Junior Varsity Defeats Groom Here Thursday Night

The Junior Varsity of Clarendon High School "B" team as it is sometimes called added another victory to their season record when these boys defeated the Groom boys in a game played here Thursday night of last week. The final score was 36-6. Coach Carl Irlbeck in reporting stated that the line boys did a fine job of blocking and the defense showed up equally well. He further reported that all of the boys in the Junior Varsity were able to play in the last half of the game.

Groom was thrown off guard at the opening of the game when Steve Stavenhagen returned the kick-off ball 75 yards for a touchdown, and ran the two extra points. Other counters came on a 60-yard pass play from Stavenhagen to Steve Carter with Elray King running in the extra points.

Elray King also scored on a 30-yard run and Joe Shadie scored two touchdowns, one on a 50-yard run and the other from 5 yards out. Shadie added the two-point conversion on a run.

Coach Irlbeck announced that the Junior Varsity will again play Groom Thursday night, tonight, at Groom. For the season, Clarendon Junior Varsity holds a 5-0 record. All who can do so are invited to accompany the team. Game time is 7 p.m.

Clarendon College Host To Clinic

Beryl D. Clinton, Dean of Clarendon College, announced last week that the College will host the Business Education Problem Clinic to be held on October 17, 1969. Registration begins at 8:30 a.m.

This clinic will be attended by all the High School Business Teachers in a thirty-county area. The session at Clarendon College will be sponsored by the Professional Standards and Advancement Committee of the Texas Business Education Association.

With a very fine program outlined, the guest speakers will be Dr. C. C. Callarman, Dean of School of Business, West Texas State University, Canyon, Texas, who will speak on "Business Teacher as a Counselor", Dr. Roland Johnson, Head of Business Education, W.T.S.U., will discuss the topic "Bookkeeping," Mr. Oliver Abel, Instructor, Frank Phillips College, Borger, will discuss the subject "Typing," Mrs. Joy Henshell, Instructor, W.T.S.U., will speak on the subject "Shorthand."

UNIQUE SWEET POTATO GROWN IN COUNTY

A unique sweet potato was brought into the Leader office Tuesday morning. The potato weighed 5 pounds and was grown on the D. S. Smith farm in the Naylor community.

The most unusual thing about the potato was that it was produced on a flowering plant. The blooms were shaped like morning glories and opened and closed as does the morning glory. The color of the blossoms were shades of purple and white with a deeper shade to the center core.

The 5-pound potato was not the only potato produced on the plant but was the largest. What brought about the bloom is not known as sweet potatoes are not known to blossom.

BELL BROTHERS RECEIVE DISCHARGE

HM2 Shelby C. Bell and HM2 Richard W. Bell, sons of Mr. and Mrs. Shelby Bell of Clarendon, received their discharge from the United States Marines from the Dallas office October 7 and are at home in Clarendon.

AIRMAN VIVIAN ALLEN BASED IN FLORIDA

Airman Vivian A. Allen, daughter of Mr. and Mrs. Mark Allen of Clarendon, is serving with the United States Air Force at Tynndall AFB, Panama City, Florida, where she is an aircraft control and warning operator with the 678th Radar Squadron.

JOHNSON AWARDED MEDAL IN VIETNAM

Sp-4 Donald L. Johnson has been awarded the Army Commendation Medal in Vietnam. The award was for meritorious achievement in connection with military operations against hostile forces in the Republic of Vietnam. His actions are in keeping with the highest traditions of the military service and reflect great credit upon himself, the American Division, and the United States Army.

Mrs. Willette M. Cole Rites Held Here Mon.

Funeral services for Mrs. Willette McMullin Cole, age 90, a resident of Clarendon for 67 years, were held at 3 P. M. Monday, October 13, 1969, in the First Baptist Church with Rev. W. R. Lawrence, pastor, officiating. Interment was in Citizens Cemetery under the direction of Murphy Funeral Home.

Mrs. Cole died Sunday morning, October 12, in LaCasa Convalescent and Nursing Home in Canyon where she had been a patient for about four months. She was born April 30, 1879, in Monroe County, Kentucky, and moved to Cleburn, Texas, at an early age where she attended Cleburn schools and later taught school in and around Cleburn.

She married Abram Thornton Cole in October, 1902, at Cleburn and they moved to Clarendon from Cleburn that same year. She was a member of the First Baptist Church of Clarendon and was very active in church and local club work in earlier life. Mrs. Cole's father, Capt. Jerry Black McMullin, served in the Confederate Army.

