## Fifty Bulls Consigned To Big RPRB Sale November 19

Fifty bulls are now entered in the Rolling Plains Registered Bull Sale to be held in Clarendon, Texas November 19 beginning at 12:30 noon at the Fair Grounds. Flip Breedlove, secretary and manager of the association, reports that there are twenty-seven Hereford bulls and twenty-three Galloway bulls.

Breedlove points out that one of the big features this year is that practically all bulls are ready for service now. These bulls are big, rugged bulls and some of the best bulls we have ever had in the sale. These are the type of bulls that will help any rancher with his beef cattle improvement program.

Regardless of the weather it will be good and warm in the sales arena. The Farmers State Bank & Trust Company will serve free coffee on the day of the sale. The Clarendon Chamber of Commerce will give free meal tickets to be purchased in cafes who are Chamber members. These free meals are for prospective bull buyers attending the sale.

Judging of the bulls for sale order will be at 9 a.m. on sale day, November 19 and Breedlove is urging cattlemen to be present at the judging so that they can get a good look at the bulls on parade. Auctioneer Walter Britten will start the sale promptly on time.

The catalog is now in the hands of the printer and should be ready in the very near future.

## American Education Week Nov. 9-15

"Parents, do you know where your children are?" This is a question asked each evening over a popular television station. We might paraphrase that question and ask, "Parents, do you know your children's teachers, their methods and techniques; their children's strengths and their weaknesses?" The week of November 9-15 has been designated as American Education Week, with the objective of encouraging all our parents and patrons to make a special effort to visit your schools and to learn more about our program. You are always welcome, stated A. L. Cordell, Superintendent of the local schools.

Your staff is carrying forward a program of improving our school under the guidance of a recent survey made by a team from the Accreditation Division of the Texas Education Agency. Elsewhere in this issue of the Leader you will learn about their recommendations, he added.

We are looking forward to seeing you during American Education Week. "Don't let a stranger teach your child," Cordell concluded.

## FAA Issues G-Ahead Order on Airport

After receiving a go-ahead order from the Federal Aviation Authority Tuesday, the Engineering firm of Bill R. McMorris and Associates of Amarillo, issued a work order for November 17th as the starting date for construction of the new air strip for Clarendon Airport.

L. A. Fuller of Amarillo is the contractor and it was stated that actual dirt work would probably start pretty soon after the 17th if not before.

The new air strip will be 60 feet wide by 3600 feet long and there will be enough land left for a 60 x 900 ft extension if it is ever needed. The new strip will accommodate twin-engine planes.

The work order calls for completion of the strip in 150 days. The dirt and preparation work will probably be completed at this time with a stoppage and the paving completed next spring when the weather is more cooperative.

## Junior Varsity Defeats Panhandle 52-6

The Clarendon High School Junior Varsity (B Team) defeated the Panhandle B team in a game played on home ground Thursday night. The final score in Broncho Stadium was 52-6.

Eray King scored touchdowns on a 30 yard run, a 20 yard run and a 5 yard run. One conversion was good for 2 points. Joe Shadle added two touchdowns: one on a 15 yard run and the other on a 3 yard play. Two conversions were good for two points each. Steve Stavenhagen was responsible for two TD's, one from 3 yards out and the other from 10 yards out with one conversion good for two points.

Coach Carl Irlbeck reported both the defense and offense as playing a good game and praised the line for a fine job of blocking. Thursday night of this week the B Team will play Bonham Christian of Amarillo at Broncho Stadium at 6:30 p.m. Fans are invited to accompany the team.

## RAIN, SLEET & SNOW ADD TO PRECIP TOTAL

A mixture of rain, sleet and snow added to the moisture total Sunday which was quite typical of what the weather can do in the Texas Panhandle. A total of .27 inch has been recorded for the month so far which brings the year's total to 22.85 which is .24 inch over the year's average rainfall.

A heavy frost along with a hard freeze was evident Tuesday morning as the mercury dropped to a low of 25 degrees. This along with clearing weather was what the farmers needed at this time.

## Farm News

from County ASCS Com.

1970 UPLAND COTTON — The USDA announced on October 15, 1969, a revised national acreage allotment of 17 million acres for the 1970 crop of upland cotton. This represents an increase of one million acres in the allotment from that announced earlier.

This increase is brought about by the declining 1969 crop prospects caused primarily by abnormal weather conditions throughout much of the Cotton Belt.

Also announced on October 15, were the following additional provisions of the 1970 crop program for upland cotton.

1. Domestic Acreage Allotment — For the 1970 crop, the farm domestic acreage allotment has been set at 65% of the farm acreage allotment, the same as it's been in prior years. Farmers who sign up to participate in the program and who plant at least 90% of their farm's domestic allotment, but not in excess of the permitted acreage for the farm, will be eligible for price-support loans and price-support payments on the farm domestic allotment.

2. Skip-Row Rules — The skip-row rules which were in effect for the 1969 crop will be applicable in 1970. Only the land actually planted to cotton is counted as cotton land in determining compliance with program provisions.

3. The final date for filing applications for the transfer of cotton allotments is December 31, 1969. Allotments cannot be transferred out of the county except by landowners from one farm to another owned by him. Allotments cannot be transferred out-of-state.

4. Projected Yields — A projected national yield of 500 pounds per acre has been established for the 1970 crop, a reduction of 45 pounds per acre from the 1969 yield. We have not yet received the yield for the county. It should be announced in a few days.

BARLEY — Minimum diversion for barley in the 1970 feed grains program will be 20% of the farm's barley base. This is the same minimum diversion that was required in the 1969 program. Other provisions of the feed grain program will be announced soon.

WOOL — Wool producers are reminded that applications for incentive price-support payments should be filed at the County ASCS Office. Requests should be filed as soon as 1969 wool marketings are completed and no later than January 31st in any case.

This office will be closed Tuesday, Nov 11 in observance of Veterans Day.

## LEADER CLASSIFIEDS GET RESULTS

## Quail Season Opens Saturday, Nov. 8

The hunting season most looked forward to by local nimrods is the Quail Season which opens Saturday, November 8, the earliest date in recent history. The season continues thru January 31, 1970.

From all reports, there is a good supply of birds but many of them are only half-grown at this early date and will be a disappointment to many hunters who run on to a late hatch covey of birds.

The bag limit is 12 per day and shooting hours are from sunrise to sunset. Birds may not be taken with firearms larger than 10 gauge and all guns must be plugged to hold only 3 shells.

Before you enter a place to hunt, be sure and have the owners permission. This will prevent a possible costly fine and lots of hard feelings toward the guilty person and all hunters in general.

The main thing to remember is to be careful and not be a hunting casualty.

## Morrison Rites Held At Hedley Tuesday

Funeral services for Austin M. (Bill) Morrison, age 65, of Dalhart, a former Donley County resident, were held Tuesday morning, November 4, 1969 in the First Baptist Church of Hedley with Rev. Raymond F. Jones, an Assembly Of God minister of Amarillo, and Rev. Dave Sellars, pastor of the First Baptist Church in Hedley, officiating. Interment was in Rowe Cemetery under the direction of Murphy Funeral Home.

