## C. of C. Honors Champions Of Year At Annual Banquet Tuesday

### SMALL TOWNS TO COME TO FORE, IZZARD SAYS

SPEAKER SEES ECONOMIC CHANGES AS RESULT OF PRESENT WORLD WAR

The comeback of the small town as the foremost result of the present world war was foreseen by Wes Izzard, well-known Panhandle newspaperman and radio commentator, in an address at the Chamber of Commerce banquet here Tuesday night at the First Christian Church.

Mr. Izzard was the principal speaker at the annual affair which this year had as its theme, "A Year of Champions." Approximately two hundred persons gathered at the church and heard civic leaders of Clarendon praise and pay tribute to Donley County citizens who had achieved state and national recognition during the past year.

Special tribute was paid to the following: The D. E. Leathers family, winners last October of title, "Typical American Family"; Johnny Leathers, member of the typical family, for his outstanding work in 4-H club-work, the Clarendon FFA chapter which was rated one of the best four in the nation in 1940; and members of the FFA milk judging team, namely Carl Morris, Forrest Helton and Harlow Green.

Other highlights of the banquet included the election of new Chamber of Commerce directors and the presentation of awards for the Christmas decorations contest.

New directors elected were J. R. Porter, president of the organization, Clyde J. Douglas and Verna Lusk. A meeting of this new board for the election of new officers will be held within a few days.

The speaker of the evening was introduced by Sam M. Braswell who presented Mr. Izzard as an able newspaperman and radio personality.

Speaking on the topic, "War Comes to the Panhandle," Izzard first ridiculed those who had expounded fantastic tales about a German invasion of the United States. Citing one specific sensational story he had recently heard about how the Nazis would invade United States by striking at Texas through Mexico, the speaker gave one of his own sensational ideas on how he would stop the Hitler war machine once it got as far as the Texas Panhandle, and he added that his was no more fantastic than some he had heard and read about.

"I've got it all figured out," Izzard said, "we could stop 'em with our automobiles — by creating one of the worst traffic jams in history, something similar to those we see when we attend our football games."

"We could stop Hitler on that long, steep hill just this side of Canyon by forming one of the greatest traffic jams ever heard of," he said and added, "I would dare the Germans just to try and get out of it." The Germans might bomb the cars, but that would make it all the worse by creating a mass of wreckage impossible to penetrate.

Speaking on the serious side, Izzard said that war is not coming to the Panhandle in the form of planes and tanks, but will affect us economically and physically.

The newspaperman related that Hitler would continue to be a threat to civilization until his powerful army of 5,000,000 soldiers was defeated. If Hitler wins the war, he said, the United States will suffer an economic revolution and a terrible social

### 1941 AUTOMOBILE TAGS ARE PUT ON SALE

1941 automobile licenses went on sale at the county collector's office on Saturday, Feb. 1, and the first Donley number was purchased by Miss Della Wood. The license plate number is 366-051. The second number was purchased by J. L. McMurtry and is 366-052.

The new car tags are not to be displayed before March 1. March 31 is the deadline for purchasing the plates.

### "UNCLE JACK" GOLDSTON REPORTED VERY ILL

"Uncle Jack" Goldston was reported this morning to be very ill at his home here on College hill. Mr. Goldston is a well-known Clarendon citizen and is 84 years old.

### 1.22 INCHES OF SOAKING RAIN FALLS HERE

MOISTURE STARTS ON WEDNESDAY, CONTINUES THROUGH SATURDAY

Slow, soaking rains falling here last week brought moisture totalling 1.22 inches, according to the records of Weatherman Joe Goldston.

Beginning last Wednesday and continuing through Saturday, pasture and crop lands of Donley county received benefitting moisture.

The first day's moisture netted .20 of an inch, Thursday and .05, Friday, .57, and Saturday .40.

January's total moisture was .50, or a half inch, compared with .48 inch moisture received during January a year ago.

Last week's rainfall was heaviest in this area, extending south into Wichita Falls and to central Texas ranch land. Pampa and the north plains area received from .85 to an inch or more for the week-end and reports for wheat prospects were exceptionally encouraging.

### PAID POLL TAXES TOTAL 1133 FOR DONLEY COUNTY

Donley County's voting strength for this year will be slightly under that of 1939, poll tax receipts at the county tax collector's office indicate.

A total of 1133 poll taxes were paid and six exemptions were made, making a grand total of 1139 poll taxes when the Jan. 31 deadline arrived, according to Deputy Tax Collector Glenn Churchman. This total compares with 1187 paid on Jan. 31, 1939.

The number of poll taxes paid this year represents about 45 per cent of the voting strength of Donley county. This small percentage is due to this year being an off election year.

The voting strength of the precincts is as follows:

Precinct	No.	Goldston	Paid Poll Tax
No. 1	Goldston		42
No. 2	Courthouse		312
No. 3	Lelia Lake		143
No. 4	Giles		12

### LEGION AUXILIARY TO ENTERTAIN LEGION MEMBERS FEB. 13

The American Legion Auxiliary will entertain the American Legion members and their families with a covered dish dinner on Thursday evening, Feb. 13 at 7:30 o'clock, at the Legion Hall. It was announced today.

### LAWRENCE NEECE VISITS HERE THIS WEEK

Lawrence Neece, assistant farm agent in Gray county and former assistant here, was a visitor in Clarendon Tuesday. Neece is recuperating from a broken leg suffered while measuring a dam near McLean on Jan. 2. Neece will be laid up for about three months, and his place is being taken by Elwyn Dymart of Mobeetle, and A. & M. graduate.

### Hundreds View Display of Garments For War Refugees and Highly Praise The Work of Donley County Women

They came, they saw, and they praised the work of the women of Donley County.

Hundreds of persons visited the Red Cross display of garments for war refugees at the Clarendon Hotel last Saturday and were amazed at the marvelous accomplishments of the women of Donley County.

Displayed neatly on tables and hangers, dresses, shirts, sweaters etc. — all of the finest quality and made by the Donley women — were viewed by a steady stream of onlookers, all of whom highly complimented the ladies for their work.

The display room was opened at 1 p. m., and people began at once viewing the garments. By 4:30 o'clock, they were still coming and going in an endless stream.

Miss Charlotte Molesworth, director of the refugee work, had nothing but praise for the women of Donley who gave freely of their time in order that some poor refugee might be clothed sufficient to keep him warm.

Included in the display were 90 dresses, 50 children's sweaters, 30 women's sweaters, 30 men's sweaters, 25 layettes, 30 boys shirts, 20 hospital gowns, 15 pajamas, and three comforts.

Many Donley Communities contributed to the display and the Ashtola ladies were responsible for all ninety of the dresses, all three of the comforts which were pieced and knotted, and nine sweaters. Since there had been no quota set up in Hall county, a number of women in Memphis also generously assisted in the work assigned to Donley.

One of the finer pieces of work was one comfort made by the Ashtola group which had knitted on it, "Texas, U. S. A."

The garments were packed Tuesday in heavy paper and burlap, and sent to New Jersey where they will be dispatched on to Europe for prompt delivery to civilian war sufferers.

### 800 Mattresses Made In Donley County To Date

Approximately 800 mattresses have been made in Donley County to date under the federal cotton mattress program, County Agent H. M. Breedlove announced Wednesday.

The county committee is now checking 250 applications to determine those eligible to participate in the new allotment, which is expected within the next few days. No more applications will be taken until more cotton can be secured. A comfort program will start as soon as the mattress program is completed.

Mr. and Mrs. J. O. Quattlebaum and daughter, Patty, went to Borger Thursday to visit their daughter.

