1953 CROP PRODUCTION GOALS ANNOUNCED FOR TEXAS

The 1953 production goals for spring-seeded crops in Texas reflect the need for more grain and forage crops and less cotton and wheat. If the goals are attained, says H. M. Breedlove, County Agent, total agricultural production must continue at a high level and would equal or exceed last year's output.

The largest increase—92 percent—is for grain sorghums for grain. The acreage goal is 5,150,000 acres, says Breedlove. The goal for all sorghums which includes those used for forage such as hay and silage and for grain has been raised 22 percent above last year's figure to 7,385,000 acres. The corn goal has been increased to 2,500,000 acres or 9 percent above the 1952 acreage. The goal for tame or planted hay crops has been increased by 5 percent and stands at 1,400,000 acres.

These increases, points out Breedlove are urgently needed to restore the depleted stocks of grain and roughage feeds because of the drought and reduced plantings in the state during the past two years. Unusually large quantities of hay have had to come from other states, says Breedlove, to help meet the demands for roughage feeds.

Texas producers of upland cotton are asked to reduce their acreage 14 percent below the July 1 acreage of last year. The 1953 goal has been set at 9,945,800 acres. It is hoped that much of this reduced acreage will be planted to grain sorghums. Producers in the state of extra long staple cotton are asked to plant no more than 14,200 acres or a reduction of 59 percent from 1952 plantings. This type of cotton is produced in the Pecos-El Paso areas.

In commenting on the 1953 goals, Breedlove emphasizes that the goals program, as worked out by the State Mobilization Committee and approved by the USDA, recognizes that the demand for farm products will probably remain high because consumer income and expenditures are expected to exceed those for 1952. At the same time, he adds, exports of some of our important crops are dropping due to increased supplies of agricultural products in other countries and a shortage of dollar exchange. Cotton and wheat are two mighty important Texas crops affected by this export situation.

In commenting further, he says that the purpose of the goals program is to give farmers information on expected demand for their products and what acreage will be needed to meet this demand. If farmers make the necessary adjustments suggested by the

goals program, he continues, they will reduce the possibility of building up burdensome surpluses and depressing prices which may in turn necessitate acreage allotments and marketing quotas.

The goals are carried to the farmers through the State and County Mobilization Committees. Other 1953 goals for Texas spring-seeded crops include rice, 550,000 acres, a decrease of 1 percent from last year; sudan for seed, 27,700 acres, an increase of 32 percent and sweet potatoes 38,000 acres.

Breedlove urges farmers to plan spring planting schedules in accordance with the goals program and to utilize abandoned wheat acreage—should moisture deficiencies make this necessary—for growing grain sorghums and pasture or hay crops.

Series of Sermons At First Christian Church

Beginning next Sunday night a series of seven sermons on "The Second Coming of Christ" will be featured at the local First Christian Church. What will happen when Jesus appears in the Air? L. L. Oliver, local minister, extends a welcome to everyone to hear each and every one of these sermons.

Sgt. Gerner In Korean Movie

A Donley County member of the Armed Forces, Sgt. Roy L. Gerner, has crashed movie land, but not in Hollywood. Sgt. Gerner recently wrote his mother, Mrs. E. H. Gerner that Army movie photographers recently used the 2nd Division sector in Korea as a location for the filming of an all-color movie, "Report to the Army". Sgt. Gerner is a member of the 2nd Division and states that whenever the movie is released to the public that he can be seen in the film for about 20 minutes.

The movie will cover the worldwide activities of the army. A large amount of film footage covering phases of combat in Korea was shot in the Indianhead Division area which includes such hill sites as Old Baldy, T-Bone and Porkchop, scenes of bloody battles a few months ago.

When complete the movie will be used primarily as an orientation film for recruits and trainees, but also will be shown at congressional, educational & church gatherings and at a later date to the public.

FREEDOM MEASURED IN MINUTES

Out of her iron lung for a few minutes, two-year-old Regina Edwards, stricken with polio in 1952, listens intently to the advice of Lois Christianson, a nurse at the Southwestern Polio-myelitis Respiratory Center in Houston. Regina is very young to learn how serious polio can be but the disease that claimed more than 55,000 cases in 1952 seems to prefer young victims. Help is urgently needed to care for polio patients and further research to conquer this disease. Join the 1953 March of Dimes before the fund-raising campaign closes on January 31.

School Cafeteria News and Menu

There was a little confusion in regard to the change in charges for meals at the Cafeteria beginning Monday of this week, and we hope the following will clear up any question as to increase or decrease: Students in the 1st thru the 8th grade will be charged 30c for meals and all high school students will be charged 35c. This will equalize the cost of lunches as the first three grades have been paying 27c and the next five grades 32c, stated a P.T.A. lunch room committee member. The committee wishes at this time to thank the West Texas Gin and all others concerned for the nice check which was presented to the Cafeteria last week.

The menu for next week:

Monday—Lima beans, cheese, spaghetti and tomatoes, spinach, bread, milk, peanut butter cookies.

Tuesday—Baked turkey, dressing, gravy, cranberries, english peas, bread, milk, fruit.

Wednesday—Hamburgers, lettuce, onions, potato chips, buns, milk, pudding.

Thursday—Peanut butter, crackers, brown beans, green salad, pickles, bread, milk, cinnamon rolls.

Friday—Boiled ham, pickles, cream potatoes, green beans, bread, milk, cake.

Donley Pioneer Celebrates 95th Birthday

Mrs. O. C. Hill, long a resident of Donley County, celebrated her 95th birthday Sunday in the home of her son and family, Mr. and Mrs. W. T. Hill at Lefors. Friends and relatives called throughout the day to visit and wish Mrs. Hill "Many Happy Returns of the Day."

The honoree received many lovely gifts and beautiful flowers. She has been making her home in Lefors since June of last year.

Polio Drive Is Started Here

Walter E. Knorpp, county chairman for the March of Dimes, announced yesterday that the annual March of Dimes Polio Drive had been started this week in Donley County and he felt sure, even with a late start, that residents of this area would answer the call within a short time and raise the amount that this county should raise this year. Knorpp is being assisted by G. W. Bradshaw who directed the distribution of collectors through the cooperation of local Boy Scouts. These collectors, where anyone can drop any number of dimes, were placed in practically all business places over town.

