

Ranchers' RODEO Edition

The Donley County Leader

Twelve Pages

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

CLARENDON MAKES READY FOR FOURTH JULY CELEBRATION

Fourth July Parade Will Feature Band Headed By Legion

The parade on the Fourth of July will start immediately at one o'clock...

LEAVE FOR ARMY INDUCTION

Isadore Mellinger and Eugene Grant Wheeler left Monday for Lubbock where they will be inducted into the army.

BIG ENTERTAINMENT AWAITS YOU, FOLKS!

Coming to Clarendon for your annual enjoyment on July 4th is just about like going home to visit the folks...

The ranchers are putting on the big entertainment this year in their own good way...

Various business men and individuals in this issue of your Donley County Leader extend to you a most cordial invitation to be here this one big day...

This publication wishes to express a sincere appreciation of the worthy cooperation of the fine folks who have advertised in this issue...

"Notices have been received," the committee stated, "that the Navy Relief and several other organizations will have displays in the parade..."

NOW WORKING AT DEFENSE JOB

Word was received this week that Mrs. Leslie Pickering has been selected one of six out of a training class to go to work in the Consolidated Aviation Factory at San Diego, Calif.

JACK SPENCER LOSES FOOT

Jack Spencer, aged 10, son of Mr. and Mrs. Woodie Spencer got his left foot caught between the wheel and fender of his father's tractor Sunday afternoon...

Pat Flynn And Party From Amarillo To Be Present At Afternoon Rodeo

During the afternoon performance of the rodeo, Pat Flynn and his party from Amarillo will visit here for a brief time enroute to Lake Marvin.

The group consists of the following: Barney Ogle, master of ceremonies; Certain-teed trio composed of Misses Olivia Eastus, Edith Strickland and De Laine Williams; Chief C. M. Norman of the Amarillo Navy Recruiting Office and Lieu: L. H. Rideout Jr., commanding officer of the Dallas Naval District.

Each member of the party will be heard over the microphone at the rodeo grounds.

This group is maintaining a very full schedule during this week, covering many Panhandle towns. If it is at all possible, from the standpoint of time, the entire party will also be present at the dance here on Friday night.

PAINFULLY INJURED BY LARGE BOAR

While tending his hogs at his home in the Windy Valley community Tuesday morning, Harvey Shaw was attacked by a large boar which ripped a gaping hole about the middle of his thigh...

Harvey raises some fine hogs out at his place, but the writer is of the opinion that this particular hog won't be in the group very long.

Photo Display To End

The photo display in Greene's will end July 5th. On Monday owners of the various pictures may call there for them...

Pictures of the display were made by Alderson's studio, and those who would be interested in sending one to their boys, may order them from Mr. Alderson...

The Navy Club, who sponsored this display, wishes to take this opportunity to extend their sincere thanks of the members to Mr. Greene for his co-operation...

It is urged that all who can possibly do so, call for their pictures on Monday, for their own convenience, and the interest shown by the families of the service men...

Wins First Honors At Amarillo

Ike Rains, who lives near Hedley, makes raising Palomino horses more than just a hobby. This past Sunday he was awarded first honors at the Amarillo show with his beautiful Palomino horse.

Mr. Rains won the same honor last year at Amarillo. The prize was \$20.00, "just a little over enough to buy a Bond," Mr. Rains stated.

There were seven entrants in the show, but none could come up to the beauty and qualities displayed by the Hedley animal. Mr. Rains has been offered \$1500 for the horse, but he has declined the offer.

MUCH NEEDED RAIN FALLS THIS WEEK

Most of Donley county was on the receiving end of badly needed rain this week with some hail pitched in to bring misfortune to some of our farmers.

The rubber salvage campaign in Donley county is meeting with much success, according to county agent H. M. Breedlove...

The president has extended the rubber salvage campaign until the tenth of July due to the fact that the first rubber salvage drive was short of the number of pounds that was expected to be turned in to the filling stations.

It is very important, the county agent urged, that this rubber around the farm be turned in at once because this might determine as to whether gasoline will be rationed or not.

"It is the duty of every good American to bring in every available pound of scrap rubber to town," Breedlove said...

"We must collect this rubber at once and when the drive is over on the tenth of the month, let's not have one piece of rubber around the place for some of our neighbors to look at and wonder why we were not doing out part by bringing it in to town and putting it in the vast pile of rubber brought in by the neighbors."

Benefit Dance At South Ward Gymnasium

The dance being sponsored by the Navy Club and the Girl Riders on Friday night, July 3, at 9:30 p. m. at the South Ward gymnasium is showing excellent progress according to the advance ticket sales.

The music will be furnished by Sloan's Orchestra. The charge is fifty cents per person, and tickets can be purchased at the door.

The proceeds from the dance will be shared equally between the two club sponsors. Those who attend the dance not only will have a good time, but they will be helping a very worthy cause as well.

RESIGNS JOB FOR SHORTER HOURS

Jack Lackey who has been employed in Tucumcari, N. M. as assistant manager for a large retail grocery store, returned home this week, having resigned his position for one in Amarillo...

Jack, in a statement to this reporter, said his employer at Tucumcari promised him steady and regular work, but laid him off about 4 hours out of the 24, so he decided to resign.

GIRL RIDERS WHO WILL TAKE PART IN CONTEST

Girl riders who will participate in the Ranchers' Rodeo here Saturday are Ruth Sawyer, Elba Jean Ballew, Kathleen Yankie, Vera Lewis, June McMurtry, Ethlyn Drennan, Dorothy Ann Castleberry, Laverne McMurtry, Barbara Bell, Jeanne Porter, Virginia Dodson, Alma Louise Murphy, Mrs. Troy Broome, Louise Russell, Mrs. Alfred McMurtry, Elizabeth Ann Beverly, Jackie Slaviv, Archie McMurtry, Mrs. S. Johnson, Nancy Ann Bell and Mrs. Geo. Norwood.

Saturday Afternoon To Herald Opening Big Rodeo Events

DONLEY COUNTY SCHOOL BOARD TO MEET SAT.

Miss Ruth Richerson, county school superintendent, announced Wednesday that the County School Board would meet at ten o'clock Saturday morning at the court house. The purpose of the meeting is to route school buses and take up other business that might be on hand.

Those who have any thing to discuss with the board, should attend this meeting.

YOUTHS REGISTER TUESDAY

The local draft board announced today that 116 of Donley county's youths between the ages of 18-20 registered in the fifth registration held Tuesday of this week.

Cowboys preparing for the Donley County Ranchers' Rodeo and cowgirls training for the girl riders events are the chief attraction in Clarendon today as final touches were put on the preparations for Donley County's Annual Fourth of July Celebration.

The program will open with a dance at the School gymnasium on the night of July 3rd, sponsored by the Donley County Navy Club and the Girl Riders of the rodeo.

At ten a. m. on the morning of the Fourth, the girl riders elimination contest will be held at Broncho Field, and the Broncho Band will present a concert downtown at 11 a. m.

Entries in the rodeo contests will open at the County Agent's office early on the morning of the Fourth, and will continue until 11 a. m., with each contestant being required to make a personal entry and sign a release to the management of the rodeo.

Flip Breedlove and Buddy Knorpp, parade directors, predict that their rubberless parade will be a big hit with old time and present day cowboys and ranchers. Plans have been made for each of the ranches in the county to be represented at 1 p. m., the starting time for the event.

Gates at the rodeo grounds will open at 12 noon, and the first presentation of the rodeo will begin promptly at 2 p. m. under the direction of George Norwood, general director of this year's celebration.

DISTRICT GOV.-ELECT VISITS LOCAL CLUB

The local Lions club had as a visitor at today's luncheon, District Governor-Elect, Murry Fly of Odessa. He is the Superintendent of Public Schools there.

Mr. Fly is on a tour visiting all the different clubs in this district.

CONTEST ON FOR RODEO QUEEN

Five girls receiving the highest votes were placed in the final run-off this week with the queen contest ending Friday noon and the winner to be announced at the Dance Friday night.

Contestants are June McMurtry of Clarendon; Winifred Davis, Billy Jo Prater, Genevieve Prater and Auvarie Broome of Memphis.

Registered Gilts Available For Club Boys

Six registered Chester White and six registered Duroc weaning size gilts are still available to Club boys in Donley County under provisions and terms set forth by the Clarendon F.F.A., the sponsoring organization...

Any club youth is eligible to receive one of the gilts who will agree to take reasonable care of the pig and who will agree to return to the club one pig out of the gilt's first litter if she raises five or less pigs and two pigs to the club if she raises six or more pigs in her first litter.

Former Clarendon Youth Receives High Scholastic Honors Recently

Friends and acquaintances will be glad to learn that a former Clarendon youth, Jack Stephen, son of Mr. and Mrs. Gus Stephenson, has been announced as representing Tucumcari this year on the honor roll of 100 students, according to results of the annual State Wide Test of scholarship achievement...

Jack graduated from Tucumcari high school with the class of 1942, and was a member of the National Honor Society, a group of outstanding seniors. He is 18 years of age, and is now taking a surveyor's course this summer, preparing himself for further work at the University of New Mexico this coming fall term.

Mr. and Mrs. Gus B. Stephenson are now living at 428 south second street, Tucumcari, N. Mex. Mr. Stephenson was local band master here for a number of years.

COUNTY JAIL EMPTY

Sheriff Guy Wright announced this morning that the county jail was empty for the first time in over a year and that with the Fourth coming up, he hoped that everyone would observe a sober week end and keep the place empty.

SAME FACE FOR 21 YEARS

While picking up a grocery ad copy Wednesday afternoon, the writer happened to learn that E. T. (Tick) Baker, salesman for the Merchants Biscuit Company, had been making this same territory for the past 21 years, every two weeks. The old saying is that "once a salesman, always a salesman", but in this case "Tick" has managed to stay on the same territory and get along with the groccerymen at the same time.

Egg Losses Very Costly Now

Buyers of eggs in Texas are reporting considerable losses from fertile eggs, according to county agent H. M. Breedlove of the A&M College Extension Service. At the present time these losses are running into thousands of dollars daily and naturally this loss definitely effects the egg producers, the egg buyers, and reduces the volume of eggs that could be dried for our armed forces and allies.

"If eggs are sold for hatching," Breedlove said, "then the cockerels should be kept up in a pen and only be put with the flock at the time that the eggs are to be sent to the hatchery."

"The question has often been brought up, that the removing of male birds from the flock will cause the egg production to fall short. This is definitely not so. It does not effect the egg production in any way. I think that it would be wise to do away with the roosters and produce infertile eggs. This is one of the best times that I know to eat all of the roosters on the farm. Let's get behind this program and produce infertile eggs."