Mr. Morrison died Saturday, November 1st, in Groom Memorial Hospital after a lengthy illness. He was born December 22, 1903 near Nocona, Texas and married Leona Worley November 12, 1950 at Tucumcari, New Mexico. He was a cook and had lived in Dalhart the past six years.

Survivors include his wife Leona Morrison; two sons, Paul Ray Morrison of Irving; Austin Gene Morrison of Dalhart; two sisters, Mrs. Nora Ballew and Mrs. Vina Wilmoth both of Long Beach, Calif.; one brother, Gus Morrison of Tucumcari, New Mexico; and one granddaughter.

Bearers were J. H. Jackson, Junior Hill, L. R. Haisten, D. E. Herring, Elmer Dishman, and Connie Taylor.

## SCOUTS ENJOY SKATING

Members of Scout Troop 33 and their guests, 77 in all, enjoyed roller skating at Memphis Tuesday night. Scoutmaster, Tommie Saye, chose to sit on the sideline and watch as it was on a similar outing several months ago that Tommie broke his leg while joining the youngsters on the skating rink.

## Veterans Day Tues. November 11

Tuesday, November 11, 1969 marks another Veterans Day.

Veterans Day was first observed as Armistice Day with the ending of World War I at 11 a.m. November 11, 1918. Fifty-one years have passed since that eventful day and this year, as in other years, stands as a day of hope.

In 1926 Congress proclaimed the date a legal public holiday but the hopes and dreams of mankind were shattered one year later, in 1927, when World War II began. Twice since that date Americans have come to the aid of oppressed people, once in Korea, and now in Vietnam.

Americans still maintain hope for peace in the world today, even though battles continue to rage in the jungles of Vietnam. We will not accept a peace of slavery but a peace of honor and dignity.

Let us pause, this Veterans Day, Tuesday, November 11, 1969, and remember the many who have given their lives that freedom endure and at the same time pay tribute to those who are now involved in wars on foreign soil.

This Veterans Day, 1969, we salute those heroes of past wars and our fighting men of today who are preserving our democracy. We honor those who died for freedom's sake and we pledge to those who live that we will remember with reverence their contributions to our freedom.

## FUNERAL SERVICES HELD FOR MOORE INFANT

Services for Tammy Sue Moore, infant daughter of Mr. and Mrs. Joe Moore of Clarendon, were held at 2:00 p.m. Sunday, November 2, 1969 in Anna Moores Chapel of the First Baptist Church with Rev. W. R. Lawrence, pastor, officiating. Interment was in the Citizens Cemetery under the direction of Murphy Funeral Home.

The infant died Saturday morning, November 1st, and was born Friday morning, Oct. 31st, in Groom Memorial Hospital.

Survivors besides the parents include two sisters, Tonya Evon Moore and Tina Marie Moore both of the home; one brother, Terry Lynn Moore of the home; Maternal Grandparents, Mr. and Mrs. A. A. Smith of Lakeview; and Paternal Grandparents, Mr. and Mrs. G. A. Bland of Hedley.

## RED RAIDERS VS TCU IN FT. WORTH SAT.

The Red Raiders of Texas Tech, Lubbock will be hosted by their rivals, the Horned Frogs of TCU, Saturday afternoon, November 8, at Amon Carter Stadium in Fort Worth. Game time is 2 p.m.

This past Saturday the Raiders celebrated Homecoming at Tech by defeating the Rice Owls 24-14 adding excitement to the day for the many ex-students who were in Lubbock for all of the special festivities.

Mr. and Mrs. Roy Clampitt and Harold returned Saturday from San Diego and Los Angeles where they visited relatives. They also visited R. Clovis Bolton in Downey, Calif. Mr. Bolton is a former minister of the Christian Church in Clarendon.

## HOSPITAL NOTES

Patients as of Wednesday, November 5, D. R. Phillips, Miss Minnie Roberson, Mrs. J. F. Rumpy, Mrs. Mary Cook, Mrs. Ernest Kent, Mrs. C. E. Killough, Mrs. Penelope Jones, Mrs. Carl Morris, Billy Hill, Mrs. Yvonne Constantine.

Dismissals: Mrs. Dorothy Bogue, Ray David, Ben Fosor, Roland Hill, Mrs. W. H. Mendenhall, Archie Pool, Maxey Osburn, Mrs. Fannie Stone.

## Ex-Students To Hold Meeting Nov. 7-8

The annual Ex-Student Reunion is planned for this week end, November 7-8. 1 to 2 p.m. — Visitation.

... thru 1929, Edna Montgomery Smith home, 1930-1939 — Viola Barker Graham home, 1940-1949 — Basil Smith home, 1950-1959 — Sandra Bownds Mooring home, 1960-1969 — Darlene Shields Spier home.

2:30 to 4 p.m. — Bus Tour, meet at the High School.  
7:30 p.m. Banquet at Electric Theatre on Main Street.  
9 p.m. Dance at Electric Theatre, music by the Motifs.

Remember to vote for the general candidate of your choice: Fay Morrison Walker, Ruby Bogard Blackman, Allene Rhoades McElroy, Nova Lee Barker Mooring, Carol Lane Hall, and Dolia Vallance Hearn. Votes are 1c each.  
We hope to see you here this year!

## ASSEMBLY OF GOD REVIVAL CONTINUES THROUGH NOV. 14

Revival services at the First Assembly of God Church will continue through November 14. Attendance and interest is good. We invite you to be present with us in any of these services, states Rev. Cecil Chisum, pastor.

Morning prayer services are being held at 10 a.m. and evening services at 7:00 p.m.

Rev. W. G. Lillard from Justin, Texas is Evangelist for this series of Revival services. Rev. Lillard and his wife are also presenting special music at each service. Rev. Lillard's messages will be of great interest to the youth of our day as well as everyone, states pastor Chisum.

## HARVEST CARNIVAL AT ALANREED SATURDAY

The Alanreed P.T.O. and the community ladies are sponsoring a Harvest Carnival at the Alanreed Gym Saturday, November 8. The Carnival will be climaxed with the crowning of the Harvest Queen.

Community ladies are serving a Turkey Dinner beginning at 6 p.m. Everyone is cordially invited to attend.

## Broncos to Battle Wheeler Mustangs Friday Night for District Title

### CHS Broncos Pluck Silverton Owls 55-14

The Clarendon Broncos ran pell-mell over the Silverton Owls Friday night racking up a total of 55 points to their opponents 14. The Broncos got off to a slow start but gained momentum as the game progressed.

The Broncos rolled up a total of 648 yards in the game, 537 rushing and 111 passing. Another 95 yards would have been added to this total when Jim Moore ran almost the length of the field and crossed the local line, only to have it called back on a clipping penalty.

Jim Moore opened up the scoring on a 50 yard scamper and Scotty Lindley kicked the extra. Charles Louis scored the first of his four touchdowns for the game on a 13 yard run, followed a short time later on a 1 yard plunge and then scored on a 54 yard run. Scotty Lindley kicked all three extra points.

