### Bulldogs Lose To Odessa, 81 to 78

Odessa College Wranglers came from behind to beat the Bulldogs of Clarendon Junior College here last Friday night, 81 to 78. The Bulldogs led all the way and had a ten point lead, 71 to 61, with only four and a half minutes to play. It was the second time this season that the Bulldogs have blown a big lead in the last half. Against Amarillo, they held a 17 point advantage three minutes deep in the second half only to see the Badgers turn on the steam and win.

The Bulldogs started out like they meant business. With Felix Johnson and John Alexander hitting consistently, they rolled to a 17 to 9 lead with the game only six minutes old. Odessa came back and tied the game at 31-all with seven minutes left in the half, but the Bulldogs rallied to take a 45 to 39 halftime lead. Early in the second half the Bulldogs increased their lead to 14 points, 61 to 47.

Alexander paced the Bulldog scorers with 17 points followed by Bobby Lesley with 15 and Alva Carter with 14.

This left the Bulldogs' conference record at four wins and six defeats not counting Tuesday night's game with Amarillo in Amarillo.

### Bulldogs Play Wayland Freshmen Friday Night

#### Bulldogs Drop AC In Thriller, 87-84

The Clarendon Jr. College Bulldogs dumped the Amarillo College Badgers, 87-84, in a thriller at Amarillo Tuesday night. It was a good shooting match all the way with both teams hitting better than 50 per cent of their field goal tries. The difference came on the backboards which Clarendon dominated throughout the game.

Alva Carter not only led the scoring with 27 points but was a key figure in the rebounding department as he consistently hauled in loose basketballs.

The Bulldogs led 43-36 at halftime and stretched their lead to as much as 14 points at one time. This lead was cut to a narrow 82-80 a short time before the end of the game but the Bulldogs hung on to their lead and won the game 87-84.

Other high scorers for Clarendon were John Alexander with 18, Bobby Lesley with 17, and Johnny Hudson with 10.

Leader—Local rate, \$3.00 a year

Donley County 4-H Club members did well in the show and sale at the Southwestern Livestock Show at El Paso last week says County Agent H. M. Breedlove.

David Mooring, son of Mr. and Mrs. Bill Mooring of Lelia Lake had the champion Angus steer of the show. His steers showed in the heavy division and placed first and then beat the first place Angus in the light division for the champion Angus. David's steer weighed 892 pounds and sold for one dollar per pound, plus twenty-five dollars premium money which made the steer bring \$917.00.

All three of the Donley County steers were in the heavy division and placed first, second and third in the class. Gene Floyd, son of Mr. and Mrs. Ed Floyd of Hedley had the second place heavy Angus, he weighed 878 and brought \$593.70, which was 65c per pound plus twenty-three dollars premium money. Rod Stone, son of Mr. and Mrs. Jay Stone of Clarendon had the third place heavy Angus. He sold for 60c per pound, weighed 920 pounds and with twenty-one dollars premium money added, he brought \$573.00. All of the above weights on the steers included a three percent shrink for the sale.

David Mooring competed against a Hereford steer for the grand champion of the show and was defeated by a steer from the McBride herd of Blanket, Texas. Pete Lano, the boss of the bus and chief cook for the 4-H Club members attended the show and did his usual good job of feeding the crew. Also going with the bus was Bill Mooring. The last show for 4-H Club steers will be the Houston Fat Stock Show. The steers and club members will leave for this show on the afternoon of the twenty-sixth of February.

Others attending the El Paso show for the judging on Tuesday were Mrs. Bill Mooring, Mrs. J. T. Stone and Mrs. Flip Breedlove.

#### QUEEN OF SPRING FESTIVAL CHOSEN

Miss Tan McCully, daughter of Mr. and Mrs. Mike McCully, has been chosen to reign as queen of the annual spring festival and bazaar by St. Paul's Hospital Student Nurses, Dallas, Texas. She will be so honored at a dance February 19.

Miss McCully is a senior student at St. Paul's and will graduate in September.

L. N. Cox, who underwent major surgery in Northwest Texas Hospital in Amarillo Monday, is reported improving nicely at this time.

