Leslie Pickering Dies From Injuries Suffered In Auto Wreck Near Goodnight Late Monday

Funeral services were conducted at the local Methodist church at 2:30 p. m. Wednesday for Leslie Pickering, aged 33, who died in a local hospital early Tuesday morning.

The service was conducted by Rev. John H. English, the pastor, and Rev. W. E. Hamilton, superintendent of this district.

Attending the casket were Paul Lair, Royce Hall, Carl Naylor, Gene Chamberlain, Tommie Bain, Joe Goldston.

Immediate surviving relatives is the father of the victim, W. M. Pickering, and a sister, Mrs. Edwin Eames. Interment was had in Citizens Cemetery under direction of Murphy-Spicer Funeral Directors.

The wreck occurred as the auto turned over several times on highway 287 near Goodnight, presumably about 10 p. m. Monday night. With Pickering was James M. Freeman of Amarillo who received a broken leg and numerous cuts and bruises. Pickering's death was presumed to be due to severe internal injuries.

PAN-FORK ENCAMPMENT ENDS TWO WEEKS OF JOYOUS FELLOWSHIP

Over 500 boys and girls were enrolled in the Pan-Fork encampments the past two weeks. There were 65 conversions and 158 re-dedications of life to Christian service. A good time of recreation and training was had by all who attended. Bro. L. A. Sartain, local Baptist pastor, was camp director. There were 33 who attended from Clarendon.

The ground consists of 160 acres of land, a swimming pool, tabernacle, dining hall and kitchen and other buildings. Many of the churches have built houses for their children to camp. The local Baptist church has its own camp house. A nice creek which is supplied with spring water flows through the grounds and some nice fish were caught there this year.

On August 22 and 23, men from all over this section of the Panhandle will gather there for the annual Brotherhood Encampment. Fifty men are expected to go from Clarendon.

Prospective Cub Parents Meeting

Monday, Wednesday and Thursday nights of next week at 8 p. m. Films are to be shown by the Local Council Executives showing the work of the Cub program.

All interested parties are invited to be present to see the films and to acquire a fuller picture of the program.

The new lowering of age classifications for boys opens up a new area to the boys. The age groupings after September 1st are Cub Scouting, eight to ten years inclusive; Boy Scouting, eleven to thirteen, and Exploring, fourteen and over. Every one interested in the program is asked to be present at the showing of these films.

Each meeting will not last over an hour. If you have to have a baby sitter you can plan on the length of the meeting.

Many people have asked the question, "When are we going to have Cubbing?" Here is our big opportunity to branch out our program, helping not only ourselves but also our community, one of the executives stated.

BAND MEMBERS REQUESTED TO MEET MONDAY NIGHT

Director E. R. Blevins announces band practice at the band hall at 7 o'clock p. m. Monday, August 15th. All members of the band are urged to be present for special instructions and suggestions for the school term work ahead.

WENDELL SMITHS BACK IN CLARENDON

Mr. and Mrs. Wendell Smith and children are back home in Clarendon after a few years sojourn at McLean and Friona, where Mr. Smith was engaged in the transportation business. Mr. Smith returns here as manager of the Durham Grocery, formerly the McCrary Grocery. They state that they are really glad to be back in Clarendon, and the Leader joins their many friends here in welcoming them back home.

BOND ASSUMPTION CARRIES BY BIG MAJORITY

One of the quietest elections ever held in Clarendon was that of Monday when citizens of the Clarendon consolidated school district voted on the proposition of all of the districts voted into the consolidated districts share property values for purposes of taxation in paying off any and all bonded indebtedness of the consolidated district.

Little interest was taken in the election as shown by the votes cast. Thirty-nine voted for the measure and only one voted against the measure.

Rev. J. L. Ratcliff Buried Here Monday

Funeral services for Rev. Jassie Lee Ratcliff of Claude, who died at his home there Saturday morning, were held Monday afternoon at the Clarendon First Baptist Church with Rev. Ben McClellan officiating, assisted by Rev. L. A. Sartain.

Rev. Ratcliff, aged 84, had been in ill health for several years. He came to the Panhandle from Waco in 1925 and organized many Baptist congregations in the territory.

Rev. Ratcliff founded the first Baptist Church in Borger, and after braving obstacles in that booming oil town went on to organize the Fellowship Baptist Church (now the Fundamentalist church) in Amarillo.

He also founded the Calvary Baptist Church in Childress in 1928 and the Calvary Baptist Church in Pampa in 1933. In addition to holding regular pastoralistic work throughout the area. He was a member of the Woodmen of the World.

Survivors are his wife, Mrs. Leona Ratcliff, Claude; two daughters, Mrs. Monette Oliver, Amarillo, and Mrs. Lillie Mae Impola, Hereford; one son, Chil-ton Ratcliff, and a stepson, Clarence E. Gaines, Roswell, N. M.; and four grandchildren. Two nieces, Miss Della Wood and Mrs. Lola Barns, and a nephew, Lonnie Wood, live in Clarendon.

Pallbearers were Arch Finley, John Luther, Merl Nelson, Walter Hogg, Virgil Morrison, J. R. Porter, Sr., J. E. Johnson, Carl Apple.

Burial was made in Citizens Cemetery. Murphy-Spicer Funeral Directors had charge of the funeral arrangements.

Caprock, Greenbelt All-Star Tilt Slated

A semi-pro baseball "dream game" bringing together all-star teams from the Caprock and Greenbelt Leagues will be played in Paducah on August 16th.

The session will dedicate the opening of Paducah's newly lighted baseball field.

A list of the Caprock all-stars follows: Pitchers—Guy Wester of Panhandle, Carl Davis of Washburn, Eddie Reynolds of Goldston and Earl Davis of McLean.

First Basemen—Al Linder of Saint Francis and Gene Farlo of Panhandle.

Second Basemen—Ralph Britton of Groom and Bennie Mooring of Hedley.

Shortstop—Leroy Gill of Washburn and Jesse Feaster of Panhandle.

Third Basemen—Don Ritter of Groom and Fred Dillard of Washburn.

Catchers—Herman Mooring of Hedley, and Bill Meadow of Panhandle.

Outfielders—Ed Gill of Washburn, Jerald Sims of Hedley, Art Britten of Groom and George Raef of St. Francis.

Buster Gibbs of Washburn whose team won first place in regular season play, will manage the Caprock Club. Marvyn Sparks of Panhandle and R. Tucker of Groom will help coach the Caprock stars.

Mrs. John Semrad returned home Friday night from Amarillo where she had been visiting her children a few days.

Mr. and Mrs. G. W. Bradshaw left Sunday on vacation at Hot Springs, N. Mex.

OLD DONLEY LEADS WORLD IN PLANT PRODUCTION

Ever see three squash produced from one blossom? Well that is just what H. E. Parker and his good wife produced in their garden near town.

Nor does this freak of nature limit its curiosities to squash, many of which are double. Cucumbers are 'acting up' out there in the same manner. Often two are joined together, and often three fruits and frequently four are growing joined together.

Mr. Parker explained the curiosity by stating that his wife always planted garden according to a certain sign that promoted production.

The specimen brought to the Leader office showed three well defined squash growing in a huddle. Can any one beat that for production?

Below are girls whose names have been entered: Marjorie Brock, daughter of Roy D. Brock, Clarendon, Rt. 1; Elba Jean Ballew, daughter of Elba Ballew, Clarendon; Catherine Usrey, daughter of Olin Usrey, Lelia Lake; Margie Crofford, daughter of F. C. Crofford, Martin; Eva June Brock, daughter of C. H. Brock, Goldston; Sara Rains, daughter of Charles Rains, Hedley; Naoma Mooring, daughter of Ed Mooring of Midway community.

