School Cafeteria Receives Check For \$507.36

The committee in charge of the school cafeteria located in the Junior High building received a pleasant surprise last Friday when they were presented a check in the amount of \$507.36 from Basil Smith, manager of the West Texas Gin, and the money came at a time when the cafeteria was greatly in need of cash.

The West Texas Gin crew saved all the green cotton bolls that were caught in the rock catcher during the ginning season. Toward the end of the season, these green bolls had dried out enough to gin. The ginned cotton was shipped to the local gin's home office at Quanah where it was sold by the Quanah Cotton Oil Mill for the above mentioned amount.

Dr. Ben K. Humphrey Has New Partner

Dr. Evelyn G. Martindale, M. D., has opened offices in the Goldstein building in partnership with Dr. Ben K. Humphrey. Through this partnership, the Drs. Humphrey and Martindale will be able to offer modern medical care to residents of this vicinity.

Dr. Martindale attended Manchester College at North Manchester, Indiana; medical school at Woman's Medical College of Penn., Philadelphia, Pa.; and interned at St. Anthony's Hospital in Denver, Colorado.

For the past year and a half, she has been in Houston, Texas where she served a residency at St. Joseph's Maternity & Children's Hospital, and at the M. D. Anderson Hospital for Cancer Research. She has specialized training in obstetrics and gynecology and is a Diplomate of the National Board of Medical Examiners.

H. L. BENSON

Rev. W. A. Cockerell To Preach On New President's Prayer

Rev. Wm. A. Cockerell, minister of the First Presbyterian Church, has announced that his subject for the regular morning worship next Sunday will be "Our New President's Prayer."

Nine More Days To Pay Poll Tax

The time is drawing near for some 1300 people in Donley County to pay their poll tax. In fact only nine days remain before the deadline which is January 31st.

At the present time only two elections are in view—city election and school trustee elections. Both can become very important elections and there is a possibility of various called elections that can affect everyone in general.

Farmers State Bank Adds Two New Directors

The Farmers State Bank held its annual stockholders meeting Tuesday of last week and elected two additional directors to the board. They are Joe A. Holland and H. L. Benson. In their follow-up meeting this week, Emmett O. Simmons was promoted from Assistant Cashier to Vice-President.

The two new directors are well known here and have been long time residents. Mr. Holland is dealer here for the Pontiac line of automobiles. He is a native of Comanche County but came to Clarendon in 1912. He was in the oil and gas business here for 26 years prior to his present business.

Officers and directors of the Farmers State Bank are: J. D. Swift, president; J. H. Hurn, vice-president and cashier; Emmett O. Simmons, vice-president; Miss Anna Moores, Assistant Cashier; G. F. Leathers, Frank White, Jr., Joe A. Holland, H. L. Benson, Directors.

JOE A. HOLLAND

Services Held Here Monday For O. A. Scott

Funeral services were held Monday afternoon at the First Baptist Church for Oscar Allen Scott with Rev. Howard E. Scott, pastor, officiating.

Survivors include his wife, Mattie E. Scott of Amarillo; two sons, W. D., Amarillo and James, Fort Hood; two daughters, Mrs. Doice Flowers, Clarendon and Mrs. Bill Sullivan, Amarillo; four sisters, Mrs. Orpha Price, Red Owl, S. D., Mrs. Beulah Tarbox, Perryton, Mrs. Dora Green, Tyler, and Mrs. Sally Pritchard, Wellington; one brother, B. F. Scott, Farnsworth, Texas; two step-daughters, Mrs. John Carlin, Belmond, Iowa, and Miss Velma Gatlin, Amarillo; one step-son, Geo. Gatlin, Amarillo and seven grandchildren.

School Board Looking For Person With A Conscience

This past Friday, a letter addressed to the Treasurer of Clarendon Independent Schools, was received by the School Tax office and now the school board is trying to find out who sent the letter, for the envelope contained three hundred dollars in small bills, and there was no name signed to the accompanying typewritten note which is as follows:

"I am indebted to your school district for both principal and interest close to \$300 and am enclosing currency in that amount to pay this obligation and get it off my conscience. Right is right, and the only way I know to square an account is to pay it in full with interest—This I have done."

The school board is happy to receive the money but would like to know who to credit for the amount. If the person who sent the money wishes their name to remain unknown, would you please write the board and let them know what the money is for so they will know what fund the money should be credited to.

Bulldogs Defeat Decatur Quintet In Close Game

The Clarendon Junior College Bulldogs came out on top over the Decatur Baptist cagers here Monday night but it was a close affair. The final score was 56 to 53 and it was only 54-53 seconds before the game ended. The scoring was close throughout the game. Dorman was high point man with 17 and Bradley followed with 12 for the Bulldogs. Johnson was high point man for Decatur with 13.

The Bulldogs also won the B-squad game 67 to 48. Mr. and Mrs. Arlie Wood and children visited the Louis Wood's family in Amarillo Sunday.

18th Annual Livestock Show To Be Held Here Saturday

Small Price Increase Slated At School Cafeteria

Heretofore the prices for meals at the School cafeteria have been 27c for youngsters in the first thru the 3rd grades and 32c on up thru high school. Beginning the 26th of January, a slight increase will be made with the price per meal being 30 and 35 cents respectively.

The menu for the week January 26th thru the 30th is as follows:

- Monday—Brown beans, spinach, macaroni and tomatoes, corn bread, milk, canned fruit.
- Tuesday—Boiled ham, harvard beets, green beans, Irish potatoes, hot rolls, milk, honey and butter.
- Wednesday—Hamburgers, potato chips, lettuce, onions, pickles, buns, milk, apple pie.
- Thursday—Turkey and noodles, cream corn, English pea salad, bread, milk, rice pudding.
- Friday—Salmon croquettes, blackeye peas, whole potatoes, lettuce salad, milk, spice cake.

New 1953 Vehicle Tags Arrive

The State Highway Department has delivered the new 1953 vehicle tags to the county tax office and it won't be long until car and truck owners in the county can start shelling out the shekles for these shiny new tags. They will go on sale Monday, Feb. 2nd and must be on all vehicles operated on public roads by April 1st.

The new tags are black lettering on a yellow background. The passenger car plates for Donley County start with AR6700 and go through AR9099; truck plates start with 1C2550 and go through 1C2949 and the farm truck plates run from 5C150 to 5C747.

Attention - Members Of Concert Ass'n.

The Memphis Concert Association will present the eminent journalist, Mr. Upton Close, Thursday evening, January 29th at 8 o'clock in the High School Auditorium. Members of the Donley County Concert Association are invited to hear this outstanding speaker.

LOCAL STUDENTS TO ATTEND WORKSHOP AT W. T. S. C.

Annette Thomas, Gene Greene, Jimmie Lamberth, Lovell Hodge, Bob Parker, Florence Stephens and Jacqueline Estlack will represent Clarendon High School in the coming Students' Workshop in Speech and Dramatics, set for February 6 and 7th at West Texas State College. Mrs. Christine Grace and Mr. Tom Seay will accompany the students and take part in the discussions on the recent trends in student activities.

GUY WRIGHT IS NEW PHILLIPS 66 JOBBER

Guy Wright is announcing in this issue of the Leader, the purchase of Pat Slavin's interest in the Pat Slavin Oil Co. here effective as of January 15th. Mr. Wright will be wholesale jobber for the complete line of Phillips 66 products and will maintain his office at the warehouse which is located down on "gasoline row" several blocks east of the depot. Turn to page five and read his announcement advertisement in this issue of your Leader.

New President

DWIGHT D. EISENHOWER

Eisenhower Takes Oath of Office

Here in Donley County, Tuesday was just another day of normal activity for most people, although a majority at some time or other listened in on the Inaugural in Washington. Dwight D. Eisenhower took the oath of office and became the United States 34th chief executive.

Although we were a far distance from the Inaugural ceremony, we realized the significance of the day. We are all looking forward to better things that a new leader can help bring about. We can all feel proud that we have a man of character and knowledge to guide our affairs.

REVIVAL SERVICES TO BEGIN SUNDAY AT ASSEMBLY OF GOD CHURCH

There will be one week of Revival Services at the Assembly of God Church beginning this Sunday evening, January 25th and continuing thru February 1st. Mrs. E. R. Foster of Amarillo will be the evangelist. Mrs. Foster is the wife of Rev. Foster, pastor of the First Assembly of God Church in Amarillo. Services will begin at 7:30 each evening. Everyone is extended an invitation to attend.

Miss Mae Dishman of Mexico, Missouri is visiting in the home of Mrs. Nova McClure and Mrs. Ed Dishman.

The Donley County Fat Stock Show will be held in Clarendon at the fair grounds this Saturday, the twenty-fourth of January. H. M. Breedlove, county agent and manager of the show, says that all livestock is due to be in the barns at the fair grounds at nine o'clock in the morning and will remain until four o'clock in the afternoon. The judge for the show is from out of town and is area supervisor for the vocational department.

C. L. Lewis, president of the show board called a meeting of the directors Tuesday night in the office of the county agent to work out the premium list, and three hundred dollars will be given in prize money for club boys competing in the show.

The show this year will consist of sixteen beef calves, forty hogs and fifteen sheep. The ribbons for the show will be ordered after the county show and will be presented to all winners at a later date in a joint meeting of FFA and 4-H club boys. This meeting is being planned to be a big affair and possibly in the form of a banquet or dinner.

Every one is urged to attend the show, when the judging will start about ten o'clock in the morning and the beef calves will be judged first and then the swine and sheep.

Tom Seay is in charge of FFA boys in Clarendon, Doyle Messer in charge of FFA boys at Hedley and Breedlove has charge of the 4-H club boys in the county. They will all compete in the county show and a lot of good livestock will be on display for you to see, so come out and see the work that your future ranchers and farmers are doing in Donley County.

W. H. Cooke ranch is turning hay for the show free of charge.

Annual Account of County Clerk In This Issue of Leader

The Annual Account of the County Clerk is being published in this issue of the Leader on page two, section two. The account shows receipts and disbursements of county funds from January 1, 1952 to December 31, 1952 inclusive. If you want to see exactly where your county tax money has gone, you can do so by checking over this lengthy financial statement prepared by the county clerk.

ATOMIC TUMMY—Checking the atomic-engine-filled stomach of this model of the submarine Nautilus, on exhibition at Atlantic City, N. J., is Electrician 1/c. William Christian. The vessel, now under construction at Groton, Conn., will be the world's first atom-powered sub. It will be capable of running for months under water at a speed of 20 knots.

UPSTAGED CHAMPION — "Grandma" Carnation Homestead Daisy Madcap, world's champion butterfat producer, sulks at far right as people pay attention to her granddaughter, "Little Daisy," in her stall at Carnation, Wash. From left to right are: Five-year-old Janice Pfeiffer; her father, Russell Pfeiffer, Carnation Dairy Farms manager; her twin brother, Bobbie, and Arthur B. Langlie, governor of the state of Washington.

