led the balloting in Donley county with 715 votes, while Favours polled 690, and Gribble 623.

For District Attorney, John Deaver, incumbent, won easily over Edgar Robertson, the vote being 6,481 to 2,214. Donley County gave Deaver 1,651 votes to his opponent's 475.

UNION SUNDAY EVENING SERVICE ANOTHER EVIDENCE OF GROWING SOLIDARITY

For a number of years The News has been a modest advocate of union Sunday evening services for the churches of our community, during the summer months. This summer, under the leadership of our local pastors' association, the union services at the stadium are a reality during July and August, and there is growing attendance and interest among our people.

This is as it ought to be. Christian people everywhere are seeing the good in minimizing their differences and emphasizing their common faith in One Lord, and here in Clarendon only good can come from the experience of the union services and the hearing of other pastors than one's own, as Christian fellowship is magnified.

These union services on Sunday evening are another evidence, to our way of thinking, of the growing solidarity of our community—a situation to be devoutly striven for in every line of community life.

Let us support our union services this summer. Let us enjoy the worshipping together of all our people. Let us renew our faith in the Coming Kingdom of our Lord, here and throughout the world.

THE CONGRESSIONAL RUN-OFF

As the several unofficial polls indicated Deskins Wells and Eugene Worley were out in front in the twelve-man race for the seat in congress, vacated when Hon. Marvin Jones accepted federal appointment and did not stand for re-election.

Wells came out with a sizeable plurality in the district, and will meet the genial young legislator from Shamrock in the run-off in what now appears to be one of the most hotly contested political battles the Panhandle has ever witnessed. Wells is older by a number of years, but is young enough to battle toe-to-toe with Worley, who is a smooth campaigner in his own right. Both carried on a clean-cut campaign, and neither are the type that employs mud-slinging tactics in approaching the voters. The district thus seems assured that a spirited, clean, campaign is assured.

Looking over the field, and considering that most of the eliminated candidates were men of mature years, it would appear that Wells would gain hugely in the conservative vote that went to the eliminated men last Saturday. This true, Wells should be the winner.

THOSE WHO MET DEFEAT

So far as we have heard our defeated candidates have proven that they are sterling citizens in meeting the reverses at the polls last Saturday.

Our hat is off to those who fought a good, clean fight, ran on their merits, and in the judgment of the voters were denied victory. They deserve the honors of citizenship and the confidence of our people.

You can't expect much in the way of surprises from a convention in which some nine out of ten delegates are pledged to one man — and in which that man's word is law. That was the case with the Democratic convention, which ran absolutely true to anticipated form. It took up several days and a good many hundreds of thousands of words were spoken, but all the essential business at hand could have been concluded in half an hour. From the word "go," there was no question whatsoever but that most of the delegates would cast their votes for Mr. Roosevelt. Other candidates were nominated, and received a scattering of favorite son votes, but this was simply window dressing.

In the opinion of cynical and experienced newsmen, this was one of the dullest conventions on record. It was poorly attended, and during some sessions delegates left the floor in droves, or openly slept in their seats. There was no enthusiasm shown at all, until Senator Barkley mentioned the President's name in his long keynote address. Then there was a thirty minute ovation, and managers had a hard time restoring order so Barkley could go on. His announcement, following his speech, of the President's position on the third term was something of a dud. There had been a leak somewhere, the rumors of what would be said were printed and broadcast hours ahead of the actual announcement. The rumors proved 100 per cent accurate — the President said he did not seek another term, but intimated he was willing to accept a draft. The way the stage was set, there can be little question but what he would have been drafted whether he was willing or not. Democratic big-shots consider the Willkie - McNary ticket one of the strongest in Republican history, and feel that only Mr. Roosevelt is a good enough candidate to send into the lists.

The Democratic platform, like the Republican, is small potatoes. Both are full of weasel words, and evade the issues whenever possible, but Mr. Willkie and Mr. Roosevelt can be trusted to clarify their positions. This convention, however, will be remembered in history for one thing — for the first time the "unwritten law" opposing the third term was violated. And one of the big questions of the moment is just how much faith in that tradition the American people have.

Polls indicate that a fairly substantial minority of the voters believe, as a general principle, that two terms are sufficient for anyone. "Walkouts" within the party have already started. These "walkouts" are partly due to anti-third term sentiment — but more to the conservative wing's dislike for Roosevelt policies. The nomination of Secretary Wallace for vice-President was, curiously enough, indirectly dictated by the Republicans. Senator McNary's principle strength as a vote-puller is in the agricultural areas, and the President thought it necessary to have a running mate who would appeal to the farmer. At the same time, Mr. Wallace, though he is personally popular, is poison in same states, where New Deal farm policies are heartily disliked.