Jim Moore turned on the speed and exceptional broken-field running on a 68 yard scamper for the next score and this extra point was the only one missed for Lindley. Bennie Reese plunged over from the 1 yard line for the 6th score with Lindley's kick good. Moore passed to Louis for 39 yards and the only score by the air route. Louis broke into the clear with no other player within 20 yards when he took the pass and casually stepped over the goal line. Lindley's kick was good again. Late in the game the second string was moving the ball well and Danny Hill ran 8 yards for the score. Jim Moore kicked the extra point.

Remember to vote for the general candidate of your choice: Fay Morrison Walker, Ruby Bogard Blackman, Allene Rhoades McElroy, Nova Lee Barker Mooring, Carol Lane Hall, and Dolia Vallance Hearn. Votes are 1c each.  
We hope to see you here this year!

## CHS MARCHING BAND RATES 1 IN UIL CONTESTS TUESDAY

The Clarendon High School Marching Band and their director, Gary Ray Bowen, were in Canyon Tuesday to take part in University Interscholastic League Marching Contests.

The Clarendon Band received a One rating from all three of the contest judges. A One carries a degree of excellent and was in this case a unanimous decision on the part of the judges. Clarendon and Stratford were the only two bands in their class to receive such a commendable classification.

UIL Contests in Concert and Sight Reading will be held in the spring.

## BUFFS INVADE MICHIGAN FOR SATURDAY PM GAME

The West Texas State University Buffaloes will be on the road this week and will play the Western Michigan Broncos of Kalamazoo in Waldo Stadium at 1:30 p.m. Saturday, November 8.

Coach Joe Kerbel reported the Buffs as playing their finest game of the season this past Saturday when they defeated the UT Rebels of Arlington 41-7 in Memorial Stadium.

Although the Clarendon Broncos will have another district game on their regular schedule next week, they will be playing Wheeler this Friday night for District honors as McLean is not a strong contender for the title.

Everyone can easily remember the upset handed the Broncos by Wheeler last year when their prospects for going to state were excellent and it is anticipated that the Broncos have worked exceptionally hard this week to be prepared against any such repeat performance. Wheeler ran roughshod over Happy last week end and will have a strong running attack that the Bronco line will have to stop if they keep the visitors from outscoring the local team.

Clarendon has an explosive backfield in Moore, Louis, Reese and O'Neal but it will take great team effort to help spring these boys loose if Wheeler plays the type of game they are expected to play Friday night.

Charles Louis was chosen Globe-News player of the week for his performance in the game with Silverton last week. He also upped his total scoring to 72 points and gained a total of 1,081 yards for the season. Jim Moore upped his totals last week to a total of 109 points in the scoring department, 3 points behind the leader in the Panhandle, and his total yards gained climbed to 1,166 yards. The Wheeler Mustang's Roy Don Chick also has rushed for 1,022 yards and has scored 64 points.

It looks now like a real battle will take place Friday night and no reminder is needed for local fans to be out to back the Broncos for the big question will be "Where to Find a Sea?" They'll be there giving the Broncos their full support!

The probable starting lineup offensively for the Broncos will be as follows:  
Center Jay Lambreth; Guards, Frankie Ellis and Willie Craft; Tackles, Ronnie Hasteley and Jerry Green; Ends, Bobby Leeper and James Hall; Quarterback, Jim Moore; Fullback, Bennie Reese; Tailback, Charles Louis, and Wingback, Ike O'Neal. Defensively, the Broncos will probably be represented by defensive lineman Craft, Hall, Green, Hasteley, Tyler; Reese and Ronnie Hill line-backers; Ellis, Moore, O'Neal and Louis in the secondary.

## CAROL CHAMBERLAIN A COUNSELOR AT CC

Carol Chamberlain, daughter of Mr. and Mrs. F. E. Chamberlain, Jr. of Clarendon, has been selected as a clothes counselor for her residence hall at Christian College, Columbia, Mo.

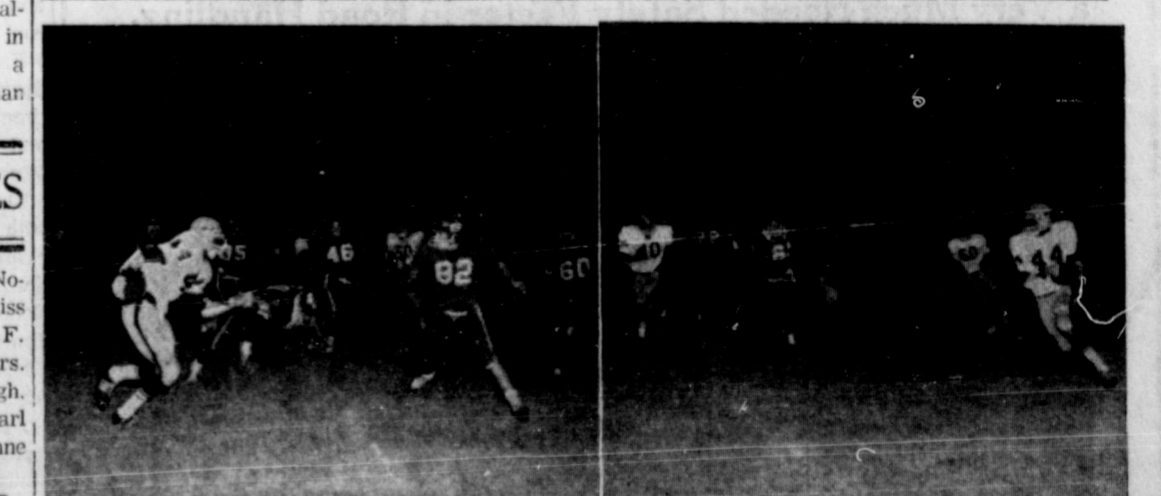

Clothes counselors work closely with the Dean of Students to determine dress standards for the school. They also advise students concerning appropriate dress for social events both on and off campus.

Miss Chamberlain is a second-year student at Christian.

Leader Local Rate \$4.00 Per Year

Clarendon fans look on as Frankie Ellis makes a block to help clear the way for Jim Moore in the game at Silverton Friday night. The small visitors stand was jam-packed which is an example of how the stands will look here Friday night when the Broncos meet the Wheeler Mustangs. Photos by Saye's.

Charles Louis is shown here in action against Silverton. It was his performance in this game and four touchdowns that helped bring him the honor of being the Globe-News Class A Player of the week. —Photos by Saye's

Mrs. Jeanie Merchant of Amarillo spent Sunday with her parents, Mr. and Mrs. Bob Williams.

A. O. Hott called on Mr. and Mrs. Leonard Dozier Friday.

Mrs. D. G. Ballew and Misses Ruth and Nell Corbin visited Mrs. A. B. Ivey Monday.

Mr. and Mrs. Pete Darnell of Clarendon, Mrs. Jiggs Mann and children and her mother, Mrs. J. D. Wood, visited Mr. and Mrs. Richard Dingler Sunday afternoon.

Mr. and Mrs. Frank Hardin and Mr. and Mrs. L. H. Price visited Mr. and Mrs. D. S. Smith Saturday night.