Membership in the Phi Theta Kappa required a B average or better in all college work. A student must carry a full load. Membership is limited to only 10 per cent of the College enrollment.

The objective of the organization is to recognize those students with above average grades. A scholarship was given last year to a deserving student in this area. Decals are being sold to raise money in financing the organization. Other plans are also being made for raising money and to sponsor other activities. —Reporter

**GEORGE'S WIFE**

By "Sarah"

There will be skulduggery and bamboozlement in the speech as well as the selection of the keynote speaker for the Democratic National Convention in July.

After all the clamor for honesty in advertising on T.V., etc. Here, our National leaders will try to prove to the viewers, it's still "what's up front that counts". Out in front three to

one now is the young, photogenic, soft spoken Senator Frank Church of Idaho, being groomed for the job of laying the pattern of party policy for the convention. Not being committed to any one aspirant, he can go all around and not step on many toes.

It is still the old pros in the back rooms who will do the coaching. We have out-grown the flamboyant orator's of old, so they are putting a bright new wrapper on an old, old package. Just as they did four years ago,

remember the personable young Governor, another Frank something or other, what ever happened to him? We thought we had some new ideas and faces at last, but no, guess they were just window dressing also.

We have bought our ticket to this, greatest show on earth, as some call it, but do not intend to sit this one out in wide eyed wonderment, as in the past. To start with we are going to practice on a young fellow who thinks Mr. Sam and Uncle Sam are one and the same.

George says, you better go easy there, that like Santa Claus, Uncle Sam would be hard to explain to a nine year old, as a symbol of something that is in the hearts of man.

By Congressman Walter Rogers

**MORE ABOUT THE BUDGET**

In a previous newsletter I made a brief reference to the source of the tax dollar and where it was spent. I have had numerous communications thanking me for putting this in the newsletter and asking for additional information on the subject, if possible. Hence, I submit the following figures, which will be of interest to all of you.

The Administration estimates that during Fiscal Year 1961, which begins on July 1, 1960 and ends June 30, 1961, the following money will be received by the Federal Treasury:

Individual income taxes - \$43,700 million; Corporation income taxes - 23,500 million; Excise taxes - 9,500 million; All other sources - 7,300 million.

These receipts would include the INCREASES in Federal taxes proposed by the President.

The net expenditures recommended by the President in his Budget Message are as follows:

Executive Office of the President - \$79 million; Funds appropriated to the President: Mutual security - economic - 1,700 million; Other - 114 million.

Legislative branch - 162 million.

The Judiciary - 52 million.

Independent Offices: Atomic Energy Commission - 2,689 million; Export-Import Bank - 7 million; Federal Aviation Agency - 681 million; National Aeronautics & Space Administration - 600 million; National Science Foundation - 160 million; Small Business Administration - 120 million; Tennessee Valley Authority - 73 million; United States Information Agency - 124 million; Veterans Administration - 5,446 million; Other - 295 million; General Services Administration - 458 million; Housing and Home Finance Agency - 500 million; Department of Agriculture - 6,201 million; Department of Commerce - 473 million; Department of Defense - Military: Military Functions - 40,995 million; Mutual Security - military assistance - 1,750 million; Department of Defense - Civil - 972 million; Department of Health, Education & Welfare - 3,517 million; Department of the Interior - 809 million; Department of Justice - 271 million; Department of Labor - 540 million; Post Office Department - 49 million; Department of State - 292 million; Treasury Department - 10,452 million; District of Columbia - 48 million; Allowance for contingencies - 200 million.

TOTAL \$79,816 million.

Unless the general feeling in the Congress undergoes a substantial change, there will be marked reductions in the proposed expenditures. It is my sincere hope that if there is any change, it will be for more reduction rather than less.

**A Newpaperman From The Panhandle**

Now to turn to a more pleasant subject. Jean and I were invited to attend a banquet in honor of Judge Marvin Jones. It was an occasion when Judge Jones was presented with a citation for outstanding service. It was a most enjoyable evening and we were most happy that the Honorable Marvin Jones should be the recipient of this fine award. No one could have deserved it more. The occasion was made more pleasant by the

fact that we sat at a table with Bascom Timmons and had an opportunity to visit with him at length. Jean and I have always enjoyed his company, but everyone has been so busy in the past several years that it has been impossible to sit down for a visit of this kind. Hence, we welcomed the occasion for such an enjoyable experience.

