First Fall Cash Income Comes To Donley Farmers In Parity Checks

More Rain

It was more rain in Donley County this week, as a low pressure and high humidity area moved over the Panhandle. Rain fell here in two damp days, Tuesday and Wednesday, totalling .85 inches, according to weather observer Joe Goldston. Temperatures continued mild to warm, with the following maximum and minimum figures reported for the week:

Date	High	Low
Sept. 12	72	65
Sept. 13	80	65
Sept. 14	84	65
Sept. 15	91	63
Sept. 16	96	62

CONTRACT REPAIRS COMPLETED AT COLLEGE BUILDING

Clarendon's high school and college plant was practically ready for all future school use this week, after contractor's workmen finished their work of heavy repair and remodeling made necessary by damage done the buildings in the storm early in June. The buildings have been in use since the first weeks of school this month, but workmen had some finishing touches to complete on both the Clarendon College main building and dormitory before their contract work was done.

Around the college dormitory building, which was worked over after most of the repairs on the college main building had been finished, considerable clean-up work still has to be done, but school officials said this work was being done with all possible speed and would be finished soon. On the college main building, work is finished except for hanging the auditorium curtain and installing chairs. The school board met this week to study plans for installing new opera type seats in the auditorium, which they hope can be arranged to seat almost as many people as ever in spite of the fact that a balcony was torn away in the remodeling of the building.

At the college dormitory building, where an upper story was torn away, rooms housing vocational agriculture, band, and home economics departments of the high school have been remodeled. The band room has been soundproofed, and raised platforms have been provided for seating various sections of the band so that acoustics will be better. In the home economics department, much new equipment in the way of stoves, cabinets and the like has been installed. Completion of the school rebuilding job marks the end of a rather hard and hectic summer for school board members, who turned every effort immediately after the storm to the task of rebuilding the structures in time for fall classes. With good cooperation from the contractor, Neill Singleton of Amarillo, this task was carried through in time for school to open on schedule and with a minimum of confusion.

DISTRICT PASTORS GUESTS OF SUPT. PALMER

Pastors of the Clarendon District, met this morning at the Methodist Church in a Fall check up session with District Superintendent Palmer. Some twenty were in attendance and after the business session they were guests of Dr. and Mrs. Palmer for lunch at the district parsonage.

Reports indicate satisfactory progress toward completion of the year's work by Nov. 5, the date of the annual conference at Abilene.

W. W. Noblett made a business trip to Amarillo Tuesday.

Donley County farmers began to receive the first of their fall cash income this week, when the local AAA office started distribution of the first group of farm parity checks received on the 1941 crop.

Checks were received Tuesday for 317 farmers, with a total value of \$22,261.71. The checks were being distributed to their owners as fast as possible late this week, and already local and county business was beginning to feel the effects of an increased amount of cash money in circulation.

Other groups of parity checks will be received from time to time through the coming weeks, as fast as Washington AAA offices can issue them after applications are received. Applications are being handled with good speed by local AAA workers, and are being forwarded for approval rapidly.

With more than \$20,000 in extra income coming to Donley farmers this year through Cotton Order Stamps, with parity payments coming in, and with farm crop prospects looking good in a high price year, the outlook for a bumper fall business in Donley County was beginning to take encouraging form this week. With continued good weather conditions, cotton farmers stand to make a good crop, for which they will receive the highest price in many years.

STATEWIDE SWINE CONTEST IS WON BY LOCAL F. F. A.

The Clarendon F. F. A. Chapter won its second consecutive F. F. A. Swine Production contest, competing against 689 other F. F. A. Chapters in Texas. J. R. Gillham, advisor of the group, was informed by mail this week. The contest is sponsored each year by the Texas Swine Breeders Association. Victory carries with it a cash award of \$100 and a silver plaque in addition to plenty of good publicity for the winning local chapter.

To win the contest, the local youths established an enviable exhibition record at the leading state fair and stock shows, and their victory was gained by a comfortable margin on a scorecard taking into consideration the percent of chapter members owning registered sows and gilts; percent of boys exhibiting hogs at fairs and shows, feeding home-grown feeds, providing pastures for their projects, breeding their females to registered males, and publicity carried on their swine projects.

During the 1940-41 contest year, the local youths won \$864 in cash premiums on their fat barrows, with especially heavy premium winnings gained at the 1940 State Fair in Dallas and the 1941 Fat Stock Show in Fort Worth. At the latter show they exhibited the winning county carlot entries in addition to a number of individually owned prize winners. Chapter members fed 402,000 pounds of milo and kaffir to the 612 pigs that were fed to top market weight, in addition to a supplement including tankage, alfalfa, and cottonseed meal. Each chapter member provided a self-feeder for his swine project as an improved feeding practice.

Chapter members owned 65 registered gilts and sows and seven registered boars throughout the year. Local pig and fat stock shows drew exhibits of 335 animals, while 201 heads were exhibited at major area and state fairs and stock shows.

Mr. and Mrs. Charles E. Logan of Dallas visited here over Sunday night with Mr. and Mrs. D. O. Stallings while enroute to Colorado. Mrs. Logan and Mrs. Stallings are sisters.

Lloyd Martin of Canyon was in Clarendon on business Monday.

Band Director

Hugh Harman, who took over the directorship of the Clarendon Broncho band last week, will lead the band in its first public appearance of the fall season tomorrow night at Broncho Field, when the Bronchos open their 1941 season in a game with Claude.

LIONS CLUB QUIZ TUESDAY PROGRAM AT LUNCHEON

With a splendid attendance on hand Tuesday noon at its weekly luncheon, detailed information about the organization was the subject of a quiz program with Lion Douglas in charge. Down to the minute information was required to answer many of the questions pronounced.

Hugh Harman, new bandmaster and teacher in Junior HI, was voted in the club as a transfer from the Miami Lions Club. Application of D. O. Lowry was passed until next Tuesday for the usual one week's layover.

Woodrow L. Wilson of Quanah, brother-in-law of Lion L. B. Penick was a guest for the day.

Due to improvements unfinished at Caraway's Cafe, the club again were fed by the ladies of the Christian Church in their usual splendid manner.

NEW SCOUT TROOP TO MEET TONIGHT AT JUNIOR HIGH

Organization of a Boy Scout troop for Clarendon is well under way, and will be carried over further tonight at a troop meeting at the Junior High School building, according to D. D. Lowry, who is scoutmaster of the newly organized troop.

A meeting of the troop last week brought out an attendance of 36 boys, it was reported, and though all these are not registered scouts yet, it seems certain that a large and active membership in the organization can be secured. Further plans for organization and expansion of the troop will be made at the meeting tonight, and Scoutmaster Lowry urges that every Clarendon boy between the ages of 12 and 17 visit with the troop and look into the possibilities for recreation, sports, and valuable instruction offered by Scouting. Registration fee for new Scouts and for re-registering former Scouts, is fifty cents.

The new troop is headed by Mr. Lowry, with Dexter Todd and L. B. Penick as assistant Scoutmasters. J. H. Howze, Clyde Douglas, Bill Hilliard, J. W. Beard, and C. M. Lowry are troop committeemen.

Theo Pyle, New Mexico ranchman, was in Clarendon last week visiting with friends.

BRONCHOS TO OPEN SEASON AGAINST CLAUDE FRIDAY

COUNTY, CITY SCHOOL CHILDREN WILL BE GUESTS AT BRONCHO STADIUM

The Clarendon Bronchos will start out on the long competitive trail which may lead to a district championship on their home field tomorrow night, when they meet a visiting eleven from Claude under the lights of Broncho Stadium at 8:00 p. m.

Under coaches O. C. Warden and L. B. Penick, the Bronchos have been busy since the first week in September with the task of shaping up a team around four lettermen, all that were left by graduation out of last year's successful squad. An unusually large squad turned out for practice the first week, however, has been coming back for more each day, and practice session observers believe they see a fairly strong eleven in the making under the Bronco coaches' supervision.

As an added feature of Friday night's season opener, school officials announced this week that the game would be free to all school children, from grade school to college, in Donley and Armstrong counties. Adult tickets to the game will go at 50 cents.

DALHART MAN TO FILL PULPIT AT BAPTIST CHURCH

Rev. Kenneth A. Marshall, pastor of the First Baptist Church at Dalhart, will preach Sunday morning and evening at the First Baptist Church of Clarendon, according to announcement made here Wednesday. Rev. Marshall has had a successful pastorate at Dalhart for a number of years and is regarded as among the leading ministers of his church in the Panhandle area. The public generally is invited to hear Rev. Marshall.

