LOSE AIR SUPPORT—This combat photograph shows the close coordination of U. S. Marine air and ground units in recent fighting with Chinese Communists in Korea. Marines drive forward after support from F4U-5 Corsairs. Billows of smoke and flame from small target area bear out the accuracy of airmen's marksmanship.

Teachers To Attend Convention At Amarillo Friday

A program, designed for area educators but of equal interest and information for all people interested in education, will be presented in Amarillo, Friday, March 9, when the annual convention of District Nine, Texas State Teachers Association, opens at the Municipal Auditorium. Schools in this Area will be closed Friday in order that all teachers may be able to attend.

The public is invited to attend the meetings. Two general sessions are scheduled, one at 9 a. m. and the evening session at 8 p. m. Afternoon section meetings open at 2 p. m. Miss Ruth Richerson, County Supt., is scheduled to take part in a discussion entitled "Teacher Education — Certification Standards," in the certification sectional meeting. Supt. H. T. Burton and Miss Richerson were chosen as delegates from Donley County to the District House of Delegates which will meet Friday at 4 p. m. at which time officers will be elected as well as committeemen and state delegates.

The morning session will include an address, "From Adam to Atom," by Dr. Ethel J. Alphonse, anthropologist of New York University; and an address, "Selling Schools to Their Owners," by Dr. Andrew D. Holt, administrative secretary, University of Tennessee.

A special honor coming to Clarendon at this meeting is the fact that the local school orchestra has been chosen to open the program Friday morning. The orchestra is certainly a credit to Clarendon and the only school orchestra in this district outside of Amarillo. E. R. Blevins is the director.

ATTEND GOLDEN GLOVES IN CHICAGO

Mr. and Mrs. Clyde Wilson and Bill Bentley attended the International Golden Gloves Tournament in Chicago last week. One of the outstanding events of the trip was the opportunity of seeing a former Clarendon boy, Kenneth Davis, reach the semifinals and finals.

Kenneth, from the Marine Base at San Diego, is a representative on the Los Angeles team. He will enter the finals Friday night, March 9.

Mr. and Mrs. Wilson and Mr. Bentley report a very enjoyable trip.

JUNIOR HI BASKETBALL GIRLS END SEASON

The Junior Hi basketball girls ended their season last Friday. Their last game was with Lelia Lake, the score being 28-15 in favor of Lelia Lake.

Schollenbarger was high point girl, making three field goals and one free shot. Brock was second making three field goals, and Talley was third, making one field goal. Barker replaced Talley in the 4th quarter but didn't score.

Clarendon had 15 fouls against them, made by McClellan, Farr, Benson, Nichols and Brock.

Thirteen eighth grade girls started basketball this season and eleven stayed with it. They were Janice Benson, Tookie McClellan, Kay Schollenbarger, Mable Dean Brock, Sue Talley, Martha Nichols, Eva Lee Farr, Della Allen, Lily Barker, Wanda Sibley, and Glenna Dingler.

The girls had a good season; this year being their first year to play.

GIRL SCOUTS

Mrs. Mike McCully has taken the Girl Scouts. They will have their first meeting this Monday evening, March 12, at the Canteen after school.

Mrs. Drury Miliken of St. Jo, Texas and Lorretta Stephenson of Dallas visited in the home of Mrs. Drury's brother, Mr. and Mrs. W. J. Mathis, the week end.

4-H Club Calves Bring Good Prices

Donley County 4-H Club boys who had beef calves got a good price for them at the Amarillo Fat Stock Show says county agent H. M. Breedlove. Walter Britten, well known auctioneer sold the calves at Amarillo on last Friday. Buyers from Clarendon were on hand to see that the Donley County boys got a good price for their livestock. Mr. C. T. McMurtry paid \$1.50 per pound for a nine hundred pound steer belonging to Wayne Brown, and Pat Slavin paid \$1.00 per pound for a eight hundred pound steer belonging to Don Ray. Furr Foods of Amarillo paid fifty one cents per pound for a steer of Don Thornberry. Fort Worth Fat Stock show paid fifty cents per pound for another of Don Thornberry's calves and Shelton and Chamberlain bought the other for fifty cents per pound; Herring Hotel bought one of Wayne Browns calves for fifty cents per pound. W. J. Lewis Jr. bought Chauncey Hommel's calf for fifty six cents per pound.

The boys were sure proud of the buyers from Donley County seeing that their calves brought a good price. Beef calves will go on feed for this year in the next few weeks and boys who intend to feed this year and have not already contacted the county agent should do so at once so that calves can be located for them.

FARM BUREAU DIRECTORS MEETING

The Directors of the Donley County Farm Bureau will meet with the Commissioners Court at the County Judge's office, Monday, March 12, at 1:30 p. m., according to Lee Shaller, president of the local Farm Bureau. The purpose of this meeting is to assist the County Commissioners in any way possible, in their plans for a better roads program. All of the Directors are urged to be present.

FORMER RESIDENT DIES IN CALIF.

Word was received here Saturday of the death of Cecil (Curly) Rhoades at Fullerton, Calif. Mr. Rhoades died suddenly Wednesday evening. He, his wife, and two boys lived here several years ago working for Bud Anderson and also the Clarendon Motor Co. Mr. Anderson left Saturday to attend funeral services at Fullerton Monday afternoon.

REVIVAL STARTS SUNDAY AT LELIA LAKE FIRST BAPTIST CHURCH

We want to take this privilege to welcome all to our revival which begins this Lord's Day, March 11th at the First Baptist Church at Lelia Lake. Bro. Monroe Teeters, a good evangelist, is our speaker. Pray and come with open hearts and God is sure to honor us and help us.

Morning Service, 10 a. m. Evening Service, 7:30 p. m. H. M. Vardeman, Pastor.

DR. JOHN V. LONDON TO PREACH HERE

Dr. John V. London, well known physician and surgeon of Groom, will preach at the local Church of Christ next Wednesday night, it was announced by the local pastor. The service will start at 7:30. The public is cordially invited.

CANTEEN NEWS

The Canteen will be closed this Tuesday, the 5th and Saturday, the 10th nights for church services.

