CLARENDON, DONLEY COUNTY, TEXAS, THURSDAY, SEPTEMBER 11, 1941

Established In 1878.

New Series, Vol. 52. No. 37

First Free Farm Auction Will Be Held Here Tuesday, September 16

HUGH HARMAN IS NEW CLARENDON BAND DIRECTOR

Hugh Harman, former band director at Miami, took on the job of directing the Clarendon school band this week, succeeding Ray Robbins, who resigned last week to accept a position in Pampa.

A graduate of West Texas State Teachers College, Mr. Harman has been director of a successful school band at Miami for the past three years. He is a qualified musician, having majored in music in his college days, when he played trombone. With Mrs. Harman, he arrived in Clarendon this week to assume his new duties, taking up with very little interruption the work of lining up the band for the year which Mr. Robbins had begun. Mr. and Mrs. Harman are at home at the Latsen Apartments.

Mr. Robbins left Clarendon Tuesday to assume his new duties with the Pampa school system, having continued working with the local band until school board members could complete negotiations with Mr. Harman and definitely secure his services. Mr. Robbins will direct the Pampa Junior High School band this year.

HALL COUNTY MEN INJURED IN ACCIDENT NEAR LELLA

Two Hall county men narrowly escaped serious injury or death early today, when their automobile blew out a tire, jumped a culvert, and overturned several times on Highway 287, a mile west of Lella Lake.

The men were Felix and Lesser Williams, both of Estelline. Felix Williams was said to have been driving the car when the blowout occurred, and his brother was asleep in the back seat. The latter stayed with the car as it rolled, suffering knee and head injuries, while the driver was thrown from the vehicle as it began to overturn. A Womack ambulance, summoned from Hedley by passersby, carried the injured men to a Memphis hospital, where they were reported out of danger later in the day. Both men were said to have been bruised and shaken, but neither was reported to have any serious injuries. The demolished automobile was brought to Clarendon by a Palmer Motor Company wrecker.

Clarendon Students Leave This Week And Next For Texas Colleges

Clarendon students will be leaving this week and next to pursue their studies in colleges and other institutions of higher learning. Many will be entering college for the first time, others will enter after having completed their courses in the Junior College here, and still others will renew their studies in the schools of their choice.

Of the forty odd students listed the first of this week, some eleven will attend West Texas State at Canyon, including Estelle Thornberry, Billy Patman, and Ray Bulls who will attend for the first time. Others resuming their studies there include Phebe Ann Buntin, Jo Word, Mary Charlotte Word, Frances Grady, Ethelyn Drennan, Edith Shelton, Jane Hillman, James Swift, and Jean Taylor.

To Texas Technological College at Lubbock will probably go Ruth McDonald, Billy Lou Gilbert, Wesley Powell, Clay Plunk, Craig Johnson, Ernest Evans, Maxine Ellis, Pauline Riley, Billy Latsen, Raymond Hay, Colie Huffman, and Dan Boston.

Madeline Kelly and June Murtry will enter Texas University for the first time, Miss Kelly as a freshman and Miss Murtry as a junior, while Fred Chamberlain, Joan Thompson, Clarence Pipes, Jack Rogers, and Jimmy Gene Thompson will re-enter as upper classmen.

First "Norther" Of Season Brings Low Temperatures To Donley Area

The first real "norther" of the season blew in on Clarendon Monday night, lowering temperatures into the forties, and causing a good amount of speculation and prophecy as to how soon the first frost of the winter would arrive.

According to some of the old weather signs, the first frost is due to arrive 60 days after the first "norther", and if by chance the weather should follow the rules this year, frost would come too late to do any considerable damage to crops. Some weather observers about town, however, argued this week that another "norther" had come along in early August, and that the first frost would be in October. Whatever the signs are, Donley farmers

are hoping that the first frost will hold off until an unusually late cotton crop is made, as many of them believe that an early frost is the only thing which might ruin good crop chances for the year.

This week's norther blew in behind a day of overcast weather, which brought .33 inches of rain in Clarendon in scattered showers. The temperature high for Monday of 71 degrees dropped to 46 degrees as a low during the night, and Tuesday's high temperature of 70 degrees fell to 45 degrees Tuesday night. Wednesday the effects of the first early sign of winter seemed to be wearing off, with more warm weather in prospect for the rest of the week.

LOCAL FARM LOAN ASSOCIATION TO MEET MONDAY

Final arrangements were being made this week for the annual meeting of the stockholders in the Clarendon National Farm Loan Association, which will be held at the Pastime Theater here next Monday, September 15.

Association President O. O. Caraway said Tuesday that a large crowd was indicated for the meeting, as the attendance committee has reported a good show of interest already. Invitations have been sent to all farmers and ranchmen who have obtained Land Bank Commission Loans through the Association, as well as to all farmer members who have regular Federal Land Bank Loans through the Credit cooperative.

The program will include a review of the year's Association activities, discussion of its affairs, and talks by leaders on various problems affecting farmers of this area.

Members of the Association will elect two directors to serve on the board for the next three years. The public is cordially invited to attend the meeting.

Mrs. John Rhodes and Mattie Rhodes are visiting this week in Cooper, Texas, with Mrs. Rhodes' mother, Mrs. Mattie Lewis.

PRESIDENTIAL OK GIVEN TO LOCAL STADIUM PROJECT

President Roosevelt Saturday approved a school improvement WPA project for Clarendon, which would provide federal funds for rebuilding the tornado wrecked Broncho Stadium wall. Cong. Gene Worley announced from Washington last weekend.

The project, which calls for federal expenditures of \$4227, was applied for some weeks ago, and plans were submitted to Washington officials for approval. Now that the application has got past the Presidential hurdle, further action will depend upon state WPA officials at San Antonio, who may or may not expedite construction on the job.

After the wall was wrecked, local school officials at first thought it could be repaired by WPA without the necessity of securing a new project authorization, but this course of action was found to be impossible to arrange. Entirely new plans had to be drawn, a new application made, and the project now is on its way through down lengthy trail all such public works projects must travel.

SOCIAL SECURITY PICTURE OFFERED AS LIONS PROGRAM

Clarendon Lions were back where they began some twenty years ago, when they gathered for their Tuesday noon luncheon in the basement of the First Christian Church, as a result of a shut down of Caraway's Cafe due to a remodeling job this week.

Served by the Christian ladies, the club members regaled themselves on fried Donley County chicken, hot biscuits, and trimmings, and enjoyed an illustrated lecture presented by Mr. Bradford of the Amarillo Social Security office. The feature was packed with information on the details of the social security program, and how it operates to benefit the wage earner and his dependents.

Lion Ray Robbins made a brief farewell to the club as he is moving to Pampa to assume charge of the PHS band in that city, thanking the local organization for its support and many personal favors. His successor here, Hugh Harman, of Miami, and a former Lion member, was introduced by President Lane.

Other visitors were Dr. Robert W. Goodloe, professor of church history at SMU, Dallas, Mr. Lowry of Junior HI, and former Lion W. E. Ferrell of Mathews, Va.

Announcement was made by Lion Stallings of the beginning of the Fall attendance contest next Tuesday, throughout all Lions Clubs in the world.

NEW BOMBER BASE MAY LOCATE IN AMARILLO

Citizens of Amarillo, and progressive residents of the entire Panhandle, were all pepped up this week over the very bright prospects that a giant army bomber base will be located in the Amarillo area.

If all details go through, the bomber base—first large defense project secured in the Panhandle—will be located three miles south and west of Amarillo, with a bombing range of 25,000 acres to be set aside near Channing in the north Panhandle. The base would be a \$10,000,000 project, and would bring to Amarillo a group of perhaps 4,000 Army fliers, mechanics, and ground crew men. The base itself would require a tract of 3,200 acres, on which would be erected hangars, runways, and all the necessary components of a giant air base. The field would be the home of around 70 heavy four-motored bombers.