Drucilla Foster and Annabell Black spent Saturday night with Wanda and Betty Elliott.

4-H Youths Tell Safety Hazards

The kids who know safety best agree that one of man's oldest and simplest inventions is one of his most dangerous. Forty young safety experts who attended the 31st National 4-H Club Congress in Chicago Nov. 30 to Dec. 4 were asked to list their ideas on how to prevent farm and home accidents. They responded with suggestions ranging from picking up loose baling wire to putting safety shields on power machinery.

But almost all of them singled out one often-overlooked hazard for emphatic mention: stairs.

Man invented stairs thousands of years ago. But the young folks apparently observed, while making safety surveys under the National 4-H Farm and Home Safety Awards Program, that he still hasn't learned to go up and down them without risking a broken neck.

Some 400,000 4-H youths from coast to coast took part in the safety program, sponsored for the eighth consecutive year by General Motors. GM gave the 40 state winners expense-paid trips to the 4-H Congress, including \$300 college scholarships to the eight national winners.

"Keep stairs uncluttered!" warned Eileen Holbach of Minot, N. D. Ralph Walker, Biddeford, Me., was even more specific. He urged everyone to "keep the stairs clear of all roller skates." Other safety winners advised frequent check and repair of steps, or suggested handrails to reduce the likelihood of falls.

Stairways should be well lighted, they agreed, and Agatha Jean Bell of Bolair, W. Va., recommended painting the bottom step white to make it conspicuous.

Farm machinery and its hazards drew frequent mention. Beth Fuhr Smith of Poplarville, Miss., one of the \$300 scholarship winners, suggested this simple rule for avoiding accidents with farm equipment: "Know the correct way to use all tools and machinery."

Other suggestions included labeling poisons, frequently checking electrical equipment, keeping inflammable materials away from buildings, confining bulls and other dangerous animals in sturdy pens, putting corks on sharp objects, keeping children off farm equipment and away from stoves, storing pitchforks and other tools in a special place, and many others.

Resource - Use Education Is Moving Ahead

AUSTIN—Wildlife authorities in Texas are heartened by the action of the school administrators in embracing the idea of resource-use education for the schools and urging the Texas Education Agency to go forward with plans to implement the program.

The Director of Conservation Education and Departmental

Publications for the Game and Fish Commission said the step "marks another important milestone in the march toward conservation education for the youth of Texas."

Heretofore, he said, the approach has been through teacher groups and through piecemeal contact with the classroom. The need is so great and teachers and students alike have responded so well that school authorities have realized that the subject deserves a definite place in the regular school program.

"This recognition from the school administrators," said the Director, "not only clinches the gains we have made through informal procedure, but it clears the way eventually to reach all the people of the State."

He added, "Since it is no longer debatable that the conservation of our natural resources is a matter of concern to us all, it seems logical then that the boys and girls should be given an opportunity for first hand study of the subject of conservation."

He said, "The Game and Fish Commission has taken an enthusiastic interest in resource-use education since wildlife itself is so closely linked with the forests, the water, the soil and the other elements."

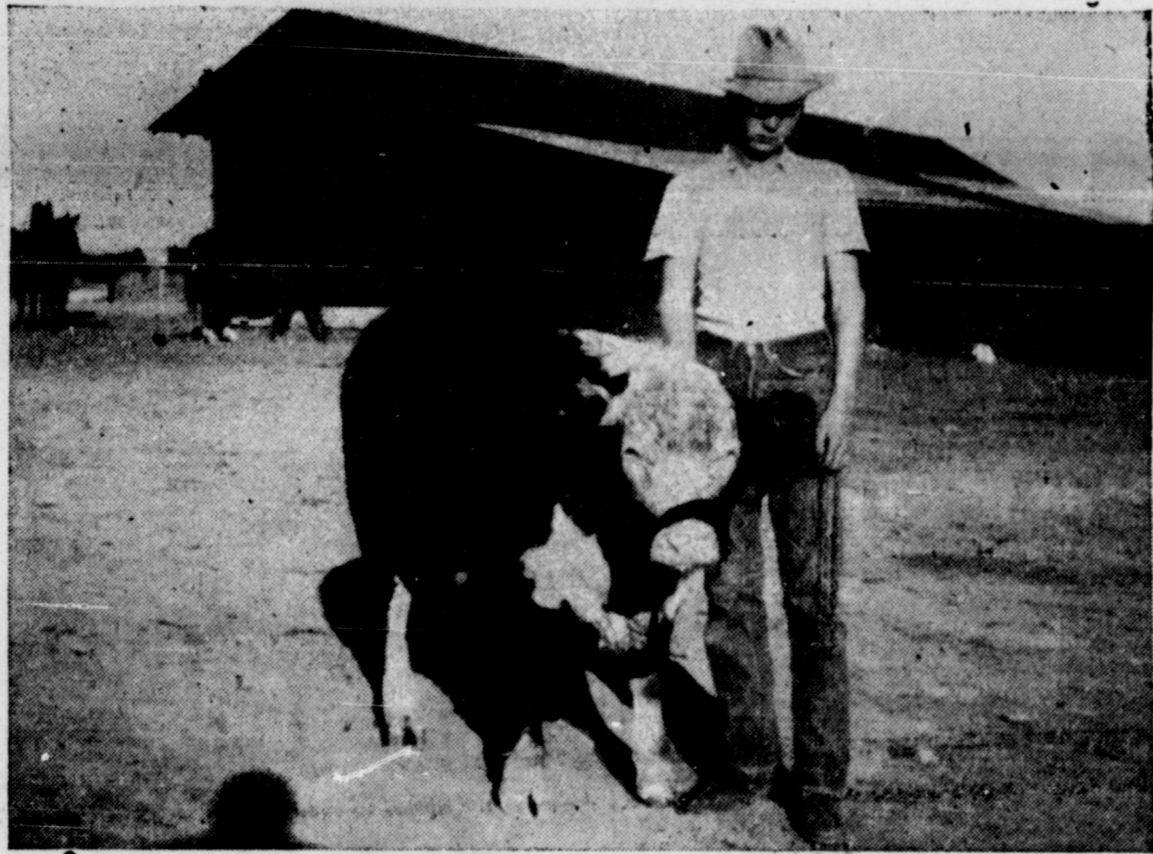

"After all," he went on, "the goal of conservation is naturally the general improvement of the level of living for all the people."

Garden Club Holds First Meeting of Year

The Clarendon Garden Club met in the first meeting of its federation year in the spacious and lovely home of Mrs. Bill Greene, Sr., January 16.

In the absence of Mrs. Frank Phelan, Jr., the out-going president, the vice-president, Mrs. H. T. Warner had charge of the business. Mrs. John Goldston outgoing secretary, read the minutes after which the new officers for the year were installed in a "Satire on Gardening."

Mrs. Frank White, Jr., the newly elected president, entered dressed in navy blue slacks, white blouse and a beautiful carry-all apron in blue and white, wearing a big straw garden hat, gloves and shoes. She took the president's chair after promising the members that for her term of office she would leave the dishes in the sink, the rim on the bath tub, wear her hair long and shaggy and devote every waking moment in the garden, though her nose blistered and freckles appeared. Her only thought would be gardening.

Mrs. Joe Goldston, the secretary elect, entered next. She was dressed in a City gardener's latest style. She wore a wide brimmed garden hat, a lovely sky blue color, a flowered smock, gloves and shoes of the latest gardening design. She took her seat after informing the members that she would keep them posted on the botanical names of flowers. She also gave a skit on the day after the Garden Club Flower Arrangement Show, in the home of Mrs. Frank Phelan, Jr., our retiring president.

The vice-president, Mrs. Rayburn Smith, wearing the very

latest in skirts for gardening, a stuffed in shirt, her husband's straw hat and four buckle overshoes and "Green Thumb" garden gloves pledged to the members that during her term of office, she would indulge in no idle gossip, except gardening, attend no formal events, except flower shows and that she would think gardening, talk gardening and do gardening for the whole year.

Mrs. M. C. Rompy appeared in the customary garden clothes, wearing a large straw hat and carrying a plentiful supply of purses in which she told the group she would take care of the club pennies. She suggested that for those who did not have enough pennies to pay their dues, checks would be accepted. Mrs. Rumpy then took the chair as treasurer.

Mrs. John Goldston, club reporter, came last. She was dressed in the prevailing style of the gardening ladies of the rural district. She wore blue jeans, shirt, cowboy boots and hat and carried buckskin gloves. She suggested that members always accept everything given them for their gardens. It might be something they would treasure, if not it could be passed on to others who would like to have it, thus keeping up good neighborly deeds.

After the installation of officers, the president talked of the many things the club might accomplish by working together. She suggested City beautification, and garden pilgrimages.

Following her talk members and guests enjoyed a social hour during which they were served a dainty salad course and coffee from a table made beautiful with an arrangement in red, brown and green depicting a hunting scene using red flowers and green foliage amid which was a brown ornamental dog carrying a beauti-

fully colored wild duck. Mrs. Frank White, Jr. poured coffee. Guests were Mesdames John Head; Cockerell; Walker; Bill Greene, Jr., Judy and Joel, and 16 members. Hostesses were Mrs. Bill Greene, Sr., and Mrs. J. H. Howze. —Reporter.

ANNOUNCE ENGAGEMENT

Mr. and Mrs. W. H. Wilson of Ashtola announce the engagement and approaching marriage of their daughter Frankie to Mr. Buster Regan Bain, son of Mr. and Mrs. Regan Bain of Clarendon.

The wedding date has been set for February 12th at the First Baptist Church in Clarendon.

ASHTOLA NEEDLE CLUB

The Ashtola Needle Club opened at 2:30 Jan. 15 with a prayer by Hazel Brandon.

After a business session, a surprise program was led by Vena Hudson. Each member present taking part. Each member that hasn't turned in their cup towels, are asked to please turn them in by March 19 as the committee wants to send them to Boys Ranch for Easter.

Sue Rhoades will be the leader in a Valentine party Feb. 5th. Elizabeth Graham will be hostess.

Florence Evans, hostess, served delicious refreshments to the following 12 members, Hazel Brandon, Viola Graham, Nona Hinders, Isla Mae Marshall, Virginia Tollerson, Ima Wallace, Helena Cates, Elizabeth Graham, Johnnie Poovey, Vena Hudson, Laura Mahaffey, and three children. Be sure to be at the next meeting. —Reporter.

REX RAY CIRCLE

The Rex Ray Circle of the Baptist Church met Wednesday afternoon, January 14, in the home of Mrs. Kirk Doshier who read the minutes and gave the treasurer's report.

Mrs. R. A. Hay led the devotional. The first chapter of the book, "Tangled Threads," was taught by Mrs. Joe Goldston. The meeting was opened and closed with prayer.

During the social hour delicious refreshments were served to seven members by the hostess.

