**SHOOTING OFFICER IN EFFORT TO FREE BOY FRIEND**  
LOS ANGELES, CALIF.—Smiling, tattooed teen-age Frankie Bennett Torres, 18, struggles in grip of police after she shot officer Robert Bartlett in effort to free her boy friend, Donald J. Ottati, 20, a suspected Oakland, Calif., car thief.

## Bronchos Defeat Cyclones, 20-6

The Clarendon Bronchos did just what Clarendon fans were looking forward to. It wasn't a surprise defeat, for the Bronchos played down to earth football and literally over ran the Cyclones, 20 to 6, in the last game of the season here last Friday afternoon. The Cyclones were the favored team at the beginning of the season to win the district.

Every Bronco player that went out on the field played an important factor in winning the ball game. There was excellent blocking, tackling and running. The only time the Cyclones were able to move any distance was on long end runs and the Clarendon line made the Memphis backfield look very sluggish.

The Bronchos brought blood early in the first quarter after Christie had recovered a Memphis fumble on the 11 yard line. A pass from Jenkins to Mulanax was good for the counter and Adams' kick was good for the extra. The second counter was made in the third quarter after the Bronchos had driven to the Cyclone 12 yard line and Bradford skirted around left end untouched for the score. Adams' try for extra was good. The final tally was delivered late in the fourth quarter after Christie recovered a fumble on the Cyclone 22 yd. line and the Bronchos drove down to the one, and Carlile went on over on a quarter back sneak. Adams' try for the extra point failed with the ball hitting the cross bar.

The only Cyclone score was made in the second period after Crooks scampered around 70 yds. to the Bronc 7 yd. line, and a pass from Stargel to Don Rasco hit pay dirt. Try for extra was no good.

The Bronchos really had a field day and every player was on his toes all the way through the game. They outplayed the Cyclones in every department.

## Local Baptist Church To Be Host to Monthly Worker's Conference

The First Baptist Church will be host to the churches comprising this association, Estelline, Goldston, Hedley, Lakeview, Lelia Lake, Lesley, Martin, Memphis, Peden Memorial, Turkey, and Clarendon, for the monthly worker's conference on Tuesday, November 22. The program will begin at 10 o'clock with luncheon being served at noon, and will close at 2:30.

"Each member of the church is urged to attend and enjoy the fellowship and inspiration of our co-workers in this association," pastor L. A. Sartain declared.

Featured speakers for the conference will be A. A. Brian, pastor of the First Baptist Church, Brownfield, and C. W. Lisenbee, Hedley, who will bring the sermon.

Mrs. W. A. Land, Mrs. Buel Sanford, Mrs. Frank Whitlock and Mrs. Willard Skelton were Amarillo visitors Monday.

## STATE FARM BUREAU MEETING AT DALLAS NOVEMBER 21-23

H. L. Shaller, vice-president of the Donley County Farm Bureau announces that the State Farm Bureau will be in convention at Dallas November 21-23 and urges all members who can to attend. Mr. Shaller stated that those who wished to go to contact him or Holly Wood or Mrs. J. L. Butler for transportation.

## Coyote Control Program About Ready for Action

County Agent H. M. Breedlove stated this morning the coyote control program was about ready to get underway in Donley County. The shipment of coyote guns and bait have arrived in his office and everyone making an order in the shipment are asked to call by the county agent's office and get his coyote guns.

This program is backed by the Lions Club of Clarendon and Hedley and prizes will be given in the spring for those catching the most coyotes. It does not matter how you catch the coyotes, just keep the ears and when the closing date is announced every one will bring in the coyote ears to a designated place and a check will be made to see who wins the prizes. The prize will be in cash. The committees are working now on the amount of the prizes and the number of prizes to be given.

## GOODNIGHT RESIDENT DIES WED. MORNING

## BAND PARENTS MEETING

It has been announced that the Band Parents will hold a meeting Monday, Nov. 21 at the Band Hall. All members are urged to be present.

## COTTON GINNING REPORT

According to W. M. Patman, Special Agent, the Census report shows that 5729 bales of cotton were ginned in Donley County from the crop of 1949 prior to Nov. 1st, 1949 as compared with 5661 bales for the crop of 1948.

## LEADER TO BE PUBLISHED DAY EARLY NEXT WEEK

The Leader will be published a day early next week so the Leader force may have the opportunity to take off for the Thanksgiving holiday.

In order to publish a day early we must ask our rural correspondents to be sure their items are in the mail Monday morning and all other news must be in a day earlier than usual, and no copy will be accepted later than Tuesday evening. We will appreciate the cooperation of everyone in helping bring you the Thanksgiving issue of the Leader on Wednesday of next week.

## Big Chicken Dinner Held By Farm Bureau Is Big Success

The big chicken dinner held by the Donley County Farm Bureau on the tenth of November at the Lelia Lake school house was a big success, and was attended by over three hundred Farm Bureau members and friends.

The entertainment committee did a wonderful job on preparing the food and every one had all they could eat. The program consisted of two songs by Rev. Gray of the Christian Church of Clarendon accompanied by Mrs. Rayburn Smith; a talk on the importance of farm organization by W. J. Williams, county judge of Donley County.

After the program an election was held for officers of 1950. Elected president was J. Holly Wood; Vice president, H. L. Shaller and secretary and treasurer, Mrs. J. L. Butler. This group of officers met on Monday night the 14th of November and selected the following directors for 1950: Mr. and Mrs. John Gerner, Mr. and Mrs. J. B. Masterson, Mr. and Mrs. L. E. Blankenship, Mr. and Mrs. Oscar Moore, Mr. and Mrs. Cap Anderson, Mr. and Mrs. Ed Mooring, Mr. and Mrs. Nolie Simmons, Mr. and Mrs. Raymond Waldrop, Mr. and Mrs. Wilson Gray, Mr. and Mrs. O. L. McBrayer and Mr. and Mrs. A. P. Brown.

The entertainment committee for 1950 is Mrs. Glen Williams, chairman. Members to serve with Mrs. Williams are Mrs. Kinch Leathers, Mrs. Ernest White, Mrs. Wilson Gray and Mrs. Charles Rains; Membership Chairman, B. F. Wolford.

Mr. Wood, president of the Donley County Farm Bureau, stated that four members of the Farm Bureau would leave for Dallas next Monday to attend the state convention. Those going are Mr. and Mrs. Holly Wood, Mr. and Mrs. B. F. Wolford, Mr. and Mrs. H. L. Shaller and Mr. and Mrs. Ed Mooring.

The Donley County Farm Bureau Queen, Miss Naoma Mooring will compete for state honors in Dallas at the State convention and Donley County members are going down to give our queen a lot of support. Mr. Wood says that Miss Mooring is going to win that title and we are all going down to give her our backing.

The next meeting of the Donley County Farm Bureau is scheduled for Monday night, Nov. 28th at the Lelia Lake school house at 7:30 p. m., when the delegates from the state convention will give a full report of the state convention.

## J. O. Allensworth To Return To States

J. O. Allensworth, son of Mr. and Mrs. M. R. Allensworth, will return to the United States on November 24th from Saudi Arabia where he has been with the Arabian American Oil Co. for the past 18 months.

He will leave by plane from the Dhahran airport on the "Camel" Aramco's own passenger plane, November 22nd, flying by Rome Italy, where he will spend the night, then on by Santa Maria (Azores) arriving in New York City November 24th.

Mr. and Mrs. Allensworth were in Los Angeles, Calif. when their son left there via TWA for Arabia May 12th, 1948. On his trip over he flew via New York, New Foundland, Ireland, London, Istanbul, Turkey, Damascus, Syria and Dhahran, Saudi Arabia.