Tentative approval of the base plans demonstrated the speed with which Amarillo residents were able to obtain recognition in the national defense picture after a whole-hearted effort, backed by cash contributions saved moving on Washington authorities.

CARAWAY CAFE GETS EXTENSIVE REMODELING

An extensive remodeling and modernization program, begun last Thursday at Caraway's Cafe, was showing good progress this week, with the property already taking on a more modern aspect.

The entire front has been torn out of the building, and replaced with brick and glass frontage along the lines of latest ideas in business architecture. By Wednesday, workmen had set plate glass windows and ornamental glass in the brick front, and had stripped off an old stucco facing, preparatory to putting in new material on the front exposure of the building. A narrow section of the building has been partitioned off from the main cafe space, and Mr. Caraway states that this room probably will be occupied by another business of some kind.

Along with exterior improvements, the cafe interior is being completely remodeled, repainted, and modernized, and Mr. Caraway says that he hopes completion of the program will give Clarendon one of the most modern cafes in this section.

NEW PAINT JOB BRIGHTENS COZY THEATER ENTRANCE

The Cozy Theater entrance presented a bright new appearance late this week, as workmen neared the finish of a complete repaint job on the building front, awning, and entrance lobby. Green and white paint in the entrance way and lobby has added noticeably to the already modern front of this business property.

TWO DONLEY SELECTEES WILL BE INDUCTED SEPT. 25

Two Donley County men, one of them a member of the newly registered "S" group of selectees, will go into army service September 25, local board secretary George Ryan said this week.

The selectees who have been ordered to report for induction are Winfred Boyce Barbee, order number 101, and Cecil Cowles Morris, order number S-102. Carl Thomas Foust has been ordered to report as alternate, in case one of the other men fails to be inducted.

Mrs. C. C. Meacham and Miss Muelri Bovers of Memphis spent Monday here with Mr. and Mrs. Dick Shelton.

\$7,500 IN COTTON STAMPS ARRIVE FOR DISTRIBUTION

\$7,500 worth of Cotton Order Stamps arrived at the Donley County AAA office in Clarendon today, for distribution to Donley farmers who were made eligible to receive stamps by reducing their cotton acreage this year.

Far from enough to supply the demand, the shipment of stamps started moving out into the pockets of cotton farmers early this morning and were not expected to last through very much of the day. The stamps had been eagerly awaited by farmers for several weeks, and as soon as the news got around that more stamps were on hand, a line of farmers began waiting their turn at the AAA office.

County AAA secretary Walter J. Flynt said that more stamps had been ordered, and that these would be distributed just as fast as possible on arrival in Clarendon. State AAA headquarters seem to be swamped with orders for stamps, and it is a difficult process at present to get enough stamps to go around, Mr. Flynt said.

DEFENSE SAVINGS BOND SALES SHOW INCREASE

Sales of Defense Savings Bonds to Donley County investors still are on the increase, a check of the three Clarendon banks Wednesday showed.

Total sales of all series Defense bonds made by local banks showed a total this week of \$15,148, at issue value. Last figures published by the News, in August, of bonds sales gave a total in sales of \$13,869. This figure was based on the face value of the bonds sold, which was about one-fourth higher than the issue value, which this week's total represents. A considerable gain is shown in comparison of the earlier and later totals of sales.

On another defense front, the drive for scrap aluminum had reached its apparent limit in Donley County this week. Results of the drive may still be seen in two windows of the county agent's office, but plans are to ship the sizeable stack of old pots, pans, etc. to a central collection point within the next few days, it is reported.

BIBLE CONFERENCE AT METHODIST CHURCH

The Bible Conference announced last week was begun at the Methodist Church at the Sunday evening services and continued until last night, with intense interest in the messages brought morning and evening by Dr. Robt. W. Goodloe, professor of church history at Southern Methodist University.

Dr. Goodloe's subjects covered the Book of Ruth, Revelations, Joel, the sacraments of the church, etc., and brought to the congregation his exhaustive research along these lines.

Dr. Goodloe came to Clarendon from Pampa where he had held a similar conference, and he goes to Wheeler, Hereford and Wellington for engagements before returning to his class work at the University.

Mr. and Mrs. M. R. Allensworth were in Borger recently who underwent a major operation with their son, J. O. Allenworth in a Borger hospital. He is reported to be greatly improved at this time.

BRONCHOS POINT TOWARD SEASON'S FIRST GAME

Pointing to their first scrap of the 1941 football season, the Clarendon Bronchos were in the middle of intensive practice this week, as coaches Warden and

COACH O. C. WARDEN

Penick directed their attention to lining up a starting eleven and working out the weak points in a comparatively inexperienced team.

The team had its first brush with any kind of an opponent last Friday night, when it met an eleven from Canadian for a practice scrimmage on Broncho field. Final score in the set-to leaned six points in Canadian's favor, but fans who saw the scrimmage came away with the feeling that prospects for a winning Broncho eleven this year

ASSISTANT COACH PENICK

are pretty fair after all. During this week the team has been lasting every minute in practice, and observers have noticed that the boys are beginning to work together as a unit with good signs of efficient ball-playing later on.

First opponent of the Bronchos this year will be the Claude squad, which will move in on Broncho stadium on the night of September 19. A non-conference game, this tussle should give local fans a good line-up on the Bronchos and their chances during the rest of the season.

Over the conference, other teams are pushing practice for opening games, most of which come off on the 19th. One game is scheduled for Friday night of this week, a non-conference tilt between McLean and White Deer at McLean.

"GREATEST INTEREST"

In a letter bringing his prompt annual renewal for The Clarendon News, Whitfield Carhart, of Greenville, but long time resident of Clarendon writes, "We have been away from Clarendon over 16 years, but we still read the Clarendon News with the greatest interest every week."

DONLEY FARMERS OFFERED CHANCE TO SELL GOODS

CLARENDON MERCHANTS ARE SPONSORS OF PLAN TO BENEFIT FARMERS

A new plan of farm auction sales, which local merchant sponsors hope will prove of much benefit to Donley County farmers, will be inaugurated in Clarendon Tuesday, when the first of a series of semi-monthly free sales will be held.

The auction Tuesday, and others on subsequent days, will be conducted by Col. T. C. Bowden, an experienced auctioneer of farm goods, and will be free to any Donley County farmer. Any kind of farm goods will be put up for auction at the sale, from a small amount of produce to a piece of heavy farm equipment, at no cost to the owner. Much of the success which owners of items they wish to sell will have in selling them will depend of course on the number of prospective buyers on hand at the sale, and the sponsors of the auction are urging every farmer in the Clarendon and Donley County area to be on hand at the sale.

The first sale will be held on the vacant lot just north of the Antro Hotel, and will start promptly at 1:30 p. m. Tuesday. Free entertainment will be provided, and an added inducement to old-time fiddlers in this area will be a big fiddlers contest, with cash prizes, which anyone may enter without cost.

So that the auction sales may be offered as a service to farmers without cost to them, Clarendon merchants have arranged to sponsor the sales, and to bear expenses of bringing Col. Bowden to Clarendon to conduct them. The cooperating merchants are listed in an advertisement on page six of this week's News, and Donley Farmers are urged to read the ad and note the firms which are making this service to them possible. In addition to the benefits offered by the auction in bringing buyer and seller together, a number of merchants are planning special merchandise values on the sale day, so that farmers who come to town for the sale will be enabled to save on their purchases made that day.

"BRONCHO RANGE" MAKES FIRST APPEARANCE OF YEAR IN NEWS THIS WEEK

The News' regular school season feature page, The Broncho Range, makes its first appearance of the 1941-42 school year this week. Edited by an allstudent staff, the Broncho Range will endeavor to present, as the school year goes along, interesting news highlights about the student bodies of Clarendon High School and Clarendon Junior College.