PRESBYTERIAN WOMEN OF THE CHURCH

Women of the Presbyterian Church met Wednesday afternoon, January 14, in the home of Mrs. A. L. Chase with Mrs. W. B. Smith co-hostess.

Meeting was called to order and opened with the devotional from "Day to Day" by the chairman, Mrs. D. F. Wadsworth. Roll call was answered by 12 members reporting 45 visits. Minutes of the meeting of December 10 were read and approved.

The nominating committee submitted the name of Mrs. Wadsworth to fill out the unexpired term for president to expire January 1954. Nomination accepted. The chairman appointed Mrs. W. B. Smith, Mrs. Nova McClure, Mrs. A. L. Chase, Mrs. Lee Bell, Mrs. Thad Rogers, Mrs. Guy Wright and Miss Mable Mongole to serve as a telephoning committee for the church, contacting members of the church, reporting illness, etc.

An intensive Bible study taught by Mrs. Cockerell will be conducted the afternoons of February 3-4-5 and 10-11-12. These studies will be held at the church at 3:15 on those dates. The general program will be January 28 with Mrs. Lee Bell. The circle program has been moved from February 11 to February 18.

Mable Mongole announced that 17 baskets had been distributed to shut-ins and friends thru the holidays. She also presented the program, "How Does Your Religion Show IN The Home and IN The Community." Mrs. Lee Bell gave a Presbyterian article "Inner Church Aid and Overseas Relief for World Missions."

BAND PARENTS

Parents of band students held a regular meeting Monday evening, January 14, in the home of Mrs. Kirk Doshier, president. After old business had been taken care of, Mr. Graves, band master, made recommendations regarding instruments needed.

A committee composed of W. W. Sandifer, L. M. Smith, and G. W. Estlack was appointed to formulate and accept suggestions for a spring program. There being no further business the group adjourned.

GOLDSTON QUILTING CLUB

The Goldston Quilting Club met Thursday, Jan. 15 with Connie Talley. Two quilts were quilted.

Those present for lunch were Joy Roberson, Daphne Sullivan, Willie Putman and Minnie Roberson. Members to come in the afternoon were Nora Jackson, Katie Scoggins, Vivian Godbey, Billie Ashcraft, Adjar Williams, Geraldine Jackson, Oddie Moss, Mazie Eichelberger, May Pearl McDonald, Patsy Reid, Irene Stewart, and Gary, Ola McBrayer, Gertrude Reid, Charline Reynolds, Lynn and Danny and hostess Connie Talley. Those to receive Pollyannas were Joy Roberson, Vivian Godbey and Oddie Moss.

Our next quilting will be Thurs. Jan. 22 with Irene Stewart, and Thurs., Jan. 29 with Vivian Godbey. —Reporter.

PRESBYTERIAN WOMEN ORGANIZE SUNDAY SCHOOL CLASS

Women of the Presbyterian Church met recently in the home of Misses Edgar Mae and Mable Mongole for the purpose of organizing a Women's Sunday School Class in the Presbyterian Church. The name of "Ernest Workers" was chosen as a class name.

Officers elected were Mrs. Ed Dishman, teacher; Edgar Mae Mongole, president; and Mrs. Guy Wright, Secretary.

All women of the Church are invited to attend this class.

LEGION AUXILIARY

Mrs. Loula Maud Byrd, of Groom, president of the 18th District American Legion Auxiliary, met with the Clarendon Auxiliary Monday night, January 19, and presented both an interesting and informative program for the group. She stressed the importance of the American woman in the home, the community, the World and her work in the Auxiliary. Mrs. Byrd also conducted a round-table discussion and answered questions asked by those present. A guest for the evening was Mrs. Jones of Groom.

Refreshments were served during the social hour to a fair attendance.

MYSTIC WEAVERS CLUB

The Mystic Weavers Club of Lelia Lake met Jan. 14 with Mrs. Murphy Brock.

Sixteen members and two visitors were present and helped with the work of the day which was a quilt for the hostess.

A covered dish lunch was served at noon.

The next meeting will be with Mrs. Luther Butler on Jan. 28 in an all day meeting. —Reporter.

VADA WALDRON CIRCLE

The Vada Waldron Circle met Jan. 14th in the home of Mrs. Clyde Wilson with 7 members present. The minutes were read by the secretary Thelma Behrens. "The Book Scattered Abroad," was taught by Sadie Head. The meeting closed with prayer by Pauline Schull.

The next meeting will be in the home of Thelma Behrens on January 28th.

We urge all members to be present. —Reporter.

MIDWAY QUILTING CLUB

The Quilting Club met with Mrs. Glenn Williams on Jan. 15. One quilt was completed.

The ones to enjoy the day and delicious luncheon were Mrs. Carl Roach of Amarillo, Mrs. Aline Morris of Guthrie, Texas visitors. Members were Leona Scott, Allie Quattlebaum, Lucille Eanes, Sarah Shaller, Lucille Luttrell, Eddie Williams, Ellen Moreland, Loyd Hillis, Ida Pickering, Beth Bennett, Josie Simmons, Pearl Terry, Eula Butler, and Jewel Sickle.

The next meeting will be with Jewel Sickle Feb. 5th. —Reporter.

LYDIA SS CLASS

The Lydia Sunday School class met January 13th in the home of Mrs. H. T. Burton with Jane Bownds and Tinnie Smith as co-hostesses. Delicious refreshments were served, after which games of 42 were played.

After playing 42, we had our business meeting at which time old and new business were taken care of. Mrs. J. R. Godbey brought our devotional.

Those to enjoy our monthly social was Ona Tatum, Polly Schull, Bertha Wilburn, Tommie McNeil, Ardis Vallance, Jane

Bownds, Betty Keys, Vivian Godbey, Betsy Landers, Martha Bain, Laura Huffman, Dewey Clifford, Sadie Head and Mrs. Burton. The next meeting will be a husband's party and will be at Polly Schull's. —Reporter.

LILLIE HUNDLEY CIRCLE

Mrs. A. J. Hicks entertained members of the Lillie Hundley Circle of the Baptist Church in her home Wednesday afternoon, January 14. The meeting was opened with prayer and a song. Billie Jean Moore taught the lesson finishing the book "Rainbow South." The business meeting was presided over by Mrs. P. C. Messer. Nine members were present.

F. H. A. NEWS

F.H.A. girls met in a called meeting in the Homemaking Department Friday evening. Kay Schollenbarger, president, called the meeting to order, and after singing the club song, the group repeated the club creed.

Purpose of the gathering was to discuss the coming Mexican Supper Saturday evening, January 24th. Committees were appointed and tickets distributed among the members before adjournment.

BETA SIGMA PHI

The Texas Mu Gamma Chapter of Beta Sigma Phi held their first meeting of 1953 in the home of Frances McCully. Lois Schollenbarger presented the program for the evening. Frances McCully won the sorority surprise.

Refreshments were served to the following: Jane Bownds, Essie Putman, Lois Schollenbarger, Ann Reeves, Bert Garland and Betty Bell.

ATTEND FUNERAL SERVICES

Mr. and Mrs. Roy Beverly attended funeral services of her brother-in-law, F. F. Atkinson, in Tucumcari, N. Mex. Thursday. Mr. Atkinson died Tuesday. Mrs. Atkinson will be remembered here as Hazel Wiley.

Mr. and Mrs. Kenneth Morrow, Jr. announce the arrival of a little son, Joe Wayne, Saturday, January 3, at Stewart Clinic. Mrs. Morrow is the former Jean Marie Percival, daughter of Mr. and Mrs. Herman Percival.

WE CONGRATULATE THE F. F. A. and 4-H CLUB MEMBERS ON THEIR 1953 STOCK SHOW

Your accomplishments are highly commended in every respect. May your future be ever so successful.

A Thought for 1953

When you buy for price alone, you can never be sure.

If you always deal with the lowest bidder, it is well to add something in the way of protection for the risk you run . . . But if you do that, you would have had enough to pay for something better in the first place.

The economic laws of business prohibit paying a little and getting a lot. It just can't be done.

 Member Federal Deposit Insurance Corporation

FERRIED OVER, HE'LL WALK BACK—Dobbin, junk cart horse of Boston, Mass., and cart driver Abe Schaeffer pay their ferry fare for the last time and get ready for the final ride across the river on the East Boston "Penny" Ferry. Discontinued after 120 years, the "Penny" ferry, running in the red, went to sea for the last time. It made its first trip in 1832.

College Freshmen Enrollments Show Increase In Texas

AUSTIN — Texas colleges and universities, expecting their smallest crop of entering freshmen in many years in September of 1952, found themselves with an increase of 3.5 per cent and are now trying to estimate what the next few years may bring.

They are faced with increasingly larger high school graduating classes and a flood of returning veterans from the Korean conflict. Barring a major national catastrophe, such as all-out war, the number of Texas boys and girls seeking college entrance in the next few years should mount rapidly, according to a study just completed by the Council of College Presidents of State-Supported Colleges and Universities.

The 1952 enrollment of entering freshmen had been expected to be low as a result of the changeover which Texas made a decade ago from eleven to twelve grades in its public school system. When the change was made some schools eliminated the second grade for that year while others split the second into second and third grade classes.

In 1952 the group that formed the "splinter" second grades ten years ago were graduating from

high school. For the first time in years the total number of high school graduates in Texas dropped sharply. The number of freshmen entering college the following fall was expected to drop in proportion. Instead, a much larger percentage of the June graduates enrolled in college in September than at any time in the past, and an increase of 3.5 per cent in entering freshmen was reported.

Records of the Texas Education Agency show the number of white high school graduates in Texas in 1951 as 43,663 and in 1952 as 39,091. In the face of this drop, a survey by the Council reveals, the 16 state-supported colleges and universities for whites in Texas enrolled 9,439 new freshmen in 1951 and 9,772 in 1952, an increase of 3.5 per cent.

Next year Texas returns to a normal situation, with a high school graduating class that has not been subjected to division or elimination of one grade. The number of high school graduates can be expected to jump appreciably.

Until recently, probable enrollments of freshmen for a number of years ahead could be estimated with reasonable accuracy on the basis of the state's birthrate records of 17 or 18 years before. Since we are now graduating boys and girls born during the

period when the Texas birthrate was climbing out of the depression lows the number of graduates from our high schools would normally increase each year. Now it is reasonably certain that the increase will be accelerated by the fact that a larger percentage of each year's high school graduating class goes on to college.

Add to this picture a new influx of veteran students from Korean service, and the certainty of increasing numbers of freshmen becomes formidable. Reports from Selective Service Headquarters in Texas show that of the 23,605 Texans inducted and enlisted during the months of September, October and November of 1950, 17,342 or 73.47 per cent were released within 24 months. From September 1950 through October 1952, 157,862 Texans entered the service. If the same percentage is released in 24 months, 115,901 will be released during the period from August 1952 through September 1954.

Of the 15,800,000 veterans of World War II, 2,500,000 or 15.82 per cent attended institutions of higher learning under the G.I. bill. If the same percentage of Korean veterans choose to attend college, 18,248 of them will be entering Texas colleges in the next two years.

