Teachers Attend District Meeting

Clarendon teachers and teachers in the rural schools were dismissed from classes in order that they might attend the district meeting of the Texas State Teachers association, Friday, in Amarillo.

The program was reported to be one of the best ever presented. Dr. Ruth Lowes, West Texas State teacher, and president of the association presided over sessions with approximately 2500 or 3000 teachers on hand.

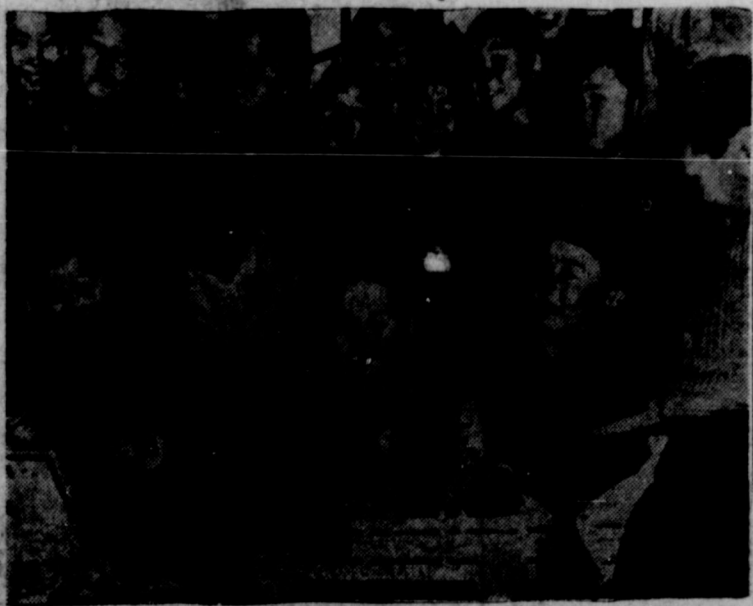

Outstanding speakers were Dr. Ethel J. Alpenfels of New York University who spoke on the subject "From Adam to Atom," and Dr. Andrew D. Holt of the University of Tennessee, whose subject was "Selling Schools to Their Owners," also Dr. H. Roe Bartle of Kansas City. Dr. Bartle has long been a civic and youth leader and at the present time has been appointed to the Economic Stabilization Board. His discussion concerned "What Kind of Education Will Save Our America." Among the other speakers were Dr. Robinson and Mattie Ruth Moore representing the Texas Education Agency.

In addition to all these addresses, good sectional meetings were held rounding out the program of the day.

COLORED CAGERS TO PLAY LAKEVIEW TONITE

The colored boys basketball team will play the colored boys from Lakeview at the local college gym tonight at 8 p. m. The Steers, which is the name of the local team, have been progressing nicely since they started playing basketball for the first time this year and say they will make every effort to defeat the visitors here tonight.

Toys Bring Joy to Korean Youngsters

KOREA—Happy grins on the face of these Korean youngsters reflect the joy brought by gifts of toys and clothing from the Marine Corps League in the U. S.

Spring Football Training To Start April 1st

Coaches Tom Harrell and Ray Moore are beginning to turn their thoughts toward football again after a busy basketball season. April 1st will mark the first day of Spring training and at the present time around 30 boys have already indicated that they will be out for practice and several others will probably join the squad before the end of training. Out of the group expected out there will be 10 lettermen and 5 squadmen. The spring training session will last for 28 days and this period of time will give the coaches an opportunity to get some idea of what the team will be like next fall.

MOTHERS CLUB TO SPONSOR BAKE SALE

Members of the Mothers Club will hold a bake sale Saturday, March 24. That will be the Saturday before Easter Sunday and you are invited to shop with them for your bakery needs, relieving you of the holiday baking. If you have a preference and would like to place an order for any particular pie or cake you are asked to call Mrs. T. G. Wiley, phone 425. Watch the Leader next week as to where the sale will be held.

ALL LOCAL TEACHERS RE-ELECTED THURS. NITE

At the regular meeting of the school board last Thursday night, all teachers in the public schools here were re-elected for another term. The only other business coming before the board was the official order of the school trustee election which will be held Saturday, April 7th.

C. T. LUX TO SPEAK TO BUSINESSMEN TONIGHT

C. T. Lux, general manager of the Retail Merchants Association of Texas, will speak to local business and professional men here tonight at the City Hall Legion room at 7:30. The purpose of the meeting is to acquaint local people with the purposes of a retail merchants association and how such an organization can be built into a real service institution. All merchants and professional men are urged to be present. W. S. Whaley, manager of the local Chamber of Commerce, stated.

P. T. A. NOTICE

The Sims P.T.A. will meet Thursday afternoon, today, in the Junior High Auditorium at 3 o'clock. Mrs. Bain's sixth grade will present the program. All members are urged to be present for election of officers.

BAND PARENTS TO MEET

A call meeting of members of the Band Parents organization has been announced for 7:30 Thursday night, (tonight), at the Band Hall. An effort has been made to contact all members but in the event that you have been missed, you are invited to attend. This is to be an important meeting as final plans will be made for the amateur hour and the fund raising campaign to help finance the band for the remainder of the year.

Word was received here Monday of the death of T. E. Rush of Mineral Wells. He had been ill in hospital there for several weeks. He was the husband of the former Essie Patton, daughter of Mrs. A. H. Baker. They have lived in Mineral Wells several years. Services were held Wednesday with burial in Ft. Worth.

Mr. and Mrs. M. A. Wiley of Lakeview visited Sunday in the home of Mr. and Mrs. T. G. Wiley and boys.

Mr. and Mrs. Alvin Landers and family and her father, C. H. Ellis, visited Sunday in the home of his parents, Mr. and Mrs. W. L. Landers in Amarillo.