Bascom Timmons probably knows more about politics generally than any other individual in the nation. He came to Washington a year before Speaker of the House Sam Rayburn. He has been the friend and confidant of many, many men high in the government of this country, as well as in business and profes-

sional circles. He was a long-time friend of John Nance Garner and has been closely acquainted with the leader and Members of the Congress in both parties since he started his career in the Nation's Capital. He is a most interesting fellow to talk with, whether you are meeting him for the first time or have seen him daily for several years. His great store of knowledge stems from his close association with the men aforementioned, as well as the events which have happened and will constitute the history of this country. Much has transpired since 1912, but I don't think any of it has escaped the vigilance of Bascom. As a news-hawk, he probably has no peer.

If you ever have the good fortune to sit down and talk with Bascom for any length of time, don't let him stay on politics too long. Get him to talking about the things which occurred in the Panhandle of Texas when he was just a kid. His knowledge will astound you, and his descriptive story-telling abilities will keep you on the edge of your chair.

Electricity sparks the... **60s** NATIONAL ELECTRICAL WEEK FEB. 7-13, 1960

**"WHADDYA MEAN ELECTRICITY WILL BE A BARGAIN IN THE '60s?"**

"Look at this bill. It's higher than it was last year, isn't it?"

Yes sir—it is. But let's see why. Do you have a new appliance, perhaps? A present for your wife?

"Well, yes. I got her a dishwasher and a new automatic washer last summer."

Lucky wife. Is there anything else?

"Well, yes. We've got a new TV set, too—and I guess we've been watching it a good deal."

Yes. In other words, you've been putting more electricity to work for you, and getting more value out of it than ever before?

"You're right. I guess we have. Never looked at it that way. Why, maybe electricity is a real bargain."

No doubt about it, sir. It is.

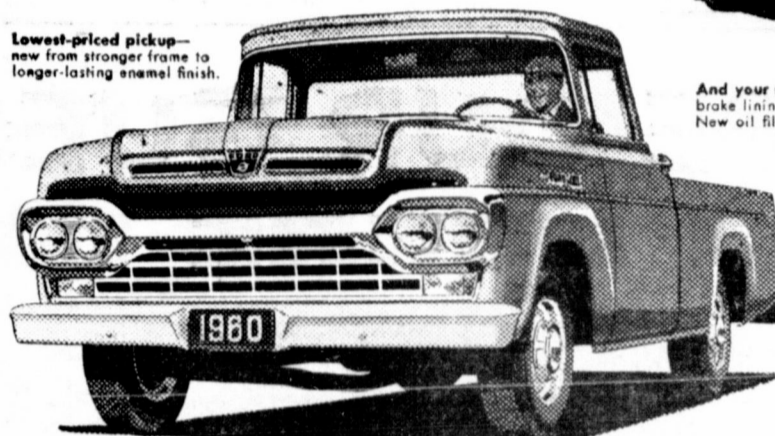

Electricity COSTS SO LITTLE— YOU CAN USE LOTS OF IT!

# BLOWIN' Out the CORNERS

*The Jack Zeb*

Good Scouts are a mighty wonderful group. The Boy Scouts take a bow as they pass the 50th Anniversary of their organization. It makes us all want to give them a big hand as think about this fine group of our young men who for these many years have banded them-

selves together in a program of doing good turns, and of training themselves to be better qualified to face life.

Our only connection with Scouting as a boy was a small group, which called themselves Home Scouts. I do not remember whether we had any official connection with any recognized group, but we will never forget the fun we had camping along the South Texas creeks. Sometimes we think we would like to go back to that little stream, roll up our pants legs, wade in among the rocks catching craw-fish. Then, after catching a dozen or so start a fire, and after peeling the shell from the tails of the craw-fish to fry them over a heated bucket lid. Our only memory is how wonderful this delicacy was. To be right honest we would almost be afraid to try it for fear of destroying a grand memory.