Staff of the Broncho Range includes the following: Clyde Benton Douglas, editor-in-chief; Lou Alice Adams, associate editor; Betty Jo Caraway, business manager; Buddy Ryan, sports editor; Wilma Jean Warren, Press Club Reports; Helen Porter, feature editor; and Ida Lou Johnson, library reporter.

CLARENDON NEWS HAS A BABY ?????*****

All the credit goes to Mr. and Mrs. Bill McAllister, for the baby boy born into the News staff last Friday—and it's a lot of credit, too, that's due.

Bill Jr., was born at the Adair Hospital, Friday morning at 10:39 o'clock, and both parents are just one jump behind him in enthusiasm at being alive in Donley County.

Any misadventions in The News this week are chargeable to a proud papa, and a staff that is joining him in celebration of the glorious event.

A CLEANER, FINER NATIONAL YOUTH

An interesting fact in the recent selection of "Miss America—1941", is the cheering news that she doesn't smoke and she doesn't drink intoxicants.

In the backwash of repeal the tendency among young people to add smoking and drinking to their other indulgencies, have been the most alarming storm signals on the horizon of our national life. These infractions against health and morals, have been all too general, and even the rural areas have not been free from its double-edged scourge.

So, to us, this winning of a national distinction not based on character, and with the announced absence of these all-too-common modern vices, bears promise of a better, finer, cleaner youth for America—and not a bit too soon, if we are to evade the inevitable results of these laxities.

If America is to survive and become the saviour of world Democracy and world decency, old and young must join in demand for higher standards of human conduct.

The News hopes that "Miss America—1941" is evidence of such a movement. No element of national defense is more vital and necessary.

BABIES—AND THE FUTURE OF OUR SECTION

Even to the casual observer there has been a marked increase in the number of babies born in Clarendon and Donley County in the past six or eight months—and still they come.

On the recent advent of a baby boy in the family of a News staff member—the first in many, many years—this writer is impressed with the thought that there's not much wrong with the future of a country where eternal confidence is expressed in an increased begetting of children. Parents truly give hostages to fortune when they bring offspring into the world—and in spite of ominous conditions over the globe, they seem to be doing just that with such a hearty will that there is no mistaking their will and determination to live and to love and to build in the years to come.

"Be fruitful and multiply", is an early command of Almighty God too often overlooked. Prospects are brighter now.

THE NATION PAUSES IN TRIBUTE

This week the Nation pauses in tribute to the life and memory of Mrs. Sarah Delano Roosevelt, mother of President Roosevelt, and the most universally beloved member of the Roosevelt family.

Passing at the goodly age of eighty-six, Mrs. Roosevelt, was the first mother in America ever to see her son inaugurated president more than once. She was a patrician, and yet a most sympathetic, understanding person, and is said to have had a large part in aiding her son in critical periods when human judgement is so easily warped by personal stress.

The condolence of the whole citizenship goes out to our President in this major sorrow along the path of life.

WHAMI!

Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

On September 1, the war entered its third year. In the two years that have passed since Hitler sent his legions into Poland, a long list of nations have been subjected to the ruthless Nazi rule. One of the citadels of democracy, France, has suffered ignominious military defeat, and has become a total state patterned on Hitler's Reich. Some 7,000,000 soldiers have been killed, wounded or imprisoned, and an unknown total of civilians have died in the rubble of falling buildings, and before the firing squads of the Gestapo and the S. S. troops. One of the Nazi military songs contains this line: "Today we rule Europe—tomorrow the world is ours." The first part of that has come true with a vengeance—but the second has not.

It is difficult, the war still being in an indecisive phase, to accurately sum up what has taken place during this astonishing conflict—a conflict which may well, as Hitler has said, decide the history of the world for the next thousand years. But one thing seems undeniably true, and that is that the forces which oppose Hitler have become tremendously stronger in the last year. After the evacuation of Dunkirk, it took an almost miraculous degree of optimism to give England a chance for victory. The best that most authorities hoped for was a negotiated peace, which would let some semblance of parliamentary government continue to live in parts of the Old World. Today Britain has at least an even chance of full and conclusive victory—and some experts

think that her chance is better than that.

The United States is playing a great part in this. We are slowly becoming, in the President's phrase, "the arsenal of democracy." The possibility of our actually going to war in Europe seems to lessen, rather than grow greater. As yet, at least, Britain and her Allies have no need for additional manpower. What they need is munitions, and more munitions—aircraft and still more aircraft. Today Britain is carrying the war to the Continent—and she is carrying it there partly with American bombers which can fly at 30,000 feet, above the range of anti-aircraft fire, and above the efficient fighting level for pursuit planes.

British spokesmen have been saying lately, however, that we are not doing enough. American help, they observe, is as yet only a stream—not a surging river. And there can be no question, but what the arms program has been held back by unnecessary delay, labor trouble, indecision, red tape, buck-passing. The lack of a single executive head for the multitudinous overlapping defense boards and commissions is still an extremely serious deficiency. Even so, production is coming up, especially in the aircraft field.

Some believe that the coming year will decide this war. Hitler is not only fighting a war on two fronts—something he always said he would avoid at all costs—he must face a third front, too. The third front is the growing underground anti-Nazi movement in the occupied countries. Reports

filter out from Europe of sabotage, the assassination of Nazi troops and police, the slow-down of work in factories in occupied lands which have been forced to produce for Germany. Lately, the German authorities in the occupied areas have put into effect extremely stringent new rules designed to prevent anti-German activity of all kinds. But the underground movement continues and grows. It is said to be especially effective in France. Frenchmen who have escaped from Europe almost unanimously report that the overwhelming majority of French people pray for Allied victory—and wait in grim silence for the day when they may be able to settle their long account with what they regard as the traitors at Vichy.

On the Russian front, Hitler has been forced into precisely the kind of campaign he swore to avoid—a long campaign which must go through a Russian winter. The victories he has gained against the Soviet are relatively slight—there is little question but what he expected total victory in a matter of a few weeks, when he began. The Russians, soldiers and civilians alike, are fighting with that dogged fanaticism which has always been the mark of the Slav. And the German soldiers are dying like flies on Russian soil.

So, there is reason for hope as the third year of war begins. The Allies may not yet have the strength of the Nazis—but Allied power grows, and many are certain that German power, for all the areas it has conquered, all the resources it has gained, is dwindling. This may be the decisive winter in which one of the great pages of world history is written.

The action of the Senate in lowering income tax exemptions in accord with the President's

QUIZZ DEFENSE BOND

Q. I would like to provide a regular income for myself when I retire. Can this be done by buying Defense Savings Bonds?

A. Yes. If you purchase a Bond for \$37.50 each month, each Bond will be mature in exactly 10 years. Thus at the end of 10 years you will have \$50 payable each month as each of your Bonds reaches maturity.

Q. But I will need more than \$50 a month.

A. Then you should invest a larger amount each month. Every \$75 you put into Defense Bonds will pay you \$100 ten years from now. Meanwhile, your money serves your Government during this period of national emergency.

Note—To buy Defense Bonds suggestion, is favored by most economists. But there will be a fight when the Senate-House joint committee gets together to iron out differences. A big percentage of the legislators are definitely afraid to extend direct taxation down to where the bulk of the vote is.

and Stamps, go to the nearest post office, bank, or saving and loan association; or write to the Treasurer of the United States, Washington, D. C.

Leota Rampy left Saturday to assume her duties in the Silverton schools. Miss Rampy will head the Home Economics Department there.

Water Facilities Development Makes Work Lighter, Donley Farmer Says

JERICHO, Texas, Sept. 11—Killing two birds with one stone is the way Clay Inmon sums up the results from a water facilities development carried out on his farm three miles west of Jericho in northern Donley county in cooperation with the U. S. Department of Agriculture.