Survivors include three daughters: Mrs. Ben H. Williams of Bowie, Mrs. Ernest Kent of Clarendon, Mrs. Nat S. Perrine of Midland; one son, Abe T. Cole of Claude; three granddaughters; and 11 great grandchildren.

Bearers were Bill Lowe, Billy Goodman, Lawrence Neece, Bill Ray, Rolle Brumley and Carroll Knorr.

SGT. C. L. HUFFMAN MILITARY AWARD

Technical Sergeant Carter L. Huffman, son of Mrs. W. H. Huffman of Hedley, is a member of a unit that has earned the U. S. Air Force Outstanding Unit Award, and as a member of this unit will now wear the distinctive service ribbon to mark his affiliation with the unit.

Sgt. Huffman is an aircraft propeller technician at the 3750th Technical School, Sheppard AFB, Texas. He has completed a tour of duty in Vietnam. His wife is the former Madonna Friedman.

Broncs Travel To Claude Friday Night For First District Game

Broncs Pull Game Out Of Fire In Fourth Quarter To Win

It looked like the Clarendon Bronchos were headed for their first defeat last Friday night before a big homecoming crowd when the Stinnett Rattlers apparently came to really play ball and held the Bronchos to no first downs and very little yardage during the first quarter and moved ahead to lead 15-12 at half-time.

The Bronchos remained behind in the third quarter 22-18 and actually broke loose with a comfortable lead in the last four minutes of the fourth quarter to win the game 36-22.

The first Bronco counter came early in the game when Bennie Reese intercepted a Stinnett pass and raced 45 yards for the 6 points. Charles Louis followed in the second quarter with a 61-yard scamper but in the meantime, the Rattlers had racked up 15 points.

Stinnett pushed over another touchdown in the third period to lead 22-12 when Jim Moore plunged over for 4 yards and 6 points to up the score to 22-18. It was at this point that the Bronco line buckled down to their task and held the Rattlers to a scoreless fourth quarter and the Bronco backfield came to life also with Jim Moore tossing a pass to Bobby Leeper who went 51 yards for the touchdown. Stinnett started a passing attack which was quickly quelled when Jim Moore picked one off and went 30 yards untouched for the 6 points to put the Bronchos ahead with a more comfortable lead of 30-22. Ike O'Neal added the final score plunging over from the two-yard line. All Broncho attempts for extra points failed.

Mr. and Mrs. Jerry Allen of Hart visited the week end with their parents, the Homer Estacks and the Bill Allens, and returned their children, Kyle and Kari, with them.

QUALITY JOB PRINTING AT THE LEADER

The Clarendon Bronchos will really be playing for keeps this Friday night when they journey to Claude to play the Mustangs in their first district game of the season. They have a 5-0 record so far in non-district games but the next five games are the ones that count as far as district honors or the possibility of going farther is concerned. Remember game time will be moved up to 7:30 p.m. the remainder of the season.

Even though the Mustangs have been on the losing side they can be a big threat to the Bronchos' clean slate as was evidenced here last Friday night when the underdog Stinnett Rattlers came close to accomplishing that very thing.

As far as previous play is concerned, the Bronchos defeated White Deer 19-0 at the first of the season and White Deer tromped the Mustangs last week end 47-6.

In the rating department, the Bronchos dropped to second place in the Panhandle poll this week and Kress moved up to the number one spot. This was brought about by the Bronchos allowing more scoring by the opposition than Kress as each own a 5-0 record. The local team maintained their ninth place spot in the state rating.

The probable starting lineup offensively for the Bronchos will be as follows:

Center Jay Lambreth; Guards, Frankie Ellis and Willie Craft; Tackles, Ronnie Hasty and Jerry Green; Ends, Bobby Leeper and James Hall; Quarterback, Jim Moore; Fullback, Bennie Reese; Tailback, Charles Louis, and Wingback, Ike O'Neal. Defensively, the Bronchos will probably be represented by defensive lineman Craft, Hall, Green, Hasty, Tyler; Reese and Longan line-backers; Ellis, Moore, O'Neal and Louis in the secondary.

Miss Trudy Reed of Austin and Misses Susan and Anita Mickelson of San Antonio visited the week end with Mr. and Mrs. Don Hillis and attended Homecoming at Clarendon High School.

Masten Services Held In Hedley Fri. A.M.

