## Services Held Tues. For M. R. Allensworth

Funeral services were held Tuesday morning in the First Methodist Church for Maurice Reynolds Allensworth with Rev. E. Lee Stanford and Dr. E. D. Landreth officiating. Burial was in the Chillicothe Cemetery Tuesday afternoon with the Murphy Funeral Home in charge of arrangements.

Mr. Allensworth, 76, died of a heart attack early Sunday morning at his home here. He was assistant Vice-President of the Donley County State Bank. He had been a resident of Clarendon 27 years, moving here from Chillicothe where he was cashier of a Chillicothe bank for several years.

He was a member of the First Methodist Church of Clarendon, the Chillicothe Masonic Lodge, chapter and council and the Vernon Commandery and Wichita Falls Shrine.

Survivors include his wife, Mrs. Mary Hardy Allensworth; two daughters, Mrs. Dorrae Watson of West Covina, Calif., and Mrs. Clairene Sanborn of Garland; a son, J. O. Allensworth of Bakersfield, Calif.; a stepson, Lt. Col. Sam H. Barrow of Ft. Monroe, Va.; a sister, Miss Gladys Allensworth of Fort Worth and 14 grandchildren.

Pallbearers were Carroll Campbell, Walter B. Knorr, Wilbur Hudson, John Gillham, Charles Bairfield, Ben H. Smith, Lee Holland and Walter Taylor.

## \$3,300 Is Goal Of Street Marker Drive

A grand total of \$3,300 is needed to adequately mark the town of Clarendon with permanent type street markers. \$1,565 of this amount has been raised to date and it is the hope of the Chamber of Commerce and City street marker committees, that the remainder of the \$3,300 can be raised before the end of the year.

More volunteer workers as well as volunteer contributions are needed to give the drive the push needed to complete the project. People who have not been contacted and wish to donate the price of a marker (\$15) are urged to mail their check to Frank Phelan, Jr., or J. B. Melton. Your volunteer contribution will save extra time and footwork on the part of the workers who are engaged in the busy season of the year at present.

If you have not been contacted yet or sent in your marker contribution, don't feel slighted as someone will contact you before the drive is ended. It will take the combined efforts of everyone to make this project possible. Once these markers are set, the City will maintain them and Clarendon will not have to worry about proper street marking in the years to come.

## Lewis Horse Sets New Track Record At El Paso

Mr. and Mrs. Wm. J. Lewis and Floyd Derrick were in El Paso for the holiday week end races at Sunland Park and were on hand to see one of Lewis's horses Admiral Van, set a new track record.

Admiral Van roared to a four-length victory in the \$5,000 Thanksgiving Day Handicap at Sunland Park Thursday and set a track record of 1:08 4/5 for six furlongs, shaving 1/5 of a second off the old record set by a stablemate, Vic Mon, who ran third in Thursday's feature.

Masue was second, a length in front of Vic Mon. Yes More was head and head with front-running Admiral Van until the stretch drive and finished fourth. Favored Indian Creek wound up sixth in the seven-horse field.

The winner paid \$7.50, \$4.00 and \$4.90. The victory was worth \$2,915 to owner W. J. Lewis Jr., whose Vic Mon captured the event last year.

## County Contest Held Monday Night

The "Sew-It-With-Wool" Contest sponsored by the Homemaking teachers of the county met with great success when the contestants modeled their garments before a large group of interested friends Monday night in the high school auditorium. Twenty-five entries, ranging from play clothes to ensembles, suits and coats, were paraded before the audience to reveal not only what's new this season, but also the many ways wool can be used in our wardrobe. From this group four girls were selected to compete on district level in Lubbock. They were: Miss Donna Estlack, daughter of Mr. and Mrs. Homer Estlack, modeling a coat; Miss Jackie McClellan, daughter of Mr. and Mrs. John McClellan, modeling a dress and jacket ensemble; Miss Norma Self, daughter of Mr. and Mrs. George Self, modeling a two-piece suit; Miss Wilma Mann, daughter of Mr. and Mrs. C. H. Mann, modeling a sheath jumper with a reversible jacket.

Included in the "top ten" group were: Miss Frances Mann modeling a suit; Miss Molly Floyd, a sheath dress; Miss Lynn Bourland, a suit; Jeanne Gray, a full length coat; Denna McAnear, a skirt and sleeveless jacket; Donna Estlack, a jumper set.

Judges for the event included Mrs. Bob Roland, Hedley, Texas; Mrs. Kedron Mitchell, Homemaking teacher, Quail, Texas; and Mr. James Childers, Speech Department, Clarendon. They scored the girls on workmanship, modeling, poise, and general appearance.