What could be a better goal for each of us than that which we find to be the basis of their Scout law which goes something like the following: "A Scout is trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave,

clean, and reverent." These words represent some of the most worthwhile traits anyone could hope to have.

Congratulations to all good Scouts everywhere and to the unselfish leaders who by example work for and with these fine boys.

Because of the fact that the elections are upcoming the congress seems to feel more generous and outpouring with our money. In addition to passing it out to our "has been" and "will be" overseas enemies they are trying to find some way to accept the responsibility of our school children.

Somehow we have always been against it, and we have to admit that we don't rightly know why. We have already been aided and abetted in most every way by the government and we wouldn't for the world let go of any gravy train that we have ever been aboard. This, in spite of the fact that we claim to be against all government doles.

Many of our forefathers thought that the least governed We The People were from Washington the happier we would be in our home

and community. This we have believed thus far. Due to this belief our local governments have been mighty important down through the years. By these we mean city, school, county, and state. Will they continue to be important if we all keep turning to our national government for the reimbursements leaving only the street sweeping and the bell ringing to the local governments?

We didn't say we were for or against the government helping with education. It has been in the field for some time in the school lunch and at least two other departments and we are not yet ruined. Two questions keep bothering us though. One, does the national government have a more painless way of separating us from our tax money? Second, is there a good reason why local districts can't collect enough money to run the schools?

All work and never a time to go play,

Makes Jack a dull boy, at least so they say.

And if he should find all play and no work,

By the same token, he'd then be a jerk.

Children as well as grown-ups need a time for play and fun, but at the same time we all need to be taught to work. Some of our finest leaders had to do their share of hard work as they came along the road of life. Sometimes it seems that the more responsibility one had to assume when they were young the stronger they become as the problems of mature life have to be faced and solved.

But it is just as true that each of us whether we are adults or children in school need our time of play and relaxation. Some of us may love to fish, others may like golf or hunting but regardless of what form of diversion we may use we do believe that some of our best decisions come perhaps from the creek bank or the golf course.

It is possible to be so busy climbing the tree that we forget to gather any apples.

Someone has said that a diamond is just a chunk of coal that stuck to the job.

Experience is what we get while we are looking for something better.

We get paid for what we know and we pay for what we don't know.

Be content with your house, especially if there is a house on it.

Our candidate for the person from the Golden Spread who puts the most time, talk, and traveling into each 24-hour day would be none other than the well-known J. Garland "Cotton John" Smith. His day begins long before daylight in what he likes to call the best part of the Golden Spread Day, and ends many times far into the night after driving back from a visit into some Panhandle community.

Not only does he put in these long hours, talk up a fair sized dictionary in any given day, travel to the far corners of the country but also meets personally, and seemingly remembers more folks than anyone we know about. Not only does he seem to put the most into his day, but apparently enjoys every minute of it, by getting the most possible out of each experience.

Much of this work has been

with farm communities, and with the 4-H and FFA groups from here to their conventions. In this respect we were impressed recently with some western pants that several of the Clubs were selling. They bore the brand and trademark on the waistline of Cotton John. Through an arrangement with the manufacturer even his picture was branded into the leather tab. In the deal the clubs were making a commission to be used for their local expense. This looked like a clever idea and a good way of saying thank you to this hard-working friend of the Golden Spread.

Sometimes we make friends with people because we are neighbors. Other times due to the fact that they have been kind to us in a hour of need. You like Cotton John and his family just because they are the kind of folks who are easy to like.

The way of the violator is hard and the wages of accident is death.

## Spalding - Mathews Wedding Solemnized

Miss Kathleen Spalding, daughter of Mr. and Mrs. A. B. Spalding of Hedley, Texas, became the bride of Bill Mathews, Jr., son of Mr. and Mrs. W. W. Mathews, Amarillo, Texas, in a double-ring ceremony read Sunday evening, February 14, in the First Methodist Church, Hedley, Texas. The Rev. Melvin Mathis, pastor of First Methodist Church, McAdoo, Texas, officiated.

Vows were exchanged against a background of emerald palms and an altar decorated with white silk rope. Centering the altar was a red taffeta heart with white carnations backed by tall red tapers. White satin bows and red candles marked the pews.