Others who would like to participate in this contest should contact Mrs. Ed Mooring, Clarendon, Naylor Route; Mrs. Earl Myers, Lelia Lake or Mrs. Charles Rains, Hedley.

This is a wonderful opportunity to send one of our neighbor girls to the American Farm Bureau Convention in Chicago; also there will be a prize to the winner of our county Queen contest.

First Suit Is Filed In Gray County Involving New Gilmer-Aikin Law

PAMPA—First suit involving the Gilmer-Aikin school bill in Gray county was filed Monday by the law firm of Witherspoon and Aikin of Hereford.

Suit was filed in behalf of McLean Independent school district, against Alanreed Independent school district, the Donley county and Gray county school boards.

The suit involves an action on the part of the Donley county school board in consolidation of two dormant Donley county common school districts, Whitefish and Glenwood common school districts.

The majority of the school children, according to the petition have attended the McLean school for many years. In June of this year, the petition stated further, the majority of the qualified voters of those two districts petitioned the Donley county school board to make that consolidation

formally with the McLean Independent school district. On July 2, the Donley county school board met in regular session and consolidated the two school districts with the McLean Independent District.

On July 11, the Donley school board reconvened, the petition continues, and rescinded the order consolidating the schools with McLean, and consolidated them with the Alanreed Independent district.

Petitioners claim this rescinding action of the Donley board is illegal, since they acted three days after deadline of July 8. They also declare that "some persons unknown" influenced the action of this board, because of the differences in tax rates between the two districts of Alanreed and McLean.

Petitioners ask a declaratory judgment under existing civil statutes.

Ticket Sales Whittle Cost of Repairing Wall at Football Field

According to Cleo Woods, Lions Club chairman in charge of promoting the rebuilding of the rock wall on the north side of the football field, ticket sales on the giving away of a refrigeration unit netted more than \$800, which is still a little short of the estimated cost. The drawing of the lucky ticket was held Wednesday afternoon and the owner of the name drawn was Mrs. N. L. Jones, who received a 12 ft. Refrigeration unit.

Mr. Woods stated that he wished to thank the members of the committee who worked with him, and also wished to thank one and all for their fine support in purchasing tickets.

Mr. and Mrs. C. L. Lewis returned home Sunday night from a short trip in New Mexico.

Old Settlers Reunion To Attract Large Crowd August 18th at Tate Grove Northeast of Hedley

President J. T. Bain of the Donley County Old Settlers Reunion announces that the annual reunion of the old timers will be held again at Tate Grove as usual. The date set is Thursday, August 18th.

Committees are seeing their plans mature for the biggest and best attendance in years as the thinning lines of the old-timers becomes more apparent.

Bring a well-filled basket, box or tub to help out with the eats at the noon hour. Free coffee will be plentiful. Plenty of cool water will be on hand.

The following program will begin at 10:30 a. m.:

Opening song—America.

Welcome address will be made by Alva T. Simmons.

Response will be made by some citizen from outside the county.

Guest speaker will be Johnny Lynn of Amarillo, best known from his radio work on KGNC as "Uncle Jay."

This talk will be followed by an invocation and the lunch.

A business session will be held at one o'clock.

Songs have been arranged by Rev. W. E. Bond. Special music will be directed by Walter Johnson.

Mrs. T. J. Cherry, secretary and treasurer of the Association has been very diligent in her efforts to see after details, as well as a number of committees whose names could not be obtained before going to press.

THE TEMPLE OF TRUTH

By the Apostle

Bachelors miss much in life but they don't have to eat leftovers. Or do they?

One of the best labor saving inventions of today is tomorrow.

In most small towns the coffee addicts have replaced the cracker barrel wits of years ago. Daily over a 5-cent cup of coffee the wit, wisdom and philosophy of the present village generation is heard, both in banter and serious discussion.

In the dim and shadowy past of our childhood, most children were taught to "be seen and not heard." The elders emphasized that fact by relating that the fly that buzzed the loudest was "whammed" first.

The reason that some men are not well preserved is that they got pickled too often in early life.

Some minds are just deep enough to get an idea all wet.

A man who insists he is a confirmed bachelor seldom mentions how many girls in town have assisted in confirming him.

Say brother, you are really growing old when you fail to notice everything that comes along the street.

A verse of poetry is said to be a single line. The part termed a "verse" is a stanza. Anyway, out of the large collection of the Old Apostle, he craves more than one stanza which is all that he has of a very fine writing. The scrap reads:

Our lives are songs that God writes, And we put them to music at pleasure. The strain grows glad, or sweet, or sad, As we choose to fashion the measure.

Will some kind soul kindly supply the remainder of that beautiful poem?

Fame was hard to win in the old days. Socrates had to down a quantity of poison hemlock to become a man of distinction.

And that poison hemlock grows on the creeks in Utah and Idaho. Be careful how you chew on the brush up that way. Cattle, sheep and goats die from eating the leaves during a drouth.

Feel depressed at times? Well the best remedy is to visit a neighbor who is in a much worse fix than you are, and you can always find plenty of them. After the visit, you will be better satisfied that there is worse misery in the world than yours. A fellow never knows when he is well off nohow.

Well, if you have read down to this point, you are entitled to a rest.

Roberson-Sullivan

Saturday evening, August 6th, Daphne Roberson, daughter of Mr. and Mrs. Roy Roberson of the Goldston community and Charlie Sullivan, son of Mrs. Mary Sullivan of Clarendon, were united in marriage. Rev. Thomas A. Gray officiated at the quiet ceremony in the home of Rev. Gray.

For her wedding, the bride wore a navy blue dress with white accessories and a corsage of white rose buds.

Matron of honor was Miss Ollie Bee Sullivan, sister of the groom, and Bobbie Bagwell of the Army and stationed at Ft. Worth was best man.

Mrs. Sullivan was graduated from Clarendon Junior College last May.

Mr. Sullivan was graduated from Clarendon College two years ago and is now employed at Lanes Creamery in Amarillo.

The couple is making their home at 704 Forest St., Amarillo.

HAS BIRTHDAY PARTY

William Farrel Durham was honored with a party Monday in honor of his 6th birthday. Games were played and the thrill of opening presents pleased the entire group as well as the honoree.

Refreshments were served to Gary Campbell, B. H. and Dru-bette Cook of Brice, Ritta Jean Horton of Amarillo, Perry Wright Jay Ryan Foust, Kenny Allison, Richard and 'Chuck' Speed, Dol-phia Sue Vallance, Dale and Glenda Smith, Francis Riney, Shirline and Bill Durham, Mrs. Bray Cook, Mrs. Buster Camp-bell of Brice, and Mrs. Dick Val-lance.

Hostesses were Mrs. W. F. Dur-

ham, Geraldine Durham and Wil-letta Riney.

KAPPA SUB DEBS

The Kappa Sub Debs met in the home of Fanchon Allred for their meeting Wednesday. A cake sale was scheduled for next Wed-nesday. The rest of the meeting was spent in discussing and vot-ing on the rushes. The girls were glad to have Sybil Head and Patsy Jordan, inactive members, at this meeting.