Mr. Allensworth's home is in Bakersfield, Calif., where his wife and son have been living during his absence. He formerly lived in Clarendon where he was employed by the Foxworth-Galbraith Lumber Co.

Mr. Sam Bryan and Archie of Stinnett came Sunday after his wife, Mrs. Maud Bryan who has been visiting with her sister, Mrs. Eva Humphrey. They returned home Sunday.

## Donley County Queen Contestant To Dallas Next Week

Miss Naoma Mooring, attractive daughter of Mr. and Mrs. Ed Mooring of the Midway community and Farm Bureau Queen candidate representing Donley County, will be in Dallas next Monday night, November 21st for the final judgments in the statewide contest. Miss Mooring will compete first against Miss Ann Beth Crisby of Wayside for the district honors, which we hope will be Miss Mooring, and the winner will compete against the other eleven contestants from over the entire state. Each of the 12 districts will have the same district elimination judging before the finals.

Miss Mooring stated that she was looking forward to the occasion and was happy to have the honor of representing Donley County in the State Farm Bureau Queen Contest which will start off the three day State Convention of the Bureau. "In appearing before such a large crowd, I have only one desire and that is to enter on the state either first or any time, just so I am not the last one to be judged," Miss Mooring added.

Naoma will be accompanied to Dallas by her parents, Mr. and Mrs. Ed Mooring. Voting delegates who will attend from Donley County are Mr. and Mrs. B. F. Wolford, Mr. and Mrs. Holly Wood and Lee Shaller.

## Dr. McBeth Inspires The People of The First Baptist Church

The crowds are increasing each service at the First Baptist Church to hear the great messages from the Bible brought by Dr. J. P. McBeth of Dallas. He is preaching from the Book of Malachi in the evening services and the Epistles to the seven churches in Revelation at the morning services.

The meeting continues through Sunday and will be climaxed with a goal of 315 in Sunday School and subscription of the church budget. "God is moving in the hearts of His people and they are receiving many blessings this week. We invite all who will, to come and worship with us," said L. A. Sartain, the pastor of the church.

## BETRAM INFANT DIES AT MEMPHIS HOSPITAL

Mass will be held at the Clarendon Catholic Church Friday morning at 9 o'clock for Caverly Christine Betram, 4 month old infant daughter of Mr. and Mrs. Manuel Betram of Garden City, Kansas, with Father Vaughn officiating.

Caverly Christine died in a Memphis hospital Wednesday afternoon. Burial will be in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

NEW YORK, N. Y.—Gen. Dwight D. Eisenhower (left), president of Columbia University, congratulates Dr. Hideki Yukawa, visiting professor at Columbia from Kyoto University in Japan, after the Japanese physicist won the 1949 Nobel Prize for Physics, Nov. 3. At right is Columbia vice-president George B. Pegram, who was a pioneer in atomic research at Columbia during World War II. Yukawa is the first oriental to win a Nobel Prize.

## Colts Receive First And Only Defeat Of The Season

The Clarendon Jr. High Colts received their first and only defeat of the season last Thursday night when they met the Memphis Whirlwinds on the Memphis field in the final game of the season. The final score was 25-14.

The game was not played as the score indicated and it does very little good, outside of a little personal satisfaction, to say anything about a raw deal. The officiating was unfair to both our coach, Rev. John English and our youngsters who were on the playing field. The only thing either have to say is that we could beat them any time under equal conditions. The Memphis third touchdown should have not been allowed at all as the boy carrying the ball traveled several feet out of bounds near the mid-field stripe and the Colts gave up the chase thinking the official would call it. It was reported here Friday that the boy carrying the ball, outright admitted stepping off the playing field. The official should have been doing his duty instead of out wand-eering around picking up the kick-off tee.

The Whirlwinds led the scoring 12 to 0 at the half. The Colts came back all fired up in the third quarter and Hall scored the first counter and Thompson the second. Murff, Myers and Thornberry all had plenty to do with getting the ball down field on each occasion. It was after this that the long run (out of bounds) touchdown was made by Memphis. The Colts took every chance in an effort to score again and lost the ball on their own 19 yard line, giving the Whirlwinds their last scoring opportunity.

Aside from all comment the game was a thriller and the Colts ran up against some good competition. They might have lost the game regardless, but we still wonder. We congratulate the members of the Colt squad on putting out their very best every minute of the game and playing it fair and square. Coach English has a bunch of boys to be proud of.

## 4-H Club Will Meet Monday Night

The Clarendon 4-H Club will meet on Monday night, Nov. 21st at 7:30 p. m. at the Fair grounds in Clarendon. The regular meeting was to be on Friday night the 25th but some of the members will be out of town for Thanksgiving holidays and asked that the meeting be changed. County agent H. M. Breedlove is urging that all members be present and tell every one of the change of date.

After the Thanksgiving holidays the regular meeting schedule will be followed.

Mrs. Lena Antrobus is visiting her daughter and family, Mr. and Mrs. Tren Stargel at Okla. City.

## Lions Benefit Show Gets Underway

### GRAVESIDE SERVICES HELD FOR SPARKS INFANT

Graveside services were conducted Friday for the infant son of Mr. and Mrs. A. M. Sparks of Snyder, Texas and formerly of Clarendon, Rev. John English officiated.

Survivors besides the parents include the grandparents, Mr. and Mrs. Burnett Blair of Aspermont and Mrs. Minnie Sparks of Brownwood.

Funeral arrangements were under the direction of Murphy-Spicer Funeral Home.

### Finance Drive For Boy Scout Fund Well Underway

The Clarendon Boy Scout Finance Drive appeared to be about 50% complete at noon Tuesday. This statement is based on the fact that the drive goal was to contact 300 persons in Clarendon—there was no monetary goal; however, \$407 has been turned in.

As of Tuesday noon Charlie Murphy's team of women was in the lead with 80% of its prospects contacted. These women had collected \$195.50, to lead, not only in percentage of prospects contacted, but also in dollar value.

Judge J. R. Porter announced that he hoped that all teams would complete their solicitation as soon as possible, and turn in their money to Rayburn Smith at the Donley County Farm Loan office. He also thanked all the people who have taken part in the drive for their splendid cooperation and effort.

Judge Porter, General Chairman, Walter Knorpp, Advanced Gifts Chairman, and Team Captains Charlie Murphy, Homer Estlack, George Thompson, Melvin Edwards, and George Thompson were presented with plaques in recognition of their services at the Lions Club luncheon Tuesday noon. These plaques were inscribed: "In Appreciated of Interest In and Services to the Youth of Our Community, Boy Scouts of America."

### SIMS P. T. A. TO MEET THURSDAY, NOV. 17

Sims P.T.A. will meet Thursday, Nov. 17 at 3:00 p. m. in the Jr. High auditorium. The 4th grade, under Mrs. Headrick and Miss Mongole, will give the program.

The P.T.A. members will dispense with their regular meeting to participate in Xmas activities of various rooms. This will be the last regular meeting until January, and all members are urged to be present.

### JUNIOR CLASS SPONSORING CAKE WALK SATURDAY

The Clarendon High School Junior Class is sponsoring a cake walk Saturday, Nov. 19th at 6 p. m. The walk will take place in front of the building first door north of the Pastime Theatre. The public is cordially invited to participate.

### NOTICE TO ALL FARMERS IN DONLEY COUNTY

E. F. (Bert) Smith has signed a ginner's agreement with Commodity Credit Corporation to purchase cottonseed from the farmers in Donley County at the rate of \$46.50 per ton, for CCC. He will furnish his own trucks to haul the seed to the CCC site for you. All you have to do is tell him that you want to sell your seed to CCC and you will be paid for your seed at the gin and not at the Donley County PMA office.

