

The Donley County Leader

Complete Trade Territory Coverage

A friend to the farmer, his home and his family. A champion of his rights and a willing promoter of his interests.

Volume 13 Number 45

CLARENDON, DONLEY COUNTY, TEXAS, DECEMBER 31, 1942

A Common Paper for Common People

Farmers And Ranchers Asked to Meet 1943 Food Production Goals

Farmers and ranchers in 1943 are going to be asked to meet certain agricultural goals in livestock and war crops says county agent H. M. Breedlove of the Texas A&M College Extension Service. This coming year is going to be the largest production year of certain crops essential to the war effort in the history of the nation. That is assuming normal conditions. The farmers job will be larger and more difficult in 1943 than in previous years. Military and lend-lease buying is expected to take one fourth of our total food production for 1943 as compared with 13 percent in 1942 and 4 percent in 1941. Within the last six weeks our estimate on military and lend-lease have increased by one-fourth. This means that more of certain crops essential to the war effort must be planted the coming year. There must be an increase in the production of beef and pork if there is to be an adequate supply. This is a job that must be accomplished on the farms and ranches of the nation.

In order to better inform the people as to the kind of crops that are most needed there will be meetings in the communities by the county agent and the community committees and these crops will be gone over by the farmers and he will be given the chance to pick out the crops that will best suit his farm. These crops are in addition to his regular cotton allotments and feed acreages. The war crop acreage for the farm will be rather small but when it is summed up for the nation it will mean a great deal of supplies of that crop for the war effort.

All farmers will pledge themselves to meet certain agricultural goals in 1943 and this information (See FARMERS, page Eight)

Tire Inspection Prices Quoted

According to instructions received from the District OPA Office all tire inspections on commercial vehicles must be completed by January 15th, and on passenger cars by January 31st. This inspection can be made at any time from now until that date. The board would like to urge you not to wait until the last day to have this inspection made. The tire inspectors will make a small charge but it will in no way compensate them for the time they spend on this inspection. This is just a patriotic service that the inspectors have agreed to do, and let's all cooperate with them and be as considerate of them as possible.

If no tires are removed from the wheel or rim, a nominal fee, not in excess of twenty-five cents per vehicle, may be charged by the inspector for the over-all inspection. If a tire is demounted for the purpose of inspection, the following fees, in addition to the above, may be charged:

- Passenger motor vehicle tires, each 50c.
- Small truck tires (7.50x20 or smaller) each 75c.
- Large truck tires (larger than 7.50x20) each \$1.00.
- Additional charge for removing inside dual truck tires (larger than 7.50x20) 50c.

The following are authorized inspectors of Donley County:

- Dale Hill, Davis Bumper to Bumper Station; Frank Hommel, Texaco Station; H. P. Huckins, Phillips 66 Station; W. W. Noblet, Clarendon Motor Co.; Major B. Hufson, Donley Consumers; Joe Holland, Magnolia Pet. Co.; Scott Reneau, all of Clarendon.
- K. C. Reed Service Station at Jericho; W. W. Jones Service Station at Lela Lake; Harrison H. Hall Service Station, J. J. Beach Service Station, B. C. Johnson Station, W. C. Johnson Station, all of Hedley.
- Ben Lovell Station at Ashtola; Barney E. Fulbright, McLean; W. H. Blackneer, Alanreed.

Identifying Sticker Must Be Displayed On Motor Vehicle

According to Mileage Rationing Regulations no person may use a Class A, B, C, T-1 or T-2 coupon book, other than one representing a Special ration, issued for a registered or commercial motor vehicle unless a sticker identifying the class of ration issued for use with such vehicle, is affixed to and conspicuously displayed on such vehicle. Such sticker shall be displayed on such vehicle at all times. A person to whom any ration in addition to a Class A ration has been issued shall display only the sticker identifying such additional ration.

11,672 BALES COTTON GINNED PRIOR TO DECEMBER 13th

A census report from the Department of Commerce shows that 11,672 bales of cotton were ginned in Donley County from the crop of 1942 prior to Dec. 13th as compared with 8,702 bales for the crop of 1941. This increase along with the increase of price gives good reason for the better business enjoyed by local merchants this fall and winter.

Modern Blizzard Hits Panhandle

A belated white Christmas arrived two days late, but made up for its tardiness when it struck here Saturday night with hurricane velocity. The high wind caused the snow to form drifts which were impassable in lots of places. Traffic was almost at a stand still all day Sunday and part of Monday. Mail carriers, however braved the routine Monday, although sticking several times before the journey was completed.

Old timers say the snow storm was a lot like the old time blizzards which used to sweep across the plains, driving man and beast to the sheltered windbreaks. The storm, however, spent most of its ferocity in a single day and night, which was a great relief to stockmen. Little damage was reported to have been caused by the storm, although some cattle on the plains were hit hard. Had the storm continued its intensity as of Saturday night and Sunday, hundreds of cattle and other livestock probably would have frozen to death.

The coldest point during the storm was registered at 18 above, which lacks a lot of comparing to the old time blizzard. It is said that the hard driving wind made it seem a lot colder than it really was. Moisture deposited was recorded at .28 inch.

Mrs. A. W. Jewett Passes Away

Funeral services for Mrs. Rosie Etta Jewett who passed away Tuesday, will be held this Friday at 3 p. m. at the Baptist Church with Rev. E. L. Moody conducting the services. Burial will be made in Citizens Cemetery.

Mrs. Jewett had lived in Donley County two years and was living at Ashtola at the time of her death. She was 48 years old and was the mother of nine children.

Besides her husband, she is survived by the following children: Mrs. Floyd Bialock, Fulbright; Mrs. J. H. Ferguson, Ashtola; Mrs. L. B. Caffee, Clarendon; Mrs. Clifford Osborn, Clarendon; Elaine Jewett, Ashtola; Robert, Clifford, John, and Arthur Dean Jewett all of Ashtola. Her father, Ezekiel Beck, Red River County; sisters, Mrs. Sam Simpson, Arizona; Mrs. Preston Jewett, Fort Worth; Mrs. Wesley Jewett, Detroit, Texas; brothers, Tom Beck, Red River County; William Beck, U. S. Army; four grandchildren.

Purchasers Of Passenger Car Tires Protected

West Texas motorists purchasing new passenger car tires of reclaimed rubber are amply protected, both in price and in information on the grade of tire they are purchasing, Howard Gholson, district manager of the OPA, announced today.

A label showing the maximum retail price and indicating the tire is grade III for rationing purposes must be attached to each casing by manufacturers and private brand distributors of reclaimed rubber tires.

The only tire now being manufactured for passenger cars are of reclaimed rubber. They may be sold only to persons who obtain certificates from their war price and rationing boards. Under the mileage rationing program, all motorists are eligible for tires, but the rationing system still is based on the quota plan. Most essential mileage will be taken care of first under the rationing regulations.

Maximum retail price ceilings for casings being manufactured from reclaimed rubber are: (size) 7.00-15, \$17.80; 600-16, \$13.25; 6.25/6.50, \$16.65; 7.00-16, \$18.25; 5.25/5.50-17, \$12.20; 5.25/5.50-18, \$11.10; 4.75/5.00-19, \$9.95; 4.50/4.75/5.00-20, \$11.05; 4.40/4.50-21, \$9.90; 30x32, \$8.45.

The ceiling of \$13.25 for 600x16 tires of reclaimed rubber is about 22 per cent below the ceiling of \$17.11 for a first-line tire of the same size.

THE LEADER SURVIVES SERIOUS BREAKDOWN

Our Donley County Leader sustained a serious breakdown Wednesday night when a vital part on its big news press failed to function at the right moment, but thanks to the ingenuity and skill of Will and Johnnie Johnson of the Johnson Welding and Machine Shop, your Leader comes to you on time as usual.

Will Johnson, father in the firm, has been at the game a long time and likes his work. The shop is well equipped with all modern tools and can turn out the same type of work that is done in the shops of much larger cities.

Clarendon and vicinity is fortunate indeed that these two skilled machinists are still in our midst. Many localities are without men of their ability due to the great demand for skilled workmen in the defense areas. So let us say "hats off to the small town machinists who are performing a great service in a big way for the environs of a busy nation at war."

Goodfellows United Charities Fund Receives \$308.15

Recently, a drive was made to swell the Goodfellows United Charities Fund. As a result \$308.15 was contributed by local donors.

Due to the great demand for labor on farms and in defense plants, very few families were in need at the present time. Only twelve baskets were delivered to needy families at Christmas time.

Although a surplus has been gained in the local fund, officials reminded that there is likely to be a future date when the funds will be needed, especially when the let-down comes after the war.