Refreshments were served to Alice McCrary, Doris Wallace, Jo Ann Sibley, Nancy Bennett, Nell Bentley, Mary Edna Elmore, Jane Johnson, Sybil Head, Patsy Jordan, Louva Hunt, Lois Marie Hommel, Ann Thompson, Patsy Blair, the hostess and one guest, Nell Bentley's cousin.

BIRTHDAY SUPPER

The Elwood Park of Amarillo was the scene of a birthday sup-ber, Friday night, August 5th, given in honor of Mrs. Lee Con-ner of the L. S. Ranch, on her 59th birthday.

Those of her children and their families present were Mr. and Mrs. Vernon Conner of Amarillo, Mr. and Mrs. Cecil Bryant and two daughters of Wildorado, Mr. and Mrs. Louis Conner and Janie, Mr. and Mrs. Dutch Allee and Don, Mrs. Ruth Garno of Ama-ri-llio, and Mr. and Mrs. Leo Paulk and two children of Clarendon.

ENTERTAIN WITH CHICKEN BARBECUE

Mr. and Mrs. D. P. Ray enter-tained the McAnear family at their home Sunday with a chick-en barbecue in their back yard. Present were their mother, Mrs. W. O. Spencer, Mr. and Mrs. S. A.

McAnear and family of Good-night, Mr. and Mrs. James Mc-Anear and family of Brice, Mr. and Mrs. T. W. McAnear and fam-ily of Amarillo, Mr. and Mrs. J. G. McAnear and family of Claren-don, Mr. and Mrs. Junior Mc-Anear and son Jackie, an uncle and aunt, Mr. and Mrs. Ned Scaff and Mary and Sammie McAnear.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club met in the Club room with President in chair and Sue Rhoades as asst. secretary. House was called to order and the Lords prayer said in unison.

Roll call was answered by can-ning or cooking hints which were very good. Almost everyone had their favorite recipe, and so, copying and learning their neigh-bor's way of cooking was a very enjoyable afternoon.

Those present were Johnnie Poovey, Dora Brandon, Nonie Hinders, Ruby White, Florence Evans, Sue Rhoades, Viola Gra-ham, Elizabeth Graham and the hostesses Mary DeBord and Char-lotte Word.

Visitors were Mrs. Springer from Hedley and Mrs. Hopkins and daughter from Amarillo.

There will not be a meeting the 18th of August, but a barbecue that night, and be sure to have your chickens there by noon.

RECENT GROOM HONORED

Sam Lowry, a recent groom, was feted with a surprise kitchen shower Monday evening at eight o'clock in the home of Mrs. E. S. Ballew with Mae Morris and Ladelle Cox as co-hostesses. The guests first assembled for a buffet supper consisting of hot dogs, potato chips, cookies, freezer ice cream, and Cokes. After eating, the honoree was literally showered with two armloads of gifts, such as rolling pins, brooms, aprons and other similar items. For the remainder of the evening the guests played forty-two, sang songs, and had fun in general.

Those attending the party were Mr. and Mrs. Sam Lowry, Jane

Johnson, Mae Morris, Ladelle Cox, Walter Warner, Clyde Price, Jarrett David, Bill Armstrong, Dwayne Hudson, Joe Dilli, Ver-non Goldston, Sidney Muse, and Mr. and Mrs. E. S. Ballew.

Celebrate Golden Wedding Anniversary Sunday, July 26

Mr. and Mrs. C. G. Knox of Lelia Lake who were married 50 years ago on July 26, had their golden wedding anniversary cele-bration at their home Sunday, with all the children and 16 of their 18 grandchildren present.

The double wedding at the home of Mr. and Mrs. Bill Dish-man, in the Rock Creek commu-nity in Hill County, on July 26, 1899, united in marriage Minnie Dishman and Charles G. Knox and Maude Dishman and John Simmons. The ceremony was read by Rev. I. N. Clack, uncle of the brides.

Among the relatives who at-tended the wedding and the gold-en wedding celebration were Mrs. Mamie Simmons - Adamson of Turkey, and her sister-in-law, Mrs. Frank Simmons; and Perry Dishman of Hedley.

Mrs. John Simmons died on July 2, 1941. Mr. Simmons was unable to be present Sunday, however two of their sons were there.

Children and grandchildren present Sunday were: Mr. and Mrs. Van S. Knox and daughter

Patricia and Mr. and Mrs. L. P. Moore, all of Clarendon; Mr. and Mrs. Willard Knox of Lelia Lake; Mr. and Mrs. Noel Knox and Noe-lene of Portales, New Mexico; Mr. and Mrs. J. P. Other relatives were Mr. and Mrs. Perry Dishman and son Mr. and Mrs. Edward Dishman, and daughter Mr. and Mrs. Frank Davis and Lynda, Sharon and Thava all of Hedley.

Nieces and nephews present were Mr. and Mrs. B. D. Howe of Shamrock, and Misses Grace and Ethel Harvey of Clarendon; Mr. and Mrs. Ralph Simmons and Mr. and Mrs. Vernon Simmons and daughter Mona and granddaugh-ter Tommy Rothwell all of Dim-mitt.

Dinner guests were Mary Ann Douglas of Wichita Falls; Gordon Tyrone of Amarillo; Bobby Seago and Katherine Usrey of Lelia Lake. Mr. A. A. Smith and daugh-ter Mrs. Jewell Parker of Ama-ri-llio called in the afternoon. The Smiths are former residents of Lelia Lake.

The afternoon was spent visit-ing under the trees on the lawn. After numerous pictures were

taken of the children, grand-children, and family groups, the wedding cake was cut and served with ice tea and coffee.

Granddaughters and great granddaughters who were not present were: Mrs. Frank Baugh and sons Lonnie and Ronnie and daughter Mary Alice of Hobart, Okla.; Mrs. Otis Denny and sons.

Guests in L. L. Wood Home

Mr. and Mrs. L. L. Wood had for supper guests and visitors Monday afternoon, Mr. and Mrs. Nath Tullfir, Mrs. Viva Davis and Alfred Black of Abilene, Mr. and Mrs. Lee Wood and children of Riverside, Calif.; Miss Della Wood, Mrs. Lola Barns, Mrs. Myrtle Wood, Winston and Eve-lyn Jean, Mr. and Mrs. Arlie Wood and children and Mrs. Frank Elmore and her grand-daughter Sue, Mr. and Mrs. Leon-dis Yankie, all of Clarendon, and Mr. Kenneth Baker from Kansas.

Sam Roberts who is ill at his home at Lelia Lake is slightly im-proved according to reports from there.

Mr. and Mrs. John Blackman and daughter Patsy of Littlefield and Mr. and Mrs. Weldon Hark-ness and Lometa and Calvin of Andrews, Texas spent the week end with their parents, Mr. and Mrs. U. T. Devers.

Ann Menzeis left Sunday for her home at Marsa after a 10-day visit in the Rolle Brumley home.

Mr. and Mrs. Deverte Leathers and son Johnny returned Tuesday from an extended vacation tour of Colorado.

Mrs. D. W. Clampitt Honored By First Christian Church

Mrs. D. W. Clampitt, pioneer Donley County resident, was recently honored here at the First Christian Church with a birthday cake bearing 93 candles. It was a fitting tribute to a woman who came to Donley County only a few years after the turn of the century. It was an afternoon reception at the church of which Mrs. Clampitt has been a member for more than 40 years.

Enjoying the celebration with their mother were Mrs. Clampitt's daughter, Mrs. W. N. Martin of Amarillo; her son, Roy Clampitt and his wife and a grandson, Harold Clampitt of Clarendon. Two grandsons, D. W. and Alton Martin who live in California, and Mr. W. N. Martin were unable to attend.