Don Cox, organist, played a nuptial prelude and accompanied Betty Ann Green, cousin of the groom, as she sang "Because" and "O Promise Me." The traditional wedding marches were used.

The bride was attended by Mrs. Martha Lowe, matron of honor, Miss Sara Spalding, bridesmaid, who are sisters of the bride, and Miss Judy Youree, bridesmaid. The matron of honor wore white with red accessories and bridesmaids wore red with white accessories. Each carried a colonial bouquet of frenched red and white carnations.

Attending the groom as best man was his cousin, Tommy Cantrell and serving as groomsmen were his brothers, Walter Mathews and Harry Mathews. Ushers were Robin Poole, Doug Lowe, Dennis Thompson and Jimmy Hill, a cousin of the bride.

The bride, given in marriage by her father, was attired in a floor length gown of chantilly

lace over satin. Her finger-tip veil of illusion fell from a coronet of pearls. She wore a single strand of pearls, a gift from the bridegroom, and carried a colonial bouquet of white rosebuds.

Mrs. Spalding, mother of the bride, wore a charcoal gray dress accented by bone colored accessories and a corsage of red carnations. Mrs. Mathews, mother of the groom wore a frosted blue dress with matching shoes and white accessories. Her corsage was of white carnations.

Immediately following the ceremony a reception honoring the wedding party was held in the home of Dr. and Mrs. D. H. Cox. Arrangements of red roses in crystal were used in decoration.

Guests were received by the bride and groom, Mrs. Spalding and Mrs. Mathews, mother of the groom.

The refreshment table was laid with a white linen cloth and crystal appointments. Red tinted punch and white wedding cake, topped with a miniature bride and room, was served with Mrs. Martha Lowe dispensing punch and Miss Sandra Youree serving the cake. Also assisting in the houseparty were Misses Jean Sanders and Sharla Kay Spalding of Amarillo. Don and Susan Cox provided a soft musical background for the reception.

For traveling the bride chose a light blue suit with gray fur collar and gray accessories.

Mrs. Mathews is a graduate of Hedley High School and Amarillo Secretarial College. She is employed by Kerr Paper Company of Amarillo. Mr. Mathews is a graduate of Amarillo High School and attended American Institute of Banking. He is employed by The First National Bank, Amarillo, Texas. The cou-

ple will be at home after February 18, at Apartment 18, 3115 Julian Blvd., Amarillo, Texas.

The bridegroom's parents, Mr. and Mrs. W. W. Mathews, were hosts at the rehearsal dinner in the Cotton Bowl in Hedley Saturday afternoon at 5:30 p.m.

## CROWNED QUEEN OF VALENTINE

Miss Jo Ann Wood, daughter of Mr. and Mrs. Joe Wood, was crowned Queen of Valentine by her escort, Mr. Sam Barber of Dumas, in a beautiful candlelight ceremony Feb. 13 when the Future Homemakers of Clarendon entertained their dates with a banquet. Runner-up for the honor was Miss Karen Knorpp, daughter of Mr. and Mrs. Buddy Knorpp. Miss Knorpp was escorted by Neel Carter. In the Queen's Court were; Donna Estlack escorted by Jerry Allen, Wilma Elliott escorted by Wayne Mann, Paula Adams escorted by Melvin Housden, Jacquie Bell escorted by Smitty Nelson, Connie McMurtry escorted by Dewey Wilson, Marcia McMurtry escorted by Jim Robinson. Linda Hardin was ill and could not attend.

Preceding the ceremony candles were lighted by a former Valentine Queen, Miss Andra Pinkerton and her escort, Mr. Dennis Bradshaw. Miss Jane Lowe presided at both the banquet and the coronation. Little Joe Robinson, son of Mr. and Mrs. Joe Robinson carried the queen's crown atop a beautiful red taffeta pillow. Special music preceding the coronation ceremony was presented by Miss Wanda Ryan who sang "Around the World" and "Hello Young Lovers." She was accompanied at the piano by Miss Connie Williams. Following the coronation Andra, Sandra, and Mrs. Faye Pinkerton sang "Pagan Love Song" and "Whispering."