Last Sunday, Rev. Lawrence of Lefors preached at the morning hour in the absence of the pastor, Rev. J. Perry King, who is on leave of absence for the month of September.

Soil Conservation District Election Scheduled For October 25th

RED CROSS ROLL CALL QUOTA IS SET AT 675

Due to the increased demands upon the American Red Cross and its forced service expansion, Donley County's quota in the 1941 Annual Roll Call has been set by the area authority at 675.

There is a reason why Donley County should do more than that this year, in the light of the Red Cross aid that was extended in the Clarendon cyclone of June 9th, when to certain needy cases some \$3,500 was appropriated by the National Red Cross disaster relief agency. At that time the local chapter asked that no local drive be made for funds, promising that the county would show its appreciation in the annual Roll Call this Fall.

It has been proposed that the local chapter double the quota assigned Donley, but as yet no official action has been taken. The Roll Call set for Nov. 11-30, is under the chairmanship of Mrs. Allen Jefferies in Donley County, and further announcement will be made on the assumed quota at an early date.

ANOTHER OLD-TIMER

Another old time Clarendon citizen, P. C. Tillery of Montpellier, La., sends in his renewal to the Clarendon News, and wishes all his old friends and neighbors kindest regards. Mr. Tillery was in the mercantile business here from 1908 to 1916, and says he and Mrs. Tillery read with interest the doings of Clarendon and their old friends every week.

LOCAL BUILDING AND REPAIRS SHOW INCREASE

Home and business property remodeling and modernization is being carried out on a rather wide scale in Clarendon and Donley County, a checkup made this week by the News discloses.

Among business property work in progress or to be completed this week are the complete remodeling job at Caraway's Cafe, and a new paint job on the Pastime Theater entrance and the adjacent Pastime Confectionery. In the industrial line, a job of installing \$7,500 in new ginning equipment is nearing completion at Smith Bros. Gin, which is being equipped with the most modern ginning machinery available, in preparation for the coming cotton harvest season.

In residence areas of Clarendon, several remodeling jobs are in progress. The C. T. McClenny residence is being given a new exterior stucco job, painting, and new roof, in addition to some interior. John M. Bass, Jr. is working on a painting, papering, and re-roofing job at his home. Repairs of damage done by the storm in June have recently been completed at the F. L. Bourland home, and a big job of repair and rebuilding is nearing completion on the storm-damaged home of J. L. McMurry, in the same neighborhood.

Out in Donley County, L. W. Pym of Lelia Lake is having his home remodeled from the foundation up, and some repainting and other repair work is being done at the JA Ranch headquarters house.

In the field of new building, Cameron's "Texan" home is progressing nicely, and likely will be ready for an opening within the next three weeks, if the present working schedule is continued. On the east side of Clarendon, John S. Morgan is erecting a frame residence on the old Williams estate property on Highway 287.

SECOND AUCTION SALE SET FOR SEPT. 30TH

Undaunted by a lack of interest in the free farm auction, announced for Tuesday of this week, Col. T. C. Bowden declared to a News representative that he would be back in Clarendon on Tuesday, Sept. 30th, for the second auction effort according to his contract with Clarendon sponsoring merchants.

There were only a few prospective bidders on hand Tuesday at the announced hour of the auction on the lot north of the Antro Hotel but Bowden says it takes time to build an auction, and with such high prices for cattle, there is likely to be very few stock owners inclined to bring "critters" in for sale, when any day there are buyers ready to pick them up at the home pen at top prices.

In line with Col. Bowden's statement, then, The News announces his free auction sale at 1:30 p. m., Tuesday, Sept. 30, on the vacant lots north of the Antro Hotel. Any article from a dozen eggs to a tractor will be auctioned without fee or commission, is the auctioneer's pledge.

Besides his sales at Crowell, Chillicothe and Quanah, Bowden has just closed a deal to put on one for McLean.

18TH DISTRICT LEGIONNAIRES WILL MEET IN FRIONA SEPTEMBER 24

American Legionnaires and Auxiliary members of the 18th District of Texas will meet for their regular monthly session at Friona on September 24, J. M. Johnson of Canadian, District Commander, said this week.

The session program will include a big supper, featuring plenty of chicken and the trimmings, a short business meeting, and an address by Wallace P. Martin, Past Commander of New Mexico American Legion. The program will start at 7:30 p. m. sharp, Mr. Johnson says.

FALL PIG SHOW TO BE HELD EARLY IN OCTOBER

Later than is usual, but with more and better entries, Donley County's annual Fall Pig Show will be held October 9 or 10, according to John Gillham local vocational agriculture teacher and F. F. A. boys and 4-H Club members will both enter stock in the fifth annual show.

First plans were to hold the show late this month, just before the Amarillo Tri-State Fair opens, but these plans were changed so that the local show could be sandwiched in between the Tri-State Fair and the State Fair at Dallas. Donley County pigs will be important entries in both these expositions, and entries will be rushed from the Tri-State Fair back to Clarendon for the show here, then on to Dallas to be entered in state-wide competition. The State Fair opens October 11.

One of the finest and largest annual club pig shows in Texas, Donley County's fall show has directed attention of local residents to the fine swine county club boys are growing every year with growing success. Last year 125 pigs were exhibited, and this year even more entries are expected. As in the past, plans are to offer attractive cash prizes for winners in each of several classes of entries.

A definite announcement, as to whether the show will be held on October 9 or 10, and its location, prizes, etc., will be made in a few days, Mr. Gillham said.

The State Soil Conservation Board has set October 25 as the date for an election of landowners of Donley and Collingsworth counties on a proposed soil conservation district for the two counties, County Agent H. M. Breedlove was notified this week. Approval of the State Board of an election followed by several months a hearing here in which the merits of the proposed district were discussed.

The election which has been called will give each landowner in the county to express his views, pro or con, on the establishment of a conservation district, in which soil conservation practices would be carried to the greatest extent possible. Efforts will be made to get every landowner to cast a vote in the election, so that the result will be a fair test of sentiment on the question. The proposal to establish a district must receive a two-thirds favorable vote to pass.

Advantages offered by a soil conservation district in any agricultural area are said to include unified and cooperative soil-saving practices, carried out with some technical assistance and advice from various governmental agencies. None of the expenses of soil conservation practices would be borne by the district or by any government agency, however, and the landowner would have to finance any improvements in soil-saving conditions himself. While whatever technical advice was available can be secured by any landowner in the district, no landowner will have to cooperate in the conservation program unless he chose to do so, it was said.

To bring about a better understanding of the soil conservation district idea, Mr. Breedlove plans a series of meetings at which the plan will be explained to farmers of all of Donley County. These meetings will be scheduled later this month Mr. Breedlove said.

MRS. L. S. BAGBY BREAKS ANKLE IN FALL FROM STEP

Mrs. L. S. Bagby sustained a broken ankle Monday morning when she fell from the porch steps at the Seldon Bagby farm near Ashtola. Mrs. Bagby had started to the garden when she fell from the steps, causing her ankle to turn and at first thought it was only sprained but medical attention proved the ankle bone to be fractured. Although the injury was a painful one, Mrs. Bagby is reported to be resting well at this time.

SEPTEMBER 29 IS CLARENDON DAY AT TRI-STATE FAIR

County and city school officials and chamber of commerce representatives have set Monday, September 29, as official Clarendon Day at Amarillo's Tri-State Fair it was announced this week.

Clarendon's Day will be the Fair's official opening day, and visitors from Donley County will find a full program of entertainment waiting, headed by a speech by Governor Coke Stevenson.

All county and city schools which plan to turn out for a trip to the fair will make the 29th their Fair Day, and no other day will be permitted by school officials as a holiday, it was said. In past years, there has been some confusion over a Tri-State Fair holiday, with some schools taking one day and others taking another, and this year school officials decided to make one day serve for all schools.

The Clarendon and Donley County delegation to Amarillo will be headed by the Clarendon band, and a large motorcade is expected to make the trip. The county will be well represented with a county exhibit, F. F. A. exhibit, and large individual entries of poultry and livestock.

"SHAME ON YOU, SYBIL"

A certain enterprising West Texas newspaper has found a new, and perhaps strongly effective method in dealing with home-folks who go shopping in nearby cities for items they probably could buy just as well from home merchants. In the "Personal" column last week a brave reporter made note that "Miss Sybil Roberts shopped in Lubbock Friday" and then in parenthesis "(Shame on you, Sybil)".

It takes just a little more than poetic license to approach a delicate subject like leaving home to buy ordinary items of merchandise, in this fashion. The writer evidently knew Sybil in a neighborly, friendly basis, and will likely be able to get away with it, with nothing more serious than a little passing repartee.