So brilliant, colorful Mr. Willkie is pitted against brilliant, colorful Mr. Roosevelt. This should be one of the most vivid campaigns in history — no two men in decades have exerted so powerful a hold on the imaginations of the people. Mr. Willkie will probably make a long swing around the country, touching the little towns as well as the cities. Mr. Roosevelt according to his own announcement, will conduct a "portico campaign" — that is, he will stay in the White House and make radio speeches, instead of canvassing the country in person. Mr. Wallace will probably do considerable speaking. Senator McNary has said he plans to do relatively little campaigning.

Who will win? Watch the polls for an indication. The experts now think it may be one of the closest campaigns in history. The innocent often suffer most in this world — and that is true in the case of war. There will be a famine in Europe this winter, say the authorities, and only two powers will be comparatively immune. Those are the two belligerent powers — Germany and England.

Germany has systematically looted the granaries of the countries she has seized. And the English fleet is still adequate to keep her merchant shipping going. Famine means plague, disease, untold misery. And if it comes, it means the collapse of the Europe we have known. It takes many years for a people to recover from the effects of even one season of starvation and malnutrition.

Question is whether this country will help if famine strikes. We have surplus food aplenty. We could sell it, give it away, or barter it abroad. Yet, looking at the problem realistically, we would thus be fattening up potential enemies. It is a problem where humanitarian considerations, and our self interest as a democratic world power in a dictator-ridden world may prove totally opposed.

KILL KARE KLUB ENTERTAIN WITH HOBO PARTY

Mrs. Tom Kirby and Mrs. W. A. Land were hostesses to the Kill Kare Klub members and a few guests last Thursday night, July 25, when they were entertained with a Hobo Costume Party on the lawn of the Lane home, at which the members and guests were received at the back door.

After an evening of entertainment, Hobo fashion, the hostesses sent word to the guests to come to the back door for a "hand-out" which proved to be bountifully filled paper bags that would delight the heart of any hobo.

After enjoying the feast, the costumed hobos were lined up while the judges voted on the most intriguingly dressed hobos who turned out to be Mrs. J. R. Bartlett and Mr. Henry Williams who received suitable prizes.

Those enjoying the unique evening were Messrs and Mes-

Simmons Powell Wins Special Award

In the photograph above, Mr. Powell is shown receiving the Award from G. O. Markins of Houston, District Sales Manager for Gulf, who made a special trip to Clarendon in order to deliver the Award to Mr. Powell personally.

SIMMONS POWELL IS PRESENTED GULF AWARD

Simmons Powell, Gulf Oil consignee or commission representative in this area with headquarters in Clarendon, was presented today with a beautiful hand-lettered Certificate of Award, commemorating his 12 years business association with his company.

The Certificate was signed by Colonel J. Frank Drake, President of the Gulf Companies, and was personally presented to Mr. Powell by G. O. Markins, District Sales Manager for Gulf.

In making the presentation, Mr. Markins also handed to Mr. Powell a letter from O. H. Carlisle, pioneer Texas Oil man and for many years Gulf's Division Sales Manager. In his letter Mr. Carlisle expressed his regrets at not being able to accompany Mr. Markins in making personal presentation; and explained the Gulf Service Award Plan under which all Gulf employees with ten or more years service and all commission representatives with ten or more years of business association are being recognized by the company.

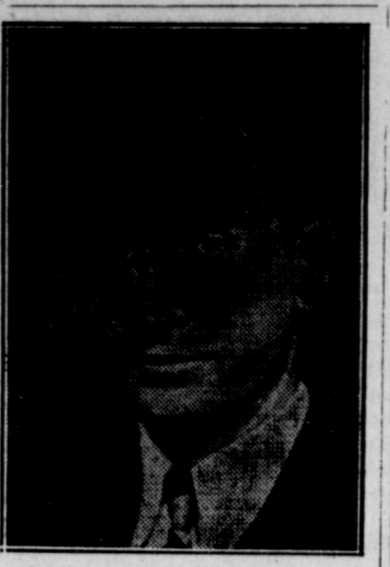

Mr. Markins pointed out that recently more than 20,000 Gulf salaried employees had received Awards commemorating long years of service; and that in the Texas Division more than one-half of all the commission representatives in the state have been associated with the company for ten years or longer. One commission representative has been associated with the company between 35 and 36 years, many of them from 15 to 20 years, and more than a score from 20 to 30 years.