PART OF THE SYSTEM

When this war is over, America will have the most gigantic mass production machine in the world. We will have the world's largest army of skilled workmen. Technical development will be at a new peak. Machines and men that are now producing weapons of destruction in incredible quantity, can supply the goods of peace in an equally incredible quantity. In all probability we will be the only large nation left on earth whose industries will not have been smashed by war.

It will be up to these industries, to free American enterprise, to rebuild a shattered and starved world. And they can do it if private capital and the organization genius of the common American are released from the bear hug of the inevitable wartime bureaucracy. As Paul Cadman, economist of the American Bankers Association, has pointed out, we have no other choice. We will either release the productive capacity and the capital of this country for the task of rebuilding the world, or we face bankruptcy and collapse at home.

Free enterprise has got to produce as it never produced before if a national debt of two or three hundred billion dollars is to be serviced. In short, the world will tragically need the products of our industries and our country will need the sources of financial strength which those industries can give. That truth should be brought home to every man and woman at home and in the factory. Free enterprise is the key to the maintenance of representative government.

KEEP CREDIT FREE

"If the American banking system passes into government ownership or under complete government control," writes Dr. Paul F.

Cadman, the distinguished economist, "the American enterprise system will be doomed. The day when the government takes over the function of granting or withholding credit to private enterprise, the latter will cease to exist. By the very nature of government, the political control and distribution of credit would perforce bring all business directly under the domination of the agency which had the power to extend or deny credit without regard to the true character of the risk."

In these times of incredible expenditures for purely military purposes, it is clear that a very large expansion of government financing is inevitable. The goal we should keep in mind is to hold this expansion to the minimum extent consistent with war needs. It is unquestionably true that many a governmental finance agency is now doing work which could and should be done either by the banks or by other private financial institutions. Public money should not be used for a job which can be done by private money.

No industry has done better in adapting its vast facilities to war purposes than banking. A list of banking activities directly involved with the war effort would fill many pages—and, on top of that, banking must carry on its regular services to business, individuals and the government. It is operating with complete efficiency under the most difficult conditions. It is decisively demonstrating its ability to meet the present crisis.

LOADING THE CANNON

The nation's leading retailers recently met in Chicago with representatives of the government. The topic under consideration was how retailers can give maximum aid in the campaign to sell War

Stamps. The retailers pledged themselves to sell \$100,000,000 worth of these Stamps each month, beginning with July. A practical promotional plan, available to all stores, has been created, and it can be easily adapted to the needs of both large and small retailers.

The importance of this is obvious. It is estimated that 40 per cent of all War Savings must come from the sale of Stamps. The Treasury is depending upon the retailers to reach the 25,000,000 Americans who cannot be included in Payroll Savings Plans. When War Stamps were first issued, retailers of all kinds promptly stocked them and promoted their sale. Now those efforts will be greatly intensified.

The promotional campaigns will have many phases. Newspaper advertising will be widely used. The radio will be employed. Attention-demanding window and interior display posters will be distributed to the participating stores. Every consumer will be urged to take part of his change in Stamps.

The retailers involved will include the chain systems as well as thousands of independent stores. They deal in food, clothes, general merchandise, hardware—anything and everything that the consumer wants and needs. No industry is in more direct and constant contact with the great American buying public. And none is more determined to do its full share on behalf of the war effort. Buy Stamps from your retailer. You'll never miss the dimes and quarters so spent. And each of those dimes and quarters will help produce a weapon to use against the Axis.

Public Assistance Programs Bring Cash Income

In its administration of three public assistance programs involving cash grants, the State Department of Public Welfare has compiled figures showing an income of \$5461.00 for Donley county for the month of May.

The old age assistance group topped the list with 258 aged persons receiving approximately \$5259.00, or an average grant of \$20.38 per person.

Dependent children recipients were paid a total cash outlay of \$164.00 for seven families, or an average grant of \$23.43 per family.

In the month of May Donley county's two needy blind recipients were given a sum totaling \$38.00, or an average of \$19.00 per person.

Comprising ten counties in the Panhandle including Ochiltree,

Lubbock Army Flying School Dedication Brings Out Many Interested Spectators

LUBBOCK, June 28— "Tradition says that the navy is America's first line of defense, but our air forces are our first line of offense," said Major-General H. R. Harmon, commanding officer of the Gulf Coast Training Area, before a crowd of approximately 35,000 gathered at the large Lubbock Army Flying School for the formal dedication of the field on Sunday, June 21.

General Harmon went on to point out that from Lubbock alone the present field and the new South Plains Training School will turn out more fliers every three months than were in the whole United States air forces in 1939.

Gathering long before the gates of the Lubbock Field were scheduled to open, the huge crowd saw the behind-the-scenes life of an army camp as they inspected barracks of both cadets and enlisted men, day rooms, theatre, post exchange, and the flying line itself. At one end of the large, airy hangar the Lubbock Army Flying

graduated." Representing the civilian public of Lubbock and surrounding area, George Dupree of Lubbock spoke and placed war

During the actual dedicatory services Colonel Thomas L. Gilbert, commanding officer of the Lubbock school, spoke briefly and introduced General Harmon who said, "Although we are now formally dedicating the field for practical purposes the field was dedicated when the first class was School Band under the leadership of Warrant Officer George P. Altridge played a varied program. responsibility squarely on civilians as well as on soldiers.

After the formal dedication the sky above the Lubbock Field was literally aswarm with planes flown by flying officers and cadets in various formations and routine flights. Because of the press of war time business, General Harmon was forced to cut short his visit at Lubbock and flew away to meet previous commitments.

Lipscomb, Roberts, Hemphill, Gray, Wheeler, Donley, Collingsworth, Hall and Childress, needy persons received a sum aggregating considerably more than \$50,000. Of that amount \$47,567 was allotted to the old age assistance division, \$2388 to dependent children and \$503 to the needy blind.

Mrs. Dorothy Jarrell, field worker for the welfare department, is responsible for determining eligibility for these groups in this county.

Any problems arising concern-

ing these programs may be freely discussed with your field worker or with your county welfare worker, H. G. Tatum.

"Chaperone your cigarets—they should not be allowed to go out alone," warns Marvin Hall, State Fire Insurance Commissioner, as he points out that a high ratio of residence fires are known to start from lighted cigarets carelessly tossed aside.

Donley County Leader, \$2 a year.

OBTAINING DUPLICATE SOCIAL SECURITY NUMBER CARD

"Some workers are under the mistaken impression that when a social security account number card is lost a duplicate may be obtained by writing a letter or sending a telegram to the Social Security Board field office from which the number was secured," said Dewey Reed, manager of the Amarillo office of the Social Security Board.

He explained that if a worker wishes a duplicate account number, Form SS-5, which may be secured from a post office or a Social Security Board office, should be completed exactly as the original application with an additional statement that a duplicate number is desired.

The Form SS-5 is easily completed and need not be mailed to the office from which the number was originally secured since any Social Security Board field office will take the proper steps for securing the duplicate. It is necessary to have the same information as originally given in order that the worker's account number will not be confused with those of others having the same or similar names.

**THE TEMPLE OF TRUTH**

By the Apostle

**GUTTERAL-MINDED.**

All walks of life are not paved, but there is a gutter by the side of each and every one. Let's keep our minds out of the gutter by re-

fusing to talk about our neighbor, or even listen to anyone else send up a wail from the gutter.

**SCOTTISH.**

Our American boys in Ireland see an occasional Scotch girl. They are really amazed to see the girl powder her nose with a marshmallow before she eats it, but our boys see that the poor girls get the candy right on.

**SOUR GRAPES.**

American flyers bombing out of England are working havoc on the German set-up with the heaviest bombings of all time — "The Grapes of R. A. F.!"

**OUR WEAKLY POME.**

Roses are red,  
Violets are blue,  
Sugar is sweet,  
A pound will do.

**FLASH!**

Tokio expects a big boom in Japanese real estate right soon. Things are going sky-high just as soon as the American bombers pass over.

**ADVICE.**

If your feet hurt, quit biting the nails. They were only made to walk on, not to be used for pas-time.

**DEFINITION.**

Babies are the rivets in the bond of matrimony.

**ENLISTED.**

Then there was the fellow who was knee deep in love with a girl who kept him on her wading list.

**QUITE WITTY.**

The new pastor of the North End church announced: "Next Sunday we will have services at the North End church in the morning, at the South End church in the evening, and baptize babies at both ends the same day."

**IN GEORGIA.**

Down in the good old goober-grabber state of Georgia, they are buying the federal car stamps at \$5 each. They get them at the postoffice and get their driver's license at the same place and pay another \$5 for that privilege. Here in Texas we hear grumbling because the driver license costs fifty cents.

**CELEBRATION.**

Next Saturday is July 4th. That day is observed because it was the day when our Nation celebrated their Declaration of Independence from England. There will be a rodeo in town Saturday where you will be furnished plenty of amusement in the style of the old West. All the profit will be given to the local war organizations to help make life more pleasant for our boys in the service of their country. Chairman Geo. Norwood says it will be the best that can be produced. Joe McMurtry is chairman of the committee to handle the money and will see that it gets into the channels where it will do the most good for the boys in uniform. Make your plans for the big day in Clarendon. More specific information is to be found in this issue of your Donley County Leader.

That winds up this squawk for this week. See you after the Rodeo Saturday.

**MIDWAY**

Mrs. John Goldston

Word has been received that "Preach" Goldston is in a hospital in Los Angeles, a major operation impending.

Fanny Rector visited her sister, Mrs. John Goldston Saturday.

Mr. and Mrs. J. C. Longan, Mr. and Mrs. Herbert Johnston visited Mrs. Edith Longan Sunday.

Lt. J. H. Green who was here from Kentucky visited in the Longan home Sunday. He was to go to Ft. Smith from here.

Mrs. Longan visited Mrs. Lamberson in Clarendon Monday.

Mr. and Mrs. John Chamberlain and Ben visited Mr. and Mrs. Gene Chamberlain in St. Anthony hospital Friday.

Mr. Waldron and family of Childress visited his sister, Mrs. John Naylor Sunday.

Mr. John Harlen of Amarillo and baby visited in the Potter home.

Mr. and Mrs. Morris Bankhead

and children of Amarillo visited his uncle, Mr. and Mrs. W. K. Davis Sunday.

Mr. and Mrs. John Goldston and Betty Jean and Johnny Chamberlain went to Amarillo Wednesday to be with the Gene Chamberlains. Mr. Chamberlain underwent a major operation in St. Anthony hospital Wednesday.

Mrs. Ruby Bromley visited her husband Thursday who is in the Veterans hospital in Amarillo. Billy Milt Bromley is now working on the Rowe Ranch with Jake Chamberlain at Oxbow.