Mr. and Mrs. J. L. McMurtry left Monday for Tucson, Arizona on a vacation trip.

### CHS Band To Give Sunday Evening Concert At The First Christian Church---Free Silver Offering

Since the weather was unfavorable last Thursday when the high school band gave its winter concert, Bandmaster Ray Robbins has acceded to urgings for a repeat concert downtown and on the invitation of Rev. Cecil E. Harvey of the First Christian Church, a sacred program will be rendered at that church Sunday evening at 8:15 o'clock. Other church services in town have been invited to close a little early so folks, generally, may attend.

Under this plan there will be no admission price, but on the suggestion of the pastor, Rev. Harvey, a free-will silver offering will be taken, all proceeds going to the band.

Mr. Robbins has handed the

### CLARENDON FOLK ADVISED AGAINST COMPROMISE

MAYOR CONNALLY TOLD THAT GAS VERDICT LIKELY TO BE UPHOLD

Mayor Tom F. Connally returned the latter part of last week from a trip to Waco, Austin and South Texas points, and while in Austin had conferences with Rail Commissioners Culbertson and Sadler with reference to the pending appeal on the court decision in the Clarendon gas rate case, wherein the Upham ownership of the City Gas company must put in effect a 51-cent domestic rate here and refund overcharges since 1933.

Concerning recent efforts of the Upham interests to compromise the case, both commissioners advised Mayor Connally to tell the citizenship here to refuse such offers, as there is splendid prospect of having the verdict sustained in the higher courts. A recent decision of a similar case in an East Texas city, has bolstered this belief on the part of the commission.

Mayor Connally further learned that the long awaited decision in the Lone Star case in the Texas supreme court, is soon to be announced by that body which decision will have large bearing on the Clarendon case before the appellate court.

### YULE DECORATION CONTEST AWARDS ARE ANNOUNCED

For the second straight year, the Bryan Clothing store was awarded the silver loving cup for winning first place in Christmas show window decorations. The presentation was made by Secretary John Gillham at the annual Chamber of Commerce banquet Tuesday night.

Should the Bryan store win three consecutive years, it would retain the cup permanently.

The prize for the most attractive residence Christmas display was given to the Rev. Claude C. Smith. The cup was won last year by Mrs. C. T. McMurtry.

The contest was judged by five persons.

### MISS SWENSON DIES IN MINNESOTA

Word has just been received by this office of the death of Miss Swenson, former superintendent of the Adair Hospital, Miss Swenson died of a heart attack in Minneapolis, Minnesota in early January. No details were learned.

Fayne Kent has recently accepted a position with the Phillips Petroleum Co. at Phillips

### DR. JENKINS TELLS LIONS HOSPITAL SITUATION HERE

SAYS COUNTY CAN ILL AFFORD TO LOSE HOSPITAL SERVICE

Lion Tom Connally, program chairman for the month, presented Dr. B. L. Jenkins, as guest speaker Tuesday noon at the regular weekly luncheon of the Clarendon Lions Club, on a subject which has become controversial in Donley County — the county hospital situation.

Dr. Jenkins was introduced by Lion Connally to give the medical doctor's viewpoint on the hospital situation here, but in his introductory remarks, Dr. Jenkins said he proposed to go further than that and discuss the question also from the standpoint of an interested citizen.

In the course of his remarks, Dr. Jenkins said more hospital cases ended in death during a twelve month period the hospital was closed a number of years ago, than had been lost by death in the hospital here in the past ten years. The speaker said this was not a knock against the hospital services of other institutions in nearby cities, but showed the mortality due to loss of time in getting patients to hospitals, and the oversight of transportation to outside hospitals. He, therefore, declared that the county could ill afford to be without the services of the Adair Hospital.

Speaking frankly, the Doctor said members of the county commissioners' court holding views different to those held by the hospital staff of "regular" doctors, were sincere in their beliefs, but he believed them in the wrong about any considerable sentiment of the county citizenship favoring the entry of doctors other than those permitted under the rules of the American Hospital Association, under whose jurisdiction the county hospital here operates, as authorized by state laws.

The speaker said the rules of the hospital association were based on a standard of requirements in the training of doctors of the various schools, and that only the "regular" medical doctors were qualified under the standards so established. He further stated that if the local county hospital lost its acceptance with the American Hospital Association, its services would not be eligible for handling cases under various accident and indemnity policies of standard insurance companies.

Dr. Jenkins expressed a sincere and devout hope that the situation in the county court might be composed so that Donley County people might have the services of the hospital as they had in the past. At the conclusion the speaker answered several questions from the membership.

Lion Gillham announced the annual chamber of commerce banquet at the evening hour in the basement of the First Christian Church. Lion Mellinger announced proposed extension courses in card-letting, and "credits and collection," here under the auspices of the University of Texas extension department. Lion Douglas read a letter commendatory of Bandmaster Ray Robbins and the CHS band, from Rev. Cecil E. Harvey, in which the auditorium of his church was tendered for a concert Sunday evening at 8:15 o'clock. Lion Douglas announced the concert on the date and at that hour inviting the citizenship, generally, to attend.

Lee Bell, theatre manager, was elected to membership in the club.

### ATTEND MINISTERS WEEK AT SMU THIS WEEK

District Superintendent G. T. Palmer, and Rev. J. O. Quattlebaum, Jr., left on the midnight streamliner Sunday night for Dallas where they will attend the annual Ministers Week at Southern Methodist University. Dr. Roy Smith, editor of the Christian Advocate of Chicago, Ill., will bring the lectures for the week.

The local ministers will return here Thursday night.

### Judges Selected For Fat Stock Show; F. F. A. And 4-H Boys Prime Stock For Display On February 27th

Judges for the Donley County Fat Stock show were announced here Wednesday.

K. J. Edwards will judge the beef cattle and sheep, and E. N. Regenbrecht will judge the swine. Both men are of the extension service of A. & M. College. They have judged the Donley County show ever since it opened and have advised by mail that they would be glad to do the judging again.

The Fat Stock Show will be held on Feb. 27, and FFA and 4-H Club boys are working hard

getting their cattle in shape for the event.

Allen Bryan, chairman of the finance committee, reports that his committee is now collecting donations from the various merchants and citizens. The premium list is expected to be around \$225.

4-H Club boys will show 20 baby beef calves, 75 hogs and ten sheep.

H. M. Breedlove announced Wednesday that a meeting of the Board of Directors would be held in his office in the very near future.

### CONSTRUCTION ON OVERPASS HERE IS ORDERED

BIDS WILL BE RECEIVED IN FEBRUARY LETTING, REPORT SAYS

Construction work on Clarendon's long sought overpass has been ordered by the Texas Highway Department and bids will be received in the February letting, according to a press dispatch from Austin this week.

Listed among various highway jobs for the near future was Donley County's grade crossing project for a Fort Worth & Denver railroad overpass and roadway approaches on State Highway 18 and U. S. Highway 287 in and near Clarendon.

The location of the new overpass will be about a quarter of a mile west of the depot.

The total cost will be around \$150,000.

Classification of the project comes under the Federal Grade Separation Authority in Washington. Three sets of engineers, state, federal, and railroad, were required to pass on the project before final approval was given.

Construction notice of the overpass comes as good news to Clarendon and is in line with the statement and promise made by the State Highway Engineer to the chairman of the local highway committee a few weeks ago in Austin.

### G. G. Reeves Loses Barn, Two Calves In Blaze Monday

County Commissioner G. G. Reeves who lives out in the Chamberlain community lost his barn and two young calves but his children escaped injury when a fire, caused by a small explosion, razed the structure Monday about 6:30 p. m.