A CARD OF THANKS

I deeply appreciate the loyal support given me in last Saturday's primary. To all those who voted for me, or assisted me in any way during the campaign I extend my sincerest thanks. Texaco Known All Over The World

Sold in 48 states of the union and in 106 foreign countries, Texaco Products are among the most widely used Petroleum Products in the world. They are wholesaled and distributed in the Clarendon trade territory by Ernest Kent, local Texaco consignee.

There must be some good reason why The Texas Company, which was organized by a group of Texans in 1902, has grown from a small organization operating in South Texas alone into one which now serves every state in the Union and 106 foreign countries; why from one distributing station at Laredo, Texas, it has expanded until it now has over 2,000 bulk plants which service over 50,000 real out-lets.

The answer is superior quality and service at no extra charge. Owing 6,500 miles of pipeline which extends to all of the major oil fields in the United States the problem of economical transportation of crude oil to their 19 refineries has been solved. The solution of this, the major problem in the reduction of oil production costs, enables The Texas Company to offer motorists the finest of petroleum products at no extra charge or in-

crease in price.

Texaco Sky Chief gasoline, for example, which was introduced last year as a companion product to Fire Chief gasoline, is developed by a new process and gives a new and better premium gasoline value. Texaco and Havoline motor oils—likewise quality products in their field—are both insulated against head and cold and made to meet the requirements of the 1939 and 1940 model automobiles.

These and all other Texaco products can be obtained at numerous Texaco service stations in Clarendon and vicinity, all of which can be identified by the Texaco Red Star and Green T and at which the attendant will extend every courtesy in keeping with super-service. An example of Texaco service is their Retail Courtesy Cards which are good for credit at any Texaco Service Station. Tens of thousands of Texaco patrons have these which are available through Mr. Kent.

Mr. Kent acts as commission consignee for Texaco products in the Clarendon trade territory, owns his own equipment, employs his own personnel, and is correctly regarded as a local business man.

Over The Coffee

By BILL SERCOMB

Well, folks, we had an election last Saturday, and it was an unusually quiet one. We didn't see any soldiers at the polls with rifles and bayonets. We didn't even see any soldiers at all.

We saw only one or two electioneering for the different candidates, and heard some discussion about the merits of some men.

It seems that we are a little different from a whole lot of countries in conducting our elections. Seldom do we see or hear of bloodshed at the polls. And when we vote we can cast our ballot for our favorite candidate without the fear of being hunted down by secret police afterward and probably shot on the spot.

Honestly, it's great to live in a country like this where political freedom still prevails. Most everyone appears to be satisfied with the results of the election. Many said that their favorite candidates didn't make the grade, but they showed their willingness to cooperate with the winners.

Of course, everyone can't win in an election, and our hat goes off to a good loser. Donley County.

DOUGLAS - GOLDSTON DRUG STORE

It appears to have had all good losers in this last election. Most of them were out on the streets following their defeat and appeared most cheerful and had a word of thanks to pass on to those who supported them.

Folks, we have in our midst one really proud papa, and he's not bashful in admitting it.

As we know, the John Gillhams were blessed early Monday morning with a seven pound bundle from heaven—a baby girl. Latest reports circulated was that the father was doing fine.

But what we mean is that he is doing a fine job of being a proud papa. John, according to inside information, was right on the job at the hospital Monday. And, according to reports, he wasn't slow in taking up his new fatherly duties.

Congratulations, John, and we're glad that you are this kind of a papa. We need more fathers of your kind!

Some weeks ago we predicted that Mr. Roosevelt would run a third time and be reelected. Now we predict that he will carry at least thirty states—probably more—and run up a safe majority against Mr. Willkie.

Mr. Roosevelt's popularity is still strong, and it's rather doubtful that the people of this country will make a change during these critical periods.

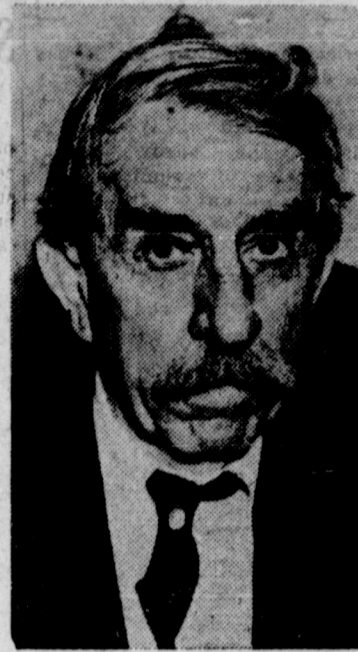

Most of the big democrats are sticking with FDR and few walkouts are anticipated.