Betty John Goldston has accepted a position as assistant dress maker in Amarillo. She left Friday to begin her work.

Mr. J. A. Meaders has been ill the past week since having some teeth extracted.

Bobby Jones has been ill a few days. Bobby is the son of Mr. and Mrs. Ernest Jones and is staying with his grandmother.

Brack LaGrone returned home Friday from working near Brice.

Johnny Chamberlain is visiting his Goldston-Chamberlain grandparents while his parents are in hospital.

Miss Mattie Rhodes and sister were dinner guests of Mrs. Jones Sunday.

**SKILLET**  
Kenneth Preston

Mr. and Mrs. Claude Brown visited in the home of Mr. and Mrs. George Preston Sunday. Mrs. W. T. Burr and Mrs. M. L.

Giesler visited Mrs. George Preston Wednesday.

Mrs. Willie Boyett visited in the home of her mother, Mrs. R. S. Thompson Saturday night and Sunday.

Mr. and Mrs. George Baker visited Mrs. Oscar Riener Sun.

Mr. Fred Hunt was home visiting his parents, Mr. and Mrs. Herman Hunt over the week end.

Zonia Mae and Jason Baker visited in the George Preston home Sunday.

Miss Jean Burr has returned home from visiting her sister, Mrs. Raymond Dalton who lives in Pampa.

Mr. and Mrs. G. F. Baker of McLean visited Mr. and Mrs. Geo. Preston Sunday.

Mrs. C. F. Weaver and daughter Syble, Mr. and Mrs. Charles Weaver and son Robert visited Mr. and Mrs. L. A. Kalka Sunday.

Mr. Tommy Beck who recently joined the navy has been reported getting along fine and liking his work.

Donley County Leader, \$2 a year.

**MISS IONA MILLER BECOMES BRIDE OF FRANK HOLTZCLAW**

Mr. and Mrs. E. T. Miller of Amarillo announce the marriage of their daughter, Iona, to Frank Holtzclaw of the United States Navy, son of Mr. and Mrs. W. B. Holtzclaw of Amarillo.

Nuptial vows were spoken Sunday evening, June 21 at 6:30 in the First Baptist Church parsonage at Yuma, Ariz. Rev. W. Ray Gorseage officiated at the single ring service.

Mrs. Holtzclaw was graduated from Amarillo High School and attended West Texas State College at Canyon. She has been associated with the Farm Security Administration in Dallas.

The bridegroom was graduated from Clarendon High School and attended Clarendon Junior College and Baylor University. Before joining the Navy, he was associated with the Brown Foreman Company, in San Antonio. He is in the medical corps of the Navy and recently was ordered to duty with the Medical Division of the Fleet Marine Force, stationed at Camp Elliott, San Diego, Calif.

**PARK PICNIC**

Miss Dorothy Jean Tatum entertained a number of her friends with a picnic supper at the Park Thursday evening.

Games were played before and after supper.

Those present were Elise Norwood, Ada Sue Smith, Johnnie Johnson, Ruth Patman, Dorothy Jean Tatum, Lama Vee Tatum, and Jimmy Douglas, Dick Reeves, Carroll Brumley, Tommy Saye, Wayne Donnell, Manly Bryan, James Wesley Palmer, Max Keys, Guy Lynn Tatum, Mr. and Mrs. Henry Tatum and Mrs. Hattie Palmer.

**LOCAL COUPLES HONORED**

Mr. and Mrs. John Gillham entertained Thursday evening in honor of Mr. and Mrs. L. B. Penick and Mr. and Mrs. Harry Hart. Mr. Penick enlisted in the Navy and left for active duty June 28. Mr. Hart was home on a 10-day furlough, from Ft. Sill where he was temporarily stationed.

A picnic supper was spread at the Park at 8:30. After the supper, games of bridge were played at the Gillham home.

In the games, Mr. and Mrs. A. D. Estlack received high, Mr. and Mrs. L. B. Penick, 2nd high.

Those present were Messrs. and Mmes. L. B. Penick, Lawrence Whitlock, Geo. Wayne Estlack, Harry Hart, Alfred Estlack, and the hosts, Mr. and Mrs. John Gillham.

Children present for picnic were Jacqueline Estlack, Beth Gillham, Ira Jean, Pat and Bobby Estlack.

**WINDY VALLEY CLUB**

The Windy Valley Club met June 24 with Mrs. Oleta Waddill as hostess. During the afternoon, two quilts were quilted. In the business session, it was decided that two quilts would be quilted for the Red Cross, with the Club furnishing the tops.

Mrs. I. M. Noble will be hostess on the next meeting, July 8th.

Those present were Mmes. M. L. Crome, Harvey Shaw, Dault Swinney, J. L. Hutson, Carl Barker, Will Barker, I. M. Noble, Nelson Seago, Cap Anderson, Gerald Reed, John Gilliam, Henderson, Kidd, Dale Barker, Cecil Mills, C. C. Ayers, W. B. Ayers, Oleta Waddill, and Miss Lola M. Ayers.

Myrtle Reeves of Hedley visited Mrs. U. J. Boston Monday.

**YOUNG MATRONS S. S. ENTERTAINS**

The Young Matrons S. S. class entertained with a Jalopy party at the Methodist church Friday morning. Mesdames Acord, Homer Bones, Walter Hutchins, Virginia Schull, were hostesses. Mrs. Paul Shelton teacher.

A delicious breakfast was served to Mesdames Pau I Shelton, Abbie Warner, M. L. Thornberry, Frank White Jr., O. D. Lowery, Frank Phelan, Allensworth, Clo-teal Ray, Paul Smithy, Victor Smith, Chas. Lowry, J. O. Quatt-leebaum, G. T. Palmer, L. B. Penick, L. N. Cox, B. C. Antrobus and the hostesses.

Mr. and Mrs. S. H. Manning who have been visiting their children at Amarillo spent Wednesday and Thursday with her sister, Mr. and Mrs. J. C. Estlack.

Mrs. Mack Butler and children of Shreveport, La. returned home Monday after a two weeks visit in Pampa and Clarendon.

Word from Thad Lyle, son of Mr. and Mrs. Frank Lyle of this city, states that after several days in convoy out of Porto Rico, he is now located in the Canal Zone area.

Mrs. Lewis Busby, after several days visit here with her mother, Mrs. Z. N. Williams, who is ill, returned to her home at Lockney, Monday. She reports her mother as feeling some better.

Oscar Maxey and Lonnie Hahn who are employed in defense work, visited their families here Sunday.

Mrs. Weldon Warren of Vernon came up Saturday night for a visit with her husband and other relatives and friends. She returned there Sunday where she is employed.

Mr. and Mrs. W. C. Morgan of Paris, Texas visited in the home of his uncle, Mr. and Mrs. Jim Morgan this week.

Mrs. Clara Eudy of Memphis visited Tuesday with her sister, Mrs. John Watters.

## Church News

**ASSEMBLY OF GOD CHURCH**  
*Alma Wisdom, Pastor.*  
Church services every Thursday, Saturday and Sunday night Sunday school, 10 a. m.

The following list of workers have been added to those workers whose names were mentioned last week: Mmes. W. L. Clampitt, L. Guy Ament, E. C. Herd, E. W. Adam, Lon Rundell, Harry Rud-dell, Guy Shelley.

Rosemary and Beverly Bourland returned to their home at Quail Sunday after visiting their grandparents, Mr. and Mrs. David Johnson.

Bro. M. F. Manchester, wife and children visited their parents, Mr. and Mrs. J. W. Love and Mrs. S. A. Manchester at Ranger last week.

## Has Narrow Escape

In returning to the States from the Canal Zone where he had been working on a defense project, Orbie Mayo related a hair-raising story concerning his return trip.

He boarded a ship on June 11 and left port the 12th. At 9 o'clock of the same night, about 150 miles out, the ship was torpedoed and sank within 12 minutes. Orbie was standing on deck when the explosion occurred and it was a lucky thing as he was told that the torpedo passed directly through his room. He climbed aboard a life boat and was picked up the next morning and returned to the Canal Zone. He was told by some of the men in the same boat with the captain that the submarine officer called them to pull up to the sub and through conversation, it appeared that the sub officer knew as much about the ship as anyone else. Approximately 50 men were lost out of 286 passengers aboard the ship, Mayo stated.

Determined to get home, Orbie boarded another ship on the 19th and arrived at a Florida port on the 26th. This ship was convoyed so there was very little danger of being attacked.

Orbie is a son of Mr. and Mrs. J. T. Mayo of Clarendon.

Ottis Hutto of Freeport, Texas visited his sister, Mr. and Mrs. Alfred Estlack and girls Tuesday night.

Mr. and Mrs. J. T. Duke spent the week end visiting in Pampa.

Judge and Mrs. R. Y. King and the twins were in Amarillo Tues.

Mrs. McFall of Quitaque is visiting Mrs. Elkins.

## Mrs. Amy Warner Died Today

Mrs. Amy R. Warner, aged 80, of Lelia Lake passed away at Amarillo this morning. Funeral services have been set for 3 o'clock Friday at the First Methodist Church at Vera, Texas. Her body will lie in state at the Womack Funeral Home here until Friday noon.

She is survived by a daughter, Mrs. W. W. Jones, Lelia Lake. Two brothers, Herbert Warner of Amarillo, and Bill Warner of Fort Worth.

**COMPLETES TOUR**  
Carl Morris is visiting home-folks this week. He has just completed a tour of the eastern coast along New York, Canada and Washington, D. C. He is a student of A&M and made the trip with the Agriculture Economic class.

**IN NAVAL TRAINING**  
Word was received by the Leader this week that Glenn L. Allison, son of Mrs. J. L. Allison, is undergoing recruit training at the U. S. Naval Training Station at Great Lakes, Ill.

Mrs. Moreman of Hedley spent the week end with her daughter, Mrs. Will Ray.

Mrs. Walter Wilson returned from a visit with her sister in California.

Mrs. Eula Cox visited her nephew and wife, Mr. and Mrs. Ray Moreman at Hedley Tuesday and Tuesday night.

Mrs. T. H. Peebles visited Mr. and Mrs. Luther Butler at Lelia Lake last week.

Marshall Butler of Dallas visiting here the past week end.

## A Few Consumer Services Affected

Completing the price control program of the Office of Price Administration, a regulation covering consumer services dealing with commodities has been issued, which was effective July 1.

In announcing the effective date of the consumer service price regulation, Max L. McCullough, region OPA Administrator, pointed out that services not covered by the ruling, as well as those covered, are listed in the regulation itself.