This incident, however, points a moral. Our Sybils, and Richards, too, should trade at home—and the less shame they feel about doing so, becomes a greater menace to the stability and prosperity of the old home town.

"GRACE AT EVERY TABLE"

Recently there has been inaugurated a movement seeking to induce families to return to the custom so generally in vogue a few decades ago, of returning thanks at meal time.

America was a better and happier land when Grace was said at almost every table, and The News hopes success will crown the leaders of the movement, provided American parents enter into the practice with humble, sincere and thankful hearts.

We have too much parrot-like saying of prayers, too much religious exercises by rote, too much lip-service, to the more serious phases of life in this Nation, all ready.

We owe thanks every meal-time to the Great Giver of All Good Things, and may the practice of Grace at every table, spread over America and may it be the sincere expression of every home, and every person participating.

SHORT-CHANGING FARMERS

In many parts of the country, the dairy farmers are seeking a larger return for their milk. The plight of these farmers is graphically shown by a simple set of figures.

During the five years, 1925-29, the return on cows per hour of labor averaged 45.6 cents. During the ten years, 1930-39, the average was 17.6 cents.

So you can hardly accuse the farmer of profiteering when he seeks to get a little more money for his labor and investment. Today he is caught between low incomes on the one hand, and constantly rising taxes and wages and material costs on the other. That situation, if prolonged, can only result in thousands of farm bankruptcies and a grave decline in the nation's agricultural production. The farmer must be given equality with the other economic groups of this country.

IN JUST A FEW DAYS, NOW!

Following President Roosevelt's order to the Navy to shoot on sight any raider or submarine, or other warcraft carrying the flag of Germany or Italy in American defense waters, the Nation has waited with bated breath.

In just a few days, now, there will come a news flash of an encounter in which a United States war vessel followed orders, and engaged some unit of the piratical seacraft of the Axis powers. It may be that the fortunes of war will smile upon our flag in this first encounter under the new order. It might be that some chance shot will sink one of our ships, even as the mighty Hood was sunk. In any event, at the first open encounter now, there will come a rush of patriotic fervor on the heels of the news, that will unify America to a point that no Lindbergh, or no Wheeler, will be able to secure audience for their silly mouthings.

In just a few days, now

THE TIMES WANT TO KNOW

The Los Angeles Times asks, "Is this temperance?" Temperance, you know, is what we were going to get with the repeal of prohibition, but the Times doesn't think we have it yet. It says, "Reports from all over the country are piling up a case against the liquor traffic that points the way either to its drastic curtailment or its total elimination."

The Times says Chief of Police Hohmann reports that while during 1926 only 10 per cent of the police department was required to handle drunk cases, the record in 1939 showed that 60 per cent of the department was kept busy disposing of drunks. This, says the Times, obviously complicates the police protection of the city and may account for the rise in the number of felonies.

"Much, if not most, of our disgraceful record of traffic casualties," says the Times, "is due to drunk driving and drunk walking," and the paper tells us, "the receiving hospitals are jammed with victims" on holidays. It complains that hundreds of districts in California have had saloons forced upon them against the wishes of the residents.

Is this not the answer to the question asked by the Times: Exactly the kind of temperance that the liquor traffic had in mind when it was making such solemn promises prior to repeal is what we now have?

Economic Highlights

Happenings That Affected the Dinner Pails, Dividend Checks and Tax Bills of Every Individual. National and International Problems Inseparable From Local Welfare.

The Senate has approved and returned to the House, for possible amendment, the toughest tax bill in American history. If it passes in its present form—and the odds are much against any major changes—the American people, next year, will really learn at first hand just how incredibly costly modern war is.

The bill is designed to raise \$3,583,900,000 — \$367,000,000 more than the bill originally approved by the House. And it plans to raise it partly by reaching down into income levels which have never been subjected to direct Federal taxation before.

More important change in the Senate bill over the House bill was the provision dropping income tax exemptions to \$1,500 for married persons (previous exemption was \$2,000), and to \$750 for single persons (previous exemption was \$800). This change alone, according to Treasury experts, is expected to yield an additional \$303,000,000 annually. It is a change which has long been advocated by economists, who believe that the burden of government cost is now so great that the middle and higher income brackets can no longer pay it. Thus, they reason, the only solution is to make the lower brackets feel the bite of taxation, too.

This change was suggested by President Roosevelt when the tax bill was still before the House. The House revenue committee refused to adopt it. It is, therefore, likely that a strong effort will be made in the House

now to up the exemption level. The normal rate of income taxation—4 per cent—is retained. However, surtaxes will be imposed in far lower brackets than ever before. The surtax rates are very high, ranging from 10 per cent (which must be added to the normal 4 per cent) in the lowest brackets touched, and ranging up to 81 per cent in the top brackets.

The existing normal corporation taxes will be retained and, in addition, surtaxes of 6 per cent on the first \$25,000 of net income and 7 per cent on income above that amount, will be levied. Further, excess corporation profit will be hit hard. First \$20,000 of excess profits will be taxed 35 per cent, as against the present rate of 25 per cent. The rate will go up until it reaches 60 per cent on excess profits over \$500,000. Present rate at that level is 50 per cent.

Lastly, the bill levies a number of so-called "nuisance" taxes—taxes which fall into the sales and excise classifications. There will be a 7 per cent excise tax on automobile manufacturers, plus a \$5 annual use tax on all automobiles—a provision which amounts to a Federal car license fee. Wine taxes will be almost doubled and hard liquor taxes will be upped from \$3 to \$4 a gallon. Ten per cent taxes will be levied on local phone bills, theatre tickets, radios and other musical instruments, sporting goods, household equipment, photographic apparatus, etc.

Heavy as this tax bill is, few believe that it will prove ade-

quate. Soon our arms spending alone will reach \$3,000,000,000 a month—nearly as much as the new bill is designed to raise in an entire year. Total arms and aid-to-democracies spending will probably reach and perhaps surpass \$50,000,000,000, depending on how long the war lasts. Many an authority is convinced that this bill is only a taste of what is to come—and that next year or the year following, the Congress may have to pass another tax bill which will make this one seem mild by comparison.

When the news broke that the Federal Reserve Board was preparing regulations to control installment credit, buyers rushed in to buy cars, refrigerators and similar goods before the deadline, in fear that the new rules would make installment purchasing next to impossible. Now, however, the rules have been issued, and it appears that this fear was generally unjustified. All they do is to prevent the issuance of excessive credit, and to make illegal certain credit practices which industry and financial authorities alike have long considered unsound and potentially dangerous.

You'll have to pay a third down when you buy your new car (the trade-in of your present car may be used for all or part of that third, as in the past) and maximum period of payment is 18 months. If you want a new refrigerator, ironer, stove, electric dishwasher, washing machine, room-unit air conditioner, radio set or musical instrument, you must pay 20 per cent down and the balance in 18 months. For furnaces, furniture, water heaters and pumps and other home items, only 15 per cent need be paid down, and 18 months credit period is allowed. On materials for house improvement or alteration, there is no

QUIZZ

DEFENSE BOND

Q. Can Defense Savings Stamps be redeemed?

A. Yes; they can be redeemed for cash at face value or exchanged for Defense Savings Bonds. For example, 75c of the 25-cent Stamps—total cash value \$18.75—may be exchanged for a Defense Savings Bond which in 10 years will be worth \$25.

Q. How long have Defense Savings Stamps been on sale at retail stores?

A. Sale of Stamps at retail stores originated in the State of Michigan on July 10. The idea met with such success that it is spreading rapidly, and soon

limitation on the percentage of credit that may be issued, up to \$1,000, but the pay-off must be made in 18 months.

Some think that in the future these rules will have to be made far stricter, in order to conserve essential materials, to encourage savings, and to combat price inflation. In the meantime, only the buyer who wants extremely "easy" credit, will be affected.

Stamps will be sold in most retail stores on a Nation-wide basis.

NOTE—To buy Defense Bonds and Stamps, go to the nearest post office, bank, or savings and loan association; or write to the Treasurer of the United States, Washington, D. C.

CAMERON "TEXAN" HOME RECEIVES FHA INSPECTION

With construction work progressing satisfactorily, the second official FHA inspection of the Cameron-built "TEXAN" home at 400 Taylor Street was completed Monday. This home is typical of 36 "TEXAN" homes Wm Cameron & Co., has built in 35 Texas cities and towns.

The inspection was conducted by Mr. Wolfen, FHA architectural inspector. The frame work, size of rooms, workmanship, quality of materials, and plumbing and wiring installations were carefully checked by the inspector in order to make certain that plans and specifications, previously approved by FHA, are being closely followed.