"Back in early 1940, we faced a double difficulty," Inmon recalls. "We had to carry water for both domestic and livestock use, yet every time a good rain fell the water ran off my fields across the pasture in a small river, and formed a lake."

The Inmon family had been residing on the same 650-acre farm for 18 years, getting along with the usual windmill and

small stock tank that is typical of the Texas Panhandle farm, when a real crisis came in February, 1940.

Inmon and his son, Cecil, both became ill during a severe cold period. The burden of taking care of the livestock as well as the household fell upon Mrs. Inmon. In addition to seeing that the cattle got water, trips of considerable distance had to be made to get water for the hogs and for domestic use.

"While my son and I were sick, my wife had a difficult job and endured great hardships," Inmon relates. "I guess I had carried enough water for the hogs to float a battleship, so I knew what my wife was up against. I decided that something had to be done to prevent a similar situation in the future."

Inmon presented his problem to the water facilities office of the Department of Agriculture. The result was that the Farm Security Administration made a 10-year loan at 3 per cent interest to finance installation of the water facilities development. Technicians of the Soil Conservation Service supervised the installation and worked out a complete soil and water conservation program for the 650-acre farm.

A new windmill tower of steel pipe was built, a new sucker rod was installed, and a 2,000-gallon redwood storage tank of the overhead type was erected. The tower then was stuccoed to serve as a milk house. A 2,900-gallon capacity stock water tank with a concrete bottom was constructed from used oil tank steel, and a similar tank was built for the hog lots. These tanks were connected to the overhead storage tank so as to provide running water at all times.

This took care of livestock water need. Then, in order to improve living conditions for his family, Inmon piped water to the house. Modern bathroom equipment was installed along with a gas-type hot water heater, a septic tank, and kitchen sink. "Having water piped into the house certainly has made life easier for me and I now have more time to look after the chickens, turkeys and the family garden," Mrs. Inmon says. "And it certainly is a relief to know that I'll never have to undergo

another ordeal like the one in the winter of 1940 when my husband and son were sick and I had to carry all the water, she continues.

Water also has been piped into the barn and milking now is done under more sanitary conditions because running water can be used for cleaning the concrete barn floor.

While Inmon and his son are highly pleased with the water facilities installation, they are equally enthusiastic about the complete soil and water conservation program installed on the farm in cooperation with the Soil Conservation Service. Contour furrows have been constructed at seven-foot intervals on the grass land. During the heavy spring rains Inmon observed that water ran off the pasture only once and reports that the furrows now are well grassed over. Using their regular farm equipment, Inmon and his son are constructing terraces on their cultivated land. This method requires more time, but the expense is less, he says.

Numerous other conservation practices are being carried out in growing wheat and grain sorghums which are the principal crops on the Inmon farm.

In addition to his home place of 650 acres, Inmon also operates 600 acres of additional cultivated land which is not terraced or contour tilled.

"This land may be a little less trouble and require shortly less time to work, but my experience with my own farm has convinced me that conservation practices more than pay for any inconveniences," Inmon declares.

PRICE By THEODORE MYERS

Mr. and Mrs. Granville McAnear of Clarendon visited with friends and relatives here Saturday.

Mr. and Mrs. W. C. Rexrhode were dinner guests of J. C. Johnson.

BUGBEE ILLUSTRATES STORY ON JACK BICKERDYKE, PIONEER TEXAS INDIAN FIGHTER

Jack Bickerdyke, famous Texas Indian fighter of the '70's, comes to life in the second October issue of Ranch Romances magazine in a richly reminiscent article by that grand old-timer and friend of Bickerdyke, Frank Colinson.

Harold Bugbee, well known Clarendon artist, has illustrated the anecdotes, which form a valuable contribution to the increasingly rare first-hand accounts of local pioneer history.

The issue of Ranch Romances containing this story may be purchased at newsstands from September 12th to the 26th.

O. C. Watson made a business trip to Amarillo Tuesday.

LOCALS

Lee Bell was in Dallas on business from Sunday until Wednesday.

Dorothea Watson and Mrs. Edith Maher are in Dallas this week on business.

METHODIST 4TH QUARTERLY CONFERENCE WILL BE HELD AT GOLDSTON SEPTEMBER 14

Rev. A. S. Forch, Methodist circuit minister for this district, said this week that the Fourth Quarterly Conference of Methodists will be held at Goldston next Sunday, September 14. Work of the conference year will be concluded at the meeting, and Rev. Forch urges a large attendance. Dinner will be served on the grounds.

Considerable expense was incurred in cleaning up the property, and it was necessary for the board of trustees to buy a new power mower to handle the weeds and grass. Altogether, the work has cost about \$600, and the trustees are asking for contributions to help bear a part of the burden. About \$200 is needed at present, it was said.

CITIZENS INVITED TO VISIT BEAUTIFIED CEMETERY; CONTRIBUTION NEEDED

Trustees of Citizens Cemetery have extended an invitation to Clarendon and Donley County citizens to visit the cemetery on their weekend drives, so that they may appreciate the extent of beautification and cleanup work done recently on the grounds. Under the direction of Mr. Dever, a large crew of men has already finished cutting off all weeds and trimming grass on the entire cemetery property, which now is one of the most beautiful cemetery spots in the entire Panhandle. The cleanup job was the fifth one for this year, continued rains having made weeds and grass harder to keep down than usual.

Spindle Top STARTED IT!

Forty years ago an oil gusher roared in on a low hill south of Beaumont to open a new industrial era for Texas.

That discovery at Spindletop started our modern Texas petroleum industry and made Texas the nation's leading oil state.

In the forty years since Spindletop blew in, nearly 200,000 wells have been drilled throughout Texas. Over 500 separate fields are now producing in all parts of the State. Today Texas supplies over one-third of the Nation's oil and has over half of its petroleum reserves.

Our industry, by refining almost all of this oil in Texas, has created our largest manufacturing enterprise. By furnishing cheap fuel it has laid the foundation for many other Texas industries.

From a handful of Texans forty years ago, this industry has grown until now, directly or indirectly, it supports almost one million of our people. Its expenditures reach into every section of the State and benefit every Texan.

The discovery of America's first gusher oil field at Spindletop has turned out to be one of the most important events in the history of our state.

Today all of Texas salutes Spindletop!

On October 9, 10 and 11, during its annual convention at Beaumont, the Texas-Mid-Continent Oil & Gas Association will dedicate a monument to Spindletop.

Inscribed in ageless Texas granite will be the story of oil.

This is more than a monument to petroleum. It is a tribute to Texas enterprise and initiative which in forty years have built a great industry in our State—an industry in which you and every other Texan share.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
 To the Sheriff or any Constable of Donley County, Greeting:
 You are hereby commanded to summon the unknown heirs of Phillip Thomas, deceased, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to appear at the next regular term of the District Court of Donley County, to be holden at the Court House thereof, in Clarendon, on the First Monday in October A. D. 1941, the same being the 6th day of October A. D. 1941, then and there to answer a petition filed in said Court on the 18th day of August A. D. 1941, in a suit, numbered on the docket of said Court as No. 2137, wherein the Bugbee Livestock and Land Company, a corporation is Plaintiff, and the Unknown Heirs of Phillip Thomas, deceased are Defendants, and said petition alleging that the plaintiff is the owner of the fee simple title to the East one-half (E½) of Section No. 138, Block F, Abstract No. 1122, D. & P. Ry. Co. Survey, Donley County, Texas and containing 317.6 acres of land more or less; that it holds it by reason of a duly recorded deed and by the three, five, ten and twenty-five years Statutes of Limitation and that a certain deed was lost conveying the land to Thomas S. Bugbee and the same was not put of record and because of that a cloud was cast upon its title and the praying for the removal of such cloud and the vesting of a marketable title, and for a writ of possession for said land.
 Herein Fail Not, and have you before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.
 Given under my hand and the Seal of said Court, at office in Clarendon this the 18th day of August A. D. 1941.
 (Seal)

Les Beaux Art Club Begins New Club Year With Breakfast

Members of Les Beaux Art Club began their new club year with a breakfast Saturday morning at the home of Mrs. R. L. Bigger with Mrs. W. H. Patrick, Miss Anna Moores, and Mrs. Bigger presiding as hostesses.