Some of the more common services which are affected and those which are not affected follow:

**These Are Controlled:**

Shoe shines and repairs, Dry cleaning, Laundry work, Fur repairs and storage, Furniture repairs and storage, Radio repairs, Vacuum cleaner repairs, Sewing machine repairs, Washing machine alterations, repairs, Bicycle and luggage repairs, Fountain pen and camera repairs, Lawnmower sharpening, Hemstitching, tucking, pleating.

**These Are Not Controlled:**

Beauty parlors, barber shops, Doctors' and dentists' fees, Lawyers' fees, Telephone and telegraph, Insurance rates, Gas and electricity, Water rates, Transportation rates, Turkish baths and masseurs, Notary publics' fees, Employment agency rates, Athletic and health club rates, Tree surgery, Express company rates, Newspaper ad rates.

Mr. and Mrs. D. E. Holt of Leflore announce the arrival of a 7 lb. 15 oz. girl, Wed., July 1st.

The Junior Victory Club reported at their meeting Monday, the gathering of 70 lbs. of rubber.

**Welcome Visitors - - -**

Harold Donnell who was returned to his home here Sunday after an appendectomy in an Amarillo hospital, is recovering nicely and is able to be about town again.

Claude Ellis, one of Donley county's old pioneer cow pokes took off Wednesday by bus, to take in the Reunion at Stamford, which event is staged annually for these old cowhands, whose lines, like that of the Blue and the Grey are fast fading.

Mr. and Mrs. Ralph Decker and daughter Betty Jean visited in Amarillo Monday.

**Volunteer Officer Candidate Applicants Must Report To Reception Center**

Lt. Col. Joseph R. Peller, Recruiting and Induction Officer at Lubbock, Texas stated that the War Department program for permitting men now classed 3A by Selective Service, to enter the Army as Volunteer Officer Candidates has been misunderstood in many cases. All of these candidates are required before acceptance as such to report to a designated Army reception center for mental and physical examinations. These examinations are intended to weed out all of those who are of doubtful officer caliber. This is a protection for the Army as well as the individual concerned.

A great many more applications have been received than can be accepted except after a delay of several months. Successful applicants are called to service in order of their date of qualification.

After an applicant is accepted and inducted into the Army as a Volunteer Officer Candidate, he is still not certain of acceptance for an Officer Candidate School. In selecting candidates for this school, all men in the service are considered and the Volunteer Officer Candidate must take his chance with the others. The fact that he has already passed a qualifying examination indicates that his chances for selection are better than men who have not taken such examination, but no promises can be given that he will be selected.

Henry Williams was up at Claude Wednesday looking after his farm interests. He reports a heavy rain up there.

Dan Latimer, prominent farmer of the Bray community was here Wednesday on business.

T. M. Little arrived from Oklahoma Monday and will be associated here with Dusty Taylor in sign and display work.

**The Peace That Is To Come**

While we fight a war, we must also plan for the peace that is to come. When the last shot is fired, this nation will face problems as vast, as difficult and as vital to its survival as those posed by the war itself.

On the credit side, we will have a productive machine greater than that of all the rest of the world combined — a machine which will be unparalleled in efficiency as well as in size. On the debit side, we will have a national debt of over \$200,000,000,000, and interest payments alone on that debt will amount to some \$6,900,000,000 a year. That debt can be serviced, and gradually reduced, only if our national income holds to levels unknown before this war began. And such income can be secured only from private enterprise — from the earnings of industry and the individual — not from government spending.

When the war ends we will have, on the one hand, a colossal bureaucracy built up during the war. We will have, on the other, the incredible resources and installed capacity developed by private enterprise. And then the great test will come. If democracy and freedom are to survive the peace, if the American standard of living is to again rise to ever-greater heights, that system we call private enterprise will have to be freed of all the restraints and controls the war emergency made unavoidable.

We cannot progress in the future with a philosophy of scarcity. We cannot progress and meet our obligations if super-government is perpetuated and competes with private enterprise in many lines of endeavor. We can progress if,

and only if, the enormous energies of the American people and American industry are completely released and encouraged to produce—then they can pay the needed taxes to keep this country solvent.

In a famous address, Vice-President Wallace said that the post-war era must be the era of the common man. And that can have only one meaning. It must be the era in which all men are not only permitted but encouraged to go as far and as fast as their abilities and energies can take them, undeterred by the dead hand of bureaucracy. It must be the era of true freedom for all people everywhere.

This country is the leader in producing for war. It must also be the leader in producing for peace. All over the world, hungry and destitute people, living in ruined lands, will want and need what our American factories can provide. The salvation of the world will lie in more trade, more production—and more free enterprise.

The problem of the debt is not simply a problem in economics. It is a problem in philosophy as well. If it is faced in the typical American manner, and all private capital is encouraged to go to work and create maximum production, it can be solved. If it is faced in the manner of the totalitarian states, and more and more power is seized by governments, accompanied by more and more public debt, leaving the people with less and less freedom of action, it can never be solved. Then we would have truly lost the war, entirely aside from the military decision reached.

After this war, free enterprise in America will be in a position to make an unprecedented contribution to the well-being of our own people and the peoples of all other lands. It will be in a position to raise the general standard of living to unprecedented heights. If we have faith in this country, if we understand this country and all it stands for, and all it is now fighting for, that will be done.

Mrs. Joe Holland had a very painful accident Friday when she sprained her ankle as she stepped off the curb in front of the bank.

Mrs. M. C. Reed has returned to her home after spending two weeks in Amarillo for medical treatment.

Ernest Eudy and Eugene Bell left for Dumas, Wednesday where they have accepted a position.

Mr. and Mrs. Henry Pope of Portales, visited her sister, Mr. and Mrs. Roy Stewart and friends here the past week end.

J. A. Warren was in Hedley Wednesday on business.

**Kills Many Eagles From Airplane**

AUSTIN—A marked increase in the number of several prized game animals of the Trans-Pecos region as the result of control of the devastating golden eagle and other predators, was reported today to the Game Department by Wardens stationed in that desert country.

Game Wardens who have been thinning out the over-abundant eagles since the Legislature last year placed it on the unprotected list of Texas birds have been assisted by many landowners, sportsmen and other interested conservationists.

As a result antelope, mule deer, and Bighorn Mountain sheep have picked up in numbers since there are fewer eagles to devour their young.

The Executive Secretary of the Department emphasized that there was no intention of utterly destroying all golden eagles even if it were possible, but that it was practical to kill some of them, even several thousand, in an effort to attempt to restore a balance of nature that would permit all species to live in relative harmony.

Golden eagles are native to the trans-Pecos country but are not found elsewhere in Texas. Occasionally a bald eagle, bird symbol of the United States, is found in those parts and also in the Panhandle-Plains area, but not often. The bald eagle is definitely pro-

tected by law, but the golden eagle is not and may be killed at any time.

The golden eagles attain great size, the average wing-spread being seven and one-half feet and they have powerful talons and a habit, now duplicated in modern war, of "dive-bombing."

Their usual method of destroying game, say veteran trans-Pecos Game Wardens, is to fly up about 3,000 feet, spot newly-born or very young antelope, mule deer, or other animals, fold their wings and dive upon the unsuspecting game, clutching the young in their talons and soaring aloft to some craggy retreat to enjoy a good meal.

Thousands of young antelope, mule deer and mountain sheep have been thus destroyed.

With the Game Department already engaged in an extensive antelope restocking program in the Trans-Pecos and with efforts being made to restore the mule deer and mountain sheep, the eagle control program is believed to fit well into the desert country game rehabilitation picture.

Of late one Game Warden and a pilot have been shooting the eagles from an airplane, and several hundred have been brought down. It is unlawful to shoot any game bird from an airplane, but since the golden eagle is no longer protected it is not a game bird and hence this airplane hunting is legal. The Warden kills the eagles with a shotgun loaded with BB shot. To date he has 400 flying hours to his credit on eagle hunts, with a record of one eagle per hour.

# Gasoline Rationing Would Cut Revenue Of Texas Schools

Schooling of Texas children may suffer heavily if gasoline rationing is extended to Texas. That's the conclusion to be drawn from study of a school tax survey just received here. The survey, compiled from reports of independent school districts and official state records, shows that last year petroleum and its products bore 39 per cent, or virtual-

ly two-fifths of the total cost of schooling Texas boys and girls.

Or to put it another way, two out of every five Texas school children were educated last year through taxes on the Texas petroleum industry and on gasoline. A total of 600,000 Texas boys and girls out of the state's scholastic population of 1,539,006 had their entire school expenses paid by petroleum and petroleum product taxes last year.

The report, compiled by Texas Mid-Continent Oil and Gas Association statisticians from figures obtained from independent school district tax collectors and from state officials, shows \$91,754,249 was spent for educating Texas school children last year. Of this amount, \$23,254,172 was paid by the Texas petroleum industry in State and local taxes used for school purposes. An additional \$12,384,568 was paid for schools in gasoline taxes by individual Texas motorists, making a total of nearly \$36,000,000 from petroleum and its principal product. Not only gasoline taxes but also oil taxes would be seriously affected by rationing, it was pointed out, as Texas oil output would drop even lower if the market for Texas gasoline were cut further.

Of the average per-pupil school cost of \$59.62, oil and oil product taxes paid \$23.25.

Revenue from these sources have aided the State Tax Board to cut the State school ad valorem tax rate to its present 16 cents, less than half its constitutional maximum of 35 cents per \$100 valuation.

While oil and oil products bear two-fifths of the cost of Texas public schools, they pay an even larger part of general state taxes. Last year, the Texas Mid-Continent report shows, the Texas petroleum industry paid 55 per cent or well over half, of all State business and property taxes. If sales taxes are included, petroleum and its products bore 62 per cent, or close to two-thirds, of all State taxes.

# Texas Low-Income Farm Families Show Increase In Net Profits

Texas low-income farm families have increased their annual net income by 103 percent and have more than doubled food production for their own use since receiving rehabilitation loans from the U. S. Department of Agriculture, according to information received here by J. E. Burch, Farm Security Supervisor in Donley County.

The gains registered by Texas' farm families were above the national increase for more than one-quarter million Farm Security borrower families.

Mr. Burch's information came to him in a report by C. B. Baldwin, Farm Security Administrator, which was prepared for Secretary of Agriculture Claude R. Wickard.

Pointing out that these increases are particularly significant as a contribution to Food for Freedom, the FSA administrator told Secretary Wickard these gains "support in a striking manner your recent statement that on all these small farms with their supply of home labor lies a real opportunity today for a high percentage increase in wartime production."

"This family progress report," said Mr. Burch, "shows greater increase than any previous year of Farm Security operation. This proves the willingness and ability of low-income farm people, when properly assisted, to do their share toward meeting the nation's food goals."

The Texas phase of the national report shows that the annual value of home-use production per family had increased from \$166 to \$378, or 128 percent since farmers in this state first received help.

