## Rate Of Payment In AAA Program Given By Flynt

With the recent determination of 1941 parity payment rates, Donley County farmers can now estimate the amount they can earn through full participation in the 1941 AAA farm program, according to Walter J. Flynt, Secretary of the Donley County ACA.

Parity payments, based on the normal yields on allotted acreages, will be made at the rate of 1.38 cents per pound on cotton, 10 cents per bushel on wheat, and 32.4 cents per barrel on rice, the ACA official said. Farmers who participate in the 1941 ACA program and plant within their farm acreage allotments of these crops are eligible to receive payments at these rates, he declared.

In addition to parity payments, cooperating farmers will receive conservation payments based on the normal yield of the farm acreage allotments. As previously announced, conservation rates for 1941 are 1.37 cents per pound on cotton, 8 cents per bushel on wheat, 8.91 cents per barrel on rice, 11.25 cents per 100 pounds on peanuts, \$1.30 per acre on commercial vegetables, and an average of .87c per acre on general soil-depleting crops for Donley County. All payments are subject to deductions if acreage allotments are overplanted.

Farmers, also, may earn payments under the Agricultural Conservation Program for carrying out approved soil-building practices up to the maximum allowance available to the farm. In most cases, this information has been made available to the farmer on his 1941 farm plan sheet.

Parity producers in Texas are made to produce of wheat, cotton and rice to give them more nearly a fair share of the national income and to bring farm income and purchasing power nearer the 1910-14 level, Mr. Flynt explained. At that time, before the first World War, prices of agricultural and industrial products were in comparative balance. Both conservation and parity payments help farmers to adjust production to meet all market needs and to farm in such a way as to maintain and build up the fertility of the soil, Flynt explained.

## POST OFFICE MOVED TO NEW LOCATION

An eager public, something akin to children the next morning after Santa Claus has made his rounds, gathered in the new post-office location early to "try out" the box combinations. There was some evidence of skill in operating box combinations, spurring others to continue trying.

Postal employees readily gave aid in opening the new boxes and the crowd gradually dwindled with a smile and approval of the new set-up.

The number of boxes has not increased, apparently, to any great extent. The fixtures in general present a spic and span appearance. The moving of the office took place Wednesday night. The new location is in the Goldston building formerly occupied by the Taylor hardware store.

## VISIT IN POWELL HOME

Mr. and Mrs. C. C. Powell had for their week end guests, her sisters, Misses Mamie and Carolyn McLean of San Antonio, Mrs. Harold Guins of Breckenridge, Mr. and Mrs. Loyd McClung and daughter Mary Beth of Amarillo and brother and wife, Mr. and Mrs. John McLean of Hereford; also Miss Mary Frances Powell of Quanah and Wesley Powell of Tech at Lubbock.

## BEST GENERAL RAIN FALL SINCE 1902

It wasn't the heaviest rainfall by a whole lot, but the most general all over the southwest the past week. In fact the whole country got a good wetting from April 26 to the 30th. The fall in Clarendon was 2.15, according to official weather observer Joe Goldston.

All the old cowpunchers recall the wet spring of 1902. John Potter very well recalls the wet spell as does Buster Culwell and a lot of other old-time cowpunchers.

## JUST GONE FISHIN'

Fred Buntin and Bill Crawford had an Amarillo doctor along with them when they pulled out of here early Wednesday morning Lake Kemp bound. They took along a camping outfit and a motor boat. There will be a fresh batch of wild fish stories on tap here about Saturday.

## MUSK RAT FORCED TO HILLS

At the ranch home of A. L. Thornberry Monday night, the family dog sounded the danger alarm in uncertain tones. Noting the queer antics of his dog, Mr. Thornberry called his son Bill Thornberry by phone and advised him of the strange antics of the dog. When the father and son made an investigation, they found the dog had killed a muskrat. The nearest muskrat creek to the ranch house is about six miles. It is believed by some that the muskrat had become alarmed at four days of rain, and sought the hill country on the Thornberry ranch to avoid drowning in a flood.

## JUDGING TEAM WILL GO TO PLAINVIEW

Clarendon will be represented at Plainview by an F.F.A. Dairy products judging team composed of H. A. Harrison, Lee Christie, Donald Thigpen, and C. G. Kirkland. The local youths have won the contest two of the three years that it has been held and hope to keep the silver loving cup in Clarendon another year.

J. R. Gillham, vocational Agriculture teacher, announced that the regular dairy judging team would not compete in the contest due to a conflict with the football game on May 6th, but that a first year team would compete. County Agent Breedlove said that a 4-H judging team would also probably be entered in the event.

## Traffic Deaths Show Decline

AUSTIN.—A spectacular reduction of 34 per cent in the number of Texas traffic fatalities was recorded in March. Col. Homer Garrison, Jr., State Police director, announced today.

The number of deaths last month was 112, compared to 169 in the same month of last year.