The first event scheduled to raise money for the fund is slated tonight in the form of a double header basketball game at Hedley. The games will be played between four independent teams; Hedley and Memphis independents and Clarendon's Household Supply Co. and Dixie Cafe teams. A dance is being planned for next week which will be held Friday night, February 6th at the Legion Hall. This will be a good opportunity for everyone to help out with the March of Dimes Drive and have a swell time while doing so. There will be plenty of high spirited music when the local string band goes into action.

Knorpp stated that Donley County was indebted to the National chapter for over \$4,000 that was used here in 1951. "Our condition was much better this last year, but only a small amount was raised to pay on this debt. If everyone gives generously our drive will be a grand success," he added.

Pheasant Shoot At Clarendon Country Club

There will be a Pheasant Shoot on Sunday, February 1st at 1:30 P. M. at the Country Club trap range.

The prizes to be given the winning shooters are Dressed Frozen Pheasants, Hams, Bacon and Shelled Pecans.

The public is invited to attend this shoot either as a shooter or spectator. Break out the old shotgun and come on out. Ammunition will be available at the club.

HONORS GIVEN TO SPEECH CLASS

Cornell Toliver, who is in charge of the Speech Activities at Canyon, has invited the Speech Class of Clarendon High School to present a one-act play. This play is to be given in the workshop at Canyon on February 7, 1953, at West Texas State College.

Winners Announced In Local Fat Stock Show

Rev. Scott To Speak At Sunday School Meeting Tonight In Amarillo

Amarillo will be host tonight (Thursday) to the Palo Duro Baptist Association Sunday School Conference. The meeting will be held in the Pierce Street Baptist Church, beginning at 7:15 o'clock.

Rev. Howard E. Scott, pastor of the First Baptist Church in Clarendon, will deliver the principal address.

A supper for pastors and Sunday school superintendents will be held at Dowell's Cafe, 419 North Fillmore, preceding the conference.

At the supper meeting denominational plans for expansion of the Sunday school in 1954 will be presented by Bob Stroble, educational director of the First Baptist Church in Pampa.

Over 1,000 People Don't Care

From the way it looks right now, over 1000 Donley County residents apparently just don't care what happens this year in regard to elections, for only 658 had paid their poll tax by Tuesday afternoon. It is disheartening to see so few of our residents side-step this important duty, for you never know when you will need your voting privilege the most. Your vote may be needed to decide a special issue and that special issue may be something that will effect your own personal progress, your happiness or your future as an American citizen. You can always feel proud to say, "I have paid my poll tax and I can vote as I please."

Saturday midnight, January 31st is the deadline for paying your poll tax. The tax office in the court house will remain open until that hour to accommodate those who put this obligation off until the very last second. If you have not already paid your poll tax, then be one of the several hundred that should jam the court house between now and Saturday night to bring our total voting strength up to the normal 1800 or so.

Saturday is also the deadline for paying current taxes without penalty. Starting February 1st, all taxes will be delinquent and will draw penalty and interest when paid.

The 1953 Donley County Fat Stock Show was one of the best ever held in Clarendon says C. L. Lewis, President of the show. A big crowd was on hand for the judging of all events. The judge was Herb Davis, vocational agriculture teacher of Amarillo. H. M. Breedlove, manager of the show thinks that this year was one of the toughest in competition in all classes of the show and that 4-H Club boys and FFA boys from all over the county did a fine job this year in their feeding demonstrations.

A total of \$388.00 was given in prize money to the boys in the show. This money was made possible by donations of business men and individuals who are interested in the future of the club boys of Donley County. The livestock shown in the Donley County show will be shown and sold at the Amarillo Fat Stock Show to be held in Amarillo from the second to the sixth of March.

The grand champion steer was shown by Wayne Brown of Clarendon and the reserve champion steer by Don Thornberry of Clarendon. The winners of all classes of the show are as follows:

Placements in the heavyweight steer class were: Thornberry, 1st; Troy, Harrison, 2nd; Johnny Nash, 3rd; Jack Moreman, 4th; Wayne Brown, 5th; Jack Quisenberry, 6th; and John Farris, 7th. All contestants except Thornberry and Brown are from Hedley.

Placements in the lightweight class were: Brown, 1st; Moreman, 2nd; Thornberry, 3rd; Nash, 4th; Don Ray, Bruce Route, Clarendon, 5th; John Brumley, Hedley, 6th; and Dick Roehr, Jericho Route, Clarendon, 7th.

Thornberry had no opposition in the class for best group of three steers.

Perry Jordan of Clarendon showed the grand champion pig—a heavy Berkshire—at the show. Claude DeBord, Clarendon, showed the reserve champion, a Hampshire.

Other winners in the swine show included: HEAVY HAMPSHIRE, shown by Richard Stotts, Hedley, 1st; Claude Porter, Ashtola, 2nd. LIGHT HAMPSHIRE, shown by DeBord, Clarendon, 1st, and 2nd; Ralph Harmon, Clarendon, 3rd; Don Landers, Clarendon, 4th; Richard Stotts, 5th; Herman Sims, Clarendon, 6th; Richard Stotts, 7th.

POLAND CHINAS, shown by Delbert Robertson, Clarendon, 1st, 2nd and 3rd.

DUROC JERSEYS, shown by Ronnie Martin, Brice, 1st; Bernie Benson, Clarendon, 2nd.

LIGHT BERKSHIRES, shown by Howard Hensley, Clarendon, 1st; George Thompson, Clarendon, 2nd; Bobby Huett, Clarendon, 3rd, and Don Springer, Hedley, 4th.

HEAVY BERKSHIRES, shown by Perry Jordan, 1st, 2nd and 3rd.

Jordan showed the champion Berkshire and DeBord showed the Hampshire champion. Richard Stotts, judged the best showman, won a \$3 prize presented by Jack Ballew.

Don Reeves of Hedley, showed the grand champion in the mutton class of the sheep show. His entries placed first and second in the division.

Other winners were Billy McHicks, Clarendon, 3rd, and Bobby Philley, Clarendon, 4th.

In the fine wool class, winning entries were by Marvin Mullins, Hedley, 1st; Don Reeves, 2nd; Billy Mack Hicks, 3rd; Dale Morris, Hedley, 4th; Tommy Lane, Clarendon, 5th; Marvin Mullins, 6th, and David George Morris, Hedley, 7th.

Mrs. Quee D. Davis of Gainsville, Mrs. Anna Dixon and Mrs. W. H. Youngblood of Memphis visited Wednesday afternoon in the home of Mrs. M. L. Pittman.