"The public is cordially invited to inspect this unusual home as the construction progresses," said Roy C. Wyatt, manager of the local Wm. Cameron & Co. building material store. "Already we have had a number of visitors. Their various comments indicate that considerable interest in new home construction is being stimulated here by this project. Various authorities on economics and finance throughout the country are urging that now is a good time to build and that by owning a home, you can pay rent to yourself. The payments required to buy a modern, well-built home such as this, are lower than many persons pay for rent."

Many of the features of this "TEXAN" model home meet higher construction standards than the usual high standards required by FHA. These "plus values" are highly desirable in such a home designed to represent the best efforts and most modern practices in achieving home beauty and livability at a very moderate cost.

Such homes as this one, approved by FHA, can be bought with a down payment of not less than 10 per cent of the value of the completed home and grounds and monthly payments amounting to less than \$1.00 per day.

This home is one of more than 50 distinctive designs created especially for the Southwest by Cameron's Home Planning Department. Some of the extra values that are built into each one

FRESHMAN CLASS OF GOODNIGHT HIGH SCHOOL ELECTS OFFICERS

Election of officers of the freshman class of the Goodnight High School was held at a class meeting Thursday, September 11. C. M. Hudson was elected to the presidency while other officers appointed included Faydeen Watkins, secretary; Billy Ray Reed, vice-president; and Jean Gilbert, treasurer.

Appointed to the various committees were E. J. Wertenberger, Mary Gamble, and Wilton Nickell, reception committee; Ouida Sutton, Billy Ray Reid, and L. S. Newberry, social committee. Jessie Louise Moss was elected corresponding secretary.

of these homes are the following:

1. Long-life, substantial concrete foundations that go below the frost line.
2. Cameron floor joist construction that prevents shaky floors.
3. Sub-floors and felt under the floors to keep out cold air and prevent squeaks.
4. The correct size and number of ceiling joists to prevent sagging.
5. Thorough bracing in the attic to keep the roofs properly lined up.
6. Top-quality, long-lasting expertly applied roofs.
7. IDEAL wood preservative treated windows to resist moisture absorption, insect attacks, and decay.
8. IDEAL precision-made mill-work, manufactured in the Southwest's largest and most efficient woodworking factory.
9. Large closet and storage space and other extra conveniences.
10. Plenty of convenient electric plugs and switches.
11. Experienced placement of windows and doors to permit varied arrangement of furniture.
12. Wallpaper selections and paint color-styling approved by one of the country's outstanding authorities.
13. The famous IDEAL Step-Saving Kitchen, quality-built, designed by cooking experts to reduce kitchen work to the minimum.
14. Attractive, correct architectural details, sound construction, throughout, and thoroughly tested livability in floor plan and interior decorative treatments.

WILLARD SUCCEEDS FORCH ON CIRCUIT

Rev. Vernon E. Willard, ministerial student at Clarendon Junior College, became the pastor of the Clarendon Methodist Circuit, this week, on the resignation of Rev. Adam Forch, who has been the pastor for the past two years. Rev. Forch resigned to accept a church at Leola, S. D., and left with his family for that point Monday. District Supt. George Palmer made the appointment of Rev. Willard until the annual conference which meets in Abilene in early November. The Circuit includes churches at Leola Lake, McKnight, Bray, King, Goldston and Astola.

Rev. Forch has lived in the parsonage of the circuit located on College Hill during his tenure here, and has also been a student at Clarendon Junior College. He and Mrs. Forch are natives of Northern states and are "going back home" in their appointment to the Leola, S. D. church. The Willards are occupying the parsonage vacated Monday.

EARLY CLARENDON COLLEGE TEACHER IS SMU OFFICER

R. G. Boger, who was a teacher in Clarendon College two decades ago, took office this week as executive secretary of Southern Methodist University, succeeding Dr. Harmon Lowman, who left SMU to accept the protem presidency of Sam Houston State Teachers College at Huntsville.

A prominent figure in Methodist lay and educational circles for many years, Mr. Boger has

rounded out their finances and other sports for the annual conference which meets in Abilene on Nov. 5.

Thursday evening of last week at a dinner provided at the church by the Harmony Sunday school class, with J. R. Porter as host, the members of the board with the pastor and District Superintendent laid plans for the paying of all salaries, local expenses, benevolences, etc., in the total sum of \$2,000 by Nov. 1st.

A letter was ordered mailed to the membership, and stewards are calling on each member to secure the remaining funds to pay every item owed by the church. A special meeting will be held Monday evening, Sept. 2 and from the reports there an Honor Roll of all who have paid will be printed and distributed among the membership.

been dean of McMurry College at Abilene and is a former president of Weatherford College. He holds a Master of Arts degree from Southwestern University, is a past president of the Association of Texas Junior Colleges, president of the Abilene Lions Club, and a member of the Methodist Northwest Texas Conference board of education and the jurisdictional board of education.

"Mr. Boger will work actively in the field with parents, students, friends and alumni of SMU to promote closer relations between the university and its constituency," Dr. E. B. Hawk, administrative vice-president of SMU said in explaining the activities of the secretary's office.

It's Funny How Folks Still Call it the "Light" Bill

"WELL, Mary, here's the light bill for last month. Funny, isn't it, how we still call it the *light* bill! Remember when it really *was* the light bill?"

"Uu-u-m-m. Yes, siree. We were mighty proud to have just electric lights . . . and in those days we paid about as much every month as we do now, and *all* we got *was* light. And they were off in the daytime, too, and we weren't too sure of 'em at night.

"It's sure different now. We get darn good service. For about what we used to spend for lights alone, we're lighting the house a lot better and washing and ironing clothes, cleaning the rugs, toasting the bread, running the radio, using the refrigerator, and shaving my face. I'd say we're getting a lot *more* for our money."

"Why not call it the 'Service' bill?"

Yes, the old-time "light" bill today really is for "electric service," which has taken away a lot of old-fashioned drudgery and added a lot of pleasure and enjoyment. Electric service has been doing these things for less and less money. The thousand men and women in this organization have had the training and experience to serve you more economically. You profit from the business operation and management of the company which has but one aim—to keep on giving you *better* service at *lower* cost.

Letters from the People: "Our present low electric rates, cheaper appliances, and unsurpassed service are indeed a joy when we look back to the old days of frequent interruptions and part-time service. . . . We often resorted to the kerosene lamp, stored away handy. And we paid 15 cents per kilowatt-hour and 50 and 60 cents for bulbs . . ."

INTEREST GROWING IN TRENCH SILO MOVEMENT

Spurred by the need for a cheap means for storing a bumper feed crop against leaner years, Donley County farmers are growing more and more interested in trench silos, County Agent H. M. Breedlove said this week. New silos are being put in all the time. Mr. Breedlove said, and a number of farmers have visited farms where silos are being filled to get an idea of how the trench silo works.

On the Forrest Sawyer farm north of Clarendon on Highway 18, Mr. Sawyer has just finished putting in and filling probably the largest silo in Donley County. The Sawyer silo is filled with about 450 tons of feed, which will be usable for a good many years to come, when feed crops may not be as good as they are this rainy year.

Down near Lelia Lake, Mr. Hamill has a silo which he will fill next week, storing away over 350 tons of silage. An experienced trench silo user, Mr. Hamill fed out his stock with silage last year, and says that he got excellent results. Mr. Breedlove plans a demonstration at the Hamill farm next week, so farmers can watch the silos being filled with this year's feed crop. Time and day of the demonstration will be given out by mail to farmers over the county.

Clyde Bridges, of the Hedley community area, plans to fill his trench silo next week, and this farm will also be the scene of a filling demonstration. Mr. Bridges also has used trench silos in past years, reporting them to be the best method he has found to keep feed in good condition indefinitely after it is stored.

For the benefit of farmers who plan to put in trench silos this year, Mr. Sawyer has made available his silage cutter to use it. The cutter will be let on a lease basis, at a reasonable fee. Mr. Sawyer furnishes a man to operate the cutter, which he says will easily handle 150 tons of feed a day, if the farmers will keep it supplied with bundles. Farmers desiring more information about leasing the cutter can get it from Mr. Sawyer or the county agent.

It is not necessary to turn feed into silage the day or the week it is cut, Mr. Breedlove said, as feed that has been cut with a row binder will make good trench silage if water is added. For best results, however, it is best to follow along with the silage cutter as soon as the feed is cut and turn it into silage immediately, he said.