John N. Sullivan To Give Concert Here This Evening

John Norman Sullivan, bass-baritone, of Amarillo will give a concert this evening at the First Methodist Church at 8 o'clock. His program will consist of classical, semi-classical, and religious songs. He will be accompanied by Miss Vera Ann Wilcoxson. This program is sponsored by the United Council of Church Women and a sliver offering for the leper fund will be taken. Four dollars is all that is necessary to treat one person for a year with the sulfone drugs—this treatment arrests the disease quickly and those who are reached in time are returned to normal life. The council here sends its funds to the American Mission to Lepers and the following four points are in their Articles of Incorporation:

- To preach the Gospel to leprosy patients.
- To relieve their suffering and supply their wants.
- To encourage their medical and social treatment by sound scientific standards.
- To help extirpate leprosy from the world—especially in cooperation with the mission to Lepers (London).

Revival At Martin Baptist Church

A revival meeting and Bible School will begin at the Martin Baptist Church tonight at 7:30. Services will be held at 7:30 each evening thereafter thru March 25th.

The pastor will do the preaching and the messages will be brought from the Gospel of John. We urge that you bring your Bibles because the messages will be expository in their nature. Our purpose is that each of us will have a better understanding of God's word. It seems to us that there is a desire in Christian people today to know what God said instead of the opinions of men. Everyone is invited to attend these services. "The Church with a Friendly Welcome."

Local School Census Now Being Taken

Supt. H. T. Burton announced yesterday that the local schools were now in process of taking the annual school census and the job is to be completed by the end of this month. It is of great importance, from a financial standpoint, to enumerate every student or prospective student coming of age as the money received from the state is determined by the number of students listed. If your child should be missed in any manner or if you have a youngster who will be 6 years of age before Sept. 1st, please contact Supt. Burton, Dean R. E. Drennan or O. D. Lowry, principal of Jr. High. The census includes all persons from the 6 year age bracket to those who will not have reached their 18th birthday before Sept. 1 whether attending school or not. Your cooperation will be appreciated, Supt. Burton stated.

Kenneth Davis Wins Chicago Feather Title

CHICAGO, March 9 — Kenny Davis, the Camp Pendleton knockout expert, tonight waded through two 126-pounders to win the featherweight title in Chicago's Golden Gloves boxing tournament. The Marine battler, who had won the San Diego Golden Gloves title in quick fashion and then had topped the field in the Los Angeles tourney, first defeated Junior Franklin, an Oklahoma City Indian, in the semi-finals. He then came back to shade Roland Bagley, a Cleveland 17-year-old, in the championship finals.

WE NEED YOUR COMMENT

There always comes a time when our readers must be called upon to decide something or another. For several years a column has been appearing weekly in the Leader under the heading of "Plowin' Out The Corners" by Uncle Zeb. What we want to know is whether you like the column and want it to continue. We must have your remarks within the next 10 days. If you want it to continue, sit down and drop this paper a line and tell us so. If your comment is not favorable or we receive too small a number of comments the column will be discontinued with the last issue of this month. Don't delay if you want Uncle Zeb to keep writing for the Leader.

Additional Workers Appointed In Red Cross Drive

Mrs. Joe Ritter, Chairman of the Rural Communities in the Red Cross Drive now in progress, has announced her workers. The volunteer workers and the communities which they are canvassing are as follows: Mrs. Jim Hermsmeyer, Groom; Mrs. Arthur P. Brown, Jericho; Mrs. Raymond Waldrop, Martin; Mrs. Ben Lovell, Ashtola; Mrs. Doyce Graham, Ashtola; Mrs. C. C. Hearn, West of Clarendon; Mrs. Bob Williams, South and Southwest from Clarendon; Mrs. D. B. Koen and Mrs. D. R. Lindley, South from Clarendon, and Southeast; Mrs. Will Chamberlain, Naylor; Mrs. Don Tomlinson, East from Clarendon; Mrs. Jess Grogan, Alameda, and Mrs. Johnnie Rex McClellan, McLean.

Mrs. Ritter states that the majority of these women have done this work in the past, and she is confident their communities will respond, as they have in other years.

For the benefit of those who might think that all funds collected for the Red Cross go to National Headquarters, Lee Bell, Chairman of the Home Service Department, states that a considerable amount stays here in the county, to be used locally. Mr. Bell states that, during the four months he has been in charge of Home Service work, he has handled forty-nine (49) cases. Most of these cases consisted of assistance to Service Men, Veterans, and their dependents. There were also several cases of Emergency Relief for Civilians. An average of \$75.00 per month has been spent by the local Chapter, according to Mr. Bell.

Should you fail to be contacted during the Drive, you may leave your donation with Emmett Simmons at the Farmers State Bank, Walter B. Knopp at the Donley County State Bank, or Mrs. Harold Bugbee at the First National Bank, according to Carl Allmond, Fund Chairman.

"We are late in getting started, but if everyone responds as they have in the past, the quota will be reached by March 31, deadline for the Drive," stated the Fund Chairman.

The Business district will be finished this week, and the outlying communities will have their reports in by the end of the month, or sooner. I am confident that Donley County will raise its quota as usual, stated the County Chairman, Miss Charlotte Molesworth.

SIMULTANEOUS REVIVAL IS GREAT SUCCESS

Pastors of local churches participating in the Simultaneous Revival which was held here during the past week acclaimed the movement as a great success in every manner. More people attended services than had really been anticipated with very good crowds for both morning and evening services and a grand climax on Sunday when each of the churches were crowded. Christianity was certainly revived and our people received much good from the various services, one pastor stated.

Americans Injured In Jeep Accident In Korea

NEW YORK—Major General Frank E. Lowe (left) President Truman's personal representative in Korea and National American Legion Commander Erle Cocke, Jr. (right) were reported to have been injured in a jeep accident, two miles south of Hoengsong, Korea. The announcement said General Lowe was driving the jeep and lost control when the vehicle hit a soft shoulder alongside the road.