Funeral services for Mrs. Nora Pearl Masten, 83, were held in the First Methodist Church of Hedley Friday morning with Rev. Billy Wilson, pastor, officiating. Interment was in Rowe Cemetery.

Mrs. Masten died Thursday in Groom Memorial Hospital. She was born in Montague County and came to Hedley in 1920. She was a member of the First Methodist Church.

Survivors include a daughter, Mrs. Letha Youngblood of Hedley; brothers, W. C. Stout of Muleshoe and O. A. Stout of Hale Center; sisters, Mrs. Chloe Flippen of Hart and Mrs. Agnes Flippen of Quanah; one grandchild and three great-grandchildren.

COLTS TO PLAY SILVERTON TONIGHT-THURSDAY

Coach Pete Bromley reported all of his boys in good shape for the coming game with Silverton here Thursday night, tonight. Game time is 6 P.M.

Thursday night of last week the Colts were defeated by Claude in a game played at Claude by a score of 36-14. The Colts scored their first TD by Kenneth Reese with Rodney Hicks converting. Their second score came before the first half ended with Hicks making the TD but the try for extra points failed. The halftime tally was 22-14. The Colts were unable to score in the second half.

Cheerleaders had a fine pep rally prior to the game and the support of fans who accompanied the team was appreciated.

HAZLEWOOD APPOINTED TO PENAL COMMITTEE

Lt. Gov. Ben Barnes has announced the appointment of Senator Grady Hazlewood of Canyon to the five-member Senate Penal Servitude Committee.

The committee will study the laws and practices relating to eligibility for release on parole, including the practice of allowing commutation of time for good conduct, industry, and obedience.

Findings of the committee will be reported to the 62nd Legislature meeting in 1971.

Saturday afternoon after a two-week stay in Amarillo due to illness in the family. I wish to thank Mr. and Mrs. C. L. Johnson for keeping Hedley News going while I was away.

The Cotton Festival was a big success for the 18th year. A good crowd attended both days and included many people who had lived here in years past.

The Boys Maverick Club of Amarillo under the direction of Ralph Dykeman made its 17th appearance here. The Cake Walk, directed by Ellen Faye and Millie Land, was most successful and added several dollars to the local Cemetery fund.

There were many attractive window displays using cotton as the theme. At Cherry's Drug Little Miss Susan Cox displayed her dolls collected from around the world. H & M Dry Goods centered their window with a huge ball in combination with cotton clothing.

Moffitt's Hardware displayed mounted animals done by Homer Lee Morgan and a harvest scene featuring a large pumpkin grown by Short Sanders, the background of art work being done by Mrs. Ethel Kinslow and Mrs. Roy Jewell.

The "Old Ozark Trail" and a Cotton Wardrobe from John's of Clarendon filled the windows at the Recreation and Youth Center.

Many visitors were drawn to the Post Office by the beautiful display of flowers set up by the Hedley Garden Club. In Lions Den there was a display of dolls by Mrs. Burk DeBord of Ash-tola and many paintings done by Mesdames Albert Sanders, Ethel Kinslow, Eleonora Stuckey, Roy Jewell, Lora Gilbreth, Edward Dishman and others.

A camp site was set up on Main street by Hedley Troop No. 36 Boy Scouts of America who also participated in the parade.

Among the distinguished guests attending activities were State Representative Tom Christian of Claude; Lions District Secretary, Bill Neusauer and wife of Amarillo; Deputy U. S. Marshall Glenn Bevers of Amarillo; Lions District Governor Ed Flood, his wife and daughter also of Amarillo; American Legion District Adjutant, Billy Ballew of Memphis.

The big parade featured the Memphis High School Band, the Clarendon Junior High School Band, beautiful floats and decorated cars from companies in Clarendon and Memphis, also implement dealers, and Riding Clubs with their beautiful horses.

Climax of the festival was the coronation of a new Queen of Cotton, Miss Sandra Winn. Her court included runners-up, Miss Kitty Cooke and Miss Carole Hill.

To conclude this year's event was an Old Fiddlers contest, street music and dancing. Royce Bodiford of KGNC Radio and TV of Amarillo covered the latter events.

HOME COMING A SUCCESS

Friday night at the football game a profusion of mums could be seen. Some of the spectators of the opposing team asked a group of girls what the flowers were for. With beaming pride these girls replied "Why, it's Homecoming!"

The festivities started off with the crowning of the Football Queen, Candy Skelton, and presentation of her court, Jayne Martin and Dianne Cornell.

