BRONCS IN REGIONAL PLAY

Broncs Defeat White Deer Bucks 41-15 For Bi-District Honors

A very determined, well conditioned Broncho squad, under the guidance of head coach Clyde Noonkester and assistants, Bob Lemons and Carl Irlbeck, after a closely contested first quarter, came back in the second period to stretch their lead 21-7 and then went all out in the third quarter to put the game on ice for the bi-district honors which included the game trophy, game ball and the opportunity to progress in the state play-offs.

In the opening quarter Jim Moore threw a pass to Bobby Leeper, who made an outstanding catch and covered a distance of 48 yards to the 8 yard line. Jim skirted left end for the eight yards and the first score and Scotty Lindley kicked the extra point. White Deer came back a short time later to tie up the score.

The second Broncho tally came in the second period after Bennie Reese stopped another White Deer drive when he intercepted a pass in the end zone and the Broncs took over on the 20.

The Broncs marched 80 yards in eight plays with Charles Louis driving over from the 4 yard line and Lindley kicked the extra point. Jim Moore ripped loose a short time before the end of the first half and ran through a mass of tacklers for 66 yards and the score. Lindley's aim was good again for the extra point.

The Broncs took the kick-off in the third period and marched 59 yards in 12 plays with Moore going over from the five yard line. Lindley's kick was true again. On the ensuing kickoff,

Louis recovered a White Deer fumble on their 36 yard line and four plays later Reese dashed nine yards for the tally. The extra point failed as Lindley did not have an opportunity to kick due to a bad pass from center. White Deer came right back and moved the ball 72 yards for their second and final touchdown. Teir 2 point conversion was good.

The final Bronc score came in the fourth quarter after Ted Tyler pounced upon a White Deer fumble on their 23 yard line. Moore passed to Steve Adams for the 23 yards and 6 points. Lindley's kick was good to end the scoring with a final count of 41-15 in favor of the Broncs.

The Broncs rolled up a total of 390 yards gained to the Bucks 371. The locals rushed for 268 yards and passes accounted for 122 yards. The Broncs made 17 first downs and White Deer made 27 which was proof of their ability to play ball control but it was the Bronc ability to score that counted.

The Bronco defense did a fine job of stopping the Bucks when it was necessary to keep them from scoring on several occasions and the Bronc offense had the zip to put the big figures on the scoreboard. Exceptional team effort was evident throughout the game and this is what it takes to produce a winning ball club. We could have all been proud of our team even if they had lost and we equally share their joy in winning.

Mr. and Mrs. Joe Bownds visited G. J. Hinders and others at Palo Duro Convalescent Home in Claude Sunday.

CHS FFA Members In District Contests

The Clarendon Future Farmers of America Chapter was well represented by six teams at the Greenbelt District FFA Leadership contests held on the campus of Clarendon College Saturday, November 22.

The Greenhand Skill team composed of Rusty Williams, David Owens, Roy Fliche and Mike Garrison placed first.

The Greenhand Chapter Conducting team: Jeff Campbell, E. Wayne Barbee, El Ray King, Ricky Littlefield, Ward Palmer, Danny Holland and Steve Stavenhagen placed third.

The Greenhand Quiz team placed fifth with Jim Simmons, Ricky Page, Steve McAfee, and Mickey Grady working on the team.

Senior Chapter Conducting placed second with Jim Risley, Ted Tyler, Byrd Adkins, Danny Hill, Steve Lewis, Lynn Stark, and Greg Bowling on this team.

Wayne Carter, Jay Lamberth and Johnnie Gillean placed third for the local Senior Farm Skill team.

The local Farm Radio team placed fifth. On this team were Bob Collins, Rickey Osburn, and Barry Corbell.

SALE AVERAGE GOOD AT ANNUAL BULL SALE

According to H. M. (Flip) Breedlove, secretary, the sale average was quite good at the annual Rolling Plains Registered Beef Cattle Association sale here last Wednesday with a Hereford bull taking top money.

The average for the Hereford bulls sold was \$335 and the top price was \$700. The average on the Galloway bulls was \$380 with the top bull bringing \$600. The average on the Angus was \$315 and the top animal brought \$375.