By the time you read this, the other gins in the county will in all probability be signed up to purchase your seed from CCC.

With the arrival of Vernon McCracken, Director for Geller Productions of Hollywood, the Lions Club Benefit Show, "Talk of the Town", had its opening kick-off Tuesday, when the talent party for the production was held at the High School Auditorium. This is the show that is to be held Wednesday, Thursday, and Friday, November 30th, and December 1st and 2nd, for the benefit of the Lions Club Community Activities.

Rehearsals were begun on Wednesday afternoon with the high school girls in the roles of "chorus girls" doing their high kicks and precision marching. The show is a musical-minstrel revue, with the first act being the musical portion, while the second act takes the form of a modern minstrel show entitled, "Minstrel Moderne". The forty minute long minstrel will contain old favorites done by both soloists and the chorus. Among them will be "Ole Man River", "Alabama Bound", "Down South", and "Here Comes That Showboat". Interspersed between the musical numbers will be the antics of the End-Men as they endeavor to annoy Mr. Interlocutor with their ever funny gags.

The show opens with the "production number" "Curtain At 8:00", and will feature twelve of Clarendon High School's more beautiful girls in two different dance routines, assisted by six of their 'boy friends'. One of the numbers in the opening is sure to bring tears of nostalgia to the older eyes as they hear the familiar strains of "Ja-Da" and watch the youngsters break into the Charleston.

"Chinese Fantasy" is another large and colorful number featuring song and dance done in the eye intriguing manner of the Orientals. To add to the beauty of the scene, a portion of it is done in black light, with only the costumes and scenery glowing in the eerie darkness. The Lions Club members will entertain the audience with their antics in such skits as "Sam Shovel Hires A Detective", a take-off on one of our more famous radio programs; "For Services Rendered", the story of extreme heroism; and "The Athletic Meet", a nostalgic portrait of the days gone-by, when sports were really exciting affairs.

The first act is topped off with a precision marching routine, featuring twelve majorettes, baton twirlers, a band, and the red, white and blue colors of our country.

Tickets for the show will be on sale beginning today, and may be secured from any member of the Lions Club, or any member of the cast. General admission is \$1.00 including tax, and Student admission is 60c, including tax.

## Thanksgiving Supper For Youth Canteeners Next Thursday Nite

The Youth Center is having a Thanksgiving supper for the youth members Thanksgiving evening at the Youth Center. Supper will be served from 6:30 till 8 p. m. After supper the young people will have a party of games, dancing, etc.

The members will be charged 50c per plate for supper, the proceeds to be applied on the Youth Center indebtedness. The parents of these youths will be called on to furnish the food except the meat.

Hosts and hostesses for this occasion are Mr. and Mrs. Bill Lane, Mr. and Mrs. Dick Vallance, and Mr. and Mrs. Alfred Estlack. All the parents are to be contacted to help out on this, and should you not be called, please contact one of the above hostesses.

All parents are invited to come down and visit the Center after supper.

Arabia To Get American Gold

By William P. Flythe

WASHINGTON—The Treasury recently made plans to begin pouring millions of dollars of American taxpayers' gold into the coffers of King Ibn Saud and numerous Arabian sheiks and lesser rulers.

It will be in the form of royalty payments for oil to be taken from the rich Arabian fields to be given to European nations under the Marshall plan.

The problem is complicated by the fact that it must be actual gold instead of paper currency or any other medium of exchange.

King Ibn, it was stated, has interpreted the Koran to mean that no payments may be made except in gold. Other Arabian rulers have adopted this policy.

This ruler's royalty income last year is estimated at \$21,000,000. For the next 12 months it is estimated it will jump to nearly \$50,000,000.

To help him in 1947 the United States Treasury minted some 50,000,000 coins of various denomi-

nations. King Ibn supplied the gold and other metal but the manufacturing was without cost.

Now the United States will have to supply the gold as well as the minting, not only for King Ibn, but for the others who will share in this untold wealth.

Figures reach vast proportions. For the next 12 months the Marshall plan nations are promised a minimum of 353,000,000 barrels of oil, most of it from Arabia. For each barrel the King or some sheik will get slightly over 20 cents.

**Good Deeds Better Than Nice Words**  
PFLUGERVILLE, Texas—Christianity in striving towards its goal of saving civilization from chaos must become more motivated by good deeds than by nice words.  
Speaking before a community meeting here in the interest of Christianity Rural Overseas Program (CROP), Elmore R. Torn, state director, stressed that all denominations of the Christian faith must work unflinchingly towards bringing relief to destitute people wherever they may be.  
A human being is a human being in the sight of God regardless of his color or creed and is just as hungry if he is hungry regardless of his nationality or religious affiliation, Torn said.  
The Christian Rural Overseas

(relief) Program is the first coordinated all church relief program which collects commodities in bulk for distribution to the needy overseas irrespective of race or creed.  
Practical Christianity, according to Torn, calls for investment in good deeds for our neighbors at home and abroad, particularly for those who cannot help themselves and must depend on relief donations for their sustenance. This investment of Christian giving must be made without thought as to whether each particular donation will bear fruit immediately or not.  
"If people, who consider themselves to be Christians, do not come to share of some of their bountiful resources with the down and out, then those people who are down and out will be confronted with the alternative of accepting only promises from someone else — promises which may be so empty that by accept-

ing them these unfortunate people will find themselves in much worse circumstances than before," Torn concluded.  
**CARD OF THANKS**  
We wish to thank each and every one for the beautiful floral offer and the kindness shown during the illness and death of our husband and father. May Gods richest blessing rest on each and every one of you for this kindness.

## Blair-Tyler

Nuptial vows were solemnized for Delene Blair, daughter of Mr. and Mrs. Harry Blair of Clarendon and Grady Tyler, son of Mrs. E. W. Tyler of Claude in an impressive candlelight, double ring ceremony Friday afternoon, Nov. 11th at 5:30 in The Little Church of the Central Christian Church of Dallas, Texas, with Dr. W. C. Jones, pastor, officiating.

Musical selections were furnished by the church organist, Mrs. McAdoo Keaton. Miss Nita Harlowe, suitemate of the bride, sang the "Lord's Prayer" as the couple kneeled at the altar following the ceremony.

An arrangement of red roses centered the altar which was flanked by candles and greenery. Bill Hall, friend of the bride and groom, lit the candles.

Escorted to the altar by Dr. Keith S. Lowell, who gave her in marriage, the bride was attired in a green gabardine suit with taffey brown accessories. Her bridal bouquet was white orchid attached to a Bible and complemented by white stock and white satin streamers of lovers' knots. She had the traditional "something old, something new, something borrowed, something blue, and a penny in the shoe."

Miss Sybil Head, maid of honor, wore a grey gabardine suit with black accessories. Her nosegay was a symmetrical bouquet of red roses complemented by grey satin streamers. Dwight Blair, brother of the bride, served as best man.

Following the ceremony, the bridal party was honored at an informal dinner at the El Fenix of Dallas.

Mrs. Tyler is a graduate of Clarendon High School and Clarendon Junior College and is now attending Southern Methodist University. The groom graduated from Claude High School and attended Oklahoma Baptist College. He is a co-owner of the Tyler Jewelry Store in Clarendon.

Jerry LaGrone from Dallas was home the weekend.

### Don't Spend Thanksgiving In The Kitchen

COLLEGE STATION—The wise homemaker is already planning and preparing the Thanksgiving dinner, and by doing many of the jobs early she will be able to spend the day with the family and friends. Louise Mason, extension foods and nutrition specialist of Texas A&M College, says the home freezer certainly comes in handy on occasions like Thanksgiving.