Pvt. Bill R. Reid left Monday night by plane for his base at Ft. Lewis, Washington after spending the week with his parents, Mr. and Mrs. Lloyd Reid. His sister, Mrs. J. F. White of Phillips also spent the week with them.

Senior Class Amateur Night Taking Shape

The Amateur Night, sponsored by the Senior Class, is getting well underway and the ball has really started rolling. Entries have been coming in good this week, so if you wish to enter, the deadline is Wednesday, March 14 at 4 p. m. Flip Breedlove will be the master of ceremonies and the program will be carried off quite differently this year. The prizes will be \$7 for 1st, \$5 for 2nd and \$3 for 3rd. There will only be one rehearsal which will be Wednesday night, the 14th. Phone or give your entry to Jack Brooks, Neil Bentley or Mrs. Nathan Cox.

Don't forget — Friday night, March 16th at 7:30 at the College Auditorium. There will be a cake raffle. Tickets for raffle will be 10c or 3 for 25c. Admission tickets for the program will be 35c for students and 50c for adults.

CALL BEING MADE FOR CEMETERY FUNDS

The Trustees of the Citizens Cemetery are this week mailing letters, asking for donations for the upkeep of the Cemetery during the growing season of the year. Donations for last year were sufficient to keep the property in good shape up to December 1st. Since then the Trustees have had to borrow some money to keep the Sexton on the job. The Cemetery has grown to the extent it now requires full time for the Sexton and the help of two other men during the growing season of the year; therefore more money is needed to keep the Cemetery as it should be kept. Everyone interested in this good work is asked to make their donations as liberal as possible and soon as convenient. Mr. Lee Bell has been appointed trustee to succeed Mr. Arthur Chase, deceased. The trustees are now, W. W. Taylor, Odos Caraway and Lee Bell. Mr. H. B. Hill has been appointed to the place of caring for lots where special care is wanted by lot owners. Mr. Hill may be contacted at the Cemetery or at his home two blocks east of the Catholic Church. His phone number is 417-W. Mr. Hill was in charge of this work last year and did a splendid job.

Six Now In School Trustee Race

Up through Wednesday noon, six men have filed their names to appear on the ballot for the two school trustee positions which will be voted upon Saturday, April 7th. The two new names to appear are J. L. Black (colored) and Clyde I. Price. Mr. Price will be seeking re-election to the board. The other men announcing some time ago are Claude Moore, Homer Estlack, Roy Ferris and Bud Hermesmeier.

There is still plenty of time for others to file if you desire to do so.

Retail Merchant's Association Head To Speak Here

W. S. Whaley, manager of the local Chamber of Commerce, announced yesterday that Charles T. Lux, Executive Vice President and General Manager of the Retail Merchants Association of Texas, would come to Clarendon next Thursday night to address interested local merchants and professional men on the purposes of a Retail Merchants Ass'n, and how such an organization can be built into a real service institution. Mr. Lux was contacted to come here and speak by Mr. Whaley at the request of the Retail Merchants committee of the Chamber of Commerce. The meeting will be held at the Legion room at the City Hall at 7:30 p. m. All merchants and professional men are urged to be present.

General Mud Makes Things Tough In Korea

ON THE WONJU FRONT—General Mud has entered the battle for Korea. In this photo, U. S. Marine are shown slogging through the sticky stuff as they advance by devious trails through the rice paddies on the Wonju front. That 50-pound pack can get awfully heavy when you're ankle deep in muck.

Jr. College Cagers Come Close To Regional Crown

Folks here are very proud of our Junior College basketball team which is coached by Don Loyd. His Bulldogs barely missed the top honors in the Region 5 tournament of the National Junior College Athletic Association at Amarillo by being defeated Saturday night by the Amarillo Badgers 52-49. This three point edge gave Amarillo the opportunity to represent the region in the national playoffs March 20-24 in Hutchinson, Kansas.

The Bulldogs gave the Badgers a race for their money throughout the first half and were leading 30-25 when the half ended. The locals were holding their own until the last seven minutes of the game when Jerry English, top offensive player, injured his shoulder and had to leave the game.

Clarendon placed two men, Jerry English and White, on the all-tournament team and each of them received individual cups. The Bulldog team received a nice trophy for winning second place in the tournament. English and White shared top honors as high point men for the locals, each with 15 points.

The Bulldog team was as follows: Gowdy, Stavenhagen, May, Saunders, English, Murphy, Sams and White.

The Amarillo team has been a jinx to the locals all season. In previous season's play Amarillo has defeated them 74-50, and 59 to 56.

Bud Anderson made a business trip to Oklahoma City Thursday.

\$1650 Set As Quota For Red Cross In Donley County

There is never time to get ready! Red Cross volunteers in this county know that. With the citizens help they will be ready, stated Miss Charlotte Molesworth, chairman of the Donley County Chapter of the Red Cross.

The local organization is set up in all departments and ready to start the Fund Drive next week stated Miss Molesworth.

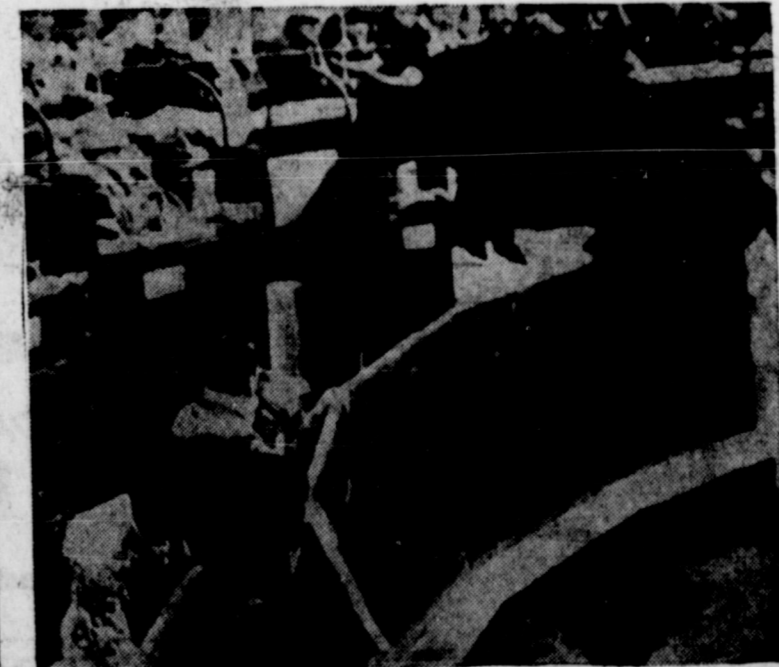

Other officers of the local Chapter are: Odos Caraway, Vice Chairman; Lee Bell, Home Service Work; Emmett Simmons, Treasurer; and Carl Allmond, Fund Chairman.