The first three months of 1941, compared to the first quarter of 1940, show a decrease of 24 deaths, or a 5 per cent reduction. However, it was during March of last year that 29 persons were killed in a "freak" train-truck collision near Alamo City. If those deaths are discounted, the result is an increase of 5 in the number of deaths for the first quarter of 1941, a gain of 1 per cent.

Fatalities among military personnel and defense project workers continue to amount to roughly 10 per cent of the total. In March there were seven soldiers and four defense workers killed.

"While total fatalities decreased from 449 in the first quarter of 1940 to 425 in the same period this year, the number of fatal collisions has increased 6 per cent," it was pointed out by Colonel Garrison. "The increase in the number of crashes which claim human lives is undoubtedly traceable to constantly increasing defense traffic; while the decrease in fatalities reflects the effect upon the public mind of the Legislature's action in passing the new speed limit and drivers license laws. The widespread attention given these measures, even before their passage, undoubtedly resulted in a more cautious driver attitude and a slight but very significant reduction in highway speeds generally."

## GONE TO HOUSTON

Mrs. W. T. Clifford left Wednesday to visit her son, George Clifford and family in Houston.

## O'Daniel Gets Money Bill

While the original request of Gov. O'Daniel for twenty-six million in new tax money was trimmed down to \$22,087,501, he saw his favorite appeal become a reality Wednesday.

The new law is designed to pay pensions, help the blind and dependent children, and apply on the state's portion of the teacher pension fund.

The proposed increase in state taxes will come primarily from the following industries, businesses and groups:

- Oil production \$8,536,000.
  - Gas production \$700,000.
  - Sulphur production \$535,506.
  - Telephone companies \$83,600.
  - Public utilities \$154,000.
  - Motor vehicles sales \$3,000,000.
  - Liquor \$1,300,000.
  - Corporation franchises \$2,350,000.
  - Liquor prescriptions \$1,540,000.
  - Cosmetics, radios, playing cards, \$300,000.
  - Carbon black production \$179,617.
  - Contract and commodity vehicle carriers \$200,000.
  - Stock transfers \$250,000.
  - Oil and gas well serving \$825,000.
  - Motor fuel \$1,000,000.
  - Cement distribution \$233,778.
  - Insurance companies \$900,000.
- There was not a dissenting vote in the state senate on final passage.

## CLINES LEAVING AFTER NEAR FORTY YEARS

Soon after their marriage almost forty years ago, Mr. and Mrs. R. H. Cline came to make their home in Clarendon. He was employed on the Denver. They left here Wednesday after selling their home to an Amarillo party. The residence will be moved to Amarillo, it is said.

The Clines will reside in Dallas where a daughter has made her home for many years.

## QUATTLEBAUM FAMILY HAS REUNION

Rev. and Mrs. J. O. Quattlebaum Jr. enjoyed the visits of a number of their children in their home here Tuesday night.

Present were Mr. and Mrs. C. R. Bingham and small daughter Lee Olin of Phillips, Mrs. Dale Nix of Canadian, Mr. Nix having been called to service at Camp Wallace near Galveston.

Mrs. Nix and sister, Miss Patsy Quattlebaum left Wednesday for Galveston where they will be at home.

## HERE FROM BORGER

Mr. and Mrs. Ben Gidley and twin daughters, Barbara and Beatrice of Borger spent Friday night with her aunt, Mr. and Mrs. Henry Williams. They were on their way to make their home in Louisville, Ky.

## Physical Defects Run High Among Texans

Nearly one-third of the Texans examined for military training under the selective service act have physical handicaps, Lieut. Col. J. W. E. H. Beck, state medical officer, reported today.

Beck said that of 30,283 white men whose reports he had examined, only 71.2 per cent were acceptable physically; and of 6,849 negroes, only 64.69 per cent were fit.

In both cases, Col. Beck said, 70 per cent were qualified for full service, 12.72 per cent for limited service, and 17.28 as physically unfit.

Principal causes of physical disability were: Syphilis 1,982; eye defect 1,306; defective teeth, 817; hernia, 861; nervous diseases, 776; cardiovascular disease, 701; tuberculosis, 278.

"It is an appalling fact that approximately one-third of these men were disqualified for full military service simply because they had not received proper care and attention earlier in life," Col. Beck said.

He added that local boards have been requested to inform each registrant of the reason for his rejection and suggest that he report to his physician or dentist for immediate treatment.

## GONE TO TEMPLE

Mr. and Mrs. S. C. Bell left today for Temple where they will attend the funeral of a sister-in-law, Mrs. X. B. Bell.

## Donley County Garden Idea

Project supervisor Mrs. Edythe Maher announced today that a Donley county garden project was under way on the sub-irrigated land at Lelia Lake. This is a WPA project on which will be grown all kinds of vegetables.

At the proper time, vegetables will be canned for the specific use of school lunch rooms of the county next season.