As the day wore on the town seemed to migrate to the football stadium. With the sky darkening and a crisp wind blowing, the air seemed to hold

a promise of an exciting football game.

At the close of the game, there was an extra hustle and bustle to get home early for there was a dance to begin at 10:30 P. M. and last until 12:30.

The Senior Class sponsored the dance and hired The Rioters to play. The music was so toe-tapping even a few of the faculty members could be seen on the dance floor. For those who were not dancing, refreshments of a variety of cookies and assorted soft drinks were served.

This Homecoming was filled with the thrill of a football game and the fun of a dance. Truly this Homecoming will not be forgotten for a long time to come.

takes care of "first things" first. That is, he makes sure to prepare all lessons according to assignments. He then either participates or supports all extracurricular activities with sincere enthusiasm. At football games, or on any other occasion, when the flag is being raised and the national anthem is being played, the patriotic and school spirited student stands and faces the flag respectfully. When the "Alma Mater" is played and sung, he stands and sings every word of the song with a lot of pride. If cliques exist in the school, the school-spirited student is friendly and respectful to all regardless. A student who exhibits true school spirit is loyal to all school efforts and projects. Any student with this kind of an attitude is, indeed, a credit to his school and community.

Rural Accidents In Donley County For September

The Texas Highway Patrol investigated four accidents on rural highways in Donley County during the month of September, according to Sergeant Vernon Cawthon, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed, four persons injured, and an estimated property damage of \$6,776.00.

The rural accident summary for this county during the first nine months of 1969 shows a total of 35 accidents resulting in no persons killed, 25 persons injured, and an estimated property damage of \$24,386.00.

The month of October will bring about a drastic change in driving habits. With the return to Central Standard Time on October 26, many motorists will find themselves going to and from work in darkness. The increased hours of darkness will hide dangers otherwise visible during the daylight hours.

The Sergeant listed some factors why driving is more hazardous at night than during the day. (1) Reduced visibility prevents drivers from seeing hazards. (2) It has been longer since most drivers have slept and the resulting fatigue increases perception reaction time. (3) It is easier for drivers to become confused and panic. (4) More drinking drivers will be on the road.

These factors in varying degrees coupled with high speed cause accidents that would not occur in daytime.

SPIRIT

Spirit is a small six-letter word, but in it is contained one of the most desired things we need in Clarendon High School. Some of the faculty and students have given their definition of the words "School Spirit" below:

Candy Skelton—Spirit is the students of Clarendon High School supporting the Bronchos in the halls and at every game, one hundred per cent.
Coach Lemons—School Spirit

is the attitude a student takes toward his school and all its activities. It is reflected by one's loyalty and pride in everything that he does to make his school one of the best.

Suzanne Moore — Spirit is the participation of the individual or group in the activities of the school. Spirit is the way a person feels toward the school and shows his feeling by yelling, etc. He always wants the best for the school and is behind the school 100%.

E. Wayne Barbee — School Spirit comes with being fully involved with all school activities and being co-operative with teachers and students in any phase of school life, which better the school as a whole; and most of all, school spirit comes with winning.

Mrs. Claudine Todd — School Spirit is that quality that reflects a student's attitude toward his fellow students, faculty, administration, and all school activities. The student who exercises good school spirit

During the business session, Mrs. Heckle Stark discussed a proposed project and plans for Guest Day were considered.

The president reminded members of the District Federated Workshop to be held in Canadian October 21. Following the reading of Club Collect in unison, an interesting presentation, "Mary Stewart Collect as Told by Mary Stewart," was given by Mrs. C. E. Bairfield. A short resume of the events in the life of Mary Stewart was related. It stated that the General Federated Women's Clubs of many lands have used her Collect. It was written in 1901 in Longmont, Colorado, as a personal prayer for the day without any organization in mind.

Later it was offered for publication in England and in the dominion and colonies of Great Britain, the Associated Women of the world have made it their own, and distributed it throughout the Empire. "A Litany for Club Women," using Mary Stewart's "A Collect for Club Women," referring to passages from the Bible was given by Mrs. Bairfield, also.