Mr. Reeves said that the blaze started when one of his boys struck a match while another one was drawing some gas from a can in the barn. None of the children was burned, but the youngest boy suffered a heat blister and scorched eyebrows.

The fire spread so quickly that the children had to run out of the barn. Asked how many of the boys were in the structure at the time of the accident, Reeves replied that he had so many he didn't really know but was sure most of them were in the barn.

The size of the barn was a 12 x 36.

### FOSSIL DIGGER ESCAPES INJURY WHEN PORTION OF CLIFF FALLS

Gene Roll, one of the American Museum's fossil diggers here, narrowly escaped injury last Monday about 10 a. m. while working near Goldston.

Roll was digging into the side of a cliff for fossil remains when all of a sudden he stopped work and stepped back a few feet. It was during this interval about two tons of dirt plunged earthward to the spot where he had been digging.

Roll said that the recent rain had probably loosened the dirt at the top of the cliff, causing it to fall when the lower portion was removed.

### FIVE DONLEY MEN TO ANSWER DRAFT CALL FRIDAY

FIFTH DRAFT CALL IS SET FOR MARCH 4TH FOR FOUR MEN

Donley County's quota for the fifth draft call on March 4, will be four men. The local draft board still has enough volunteers to fill this order. The men will be sent to Fort Bliss, El Paso.

Five Donley County men will leave here tomorrow for Lubbock for induction into the United States army for a period of one year under the Selective Service Act.

Answering the fourth draft call will be H. L. Riley and J. H. Green both volunteers and both of Clarendon.

Three others will be sent as replacements for those previously turned down. They are Price Perry Hayes, John Erwin Tuck and Henry Bayne Davis.

The local draft board was notified this past week that married men will be included in the next call, presumably those without dependents.

### TAX COLLECTIONS RUN ABOUT SAME AS YEAR BEFORE

Reports from two of Clarendon's three tax collecting agencies show collections up to the Jan. 31 deadline to be running about the same as they did a year ago.

A. L. Chase, collector for the Clarendon Independent School District, reports current school tax collections run about 75.9 per cent, delinquents eight per cent — a total of 83.9 per cent with total valuation at \$2,173,725.

These figures compare with those of a year ago when current collections ran 77.44 per cent, delinquents 22.18 per cent — a total of 99.62 per cent with total valuation at \$2,209,963.

Mrs. Mae Shaver, city secretary, informed the News that of the \$17,841.36 on the tax rolls, collections totalled \$14,015.60, or approximately 79 per cent. The percentage collected a year ago was 77, she reported.

Reports from the county tax collector's office will not be available for about another week.

### SHOW CARD WRITING COURSE IS OFFERED

A fifteen hour course in show card writing is being offered for the rest of this week and all of next week by a Mr. Moore of the University of Texas extension service. The class is being conducted at the Antro Hotel, and the cost is very small.

Mrs. Sarah M. Stocking returned Monday to her home here after a two weeks' visit in Panhandle with her daughter, Mrs. William McConnell.

Those who attended the funeral of Mrs. A. S. Porter in Tulla Friday were Mr. and Mrs. H. T. Burton, Mr. and Mrs. M. R. Allensworth, Rev. and Mrs. J. O. Quattlebaum, and Mr. Curry Powell.

## DONLEY PEOPLE WANT THE COUNTY HOSPITAL

Few citizens of Donley County but what deplore the dead-lock which has developed on the county operation of the Adair Hospital. The institution has served so well that the citizenship will never be willing to be without it again, and there is coming a day when public opinion will demand a show-down. It will not be a happy day for those who stand in the way of its continued services to the county.

The upholding of anybody's pet theories regarding hospital policies cannot be considered valid when life and health of our people is in the balance. There must be a workable way out of the present situation.

## ANNUAL C. OF C. BANQUET BEST IN YEARS

From the standpoint of interest, attendance and constructive intent, the annual banquet of the Clarendon Chamber of Commerce Tuesday evening was the best the organization has had in several years.

The summary of accomplishments of the past year by the organization probably totals up to a higher level than any for the past ten years, and thanks are due all co-operating agencies and persons for this record.

The News indulges in the hope that the city and county may profit as much in the coming year, as it has in 1940 from the work of the local chamber.

## TOM LAMONT ON UNITY

Speaking before the Merchants Association of New York last Monday, Thomas W. Lamont emphatically denied the whispers that have been going over the country to the effect that American business leaders are supporting an undercover move to "appease" Hitler. And he made a plea for united support of the President in the present crises. Mr. Lamont said he is a lifelong Republican and was strongly against a third term for President Roosevelt.

"But the campaign is over," he declared. "We are in the midst of a world crisis. As a nation we cannot and must not be divided. I am doing everything in my power to help the present administration and I will continue to do so. And I urge national unity in support of the President and of plans for material aid to England for our defense."

Such utterances by leaders like Mr. Lamont are doing much to unite the American people as they have never been united before. Incidentally, the rumor-peddlers are whispering two radically opposed stories about the alleged under-cover activities of American business leaders. One is that they are conspiring to get the United States into the war. The other is that they are conspiring to "appease" Hitler and to lay the foundation for cooperation with his "new world order." Both can't be true. And, of course, the fact is that neither is true. But some people believe one story, and some believe the other. The whisperers catch 'em coming and going.

However, plain talk such as Mr. Lamont handed out Monday is

## AN EMBODIED TRUTH

When William S. Knudsen, defense production director, was before the House Foreign Affairs Committee last Saturday, Representative Luther Johnson of Texas asked him why he had left a \$150,000-a-year position in private industry in order to accept his post in the Defense Commission with no salary at all.

"I don't want to sound sentimental," Mr. Knudsen replied, "but I had been working in this country for more than forty years. It had been pretty good to me. I was in a position to work for nothing, and I felt that if I could do something for the country, I would like to do it. That's all."

The audience and the committee, including members on both sides, broke into applause. Mr. Knudsen's face reddened and he appeared quite embarrassed.

The applause was not merely for Mr. Knudsen or for his simple and direct statement of the plain truth. It was for something bigger than that. It was for what Mr. Knudsen embodies in his person. For he is a living example of one of the fundamental things that democracy in America means. He came to this country from Denmark a penniless youth and during the more than forty years he worked here he advanced to become one of the nation's leading industrialists.

In his inaugural address, President Roosevelt said: "America has been the New World in all tongues, to all peoples, not because this continent was a new-found land, but because all those who came here believed they could create upon this continent a new life—a life that should be new in freedom."

It is this truth that William S. Knudsen embodies and that was spontaneously applauded in that committee room at Washington last Saturday.—The Texas Digest.

## Economic Highlights

Tax Bills of Every Individual. National and International Happenings That Affected the Dinner Pails, Dividend Checks and Problems Inseparable From Local Welfare.

It is becoming clear that the unlimited aid for England bill is not going through with the binding speed the Administration hoped for. On the 23rd of January, one Senate leader said he expected a final vote within 60 days, which indicates the way the wind blows. The opponents of the bill are grimly determined to fight it to a finish — and they have picked up a number of adherents who, while they favor sections of the measure, and are as pro-British as anyone else, were stunned by the tremendous powers it gives the President.

Basis of opposition to the bill is pretty well established. First, its opponents seized eagerly on Secretary Stimson's observation that he expected a crisis in the war within 60 to 90 days. They pointed out that even if the bill were passed at once, there could be no significant increase in our aid to England in so short a time. There are, they said in effect, "Why all the hurry?" Second, a major point has been made of the apparent fact that the bill would give the head of this government, which is not at war, far greater powers than are possessed by the head of the British government, which is at war. Mr. Churchill is directly accountable to Parliament for every act — under the English system, he is a member of the House of Commons and must submit to interrogation by an other member. He is not elected for a specific term, and could be turned out of office inside 24 hours if the House of Commons, by a simple majority, refused to endorse some measure or policy he advocated.