Those who have plants to contribute should call Mrs. Maher at 566-J. The supervisor will be most grateful to any one who will aid this worthy cause on the first line of defense in making young bodies healthier.

## Mann's Opening Speech Heard

SULPHUR SPRINGS, April 28.—Gerald Mann was carrying his campaign for the United States Senate to South Texas Monday with the cheers of a crowd of 20,000 that heard his opening speech in Sulphur Springs Saturday night still echoing in his ears.

Tuesday he was scheduled to make the principal speech at the dedication of Garner Park in Uvalde, home of former Vice President John Garner.

Highlights of his Sulphur Springs speech were: "I want to mechanize our army so imprecipitately that all the powers of the earth combined could never under any possible circumstances produce an American Dunkerque."

"I view this problem (national defense) very realistically. This is a time for action, not words. This is a time for concrete objectives, not visionary planning."

"We want guns and more guns—and we want them now. We want ships and more ships and we want them now. We want tanks, and airplanes and submarines. We want them in great numbers and we want them now."

"No men on earth have greater fighting qualities than our American soldiers, but we cannot permit them to go into battle inadequately prepared."

"And aid to England must increase with each new day. "The question of old age pensions and assistance has too long been made a political football in state politics. No longer should state elections, held every two years, be a playground—and human emotion—the ball in the game."

"Old age assistance by a system of Federal matching has been made a Federal question. It is with us to stay and must be solved on a sound, stable, and consistent basis."

"There has been too much of calling some people radicals and traitors and other people pirates and ruthless plutocrats. We should remember that Americans are not a race. Americans are a people. Those among us who are not true Americans should have more done about them and less said about them. The American way of life must first be preserved. We must be free to urge our individual views—and in no other way can a unity of spirit be maintained."

"I am now and have always been a supporter of President Roosevelt. I believe in his ideals. I believe in his sincerity and his hopes for a better and happier nation."

"I shall be a Texas Senator. Just as I said three years ago, I shall wear no man's collar—I shall be no man's man. I shall be your Senator, exercising my own judgment and doing what I believe is right for my state and nation."

"I shall support what I believe to be right. I shall not be the servant of any man or any set of men—I shall be the representative of the people of Texas."

## ATTEND FEDERATED CLUB MEETING

Mrs. M. R. Allensworth represented the 1926 Book Club, Mrs. C. B. Morris the Pathfinder Club, Mrs. U. J. Boston and Mrs. Geo. B. Bagby the Les Beaux Arts Club at a district meeting of Federated Clubs in Amarillo the first of the week.

Others to attend here were Mesdames J. L. McMurtry, Melton, N. L. Cox, Homer Bones, C. A. Burton, W. C. Thornberry, C. E. Bairfield, Walter Clifford.

## Revival Meeting In Progress

The Revival meeting at the local Church of Christ began last Sunday and continues with good interest. Evangelist J. L. Moyer, minister of the Church of Christ at Memphis, is preaching each evening at eight o'clock. The Revival will continue through Wednesday night, May 7th.

The local church, in cooperation with the Churches of Christ at Lelia Lake, Hedley, and Memphis, is sponsoring a special song service each Sunday afternoon. Last Sunday the singing was at the Clarendon church and a large number of singers were present from other places. Sunday, May 4th, the singing will be at the Lelia Lake church, the following Sunday at Hedley, the next Sunday at Memphis, and then back to Clarendon. Singers from each congregation take part in all the singings and the public is cordially invited to attend and have part in and enjoy the fine gospel singing.

## INSECT TRAP GETS JOB DONE PRONTO

The ingenuity of a local lady has enabled her to protect her plants from insect pests of nocturnal habits. Cut worms and other insects are especially numerous since the continued rains set in.

Mrs. A. L. Chase, the lady of resources and a great lover of flowers, merely placed rinds of citrus fruits in her plant beds. The insects "ganged up" under the rinds to spend the day. Mrs. Chase merely turns the rinds over in late afternoon and applies boiling water to the insect army. She is said to have killed hundreds of many varieties in that manner.

## DON'T RUSH FOR NEW LICENSES

Note to automobile drivers: there's no hurry about getting your license under the new drivers' license law.

This note came last week from Homer Garrison, state police director, in the hope of avoiding a flood of applications for new licenses. No license will be renewed until after Oct. 1, he said, and the only persons who need seek a license prior to that date are those who have not been licensed before or those who want a duplicate for a lost license.

## JUDGE IN HOSPITAL

County judge R. Y. King went to Amarillo Monday for a general check-up in Veteran's Hospital. He stated that he would likely be home by the end of the week.

## MARTIN TO OPEN GARAGE

Announcing that he would be ready to serve the public on East First street the 15th, Clyde "Shine" Martin will equip a general auto repair shop in the building now occupied by Homer Bones.