CHURCH SERVICES AT PRESBYTERIAN CHURCH

Church services will be held at the 11 o'clock hour Sunday morning at the Presbyterian Church. A senior student from the Presbyterian Seminary at Austin will preach. Sunday school will be held at the regular time but there will be no night services. You are invited to attend.

Deadline Set For Enrolling G. I. Vocational Schools

July 25th has been set as the deadline for any G.I. with educational eligibility to enroll in any vocational school, on the job training, or any other educational benefits under the G.I. bill. A veteran must be enrolled in vocational schools on or before July 1, 1951 to meet this deadline and must continue this schooling without interruption until the course is completed.

The Donley County Vocational School is currently offering courses in Agriculture for the G.I.'s on the farm, and Cabinet Making, both part time and full time for those interested in this work. Anyone interested in any of these courses or other similar courses should contact the County Vocational School Office at an early date in order to establish their eligibility before the deadline. If sufficient interest is shown there is a possibility of starting a new course in Upholstering before the deadline.

Two weeks to two months are usually required to establish eligibility and secure the needed documents to enroll in the vocational school courses. Veterans who have started their training but have dropped out must re-enroll by July 1, 1951 to retain their eligibility.

Firemans Ball Slated For Saturday Night

The annual St. Patrick's Day Fireman's Ball will be held this Saturday night at the Opera House under the sponsorship of the local volunteer Fire Department. Such occasions as this is the only manner for the local fire department to raise money for needed equipment and they are urging everyone to buy a ticket for the dance and help their finances which in reality is adding more protection for your own property in case fire should ever break out. The price of admission is \$1.00 per person and this is a public dance and everyone is invited to attend.

Music for the dance will be furnished by M. G. Martin and his Hillbilly Playboys. This is a seven piece string band and they have the reputation of being able to play old time and modern music in the manner which you will enjoy. The dance will start at 9 o'clock at the Clarendon Opera House so keep this date in mind.

CLARENDON ROPING CLUB TO MEET TUESDAY NIGHT

The Clarendon Roping Club will meet in the district court room in the court house on Tuesday night, March 20 at 7:30 p. m. to discuss plans for a 4th of July rodeo. Eldred James, president of the roping club, is urging that all members be present and urges that all business men who would like to have a rodeo in Clarendon on the 4th of July to be at the meeting. It is planned to have the rodeo at the roping grounds in Clarendon.

This meeting is for all ranchmen, members of roping club and business men, so make your plans now to attend this meeting.

ELECTRICAL TIPS FOR THE HOME
 If You Expect to Spend Most of the Summer at Home . . .

DON'T think you have to swelter indoors simply because there are no facilities on the porch or terrace for ironing, cooking, eating, sewing, night-time recreation and entertainments.

DO transform the porch or lawn into an outdoor living area by installing handy outlets and circuits for convenient use of iron, roaster, table appliances, lamps, radio, sewing machine, etc.

feature **POWER PILOT ECONOMY**

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. The Power Pilot automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements.

Unlike conventional systems, the Power Pilot uses only one control instead of two, yet is designed to

synchronize firing twice as accurately. You can use regular gas . . . you get no-knock performance. Only Ford in the low-price field gives you Power Pilot Economy!

Ford Trucks cut your expenses through low initial cost, low fuel consumption, minimum maintenance, longer life.

Come in today to get ALL the facts on the Economy Leaders for 1951.

Gabie Betts Burton Library Notes

By May L. Prewitt

"Do American Writers Shun Happiness?" is the title of an article that Lin Yutang once wrote for "The Saturday Review of Literature," and his discussion presents a subject for consideration. Perhaps one influence for sordidness for the past several years is almost continuous war. This condition promotes so many situations that influence the trend of the plots in our literature. These problems are visualized and discussed until they are apart of each family, to a great extent.

A friend of the Library heard our plea for "The Wall" by John Hersey and presented his copy to the Library. This is gratefully received, as "The Wall" transcends all John Hersey's other work. It is without doubt one of the truly great novels of our generation. You remember it won a 1950 award.

March the 6th the National award was decided—fiction went

to William Faulkner for his "The Collected Stories of William Faulkner." I discuss Mr. Faulkner a few weeks ago in the Library notes. When he received the Nobel award four months ago—the article I read stated he refused to attend the program to receive the award and that his editor accepted it for him. Some of the writers are quite independent in their attitude toward others.

We have "In the Pink" by Mildred Spurrier Topp. This is an enjoyable book as the reviewer stated, "Mildred Spurrier Topp's contagious gaiety and sense for the ludicrous situations is only matched by her warm feeling for humane nature." This book was obtained thru the thoughtfulness of a Library friend. Then one of our Book-of-the-Month selections is "Jehel's Children" by Leonard Kaufman. The age-old problem of the responsibilities of children toward their parents is the theme. Jehel has two boys and two girls, but when left a widow each child dreaded the assumption of this new burden and tries to pass their father's care to the other. Their father is independent and resourceful, and so this novel of passion and perception is written. Next is "Joy Street" by Frances Parkinson Keyes. Her books are usually popular and exceptionally well written.

For the boys we purchased "Out of the Sun" by Rutherford G. Montgomery. One of the junior readers has asked me to purchase it, and most of the boys will be eager to read it.

Our reading membership is increasing. We have issued 449 books and current magazines since March 1, and this includes March 10 as my notes are prepared early. For the entire year 1950, there were almost 14,000 books issued. Some appreciate the use of our material and cooperate as requested, others lose

books, can't be persuaded to refund, and others require constant reminders to return books on time—however, the non-appreciative are a small percentage, and we are eager to help them.

Methodists Urge Consignment Of 2,000,000 Tons of Grain To Famine-Stricken India

NASHVILLE, TENN.—Methodists throughout the country are being urged to "write Congress," requesting that 2,000,000 tons of grain be consigned to famine-stricken India.