LUCKY FISH—Held high by his captor, pretty Mary Timm, this fat fish has a smug look of satisfaction. The curly-haired Long Beach, Calif., girl holds the title of California Tuna Queen. Her main claim to the crown is the 15-pounder dangling from her line. Apparently hooking a poor fish is no problem for Miss Timm.

WT GRADUATES AT MID-TERM

Thirty-eight students are expected to complete requirements for degrees at the end of the first semester—January 23—at West Texas State College in Canyon.

James A. Howard, Jr. of Clarendon, majoring in History, and John Miller Morris who is majoring in Industrial Arts, are both among these candidates.

CARD OF THANKS

Our recent sad loss leaves us with grateful hearts toward neighbors and friends. Their comforting expressions of sympathy, thoughtfulness and beautiful flowers will always be remembered.

The family of Melvin Cook.

FARM NEWS

From the County PMA Committee

DROUGHT EMERGENCY HAY PROGRAM:

Weather conditions in the shipping States have caused more hay to be shipped that is damaged from rain and snow.

County Committees in the buying States are experiencing difficulty in locating good quality hay and it appears at this time that the supply of hay will not be sufficient to completely fill all orders filed.

A number of producers are being forced to make other arrangements for feed since they cannot wait for hay to be shipped under this program.

APPLICATIONS FOR ASSISTANCE UNDER ACP DOUBLED IN 1953:

The Approvals have all been sent out for the Donley County Producers. Our record shows that a little more than twice as many farmers and ranchers have requested ACP assistance under the 1953 program, as participated in the 1952 program.

It is apparent that the increased interest has resulted from direct contact with farmers by Production and Marketing Administration Community Committees.

WHY DON'T WE SAVE MORE SOIL?

Farmers don't like to see erosion eat away their soil, and a lot of them are trying to do something about it. But there are problems that keep many farmers from following erosion control practices, which are necessary if we are to keep soil erosion within reasonable limits.

ACP THIRD STEP IN CONSERVATION JOB:

The ACP is responsible for the third step which is essentially one of providing assistance to the individual farmers for carrying out approved measures on his own farm. This assistance is on a share-the-cost basis, with the farmer paying more than half the cost of the approved practices. This assistance represents the interest of all the people in protection and building the soil. It is a form of insurance to maintain the needed production and to pro-

"Hen House" Month Noted

These 4-H youngsters get pointers from their adult leader in culling pullets as they prepare to move the birds into the hen house to begin egg production. For the first time this important farm operation is being noted with a special observance, National "Hen House" Month. While culling of laying hens has long been considered a vital step in profitable poultry raising, the culling of pullets is just coming into its own. Pillsbury Feed Dealers are taking the lead in providing culling information during "Hen House" Month observances and are emphasizing the new method of culling pullets before they enter the hen house.

tect the expenditures made for research and education.

The Applications for Payment must be signed by Producers who carried out Practices in 1952 before they are sent to the State Office for payment. PLEASE DO NOT FORGET THIS.

LOCALS TO SHOW STOCK IN FT. WORTH SHOW

Donley County FFA exhibitors will have a prominent part in the junior show of the Southwestern Exposition and Fat Stock Show. Billy M. Hicks, Tommy Lane, and Bobby Phillely, all of Clarendon, will show a lamb each and Delbert Robertson of Clarendon, two lambs. Jack Moreman and Johnny Brumley of Hedley each will show a Hereford steer and Don Reeves of Hedley will exhibit a lamb.

Mrs. Ray Morgan of Tucumcari, N. Mex. came Sunday to spend a few days with her mother, Mrs. R. A. Brame.

Two Seniors Place 1st in 1-Act Plays

Florence Stephens and Donald Cherry, seniors, were given first places in the all star cast by the critic judges from West Texas State College last Thursday night in the program An Evening of One Act Plays sponsored by the Junior Class of Clarendon High School and produced by the Speech Students. The comedy, "Double Date," was judged best production. Mayrene Phillips was the student Director.

Others getting high awards for their acting were Lovell Hodge as Mrs. Barton, Robert Cash as Gil Pringle, from the cast of the first placing cast. Bob Parker who portrayed the part of the renegade son in "Moon Up" was rated second best actor. Barbara Banister placed on the star cast for her part of "Mary Lou" in "Double Date."

Florence Stephens who ranked first did an outstanding job in her characterization of Jeannie Swan, the garrulous old maid sister, who was set on going to California regardless, in "Decision."

Jimmie Lamberth was master of ceremonies and Broadus Spivey with Perry Jordan and Fred Clifford assistants handled the business arrangements in a fine manner. The plays were given at Lakeview, Memphis, Hedley and Wellington. The Veterans Hospital at Amarillo has asked these students to present this program on the entertainment hour at the VA hospital.

Mrs. Christine Grace, speech and dramatics teacher, was teacher supervisor with Miss Loyd Richerson, homemaking teacher, and Mr. Tom Seay, Ag teacher, and Mr. W. C. Larimer, business administration, sponsors, of the program with the Junior Class.

NOTICE

There was an article in the Amarillo Globe-News January 11th stating among other things that I was retiring. No one has been authorized by me to make such a statement. I have not resigned, nor have I announced my retirement.

HIP POCKET ARTILLERY TEAM of the Army's 40th Infantry Division waits in readiness to give supporting fire to other units of the regiment as they attack Communist positions in Korea. The weapon is a 75-millimeter recoilless rifle.

Household Supply Cagers Capture Own Tournament

The Household Supply Independent Basketball team won their own invitational tournament here last Saturday night by defeating those "never say quit" boys from Kirkland 84 to 57. The final game was a thriller and was a better game than the score indicated. In this particular game, Rip Russell, of Hedley and playing with the Household Supply, was high point man with 27, some of them being long shots that the fans really enjoyed watching slip through the basket. Kirkland wound up in second place with Quail in third and the Dixie Cafe team, also of Clarendon, placing fourth.

Ted Burch, the big reilow with a broad smile from Kirkland, was high point man of the tournament with a total of 93 during three games. Don Loyd, member of the Household Supply team was close behind with a total of 90 and was leading the visitor when he fouled off in the last quarter. Best sport was Mush Butler of the Dixie Cafe team; Best defensive player, Bill White, Household Supply; Best offensive player, Don Loyd, Household Supply;

Best ball handler, Crump of Lefors; most valuable player, Jack Morgan, Quail; most free shots, Ted Burch of Kirkland.

The all-tournament team was composed of the following: Don Loyd, Bill White and Gibson of the Household Supply team; Burch and Scott of Kirkland; Jack Morgan of Quail; Wilson Lane, Dixie Cafe; Bob Jones, Lefors and Hoot Gibson of Wellington. Each player received a gold basketball.

The entire tournament was regarded as a great success and a good attendance was present for practically all games. The tournament was sponsored by a group of Clarendon business firms and individuals who made up the prize list.

Mr. and Mrs. R. E. Beard and son, William Eugene, returned to their home in Amarillo Saturday. Mrs. Beard and son have been visiting in the home of her parents, Mr. and Mrs. Vada Carpenter. William Eugene arrived December 29, and weighed 6 lbs. and 13 oz.

Visitors in the home of Mr. and Mrs. Herman Percival and Billy Joe Monday night were his mother, Mrs. N. S. Percival, and his sister and husband, Mr. and Mrs. Virgil Pond of Amarillo.

CLARENDON, DONLEY COUNTY, TEXAS, JANUARY 22, 1953

A Common Paper for Common People

Speaking of the drought, the lower cattle prices, and other problems that sometimes aggravate a cattleman; the following is supposed to be a quotation from a panhandle rancher who also happens to be close enough to some of that liquid gold.

"I tell you," says this rancher-oilman, "There just isn't anything in the world that will help a cattleman like a few oil wells scattered over his ranch. It's sure surprising how many mistakes you can cover up with a few gushers." You know, I'll bet a few of those wouldn't hurt an old wheat farmer too bad.

You can tell a man who indulges. By the places where he bulges.

I wonder how far away it would be these days to where someone would be making old fashioned home-made syrup? I guess if we have ever driven a mule to an old fashioned mill used in squeezing the juice from the cane we won't ever have to worry about the draft anymore. Anyhow, I can remember when that was my job. I used to worry (See Plowin' Out, pg. 5, 2nd Sec.)

Get Acquainted With Your Gov't. Year

AUSTIN—Gov. Allan Shivers has designated 1953 as "Get Acquainted With Your Government Year", according to an announcement received from the State Bar of Texas, sponsor of the program. An "Official Memorandum" signed by the Governor this week signalled the launching of a statewide better citizenship campaign spearheaded by the lawyers' organization.

At the same time Governor Shivers invited every Texan to attend a meeting of the Texas Legislature, a session of the state Supreme Court, and to make a tour of the various State Capitol offices. "An active, informed interest on the part of all Texans in the affairs of their state and local governments would be a distinct aid to public officials," the Governor stated.

During the signing ceremonies, State Bar president J. Glenn Turner revealed that the State Bar's 1953 citizenship program will seek the cooperation of all public officials, newspapers, radio and television stations, local business firms and civic organizations throughout the state.

Stressing the importance of personal knowledge about and participation in public affairs by individual citizens, the campaign is a projection of the annual "American Citizenship Month" heretofore sponsored by Texas lawyers, according to Turner.

Theme of the 1953 citizenship crusade, "Good Government Is Your Business—Take An Interest In It", will be carried forward through a series of monthly observances stressing various phases of the program. Houston attorney Vick Gould has indicated. Gould shares the chairmanship of the State Bar Committee on American Citizenship with David A. Witts, Dallas Attorney.

Monthly citizenship programs scheduled by the State Bar group include an "Elected Official Appreciation Month" during January, a "Government Open House Month" in February, and a "Write Your Legislators Month" in March.

"The people of Texas should always be conscious of the responsibilities of good self-government," Gould stated. "Simply because the elections are over and public officials have taken office, the citizen is not relieved of further responsibility until the next election. He must keep himself informed and counsel with his representatives."

Best Wishes for Success to F. F. A. and 4-H CLUB MEMBERS ON YOUR 18th ANNUAL SHOW

The Farmers State Bank always feels it an honor to Congratulate the young stock raisers of Donley County for the fine work they are doing. Ventures of this nature bring future success.

It has always been the policy of this bank to help promote anything of value to the farmers and stock-raisers of this area . . . We have led the way with numerous agricultural ventures that have proven very successful . . . that have allowed a number of residents of this area to realize a more prosperous way of life.

At this time, it is with pleasure . . .

REEVES REPORTING

Elbert Reeves
Representative 88th District

The 53rd Legislature started Tuesday afternoon as prosaically as a replayed record. It was a smooth, swift take-off which may be the prelude of tumult to come in a tug-of-war over new taxes and state spending.

I am happy to report that all my requests for committee assignments were granted.