CC Bulldogs To Play In Oklahoma Tourney

The Clarendon College Bulldogs travel to Tishomingo, Oklahoma, to play in the Murray State Tournament over the Thanksgiving holidays. The Bulldogs meet the junior varsity of Southeastern State College in the opening game on Thursday, November 27. Southeastern is a member of the always tough Oklahoma Collegiate Conference.

The Bulldogs are home again on December 5, against New Mexico Military Institute and again on December 6 against Lamar. Both of these games will start at 8:00 p.m. All other home Bulldogs games will begin at 7:30 p.m.

USDA COTTON CLASSING OFFICE NOW OPEN

The USDA Cotton Classing office opened at Memphis this past week beginning its eleventh year of operation.

In early showing grades were lower and staple lengths were average to lower. However, Mike readings were above average at this time.

The office classed 8518 samples for the past week with a season total of 9793.

Mike readings show 89% in the 3.5 to 4.9 range. Average grade was 55% light spotted with 33% showing staples of 15/16. Cottonseed averaged \$46 per ton.

Public Pep Rally

A send off pep rally is scheduled for 3:15 p.m. at the High School North Parking Lot Friday afternoon. A short pep rally will be held and then a send off through town to escort the Broncs out of town.

Leader Classifieds Get Results

Buffalo Bowl Is Site Of Contest To Be Played Friday Nite 7:30 p.m.

Mrs. Arrie Mae May Funeral Rites Tues.

Funeral services for Mrs. Mae May, 62, a resident of Donley County for 48 years, were held at 3:30 p.m. Tuesday, November 25, 1969 in St. Mary's Catholic Church in Groom with Rev. Arnold Carlson, pastor, officiating. Interment was in St. Mary's Catholic Cemetery under the direction of Murphy Funeral Home.

Mrs. May died Sunday night, November 23rd., in Groom Memorial Hospital after a lengthy illness. She was born February 4, 1907 at Nugent, Texas. She worked as an interior decorator and was a member of St. Mary's Catholic Church in Groom.

Time For Santa Claus Letters Is Here again

Christmas is just around the corner and time for all you youngsters to write those Santa Claus letters and mail or bring them to the Leader office if you want them printed so Santa will be sure to see them.

Due to the extra setting time on the Linotype, we would appreciate receiving as many letters as possible right away. The deadline for getting the letters in is December 10th. Those received by that date will positively be published. Those received after this date will be published only if space permits, and usually as Christmas draws near, our space is limited.

The Clarendon Bronchos will be playing in Buffalo Bowl at Canyon Friday night for the second time in three years for Regional Honors. Their opponent will be the Petersburg Buffalos, the team that upset Farwell last Saturday night in a bi-district contest.

"Beat Petersburg" will be the foremost thought in the minds of the Clarendon Bronchos as they journey to Canyon for this contest with the Buffalos and the opportunity of moving on toward the state championship.

The game will be played in Buffalo Stadium at Canyon at 7:30 p.m. The price of admission will be \$2 for adults and \$1 for students. The gates will open between 5:30 and 6 p.m. Clarendon will occupy the east stand as he is visiting team. This is the side that has the chair seats and the electrical plug-ins for electric blankets should the weather be disagreeable. The Canyon Chamber of Commerce and West Texas State University will provide all facilities and personnel to man the gates etc. free of charge. This is a courtesy which is certainly appreciated by the Clarendon schools and local fans.

The Petersburg Buffalos have been described as a team similar to the White Deer Bucks. They have shown power and play ball control which the Broncs will be out to cope with Friday night. The Broncs are in good shape physically and spiritually for the game and if they display team effort as in the game at White Deer, their chances of bringing home regional honors will be real good.

All Clarendon fans, many of whom are listed on the double-page booster ad in this issue of the Leader, are making their plans to be at Canyon in full force Friday night. With your support, the Broncs will have a greater incentive to bring home another win and the opportunity of continuing in the state play-offs.

NEW AND USED TYPEWRITERS & ADDERS AT THE LEADER

Coach Clyde Noonkester gives instructions to Bennie Reese at White Deer game. Bennie played an exceptional game, gaining 100 yards in ten carries and drove over for the 5th Broncho score. He was named player of the week by the local coaches. —Photo by Saye's

Jr. Hi. Basketball Games Played at Wheeler and Claude

Junior High Basketball teams, both the boys and girls played in conference games at Wheeler Monday night, November 24. Both teams won their openers, the girls by a score of 17-14 and the boys by a score of 36-25.