## High School Pupils, Home Ec. Department, Win Free Trip To San Antonio Meet

The annual clothing contest was held in the Home Making Department Wednesday of last week to help in determining who would be eligible to go to the State Home Making Rally now in session in San Antonio.

Each class in clothing studied design and color as suited to the various types of individuals as well as the prevailing styles before beginning construction work.

The first year girls are usually sophomores, who have never sewed any at all, and can not treadle or operate a machine, but with effort, determination, and patience very attractive wash dresses are completed.

In the second year, silk, wool and rayon or alpaca material is used to make a tailored dress or ensemble. Most all of the girls show a marked improvement in initiative and in constructive ability. This is especially shown in the making of a pre-school child's garment when each girl has to cut her own pattern.

In the third year, sheer, dainty materials are used to make dinner gowns or afternoon frocks. Each year provides different materials and new problems as well as helping to develop skill in work.

## Bugbee Family Increases From Two To Fifty-Eight In Sixty Five Years

### HUGH BROWN CELEBRATES ANOTHER BIRTHDAY

Mr. Brown's 85th birthday found him in a hospital—or almost. He had been in the hospital in Amarillo several days, his old friend and personal physician visiting him from here. 'Taint funny, this hospital stuff to an old-time westerner.

Mr. Brown had them remove him to the home of a daughter, Mrs. Adrian Maddison in Amarillo, the day before the birthday. That was Friday, and a lot of friends helped just as he would have in his old home town of Clarendon.

The pneumonia condition is clearing rapidly. Mr. Brown hopes to be back home again soon.

### PUPILS WILL APPEAR IN RECITAL

The pupils of Mrs. Allen J. Bryan will present a recital in the College Auditorium at 8 o'clock Monday evening, May 5th. Her pupils will be assisted by pupils of Ray Robbins.

Those to appear on this program are Arvaene Smith, Luva Hunt, Dorothy Ann Castleberry, Mae Morris, Dick Kennedy, Von Del Hommel, Lynn Leathers, Mary Ladelle Cox, Fred Molester, Mary Ochinata Heath, Jimmie Dean Howze, Janet Sweeney, Geraldine Hommel, Delene Blair, Nadeema Barket, Gene Bryan.

Interested friends and music lovers are especially invited.

### ADAMSON READILY MAKES BOND HERE MONDAY

Brought back from Los Angeles, California the last week of court, the charges pending against J. W. Adamson were not brought to trial. His attorneys asked for the continuance because, they stated, they did not have time to prepare a proper defense.

Mr. Adamson was released when he deposited eight bonds of \$1,000 each, signed by two or more individuals, covering the eight charges of embezzlement against him, growing out of a recent grand jury investigation of his records while serving Donley county as tax assessor-collector two years. His term ended January 1, 1941.

### ATTEND GRAND OPERA IN DALLAS

Miss Anna Moores was met at Dallas by her nephew, James Swift, student of Baylor in Waco, and spent the week end in Dallas attending grand opera.

Mrs. Pete Koontz, Mrs. Fred Patching and Miss Mantie Graves attended grand opera in Dallas the week end.

### HERE FROM HARROLD

Guests of Dr. and Mrs. B. B. Harris this week are her sister, Mrs. Jack Kelly and son Jack Charles of Harrold. The latter has just recovered from his third pneumonia attack the past winter.

### LUNCH ROOM PROJECT NEEDS MORE MONEY

The lunch rooms of the county served 1150 meals the past month at a cost not to exceed five cents each, project supervisor Mrs. Edythe Maher stated Wednesday.

Right at this time funds are running low. "We need around \$80 to complete the term here in Clarendon," Mrs. Maher stated.

Those liberal enough to contribute to a most worthy cause are kindly directed to leave their contributions at the Norwood Pharmacy, the Rexall store or at the Caraway cafe.

### GO TO CONFERENCE

Those attending Methodist district conference at Lakeview view Tuesday from here were Rev. and Mrs. J. O. Quattlebaum, Jr., Rev. and Mrs. G. T. Palmer, Sam Braswell, Mr. and Mrs. J. R. Porter, Mrs. C. A. Burton, Revs. Forsch and Willard. Dr. Umphrey Lee was the principal speaker.

The children of the late Mr. and Mrs. Thomas Sherman Bugbee met in Clarendon for a 1941 reunion. The six daughters and one son present were: Mrs. George T. Cook, Pebble Beach, Calif.; Mrs. Thomas Wm. Carroll, Long Beach, Calif.; Mrs. Rodney L. Hearn, Seattle, Wash.; Mrs. Herbert G. Officer, Austin, Texas; and Mrs. W. H. Patrick, Mrs. Wesley Knorpp and John S. Bugbee of Clarendon.

Other out of town guests present at the reunion were Dr. R. L. Hearne, Seattle, Wash.; Mrs. Thomas E. Bugbee, widow of the late Thomas E. Bugbee, Miss Mary Isabel Bugbee and Miss Kitty Carroll of Long Beach, Calif., and George B. Carroll of Gainesville, Texas.