Those contributing and the amount given is as follows:

- Bryan Royalty Co, 25.00; Lions Club, 20.00; H. Mulkey Estate, 10.00; W. H. Patrick, 10.00; Wesley Knorpp, 10.00; City Gas Company, 7.50; West Texas Utility, 7.50; J. L. McMurtry, 10.00; Church of Christ 6.00; Mrs. Allen Jefferies, 5.00; Mrs. Jack Molesworth, 5.00; Coca Cola Bottling Co., 5.00; Clarendon Motor, 5.00; Shamburger Lumber (See GOODFELLOWS, page 8)

REPORTED MISSING

Obra Spier, 19, seaman 1st class, is reported missing in action, according to information received by his sister, Mrs. Roy Stewart, as of December 23rd. Obra enlisted in the Navy in 1940, and was a student of Clarendon High School at the time of his enlistment. He was a member of the 1939 Broncho football squad.

He is survived by a sister, Mrs. Roy Stewart of Clarendon and two brothers, Otis Spier of Clarendon and Junior Spier of Dumas.

Pvt. James Glenn Churchman To Receive Medical Training

Pvt. James Glenn Churchman, who was inducted recently and who has been a resident of Clarendon for many years, has been assigned for training to the Medical Replacement Training Center at Camp Robinson, Arkansas. His training will embrace eleven weeks, after which he will be assigned for duty to some Medical Department organization.

TAKE XMAS WITH PARENTS

Those to spend Xmas with their parents, Mr. and Mrs. A. P. Todd, were Mr. and Mrs. Byron Todd and family of Goodlet, Texas; Mr. and Mrs. L. L. Mitchell of Memphis, Mr. and Mrs. Raymond Dyess of Brownfield, Mr. and Mrs. C. E. Todd of Great Lakes, Ill., and T. Z. Todd of Amarillo.

Wright Putman Dies From Injury

The joys of Christmas were turned to sadness in the homes of friends and loved ones this week when the little son of Mr. and Mrs. Lois Putman passed away Saturday from an injury he received last week when he was kicked in the head by a horse.

All the powers of medical science was rushed to his aid but to no avail. The little fellow had received a mortal injury which no power on earth could cure.

Though his stay upon the earth was but a short time, the sweet memories he left behind, will long remain after his little body has returned to dust. It seems as though he might have stopped just for a short visit, leaving a message of love and hope and a greater promise of another spring time in eternity.

At the time of his death Wright Putman was six years old. Besides his mother and father, he leaves to mourn his passing two sisters, Ola Mae and Brindia Gay; his grandparents, Mr. and Mrs. M. L. Putman of Clarendon, and Mr. and Mrs. W. B. Barbee of Montague, Texas; 8 uncles, 6 aunts, and a host of other relatives and friends.

Palbearers were A. J. Garland, Lacy Nobles, Cleo Woods, Doc Robinson.

Flower bearers were Mrs. Ernest L. Hunt, Mrs. Roy Stewart, Mrs. Allen Hardin, Mrs. Bob Head.

MRS. JOHNNIE BLOCKER WILL HEAD DONLEY CO. BIRTHDAY COMMITTEE

Mrs. Johnnie Blocker of Clarendon will head the Donley county committee for the Celebration of President Franklin D. Roosevelt's 61st Birthday, January 30. This announcement was made today by George Waverly Briggs, Texas State Vice Chairman for the celebration to raise funds for the fight against infantile paralysis.

The county chairman will announce the appointment of her staff and assistants in the near future.

JOINS NAVY

James Goin, son of Mr. and Mrs. G. A. Goin of Claude has volunteered for the Navy and is taking his training at San Diego, Calif.

IMPROVING

The many friends of Mrs. Sam Lowe will be glad to hear that she was brought home Tuesday by Buntin ambulance from St. Anthony hospital and is doing nicely.

War Ration Book No. 2 Will Cover Point Rationing System For 1943

LIUT. ROSE L. SMOTHERS WILL BE IN CLARENDON WED., JANUARY 6th

According to Major McCollum of the Induction Center at Lubbock who was here making arrangements, Lt. Rose L. Smothers will be here in Clarendon, Wednesday, January 6th at 10 o'clock, and will make a talk in the American Legion Hall at that time.

All women who are interested in the WAACS are urged to be present to hear Lieut. Smothers explain the aim and duties of the WAACS, and also give out application blanks to interested applicants. She is now enrolling her second platoon to be known as the South Plains Platoon.

Legion members, Auxiliary and others, whether eligible or not, but who are interested in what the WAACS are doing, are urged to be present and learn at first hand what a great place the Womens Army Auxiliary Corps is filling in the present conflict.

According to latest information released this week, point rationing which will begin some time after the first of the year will not replace straight coupon rationing of sugar, gasoline, and coffee, Howard Gholson, manager of the 75-county district of the OPA which has headquarters in Lubbock, emphasized today.

Early in 1943, a new war rationing book to be known as War Ration Book Two will be issued for use in any new rationing programs which may become necessary. It will be used to secure goods that will be rationed under a new system to be known as the "point system."

Purpose of point rationing, the District Manager said, is to guarantee everyone a fair share of scarce but essential goods, while at the same time giving everyone a variety of items to choose from.

The point plan will be used to ration certain commodities for which the straight coupon system is not suitable, providing a fairer and better system of rationing certain kinds of foods, such as cereals and meats, than straight coupon rationing would in the case of such products.

A list of all commodities which will be rationed under the point system has not been announced. The system will be used to ration meat.

There are three chief differences between point rationing and the coupon rationing which is in effect for sugar and coffee. The first important difference is that under a straight coupon rationing one coupon entitles the consumer to buy a specific amount of a single commodity—one sugar coupon, for instance, entitles him to buy three pounds of sugar—while in point rationing one set of coupons covers a whole group of commodities. For instance, a week's meat ration coupons would enable a person to choose his rations freely between beef, pork, lamb or mutton.

The second difference is that (See WAR RATION, page Eight)

Veteran Pastor Dies at Aledo

Rev. George S. Slover, 73, super-annuate Methodist minister and formerly president of Clarendon College, died at 3 p. m. Tuesday at his ranch home near Aledo after an illness of one week.

Rev. Mr. Slover was born in Parker County and took his first pulpit in 1891. During his career he held 20 pastorates in the State. He celebrated his fiftieth anniversary in the ministry with a sermon at the Broadway-Mulkey Methodist Church in Fort Worth in October, 1941.

He was pastor of the Courts Memorial Methodist Church at Weatherford in 1901 and 1902.

Funeral services were held at 2:30 p. m. Thursday at the Weatherford church where he formerly was pastor. Rev. O. A. Morton, pastor of the Aledo Methodist Church, will conduct the services, assisted by Rev. S. A. Barnes, superintendent of the Fort Worth district, and Rev. Marcus M. Chunn, pastor of the Central Methodist Church of Fort Worth. Burial was made in the Weatherford Cemetery.

Surviving are the widow and two brothers, John Slover of Bridgeport, and William Slover, Paradise.

VISIT DOWN STATE

Mr. and Mrs. Frank Bourland were joined by their daughter and husband, Mr. and Mrs. J. R. Ross of Goliad, Texas, at the home of their daughter Mr. and Mrs. Bob Dillard and family at Corsicana where they all spent Xmas. They also visited Mr. Bourland's sisters, Miss Annie Bourland and Dr. and Mrs. O. L. Jenkins and family at Dallas, returning home Monday.

D. O. STALLINGS IS APPOINTED PUBLIC WEIGHER

D. O. Stallings has been appointed public weigher of this precinct in place of Rayburn Smith who has resigned. Mr. Stallings states that all weighing will now be done at his place of business.

Local Service Men Pass Through

Three men from here in their Uncle's service passed through Clarendon on a troop train about 2 p. m. Wednesday on their way from a (Censored), bound for (Censored).

The three men were Mike Stricklin, Elbon Naylor and Harold Leach. Clyde J. Douglas happened to be at the depot and saw and talked with these men as the train was delayed for temporary engine repairs for some fifteen minutes.

Mr. Douglas attempted to contact relatives and friends from the depot by phone to no avail. Had Clarendon citizens known that these men were to pass through, they would have been out in great numbers.

Our local men were in charge of the (Censored). It is said that they will return to (Censored) in a few days, and may possibly stop here on the way back.

Protect Your Pigs Breedlove Says

County agent H. M. Breedlove advises that in the year of 1943 just around the corner, that farmers are going to be asked to produce more fat hogs for market for the armed forces, Allies and civilian consumption.

"Protect the little pigs from injury and cold," Breedlove said. "This is one way to help meet the goal of producing more pigs next spring. Seventy five percent of all pig losses are within the first week after farrowing. Good farrowing houses and good quarters for the sow and pigs will greatly help to reduce this loss in the little pigs. These little pigs are going to be very important in the coming year and every thing that you do to save every pig possible may mean more meat for some boy from Donley county in the fighting over seas."