Most of the teams have been appointed for the drive according to Mr. Allmond. Mrs. Joe Ritter has been appointed Chairman of the Rural Committees; however, at press time her list of workers had not been completed.

The teams in Clarendon have been completed and are as follows: Merchants committees; Carroll Knorpp, R. E. Drennan, Alvin Landers, H. T. Burton, Roy Bartlett, and Odos Caraway. Grade Schools: O. D. Lowry; High School and College, R. E. Drennan; Court House, Walker Lane; Lelia Lake, Craig Johnson, Quinn Aten, Co-chairmen; Hedley, Mr. and Mrs. Hobart Moffett. The Red Cross will need \$85,000,000 to do its job for the year beginning July, 1951. The quota for Donley County has been set for \$1650.00, which should be easy to raise if every one does his part, stated Mr. Allmond.

Bounding Bull Clears High Wall—Griffis Safe

MADRID, SPAIN — The new U. S. Ambassador to Spain, Stanton Griffis, got much more than his money's worth in spine-curdling chills when he attended a Spanish-Mexican bullfight in Madrid recently. The bull made a sudden leap for freedom and headed straight for the section in which the Ambassador was seated.

Simultaneous Revival Reports Large Attendance

The spirit of Revival is moving through Clarendon this week. Large crowds are in attendance at all the services. The prediction has been made that the churches will be filled to capacity Sunday. Goals for Sunday school attendance have been set for next Sunday. The Assembly of God Church has set 100 as a goal of attendance. The First Baptist Church is expecting 444 and the Methodist Church will look for 250.

The spirit of cooperation has prevailed throughout the week. Business concerns have closed their doors and many of them have been attending the services. Organizations have suspended their meetings so they would not interfere with the revival.

The Ministerial Association wishes to thank the Donley County Leader for the generous publicity given and to all who in any way have supported this united effort to bring about a spiritual awakening in our community.

AMERICAN LEGION AUXILIARY TO MEET

All members and eligible members of the American Legion Auxiliary are reminded of the meeting at City Hall, Thursday night, 7:30. Your presence is needed.

Dulles Reports Progress On Japanese Peace Treaty

WASHINGTON, D. C.—Special U. S. Ambassador John Foster Dulles, right, recently returned from the Far East, is shown with acting Secretary of State James E. Webb, after reporting to President Truman. The GOP foreign policy adviser told Mr. Truman that progress has "gone far" toward a Japanese peace treaty.

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
(2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

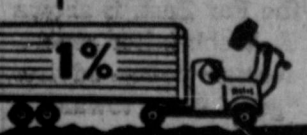

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

AMERICAN LEGION NEWS

In the preamble the two most significant words are for "GOD and Country" we serve, only by and through "Education" can we hope to render to the "ONE" and to "SERVE" the other.

Education is the process by which an individual intelligence acquires a definite and personal knowledge of the facts of nature, in all the realms of nature of human interest, physical, spiritual, mental, moral and physical. It is also, the accumulated knowledge thus acquired.

Through Education as to the Laws, Principles and Forces, activities and processes of mechanical nature, man obtains the foundation of knowledge, which enables him to understand, appreciate and rightly apply that Knowledge under the Moral Law.

The moral law of nature governs the relations between human beings only, and NOT the forces and activities of material substance.

Knowledge acquired from mechanical nature represents the reward for suffering and hardship, in acquiring it. We must first know what is RIGHT and WRONG before we can act intelligently and wisely.

We may become masters of the laws of mechanics, and yet destroy ourselves and others, unless we acquire a personal knowledge of Right and Wrong before we can act intelligently and wisely, which means an understanding of the Moral Law, which makes itself known as the Law of Compensation and Retribution or Construction and Destruction.

The most important single lesson that any human being can learn is a sense of Right and Wrong. Without this definite and specific knowledge a human being goes through life, blind-folded and subject to falling into every error it contacts. A knowledge of Right and Wrong is the very Foundation of a Successful life. One may develop a vast amount of mechanical knowledge and yet become a menace to him-

self and others, if that knowledge is not governed by the law of Morality. Knowledge of itself, without the add knowledge and ability to Rightly use it, becomes a Danger in place of an Asset. Every normal individual human being has found that the all Wise Creator of his being provided him a Supreme Court as guide in what is "Right & Wrong". We call it "Conscience" and appointed him Two Supreme Judges who preside at any and all times, as his need may require; they are known to each as "Reason & Intuition." Once the individual finds this safe and sure guide in thoughts and acts he realizes a sense of Freedom, Security and Happiness, and are expressed by that Cheerful attitude toward all of LIFE'S problems.

Miss Virgie Strawn Becomes Bride of Loyd Johnson

Miss Virgie Strawn, daughter of Mrs. Mattie Alice Strawn, Greenville, Texas and Loyd Johnson, son of the late Mr. and Mrs. Charley Johnson of Clarendon, were married at 7:30 p. m., Saturday, March 3, at the home of Misses Loyd and Ruth Richerson, Rev. John A. English, Methodist minister, officiating.

Yellow carnations, acacia and greenery formed the background for the ceremony and lighted tapers flanked the setting. Miss Loyd Richerson served as maid of honor and H. P. Benard of White Deer as best man.

The bride wore a navy blue dress trimmed in yellow, navy accessories, and a corsage of yellow roses. For something old and something borrowed she carried the 47 year old handkerchief used by Mrs. S. C. Richerson of Hedley when she married.

After the ceremony, a reception was held for the wedding party including Mr. and Mrs. Si Johnson, Mr. and Mrs. H. P. Benard, Mr. and Mrs. Grady Tyler, Mr. and Mrs. Buster Campbell and the hostesses Loyd and Ruth Richerson.