Competition for this event was very close. Only two points difference was noted between the top four entries and other mentioned in the top ten. —Rep.

## FARM NEWS

from the County ASC Committee

**Receiving Allotments**  
All operators of upland cotton farms in Donley County should receive official notice of their 1961 farm acreage allotments through the mail within the next few days. Growers will vote at local polling places Tuesday, December 13, on the upland cotton program for 1961, and allotments are being mailed to reach all growers before referendum day.

In a change from the programs in effect for 1959 and 1960 each farm operator will receive only one allotment for 1961. This will represent the farm's share of the national cotton acreage allotment of 18 1/2 million acres.

The allotment determines the effect of marketing quotas on the individual farm. If marketing quotas take effect as a result of a two-thirds favorable vote in the referendum cotton from compliance farms may be marketed without penalty and is eligible for the full available rate of price support. Even if quotas are disapproved, compliance with the acreage allotment will determine eligibility for the lower price support available.

For the past two years, farm operators had a choice between the regular allotment and price support rate and a larger allotment with a reduced rate of support. However, the law that provided this special program applied only to the 1959 and 1960 crops.

Voting in Donley County will take place between the hours of 8:00 a.m. and 6 p.m. Community polling places in the county are as follows:

Donley County ASC Office, A & C Community; Lovell's Garage, G Community; Cook's Gro. Store, Lelia Lake, D & E Community; Hedley City Hall, F & G Community; T. E. Trostle Home, McLean, H Community; B. D. Rice Home, H Community.

**Agricultural Conservation Program (ACP)**  
Please note the final date for reporting performance on any outstanding ACP practices. As soon as the practice is completed, Form ACP-245, Approval, should be executed in accordance with instructions thereon and then submitted to this office.

## Registered Beef Cattle Sale Is Top Attraction December 8th Next Week

One week from this Thursday on the eighth of December is the big Rolling Plains Registered Beef Cattle Association sale in Clarendon at the fair grounds at one p.m. Eighty-five head of registered bulls will go on sale with Colonel Walter Britten of College Station, Texas, auctioneer. The bulls, W. H. Cooke, III, President of the Association, says that there will be forty-three Hereford bulls, twenty-five Angus bulls and seventeen Gallo-way bulls.

H. M. Breedlove, Secretary of the Association, says that everything is ready for the big sale. The bulls will be classified on the seventh of December at one p.m. and Breedlove says that this is a good time for all bull buyers to look over the bulls and make a selection of the bull that you think will best suit your program. John Knorr, Sales Manager, has all the records on the bulls entered in the sale and everything in his department is set up and ready for the auction.

The directors of the program building committee and the bull sale decided to build their own seating bleachers. This has been done and John Bass, carpenter and Hereford breeder, was in charge of this department. The labor was done by W. H. Cooke, John Knorr, Ed Floyd, Fred Watt, John Bass and Flip Breedlove. The heating of the building for the sale will be done by Household Supply.

All bulls must be in the barn not later than noon on the seventh of December.

## One Point Decides Two Games For College Bulldogs

Friday night the Clarendon Bulldogs opened their home basketball season with what will stand up as one of the most interesting basketball games of this season. Not only did the game gain spectator approval but ended up with an all out drive by the Bulldogs to hold on to a lead they had gained and lost six different times during the progress of the game. They finally lost by a score of 90-89.

Credit for the win by Bethany College of Mankato, Minnesota, in a great measure must go to Jan Dobbins for his shooting at the free throw line. Dobbins scored 18 points out of 20 attempts from the free throw line; however, the entire Bethany team averaged scoring on 84 percent of their free throws, scoring 36 of their 90 points from the free throw line.

Clarendon pushed out in front early in the game by virtue of fast drives by Alexander, Bronniman, and Lesley. High scorers for the Clarendon Bulldogs were Bronniman with 33 points and Lesley with 17. High scorers for Bethany were Dobbins with 32 and Gurk with 19 points.

Coach Young used 10 men in this game to try to hold on to the initial lead, but because Bethany College out shot the Bulldogs any College out shot the Bulldogs from the free throw line, he was forced to settle for a one point loss. One of the most encouraging observations of the game was the excellent performance of the five freshmen who were pressed into service. Coach Young was very complimentary of the showing made by Dee Blevins and Jimmy Humphreys, lettermen from last season, however their fouls early in the game had some effect on their aggressiveness.