In the Girls game LaRonda Peoples was high for Clarendon. Others scoring for Clarendon were Jennie Barbee and Camille Mann.

In the Boys game Rodney Hicks was high point man for Clarendon with Randy McCracken, Kenneth Reese, Michael Gardner, Alan Harper and Danny Moore adding to the total.

Both teams previously played Claude here Thursday, November 20. This, too, was a conference game. The Colts won their game 29-20. However the girls were on the losing end hitting 3-33.

Coach Jack Hall reports the next games to be played will be December 4-5-6 when the Clarendon teams will participate in the Alanreed Tournament.

A schedule of future games will be published next week.

AT HOME

Homer Estlack, who underwent surgery for the removal of his gallbladder, was able to return home Friday from High Plains Baptist Hospital. He is now at work on a part time basis.

Mr. and Mrs. Jerry Bones and daughter of Warren A.F.B., Wyoming visited a few days the past week with his parents, Mr. and Mrs. Homer Bones of Clarendon, and her parents of Amarillo. They also visited friends.

Cars To Be Painted

Cars will be painted by the C.H.S. Cheerleaders from 9:00 A.M. until 11:00 A.M. Friday morning at the tennis courts. All Broncho supporters are urged to have their cars painted.

COUNTY AND SCHOOL OFFICES TO CLOSE THURSDAY AND FRIDAY

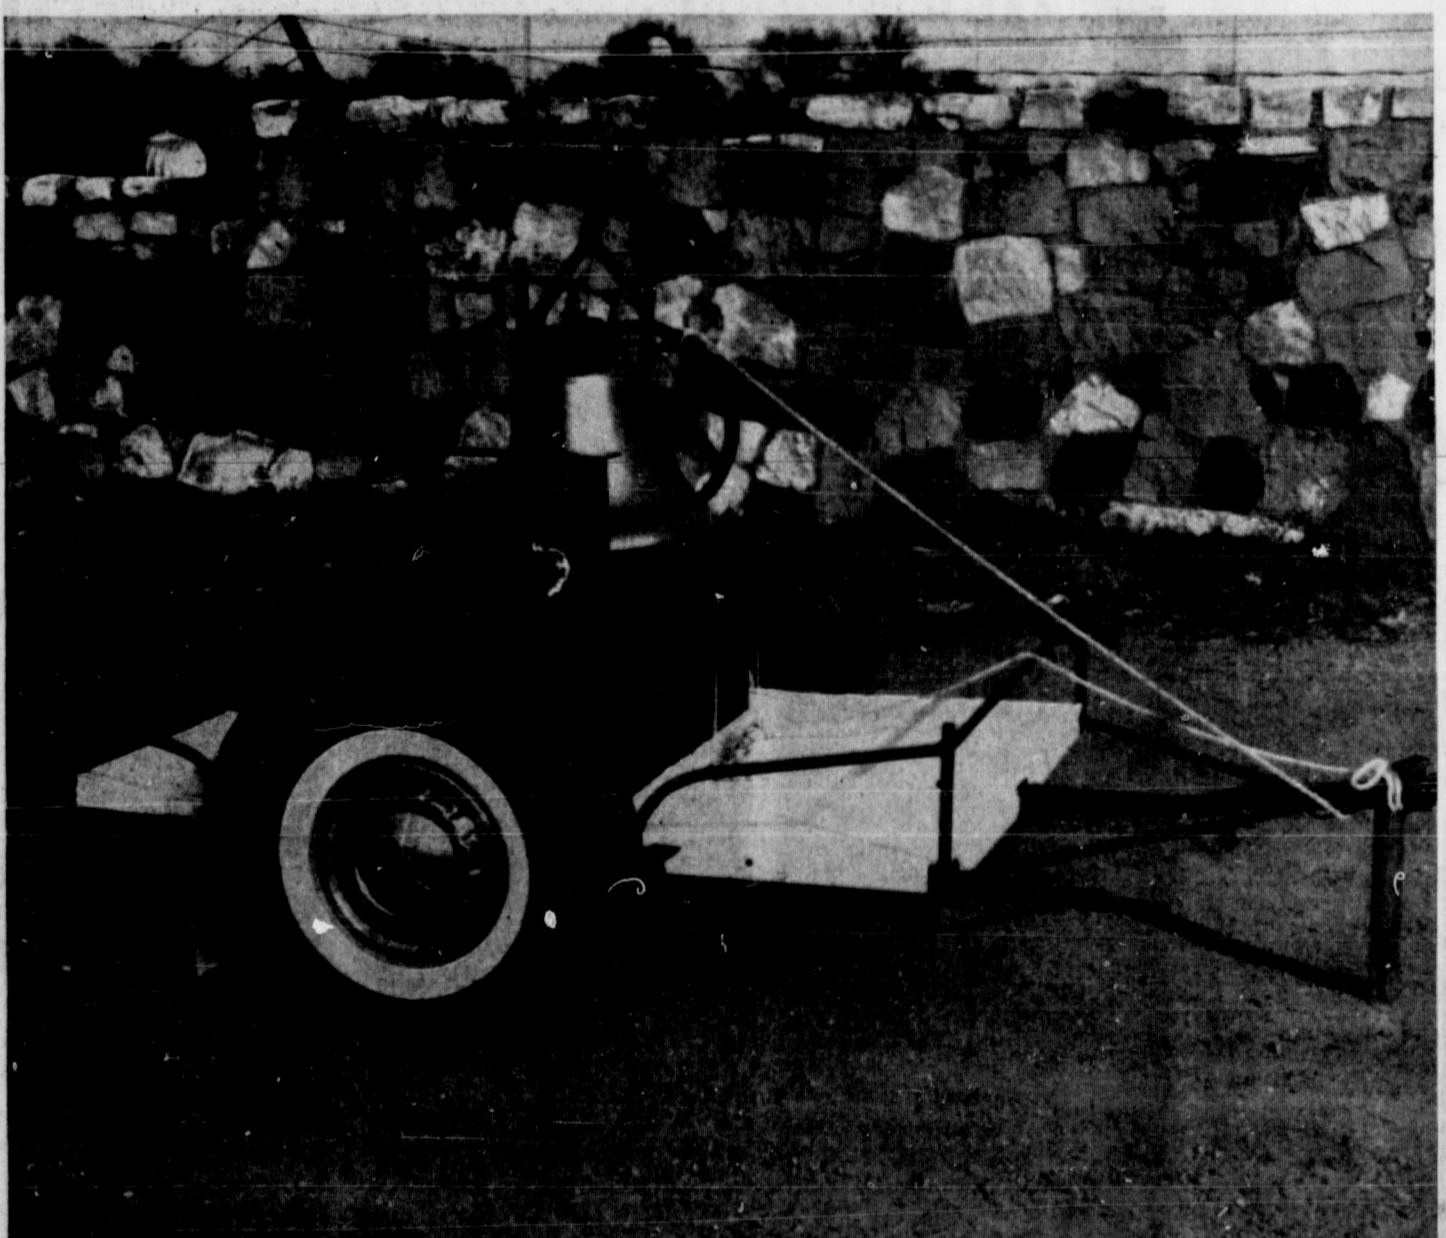

It has been announced that offices in the Court House will be closed both Thursday and Friday for the Thanksgiving holidays. Joining them will be the Public School business office and Clarendon College business office.

A majority of Clarendon business firms will be closed Thursday and some will be closing early Friday afternoon in preparation for the regional football game at Canyon Friday night.

OPENINGS HERE FOR VOLUNTEER FIREMEN

There are several openings for new members of the Clarendon Volunteer Fire Department at this time and the department would like to fill these vacancies just as soon as possible so there will be ample men to answer fire calls should they come in. Vacancies have been created by members moving away from Clarendon in recent months. The local department has a recreation room and has fire drills two Thursday nights of each month. In addition to the regular group, there is a skin diving unit that might appeal to some. Men interested may contact Billy Jack Land or Frank Wooten.

Mr. and Mrs. G. W. Estlack visited in Borger Saturday evening.