The 53rd Legislature will get something new — a sure-enough executive budget. In the past years the Board of Control budgets were theoretically the Governor's, but now the budget operation is directly under him and will be his recommendations for spending. All indications are that he will set up proposed appropriations for the \$161 million a biennium now being spent from the General Revenue Fund for the Judiciary, Departmental, State Hospital and Higher Education, plus the \$27 million in additional money Comptroller R. S. Calvert estimated this week will be available for appropriation. (Shivers thinks Calvert is conservative, that there will be at least \$30 million there). This extra money will go for salary increases and for some additional program development in the State Departments. Shivers' budget will be closer to that worked out by the Legislative Budget Board, because of closer liaison between the dual budget-making agencies.

Calvert's estimates of revenues, supplied to legislators as they arrived for the session opening Tuesday, becomes a ceiling over appropriations which can't be exceeded except by four-fifths votes of both Houses. The bulk of the (See Reeves Report, pg 4, 2nd sec)

Greenbelt Hereford Breeders Association

The Greenbelt Hereford Breeders Association was organized in Childress some six months ago, and the scope of their operations covers an area of one-hundred miles, circling the City of Childress, and includes the southwestern part of Oklahoma.

The organization started with some twenty-four members, and since that time, has increased its membership to sixty-seven active members. Mr. E. E. Silk, of Newlin, Texas, was elected as the first president of the association, with four additional men named as directors. They include: Mr. Clyde Gilbert, Clarendon; Dr. W. M. Romane, Crosbyton; Mr. Floyd Roberts, Hollis, Oklahoma; Mr. L. C. Atkinson, Thorckmorton; with Mr. E. G. Ross, Goodlett, vice-president; and Mr. N. R. Batten, Childress, Secretary.

The Association, at the first organizational barbecue held on Sunday, December 7, 1952, announced that they would hold a registered calf sale in Childress on Friday, March 20th. This will be the first activity of the newly-formed Greenbelt Hereford Breeders Association. Plans are underway at this time to hold the sale at the old Childress Army Airfield, in the middle hangar located on the apron of the flying field.

The board of directors of the Greenbelt Hereford Breeders Association met in Childress, Thursday, January 15, to discuss final plans for the registered calf sale, and definite information as to closing dates, number of calves each member is allowed to put up for sale, and other details were decided upon at that time.

Mr. Walter F. Britton will conduct the sale in Childress on March 20, 1953, and it is hoped that the people of this area will attend this first calf sale of the Greenbelt Hereford Breeders Association. Mr. Tommy Potts, Memphis, has been appointed Sale Chairman, and will be in charge of the activities on that date. Further details will be published from this office at a later date.

Rice, Cabbage And Cheese Casserole

Simple to prepare and delicious to eat is this hearty rice, cabbage and cheese casserole. Use a fairly small oven-proof dish for the making so that the layered dish will have depth and the flavors will be combined properly. Here is a casserole you will serve often—it is limited to no particular season of the year—all of the ingredients are available at any time in any community!

We suggest that rice, cabbage and cheese casserole be served as a meat substitute—that it be accompanied by other vegetables in season—and a crisp salad.

- INGREDIENTS**
- 1 1/2 cups cooked rice
 - 2 cups shredded or chopped cabbage
 - 2 cups drained canned tomatoes
 - 1 teaspoon sugar
 - 2 teaspoons salt
 - 1 tablespoon chopped onion
 - 1 tablespoon butter or margarine
 - 1/2 cup finely crumbed bread
 - 1 tablespoon melted butter
 - 1/2 cup grated sharp cheese

PREPARING THE FLUFFY WHITE RICE: Put 1 cup of white rice, 1 teaspoon salt and 2 cups of cold water in a two quart saucepan. Cover with a tight fitting lid. Bring to a vigorous boil. Then reduce the heat as low as possible and steam for 14 minutes or until all the water is absorbed, leaving the separate rice grains with their full nutritional value. This makes very firm rice grains. (If you prefer more tender rice grains, add 1/2 cup more water and increase the slow cooking time 4 or 5 minutes.) Remove the lid, permit the rice to steam dry to the desired consistency and the grains will be separate and fluffy. Never stir rice; lift gently with a fork. Keep left over rice in a covered bowl in the refrigerator. Makes 3 generous cups fluffy rice.

METHOD: Mix the tomatoes with salt, sugar, onion and the one tablespoon of butter. Simmer for five minutes. Cook or steam cabbage in a small amount of water for 5 minutes. In a greased casserole, place the rice as the bottom layer, then a layer of cheese, then place the drained cabbage on top of the cheese and top with the tomato mixture. If the tomatoes go too "soupy" drain off a little of the juice and save for another dish. Top with buttered crumbs mixed with grated cheese. Bake in a 400° F. oven until bubbly brown. Makes 4 to 6 servings.

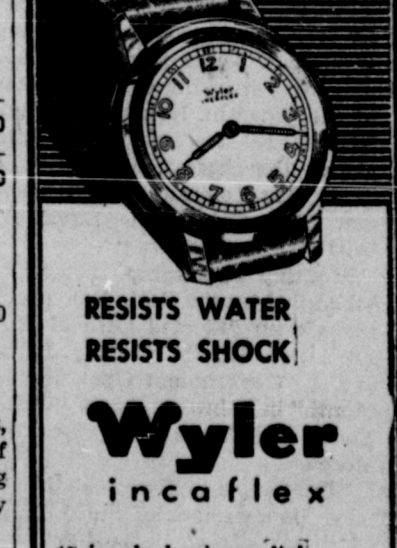

Push-Button Jet

One of the headaches of jet plane operation has been the problem of starting. Because of the large amount of power needed to "turn over" a big engine, jet aircraft have had to rely on field power units for starting.

Now, General Electric engineers have come up with an answer to the starting problem—small gas turbines which, attached to the big jets, set them in motion.

Two types of starter are being developed: one uses a combination of jet fuel and compressed air; the other, hot gases, resulting from the burning of a solid propellant in a replaceable cartridge. With them, it will be possible to "fire up" the parent engine merely by pressing a starter button, just like starting the family car.

The best way to be satisfied with your lot is to build a house on it.

Machine With Muscle

A new General Electric generator, recently installed at Consolidated Edison's East River power station in New York City, packs muscle power equal to that produced by five million men. The 175,000-Kilowatt machine is capable of lighting approximately three million 60-watt lamps.

The new generator will actually do more than the work of fifteen million men. An eight-hour shift at hard work is just about all that can be expected of a human being. The generator, on the other hand, works a 24-hour day, equalling the muscle power of three shifts—or 15 million men, about four times the number in America's combined armed forces.

American Legion Meeting In Austin January 17-18th

AUSTIN—Preparations for 500 Legionnaires and Auxiliary members from all over Texas are being made by the American Legion's state headquarters for the Fifth Annual Mid-Winter Post Officers' Conference to be held here Saturday and Sunday, January 17 and 18, Albert D. Brown, Jr. of Austin, state commander, announced today.

The Auxiliary, headed by the state president, Mrs. Adolf Blieden of Houston, will be participating in the Conference for the first time, Brown stated. The department board of trustees has been called in for Friday, a day ahead of the Conference, to inspect the Legion's new \$200,000 state headquarters being erected here and expected to be completed in May.

Among national Legion officials on the Conference program are Arthur J. Connell, national executive committeeman from Connecticut; Seaborn P. Collins of Las Cruces, New Mexico, a member of the Legion's national security commission and Lawrence J. Fenlon of Chicago, chairman of the national economic commission.

Henry B. Wiener of San Antonio will bring greetings from the 40 and 8 as Grand Chef de Gare of the Grand Voiture of Texas as will H. J. Bernard of Houston, the Legion's national executive committeeman from Texas.

Visiting post commanders, post adjutants, service officers and other officials will hear the American Legion's program presented by a number of its state chairmen.

Invocation will be by the state chaplain, the Rev. Henry F. Selcer of Marshall while the color guard will be commanded by the

state sergeant-at-arms, Dick Criswell of Forney. Saturday night the group will enjoy a dance at the Austin Hotel where all Conference sessions will be held.

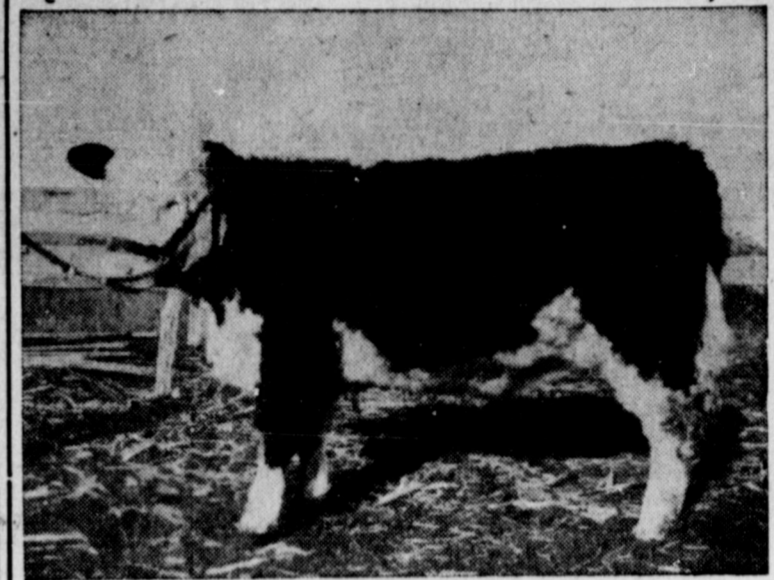

Looking down makes one dizzy—so keep the head up.

Imagination was given to man to compensate him for what he is not, and a sense of humor was provided to console him for what he is.

One can catch the devil without being fleet of foot.

January Is Hand Signal Month In Texas

A message of life and death to automobile drivers.

If you are one of those who continue to defy courtesy while at the wheel, you are destined—by the law of averages—to be killed or maimed in a car wreck.

Of course, you could come out whole in the smash, but the dead or crippled body of an innocent victim of your discourtesy might lie beside you.

These words of warning came from W. Carloss Morris, Jr. of Houston, president of the Texas Safety Association, Inc., which is sponsoring Governor Allan Shivers' hand signal campaign in behalf of traffic safety education.

Governor Shivers on December 31 issued an official memorandum designating January as Hand Signal Month in Texas, urging all drivers to heed the theme: "Right turn—hand up. Left turn—hand out. Slow or stop—hand down."

"Hand signals are the signs of life," said Morris. "They reflect the courteous and thoughtful driver on the alert to prevent accidents and death on our highways. The driver who gives hand signals is automatically reminded of other aspects of traffic safety—the consideration of pedestrians, the danger of weaving in traffic, the death-dealing results of speed, the folly of hogging the road, the importance of yielding the right-of-way."

"Traffic safety education is a splendid element but we must have the cooperation of all motorists if needless slaughter is to be averted. More drivers must practice the preachment of traffic safety education. Hand signals lend that opportunity. Statistics

show that many accidents could have been averted if hand signals had been applied by the offending driver."