The tables which were set in fall motif, were laid with gay colored linen and centered with large yellow daisies and other fall flowers. Favors were tallies upon which were pictured miniature cowboys indicating the fall roundup of the art club members.

Officers for the coming year were inducted into office by the out-going president, Mrs. George B. Bagby. These officers included Mrs. U. J. Boston, president; Mrs. W. A. Riney, vice-president; Mrs. Frank White, Jr., secretary; Miss Mary Howren, treasurer; Mrs. M. R. Allensworth, parliamentarian; Mrs. J. W. Evans, Historian and librarian; and Mrs. R. L. Bigger, federated counselor.

Following the induction, Mrs. Boston gave an all inspiring talk during which she mentioned as her objective for the year to work with the other clubs in maintaining a new club room for the federated clubs of the city.

Attending this social highlight of the season were Mesdames M.

R. Allensworth, George B. Bagby, U. J. Boston, J. W. Evans, Henry Melton, C. C. Powell, W. A. Riney, J. D. Swift, W. W. Taylor, F. A. White, Jr., Miss Mary Howren, and the hostesses, Mesdames Bigger, Patrick and Miss Moores.

BAND HONORS RAY ROBBINS WITH FAREWELL PARTY AT COUNTRY CLUB

Members of the C. H. S. Band honored Ray Robbins, band director here for the past several years who recently resigned to accept a position in the Pampa schools, with a farewell party at the Country Club Monday night.

After the picnic supper, band members gathered in the club house and presented Mr. Robbins with a number of gifts. Presentation was made by Mary Williams.

Those present included Mr. and Mrs. Hugh Harman, new director of the C. H. S. Band; Mr. and Mrs. H. T. Burton, Mr. and Mrs. Ralph Andis, Mr. and Mrs. Clyde Douglas, Mr. and Mrs. Allen Bryan, and Mrs. J. R. Porter. Forty-five band members were present.

Mr. and Mrs. Hollis Smith of Faduach spent the weekend here with Mr. and Mrs. W. T. Link.

DORCAS-ALETHEAN CLASS MEETS IN THE HOME OF MRS. LOUIE THOMPSON

The Dorcas-Alethean Sunday School Class of the First Baptist Church met in the home of Mrs. Louie Thompson Thursday afternoon with Mrs. Arlie Wood, Mrs. Walter Flynt, and Mrs. Chester Talley as hostesses.

During the afternoon installation of officers for the coming year was held with Mrs. Joe Goldston inducting the new officials into office. Officers included Mrs. H. T. Burton, teacher; Mrs. Bert Smith, president; Mrs. Bob Head, secretary and treasurer; Mrs. Carl Peabody and Mrs. Oscar Thomas, vice-presidents; and Mrs. J. E. Burch, reporter.

The program for the afternoon included a vocal duet by Mrs. Burch and Miss Lillian Ewing.

Attending were Mesdames Clyde Douglas, Walter Clifford, N. C. Todd, Hattie Palmer, Doss Palmer, Bill Riney, H. T. Burton, U. Z. Patterson, J. E. Burch, Bert Smith, Colie Huffman, Fred Cook, Joe Goldston, Bob Head, and Misses Lillian Ewing and Gladys Wallis.

JUNIOR LES BEAUX ART CLUB HAS CALL MEETING

The Junior Les Beaux Art Club held a short business meeting Wednesday afternoon at the Women's Club Rooms for the election of officers for the ensuing year. Officers elected were Mildred Phelps, president; Mrs. Mike Stricklin, vice-president; Betty Jo Bartlett, secretary; Callie Mae Gunter, treasurer; Ruth McDonald, corresponding secretary; and Bertha Mae Thomas, librarian. These officials will be inducted into their respective offices at the regular meeting October 2nd.

Attending were Miss Mary Howren, Mrs. Margarite Goodner, Mrs. Tommy Harris, Mrs. Hugh Harman, Miss Gladys Wallis, Kitty Ruth Baley, Mildred Phelps, Peggy Stricklin, Callie Mae Gunter, Bertha Mae Thomas, Ruth McDonald, Betty Jo Bartlett, and Mary Katherine Todd and Betty Jo Caraway who were hostesses.

ENTERTAINS HUSBANDS AND HOME DEMONSTRATION CLUB FAMILIES AT PICNIC

Members of the Home Demonstration Club entertained their husbands and families with a picnic at the City Park Friday evening. The group met at the park at 6:00 o'clock and the basket lunch was spread.

Attending were Mr. and Mrs. Elmer Hayes, Mr. and Mrs. Doss Palmer, Mr. and Mrs. O. C. Watson, Mr. and Mrs. Earl Lea, and Mesdames G. A. Anderson, G. W. Antrobus, A. H. Baker, C. L. Benson, A. L. Chase, W. A. Davis, J. C. Estlack, M. A. Hahn, A. G. Lane, C. D. McDowell, W. D. Van Eaton, Clyde Butler, and Misses Ina Naylor of Hobbs, New Mexico, Eula Naylor, Ida Harned, Eta Harned, and Marilyn Maher, Louise Butler, Leona Hayes, John Frazier, Leroy Butler, and Alfred Hahn.

FRED MOLESWORTH'S 10TH BIRTHDAY OBSERVED WITH PARTY WEDNESDAY

Fred Molesworth observed his tenth birthday Wednesday, September 3, with a party at his home in the afternoon. Various games were played and ice cream and cake were served to Janice McDonald, Mae Morris, Wiletta Riney, Vanetta McClellan, Patty Molesworth, John Miller Morris, Bill Porter, Durwood Skelton, Gene Bryan, Edward Sawyer, Clydie Price, and John Molesworth.

ENGAGEMENT AND APPROACHING MARRIAGE OF ANNE LEWIS IS ANNOUNCED

Mr. and Mrs. William J. Lewis of Dallas and Clarendon are announcing the engagement and approaching marriage of their daughter, Anne, to Mr. William Henry Gibbons, Jr.

The nuptial vows will be spoken at the Church of Incarnation in Dallas on Saturday the fourth of October.

CLUB ANNOUNCEMENT

The Garden Club will meet Monday, September 15th, at the home of Mrs. U. J. Boston.

MISSIONARY NOTES

The Women's Society of Christian Service of the First Methodist Church met in joint meeting at the church Wednesday.

Dr. R. W. Goodloe, professor of church history at Southern Methodist University, brought to the group an interesting talk on "History of Early Methodism". The Society will meet in their regular circle groups next Wednesday beginning their new mission study.

Garden Glances Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

The spring like youth, fresh blossoms doth produce, But autumn makes them ripe and fit for use: So age a mature mellowness doth set On the great promises of youthful heat. —Denham

The gardens are beginning to take on their fall colors, presenting bright yellow and orange blossoms to blend with the pinks and orchids.

Digitalis with their long spikes of orchid flowers are found in profusion in the gardens of J. W. Rhodes and Bryan Armstrong giving a very nice splash of color.

A lovely bright spot is presented by the rose colored verbenas in the yard of W. T. Hayter.

The homes of Carroll and John Knopp are attractively trimmed and add much beauty to the west part of the city.

Other grounds of especial interest are those of Prewitt's, A. G. Lane's, Dr. Strickland and Mrs. Gray's.