This is the new Broncho Victory Bell which local fans hope will be ringing out tolls of victory in Buffalo Bowl Friday night. The bell was recently presented the school by the senior class and made possible by numerous business firms and individuals. —Photo by Saye's

J. A. Ivey, right, was presented \$50 Chamber of Commerce bonus check for first bale of cotton by Paymaster Gin manager Eldon Lyles. This was Ivey's first honor of this type in his 40 years of farming here. J. A. S. Wood was the first to bring in a bale at Lelia Lake (3rd year in a row) but was ill at the time checks were presented. Ivey's 550 lb bale was ginned from 2010 lbs seed cotton and Wood's 485 lb. bale was ginned from 2100 lbs of seed cotton. —Photo by Saye's

Dear God, we love to read Thy Word,
The blessed holy pages,
We know that it has been man's hope
Through eternal ages . . .

The following was heard on the radio and is one of the best thoughts we have heard in a long time; "Love is the only weapon, up to date, that can silence the guns of human hate."

"If we learn from one another's mistakes we won't have to make them all ourselves."

The local spendthrift says that it worries him to see folks throwing away their money and not be able to help them.

Money is a medium of exchange. A medium amount of it

won't exchange for very much these days.

It would be better to have a little less to live on and a little more to live for.

One reason it is so hard to stay out of debt these days is that we think we have to spend what other people think we make.

Often the more we think we know the quicker we express our ignorance.

The politician believes that if you do the voter a favor he will long remember you, especially when he wants another favor.

No living thing is born afraid only gets that way after being around its elders.

Just to admit that we don't know everything means that we are on the road to learning.

BUFFS CLOSE SEASON WITH ROAD GAME

The West Texas State Buffaloes will bring their 1969 season to a close Saturday of this week when they play the University of Southern Mississippi at Hattiesburg, Miss. Game time is 7:30 p.m.

You can see here the number of Bucks that Jim Moore had to get by on his 66 yard gallop for a score in the Bi-District game at White Deer Friday night.

NEWS FROM

Congressman Bob Price

18th District, Texas

This week the House of Representatives debated and voted upon three important measures.

The House passed the fiscal year 1970 appropriations for the Department of Transportation and related agencies. With the passage of the appropriations bill, the Transportation Department will soon have the current operating funds needed to continue the development of our nation's transportation systems. I supported the appropriations because I believe we need to improve our transportation system and promote highway and air traffic safety.

Foreign Aid — The Foreign Assistance Act appropriating foreign aid for this fiscal year was narrowly approved by the House last week. In a floor statement I pointed out that I

was voting against foreign aid again this year for two reasons.

In my view, the main problem with our foreign aid program is that we are using a shotgun instead of a rifle approach. By this I mean we should provide aid only to promote the economic health and well-being of nations that are either firm allies or potential allies of the United States and that are willing to help themselves.

In addition to making basic changes in our philosophy and practice of foreign aid, we need to spend the \$19 billion which has been appropriated but not spent. This means with the passage of this bill there will be more than \$21 billion in the foreign aid pipeline.

Gun Control — Since my election to Congress I have vigorously opposed gun registration in principle and in fact. Early this year I introduced a bill to repeal the Gun Control Act in its entirety.

Part of this goal was accomplished last week when the House approved the Senate-passed Interest Equalization Tax bill. The Senate has added an amend-

ment to the bill repealing the section of the Gun Control Act requiring dealers to keep records on the name, address and age of persons purchasing shotgun and rifle ammunition. This amendment is essentially the same as a bill I introduced earlier in the year.

I hope that this action marks the beginning of serious Congressional examination of the purpose and operation of the Gun Control Act.

The following is the text of a statement by Congressman Bob Price following United States Department of Agriculture announcement that commercially stored grain sorghum from the 1967 and 1968 crops must be redeemed by January 15, 1970.

"I am very disappointed that the Department of Agriculture has picked such an inopportune time to dispose of commodity credit corporation milo stocks.

"I have advised the Secretary that this action has had a very detrimental effect on the orderly marketing of the 1969 grain sorghum crop in our District because this year's crop is now being harvested.

Pint-Sized Whirlwind Leads March of Dimes Campaign

By ANN FOSBER

Meet Martin Mim Mack, 1970 National March of Dimes Poster Boy! Marty is a cheerful, healthy eight-year-old with all the zest of a typical American boy for sports, games, hamburgers, camping trips, and not taking baths. He is a bright lad and does well in school, thanks to parents who make sure he studies hard, and a well-developed ability to concentrate.