Texas FSA borrower-families increased their annual net incomes an average of 103 percent, from \$470 to \$953, during the time they received assistance. They increased the amount of fruit and vegetables canned by 127 percent, from 121 quarts in the year before they got loans to 275 quarts per family in 1941. They increased their milk production for home use from 347 to 545 gallons or 57 percent. They increased meat production for home use from 233 to 457 pounds or 96 percent. Last year, they stated, in addition, 18 bushels of fruit and vegetables were produced and used. For use of the average family 143 dozen eggs and 11 gallons of lard were produced.

Since Pearl Harbor even greater emphasis has been put on food production and loan requirements have been broadened by FSA to enable a large number of eligible farm families to contribute to the food production goals.

Mr. Burch said the administrator has instructed Texas Farm Security officials to expand the community and cooperative services program to enable small farmers to make maximum use of available machinery and tools and also to develop facilities through which their increased food production can flow rapidly to centers of distribution.

The Farm Security office in Clarendon is located in the Goldston building.

Although retail prices have risen 25 per cent since September, 1939, when Germany attacked Poland, the new overall price regulation now has put a brake on the high cost of living. In addition to most food items, prices on tobacco, drugs, toiletries and sundries, shoes, all forms of apparel, drygoods and yard goods, furniture and furnishings, appliances and equipment and hardware are controlled.

## RED CROSS VOLUNTEER SERVICE

Very little coming and going has gone on at the production room this week with only a few garments being turned in and only a few garments being turned in and only a small amount of yarn being issued. Mrs. Frank Phelan turned in an olive drab sleeveless sweater and took out yarn for a war production sweater and Mrs. H. C. McMahan turned in a war production sweater and took out yarn for an olive drab sleeveless.

Several squares for the wool afagans were turned in by Betty Jo Rhodes, Miss Grace Lowell, Mrs. L. T. Shelton, and Mrs. J. C. Gibbs. Mrs. C. E. Griggs turned in

Mr. and Mrs. Brinson of Ash-tola spent Sunday in the Hower-tola home.

Howard and Jack Sutton from Goodnight spent Sunday with Mr. and Mrs. Crawford.

Iva Ruth, June Gibbs, Mr. and Mrs. Bulman and children, Mrs. Land spent Sunday afternoon with Mr. and Mrs. Tick Barbee of Gratom.

Mr. and Mrs. J. T. Easterling and girls, Mr. and Mrs. Guy Sibbey and girls spent Sunday with Mr. and Mrs. Will Barker of Lelia Lake.

Lavern Marshall spent Sunday with Billie Jean Howerton.

Mr. and Mrs. Woods and children of Marshal, Texas spent Sunday with his sister, Mrs. W. L. Jordan.

# Fifty Counties Still Short USO Quota

\*\*\* \*\*

Fifty Texas counties have completely failed to do their share of the USO campaign, Harry C. Wiess, state chairman, reported today.

Ninety-one counties have made their quotas, and reports have been made of partial completions in 114 other counties, bringing Texas within \$175,000 of its \$1,110,000 quota in the war fund campaign which will provide recreation and comforts for the men in Uncle Sam's fighting forces.

"We can make this a glorious Fourth of July by completing this campaign by that date," Mr. Wiess declared. "Then we civilians can truly say that we have made our soldiers, sailors and marines independent of want for a home away from home."

The drive opened May 11 in every state, seeking a national

the USO, we feel confident that your county will make a good showing."

Mr. Wiess also announced that 700 USO centers are now in operation at home and abroad.

## GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."

Recent showers are a great help to the garden, lawns, flowers and shrubs. Bright petunias, perennial phlox, gladioli and danlias are blossoming to add beauty to the yards.

Gilmer Ayers' home is a very attractive plot. It shows care and planning that results in a beautiful landscape.

The lawn and flowers surrounding the Eddington Apartments are noticeable because the lawn is trimmed neatly and the bright blossoms give a gay appearance and a feeling of satisfaction.

A huge vine is flowering in the yard of C. R. Skinner. This vine is sometimes called the trumpet vine. It is a profuse bloomer and is therefore popular at this time of year.

The Parkway on College Avenue has just received a lot of care and been relieved of many unsightly weeds. It looks much better.

We are hoping that everyone will clean their yard and grounds so that the town will look neat and clean for the Fourth of July celebration.

One of the best kept lawns in the city is the one surrounding the City Hall. The grass is still a very bright green in spite of the hot dry weather and this is indeed hard to find at this time.

Petunias of several colors form a bright splash of color near the Garage of Homer Bones. Two rows of cotton are also growing very nicely. Cotton is an ornamental plant and is interesting to grow.

## GOLDSTON

Beatrice Smith

The usual crowd attended Sunday school Sunday morning.

The Red Cross met with Mrs. Neely Hudson Thursday evening. They will meet again with Mrs. Wilson Gray in two weeks.

Bill Howard spent Thursday evening with Dwayne Hudson.

Mr. and Mrs. Roy Brock and family visited in the Collier Brock home Sunday.

Christeen McQueen was in Amarillo Saturday.

Bonnie Joe Mooring spent Saturday night with his uncle and family of Lelia Lake, Mr. and Mrs. Charlie Young.

Mrs. Ben Anderson and daughter spent Sunday night with Mr. and Mrs. Roy Roberson and family.

Hugh Stewart spent Monday with O. A., John and Billie Smith.

Daphne Roberson spent Monday night with Wilma and Beatrice Smith.

Jimmy Nell Parker and Wilma Smith spent Saturday night with Juanita and Naomi Mooring.

Arlis Mooring spent Saturday night with W. R. Parker.

Mr. and Mrs. Herbert Hunt and son, Mr. and Mrs. Tipps and Ralph Hulene Rainey and Mr. and Mrs. H. C. Smith and family visited in the Claude Fulton home Sunday evening.

Nita Johnson of Amarillo spent last week in the Claude Fulton home.

Hulene Rainey is now visiting Mr. and Mrs. Tipps. They live on the McMurtry ranch. Hulene is a sister of Mrs. Tipps.

Arlis and Naomi Mooring spent Sunday in the Parker home.

Mr. and Mrs. Roy Roberson and family visited her mother, Mrs. Townson and brother, Mr. and Mrs. Bernie Townson and family and his mother, Mrs. M. F. Roberson and sisters, Mary and Minnie Sunday.

### A LETTER TO UNCLE SAM

Dear Unc,

The priorities around this house are simply terrific. What a time I had getting at the typewriter to make up this letter of thanks.

You see, it's this way. Every Sunday, and after dinner weekdays, Dad used to take Mother and me for a ride. And did we dread it!

Mom said Dad used to drive like a maniac... no regard for my tender feelings and stomach. He'd honk and fight his way through traffic, missing fenders by an eyelash, at a speed that made my heart bump my tonsils.

Now, boyohboy what a relief!... Dad heard a Phillips news broadcast say that Uncle Sam wants every motorist to Care for his car—For his country. Then he saw a Phillips ad which said that any Phillips Service Station man would be glad to show him how to do it. Well, to make a long story not too long,

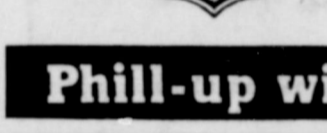

the Phillips man whispered the magic words to him: DRIVE UNDER 40.

You'd never think anything so simple could change my whole life. But it did. Dad now drives like a human being. He has found out that he not only saves rubber, but also gas and oil... and saves his nerves, too. Mom swears that Dad is a different man ever since he started getting gas, oil, and car-care at the Phillips Service Station... you know, the ones that have the big Orange and Black 66 Shield.

I guess lots and lots of other folks are going there, too, because I sure hear plenty of talk about Phillips 66 Gasoline and Phillips 66 Motor Oil.

I even hear that you're using some of it yourself.

Respectfully,  
Your Grateful Nephew

## Bible Briefs

BY M. F. MAJESTER

### CONFESSION

Most all denominations require that those who would join them make some kind of confession, profession, or relate some sort of religious experience. Here are a few: "Do you believe that God for Christ's sake, has pardoned your sins?" "I confess to Almighty God, to blessed Mary, ever Virgin, to Michael the Archangel, to blessed John the Baptist, etc." When were you saved, and how were you saved, etc.? Now all these questions and confessions are unknown to the word of God; therefore let us go to the Bible and find out the kind of confession is required therein.

### Faith and Confession:

Confession is faith speaking from the abundance of the heart. Rom. 10:9:10 "If thou shalt confess with thy mouth the Lord Jesus, and shalt believe in thine heart that God hath raised him

from the dead, thou shalt be saved. For with the heart man believeth unto righteousness; and with the mouth confession is made unto salvation."

Satan with all his power can not keep a person from confessing Christ, who has believed on him with all his heart. Here is an example of some who believed, but not with all their heart.

"Nevertheless among the chief rulers also many believed on him; but because of the Pharisees they did not confess him, lest they should be put out of the synagogue. For they loved the praise of men, more than the praise of God." Jno. 12:42:43. This degree of faith will not save; because Jesus says we must confess him before men.

### If We Confess Him:

Matt. 10:32:33 "Whosoever shall confess me before men, him will I confess before my Father which is in heaven."

### Confess You Before Angels:

Luke 12:8 "Whosoever shall confess me before men, him shall the Son of man also confess before the angels of God."

### Philip Preaches to The Eunuch:

This Ethiopian officer was not a Christian, and Philip preached unto him Jesus. As a result of his preaching Jesus unto him he wanted to be baptized. (There are many who claim to preach Jesus, but cause no one to want to be baptized) Why? (Because they tell folk it is non-essential)

### TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary  
Donley County ACA

The Agricultural Conservation Association has initiated an additional program which deals with the carrying out of certain soil-building practices, and having the payment for such practices taken out of the check to be made to the farmer under the Conservation Program.

This is called the Conservation Material and Service Program, and will enable the farmer to pay for terracing, forest trees, and certain seeds to be planted in carrying out the soil-building practices up to 70% of the Conservation Check which can be earned.

If a farmer wants his farm terraced, and does not have the money in his pocket to pay for the job now, he may come to the county office and have his conservation payment estimated. After the estimation is made and 70% of the payment is figured then he will know how much he is eligible to spend under the Conservation Material and Service Program, and the money will be advanced at any time the work is done.

Farmers interested in the Program should contact firms or individuals who do terracing work to find what this work can be done for per 100 feet. The County Committee must OK any deal made for work under this program, and after the work is completed an employee of the county office will measure and inspect the job. Payment for the work will be computed, and as soon as possible after it has been certified

**Dr. Keith S. Lowell**  
GENERAL PRACTICE AND SURGERY  
OFFICES IN GOLDSTON BLDG.  
Office Phone 126  
Residence Phone 174

at the general accounting office at College Station a check will be mailed directly to the man who does the work. This amount, whatever it is, will be deducted from the check which would otherwise go to the farmer for Conservation payment.