On the other hand, Mr. Willkie is practically a newcomer and will have to build up a lot of popularity to hurt Mr. Roosevelt even a little.

Marilyn Bartlett left Monday to spend a few days with her grandmother, Mrs. Fred Swift, in Memphis.

Mr. C. O. Davis of Rule spent Wednesday in the home of Rev. and Mrs. J. Perry King.

BOYER EXTENDS HIS THANKS TO THE VOTERS

PERRYTON, Texas — Max Boyer, leading candidate for State Senator, expressed appreciation to the voters today for the good vote he received throughout the district.

"It is pleasing to me to know that in all counties combined outside of Potter County my vote exceeds my opponent from Amarillo by over six thousand. When you consider that four-fifths of the Senatorial District vote is outside of Potter County, there is no question as to the final result on August 24th.

I am especially glad to know that each of the ten counties which I have represented in the Legislature for four years gave me an overwhelming majority. It signifies definitely to me that the people of the Panhandle believe the time has come to elect someone State Senator from one of the smaller counties." Boyer was indefinite as to plans for the run-off campaign.

Clarendon Band Gets Trophy, Medals

The Clarendon high school band this past week received a large gold trophy and fifteen individual medals, all won at Plainview in the April contests. The medals were won by individuals in solo contests: Ray Robbins, band director, said that the band had recently bought a new recording machine and would make a number of records. He also announced that six of his pupils and himself would attend the band school at Canyon in August.

The Clarendon band participated in the Memphis celebration last week by giving a concert on the courthouse lawn, playing at the old settlers barbecue and taking part in the parade.

MRS. THOMPSON THANKS VOTERS OF DONLEY COUNTY

Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

July has had many flowers on display, the hardy tough-stalked posies of summer. Spice pinks have filled the air with fragrance and given the gardens an old fashioned atmosphere.

Zinnias in bright red, golden orange, brilliant pink, and mauve have added life and color to the gardens of Jim McMurtry, Evans, Trent, Boston and Gentry.

The outstanding blooming shrub of the week is the crepe myrtle. Some of the largest of these graceful shrubs are at the Crockett Taylor's and Tom Connolly's. Some stately dahlias of unusual height and gorgeous blossoms are noticeable at the Tom Goldston's.

The lawn at the Methodist Church and Rev. Palmer's are carefully worked and very attractive.

Birds are growing quiter as summer advances. The exuberant chorus of spring is at an end for this year, although soloists of summer are still quite numerous.

HUNDREDS ATTEND ELECTION PARTY SATURDAY NIGHT

Clarendon's annual election party again proved highly successful as hundreds jammed the street in front of the Goldston building Saturday night to keep tabs on their favorite candidates.

The party got underway shortly after 7 p. m., and ended shortly before 1 a. m., with all the county returns tabulated except for 154 votes at Hedley.

At 12:30 o'clock a number of citizens were still on hand, awaiting the Hedley vote to be announced. However, due to late voting in this box, the count did not come in until about 1:30 a. m.

The election party was sponsored jointly by the Clarendon News, Bryan Clothing Co., and Douglas & Goldston.

Deck Wells Stops In Clarendon Monday

Deskins Wells, high man in the congressional race which now will be decided in a runoff with Eugene Worley, visited in Clarendon Monday.

Wells said that he thanked the voters of this county for their support, and stated that he had already launched his runoff campaign.

ADAMSON THANKS VOTERS

In victory there is glory. In defeat there is solace in the thought of the large number of my supporters. Defeated by a narrow margin, I have no thought of bitterness. I shall continue to strive to merit your confidence and respect as one who tries to be a good citizen.

I am most grateful to those who voted for me two years ago, and those who supported me in the present campaign. To those who did not, I am fully aware that you are entitled to your choice, and I most assuredly would not question that right. Neither do I harbor any ill will against any of you.

J. W. ADAMSON.

MISS RICHMOND SPEAKS SENTIMENTS TO VOTERS

Confidence implies obligation, and through the confidence of those who have given me a chance to serve Donley county as school superintendent, I shall do my utmost to merit that sacred trust. It is with a grateful heart that I thank my supporters. And to those who did not support me, I shall take pleasure in serving you, too, with all the talent and training at my command. I invite your cooperation in building better schools in Donley county, the work in which I have been engaged for the past eleven years.

and Gene Bulman, Lee Christie, and Herman Higgins are among the prospective exhibitors who stock show promise of being prize winners this fall.