BIG SQUEEZE—Marine Sgt. William Kuhl of St. Louis, Mo., has been in some tight spots in battle during his Korean war service but nothing like this double hug from his wife, Ruth, and eight-year-old son, Michael. They met in Chicago for a few minutes when Sergeant Kuhl stopped over on his way to march as part of the color guard in Ike's inaugural parade. His wife and son drove from St. Louis for the brief meeting.

BUNKER FIXIN' ON OLD BALDY—Pvt. John Micheletti of Providence, R. I., takes time out from fighting in Korea to repair his bomb-busted bunker atop Old Baldy, which was banged up during the night by the enemy. Battle-scarred Baldy, now practically a barren peak, has been fought over viciously by both sides.

HIGH-PURITY LIMESTONE DISCOVERED IN REEF NEAR MARBLE FALLS

AUSTIN — An estimated six million tons of high-purity limestone has been discovered in a reef south of Marble Falls, University of Texas geologists report.

Dr. Virgil E. Barnes and his Bureau of Economic Geology associates made the discovery while studying geology of the Marble Falls area. The stone is a good source of lime for the chemical industry and is exceptionally pure, comparing favorably with deposits in Virginia, Missouri and Illinois.

A Bureau bulletin gives details of the limestone's distribution and chemical content.

Mr. and Mrs. J. H. Harris of Altus, Okla. visited friends here a few days last week.

PRESBYTERIAN WOMEN

Women of the Presbyterian Church met Wednesday afternoon, January 21, in the home of Mrs. D. F. Wadsworth.

Meeting was called to order by the president, Mrs. Wadsworth. Mable Mongole gave the devotional on Missions. As this was a meeting for World Missions, several members took part on the program, discussing mission work in various countries: Mrs. Ed Dishman, the Belgian Congo; Mrs. Thad Rogers, Ecuador; Mrs. J. Gordon Stewart, Mexico and Portugal; Mrs. Wadsworth, Brazil and Korea; Mrs. Lee Shaller, Japan; and Mrs. Nova McClure, China.

The week of January 25 to February 1 was designated as the Week of Prayer and Self Denial for World Missions. The meeting was closed by Mrs. Ed Dishman, chairman of Spiritual Growth, who led the group in prayer.

Sixteen were present including three visitors: Miss Mae Dishman of Mexico, Mo., Mrs. Bell of California, and Mrs. Edwin Woody; also Mrs. J. B. King of Ballinger, Texas.

MARTIN QUILTING CLUB

The Martin Quilting Club met with Mrs. Harmonson Jan. 22nd. One quilt was finished and one more was nearly finished in spite of the bad weather. There were 14 members present. A delicious noon day meal was served at noon.

Members present were Melba Risley, Lizzie Morrow, Lela Bulman, Montie Kidd, Blanch Higgins, Margaret Waldrop, Eunice Land, Dorothy Sullivan, Nola Hill, Ioraine Tolbert, Guinn Hill, Annie Waldrop, Velma Hearn and Mrs. Harmonson.

The next meeting will be with Blanch Higgins Feb. 5th. Every one come.

CLARENDON REBEKAHS INSTALL OFFICERS

Clarendon Rebekah Lodge No. 149 of Clarendon on January 20 installed Sister Ruby Fitzgerald Noble Grand for the new term in a very impressive installation ceremony.

Other officers installed were: Lucille Swinney, Vice-Grand; Helen Jo Land, Secretary; Wilma Spier, Treasurer; Retta Hubbard, Warden; Jean Putman, Conductor; Chloe Smith, Musician; Ida Pickering, Chaplain; Edith Spivey, O. G.; Mary Belle DeBord, I. G.; Evelyn Preacher, Color Bearer; Zola Donald, RSG; Nora Smith, LSG; Abby Warner, RSVG; Sadie Head, LSVG; Nova Mears, Junior Past Noble Grand. Nova Mears, retiring Noble Grand, was presented a Past Noble Grand Collar and Jewel along with her certificate.

All elective and appointive officers were present to be installed and to assume the duties of her office.

Before Lodge convened the outgoing officers entertained the incoming officers with a formal banquet at Mrs. Bromley's Dining Room. Place cards having been made by the retiring Noble Grand in the form of swings representing the old officers swinging out and the new ones swinging in. Much interest was shown for the good of the Order.

The installing staff was Zola Donald, Lodge Deputy, Louise Payne, District Supervisor, Past Noble Grand, Nora Goldston, Abby Warner, Ola Bradshaw, Sadie Head, and Stella Spurgeon.

We are looking toward great work for the new year.

Mr. and Mrs. J. R. Cowan, Jr. and children of Borger visited Mrs. J. R. Cowan Sunday.

MOTHERS STUDY CLUB

Mothers Study Club met Tuesday afternoon at Patching Club House with Ann Hommel and Ira Jean Chilton hostesses for the afternoon. Billie Jean Moore opened the meeting with the "Mother's Prayer."

No business was taken up. Mrs. L. L. Oliver gave the program, "Motherly Advice." This program was enjoyed by everyone. Mrs. Oliver discussed the years in which she raised her children, their many problems and joys.

After the program and during the social hour an informal discussion was held regarding the Husband's Party to be held February 10.

Refreshments were served to Mrs. L. L. Oliver and Nova Lee Mooring, Jean Moore, Carole Lane Phillips, Edith Seay, Lea Tyler, Jean Gerner, Millie Hillman, Jeanie McKee, Delene Tyler, Pearl Brannan, and Anness Bennett by the hostesses Ann Hommel and Ira Jean Chilton.

STITCH & CHATTER CLUB

The Stitch and Chatter Club of Lelia Lake met in the home of Mrs. Yevie Miller, Jan. 20. The afternoon was spent quilting and much was accomplished for the hostess. The day before, being Mary Jane Smith's birthday, a spice set was presented to her as a pollyanna gift. Cakes and cookies were served to the following members: Mesdames Sue Shields, Inez Tomlinson, Mary Jane Smith, Hazel Noble Vida Shields, Seretha Morgan, Dorothy Helms and two guests, Mrs. J. J. McDaniel and Mrs. I. E. McDaniel from Memphis.

The next meeting will be held with Mrs. Hazel Noble, Feb. 3rd.

The decorations were carried out in the honoree's chosen color of orchid and white.

Miss Jeanne Sherrad presided at the refreshment table. Guests were registered by Miss Beth Hall.

One hundred sixty-eight attended or sent gifts.

Those attending were Mesdames Carman Rhode, Burrell Richardson, Joe Goldston, Bud Moore, Jack Eddings, Louise Fricks, Lloyd Risley, Hershel Heath, P. C. Messer, Junior Lane, and Rev. and Mrs. H. Scott and Mr. and Mrs. Jake Arthur.