Clarendon members of the family present who contributed much to the happy event were Mr. Wesley Knorpp, Mr. W. H. Patrick, Mr. and Mrs. Tom Bugbee, Mr. and Mrs. Harold Bugbee, Mr. and Mrs. Carroll Knorpp, Mr. and Mrs. John C. Knorpp, Mr. and Mrs. Walter B. Knorpp.

In celebration of the occasion, numerous parties were given.

Mr. and Mrs. Wesley Knorpp entertained the family at a dinner party in their home as also did Mr. and Mrs. W. H. Patrick, Mr. and Mrs. Carroll Knorpp, Mr. and Mrs. John C. Knorpp, and Mr. and Mrs. Walter Knorpp, all were hosts at family dinner parties.

Mrs. Carroll Knorpp and Mrs. Walter Knorpp also entertained at luncheon.

Mr. and Mrs. Tom Bugbee had the family to tea at their ranch home near Goodnight.

Another family dinner was given at the home of John S. Bugbee. Mrs. W. H. Patrick had some of the Clarendon friends of the family in for tea and to visit with her sisters.

At this large 1941 reunion, twenty-eight members of the Bugbee family were present, seven children, one daughter-in-law, three sons-in-law, eight grandchildren and five great grandchildren.

There are now fifty-eight members of the Thomas Sherman Bugbee family, many of whom are residents of Clarendon.

The T. S. Bugbees came to the Panhandle in 1876 and moved to Clarendon to make their home in 1897. Both Mr. and Mrs. Bugbee are interred here.

The reunion began April 25th, and was concluded May 1st.

### RAT POISON CAUSES CHILD'S DEATH

David Leon, aged about one year, the son of Mr. and Mrs. Lloyd D. Alexander near Goldston, died Tuesday from the effects of rat poison. Funeral services were conducted late the same day.

The child is said to have climbed on a chair to reach the poison. After the mother realized what had happened, she called her husband who rode horseback nearly two miles to get a car to bring them to town.

#### BEHIND THE SCENES IN AMERICAN BUSINESS

By John Craddock

NEW YORK, April 28.—BUSINESS—Taxes, wages and prices dominate the business news, in that order. First two are going up zoomingly, third is being sat on by Office of Price Administration, notably in its "freezing" of steel prices despite wave of wage rises in that industry. Wage increases are general, but largely confined to manufacturing industries, especially those stirred to new peaks of activity by defense rush. Whether they'll become general depends largely on success of OPA in checking general price rises. Details of bill to provide additional \$3,500,000,000 federal revenue for defense proved an eye-opener to John Q. Public on extent of his expected contribution to defense costs. Even if he escapes the income tax—in effect, increased from 4 to 15 per cent on his net taxable income—he'll feel it in new or additional taxes, mostly around 10 per cent, on such things as tobacco, liquor, gasoline, soft drinks, autos, tires, telephone bills, furs, jewelry, photographic apparatus, clocks and watches, phonographs and records, sporting goods, luggage, bowling alleys and billiard tables.

CONSERVATION — Measures to conserve our rubber supply are now being suggested, since Uncle Sam's total rubber reserve on hand add up to about 11 months' supply. It's estimated that defense needs may require 300,000 tons—about half our total 1940 consumption. Specific conservation measures outlined by Everett G. Holt of the Bureau of Foreign and Domestic Commerce include: rationing for all but absolutely essential needs; regulation of auto speeds to reduce tire wear; more retreading; more use of reclaimed rubber; and creation of facilities for adequate production of synthetic rubber. The latter, say rubber industry leaders, offers the only positive insurance in case supplies of natural rubber—97 per cent of which comes from the Far East—were shut off. But meanwhile the industry has had its scientists devising means

#### MEMORY LANE

(10 years ago this week, in Donley county.)

Carroll Knorpp represents the third generation of that family to engage in banking. He began work this week in the Donley County State Bank of which his father is president.

The beautiful lettering of Avis Lee McElvany is said to have been the best single exhibit shown in the school exhibit Friday.

Mrs. F. J. Reynolds, 96, and the mother of L. Ballew, died at Pilot Point Saturday. Mr. and Mrs. Ballew and Donald went down there Friday when advised of the serious illness of Mrs. Reynolds. Neighbors of Walter Hutchins

of the Martin community prepared his land for planting Wednesday. Mr. Hutchins is ill in the Adair hospital. Those helping were W. E. Hodges, Dave Patterson, J. D. Wood, John Helton, Hollis Heffner and Buck Roberts.

The date of issue of the Leader will be changed from Tuesday to Thursday beginning with next week.

Clarendon again won the loving cup on points of merit in a meeting of the Green Belt Union League at Wheeler Saturday and Sunday. Representing Clarendon were T. E. Trostle and daughter, Miss Marue, Adeline and Mary Smith, Philter Estlack, Benton Smith.