Mrs. Clampitt has been an active member of the Christian Church since she was a girl, and a member of the First Christian Church of Clarendon for more than 40 years. She still is one of the most faithful attendants at Sunday services.

Mrs. Clampitt says she has been very fortunate. She never has had any serious illness; she enjoys good health now and has good eyesight. She spends much of her time reading and likes to keep up with the news of the world through the daily paper and her church paper, and the news of her friends and neighbors through the home weekly paper.

BRISCOE WATERSHED BEING MEASURED FOR REPORT

Childress and towns nearer, say Memphis, are no doubt in need of more water to ease growing pains. Plans to dam the streams of Briscoe county near Brice have been in the making for some time. Now it is beginning to take form.

At this time competent men are taking daily measurements of the water flow of Prairie Dog Town Fork of Red River and Mulberry canyon near Brice.

Experienced observers are of the opinion that the Red river side of the examination will be too salty and gypsy for any present know method to convert such waters to drinking palatability.

Those in a position to hazard a guess, and that guess based on actual knowledge, are of the opinion that the big dam will be placed on Mulberry above the present new bridge near Brice, and not far from the Grady house, presently moved to a new location.

Daily water flow records will

be kept for several weeks. Again in April of 1950 the same records will be kept daily to ascertain the water flow. Both natural and flood waters will be measured, it is said by competent authority. Upon this record will determine the construction of a dam to impound water sufficient for the towns for miles east of the dam.

Miss Eula Naylor and Mrs. Earl Naylor of Carlsbad, N. M. left Sunday on a vacation trip to Colorado City and other points of interest.

Thyra Haley of Amarillo spent the weekend visiting her mother Mrs. Sallie Haley.

Mrs. Fay Scoggins from Amarillo came to see her mother, Mrs. H. Tyree Tuesday and Mrs. Tyree accompanied her home Wednesday.

Lynn Dillard who has spent the summer with his grandparents, Mr. and Mrs. Frank Bourland, returned to his home at Austin Monday.

Mrs. J. D. Swift, Mrs. Emmett Simmons and Mrs. Pete Kunz went to Claude Monday to hear a book review "The Springs", given by Mrs. Roscoe Bates of Dallas.

Mr. and Mrs. J. H. Hurn and granddaughter Mary Ladelle Cox visited Mrs. Hurn's brother, Mr. and Mrs. A. F. Rush and Mary Ladelle visited with Janice and Myrme McDonald at Plainview last week.

Richard Vallance spent last week visiting his grandmother, Mrs. L. O. Dennis at Memphis.

Mrs. N. S. Percival announces the birth of her great grandson, Gene Black Jr., born Monday, August 1st at Amarillo to Mr. and Mrs. Gene Black. The young man weighed 6½ lbs.

Neglected pastures and abandoned crop land overgrown with yankeeweed may need to be put back into cultivated crops for a time to control the weeds and re-establish the pasture.

Every one in the United States is affected directly or indirectly by accidents to farm residents. Organizations having an interest in farm life can be greatly affected because of the economic aspects caused by accidents on the farm. The greatest grief and loss resulting from farm accidents, of course, is to the farmers themselves.

When Rev. E. J. Rogers retired from the pastorate of a Kansas City Baptist church after 29 years of service, members of the congregation took up a purse for him. They designated the fund for the fulfillment of his life-time dream, a trip to the Holy Land.

The top four industries in the United States in terms of capital investments are agriculture, railroads, public utilities and petroleum.

Neglected ladders, open cisterns or old wells and other hazards lead children to tragic mishaps. Remove the temptations and be safe.

Because rural Texans "did something" about it, low-cost electric power is today increasingly "on the move," reaching rural areas never before served.

Thus the Rural Electric Cooperatives of Texas are making possible the successful establishment of small industries, which means increased employment in many communities.

Yes, the Rural Electric Cooperatives of Texas are a decisive factor in making more jobs, creating added income, and bringing increased business, better living and real security, wherever these home-owned and managed . . . non-profit . . . tax-paying . . . organizations are formed.

WE FORD DEALERS KNOW FORD ENGINES BEST

You can be **SURE** if it's an **AUTHORIZED FORD Exchange Engine \$150⁶⁵**

IT'S POSSIBLE to get just any Exchange Ford Engine at a cheaper price. But it can cost you more in the long run.

The safe way—the best way to buy with confidence—is to buy an engine that has been completely disassembled, inspected and thoroughly rebuilt—an **Authorized Ford Exchange Engine** from your Ford Dealer.

Here's Why

- The job is done by Ford-authorized rebuilders who work to exacting factory specifications.
- You get an engine that's thoroughly rebuilt—every engine part new, or thoroughly reconditioned. No old parts are used "as is."
- Worn crankshafts are re-ground, trued-up, or replaced; camshaft, bushings, intake valve guides, timing gear, pistons, rings, bearings, rods, valves, gaskets, studs, nuts—all are replaced or completely reconditioned. Engine is properly cleaned and painted.
- Each engine is thoroughly block-tested before delivery to assure you thousands of miles of trouble-free performance and complete satisfaction.
- Each exchange engine is unconditionally guaranteed for 4000 miles, or 30 days, whichever is the shorter period.
- Drive in today . . . drive out just 8 hours later with an engine that's just like new!

IF IT'S Power YOU WANT

Model "30"—3-plow power, 62 cubic inch, 4 cylinder engine, 3 speeds forward

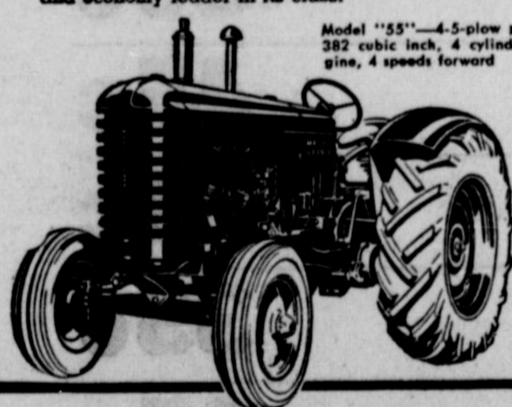

Model "44"—Full 2-plow power, 142 cubic inch, 4 cylinder engine, 5 speeds forward

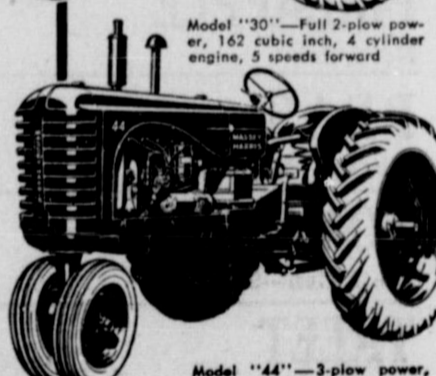

Make it a Massey-Harris

Tough spots disappear when you put a Massey-Harris tractor to work on your place. There's more power in Massey-Harris . . . more downright lugging ability at the drawbar . . . more capacity on belt work . . . more reserve, stamina, dependability. It's the result of high compression in the engine, straightline design in the transmission. High compression takes the laziness out of an engine . . . makes it peppy, more alive, more responsive. A straight line transmission delivers that power smoothly, efficiently . . . you get full power on every belt and field operation.