WEAR WIRE WHEELS—American car owners can imitate foreign sports cars equipped with wire wheels if Detroit manufacturers have their way. Seen above, being fitted on standard U. S. car wheels by Virginia Martin of Detroit, Mich., the snap-on hubs simulate the much more expensive European originals, and will cost U. S. drivers much less.

BRIDAL SHOWER

A bridal shower was given Thursday afternoon, Jan. 15, 1953 in honor of Mrs. Billy Bob Adams, the former Jeannie Hall of Alanreed, in the Alanreed school cafeteria. Hostesses were Mesdames Bill Stubbs, Pierce Castleberry, Roy Sherrad and Frank Hambricht.

The Texas Mu Gamma Chapter of Beta Sigma Phi met in regular session on Thursday, January 22 in the home of Essie Putman.

Following the business procedure, refreshments were served to Jane Bownds, Jennie Aten, Jo Lynn, Lois Schollenberger, Frances McCully, Frankie Henson by the hostess Essie Putman.

The Jr. H.-D. Club met Thursday afternoon for their regular meeting in the home of Mrs. Dolie Wilson.

Roll call was answered with each member's favorite recipe. Business was taken care of in the usual order.

Delicious refreshments were served to Mesdames Ona Tatum, Oma Bentley, Stella Spurgeon, Sadie Head, Wilma Spier, Polly Schull, Truett Bghrens, Gene Putman, Billy Bulman, Gladys Blackburn, Klyda Blackman and hostesses, Dollie Wilson and Alta Adkins.

Guests in the home of Mrs. M. L. Putman Sunday were Mr. and Mrs. Gene Putman, Mr. and Mrs. Maburn Trout and children and Mrs. Jo Dean McFall and baby of Alanreed, Mr. and Mrs. Calvin Merchant and children of Hereford, Mrs. Ola Williams, Mr. and Mrs. Lois Putman and girls, Mr. and Mrs. J. H. Spier and family and Mr. and Mrs. Clyde Putman.

PATHFINDER CLUB

Pathfinder Club members observed the club's anniversary with a luncheon Friday, Jan. 23, at Mrs. Bromley's. Hostesses were Mesdames Fred Buntin, C. T. McMurtry, L. N. Cox and Fred Patching.

Colonial nosegays of pink carnations and green ribbon streamers served as centerpieces for individual tables. The officers table was centered with a large bouquet and a small nosegay on either side.

Miss Mable Mongole, president, read several pieces of poetry pertaining to happiness. Mrs. E. P. Shelton gave the blessing.

Because of the sand and snowstorm last Thursday, Jan. 22, just a few were able to be at the quilting with Irene Stewart. We will meet Thursday, Jan. 29th with Irene Stewart. Vivian Godbey quilting will be postponed until Thursday, Feb. 5th.

Mr. and Mrs. Frank Goforth and Beth Starkey of Amarillo were visitors in the home of Mr. and Mrs. Victor Smith Sunday.

Misses Edgar Mae and Mable Mongole visited the week end with Mr. and Mrs. James Colville in Floydada.

Mr. and Mrs. J. L. Woods visited Sunday with their daughter, Mrs. J. E. Hinton and family at McLean.

GABIE BETTS BURTON LIBRARY NOTES

By May L. Prewitt

Our first fiction publication for 1953 is James Streets, "The Velvet Doublet." It is a novel of Columbus—the dreamer who built a bridge to the New World. This is a story of excitement and intrigue, rich good fortune and bitter tragedy, whirl wind passion and uncanny tricks of fate. A story of exceptional interest to readers of historical novels.

Another friend gave us five dollars for the children's book section this week. We mailed our order at once. The thoughtfulness of these helpers to our work here is greatly appreciated as are the children membership cards are our greater percent of patronage.

A subscription to "Boys' Life Magazine" was given to the Boys' section in memory of Tom Goodner's birthday by his great aunt, Mrs. Lillie Belle Martin of Dallas, Texas. This magazine is popular reading for Junior boys, so they will appreciate its use.

Another friend gave us a dollar this week to apply on a purchase. We had ordered three books for children, and have applied the on the purchase.

We have also received some current magazines. All these can be utilized to a good advantage.

Mrs. Harry Constantin of Robinson, Ill. came Monday last to visit her parents, Mr. and Mrs. Victor Smith.

Services Held Sunday For J. V. Whitten

Funeral services were conducted Sunday afternoon at the Murphy-Spicer Funeral Chapel for J. Van Whitten with R. C. Copeland, Jr., minister of the Church of Christ, officiating.

Mr. Whitten, age 84, died Saturday morning at Morgan Convalescent Home in Claude. He was a retired farmer and had been a resident of Clarendon 12 years. He was a member of the Church of Christ.

Survivors are three daughters, Mrs. L. S. Ratliff, Amarillo; Mrs. Coia Martin, Portales, and Mrs. Julia Bynum, Amherst; two sons, J. C. Demming, N. M., and Earl Whitten, Carey; a sister, Mrs. Maude Kleover, Clarendon, and two brothers George of Fort Worth, and Henry of Sweetwater; 15 grandchildren and 13 great-grandchildren.

Palbearers were Charlie Bearden, Floyd Woods, Bill Hardin, Watt Ford, Carl Parish, and Lloyd Myers.

Burial was in Citizens Cemetery with the Murphy-Spicer Funeral Home in charge of arrangements.

GRACE INFANT BURIED HERE SUNDAY

Graveside services were held here Sunday afternoon for the infant daughter of Mr. and Mrs. James A. Grace of Clarendon with Rev. I. E. Biggs officiating. The infant died Saturday afternoon in a Groom hospital.

Besides the parents, survivors include the grandmother, Mrs. Gladys Waddell of Amarillo.

Funeral arrangements were under the direction of Murphy-Spicer Funeral Home.

SCHOOL TAX ASSESSING TO BEGIN IN FEBRUARY

Mr. Curtis Mears will begin assessing taxes for the Clarendon Independent School District about the first of February, 1953. Mr. Mears will endeavor to contact as many people as possible during the period of time he will be doing the assessing, but of course he will be unable to contact each and every taxpayer in the Clarendon Independent School District, so you are being asked at this time to drop by the School Tax Office the next time you are in town and render your property.

Remember, that Saturday is the final day for paying your 1952 school taxes before they become delinquent. Mrs. Arvis Davis, School Tax Collector, stated that she would keep the office open all day Saturday for your convenience.