"First Day Finish," an entertaining short Quaker story by Jessamyn West, was cleverly narrated by Mrs. Horace Green. Hostess for the occasion was Mrs. S. W. Lowe. Artistic arrangements of multicolored dahlias and pyracantha were used

in decoration. Refreshments of lemon chiffon pie, coffee, and tea were served to the following members: Mesdames Frank White Jr., Pete Kung, Horace Green, Clarence Hamilton, H. T. Burton, C. G. Stricklin, Frank Phelan Jr., Heckle Stark, R. S. Brumley, G. E. Benson, Dick Shelton, Horace Green, C. E. Bairfield, E. P. Shelton; and guest, Mrs. Crotto of Magnolia, Arkansas, by the hostess. Concluding the meeting was an inspirational prayer, "The Omnipresence of God," by Mrs. White, Rep.

PUBLIC HUNT DRAWING NEAR

AUSTIN — Hunters have approximately one more week to send in their application cards if they want to try for a chance to hunt on a Texas Parks and Wildlife Department wildlife management area.

With the deadline for the cards being 7 P. M., Oct. 20, the Department has received 6,262 applications to hunt deer and 582 applications to hunt quail compared with 6,339 applications for deer and 385 applications for quail for the same period last year.

Last year 24,874 hunters applied to hunt deer and 1,454 applied to hunt quail, and Department personnel expect approximately the same number this year. This year 3,192 deer permits and 1,798 quail permits will be drawn.

The drawings will be held at 2 P. M., Oct. 23, in the John H. Reagan Building in Austin.

Anyone desiring to hunt on the management areas should write the Department and request an application card.

Basically, hunts this year will be conducted as in the past. However, HB 130, passed by the 61st Legislature requires that "No person may receive a special permit for two (2) consecutive years unless all applications from persons who applied but did not receive a special permit in the preceding year are filled." Therefore, persons who receive permits in 1968 will be considered last, if at all.

Cotton Yields

Work has begun on the 1970 preliminary cotton yields. We have the 1966, 1967, and 1968 records from the three gins in this county here in the office and are now tabulating them. These records will be used as a basis for setting preliminary yields. However, we do not have the records from any of the gins in other counties. If you ginned in any other county in any one of these years, it would be to your advantage to secure the gin records and bring them into the office. This way, you will be sure all your cotton is included.

Transfer of Producer's Interest

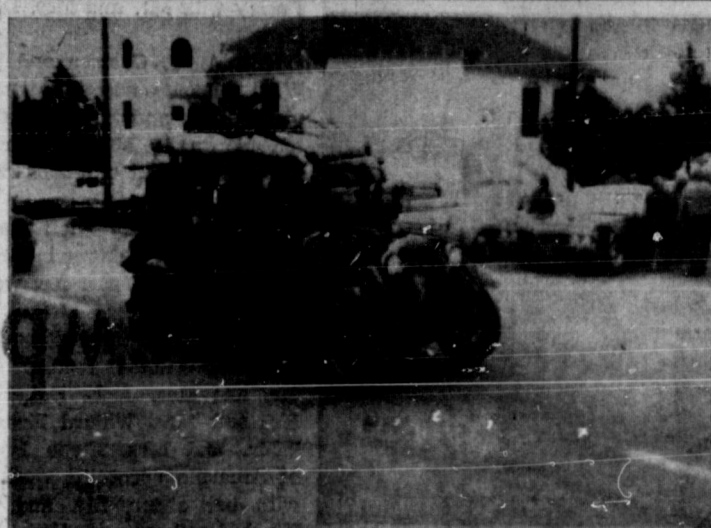

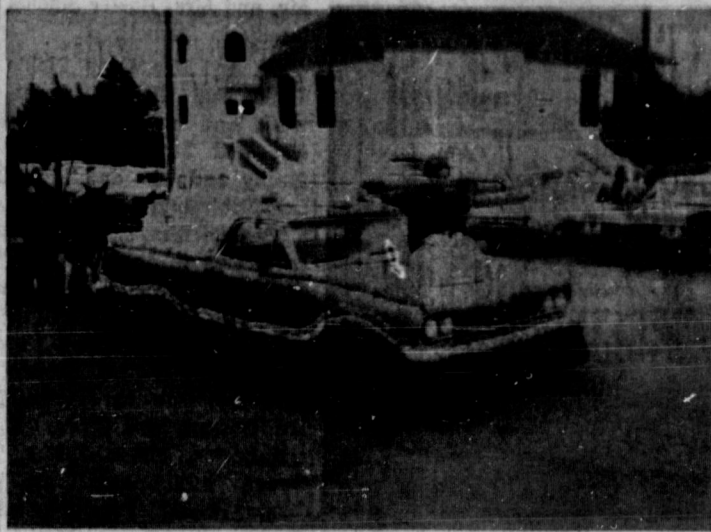

Regulations governing price supports provide that a producer shall not transfer either his

maintaining interest in, or his right to redeem, a commodity pledged as security for a loan. It has been reported that some producers may be considering the execution of contracts or agreements that would possibly transfer their interest in or restrict their right to redeem such grain. This could result in the producer being ineligible for price support on the commodity.