Monday night the Bulldogs played Panhandle A&M Freshmen at Sunray and took the game by a score of 69-68. The Bulldogs led by 15 points at halftime. Bob Johnson of Panhandle A&M was high scorer of the game with 24 points. Bobby Lesley racked up 19. John Alexander 15, and Oscar Bronniman 15 for the Bulldogs.

The Bulldogs are entered in the Odessa Tournament and will meet South Plains in a game to be played at 3:30 Thursday.

## High School Basketball Teams To Host White Deer Friday Nite

The Clarendon High School basketball team will host White Deer here Friday night with the girls' game beginning at 7 p.m. The White Deer girls were district champs last year and lost only one guard from their Regional tournament team.

Peggy Jackson, recovering from an ankle injury will probably see some action in this game. The Bucks and the Lefors Pirates had a "play-off" last year for the District 1-A Championship.

The two White Deer teams are expected to show speed and experience in the game here Friday night.

Tuesday night, December 6th, the local teams will journey to Claude for a return engagement. In their previous meeting, the Claude girls were winners and the Clarendon boys won their game.

## Quail Season Opens Today December 1

Quail hunting season in Texas will start today, Thursday and will continue through January 16th.

In the Panhandle, the bag limit will be 12 birds per day and not more than 35 per week or in possession.

All resident hunters must have hunting license when hunting outside the county of their residence except those younger than 17 years or 65 years old or older. All non-residents must have hunting license.

Hunters are reminded by area game wardens to have permission before hunting on any property. Hunting and trespassing fines can be very heavy for a hunter that does not have permission and is reported to local officials. An excess of birds over the bag limit can be costly also. One of the big points to remember is to be careful or you may be included in the hunting casualty list that mounts each hunting season.

## Former Resident Buried Here Tuesday

Funeral services for Thomas E. Perdue were held Tuesday afternoon in the Forest Hill Methodist Church in Amarillo with Rev. Tommy Nelson, pastor, officiating.

Mr. Perdue, 71, died Sunday night in the Veterans Hospital in Amarillo. He was a retired Donley County farmer and had made his home in Amarillo since 1942. He was a member of the Methodist Church, a veteran of World War I and a member of the American Legion.

Survivors include two sons, William D. and Joab J. of Amarillo; two brothers, John C. of Levelland and D. N. Perdue of Amarillo; and four sisters, Mrs. Van Roy of Pampa, Mrs. Oma Pierce of Amarillo, Mrs. Edgar Talley and Mrs. Leslie Tims of Clarendon.

Pallbearers were Dane Perdue, Dan Tims, Harold Pierce, Ray Pierce, Gene Perdue and Richard Perdue.

Burial was in Citizens Cemetery here Tuesday afternoon.

Mrs. Phil Engle spent Thanksgiving with her son, Edward Engle at Borger.

## Hedley Man Receives Painful Injuries

Tom Clendennen, a resident of Hedley, is receiving treatment in a Memphis hospital for injuries he received last Saturday on the West Texas Gin yard at Hedley.

It was reported that Clendennen cranked a tractor that was in gear and was run over by the tractor which had a boll-puller attached. The boll-puller was the implement doing the damage as there was very little clearance between the machine and the ground. Clendennen received severe and painful lacerations the entire length of his body. One gash barely missed his jugular vein. He was reported doing as well as could be expected Tuesday.

## Former Resident Receives "Outstanding Citizen" Award

Keith Bain, former Clarendon resident, who is employed by Boxwell Bros. Funeral Home and Insurance Agency was presented the "Outstanding Citizen" award for 1960 by the Dumas Kiwanis Club at its annual Farm-City Week banquet held Tuesday night of last week in Dumas.

The award, based on community services "above and beyond" the call of duty was presented by Charlie Thompson, chairman of the selection committee.

Keith was raised in Donley County and was employed by a funeral home here prior to moving to Dumas 8 years ago.

## Girl Scout Fund Drive Totals \$729.50

With the Girl Scout Fund Drive officially completed, Mrs. Carl M. Bennett, chairman for the drive, has announced that \$729.50 was raised here in Clarendon.

The goal set for Clarendon was \$1200, but workers have been very pleased with the response given by the citizens.

All Girl Scouts, leaders and workers are very grateful for this interest shown in them and their program and wish to thank their friends for helping make the drive a success by contributing so freely.

## 4-H Award Winners To Attend Banquet

The two Gold Star Club award winners for Donley County for 1960 are Beverly Leathers of Lelia Lake and Rod Stone of Clarendon. Both are steer feeders and have made good records in their 4-H Club work. They were selected by a committee of 4-H Club members. Last year the winner was Gene Floyd of Hedley.