CARD OF THANKS

To our many good friends, please accept our heartfelt thanks to each and every one for all kindness shown us. God bless and keep you always.

Mr. and Mrs. Charlie Dozier and Sayle.

Pvt. Tommy Murphy, who entered the Armed Forces January 8th, 1953, is now stationed at Ft. Bliss, Texas. He is in the Anti-aircraft artillery.

Mr. and Mrs. N. L. McBrayer of Fort Worth visited friends here the week end and attended services at the Sardis Baptist Church Sunday.

PRIZE RABBITS ARE OBTAINABLE HERE

Saye's Rabbits have been shown in 6 states—Texas, Colorado, New Mexico, Oklahoma, Alabama, and Illinois; in 16 cities: Fort Worth, Dallas, Denison, Sherman, San Antonio, Houston, Amarillo, Childress, Beaumont, Pueblo, Colorado Springs, Roswell, Durant, Oklahoma City, Birmingham and Springfield. Saye's Rabbits have won 6 special awards from American Rabbit and Cavy Breeders Association. 5 best of breeds, 4 best opposite sex and 4 best display; also 62 blue ribbons. We have as good a stock as anybody and the price is reasonable. Start the year by buying a pair of show rabbits and go to the shows. (Adv.)

Mr. and Mrs. H. C. Smith had a pleasant surprise Tuesday afternoon when 2nd Lt. Richard Shelton of Stockton, Calif. dropped by for a short visit. Richard, a nephew of Mr. Smith, finished 6 months training as a Jet flyer at Laredo, then a 30 day leave with his parents at Stockton, is on his way to a Georgia training base.

Mrs. I. R. Tompkins of Spearman, who has been visiting her sister, Mr. and Mrs. W. J. Mathis, left for home Wednesday morn.

Mrs. Gordon Bain accompanied her sister, Mrs. Degan of Turkey, to Waco Sunday. They attended the funeral services for a cousin, Fred Walters, who was killed when his jet plane crashed in New Jersey last week.

Texas' Growing Water Problem

(Written Dec. 7, 1952)

Here is a basic fact! The future of our state depends upon how we use or mis-use our soil and water resources. Today, as never before, water has become Texas' greatest economic need. The amount available in the coming years will control the growth and wealth of Texas.

This fact has been brought home to us in a forceable manner during the past two years. We have experienced one of the hardest drouths in our history. We had no control over this disaster, but it cost millions of dollars, just the same.

Lack of rain is no longer the concern of just the farmer. Our cities have felt the pinch by reduced supplies of underground and surface water. This year, some cities in West Texas were at times only seven days away from a bone-dry lake bed which meant their municipal supply was exhausted. Even cities the size of Dallas were endangered.

This situation occurs all too frequently in scattered sections of the state. It was more apparent this year because it was more widespread. As our urban population increases, the problem will become even more acute unless we take steps to prevent it.

The Texas Legislature has been working for a solution since early in this century when it established the old State Levee and Drainage Board. It has made numerous

attempts to establish a practical water and control program since then, but none have met with any large degree of success.

Next year when the Legislature meets, the water problem will be a top item on the agenda. Programs have been suggested which are similar to the proration of oil. There are plenty of snags and vigorous opposition in such a plan for water—just as there were for oil.

A lot of oil was wasted and the oil market crashed before proration was necessary. Our water supply is extremely low now—and it, too, is exhaustible.

Fortunately, water can be replenished. We must look far enough ahead to plan measures which will replace our supply, both on the surface and underground. But since the situation is acute now, it may be decided by the Legislature that statutory restriction is necessary to preserve water in the state.—Released by the Texas Dept. of Agriculture.

Mr. and Mrs. Basil Smith and Inez Skinner visited Mrs. O. C. Hill in Lefors Sunday and helped her celebrate her 95th birthday.

Mr. and Mrs. Arlie Wood and family visited Mrs. O. C. Hill in Lefors Sunday.

Mr. and Mrs. Karl Adams of McLean were Clarendon visitors Saturday.

All of the people acting foolish aren't acting.

Mr. and Mrs. Wesley Martin of Memphis visited Sunday afternoon in the L. L. Wood home.

FARM NEWS From the County PMA Committee

For the next several weeks in the PMA News Article, a 1953 ACP Practice will be discussed. By doing this, we are in hopes that more producers will be aware of the specifications that MUST be met in order to qualify for payment on such practices. The first and one of the most important practices to be discussed is Deep Plowing—Practice 6, A, B, & C in the 1953 State Handbook.

DEEP PLOWING—PRACTICE 6
A. Plowing 12 inches but less than 15 inches deep—\$2 per acre
B. Plowing 15 inches but less than 18 inches deep—\$3 per acre
C. Plowing 18 inches or deeper—\$5.00 per acre.

SPECIFICATIONS:
This practice will qualify for assistance only on sandy soils where needed as a protection against wind erosion.

Not applicable on land where assistance was given for the practice under a previous program.

Hummocked land must be spread sufficiently for the plow to bring up heavier soil. Nearly three-fourths of the sandy land in

Donley County that needs deep plowing has some hummocked spots in it; therefore, producers and vendors should check very closely the land before beginning deep plowing. If hummocked spots are found on the land, they should be sufficiently spread in order that heavier soil may be brought to the top. If these fields with hummocked spots are plowed and heavier soil isn't brought to the top, the acreage that was plowed will be disqualified without any consideration to the part of the field where specifications are met.

Deep Plowing must be done at least 30 days before seeding.

FORMER RESIDENT BURIED HERE

Funeral services for Mrs. J. W. Anderson were held Saturday at the First Methodist Church in Wellington with Rev. J. F. Michael, pastor, officiating.

Mrs. Anderson, age 82 years, died Friday at her home in Wellington. She and her husband moved to Clarendon in 1906 to send their children to school. Mr. Anderson died here and Mrs. Anderson moved to Wellington in 1915.

Burial was in Citizens Cemetery, Clarendon.

Gov. Shivers Says School Teachers Need More Pay

FINDING THE MONEY IS THE BIG PROBLEM

(NOTE: The Governor of Texas says our school teachers must have a cost-of-living increase in pay. The problem is finding the money. His plan, as presented to the Legislature recently, will be outlined in a series of articles of which this is the first.)

By ALLAN SHIVERS
Governor of Texas

The public school system is a subject close to the hearts of all of us.

We want to see our schools rank among the best in the nation. To have good schools, we must have good teachers.

And to keep good teachers we must pay them decent salaries.