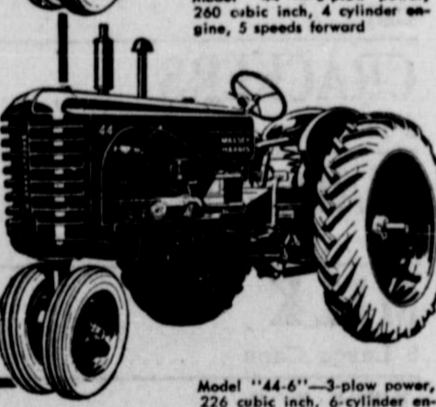

There's a Massey-Harris tractor for your farm . . . 6 great models . . . 5 power sizes . . . each the power and economy leader in its class.

Model "55"—4.5-plow power, 382 cubic inch, 4 cylinder engine, 4 speeds forward

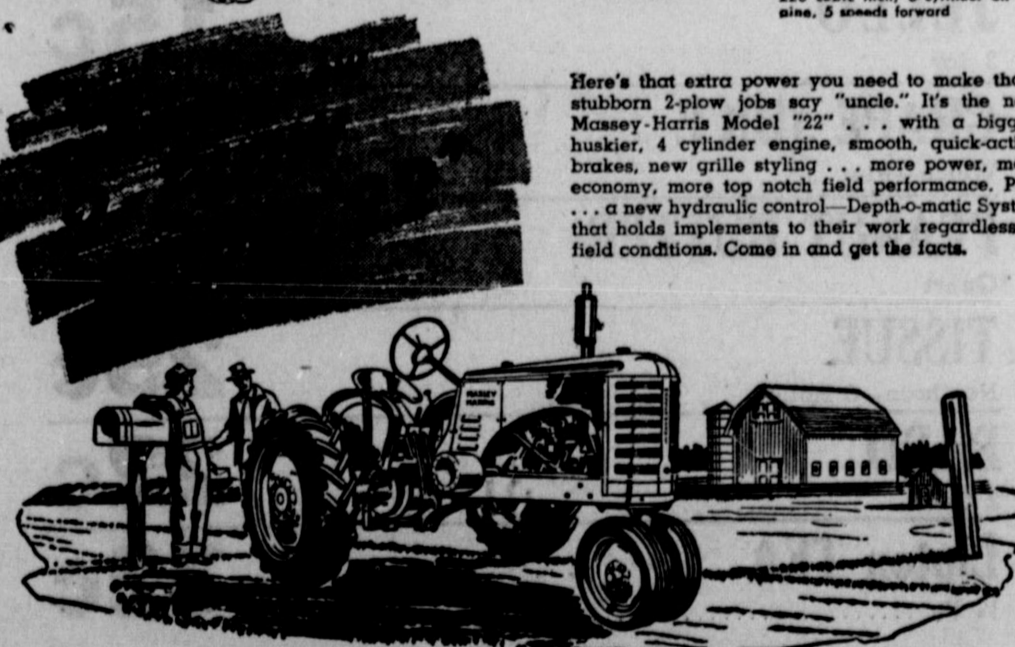

Model "44"—3-plow power, 240 cubic inch, 4 cylinder engine, 5 speeds forward

Model "44.6"—3-plow power, 226 cubic inch, 6-cylinder engine, 5 speeds forward

Here's that extra power you need to make those stubborn 2-plow jobs say "uncle." It's the new Massey-Harris Model "22" . . . with a bigger, huskier, 4 cylinder engine, smooth, quick-acting brakes, new grille styling . . . more power, more economy, more top notch field performance. Plus . . . a new hydraulic control—Depth-o-matic System that holds implements to their work regardless of field conditions. Come in and get the facts.

Donley County ACA Farm News

This has, indeed, been a very busy week. The office has been visited by many farmers asking questions which we answered to the best of our ability. Following is a list of questions which have been brought to us, that might help someone who has not been in.

Q—How were the wheat allotments determined?

A—There was an average taken of the four years 1945-1946-1947 and 1948 wheat acres, and then an 18% cut was taken from this.

Q—Did the 1949 wheat acreage count in determining the allotment?

A—No.

Q—What will be the consequence if I plant over my allotment?

A—So far as we know now, the only penalty is not being able to put your wheat in a government team.

Q—What may I plant instead of wheat?

A—No specific use will be required to be made of any diverted acreage in 1950, in order to be eligible for price support on wheat. The only eligibility requirements for price support are outlined below:

An eligibility producer shall be any individual, partnership, association, corporation, or other legal entity that (1) has an interest as landowner, landlord, tenant, or sharecropper in a farm (operating unit) on which the acreage planted to wheat for harvest in 1950 is not in excess of the farm (operating unit) acreage allotment, and (2) the county com-

mittee determines that the total of such producer's share of the 1950 wheat acreage seeded for harvest on all farms within the county in which he has an interest does not exceed his total share of the wheat allotments or permitted acreages.

Q—If my land is infested with Johnson grass, what is the best thing to do?

A—Wheat mixtures are good for land of this type. Examples of mixtures are as follows:

(a) 55 lbs. oats and 45 lbs. wheat equals 100 lbs. acceptable mixture.

(b) 30 lbs. oats, 25 lbs. barley, 45 lbs. wheat equals 100 lbs. acceptable mixture.

(c) 28 lbs. rye and 72 lbs. wheat equals 100 lbs. acceptable mixture.

(d) 50 lbs. oats and 50 lbs. wheat equals 100 lbs. of mixture that is NOT acceptable.

(e) 20 lbs. barley and 80 lbs. wheat equals 100 lbs. of mixture that is NOT acceptable.

Conservation Practices
We are still issuing approvals every day. There are lots of soil and water conservation practices being carried out in our county.

William H. Wilson, Oscar L. Wilkinson, J. B. Burk, Riley Allen, J. L. Christopher, Don Tomlinson and Finis L. Hill have been issued approvals for leaving stalk and stubble on the land.

S. J. Teibert is carrying out the practice for managing crop residue.

Carroll W. Knorpp is going to dig a well for livestock water on his place.

Auther Dutton received approval for eliminating mesquite on his place.

If there is some practice you need to carry out, come in and let us see what we can do about it.

ing you an approval.

Field Service Work

Douglas Lowe, our Senior Field Officer, has been keeping busy the past week. He staked off a dam for Mr. Joe McMurtry, ran lines for a Diversion terrace for Mr. Herbert W. Guill, and reinspected a grain bin for Wilson H. Gray. He inspected infestation for mesquite elimination for the Van Eaton Estate and Lonnie and LeRoy Widener. One evening he went to Mr. Virgil T. McPherson's to check some deep plowing. He reported that they were plowing 15 inches or better. Edwin L. Floyd is doing the plowing with a Ford tractor and a terracing disc.

Thursday of last week Mrs. Ritter and L. D. Aten, one of our clerks, attended a meeting in Childress. They reported a very good meeting, and seemed to have cleared up a lot of questions on the wheat situation.

Mr. Cliff, a payroll auditor from the State Office, was with us Monday afternoon.

The "spark" of our office, Miss Johnnie Johnson, is still on her vacation. She had such a good time last week, she just decided to stay another.

CARD OF THANKS

We wish to thank Dr. Stewart and Bro. Sartain and all our many friends that helped us in so many ways during the illness and death of our father and grandfather.

Baptist Revival To Begin Friday At Martin

A revival will begin this Friday at Martin with Bro. Ernest Phillips of Morse, Texas doing the preaching. Bro. Bill Galimore will have charge of the singing and will be assisted at the piano by Mrs. Chester Talley in the evening and Joanne Sibley and Frances Helton at the morning services.