Asking "What is the Christian answer?" a joint letter was issued by two national agencies of the Methodist Church here—the National Conference of Methodist Youth, and the Local Church Division's department of Adult Christian Education.

Dispatched to 3,000 youth and student leaders, 560 district superintendents and hundreds of annual conference officials, the six-page letter outlines "key facts in the Help for India issue," and advocates "action now to prevent millions from starving."

A special appeal by Methodist Bishop Charles W. Brashares, Des Moines, Iowa, is cited: "We believe that with a little encouragement from its citizens our government will send enough surplus wheat to feed the starving people of India. If we do not—Communism may take over and we shall be sending our American boys to die in India some day. Surely, this is the moment for us to write our leaders, urging them in Christ's name to feed the hungry people there." The church agencies urged that letters be sent to Senator Tom Connally, chairman, and other

Now Is The Time To Treat Orchards For Tree Borers

Now is the time to treat that orchard for borers in fruit trees says county agent H. M. Brechtlove. Ethylene dichloride emulsion is the best known poison to use and can be bought at your local drug stores. Trees of one to two years of age require about one half pint per tree and trees from two to four years of age require about three fourths pint per tree. The poison is poured about one inch from trunk of tree in circle around tree and then covered over with dirt and the fumes do the work.

The best time to use this type of poison for borers is from the middle of March to the first of April, the county agent pointed out. If you need additional information then call by the office of the county agent.

Disputed Item Questioned By Jury But Attorney Not Damaged. Is Verdict

A district court jury here held that a challenged statement in an article in The Amarillo Times in April, 1948, on a political race in Hall county, was not proved as being "substantially true," but that the complainant, Otho Fitzjarrald, was in no manner damaged, and was entitled to "no money."

The jury reported late Wednesday after hearing trial of the case of Fitzjarrald—now a practicing attorney in Amarillo, but who was county attorney at Memphis in 1948—against The Times in which he alleged libel and sought damages.

The jury found that he was not entitled to damages and that there was no malice in the publication of the article.

The case came to Donley county on a change of venue, following four previous trials in Hall county.

MOISTURE TOTAL GROWS A LITTLE MORE THIS WEEK

The moisture total for the year got a small shot in the arm this past week end when the official weather station at the airport reported .11 inch. This brings the years total to 1.68 inches. The rainfall was heavier in different sections of the county and ranged from around a quarter of an inch here in town to around an inch in other places. Each bit of moisture helps and everyone is looking forward to more in the near future. The rain, sleet and snow early Wednesday morning registered only a trace.

Tightening The Truck Load Limit Laws

It would be unfortunate in the extreme if the current efforts in the Legislature to provide for better enforcement of the state's truck load limit law were to gain the name of being a truck-railroad fight. That is what opponents of legislation dealing with truck overloading are trying to make it appear, as witness their cries of "all aboard" and "toot-toot" as a bill introduced by Representative Lindsey of Texarkana was passed by the House.

The bill would place no new restrictions upon truckers. It would only provide for more adequate enforcement of present laws against truck overloading on the highways. This would be done by using state police, sheriffs and their deputies to supplement the Railroad Commission's meager force of weight inspectors, and by permitting an overloaded truck to be required to unload excess cargo on the spot where it is halted.

The railroads, it is true, have been active in behalf of such legislation. But that does not make the effort to control truck overloading exclusively a fight between the truck transportation industry and the railroads. A nationwide effort, bolstered by scientific investigation, now is being made to determine the effect of truck loads of various

weights on highway pavements, and to find out whether excessive loads lead to quick and unwarranted destruction of such pavements. That makes the subject one of interest not only to the railroads but to all the taxpayers who foot the bills for highway construction.

It likewise is a matter of concern to the legitimate truckers, who form a highly essential part of our transportation system. The numerous charges that have been made in regard to the relation between truck traffic and highway disintegration are a threat to the trucker who abides by the rules and stays within the load limit. In fact, the Texas Motor Transportation Association not long ago offered its co-operation in seeing that illegal carriers, those who consistently violate the weights and measures laws, are driven from the road.

A report by State Auditor Cavness indicates that there are some truckers who make it a profitable practice to violate the law. He cited the case of one trucking concern which had a total of 80 charges filed against it in a single month. Mr. Cavness offered the suggestion, which is worthy of the Legislature's consideration, that the profit be taken out of such deliberate overloading practices in penalty for repeated violations.

Truck operators who flout the law give the whole industry a black eye and may bring about unwarranted penalization of

those who operate fully within the regulations. The determination of what loads trucks are able to carry without excessive damage to highways is a matter which must be determined by exhaustive scientific tests. Meantime, the laws upon the books should be observed, and any reasonable steps taken by the Legislature to see that this is done are to be commended.—Fort Worth Star-Telegram.

"Here's the tire I want!"

GOOD YEAR SUPER-SURE-GRIP TRACTOR TIRE

First choice for 2 reasons!

1. Deeper soil penetration — greater pull. Goodyear's open center tread has straight deep-biting lugs. They cut cleanly into the soil, penetrate full depth, full length. Straight bars closer together at the shoulders wedge the soil for firmer grip—don't "plow out" soil at the sides.
2. Balanced straight lug tread design — longer wear. Goodyear open center lugs are all straight, all equal in size and spacing. That's why every lug works equally, pulls fully, wears more evenly.

Goodyear Super-Sure-Grips don't cost a penny more. Get them for your tractor.

The Chosen Few

In legislatures, there is truth in the old saying that many are called but few are chosen. We are not speaking here of the legislators themselves, but of the proposed laws they must consider. For instance, between the opening of the session in Austin on January 9 and February 15, the Texas Legislature had 534 bills introduced—311 in the House and 223 in the Senate. There is, of course, some overlap in these bills, but not as much as might be expected. The realistic legislator—and the realistic citizen—knows very well that all of the bills are not intended to be made into laws. A great number are introduced by legislators simply to satisfy persevering constituents who are interested enough in specific things to push their Representatives and Senators into taking some action. Such bills get only "lip service" from their introducers, and they

die in droves in the legislative committees. They are never voted upon.