Third, it is argued that the bill would revolutionize our system of government, by, in effect, taking the power to make war out of the hands of Cong-

ress, where it is specifically placed by the Constitution, and giving it to the Executive.

Fourth, some are raising the argument that if England should fall, the arms and materials and other implements of war we would give her could be turned against us — that our troops might have to fight airplanes and guns and warships made in American yards and factories. It is stressed that all gifts and loans to England would be made only under a definite agreement that they would never be turned over to another power, but the bill's opponents don't think such guarantees would be worth much.

Fifth, the fact that the bill as now drawn would enable the President to actually give England all or part of our Navy, if he so decided, is being made a big fighting point. Administration spokesmen, including the President, have said that nothing of that sort is anticipated, and that the question of using American naval vessels to convoy British merchant shipping—something Britain obviously wants—has not been considered. But Administration men, testifying for the bill, have opposed a proposed clause which would not permit the gift or loan of ships to England without specific Congressional approval.

There are arguments on the other side of all these points, and they are well known—the President and those who think the way he does, have been making them for a long time. There seems to be little common ground between the measure's more extreme defenders and opponents. Political partisanship is playing almost no part in the fight. There is little question of the absolute sincerity of leaders of both sides to the controversy.

Best guess at this time is that there is small likelihood of the

## Texas Topics:

Amon Carter, Fort Worth publisher and Texas' foremost citizen, scored heavily again when he led in obtaining for Fort Worth and Texas a bomber factory which will mean at least 12,000 workers — a forward step rivaling the building of the

bill passing without restricting amendments. Also there is less likelihood of its being defeated as a whole. The bill's opponents have said that they will not stoop to the filibuster, but will battle the issue out on its merits. This may be the biggest fight since the proposal to increase the size of the Supreme Court.

"Unprecedented production — small profits." That, in four words, is as good a forecast as any of the industrial future.

A tremendous expansion of production, carrying us far beyond the 1929 level, is of course inevitable when unlimited billions are to be spent for arms. And small profits seem equally inevitable, in the light of government controls, labor costs, high existing taxes and the certain prospect of new and increased taxes.

Unemployment is said to be going down rapidly. The defense drive calls for workers who are unskilled and semi-skilled as well as skilled. In some highly skilled trades, such as machine-tool work, there is a definite shortage of capable men.

Drastic changes in our normal economy are anticipated soon. For instance, don't be surprised if automobile production is cut by a third or more before the year ends. Motor facilities are going to be needed to a constantly increasing extent for arms purposes. That is also true of factories making heavy household equipment — refrigerators, etc.

Increases in the cost of heavy goods are expected. But there is no inflationary trend. The general cost of living index, which deals with the basic necessities, is showing no particular change at the moment.

T. & P. Railroad into that city, the establishment of the great packing houses and the discovery of the Ranger and Burkburnett oil fields. The name of Amon Carter will loom on the pages of Texas history.

Last Summer, your observer became rather well acquainted with John Kimbrough, Texas A. & M. All-American fullback and the No. 1 player on many mythical elevens. He is as modest and polite in private life as he is titanic and terrific on the gridiron. His soft and drawing words are few; when speaking to older men, it's always "Yes, sir" or "No, sir." I was dejected because a seat on the 9-yard line was the best obtainable for the Fordham-Aggie clash but all four scores were made right in front of me. Most deeply-engraved memory: Kimbrough feinting at the line, then galloping wide around end for the second, and all-important, touchdown — running with such power that he went over the goal line, clear across the end zone and against the concrete wall. The 46,000 in the Cotton Bowl almost felt the thump.

Judge James D. Hamlin of Farwell, whose tall form, gray hair and big, white hat make him outstanding in any group, is executive vice president of the Texas Real Estate Association, Property Owners Division, and he hurls these pertinent questions:

"Do you know that real estate is paying over 60 per cent of our tax burden, State and local?"

"That such tax will be approximately \$224,000,000 and that real property pays \$136,000,000 of this sum?"

"That, if taxes were properly equitized, real property would pay only \$56,000,000?"

"That property owners are paying every other nature of tax, in addition to ad valorem taxes?"

"That the cost of operating the State government has increased 700 per cent during the last 20 years while population has increased only 40 per cent and taxable wealth only 43 per cent?"

**TEXAS IS READY!**

Give that valve a quarter turn, Old Man Texas, when Uncle Sam needs the oil for national defense

With the pioneer spirit typical of Texans, our oil men have found and developed petroleum reserves far beyond all civilian and military needs now indicated.

Even if defense requirements total 150 million barrels more a year, Texas can supply them without waste by a quarter turn of valves on wells already drilled. This can be done at a moment's notice without depriving anyone of a single gallon of gasoline or quart of motor oil. Surplus pipe line capacity is ready to carry all this oil from the fields. Surplus refinery capacity exists to turn it into essential products.

Texas goes ahead in the search for more petroleum reserves. New fields are being found... more efficient producing, refining and transportation methods are constantly being perfected... **TEXAS IS READY!**

# THE WHIRLWIND!

Published by the Students of Lelia Lake High School, Lelia Lake, Texas

## EDITORIAL

It is our last game at home. How did that make you feel, senior? Sometimes you swelled up and could not think about it long, you didn't want to. You have probably gone to school at Lelia for eleven years and during that time you have watched basket ball games and later been a player. Remember how you felt before those games, not dreaming about the last you would play?

Seniors, there is going to be a last party and a last picnic and a last day at Lelia before you realize it. Pep up and make this last term a year that we will remember for a long, long time. Be merry and happy and enjoy yourselves today, seniors, because tomorrow that senior pal will not be so neat as the next desk

## WIND

Only six more weeks of winter, according to the ground hog, is in store for us. If this sun keeps shining in through the study hall windows so warmly, I don't know how I'm going to stay inside much longer.

The juniors and seniors have developed a pretty good case of spring fever. They have decided to put their trust in the weather and risk a picnic tomorrow.

Jophine: "I've just had an argument with the dentist."  
 Anita: "Who won?"  
 Jophine: "It ended in a draw."

Quite a few of us are suffering from double petunia from the looks of the red noses and the sound of the husky voices. What is double petunia?

Well, a petunia is a flower like a sausage; a sausage and battery is a crime; monkeys crime trees; trees a crowd; a rooster crowds in the morning and made a noise; a noise is on your face like your eyes; the eyes is the opposite of the nose; a horse nays and has a colt; you get a colt and go to bed and wake up with double petunia.

I don't like spinach, and I'm glad I don't like it; because if

I did like it, I'd eat it and I hate the stuff.

Chester Lee, L. D., and Doyle were riding on the train one day. They came to a town and L. D. said, "Ah, this is Wembley."  
 Doyle: "No, this is Thursday."  
 Chester Lee: "So am I. Let's stop and drink a coke."

What has happened to Lola Marie Ayers for the past week? Is it because she is jealous? See Inez Scott for further information.

Why did Chester Lee Scott go to Pampa Monday? Was it to see a flashing blonde?

Guess how much Jophine's company is worth at a basket-ball game. I don't know whether it's because she doesn't yell, or what; but she is valued at only a plug of tobacco and a nickel.

Tom, who had been climbing trees, came in for the second time with his trousers torn.

"Go upstairs and mend them yourself," ordered his harassed mother.

Sometime later she went up to see how he was getting on. The trousers were there, but no Tom.