Operators who are interested in having work of this kind done should come to this office and talk the matter over with Mr. Flynt and get their applications in at an early date. By getting to this as soon as possible the farmers will have time to get the prices of several different people who do this type of work.

It is our understanding that there will be several small terracing machines, called Whirlwind Terracers in the county. It might be well for farmers who are interested to look over the work of these machines. It may be too late for work of this type in 1942, but it is not too early for farmers to be thinking and planning this work for the coming crop.

### Tire Rationing Amendment Is Added

An amendment which tightens restrictions on use of tires by some eligibles under rationing and also extends eligibility to certain automobile users not heretofore provided for has been issued by the Office of Price Administration, Max L. McCullough, region OPA administrator, has been advised.

More stringent requirements to be met by physicians, surgeons, farm veterinarians and practicing ministers, to be eligible for tires and tubes, are contained in the amendment to the rationing regulations, Mr. McCullough said. Vehicles operated by such users must now be used "exclusively" for professional services or religious duties, instead of "principally", as heretofore. Eligibility for recapped or obsolete new tires is extended to school officials and teachers who must travel by car from one school to another in an area

### PETITIONS FOR CONGRESS

Petitions signed by 16,000 Texas farmers asking for a fair chance to meet Food for Victory goals through average parity prices on all agricultural commodities were sent to Congress last week from state headquarters of the Texas Farm Bureau Federation in Waco.

Shown above are a portion of the 2,500 copies of the petition on display in state Farm Bureau offices just before being relayed to Texas congressmen in Washington.

Viewing the display are J. Walter Hammond (left) of Tye, president of the Texas Farm Bureau, and Jack Clark of Caldwell, one of the district directors of the statewide farm organization.

where no other transportation is available. Certificates will not be issued to any teacher or official whose duties are performed wholly at one school.

Other changes in tire rationing regulations are: Licensed chiropractors and osteopaths are made eligible under the same conditions as apply to doctors of medicine.

Eligibility of ministers is extended to "any religious practitioner qualified to administer to the religious needs of the members of a congregation."

Designation of nurses eligible for tires is changed from "visiting nurse" to "public health nurse."

"Under the new standards applying to doctors and ministers, if it is necessary for the applicant for new tires to answer emergency calls as a part of his professional practice, he may be issued a purchase certificate which will enable him to use his car between his home, his office and hospitals," Mr. McCullough explained.

Mr. and Mrs. Karl Adams and daughter June left Wednesday for their home at Sunray.

The petitions, which were circulated by county and community Farm Bureau leaders in more than 200 Texas counties, are shown here lined up by congressional districts. Each of the 21 Texas congressmen received copies signed by farmers in his district, and master lists from the entire state were sent to Senators Connally and O'Daniel.

The petition urges Congress to retain the 85 to 110 percent of parity market range provided in the present price control law so that farmers will have a reasonable chance to average parity for their products and thus be able, in the face of rising production costs, to produce the food and fiber needed to defeat the axis.

That last is a distinction neither of his opponents can claim, remarkable as are their vote-getting records. Indeed, since the double primary system was adopted in Texas, O'Daniel alone has twice been chosen governor without a second primary.

Dan Moody shares with O'Daniel the distinction of unvarying success at the polls. He was Texas' youngest governor, inaugurated at the age of 33. Before his elevation to the governorship he had served two years as county attorney of Williamson county, three years as district attorney of Travis and Williamson counties,

and two years as attorney general. For the last eleven years, Moody has practiced law in Austin with marked success. He now seeks office for the first time since his retirement from the governorship.

Allred was never defeated but once, and that by a narrow margin. After serving as assistant district attorney and, later, district attorney of Wichita county, he made an unsuccessful race for attorney general against Claude Pollard, who was seeking a second term. In 1930, he defeated Pollard's successor, R. L. Bobbitt; was re-elected in 1932; elected governor in 1934 and re-elected two years later.

On leaving the governorship, he became a Federal district judge by appointment of President Roosevelt and served in that capacity until this month, when he resigned to run for the senate.

Youngest of the three candidates, Allred has had more years in office than either of the others. He is 43 years old; Moody is 49; O'Daniel, 51.

Rev. and Mrs. C. B. Stevenson and children of Houston are visiting her parents, Mr. and Mrs. Crockett Taylor.

Mr. and Mrs. Cap Morris and children returned Sunday from a visit at Wichita Falls, Ft. Worth, Austin and Bryan.

Mrs. Roy Gammon and daughter Elaine returned to their home in Ft. Worth Sunday, having visited her parents, Mr. and Mrs. A. G. Lane.

Mr. J. H. Hurn was in Wildorado Tuesday, attending to business.

Lon Rundell and Harley Harris were in Amarillo on business Tuesday.

**IN AMARILLO**  
Mrs. J. A. Warren and Ardith left Sunday for Amarillo where Mrs. Warren will be in attendance of her little grandchildren, Barbara and James Moore who underwent tonsillectomy operations Monday at St. Anthony's. They are reported as recovering satisfactorily at this time.

**BACK ON FURLOUGH**  
Aviation Cadet, John H. Jay returned home Tuesday on furlough. He is stationed at Ellington Field, Texas.

**BUYS HOME**  
K. K. Day of Lelia Lake has purchased the old Vineyard home three blocks east of the Clarendon Hotel and has moved here to live. Mr. Day has accepted a position with the City Gas Company.

**VISITS PARENTS**  
Randel Acord, who has been an instructor at Williams Field, Ariz., stopped here Wednesday to visit his parents, Mr. and Mrs. J. M. Acord. He was enroute to Hartford, Conn., where he will study engineering.

### DOWN IN TEXAS

By Edmunds Travis

Texas is living up to its reputation for unusual political developments. A few weeks ago it seemed likely that nearly all incumbents of important offices would be retained this year without contests. Now, nearly every candidate for a State office has opposition and there are spirited contests in four Congressional districts.

Dwarfing all other fights in public interest is the battle of the three ex-governors—W. Lee O'Daniel, Dan Moody and James V. Allred—for the United States Senate seat now held by O'Daniel. Not only is each contestant a former chief executive of the State, but each has had an outstandingly successful political career, and each is regarded as invincible by thousands of devoted partisans.

O'Daniel, oldest in point of years, is youngest of the three as a figure in Texas public life. He entered the political arena a little more than four years ago. But he has won three Statewide campaigns against strong opponents, and never had to enter a "run-off."

That last is a distinction neither of his opponents can claim, remarkable as are their vote-getting records. Indeed, since the double primary system was adopted in Texas, O'Daniel alone has twice been chosen governor without a second primary.

Dan Moody shares with O'Daniel the distinction of unvarying success at the polls. He was Texas' youngest governor, inaugurated at the age of 33. Before his elevation to the governorship he had served two years as county attorney of Williamson county, three years as district attorney of Travis and Williamson counties,

and two years as attorney general. For the last eleven years, Moody has practiced law in Austin with marked success. He now seeks office for the first time since his retirement from the governorship.

Allred was never defeated but once, and that by a narrow margin. After serving as assistant district attorney and, later, district attorney of Wichita county, he made an unsuccessful race for attorney general against Claude Pollard, who was seeking a second term. In 1930, he defeated Pollard's successor, R. L. Bobbitt; was re-elected in 1932; elected governor in 1934 and re-elected two years later.

On leaving the governorship, he became a Federal district judge by appointment of President Roosevelt and served in that capacity until this month, when he resigned to run for the senate.

Youngest of the three candidates, Allred has had more years in office than either of the others. He is 43 years old; Moody is 49; O'Daniel, 51.

Rev. and Mrs. C. B. Stevenson and children of Houston are visiting her parents, Mr. and Mrs. Crockett Taylor.

Mr. and Mrs. Cap Morris and children returned Sunday from a visit at Wichita Falls, Ft. Worth, Austin and Bryan.

Mrs. Roy Gammon and daughter Elaine returned to their home in Ft. Worth Sunday, having visited her parents, Mr. and Mrs. A. G. Lane.

Mr. J. H. Hurn was in Wildorado Tuesday, attending to business.

Lon Rundell and Harley Harris were in Amarillo on business Tuesday.

### RETURNS HOME

Mrs. Earl Lynn, who has been attending her mother, Mrs. S. A. Pierce, who is seriously ill here, returned to her home in Amarillo Sunday to be with her husband who is also ill. He is reported as not making the recovery expected and will likely have to re-enter the hospital.

### RUSHED TO HOSPITAL

Bob Holman, Lelia Lake farmer, was rushed to the Clarendon Clinic early this morning for an emergency operation.

### RETURNS HOME

Dr. K. S. Lowell returned home last Thursday from Denver, Colo. where he has been studying advanced X-Ray work with Dr. C. A. Tedrick, X-Ray technician for the Rocky Mountain Clinic there.

### RETURN FROM TRIP

Mrs. Guy Shelly and sons have returned from a 3-weeks trip through Oklahoma and Arkansas. Among the many interesting places seen were the homes of Bob Burns and the Gables along with the University of Arkansas at Fayetteville.

R. M. Chunn was called to Dallas Monday night due to the death of a brother, W. E. Chunn of Dallas.

To preserve rubber-insulated electric cord, lay it flat in storage and out of the sunshine. Avoid sharp kinks and bends.

CLARENDON, DONLEY COUNTY, TEXAS, JULY 2, 1942

A Common Paper for Common People

### RADIO OPERATORS NEEDED IN THE ARMY SIGNAL CORPS

Radio operators with amateur or commercial radio operator's licenses are urgently needed in the Army Signal Corps. The Recruiting Service reports a shortage of qualified radio operators. Men who held licenses, are between the ages of 18 and 45, and can pass physical examination, are urged to apply at the nearest Army Recruiting Office.

### TUBE SWAPS EXEMPTED

Gift kits containing tooth paste or shaving cream may be mailed directly by the seller to a soldier, a sailor or a member of the Coast Guard without requiring a turn-in of an old collapsible tube, WPB has announced.

War Bond sales must be doubled. Are you budgeting your household money to buy War Savings Stamps every week?

### WARNING ON OLD TIRE USE

Use of wornout tires for anything except scrap rubber is a violation of priority orders, officials of WPB's priorities field service have warned junk dealers and others. A lucrative traffic in tire re-liners and boots, reported in some sections of the Southwest, is in direct violation of order M-16-b and its amendments, which control the use of reclaimed rubber.