The Governor's campaign which is being promoted by press and radio facilities throughout Texas is directed by J. O. Musick, general manager of the Texas Safety Association, and Weidon Hart of the Governor's executive staff, both of Austin, and Bruce Cunningham of Dallas representing the Dallas Civitan Club and the Citizens Traffic Commission of Dallas.

Golden Gloves Time Again In Amarillo, Beginning Jan. 27

Boys who box, boys who would like to know more about boxing, and fans who like boxing are reminded that it's Golden Gloves season again.

Climaxing the preparatory period, which involves individual training and district tournaments in Lubbock, Plainview and Pampa, will be the 17th annual Amarillo Regional Golden Gloves tournament at the Sports Arena, on the Fair Grounds, starting a five-night program January 27.

Tournament officials predict the biggest and best Regional tournament in the history of newspaper-sponsored Golden Gloves activities in the panhandle country. Reasons: For the first time, a novice class is being added; this is for boys who have never had ring experience but who desire to learn more about boxing. Secondly, at least three former "repeater" champions, such as Pat McCarthy, Eugene Cooper and James Wortham, will not be present, thus encouraging boys of those weight divisions to try for new honors. Practically

all champions this year will be up from the ranks; no former champion is defending his title in the open class.

The high school division is due to attract many teams and individuals with limited experience. This group will contest for the high school trophy as well as individual awards. (A total of 56 individual awards will be made.)

Golden Gloves does not encourage boys to become professional boxers; the institution does encourage young men to become familiar with the art of self defense.

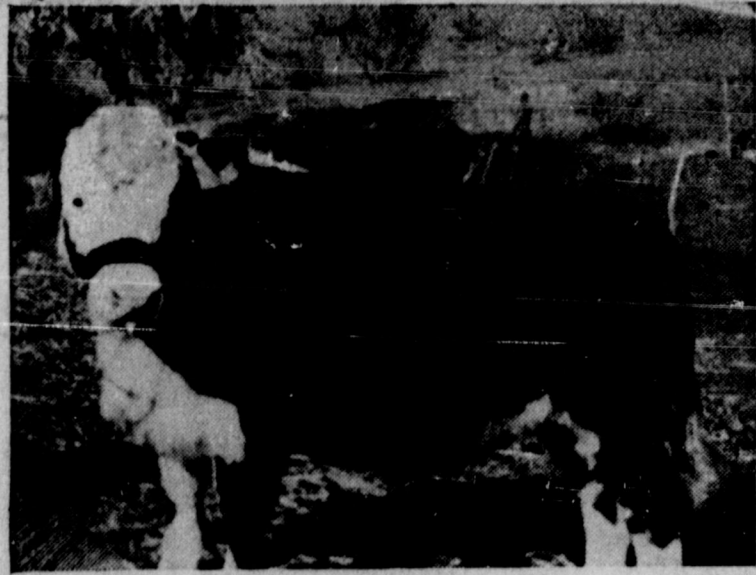

District qualifying tournaments at Lubbock, Pampa and Plainview will provide complete teams in the Regional tournament, but this does not mean that entry is closed to boys who do not com-

pete in preliminary tournaments. Any amateur boxer 16 years of age or older who desires may apply for entry in the District Regional tournament, nearest home. Winners in the open area in the State tournament at Amarillo will represent Fort Worth, all expenses paid February. Winners there, of course, go to Chicago for the 'Tournament of Champions.'

Entries for the Amarillo tournament should be mailed immediately to Duke Nally, tournament director, at the Amarillo Globe-News.

When the end draws near will wish that you had a lot more time that you have wasted.

IT'S THE LAW in Texas

CHECK LIST FOR RETURNING SERVICEMEN

Have you put your affairs in order since you were released from military service? Here is a partial list of things to check.

Have you filed the original copy of your discharge papers with your County Clerk? This is important to insure that a record of your discharge papers always will be available. It protects you against future loss from theft, fire or negligence. Should you lose your discharge papers, the government will give you only a certificate stating that you were in service, but giving no other pertinent information. County Clerks throughout the state accept your discharge papers for filing without cost, and thereafter you may obtain certified copies

whenever the need arises.

When you entered military service, did you execute a power of attorney so that someone would be able to act for you during your absence? If you now want complete control of all of your affairs, you must cancel any contract which gives certain powers to someone else.

If you have had a will prepared, has it been revised to suit changed conditions? For example, if you have married or if another child has been born to you and your spouse, you will want to check your will to make sure that all of your dependents are provided for. Changes in tax law, judicial decisions and administrative actions by the Treasury Department, too, could affect the provisions in your will. Especially is this true if the government has passed a new revenue act since your will was prepared.

Are the beneficiaries named in your life insurance policies now correct? Is the amount adequate now in the light of the present deflated dollar? It is important to note that, unlike World War II veterans, Korean veterans must act within 120 days after release from duty in order to continue their government insurance.

Did you change your automobile license and insurance to the name of another person? If your car was not used for business purposes during your absence,

you perhaps were granted a reduced premium. Is the insurance you carry now adequate for the purposes for which you use your car?

Did you take advantage of certain provisions in the Soldiers and Sailors Civil Relief Act to protect you from further liability for leases or contracts after you entered service? This act provides for immunity from court action only during the time you serve in the armed forces. Did you miss any payments on your home while you were in service? You now are liable for interest which accrued on the unpaid balance during the years that payments were postponed. These debts were not forgiven — and now that you a civilian again, you must take up your postponed responsibilities.

Have you applied for reemployment in your old job? Application must be made within 90 days after you are released from service. If you do not return to your former job, it will be helpful to your former employer if you notify him as to your decision. The 88 local offices of the Texas Employment Commission and the Federal Bureau of Veterans Reemployment Rights are equipped

to protect your rights and assist in returning you to your pre-service employment status. No charge is made for this service.

A pamphlet explaining procedures to safeguard your reemployment rights can be obtained by writing the Bureau of Veterans' Reemployment Rights, Room 222 Commercial Building, 1100 Main Street, Dallas 2, Texas. (This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

SMART FOLKS—THOSE BUICK ENGINEERS!

They've made the 1953 BUICKS 87 ways better

World's
newest
V8

OUR hat's off to the men who made the 1953 Buicks what they are—the greatest Buicks in fifty great years.

They came up with a new kind of V8 for the SUPER and the ROADMASTER — a brilliant V8 Engine with a long list of engineering "firsts."

They redesigned the F-263 Fireball 8 for record horsepower and compression in the spirited Buick SPECIAL.

They kept every inch of room in the roomiest six-passenger Sedan in America — and still shortened its turning radius considerably.

They did new wonders with the wonderful Million Dollar Ride. They stepped up visibility, comfort, handling ease, control.

And man! — what they did with getaway!

They dreamed up, designed and developed a new Twin-Turbine Dynaflo Drive* that whisks you away quick as a wink — and just as smooth, almost as silent.

In fact, no other car in the world gets away with all the combined quickness, quiet and smoothness of a Twin-Turbine Dynaflo Buick.

Wouldn't you like to see for yourself just how great these Golden Anniversary Buicks really are? Drop in soon—we'll be happy to do the honors.

Reeves Reporting

(Cont. from Page 1, Sec. section)
 State's money is from sources earmarked to specific purposes, and appropriations are generally limited to GRF monies, or to adjusting allocations, from other taxes. As to GRF revenues available for spending, both restricted

and unrestricted, Calvert made these estimates:
 Estimated balance September 1, 1953 \$27,535,341
 Estimated Receipts, 1953-54 fiscal year \$82,483,981
 Estimated Receipts, 1954-55 fiscal year \$79,799,656
 Total available for appropriation \$189,818,978
 These figures become significant

when placed alongside the \$161,343,159 appropriated for the Big Four bills during the current biennium. They leave \$28,478,820 available to meet additional demands for spending. Until GRF appropriations pass that figure, no new taxes will be needed.
 Some disagreement may come from school people on Education Board proposals to revise the

economic index which determines which part of the \$45 million local assignment of C-A costs is to be paid by each school district. PTA is for "continued improvement of the Minimum Foundation school program," while TSTA is against "Harmful Tampering with the economic index." The education board recommends using a three-year moving average of figures to determine a county's ability to pay instead of the present one-year basis. Major change, however, would be a shift to county-by-county personal income taxes paid the U. S. as the index base, to be introduced gradually to avoid a sudden shift in local costs.

The TSTA, Parent-Teacher Assn. and State Board of Education have laid out their plans for a heavy legislative program. Both TSTA and PTA endorse the \$3000 minimum pay for teachers, while the education board points out that three times as many teachers dropped out last year as in 1949-50, that 8,000 more teachers will be needed next year in the face of increasing enrollment, the Texas colleges are turning out only 3,755 qualified teachers, and indicating that higher pay is the solution to the shortage. TSTA wants to increase standards of the teachers who will get the higher pay. PTA supports a teacher certificate proposal by the education board which Educ. Commr. J. W. Edgar said would change the present requirements of one year of college for a provisional certificate and 4 years for a permanent one to 4 and 5 years, respectively.

A second inauguration of Gov. Shivers and Lieut. Gov. Ben Ramsey, planned by an Austin citizens committee, with a gala round of activities on deck, took place January 20, a week after the Legislature convened. The com-

mittee made up in parades, pomp, frills and dances what the 1951 inauguration lacked when the two took office soon after the Korean War began and they waived a celebration. Governors of five Mexican States attended and 20,000 Texans received invitations from the committee thru Ticket Manager Ed. Clark.

MARTIN NEWS

Mrs. W. H. Morrow

There was a large crowd out at S. S. and church Sunday, although there was a lot absent on the account of flu.

Our Sunday school superintendent Mr. George Bulman was out on the account of having the flu. Every one hopes for him a speedy recovery.

Bro. Harmonson will begin a Study course on the Book of the Philippians Monday night, January 26. Every one is invited to come and take part.

The ladies are invited to come to prayer meeting Wednesday night. They are going to organize a WMU.

Bro. and Mrs. Harmonson and family were dinner guests Sunday in the W. R. Marshall home at Ashtola.

Mrs. Richard Cannon and Mrs. Frank Cannon and Kerry visited Mr. and Mrs. George Bulman Sunday eve.

Mr. and Mrs. C. E. Jackson are spending their vacation at Hot Springs, N. Mex.

Mr. and Mrs. H. A. Harrison visited Mr. and Mrs. Frank Cannon and Kerry Sunday eve.

Mr. and Mrs. Pete Land and Mr. and Mrs. Elzie Kidd visited in the Walter Morrow home Thursday night.

Mr. and Mrs. Wallis Walling of Huntington Park, Calif. were

called to the bedside of his father Mr. Ill Walling who is in the hospital at Memphis, last Sunday. Mr. Walling is some better. Mrs. Wallis Walling is Mrs. Morrow's sister.