The two gold star award winners, with their parents and County Agent Flip Breedlove and Mrs. Breedlove will attend a 4-H Gold Star Award Dinner this Saturday night, the third of December in Amarillo. Mr. W. W. Graham, Jr., and Miss Lois Wilson, both district agents for the Texas A&M College Extension Service will be in charge of the banquet.

## News Copy Still Needed Early

EDITH BARNES

John J. Anderson, Professor of English at A. and M., is writing a book about Texas place names. He wants all the information he can get on the following: Hedley, Jericho, Lelia Lake, Saddlers Creek, Bitter Creek, Indian Creek, and Whitefish Creek. He wants anything about these that anyone knows such as: For whom or what named? When? Circumstances of naming? Also any other interesting place-names you might know about in Donley County. If you have any information or know anyone who does I would appreciate you letting me know. This will be sent to Mr. Anderson and copies made to be kept in the library.

"Many, many thanks to the '1926 Book Club' and the library friend who gave us twenty books. All fiction.

When we measure success by bank accounts instead of what a man passes on to his children we are missing the point entirely. Did you know that 'In 'Who's Who' and in the 'Hall of Fame' there are more sons and daughters from men of the ministry than any other profession. If you are born the child of a minister your chances at success are 25 times greater than if you are born a child of any other professional person. The only parents to surpass the ministers in this respect are the missionaries."

"Books help to prepare children for school and other situations which they will encounter," says Mrs. Ralph S. Johnson, head

of the Children's Dept. at the Fort Worth Public Library. "Parents can play an active role in fulfilling these preparatory needs."

"Children are imitators and therefore should see their parents reading," she notes. "It is important also to get children a library card as soon as they start to school."

"There are really no books for a particular age child. Some that are suited to a four-year-old may also hold the interest of a third grader, depending on the child, his everyday experience and his reading experience," she says.

Experts agree that it is almost impossible to start reading to your youngsters too early. "Mrs. Johnson believes that parents should begin reading to a child when he is still in the leaning stage of sitting up and that the child should be allowed to help hold the book to get the feel of it."

Donley County Soil  
Conservation District NewsW. P. Doherty  
T. C. D'SpainC. B. Morris  
Roy Jewell  
Clarence ReynoldsTHE GREAT PLAINS  
CONSERVATION PROGRAM  
What Is The Purpose Of The  
Great Plains Conservation  
Program?

The G.P.C.P., Public Law 1021, is intended to help speed up the soil conservation work in the Great Plains region. This program is designed to supplement funds that the A.S.C. office offers in cost-sharing and also to cost-share some practices that the A.C.P. funds don't cover. These practices are: range chiseling and pitting, livestock water tubs, installing pipelines for livestock water, and constructing cross-fences on rangeland.

What Does A Farmer Or Rancher  
Have To Do To Take Part In  
This Program?

1. File an application for participation in the local S.C.S. office.
2. Develop a "plan of operation" for your farm or ranch as a basis for determining the need of cost-share practices for your operation.
3. Sign a cost-sharing contract with the U.S. Dept. of Agriculture as prepared by the local S.C.S. office.
4. Carry out the recommended changes in land use, cropping systems, and conservation practices.

These are based upon soil and range surveys and upon economical feasibility.

5. Apply for cost-share payments at the local S.C.S. office.

What Will A Plan Of  
Operation Include?

1. Your name and location of farm or ranch.
2. A conservation plan map showing all fields and pastures, what they are used for, and acres in each.
3. A description of practices to be done in each field or pasture.
4. A time schedule showing what will be done each year for the length of the contract.

What Does The Cost-Share  
Contract Involve?

The contract is a written agreement between you and the U.S.D.A. In the contract, you agree to carry out a complete conservation program on your land and the U.S.D.A. agrees to set aside the money needed to carry out the practices. You must show evidence that you will have control of the land for the period of the contract.

What Else Should I Know  
About The G.P.C.P.?

1. The period of the contract is not less than 3 years or more than 10 years. The length of the con-

tract will be for the period of time needed to carry out the practices.

2. The contract can be amended if you lose part of the acreage of the farm or ranch or if you wish to change the time schedule of practices to be done.

3. If you violate the contract in such a manner as to warrant ending it, you will have to refund all payments received previously.

4. You may receive cost-share payments in one year or several years to the extent of the number of years of the contract times 2500.

5. Cost-share can be received from both the G.P.C.P. and the A.C.P. funds but not for the same practice.

6. Acreage allotments will not be reduced during the contract period because of changes in cropland use required by the contract.