The lot of Texas teachers has improved considerably since 1949, when the Legislature installed a new system popularly known as the "Gilmer-Aikin program." But inflation has wiped out some of their financial gains.

Texas teachers must have cost-of-living salary raises. There is hardly anyone who disagrees. I have listed this as one of the necessities faced by the 53rd Legislature now in session at Austin.

As Governor, I have to ask a couple of questions—and you, as citizens and taxpayers, need to do the same:

How much, How pays it? There isn't enough state money in sight for next year to cover salary increases for our 55,000 teachers. Thus we will either have to raise more money, or redistribute what we have or do both.

The plan I suggested for the Legislature's consideration had something of both factors in it. It would mean, in effect, that (1) some state funds now going to make rich school districts richer would be spread among the less fortunate schools of the state, and (2) the local districts would be asked to pay the same proportion

of the total Gilmer-Aikin program expense as they did when the program was started in 1949. Before I explain this plan in more detail, a couple of terms need to be defined.

The "available school fund" consists of money dedicated by the constitution and statutes to the public schools and distributed by the State on the basis of scholastic-age population. This is the familiar "per capita apportionment." At present this payment is \$68 a year per student.

The "minimum foundation fund" was set up by the Gilmer-Aikin program in 1949 to equalize educational opportunities throughout the State. This Gilmer-Aikin plan, a great milestone of progress, provides money for school districts on a basis of need. The more prosperous districts get no Gilmer-Aikin assistance at all. Poor districts receive sufficient amounts from this fund to maintain a "minimum standard" program.

These two funds represent entirely different kinds of aid. The State's school finance pants have two pockets.

What can we do now to raise the teachers and yet avoid an increase in State taxes?

Obviously, it would help if some of the excess payments now going to certain districts by "per capita" allocation could be given instead to districts that really need the money. Then we would not be continuing to enrich a few districts out of one State pocket while we spend millions of dollars from another pocket to keep needy schools up to decent standards. Some of the money from the luxury pocket belongs in the necessity pocket.

The per capita payment automatically would be lowered from \$68 to about \$58 per student if we would go back to a strict interpretation of the State Constitution. Actually, about \$15 million is going into the "available school fund" now from taxes, not so earmarked by the Constitution. That is a generous situation except, as I indicated before, the extra money goes into the wrong pocket. I think this \$15 million ought to be reallocated to the Gilmer-Aikin pocket.

What else can we do? We can restore the former one-to-three

balance between local and state support of the Gilmer-Aikin program. That one-to-three ratio was considered fair in 1949 when the program went into operation. At that time \$45 million represented a fourth of the Gilmer-Aikin cost. But the school districts are still paying the same \$45 million annually—while the cost of the program has risen steadily. The State has been making up the difference. I think the old ratio of one local dollar to every three State dollars ought to be reinstated.

In this connection, let me quote from the annual report of the State Board of Education: "It is highly important that an appropriate balance be maintained between local and State support of the public school system. The maintenance of a proper balance between State and local financing of the public school program will help insure the continuation of local control of public schools."

The Board evidently believes that local control cannot be maintained unless proper local support is maintained. We face the same problem at the State level when we accept too much "easy" money from Washington. We find that Washington wants to tell us how to spend the money.

I don't want to see any weakening of local control of our public schools. The school is too close to home to be controlled by anyone besides the homefolks.

(Next week Governor Shivers will describe in more detail some of the problems that must be overcome to put Texas public school financing on a sound basis.)

2,989 Texans Face March Draft Call

March will be a big month for draft eligibles. Brig. Gen. Paul Wakefield said today 2,989 men will be inducted and more than 6,800 will be examined.

Not many men below 20 are expected to be inducted in the biggest state draft call in two years, Wakefield said. Boards will be advised to fill the call to the greatest extent possible with men 20 or older.

Texas Stunts Enhance MOD

AUSTIN—Desperate for money to fight polio, Texas citizens are tapping all resources to accelerate the 1953 March of Dimes, according to General Robert J. Smith, State MOD chairman.

Everything from quilting bees by mothers to mass school solicitation by pupils have been used successfully. Many sports phases have been utilized with special benefit games. Newspapers, radio and television stations have concocted fund-raising stunts.

Such ingenuity helped one school reach its "quota" before the campaign formally opened January 2nd. That was the Rotan, Texas, Junior High School, which based its successful drive on a contest between school rooms.

Other Texas schools have sponsored local March of Dimes. San Angelo High School's basketball team became the vehicle for another effective effort. Different merchants offered to contribute \$1 each for every point made by the team in a certain game. Several other Texas cities are adopting this plan.

Alice women gave a MOD style show; San Antonio Fireman played the Policemen at basketball in another benefit; Abilene Carpenters union gave a dance; Breckenridge women made a quilt for auction over Station KSTB, and in Denison, the Rev. V. D. Price, pastor of the Sunnyside Baptist Church, made a MOD sermon from his bed where he has been confined following a polio attack.

Kerrville realtors sponsored a March of Dimes movie. Lufkin, Austin and other cities diverted all dimes placed in parking meters to the MOD fund. Texarkana Elks backed a special MOD radio show. Houston's top entertainment talent collaborated to put over an evening long benefit show. Beaumont youngsters added to the cash jackpot with a roller skating party. The Texas A&M field house was the scene of a Bryan community March of Dimes sports show, January 23.

General Smith said "countless other communities are using countless other schemes to guarantee success of this state-wide effort that must not fail."

Guess if my postmaster is going to charge my mumps up to the way I voted last November; I ought to take some credit then for the snow the other day.

Be sure and read Lester Velie's article; Do you know your state's secret boss, in February Reader Digest. It is a run-down on the lobbyists who practically run the states legislatures in many states. It will amaze what he has to say about Texas.

Harry Truman, now just Citizen Truman again, took home with him a couple of dozen left over newspapermen to show them the spot on which he hopes to build a one and one-half million dollar memorial to himself. I guess you can do it either way but some folks let others do things like this.

One of my uncles used to always say: "He that tooteth not his own horn, the same shall never be tooted." You know I have more faith in that saying now.

cant see anything wrong with a person that has made a success of his life, even a successful business man. Somehow this is the kind of philosophy that our country was founded on and become great on. Looking at it from here tho there seems to have been some at the top of our scheme of things these days who bubble over with beautiful phrases of love for the poor man and sort of teach us to hate wealth and influence; but one trouble with some of them is this; while they are feeding us all this honey coated sweet talk they are filling up their pockets with five and ten percent cuts at the taxpayers expense.