Price Support Loans

All commodity loans may be obtained at the county office. Cotton loans may also be obtained from approved loan clerks in the county.

Latest approved chemicals for defoliation and desiccation of cotton plants in preparation for mechanical harvesting are listed in L-145, "Cotton Defoliation Guide." Copies of the guide are available at county agent offices throughout the state, said Fred C. Elliott, Extension cotton specialist.

Motorists Urged To Have Their Vehicles Inspected Now

On September 1, 1969, the Texas Motor Vehicle Inspection Program began a year-around inspection schedule, announced Captain Alan Johnson, Service Commander of the Texas Department of Public Safety for this area.

Briefly, Captain Johnson listed the changes:

1. Inspections go on monthly, year-around schedule.
2. Sticker location changed to left side of windshield.
3. Number of the inspection

month placed on sticker.

4. Inspection of exhaust system.

5. Inspection of emission system.

6. Inspection fee \$2.00.

Instead of the usual April 15 deadline, inspections will come due one year after the current month of inspection. This will tend to take all the registered vehicles in Texas and prorate them equally among the twelve calendar months to be inspected. This will establish an anniversary month for each vehicle to be inspected and prevent the log-jam of over six million registered vehicles to be inspected at one time.

The new inspection sticker will be placed inside of the lower left-hand side of the windshield instead of the usual right side of the windshield. The number of the current month of inspection will appear on the sticker. For example, those issued in September will have number 9 on them, October the number 10, and so on. The color of the sticker will change each calendar year.

Two items have been added to the inspection list — the exhaust system and the exhaust emission system. A car now must have a muffler and it must be free from leaks. All cars manufactured in 1968 or later coming from the factory equipped with the exhaust emission system (commonly known as the smog device), still must have the device in working order.

The exhaust emission system will be checked to see that it has not been removed or disconnected. This will also apply to foreign cars. However, most of them now in this country are equipped with the smog device before they are sold.

FACTS AND FABLES

If you print jokes, folks say you are silly; if you don't, they say you are dull. If you stay in your office, you ought to be out rustling news, if you get out for a minute, you are not attending to your business. If you wear old clothes, you are broke; if you wear new clothes they aren't paid for. What in thunder is a newspaper man to do? Like as not, someone will say I clipped this from another paper. Well, I did.

CHANGES LISTED

The upper age limits for calves vaccinated for brucellosis have been reduced. A USDA announcement said dairy heifers may now be vaccinated at 3 to 8 months of age and beef heifers at 3 to 10 months of age. Reducing the upper age limit by a month decreases the number of animals that may retain vaccinal titers and react when tested for brucellosis, the announcement said.

Fallures are divided into two classes — those who thought and never did, and those who did and never thought.

NEWS FROM
Congressman
Bob Price
18th District, Texas
Dear Friends:
Last week I described and quoted in some detail the testimony of Secretary of Agriculture Clifford Hardin in his appearance before the House Agriculture Committee.

On the move:
New Chevrolet Movers for '70

Chevy goes heavy! New Titan 90.
Anybody can add a new truck to a lineup. Leave it to Chevy to add a truck and a half. Titan 90.
No other Chevy tilt is so long on muscle. So right for turnpike stretches. With 9 diesels available. And one of the biggest sleeping compartments on the road.

Chevy goes lively! New '70 pickup.
The first thing a Chevy pickup has to move is you. And we never forget it. It shows in the way our '70s look. In their smooth ride.
And all the different ways they come: Fleetside, Stepside and Longhorn camper.
Chevy goes anywhere! New Blazer.
Call it Chevrolet's convertible-station-wagon-car-truck. Or Blazer for short. It's the runabout with the largest V3's, and widest track.
Order it with removable hardtop. Two- or four-wheel drive for telling trails to get lost.