FORMER DONLEY COWPUNCHER TO LEARN HORSESHOEING AT CAVALRY SCHOOL

Pt. Riley, Kansas, Sept. 17—Private First Class Gordon W. Billingslea, 27, son of Mr. and Mrs. H. Billingslea, McLean, Texas, today began a three-months course in horseshoeing at the nation's only Cavalry School. Private Billingslea is in the 5th Cavalry at Ft. Bliss, Tex., where he was inducted as a selectee April 2, 1941. Pvt. Billingslea was a cowpuncher at Clarendon for nine years before being inducted into the army.

Upon completion of the course, he will return to his home station. The Cavalry School at Fort Riley is the hub for activities of the crack U. S. Cavalry. Hundreds of officers and enlisted men are graduated each year after completing courses in cavalry tactics or related fields. Brig. Gen. Robert C. Rodgers is commandant of the school.

Hugh Phelps left Monday on a two weeks vacation trip that will take him to California. He will visit in Los Angeles, San Diego, Hollywood and other points of interest.

AMERICAN DENTAL ASSOCIATION TO MEET IN HOUSTON

Texas will be host to the American Dental Association in Houston October 27 to 31 when more than 8,000 dentists from all parts of the nation will gather for the 83rd annual meeting of the organization.

The delegates will represent more than 50,000 practicing dentists throughout America who are members of the American Dental Association. Clarendon will be represented at the convention by Dr. and Mrs. H. R. Beck. Dr. Beck said this week.

National attention will be focussed on the meeting because of the important role dentists are playing in the national defense program. The fact that dental defects have proved to be the largest single cause for rejection of selectees, places a great responsibility on Dentistry, and will make the Houston dental convention one of the most important in many years, according to Dr. Wilfred H. Robinson of Oakland, Cal., president of the American Dental Association, who will preside at the sessions.

The Texas public will find additional interest in the meeting by visits to the Hall of Exhibits which will be located in the Sam Houston Coliseum where health and scientific exhibits will present a panorama of the progress made by American dentistry in its 100 years of existence as a profession.

"CHRISTOPHER COLUMBUS" IS THEME OF 1926 BOOK CLUB

The early explorer and navigator, Christopher Columbus, was selected as the theme of the Tuesday afternoon program of the 1926 Book Club.

At the conclusion of the business session, the president, Mrs. John Knorrp, turned the program over to Mrs. Frank White, Jr. and Mrs. Homer Bones.

Mrs. White, accompanied at the piano by Mrs. J. Gordon Stewart, sang "Columbus Day Song" by J. Offenbach.

Mrs. Bones reviewed the modern historical novel "To The Indies" by C. S. Forrester. This book relates the adventures of Columbus in 1498 on his third voyage to the New World in search of a trade route to India.

The hostesses, Mrs. Laura Penick, and Miss Gladys Wallis, served refreshments to the following members: Mesdames M. E. Allensworth, E. S. Ballew, C. W. Bennett, Jr., Homer Bones, Allen Bryan, J. R. Gillham, McHenry Lane, C. M. Lowry, J. R. Porter, and W. E. Ray.

Lester Schull, Rayburn Smith, Paul Smithey, Frank White, Jr., Fred Buntin, Walter Clifford, Joe Ritter, Miss Lucille Polk, and Mesdames J. Gordon Stewart, Hugh Harman, and S. M. Payne, guests of the club.

GARDEN CLUB MEETS WITH MRS. U. J. BOSTON MONDAY AFTERNOON

Members and guests of the Garden Club were entertained at the home of Mrs. U. J. Boston Monday afternoon.

An interesting program was rendered by Mrs. George Ryan who lectured on the culture of the Amaryllis and Mrs. John Goldston who chose as her subject, "Pansies, The Joy of the Garden". Mrs. Lee Holland's topic was "Evergreens in the Landscape". Mrs. H. C. Brumley closed the program with a garden quiz on evergreens.

The entertaining rooms were beautifully decorated with bowls of dahlias and asters.

A dainty refreshment plate was served to one guest, Mrs. Neal, and the following club members: Mesdames A. L. Chase, Lee Bell, J. E. Mongole, George Ryan, J. T. Hoy, R. R. Dawkins, J. H. Howze, Rayburn Smith, W. A. Riney, Lee Holland, H. C. Brumley, John Goldston, Joe Goldston, and Miss Katie Meaders.

JR. HOME DEMONSTRATION CLUB MEETS FRIDAY AT CLUB ROOMS

The Junior Home Demonstration Club met Friday of last week at the Womens Club Rooms with Mary Wallace and Mildred Larimer as co-hostesses. In the unexpected absence of Mrs. Wallace, Mrs. Larimer was assisted by Marie Patterson.

The meeting was called to order by the president and was opened with the club prayer. The roll call was answered with a monthly report and the members exchanged polyanthuses.

Mozelle Wright gave an interesting demonstration of making insertion lace for pillow slips.

Attending were Mattie Ballew, Jennie Burch, Ruby Blackman, Hattie Palmer, Nora Decker, Marie Patterson, Dollie Wilson, and Mozelle Wright.

MISS NAOMI PHILLIPS WEDS MR. FRANK PHELAN

Miss Naomi Phillips, who has made her home with Mr. and Mrs. Joe Witherspoon of Weatherford for the past five years, and Mr. Frank Phelan of this city, were married at eight o'clock Friday evening at Couts Memorial Church in Weatherford by Reverend C. M. Buttrill.

The bride was attended by her cousin, Mrs. Witherspoon, and the bridegroom by Paul Smithey of this city. Ringbearer was Master Ray Witherspoon.

The church was decorated with tall baskets of white chrysanthemums, ferns and palms.

Miss Phillips was given in marriage by Mr. Witherspoon. She wore a white satin period gown and carried a white Bible, topped with white orchids showered with Stephanotis.

Ushers were Mayor Conrad Russell and Mr. Bonner Darby. Mrs. E. A. Camp sang "I Love You Truly", accompanied by Miss Jessie Wright, who also played the wedding marches.

Out-of-town guests were Mrs. Grace Andrews of Eastland and Mrs. Paul Smithey of Clarendon. Mr. and Mrs. Phelan will be at home here in the Dr. Oscar Jenkins home which Mr. Phelan recently purchased.

APPROACHING MARRIAGE OF NICKY STEWART TO DALLAS GIRL ANNOUNCED

Mr. and Mrs. J. W. Coats, 6918 East Loma, Dallas, have announced the approaching marriage of their daughter, Miss LaVon Coats, to Nicky Stewart of Waco, son of Mr. and Mrs. W. C. Stewart of 5815 Tremont, Dallas, and formerly of this city.

The wedding will take place at eight o'clock on the evening of October 18 at the East Dallas Baptist Church. The Reverend C. Wade Freeman will officiate.

Miss Coats has announced her attendants will be Miss Edith Tighe, maid of honor, and Miss Margaret Stracks of Waco, Miss Frances Chandler and Mrs. O. C. Hanes, bridesmaids.

The wedding music will be given by Mrs. Hazel Price Harrington, pianist, and J. B. Smith, organist.

The bride-elect is a graduate of Woodrow Wilson High School and attended Baylor University. Mr. Stewart was graduated from Clarendon High School and Texas Technological College at Lubbock where he was a member of Phi Psi fraternity.

Among the parties planned for the betrothed couple will be a rehearsal dinner given by Mr. and Mrs. Stewart and Mrs. F. E. Simmons at the Stewart home on October 17.

DORCAS-ALETHEAN CLASS OFFICERS HONORED AT WAFFLE BREAKFAST

Newly elected officers of the Dorcas-Alethean Sunday School class were honor guests at a delightful waffle breakfast given by Mrs. Colie Huffman Saturday morning. This breakfast served as a regular monthly meeting of the officers of the class and plans have been laid to continue the meetings in this fashion. An interesting talk was made by Mrs. Bert Smith, class president, in which she outlined the plans for the year's activities. Various committees lay their plans for the year and were outlined by the committee heads.

Attending the affair were Mesdames H. T. Burton, W. A. Riney, Carl Peabody, N. C. Todd, Ralph Andis, Oscar Thomas, F. L. Goldston, Fred Cook, B. B. Harris, Arlie Wood, Bob Head, Bert Smith, and the hostess, Mrs. Huffman.

MRS. W. A. MASSEY HOSTESS TO KILL KARE KLUB

Mrs. W. A. Massey was hostess to the Kill Kare Klub at her home Thursday afternoon of last week.

The newly elected president, Mrs. R. R. Dawkins, had charge of the meeting and conducted a short business session. The remainder of the afternoon was spent in fancy work and conversation.

