## TO THE VOTERS OF THE ENTIRE CLARENDON INDEPENDENT SCHOOL DISTRICT:

There have been certain political rumors in regard to some of the candidates for the two school trustee positions which will be voted upon Saturday, April 7th that need to be cleared up.

It has been rumored that these candidates proposed to fire the entire faculty and especially those who had been in the school system for a period of ten years or longer - - - This statement is untrue and unfounded as anyone knows that it would be practically impossible to get out among the limited field of teachers and hire an entirely new faculty.

It is also a known fact that these candidates feel that Clarendon has some of the best faculty members that could be found in the entire State of Texas.

The true fact is: These candidates have an interest in our schools and if elected, want to do their best to cooperate with everyone for a better school system for Clarendon in every way.

Be Sure To Cast Your Vote Saturday For The Men Best Qualified For The Job

LONG TRAVEL FILM SHOWN AS MAIN ATTRACTION

The films shown this week, and the teachers they were shown by are: "What Makes Day and Night;" "Our Bill of Rights;" "Children From Overseas;" "Mule Humans;" and "The Shortest Way Home;" shown by Mrs. grade pupils.

To her fifth and sixth grade, Mrs. Seago showed, "What Makes Day and Night;" "District of Columbia;" "It Doesn't Hurt;" STAY AND STAY "Joan Avoids a Cold;" and "Children from Overseas."

Mrs. Batson showed to her first and second grade, "It Doesn't Hurt;" "Joan Avoids a Cold;" and "Mule Humans."

Most of the Lelia Lake students enjoyed a special film, "The Shortest Way Home." This film concerned travel and was shown from a bus. Everything the bus passed, on its way through the United States was shown and explained.

In this film, a veteran was looking up all his old buddies. During the meantime he was also looking for the nurse who nursed

It helped her so much that now Mrs. Hisel gives HADACOL to both of her children.

Here is what Mrs. Hisel says: "My daughter has taken two bottles of HADACOL and she has been eating more than before and also sleeps better. I think HADA-COL is the best thing for children who do not have an appetite. My daughter is four years old. Before taking HADACOL my daughter complained of her stomach hurting her, and I got her a bottle of HADACOL and she says her stomach despite bother her any more ach doesn't bother her any more.
I think HADACOL is wonderful. I am also giving HADACOL to my three-year-old daughter."

An important thing about HAD-ACOL is that you get Vitamins B<sub>1</sub>, B<sub>2</sub>, Niacin and Iron in liquid form, which means that they are form, which means that they are quickly absorbed and dispatched to the blood stream, ready to go right to work. After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

DEFENSE CONTRACT DISCREPANCIES

The Congress is already uncovering some bad, if not dishonest, practices in carrying out construction work under defense contracts. There could be a repetition of many things that happened during World War II. For example, on a New York project it was discovered that one man on the payroll was shown to have worked ten hours a day straight for four days, 23 hours and a half each day for the next three days, and then ten hours a day for the following days. The 23 and a half hour days are time and a half and double-time days. Anyone knows that it would be physically impossible for a human being to do this, and this Congress is going to stop that sort of dishonesty, regardless of whose head has to fall. This is just one example and there are a number of others. This sordid type of Treasury robbing is being fully investigated and will be fully aired. SENATE CRIME INVESTIGATING

COMMITTEE: Lots of publicity-no prosecutions. If this crime investigation is going to be successfully carried out, there must be some prosecutions and some deportations, and these must come before the investigations of the Committee have been forgotten.

It is reliably rumored that some of those on the Government payroll who are conducting and helping conduct these investigations are planning on using the material gathered to write a book. This material has all been gathered at a tremendous expense to the taxpayers and THE DONLEY COUNTY LEADER