Preceding the coronation, "Dan Cupid," Jane Lowe, revealed a lot of secrets of the young lovers of Clarendon High School. Sandra Pinkerton introduced the following guests: Mr. and Mrs. K. D. Vaughan, Mr. and Mrs. James Childers, Mr. and Mrs. Joe Robinson, Mr. Fred Bourland and Mr. Hester Shields.

Chapter parents who attended were Mr. and Mrs. W. W. Pinkerton, Mr. and Mrs. Homer Estlack, Mrs. Spivey. One hundred and twenty-three guests enjoyed the gala affair.

Red hearts encircled with ruffles of net centered the tables. A large geographical sketch of a man's and woman's heart furnished interesting wall decorations and each table was named for a section of the man's heart. The red and white colors were also used in napkins and candles.

Immediately following the Valentine Banquet a presentation dance was given for the Queen and her court at the American Legion Hall. The red and white color scheme was carried out in table arrangement as well as in wall decorations. A lovely silver punch service centered the refreshment table. Balloons and hearts completed the decor.

## ALPHA STATE PRESIDENT HONORED IN PAMPA

Gamma Kappa Chapter of Delta Kappa Gamma, a society for key women teachers, cancelled their regular meeting in Wellington Saturday, February 13th, in order to attend a tea in Pampa honoring Alpha State President, Mrs. Nell McMains from Texas City.

The tea was held in the Federated Club Rooms of the City Hall at 2:30 p.m.

In the receiving were Mrs. Essie Mae Walters, President of Beta Delta, the hostess chapter; Mrs. Nell McMains, the honoree; Miss Mildred Hulsey, State Vice President from Tullia; and Mrs. Mildred Sullivan, State Director of Music from Pampa.

Mrs. Alta Lane invited the guests to be served from a beautifully appointed table carrying out the Valentine motif. Rosettes of red carnations surrounded by white lilies of the valley on a lace doily, were attractively arranged in an epergne with streamers of red ribbon cascading from the epergne to an embroidered, white linen, table cover. Cookies, miniature sandwiches and red and white mints were served. Mrs. Jack Foster poured coffee and tea. Mrs. Faye Dellis Adams played the piano during the tea hour.

Following the tea a welcome and recognition of guests were made by Mrs. Essie Mae Walters. Mrs. Lavinia Webb, vocal soloist, gave the special music which included "Vittoria," "I Wonder as I Wander" and "Christopher Robin."

Mrs. Walters very charmingly introduced Mrs. Nell McMains, Alpha State President, and guest speaker for the afternoon, who gave an inspiring address, "Evaluating the Delta Kappa Gamma Society." She reviewed the history of the society which has grown from local to international in scope in a brief period of 30 years. The society includes the fifty states of the union, Washington, D.C., and five Canadian provinces. Texas alone has 38,000 members and at present 142 chapters. It is one of the largest women teacher organizations in the world. The need for a greater organization was emphasized

as a necessity for women to acquire leadership in world affairs and in the advancement of education. The seven purposes of the society were summarized, along with the importance of properly functioning committees, particularly the membership, program and scholarship committees.

Mrs. McMains stated that the Delta Kappa Gamma Society exhibited a spiritual fellowship, and the building of a better profession to make teaching the calling that it should be. Teachers who have talents, skills and abilities must exercise and share them with others as selfless workers, informed observers, and tireless leaders for the purpose of achieving a better world development.

Five Panhandle Chapters were represented at the meeting and included Pi, Gamma Xi, Gamma Theta, Beta Delta, and Gamma Kappa. Ladies attending from Clarendon were Mesdames Claudine Todd, Hazel Brandon, Marguerite Goodner, Lucile Naylor, and Misses Edgar Mae Mongole and Gladys Burnham.

Mrs. Velma Weaver with several members from Memphis and Childress attended the funeral of Miss Lula Caudell, an honorary member of Gamma Kappa Chapter. The service was in the First Baptist Church in Childress. Miss Caudell taught in the Childress schools 37 years out of 50 years of teaching experience. She retired in 1958 and was acclaimed "First Lady of Childress" at a public gathering in her honor.

Mrs. Weaver later drove to Pampa for a brief visit with the state officers in the home of Mrs. Mildred Sullivan. — Rep.