Following a short wedding trip, Mr. and Mrs. Johnson will make their home in Clarendon where Mrs. Johnson is employed as second grade teacher and Mr. Johnson is employed with the Clarendon Motor Co.

F. H. A. NEWS

The F.H.A. Club met Wednesday, Feb. 28, 1951. Mary Ann Landers, president, called the meeting to order. Plans were made for an Enchilada supper March 8. The time will be 6:30 P. M. at the Homemaking Department. The F.H.A. members will prepare it.

There will be an area F.H.A. meeting in Amarillo, March 30. The Homemaking director is helping get cars to go. She said there would be approximately three cars to go. She mentioned also, that there would be two girls from the second year class to be in the style show.

There will be a state meeting in Fort Worth, May 4, 5, and 6. The Homemaking director will take two of the F.H.A. members. She will select the two girls by their attendance of the monthly meetings, co-operation, and knowledge of the rules of the club. She will also take a parent, either a mother or father.

All Christmas cards are to be in by next meeting. There are persons who have dropped out of the club who still have Christmas cards. They were supposed to have been turned in before Christmas. Please get them in. Thank you. —Club Reporter.

IMPORTANT MEETING

IN SPITE OF SAM HOUSTON TEXAS INDEPENDENCE WON SAYS NOTED HISTORIAN

DALLAS — Andrew Forest Muir has some things to say about Texas' Number One hero which should be said with a smile—particularly when ladies of patriotic societies are present. In an article in the Spring issue of "Southwest Review," published by Southern Methodist University Press, Mr. Muir reveals for the first time certain facts about the Battle of San Jacinto which no doubt will cause arguments almost as heated as the battle. Muir writes that when news of the fall of the Alamo reached Houston's army, it began a headlong retreat, first to the Colorado, then to the Brazos. "At times it seemed that the terror stricken families (of settlers) and the retreating troops were racing to see which would first cross the Sabine. Rumors ran through the army that Houston was to continue the retreat until he crossed into the territory of the United States where he would be safe from Santa Anna." Houston's army was made up largely of men who had come to Texas for a fight. They wanted a fight with the Mexicans, and when the retreat continued, and they were kept in a long bivouac, many of them deserted. There was general dissatisfaction throughout the troops, with much criticism of Houston by both soldiers and officers. Muir states that whether the order to head toward Harrisburg—where the Mexican Army was expected to go—was given by Sam Houston or Secretary of War Thomas J. Rusk, it was the only command the surly Texans would have obeyed. Later, when both Mexican and Texan armies had succeeded in bottling themselves up between Buffalo Bayou and a strip of exposed prairie, the Texas men could no longer be restrained and attacked the Mexicans during their siesta hour. Houston claimed that he ordered the attack, but, according to Muir, "more than one participant insisted that Houston ordered the troops to halt as soon as they began the assault." Twenty minutes later the battle was won, and Texans were pursuing fleeing Mexicans thru the timber along the Bayou. Among the spoils of war captured by the Texans was some \$12,000 in cash, which, less an amount assigned to the navy, was supposed to have been divided among the troops. Most of them, however, never saw any of it, and many believed the money was "counted-out of existence." Muir's article is bound to add more fuel to the fires which have long raged around this most controversial event in Texas history. "The Mystery of San Jacinto" is the lead article in the spring issue of "Southwest Review."

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jimenez, 141 East 13th St., Fort Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jimenez says she is always going to have HADACOL on hand for Floyd.

recovering from a siege of a bad cold. He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could no longer see an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd.

Here is Mrs. Jimenez's statement:

"My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-Down-Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies. Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size \$1.25; large family economy size, \$3.50.

Put Extra Pounds of Good Choice Beef On Your Calves the Easy, Economical Way... with **RED CHAIN MO-FAT**

Creep Feed NUGGETS

Red Chain Creep Feed is a 15% protein feed to be used with local grain. A good mixture is 200 pounds of Red Chain Creep Feed with 100 pounds of corn and 100 pounds of oats. Do not grind the corn and oats. Calves will digest the whole grain and it will not clog the feeder. By carefully following this program you should be able to add 100 to 150 pounds to your calves by weaning time. These extra pounds not only make your calves more saleable... they should add 2c to 3c a pound to your selling price. With calves like this, you are not limited to one market. If you find the packer market flooded... the extra pounds on your calves will make them very attractive to the buyer of feeder calves.

United Gas To Build Over 1,000 Miles of Pipeline in 3 States

contract has been awarded to Brown & Root, Inc. of Houston covering various phases of engineering, construction and other services on more than 1,000 miles of pipeline to be built by United Gas Pipeline Company in Texas, Louisiana and Mississippi, it was

announced by United officials in Shreveport today. It was also stated that a contract covering additional major portions of the project had been virtually completed with Gulf-Southern Contractors, of Fort Worth.

The Federal Power Commission yesterday issued a certificate of public convenience and necessity to United Gas Pipeline Company on its application to construct these facilities, which will

provide an initial increase in the capacity of United's pipeline system of approximately 920 million cubic feet of gas daily. Cost of the pipelines and other facilities will be in excess of \$11,000,000. It is planned to start construction work on the project at an early date.

The enlarged facilities will serve the multiple purpose of increasing the flexibility of the United Gas system, provide new

and substantial additional reserves of natural gas, obtain a more balanced distribution of reserves presently connected, and provide capacity to meet requirements of a substantial additional volume of sales. United Gas now serves more than 400 cities and towns in Texas, Louisiana, Mississippi, southern Alabama and northwestern Florida.

Construction in Texas will include approximately 319 miles of 30-inch steel pipe, 53 miles of 24-inch, four miles of 20-inch, a new 8000 HP compressor station at Needville and facilities to provide an additional 34,200 HP at existing compressor stations now located at Refugio, Edna, Goodrich and Magasco.

In Louisiana, approximately 430 miles of pipe lines varying in size from eight to thirty inches will be constructed. New compressor stations are to be built in the vicinity of Lafayette and in Livingston parish.

In Mississippi, the project will include approximately 200 miles of 30-inch, 24-inch and 20-inch pipe line and a compressor station at Verna, near McComb.

The project also provides for a 20-inch and a 14-inch line extending approximately 28 miles into the Gulf of Mexico from the Louisiana coast. This line will tie in new reserves to United's system from the Eugene Island area.