### Radio Repairmen Needed In Army Signal Corps

There is a shortage of radio repairmen in the Army Signal Corps. Men between the ages of 18 and 45 and otherwise qualified, may be enlisted as Radio Repairmen, Signal Corps, if they have one of the following qualifications.

1. Member of Radio Servicemen of America.
  2. Member in Radio Manufacturer's Service.
  3. At time of application are employed in radio service work.
- Men volunteering for this service have the satisfaction of knowing that they are being enlisted directly into the Army Signal Corps as radio repairmen.
- Men meeting these qualifications are urgently needed in the Army Signal Corps and are urged to apply at the nearest Army Recruiting Office.

### TIN SMELTER TO GROW

Expansion of the tin smelter now being built in Texas from 18,000 ton to 52,000-ton capacity has been announced by WPB, concurrently with announcement of an amendment to the tin conservation order which will cut tin use in noncritical products by another 10 per cent. Intended primarily to refine Bolivian ore, the Texas smelter has been assigned an A-1-A priority rating so that tin production may be increased at the earliest possible date.

### Celebrate July 4th Minus Fireworks; Buy Bonds Instead

AUSTIN, July 2—"Texans who may plan to celebrate July 4, cannot hope to compete with gunpowder explosions on the battlefield," Marvin Hall, State Fire Insurance Commissioner, said in urging a safer and saner celebration for Independence Day.

"Lives can be saved, injuries prevented, loss by damage and fire destruction averted," Hall added, "if we eliminate the use of fireworks from our plans for observing our country's Declaration of Independence."

"Gunpowder and explosives burned up in fireworks for useless reasons can't be used by our fighting forces in the front lines. Fireworks exploded in Texas will not win another 'Midway victory.'"

"Our celebrations with fireworks have caused us to pay a high price in previous years. This year the most patriotic manner of celebrating the Declaration of Independence will be to convert gunpowder into bullets and bombs by the purchase of war stamps and bonds instead of fire crackers."

The best under the seas, on the seas and over the seas are the submarines, ships and airplanes of the U. S. Navy.

Unnecessary spending in war times is sabotage—whether conscious or not. Your dollars are needed for war production. Help your state meet its War Bond quota.

## American Industry Now Nearing War Production Goal

### FARMERS TO GET EQUIPMENT

Underlining its intention that all farm machinery and equipment manufactured under its program shall actually reach the farm, and not be diverted to industrial or other non-agricultural use, WPB has issued an order providing that no one may sell any farm machinery or equipment which he knows or has reason to know will not be used by the ultimate consumer for production or care of crops or livestock.

### USE FABRICS WISELY

With the nation's cotton mills devoting a percentage of their looms, under WPB order, to production of textiles for military purposes, such as sand bags, camouflage cloth, and food and agricultural bags, OPA's Consumer Division is urging housewives to streamline their new slip covers, curtains and other fabric household furnishings. Wise use of fabrics will help spread the available supply of textiles among civilians.

Smoking in defense factories is being given serious consideration by New York magistrates, who are imposing heavy penalties for 'no smoking' violations.

Cecil Brown, the well known foreign correspondent, recently made a speaking tour of this country. In a radio broadcast from Los Angeles, he said that he had been enormously impressed by the incredible strides American industry is making in producing for war. At the same time, he added, he was disturbed by the excessive degree of optimism held by many of us. In short, too large a proportion of the American people are not yet convinced that this will be a long and hard war.

That kind of optimism is not held in informed circles. Most of the experts still think that another New Year's day will come before the United Nations will be able to engage in major, continued offensive drives against the enemy. In 1943, they forecast, a gigantic effort to knock Hitler out of the war will be made. Then, in 1944, the United Nations will be able to turn their full and undivided attention to Japan. And so, by that year's end, the war may be over.

Other experts consider that time-table too optimistic. They argue that both Germany and Japan have immense armies and resources, and that it will take another year or two to wear them down and bring them to their knees. In any event, no informed commentator subscribes to the current rumors that the war is likely to be ended before 1942 passes. And none of them make the popular mistake of thinking that minor United Nations' victories constitute major disasters for the enemy.

In the meantime, this country has reason to be immensely proud of the quality and character of its fighting forces. After the debacle at Pearl Harbor, it took us months to get organized. For a long time there was lack of accurate coordination between the various branches of the military services. Now, apparently, conditions have undergone a great change for the better. The gigantic Japanese-American sea engagement around Midway island is an example. The Japanese, after making their feint at Dutch Harbor with a few bombers and pursuit planes, apparently expected that American commanders would hysterically disperse their forces. In all probability, they definitely expected to take both Midway and Oahu. But the American commanders, working on extremely accurate information provided by the Intelligence services, were ready. The Navy, the Army and the Marines worked in perfect harmony. The result was the most serious setback Japan has yet taken in the Pacific war.

That battle, coming on top of the Coral Sea engagement, must be causing plenty of headaches among the moguls in Tokyo. They (See AMERICAN, Page 2, Sec. 2)

## Extra Pay For Parachute Troops

Men serving in Army parachute units receive \$50 extra pay per month, according to Lt. Colonel Joseph R. Peller, West Texas Recruiting & Induction Officer. This branch of the Army affords an excellent opportunity for young men to be in an important part of our war program, and at the same time earn extra pay.

There is an urgent need for men for parachute units at this time. For duty with these units men must be between the ages of 18 and 32, under 185 pounds in weight and not over six feet tall. Vision must be 20-40 or better. Men who are eligible are urged to apply at the nearest Army Recruiting Office.

# Large Number University of Texas' Men Students Will Be Members Of One of Four Military Reserves

Over 70 per cent of the University of Texas' men students next fall will be members of one of four military reserves, Dr. Homer P. Rainey, president of the University, predicts.

Pointing out the swift changes from the educational ways of peace to those of war, Dr. Rainey declared in Austin that every student and faculty member of the University will be directing his activities into some war channel when long-term classes begin next September.

"We have already reorganized our curriculum to meet needs of the federal government, the requirements of the armed services and other duties imposed upon us because of our place as an outstanding educational institution," Dr. Rainey declared, "but the real evidence of these new emphases will not be fully seen until our fall term gets underway."

The broad University program—designed, Dr. Rainey says, to prepare students for the peace as well as the war—will next fall be demonstrating its place in the war in more forceful manner than ever before.

In this connection he predicts that most of the men students in the University will become members of the four military reserves which have been set up by the army, navy and marine corps for the purpose of providing a future supply of officers.

Under these four plans, Dr. Rainey points out, high school graduates may enter the University this fall, starting their education. By enlisting in one of these four programs, they may continue their college work with full approval of the armed forces and at the same time be preparing themselves for fighting roles where they are needed.

The navy, army, army air corps and marine corps have all instituted large reserve classifications which will take in students with good grades, guarantee they will remain in school at least through their sophomore years and draw upon their reserves for future officer material.

"With these four plans," Dr. Rainey declared, "a college student may continue his studies, preparing himself to be a better soldier or officer, and guaranteeing to the forces a better supply of fine officer material. Moreover, the students will be having a direct work in the war as they will be filling certain requirements to continue their eligibility for reserve services."

## UNITED STATES CIVIL SERVICE EXAMINATION

The United States Civil Service Commission announces open competitive examination for the position of Under Communications Operator (High Speed Radio Equipment), \$1440 a year, for employment with the War Department, Signal Service at Large, Eighth Corps Area (comprising the States of Arizona, Colorado, New Mexico, Oklahoma, Louisiana, and Texas).

The age limits for this position are 17 to 56. The maximum age limit does not apply to persons granted military preference because of military or naval service.

Competitors will not be required to report to any place for written examination, but ratings will be assigned based on information in the application subject to corroboration.

Applications may be filed until further notice with the Manager, Tenth U. S. Civil Service District Customhouse, New Orleans, La.

Further information and application forms may be obtained from the local postoffice.

## American-

(Cont. from Front page, Sec. 2) caught our forces asleep at Pearl Harbor. But our forces are 100 per cent awake and on their toes now.

This latest Pacific battle is important for the beating handed Japanese military power. Its greatest importance lies in the fact that it may have tipped the scales of Pacific naval power in our favor. After Pearl Harbor, the Japanese fleet was supreme in the Pacific. Japan also had air supremacy. Now American war vessels which were damaged at Pearl Harbor are back in service, new ships have been sent to join the fleet, and our air power has been tremendously increased. Our production capacity is many times that of Japan in all fields. The Mikado, in brief, doesn't look as big and tough as he once did.

When we finally take the offensive in the Pacific, we may expect hard going for a considerable time. It is obvious that Japan has developed the mandated islands, as well as her own islands, to a very high degree so far as military power is concerned. She may have literally hundreds of air, naval and submarine bases and her plan has been to create a ring of steel about her own part of the Pacific. We must expect losses as well as victories. But no one with any knowledge of American war production and American fighting spirit can doubt that the job will be done. The United Nations' commanders will not be satisfied with a partial victory this time. They intend to take the war straight to Berlin and Tokyo, and give the Axis powers a full taste of the kind of treatment dealt out to the countries they have subjugated.

Throwing lighted cigarettes out of car windows is a violation of the law in California.

## SUPERMEN OF THE U.S. ARMY

## Fire Helped To Create Rubber Shortage

AUSTIN, July 2—"Fire has had a large part in adding to the critical rubber shortage in this nation," Marvin Hall, State Fire Insurance Commissioner, said today. Hall explained that seemingly local fires can now have a far-reaching effect on the nation during time of war, as he urged individual attention to fire prevention in every home and place of business.

"A supply of crude rubber," Hall stated, "with a value of \$11,000,000, and estimated at that time to be one-tenth of the nation's supply in storage, was destroyed by fire in October, 1941, at Fall River, Mass."

This huge fire has become known as the largest single industrial fire loss in the history of our country. Most certainly its after effects is presenting a serious handicap to our war effort now.

"Fire definitely destroys effort. The \$60,000,000 liner Normandie is useless for carrying war supplies while lying on its side at the bottom of the Hudson river—the victim of fire."

This war is not just one to preserve democracy but is a war to prevent all the nations and peoples of the earth from being subjugated to political and economic slavery, Dr. O. Douglas Weeks, professor of government at the University of Texas, declares.

REMEMBER PEARL HARBOR - BUY DEFENSE BONDS.

## Youths Will Enter Civilian Pilot Training Course

Literally hundreds of young men from Texas and Oklahoma will enter the Civilian Pilot Training course on or about July 1 under the auspices of the United States Navy, Lieutenant Commander Barry Holton, senior member of the Naval Aviation Cadet Selection Board, Dallas, announced today, disclosing that only young men enlisted in the navy's V-5 program may be entitled to enrollment in the navy-sponsored CPT.