Mr. and Mrs. D. R. Lindley had business in Wellington Thursday.

Mr. and Mrs. Henry Hasteley visited Mr. and Mrs. E. W. Barbee and children Sunday afternoon.

Ray and Jay Lindley spent Saturday night with their grandparents, Mr. and Mrs. D. R. Lindley.

Mr. and Mrs. Edd Culbertson and Mrs. Linda Pierce and children of Pampa visited her brother, Mr. and Mrs. Richard Dingler, Sunday evening.

Mr. and Mrs. C. A. Wright returned her mother to her home in Memphis Sunday. Mrs. Jones had spent several days here.

Save Planting Seed From Afternoon Harvested Cotton

Texas cotton growers are advised by Fred C. Elliott, Texas A&M University Extension cotton specialist, to save planting seed from afternoon harvested cotton. It has a lower moisture content and usually can be stored without loss until planting time next year.

Storing cotton seed with more than 12 percent moisture, Elliott explains, often results in heating and other quality deterioration. This means a lower germination when seed are planted next spring, resulting in poor stands.

Cotton gins best at a lint moisture content of about seven and one-half percent. Tests show the high-moisture content of seed cotton during the early morning is from the high relative humidity. Machines should stay out of the fields, he notes, until relative humidity is below 60 percent and should not pick or strip if the moisture content of the seed cotton is above 8 percent.

As a rule of thumb, it's a good plan to harvest cotton only between 8 a.m. and about 7 p.m., but to be safe, Elliott suggests saving planting seed only from cotton harvested in the afternoons.

Holding high-moisture cotton on trailers for long periods, under crowded conditions in rush seasons, lowers the grade, price and profits. Harvest cotton as dry as possible and keep it dry, advises the specialist.

Before storing cotton planting seed, inspect it closely for damage. Store only seed with high germination (80 percent is good) of reputable varieties, advises Elliott. Seed saved for bulk storage should be less than 12 percent moisture unless good drying and cooling facilities are available.

Finally, Elliott suggests a continuous check during the winter on stored seed.

possible and keep it dry, advises the specialist.

Finally, Elliott suggests a continuous check during the winter on stored seed.

TEXAS A&M UNIVERSITY COLLEGE STATION, Oct. — Something new has been added to the hang tags on some clothing: guarantee that a garment will wear for a specified length of time.

If the garment doesn't live up to its guarantee, the manufacturer says he will return the purchase price or replace the garment, Fannie Brown Eaton, Extension clothing specialist says.

She urges consumers to read garment labels, save the labels or hang tags and the dated sales slips. This proves how long a consumer has had the guaranteed garments.

Be sure the sales slip is dated when a guaranteed garment is purchased, the specialist cautions. Store clerks may not mention that garments carry a guarantee because so few clothing have one as yet.

There are about 310,500 farms and ranches in Texas.

— PHONE 874-3606 OR 874-2043 —

## 1926 Book Club Holds Meeting

Mrs. Harold Phelps was hostess at the regular Tuesday afternoon meeting of the 1926 Book Club held at Patching Club House November 4. A decor of fall flowers accented the entertaining rooms.

A delightful program was presented by Mrs. E. S. Ballew. In her clever manner, Mrs. Ballew gave excerpts from "The Egg And I" and "Anybody Can Do Anything" by Betty MacDonald. Attending were Miss Inez Blankenship and Mesdames E. S. Ballew, W. R. Christal, Jack Clifford, Beryl Clinton, Otis Naylor, W. N. Poole, W. C. Thornberry, Clarence Hamilton, and the hostess, Mrs. Harold Phelps, Rep.

## SENIOR CITIZENS ENJOY SATURDAY MEET

Sixty-five senior citizens gathered at Lions Club Hall Saturday morning for their regular first Saturday social. A turkey dinner with all of the trimmings was enjoyed at the noon hour.

Rev. Clyde Hankins, Baptist evangelist, spoke to the group and Bro. W. R. Lawrence led a sing-song with Mrs. Lawrence as accompanist at the piano. Games were also played.

The next meeting will be the first Saturday in December, Rep.

## BRICE TOPS CLUB

Brice True "TOPS" club of Brice met Thursday, October 30. Their next meeting will be Saturday, November 8 from 10 a.m. to 11 a.m.

Anyone who is interested in Taking Off Pounds Sensibly is invited to come join this TOPS club.

Visitors are also welcome. We meet at Brice Postmaster Gin office now, Rep.

## BRONCHO MOTHERS MEETING HELD

At a meeting of the Broncho Mothers Monday night it was decided to postpone the football banquet due to conflicting events.

The date set for the banquet now stands at January 10. Mothers are urged to get in their dues. If you are unable to bring your dues yourself then you may send them to Ike O'Neal or Steve Lewis, Rep.

## ASHTOLA CENTER

There will be a 42 party at the Ashtola Community Center Saturday night, November 8, at 6:30. Mrs. H. S. Mahaffey and Mrs. Lena Mae Graham will be hostesses. Bring a pie, Rep.

## CHAMBERLAIN CENTER

Mr. and Mrs. Charles Bates and Mr. and Mrs. Frank Hardin will host the meeting at The Chamberlain Community Center Friday night, November 7, at 7 p.m. Please bring a pie, Rep.

## SCHOOL CAFETERIA MENU

November 10-14

MONDAY — Hot Dog on Bun, Hash Browns, Dill Pickle, Cake, Fruit, Milk.

TUESDAY — Shrimp, English Peas, Creamed Potatoes, Stewed Apples, Hot Rolls, Butter, Milk.

WEDNESDAY — Pizza, Corn, Green Salad, Fruit Cup, Vanilla Wafers, Milk, Bread.

THURSDAY — Steak Fingers, Steamed Rice, Green Beans, Stewed Raisins, Hot Rolls, Butter, Milk.

FRIDAY — Hamburger on Bun, Tater-Tots, Lettuce, Pickles, Onions, Fruit Pie, Milk.

Mrs. Guy Wright and Miss Jane Wright of Lubbock, also Mrs. Claude Johnson of Memphis visited Sunday in the home of Mr. and Mrs. Johnnie Johnson.

## NEWS FROM

### Congressman Bob Price

18th District, Texas

Dear Friends:

During this past week, House debate and voting focused on the Housing and Urban Development Act of 1969. This act provides a one year extension and authorizations for the continuance and improvement of existing federal housing programs.

The Act passed the House by a vote of 339 to 9. I voted for the Act. The chief reason why I did so was because I believe the extension of the Housing and Urban Development Act to be absolutely essential in our off-stated national goal of providing a decent home for every American family is to be fulfilled at the earliest possible time.

Although our housing problem is a nation wide one, nowhere in America is the need for decent housing more critical than it is in rural areas. In its report approving the bill the House Banking and Currency Committee, spotlighted this need by stating, "Rural America suffers from a chronic shortage of adequate housing." The Committee went on to advise that it is, "imperative that every effort must be made to marshal the resources needed to meet rural housing needs, which are far more severe, on a proportionate basis, than those of urban centers." A rough measure of these needs is demonstrated by the fact that while rural America has only 30 percent of the nation's population, it has half the nation's substandard housing.