Many farmers and ranchers in the Donley County Soil Conservation District are participating in this program. They include: Mrs. Ora Bray, Dr. H. R. Beck,

James Doneghy, T. G. Fields, Vance Gray, J. M. Tate, J. N. Weaver, George Saunders, and others. For information or participation in this program, see the personnel in the local Soil Conservation Service office.

Beaver Falls, Pa., New-Tribune: "Centralized government thrives on secrecy, as does dictatorship in a totalitarian country. In the aftermath of the second World War, Congress passed a law, which has enabled bureaucrats in the Federal government to withhold information to which the public is entitled. The law has been used even to withhold information from Congress. A right to know law, under consideration by the Federal Bar Association, would correct this and make available all legitimate news to the public."

Being famous is like having a string of pearls given to you. It's nice, but after a while, if you think of it at all, it's only to wonder if they're real or cultured.

WEST SIDE OF TOWN  
ON AMARILLO HIGHWAY

"Hide and watch" is an expression used by some of the modern day teenagers to those who seem doubtful about the outcome of some of their wild sounding ideas. Many of their ways do seem to "Make like crazy" to us oldsters but if we keep an open mind we are bound to admit that they do come through with results that surprise us every once in awhile.

One of the trends among our young people of late is that of taking a keener interest in politics. That of being vitally concerned about the future of our country. We can be proud of them for this stand and can go to bed

at night with a new hope in our hearts because it is true.

Most every school conducted polls during the last political campaign and the students not only voted their convictions but spoke up with courage on many issues. In the argument over the conservative-liberal views their overwhelming expressions were on the conservative side in the several polls which we checked. Instead of looking toward the government pork-barrel for future handouts they seemed to want only a chance to do things on their own.

This could well be a signal to both political parties to take warning. It might mean that the pendulum is about to swing back in the other direction. It seems that the fear of losing our freedom might be stronger in many young minds than the idea of freedom from fear.

"Hide and watch" is the very least we can do. Likely we should hide our face in shame because we have traveled too far already

along the path toward socialism.

Said the robin to the sparrow; "I should really like to know Why these restless human beings, Rush about and worry so." Said the sparrow to the robin; "I know not unless it be, That they have no Heavenly Father."

Such as cares for you and me." One of the hardest things for most of us to do is to prove by our actions the things we profess to believe. It is one thing to put into words that we believe in a Creator that can and will care for us under all circumstances. It is still another to show by our calm attitude that we live in less fear than those who do not profess this faith.

We can remember as children when we could not walk through a dark room alone without fear. But with mother or father holding to our hand we could skip at arms length in any direction. The dark was the same but our faith saved us. We need to use the faith which we have and keep on asking for a greater faith until we can in the same proportion launch out at arms length in our spiritual life.

The song writer put it this way; "There's a lot about tomorrow, That I do not understand; But I know who keeps tomorrow, And I know who holds my hand."

You need three things when burning leaves; A rake, a match, and by your side (To make the ceremony true) A child to watch all wide-eyed.

We don't know who wrote the above lines. Neither do we know whether they made any claim as to its poetic value. But, we vouch for the truthfulness about this time each fall when the leaves come tumbling down.

It beats all get out how that even the scrubbiest of little trees during the summer can burst forth suddenly with baskets full of fallen leaves.

Having some child watch you at work, and perhaps ask hard to answer questions makes any job more interesting. Next to experiencing something new in our own life the next best thing is help some small fry fathom the mysteries of nature.

Most every child has some adult that means something special to him. It might be a neighbor across the street. It could surely be a grandfather or a grandmother. It always includes at certain ages the father and mother. Most adults have some youngster that rings the bell in a big way with them. Life just wouldn't have much meaning if it were not for the tie-in between the old and the young.

Outstanding in our memory was a kind old gentleman who used to pass through a gate near our home. One day we opened it for him and he gave us a nickel. After that we never failed to have the gate open, and thank goodness he never ran out of money.

## GEORGE'S WIFE

By "Sarah"

Most of us became aware of a thing called prestige during the campaign. Now our conception of this elusive state of being is something like telling everyone how smart your children are, or how much money you have. It is something to hope and strive for, but never talked about.

There is something much more important than prestige slipping right here in Texas.

Things like this: Seven Houston businessmen, including a Trustee of the organization he was entrusted to protect, arrested and fined for killing over the limit of ducks on a hunting trip, many of which were found to be the kind we have no open season on this year.