Mr. Raymond Waldrop and Mr. Guy Sibley visited Mr. George Bulman Sunday eve.

Mr. and Mrs. James Tolbert and girls were dinner guests of Mr. and Mrs. Oran Lee Hill Sunday.

Mr. and Mrs. Ralph Morrow and Ralph Carroll of Amarillo visited his parents, Mr. and Mrs. W. H. Morrow Sunday.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

This week we have been busy finding biography theme material for English Literature. If in your college career you did not sell all your English Literature copies, I shall be happy to have them donated for use here. Last year some friends sent me four that have been of great use to the students for reference material.

We have a recent fiction edition, "The Quick Brown Fox," by Lafrance Schoonover. This is the story of a good and intelligent man lulled into complacency after twenty years of fought for security, a highly perilous state, as our author brilliantly illustrates. But it is quite modernly told.

A friend gave us a donation of five dollars this week, and it was very graciously received. Every penny received here is used to advantage as you would all realize if you viewed our material. Our art material is not as we would like, but all books pertain to the subject are so very expensive.

olve.
 A friend from Lelia Lake donated two books this week that will be very useful for reading recreation. They are "Yankee Woman" by Eric Bozome, and "Death Stalks The Range" by Rider. These out of town remembrances are greatly appreciated.

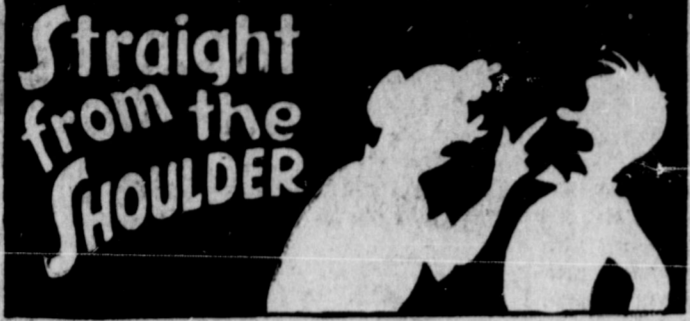

Calvary Baptist Church

Last Sunday was the first day in our new location and it was a banner day. There were 45 in Sunday School and preaching Service, and over 60 in the evening Service. Both services were high Spiritual hours; and to make it more wonderful, there were six additions to the Church during the day. God is blessing in a wonderful way and is bringing to pass Jer. 33:3 in this little church. Many of our people have the flu, but in spite of this our crowds were good.

Some ten or twelve enjoyed a very lovely dinner in the Jordan home and the fine fellowship of the home; also a goodly number attended the Worker's Conference at Lakeview last Tuesday. The Lord will never cease His wonderful work; He put it in the heart of a good woman to purchase a nice piano and placed it in our church at no cost to the church. We are grateful to her for this kind and timely gift; and may our God richly reward her for this service.

If you are in doubt as to what we believe, come and worship with us and get the information first-hand. If you are in need of a warm Spiritual Church Home we extend to you a hearty welcome to Calvary Baptist Church.

THE CHURCH WITH A FRIENDLY WELCOME
 Ernest Phillips, Pastor

--- let's get this straight. It is not our intention to encourage borrowing. It is our intention to make personal loans when there is a real reason. When you need to arrange for a loan, stop in and talk it over with us -- in confidence.

411 Sheepskins from Texas

"Where do General Electric's engineers come from?" a visitor asked us. "I suppose they all got trained at MIT, or Cornell, or Michigan."

His question set us pondering, so we started plowing through the file cabinet for an answer. And, of course, it turned out as you'd imagine—NO. General Electric engineers don't always come from eastern technical schools. They won their slide rules from colleges in every state.

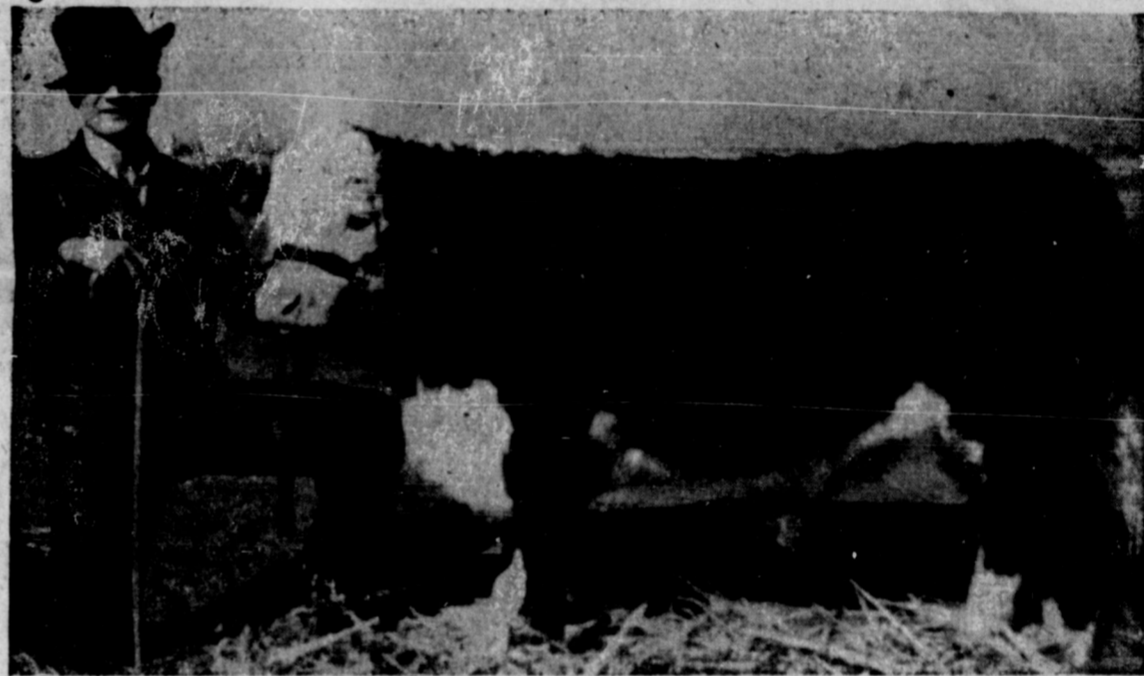

Maybe you'd like to hear how many of our bright engineers got their engineering education in your home state. Here's part of the list...

328 came from colleges in Kansas . . . 207 from Oklahoma . . . 125 Nebraska . . . 103 Montana . . . 97 South Dakota . . . 87 North Dakota . . . 47 Arkansas . . . 41 Wyoming . . . 411 came from Texas colleges . . . well, the list includes every state.

One out of every twenty employees at General Electric is an engineer or scientist. You know that a big part of our work is improving products and working out new ideas.

Right now young men from your home state are working on big and important engineering jobs at General Electric. You should be mighty proud of them because—take our word—they're doing a swell job.

You can put your confidence in
GENERAL ELECTRIC

CONGRATULATIONS AND BEST WISHES

F. F. A. and 4-H CLUB MEMBERS

ON YOUR

18th ANNUAL DONLEY COUNTY STOCK SHOW

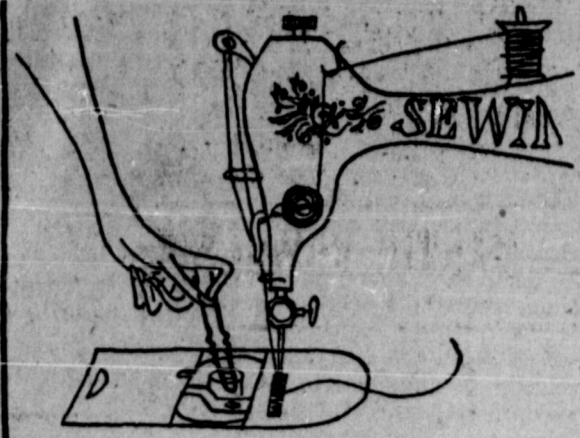

Knowing the invaluable service your projects mean to this community—4-H and F.F.A. Club members, let us congratulate you on the Stock Show Jan. 24th. We have always been enthusiastic supporters of your movement, and believe the F. F. A. and 4-H members will do much to bring about satisfactory conditions among our farm people.

Pity the Poor Hairpin!

It used to be Woman's Best Friend, It mended the sewing machine ...

It opened locks ...

It even kept your hair in place.

But now it's a queen-pin no longer. Today Reddy Kilowatt is Woman's Best Friend. He does hundreds of chores for you at the flip of a switch. He washes, dries, irons your clothes. He will refrigerate and cook your food ... do the dishes ... cool the house ... stir the cake ... shave your

husband and bring you hours and hours of leisure time. And that's just the beginning! Yes, for real time-saving, work-saving, Woman-saving jobs — at a pin money cost — select Reddy Kilowatt. Let your local appliance dealer show you how easily Reddy Kilowatt can do your housework.

West Texas Utilities Company

PLOWIN' OUT

(Cont. from Page 1, Sec. section)

about that old mule; just round and round and round all day long. I just couldn't see any future in it for him or myself either. Course we always had plenty of 'lasses to eat, but somehow I didn't appreciate it. Maybe I was wrong but always seemed to me that we had to eat the ones that nobody else would buy; sort of scorched or something. We did eat them and I guess we should have said they were good; like the old negro said about the whiskey the boss gave him. The boss asked him later how it was and he said: "Jes fine Boss, jes fine; ifen it'd been any better you'all never would a' give it to me, and ifen it'd been any worse it'd a' kilt me."

Some folks are like an open book; only trouble is sometimes we cant shut them up.

For our scrap book selection for the week I hope you will like the following entitled GIVING, author unknown.

God gives us joy that we may give;

He gives us joy that we may share;

Sometimes he gives us loads to lift

That we may learn to bear.

For life is gladder when we give,

And love is sweeter when he share,

And heavy loads rest lightly too

When we have learned to bear.

New members in the ASRNS for this week include Van Mills of the Soil Conservation Service, and D. W. Murphy, of Petersburg, Texas. Glad to have both of you as "Bruders".

Since the last Tide lands steal, or squeal, whichever it is I just wondered if one could still find a Trumanerat in Texas. Just wondered that is all. Course should I hear of one we will forward his bank account to independence, Mo. to help in the construction of the Hall of Fame that is being

Dr. J. W. Evans

Phone 285 - Clarendon, Texas

planned there. That is, we would do all this by special request, less the usual five percent handling charges.

Sometimes certain things just sort of tear at my heart strings. The story by Louise Evans in last Saturday's Amarillo News regarding the Air Base fellows taking up a collection to help the victims of the recent bloody hijackings did just this. I think this gesture on the part of the boys at the base will do much to make everyone appreciate the real fellows who make up nine hundred and ninety nine percent of all the boys at the base. The man, if you call him that, who set off the criticism by his tirade about the fellows from the base who were involved in these crimes should be made to remember a few things. First; all of these boys are from the average homes of Mr. and Mrs. America all across the country. They would have much rather stayed home and lived a normal life. They never even had a vote on the war or even on the men who got us involved in it. They are fighting our war, and trying to right the mistakes that others have made. Anyway, the one who so anonymously said all those mean things about the fellows in general at the base must surely feel just about "that" big by now, after reading Louise's article. Anyhow, we know that the same ratio of good and bad would apply to boys whether they were in or out of the Air Force.