For the Thanksgiving dinner Miss Mason recommends a traditional meal: roast turkey with stuffing; giblet gravy and cranberry sauce; mashed potatoes; creamed onions with toasted peanuts; celery-peach pickles; string beans; hot rolls-butter; pumpkin pie-whipped cream and coffee.

The turkey can be dressed and stuffed several days ahead of time, wrapped and placed in the home freezer. The pumpkin pies can be baked and stored in the freezer. The fresh vegetables can be washed and sorted and held in the refrigerator. The cranberry sauce can be made early and the yeast dough can be prepared ahead of time and stored in the freezer. This advanced preparation will certainly lessen the hustle and bustle of preparing the meal, says Miss Mason.

Other members of the family can help prepare and arrange the table decorations; see that the silver is in order and can bring the canned goods from the pantry or cellar. For after all, says Miss Mason, the Thanksgiving dinner should be a family affair.

Miss Mason says the turkey may be roasted with or without a stuffing. The skin should be well greased to hold the moisture in and the grease can be applied

with a folded cloth dipped in melted fat. She says to place the bird breast down on a rack in a shallow open pan; cover with the cloth moistened with fat and be sure the sides and top of the turkey are well covered. No basting is necessary and it is now ready for roasting.

An eight to ten pound turkey should be cooked for about three and one-half hours in an oven at not more than 325 degrees. Large birds require longer cooking time, and 30 minutes per pound is the generally recommended cooking time for the larger birds. If low heat is used, says Miss Mason, there is less shrinkage, the drippings are not burned. The drippings are needed for making the giblet gravy.

Now with a minimum of effort, and if advanced preparations have been made, on Thanksgiving morning the dinner can be ready on time and mother can come out of the kitchen and enjoy the day with the family and friends.

Mrs. Carroll Pervine and daughters, Mrs. Fred Surett and Mrs. Levis Williams of Panhandle City visited her cousins, Mrs. Eva Humphrey and Mrs. Emma Hedgecocke.

**1950 FORD**

**IT'S HERE FRIDAY AND 50 WAYS NEW!**

**WITH THE EXCLUSIVE NEW 100 H.P. FORD**

**V8**

**ITS QUIET WHISPERS QUALITY.**

It's the quiet of new super-fitted pistons, new "hushed" timing gear, new fan designed for better cooling at slower, quieter speeds. And what power! It's a full 100-h.p. V-8 that delivers more power than any other car anywhere near Ford's low price and sells for less than most conventional "sixes." And Ford offers a Six, too—an advanced Six with 95 horsepower.

**NEW sound conditioning**  
 New "sound conditioning" in floor, doors and body panels insulates Ford's "Life-guard" Body against road noises. More extensive soundproofing in 41 areas gives additional interior quietness and protection.

**NEW "hushed" ride**  
 Ford's famous "Mid Ship" ride is now so quiet you can talk in whispers at highway speeds. So smooth with its great team of "Hydra-Coil" and "Para-Flex" Springs that it virtually erases every bump.

**NEW quality features**  
 New quality is easy to find in this 50-way-new Ford. You find it in the new push-button door handles, in the new rotary door latch that needs only a feather-touch to open and close securely. You find it in new sparkling upholstery colors. You drive relaxed.

**NEW driving comfort**  
 Not only does the 1950 Ford offer you more hip and shoulder room than any other car in its field—it offers you the long-lived driving comfort of a new team rubber front seat cushion over new non-sag seat springs. You drive relaxed.

But see it for yourself. Drive it so you can feel and hear the difference. And price it and see how much less it costs than any other really fine car.

## S. B. C. Calls For 25 Million Dollars Mission Money

Southern Baptist plans call for \$25,000,000 in gifts in 1950 to be distributed throughout its cooperative mission plan, the Cooperative Program, which celebrates its 25th anniversary next year, according to Dr. Duke K. McCall, executive secretary of the Southern Baptist Convention Executive Committee.

"The 1950 Cooperative Program goal for Convention agencies is \$10,000,000," said Dr. McCall. "Based on actual receipts by states and S.B.C. causes in 1948, this would require \$15,000,000 for state causes, or a total of \$25,000,000 for the Cooperative Program, state and Southwide, in 1950."

"While holding fast to the 'Fifty-Fifty by 1950' ideal for division between gifts to the local church program and the Cooperative Program we must recognize that many churches make their gifts to the Cooperative Program by a direct appropriation rather than a percentage. To those churches which will not be able to go all of the way in realization of the fifty-fifty goal, we would issue the challenge to increase their gifts to the Cooperative Program in 1950 by 40 per cent."

# FARM NEWS

From the County PMA Committee

## ELECTION RESULTS:

Our County Elections are over, and they were a big success! We have 990 farms in the county, and we received 656 votes. May we take a little time to brag? We think this pretty good. It shows us that the producers in the county are really interested in the program, and how well it goes over. Below we have listed the results for you.

### Delegates To The County Convention:

Community A: Ernest L. Lamb; Community B: George E. Bulman; Community C: Walter I. Lowe; Community D: Glen Williams; Community E: Quinn L. Aten; Community F: William H. Clay; Community G: William D. Franklin; Community H: Charles P. Hamilton.

### Community Committeemen:

Community A: Roy H. Stewart, Jim Hermesteyer, and Houston McDonald; Community B: Pink Marshall, Leo Wallace, and Pete Land; Community C: Melvin Rampy, Charlie Hearn, and Thomas L. Speir; Community D: Don Tomlinson, Oscar L. Wilkinson, and William O. Mooring; Community E: Gerald Noble, Oscar Anderson, and Harvey C. Shaw; Community F: Tommy W. Bain, Frank Jones, and Chester D. Walker; Community G: Enos M. Glass, Lionel E. Blankenship, and Henry Moore; Community H: Charles P. Hamilton, Herbert W. Guill, and Bill C. Crisp. Once again we want to thank everyone in the County for helping us to make this the best and biggest election ever.

### COTTONSEED PURCHASE PROGRAM:

We have some good news this week for the farmers who have been selling their cottonseed to Commodity Credit Corporation. Bert Smith has signed a "Ginner's Agreement" between his gin and CCC to buy all the cottonseed that comes from his gin. He is paying \$46.50 per ton and will furnish his own trucks to haul the seed to Hedley. If you gin at the Smith Gin, and want to sell your seed to CCC, all you have to do is tell him, and he will pay you at the gin for your seed and see that it gets hauled to the right place.

### COTTON ALLOTMENTS:

We have received our County Cotton Allotment from the State Office. The total number of acres allotted to Donley County are 23,357 acres plus an additional 166 acres for farms having 15 acres or less. We are working now on the individual allotments. There is no set date as to when they will be mailed out, but we know it will be before Dec. 15th as that is the date for the 1950 Cotton Marketing Quota Referendum. Listed below are three things which we think will help you in deciding if you are eligible to vote:

1. Only persons who had cotton planted in 1948 will be eligible to vote in the cotton referendum.

2. Wives of eligible voters will also be eligible to vote.

3. If the cotton referendum does not carry (that is, if more than one-third of the farmers voting in the referendum oppose the national marketing referendum), the price support on 1950 cotton will be 50% of parity, and marketing quotas on cotton will not be in effect.

Just be patient with us a little longer as we are doing our best to get your allotment to you.

### GRAIN SORGHUM LOANS:

Our grain sorghum loan busi-

ness is picking up. To date we have six farm stored grain sorghum loans. They are: Maude L. Nichols, R. B. Marshall, James M. Graham, W. L. Clappitt, Z. D. Davis, and Don Tomlinson. We have four warehouse grain sorghum loans. They are: C. E. Wheeler, Van S. Knox, Roy Jewell, and J. E. Easterling.