HOW WOUNDED MEN IN KOREA WERE QUICKLY TRANSPORTED TO U. S.

Care of the wounded, effected through the magnificent team work of all branches of the armed services, was an outstanding achievement in the successful withdrawal from Northern Korea. Americans who blasted the foe relentlessly, although surrounded and pitifully outnumbered, refused to consider retreat and struggled on stoutly in a change of direction. To these men there is no such word as defeat. They fought through the snow and ice, inflicting enormous casualties on their enemies and at the same time carried their own wounded to safety. In all American military history there is no battle drama that equals this in dogged determination and individual gallantry.

Wounded men and those suffering the horrors of frostbite were carried to cleared areas where they were picked up by helicopters and transported to air bases where transport planes flew them to hospitals in Japan. Many subsequently were brought to Hawaii and to medical centers in the United States.

How this was done is shown in the chart below which was prepared by the Army. Casualties in the other services were handled in a similar manner.

FARM NEWS

From the County PMA Committee
Farmers that wait until June or July this year to buy their "bale ties" will very likely fail to find them according to B. F. Vance, State PMA Committee Chairman.

Wire products are designated as a scarce material under the provisions of National Production Authority Notice I and a dealer or a consumer would be in violation of that notice if he stocked or hoarded an amount greater than that needed for seasonal requirement or for resale at prices in excess of prevailing market prices.

A shortage of bale ties developed last June and ten out of the eleven producers contacted reported their agents had done everything possible to get dealers to take delivery of bale ties in the first and second quarters of the year.

Dealers would not place their

orders for early delivery because farmers would not make their purchases until June and July. Many farmers were unable to obtain bale ties last year.

Farmers who are going to need bale ties this year would be wise to discuss needs with their dealer now and, if necessary, lay in their supply early.

CONSERVATION CONSOLIDATION IN USDA

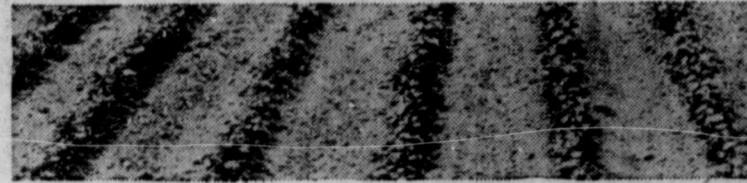

County offices of the U. S. Department of Agriculture dealing with conservation and county PMA committees and local technicians of the Soil Conservation Service will work together in determining county policies and programs having to do with soil and water conservation, says P. M. Marshall, chairman of the Donley County PMA committee.

Explaining the effect of the reorganization recently announced by Secretary of Agriculture Charles F. Brannan, Mr. Marshall says that, according to the information he has received, the PMA committee will continue to ad-

MORE and BETTER COTTON

SEED TREATMENT helps turn this stands . . .

into thriving yields.

As a cotton planter, you can expect four-way benefits from one simple operation you can perform on your own farm, or have done for you. It consists of planting seed that has been treated with an organic mercury dust. Its results include:

1. Control of most of the seed rot or decay that reduces your stands before the seeds can sprout.
2. Control of seedling blight caused by bacteria in your soil or seeds that attack the tender seedlings.
3. Control of anthracnose or pink boll disease, another germ-caused ailment that results in smaller crops of poor-grade, spotty cotton.
4. Control of bacterial blight or angular leaf spot that kills your cotton plants or stunts their growth.

Experiment Station figures show yield increases of 5% to 40% as a result of seed treatment. This means up to \$12 per acre added to your income. Cost of the chemical amounts to less than 10¢ per acre.

Those who recommend seed treatment stress the fact it should be correctly used - applied to the seed according to directions, and in the right amounts. The cotton planter has too much at stake, they say, to risk cutting corners on the use of less than recommended amounts, or skipping any steps of the fairly simple seed-treating process. The treatment can be done by many ginners and delinters. Ask your County Agent about the value of seed treatment and where you can get this service in this vicinity.

minister the Agricultural Conservation Program but will cooperate with the governing body of the soil conservation district in carrying on conservation work. The county agent and the county supervisor of the Farmers Home Administration will be invited to take part in determinations on county policies and programs.

The Soil Conservation Service technicians will direct the technical phases of the permanent-type soil-conservation work and will make recommendations to the PMA committee as to the proper way to carry out permanent-type technical soil conservation practices under ACP.

In effect, the reorganization formalizes the close working relationship that has already been developed in many counties.

Mr. Marshall says that arrangements will be made to maintain these offices open to

the public on Saturday.

The conservation programs of the Forest Service, Soil Conservation Service and PMA at the national level will be supervised by an Assistant Secretary of Agriculture. Under his supervision, these agencies will jointly determine the soil conservation practices and rates of payment for the Agricultural Conservation Program. These are decisions for which PMA has had sole responsibility, although in practice PMA has consulted other agencies.

In each State, policies and programs of the Department having to do with soil and water conservation will be decided jointly by PMA, SCS, and Forest Services, with assistance from cooperating State Colleges and other designated State agencies. The State PMA chairman is charged with the responsibility of taking

the initiative in this program planning.

LOCALS VISIT DOWNSTATE
Mr. and Mrs. Clyde Hudson, Mr. and Mrs. Neely Hudson and Major Hudson returned home Sunday night from a visit with an uncle, Mr. M. L. Hudson at Nelta, Texas, who was seriously ill. Mr. Hudson now lives on the old Hudson home place. Major Hudson stated that this was his first trip back in 46 years and that the country had changed considerably since his boyhood days there. Nelta is located near Sulphur Springs. They made the journey down last Friday night.

The City officials have been getting some complaints in regards to waste oil or oil drained from motors, being poured out in the alleys back of garages and machinery repair shops. We are asking those of you that do not have a drum or some other container in your shop or nearby, to please obtain same and pour your waste oil in it and cooperate with us in keeping our alleys clean and more sanitary. We are expecting you to comply with this request. Thanks.
Major Hudson, Mayor.

THIS YEAR'S "A" TEAM DEFEATS STRONG "B" STRING

The Lelia Lake "A" team girls defeated the Lelia Lake "B" team girls in an exciting game played Thursday night, March 1. The final score was 31 to 23.