Hundreds of thousands of farm and country families live and try to raise their children in inadequate homes, many of which have primitive plumbing facilities and insufficient utilities. The 1969 Act meets rural housing problems head on. It takes the existing financial handcuffs off the Farmers Home Administration by removing the \$100 million ceiling on the amount of uncollateralized mortgages that can be held by the Secretary of Agriculture. At present, this ceiling unnecessarily limits the scope of FHA activities. The bill creates new FHA financial procedures which will permit home

builders to engage in volume construction projects, create cost savings by operating in bulk, and pass the cost savings on to the home buyer in the form of reduced purchase prices.

A new addition in the 1969 Housing and Urban Development Act gives the Secretary of Housing and Urban Development the authority to discourage any efforts to place restraints on the use of new technology and materials in new housing programs. This provision gives Secretary George Romney a much needed weapon in his battle to get both the housing industry and the construction trade unions to modernize their operating methods in a joint effort to produce less expensive and more durable housing for the nation.

This year's Act recognizes that an ever growing number of American families are turning to mobile homes as a source of lower cost housing. A recent survey conducted by the Bureau of the Census for HUD revealed that mobile homes contribute significantly to the national housing supply, and that an estimated 5 1/2 million people live in about 3 million mobile homes across the country. The 1969 Act strives to make the purchase of mobile homes easier financially, by increasing the maximum amount of a mortgage which may be insured per space in a mobile home court. It also sets a maximum term on mobile home mortgages of 20 years, and renames the mobile home insurance program to promote greater accuracy within the mobile home industry.

This year's Housing and Urban Development Act also takes a new approach to the housing problems of the cities. At present, a city can start an urban renewal program in which large numbers of ghetto dwellings are destroyed without realistic provisions being made in advance for locating or creating new housing for the ghetto dwellers. As a result, many urban renewal projects have created a group of dispossessed families at the same time the inner city was receiving a face-lift. This practice has benefited neither the families concerned nor the community affected. Some of the dispossessed families move in with friends, thereby adding to already overcrowded living quarters and ghetto pressures — others live like gypsies, and some

venge on the margins of society on the margins of society this deplorable practice. It requires any urban renewal project to include as many units of low and middle-income housing as the area had included when it had been a slum. In this way, our nation's cities will truly benefit from urban renewal.

## Highlights and Sidelights

### From Your State Capitol

By Vera Stanford

AUSTIN, Tex. — Texas Aeronautics Commission has expressed concern that the new federal aviation legislation may shut off its revenues for state airport building aid which now totals more than \$400,000 a year.

Proposed aircraft user charges would increase the general aviation fuel tax from two to seven cents a gallon, levy a licensing fee of \$25 per aircraft plus two cents a pound for prop planes and three and a half cents a pound for jets, increase the passenger tax on airlines from five per cent to eight per cent, place a new five per cent tax on cargo shipments and establish a \$3 per passenger tax on international travel.

Money would go to airport improvements and relief of congestion. Some \$150 million a year would aid large, airline-served terminals and \$25 million a year would be reserved for smaller airports like those helped by TAC funds. Based on population, Texas would get about \$18 million annually for larger airports and \$2.5 million for smaller ones.

Hitch, according to TAC Executive Director Charles Murphy, is this: Federal act requires states to match aid funds on a 50-50 basis. At present, the source of funds TAC has for airport building is uncollateralized refunds on the state's five-cent-a-gallon tax on aviation gasoline. Plane owners now leave some \$46,000 a month in the state till rather than go to the trouble of filling out forms for refunds. However, with stiff new federal charges, it is feared they will start applying for all refunds they can get, thus leaving TAC with an "empty bucket," as one commissioner said.

Murphy said a state jet fuel tax of three to four cents a gallon would be necessary to raise as much as \$2.5 million a year. Meanwhile, TAC approved a gram for the next year \$324,500 construction aid program for the next year, including these projects: Dalhart, Commerce, McLean, Hale Center, Haskell, Hemphill, Pleasanton and Vega, \$27,500 each; Taft, \$26,000; Bridgeport, Giddings, Jackson County (Edna), Jasper, San Benito, Hearne and Van Horn, \$10,000 each; Shamrock, \$4,500, and Caldwell, \$4,000.

Appointments Announced—Gov. Preston Smith made a long list of key judicial appointments, including elevation of 14th District Judge Connolly of Tyler to the 12th Court of Civil Appeals and 67th District Judge Harris

Joe Brewster of Fort Worth to the Second Court of Civil Appeals.

Smith also named these district judges:

Galloway Calhoun Jr. of Tyler to the 14th district; Clyde Robert Ashworth of Arlington to the 67th; Athens attorney Jack Humphrey Holland to the new 173rd; James Edward Wright of Fort Worth to the new 11st district; Gordon Lindsey Gray of Fort Worth to the new Criminal District Court No. 4 and Robert Lee Wright of Fort Worth to the new Court of Domestic Relations No. 4 of Tarrant County. Governor announced these appointments to other positions: State Board of Health: Dr. Mickle G. Holcomb of El Paso, replacing Elmer C. Baum of Austin; Jess Wayne West of Plainview, replacing I. D. Flores of Floresville; Dr. John Marvin Smith of San Antonio was reappointed.

Water Quality Board: David Edward Clemens of Mineral Wells replacing Chairman Howard Rose of Austin.

State Board of Medicines: Joe J. Manor of Austin, replacing Harold Saunders of San Antonio and Claude Vance Singleton of Lubbock replacing C. Jack Clark of Dallas.

Historical Survey Committee: John Clifton Caldwell of Albany filling the unexpired term of Edward H. Harie of Corpus Christi and Mrs. Frederick M. Lange of Dallas replacing Frank Mayborn of Temple.

State Board of Registration for Professional Engineers: Robert Lockhart Reil and James D. Pitcock Jr., Houston.

State Board of Chiropractic Examiners: Drs. Oliver Roy Smith of El Paso, Wayne Wilson Lundberg of Lubbock and Elton Hugh Berkman of Colorado City.

Ag Opinions—Atty. Gen. Crawford Marun spelled out the duties of county commissioners, county election boards and sheriffs to determine the number of voting machines needed, provision and delivery of them to the polls for each election held at county expense. In other new opinions, Martin held that:

Small claims court jurors must be paid the same (\$3-\$6 a day) as those serving in justice courts, with payment out of county jury fund.

Alligators now are under the control of the state as protected wildlife specie.

Legislative act providing for the method of school board elections in counties of 8,605 to 8,615 population is unconstitutional since the population base is unreasonable.

A former legislator with eight or more years service who now is a state employee can become a member of the "elective class" under the employees retirement system without working five consecutive years at an appointive job.

Grand and petit jurors selected for Jim Hogg county by the 49th judicial district court and for Duval and Starr counties by the 79th district court are legally selected jurors for the new 29th judicial district court from September 1 to commencement of the new term.