The City Water and Light Co. always have an attractive plot of ground which is very much appreciated by the people of the town.

This is an ideal time to cut weeds and burn them so their seeds will be destroyed and help to prevent so many weeds for next year's growth.

From Canyon has come this release from the Olin E. Hinkle News service:

"The dahlia has come into great favor in this flower-loving community, where blossoms are not grown without much care and watering.

"Campus gardeners at West Texas State College started the movement by asking the Student Senate to conduct a poll on the most popular flower for the grounds. The dahlia won handily.

"Soon a Southwestern Dahlia Society was formed here with Levi Cole, a banker, as president. Dr. J. A. Hill of West Texas State offered a large plot for a trial garden and placed D. T. Tarrion of the grounds staff in charge. Affiliation with the American Dahlia Society will be sought.

"Membership in the society will be extended throughout this section. An unusually wet spring and summer greatly accelerated interest in flowers. The trial garden will be used to develop dahalias adapted to this climate and to test varieties sent here by other clubs."

All who are interested in this may obtain further information by writing the News Service Bureau at West Texas State College, Canyon. —Contributed

Homer Taylor of Port Arthur, Texas, is visiting here this week with Mr. and Mrs. Forst McCrary.

RUCKMAN — WATKINS

Miss Marie Watkins, daughter of Mr. and Mrs. F. M. Watkins of this city, became the bride of Jeff D. Ruckman, son of Mr. and Mrs. Ted Ruckman of Clovis, New Mexico, Tuesday night September 2, at Clovis in the home of Manzie Sims, who officiated.

The bride was attended by Leota Ruckman of Clovis, and Buchell Shope served as best man.

Graduate of Goodnight high school, the bride attended Clarendon Junior College.

The bridegroom, a graduate of Clovis high school, is employed by the Rural Electrification Administration office in Clovis and farms near Farwell.

Mr. and Mrs. Ruckman are at home in Clovis.

LOCALS

Mr. and Mrs. Dick Shelton spent the weekend in Memphis with Mrs. Shelton's parents, Mr. and Mrs. C. C. Meacham.

Laverne McMurry left this week with her sister, June, to attend Rush Week at the University of Texas.

Mr. and Mrs. George Norwood and Elise and Mrs. Paul Slaton made the trip through Carlsbad Caverns over the weekend.

Mr. and Mrs. Jack Molesworth will leave the last of the week to take their son, Johnny, to Kerrville where he will enter Schreiner Institute.

Mrs. W. N. Blackwell returned from Spur Wednesday where she has been visiting for the past month with her mother who is ill.

Mr. and Mrs. Louie Holloway and children of Whittier, Arizona, visited with friends here Tuesday. Mr. and Mrs. Holloway are visiting her parents, Mr. and Mrs. Wylie Morris in Channing.

Mr. and Mrs. Billy Joe Terrell of Phoenix, Arizona, are visiting here this week with Mr. and Mrs. Ralph Keys.

Billy Latson is spending a few days here with his mother, Mrs. O. W. Latson before returning to school at Texas Tech in Lubbock.

Mrs. M. E. Thornton returned home today from an extended visit with relative in Lamesa and Wichita Falls.

Mrs. Paul Shelton and daughter, Edith, who have been visiting in Abilene with Capt. and Mrs. Knox Dunlap and also visiting relatives in Dallas, returned home today.

Lloyd Martin of Canyon was in Clarendon Monday visiting with friends.

Louise Russell returned home Monday from a month's visit in Shreveport, Louisiana, with Mr. and Mrs. Mack Butler.

Mrs. A. L. Walker and daughter, Ann Marie, of Amarillo spent the weekend here with Mrs. Walker's parents, Mr. and Mrs. W. B. Sims.

Mr. and Mrs. Dick Shelton spent the weekend in Memphis with Mrs. Shelton's parents, Mr. and Mrs. C. C. Meacham.

Laverne McMurry left this week with her sister, June, to attend Rush Week at the University of Texas.

Mr. and Mrs. George Norwood and Elise and Mrs. Paul Slaton made the trip through Carlsbad Caverns over the weekend.

"IF IT'S HEATING, IT CAN BE DONE BETTER WITH NATURAL GAS"

LIBRARY NOTES

By MRS. C. A. BURTON

"This Above All," by Eric Knight, has been pushed from first to second place in the best seller list by A. J. Cronin's new book, "The Keyes to the Kingdom." This latter is the Book-of-the-Month selection for August, and 340,000 copies have been printed. The comments by those of our readers who have read it are all enthusiastic—which is not always true of a best seller.

Mrs. T. H. Peebles recently passed on to us quite a few books from their library. There is no family has the library been a greater source of pleasure than to Mr. and Mrs. Peebles and we are glad to have some of their books on our shelves.

"Berlin Diary," by William L. Shirer continues to hold first place in the non-fiction best sellers. Last week reported 394,120 copies had been printed. It is described as "an uncensored journal of a foreign correspondent, 1934-1941."

The tenth volume to win the distinguished Harper Literary Prize is "Marriage is a Private Affair," by Judith Kelly. It is said to be quite readable—a brilliant nove of modern marriage by a new novelist.

And now Harper's Magazine offers a prize of \$1000 for the best authentic account of first-hand war experience or war observation, received by July, 1942. The experience may have been in Europe, this country or any place to which the influence of this war has extended—just a magazine article.

The Macmillan Garden Book Competition prize of \$1000 was won by Frank B. Balthis with "Plans in the Home". Mr. Balthis is horticulturist at Garfield Park Conservatory in Chicago, which is said to be the largest conservatory under one roof in the world.

One of our late purchases is "Amazon Throne," by Bertita Harding. Just now we are realizing that Brazil is a neighbor of whom we know surprisingly little. Bertita Harding covers most of the history of Brazil in the biography of three Braganza Monarchs of the Nineteenth century, telling their stories in a most intimate, human way. The Brazilian government gave her access to forbidden and unexpurgated documents; she met the present imperial family; and talked with the Pretender. All of this carefully garnered material she had, with the technique of a novelist, shaped into a fascinating work of fiction.

Her other books are "Phantom Crown," the story of Maximilian and Carlotta of Mexico—which we have; "Golden Fleece," the story of Franz Joseph and Elizabeth of Austria; "Imperial Twilight," the story of Karl and Zita of Hungary.

Vardis Fisher, author of the popular "Children of God," has

built himself a log cabin home high in Southern Idaho's Hagerman Valley, doing most of the extensive landscaping himself. In this he has followed the example of Bret Harte, whose cabin high up in the Sierras is pointed out to tourists as the place where he wrote "The Luck of Roaring Camp," many years ago.

Another story of the Southwest is to appear sometime this month—"Donna Lona" by Blanche C. Grant. It is a story of Santa Fe and Taos in pioneer days, with General Kearney, Sana Anna, Sam Houston and Kit Carson among the prominent characters. Mrs. Grant has written "One Hundred Years Ago in Old Taos" and "When Kit Carson's Trails Were New."

Not many of you will remember when Alice Hegan Rice's "Mrs. Wiggs of the Cabbage Patch" was a best seller. But it eclipsed everything for a time, and it is still very much worth your while if you haven't read it—and we have it. But soon you may read her latest which is to be published in October—"Happiness Road".

Gabriel Pascal is again in England planning with Bernard Shaw as to which of Shaw's plays shall be filmed next. It seems probable that it will be "Arms and the Man," and they are to decide whether the picture shall be made in England or Canada. Mr. Pascal says he has been offered accommodations in a bomber for his overseas journeys.

Noel Coward has a new play called "Blithe Spirit," which it is claimed has nothing to do with the war. Since Noel Coward has been quite active in mysterious ways for the British since the war began, this will strike his admirers with surprise.