"Connie Mack" Whitlock and "Joe McCarty" Boykin have marshaled their teams for a finish go in baseball at the Park this afternoon, the first of the season. Mr. and Mrs. D. P. Ross, pio-

neers of this section, came down to visit relatives and friends over the week end.

A. M. Beville is critically ill at his home here at this time. All immediate relatives are at his bedside.

Mrs. A. J. Barnett, 87, died at the home of a relative in Hedley Saturday.

**THE TEMPLE OF TRUTH**  
By the Apostle

Women are to wear big hats this summer, we are informed by a popular fashion magazine. But the hats will be made out of glass much like our glass suspenders, except that they won't be colored at all.

The contempt that the ignorant are held in by the wise, should

influence the wise and the ignorant to insist on their children securing an education.

Oola Yurt says that when you see two men in a crime picture, the one trying to crowd the other fellow out, is the sheriff.

The smartest man I ever knew looked like an overgrown village half-wit.

Some time I get to thinking they will find him, but the police insist on looking and calling for Allicars. He must be a famous

toastmaster in demand.

Ima Fizzle is selling her beer bottles to raise money for a Colorado vacation this summer.

Hastoon Yazzie says the biggest civic job of the year at Hogjaw was when the Chamber of commerce made the grasshoppers quit chasing the termites out of Bill Jones wooden leg.

Sending fruit and flowers by telegraph is an every day occurrence. Pretty soon it will be possible to send grandma by wire down to the other daughter's while the first one takes in parties and brushes up on her slang that she has neglected, to keep grandma fooled. Children! Run here! Here comes the messenger boy with grandma! Great days, great days.

Omar Khayyam died in 1123, but we still read much of him. It recalls an incident that happened up on the Plains when it used to rain practically every year. The spring was a wet one if rain

could make it that way. Old Bachelor Bill had a dog that would pull ducks out of the pond after he shot them. He would herd plovers into a huddle while Bill shot them. After the lake filled up, Bill trained the same dog to go in and bring out the fish. At a picnic up on the Laurel Leaf ranch on the Canadian one 4th of July, old Bill got outside a quart of busthead and put the dog on exhibition. He pitched a silver dollar into a hole of water. Did the dog go in after the dollar? He did not! He went in and brought out a 10-pound perch and six bits in change. Folks have forgotten Bill, but they still remember the dog.

It's hard to get the hostess on the phone next morning after the party. She is either out returning the borrowed things to the neighbors, or working the old man over for insulting the crowd when he really intended to be amusing.

Women are the inspiration of men. At least I knew one who inspired a man to leave town.

"This stuff you sold me might be all right for some things," said the baldheaded man, "but it hasn't brung back my hair. Look at them bumps on my head."

The druggist looked at the label on the bottle.

"Great Scott," he gasped. "I've made a terrible mistake. This is bust developer."

I don't expect to live very long though I can eat anything that won't bite me first. A patent medicine almanac says sleeping on the left side causes heart trouble. And I sleep that way in my sleep and don't know it until I wake up. I'd rather eat onions and make life miserable for some one else. It looks like a shame, but this is "defense" week with the shallots out in full force.

**GARDEN GLANCES**  
"America beautiful lies in the hands of the gardeners."

All over town the flowering shrubs have transformed this Spring into a magnificent "Festival of Beauty." The College boulevard so colorful with rows of glowing red bud trees.

The lilacs, white and purple, have been exceptionally beautiful. The superb Persian lilac in the Ryan's yard and the massive lilac hedge at the Prewitt's commands attention and comment. The Jim McMurtry's tulip bed

flaunts a mass of gay colors. Enticing to all who view it is the tulip garden of Mrs. Gray's. The long graceful sprays of lavender wisteria has turned Mrs. Sorrelle's fence into a bower of sheer delight. Unusual and truly beautiful is the tree wisteria in the Joe Goldston's yard. The tamarix with their long slender sprays of pink flowers can be seen in many yards.

Help the dirt gardeners keep our town a beauty spot this summer.

Mr. J. R. Dale is visiting his brother Mr. Dick Dale of Seagraves.

Mr. and Mrs. Haskell Hay and Earl spent Sunday with Mr. and Mrs. Joe Dilli and Joe Wayne. Bonnie Joe Mooring spent Sunday with Hugh Stewart.

Mr. Daymond Farr left the last of the week for Caddo Mills where he is to bring back his wife Mrs. Daymond Farr and visit Joe where she has spent the last week.

Mr. Wilson Gray attended district conference Tuesday at Lakeview.

Mr. and Mrs. William Pierce and family were in Clarendon Sunday at a family reunion of

Mr. and Mrs. D. R. Perdue. Mr. and Mrs. John Ziegler spent the week end with Mr. and Mrs. Hubert Ziegler and family.