Another incident even harder to understand, took place down Austin way last week. . . Saunders Freed; lies to Legislative group, but it's not perjury. This ruling just about takes care of the heroic effort on the part of the House Investigating Committee Hearings in Amarillo a while back. True, these hearings are primarily to bring the fact before the people, which they did in a most dramatic way. We are not proud of some of the thoughts that came to us after seeing the sordid conduct of some of our citizens. We wonder if the com-

munity would not be safer with the murderer loose among us, than the creeping contaminating influence of the ones, aided by the Court of Criminal Appeals and The Supreme Courts of our land go free to continue whittling away our moral structure, the foundation of any peoples.

We had to turn to a British journalist, Peregrine Worsthorne who has a condensed story of we Americans in December Readers Digest, to get a proper prospective of ourselves. He says, "Oh dear, has nobody told Uncle Sam he's only got a few more years to live; that he's a blind giant stumbling purposely from humiliation to humiliation; that his muscles and brain; have been allowed to dissolve in the acids of

full living and empty thinking; that he is surrounded by a cultural desert, and smothered in a conformist blanket?" This was his idea before touring our country, afterwards he had this to say: "In a decade of frequent visits to the United States. I have never before found its people so serene and buoyant, so collected and united, where a vast majority really do seem to live a full and satisfying life."

Goodwill Industries, which is the largest private employer of handicapped people, says that within a normal working lifetime a rehabilitated handicapped worker will pay \$10 in income taxes for every dollar invested in his rehabilitation.

## Baker - Pullum Vows Solemnized

Miss Mary Baker, daughter of Mr. and Mrs. L. T. Baker, of Hedley and LeRoy Pullum, son of Mrs. Haskell Oldham of Samnorwood and the late Mr. Walter Pullum, were united in marriage November 26, in the First Baptist Church of Hedley. Rev. J. S. Tipton officiated at the double ring ceremony read against an altar arrangement of wrought iron candelabras interspersed with emerald palms and baskets of white geranioli.

Mrs. Don Springer, pianist, provided traditional wedding music and played "Because," "Always," "Oh, Promise Me," and "Wedding Prayer."

Mrs. John Lee Stephens was matron of honor. She wore a red brocade taffeta dress and carried a colonial bouquet of white carnations and white frenched mums.

Luther Owen Thompson, brother-in-law of the groom, acted as best man. Ushers were Billy Baker and David Baker, brothers of the bride.

Given in marriage by her father, the bride wore a gown of white, bridal satin styled with fitted bodice and bouffant skirt. The deep yoke was fashioned with

scalloped Alencon lace. A princess crown of pearlized orange blossoms held the bride's fingertip veil of imported illusion. She carried a cascade bouquet of white glamelias, ornamented with white seed pearls. Her only jewelry, a pearl necklace, was a gift from the groom.

Following the candlelight ceremony, a reception was held in the Fellowship Hall of the church. The bride's table was laid with a white damask cloth. The three tiered wedding cake, topped by a bride and groom, was flanked by crystal candelabras holding white tapers. An arrangement of white shasta mums and a crystal punch bowl completed the appointments.

For traveling the bride chose an exotic sheath complimented with black accessories.

The bride is a graduate of Hedley High School, and is employed with the First National Bank of Amarillo. The groom is a graduate of Hedley High School, and is employed by Beard and Stone Electric of Amarillo.

Out of town guests were Mrs. B. B. Waters of McKinney; Mr. and Mrs. Marvin H. Baker and Barbara and Bonnie of Lubbock; Mrs. Hayden Baker and Gary and Gale of Clarendon; Mrs. Don Hansard of Borger; Mr. and Mrs. R. L. Thompson of Samnorwood; Mr. Luther Thompson of Wellington; and Mrs. Benie Jo Thompson of Oklahoma City.

## MOTIVE FORCE

Not long ago the production of electricity from nuclear energy was pretty much of a dream. Its practical application, many thought, lay far in the future.

Today, due to the initiative of the private utility industry, working in full cooperation with the Atomic Energy Commission, the dream is becoming a reality.

This fall, to take one example, a power plant using an atomic reactor is scheduled to go into operation in New England. The reactor will produce enough power for a city of 250,000 people, and is designed to operate a year and a half before it needs refueling. And comparable power plants are being built in all sections of the nation.

tions of the nation.

The publication Investor's Reader recently summed up the situation. All told 17 separate reactor projects are being built or planned. These, it says, will involve an investment of some \$650 million on the part of the utilities. Additional sums will be spent by the AEC for research and other aid.