The public has an urgent invitation to attend throughout the meeting.

Notes from - - - CITY HALL

Thank you, citizens and merchants of Clarendon. More than half of our water bills are in. We have only two business people who have been contrary to trash and garbage collection, and a much smaller percentage of the residents than we anticipated are not subscribing to the service.

The City has this last week granted permission, to the Doctors who want it, to put up a "Reserved for Doctor" sign up in front of their business. When that sign is up it will be held open for Doctors only, to park in.

To you watermelon eaters in the Park, please leave rinds on tables or throw them over the fence directly west of the incinerator. Do not throw them in the incinerator, please. We are proud of our park, especially since visiting neighboring parks. So let's all who use the park, take pride in it and keep it clean.

Another pretty yard to notice when driving around town is Alfred McMurtry's.

Remember school starts in a few days, so let's practice holding our speed down in school zones, and at all intersections.

It has been called to our attention that a lot of people are burying dead chickens and animals, and the dogs are digging them up. If you would be kind enough to call the City Hall, we will try to pick them up.

Mr. and Mrs. D. T. Smallwood and Mr. and Mrs. Wayne Ewing of Phillips were dinner guests of their sister, Mr. and Mrs. C. C. Lagrone and family Sunday.

Mr. and Mrs. J. C. Clifton of Dalhart and their son and wife, Mr. and Mrs. Eugene Clifton of Dumas visited her sister, Mr. and Mrs. H. B. Hill Saturday.

Mrs. Jack Lewis is back at work at the Rexall Drug after a weeks vacation.

Tom Weaver Hill of Arlington, Texas spent Thursday night with his uncle and aunt, Mr. and Mrs. H. B. Hill.

Mrs. J. R. Cowan and children of Borger are visiting homefolks this week.

Mr. and Mrs. Tom Smallwood of Sunray visited Sunday with his mother, Mrs. R. L. Smallwood.

Mr. and Mrs. J. W. Collins of Amarillo visited her parents, Mr. and Mrs. J. L. McMurtry and sister and family, Mr. and Mrs. Ray Palmer the week end.

Mr. W. T. Hayter is visiting his mother, Mrs. Hayter at McGargle, Texas.

Arline Dozier of Amarillo spent the weekend with home folks.

Mr. and Mrs. E. W. Tyler and baby spent the week end visiting her parents, Mr. and Mrs. West at Gould, Okla.

Mr. and Mrs. Elton Amburn spent Sunday and Sunday night with her parents, Mr. and Mrs. H. B. Hill.

Mr. and Mrs. Charles Talley of Cooper, Texas are visiting his uncle and aunt, Mr. and Mrs. John Rhodes.

Mr. and Mrs. Lee Shelly are the proud parents of a 7 lb., 3 oz. son born July 31st. His name is Monty Lee Shelly.

Jerry Lagrone left Saturday for Dallas where he entered the Dallas Institute of Mortuary Science.

Jaunita Carpenter of Amarillo spent the weekend with homefolks.

Mrs. Fred Lynn of Lubbock visited her parents, Mr. and Mrs. C. C. Lagrone the weekend.

Showers Bring Cooler Weather

Intermittent showers of the past week have lowered the temperature to such an extent that it reminds us of fall. Those who have been yearning for the coolness of the mountains have more or less settled down to enjoy this pleasantness which seldom comes our way during August. Many predict an early fall and a bumper crop to climax an unusual spring and summer. Taken as a whole the summer months have been pleasant and we have received a lot more than an average rain fall. Other than having the "jitters" a few times when storm clouds gathered in the southwest, we are reminded how lucky we have been when we recall other places less fortunate.

The official weather station at the local airport reports a rainfall of 1.47 inches since July 28, and a grand total of 20.16 since the first of the year.

While the rainfall varied in amounts as to localities, with the extended program of heavy showers, the entire county has been well covered. In the main, it is said that the rainfall has been most abundant in that section of the Naylor community and around Hedley.

Mr. and Mrs. Bill Allen and son Jerry and Mrs. J. L. Wood returned Saturday from a weeks vacation at Ft. Smith, Ark., also Marlow and Duncan, Okla.

Mr. and Mrs. Warren Lott and sons Larry and Richard stopped for a short visit in the Harry Blair home the weekend. They were going to California to visit Mrs. Lott's mother, Mrs. A. N. Wood.

Local Scouts Compete In Big Swim Meet

Boy Scouts of Clarendon were represented in the Adobe Walls Council of the Southern District at Wellington in water sports contests Friday, and aptly defended the title for Donley County.

Their competitors were Wellington, Memphis and Mobeetie Scout troopers. Plans were made for this to be an annual event.

Junior swimming division, 40-yard free style saw Don Moore of Clarendon in third place. Senior swimming, free style, Gordon Moore took third place for Clarendon in the 40-yard dash.

Junior diving: Front dive in which Don Moore took 3rd place. Senior diving: Front, third place won by Gordon Moore.

The Moore boys, Don and Gordon, are sons of Mr. and Mrs. A. H. Moore of Clarendon and take an active interest in athletics of all types. Scout Master for the Clarendon troop is the Rev. Warrin W. Fry. The Reverend is naturally quite proud of the record of his boys in this the first event of its kind.

Mr. and Mrs. L. T. Shelton, Douglas and Sandra are home, after spending one week in Kansas City, Mo., and Colorado Springs, Colorado.

Mr. and Mrs. Bill Todd returned home Saturday night from a 2 weeks vacation trip at Estes Park, Colo., and other points of interest.

Mrs. T. H. Dunlap and daughter Tommy Mack of Throckmorton visited her sister, Mrs. C. C. Lagrone the first of this week.

PLOWIN' Out the CORNERS

Hi Uncle Zeb

Gliding along down the highway, headed for Glen Rose, we came upon a little town with a most unusual name: Scotland, S-c-o-t-l-a-n-d. Of course I did the proper thing that you would expect; mailed Uncle Bob Robertson a card with that postmark. That ought to hold him for a while; however, it didn't, for he already writes and tells me that they couldn't have found a better name, and goes on to say that Scotland could whip the world, if the United States would help them out --- Thanks for the nice letter.

Anyway, I shall never forget my visit with the folks at Glen Rose. They were so nice to us. Under the shades of the Liveoaks

and the Postoaks, and in sight of old Pulaxey Creek, they had arranged for us to have cabins. And as meal time approached here come the relatives; uncles and aunts by the dozens, scores and scores of cousins, and every one of them had an extra platter of fried chicken or a pie, or a jar of home made jelly for the feast. Together we spread their eats, and together we ate the fruits of their vineyards, and the contents of their pantries. Together we visited and talked and shared the things that they had brought, which above everything else was a heart full of love and fellowship for us. They made us feel at home, and wanted, and welcome; made us want to go back sometime.

For a part of four days we lived together; living over memories of days gone by, attending church in the little Primitive Baptist church nearby, and in general enjoying the hospitality of their open hearts. I doubt if any church could love their brethren and the fellowship of each other any more dearly than does these folks. And, even without the piano, these old slow songs that they

sing are beautiful, and some of them could really sing the old songs. To me there is no more beautiful a sight this side of Heaven, than to visit a church; any church where the spirit of the Lord is present, and see the dear Saints of the Lord enjoying the fruits of the Lord's Table together. I can't understand why we see things differently, but I can understand how we all need and love the same God, and how we can all rejoice in the goodness of his generous blessings.