Mr. and Mrs. H. M. Stewart, Mr. and Mrs. Nath Helton and Nancy Bonice, Mr. and Mrs. N. F. Hudson and Dwayne, and Mr. and Mrs. Roy Stewart and Gilbert spent Sunday in the home of Mr. and Mrs. Dick Eichelberger celebrating Mrs. H. M. Stewart's 71st birthday.

Thelma Holcomb of Lakeview spent the weekend with her parents, Mr. and Mrs. Floyd Holcomb. Lamar Stewart who is working in Clarendon spent the weekend with his parents, Mr. and Mrs. John Stewart.

**GOD AND HIS TREES**

"Only God can make a tree." And in the cities He works in a mysterious way His wonders to perform. He first starts by stirring up a love match that results in the starting of a home. The love for and the pride in the home leads to the planting of trees. Later children play under those trees. Swings are fastened to the limbs. Birds sing in the branches. In later years the young father has become a grandfather. He tilts his chair back against one of those trees and tells good stories to grandchildren. Then a drouthy year comes along and the indifference of people who could save a lot of those trees permits them to wither and die. And still we're called sentimental. "Only God can make a tree," we say, and believing we have uttered a fine sentiment, we let it go at that.

**DEPENDABILITY**

## HONOR MEMORY TRAFFIC HIGHWAY PATROL

A memorial to Texas Highway Patrolmen who have been killed in line of duty was placed today in the Headquarters office of the Department of Public Safety, following passage of a resolution by the Public Safety Commission.

The resolution emphasized that all enforcement officers of the Department of Public Safety are constantly facing hazards involving loss of life and great bodily injury in protecting the citizens of Texas. In pointing out that eight Patrolmen have lost their lives while facing such hazards, the resolution declared that "due recognition of our great loss and our desire to honor these brave and splendid citizens of Texas be recorded in the minutes of the proceedings of the Public Safety Commission."

Two of the Patrolmen, H. D. Murphy and E. B. Wheeler, were shot to death April 1, 1934, by Clyde Barrow and Bonnie Parker. The other six—Arthur Fisher, A. L. Moore, J. N. Avery, M. D. Tarrant, G. A. Freese and D. A. McGonagill—were killed in vehicular accidents in line of duty. The memorial includes their photographs, the dates on which they entered the service, and the dates of their deaths.

## RAIN DELAYS TRAIN

The Denver morning train was five hours late Wednesday due to high water at the Pease river bridge at Vernon. The flood was said to have been lapping the ties on the bridge. T. G. Mrs. J. N. Hahn and daughter Ollie Hahn of Quitaque, are visiting relatives here this week.

Texas oilmen found over 100 new producing horizons in old Texas oil fields last year.

Texas has produced more than 27 per cent of all the oil produced in the entire United States to date.

Approximately 55,000 dry holes have been drilled at a cost of over one billion dollars by Texas oilmen in their search for additional oil reserves.

While Texas has produced over six and one-half billion barrels of oil so far, it still has at least ten billion barrels more which is unproduced.

**Adjustings**  
The CHIROPRACTOR makes an "adjusting" of the vertebrae when he exerts pressure with the hand upon the misaligned bones—thereby releasing the pinched spinal nerves as they branch off from the spinal cord proper, and pass through the vertebrae openings, or "port-holes," eventually ramifying to all parts of the body—demonstrating conclusively the relationship between BRAIN, SPINAL CORD and tissue.

## more of the Tissue of the body—in co-ordination between the BRAIN and TISSUE.

**HEALTH**  
Complete normal function of all "Tissue" of the body—co-ordination between the BRAIN and TISSUES—in other words—full impulsion of all tissues by means of their respective nerve FEEDERS, or NERVE IMPULSIONS.

**VERTEBRA**  
Vertebra, one of the segments of the spine, or backbone.

**LAST WORD**  
Chiropractically speaking, while the "Process of re-tracing Symptoms" is going on, one feels slightly worse temporarily before getting better. Just reason for yourself! Is it not logical to expect a slight disturbance spasmodically, while any "Process of re-contraction" is going on? Think it over—perhaps you stopped taking "Adjustings" just as you were about to get well.

## Chiropractics --- Radioclast

The Radioclast Diagnosing and treating machine, spoken of in previous issues of the Donley County Leader, will be in my office some time during the middle part of May. It is an instrument to determine the location, kind, and intensity of disease in the body. No questions are asked, but you are told your troubles and how to correct them.

**RE-TRACING**  
Re-tracing in the Chiropractic World means that while submitting to spinal "ADJUSTINGS" one goes through the "PROCESS OF RE-TRACING SYMPTOMS" that one originally went through prior to getting into a STATE OF ILL HEALTH—the only difference being that the "PROCESS OF RE-TRACING SYMPTOMS" is reversed. In other words—you re-trace the original symptoms encountered in getting sick, though I might say—the symptoms are very mild and temporary.