Mrs. Massie had as her guests for the afternoon Mrs. Crockett Taylor and Mrs. Jim Headrick. Members present included Mrs. Homer Mulkey, Mrs. J. R. Bartlett, Mrs. Buel Sanford, Mrs. F. L. Goldston, Mrs. H. C. Brumley, Mrs. R. R. Dawkins and Misses Ida and Eta Harned.

MRS. GEORGE NORWOOD IS HOSTESS TO WEDNESDAY BRIDGE CLUB

Mrs. George Norwood entertained the Wednesday afternoon Bridge Club at her home last Wednesday.

Guests were Mesdames Alfred McMurry, John Knorrp, J. T. Hoy, Simmons Powell, Johnny Blocker, and Misses LaVerne McMurry, and Berkeley Ryan. Members were Mesdames Carroll Knorrp, Walter Knorrp, Paul Salton, and Floyd Lampkin.

LaVerne McMurry won high for guests and Mrs. Walter Knorrp high for members.

1930 NEEDLE CLUB MEETS IN PEABODY HOME

The 1930 Needle Club met with Josie Peabody Tuesday for a social afternoon spent in needle work and conversation.

Mrs. Peabody had as her guest for the afternoon Mrs. Frank Hommel.

A salad plate was served to the attending members, Marie Patterson, Mozelle Wright, Maggie Hunt, Frances Hilliard, Mrs. Hommel, and the hostess, Josie Peabody.

ART CLUB TO SPONSOR ANNUAL FLOWER SHOW

The Senior Les Beaux Art Club will sponsor their annual flower show at the Womens Club Room on Saturday, September 27th.

The doors will be open from 8:00 a. m. until 12:00 p. m. for all persons who wish to make entries in the show. Showing of the flowers will be from 1:00 until 6:00 p. m. All the public is invited to attend and all entries will be appreciated.

Further details concerning the prizes and classification of the flowers, will appear in next week's News.

Announcement has been received here of the birth of a daughter to Rev. and Mrs. Bob Cooksey of Plainview. Rev. Cooksey attended school here while preparing for the ministry.

Garden Glances

Presented weekly by the Garden Club

"America the beautiful lies in the hands of the gardeners"

Do not be surprised if your phone rings some morning and a neighbor commands you to come over and see her dahlias. They are at their peak now and so heart-warming in their gorgeous colorings, that no garden should be without them.

Very tall and vari-colored dahlias enhance the yards of the Rundells and Simpsons.

A drive to the John Goldston farm will delight dahlia fans for there in unsuspected profusion one will find many varieties of unusual height and gorgeous blossoms.

Many trees are at their best now, and it is a good time to study the characteristics of the tree and to determine which ones you will plant in your own garden this year. Several rare trees for this locality are the Mimosa and Golden Rain tree, a thing of beauty whether in flowers or foliage.

The flowering peaches and crabs always excites wonder and admiration by their beautiful flowers.

The Hopa crab with its hundreds of tiny pink apples is decorating the landscape at the Joe Goldstons.

As a note of interest why not plant a pecan or two. It is your official state tree.—Contributed.

MISSIONARY NOTES

The Womens Society of Christian Services met in their regular circle meeting Wednesday afternoon.

Circle I met with Mrs. Dave Johnson with eleven members present. The devotional was given by Mrs. John Goldston and Mrs. U. J. Boston gave the first lesson on the mission study book.

19-year lease on the Coliseum and is spending thousands of dollars to install the machinery for an ice rink—60,000 feet or almost 12 miles of pipe, and other equipment in proportion.

The story of Sam Buron's career to date—he's only 31—is a Horatio Alger success story. Born in St. Paul, he sold papers on the street after school; then worked his way through high school by getting up at 3:30 a. m. to carry a newspaper route.

And there you have the story of how Texas is to have a new sport this coming winter, ice hockey, said to be the fastest game known. For Buron took a

And with all those business activities, Sam Buron has had time for civic work too. He is the major factor behind the unique Hook '3m Cows, a fun organization of the men of the South St. Paul stockyards, which has a uniformed drum and bugle corps and a troop of 40 horse-men, both units being much in evidence in all parades. Then Buron had charge of the banquet that was given honoring Governor Stassen when the Minnesota chief executive was acclaimed the outstanding young man of the nation. And only a week or so ago, Buron retired as president of the Minnesota Junior Chamber of Commerce.

He has a ready smile, a pleasant voice, a hearty laugh, tells a story well, is in demand as a speaker and has moved to Texas. That he is a real Southwesterner already is shown by the fact that he says, "You all." And that's Sam Buron, who is going to give the one Star State a new and exciting sport, ice hockey.

Feel glum? Keep mum. Don't grumble. Be humble. Trials cling? Just slug. Don't fear; God's near. Money goes? He knows. Honor left? Not bereft. Don't rust! Work! Trust!

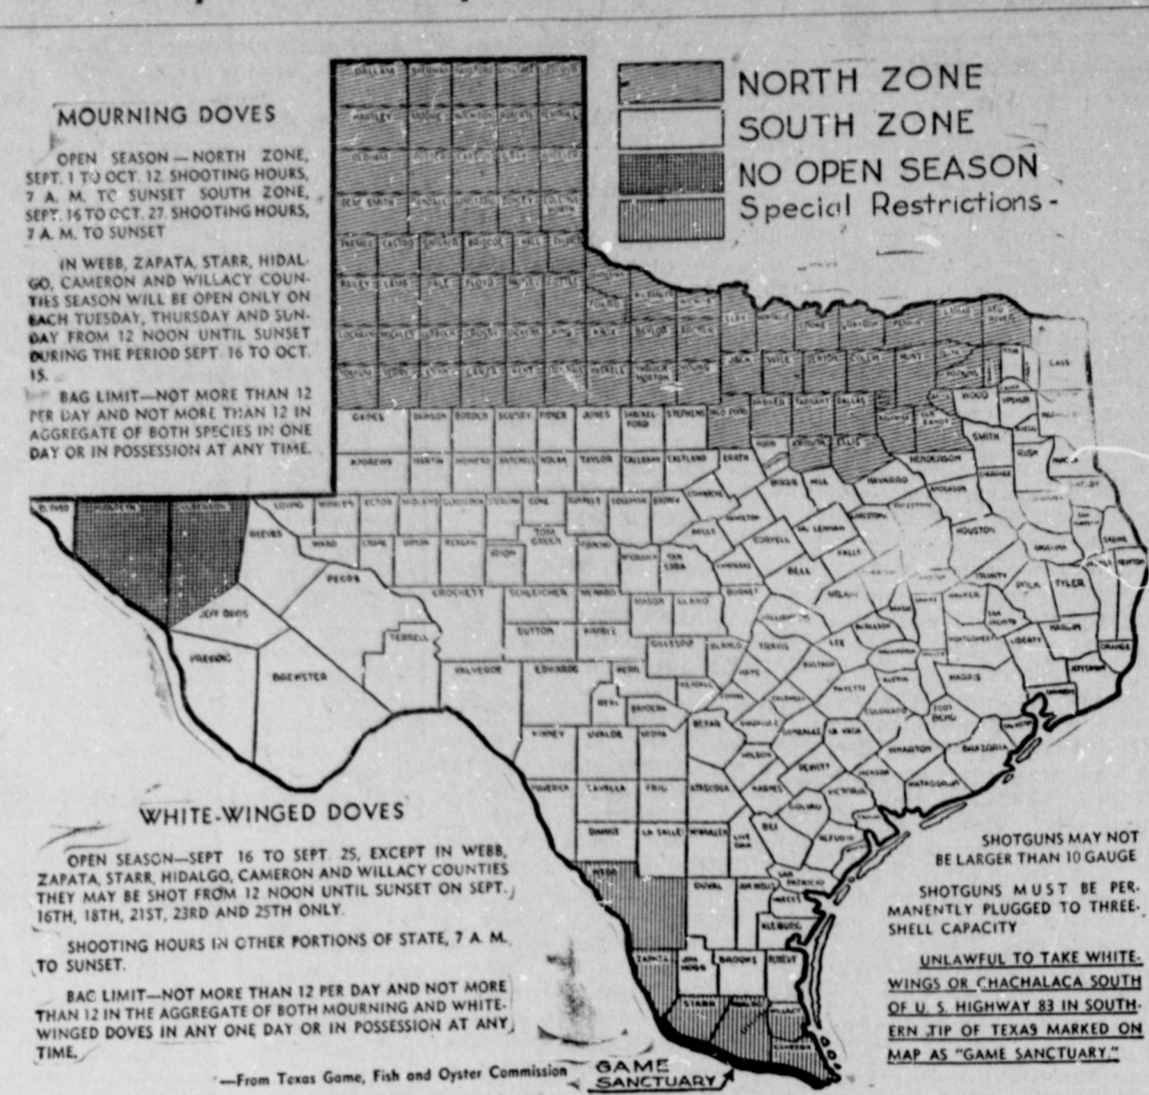

Can you remember away back when a blind fiddler would be in town on a Saturday and play doleful songs with 59 stanzas about the lurid careers of criminals and their speeches on the scaffold?