For our scrap book: ERASERS Erasers are the nicest things. Of this there is no doubt. We write wrong words, a few quick swipes—

UHF FOR READING

When it goes on the air in the near future, in Reading, Pennsylvania, WHUM-TV will be the nation's first high-power ultra-high-frequency television station. Its effective power of 261 kilowatts will make it the world's most powerful.

WHUM-TV's equipment, supplied by General Electric, will permit telecasting of live talent shows, remote events such as sports, films, and network programs on channel 61 in the new UHF band.

The new station will be powerful enough to cover most of eastern Pennsylvania, and parts of Delaware, New Jersey, and Maryland. There are about 750,000 families in the area, many of them without television service at present.

From where I sit... by Joe Marsh Surprise Ending! That raffle for our Volunteer Fire Department went over fine. We're going to have money to get a new engine—and then some.

TWO TURBINES are quicker than One

WE raised our eyebrows the first time the engineers told us about it. A new Dynaflo Drive? Better than the one that over a million and a third people are so happy with? That's right, the engineers assured us. A new Dynaflo that's just as smooth, just as simple to operate—but far faster and quieter on getaway, and a great deal more efficient. This, we told ourselves, we have to see. And we did.

We tried the new Golden Anniversary Buick with Twin-Turbine Dynaflo Drive*—and mister, it's spectacular! As before, no gears ever shift in this wonder drive. As before, you have infinite smoothness through every speed range—feel wonderfully fresh and relaxed even after a long day's drive. But on getaways you can soar to cruising speed in less than a half dozen seconds—and with lullaby quiet. At every speed range you have more efficient power transfer. Acceleration is increased 20%, but with fewer engine revolutions—which means you get going quicker, with less engine speed, less getaway sound. What works these wonders is a new kind of engineering which places two

turbines instead of one in the Dynaflo transmission. At the same time, fewer parts—four elements instead of five—simplify the unit even more. But there's more than just this sensational Twin-Turbine Dynaflo to be had in the 1953 Buicks. There's new power—including the world's most advanced V8 Engine in SUPERS and ROADMASTERS. There's a still finer Million Dollar Ride. There's superb new comfort and handling ease, and a host of other advances—87 in all. Why not come in this week and try one of the greatest Buicks in fifty great years? *Standard on Roadmaster, optional at extra cost on other Series. Highlights and Sidelights FROM Your State CAPITOL

Texas Press Association
AUSTIN—Austin's big show—the 53rd Legislature—is now well under way.

The legislators got down to real business this week. Last week the members convened for only one day.

They heard the message of Gov. Allan Shivers. And in the House, Speaker Reuben Senterfitt appointed committees.

Then the House and Senate adjourned until this week.

Even so, progress was ahead of schedule. Usually, House committees cannot be appointed for some time after the election of a speaker.

But, Senterfitt's election was assured in advance. Thus he was able to have his appointments ready on the opening day.

—tpa—
 Texas can increase its spending for necessary services without large boosting of taxes.

That was a cheerful note in the governor's address to the members.

More money is coming in from existing revenue sources, so that the governor's recommended \$172,529,000 for general revenue appropriations is within the officially estimated state income for the next two years.

The budget is about \$6 million higher than the present level of state spending.

Additional money for roads, Governor Shivers believes, should come from another penny-a-gallon tax on gasoline. Otherwise, if the Legislature wants to spend more money, it should increase the natural gas transmission line "if it can be done in a legal way," the chief executive said.

He recommended salary increases for state workers and teachers, and the construction of a \$6,725,000 tubercular hospital plant and buildings at the Texas School for the Deaf.

—tpa—
 Freed from the legislative halls after adjournment, the newcomers among the solons were invited to attend an orientation seminar conducted by the University School of Law.

Twenty-five speakers, including public officials, university professors, law-makers, and others told the freshman legislators something about their jobs.

But it was old stuff to Senator George Moffett of Chillicothe. He is in his 23rd year in the legislature and has served longer than any other lawmaker in Texas history.

The runner-up is C. E. Nicholson of Port Neches, who has served 22 years in the House.

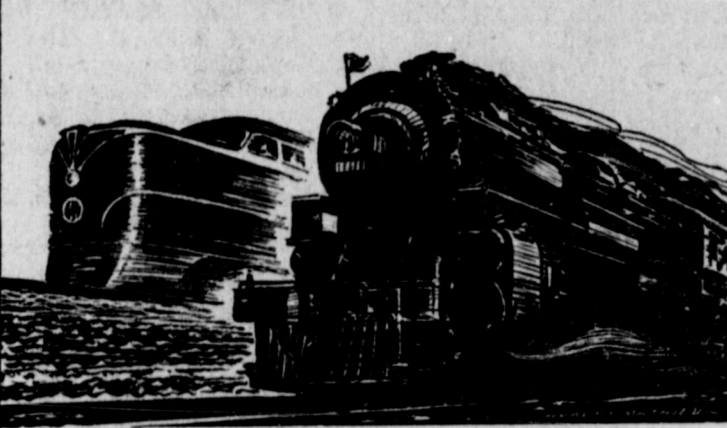

Another veteran is Rep. S. J. Isaacks, 83, of El Paso. He was

it was that both houses finally passed Senate Bill No. 1, which appropriates \$750,000 for mileage and per diem pay of members and employees and expenses of the session.

—tpa—
 Senator Rogers Keiley of Edinburg was selected president, pro tempore of the upper house. Lieutenant Governor Ben Ramsey of San Augustine, by virtue of his elective office, is the regular presiding officer of the Senate.

—tpa—
 As the session moved along, there seemed to be a fair chance that no new taxes would be im-

posed upon the people. In his opening speech, Speaker Senterfitt echoed Governor Shivers' sentiments on economy. "Let us demonstrate that economy is truly an essential part of good government," he said.

Then, in his committee appointments, Senterfitt showed that he meant business — economy business. For example, he named a conservative, Representative Max C. Smith of San Marcos, as chairman of the appropriations committee, which passes on legislative spending.

Harmony was also a goal of the legislators, and a plea for this

objective was voiced by Representative Bill Daniel of Liberty, brother of Senator Price Daniel. On the opening day, Rep. Daniel asked to make Speaker Senterfitt's election unanimous "so that there may be a mark of harmony, unity, and accord. We should give our support to Mr. Senterfitt. So much must be done."

Rep. Daniel had at one time considered opposing Senterfitt for the speaker's job, but later withdrew.

Working to forget is much better than forgetting to work.