Courts Speak—Supreme Court set hearing for November 26 on the appeal of Air Southwest Company for commuter air routes between Dallas - Fort Worth, Houston and San Antonio.

High court scheduled oral arguments for December 3 in the case against the Dallas transit system brought by the widow, mother and daughter of a bus passenger who was killed Dec. 15, 1960, by a drunk who boarded the bus. At issue is whether the driver was negligent in allowing the drunk to board the bus.

Tyler Court of Civil Appeals order dismissing the sanity case of Dr. Harold Edmoiff of El Paso, who was freed from Rusk State Hospital earlier this year, was affirmed by the State Supreme Court.

Court of Criminal Appeals heard arguments on Houston black militant Lee Otis Jonsson's appeal from a 30-year sentence for giving a marijuana cigarette to a police undercover man.

State sued suit to enjoin Air East Air Lines Inc. and Central Texas Airlines Inc. from conducting air carrier operations

without certificates.

Drinking Hours Extended — A dozen counties and 19 cities have adopted the new 2 a.m. drinking curfew approved by the last Legislature on a local option basis.

Included are Harris, Dallas, Bexar, Tarrant, El Paso, Potter, Bandera, Bell, Aransas, Wilson, Galveston and Fort Bend counties; Corpus Christi, Aransas Pass, Rosenberg, Temple, Texas City, Denison, Poth, Boerne, Post, Pharr, Galveston, Aransas, Fort Neches, Laredo near Fort Hood.

Liquor Control Board is studying the proposal of a Dallas restaurateur for authorization of Texas travelers to join a single giant private club with guest privileges in any participating club.

IACS authorized two airlines to sell mixed drinks during nights — American Airlines and Braniff. Texas International and Delta also have applied for licenses.

## SHORT SHORTS

Lt. Gov. Ben Barnes appointed the Senate General Investigating Committee to be composed of Sen. J. P. Word of Meridian, chairman, Jim Bates of Edinburg, Ralph Hall of Rockwall, Gray Hazewood of Canyon and Tom Creighton of Mineral Wells.

Community action grant of \$112,394 for Community Council of Uvalde, Kinney and Real Counties Inc., Uvalde, has received governor's approval.

Railroad Commission cut November's statewide oil production by one per cent, to 57.1 percent of potential.

Grant sorghum growers approved a five-cent-a-ton commodity check-off system in the High Plains and Panhandle Counties with a 74.1 per cent majority.

W. B. Ayers returned home Tuesday after visiting his sister at Brownsville and other relatives around Temple, Kellen and Belton.

Gary Ray of Memphis was at Clarendon Monday.

# UNCLE YER

So precious is Thy living word, So helpful to our day. We find it is our needed sword For foes along the way.

We will never be able to hear a compliment on ourselves unless we stop talking long enough to listen.

Most folks talk about the same subject; the only argument comes about in the sharing of listening time.

A whale would never get hooked by the harpoon if he didn't come to the surface in order to spout off. The same is true of human beings. Our goose is usually cooked when we start spouting off. Our problem is just as terrible if we start giving advice.

We usually look at people's good points through a bare peephole, but when we get down to their faults, we throw the door open wide. It seems that in making his mis-deeds seem larger we make our bad points seem smaller. . . . It just seems that way.

The best argument in the long run is to stand quietly by our own convictions.

Having control over our temper is what the handle has over the axe. One without the other would make a fit subject for the junk heap.

Some folks just like to argue. Love and politics, and especially religion. Speaking of religion, it is said that many will fight for it, some even die for it, but few are willing to live by it.

Most arguments are sound-just sound and nothing else.

## BRONCHO COLUMN . . .

Sponsor: Mrs. Glen Bromley  
 Co-Editors: Debbie Lowry, Lee Ann Palmer, Beth Waldrop

### HALLOWEEN PARTY

The Future Teachers Club and the Library Club had a joint Halloween Party November 28. Meeting was called to order by Geneva Molder, Library Club president, and Beth Waldrop, Future Teacher president who announced the program.

A mixer number was led by Penny Maxey. The Freshmen were initiated by the Juniors and Seniors. They were put through many antics.

Then, everyone went through the Ghost House while the record of the Haunted House played many weird sounds.

Some still had enough energy to dance. Refreshments were served to the group and sponsors, Mr. and Mrs. Cordell and Mrs. Dema Justice.

### HAVE YOU HEARD

What were Jeff, Carolyn, Betty and Kent doing by the curve Thursday night???

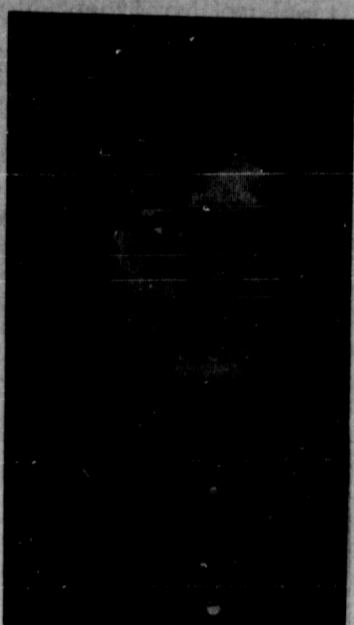

— CHS —  
 Anyone heard of Debbie Kirkpatrick's new name? Try Frizzle Britches!!!

— CHS —  
 Susie and Ted were in close company Saturday night!

— CHS —  
 Pedestrians beware for Johnny Gillean and Jay Lamberth around 12:30.

— CHS —  
 Someone in particular has been known to lose part of his teeth chewing gum in Algebra II class.

### FFA SWEETHEART

Jayne Martin, daughter of Mr. and Mrs. Jerrel Martin was chosen as this year's FFA Sweetheart.

Jayne is classified as a Junior at CHS this year. She is one of our robust cheerleaders and you'll find our "Sweetheart" wherever the action takes place. Eventhough cheerleading takes up most of her time, Jayne tries to squeeze in room for her two hobbies, reading and swimming.

### DISTRICT 16 FTA CONVENTION MEET

The 1969-70 District FTA convention will be held November 4 in Canyon. Members of the Clarendon FTA Chapter who plan to attend are Myrtis King, Penny Maxey, Beth Waldrop, Sharon Grady, Geneva Molder, Kay Molder, Rusty Williams, Joe Shadle, and sponsors, Mr. and Mrs. Cordell and Mrs. Dema Justice.

### NEW TEACHER

Another of our new teachers at CHS is Mrs. Pete Bromley. Mrs. Bromley has had 5 years teaching experience and has previously taught at Clarendon College. Not only does she teach Freshman English and Spanish but Mrs. Bromley sponsors both the Spanish Club and the Annual Staff.

When asked what she thought of the teaching profession Mrs. Bromley replied, "teaching is the most rewarding occupation one can choose. This is so because the challenges are endless in regard to findings inroads to students' potentials and resources in learning."

Mr. and Mrs. Bromley reside nine miles northeast of Clarendon with their three children, Liz Ann, Bill and Ed.