It was a close game all of the way. During the first quarter the "B" team scored eight points, while the "A" team made five. At the half the "B" team girls were leading, 13 to 11. But at the end of the third quarter the "A" team lead, 22 to 20. The "A" team scored nine points the last quarter while the "B" team made only three.

Playing for the "A" team were Bobbie Seago, Shirley Aten, Marilyn Butler, Patsy Carter, Romaine Anderson, Joanne

Christal, and Mary Dodson. The line-up for the "B" team was Sue Seago, Bobbie Mae Richie, Onita Rumpy, Janell Fox, Jane Ruth Hill, Betty White, Rowena Ivey, and Gaynell Scott. High point scorer for the "A" team was Marilyn Butler with thirteen points.

Sue Seago led the "B" team girls with nine points.

SEWING INSTRUCTIONS GIVEN TO HOME EC. CLASS

Plans and instructions as to the type of equipment, patterns, and materials have been given to the Home Economics I class to begin sewing Monday.

The first sewing project will be begun only after a complete study of the sewing machine, patterns, and general sewing

principles. The first garment the girls will make, will be a simple skirt, either with gores or gathers. Cotton materials will be used to make these skirts.

1952 BALL TEAM BEATS SENIOR BOYS 13 POINTS

The Lelia Lake 1952 boy's team defeated the Lelia Lake senior boys in a basketball game played Thursday night, March 1. The final score was 44 to 31.

Playing for the 1952 team were Woody Vardeman, Robert Murphy, Terry Monk, Troy Guy, Wilcey White, Clarence Armstrong, Mac Stavenhagen, and Billy Scott.

The seniors were Kenneth Wilkinson, J. L. Williams, Benny Darnell, Ralph Ayers, and Keith Reed. Benny Hill and Johnny Britten, freshmen, were substitutes for the seniors.

High point scorer for the next year's team was Troy Guy with 12 points. Kenneth Wilkinson was high point scorer for the seniors with 9 points.

POPULAR SONGS HEAD LIST FOR SPRING MUSICAL

Some of the songs that have been selected for the spring musical that is given annually are: "Nevertheless," "If," "Can Anyone Explain?," "The Thing" and "Bushel and a Peck."

Many others will be selected later and given out to different

students. The date for the musical has not been set as yet.

INTRAMURAL VOLLEYBALL ROUND ROBIN COMMENCES

Coach Craig Johnson announced Monday that this year's volleyball would be held in a different manner than in previous years.

The game this year is to be held in a round robin affair. Four different teams will be chosen from the high school. Games will be played every day in the gymnasium periods. Those having the largest percentage of wins will be awarded a trophy at the end of the season.

SEVEN FILMS SHOWN TO STUDENTS BY TEACHERS

The films shown this week are "Argentina," "Mexico City," "Water, Friend or Enemy," "Colon, Semicolon, or Dash," "Gift of St. Nicholas," "Little Black Sambo," and "Rumplestiltskin," by Mrs. Nelson Seago, and Mrs. Lester Myers.

Mrs. Rice Batson showed "Gift of St. Nicholas," "Little Black Sambo," and "Rumplestiltskin." Mrs. Johnson showed "Mexico City," "Water, Friend or Enemy," and "The Story of Electricity."

Named To Methodist Hall of Fame

CHICAGO—Mrs. W. W. Fondren of Houston, Texas on Feb. 28 was named to membership in the Methodist Hall of Fame in Philadelphia. She was one of five persons to receive the honor at the annual convention of the National Association of Methodist Hospitals and Homes here.

The Hall of Fame, also known as the Honor Society of the Healing and Helping Hand, was established three years ago for the purpose of recognizing outstanding contributors of time, talent and money to Methodist philanthropic institutions. So far only 11 persons have been named to membership in it.

A beautifully hand-engrossed membership certificate was presented to Mrs. Fondren by Bishop A. Frank Smith of the Houston Area. Mrs. Fondren was nominated by Mrs. Fondren.

Gabie Betts Burton Library Notes

By May L. Prewitt

The junior readers will be happy to know we have "The Walling Siren Mystery," the most recent of the Hardy Boys series. Then for children we received "Mr. Bear Squash-You-All-Flat," a Wonder Book edition. These Wonder Books and Golden Books appeal to children as their illustrations are usually attractive, and the stories carefully chosen.

We have some new books for adults, too. "The Riddle of MacArthur, Japan, Korea and the Far East" by John Gunther who went to Japan shortly before the outbreak of the Korean hostilities to find out for himself just what was the truth and what was fiction in this legendary figure, to sift out from both attack and eulogy the real Douglas MacArthur. This book was a memorial gift in memory of Mrs. Charlie Johnson. Another memorial gift is "Monk In Armour" by Gladys

H. Barr. This was given in memory of Mr. Chase. The book is a novel based on the life of Martin Luther—Time: a late afternoon in April 1521. Place: The first imperial diet of Charles V, at Worms. We have told to us this dramatic story of how he reached his great convictions and his courage to live them.

Then we have Edison Marshall's "The Infinite Woman." It is a book of the month edition, but not too well chosen. "The Infinite Woman" has overtones of philosophy and deep understanding of the dark and the golden in the souls of woman and of the men who mold them and are molded by them.

The copy of Dickens' "Great Expectations" was received this week. It was given in memory of Mr. Chase. We now have the three copies of Dickens that are most frequently used, and they are attractive volumes.

Our Library is both useful and entertaining, but very few volumes are numbered out side. There is a card file by the authors but none by title. It would require hours of time and dollars of expenditures for materials.

Then so many come for magazine reference material. We haven't space, or equipment for this. It would be impractical since the High School and College have funds and helpers for this work. This place supplements for the students when possible and is for pleasurable reading and general information not too specific, so come use your share. We desire to be useful.

Judgment Obtained For Violation of Consumer Credit Regulation W

The Board of Governors of the Federal Reserve System today obtained a judgment in the United States District Court at Los Angeles, California, against the Duke Randall Motors, Inc., a dealer in new and used automobiles in San Pedro, California, and its President, Duke Randall, enjoining them from further violations of Consumer Credit Regulation W.