Puzzled, she came downstairs and noticed that the cellar door, usually shut, was open. She went to the door and called loudly and angrily, "Are you running down there without your trousers on?"

The reply came sternly and in a man's deep voice, "No, madam! I'm reading the electric meter!"

Minister: "Do you say prayers at night, little boy?"  
 Kenneth: "Yes, sir."  
 Minister: "And do you always say them in the morning, too?"  
 Kenneth: "No, sir. I ain't scared in the daytime."

## WHIRL

The seniors are looking over two or three plays now and will choose one before very long. They are going to take plenty of time so they will be able to please the people of this community.

The Lelia Lake school club is sponsoring a community party in the gymnasium, Tuesday, February 11, at 7:30 o'clock. Every

one is cordially invited.

We want Toad! We want Toad! was the demand started by the pep squad Friday night. Could you blame them! There sit Norvell Williams on the side line and it isn't often a player like him sits on the side line, but someone has to take his place sooner or later as he is going to Amarillo. Those pep squad girls sure wasn't going to miss seeing him play for the last time though. Keep up the good work girls! You never get what you want unless you ask for him or it.

Wanda Roberts spent the week-end in Lawton, Oklahoma, visiting her aunt and uncle, Mr. and Mrs. J. L. Stevenson. Cleotis Allen visited in Memphis Sunday with Marvin, James and Willard King.

Elmer Lee Holman visited with his aunt and uncle, Mr. and Mrs. J. D. Della in Memphis, Sunday.

Our new third grade pupils are Altha Bramblet and Eugene Riley.

In the fourth grade our new pupils are Irene and Jewel Riley from Goldston.

Chester Lee Scott spent last Monday in Pampa on a business trip.

The Seniors of 1941 played their last game Friday night. The victory was partly due to the fact that they wanted to win for their friends at Lelia Lake who have been some of the very best of fans.

Clarence and Norvell Williams have moved to Amarillo. We regret to have them go, but they have left many lasting friendships at Lelia.

## Our Pusillanimous Friends

A friend in need is a hand device.

But there are friends that are only mice.

They'll speak to you in kindly tone;

Then use you for a stepping stone.

They'll assure you when your future's bright;

They're behind you when your cares are light.

But they'll turn indifferent when dusk brings night;

They'll slight you when you're lose your might.

Those words of devotion that they coo

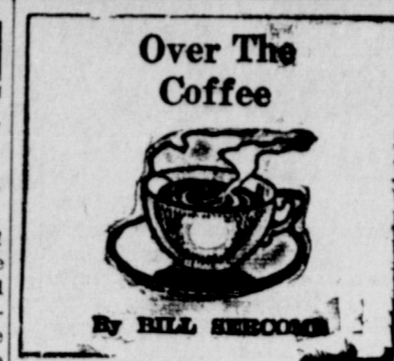

Should be labeled as ballyhoo.

The Homemaking boys class entertained a group of their friends last Thursday night in the gym. Games of ping pong, checkers, dominoes, and pick-ups sticks were played. Refreshments were served. Those present were Miss Davis, Miss Rumpy, Imogene Wisdom, Martha Ann Clark, Inez Scott, F. G. Crawford, Claude Bain, J. R. Williams, Mr. Mac, L. D. Aten, Bobby Cruse, and Doyle Martin.

The Bluebirds were the victors in two games during the past week. The first, played Wednesday night with an Estelline team, ended with the Bluebirds leading by a score of 21-10. The boys were up against some older players in this game, but they overcame this calmly, to obtain the big end of the final score.

The other game was played Friday night with Goodnight. At the half the score was 14-2 with Lelia leading, and they still held

We listened to two "confidential" news reports on the radio recently and the first one convinced us that Hitler was about to come over here, take our country and enslave our people. The second one convinced us that the axis is in such bad shape Hitler is about to shoot Mussolini and then commit suicide. Some of this "inside stuff" must be a little screwy.

P. T. Barnum is popularly supposed to have said that there is a sucker born every minute and that suckers like to be "taken." Kipling had the same idea when he said, "If he play, being young and unskilful, for shekles of silver and gold, take his money, my son, praising Allah, the kid was ordained to be sold."

The truth of these two remarks is borne in upon us by statistics recently released by the United States postal inspectors, showing that during one year in which they investigated 6,000 fraud and lottery cases, 176 of these cases showed that the "investors" had lost a total of \$70,000,000. The worst feature of these grafts is that they take money from those least able to afford a loss, often leaving the

a good lead by the third quarter. Then the thrilling moment came. Goodnight brought their score to within three points of that of Lelia, and it seemed there was a possibility of their winning the game, but the Bluebirds kept their lead of 29-26 until the final whistle.

The Lelia Lake girls were in the winning frame of mind last Friday night when they defeated Goodnight by a score of 17 to 10. The game was played in the Lelia Lake gymnasium.

The first half of the game was very slow with Lelia Lake taking a lead of 8 to 4. The remainder of the game was played faster and attracted more interest. The final score was Lelia Lake 17, Goodnight 10.

Strangely enough, many of the schemes have been publicized time and again, but the people continue to pay and pay and pay. Barnum and Kipling must have been right.

## High School Band Nets \$25 From Band Concert

A medium sized but appreciative crowd heard their favorite pieces played last Thursday night when the Clarendon high school band rendered its first concert of the year in the College Auditorium.

The proceeds amounted to \$25,

according to Ray Robbins, band master, who said that the money would be used for sending the band into national competition at Waco in May.

"The band went through its sight reading number in good shape," Robbins said. The sight reading was a tryout in preparation for state and national band contests in which each band participating is required to sight read two numbers.

## JACKETS AWARDED EIGHTEEN BRONCO GRID PLAYERS

Fourteen seniors were among the 18 Clarendon high school Bronchos awarded football jackets and letters yesterday afternoon by Coaches O. C. Watson and I. T. James.

After a brief talk by O. C. Watson, president of the school board, the Bronchos were given maroon jackets, trimmed in white with a maroon "C" trimmed in white and white service stripes. Graduation will come as a severe blow to Broncho grid hopes next fall as Clarendon loses not only its four all-district men but practically every first stringer on the squad. Thus, Coaches Warden and James face the task of completely rebuilding the Broncho grid machine.

Seniors winning jackets include Capt. L. B. Hartzog, quarterback, all-district and 3-year letterman; Ray Bulls, co-captain, right guard, all-district and 2-year letterman; Ollie McCrary, left end, all-district and 2-year letterman; Jimmy Lumpkin, left tackle, all-district for two straight years, and 3-year letterman; J. W. Goodman, center and 3-year letterman; George Reeves, right guard and 2-year letterman; Clyde Peabody, guard and one-year letterman; Carrol Peabody, right tackle, and 2-year letterman; Robert Summers, guard and 2-year letterman; Jack Rolf, center and 2-year letterman; Bud Hermesmeier, full-back and 2-year letterman; Carlton Gordon, right half and 2-year letterman; Maurice Risley, end and one-year letterman; and Tooter Johnson, left half and 2-year letterman.

Three juniors receiving jackets include C. G. Kirkland, right end and one-year letterman; Woodie Spencer, tackle and one-year letterman; and Basil Smith, half back and 2-year letterman. Dennis Ratton was the only sophomore lettering. He played end and lettered but one year.

Seven seniors will later be presented gold footballs for their outstanding work during the past season. They are Hartzog, Bulls, McCrary and Lumpkin, for winning all-district; Hermesmeier, second all-district team member; Johnson, voted best offensive man in the McLean game; and Goodman, voted the most valuable man on the team.