Therefore, a lot of people in Texas who figure they have won a cause because their pet bills have been introduced in the House or Senate are doomed to have their fond hopes blasted.

The only practical way to get a law passed or repealed is for you and people like you to keep pegging away at your legislators until they know they must work actively on your project if they want to keep your support and your votes.

Only a chosen few of the hundreds of bills introduced in this session in Austin will ever become laws. Among the good and bad bills already introduced are many which will vitally affect state economy, spending, and taxation.

Are you interested in any of them? If you are, you had better begin communicating with your legislators right now, and keep on doing it. Otherwise, the things you are interested in will probably not be among the "few that are chosen."—William W. Boddie, Texas Manufacturing Ass'n.

Miss Cora Ferris Returns Home From Enjoyable Visit

Miss Cora Ferris returned home after two months visiting old friends in New Orleans and Westwego, La., Biloxi and Gulfport, Miss. But she spent most of the time down Bayou Gauche some 30 miles below New Orleans with her former pupils whom she taught 8 years prior to 1933. She also spent some happy moments with her fellow teachers, Miss Marguerite Brand; (now Mrs. Johnny Dufrene) and Miss Philonise Petit. Both are continuing their profession in Des Allemands and Hahnville High Schools. Miss Ferris reports the towns have grown considerably, Biloxi having trebled its population. The tall whispering pines and the great giant oaks with the long silvery moss hanging and other beautiful scenery remains the same.

The beautiful Huey P. Long bridge and other bridges, crossing the Father of waters and bays, have taken the place of some of the ferry boats. She found the same Christian love and friendship, the warm hospitality which is typical of the

great Southerners. When once eating the good mullet, nice fresh oysters, shrimp and other sea food, the good French gumbos and gumbalayas and drink the bayou water, somehow, they want to return. While the Bayou Gauche people haven't changed, they have prospered considerably. Owning nice homes with all the modern conveniences as large cities. From smoothing irons, washboards, and having to keep the ice in shavings and sawdust to electrical appliances—irons, Bendix and other washing machines, frigidaires, deep freeze and other electrical appliances, air conditioned and other cooling systems.

The transportation facilities have improved 100 per cent. Good highways now extend down the bayous. They are black topped the Bayou Gauche road and building a sea wall. Previously they traveled in motor boats to Des Allemands and then in cars owned by 2 or 3 families. Now everyone owns a good car. Some own ships and boats also. The people are still prospering.

Miss Ferris enjoyed the sweet fellowship with all the dear ones with whom she labored those 8 short years; the good eats, in fact, she says she enjoyed every min-

ute of the time. Oh, yes, they gave her such a lovely shower, such as she had never witnessed, showing their love and appreciation of all her former efforts. Each gave her a hearty invitation to return.

On the way home she stopped over in Dallas and Terrell visiting her nieces and friends. She got home in time Friday week ago to get some of the good old West Texas sand and grit in her craw (crop).—Contributed.

PEOPLE SPEAK

EDITORS NOTE—The following letter is too lengthy to print in full, thus we print in part:

The following letter is timely for National Prayer week. The letter, from a lieutenant in the United States Army in some far-off battle front to his sister in Pennsylvania, is carried below. The original is in possession of the Rev. Ray B. White of Zarephath, New Jersey.

The Wilds of Nowhere,
The Land of Death
and Destruction

Dear Sis:
In writing this letter to you, I don't know where to start first. So many things have happened since I last wrote. Well, to be-

gin with, I have escaped death at the hand of an enemy in a way so amazing I am still in a daze. You remember I told you when I knew I was going over, I was going over armed with the Bible? That Bible is the reason I am still here and able to write this letter to all America - - -

Here is the story: My buddy and I were sent out on duty with our equipment in the work I told you before was our job. We had just received information. The most important for weeks. When we were discovered by the enemy, I gave my buddy the information we had collected, told him to beat it, prepared myself to face them. It was the first time I'd been faced with the necessity of pointing my gun at a man and blasting the life from his miserable body. I thought fast: then I said, "Lord, it's Your responsibility."

My buddy had not obeyed my order. He had no such scruples. As I reached for my carbine a shot from one of them struck me in the breast and blasted me

down. Thinking I was dead my pal jumped for me, grabbed my carbine as well as his own, stood astride my body, blasting away with both guns. He was blasted, too, his knees with three bullet wounds, but when he finished, there was not one of them left. He was amazed when I rolled over and tried to get up. The force of that bullet had only stunned me. Dazedly, I wondered why, I pulled up that little Bible out of my pocket and in utter muteness looked at the ugly hole in the cover - - - It had ripped through Genesis, Exodus, Leviticus, Numbers, on through the Pentateuch, on through the other books, Samuel, Kings, Chronicles, and kept going. Where do you think it stopped? In the middle of Psalm 91, pointing like a finger at this verse:

"A thousand shall fall at thy side, and ten thousand at thy right hand, but it shall not come nigh thee. Only with thine eyes shalt thou behold and see the reward of the wicked."
Sis, when I read that verse it

raised me three feet off the ground. I did not know there was such a verse in the Bible. I'd been reading mostly in the New Testament. I read the rest of that chapter—the first part was ripped apart. In utter humility I said,

"Thank you, precious God," and felt like a little boy that had escaped the mouth of an enemy prey - - -

When I got my buddy back to the post, he said, "Lute (he calls me Lute), I've had enough. This convinces me. Come on—I want to get right with God starting right now."
Again, I plead, tell America to pray! This war will not end until nations and people have paid in blood and tears for thrusting God out of their lands. And tell them for God's sake to send Bibles, and more Bibles.
- - - I could go on, but I am so tired, so weary. But in all so happy to see them coming to God one by one. So tell them to pray. Atone for sin, and keep praying. And when you send things to

your boys, send Bibles. They want Bibles.