The WPA Writers Project has completed the 48 volumes of the American Guide Series, a series which forms a rather comprehensive history of each state. According to Mrs. Florence Kerr, assistant WPA Commissioner, the next undertaking will be entitled "America Eats"—in which they will try to account for why Boston eats baked beans, why south of the Mason-Dixon line hot biscuits and fried chicken is always served—each chapter describing a community meal typical of some phase of American life. A bid for hemispheric goodwill will be made through the early publication in Spanish of a volume to be known as "The United States: A Pictorial Study of a Democracy."

Another accomplishment of the WPA research staff has been the indexing of 339 American periodicals of the period 1728-1870. This resulted in a file of more than a million entries which have been deposited in the New York University Library at Washington Square. Many of the contributions are by Edgar Allan Poe.

Mr. and Mrs. W. A. Lend and Mr. and Mrs. Regan Bryan and daughter, Dona Ree, spent Sunday in Tucumcari, New Mexico, with Mr. and Mrs. Marvin Land.

DON'T BE BOSSSED

BY YOUR LAXATIVE—RELIEVE CONSTIPATION THIS MODERN WAY

When you feel gassy, headachy, lacy due to clogged-up bowels, do as millions do—take Feen-A-Mint at bedtime. Next morning—thorough, comfortable relief, helping you start the day full of your normal energy and pep, feeling like a million! Feen-A-Mint doesn't disturb your night's rest or interfere with work the next day. Try Feen-A-Mint, the chewing gum laxative, yourself. It tastes good, it's handy and economical... a family supply costs only

The Broncho Range

Published Weekly By Students of Clarendon High School, and Clarendon Junior College

STAFF

Editor-in-Chief Clyde Douglas Associate Editor Lou Alice Adams Business Manager Betty Jo Caraway Sports Editor Buddy Ryan Society Editor Francis Phelps Exchange Editor Bill Andis Press Club Reports Wilma Jean Warren Feature Editor Helen Porter Library Reporter Ida Lou Johnson

GOOD! BUT BETTER!!

The Broncho Range was very adequate last year; however we are endeavoring to make it even better this year. The purpose of the first Press meeting of the year was to start plans for producing the best school paper ever published by C. H. S.

Almost twenty-five ambitious students attended the meeting which was held the fifth period Thursday. After the usual ones dashed in breathless (late as usual) the meeting was called to order and officers for this term were elected.

BR ASSEMBLY

The first assembly of the year was held the last period Friday. This was an unusual assembly in the fact that it was held at the football stadium instead of the auditorium. This assembly was enjoyed by everyone in spite of the hot sun and the grassburrs. Mr. Burton and Mr. Drennan made announcements relating to the pep squad for the coming year. The students had looked forward to the first gathering of the year and it was satisfactory with all.

BR PRESS BOX

A press box has just been placed in the office. This box is for suggestions on improving the paper. It is also for social problem letters and also for worry-bird letters.

Please make use of this box in order that the paper may be improved.

BR DRIFTING

I was drifting around the campus during the noon hour last week, when I saw quite a number of things amusing to me and which I relate to you.

Our dear friend G. D. Shelley stepping from his car with the greatest of care to miss some mud when someone in the Station wagon said "Boo" and he nearly had a runaway.

Glancing across the street I saw the band members arguing as usual. A closer observation of the "Dukites Club" reveals that it isn't quite the same as last year but the organization still exists between class periods and during the noon hour.

There is nothing unusual about seeing cars stopping and several students getting out after all, there are several school buses.

It is very amusing but quite confusing to watch the Sophomores getting acquainted with every one. For instance a certain little girl walked up to a certain little boy and said, "My name is ... what is yours?" Well that's one way of doing it.

Lou Alice singing "Them Golden Slippers I'm Going to Wear On My Wedding Day."

These are some of the every day occurrences one might find it interesting to observe more of these things.

OFFICE SUPPLIES THE CLARENDON NEWS

Clarendon "Exes" Off To School

SPORTS NEWS

There are always two sad things at the beginning of school. Besides the fact that school is starting, we always lose some of our fellow students. Among the students leaving for college his year are: Dan Boston, left Wednesday for Texas Tech at Lubbock. (We are betting on you Dan). John Burton King left today for Baylor University at Waco. (Well, John, good luck). Colie Huffman also left Wednesday for Texas Tech. (We'll see you soon Colie). Billie Lou Gilbert and Pauline Kiley off to Lubbock. (Gals, you are on your way). Madeline Kelly will be off to the University of Texas this week. (Watch those army boys, Kelly). Millard Miller is off to Austin College at Sherman. (Three cheers 'Mully'). Wanda Craft will be in Amarillo soon going to Business College. (Wanda, you have what it takes). Carl Morris and L. B. Hartzog left Monday for A. & M. at College Station. (Boys, your future looks bright?). Ray Bulls and Jean Taylor are off to Canyon. (Happy days, kids). Jimmy Lumpkin is off to Bryan Academy. (So long, Jim). Many more of our fellow students will be leaving soon, but as yet they are not sure where they will locate. Good luck friends and don't forget us.

BR NEW FEATURE

Attention, all you worried birds. I'm going to do your worrying for you for a while.

The next few weeks a new Press Club Box will be placed in the office. Please put any questions which you would like to have answered in this box. If you've lost a boy friend or need to know how to pass an exam, just let me know. If you are bashful, you need not sign your real name. Just use an anonymous one.

Signed: Your Worry Bird.

THE 1941 FALL FASHION FRONT

According to the latest reports from the editors of our leading fashion magazines, color is the magic keynote for fall, 1941—the "open sesame" to chic for fashion-conscious back to schoolers. It's color that stamps your wardrobe as definitely new.

But not just "any color" will do. Dame Fashion's newest favorite is the Brown family. All shades of Brown are important, from the deep, rich chocolate of Plantation Brown, to warm beige of Mayflower tan. Some of the smartest variations are in Golden Earth, a mustard color, and Russet, in a brownish rust.

Right behind the Browns on the Fall Fashion Hit-Parade comes the Greens. A bright, gay Kelly shade is called War-Whoop Green, or if you've a taste for the greyed olive costs, you'll take Almond Green. A sort of hybrid offspring of both brown and green is Khaki. It's the color most influenced by Uncle Sam and current events. You'll see a lot of it.

Not to snub the Navy, Blues are third on the list with such flatters as light-greyed Soldier Blue, and a light navy called John Paul Jones. The fashion pace-setters were smart in more ways than one when they picked these colors to run one, two and three, because notice how beautiful they go together—the blues with the browns, the browns with the greens.

Some of the crowd will lean toward the contrast idea. For example, accent a blue dress with a love of a Tomahawk Red hat. Take a brown suit, add a green blouse and matching hat trimmed with a perky yellow quill, yellow string gloves, and brown bag and shoes, and you'll be undisputed queen of the stadium.

A few easy rules in "accessorizing" are: ... to have hat and gloves either matching or in harmonizing darker tones. ... to match up your bag and shoe colors. ... if you choose a plaid or stripe, pick up one of the prominent colors for your accessories. ... and never use more than three harmonizing colors to complete your ensemble.

Dudie Gentry of Amarillo visited with friends here Friday.

LIBRARY RULES

The following rules are given for the benefit of all new students:

- 1. All pupils in the school are entitled to use the library and draw books. 2. Reference books, such as encyclopedias and dictionaries, are to be used only in the library. 3. Reserved books may be borrowed for one period, or at the close of school, and should be returned before the first class the following day. Five cents a period is charged for each reserved book kept overtime. 4. All other books may be kept for two weeks. A fine of two cents a day is charged for each book kept overtime. 5. Injury to books beyond reasonable wear and all losses shall be paid for.

BR WHAT'D 'TA THINK ABOUT COLLEGE????