This doesn't mean that all the problems connected with nuclear production of power have been solved. Many remain, both economic and scientific. But the power industry is driving ahead, and the progress made so far has been greater than almost anyone anticipated a few years ago. Private enterprise is the main motive force.

their children home for Thanksgiving: Mr. and Mrs. Orval Tate and daughter of Portales, N.M.; Mrs. Dorothy Tate and David of Amarillo; Mr. and Mrs. Don Carson and children of Borger.

Mr. and Mrs. DeArmon Peabody and children of Borger spent the holiday week end with her mother, Mrs. Louise Harris.

Mr. and Mrs. Bill Reeves of Arlington visited Mrs. W. E. Reeves and Myrtle. Mr. and Mrs. Don Reeves of Amarillo visited their grandmother Saturday. The Reeves attended the Ex-Senior Banquet.

Mr. and Mrs. Sidney Davis of Albuquerque, N.M., spent Tuesday night in the John Tate home.

Mrs. Pauline Moffitt received a very painful fall Friday. Glad to learn no bones were broken in what would have been a serious accident.

Tom Clendendon was hurt Saturday when he was run over by a tractor. Quick thinking on the part of John Stephens when he pulled his head out of the path of the wheel perhaps saved his life. He was carried to Goodall's Hospital in Memphis.

Commissioner Frank Murry, Bill Scales, Mr. and Mrs. E. L. Sitter made a business trip to Austin last week. Mrs. Scales went as far as Abilene and visited her children, the Kenneth Whisnants.

Mr. and Mrs. R. M. Bradley and Alasidine visited the Clarendon Bradley's in Shamrock Saturday.

Ike Rains spent Sunday in Amarillo.

Mrs. Alfred Spaulding is reported doing fine after surgery in Campbell Hospital in Memphis, Tenn. Her many friends wish her a complete recovery.

### PRIME CRITERIA

The new bill providing financial aid to elderly people for meeting health costs was something of a compromise. It couldn't, and didn't, please everyone. But, of top importance, it met the prime criteria of informed authorities within and without the government — notably the Administration itself, and the American Medical Association — that any plan should be voluntary and tailored to fit those who need it.

Equally important, the bill does not provide for indiscriminate hand-outs. The states will actively participate, not only financially but in administering the law. That means that basic decisions will be made at the local level where they should be made. Local officials have a far better knowledge of local needs than Washington bureaucrats.

However, no one should think, just because Congress has passed a bill and the President has signed it into law, that the controversy is over. There is strong political agitation, in this critical election year, for a very different and infinitely more costly kind of measure. It would provide federal medical payments for everyone drawing Social Security benefits — which simply means that an arbitrary age, and not need, would be the criteria. The cost is estimated at something like \$2 billion a year to begin with — and some say this might ultimately rise to as much as \$8 billion.

Worst of all, the proposal would establish a precedent which could inexorably lead to government-bossed medicine or even socialized medicine. Remember that old adage about the camel who got his nose in the tent — and then soon took over the whole tent?

By the time a man understands women, he's no longer interested. —Rex Mobley

### NEW TREATMENT SHRINKPROOFS WOOL

College Station — U. S. Department of Agriculture scientists have discovered a new treatment that shrinkproofs wool fabrics and makes them safely washable in machines.

Their discovery is essentially a way to cover wool fibers with an ultrathin coating of a polyamide that is chemically similar to one type of nylon. Treated fabrics retain wool's natural soft texture, yet they wash without shrinking and dry without wrinkling.

The new treatment can be combined with USDA's recently announced ethanolamine method for putting permanent pleats and creases in wool fabrics. It differs, however, from the shrinkproofing treatment previously reported, in which modified epoxy resins are used.

The new approach to wash-and-wear wool is a development of the Western Regional Research Division of USDA's Agricultural Research Service in Albany, California, the same laboratory that

developed the resin and estanolamine treatments. Chemists responsible for the polyamide treatment are W. L. Wasley, R. E. Whitfield, L. A. Miller and W. Fong.

Using interfacial polymerization, a reaction well known to chemical researchers, these chemists immerse wool in a dilute solution of a diamine and then immediately draw it through a dilute solution of diacid chloride. Under suitable conditions, a very thin and extremely durable polymer film is formed on the surface of the wool fibers. The researchers say the film is so thin that it increases fabric weight as little as one percent or less.

Commercial equipment should be suitable for the application. Following treatment, the fabric is simply rinsed in water and dried. No heat curing is necessary.

In laboratory tests, the new treatment has proved successful for shrinkproofing wool suitings, knitted wear, blankets and other wool goods. Treated garments endure repeated machine washing, dry cleaning, and wear stress with superior retention of dimensions, colors, softness and resilience. The treatment may find application also as a coating for materials such as other natural fibers and paper.