## Broncho Cagers To Play Lelia Lake Here Tonight

Clarendon's independent Broncho cage team will battle Lelia Lake for the second time this season on the local floor tonight at 7:30 o'clock. Admission price will be five and ten cents. The Bronchos downed the Lelia boys, 35-21, in their first game of the season. However, the visitors have been playing good ball all season and a tough encounter is expected to take place tonight.

Last Friday night the Bronchos journeyed to Hedley where they eked out a 21-20 win in a contest that was close throughout and also fast. Putman emerged as high scorer of the game, netting about twelve points.

Reavis, Plainview; and Roy Shahan, Littlefield.

The addresses for the Conference are built around the general theme of "The Gospel of Christ in the World of Today." In the light of world conditions this is a timely topic.

## 700 HEAD OF DAIRY CATTLE TESTED FOR BANGS DISEASE

Approximately 700 head of dairy cattle have been tested for bangs disease in Donley County, H. M. Breedlove, county agent, announced Wednesday.

This service is free to every farmer or citizen of the county wishing to have their cows tested. Application can be made at the county agent's office.

## BIRTHS OUTNUMBER DEATHS 3-1 DURING MONTH OF JANUARY

Births in Donley County during the month of January far exceeded the number of deaths, taking the advantage by a 3-1 ratio.

According to the records in the courthouse, nine births were recorded during the past month in comparison to only three deaths.

Deaths recorded in the county included Dr. Mark Stricklin, Mrs. Arra Sloan, and Mrs. A. S. Porter.

A. A. Meredith, Frank Heath, and Ben Andis, all of Amarillo attended the Chamber of Commerce banquet here Tuesday night.

For a great many years, the women of the Christian Churches in the world have observed the Friday after Ash-Wednesday as the World Day of Prayer. Many times the women of the churches in Clarendon have joined with them. A small group met last year in the Episcopal Church, while the ministers of the various denominations here lead in beautiful meditations and prayers.

This year on Feb. 28 the women's groups of the various churches in Clarendon, and Ashtola will meet at ten o'clock in the morning at the Methodist Church for a two hour program, sent out by the Federal Churches of Christ in America.

A pot-luck lunch is being planned to follow. It is hoped that at this crucial time in our world of today all women will consider this day one of real, vital importance and count it a privilege to pray with the women of the world.

### STORY OF THE MONTH —FEBRUARY—

February is the second and the shortest month of the modern calendar year. It's name, no longer significant in any way, used to mean a great deal to the ancient Romans, for it came from a word meaning purify; this was the month in which the people were purified for the religious festivals of the following month. February was not one of the pioneer months in the earliest calendar year which Romulus drew up. Numa, however, added February, but placed it at the very last of the year, and not for centuries was it transferred to its permanent place after January. February has twenty eight days, except in leap year, when it has twenty nine days.

In the old Roman Calendar, February had thirty days, but when Caesar added one day to July, the month named for him, he took one day from February, and it lost an additional day when Augustus added a day to August, his honor month. The primrose is the special flower for February and the amethyst is the gem.

### THE HISTORY OF THE BRONCHO RANGE

By BILL ANDIS  
 During the past fourteen years the Broncho Range has had three different names.  
 In 1927, the title of the page was "Along the Broncho Range" and in 1930, it changed to "The Tatler" and two years later it was changed to the "Broncho Range." In the past fourteen years, the Broncho Range has been edited by the college only one year. This was edited in 1929 by "Slick" Taylor under the supervision of Alpha Delta Psi Fraternity.

The following were editors in the years specified: They are: 1927-28 — Mrs. Payne (Mary Jo Chamberlain) of Plainview. 1929 — "Slick" Taylor. 1930 — Mrs. Grady Halbert (Eunice Johnson) of Crowell. 1931-32 — Bill Word, now of Amarillo.

1933 — Mrs. Ralph Randal (Joe Ella Stewart) of Panhandle. 1934-35 — Arthur Chase. 1936 — Lowell Lafon of Pittsburgh, Pa. 1937 — Jeanne McDonald of Lubbock Tech. 1938 — Rayburn Smith, Jr. of San Antonio. 1939 — Jack Reeves. 1940 — Betty Jo Caraway. 1940 — Bill Andis.

The present editor of the Broncho Range is John King. Although the Broncho Range was supposedly organized several years earlier, no definite history is to be found. If any of the Broncho Range, above editors included they are cordially requested to write to Bill Andis, Box 334, Clarendon, Texas, so that the complete history of the Broncho Range may be assembled for the school files.

### DID HE GET IT?

Can Pipsqueak drive? Sometimes I doubt it, and so does everyone else. Anyway I'm going to tell you how little Pipsqueak got his drivers license or rather how he tried to get it.  
 Down at the court house every Tuesday two men in uniform come from somewhere riding in a white car with black fenders — which everybody knows and meets with one time or another — to give all good little boys and girls drivers license — if they can drive. Well, one day little Pipsqueak decided to go down and get one, so away he went. When he arrived one of the men began questioning him. "Have you a feeble mind?" "Are you take care of yourself?" "Are you insane?" Poor Pipsqueak, he was absolutely insulted. Finally all that was over and our little hero was taken out for

a ride. Facts: He came back. While out he turned a corner too sharply, nearly ran into a truck, a man, and couldn't park the car when he returned. The poor man in the uniform was green around the gills when he got back off his "joy ride." Back in the court house they gave Pipsqueak some questions to answer — the silliest things — all dutch to poor little Pipsqueak. He got one right — There's the bell, I gotta go — Sorry.

### COLLEGE DANCE

Monday, January 27, Ruth McDonald entertained the college with a dance at her home. The guests danced by the music of a nickleodeon. Three of the most popular numbers were "Careless," "Begin of the Begone," and "Charming Little Fakier."

Dancing continued until 11:30 when the departing guests thanked the hostess for an enjoyable evening.

Who could help noticing: Mr. and Mrs. Warden gracefully dancing.

Frances Hott and Raymond Hay "going to town."

Mildred Phelps being rushed by J. C. Hickerson.

Waldron Melton and Lou Alice a popular couple.

Weldon and Dan both trying to dance with Betty Jo.

The disappearance of Rachel Webb and Craig Johnson so early.

Julia Mae enjoying herself. We wonder why?

Marjory Beverly and Colie Huffman doing nicely.

Johnny Leathers and Wanda Craft an outstanding couple.

Dorothy Jean enjoying herself before "setting down."

Ruth McDonald being a graceful hostess.

### SPORTS NEWS

Last Tuesday evening the Clarendon Bronchos met the Hedley Owls in a basketball game. The starting line up for Clarendon was: Hartzog, Penick, James, Putman, and Bailey. The game was close with the Bronchos leading about 1 to 2 scores, until Hedley took the lead in the third quarter, when Jess Cornell went in the game for Hedley. It then seemed that Hedley would win since the game was nearly over and they were leading by two scores. In the last part of the last quarter the Bronchos made scores as fast as they could get the ball. When the game ended Clarendon had 21 and Hedley had 20.

There was also a basketball game between the Hedley girls. The girls chose up and played each other since they had no game arranged.

Hedley has three teams of boys, that played Tuesday night. They have a grade school team, a high school team, and the Independent team which the Bronchos defeated.

The High school and Grade school team played the Turkey teams. Hedley won both of these games.

### RED LETTER DAYS OF FEBRUARY

Lincoln's Birthday, February 13 is a legal holiday in most of the states.

Georgia Day, February 12 is the anniversary of Savannah and the colony of Georgia in 1733.

St. Valentine's Day, Feb. 14 is a day that has long been celebrated in a manner not at all serious. Some say that St. Valentine was accustomed to going from house to house leaving food on the door steps of the poor, and that the custom of sending Valentine greetings anonymously develops from that.