OLIN CULBERSON OPENS RUN-OFF CAMPAIGN

CREDITS NEWSPAPERS AND VOLUNTEER WORKERS FOR CAMPAIGN SUCCESS

AUSTIN — Crediting the support of Texas newspapers and the work of more than 12,000 volunteer workers with the success of his primary campaign for railroad commissioner, Olin Culberson today was burning up Texas highways to reach every section of the state before the run-off election. He planned to make at least 100 speeches during the next 30 days.

Before a banquet of firemen representing 400 Texas towns meeting at the annual fireman's training school at A. & M. College, Culberson thanked the 25,000 volunteer firemen of the state who had worked toward his election. Culberson served the firemen as secretary for the past 22 years and was active in their program to reduce fire insurance premiums by \$2,500,000 a year for rural and urban areas of Texas.

Rallying to the Culberson standard were a number of the eliminated candidates for railroad commissioner including Walter Hood, John D. Copeland, Bailey Sheppard, O. O. Terrell and others who endorsed Culberson as the man best qualified by experience, integrity and ability for the office.

"The primary election giving me a tremendous vote satisfies me that neither Texas nor their public offices can be bought by forces of greed and monopoly. The support I received in sections of the state where I successfully reduced natural gas

rates for the consumer shows that the people want a man in the railroad commission who has achieved results and can carry on the battle for the consumers of Texas," Culberson said.

Culberson said he expected to meet the challenge of unlimited funds which will be spent by the gas combines whose rates he has lowered as chief of the state's gas utilities division, as well as the bitter opposition of the "hot oil crowd" whom he had been forced to fight in enforcing oil conservation laws of the state in 1934 and 1935.

Culberson said he had received the active editorial support of more than 80 Texas weekly and daily papers in the primary and credited the generous amount of space the press gave. "The labor vote, recognizing

my association as a railroad worker at Hillsboro from 1905 to 1911, was almost solidly behind the Culberson campaign as were a vast number of legions with whom I have worked since shortly after the World War," Culberson added.

Mr. and Mrs. W. L. Porterfield and daughter, Angelyn, of Blackwell, were here Monday for a short visit with Mr. and Mrs. Porterfield's parents, Rev. and Mrs. H. C. Gordon, Angelyn remained for a few days more visit here with her grandparents.

Miss Lilly Weeks left for her home in Louisiana last week after a visit here with her sister, Mrs. M. M. Miller. She was accompanied home by little Louise Miller.

I THANK YOU!

I wish to take this means to thank the voters of Donley County for the confidence you have expressed in me by honoring me with the office of county sheriff-tax collector. I assure you I will put forth my best efforts to make you a good official. I will conduct the affairs of this office in a manner I believe best to the interest of the citizens of this county.

"Such nice suds!" Ever hear your mother, or maybe it would be your grandmother say that, looking at a zinc wash tub full of warm soapy water?

If you did, you know what happened next. A thoughtful look came into her eyes as she lifted some of the foamy stuff in her water soaked hand and went on: "I guess I'll just wash out that slip cover off the big chair," or "I've been wanting to wash those blankets on Jim's bed" and off she'd go to fetch that something extra that had no place in that week's washing but was now included because she couldn't bear to waste those nice suds.

Perfect suds weren't easy to obtain in the days of rain barrels, stove-top water heating and home made soap. That perfect combination of hot water and properly made soap that every good housekeeper knows loosens dirt as if by magic, didn't always happen when water was hand dipped or hand pumped and every quart of it heated on the big boiler it took two people to lift to the top of the cook stove; when the sway-backed cask of home made soap had to be shaved and soaked in a small amount of water before it could go into the tub full of water or into the hand-power washing machine.

A tub full of warm suds was to be used to the limit no mat-

ter if that extra blanket meant an hour's extra hard work for a woman already worn out with the week's accumulation of dirty clothes.

But now a day's nice suds are taken for granted and the young woman I heard use the expression the other day didn't hesitate to let a big procelain tub full of live, sparkling suds go down the drain pipe.

She was dressed in blue slacks and a faded, but becoming, rose blouse and there was a blue ribbon round her fair short hair. She was almost done with the washing that morning when I dropped in to see her and was as fresh as a daisy, planning a picnic with her husband and children for that afternoon. She was putting the last of the colored clothes through the electric wringer when I invaded her basement wash room and as she reached for the last garment, she lifted some of the suds in her fresh, pink-nailed hand and made the old fashioned remark.

"But then," she shrugged her slim shoulders as she reached down to pull out the plug—"I have so much good hot water that with these soap flakes I always get nice suds. So what's the difference!"