### NEW STUDENT

Ronald Roy Dolman, better known to us at CHS as "Ron," is a transfer student from Odesa Permian this year. Ron lists football and dancing as his favorite hobbies. You'll find our "newcomer" a very aggressive participant in the Senior class activities.

Glad to have you with us, Ron!

### PRIDE

Pride — just a simple five letter word, and yet this word carries more significance and meaning here at CHS than any other five letter combination. Below are listed several personal definitions of "Pride."

Jim Risley: A feeling one has when he has accomplished something worthwhile.

Jayne Martin: Pride is a happy feeling you get when you're team runs out on the field, or as the high stepping band marches by. You're proud to know that this is your school showing its accomplishments and skill.

Frankie Ellis: A feeling of respect one gets after he has successfully tackled a difficult job.

Katrina Messer: To have pride and honor are the main factors in our school and organizations.

Mitch Fedric: Being able to go to a free and powerful school without hesitation of pride.

Phyllis Barrow: Pride is the downfall of Many people.

May we conclude: Too much pride is a downfall, but not enough pride is a tragedy.

### TIME

As you begin to dig in for the '69-70 school year at CHS you will realize the true meaning of time.

Time, even when marked by an end and a beginning such as the first day of a new year, is neutral . . . neither good nor bad. It is "what" fills the time between beginning and end that is important.

Presently you remember the days of last year and look forward to the unfulfilled time of this school year. You know, in the back of your mind, that what you do now is important because time does not reverse itself; therefore, there is no second chance.

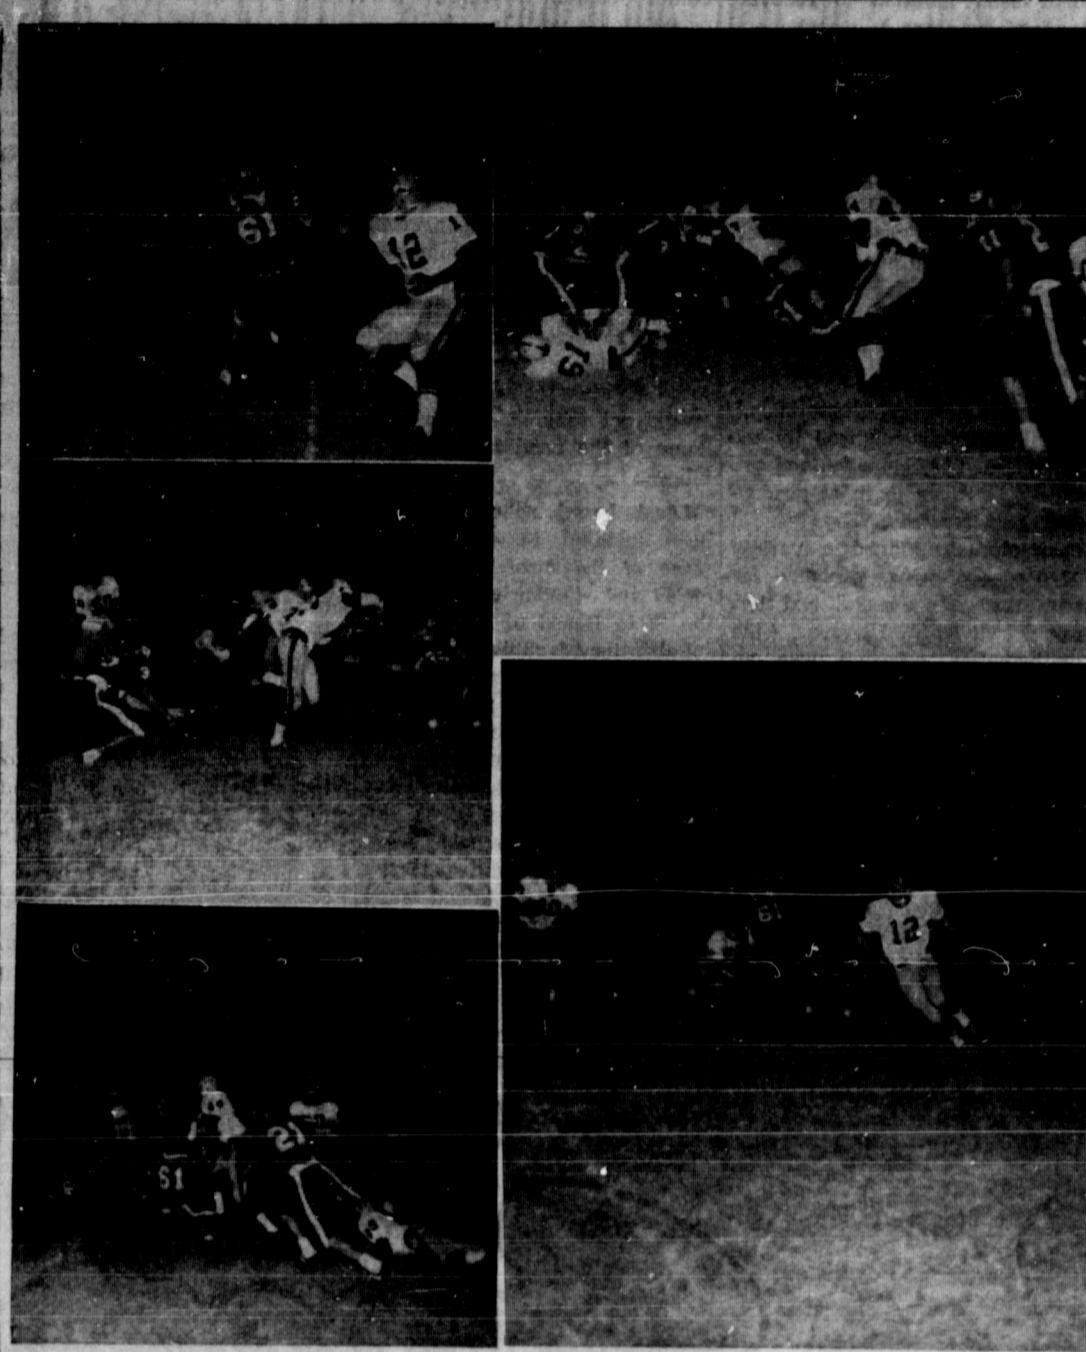

### PLAYER OF THE WEEK

Chosen as "Player of the Week" is Ike O'Neal. Ike is the son of Mr. and Mrs. Ralph Grady Jr. of Brice. As a senior wingback for the Bronchos, Ike has scored four touchdowns. This is Ike's second year as a Broncho. Ike's future plans are to attend college at Texas Tech.

This year can be one of promise or a threat. It can be exciting, fascinating and interesting or it can be anxious and filled with impossible problems to solve. This depends in a large part on what each person chooses to make it.

Hang - over problems of last year can not be put aside. They will have to be endured or solved.

Now as you take stock of your capabilities and needs, you must face tomorrows with courage, the future with confidence. This is a first step toward a happy successful school year.

Bronchos on the Go action shots in the Silverton game Friday night. Local Photographer, Tommie Saye, seemed to be at the right spot on several occasions.

for a moment, returned with a pillow and asked the woman to follow him to the side porch. He took out a knife, cut a hole in the pillow and emptied the feathers over the porch railing.