Among the other blessings of the trip was another visit with my school teacher of days gone by, Prof. C. L. Nickell of Cleburne, Texas. He and his twin brother L. C. came all the way over to Glen Rose just to see us, and visit with us, and we were so glad to see them and to think that they thought this much of us. Back to the twin-brother part: L. C. was born on a Jan. 1st at eleven o'clock in the night; C. L., my teacher and the younger one of the two, was born two hours later at 1 o'clock on a certain January 2nd. Anyway, I am sending in their names to Mr. Nor-

dyke for membership in his Christmas Birthday Club.

Also had a nice letter from our new found friend, Claude Nance of Oklahoma City. He, among other things, disagrees with the way Claude, Texas spells its name. Actually, I agree with him. My middle name at the beginning was Claud-e, and my Aunt who named me insisted that the last letter be sounded. I couldn't take this, so as soon as I knew right from sissy sounding words I informed everyone that I was dropping the E for good. Anyway, I informed Mr. Nance that we didn't sound the E in pronouncing the name of the best town in the world. Thanks Claud for writing us.

Received several new members to the Ain't Smoking Society on my trip. Seems like a lot of folks are considering "Jining up"; be glad to have you. Someone sent me a clipping from some church paper that quotes a group of statistics from the well known Dr. Raymond Pearl to the effect that for each eight people out of a thousand that die at the age of

thirty who don't smoke, nearly seventeen heavy smokers die to the same thousand. And so on up the scale of years until at the age of 45, twenty five heavy smokers die to every twelve non-smokers. Anyway, even though I don't care about living always, I am still glad that I quit. I still chew gum and eat matches and tooth picks (as the student Editor says I do) but I am gaining ground; it don't take as many tooth picks to last a day as it did cigarettes, and they cost a lot less. Some people can be more moderate in their smoking than we were and can get by with it longer than we did. Anyone that has to quit or wants to quit we will be glad to have you as brothers in the Society.

The Right Way To Start a Depression

EDITORS NOTE—The following article was taken from the column, "Pitching Horseshoes", in the Ft. Worth Star-Telegram by Billy Rose. The lesson brought out in the article is so timely and good that we are passing it on to our readers. The article follows:

For the past 20 years, a friend of mine in Indiana has been selling hamburgers and making a right pretty dollar at it. He's hard of hearing, so he never listens to the radio, and he's had so much trouble with his eyes that he never looks at a newspaper. But the hamburgers he sells are good hamburgers, and so his inability to keep up with the times has never interfered with his business.

A few weeks back, the old man's son got out of college after majoring in economics, and when he got home he said: "Pop, I think you ought to start watching your pennies. The European situation is all messed up and we're beginning to feel it over here. According to the Dow-Jones index, this country is facing a big depression."

"I don't know this Dow Jones,"

said his father, "but any friend of yours is a friend of mine. Besides, you figure to know what you're talking about seeing as how you've been hanging out with professors for the last four years."

The next morning, the old man canceled the billboards on which he had been advertising his roadside stand for years, and that night switched off his neon sign at 8 o'clock. And a week later, he laid off most of the girls who had been carrying the trays out to the cars.

Encouraged by these savings, he next eliminated his famous piccalilli sauce, stopped throwing the stale buns away, and substituted cheap meat for the U. S. prime he had always used. His only capital investment was for a newfangled gadget, guaranteed to get 20 slices out of an onion.

Well, last week his sons' predictions had all come true. In fact, there was one day when not a single car drove up to the stand. "Thanks for tipping me off," said the old man to his son that evening. "There sure is one big depression in this country."

Mr. and Mrs. Geo. Wayne Estlack and Jackie left Thursday on two weeks vacation and fishing at Antonita, Colo.

From where I sit... by Joe Marsh

Specs And I See Eye To Eye

Asked Specs Allen to go hunting last week. Known him all my life, so I wasn't surprised when he showed up with no gun. Specs doesn't like to kill anything.

Couldn't ask for a better hunting companion, though. We tramp around the woods, and whenever the dogs flush a bird, I blaze away while Specs just watches.

Told him once I was surprised he went along... feeling the way he does about shooting anything. "Well, Joe," he says, "you do what you think is right and I'll stick

to what I think is right. I've no call to dislike you for not seeing everything the way I see it."

From where I sit, open-mindedness is a wonderful quality. There are plenty of things Specs admires that I don't care for. Like his fondness for buttermilk. I'd rather have a glass of beer anytime... but Specs Allen and I don't let little differences get in the way of something big like friendship.

Facts And Figures On Polio

By Dr. Roy James H. LaLonde, Buffalo, New York

The Alpha and Omega of chiropractic depends upon scientific research. The most complex subject ever to present itself for research has been the study and cause of poliomyelitis. Observations made during the last twelve years by authorities doing this highly specialized research work, especially by our own Dr. Frame shows an alarming increase of polio, both geographically and in the number of persons attacked. Parents are annually more cautious of its threat to their children. Young people have a vague but real fear of becoming victims. This fear grows more pronounced when an outbreak occurs in their own community.

It is important that these boys and girls, the parents of the future, should understand the main preventive facts already known about infantile paralysis. They should realize and have respect for the chiropractic research which is going on in the prevention and treatment of the disease. When they have some idea of the complexity and problems involved, such understanding will help them to overcome their disquieting fears. Moreover, they will be prepared to give their children the advantages of chiropractic prevention and treatment as demonstrated in the movie given by Dr. Frame.

What is the National Foundation for Infantile Paralysis doing about educating school children, teachers and parents? Here is what they are doing about it, they are using some of the copyrighted discoveries of Doctor Frame. The legal adviser of Doctor Frame has

already warned the Foundation that their next release to school children in these United States must recognize his copyright and chiropractic. The idea is not to stop their advice to school children, but to make them become chiropractic conscious and to learn of the great work we are doing in this field.

Let us review the pamphlets which you, no doubt, read when they were brought home by your children from school, as published by the Foundation: As always heading their list was the warning—beware of fatigue. Avoid chill by staying too long in cold water. Avoid crowds and eating in public places. Do not have official surgery performed in hot weather.

This research and advice along these lines comes from the chiropractic ranks and they have never given credit where credit is due. They had money from the March of Dimes to put this important work in every school in the land; yes they beat us to the draw, because Doctor Frame lacked money and the proper backing to reach every school child. We have not been idle, however; we have two splendid movies by Doctors Dunn and Frame. The Council on Public Health has published some fifty thousand booklets on the subject. N. C. A. Journal has given space and time to the type of research being done, and I might add that this research published in the Journal has been enthusiastically received by ninety per-

cent of the chiropractic readers.

Possibly the greatest and most effective form of publicity to the public is in our own Healthways. Here is a magazine which deserves a great hand, edited by Mr. Chapman and Doctor Rogers, and other outstanding editors; yet I have visited chiropractic offices and failed to see this dynamic publication displayed in the waiting room. It should go to all legislators to let them know what we are doing, especially in advancing the knowledge on polio and many leading scientific subjects of the day. Really, as we proceed in this atomic age, is there a better pocket sized magazine being published which will carry our great messages to the public?