The PMA Office will be open on Saturday mornings from 8:00 A. M. to 12:00 Noon. The office will also be open during the noon hour on week days.

PRODUCERS GETTING APPROVALS SINCE MARCH 1st

The following producers have gotten approvals for the various approved practices since March 1, 1951. Large Ridge Terraces: L. E. Blankenship, James L. Baggett, Roy C. Jewell, and Davis Williams; Diversions: Davis Williams, J. F. Hill, Carroll Knorpp, H. C. Reynolds and Roy C. Jewell; Charlie C. Carter got an approval for Shaping Waterways; Subsoiling: C. M. Bailey, John H. Koeninger, Mack L. Sims, Orville M. Perkins, Wm. I. Rains, Dan Lawrence, A. C. Alexander, Charles E. Rains, G. W. Cockerham and J. L. Shields; Earthen Dams: Allen J. Bryan, John Nash, J. F. Hill, Carroll Knorpp; H. K. Leathers got an approval for 20% Superphosphate; Grass Seeding:

M. W. Creager, Pat C. Longan, H. K. Leathers, R. E. Drennan, Sam Lowe, Allen Bryan, J. F. Hill and Edwin Eanes.

If you need an approval for any of the approved practices in Donley County, come by the office and let us help you. We are not issuing approvals for grass seeding and deep plowing due to the fact that the funds that were set aside for these two practices have been exhausted. The other practices that you can still get assistance on are Large Ridge Terraces, Diversion Terraces, Shaping Waterways, 12 inch Subsoiling, Dams, Wells for Livestock Water, Superphosphate to be applied to legumes, grass seed and new seedings of Alfalfa.

THE SAME LAND
This whole task of meeting our emergency responsibilities and maintaining our productive potential for the future depends on the land. Secretary of Agriculture Charles F. Brannan told a farm group in Oklahoma recently.

He said that if we are to be able to feed 175 to 200 million people a short 25 years from now and be ready to play our part in feeding more millions outside the

United States, we must keep our farms productive; more than that we must increase their productivity. In the Secretary's words, "Plant breeders can turn out better plants and scientists can devise new chemicals. We can find better ways to feed livestock and poultry. Our machinery manufacturers can make faster and more efficient machinery to multiply the work of a man's hands. Each of these is an essential part of the great task, and each has contributed heavily to the abundance we now enjoy."

"But that is not the whole answer to our production problem. Far from it. The entire Nation and a large part of the rest of the world depends upon one thing which is in the farmers' care, and that is our land. In spite of publicity given to water-culture and other laboratory scale practices which grow plants without earth, as far ahead as I can see, we shall have to count upon the land—and for us in the United States, essentially the same land we are now farming—to feed us and cloth us, to grow our wood, and provide farm raw materials for industry."

"It is not enough to look back to what we think our soil may

Mrs. Bert Smith, Harlene and Donald spent the week end at Shawnee, Okla.

Mrs. J. N. Karns of Amarillo visited Mr. and Mrs. Geo. Heckman over the week end.

Mrs. F. J. Hommel and Mrs. G. G. Henson visited in Dallas last week with Mrs. Henson returning home Friday. Mrs. Hommel remained there to join other members of her family.

Mr. and Mrs. E. N. Foster and Barbara also J. M. Fowler, of Amarillo visited Sunday with their parents, Mr. and Mrs. U. T. Fowler.

Friends of E. L. Lewis will be sorry to learn that he is showing little improvement following an operation at Northwest Texas Hospital in Amarillo Saturday.

Buy DDT Now For Horn Fly Time

It is only a short time until horn flies will begin to bother cattle and county agent H. M. Breedlove is warning ranchmen and dairymen to get their supply of DDT now because there will be a shortage this summer and the price will surely be higher than it is at this time.

The best type to use is the 50 percent wettable powder at the rate of four pounds to fifty gallons of water for horn fly control. Get your DDT on hand now to last you during the summer.

The county agent says that there are now over forty big power sprayers in the county and practically all ranchers and dairymen are spraying their cattle, keeping cattle free of flies has increased milk production and given much heavier gains on cattle during the summer months. It is no longer an experiment in Donley county, but just a question of getting the spraying done at the right time.

Guests in the home of Mr. and Mrs. Paul Schull and family last week were her mother, Mrs. B. L. Wren of Colorado City, Texas and sister, Mrs. Bob Gorson and son Bobby of San Angelo, Texas.

PRESS CLUB TO ATTEND CONVENTION AT CANYON

The Lelia Lake High School Press Club will attend the annual press club convention at Canyon, Saturday, March 17.

Those attending will be: Bobbie Seago, Shirley Aten, Keith Reed, J. L. Williams, Kenneth Wilkinson, Patsy Carter, Romaine Anderson, Ann Dishman, Joanne Christal, Patsy Moss, Marilyn Butler, Mary Lou Bain, Nadine Williams, Gaynell Scott, Mary Dodson, Rowena Ivey, Betty Jean Reed, Janell Fox, Jane Ruth Hill, Johnny Britten, Cavin Webb, Onita Rampy, Eddie Floyd, and Benny Hill.

Shirley Aten, Bobbie Seago, Mrs. Bill Lowe, Mrs. Bob Word, and Cavin Webb will provide cars for the trip.

These students, who have all entered various contests covering the different fields of journalism will hear enlightening lectures and join round table discussions.