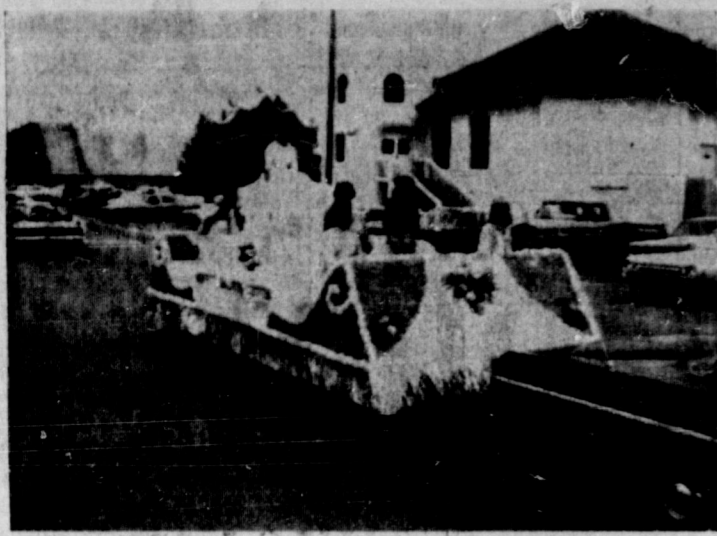

any of Secretary of Agriculture Clifford Hardin in his appearance before the House Agriculture Committee. In that report, I concentrated on the first part of his testimony—that dealing with commodity programs and the two alternative approaches he suggested for increasing farm incomes, and reducing government costs, the set-aside approach and the domestic allotment and diversion approach.
In regard to a long-range solution to the problem of agricultural surpluses, however, he proposed three methods of adjusting our resources, all of which could be used simultaneously for an annual cost of approximately \$100 million. It is these three suggestions and the remainder of his testimony I want to discuss with you this week.
Any approach to long-term land retirement must first of all be a deliberate approach. There are too many complex factors involved to launch into such an experiment in a rush. As the Secretary pointed out, our rural areas could become depopulated and our cities—already crowded—could become even more overcrowded.
As the Secretary observed, our Nation is faced with major urban problems which the President is trying to alleviate; while, at the same time, alleviating our major farm problems.
This is the reason Dr. Hardin suggested using some farm lands for non-farm uses; such as timber, grazing, recreation, and the conservation of wildlife. This would be accomplished on a voluntary contract basis.
You will recall that in 1962, the Cropland conversion law was put on the books, but funding of the program was limited to a commitment of \$10 million for experimental purposes. The Secretary recommended that it be funded and reactivated, providing a base for further experimentation and possible later expansion.
Dr. Hardin also suggested the possibility that farm lands for which there would be possible urban uses, such as airports and parks, could be purchased by states and local governments on a cost-sharing basis with the Federal Government. These lands could be shifted from crop uses; and in addition to meeting urban needs, would be of some value in reducing agricultural surpluses. He noted that programs of this sort were in operation several years ago but were terminated without adverse appraisal when the parent Cropland Adjustment Act went unfunded.
As a possible third program to be used in conjunction with the other programs, Secretary Hardin suggested that an easement approach could be employed whereby farmers could sell cropping rights of their land to the Federal Government. The owner could then continue to use the land for whatever non-agricultural purpose he chose; he could continue to live on it, he could use it for business or recreational purposes, but he could

DONLEY SWINE PLACE AT STATE FAIR

Hampshire Hogs exhibited at the Pan-American Livestock Exposition, State Fair of Texas held in Dallas, brought home honors again to E. S. Ballew, Donley County Swine Breeder. Ballew's hogs placed as follows: Class 77, Senior Boars, sixth and seventh; Class 80, January Boar Pigs, second; Class 83, April Boar Pigs, sixth and eighth; Class 89, Senior Sows, fifth and sixth; Class 92,

January Sow Pigs, third and fourth; and Class 100, Get of Sire, seventh. For many years, Ballew has ranked high in Hampshire breeding throughout the state. David Moring spent several days last week with friends and relatives in Lubbock and Odessa. Mr. and Mrs. Doyce Graham attended the Texas-Oklahoma Singing Convention held in Borger Sunday.

Annual Drive For Boy Scout Funds Set for October 13-18

This week, October 13-18, finds the annual drive for funds for the Boy Scouts of America in progress.

Plans for the drive were set up at an organizational meeting Wednesday, October 8. Dave Agnew, Executive for the Comanche District of the Adobe Walls Council; Jack Boone, District I Finance Chairman; Arling Cordell, Clarendon Chairman; and Captains Frank Phelan, Jr., A. B. Henson, Bright Newhouse, Rev. W. R. Lawrence, and Jeff Walker were present for inspiring talks by Mr. Agnew and Mr. Boone.