So many folks have asked for more information about ice hockey (which will be played for the first time in Texas this winter in Fort Worth) that here are a few facts about the sport: It is played on ice and the players wear skates; they skim over the ice at a speed of 40 miles an hour; there are no time-outs for substitutions, players leaving and entering the game on the fly; and the pace is so terrific that the two wings and the center are unable to play for more than four minutes at a stretch when three fresh men go in and the starters rest a while.

Spills are frequent and sometimes fists fly. Popularity of the sport is shown by the fact that the Chicago Blackhawks, in 24 home games last year, drew an attendance of 379,000. Texans who like football and rodeos, are expected to take to this new sport.

The information probably comes a little late but old Uncle Zeke had a method for telling

STOPPING TO THINK

By C. B. Riddle. They were found by a policeman in a park—just a boy and a dog, alone but not lonesome.

You don't get lonesome with a good companion by your side. And this applies with equal meaning to a boy and a dog.

Both were sorry, but the boy did not cry and the dog did not whine. Each sympathized with the other—and that goes a long way in any distress.

The cop who found the urchin and his dog wanted to help the boy, but not the dog. He would take one but not the other.

But the boy refused to go without the dog. The dog refused to remain without the boy. The test of their companionship was final.

Our sympathies go out to a hungry child, but admiration must be doubly added when the lad is unwilling to break a companionship for his stomach's sake.

Many older chaps cannot hang up such a record. They weaken on companionship when the battle gets thick between stomach and faithfulness.

But a dog affectionately follows his master through thick and thin, whether that master be prince or pauper.

The boy the policeman found could not feed his dog, but he still loved him. This the dog knew.

The boy won, so did the dog. The crowd dispersed, having witnessed a heart-gripping love scene which all the talent in Hollywood could not surpass.

As a means to easy skinning of peaches, place them in a cloth sack and immerse in boiling water until the skin slips easily. Then plunge them into cold water and the skin will peel easily.

SECURITY FOR Your Harvest. Harvest funds, extra income that comes from increased business activity can slip through your fingers easily during these uncertain times, unless you protect them wisely.

NOTICE TAXPAYERS. House Bill No. 76, recently passed by the Legislature, releases all penalty and interest on State and County Ad Valorem Taxes, both real and personal, that were delinquent before July 1, 1940.

COLLEGE CLASSES ORGANIZE

A joint meeting of the Freshman and Sophomore classes of the Clarendon Junior College was held Friday. Supt. Burton presided during the meeting. The following officers for the two classes combined were: President Pete Morrow. Reporter Bill Andis. Pep Leaders Lou Alice Adams. June Miller. The officers for the Freshman class are: President Raymond Johnson. Vice-president Betty Jo Bartlett. Secretary June Miller. The officers of the Sophomore class are: President Frank Cannon. Vice-president Mildred Phelps. Secretary Lou Adams.

MISCELLANEOUS

Jack Riley: Pa, Can I have a penny? I want to make a down payment on an ice cream cone. Miss Hall: And now class, I should like to tax your memory. G. G. Reeves: Has it come to that? Mr. Warden was suffering from rheumatism. 'Every bone in my body aches,' he complained. 'You ought to be glad you are not a herring,' said the optimist. Said the bridegroom to the bride: 'What did you stuff this turkey with?' Bride: Nothing, dear, it wasn't empty.

MANY IMPROVEMENTS IN SCHOOL BUILDINGS AT CJC AND CHS

There have been many improvements made on the College and High School buildings. The greatest of these are the auditorium and the band and typing rooms. The band room has celotex walls and ceiling. The celotex absorbs the sound and the music sounds better. The players sit on a riser. This makes it possible for all the members to see the director. There have been more light fixtures added in order to give more light. A shelf for the music has been added. Mrs. Bryan's music room has been fixed also. The auditorium has a different appearance since the balcony has been removed. New plastered walls are found in all the rooms and halls. The cream colored walls make the building much lighter than it has been. The typing room is the only completely new room. All the latest devices of a commercial department are found here. There are also a number of new typewriters. The duty of all the students is to keep the building nice and clean looking because everyone enjoys school work in these attractive surroundings.

SPORTS NEWS

Last Friday night the Bronchos played the ex-Bronchos. The game was very interesting from start to finish. The high school team showed much improvement. When the game ended the score was 19 to 6 in favor of the Bronchos. This Friday night there will be a game at the Broncho Stadium between the Claude Mustangs and the Clarendon Bronchos. It is not a conference game but it is the first game of the season. The school student body will be the pep squad with its four leaders who were elected last week. The game will start at eight o'clock, and there is no admission to school students. Admission price is 50c for adults.

CHS BRONCHOS TO BATTLE CLAUDE FRIDAY NIGHT

The Clarendon Bronchos will battle the Claude Mustangs this Friday night, September 19, at Broncho Stadium. This game will, of course, show just what the Bronchos are made of and just how capable they are of taking care of themselves. This game is the annual non-conference game between the two clubs and as usual all school students will be admitted free of charge. This includes all school students in Donley and Armstrong counties. They are the guests of the school and the Broncho Booster Club. This game really means something to the Bronchos and their future depends on the encouragement they get from it. Come on sports fans, back the Broncho and give them a good start! The price for adults is just fifty cents so come on out. This will be the first opportunity for the Bronchos to show what they've got.

"BACKWARD WEEK" GAINING INTEREST

An official committee for the "Backward Week" to be sponsored by the Press Club, was appointed at the regular Press Club meeting, Monday, Sept. 15. The committee is as follows: Bill Andis, Chairman; Betty Jo Caraway, Annie Ree Porter, Margaret Wadsworth, and Billie Lowe. A temporary calendar was also read and approved by this club. The calendar is as follows: Monday—College and High School picnic. Tuesday—A large space is to be reserved at the 10c show so this group may sit together. Wednesday—Open. Thursday—Native hill-billy dance. Everyone must dress in hill-billy costume. Friday—Football game. Perhaps this "Backward Week" should be explained more fully. During this "Backward Week" the girls are to date the boys, furnish the transportation, pay all expenses, and extend all the courtesies to the boys as the boys do, or maybe say, should do, to the girls, such as opening doors for him, carrying his books, and various other little things.

DON'TS FOR HIGH SCHOOL STUDENTS

Don't get to school until 8:24 in the morning, for the tardy bell won't ring until 8:25, and it will give the teacher lots of pleasure to mark your present after having marked you absent. Don't neglect to slam your locker whenever opportunities arise; there is seldom any commotion in the halls, and such a light noise can't make much difference. Don't fail to whisper in the study hall; no one goes there for study anyway. Don't pick up any waste paper you see lying around; leave it, for the janitors are hired to pick up scraps of paper, and the smaller the pieces the better. Don't fail to walk with a heavy tread when coming into the study hall late. This does not disturb those who are interested in their work. Don't fail to deposit your gum in the fountains; it adds so much to the pleasure of those who come to get drinks, to see it lying there. Don't let anyone beat you to the lunch room when the bell rings; it's your right and privilege to get there first, even if you have to knock several students down in the rush to get there.

"CONFESSION"

I felt rather downhearted when I first started To extend my education at C. J. C. But the longer I go The more fellows I know And now it's better than I thought it would be. At first when I was here I would mope around the hall Trying to reveal no fear. Yet inwardly fearing all of C. J. C. For the place was vividly affecting me; But now I see what I failed to see, And really there was nothing to frighten me.

BRIDE'S COOKING

What an enormous pie, dear. It looks like a football. Young sweet thing: "It was the smallest pumpkin I could find."

HOME ECONOMICS NEWS

The Home Ec. department is being remodeled with new stoves, tables, sinks and a number of other conveniences which will be completed in the near future. Although the laboratory is not ready for use the classes are meeting daily. When everything is set in order the Home Ec. department will be a better place in which to work.

SENIOR CLASS MEETING

The first meeting of the Senior class of 1941 was full of pep and enthusiasm. The meeting was called for the purpose of electing officers and making plans for the coming year. The election proved to be quite lively with several candidates for each office. The officers elected were: Basil Smith, President; Clyde Douglas, Vice-president; Sarah Lowry, Secretary; Naomi Morris, Reporter; and Nita Jane Cornell, Yell Leader.