### ADDITIONAL MONEY:

We have some additional money in our budget and it is just "burning a hole in our pocket." We want you to come to the office and help us spend it on practices such as terraces, dams, ditches, elimination of mesquite and other pesky plants, subsoiling, deep plowing, wells for livestock water, stalks and stubble, and many other useful practices that will help you save your land. We also help you pay for grass planting to help improve or establish new pastures. If you have any practice that you are interested in and would like to receive assistance on, please come to the office and let us help you.

### OFFICE NOTES:

Don't forget to get your approval for leaving stalks and stubble on the land if you haven't already done so. You can earn a payment of 25c per acre for just keeping your live stock from grazing where you have cut your sorghums.

Our current year is coming to a close and we are trying to "wind up" all our business, so if you get a letter from us telling you to make a report on some practice you have carried out, please do so as it will help us in getting your applications for payment ready for you to sign, and receive your payment sooner.

November 30th is the deadline for you to plant your Austrian Winter Peas and apply the 20% Superphosphate to them. So, if

you have not yet planted your peas, please do so by then. We want you to earn your payment on them.

This is your office, use it!

## United Council of Church Women

World Community Day was observed at the Methodist Church, November 4th with a covered dish luncheon, program and collection of the packages, "Pieces for Peace". There were seventeen nice packs which included woolen and cotton materials, woolen knitting yarn, sewing thread, scissors, thimbles, embroidery cotton, needles and patterns. Each pack was wrapped in one and a half yards of blue denim. Letters have been received from Poland and Germany from recipients of our "Pack-a-Towels" of last year's Community Day.

Mrs. C. B. Morris gave the invocation; a report of the seminar held in Dallas Oct. 4th and 5th was given; election of officers was held, and the following were elected to office: President, Mrs. Kunz; Vice-pres., Mrs. Howze; Secretary, Mrs. Bennett; Treasurer, Miss Mable Mongole. Mrs. Millard Word is the retiring president, and the members of the council feel that the success of the council has been due to Mrs. Word's untiring efforts. With the exception of six months when Mrs. Hanks was president, Mrs. Word has been president of the council since its organization in 1943. Mrs. Hanks is president of the council in Snyder at this time.

Mr. Wes Izzard will lecture here at the College Auditorium January 19th, in behalf of the Council's leper fund. The members of the council and their friends are asked to make a note of this date.

## Explorer Scouts Have Weiner Roast

The Explorer Scout Crew 37, which is in the process of being organized in Clarendon, had a very successful meeting in the Park last week. A short business session was held followed by a weiner and marshmallow roast. After everyone had eaten their fill, several games of capture the flag were played. Those present were Boyd Pipes, Guy Alden Wright, J. D. Lowry, John W. Crawford, Lloyd Hunt, Donnie Hill, Delbert Robertson, Ray David, Jerry Price, Cotton Hall, Gordon Moore, Jiggs Riley, Ben Edens, Jimmy Beard, Ned Burns, and John M. Morris who was elected Crew Leader the week before. Jay Gould, the Adviser for the local Explorers was also present.

The next Explorer Scout meeting will be held at the Legion Hall at 7 p. m. tonight (Thursday, Nov. 17). Any young man

14 years old or older, and who is interested in Scouting, is invited to attend the meeting.

The Explorers wish to express their thanks to those who parked their cars inside the stadium for the Memphis game, and to the Athletic committee for allowing them to keep the \$47.00 collected for the crew treasury. Most of this money will be used to purchase crew equipment.

All boys between the ages of eleven and fourteen who are interested in Scouting, are invited to meet with the Boy Scouts from 6 to 7 p. m. on Wednesdays at the Legion Hall.

All boys from 8 to 11 years old, interested in Scouting, can contact Rev. Gray, who is the Cub Master for information concerning the Cub Scouts.

Mr. and Mrs. Ernest Hunt and Lloyd and Miss Elizabeth Stevens and Mrs. Ben Lovell were in Dallas the weekend. They attended the football game and also visited relatives.

## Annual Convention State Teachers Ass'n Ft. Worth, Nov. 24-26

AUSTIN — Nationally-known leaders in education, business and government fields will be the principal speakers at the three-day annual convention of the Texas State Teachers Association Fort Worth, Nov. 24, 25, 26.

An estimated 12,000 teachers will give up their Thanksgiving holiday to attend the general sessions and numerous special meetings, Charles H. Tennyson, public relations director of the association, said Saturday.

In addition to the general sessions, teachers will have some 70 sectional meetings and 20 breakfasts, luncheons and dinners from which to choose. Every phase of education of interest to Texas instructors will be explored in these sessions.

Heading the list of educators who will address the general sessions are Dr. Andy Holt of Nashville, Tennessee, president of the National Education Association; Dr. Henry Hill, president of Peabody College, Nashville, Tenn., and Dr. L. D. Haskew, Dean of the School of Education, University of Texas.

Governor Allan Shivers, Price Daniel, Texas attorney general, and Lyndon B. Johnson, junior United States senator from Texas are among the leaders in government circles who will address the convention.

Eric Johnston, dynamic president of the Motion Pictures Association, Inc., governing body of the motion picture industry, and former president of the United States Chamber of Commerce, is the principal representative of the business world who will speak at the general sessions.

The chairman of the new state board of education and commissioner of education, if he is appointed before the convention, will also be invited to speak.

A panel discussion of the Gilmer-Aikin laws will be led by L. P. Sturgeon, Austin, director of the Minimum Foundation Program temporarily administering state school funds; Henry Foster, president of the Texas Association of School Administrators and Tennyson.

The theme of the entire convention is "Individual Responsibility—Heart of American Democracy." Dr. W. R. White, president of Baylor University, will preach the Thanksgiving Day sermon.

Joe C. Humphrey of Abilene, president of the association, and Miss Waurine Walker, Waco, first vice-president who is without opposition for election to the presidency, will preside at the general sessions.

**Farm Housing Program Launched In Donley County**

The farm housing program, authorized by recent act of Congress, has been launched in Donley County. Applications for loans to build or repair farm houses and other farm buildings are being received at the Farmers Home Administration county office at Clarendon, according to James D. Gouddy, FHA County Supervisor. Loans may run for a maximum of 33 years, at 4 percent interest, and can be made to farm owners who cannot obtain farm housing loans from their banks or other sources, James Gouddy said. Owners who qualify can also get loans for improving housing for their tenants. All loans are subject to approval by the local three-member

FHA County Committee. The Housing Act provides for a four-year period of loan making. The appropriation for the current year is \$27,000,000 for the entire country, which will mean about five loans per agricultural county at an estimated average of \$2,200 per loan. The authorized Congressional appropriation for the four years is \$275,000,000. Veterans will receive preference. Mr. Gouddy predicted that most loans will go to farmers with farm earnings and other income enough to repay the loan plus interest without further help from the Government. He expects most loans will be for repairs and remodeling rather than for new construction. A loan may also be made to a farm owner whose income is not now considered adequate to repay the loan on schedule, if his income can be made sufficient by enlarging or developing his farm and by improving his farm enterprises. If the owner follows a previously agreed upon plan for making needed revisions, the Government will help him on his payments if necessary during the first five years. Loans may also be made to eliminate hazards to a family's health and safety. With borrowers needing this type of assistance, it will be possible to include up to \$500 of the \$1,000 total in the form of a grant. In this connection, County Supervisor Gouddy said the appropriation included \$2,000,000 for grants and farm enlargement and development loans.

A public school education for our boys and girls is one of the great benefits of the American way of life. The cost of that education, as everybody knows, is defrayed through the payment of millions of dollars of taxes by individuals and businesses.