Lou Alice—It's swell because of the new students (more cute boys).

Oscar Butts—O. K. but a certain girl from Quitaque could pep it up a lot.

Betty Jo Caraway—A little dull from lack of boys.

Ed Usery—Under certain circumstances it's better than Tech. (don't tell anyone but Tech. is punk).

Kitty Ruth—It's wonderful. Billy Clifford Johnson—Likes it all except Chemistry and wait he hasn't been to biology yet.

Betty Jo Bartlett—The loafing part is O. K. Don't know much about the classes.

Johnny Turner—It's swell. Margaret Jean—It beats high school, more fun.

Billy Biffle likes college and singers (you should make something of this Kitty Ruth).

STOPPING TO THINK

By C. B. Riddle

Billy, that wonderful pet name for William, lost his sight in a football game—and only thirteen years of age.

The misfortune cut deep and hard into the child's heart, but it cut deeper into the heart of the father. The sight could not be restored, but Billy could have a little world of his own in which to live and be happy, although blind.

So, the father with love in his heart for his unfortunate boy, and with tools and timbers and nails, built a rustic cabin in the backyard where Billy could play, listen to the birds and the radio, and there, too, entertain the other children of the neighborhood. With all this Billy became one of the most cheerful and happy children of the community.

There are millions of such unfortunate children in the world. Some have lost their sight. Some cannot walk. Some cannot hear. The hand of fate has been laid heavily upon them.

But all their happiness need not be snatched from them. And it won't be if thoughtful parents or others will plan something to bring sunshine into their lives—something to help ease the heavy hand of time that moves so slowly and often so heavily when affliction's weight must be borne.

From a cynic's standpoint it is a selfish world, and often there is much to confirm that belief. But there is a cure for selfishness just as there is a happier existence for unfortunate children. And one of the greatest cures for selfishness is to do something to make some unfortunate child happy.

Patronize News' Advertisers

INDIGESTION

Gas trapped in the stomach or gut may act like a hair-trigger on the heart. At the first sign of distress smart men and women depend on Bell's Peppermint Cure to get gas free. No laxative but made of the fastest-acting medicine known for acid indigestion. If the FIRST DOSE doesn't prove Bell's is better, return bottle to us and receive DOUBLE MONEY BACK. 25c.

LOOK AHEAD to 1942

One thing is certain. There are going to be more taxes and higher taxes for everyone. Wouldn't it be smart to prepare for them now in order to ease this burden when March 15, 1942 rolls around?

Here's our suggestion. Save something every month in a special fund for next year's income tax. You still have plenty of time and we'll help you get started.

DISCOUNTS OFFERED CITY TAXPAYERS FOR EARLY PAYMENTS

City property owners will save money by paying their taxes early this year, according to Mae Shaver, city secretary, who said this week that discounts will be given for tax payments during October, November, and Decem-

ber. The discount rate will be scaled down each month, beginning with three percent in October, two percent in November, and one percent in December, Mrs. Shaver said. The city tax rate has been kept at the old figure of \$1.10 on each \$100 valuation again this year.

Stamp Pad Ink at The News.

J. F. WHITE NAMED CLARENDON F. F. A. PRESIDENT

J. F. White, high school senior who lives in Ashtola community, has been named by members of the Clarendon F. F. A. Chapter to act as president of the organization during the current school year. White, an active member of the chapter for the past two years, has carried on outstanding projects in addition to playing on the high school football team.

Redell Henson, another Ashtola senior, will serve as vice-president of the group. Henson also has an outstanding scholastic record. Other officers elected for the year include Bobbie Harold Smith, secretary; C. G. Kirkland, reporter; H. A. Harrison, Jr., treasurer; William Sullivan, watchdog; Jack Riley, parliamentarian; and Calvin Naylor, historian.

NEW BOOTHS INSTALLED AT NORWOOD PHARMACY

Expansion to care for a growing fountain and sandwich business was completed this week at Norwood Pharmacy, where three new booth and table units have been set up in the middle rear of the store. The new booths go along with a number of other recent additions of equipment to give Norwood's complete facilities for operation of a modern drink and sandwich department, under the management of Floyd Lumpkin.

Local Poultrymen Plan Prize-Winning Exhibit For Amarillo Tri-State Fair

Donley County poultrymen will exhibit a large number of birds at the Tri-State Fair this year in an effort to win their seventh consecutive County Poultry Display Championship at that show. Local breeders and exhibitors exhibited approximately two hundred birds last year and according to information given by them to J. R. Gilham, local Vocational Agriculture Instructor, they will exhibit a larger number this year.

Frank Cannon will exhibit white Langshans and Buttercups, Carl Morris Columbian Wyandottes; Pete Morrow, Partridge Wyandottes, C. G. Kirkland, White Orpingtons; Lee Christie, Anconas; Sam Tankersly, Partridge Plymouth Rocks; Rev. J. Perry King, White Wyandottes, Black Giants and Rhode Island Reds; Wilson Grey, Speckled Sussex; George Jones, Rhode Island Whites; Wilson Rector, Black Leghorns, and the Clarendon Hatchery will probably exhibit Buff Minorcas, Speckled Sussex and White Leghorns. E. V. Quattlebaum, G. W. Beasley, and a number of other leading poultry breeders are also expected to exhibit at the show.

The entry fee is 35c per single bird, and \$1.00 for pen of three birds, and the premiums are \$2.00, \$1.00, 50c and a ribbon for four places on singles, and \$4.00, \$2.00, \$1.00 and ribbon for four places on pens. The birds will be transported to Amarillo either the 27th or 28th of September and returned to Clarendon, October 4th. During this period of time, the fair management will feed and care for the birds entered in the show. Transportation to and from the show from Clarendon will be furnished free of charge, but each exhibitor must pay his own entry fee and place numbered bands on the legs of his birds. Anyone desiring to enter their birds in the show are asked to contact either Gilham or the Clarendon Hatchery.

TRENCH SILOS TO BE DEMONSTRATED

County Agent H. M. Breedlove's campaign to arouse interest of Donley County farmers in trench silos will come to a head tomorrow, Friday, when a demonstration of a trench silo in use will be held on the Forrest Sawyer farm two miles north of Clarendon on highway 18.

A trench silo has been dug on the Sawyer farm, and Friday Mr. Sawyer will begin filling it with feed, Mr. Breedlove said. The filling process will take all day, and farmers will be welcome to visit the farm and watch the job done at any time. At 10:30 o'clock Friday morning Mr. Breedlove will explain the filling of and feeding from trench silos, using the Sawyer silo as a demonstration, and all interested farmers who are able to be on hand at that time will find the demonstration worth their while.

All indications are that Donley County will grow a record feed crop this year, and there is more need for a means for storing the feed crop than there has been in many years. Economical and easy to build, trench silos will fill the storage bill, Mr. Breedlove says, and he is in hopes that many farmers will come to the demonstration and see this proved. Trench silos can be dug with very little effort, and will keep silage in perfect feeding condition for an indefinite period of years, without drying out or rotting.

Another silo demonstration is taking place this week on the John Bass farm, where a silo is just now being dug. Farmers are invited to visit this farm and see how the silo is made, then come back later on in the year and see it filled.

MIKE STRICKLIN NAMED GAME WARDEN FOR NINE-COUNTY PANHANDLE AREA

Coincident with the opening of dove season in the North Texas area on September 1, the Texas Game, Fish and Oyster Commission announced the appointment of Mike Stricklin of Clarendon as game warden for a nine-county area, the Panhandle.

Stricklin received his commission last week, and is now at work patrolling an area including Armstrong, Carson, Gray, Wheeler, Collingsworth, Childress, Hall, Briscoe and Donley counties. He will carry out his job of supervising hunting and enforcing game law from Clarendon as a central operating base.