Explaining that the CPT instruction would include both ground school and actual flight training, Commander Holton said: "The navy is providing these extensive courses for future naval aviators at no cost to the men. They will be furnished their meals and lodging throughout their entire training period."

Holton said that the object of the movement was two-fold. First,

he said, it will shorten the time required for a young man to win his navy wings and commission. Secondly, the program will facilitate a man beginning actual flight training immediately upon his enlistment. Heretofore, a man sometimes had to wait a month before being called for training.

Upon completion of the CPT courses, the students will be ordered to naval pre-flight schools where they will begin regular navy courses in aviation. Holton said that men completing their applications for navy flight training before July 1 will go into the CPT training immediately. They will enter schools nearest their homes for this training. Interested men should contact their recruiting offices or the Dallas flight board immediately, said he.

Maybe that vacation trip you plan this summer is only 50 miles away. But the 100 miles of driving will use up enough gasoline to carry seven Army "jeeps" with seven guns and 21 fighting men 20 miles closer to the enemy.

## Help Win the War with the Money You Save

Of course freedom is expensive. The highest price tags are always attached to the most precious items. And the cost of human liberty in blood and treasure is a staggering one. But to be able to speak and pray and think and vote the way we wish—did you ever hear anyone question the cost?

Some Americans are paying the cost with their lives. Others are buying as many Defense Stamps and Bonds as they possibly can—every day. Are you doing your share?

### A Patriotic Fourth Means A Safe And Sane Observance

AUSTIN, July 2—Fourth of July will mean more to American liberty if workers on the home front will observe it by patriotic driving, the Texas Safety Association said today.

Automobile traffic over the long holiday week-end will be almost as heavy as other years, the association predicted, and unless motorists do something about it, so will the traffic toll.

Suggestions offered by the association include:

Drive under forty miles an hour.

Patriotically observe all traffic rules and signals.

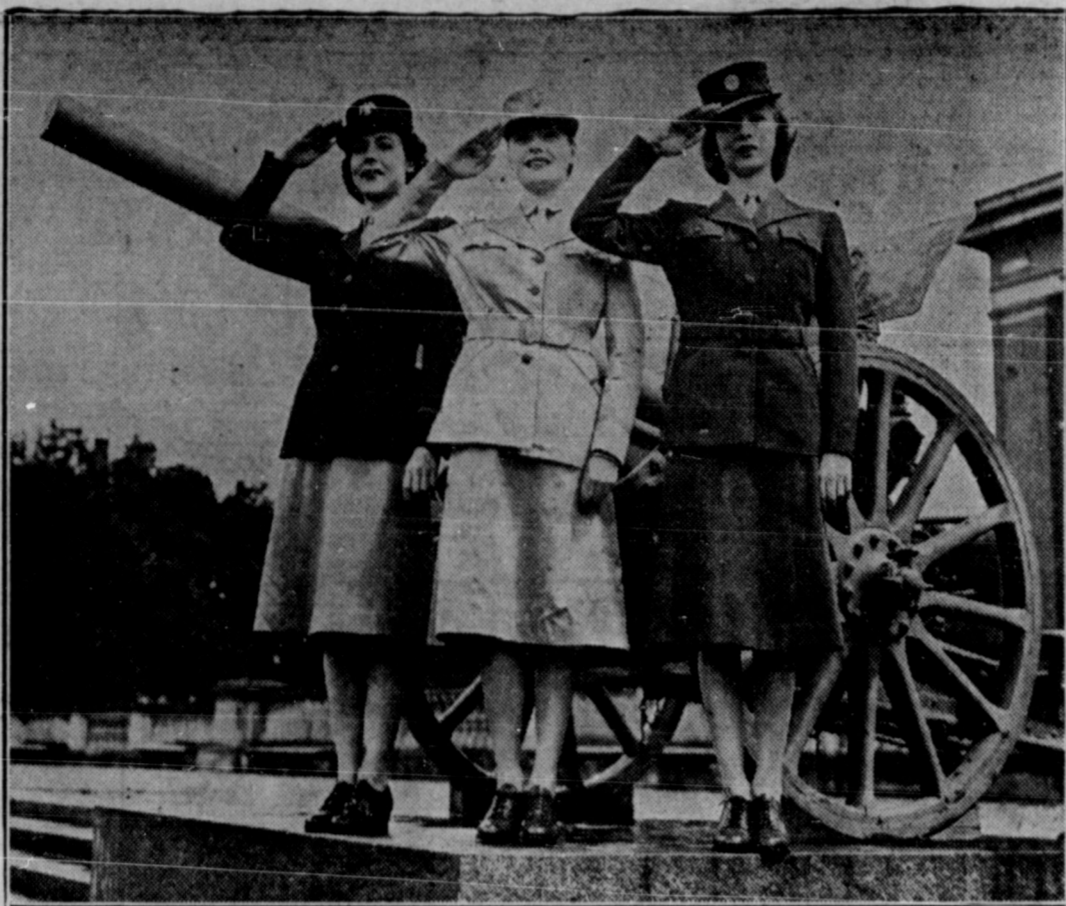

For patriotism's sake—don't drink before driving.

The result will be uninterrupted war production which since Pearl Harbor has been endangered by the traffic deaths of 17,000 Americans.

Last year 28 Texans were killed in traffic accidents over the Fourth of July holiday period.

Your car and your tires are your own, so what difference does it make if you don't bother to save either? Just this difference. If Americans use their cars as they did in peacetime, some 20 million automobiles will be off the streets and highways within 15 months. Realize what this will mean to civilian transportation, then start being more careful.

The best type of fire defense is fire prevention.

W. A. C. OFFICERS' UNIFORMS—This is how the officers of the Women's Army Auxiliary Corps will dress. Left to right—Gloria Picket in a winter uniform; Bettjane Greer in summer outfit of cotton twill, and Inga Runvold modeling the Auxiliary's winter uniform. They will wear khaki in summer and dark olive drab in winter.

Expansion of American technology and development of resources available at home will be outgrowths of the present war, Dr. E. W. Zimmermann, professor of resources at the University of Texas, predicts.

Teacher—"Why did Noah take two of each kind of animal into the ark?"

Pupil—"Because he didn't believe that story about the stork."

### Three Fresh Fruits and Irish Potatoes Added to July Blue Stamp Food List

Three fresh fruits and Irish potatoes have been added to the list of Blue stamp foods available during July under the Food Stamp program in Donley county, according to Dan L. Boyd, Area Supervisor, Agricultural Marketing Administration.

Fresh peaches, fresh plums, and fresh apples are the fruits added. These, together with oranges, all fresh vegetables, including Irish and sweet potatoes, and the staple foods continued on the list, will give participants a wide variety from which to select the foods they require.

Dried prunes and fresh grapefruit are the only two commodities removed from the July list. Dried prunes are being acquired for use largely by our armed forces and the season of heavy

marketing of grapefruit is drawing to a close.

With these changes, the complete list of Blue stamp foods issued by the Agricultural Marketing Administration for July 1 through July 31 in all stamp program areas is as follows: fresh peaches, plums, apples, and oranges; all fresh vegetables including Irish and sweet potatoes, shell eggs, butter, corn meal, hominy (corn) grits, dry edible beans, wheat flour, enriched wheat flour, self rising flour, enriched self rising flour, and whole wheat (Graham) flour.

"Farmers," Mr. Boyd said, "are working to produce abundant quantities of all the food needed by the United Nations. The Food Stamp Program helps to assure them, particularly in seasons of heavy marketings, of a fair return for the efforts they are making. At the same time the program adds many nutritious foods to the diets of families in need."

### WEIGHT AID FOR PRICE CONTROL

City and state weights and measures officials in Texas have pledged their aid to OPA in enforcement of price control and rationing regulations. Violations of state and municipal ordinances already have been discovered in sales of sugar under rationing, officials said. In some cases weight has been found from 2 to 16 per cent short of that represented. Any decrease in the weight, measure or quality of any commodity sold is equivalent to a price rise, the OPA has ruled, and therefore is a violation of the federal law.

In the 10,000,000 units turned out by the safety razor industry last year, 1,662,000 pounds of brass were used. The brass used in one razor, one-sixth of a pound, would produce three .30 caliber cartridges.

### UNITED STATES CIVIL SERVICE EXAMINATION

The United States Civil Service Commission announces open competitive examination for the position of Helper, Aviation Instrument Maker, \$5.28, \$4.80, \$4.32 per diem, for employment with the U. S. Naval Air Station, Corpus Christi, Texas.

The minimum age limit for this examination is 18 years. There is no maximum.

Competitors will not be required to report to any place for a written examination, but ratings will be based on information in the application, subject to corroboration.

Applications may be filed with the Recorder, Labor Board, U. S. Naval Air Station, Corpus Christi, Texas, until further notice.

Further information and application blanks may be obtained from the local postoffice.

Your home is a "front line" on the war front and the production front. Every dollar you save on your household budget, invested in War Bonds, is a Victory dollar added to your county's quota.

### Disorders Of Menstruation

Painful or difficult menstruation, scanty flow or absence of flow, as well as excessive bleeding, are sometimes caused by hormone imbalances, though some of these defects are often of emotional origin.

The cessation of menstruation occurring in women at about 45 to 50 years of age normally mark the termination of the reproductive period. At this time evolution ceases, and the uterus and mammary glands undergo atrophy.

Frequently, women experience untoward vaso-motor, neuromuscular, and psychic symptoms at this time. Also, sterility in women may conceivably occur even though ova are produced, through defects in the normal cyclic functioning of the uterus.

In what ways can our knowledge of the sex hormones and their functions be of service here? Unfortunately, we must conclude that, so far, attempts to alleviate all cases by substitution therapy have not been successful. One of the most serious difficulties lies in the fact that the one production of hormones by the ovaries is cyclic; the concentration of the follicular or luteal hormones in the blood varies in regular fashion but in a rather complicated interrelationship.

Psychological elements play an important role. There is a common notion among the uninformed that the cessation of menstruation, even that which occurs normally in middle age, is harmful because of retentions of poisons in the body. This belief is without foundation.

By proper variations in quantity and alternation of follicular and luteal hormones administrations, it is possible to reproduce cyclic uterine changes in a more or less normal menstrual flow.

The absence of menstruation in a young female may be an indication of some serious systemic disease, such as tuberculosis.

Clarendon, Texas  
(Adv.)

### FALL PRICING SYSTEM SET

Complete revision of the method of pricing fall and winter outerwear garments for women, girls and children under OPA price regulation No. 153 has been announced. Under the amended regulation, sellers will establish their ceiling price by a formula based

upon this season's cost to them, plus the mark-up or margin they obtained on sales of garments of the same classification during the last selling season. Coats, suits, skirts, jackets and dresses are among the garments to which the regulation applies.