Last year our Company paid out more money in taxes than the gross amount we received for the natural gas we sold to all our 288,000 residential customers. Much of that tax money went to support your schools, your highways, your courts and other essential functions of local government. This is another example of the way the American Business System works to bring better living to your community.

### Questions and Answers

Q—Will I be entitled to subsistence allowance if I enter school under the GI Bill to become an accountant?

A—If you enter training in a state-approved institution that has been in operation for more than one year, you may be eligible to receive subsistence.

Q—I have never applied for a GI loan, but now I am delinquent in a loan I secured to buy some stock and equipment for my farm. Will VA guarantee a loan to meet this indebtedness if I can find a

lender?

A—Under certain conditions, VA may guarantee your loan to liquidate your delinquent indebtedness which was incurred in the purchase of stock and equipment for the operation of your farm.

Q—My uncle is a disabled peacetime veteran and unable to work because he is ill. Is he entitled to hospitalization in a VA hospital?

A—Your uncle may be entitled if he was discharged under other than dishonorable conditions for a disability incurred in line of duty or is receiving compensation for a service-connected or service-aggravated disability.

Q—As the widow of a World War II veteran, I was receiving death compensation from VA. Compensation was discontinued when I remarried, but shortly thereafter, my husband, a non-

veteran, was killed in an accident. Am I entitled to the compensation I was receiving prior to my second marriage?

A—Under the law, you lost your entitlement to compensation when you remarried.

By DOYLE WILLIAMS  
Minister of Christ

Christianity is a New Testament religion, and the Law that makes possible the Church of our Lord is the Gospel of Jesus Christ, and not the Law of Moses. Rom. 1:16.

The history of the beginning of the Church is to be found: in the New Testament and in the book of the Acts of the Apostles. In this Book of Acts, we learn how men

and women became Christians, and thus members of the Church. This information is not found in the Old Testament.

This is no denial of the truth of the Old Testament, nor is it a denial of the purpose for which the Lord gave it. God did not record that part of the Bible to direct men and women in their knowledge of the Church of our Lord, for it was not in existence at the time the Old Testament was in force. He gave that part of His Book to the world for the purpose of showing that men and women should be faithful unto him, in the dispensation in which they lived. It is a warning to us who are living under the Testament of Christ, not to be unfaithful to him.

Therefore do not look in the

Old Testament, to learn what God wants you to do today: there you will find what he wanted those people to do who lived in that period of Bible history. We cannot find in that part of the Bible the Law of the Church of our Lord, but the Law of God the Father. Paul affirms this truth in the first chapter of His letter to

the Hebrew brethren, when he said "God who at sundry times and in divers manners spake in times past unto the fathers by the prophets, hath in these last days spoken unto us by His Son, whom he hath appointed heir of all things, by whom also he made the worlds." Then he adds a warning to us in the second chapter and third verse of this same letter. "How shall we escape, if we neglect so great salvation: which at the first began to be spoken by the Lord, (meaning Christ) and was confirmed unto us by them that heard him; God also (The Father) bearing them witness, both with signs and wonders." The Law that governs people today in their salvation; is not the Law that God gave Moses to govern the Jews, but the Law of Jesus Christ.

"God spake," says Paul "To our fathers" and the means that he used to speak to our fathers he says, "was the prophets."

God spake to our fathers. And Paul says that he did it through the prophets; that is, God spake His Will to the prophets, then, the prophets revealed that will to the people. Therefore, we would not hesitate to say, any thing that has been spoken through a prophet was intended to govern the people of the Old Testament, and not the people of the New Testament. Moses was a prophet, any thing that Moses command from God for people to obey, is not for us, but for the people that lived under the Testament that Moses was the mediator of; and this Testament was called the Law of Moses. John the Baptist was a prophet, and the Lord says "A-

### Ground Broken For Two \$125,000 Dorms At Methodist Orphanage

WACO — Ground was broken for two \$125,000 dorms at the Methodist Orphanage, Nov. 8, and funds for three others were announced by Superintendent Hubert Johnson.

The occasion was a Methodist all-state gathering of the 200 Home Commissioners and the 100-member, Methodist State Planning Commission.

The homes now under construction are gifts of Harry W. Meredith, Mineola banker and oilman, and Tom C. Mitchell, Marfa ranchman. Donors of the three homes to be constructed are Mrs. Mary Schubarber of Midland, and Mrs. Alma Thomas, Austin, a joint gift; Mrs. J. M. West, Houston, and J. C. DeShong, Paris.

When the homes are completed, the 50-year old main building will be replaced by a modern administration unit. Marvin Kelly, Longview, is giving chimes for the chapel, donated by the Harrell family of Corpus Christi.

Texas Bishops A. Frank Smith, Houston, and William C. Martin, Dallas, officiated at the ground breaking, with Harry Meredith and Tom Mitchell turning the first spades. Dave Lacy, Dallas business man, was reelected chairman of the Commissioners and Mrs. A. N. Gamble, Lubbock, secretary.

The Texas Methodist Planning Commission, composed of the two bishops, 50 district superintendents, heads of colleges and student foundation, and representatives of the various Conference boards, met to make statewide plans in its second annual session.

Plans were made to merge in 1951 the pastors' schools now being held each summer at SMU and Southwestern university.

Glenn Flinn, Dallas, executive secretary of the Texas Methodist Student Movement on state college campuses, announced that a student center has been opened at the Canyon Teachers college. A similar building is being erected at Texas Tech, Lubbock. Plans have been adopted for another building at Texas A&M, and plans are being drawn for a Methodist center at Denton.

The Texas Methodist College association, with Hubert C. Smith, Waxahachie, chairman, and Earl Huffor, Huntsville, secretary, reported plans for keeping Methodist churches informed about their schools and for raising funds

for current support on college day in October. Roy L. Farrow, Dallas, was chosen executive secretary. The five colleges are SMU, Southwestern university, Georgetown; Lon Morris, Jacksonville; McMurry, Abilene; and TWC, Ft. Worth. President Umphrey Lee, SMU, is chairman of the association's executive committee.

Officers reelected were: R. F. Curl, San Antonio, chairman; Pat Thompson, Bay City, vice-chairman; W. W. Ward, Ft. Worth, secretary.

A—No. Benefits are payable only to workers (and the families of workers) who are "insured."

Q—How does a person become "insured?"

A—A worker gains a "fully insured" status if he works approximately one-half of the time from the time the law started, January 1, 1937, to attainment of age 65; or 10 years (40 quarters) whichever is the smaller amount of time.

Q—Is the requirement the same in case of death?

A—No. A deceased worker is "fully insured" if he has worked one-half of the time from January 1, 1937, or attainment of age 21, whichever is later, to date of death. Also, in case of death, any worker who has at least 10 years of work is "fully insured."

Q—In case of death, if the worker is not "fully insured," are any payments possible?

A—Yes. Certain payments are possible at time of death if the worker has only worked one-half of the time during the last three years of his life. This is called being "currently insured" at time of death.

Write the Amarillo office of the Social Security Administration for further information and answers to your individual questions. NOTE: The representative from the Amarillo office will be at the courthouse in Clarendon next Monday, November 21, at 10:00 a. m. This is a change from his regular Tuesday schedule for this trip only.

Business Failures On Increase

AUSTIN—A total of 21 Texas businesses failed during September, 31 in August, and 2 in September 1948, Dun and Bradstreet reports to the University of Texas Bureau of Business Research

showed. Liabilities per failure averaged \$37,000 in September, \$26,000 in August, and \$440,000 in September a year ago. Business failures for the first nine months of 1949 amounted to 165 in comparison with 59 for the comparable period of 1948.