In that one little remark, was the whole story of what our modern industrial system has meant to the women of America!

My Friends, Thank You

FOR
YOUR VOTE OF CONFIDENCE

I want to express my sincere appreciation for the confidence you have expressed in me at the polls. Serving you as District and County Clerk will be both a privilege and a pleasure.

Sinclair Products Nationally Known Kelly Chamberlain --- Safe Insurance Individual Mausoleums Made Here

Wholesaled and distributed in Donley, Hall and a part of Gray counties by F. J. Hommel, local agent, Sinclair H-C gasoline, Sinclair Opaline and Pennsylvania Motor Oils are among the nation's most popular Petroleum products.

Sinclair Refining Company products are among the most widely used petroleum products in America. That they are among the best is shown by the fact that over 1,500,000 automobiles in America are driven with Sinclair gasoline each day; that 150 American railroads, whose engines travel 120,000,000 miles each year, are Sinclair lubricated throughout; that gasoline and lubricants for American airlines whose planes fly 400,000 miles of scheduled flights each day, are supplied with Sinclair.

The answer is that the Sinclair Refining Company has certain advantages which few other oil companies possess. The Sinclair pipeline system—the cheapest mode of oil transportation—is the longest in the world. It embraces 7,000 miles of trunk lines as well as an extensive gathering system and it

is by this pipeline that the major portion of Sinclair crude is brought to their 12 great refineries in the United States. Savings effected throughout this cheap transportation and their strategically located refineries are passed on to the consumer in the form of higher quality products at no increase in price. Sinclair Pennsylvania Motor Oil, for example, is made exclusively from Bradford Allegheny crude which is the highest quality and most expensive of all Pennsylvania crudes.

These are some of the reasons why Sinclair gasoline and motor oils are products of unusual quality and if you are not already familiar with them, try them at any Sinclair dealer station, all of which are identified by the big H-C sign, and see for yourself.

Mr. Hommel acts as agent for Sinclair products, owns his own equipment, employs his own personnel and is justly regarded as a local business man. He takes this opportunity to express appreciation for your past business and to invite your continued patronage in the future.

Originally established here in 1936, the Kelly Chamberlain Insurance Agency represents only old stock companies and can supply you with any known kind of insurance which you may require.

In the judgment of competent authorities, insurance is worthy of a high place among the necessities of life. However, of equal importance to buying insurance is the kind that you buy. Buying insurance is considerably like buying a parachute. Quality of protection is first and most important consideration, for when the need arises, price does not matter, as if either fails it is difficult to exchange them.

The best kind of insurance is that kind which gives you "certainty" amount of insurance, of a certain type, on a certain risk, for a certain length of time and for which you pay a certain know-in-advance premium. In fact, you buy "certainty" with this kind of insurance and can never be called on for unexpected assessments which might jeopardize your financial resources.

Stock company insurance gives you that kind of protection and in this respect the Chamberlain Insurance Agency represents only old line stock companies, all of which have been in continuous operation for many years, during which time they have passed through all manner of panics, booms and depressions, and paid all legitimate claims with never a loss to a customer. The significance of such a record is not apparent to the average person, for to that person all policies look alike, just as good eggs and bad eggs look alike in a basket, but to the expert it means the difference in safe insurance and uncertainty in your protection.

The Chamberlain Agency sells fire, theft, casualty, automobile, public liability, compensation, inland marine lines or any other kind of insurance you may desire.

Their business policy is one of courtesy, and convenience to their patrons and Mr. Chamberlain cordially invites you to visit them when in need of advice on insurance problems.

Individual Mausoleums Made Here

The Surface Burial Vault Company in Clarendon are designers and manufacturers of Air-tight, Water-proof, Concrete Individual Mausoleums which are fast becoming the nation's most desirable burial mode. Also upright memorials of all kinds, owned by L. L. Wallace.

shallow grave covered with a pile of heavy stones or aerial burials in tree tops.

Among the improvements is the surface - sepulcher or concrete individual mausoleum such as the Surface Burial Vault Company manufactures here in Clarendon. It is superior and more economical than most any other method.

Made of the only material known to construction engineers which improves with age and having a polished cast granite surface, these modern crypts or vaults are airtight, water-proof, permanent, and give a final abode of positive protection and abiding beauty. No earth is placed above it as the grave-length cover plate—a beautiful memorial within itself—sets just above the grass level. It has a raised head-piece for the name plate, and this can be the last expense, eliminating the need of any other memorial.