Washington's Birthday, Feb. 22, is a legal holiday in all the states except Mississippi.

## "SOLDIER DAY" TO BE OBSERVED BY BAPTISTS

### CHURCHES WILL ATTEMPT TO RAISE \$50,000 FOR SOLDIER WORK

DALLAS — "Soldier Day" will be observed Sunday, February 9, by the 3,100 Texas Baptist churches and their 750,000 members, in the effort to raise \$50,000 for soldier work in Texas, it was announced today by Dr. A. C. Miller, newly appointed state supervisor of soldier work for the Baptist General Convention of Texas.

Declaring that "we cannot ignore our responsibility as Baptists to the vast army of young Americans being brought into the 22 military camps, posts, and stations in Texas," Dr. Miller said the funds given by the Baptists on "Soldier Day" will be used largely in the erection of suitable chapels near some of the major encampments and in employment of men to work with military officials in providing religious life for the soldiers.

Dr. Miller, who served as a chaplain with the 86th Infantry in World War I, says that personal interviews with the commanding officers and many of the chaplains, in the 15 locations he has already visited, show that these military officials have a sincere interest in the physical and moral welfare of their men.

"In performing this service," Dr. Miller said, "we can do much to develop in these camps and at home the high ideals of patriotism. The decay of religion has been one of the four underlying causes for the decline of every nation in history. The Germans broke through upon the heart of France because the Sedan sector of the impregnable Maginot line was manned by young men from Paris whose physical vitality had been sapped by immoral indulgences. It

### TEXAS FIRE DEATHS IN 1940 SHOW INCREASE OVER 1939 TOLL

AUSTIN — The 1940 Texas fire death record skyrocketed five and a half per cent over the previous year, 469 persons losing their lives. This was an increase of 86 over 1939, according to information made available to Marvin Hall, State Fire Insurance Commissioner.

After reaching an all-time high of 567 in 1936, the number of deaths dropped off until the latter of 1940 when a large number of persons lost their lives by being trapped in burning dwellings.

Heaviest toll of life was taken during November and December, 137 deaths being reported during those two months. Standing too close to open fires accounted for one-third of the deaths during December.

was not the defenses that failed France; it was her defenders."

Dr. Miller estimated that by the close of 1941 there would be 200,000 men in Texas locations.

## Scouts Prepared for Emergency Service

Boy Scouts here and throughout the country are now training in Scoutcraft and outdoor lore with new vigor to be better prepared for any sort of emergency and disaster service. Scout troops are forming units of Emergency Service Corps (see emblem, upper right above) and being trained in firefighting, first aid, rescue work and other service connected with emergencies caused by storms, floods, hurricanes, earthquakes and any type of catastrophe.

At camp and on hikes, through games and other attractive activities of the regular Scout program, they are learning what to do in case of crisis and how to fulfill their promise to help other people at all times. Through demonstrations, displays and exhibits, in cooperation with established disaster relief agencies, they are doing their part to teach the American people to be prepared.

Side Glances On Texas History

By CHARLES O. HUCKER University of Texas Library

The inspired determination for freedom, culminating in 1836 in the permanent establishment of the Republic of Texas, was not a new and unusual thing in the pioneer land of the "Southwest."

It was in 1812. For four years a puppet king had ruled Spain for Napoleon Bonaparte, and Mexico had been rocked to and fro by revolutions which in 1821 finally gave it its own freedom.

On June 14 an army of 158 assembled on the east bank of the Sabine River. As its nominal chief Magee engaged Don Fernando Gutierrez, an exiled Mexican republican leader, in an attempt to win the backing of Mexicans in Texas.

Thousands of women are getting fat and losing their appeal just because they do not know what to do. Why not be smart—do what thousands of women have done to get off pounds of unwanted fat. Take a half teaspoonful of Kruschen in a glass of hot water first thing every morning to gently activate liver, bowels and kidneys—cut down your caloric intake—eat wisely and satisfyingly—there need never be a hungry moment!

Keep this plan up for 30 days. Then weigh yourself and see if you haven't lost pounds of ugly fat. Just see if this doesn't prove to be the surprise of your life and make you feel like shouting the good news to other fat people. And best of all a jar of Kruschen that will last you for 4 weeks costs but little, if not joyfully satisfied—money back.

NAME HAZLEWOOD ON IMPORTANT HIGHWAY BODY

AUSTIN — Senator Grady Hazlewood, of Amarillo, has been named to membership on the important Highways and Motor Traffic Committee of the Senate for the regular session of the 47th Legislature.

A bill has already been introduced and sent to the Highways and Motor Traffic Committee, which would give Texas a standard driver's license law. The bill has been drafted to add "teeth" to driving regulations in order to enable the control of reckless, irresponsible, incompetent and to some extent curb drunken drivers. This one bill also covers two more of the five points of the legislative program.

Among bills to be considered by the Committee are all of the proposals embodied in the 5-point legislative program for safety now being sponsored by twenty-one state organizations.

The appeal for effective legislation to curb the rising tide of traffic fatalities and injuries in Texas was formulated after numerous conferences of officials and members of the various organizations. Proposals offered are: A standard driver's license law, an increased Highway Patrol, a strengthened drunk driving law, a revision of the obsolete speed law and a uniform reporting of serious accidents.

situation will result. But, regardless of who wins the war, he continued, there will be a change when the war is over and the good old days will be gone forever.

Izard said that the small town would come into its own again because of the various changes, principally the decentralization of industry and population.

In conclusion, the speaker praised the Leathers family, Johnny Leathers, the milk judging team and the FFA chapter for their various accomplishments, and painted a rosy picture for the small town merchant, newspapermen, and others who make up the small community.

The Chamber of Commerce banquet was regarded by local civic leaders as one of the best ever held here. Ralph Porter capably handled the duties of toastmaster, keeping the program moving along at a swift pace.

Invocation was given by the Rev. Cecil E. Harvey. Entertainment consisted of a good musical program by the McLean high school students. A trio composed of Frances Sitter, May Evelyn Foster and Beth Yvonne Floyd, accompanied by Ercy Glenn Fullbright at the piano and Robert Gibson with the violin, rendered three numbers early in the program and three more numbers previous to the introduction of the main speaker.

The welcome address was given by the toastmaster and the response was made by Garnet

**Another Clarendon Youth Makes Good Away From Home**

Here's another Clarendon boy that's made good! Clyde Skinner, 23 year old local product has put four years of CCC training to the best possible use. When he arrived at the Perryton camp he lacked one year of completing his high school work. Special arrangements were made for him to attend and he graduated from the Perryton high school.

He was named statistical clerk in the office of the camp superintendent and later was promoted to the post of chief clerk for the entire camp. Last fall he was named the outstanding enrollee and was sent to Dallas for a course in Red Cross first aid work. Returning to Perryton, he taught a class in first aid for state highway department employees.

Recently he took an examination for a civil service post. He passed it with flying colors and last week left for Fort Sam Houston to assume his duties as a senior typist in the War Department at a salary of \$1,440 a year.

Mr. and Mrs. Reginal Greenhaw of Amarillo visited friends here Saturday en route to Memphis.

Reeves, secretary of the Pampa Chamber of Commerce.

Large delegations were present from Amarillo, Pampa, McLean and nearby communities.

A delicious turkey dinner was served by the ladies of the church.

**MRS. PORTER WAS KNOWN FOR HER LITERARY WORK**

Mrs. Addiebell Porter of Tulla who died here last week at the home of her son, Ralph Porter, was well known for her literary ability, and many of her poems have been published in magazines and books in United States and England.