A small breeze soon scattered tiny feathers all about the yard, among shrubs, flowers, even up in the trees. A few feathers floated across the street, heading for unknown destinations.

The minister turned to the woman. "Will you go out now and gather up every one of the feathers?"

The woman looked stunned. "Why that would be impossible!"

"Exactly," replied the minister sorrowfully. "So it is with your gossip."

—Source unknown

### WORDS OF GOSSIP

I've gossiped about my neighbor," the woman confessed to her minister. "One day I saw her stagger about the yard, so I told a few friends that she had been drunk. Now I find that her staggering was caused by a leg injury. How can I undo this gossip I started?"

### State Survey Report Asks Public School Needs Be Corrected

A report was received this past week from the Texas Education Agency giving details in regard to a recent Accreditation Survey of the Clarendon Independent School District by a survey team sent out by the state organization.

The report was complimentary in many respects and the local schools met requirements for accreditation for the exception of some conditions which need to be corrected and this will mean additional expense to the local system.

The report stated: "With minor exceptions all buildings were in good condition, well maintained, and well equipped with essential physical characteristics for operating the district's instructional program. Notable exceptions were the areas used for homemaking and band instruction. Those areas, located in a classroom building and a gymnasium building formerly used by the college, were in need of repair and renovation to make them more suitable for their assigned purpose. Plans

had been initiated to renovate both of the areas in question, and work had begun in the band area."

"Administrative and school board policies, minutes of board meetings, supervisory practices, self-evaluation, and professional in-service practices were observed and reflected good operational procedures. As far as could be determined, the district was in compliance with all statutes dealing with the operation of schools."

"Curriculum offerings included all subjects required by the State Board of Education and sufficient electives to meet graduation requirements. The general curriculum contained a variety of course offerings designed for both the college-bound and terminal student. However, the mathematics program was an exception in that it consisted of Algebra I, Algebra II, Plain Geometry, and Trigonometry, and did not contain courses designed for terminal students. The size of the school and community appeared to limit its ability to offer vocational courses other than agriculture and homemaking. However, the school recognized a need for expanding its vocational offerings."

The 7th and 8th grade curri-

culum contained more than enough elective clock hours of instruction to meet requirements. A central library facility which served grades 5 thru 12 appeared to be well organized."

The Clarendon Independent School District's educational program functioned in a pleasant environment and met minimum accreditation standards in most respects and exceeded them in others. However, certain conditions in the program hampered fully effective school operations or did not fully meet standards. Some of the conditions were as follows:

Local board policies had not been updated to comply with some of the most recent principles and standards adopted by the State Board of Education.

Laboratory facilities and equipment were not adequate to support the science program in grades 7 and 8. One demonstration laboratory, equipped with electricity, gas and water was furnished for a class of 23 students. Two microscopes were available for use by the class.

Room libraries contained many books which were in extremely poor condition. Shelf storage in several classrooms did not appear adequate for display of books, and the books were poor-

ly organized for use. In one of the rooms visited books secured under the ESEA program were stored in a box under a desk.

Several teachers were not familiar with the availability of materials and equipment needed for support of the instructional program, although those materials and equipment were conveniently accessible. It appeared that closer supervision and orientation of teachers would alleviate the situation.

Several teachers stated that audio-visual equipment for the showing of films and filmstrips, could not be secured when needed. Equipment was not conveniently accessible for use by the Vocational Agriculture department. It appeared that additional projectors were needed.

Students in sections 6A and 8A were not given the opportunity to participate in the remedial reading program, although other students in different sections of the same grades were given such an opportunity. There was no particular administrative grouping except that all band students were placed in the same section to facilitate scheduling.

Maps and globes were furnished for support of the instructional program where needed. However, several of those items were

observed to be in poor condition and were obsolete to the extent that they did not depict current political alignments.

Several situations presented potential safety hazards as follows:

There were no arc-flash shields between three of the electric arc welders; tool rests on grinders were not rigid or set close enough to the stones; in a playground area, irrigation pipes protruded from one to two feet above ground; the homemaking department, located in a second story classroom, had only one usable entry or exit; the other entry or exit was padlocked. Fire escapes were not provided for this classroom.

From observations of classroom instruction and daily lesson plan books, it appeared that teachers were not using instructional aids and techniques to their fullest potential.

The district's ability to offer health services was hampered by the lack of adequate facilities and a school nurse to coordinate those services.

As was pointed out in a preliminary self-evaluation, the district recognized some deficiencies that were not pointed out by this report. The district should continue to evaluate its program in light of accreditation principles and standards and should strive to comply with all standards and exceed them where possible.

Recommendations: It is recommended that the Clarendon Independent School District No. 1, immediately correct certain situations, cited in this report, which adversely affected the school's program. A report of progress, made in the correction should be provided the Division of School Accreditation by July 15, 1970. 2. Initiate plans, as far as possible, that will project long-term needs of the district with regard to all facets of the school's operation. A summary of those plans should be provided the Division of School Accreditation at the time of the subsequent visit. 3. Be revisited during the spring of the 1970-71 school year.

Mrs. D. H. Minick of Sanger, Texas visited last week with her aunt and uncle, Mr. and Mrs. O. C. Watson. Mrs. Minick and the Watsons visited Thursday in Hobart, Okla., with Mrs. Ed Watson.

Mrs. Nettie Curry of Palo Duro Convalescent Home in Claude visited Mr. and Mrs. G. W. Estlick, Thursday.

### Early Cotton Stalk Destruction Desirable

Boll weevils can be deprived of a favorite food source through the early destruction of cotton stalks.

John Thomas, Extension entomologist at Texas A&M University, says to be most effective, the early stalk destruction program should cover a wide area. Stalks should be shredded as soon as possible after harvest, preferably with a flail-type shredder. Such a shredder is a must in areas where pink bollworm are found, explains Thomas. They will destroy about 90 percent of the pink bollworm larvae in the plant residue as compared with about 50 percent for the more conventional rotary-type shredder, he says.

Boll weevils require a number of days feeding on squares and bolls to prepare themselves for entering diapause. When stalks are shredded and plowed under, their food supply is removed and a high percentage are forced into overwintering on a lean ration and do not survive.

After the cotton crop residue has been shredded, fields should be plowed so the residue will be covered to a depth of at least 6 inches. A good plowing and cov-

ering operation is an important part of the program, emphasizes Thomas.

The importance of early harvest, clean fields and residue destruction should not be overlooked, says the entomologist, in making plans for the 1970 cotton crop.

Thomas urges cotton producers in every area of the state, especially where harvest is completed prior to freezing weather, to destroy all stalks and residue as soon as possible after harvest. It will be a big aid in controlling boll weevils and pink bollworms next year. Local county agents can supply additional information on stalk destruction programs and the expected benefits, says the entomologist.

TYPEWRITERS & ADDERS AT THE LEADER

For the many kind thoughts, cards, deeds, and especially the prayers of my friends during my hospitalization, I will ever be grateful. Sincerely, Mrs. Joe Goldston