Now used extensively in 33 States of the Union and in Canada, these beautiful, individual mausoleums, which are destined to change the Burial Mode of the nation, give permanent assurance that the interior will remain clean, dry, even-temperated and as solid as rock.

The Surface Burial Vault Company suggests that you see these vaults at their showroom at their plant. They also invite you to call at their plant where they will gladly explain every step in the construction of the Individual Mausoleum, the use of which only, assures security, everlasting protection and enduring beauty.

GUY PIERCE AND SON VISITING IN VALLEY

DONLEY VOTERS THANKED BY WELLS

Deskins Wells, who led his nearest opponent by approximately 8,000 votes, in the first primary today extended his thanks to the people of Donley County for their support.

"I am deeply grateful to the people of Donley County for the splendid vote you gave me. I appreciate the many courtesies shown me by the other candidates in the race. When I think of the loyalty, the confidence, and the hard work done in my behalf by friends in every county and community of the Panhandle, I am very humble as well as very proud. My hope and my firm determination is to so serve you when you send me to Washington that I will merit such support and such friends."

Wells, 38 year old country editor who has been outstanding in farm and civic work for fifteen years, surprised even his most loyal supporters by the strength of his vote in every county in the District. His total of nearly 17,000 was approximately double that of his nearest opponent, who received over 9,000. Wells' main strength came from the agricultural communities, with the exception of his home county where he received over 81 per cent of the total votes. Wells showed a uniform strength in every county of the district. In expressing his deep thanks Wells declared that he would continue his dawn to midnight campaign with every ounce of energy at his command.

Universal's "If I Had My Way," Has Musical Heart Appeal

The happy combination of Bing Crosby and Gloria Jean is resulting in top-notch entertainment at the Pastime Theatre, where Universal's "If I Had My Way" is head the bill at Saturday's prevue, Sunday and Monday.

Musically, the picture is one of Crosby's best. Gloria, who made her screen debut in "The Under-Pup" is an unusual child soprano. She is twelve years old, yet she handles difficult renditions in a manner that has amazed musical experts.

Eight Songs Are Featured. Eight songs are to be heard in "If I Had My Way." Of these, "Meet the Sun Halfway," "I Haven't Time to Be a Millionaire," and "Pessimistic Character" are duets by Bing and Gloria. Other numbers include a solo by Gloria, "Little Gray Home in the West," "April Played the Fiddle," sung by Crosby accompanied by Six Hits and a Miss, and two songs, "Ida," sung by the famous vaudeville and minstrel performer, Eddie Leonard, and "Rings On My Fingers," sung by Blanche Ring. The last two numbers are accompanied by the Six Hits and a Miss.

With the exception of "If I Had My Way," all of Crosby's numbers are by the song writing team of James Monaco and Johnny Burke. "If I Had My Way" is by James Kendis' and Lou Klein.

Stars of Yesterday. Old timers, patrons of vaudeville when the variety entertainment was in its heyday, will be delighted with the screen appearance of Eddie Leonard, Blanche

Ring, Trixie Friganza, Grace LaRue and Julian Eltinge, who are to be seen in one of the sequences of the picture.

In addition to Bing, Gloria and the vaudevillians, the cast includes Charles Winninger.

Your votes last Saturday were greatly appreciated. "The voters gave Max Boyer 42 per cent of all votes cast. Let's finish the job August 24th" by voting for

MAX BOYER THE LEADING CANDIDATE FOR STATE SENATOR

(Paid for by friends of Max Boyer).

TO THE VOTERS OF DONLEY COUNTY

Thank you for the confidence extended me in the Primary Election.

As your County Attorney I pledge to continue serving you faithfully and efficiently, and to enforce the laws of this State to the best of my ability.

DEMONSTRATION IS GIVEN BY ARMY UNIT

Clarendon got an idea of what real army life was all about when a demonstration unit of the regular army paraded and displayed its various light armored cars and guns here last Thursday afternoon.

Escorted by the local legion, a motorcycle army scout led the unit in the parade, followed by the crack Fifth Cavalry band. Also in the line of march were two light armored cars equipped with anti-aircraft and machine guns, three supply-carrier trucks and trailers and three regular army trucks.

Anti-aircraft guns of the 50 caliber type with ranges of 6,500 yards were demonstrated as well as machine guns, and the new Garand rifles.

Joe Holand, local Legion official, made the introduction and Mayor Tom Connally gave a short address. The response was made by District Recruiting Officer Lt. Coleman who pointed out the need for eligible young men to join the army. Legion leaders helped arrange the visit here.