Breedlove says that if you are expecting a sow to farrow in the near future, look over the place and make her some good farrowing quarters out of some old lumber that might be around the place. If you want to build a good farrowing house, call at the county agent's office and get some plans for building a good farrowing house. You can build one from the old lumber around the place.

YOUR 1942 INCOME TAX

By J. A. WARREN

Income Tax Accountant
Clarendon, Texas

(Your Donley County Leader, believing that the public generally is interested in their income tax problems at this time, and in keeping with its usual custom, hereby presents to its readers a few of the more important facts with which you will have to deal.)

Who must file a return

Every citizen of the United States, if married and living with husband or wife, or who is the qualified head of a household, whose GROSS income was \$1,200 or more; single persons, widows, widowers, married persons not living together and who are not heads of a household, whose GROSS income was \$500 or more for the taxable (calendar) year, must file returns.

Every partnership, regardless of the time in business, or of profit or loss, must file a return. There are no exceptions.

Deceased persons, dying within the taxable year, are subject to the same regulations as the living, and their agent or one qualified, must file a return of such business.

Estates, having GROSS income of \$500 or more, must file returns. Gross income for income tax purposes, means, generally, the entire receipts of taxpayer, his wife and dependents. This, however, would not include say, re-

ceipts in payment of notes or other things of this kind, but ordinary, current incomes.

When to file

As all income tax returns, generally speaking, are for the calendar year, meaning from Jan. 1st to Dec. 31st, inclusive, naturally they cannot be filed before January 1st, 1943. So you have from then until March 15th, 1943 to file your returns and get them into the Dallas office. Be sure they are there at that time.

In addition, and aside from your regular returns above referred to, there is an Information Return that must be filed and sent directly to Washington on or before Feb. 15, 1943.

If during the taxable year, you pay to a married person, \$1,200 or more; to a single person, who is not head of a household, or who is married but not living with husband or wife, the sum of \$500 or more, in rents, interest, commissions, salaries, wages, or anything of this nature, then the above form applies to you.

Forms for filing

There are a number of forms used by the government, suitable to every need, and they are furnished without charge. These are sent to those who have formerly filed returns. Those who have not may obtain them at banks, post-offices, from the Dallas office, and generally from those who feature

income tax service. They will be glad to furnish you without obligation, when they have them. They are usually available about the 10th day of January.

How to file returns

Feel free to make them yourself if you desire. There is no law against it. Otherwise, you can sometimes get information at Federal offices or from federal collectors who make the territory. If you don't want to do this, then go to some one who does such work for the public.

How Taxes are paid

When you file your return, you may pay all your tax in cash if you wish, or you may pay one-fourth then, and the balance in three equal payments, June, September and December, without interest or other charges, but be certain they are paid when due, else a penalty, and all mature, at the option of the Collector. You can pay with personal checks, if desired. All payments to Collector of Internal Revenue, Dallas, Texas.

Your figures and data

You, personally, are responsible to Uncle for keeping your records. Don't blame some one else with it, or expect some one to pull them out of the sky for you. Keep your records so you know what you are doing, and so that a Federal agent can tell too, if he comes along and calls for this record, which he is apt to do. Because you have not kept your record does not excuse you, so says Uncle Sam. You are, the one who will swear to it.

Personal exemptions

Married persons, husband and wife, and the qualified head of a household, are entitled to a deduction of \$1,200; single persons, who are not head of a household, widows, widowers, and husband and wife married, but living apart, are entitled to a deduction of \$500. Children under 18 years of age, or who are mentally or physically incapacitated, or older persons, such as father or mother, who have no income and mainly dependent upon you for support, are entitled to \$350.00 deduction.

And be sure to tune in on your VICTORY TAX for 1943.

Tommy Tullas of Truman, Ark. is visiting Millard Miller. They returned to Southwestern University at Memphis, Tenn. this Thurs.

Mr. and Mrs. Glen White of Shamrock spent Xmas with home folks in Clarendon.

Wounded Men in Jungle

These three Australian fighters suffered slight wounds while driving the Japanese out of Templeton's Crossing, high in the Owen Stanley Mountains in Papua. They have stopped at a first-aid station set up in a native village. From this point they walked six miles over a narrow trail to a base hospital.

ON THE HOME FRONT

As the new year breaks upon us, we on the Home Front probably have more reason than ever before to decide upon resolutions which will carry us bravely thru a period of war-time economy. Resolutions for 1943 will tend to be less personal and will bespeak our feelings for all mankind. Although many on the Home Front have reason to be sad as we begin a New Year, there should be multiple reasons for thanksgiving. For, as the war progresses, the Allies no longer are caught napping at any point, however, obscure it may appear in the grand strategy of the United Nations. If it is surprising that American light tanks are reported in action on the jungle-enclosed strip of New Guinea beach, how much

more extraordinary must have been the means of getting them there. On every front, the Allies are on the move, pledged to awaken the Axis leaders from their dreams of world conquest. The United Nations are taking advantage of every opportunity on the fighting fronts. On the Home Front we must be equally far-seeing.

The exact contribution made by those on the Home Front in winning this war may never be told until its successful conclusion, but there is no question but what 1943 will see the greatest contribution in the history of the world by Americans toward winning a war. Food—a mighty weapon—can very well turn the tide of the war in our favor. For not only is food, as it supports fighting men, a direct instrument of war, it is an essential bulwark of civilian populations in war-time. The hatred felt by the people of occupied Europe for their Nazi oppressors is fed by the pangs of hunger;

their hopes of liberation and of ultimately getting food from us strengthen their resistance and definitely aid the Allied cause. The plight of starving millions abroad and the fearful conditions under which many of our soldiers are fighting in jungle and desert should awaken in all of us at home the willingness to take cheerfully the slight discomforts and minor hardships which necessarily go with a war of this kind, especially the inconveniences connected with rationing and other restrictions of scarce goods. Whether we want to walk today and ride tomorrow or ride today and goose-step tomorrow is the serious question now facing this country.

Clarence Whitlock of Lubbock was home for Christmas.

Keep Them Nourished

When a baby has frequent colds during its first year of life, or seems to get another cold before it is free of a previous one, nasal allergy to foods should be suspected. Dr. A. J. Horesh told a group of child specialists, members of the American Academy of Pediatricians. Eczema, he pointed out, may also be an indication of food allergy—and food odors and vapors from offending foods, or even the presence of these foods near the baby, may produce serious allergic symptoms.—Nutri-News, Chiropractic Research. THE TEMPLE OF TRUTH
By the Apostle

SEXOLOGY.

Some women dress as men and behave. Others dress like men and do not act like gentlemen, quotes the Christian Advocate. The acts found objective include smoking, boozing, gambling, fighting and raising hell in general. There is no general objection on the part of the average man if a woman wants to dress like a man so long as she acts like a gentleman.

SOCIOLOGY.

For once the bridegroom is getting his share of attention at the weddings. The old boy of former years who looked like a whipped dog and acted like one at his wedding, now knocks their eyes out with a uniform. These soldier weddings are really putting the men folks up into a class where they have long wanted to be—attract attention.

GARDENOLOGY.

A recent letter from a local boy soldiering in Australia allows as how there is a bright side to all things. He says they have strawberries of the finest flavor ripening there right now. Being south of the equator, Australia's climate is the opposite of ours.

TERMINOLOGY.

The reason that time "flies," so many are trying to kill it. Many a man feels justified in killing time because that is what time is doing to him.

SCRAPOLOGY.

Men over 38 are exempt from army service under a new ruling. And that right when the old Apostle had lined up to ask for a place in the service despite his 81 years. At that, any one can find plenty to do right at home to help the cause if one really is interested in helping the boys in the service.

BUNKOLOGY.

For a coffee substitute, take 2 cups of unsifted corn meal, mix

water to a stiff dough; add two tablespoons blackstrap sorghum. Bake brown and very hard. Grind in food chopper. Pour boiling water over the mixture, strain and add sugar and cream—and you still have no coffee.

Said the big rose to the little rose: "Hiya bud!" Smart Alec, ain't he.

The thing that is best remembered about horse and buggy days is the fact that you did not own either, but wanted both more at the time, than you do an auto today.

In Africa they are trying to hem up the enemy to win the game by not having any runs, no blitz and no terrors.

OH! MI GOSHI!

A shoulder strap is what keeps an attraction from becoming a sensation.

SUGGESTION.

Any gal who keeps two boses on her string at the same time, should have a lecture on shortages and the evils of hoarding. How about rationing 'em?

BUGG HOUSE.

Hell, for garage mechanics, will be a place of abundant grease, and no steering wheels to wipe it on.

DRAMATICS.

The fellow lying by the track in front of the depot with a face that looked like hamburger steak did not get that way from trying to catch the train. It happened after he got hold of it, and it got away from him. Them good old days are comin' back again.