Marty sounds like a normal kid and in most ways he is. Once you've spent a few hours with him, you get used to the things that make him different. But you never really forget them, for every time you look at Marty the differences are obvious. Once you get past the big brown eyes and the Huck Finn grin, you are looking at a little boy who has no arms.

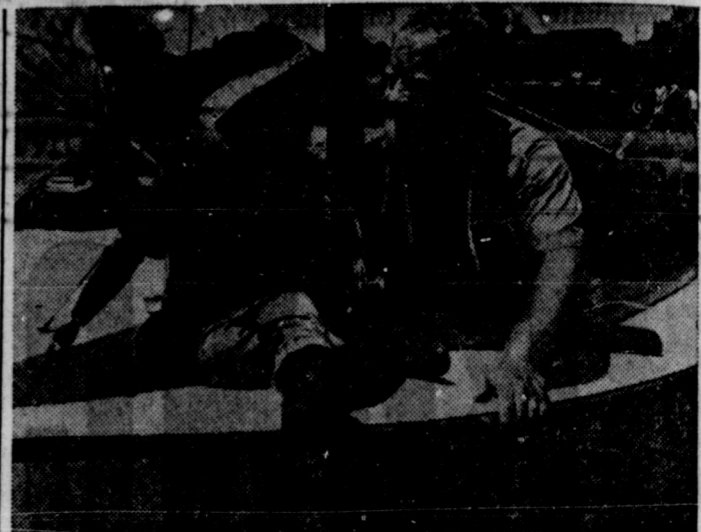

He has artificial arms that he wears all day at school. With them, Marty can feed himself, paint pictures, type on a regular electric typewriter, and even play the recorder. Three days a week of physical and occupational therapy have done that for Marty.

Or you could say Marty has done it for himself. He is dead set on being self-sufficient.

Struggle To Walk

Being born without arms isn't Marty's only problem. He was also born with a hip defect that makes his left leg three inches shorter than his right. As a baby, he couldn't crawl around the house breaking things and driving his mother nuts. He couldn't, because his legs were in casts first and later in braces. Other uncomfortable gadgetry was also tried to help him walk some day—maybe.

Over the years, that "maybe" has become a yes. Today Marty walks. In fact he runs. With some coaching from his five healthy older brothers, he has become a pretty good soccer player. In 1967 he had a bone graft operation on his left foot, which straightened and strengthened it. And he no longer wears his leg braces

SUNDAY SAILORS. Marty Mim Mack and his father, Bill, relax aboard "My Six Sons." Quiet moments are rare for Marty, who keeps the grownups hopping to keep pace with him. The energetic youngster will be stirring up activity all over the country during the January March of Dimes campaign.

during the day. He will always have to wear a built-up shoe, however, just as he'll always have to use prosthetic arms.

Still, Marty Mim Mack is doing all right, compared with many other kids in this country. A quarter of a million babies are born with significant birth defects each year in the United States. Many of them are in worse shape than Marty. Some die within the first few years of life because their defects are so overwhelming that doctors can't save them.

Others are mentally retarded and don't have Marty's brain power to help them fight for a productive, happy life. Some are blind or deaf, or both. Some are paralyzed. An American baby with one or more defects is born every two minutes.

Knowing the facts about birth defects, Marty and his family believe that things could be much worse. So, they support the fight to prevent birth defects from striking other families. Today they work with The National Foundation-March of Dimes, the voluntary health organization which, following its smashing victory over polio, has been in

the forefront of the birth defects struggle.

This year, Marty has been named the 1970 National Poster Child for the March of Dimes. He and his mother will tour the country during January on behalf of the voluntary health organization.

The March of Dimes supports year-round programs for patient and community services, education, research, and 111 March of Dimes Birth Defects Centers which provide diagnosis and treatment for children like Marty.

Goal Is Prevention

Then there are the scientists whose work is supported by National Foundation grants. These investigators are studying hereditary and environmental factors and their effects on the developing embryo. They are finding out how to diagnose birth defects earlier and how to treat them more effectively, and ultimately how to prevent them from happening in the first place.