Episcopal Church Services To Be Held Earlier

Commencing this Sunday and continuing through August and September the morning worship services at the Episcopal Church will be held at 9:30 in place of the customary hour.

It is felt that this will enable those who attended these services to avoid at least a part of the heat of midday. This Sunday the service will be that of Holy Communion. The Rev. Edgar W. Henshaw has chosen for the sermon subject a question which is in the minds of a great many people at this time, "Can American Democracy Survive?"

A cordial invitation is extended to all to be present at the service which will last not over an hour and fifteen minutes.

KING THANKS VOTERS

I wish to thank the people of Donley County, for the support which I received at the polls on July 27th, and to assure the citizenship of this county that I will try to merit the confidence placed in me, and to show my appreciation of that trust by giving in return therefore the very best services possible.

Natural Gas Superior Heating Agent

Wherever available at economical prices, as the case in Clarendon, natural gas has no equal as a heating and cooking fuel. Efficiency, economy and simplicity of operation make it the world's most popular heating agent. Quickly and inexpensively installed and furnished by the City Gas Company, Telephone 111.

The popularity that natural gas enjoys for either cooking or heating is worldwide. In all of the years that it has been used no other heating agent has appeared that would give all of the advantages offered by gas at the same cost. It is not only cleaner — there being no soot or ashes with gas — but also preferable because of the limited operation necessary to make use of it.

In this respect, Clarendon is fortunate in being able to obtain it through the City Gas Company at reasonable rates. This company has invested heavily in providing this service which is so valuable to the home and industrial needs of this section and it is equipped to supply a complete and continuous gas service for either home or industrial needs.

While gas rates vary in cost in different communities, yet in any community where it is available, natural gas is considerably more economical for cooking, heating and refrigeration than any other heating agent. Industrial rates are also so economical that industrial plants of any kind can be supplied at attractive rates.

At numerous stores in Clarendon you will find a complete line of gas appliances which are designed to beautify your home as well as to make housework a joy as when compared to other methods. These appliances include electric furnaces, water heaters, Electrolux refrigerators, gas ranges and others and the space taken up by them is negligible when compared with equipment used with other heating agents.

If you are not already familiar with the many services and the economy in fuel made possible by the City Gas Company then a call at their offices will find them glad to explain to you the ease with which you can equip your home with gas. In fact, they cordially invite you to call for such information at any time.

Wm. Cameron For Building Values

Established here 29 years ago and stocked with a complete line of building materials, Wm. Cameron & Co. is one of Donley county's leading merchandisers of building supplies. See them for details of FHA loans. J. H. "Jimmie" Miller, Manager.

Wm. Cameron and Co., Inc. in Clarendon might well be called a "Department store for building materials."

Their paint and hardware department is stocked with a complete line of excellent, but economical paint, wallpaper and builders' hardware. In their lumber departments, you receive the benefit of many years of buying experience for here you will find the best type of pre-shrunk lumber, properly seasoned and in A-1 condition. These items, together with a stock of wallboard, shingles, roofing and other materials of various kinds are all offered at most attractive prices.

The above are all important features of this firm's service to the public but perhaps the greatest single value they offer is one that cost their patrons nothing namely, their 69 years, in 29 of which they have had a store in Clarendon, of buying, merchandise and home building

experience. Originally established in 1871 in Denton and later moving general offices to Waco, this is the oldest building material firm in the Southwest which has operated continuously under the same name as retail merchandiser. These 69 years have taught Wm. Cameron and Co., Inc., the true meaning of economy; that cheap materials are never economical, especially in building a home; that certain kinds of material deteriorate sooner than others and that some expensive materials are no better than some that are less expensive. All of this information and experience they gladly pass on to their customers, and through it they often save not only the inconvenience of sad mistakes but many dollars as well.

With approximately 100 retail yards and 15 wholesale plants throughout Texas, Oklahoma and New Mexico, this organization possesses an enormous buying power, and savings effected through it are passed on to their patrons in the form of lower prices.

Wm. Cameron Co., takes this opportunity to thank you for your past business and to invite your continued patronage in the future.

Mattress Making In Donley County To Start Soon

The making of mattresses will start in the very near future County Agent H. M. Breedlove, stated this week.

Mattress plants will be established at several different points throughout the county for the convenience of those people who were eligible to receive mattresses.

Supervising of the mattress plants will be done by ladies of local demonstration clubs in the community. Breedlove said that already he had received half of the cotton and as soon as the ticking arrived demonstrations would be held by a specialist from College Station for the supervisors who are to take care of the local plants.