GOLDSTON

Beatrice Smith

The community Christmas tree was held Christmas eve night at the school house with a good number attending. Mr. and Mrs. Lester Shields spent Christmas with their parents. Mrs. Shields and daughter remained with her parents a few days. Mr. and Mrs. Roy Roberson and family spent Christmas with his mother and sisters. Daphne remained with her grandmother and aunts over the week end. Herman Mooring spent Christmas with Hugh Stewart. Mr. and Mrs. Edd Mooring and family spent Christmas day with Mr. and Mrs. H. C. Smith and family. Betty Fern Higdon who underwent a major operation at the Clarendon Clinic little over a week ago is improved at this writing and is expected home some time this week. Murl Parker, brother of Buck Parker who is stationed in San Francisco in the Signal Corps visited his brother and family last week. Mr. and Mrs. Bob Guinn and family of Ashtola and Mr. and Mrs. Murphy Brock and Mr. and Mrs. Collier Brock and family spent Christmas day with Mr. and Mrs. Roy Brock and family. Mr. Floy Hodges and wife and sister and family, and Mr. and Mrs. Carl Tucker and son spent Christmas day with their sister

MIDWAY

Mrs. John Goldston

Christmas day guests in the W. K. Davis home were Mr. and Mrs. Ernest Davis of Silverton, Mr. and Mrs. Clifford Davis and son Billy and Kennedy Davis, Mr. and Mrs. Arthur Davis and children. Mr. and Mrs. L. L. Taylor of Clarendon visited in the Milt Allen home on Friday afternoon. Christmas day guest in the J. A. Meaders home were Mr. and Mrs. Glenn Williams, Misses Virginia, Jane and Mary Ella, and Joe Darrell Meaders of Los Angeles, Calif. Mr. and Mrs. La Vern Goldston and boys of McLean and Mr. Phin McMahan of Clarendon spent Christmas day in the John Goldston home, Mr. and Mrs. La Vern Goldston and boys remaining over to Saturday. Mrs. Robbie Zo Word and baby spent the holiday with the Bill Words on the JA ranch. Mrs. J. C. Longan was returned to her home Xmas day from the hospital. Mrs. Stephens is spending the week with the J. C. Longans. For the first time since Midway had a school bus, it failed to run Monday on account of the drifted snow.

Mrs. Rhode spent Xmas with Mr. and Mrs. Will Chamberlain.

Mr. and Mrs. Hefner entertained with a Xmas Eve dinner in honor of Mr. Pickering. Guests were Mr. A. L. Naylor, Misses Ava and Minnie Naylor and the two Fields boys and the Mr. Pickering. Miss Nancy Stidham spent Xmas with the Quattlebaums in Amarillo. John Naylor and daughters, Mrs. Roberta Wood, Miss Vada Waldron and Newt Waldron spent Xmas with a sister in Pampa. Eldon Holland of Lubbock Air Corps spent the holiday with his parents. Mr. and Mrs. Rual Nichols spent Xmas with her parents in Canyon. Misses Virginia, Jane and Joe Williams returned to their respective schools this week. Mr. and Mrs. Ernest Jones were over for the holiday with his mother. Betty John Goldston spent the week end with Ida Mae Weidman. Guest in the Longan home Christmas Day were Mr. and Mrs. Cecil Beach of Plainview, Mrs. Elizabeth Evisizer of Amarillo,

Mr. and Mrs. Clyde Boromen of Ft. Sill, Alvis Meets of S. C., Mrs. A. B. Stephens of Plainview, Mr. and Mrs. Lawson of Clarendon, Mr. and Mrs. Romeo Derrick, Mrs. Potter, Mrs. Armie Harlen, Mr. and Mrs. Donald Harlen, Mr. and Mrs. J. F. Harlen and baby of Amarillo, Mr. and Mrs. Charles Longan, Mrs. Mary Sue Longan and children.

Mr. and Mrs. Knox of Vaga spent Xmas day in the Dick Tomlinson home. Pvt. 1st class D. W. Tomlinson and wife of Pampa spent Xmas with his parents. Mr. and Mrs. Holley and Gladys visited the Tomlinsons on Sat. Mr. and Mrs. Bob Harvey visited his mother, Mrs. Monica Harvey and other relatives Xmas day. Miss Mary Margaret House spent the holidays with relatives at Eldorado, Texas. Mr. and Mrs. Cal Merchant visited their son Jack and family at Pampa Xmas day.

JUNIOR ART CLUB HAVE PROGRESSIVE DINNER

The members of the Junior Art Club entertained their guests with a progressive dinner Tuesday evening, beginning the first course at 8 o'clock when cocktail was served by Lavoise Armstrong at her home. She was assisted by LaRue Shadle. Next they went to the home of Sarah Beth Lowry where they were served noodle bouillon, Margaret Wadsworth assisting. At the home of Frankie Hommel who was assisted by Wilma Henson, they were served cherry jello salad. Nelda Sue Burton, assisted by Jo Ann Hillman, Jaunita Bingham and Charleen Knox served cream chicken on toast and pickles; then on to the home of Anna Moores Swift for dessert of plum pudding and whipped cream.

Annie Rea Porter invited them to her home for a dance where modern and folk dance was enjoyed. Later ice tea, buttered nuts and cookies were served to Nelda Sue Burton and G. D. Shelley, Anna Moores Swift and James Swift, Annie Rea Porter and Basil Smith, Sarah Beth Lowry and Max Ray, Margaret Wadsworth and Harold Donnell, Lavoise Armstrong and Laverne Johnson, La Rue Shadle and J. D. Crawford, Frankie Hommel and Redell Henson, Charleen Knox and J. F. White and Misses Mary Howren and Anna Moores.

PATHFINDER CLUB

The Pathfinder Club will meet January 8th in the home of Mrs. Lee Holland. Mrs. Chas. Bairfield and Mrs. Holland will be hostesses. There will be an election of officers.

ENTERTAIN WITH CHRISTMAS DINNER

Mr. and Mrs. D. E. Leathers entertained with the annual family Christmas dinner. Their home was decorated in keeping with the holiday season.

Those enjoying the delicious dinner and exchange of gifts were Mr. and Mrs. Bob Roberts, Mr. and Mrs. Brice Webster, Mr. and Mrs. J. B. Webster, Mrs. Allie Meredith, June and Bobby Meredith, Mr. and Mrs. Gus Rose, and Jerry Lynn, Mr. Caveniss, all of Memphis; Mr. and Mrs. David Hudgins and Gary Don of Lesley, Mr. and Mrs. Ray Roberts of Amarillo, Margaret Jean Leathers, Johnny Leathers of Lubbock, Mr. and Mrs. Sam Roberts, Mrs. Floyd Parker and daughter Marjorie, Mr. and Mrs. Quin Aten and Shir-

ley, Mr. and Mrs. Rice Batson and the hosts, Mr. and Mrs. D. E. Leathers.

Friday, January 1st—Feast of the Circumcision—10 a. m. Holy Communion.

Sunday, January 3rd—Second Sunday after Christmas—11 a. m. Holy Communion and Sermon.

Wednesday, January 6th—Feast of the Epiphany—10 a. m. Holy Communion.

FIRST CHRISTIAN CHURCH

L. Guy Ament, Pastor

The New Year will be here with all the privileges and opportunities and many hardships. But we can take it as it may come. Our strength is ours from the Lord, and we will not be burdened above that we can bear. He who serves the Lord the best serves his country best.

Sunday services will be at 11 a. m. You are one of His, then worship with His people. Evening services at 7:30 p. m. All are invited and welcome.

Our Sunday school meets at 10 a. m. You are needed and wanted. Be on hand with a lesson studied. Bring some one with you.

Next Wednesday the Missionary Society meets with Mrs. Liesberg. Mrs. Ruth Jacobus is the leader for the lesson, at 3 p. m. Remember the prayer services and Bible study Wednesday night.

CHURCH OF CHRIST

M. F. Manchester, Minister

Bible study each Sunday morning at 10 a. m. Preaching at 11. Minister's subject, "Peace on earth". Evening services begin at 7:30. A warm welcome to all.

Mr. and Mrs. Jake Small of San Diego, Calif. visited his grandmother, Mrs. R. M. Morris during Christmas.

Donley County Leader, \$2 a year.

Local High School Receives Honor

The following is a letter received the past week by Supt. H. T. Burton from the State Department of Education.

Dear Superintendent:

In the annual session of the Southern Association of Colleges and Secondary Schools held in Memphis, Tennessee, on November 30 to December 3, your High School was accepted for membership in that body for the current year. The action of the Central Reviewing Committee of the Association in extending the membership of your High School in that body for another year is significant in that your High School passed the review of the Committee without a single adverse criticism. Your excellent showing is outstanding and emphasizes the constructive, educational program and the leadership in charge of your public schools.