Other Captains who are working are Billy Goodman, Beryl Clinton, Leonard Solvidge, Flip Breedlove, Gene Alderson, and George Bouras.

This campaign will be quick and concentrated. No one really needs to be convinced of the wonderful results Scouting has for our fine young men, especially by those of us who have observed the complete program of Boy Scouts, Explorer Scouts, and Cub Scouts.

Give generously when these men contact you. We need \$1,000

for our share in financing this activity here, especially for the camping facilities between Pampa and Mobeetle.

If you are missed and wish to contribute, call 874-3551 or 874-2590 and someone will call upon you; or if you wish, come by the School Administration Office and leave your contribution with Mrs. Trout, School Secretary.

TECH RAIDERS HOST MISSISSIPPI STATE

The Texas Tech Red Raiders will host the Bulldogs of Mississippi State at Jones Stadium, Lubbock, Saturday night, October 18. Game time is 7:30 p.m. As rivals Tech has won 2, lost 2, and tied 1.

Mississippi boasts 22 returning lettermen this year.

Tech took the Aggies of A&M by a score of 13-9 at Lubbock last Saturday night though the Raiders reported several injuries and several squad members sick.

This should be another good game.

Mrs. Nettie Curry was able to return to Palo Duro Convalescent Home in Claude Thursday. She had been a patient in Groom Memorial Hospital for a week.

Sorghum Growers OK Commodity Check-off Referendum

Grain sorghum growers have approved a commodity check-off referendum in twenty-nine High Plains and Panhandle counties and named a twelve-member board to administer the program, Agriculture Commissioner John C. White announced today.

Results of the vote-by-mail were certified to Commissioner White by Elbert Harp, executive director of the Grain Sorghum Producers Association at Lubbock. The program was approved by a 74.1 per cent majority of votes cast.

The twelve elected members will operate as the Texas Grain Sorghum Producers Board (High Plains Area). New members are as follows: A. R. Dillard, Hereford; A. W. Anthony, Jr., Friona; Don Marble, South Plains; K. B. Parish, Spring Lake; Melvin Barton, Dimmitt; E. C. Whitter, Edmondson; John Gilbreath, Hart; Ralph D. Mabry, Petersburg; C. C. "Pap" Reed, Kress; C. P. Smith, Hale Center; Charles Heck, Jr., Nazareth; and Larry Witten, Olton. The grain sorghum farmers

became the second commodity group in Texas to organize under the check-off program authorized by the Sixty-first Legislature under House Bill 764. The bill enables growers of various commodities to assess themselves for purposes of product promotion, education, research, and disease and insect control.

The first organizational meeting of the board will be held in Lubbock this week, Commissioner White said. Officers will be elected and assessment plans discussed.

W. T. BUFFS VS. COLORADO STATE SAT.

The West Texas State University Buffaloes will take to the road this week to play Colorado State University at Fort Collins, Colo. Kick-off time for the afternoon game will be 1:20 P. M. in Hughes Stadium, Saturday, October 18.

Outlook for the Colorado Buffs for the season boasted a solid defense but left the offense a question. Their kicking game seemed to be their strongest point, however experience has been gained as the season progresses.

The Buffs were defeated by San Diego State in Buffalo Bowl last Saturday night by a score of

United Methodist Church entry in the Hedley Cotton Festival Parade; Bale of cotton with boll worm on top and boll weevil at the very back.

24-14. It was a cold night for the fans who were hoping for a victory for their favorite Buffs. Redie saw no play until after the halftime period yet hit 7 out of 13 passes bringing his record to 35 completions in 65 attempts for 505 yards. Thompson leads in receiving, catching 12 for 141 yards and one score. The Aztecs were all that they were predicted to be — a fine, well-coached team.

Mr. and Mrs. Bill Webb of Pampa, Mr. and Mrs. J. W. Webb and Mr. and Mrs. Pete Webb of Amarillo spent the week end with their sister, Mr. and Mrs. Walter Hughes.

Mrs. G. W. Estlack visited Mrs. Nettie Curry in Palo Duro Convalescent Home in Claude Sunday morning.

Dr. James D. Swift, Jr., of Wichita Falls spent the week end with his mother, Mrs. J. D. Swift.