CITY-COUNTY LIBRARY NOTES

By May L. Prewitt

There is now a musical version of Alan Paton's "Cry The Beloved Country." It is a profoundly moving novel of South Africa which swept this country last year, and was widely read by so many of our local well informed readers. A lengthy discussion is in the New York Herald Tribune Book Review. Paton is the eldest son of a rigid Presbyterian from Scotland who went to South Africa to make his fortune. For many years the "writer" in Alan Paton was subdued—there was ten years of "teaching rich men's sons"—and then, in 1935, he became principal of the Diepkloof Reformatory; 650 African delinquents, age ten to twenty-one, down came the bob wire, and an experiment based on Christian conviction that every human being matters, got underway and after 10 years succeeded. During a study of penal institutions of various countries, he began his novel—he wrote on trains, ships and in the hotels where he stopped. It was completed in San Francisco in 1947. If the theme of this novel could be put in a single word—it would be "Compassion." The musical version is likely a wonderful interpretation.

Wishes sometimes materialize, as this week when funds were desperately lacking and some new books so greatly desired for the teen age boys—a friend gave us a check to purchase "The Black

U. S. S. OLYMPIA, DEWEY'S FLAGSHIP, STILL ACTIVE—The old grey fighter, which just 50 years ago returned in triumph from the victory of Manila Bay, lies peacefully at her slip in the Philadelphia Naval Base where she receives homage as an "eagle of the sea" that escaped plucking by the "harpies of the shore." Twenty-eight years ago she brought to the United States the body of the First World War's Unknown Soldier, and a year later was ordered to be scrapped. There was no eloquent Oliver Wendell Holmes to write another "Old Ironsides" that saved the frigate Constitution a century before, but the protests of the patriotic citizens of Olympia, Washington, forced the cancellation of the scrapping order. She's a proud ship still—just as trim and span as on that May morning in 1898 when she led Admiral George Dewey's squadron into Manila Bay. She was rated a light cruiser of 4,500 tons and was commissioned January 2, 1894, and looks young for her 55 years. The illustration is from a photograph made when she participated in the Dewey Day exercises in New York harbor September 29, 1899. Today tens of thousands annually visit the U. S. S. Olympia.

missing from this collection. I'll replace it when that generous donation is received from the Pathfinders this year. The Clubs are all marvelous when it comes to sponsoring the Library. It is thru their cooperation and several Book-of-the-Month friends that our small Library rates practically as many new readable editions as the Amarillo Library and Kemp Public Library at Wichita Falls. The Library notes from these two Libraries are read regularly. They often secure technical volumes that would not be practical here. Otherwise, our rural population depends strongly upon

their Library and we are delighted to have them do so. The children's shelf is exceptionally good, but have been in use daily. We are desirous of more grownup patrons for winter reading.

COTTON CONSUMPTION  
AUSTIN—Texas cotton consumption in September totaled 12,898 running bales, rising 5 per cent from the previous month, the University of Texas Bureau of Business Research reported. Cotton consumption in September dropped 16 per cent from September 1948.

What's **YOUR** price tag on happiness?

The comfort that's found in all-coil springs, a husky, steady-traveling understructure, cushions that are deep and soft and wide enough to let you spread yourself a bit.

Even that extra swelling of the chest that comes from owning a car you know everyone respects and admires.

In a word—your happiness. It's never out of our mind in planning this car—nor in making very sure each dollar of cost gives you the greatest possible benefit.

That's why we rather proudly ask you to go see—and try—this Buick SPECIAL. It's priced like a six, in spite of the fact that like all Buicks, it's a big-powered Fireball valve-in-head straight-eight.

And we honestly believe that it puts a lower price tag on your motoring happiness than any other car you can buy today! See your Buick dealer and find out about that.

There's a **Right Way** to do everything!

A lariat, well handled, would "ground" that steer in minutes. It's the right way to do the job.

There's a right way to do the servicing work on your John Deere Equipment. The mechanic who is trained to service the equipment the way the factory recommends . . . who has the right precision tools with which to do the work . . . and who uses genuine John Deere Parts as replacement parts, is able to do the work quickly . . . efficiently . . . economically.

Ours is the only shop in this community that guarantees all three . . . trained mechanics, precision working tools, and genuine John Deere Parts. This means your John Deere Equipment will come back looking and running like new . . . ready to give you dependable, efficient performance for many months to come. See us for full details.

JUST what do you see in this handsome, tidy-sized Buick SPECIAL pictured here?

The smartest bit of automobile styling on the road today? The standout beauty of tapering fenders—the sturdy protection of a wholly new front-end design?

The prestige that's in the Buick name—the solid, road-wise steadiness Buick has always stood for?

Your chance to get in on the perfect smoothness of Dynaflo Drive\*—this being the lowest-priced car on which that sensational new transmission is available?

\*Optional at extra cost.

They're all there, every one of those things. And for a good reason that may go a bit beyond the usual idea in designing an automobile.

For, a long while ago, we graduated from the idea that a motorcar is merely a means of getting about.

The way you travel is pretty important too. The lift that's yours in knowing there's no prettier picture anywhere on the highways. The "kick" there is in a power plant that's lively and eager and always ready to get in on the fun.

### BIG BEND NATIONAL PARK

By HOWARD KING, Author  
Texas Tourist Travel Guide

From El Paso, the Rio Grande flows southeast for 200 miles; then turns south for nearly 100 miles; southeast again for about the same distance, then abruptly turns north and east. In this rampage it cuts an 18,000 square mile chunk out of Northern Mexico.

This rocky mountainous semi-arid country is called the Big Bend country because of the big

"U" formed by the river. At the very lowest part of the bend is Big Bend National Park.

The Big Bend Park consists of about 1,000 square miles of dry, arid, rough, hot and dusty territory with a lofty range of scenic mountains in the center. The Rio Grande River, which curves around it, tears through majestic canyons with towering rocky walls. Some people say the park is a terrible place. Others think it is the most beautiful imaginable. To say the least, it is strange and different.

At present, the Big Bend coun-

try is a wild, untamed area, hard to get to and without comforts. For an idea of the plan of it, lay your right hand, palm up, on the table in front of you. Consider the town of Marathon somewhere on your forearm as the starting place. It is 80 miles south from Marathon to the Chisos Basin, represented by the palm of your hand. Your thumb points toward the town of Terlingua; your forefinger points to the Santa Elena Canyon; your middle finger extends south to Mariscal Canyon; and your little finger points to Boquillas. You can drive to the

park boundary and from there to the Basin, to Terlingua, to Santa Elena Canyon or to Boquillas. There is no road to Mariscal Canyon.

From Marathon it is 40 miles south to Cooper's Store in Persimmon Gap. From there you drive through Tornillo (pronounced tor-nee-yah) Desert and across Tornillo draw, past Rosillos (meaning red) and Christmas mountains. Ahead are the majestic Chisos (pronounced Chees-us) mountains 8,000 feet high. The word means ghosts and as your car pulls up and around the steep

grades you see why. At 6,000 feet you pull over and down into the gorgeous basin where headquarters of the park are located.

It is cool here. The pine and fir trees are tall and beautiful. The view is breathtaking.

Pack trips may be made back into the mountains.

Remembering the analogy given, you come back from the palm of your hand and pass along the thumb to Terlingua outside the park. This trip is over bad roads, passable in dry weather, but scenic beyond description. Terlingua is a mining town con-

sisting of a great quicksilver mine, commissary, and a number of adobe houses. There are a few quaint roadside stores and big mines along this road.

The road to Santa Elena Canyon winds over mountains and past vast areas of great erosions resembling the Grand Canyon—hot, dry, colorful. This is the "loneliest road on earth" but you finally see before you the great green and olive rocky wall called Mesa Anguila. The river flows through a crack in the wall. This is the world-famous Santa Elena Canyon. The walls are more

than 1,500 feet high but you see them from the bottom — not the top.