Very sincerely yours,
J. W. O'Banion, Chairman
State Executive Committee

Farmers Asked To Produce More Eggs

The government has asked that farmers produce more than 57 billion eggs in 1943, says county agent H. M. Breedlove of the Texas A&M College Extension Service. Domestic demand for eggs will grow steadily in the coming months with the rationing of meat. The armed forces and lend-lease also are going to make a heavy demand upon our supplies. We'll need every egg that we can produce.

Four to five percent of the eggs produced each year are lost to the consumer through careless handling. This means that unless waste is cut to the minimum that nearly three million eggs will be lost in the next year. Every egg is essential for our food needs.

Breedlove says that farmers can cut the loss of eggs if the utmost care is taken in the handling of the eggs. They can help further by producing infertile eggs, which are better for eating and do not spoil as quickly as fertile eggs, especially during the spring and summer months. Good management requires keeping the nest clean. And collect eggs three times per day, or often enough according to the size of the flock to keep them from being broken. After gathering, keep the eggs in a cool place and pack them in a clean suitable container for shipping to market. Market them often. The longer they are kept on the farm the greater the chance of the spoilage. By following these common sense practices they can prevent a great deal of the loss of eggs that has occurred each year.

CARD OF THANKS

We wish to express our grateful thanks to each and everyone of our many friends for their comforting words and kind deeds during our sad hours and for the beautiful floral offerings. May God's richest blessings be bestowed upon each and everyone.

Mr. and Mrs. Lois Putman and Family,
Mr. and Mrs. M. L. Putman and Family,
Mr. and Mrs. W. B. Barbee and Family.

J. L. Duke of Dumas spent the Xmas holidays with his family.

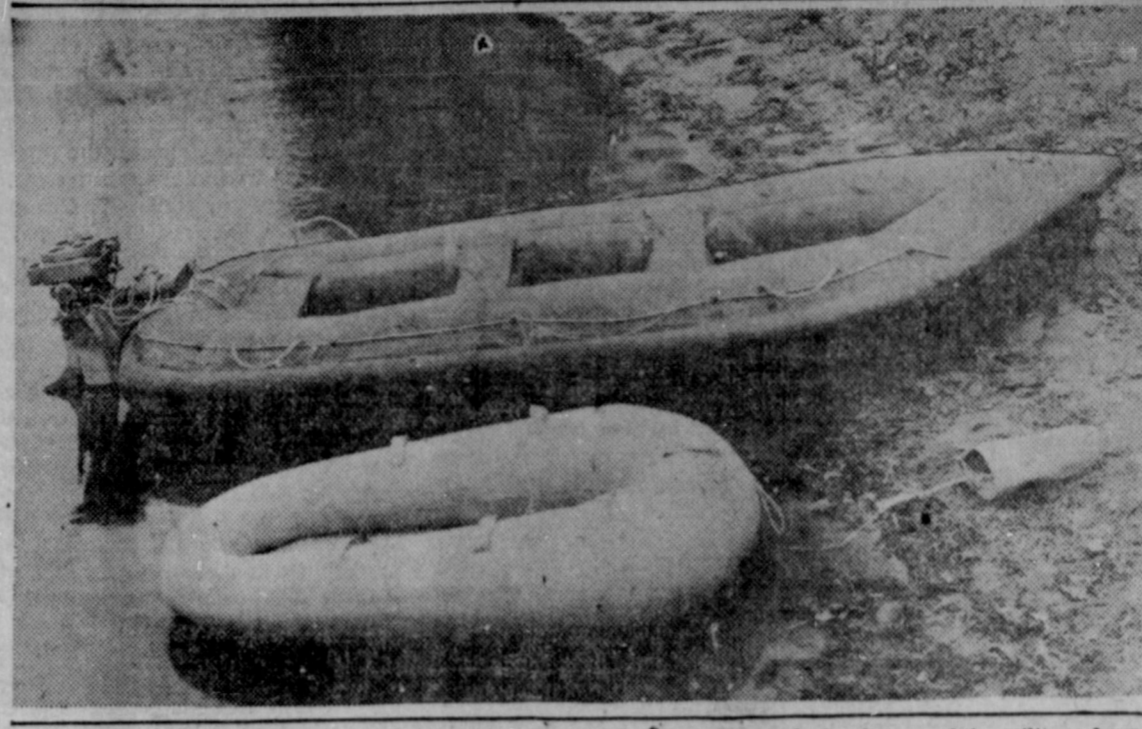

UNNECESSARY DRIVING BY STATION OPERATORS NO LONGER REQUIRED

To save filling station operators unnecessary driving, a plan has been worked out whereby they no longer will be required to call in person at the offices of county war price and rationing boards to exchange retail gasoline coupons for a bulk purchase certificate, said Howard Gholson, district manager of the OPA.

The transaction may be made by mail. A self-addressed envelope should accompany each group of coupons for use by the board in mailing back the exchange certificate to the applicant. When the certificate is received by the licensed distributor or his agent, it must be signed by him before it becomes valid.

The district manager advised use of registered mail. Under present regulations, there is no procedure for replacement of coupons lost by a licensed gasoline distributor.

RUBBER BOATS FOR FIGHTING YANKEES

Two of the many types of boats that are being turned out by the rubber industry for use of the military forces are shown above. Products of The General Tire & Rubber Company, the small boat in the foreground is a parachute boat, used by pilots shot down over the water. The boat is attached to the pilot's chute and is inflated after he has dropped into the water. The other is a landing boat used by the Navy. In similar boats the Marines invaded the Solomon Islands.

HUDGINS

Mrs. S. M. Harp

Those to spend Christmas day with Mr. and Mrs. O. L. Jacobs were Mr. and Mrs. L. O. Christie and children of Martin, Mr. and Mrs. D. H. Perdue and Eugene of Amarillo, Mr. and Mrs. S. M. Harp and Sidney, Mr. and Mrs. John L. Fowlkes and children of near Clarendon, Mr. and Mrs. A. L. Jacobs and daughters of Amarillo, Mr. and Mrs. D. L. Jacobs and son of Dumas, Lee Christie of Canyon, Iva Ruth Gibbs of Martin. Those to call in the afternoon were Mr. and Mrs. Whitt and daughter of near Clarendon, Melba Christie of Dalhart and Pvt. Martin who is with the armed forces and Rudolph Perdue.

Mr. and Mrs. William Meador are the proud parents of a baby boy since Sunday.

Mr. and Mrs. J. C. Perdue Jr. and son and Uncle Tom Roy spent Christmas day with Mr. and Mrs. John Perdue and family.

Ben Talley and Bill Perdue visited Sidney Harp Tuesday.

Mr. and Mrs. L. C. Tims, Dan, Velma and Clyde took Christmas at Hedley.

Mr. and Mrs. Cleo Stonecipher visited awhile in the Harp home Monday night.

Mr. and Mrs. Kenneth Stone of Amarillo spent the Christmas holidays visiting in this community and to town.

LaQuita and Billie Lynn Meador spent Saturday night and Sunday with their grandparents, Mr. and Mrs. T. J. Talley.

Mr. and Mrs. Cleo Stonecipher

spent last week visiting at Quail. Thomas Haire is visiting in East Texas at this time.

Mrs. John Perdue and Mary Nell spent Tuesday with Mrs. L. C. Tims.

Mr. and Mrs. Don C. Peden and children of San Antonio visited in the home of their parents, Mr. and Mrs. D. C. Peden during the holidays.

Ruth and Helen Peden, employees of the Consolidated Air Craft Corporation of Ft. Worth, visited their parents, Mr. and Mrs. D. C. Peden during the holidays.

Pvt. Wm. R. Peden of Sheppard Field and bride visited in the home of their parents, Mr. and Mrs. D. C. Peden during the holidays.

Miss Ruth Richerson is at home with an injured foot and not able to be in her office for a few days.

Buy An Orchard By The Bundle

Recognizing that many Texas farm families do not have enough fruit at home, Texas nurserymen have developed a plan for helping increase and enlarge orchards in the state.

J. F. Rosborough, horticulturist for the A&M College Extension Service, explains that four types of group plantings will be available from cooperating nurserymen: Packages for back yard orchards in towns or cities; a "Young America" package for 4-H Club boys and girls and other young people interested in producing fruit; a farm collection for a half-acre orchard; and a collection suitable for families planting an acre for roadside marketing of fruit.

The Young America package, for example, will include 24 berry vines, two grapes, one plum, one fig, and four peach trees.

Packages will be prepared according to geographical locations. Different varieties will be available for the East Texas sandy area, central and north central sections, and for South and West Texas, the horticulturist says. While shortages may develop in some varieties, on the whole there will be available large quantities of the established types.

In the commercial orchards of the state there are at the present time about six million non-bearing and bearing peach trees. There is a need, however, for fruit trees on every home ground.

Mrs. Ralph Bourland and children of Quail spent Xmas day with her parents, Mr. and Mrs. David Johnson.

Mr. and Mrs. A. J. Morris who visited his mother, Mrs. R. M. Morris the week end, left Tuesday morning for their home at Amarillo.