The day will begin with registration from 8:30 to 9:30. The opening session will begin at 9:30 with a welcome by Dr. Walter H. Juniper and the introduction of the P. H. S. P. A. officers by Sue Cearley, Amarillo, president at 10:00. There will be a short entertainment for the young journalists followed by a lecture at 10:30. Eleven thirty has been set aside as the visiting time. The next hour will find the students in the college cafeteria for lunch. At 1:30 there will be special sessions on sports, news writing, general column, make-up and editing, features, and photography. At 3:30 in the ad-

ministration auditorium, Joe Powell will conduct the business meeting. At 4:00 the climax of the day events will be the presentation of awards to those fulfilling requirements on articles previously presented to the judges.

SKIRTS TO BE MADE FIRST IN HOME EC.

The Home Economics Class I girls started sewing March 5. First they are going to make skirts.

The girls studied how to read a pattern for the first two days. These materials are of Indian-head, gabardine, and cotton.

The skirts are to be made by the patterns of McCall's, Simplicity, and Butterick. The types of skirts to be made are gathered, and full skirts.

GIRLS AGAIN DEFEAT CLARENDON JUNIORS

The Lelia Lake Junior Bluebirds defeated the Clarendon Junior Bronchos by thirteen points March 2, 1951. The final score was 28-15.

Starting girls for Lelia Lake were Seago, Monk, Richey, Shields, Christal, Shields. Starting players for Clarendon were Schollenbarger, Brock, Talley, McClellan and Nichols.

High point girl for the Bluebirds was Seago scoring 15 points. For Clarendon it was Schollenbarger and Brock, each making six points.

THE DONLEY COUNTY LEADER

JUNIOR BOYS LOSE TO CLARENDON

The Lelia Lake Junior Bluebirds were defeated by Clarendon Junior Bronchos 19 to 26.

Starting line up for Lelia Lake was White, Ayers, Dodson, Weems and Jones. Clarendon's line up was Landers, Mortin, Johnson, Philly and Tims.

High point man for Lelia Lake was White with seven points and high point man for Clarendon was Philly with ten points.

SENIORS RECEIVE GRADUATION INVITATIONS

The Seniors of Lelia Lake received their graduation invitations this past week.

Most of the seniors ordered between seventy-five and one hundred. These invitations will be sent out at the desired time the seniors choose, which usually is around the first of May.

The seniors receiving these invitations were, Keith Reed, Bobbie Seago, Benny Darnell, Shirley Aten, J. L. Williams, Ralph Ayers, and Kenneth Wilkinson.

BASKETBALL FANS GO TO SEE GLOBETROTTERS

Many of the students of Lelia Lake School attended the game between the Harlem "Globetrotters" vs. Lubbock Tinklers, held in the Amarillo Municipal Auditorium, Tuesday night, March 6.

The "Globetrotters" are a world famous colored team which

tours the world yearly. Some of the students arrived at the auditorium to find the tickets already sold, but those that did get to see the game, reported it as being a very amusing and interesting sight.

FRESHMEN, SOPHOMORES GIVEN GAME PARTY

The Juniors and Seniors honored the Freshmen and Sophomore Classes with a March of Dimes Party in the gymnasium, Thursday night, March 8.

The freshmen and sophomores received their honors by collecting more money in the annual high school March of Dimes race. After the refreshments of cold cokes and cookies were served, the students played many amusing games.

FOURTH SIX WEEKS COMPLETED WITH TESTS

The students of the Lelia Lake school have completed another six weeks in their yearly work. The six weeks tests were given Saturday, March 10. School was taught Saturday to make up a day of classes missed during cotton picking.

ENGLISH STUDENTS TAKE REGULAR BOOK TESTS

The English students of Lelia Lake high school had their regular six weeks book report test Wednesday.

The freshmen and juniors read a novel. They had to give the title, author, type and complete

summary of the book. The sophomores and seniors read a biography or an autobiography.

COACH JOHNSON PRESENTED WITH APPRECIATION GIFTS

The basketball boys and girls gave Coach Johnson a corduroy jacket to show their appreciation to him.

The gift was given at the basketball banquet Friday night, March 2.

Also with the jacket he was given a belt buckle with the letter "J" on it.

SHOP BOYS WINDING UP MANY CLASS PROJECTS

Many of the projects the shop boys started the first semester are nearing completion.

Wilcey White and Harold Gerner have completed their writing desk and have started on another one.

Woodie Vardeman, Kenneth Wilkinson, J. L. Williams, and Terry Monk are each making a small writing desk.

Benny Darnell and J. L. Williams have just completed their coffee tables. Clarence Armstrong is still working on his. Mac Stavenhagen is making a kitchen cabinet.

SCHOOL FAVORITES HAVE SPECIAL PAGES IN ANNUAL

The class favorites of the Lelia Lake School were elected recently by the students. Two special pages in the annual were devoted to these selections.

The first grade favorites were Jo Dishman and Bobby Reed.

The third and fourth grades were Jackie Richey and Donald Joe Moss. The fifth and sixth grades were Winnie V White and Don Rampy. The seventh and eighth grades were Janiece Christal and Boyd White.

The high school favorites were selected by each class, and two of those eight were elected as favorite boy and girl of the Lelia Lake High School. The freshmen favorites were Onita Rampy and Jimmy McDaniels. The sophomore favorites were Nadine Williams and Billy Scott. The junior favorites were Ann Dishman and Wilcey White. The senior favorites were Bobbie Seago and Ralph Ayers.

Ann Dishman and Wilcey White were elected as high school favorites.

Mr. and Mrs. James Murphy and daughter and L. E. Murphy, all of Childress visited last week end in the home of Mr. and Mrs. B. D. Buckley and daughter.

From where I sit... by Joe Marsh

Watch Out For The "Blind-Spots"

Stopped by Squint Miller's farm the other day and saw a vinegar bottle in his kitchen with an oversized cucumber inside it. The cucumber filled the whole bottle.

"What's a cucumber doing in there?" I asked him. "That's my 'blind-spot' reminder," says Squint. "My grandmother kept one in her kitchen to remind her to take stock of herself now and then."