REEVES REPORTING

Elbert Reeves
Representative 88th District

Byron C. Utecht says:

"At past sessions of the legislature a big share of tax money was given back to local governments, this including one-fourth of the gasoline tax to retire road bonds, amounting to millions of dollars and a goodly percent of the automobile registration fees, amounting to \$19,000,000 for local governments a year. But when cities come to the legislature for additional share of the gasoline taxes and "any other new taxes" it would serve as an opening wedge to share every tax levied by the state with the state? It would mean the levying of around \$500,000,000 in new taxes. The Texas legislature cannot and is not supposed to solve the financial problems of 3,000 Texas cities and towns. The legislature can give them the right to levy their own taxes. The legislature cannot go further except by en-

dangering the entire state financial structure. The day of punitive taxes evidently has ended both in Washington and Austin, and we are on our way back to Jeffersonian Democracy."

They'll get you if you don't pay your grocery bill under a law being proposed by Rep. Waggoner Carr of Lubbock. Carr's bill would help small merchants make collections of debts. They would be allowed to go to court and get an order to deduct a certain amount from pay checks until debtors' accounts are paid.

Representatives never lack for a campaign for speakership. It already is in the making to decide who will succeed Speaker Reuben Senterfitt two years from now.

Senterfitt will not seek a third term. That opens up the race. Several members are proposing Rep. Horace B. Houston, Jr., of Dallas. The honor hasn't gone to a Dallas Representative since W. O. Reed presided in 1947. Houston has indicated he will not campaign for it during the session. He accepted chairmanship of the affairs committee, just opposite the usual policy of a candidate for speaker. His friends will do his campaigning for him. Other names in speakership talk are Jim T. Lindsey of Texarkana, Joy

Pyle of Fort Worth, Waggoner Carr of Lubbock, Dolph Briscoe of Uvalde, and maybe Bill Daniel of Liberty, who withdrew this year to leave Senterfitt unopposed. Prospective developments: Conservatives will center on one candidate and Liberals on another.

Speaker Reuben Senterfitt was ready to go when he was re-elected speaker, and a few minutes later announced his committee appointments. Since many of his 1951 lieutenants didn't run again, he fielded a new team of leadership, all conservatives. Max Smith, San Marcos, heads Appropriations, where the Speaker abandoned his 1951 policy of having no members from counties with State institutions. D. H. Buchanan, Longview, heads Revenue & Taxation. In 1951 he consistently fought the pipeline tax bill. Horace Houston, Dallas, heads State Affairs, the Speaker's own committee which would get telephone, co-op and other major bills. The latter two are second-termers. A close rein on spending and taxes is strongly indicated.

Closely watched by railroad and truck lobbies, the Motor Traffic Committee came out pretty delicately balanced. Chm. Fred Meridith, Kaufman, was one of the few 1951 members who was open-minded on the subject. The rest of the committee includes some known truck supporters, some known railroad supporters.

and some unknowns or on-the-fencers. Truckers, recalling the 18-3 pro-railroad committee of 1951, were much happier with the 1953 edition. Labor felt a little better about the Labor Committee, but not much. It looks like a pro-labor bill might get a minority report, but not much more. Bill Wood, Tyler, who voted for the Graham road bill in 1951, heads Highways & Roads. Salty Hull, Fort Worth, who voted for the election code in 1951, heads Privileges, Suffrage & Elections. Stanley Banks, San Antonio, considered friendly to banks, heads Banks & Banking. Floyd Bradshaw, Weatherford, heads Education.

The League of Texas Municipalities Legislative Committee is drawing a tax bill, the nature of which hasn't been revealed, to meet their plan to give cities a share of any additional gasoline sales or natural gas tax, for street purposes. They will also have a constitutional amendment on the exemption of cars from ad valorem taxes and setting up a specific portion of the State license plate fee to be allocated to cities and counties in lieu of the ad valorem. The LTM isn't satisfied with the TLC recommendation which merely would have given the cities and counties power to col-

lect license fees. The LTM thinks the fee should be collected all at once, rather than in two or three separate operations.

Electronic Cop

An "electric cop" has gone to work, guarding the entrance to General Electric's Research Laboratory just outside Schenectady, New York. Detecting cars and pedestrians as they approach, it warns gate personnel by ringing a bell. Actually, the electronic cop is a

simple, radar-like device that sends out a beam of short (five-inch) radio waves, focused by an 18-inch parabolic reflector, and picks up their echoes from moving objects.

A pedestrian is detected at about 100 feet, an automobile at several hundred feet.

The system differs from radar used to reveal the presence of ships and planes mainly in the fact that its waves are sent out continuously rather than in short pulses. Stationary objects in the beam reflect the waves back to

the transmitter in an unchanging manner. A moving object, however, causes the returning waves to go successfully in and out of step with those being sent out, causing the alarm to operate.

We've never been able to figure out—"When a doctor gets sick and another doctor doctors him, does the doctor doing the doctoring have to doctor the doctor the way the doctor being doctored wants to be doctored, or does the doctor doing the doctoring of the doctor doctor in his own way?"

(2) If you have become 21 since January 1, 1952, exemption is necessary and may be obtained at any time, however the exemption must be obtained 30 days before any election that you wish to vote in. (3) If you moved from another state to this county since January 1, 1952, you must have an exemption; and you must have lived in the state a year and the county six months prior to election to be eligible for that exemption. (4) If you become 60 years of age during 1952, you must pay a Poll Tax before February 1 in order to vote in coming elections. (5) If you are in doubt, check today with the Donley County Tax Assessor-Collector office.

1953 Automobile license fees CANNOT be paid before February 1, 1953—however, they must be paid between February 1 and April 1, 1953.

1953 Chevrolet Advance-Design Trucks deliver more value!

4 powerful reasons why you get more of what you want...

more engine power!

108-h.p. Loadmaster engine—standard on 5000 and 6000 Series heavy-duty and forward-control models, optional on 4000 Series heavy-duty trucks.

more staying power!

Heavier, stronger, more durable frames increase rigidity, add to ruggedness and stamina of 1953 Chevrolet trucks.

more braking power!

Trucks up to 4000 Series heavy-duty models have "Torque-Action" brakes. Series 4000 and above use "Torque-Action" brakes in front, "Twin-Action" in rear.

more economy!

New stamina plus extra gasoline economy in heavy-duty models with Loadmaster engine, reduces hauling costs per ton-mile.

MORE CHEVROLET TRUCKS IN USE THAN ANY OTHER MAKE!