It was suggested that the officers appoint a committee to have charge of the social activities of the Senior Class through out the year. This group will be selected at a later date.

"BACKWARD WEEK" GAINING INTEREST RAPIDLY—WHAT IS YOUR OPINION?

The following opinions have been expressed by those students who are in favor of increasing the good ole' school spirit: Betty Jo Caraway: "I think that 'Backward Week' is a good idea. I'm ready to go for a change. Harold Donnell: Good, I can sleep at nights that week. Frances Phelps: I like the idea. Helen Porter: Sure, we're in favor of a "Backward Week". It'll be fun to have the girls court the boys awhile and then end up with that big dance. Margaret Wadsworth: I think it's a swell idea! I know lots of girls who will cooperate too. Mary Williams: Make it really a "Backward Week". Have the girls hold the doors for the boys even here at school. Sue Burton: The "Backward Week" is a swell idea. I'm for it 100 per cent. It will give the girls a good chance to show how nice they can really be. Gerry Ryan: I think it is a swell idea if the girls can get their cars. Sara Beth Lowry: Anything is O. K., if we have it. Annie Ree Porter: I think it is a swell idea. It will help the boys financial state and break the girls but turn about is fair play. Pearl Derrick: I think it's O. K., if Bud were here. Kitty Ruth Baley: It's O. K. but I'm awful bashful. Victor Smith: I'm for it. What a relief. Marilyn Maher: It sounds like fun for a change. Billie Lowe: I think we should have it the week of the Tri-State Fair so the girls can "foot" the bills for us up there. Johnnie Johnson: Some fun! Jack Riley: Boy! It's a good idea. G. G. Reeves: I think it's O. K. B. J. Shelley: I can rest that week too. O' Boy. June Miller: I think it's a grand schools-spirit idea. Bill Andis: I'm with all the rest, I think it's great.

COMPLIMENT

High School Girl: I wonder if I'll lose my looks when I'm as old as you. Teacher: You'll be lucky if you do, dear.

THE HIT OF THE WEEK

The most popular song throughout the nation is "You and I". It was not recognized as the most popular until this week. By now every one should know the hit of the week, "You and I". Darling you and I know the reason why—a summer sky is blue, and we know why birds in

the trees sing melodies too, and why love will grow—from the first hello—until the last goodbye so to sweet romance is just one answer—You and I.

QUESTION OF THE WEEK

To the Seniors: What do you think of the new class rings? Clyde Douglas, "Prettier than I expected". Annie Ree Porter, "They're so light they are easy to carry anyway." Bobby Harold Smith, "I don't know. I've been trying to make up my mind". Nelda Sue Burton, "I like their simplicity (and I do mean simplicity)". George Watson, "O. K. by me". Pat Grady, "I love 'em". Max Rhac, "They'll pass". June Melton, "I haven't even seen them yet". G. D. Shelley, "I think they are prettier—a little squeeze and they will probably fall apart. But I'm going to get one." The Senior Class Sponsors: Mrs. Goodner, "I think the senior class displayed good taste in the choice of their ring". Mr. Larimer, "A fitting monument to a discriminating class". Naomi Morris, "I didn't like them at first, but now I think they are swell". Dwight Blair, "I like them all right, but I hope they are worth \$10.00". Iva Ruth Gibbs, "They'll do—I guess". Rudell Henson, "I think they made a poor choice—they're even worse than the ones last year". Marilyn Sawyer, "I think they are darlings". Billy Thornberry, "They are all right". Neta Jane Cornell, "They are the tackiest ever". Leslie Wardlow, "O. K. but

LAST MEMBER OF ALLEGED THEFT RING JAILED

Sheriff Guy Wright made the final arrest Sunday to bring to Donley County for grand jury examination a four-man group of alleged cattle thieves, two of whom are under sentence for cattle theft in other West Texas counties.

At Anson Sunday, Sheriff Wright arrested Floyd Chaney, who had been held for Donley County officers following his conviction and sentence of three years on a cattle theft charge. Chaney previously had been released to authorities at Anson following his trial and conviction at Matador on the same charge. He received a three-year sentence at Matador.

Already in the Donley County jail and awaiting grand jury action was Doyle Harris, who is alleged to have been associated with Chaney in the theft on June 6 of two cattle from the farms of Ben Bales and John Thomas, near Hedley. Harris also was tried earlier at Matador, receiving a three-year sentence.

On the marketing end of the alleged livestock theft set-up were alleged to have been two other men, J. W. Cagle and A. T. Simmons. Both Cagle and Simmons, arrested earlier this summer by Sheriff Wright, have made \$1,500 bond and have been released pending grand jury action in October. They are charged with receiving and concealing stolen property.

FARM LOAN GROUP HOLDS MEETING HERE MONDAY

Well attended by users of its financial aid, the Clarendon National Farm Loan Association's annual stockholders meeting was held at the Pastime Theater Monday morning, with Association President Odos Caraway acting as chairman.

C. E. Killough, secretary-treasurer of the Association told the crowd of farm owners that 181 farmers in this area are using the Association's long term, low interest rate Federal Land Bank Loans to climb to farm and ranch ownership, or to refinance obligations at lower rates and more desirable terms. Interest rate on both Federal Land Bank and Land Bank Commissioners loans have been reduced by Congress to 3 1-2 percent, he said.

In his annual report, Mr. Killough revealed that the local Association, chartered in 1922, now has 181 loans for \$750,000 on its books, in addition to 116 Land Bank Commissioner loans for \$202,800. The figures are important only for what they represent, Mr. Killough said, and that is the more than 300 farm families who own their homes, and live on their own land in Donley County. He pointed out that members of the Association are protected in their ownership because with a Land Bank Loan or Commissioners' loan only a small portion of the total loan comes due at any one time.

DUMAS RESIDENT FINED FOR DRUNKEN DRIVING

A speedy and erratic trip along Highway 287 through Claude cost Fred F. Lowe, Dumas oil worker, the use of his driver's license for six months and fines totalling \$87 this week. Lowe was picked up after a three-mile chase by sheriff Guy Wright and deputy Truett Behrens Monday, after Claude officers had notified the local officers that a speeding and apparently intoxicated driver was headed toward Clarendon. After a night in the Donley County jail, Lowe entered a plea of guilty to charges of driving while intoxicated, and was fined \$73. His driver's license, issued in California, was revoked for six months, and he was turned over to Claude officers, who fined him another \$14.

Bonnie McCracken is vacationing this week in California. While there she will visit with her brother, Dr. Woodward McCracken who is employed by the Douglas Aircraft.

yet the farmer can pay ahead in fat years to take care of lean ones, or reduce the length of time required to pay off his indebtedness.

C. O. Stone of Amarillo, District Supervisor, attended the meeting and gave an interesting talk on the progress of the Federal Land Bank system.

In the annual election of officers, Mr. Caraway and Henry Williams were re-elected to three year terms on the Board of Directors. They will serve with C. H. Bugbee, C. B. Morris, and R. W. Moore.

Carroll to Bring Comics and Beauties

"Through these portals pass the world's most beautiful women." This sign has hung over the stage door of Earl Carroll's productions for years and has made him famous as the world's greatest picker of

feminine beauties. Pictures of some of his beauties who will grace the boards of the State Fair auditorium, Oct. 4 to 19, are shown above. Also two of his featured comedy acts.

Top row above, left to right, is Miss Helena Bunion, the Wier Brothers, and Miss Andress Torn. Lower row, Miss Yvonne de Carlos, the Slate Brothers, and Miss Jean Devereaux.

The Low Down FROM HICKORY GROVE

These strikes all over, they get settled one day and next week they break out again—and something else has to be settled. It is all one-sided now. The folks in the saddle are ridin' high and wide. While the going is good, they are going.

It is not a matter of the right wages or the right working conditions, or the right anything else except one thing: It is a closed shop they want, where the boss takes out the dues from each pay envelope and hands it over to the local chieftain—CIO or whoever is running the local

shebang, and has the biggest fist. But some day it will back-fire, and the person getting hurt worst will be the very fellow who has allowed his envelope to be fumbled with most.

If this ALL-TIME WEAK SISTER and YES SIR CONGRESS down on the palavering Potomac would take the bit in its teeth for a part of one day only, and fumigate the NLRB, it would not need to hang its head, a few years hence, when its grandson grows up and says "grandpa, tell me about the time when you was Senator."

Yours with the low down, JO SERRA
Mrs. Lee Bell, Mrs. Homer Mulkey, and Mrs. Sam Braswell were in Amarillo Tuesday.