Mr. and Mrs. T. D. Thomason of Van Noy, Calif. visited her mother, Mrs. W. T. Lowe for two days during Christmas. They were moving to Jackson, Tenn.

NEW POLICY

The Government has asked us to cooperate with the War Effort by conserving all of the equipment and supplies for the duration. So beginning January 1st, The Pastime Theatre will operate under a New Policy for the duration of the war, as follows:

Matinees will be shown only on SATURDAYS, SUNDAYS and NATIONAL HOLIDAYS
BEGINNING AT 2:00 P. M.

—Other Days—
Shows Begin at 5:30 — 7:30 — 9:30

By cutting the operation time about one fourth, the new policy will conserve equipment, supplies, electricity, gas and labor and will insure the operation of a theatre in Clarendon for a much longer time than the old policy.

The management is sure the show-going public will approve of the new policy and adjust themselves to further War Time requirements.

THE MANAGEMENT
Pastime Theatre

BEST WISHES--

FOR A

HAPPY & PROSPEROUS

NEW YEAR

This New Year Season brings to mind the gratitude that is in our hearts for all the blessings that have come our way. In the past the friends of this organization have made possible progress and a certain amount of prosperity. Through these friendships life has been an enjoyable experience, one in which we have the confidence and esteem of the people whom we serve. All we ask is the pleasure of a continuance of these fine relationships --- so that we may look with a genuine enthusiasm toward the future.

Naval News

DALLAS, Dec. 28—Since the President's order banning voluntary enlistments in our armed forces by men between the ages of 18 and 37 (inclusive), many individuals have had the mistaken impression the executive order applies also to those seeking commissions as officers in the United States Naval Reserve.

Commander E. D. Walbridge, Director of the Office of Naval Officer Procurement in this area, points out that the ban placed by the president affects only men of 18 to 37 (inclusive) who ordinarily would have enlisted in the ranks. It does not affect those in the above age bracket who are qualified to apply for officers' commissions.

Right now, in fact, Commander

Walbridge said, "men are urgently needed as naval officers for many diversified assignments."

As typical examples, he mentioned commissions to be filled in the Navy's famous Seabee Construction Battalions by men of engineering and construction experience; as officer instructors, men who have had teaching experience or who have the ability to teach such subjects as aerology, meteorology, physics, mathematics, radio, electronics, navigation and various aviation ground school subjects. Ground school supervisors are also wanted, as well as men qualified by their knowledge of art, photography, advertising lay-out, architectural design and optometry, to become recognition instructors in Naval Pre-flight schools.

Ordained ministers of all faiths, with degrees, are likewise urged to apply for assignment to the Navy's Chaplain Corps.

Mr. and Mrs. A. L. Chase spent Xmas day with their daughter, Mr. and Mrs. Keith Stegall and family at Kingsmill.

Mrs. W. A. Davis spent Xmas with her daughters and family, Mrs. Ross Baker and Mrs. John Black at Amarillo.

Mr. and Mrs. Ray Ferguson and children have returned from Plainview where they spent the Xmas holidays with her parents.

Mr. and Mrs. Enoch Darnell of Kress spent the holidays with her parents, Mr. and Mrs. Crockett Taylor.

Ensign R. P. Slaven of Ft. Worth spent Xmas day with home folks.

Naomi Allison of Amarillo and Clifford Allison and family of McLean visited Xmas day with their mother, Mrs. J. L. Allison.

We Hope That the NEW YEAR 1943 WILL REVEAL HEALTH, HAPPINESS & PROSPERITY FOR YOU

As you enjoy the contentment and merriment of the Holiday Season, we want you to know that we will be thinking of you and of the pleasant association we have had with you, our customers, during the time we have been serving your community.

It is these friendships that bind our ambitions to be of the utmost service to all of you, and may we continue to serve you through our very efficient and capable Representative.

YOUR DONLEY COUNTY LEADER

Hegari Improvement At Chillicothe

By A. D. JACKSON

Hegari has been recognized as the most valuable grain sorghum in Texas in favorable growing seasons because of its large production of grain and of palatable forage. Under poorer growing conditions sometimes encountered in the Chillicothe region where its grain production is much less or almost nothing, Hegari has the reputation of being erratic in its behavior. Recently a new type of Hegari that is very much better and more dependable in grain production on the average and is about ten days earlier in maturity than Hegari has been developed and distributed to farmers by the Texas Agricultural Experiment Station. This new variety has been named Early Hegari and is identical with the old type except in maturity. This earliness enables the variety to head out and makes for surety of production under dry conditions. The acreage devoted to it is increasing rapidly.

Bonita, a hybrid of Hegari, Kafir and feterita developed at the Chillicothe Station is 1/4 kafir, 1/4 feterita and 1/2 hegari. It is in

fact a double dwarf type, very early and has the highest grain production of any variety in the station tests for the past seven years. It is suitable to be harvested with a combine. Bonita was distributed in 1942 after it became apparent from tests at Chillicothe, Temple, and Beeville that it is adapted to the needs of grain sorghum producers in most of the State.

Hegari has also made a contribution to a milo hybrid that has all the appearance of Dwarf Yellow Milo but is resistant to the chinch bug and can be grown in the Northern Rolling Plains Area where wheat is grown and chinch bugs are a menace. The variety got its resistance to the chinch bug from its regari parent and its appearance from the milo parent.

Frank Brown, who visited Dr. and Mrs. T. H. Ellis and daughter Maxine, during Christmas, has returned to his home in Okla. City.

Donley County Leader, \$2 a year.

President's Birthday To Be Celebrated January 30th

Organizing to wage war on the home front against the dread disease, infantile paralysis, is a Texas-wide effort which will culminate January 30th, in the celebration of President Roosevelt's 61st birthday. The celebration this year will extend to every County in the State, according to W. L. Clayton, Hq. of the State, Pres. Roosevelt's deputy Federal Farm Loan Administrator, who has establish-

W. L. CLAYTON

ed offices in the Cotton Exchange Building, Dallas, for the purposes of conducting the fund raising campaign. Again, George Waverly Briggs, Dallas banker, as vice chairman, will direct the campaign.

Already polio (infantile paralysis) is striking in numerous localities throughout the Southwest and drastic steps are now being taken and will continue to be taken to prevent further spread of the crippling and maiming disease. Funds raised in Texas will be divided between the authorized polio agencies within the State and the National Foundation for Infantile Paralysis. As in previous years, the campaign and celebration is extended to every state, territory and possession of the Nation.

Bringing Home The Bacon

Lubbock, Dec. 28.—For the convenience of Mrs. Housewife, district headquarters of the OPA today suggested several factors for her to consider in "bringing home the bacon."

By studying the grades listed in OPA regulations and inquiring of her butcher, the housewife may acquaint herself with the differences in quality and price.

There are three grades—A, the best grade, B and C—in both sliced and slab bacon, according to regulations announced by Howard Gholson, district manager of the OPA. Each grade has certain qualifications which the housewife may recognize if acquainted with the regulations.

Every retailer who sells bacon, sliced or unsliced, has a definite ceiling price. The consumer, while purchasing bacon, may inquire from the butcher the various prices on the various grades. There is approximately five cents a pound difference between grade A sliced bacon and Grade C bacon and approximately four cents a pound between grades A and B, while the difference in slab bacon is four cents between grades A and C and about two cents a pound between grades A and B.

The district office suggested the housewife encourage butchers to display both sliced and slab bacon according to grades.

Grade A sliced bacon includes bacon sliced from dry sugar-cured or semi-dry sugar-cured fancy trimmed square-cut seedless whole bellies, from which the rind has been removed, in whole slices not over 9 1/2 inches in length and not over 2 1/4 inches or less than 3/4 of an inch in width, containing no more than two part slices to the package.

Grade B sliced bacon includes that sliced from dry sugar-cured, semi-dry sugar-cured or sweet pickle sugar-cured whole bellies, from which the rind has been removed, in whole slices not over 11 inches in length and not over 3 inches or less than 3/4 of an inch in width, containing no more than two part slices to the package.

Grade C sliced bacon includes all bacon sliced from oily bacon bellies and all other bacon sliced from bellies which will not qualify as grade A or grade B, exclusive of ends and broken pieces.

Guard Against Erysipelas In Swine Herds

College Station, Dec. 29.—Swine erysipelas is not widespread at present in Texas, says E. M. Regenbrecht of the A&M College Extension Service, commenting upon a warning from the American Veterinary Medical association that the disease was spreading in American farming areas.

The warning, issued by Dr. J. G. Hardenbergh, executive secretary of the association, cautioned that the disease "may soon outrank hog cholera as a killer of farm animals."

Regenbrecht, Extension swine specialist, said that while only a few cases of erysipelas had been reported in this state, there was a hazard to Texas swine from breeding stock imported from areas where the disease is more common. Accordingly, farmers who place such stock in their herds should use every safeguard against possible infection and spread of the disease among home grown animals.