Dinner guests in the W. L. Jordan home for Sunday dinner were Mr. and Mrs. Charlie Hearn and Shirley; Mr. and Mrs. Joe Holland, Bro. and Mrs. Earnest Phillips, all of Clarendon; Mr. and Mrs. Billy Jack Jordan and Karla Sue of Amarillo.

Mr. and Mrs. Otis Naylor, their son Robert Naylor, and Elaine Clayton of Memphis visited in the home of Mr. and Mrs. Dane Perdue Sunday afternoon.

Mrs. W. L. Jordan and Jeanie Pittman visited in Amarillo Tuesday night with Mr. and Mrs. Billy J. Jordan.

Mrs. J. H. Easterling of Clarendon visited the W. L. Jordons Monday.

Mr. and Mrs. W. L. Jordan and Mrs. Othel Elliott is sick with Perry visited in Pampa on Sat. the flu. 237557

take your tractor to tractor specialists...

There's a difference in tractor repairing! Many halfway jobs may "get by" for a time. But you need overhaul work that matches the original care and precision built into your Allis-Chalmers tractor. Our factory-trained mechanics will give you much more than just a "get by" job. Their experience, knowledge and use of proper tools are of great value to you. You get longer tractor life and less cost per hour of operation. We have the tools that fit the job. Valve refacers, rod aligners, compression testers, engine stands, torque wrenches, all help our trained men do the best work for you. Arrange for a winter overhaul Now.

Enjoy the National Farm and Home Hour every Saturday on NBC.

CHRYSLER'S NEW YORKER DE LUXE

Club Coupe

A great many of you have been waiting for this ... a swank, sporty Two-Door Club Coupe with the special flair of the Chrysler New Yorker line.

You'll like its looks. It's a true Chrysler and acts like one ... safe, solid, comfortable.

It's powered by the only new-type engine in any American car. All the power you can use. More real control and security than you've ever felt before, uptown, downtown, and out-of-town.

Power Steering ... Power Brakes ... Fluid-Matic Transmission ... they're here, too. And so are those double-strength Oriflow shock absorbers that make a road feel as smooth as a dance floor. You know this car will do what you want it to ... without coaxing.

Stop in soon at your Chrysler dealer's and discover what the world's finest engineering looks like and feels like ... right in your hands!

FUR SEAL

Greed and waste—which have robbed the world of many birds and animals—almost put Fur Seals out of existence. But reckless men were halted in time to save the amazing creatures.

There were no more than 150,000 of the Seals left, some forty years ago, and they were fast disappearing. At last a treaty was

made which forbade killing the Seals while they were migrating in the ocean. It was also agreed that only limited numbers of the Seals might be taken each year under the supervision of the United States government.

Thanks to this protection, Fur Seals have increased in number. The National Wildlife Federation reports that there are now between two and three million of

them. Only when they spend a few months of the spring and summer on land does the government permit between 90,000 and 100,000 to be killed. Eskimos do the hunting, and they take nothing but young male Seals—never females.

At the time that this hunting goes on, the Seals are living on the cold, rocky Pribilof Islands in the north Pacific Ocean. The males arrive there early in May, and the females come in June.

Soon after the females waddle ashore, their young pups are born. The babies weigh 10 to 12 pounds apiece. They are black at first, but later turn gray. Though they all look alike, and spend their time together, the pups cannot fool their mothers. The mothers can pick their own pups out of the pack without any trouble.

Along in October and November, the herds begin to flop off their rocky islands. They plunge into the waters of the Pacific and head southward. From then until spring, they stay in the water.

Traveling in groups, the Fur Seals swim hundreds of miles to the south, sometimes going as far down as California. But they never get closer than a hundred miles off the shore. Only a sick or crippled Seal tries to find land

during the long winter migration. At the end of the winter, the packs make their return journey to the Pribilofs. Always they keep a sharp lookout for their worst enemy, the killer whale, and for their favorite food, small fish.

The males are especially anxious to eat well, because they go without food from May to August. The females fare better in the spring and summer, often leaving land to get something to eat.

Nevertheless, the males are the giants of the herd. By the time they are fully grown, at the age of seven, they weigh from 400 to 500 pounds each. They are black or dark brown. The females are lighter in color and smaller, weighing an average of 80 lbs.

Though awkward on land, Fur Seals are powerful swimmers. With their flippers, they gracefully cut through the water and cover many miles without stopping. They are also skillful at leaping into the air and diving under the waves.

It takes a woman longer to dress than a man because she has to slow down for the curves.

Dew Won't Do

Much as moisture collects (or condenses) on your iced-tea glass when the weather's warm, it also has a bad habit of forming in supersonic wind tunnels, disturbing airflow patterns which result in faulty test data.

It's not heat, but 1000-mile-per-hour winds which cause condensation in the tunnel at Langley Aeronautical Laboratory in Virginia, one of the world's largest (4 x 4 feet) for supersonic research. With wind at such high velocity, temperatures in the tunnel drop to more than 100 degrees below zero. With the cold temperatures comes condensation.

So that aerodynamic research data can be as accurate as possible, a General Electric dewpoint recorder is being used to help in controlling the amount of moisture in the tunnel. In operation, it breathes air from the tunnel over a mirror which is refrigerated. Moisture in the air forms

a dew spot on the mirror. The instrument indicates the dewpoint of the tunnel air at all times. An increase in dewpoint warns laboratory engineers, who then bleed dry outside air into the tunnel. By watching the dewpoint recorder, engineers know how much dry air to use in order to keep tunnel air moisture down.

Although the dewpoint recorder has been used in processing industries for a number of years, this is one of the first reported applications of it in a supersonic wind tunnel.

Everybody is willing to give a man a boost when he gets to the top.

No Amount of Magic Substitutes for "KNOW-HOW"

Hokus-pokus or magic wands won't fix tractors and other farm implements. It's "know-how" that gets the job done right.

You can be sure of getting quality service at our shop. Each of our mechanics is experienced in servicing John Deere Tractors and Equipment. But that's not enough! They're required to attend frequent schools where they're taught servicing techniques recommended by the engineers who design John Deere Equipment.

What does this mean to you? Plenty! It means service work on your John Deere Equipment will be done quickly and efficiently. Only the necessary work will be done and it will be done at the lowest possible cost. Call us for a free service estimate; we'll be glad to talk with you... anytime.

Depend on Our JOHN DEERE Service for Quality Service... Economically Done!

To The People of The 18th District

By Cong. Walter Rogers

THE INAUGURATION:

This letter is being written several days in advance of the Inauguration, but will reach you very shortly after President Eisenhower takes up the reins of Government. If the weather for the Inauguration remains as it is today, the new President will take office in weather closely akin to early Spring. I sincerely hope that the weather remains good because there are many, many people from all over this country and from foreign countries converging upon the Capital City to witness the orderly transition of the government of this country from one administration to the other. The orderly and peaceful transfer of the reins of government under democratic processes is a deep and moving occasion to witness first-hand. It is difficult for the mind of man to fully envision the tremendous burdens that are shifted from the shoulders of one man to the shoulders of another in a period of approximately thirty minutes. During this election year I have had the opportunity of talking at length

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes into the bronchial system to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users

T. M. SHAVER, Owner

with a number of foreigners from many places around the world. Some of them had witnessed these operations before but found it difficult to believe that the heat of the campaign would not leave some scars and deep wounds that would mar this transition. Others who had come to this country in recent years simply could not believe that it was possible. By the time you read this letter these people will have watched this transfer of the reins of government without so much as one mishap and with very little fanfare, trumpet blowing and clamor insofar as the serious side of these proceedings is concerned. They will at the same time witness the celebrations, the parties, the balls, and the many other social activities incidental to the proceeding, in which activities the men, women and children taking part will demean themselves as 'ladies and gentlemen and true Americans united in their beliefs that the primary interests of all is the welfare of this great country in which it is our good fortune to live. The incidental proceedings, such as the social activities, will of course consume the greater part of several days. These activities include everything from early morning breakfasts, luncheons, afternoon teas and parties, to formal and informal dinners and dances. The Inaugural Ball is of course the highlight of the social activities. Under the social rules and regulations this affair is strictly formal, which means that the ladies must have a new dress or be able to appear in one in which they have not before been seen. The men of course are required to wear formal evening clothes, which means a white tie and claw-hammer coat. The wardrobe of most men do not include this ultra formal wear. Many of them confine their formal attire to tuxedos. However, the Inaugural Ball invitations expressly call for the white tie. Soon after these invitations were in the mail there was a great scramble around Washington by the men-folks seeking to rent these dress suits with the long tail. Many of these rental suits no doubt have a rich history. It is entirely possible that some of them were worn by former Presidents, and it is highly probable that many of them

have been worn by high dignitaries, both domestic and foreign. I am sure that if these suits could talk, they could tell some interesting stories. Among the accessories worn with the full dress suit is a silk top hat. However, the new President has publicly stated that he will not wear a top hat, but instead, intends to wear a black Homberg. This of course is most comforting to many who do not have a silk topper and are unable to acquire one. This departure by the President himself from the so-called social code is looked upon with favor by myself and many other Westerners who prefer to wear the most comfortable hat of all—the West Texas model. The truth is I intended to wear mine, anyway.

The hotels, tourist courts, and tourist homes are all full and overflowing, and every available room in Washington has been commandeered by the housing committees. Many of the people coming to the Inauguration will remain in the Pullman cars in the railroad yards. I understand that they have all of the comforts of home except shower bath facilities. These they have to obtain inside the Union Station. So, if you happen to be here and see a man or woman walking across the Union Station in a bath robe,

Symptoms of Distress Arising from STOMACH ULCERS DUE TO EXCESS ACID QUICK RELIEF OR NO COST

Ask About 15-Day Trial Offer!

Over four million bottles of the WILLARD TREATMENT have been sold for relief of symptoms of distress arising from Stomach and Duodenal Ulcers due to Excess Acid—Poor Digestion, Sour or Spicy Stomach, Gasiness, Heartburn, Sleeplessness, etc., due to Excess Acid. We Congratulate

The Youth of DONLEY COUNTY

ON THEIR EIGHTEENTH ANNUAL

Fat Stock Show

In congratulating the young people who are exhibiting in this week's livestock show, we also take time to mention what we really know to be true regarding the value and profits of Club activity -- and activity that even can be the key to your success! We know without doubt that Club work will profit in hard dollars and cents to every member -- it will enable you to be a more successful farmer, rancher, and citizen of tomorrow, because the very participation in such constructive down-to-earth enterprise lays a foundation of knowledge and future security that cannot be shaken. Hats off to you!