Most folks are about as happy as they make up their minds to be. —Abraham Lincoln

## Cub Scout News

The Cub Scouts held their monthly pack meeting at the First Christian Church on Tuesday night, November 29.

In an installation ceremony the new boys who have recently joined Cub Scouts were presented their first pins, the Bobcat pin. Boys who received this pin were: Johnnie Gilliam, Randy Choate, James Shaddle, Ted Tyler, Danny Hill, James Childers, Ronnie Braddock, Jimmy Elliott, Johnny Hill, Clyde Helton, Orville Pointer, Ike O'Neal, Charlie Deynle, Troy Chamberlain, Toddy Knorrp, Danny Mills, Bobby Leeper, Jim Risley, Steve Allen, Tommy Harris, Jackie

Stewart, Benny Osburn, Jackie Tolbert, Rudy Partain, Johnnie Hill, Charles Groom, Larry Lewis and Mike Graham.

Boys who earned awards were: Steve Bell, Bear Badge and a gold arrow under the Bear Badge; Joel Greene, Bear Badge; Larry King, one silver arrow under Wolf, Bear Badge, and a gold arrow under Bear; Lewis Foxhall, Bear Badge, and a gold arrow under the Bear Badge; Steve Bell, Bear Badge; Frankie Ellis, Bear Badge; Everett Monroe, 2 silver arrows under the Wolf Badge and a gold arrow under Bear; Eddie Carmichael, one silver arrow under Bear; Tommie Saye, Jr., one silver arrow under Wolf; Gene Hommel, one silver arrow under Wolf; Pat Chilton, one gold arrow under Wolf.

This pack meeting marked the end of the round-up drive for new boys. Membership in Cub Scouts rose from 22 on the first of September to the present total of 63. Feeling that the enthusiasm of the older Cubs was responsible for the new boys desire to join, the Cubmaster awarded Round-Up neckerchief slides to the 22 original Cubs. They are: Eddie Carmichael, Gary Baker, Feral Shelton, Larry Kidd, Jerry Melton, Chuck Adkins, Frank Phelan III, Steve Adams, David Goodman, David Taylor, Jim Moore, J. Henry Hon, Gene Hommel, Tommie Saye, Pat Chilton, Everett Monroe, Larry King, Frankie, Steve Land, Joel Greene, Steve Bell, and Lewis Foxhall.

The dens had worked on "New Worlds" projects this month. Den 1 displayed a miniature Cape Canaveral, Den 2 had a skit, "Journey to the Moon", Den 3 had a skit also, "Flying Saucer", Den 4 had an Undersea Exhibit, Den 5's project was "Outer Space", and Den 6, "New Worlds." The boys and den mothers have spent much time and effort for these exhibits and the results were very gratifying.

Den No. 5, a new den, won the attendance trail with a total of 26 people standing up for them. 126 people attended the pack meeting Tuesday night and enjoyed the den project put on by the boys.

There will be a Den Mothers' meeting at the City Hall in the Cub Scout Council Room Monday night, Dec. 5, at 7:30 p.m.

The December Pack meeting will be Thursday, Dec. 15, in the First Christian Church at 7:30 p.m.

The annual Council Banquet will be held in Pampa, Texas, at the Coronado Inn Saturday, Dec. 1th. Tickets are \$2.50 each. All scout leaders and wives interested in going please contact Clyde Price by Tuesday, Dec. 6th.

### Junior's Food Store To Introduce "Sit 'n Shop" Service Here

A new concept in grocery shopping is to be introduced here, in the very near future, by Junior's Supermarket. The service is called "Sit 'n Shop" and will allow shoppers to place grocery orders from the privacy of their cars.

The ordering station is to be located at the rear of Junior's Supermarket, at the southeast corner where it will be easily accessible to two-way traffic.

A spokesman for General Telephone Company, which is providing the service, had this comment: "This is a relatively new service to be offered by grocery stores and markets but, from the experience we have had, it is very well accepted and appreciated by the majority of shoppers."

The equipment has been ordered and should be installed within the next thirty days.

Visiting with Mr. and Mrs. Harold Gerner and boys Thanksgiving were Mr. and Mrs. C. F. Moss and Shirley of Bushland, and Mr. and Mrs. Bobby Moss and boys of Stinnett. Mrs. Gerner and boys went home with her parents to visit a few days.

Mrs. Edna Smith and Mr. and Mrs. Hays and family of Amarillo spent Thanksgiving with Mr. and Mrs. Montye Smith and family at Hobbs, N.M.