Mariscal, also a great canyon, is formed by a gap in the Mariscal mountains, through which the river flows for 12 miles. Its rapids are practically impassable.

Travelers along the road to Boquillas find the going rough and hot. Just before reaching the river you come upon the hot springs where a tiny bath house is located. You can usually ride a burro across the river but a strong cable over the river furnishes a primitive trolley car for passage to the Mexican village of Boquillas, located at the mouth of Boquillas Canyon where the Rio Grande tears through the Del Carmen Mountains.

Yucca, sotol, creosote, cacti, and similar plants grow in these desert areas. Animal life is varied from the wild pig (peccary or javalina) in the foothills to black bear, deer, mountain lion, etc., higher up. Along the Rio Grande are many beautiful birds.

Limited accommodations are available at headquarters in the Basin. There are a few cabins, restaurants, and filling station. Part of the highway from Marathon to the park has been surfaced and plans are being made to complete this.

Gasoline may be obtained at Cooper's Store, park headquarters and occasionally at Terlingua. Water is available at Cooper's Store, park headquarters and at a spring at the park entrance. There is a road from Alpine to Terlingua and on into the park. It is winding, narrow and not good in bad weather.

Texas A&M College operates the only state-owned hotel in the United States, at College Station.

### Check the Fine Car Features at your Ford Dealer's Today!

New rubber seals and molding on windshield and back window add snugness.

Arm-rest door closer now provides a finger-fit grip to close doors easier.

New front-seat springs of non-sag construction are firmly buoyant for restful posture.

New foam rubber front-seat cushions hold their shape, provide added comfort.

Style note—that's the new, rich Ford medallion on hood and rear deck—it's beautiful!

New rotary door locks as in costliest cars—doors close silently and securely.

New ornamental deck-lid handle forms attractive frame for license plate.

Deck-lid latch, too, is new. Luggage Compartment opens with finger-tip ease.

New rubber seals and molding on windshield and back window add snugness.

Long life has been added everywhere to the engine, frame, and body. That's Ford quality!

Touch-button latch. Yes, a touch on the button is all it takes. Sleeves can't catch.

New exterior handles, anchored at both ends, have the grace of fine silverware.

New colors—your choice of 11. They're baked on to keep that "Showroom Complexion."

Additional strengthening at 13 vital points increases safety of famous "Life-guard" body.

Additional heavier sealer at 41 points gives greater interior quietness and protection.

Box-type frame rails have steel of increased thickness for greater rigidity.

New bumper guards and new bumper support arms keep you safer... in style.

There's a Ford in your future... with a future built in

"Magic Air" Heater, Radio and white sidewall tires optional at extra cost.

## 50 WAYS NEW FORD for '50

Yes, the 50-way-new '50 Ford is the one fine car of the low-price field. It's the only low-priced car designed in perfect 3-way balance... with (1) top fashion car styling... with (2) top power in the new 100 h.p. V-8 and 95 h.p. advanced Six... and (3) top provision for roomier comfort. But your Ford Dealer is the man to see, he'll let you drive it!

The one fine car in the low-price field

New pistons—super-fitted and designed to start more quietly, run more quietly.

New 3-blade fan—it's designed to scoop in more air at a slower, quieter fan speed.

New lined luggage locker offers more baggage space than any other car at Ford's price.

New rear bumper has rib and new mounting arms for greater protection against impacts.

Hand brake operation is easier because of zinc-based permanent-type lubricant.

New "Magic Air" Heater control clearly marked, lighted for easy reading, easy to operate.

Sealed brakes—protected against dust and water for greater safety.

New gas filler tube and cover—new non-spill vent tube. Closed cover blends into body.

New timing gear—it's made of new "hushed" material for extra engine quiet. Try to hear it!

New camshaft—its lobes are specially designed for quieter, more efficient valve operation.

New Six, too—95 h.p.—the most advanced Six you can buy. Gives greater economy.

New concave instrument knobs have brilliant, new contrasting colors.

Defroster openings are 44% wider and air-flow rate is 25% higher—for wider vision.

Interior light switch now located on instrument panel. It saves groping in the dark.

Improved front suspension with new torsional stabilizer adds to Ford's roadability.

Smart hardware, inside and out, has been designed to give you more than beauty.

New color styling in a steering wheel that's a pleasure to touch. Positive grip.

Automatic courtesy light goes on when you open either of the front doors.

More head room results from new bows that hold top lining across full width of roof.

New interior appointments. Smart ornaments. New rich treatment on door panels.

Brake pedal is well away from steering column to allow greater driving freedom.

New wider sun visors for more protection from glare—more safety when sun is low.

Exclusive 100-h.p. V-8 performance for brilliant pick-up, smooth response, safe control.

New floor coverings in both front and rear, are made of rich and durable materials.

**SENATOR MacCARRAN VISITS FRANCO**  
MADRID, SPAIN—U. S. Senator Pat MacCarran (R. Nev.) talks with Generalissimo Francisco Franco at El Pardo palace in Madrid during the Senator's recent visit to Spain. Senator MacCarran has defended the extension of financial aid to Spain in the Senate.

The newest member in the Ain't Smoking Right Now Society is Louis Sines of 1107 Beverly St. in Amarillo. He was recommended for membership by our good friend Cecil Waggoner. It seems that they are classmates in night school - - - Anyway, thanks to both of you.

It wouldn't be so bad to be "Set in our ways" provided our ways had the right set.

The following joke included just to be a little more ornerery: A farmer was driving down the road with a load of fertilizer. He came alongside a little colored boy and picked him up. On down the road they met another farmer; he says, "What you got there?" "Oh, a load of fertilizer and a little colored boy." Soon they met another neighbor, and he asked, "What you got there?" Again he said, "Oh, just a load of fertilizer and a little colored boy." As they drove on the little boy said, "Boss, if you don't mind, next time we meets some folks, how about you introducing me first." Now, no one can't say that I'm too Preachey.

I got quite a kick out of the little expression of Brother E. F.

Cole; the "Little Man with the big message", as he is called. Anyway, he is a little man, and he did have a wonderful message for me, and he says "My size keeps me from having trouble with the men and my looks has kept me from having any trouble with the women." Thanks Bro. Cole for a wonderful sense of humor, and thanks also for the earnestness in which you serve the Lord.

If I ever get turned out of on Church, and maybe they out to; on account of me trying to be so ornerery, I intend to head right straight for another and stay there as long as they will let me. Most of the worlds troubles could be healed by going to church regularly, and yet we won't do it. If we can keep our heart, and our mind clicking right, and going to church will help us do that, then the diseases of the body can't get us down.

Speaking of my being so ornerery, and of my efforts to get hold of some worse jokes for this column; one lady asked me to attend her club and collect material. Maybe I should, maybe I ought, but one of my friends told me the following experience, and it has been a lesson to me; thanks for the invitation, I might giggle, I

might laugh out loud - - Anyway, on the day that the club met with his wife he pretended to go to work as usual. Instead of that he parked himself under the window and listened. The Club progressed, and the experiences became richer and fuller. He listened and pinched himself to keep from laughing. The stories became taller, the jokes lower, and finally he could hold in no longer. With a loud ha ha he headed for the field, but the women heard him, his wife saw him, and with that his troubles began. The poor woman was humiliated beyond comforting, she could not face the ladies anymore; she did not want to face him anymore. Seriously, he told me she almost quit him over it. I shall never forget his experiences, and then though this lady meant for me to meet with the ladies, I can't forget this poor friend's experience; maybe I better collect material some other way. - - - No, thanks just the same.

On Memorial Day the flag should be displayed at half mast from sunrise to noon and at full mast from noon to sunset.