**BETA SIGMA PHILAMU GAMMA**

Serving as program chairmen for the Feb. 11th meeting of Mu Gamma Chapter, Beta Sigma Phi, were Mrs. Arvis Davis and Mrs. Glenn Wallace. The guest speakers, Mr. and Mrs. Jack Clifford, were introduced and a most interesting program on "Travel" was presented to the group.

The meeting was then called to order, the minutes were read, and a lively business session was once again in progress. This included the group's voting to contribute \$25 to the local Girl Scout program, with a similar amount designated for use in one of the sorority's research projects.

Following an announcement by the social chairman that a Beta Sigma Phi game and card party is to be held the night of Feb. 15th, the business meeting was adjourned.

Refreshments were then served by the hostesses, Mabel Dean Porter and Hazel Guy, to the following members: Anness Benoit, Pat Cornelius, Jo Anne Davis, Pat Day, Bert Garland, Frankie Henson, Ann Hommel, Glenda Lacey, Jo Ellen Pfeiffer, Juanita Phelps, Mary Neal Risley, Nancy Shelton, Marilyn Simpson, Tookie Thornberry, Lea Tyler, Melba Vaughan, Pat Wallace, Evelyn Yeates, Shirley Clifford, Jean Davis, Beverly Boone, Georgia Goodman, and Quinn Draper.

The next meeting will be held Feb. 25th in the home of Mrs. Joe Pfeiffer. — Rep.

The meeting was opened with the reading of Club Collect. The president, Mrs. George Benson presided over the business meeting.

The program for the afternoon was presented by Mrs. Ed Dishman and Mrs. Heckle Stark. Mrs. Dishman discussed the life of George Washington telling first of his early life as a boy and on through his presidency. If club members were interested they were requested to write Governor Price Daniel, Senator Andy Rogers or Rep. Will Ehrle for a special session of the State Legislature.

Mrs. Charlie Bairfield was leader for the program on poetry. She read several of her favorite poems such as "Trees" by Joyce Kilmer, "Old Church Bell" by Otis Shirk, "At the School Exercises," "Example," and "Perils of Winter" by Edgar A. **FACT AND OPINION**  
The Portland Oregonian says: "U.S. motorists for years have been showing, through their purchases of small European cars, a desire for low-cost transportation. But not until this year have the Big Three of Detroit automakers recognized this trend and offered the new, 'compact' Falcons, Corvairs and Valiants... It might be thought that Detroit at last would be convinced that the public genuinely wants small, functional and economical cars. But evidently the lesson has not yet been learned. General Motors seems to feel its Corvair, with only 80 horsepower, is at a competitive disadvantage when the Falcon has 90 horsepower and the Valiant offers 100. So G.M. will hop up its Corvair engine so the car will go faster and use more gasoline. And Ford is about to put out a 'luxury economy' car, the Comet, with rear fender fins, dual headlights and six inches more wheelbase than the Falcon. Here we go again."

IT TAKES COURAGE TO CREATE NEW MEDICINE  
The large pharmaceutical firms who supply the medicines we dispense in your prescriptions spend up to 10% of their income on research. No sooner than they perfect a new drug for a particular ailment, than they immediately start to find a still better one to replace it. If no important discovery develops profits can vanish. Yet, medicines that originally cost millions of research dollars to create, when perfected cost you only a few cents per dose. When you need medicine bring us your doctor's prescriptions. FARM NEWS

from the County ASC Committee

Deduction For Seeded Crops—Plow-Up Cotton

When cotton is plowed-up because too much was planted adjustment credit shall be given only for acres of regular shape with not more than four sides. One side or one end of the plowed-up area shall be parallel with the rows or field boundary when row crops are destroyed in a square, rectangular, or trapezoidal pattern. These restrictions may be disregarded when the crop in an entire field or subdivision is destroyed in disposing of excess acreage. Keep this in mind for plowed-up cotton acres.