As we continue on facts and figures of poliomyelitis, let us take a backward look. Last year we had twenty-four thousand cases of the disease and the March of Dimes collected twenty-four million dollars. That would figure up to one million dollars for each thousand cases. Did each thousand cases receive the one million dollars? You know the answer as well as I. (Adv.) (Continued next week)

SOCIAL SECURITY NEWS

Checking on your old-age and survivors insurance account is like having your bank account balanced, and is just as good business. The Amarillo social security office urges all workers to check at intervals on their accounts so that they may be sure of receiving credit for all wages they earn. Although every precaution is taken to insure the accuracy of your records, some wages are reported that cannot be posted. Most errors on reports are due to mistakes in the worker's name or social security number, or the failure to show any number. Sometimes the wrong amount of wages is reported and occasionally no report at all is made.

There is no charge for furnishing wage statements and any worker can obtain one easily. Write the social security office at Amarillo for a self-addressed postal card which you can fill out and mail to the social security Division of Accounting Operations at Baltimore, Maryland.

These cards can also be obtained from Floyd B. Ellington, Amarillo office representative. He will be here Tuesday, August 23, at 9:00 a. m. in the County Court House.

Miss Carrie Davis and mother left Sunday for a vacation trip to Colorado. They were joined at Amarillo by her sister, Mrs. Bill Middleton and children.

Friendship Caravan To Mexico City, September 8th

A "Friendship Caravan" to Mexico City, open to all residents of Texas, is being organized to take place in September, when the travelers will participate in the celebrations of Mexican Independence Day and will be formally honored by the Mexican government.

Expected to be one of the largest goodwill visits ever made to Mexico, the trip's headquarters has been established in San Antonio. Point of departure will be Laredo, on September 8th. The journey will be 10 days.

The trip will be made in special air-conditioned Pullman trains. One of the many highlights in Mexico City will be a presidential banquet to be given in honor of the visitors by President and Mrs.

Miguel Aleman at Casino Militar on Sept. 14. Other dignitaries of the Mexican government also will be present.

The Foreign Relations Committee of the San Antonio Chamber of Commerce has endorsed the trip as a worthy goodwill visit. The committee this week launched plans for filling two or more cars in a special train, under the direction of Leroy G. Denman Jr., its chairman. It is expected that other Chambers in the state will make similar plans.

Gustavo Ortiz Hernan, former consul general of Mexico in San Antonio, is director of the "Friendship Caravan". Raoul Cortez, president general of LULAC, is chairman of the "Caravan" committee and Denman is co-chairman.

Literature on the trip may be obtained from the "Friendship Caravan" office, 203 Insurance Building, San Antonio 5.

THE HIGH PLAINS CANAL SYSTEM

By Charles Eli Sexton, Author-Engineer

OBJECT is to move all surplus water from east slope of Rockies into storage in sinkholes, tanks, and a system of canals so broad as to form a long chain of lagoons; also, to shift a part of this surplus south where the growing season is longer and aridity extreme.

GENERAL RESULT: Water having been led to high ground by the usual side-hill canals (but linked into one continuous Main Canal), it could be drawn off by gravity for stock-watering and irrigation. Evaporation over wide expanses of lake would form natural forest and moderate the climate. Early deep seepage would raise the water-table; also forming springs and steady-flowing creeks.

NAVIGATION by barge-trains or farmers' own freight boats would tap a vast area now ill-supplied with cheap transportation for bulky goods such as timber, stone, coal, fertilizers, ore, wheat and fattened stock. Enough water would be led to the headwaters of the Nueces River to permit locking traffic down to Corpus Christi for an ocean outlet. Locks are also necessary (and power generated) at a 450 ft. drop at LaJunta—this to avoid impossible rough terrain in the Purgatoire area.

ELEVATIONS of Main Canal (approx.): 5100 ft. at source on saddle west of Black Hills; 4700 ft. crossing into Nebraska near Kimball; 4500 ft. near Greely; 4450 ft. near Cheyenne Wells; drop to 4000 ft. at LaJunta; 3900 ft. West of Amarillo, Texas; 3600 ft. at Southeast corner of New Mexico; thence Southeast on ridge.

MAIN CANAL needs only one levee, on downhill side (east), from 10 ft. to 14 ft. effective height; mostly build by local men and machinery as off-season work. Slope of land provides western or uphill bank. Where land is nearly flat, a 12 ft. levee would back water West for 1/2 mile as a shallow lagoon, giving maximum seepage and evaporation. Nav. channel is along levee, but remainder can be deepened gradually, as made-work in depressions; and levee widened downhill by pumping mud, furnishing all canal-side homes with deep moist soil for gardens.

EXTENSION (later) of Canal head NW as "Mile High" feeder would allow summer nav. to Helena and into Columbia Basin, tapping huge resources.

RIVERS intersected are to be crossed behind low dams by diverting Main Canal well upstream. Where occupancy does not forbid, such low dams can be replaced later by longer and higher ones farther downstream, forming large storage and siltage lakes in valleys, all connected

into a chain for equalizing floods by passing water along to low-level basins.

BRANCH or "Crest Canals" take off eastward along each divide between river-valleys (as indicated by broken lines on map); and these also can be enlarged into horseshoe-shaped lagoons over the years. This amounts to lifting the many rivers out of their valleys (where they do little good) and relocating them on ridges whence their waters can be led by gravity to either side into the tens of thousands of sinks. So we can form countless new lakes, tree-bordered, permitting cattle to be finished on ranches at increased profit, and butchered nearby for profit.

HIGH STORAGE then becomes possible at every favorable canyon site above the Main Canal, even though no suitable irrigable lands lie down that particular valley, nor feasible route for a ditch. Waters drawn from all high storage find their way to main Canal to be distributed.

PRESENT IRRIGATIONS above Canal would be unaffected; and all those below would benefit from a constant source of water. Plans of Interior and of the Engineer Corps would be little altered; only supplemented.

PARALLEL CANALS lower to eastward, like gigantic contour-furrow would catch meltage from the High Plains and returned irrigation; again to lift it to crest and pass any surplus south for increasing profits.

FARMS, villages and towns would soon line these canals, and both the population and the revenue of the affected States increased many-fold; and with that, their political power — to the benefit of the Nation.

BARGING EASTWARD would be possible, by enlarging a few of

the most favorable Crest Canals and installing locks; say to Omaha, KC and Tulsa.

FLOOD CONTROL in the middle and lower Missouri R. and in the Lower Mississippi R. as well as in the Arkansas R., Kaw R., etc., would gain from cutting off much headwater flow and smoothing out the remainder.

Health Notes

AUSTIN—The month of September brings a return of school days, and thousands of Texas boys and girls will be returning to classrooms for the next nine months. Every one of these children, according to Dr. Geo. W. Cox, State Health Officer, should be as free as possible from all physical defects that can be corrected, and protected against other diseases which frequently spread through classrooms.

A complete medical and dental pre-school check-up is of the utmost importance in getting the child ready for school. Eyes, ears, nose, throat, and teeth should be carefully examined, and all remediable defects corrected or placed

under treatment. Such defects can lead to serious impairment of growth and progress academically, socially, and emotionally.

Defects of hearing and vision handicap a child in his class work, and often result in the false impression that he is backward and unable to learn. Such defects can often be corrected, and the child is not only more progressive in his school work, but is a happier, better balanced individual as a result of being more socially acceptable. Dental defects should be corrected not only for cosmetic reasons, but because good teeth enable a child to chew his food properly and thus promote good digestion and bodily nourishment.

"In addition to correcting such defects as already exist, young children should be protected by immunization against disease, when possible," Dr. Cox said. "Immunization is safe and dependable, and every child is entitled to this protection against disease."

Jerry Lee Allen is spending this week with his aunt, Mrs. Layton Gillespie at Memphis.