Regulation W provides that credit for the installment financing of certain listed articles, including automobiles, shall not be

extended without obtaining a down payment in the amount prescribed by the Regulation. In the case of automobiles, the present terms of the Regulation require a down payment of one-third of the cash price of the automobile and the balance must be paid within 15 months. In this

case the defendants had violated the Regulation by not obtaining the required down payment in a number of its sales and by not maintaining adequate records.

Experience is what you get when you're expecting something else.

Brand-new kind of Special Delivery

GET your hands on this strapping honey and hold onto your hat and heart.

For this sparkling new car — and we mean completely new—is the smartest, the richest, the highest-powered automobile Buick has ever provided at its bedrock SPECIAL price.

Literally, everything here is new but the name.

There's a brand-new X-member frame that's brawny and rugged, and a weight saver in the bargain.

There's a brand-new chassis—but still with the buoyant cradling of coil springs on all four wheels, the solid keel of a torque-tube, the soft steady going of Safety-Ride rims and cushiony low-pressure tires.

There's a brand-new body of spacious dimensions and a stunning interior richer than any thing in SPECIAL history—a lighter, ruggedly strong steel body in a full array of styles, including a Convertible and Riviera.

Yes, all this and brand-new power, too!

It's wallowing new straight-eight valve-in-head Fireball power from an engine entirely new to this Buick Series—the high-economy F-263 Fireball engine.

With more power to call on, and with less weight to carry, this nimble traveler zooms to new performance even greater than that of most cars beyond its price range.

Better come in real soon and meet this brand-new kind of SPECIAL delivery — and the low delivered prices that go with it.

Equipment, accessories, trim and models are subject to change without notice.

No other car provides all this:

- DYNAFLOW DRIVE—saves strain on driver and car
- FIREBALL POWER—high-compression, valve-in-head engine gets more good from every drop of fuel
- PUSH-BAR FOREFRONT—combines smart style and unsurpassed protection
- WHITE-GLOW INSTRUMENTS—greater clarity at night
- TORQUE-TUBE DRIVE—steadies ride, improves driving control
- DUAL VENTILATION—outside air fed separately to right or left of front compartment
- 4-WHEEL COIL SPRINGING—cushions ride, saves servicing costs
- SELF-ENERGIZING BRAKES—hydraulic—multiply pedal-pressure five times at brake drum
- DREAMLINE STYLING—tapered, car-length fenders, gleaming sweepers on most models
- Plus: Self-locking luggage lid, StepOn parking brake, two-way ignition lock, Safety-Ride rims, Hi-Poised engine mounting, Body by Fisher

WASHINGTON NEWS LETTER

By CONGRESSMAN WALTER ROGERS

Taxation of Expense Accounts And Six Working Days a Week For Federal Employees:

On February 12th I introduced HR-2576 to make certain expense allowances of the President, Vice President and members of Congress subject to tax. The passage of this bill will cost this Congress subject to tax. The passage of this bill will cost this Congress subject to tax. The passage of this bill will cost this Congress subject to tax.

which they are rightfully entitled, and among those people are numbered the men in Korea who have so gallantly stemmed the tide of Communistic aggression. The American people have been told and we all know that we are headed into a period of sacrifices and hardships in order to meet the tests of free men. This period of sacrifice and hardship is not going to be shortened by selfishness and greed on the part of individuals, but it can be shortened by unity of purpose and sincere industry by all.

have caused a great deal of comment, both pro and con. I have been severely abused by some Federal employees - this abuse did not come from the 18th District of Texas. We have reached a point in our history when the primary question is, "How much are we willing to give for the preservation of our liberties?" and not "How much can we get with the least amount of effort?" I did not introduce HR 2576 for the purpose of trying to make anybody happy, or for so-called political reasons. I introduced it and I made the statement in connection with it because I believe it is right, sound and honest. To date, not one sound argument has been presented against the bill or against the statement.

BUDGET: Higher taxes for defense and preparedness - YES. Higher taxes for non-essential and domestic spending - (emphatically) NO. There is more at stake in the present situation than individual gains and satisfaction. This applies to capital and labor alike, to Government and private enterprise alike. The

question is not, will the proposed budget be cut, but how much. This will be answered by the result of present concentrated study by the Congress.

PROFITS FROM GOVERNMENT CONTRACTS: The enactment of legislation for renegotiation of contracts leaves no doubt but that Congress does not intend contractors to get rich at the expense of taxpayers. I am not satisfied with the procedure that is permitting prime contractors to let sub-contracts without bids. Something must be done about this.

PRODUCTION: No one doubts the capacity of American industry and agriculture to produce when necessary. The defense program, if not permanent, is certainly semi-permanent. A sound foundation is being laid that will enable this country to go on all-out production with the least amount of waste on the shortest notice. A similar plan is being used in the manpower situation.

THE GREAT DEBATE: The obvious political aspects permeating the great debate were giv-

en a severe jolt when General Marshall announced that the force contemplated for Europe was around 100,000 men.

THE TEXAS DELEGATION: The members of the Texas delegation meet every Wednesday in the Speaker's dining room and have been getting good solid information on all fronts from high government officials, such as General George C. Marshall, Eric Johnston, General Lucius Clay, and General Bedell Smith. Plans for a continuation of these informative programs makes these weekly luncheons definite highlights.

WARNING TO TOWNS WANTING TO BE DEFENSE AREAS: Look over your building, plumbing and electric codes and be sure that compliance with them does not cause waste of essential materials. This may be most important.

"I got the story on

50,000 Miles-No Wear

and changed to New Conoco Super Motor Oil

says J. D. Gladwin, Pontiac Dealer, Clinton, Iowa

Yellow Cab Co.

"THE LOWEST OPERATING COST IN 12 YEARS in the Yellow Cab business-that's what we got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around-a tough job for a motor oil. I recommend Conoco Super."

"AFTER AN OVERHAUL JOB, MY CUSTOMERS who change to Conoco Super Motor Oil have no difficulty driving their cars 50,000 to 75,000 miles without any more work on them," writes R. K. Comstock, Garage Owner, Oklahoma City, Oklahoma. "Conoco Super keeps engines clean and cuts way down on wear."