In his statement, Dr. Hardenbergh quoted from the Official Journal of the association that "The soil of many swine raising areas now is impregnated with the erysipelas organism, adding greatly to the normal hazards of hog raising."

According to Regenbrecht, the disease comes in several forms—chronic and acute. In the acute stage, death comes quickly. Symptoms of chronic erysipelas include unwillingness of the animals to move from their bedding, shortness of breath, enlargement of the joints and, in some cases, diamond-shaped patches appear on the skin at a later stage of the disease. He explained that the disease frequently is mistaken for cholera, and that in many instances correct diagnosis is difficult even for skilled veterinarians.

Ruth McDonald of Plainview spent the week end in Clarendon with relatives and friends. She returned home Monday.

WAAC Recruiter Enrolls Full Platoons

Lieutenant Rose L. Smothers, Women's Army Auxiliary Corps recruiting officer at the Lubbock Army Recruiting Station, believes in enrolling women in groups instead of singly.

Lieutenant Smothers enrolled

UNCLE SAM NEEDS MORE JUST LIKE HER

Lieutenant Rose L. Smothers

the fifty (50) women in the Panhandle Rangerette Platoon and has now started on a second platoon from the South Plains area. The Rangerette Platoon is the

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CREOMULSION for Coughs, Chest Colds, Bronchitis

first full platoon to be enrolled in the United States.

Until her entry into the service last July, Lieutenant Smothers was commercial teacher in the Drumright, Okla. High school. She has a degree from Central State College in Edmond, Okla., and also has studied at the University of Southern California in Los Angeles. She received her commission in the WAAC last September.

Lieutenant Smothers, together with Lieutenant Virginia F. Williams, has been stationed at the West Texas Recruiting and Induction District Headquarters in Lubbock since October 5th.

More Than Science To Win War

AUSTIN—War speeds up scientific developments from five to fifty years ahead of normal peace time progress, but science won't win the war, Howard Blakeslee, science editor for the Associated Press, has told University of Texas journalism students.

"Social, moral, economic, political and scientific gains are bound to come from this war, as from any war," Blakeslee declared, "but science, regardless of its progress, won't win alone. It takes human beings who are willing to fight and die to win any war."

Military censorship plus the inherent reticence of scientists is preventing the publication of scientific discoveries at present, he explained, but predicted that when the war is over writers will have a gold-mine of scientific news to write about.

"I put Texas at the top of the list," he said, "for you have an empire here with astounding natural resources, natural gas which yields innumerable drugs, cosmetics, explosives, etc.; petroleum and agriculture."

Carroll Morris, son of Mr. and Mrs. Cap Morris, returned to A&M College Saturday after a holiday visit with his parents.

Corp. Ray Palmer returned to Camp Beal, Calif. Sunday after spending the holidays at home.

Price Fixing And Rationing Mess

By Senator W. LEE O'DANIEL, Texas

It is my honest opinion that the resignation of Price Administrator Leon Henderson will bring no improvement in the deplorable price-fixing and rationing mess. Without doubt another yes-man will take his place and do as bad a job or perhaps worse. It is the system that is wrong more than the personnel. The system is so fundamentally unsound that it will fall of its own weight as did NRA. The crumbling has started. The complete collapse is inevitable. Unnecessary price-fixing, rationing and regimentation is a communistic philosophy which an intelligent American citizenship is not yet ready to have crammed down their throats by Washington Bureaucrats. The patriotic citizens of this nation, in order to win this war, are willing to sacrifice to the last dollar and to the last man, but they are not willing to sacrifice their liberty or their freedom to dictators at home anymore than they are willing to sacrifice their liberty and freedom to dictators abroad. If the new Congress which convenes January 6th will

discard our present weak-kneed socialistic policy of dividing up what we have and substitute an unrestricted PROGRAM OF PRODUCTION so that our thrifty, production-minded citizenship may produce to their maximum capacity, unhampered by restrictive laws or by Washington Bureaucratic Dictators, rationing will become almost wholly unnecessary, post-war inflation fears will subside, and an earlier Victory over our foreign foes will be assured.

SOUTHWESTERNERS SELL IDLE TIRES

Idle tires sold to the government by passenger car owners in the Southwest OPA region now total 1,410,216, almost one-seventh of the national total of about 10,000,000 tires. The total represents one tire to every 2.9 passenger car registrations in the region.

Clyde Benton Douglas of the University of Texas at Austin, is home for the holidays.

LELIA LAKE

Mr. and Mrs. Rex Reeves of Le-fors, Mr. and Mrs. Lon Howard and son of Levelland and Miss Jewel Lewis of Amarillo spent Christmas holidays in the home of their parents, Mr. and Mrs. E. L. Lewis.

Mr. and Mrs. Rob Hall returned Monday from a visit on the South Plains.

Jesse Traylor spent the holidays with his parents in Panhandle.

Miss Birdine Brunson spent Xmas holidays with home folks in Hereford.

Claude Bain of U. S. Navy was home on a short furlough last of week.

Mr. and Mrs. Oscar Roberts and children of Amarillo spent the week end here with friends and relatives.

Mr. and Mrs. John McCauley of Amarillo spent Christmas with their parents.

Jack Simmons of the Army Air Corps and stationed at Altus, Okla., was home for Christmas day.

Johnny Leathers, student of Tech at Lubbock, is home for the holidays.

Misses Anita Cook and Margaret Jean Leathers arrived home Wednesday from Amarillo where they were working.

Mr. and Mrs. Glenn Rudder and children of Hereford left Monday after spending Christmas holidays with her mother, Mrs. C. G. Aten and other relatives here.

Mrs. Charley Young and her daughter, Mrs. Glenn Brock were called to Wellington Tuesday by the death of her uncle.

Leroy Leathers of the Army Air Corps at Wichita, Kansas was home for Xmas holidays.

Mrs. Hugh Phelps of Lubbock visited with home folks during the holidays.

J. R. Williams of Amarillo spent Friday with Burdett Hitt.

War Time Brings Cooking Ware Changes

Familiar metal pans and kettles are vanishing from stores along with the metal kitchen tools and gadgets. In their places are various sorts of kitchen-ware made of non-strategic materials.

The bride of 1943 may fry eggs in a pottery skillet, bake pie in a fiber pan, boil vegetables in earthenware, and roast meat in glass, predicts Mrs. Benrice Claytor, specialist in home improvement for the A&M College Extension Service. She explains that metal must go to war, so cooks must learn to use materials not needed at the front.

Pottery, earthenware, and glass

By Bureau of Public Relations, U. S. War Dept., Wash., D. C.
ROPE FERRY ON ALCAN HIGHWAY—A typical engineer ferry utilizing the speed of the current to force the boat across by the use of a wire cable stretched from shore to shore.

need more careful handling than metals, the specialist cautions. First you'll need to avoid sudden changes in temperature. If you put extremely cold food in these utensils, have the dish cold first. Or, if you put in hot food, heat the dish first with warm water.

Here's another caution. Never put empty pottery, earthenware, or glass utensils over a flame. Be sure the dish contains liquid, fat, or some moist food before it is set over heat. Glass made for the purpose can cook over high heat, but not earthenware or pottery. The safe rule with these is "Simmer and serve".

Homemakers who are afraid their metal spoons may chip or crack these dishes, can use wooden spoons for stirring and beating foods in these containers. Be careful about temperatures in dish-washing, too, Mrs. Claytor suggests. Wash pottery, earthenware, and glass, like china, with warm soap suds and a hot water rinse. Dry them with a soft towel.

Colored Bandmen Needed Now At Camp Tyson

Qualified colored applicants will be enlisted for the 2nd Band, Barrage Balloon Training Center, Camp Tyson, Tennessee, according to Lieutenant Colonel Marvin B. Durette, Commander of the West Texas Recruiting and Induction District.

Colored bandmen between 38 and 50 years of age, meeting requirements listed, may enlist now at the U. S. Army Recruiting and Induction Station in Lubbock.

Musicians playing the following instruments are needed: clarinet, cornet or trumpet, bass drum, snare drum, euphonium or baritone, flute or piccolo, French horn, saxophone, trombone and tuba.

Colored Bandmen meeting the above requirements should apply at once before quotas are filled.

Mr. and Mrs. Doss Palmer and son Ray and June McMurry were Amarillo visitors Thursday.

UNITED STATES CIVIL SERVICE COMMISSION

There is a great demand in the Government for civilian junior engineers. Women with college degrees in any field may now qualify for junior engineer positions in the Federal Civil Service by taking a short tuition-free course, Mr. Elmer G. Hayes, local secretary for the U. S. Civil Service Commission, announced today.

This course has been developed by the U. S. Civil Service Commission and the U. S. Office of Education as a part of the Engineering, Science and Management War Training Program, to prepare women for engineering activities in order to supplement the rapidly diminishing supply of male engineers, many of whom are entering the armed forces.