**CHIROPRACTIC**  
Chiropractic is the scientific knowledge embodying the art of removing the ACTUAL CAUSE OF DISEASE or ill-health and not merely temporarily allaying the effect as is practiced in most

A total of 125 new oil fields were found in Texas last year.

Texas retail merchants get \$324,000,000 a year of the money put into circulation by the Texas petroleum industry.

### Dazzling Drama Of Exotic East In Korda Film

With Sabu, Conrad Ceidt, June Duprez and John Justin heading a cast of thousands, Alexander Korda's mighty Technicolor spectacle, "The Thief of Bagdad," will have its first showing at the Pastime Theatre on Saturday night at the 11 o'clock Prevue, through United Artists release. This picture, which was nearly two years in the making was photographed entirely in natural color and represents an outlay of more than \$2,000,000. Started before the war and completed in America's Grand Canyon, "The Thief of Bagdad" is said to be marked for a place among the film achievements of all time.

In addition to its romantic love story, its vast canvas of pictorial sweep and color, its Arabian Nights magnificence, this new Korda production is highlighted by a new kind of photography which brings to the screen for the first time an impressive array of magic devices.

As the story unfolds in the Eastern cities of Bagdad and Basra and focuses on the exciting romance of the Prince of Bagdad and the Princess of Basra, the amazing thief of Bagdad and the wily magician Jaffar engage in a thrilling battle of wits and magic.

Thus there is seen on the screen the great Flying Horse, which soars through the clouds with remarkable ease; the Enchanted City, which rises miraculously from the ground and reveals hundreds of gloriously colored tents grouped around a lake of eerie brilliance; the Djinni, who is freed from a tiny bottle and becomes as high as the highest

mountain, towering over the beautiful city of Bagdad; the Black Galleon, mystery ship of the wicked Jaffar, with its huge red sails and an eye, six feet in diameter, painted on its prow.

Briefly, the story of "The Thief of Bagdad" describes the obstacles which interfere with the romance of June Duprez, as the Princess and John Justin, as the Prince, and how these obstacles are overcome by Sabu, the amazing little thief.

Superintendent  
Adair Hospital  
Clarendon, Texas  
Dear Sir:

It is our understanding that since paying your 1941 Association Membership Dues that there has been a change in the management and policy of operation at your institution.

It is, therefore, necessary that we cancel your membership in this Association until such a time as your hospital has been inspected and approved for registration by the A.H.A. This is a requirement for all hospitals before they are eligible for membership in our Texas Hospital Association.

I am instructing our Secretary to have a check sent to you in the amount of dues paid for in 1941.

When you have met the requirements of the Constitution and By-Laws of the Texas Hospital Association, we will be pleased to consider your application for reinstatement.

Yours very truly,  
Harry G. Hatch, President.

More than 500 separate oil and gas fields are now producing in Texas.

### All Right! Move Out in the Yard!

BOB (roaring): "Who snatched the bulb from my lamp? I might as well move out in the yard!"  
JANE (fearfully): "Go ahead! The yard light is better than the tiny bulbs you get. . . I had to have some light in the kitchen, didn't I? YOU took the kitchen bulb for the garage. . ."

### WHY Quarrel Over Light?

MOST everyone does it at some time or other—and unnecessarily, because light is CHEAP in West Texas. A 100-watt Mazda bulb costs only 15c; a 150-watt bulb, 20c; and a 3-way 100-200-300-watt bulb, 60c. Avoid bulb-snatching quarrels and arguments about who's going to use the light by keeping an extra supply on hand.

And about the yard—make night-time your play-time with a new flood light that also protects the home. Ask for demonstration.

The above photo was made of one corner of the Clarendon Food Store of Clarendon, the firm shows the four principal employees on this their Fourth Anniversary.

Reading from left to right are Alvin Landers, one of the owners, Cecil Killough, Harry Hart and Jimmie Watters, all of whom have been identified with the firm for a long time, or practically since the opening date four years ago. Other help is employed on rush days and Saturdays.

By way of celebrating, the firm will pass out gifts as indicated in

the Food Store's page advertisement in this issue of your Donley County Leader. In appreciation of the nice business coming to the firm right along, those buying in lots through this sale will receive free gifts.

In addition to groceries and meats of all kinds usually found in a first-class market, the firm offers other bargains in fruits and vegetables. Poultry, cream and eggs are bought daily, for which the highest market price is paid. Admiration coffee will be served all day Saturday. That popular brand of coffee is increasing daily

in popularity. Don't overlook the prize coupons and the cash prizes offered to consumers of Admiration coffee.

The firm opened for business on May 3, 1937, with an ever increasing volume of business each week. There is plenty of parking space at all times. "We deeply appreciate the loyalty of our patrons," manager Alvin Landers stated, "and we are reducing our prices to the lowest possible during this anniversary sale to show our friends and patrons how we appreciate their purchases."