Mrs. Porter was born in Lancaster, Johnson County, Texas in 1864 and married W. A. Porter of Lancaster. In 1902 Mr. and Mrs. Porter and their children moved to the High Plains of Texas, settling on a ranch at the very edge of Palo Duro canyon in Swisher County. That winter hundreds of three year old steers perished in snow drifts at the bottom of the steep canyon. But it was the beauty of this canyon that Mrs. Porter portrayed in her poem, "Palo Duro," which was written on the ranch.

Her first attempt at writing was made before moving to the plains, when she still lived in Johnson County. The first poem was printed in Farm and Ranch. Later, before leaving this section of the state, other of her writings appeared in the Dallas Semi-Weekly News and in Hollands Magazine.

Mrs. Porter was a member of the Panhandle Pen Women, the Twilight Poetry Club of Oklahoma, Pen Women of Indiana, and the Composer's and Author's Club of Lubbock.

At a recent meeting of the Lubbock Club, one of her poems, "Little Lady of Yesterday," was set to music by a Texas Tech

**ONE KILLED, TWO HURT IN ACCIDENT WEST OF CLAUDE SUNDAY**

Arthur Tosh of Amarillo was killed, his wife and Isidro Rodriguez were seriously hurt early last Sunday in an automobile accident west of Claude. The three were members of an Amarillo orchestra and were returning from Clarendon where they had played for a dance.

Their car plunged under the rear of a large truck trailer parked on the highway about six miles west of Claude. The impact tore the wheels from the trailer, causing the heavy van to fall on the car. Poor visibility due to the rain was a contributing cause to the accident.

professor and sung by a Mrs. Marshall of Lubbock. And just recently Mrs. Porter was awarded the Pioneer Medal in the Women's Federated Club work. She wrote a number of poems dedicated to the pioneers and published a booklet, "The Lone Star," which contained tributes to a number of pioneers.

Mrs. Porter did valuable club work. She was a charter member of the Woman's Study Club of Tulla, contributed to the organization and was president of the Delphian Club, held office in the American Writer's Society, sponsored and helped organize the International Literary Arts Club of Tulla and sponsored and helped build various other organizations in Tulla.

She was very much loved and honored. The very week that her death occurred two of her poems were rendered at the meeting of the Book Club of Clarendon. And only last Sunday another of her poems, written about a Donley County pioneer's home was printed in the Amarillo paper, the title of the poem being, "The Old Swanson Place."

Mrs. Porter was very civic minded and was a charter member of the old Civic League. She was active in the organization and maintenance of the Tulla Library, her pride and joy.

Perhaps the best and most ardent efforts in her writings were put forth in the interest of her home and her church. The daughter of a minister, she was a most devout worker. She was president of the Woman's Missionary Society a number of times. Many years ago, she returned to the Jubilee meeting in Childress as a delegate, having given faithful service all the intervening years. When a board of Christian Education was formed Mrs. Porter became a charter member, and has remained a member since. She was a Sunday school teacher in the same church for nearly forty years. She remained a faithful church worker to her death.

She was one of the most loving and understanding of mothers, and some of her poems are written in memory of her children about her knees.

She was too such an understanding friend, having that wonderful attribute of patience to listen and hear the end without looking for an avenue of help. She was the friend that the worried teacher sought for advice, and youth to help solve the problems of life. She loved in friends and paid tribute to them in her poem, "To My Friends."

Mrs. Porter's anthology was recently published in "Notable Women of the Southwest." At Christmas time this past year, she wrote her last poem and had it printed beneath a photograph of the Porter home in Tulla. She sent it to her children and friends as a Christmas remembrance. The poem, entitled "For These Let Me Be Glad," is as follows:

For These Let Me Be Glad  
Not for Great things, O Lord,  
tonight,  
Not even for vision's sight;  
But just be thankful to be still  
And learn of thee, to do Thy will.

For, little things I find are mine,  
Around my door a blooming vine,  
For little feet that once were there,  
Where they were taught an evening prayer.

For grown up lives, proved strong and true,  
By many thoughtful deeds they do,  
For simple food—and grace to said,  
For evening light, and comfy bed.

For books to read—and friends of worth,  
For firelight glow—and friendly hearth;  
Just gladsome thoughts—for little things  
And all the joy—such glad thought brings.

And — consciousness that all is right,  
For these — let me be glad tonight.

**Noblett Attends Retail Dealers' Gathering**

W. W. Noblett attended a meeting of over 700 members of the Chevrolet retail dealer organization gathered in Oklahoma City on Monday, January 27. The meeting was conducted by Mr. K. M. Chase, assistant general sales manager from Detroit, Mr. R. W. Hill, regional manager and Mr. Wilson, Oklahoma City zone manager.

With business actively accelerated, unemployment decreasing, industrial production tending upward in every section of the Nation, cash farm income higher, and the National income for 1941 probably reaching a new high, these executives predicted a good year for automobile dealers.

The progress of Chevrolet during the past several years was reviewed from the time the company was struggling for a strategic position in the industry until dominant leadership in sales was obtained and strengthened by leading all other makes of cars in sales 9 out of the last 10 years. The year just ended brought new records to the Chevrolet dealer organization. It was the second highest year in sales volume in the history of Chevrolet, and leadership in the industry was maintained and increased to an all-time record. During the past seven years Chevrolet dealers, nation all, have sold over 7,000,000 new cars and trucks, and over 11,000,000 used cars.

**Former Clarendon Citizen Writes From Louisiana**

A former Clarendon citizen and merchant, P. C. Tillery, writes from Montpelier, Louisiana where he is now in business and wants the Clarendon News sent to him in order that he might once again know what's happening in Clarendon.

Mr. Tillery writes in part: "Having been a resident of and in business in your little city from 1908 to 1916 I still have kindly thoughts of your good people. However, I surmise that many I once knew have departed this life or else like myself, have moved to other parts. I would like to take this opportunity to extend greetings and best wishes to any who may remember me and my family."

**MRS. JENKINS ATTENDS FUNERAL OF SISTER AT WEATHERFORD**

Mrs. B. L. Jenkins left the first of the week for Weatherford to attend the funeral of her sister, Mrs. Crawford, who died last Friday night in California. Burial was had in Weatherford Monday of this week.

Mrs. Jenkins will visit with her son, Dr. Oscar Jenkins and family, in Dallas before she returns here.

**RAY ROBBINS ATTENDS BAND CLINIC AT AMARILLO**

Ray Robbins of Clarendon was among fifty bandmasters of Texas attending a band clinic last Saturday at Amarillo where he heard the Sam Houston junior high and the Amarillo high school bands play the numbers that are to be played at state and national band concerts.

Mr. Robbins said that all the numbers for A, B and C schools were played.

The state band contest will be held at Amarillo this spring.

**CATTLE DEMONSTRATION ON LICE CONTROL HELD ON MCMURTRY RANCH**

Two demonstrations were held for the control of lice on cattle recently on the C. T. McMurtry ranch, located 15 miles north of Clarendon.

Some 1400 head of cattle were dipped in each of these demonstrations, and Mr. McMurtry said he has never seen a bunch of cattle change and do better after they were dipped by the use of cube and sulphur.

A previous demonstration was held on the J. A. ranch and around 900 head of registered cows were dipped.

Wilson Ballew of Amarillo visited friends and relatives here Tuesday.

Bob Finley returned Sunday from Kansas where he has been visiting for the past week.

Jim King and Carroll Smyers of Memphis attended the Chamber of Commerce banquet here Tuesday night.

Leffo Williams of Estelline was a business visitor here Tuesday.