Arrangements have been made for any institution offering college engineering training to give the course, provided that a sufficient number of persons enroll. It may be given as a 10-week, full time day course or as a 27-week evening course, covering 320 hours of lectures, recitation, and problem work in such subjects as engineering computations, engineering drawing, elementary mechanics of materials, surveying, and job processes and methods.

Persons who successfully complete the course and who are otherwise qualified are eligible for junior engineer positions paying an entrance salary of \$2,000 a year in Washington, D. C. and throughout the United States.

College graduates who have not yet turned their efforts to war tasks are urged to secure complete information about the course from the nearest institution which offers college engineering training.

Mr. Lawrence Whitlock, a twin brother of Frank Whitlock who visited the Xmas holidays with Frank and family, returned to his home at Shreveport, La., Monday morning.

150 WAACS Now At Fort Sam Houston

Auxiliaries and officers of the Women's Army Auxiliary Corps are now replacing soldiers at training centers and camps, according to Lieutenant Colonel Marvin B. Durette, Commander of the West Texas Recruiting and Induction District.

Last week a company of 150 auxiliaries and officers arrived in San Antonio for duty at Fort Sam Houston. This is the first large unit of WAACS to be assigned to duty in a military camp of the Eighth Service Command, Lieut. Colonel Durette said. This company is being ordered to take over positions now held by soldiers at the post, to relieve able-bodied men for combat service.

The purpose of the Women's Army Auxiliary Corps, and the reason of its being, is that each woman who enrolls will relieve an able-bodied soldier for battlefield duty.

Unencumbered women citizens

between the ages of 21 and 44, inclusive, of good character and health and able to pass the Army physical and mental tests, are eligible for enrollment in the Women's Army Auxiliary Corps.

Thousands of women are needed now for service in the WAAC. Auxiliaries enrolled will be trained at Daytona Beach, Florida or Des Moines, Iowa. Upon completion of training they will be sent out to replace soldiers.

Auxiliaries showing unusual leadership qualities will be selected for officer training. All officer candidates are now selected from the ranks.

Women interested in joining the Women's Army Auxiliary Corps should contact the Lubbock Army Recruiting and Induction Station at once.

Mr. and Mrs. Jo Elmer Hayes of Pampa visited his parents over the Xmas holidays.

Louise Westmoreland of Amarillo attended the formal dance of Billy Andis Saturday night.

White-Way Laundry

TO THE PRODUCERS OF DONLEY COUNTY:

Walter J. Flynt, Secretary
Donley County ACA

Within the next few days, farm Operators will receive an official notice of farm cotton allotment and normal yield. This same information was sent to you some time ago, but the State Office at College Station ruled that the notice did not constitute an official notice and we must send it out again. All of these notices are just copies of the original allotment and yield set up, and those who have made application for adjustment, because of an error of any kind will be sent an additional notice, other than this one when the correction comes in. I would suggest that all farmers destroy the first mimeographed notice, so that it will not be confusing.

In the near future Producers will receive notice of what they can insure their cotton for under the 1943 Crop Insurance Program, and what the Premium will be at both 50% and 75% rates. I expect even greater participation in this program than ever before, due to a greater knowledge of the workings of the program. This county has had an exceptionally good year, yet we have paid off 22 policy holders to date and expect to pay many more partial loss cases. This being an exceptionally good year it is more than ever apt to have a greater percent of damage than 1942. Do not let it strike you without insurance protection.

On January 12 the President has declared a Farm Mobilization Day. This day is the day to pledge ourselves to an even greater production than in 1942. Immediately after the 12th, we intend to have the farm plan sheets in the

W. T. LINK
LAWYER
INCOME TAX SERVICE

field for each farmer and ranchman to fill out and sign. The information is not just another statistical report required by the Department, but a complete farm inventory of needs, and aid to farmers through information needed to help plan the 1943 crop and soil building practices. Your need for farm machinery and equipment, manpower, added livestock, and financial aid if any, will be listed. Information regarding soil building practices, cropping suggestions for better yields, amounts that can be earned, and any other difficulties farmers are faced with can be discussed with your local committee-man, whom you have elected because of his ability, and your confidence in his leadership. This sheet or sheets as it will be is a token of the government's honest effort to help agricultural production in every way possible, because now more than ever before agriculture is faced with a problem of producing enough to eat and wear for ourselves and our allies. Our success in 1942 of producing far more than was produced in 1941, has been very encouraging, and should be further encouraged in our plans for 1943 because of the fact of the allied successes on many fronts, due to superior material, food and equipment, as well as superior fighting men.

In my last article I gave you the rates of payment on allotment crops, but I should like to repeat it again. Cotton will pay \$1.10 per 100 pounds of normal yield; wheat will pay 9.2c per bushel of normal yield; soil-building allowances will be 75c per acre of cropland other than the cotton or wheat allotment, plus 8c per acre of pastureland, and \$2.00 per acre of orchard.

The program in 1943 does not provide that a farmer can over plant, and then plow up what he is overplanted. What a reporter measures when he is out there, unless there is an actual error in the measurements will be counted cotton. There is no need for more cotton, and I sincerely hope that you will substitute feed grains for at least part of your cotton allotment. At least be careful not to overplant your allotment, because

Farmers—

(Continued from Front page) will be available for the war department, and if the goals are not met by the farmers, then the information for the department will be of no value. This information that the farmers pledge themselves to meet certain goals for the coming year, assuming normal weather conditions, is of vital importance and will be used in the help of the military department in planning operations as to the amount of food supplies available.

Some of the crops that will be used as war crops are peanuts, soy beans, beans for canning, dry field peas, canning peas, canning tomatoes, long staple cotton and other crops that will be listed for this part of the country at a later date. Farmers will have the opportunity to pick out these crops and give livestock inventories and show their increase in 1943.

The goals set up for 1942 were met by farmers all over the nation and those in 1943 as set up by farmers will also be met.

RECEIVES COMMISSION

Thos. J. Latson received his commission in the Corps of Engineers at Ft. Belvoir, Va. on Dec. 23rd. He has been assigned to the Engineer Unit Training Center at Camp Claiborne, La.

Wilson, 50c; Earl Alderson, 50c; Walker Lane, 50c; Pastime Drug, 50c; Lewis Wells, 50c; Jack Shelley, 50c; S. C. Bell, 50c; Cash 50c; Lewis Chamberlain, 50c; L. B. Noble, 1.00; Rev. Ament, 1.00; John Gillham, 2.00.

Amy Hinkle spent the Christmas holidays here in Clarendon with her parents, Mr. and Mrs. D. W. Hinkle. Miss Hinkle is a classroom teacher in Denver, Colo.

Mrs. Agnes Morris of Pampa visited Xmas and week end with home folks.

Mrs. J. R. Ayers returned home Wednesday from a visit with her daughter, Mrs. Jones at McLean.

James Patman left Sunday for his home at Pleasanton, Kansas, after a Xmas visit with his parents, Mr. and Mrs. J. T. Patman. Mrs. Patman and baby remained for a longer visit and will leave Sunday for home.

War Ration—

(Continued from Front page) coupons in point rationing are of different denominations. Those to be spent in one week, for example, will include a one-point coupon, a two-point coupon, a five-point coupon, and an eight-point coupon.

The third chief difference is that the various rationed items within a group will have different point values. For example, tenderloin steak, being relatively scarcer, might have a high point value and require a larger number of coupons, while hamburger, being available in greater quantities, would have a lower value. Thus, in exchange for a ration coupon worth eight points, the housewife might be able to obtain one pound of tenderloin steak or four pounds of hamburger. Those point values are used only for illustration. The point values have not yet been set.

The Government will set the point value of each item within the group of rationed products and issue an official list. Point values will be based on available supplies and will vary as supplies of particular items increases or decreases.

War Ration Book Two will contain four pages of blue stamps and four pages of red stamps. Each page will contain 24 stamps lettered and numbered, the letters running from A to Z. The numbers will be 8, 5, 2 or 1. The number will designate the value of the stamps in points and the letter

will indicate the period in which it may be used.

Possession of War Ration Book One will be necessary to obtain War Ration Book Two. The District Manager urged that everyone who has not already done so register promptly for book one to insure getting book two. The final date for obtaining book one was postponed recently to January 15. Weather conditions, transportation problems and heavy work loads at many board offices contributed to the difficulty of completing registration by December 15, the deadline originally set, he said.

Mrs. Bill Price and daughter Shirley left Wednesday for their home at Marion, Ill. after a holiday visit with her parents, Mr. and Mrs. J. T. Patman.

Mr. and Mrs. Rhoades of Amarillo spent Xmas with her parents, Mr. and Mrs. Shorty Oller.

Miss Ethel Harvey of Amarillo is home for a visit. She is transferring to San Antonio.