"I slipped that bottle over the cucumber when it was just starting to grow on the vine," he went on. "And like certain viewpoints,

not noticed, it just grew and grew — now it's there to stay."

From where I sit, we could take a cue from Squint and watch for our own "blind-spots" and prejudices before they grow too big to get rid of. We've got to respect our neighbor's right to his preferences... preferences for a certain make of car, a favorite movie star, or a temperate glass of beer after work. We won't be tripped by any blind spots if we keep our eyes—and minds—open!

With the second issue of the paper this month we passed another anniversary of this column—Five years—Wonder if you can take it another five years.

One of the speakers at the Teachers Convention in Amarillo last week made this statement: "The brain can absorb only what the seat can endure". Sounds pretty cute. Anyway, I spec' this

am true with book larnin', of which, I ain't got much of a 'tall. Everytime I try to write this little column I wish that I had been a little more attentive and still while the teacher was talking when I was in school.

Mrs. Bruce Nance of Dalhart, Texas sends in this little saying to "Mitey Talk" in the Amarillo Times: "Some minds are like concrete, all mixed up and permanently set". My, but my head feels heavy. Ain't it just about the way us humans are tho'?

Someone asked us this the other day: "Do you know what dollar bills are these days?" "No," I said. "They are Truman nickels," he replied. Have you spent one lately? He wasn't just talking through his hat.

We keep hearing rumors that the President was drinking on such and such an occasion. How much better it would be for our morale if once in awhile we could hear that the President was praying. I have read about Presidents who did this thing to the good of their country - - pray, that is.

Some time ago I mentioned that Henry Finley was celebrating his birthday along with George Washington. Someone was telling the other day that while he is all dressed up in his Easter wear and looking for eggs with the children, that Alva Eudaley will also be observing his birthday. Happy Birthday, anyway.

My brother-in-law (This is the one without the appendix) has just become a grandfather. He says: "Having a grandson is not so bad; that getting along with grandma, is the problem." What a sense of humor? He swears that grandma won't eat certain foods for fear it would upset the baby. If I ever have this precious privilege, I hope that I do not see my brother-in-law for a couple of generations afterwards. Oh, me.

From a prayer given in the House of Representatives in Austin on March 1: "Our Heavenly Father, help us to accept the challenge life brings in this, our day. If we are called to live in a world at its worst; we pray Thee, help us to live at our best." In so few words this seems to me to just about tell the whole story. We are thankful for men with such thoughts.

From a collection of sayings sent to me by Mrs. Sullivan; "The best kind of pull is push." "People who blow their own horn usually stay on the small end." "A grouch never goes where he is told to go until he dies." More later and thanks Mrs. Sullivan.

Have you noticed my figure lately??? Some of my closest friends say that I am only a shadow of my former self. Some are even beginning to worry afraid that I will lose too much, especially my mother. It all came about when Wes Izzard and Uncle Jay gave so much publicity

to their famous Two Day Diet. Several of my friends tried it and were successful so I felt that I owed it to my readers to try it out. And now, just look me over for curves. I am the proof of the pudding. You are supposed to lose eight to ten pounds in two days on the following diet: for breakfast, two soft boiled eggs (no pepper or salt) and one cup of black coffee (no cream or sugar. For lunch (Dinner that is) all of the broiled steak you want (no salt, pepper or any kind of grease) and water or 1 cup black coffee. For dinner (supper that is) you get the pay-off. This is the most important part of the diet. Don't miss this: six stewed prunes, cooked in water (no sugar) and with water to drink.

It is not as bad as it sounds. For me there was two places that I had to ask myself whether I was a man or a mouse; the second morning as I gazed at those lonesome softboiled eggs (no salt or pepper) and that second night when I came face to face with six-stewed prunes. I liked only one pound losing what I was supposed to lose and I will have to admit that I cheated a little. For the sake of the integrity of Uncle Jay, I will confess. I was not completely honest. On one occasion I broke over. But I had had a hard day; walked five miles almost. Anyway, to keep my conscience clear, along with my friend's reputation, I will tell the truth and explain for the one pound failure of the plan to give

the full eight pounds. On the second night I broke over; I ate seven-stewed prunes. I am sorry. I still have such a mousey feeling.

Mrs. Don Martin and Mrs. E. O. Barns of Amarillo were down Tuesday last to help their mother, Mrs. Lola Barns celebrate her birthday. Mrs. Lola Barns who has recently returned from Abilene was honoree at a birthday shower before her return home. She received many lovely gifts.

J. D. Swift and Van Kennedy attended the opening of the new First National Bank building in Pampa Saturday night, last.

Mrs. Lena Antrobus returned home the middle of last week after visiting in Oklahoma City. She was accompanied home by Mrs. Tren Stargel and Mrs. Dan Williams and daughter Suzie, of Oklahoma City. They remained for a few days visit in the homes of Mrs. Antrobus and Mr. and Mrs. O. C. Watson.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

Now that the 1951 offerings of the motorcar industry have had a chance to strut their stuff, we ask you—can there be any doubt which is the really smart buy?

If you want a "new look"—Buick has it. That sturdy push-bar forefront says "1951" to all who see it—and provides unsurpassed front-end protection to boot.

If you want power that you can live with through many moons to come—Buick has that too. Years of expert engineering have made Buick's thrill-packed Fireball engine just about as dependable as a power plant can be.

If you want features that combine present pleasure with long-time durability, consider this:

Buick's level-going ride stems from coil springs on all four wheels which are virtually break-proof and never need servicing.

Buick's Dynaflo Drive* takes the strain out of every mile of driving—and pays off by eliminating any need for friction clutch repairs and replacements, by reducing engine and transmission upkeep, and lengthening life of tires.

*Standard on ROADMASTER, optional at extra cost on other Series.