"50,000 MILES-NO WEAR!"-PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

BLOWIN' Out the CORNERS
By Uncle Zeb

Gradually by degrees, but none the less certain the noose of state domination is drawing tighter and tighter around our necks. With each new field that the government moves into brings home the realization that another one of our precious freedoms have gone by the way. If we could just keep the government from going into business we could last a long while longer. The little parody on the 23rd Psalm further down is a good illustration of what I mean.

New members in the ASRN Society for this week are: H. E. Toles, Dick Pugh, and E. A. Holmway of Happy, Texas and Rev. L. E. Godwin of Panhandle. What no Claude or Clarendon members this week? Best wishes to these new members.

Did you ever have an old friend pop up out of the past? And he was a person that you completely trusted in all matters. He typified in your mind the true example of honesty in ac-

tion. In every respect you had always thought of him as the perfect neighbor and friend. Down through the years his life and his memory had been an inspiration and a guidepost to you along the way. Many the time when you had thought perhaps all the world had gone to the dogs and then you would begin thinking of people out of the past and because of friends such as this one your faith would be restored. Then, did you ever meet them again and have them take advantage of this friendship and good record to put one over on you? I believe a thing like this is the greatest shock a person can have about humanity. To find out that for a few measly dollars this person would sell out all of the memories and good deeds of the past. I wonder what can happen to a person that he would change like that, or was he all the time a wolf in sheep's clothing? Anyway, with my own eyes I saw this happen recently, and somehow I still can't believe it could happen.

Seems like I have reprinted the following parody on the 23rd Psalm before, but it is worth repeating. This copy was loaned me by W. T. Fox and the original article was carried by the Memphis Commercial Appeal.

"The state is my shepherd, I shall not work; it maketh me to lie down on good jobs; it leadeth me by the still factories. It dead-

ens my soul; it leadeth me in the paths of idleness for politics sake. Yea, though I walk through the valley of slothfulness and economic disaster, I will fear no evil, for it will be with me; its dole and paternalism, they comfort me. It prepareth a Utopia for me by appropriating the earnings of the frugal; it filleth my head with fool expectations; my mounting inefficiency runneth over. Surely goodness and mercy shall follow me all the days of my life; I shall live on the bounty of the state forever.

Another item handed me by my good friend Roy Woods is the following little poem:

TELL HIM NOW
If with pleasure you are viewing any work a man is doing, If you like him or you love him—Tell Him Now.

Don't withhold your approbation till the person makes oration As he lies with snowy lilies o'er his brow;

For no matter how you shout it, he won't really know about it; He won't know how many tears-drops you have shed; If you think some praise is due him now's the time to slip it to him, For he cannot read his tombstone when he's dead.

More than fame and more than money is the comment kind and sunny And the hearty warm approval of a friend; For it gives to life a savor; we can face the struggle braver

And it gives you heart and spirit to the end, If he earns your praise—bestow it; if you like him—let him know it Let the words of true encouragement be said; Do not wait till life is over and he's underneath the clover For he cannot read his tombstone when he's dead.

And ain't it just about the truth that we wait too long to tell our friends how much we appreciate them. I imagine that many times they would stay in this world with us a lot longer if they only knew how much we care. This could be doubly true in the case of our own family or loved one. We ought to be more generous with our compliments.

Gas Refrigerators For 1951 Designed For More Capacity

Sweeping design changes which greatly increase food storage capacity without requiring more floor space are among the outstanding features of the 1951 line of Servel motorless refrigerators. The new Servel models are now on display at the Household

Supply Co. "These 25th anniversary Servel refrigerators keep pace with the modern family's need for increased cold storage space," said J. G. McAnear, partner and appliance sales manager of the Household Supply. "Yet they require no more floor space - - and in some cases, even less floor space—than older types of refrigerators that have less food capacity. These new Servels are actually larger on the inside and smaller on the outside."

Mr. McAnear pointed to one of the 1951 refrigerators—the Royal Model BR-917—as an example of how Servel engineers have increased interior capacity and at the same time reduced exterior size. This model provides 9½ cubic feet of food storage space, yet the outside of the cabinet is over 2 inches shorter and 2 inches narrower than older type refrigerators with only 8 cubic feet capacity.

Servel's 25th anniversary line includes eight handsome models, spread over three price series. They range in capacity from compact apartment-size models with 6 cubic feet of storage space to big family models with as much as 11½ cubic feet of space. Another "first" for Servel is

the 10-year warranty that the manufacturers have announced for every heat-operated refrigerator they make in 1951. This is the longest guarantee that any company has ever placed on an automatic refrigerator of any type.

To provide American families with additional storage space for increasingly popular frozen foods every model in the silver anniversary line is equipped with a generous-sized freezer compartment. Three of the new models have big horizontal, clear-across freezer compartment for ice cubes and frozen foods, and one of these—the Royal Tudor Model BR-1118—has a separate outside door that provides direct access to the huge 2-cubic foot freezer compartment.

"Yes," said Mr. McAnear, "There are scores of improved convenience features in the silver anniversary Servel models. But one thing has not been changed—the basic no-moving-parts freezing principle. Servel

has no motor, no compressor, no moving parts in its freezing system—nothing to make a noise or wear out. Servel still performs the 'miracle of ice from heat' that first astounded homemakers 25 years ago. Heat alone is all that Servel requires to keep its refrigerant circulating. The absorption method of refrigeration is still the only one that stays silent and lasts longer."

Guests in the home of Mr. and Mrs. Carroll Lewis and family Sunday were Mr. and Mrs. W. W. Lovelady and Ronnie of Amarillo, Mr. and Mrs. Floyd Lewis and Don of Amarillo, Mr. and Mrs. Billy Phillips and children and Mr. and Mrs. Jack Lewis.

Mr. and Mrs. W. N. Martin left last week to visit Mrs. Margaret Livingston, Woodson; Dr. and Mrs. William S. Webb, Ft. Worth; and Mr. and Mrs. J. B. Martin, San Antonio.

"Tablecloths cost money, son!"

Yes, sometimes the things we take for granted represent long hours of work and many dollars of investment. Take natural gas service, for example. More than 26,000 stockholders—people like you and your neighbors—have invested their savings in gas wells, pipe lines, compressor stations and many other properties so that we can provide dependable natural gas service to our customers. That's the way the American business system works—to make life better and easier for all of us.