Release of 1960 Cotton Allotment Acreage

Cotton growers who do not plan to plant all of their cotton allotment acreage are urged to release any part which they will not plant. The committee can re-appportion the acreage to other cotton growers. The cotton history will be retained by the farm from which it is released. It is very important that at least 75% of the farm allotment be planted or released. Beginning with allotments established for the 1961 crop of cotton, if the acreage actually planted or regarded as planted (released) to cotton on the farm in 1960 was less than 75% of the 1960 allotment, instead of using the 1960 farm allotment, as the farm base, the base shall be the average of the cotton acreage planted or regarded as planted for the farm for 1960 and the 1960 farm allotment. In other words, if you do not plant as much as 75% of your allotment or release the acreage (or the land is not under CR contract) your base for computing your 1961 allotment WILL BE REDUCED.

You are urged to check with the office for complete information on this and any other question you have on which we may help you.

Wool Program

Sales receipts for wool and unshorn lambs may be filed in the

county office when the wool and lambs are sold. March 31, 1960, is the final date to sell wool and lambs under the 1959 marketing year and all sales receipts must be filed in the county office not later than April 30, 1960.

RURAL MOTORCIDES SHOW DECREASE

"Rural Motorcides in the 31 county Amarillo Highway Patrol district decreased 12 per cent from 1958 to 1959," Captain J. W. Blackwell said today. Captain Blackwell, well known commander of the Highway Patrol in this area said that during 1959 we had 104 people killed in rural traffic accidents compared to 118 rural traffic fatalities in 1958. Our patrolmen investigated a total of 2,000 rural traffic accidents during 1959. This traffic accident experience not only caused the death of 104 men, women, and children, but also injured 1,223 people and caused an estimated property damage of \$1,607,992.00.

Twelve of the 31 counties in this Highway Patrol district showed an increase in the number of motorcides for 1959. The highest increase for any county was in Hall County with five rural traffic fatalities compared to only one in 1958. Potter County had the largest number of deaths recorded with 14. Five counties — Collingsworth, Cottle, Hemphill, Ochiltree and Roberts — did not record a traffic fatality in 1959.

"The real tragedy in our accident picture is the fact that the causative factors are well known," Captain Blackwell said. In 1959, as in 1958, too much speed at the wrong time and too much drinking while driving were the major contributing factors. When people start obeying the traffic law themselves and insist that other drivers obey the law, then we will see a reduction in our accident rate.

Donley County recorded 3 fatal accidents, 13 personal injury accidents and 23 property damage accidents for a total of 39 accidents. Four deaths and 20 injuries resulted from these accidents and property damage was set at \$56,246.00.

Mr. and Mrs. J. B. Hilburn of Pampa were guests Saturday in the home of Mr. and Mrs. A. O. Hefner. Saturday afternoon all visited in the Jess Hefner home at Hedley.

TWO POSSIBLE COURSES

National Review recently ran an editorial on this country's military problems, under the grim title "Position of Weakness." That position, in the opinion of the magazine's editors, is an extremely critical one. In particular, our production of effective intercontinental ballistic missiles has been far below what was expected and what the military experts are convinced is needed. The same thing seems to be true of other weapons.

National Review then made this all-important comment: "To insure domestic tranquillity and to provide for the common defense: these are the essential tasks of government — the excuses for government. If a government cannot defend its citizens, it is a government no longer. To this primary duty all other governmental tasks and functions — all without exception — are subordinate. Yet the budget-balancing slashes proposed by both the President and Congress apply in every case to the instruments necessary to the common defense, while dozens of subsidies and handouts for everything from bridges to electric lights are not only maintained but increased."

That covers the case clearly and accurately. Therefore, an adequate national defense — occupying a position of strength instead of weakness — can be obtained in just one of two ways. We can obtain it by further increasing appropriations and taxes. Or we can obtain it by eliminating the spending on governmental luxuries, non-essentials and the advancement of national socialism. In this election year, the people should make known which of these two courses they endorse.

The public school is a training ground for responsible citizens of the future. Learn the technique of training by visiting a school during Public Schools Week, February 28 through March 4.

Mr. and Mrs. John Short moved to Amarillo this week and will make their home there.

Mrs. Ora Adcox, who has been a patient in the Groom hospital for several days, was moved to the home of her daughter, Mr. and Mrs. Earl Hodnett in Dumas Sunday. She is improving nicely.