All this isn't going to grow Marty a pair of arms. But Marty isn't complaining. He just thinks it would be a real good idea to prevent birth defects. And so does the March of Dimes.

"I recognize that CCC cannot hold these stocks in elevators forever, but they could have selected a more opportune time to take this action.

"Our foreign markets should not be the only criteria by which a decision like this is made. The domestic effect is of primary im-

portance in this decision.

"The producer must have confidence in the market and I hope this action by the U. S. D. A. will not cause a rush by the producers to market their grain which depresses the market even further.

"I have expressed to the Secre-

tary my disapproval of this action and have urged him to reconsider the decision."

Largest catfish in the world, the piraba of South America, reportedly grows to 10 feet in length and weighs up to 500 pounds.

Miss Sue McCord Feted With Shower

Miss Sue McCord of Floydada, bride-elect of Don Hardy, was honored at a miscellaneous bridal Coffee-Tea shower in the home of Mrs. A. J. Hicks Saturday morning, November 22. Receiving hours were from 9:30 to 11 a.m.

Guests were greeted by Mrs. Hicks and presented to the honoree; her mother, Mrs. Lloyd McCord; and the prospective groom's mother, Mrs. Lloyd Hardy of Floydada.

The serving table was laid with a white cloth and centered with a floral arrangement in green and blue. Miniature ethnation rolls were served. Presiding at the silver service were Beth Waldrop and Mrs. Tommy Waldrop.

Approximately 45 guests registered. Many lovely gifts were received. Among the out-of-town guests attending were Mrs. Lloyd Hardy of Floydada; Mrs. Kirby, and Mrs. J. E. Norris of Wilcox, Oklahoma; Mrs. Thad Curran of White Deer, and Mrs. James Watts of Amarillo.

Hostesses for the courtesy included Mesdames Billy Goodman, Troy Guy, T. J. Campbell, J. G. McAnear, Leonard Selvidge, Pete Bromley, Ruby Bromley, Dale Hill, Raymond Waldrop, Eldon Lyles, Dollie Dee Bain, G. W. Bradshaw, Leo Snoddy, F. O. Hodge, A. J. Hicks, and Beverly Holland of Dodson, Rep.

The Texas Highway Department has built about 1,100 safety rest areas, roadside parks and scenic turnouts along the State's 69-thousand-mile highway network.

H. D. Club Meets In Pool Home Friday

The Home Demonstration Club was entertained Friday afternoon, November 21, in the home of Mrs. Virgil Pool. Meeting was opened with Club Collect by Mrs. Roy Brock, president, who also presided over the business meeting and the Penny Parade.

Members enjoyed a Thanksgiving program with each participating. Refreshments of pimiento cheese sandwiches, fruit cake, tea and coffee were served to one new member, Mrs. Major Hudson, and to members Mesdames J. H. Helton, Roy Brock, A. G. Lane, Mae Wilkinson, C. H. Darling, William Payne, G. L. Green, and O. C. Watson by Mrs. Virgil Pool.

The next meeting will be the Christmas party to be held in the home of Mrs. C. H. Darling, Rep.

GOLDSTON QUILTING CLUB MEETING HELD

The Goldston Club met November 20 in the home of Blanche Gray. One quilt was quilted on.

Refreshments of cookies, cake, coffee, and spiced tea were served to members: Della Allen, Nina Dale, Eleanor Martin, Bonnie Davis, May Pearl McDonald, Quata Phillips, Joy Roberson, Lila Roberts, and two visitors, Vena Hudson and Johnny Poovey by the hostess, Blanche Gray.

The next meeting will be the Christmas party in the home of May Pearl McDonald, Thursday, December 11. Remember your polyanna and bring an extra gift to be numbered. Rep.

Leader Out-of-County Rate \$5

Mr. and Mrs. Price Morris to Celebrate 50th Anniversary

Mr. and Mrs. Price Morris will be honored Sunday, November 30th, at a reception on the occasion of their 50th wedding anniversary.

Daughters of the couple will be hostesses for the event which will be held from 2 to 5 p.m. at the Morris home at 810 S. Koogle, Clarendon, Texas.

The former Miss Maggie Lee Clark and Price Morris were married November 27, 1919 in Hereford, Texas. The couple has one son, S.F.C. Robert Morris, now serving with the armed Forces in Vietnam, and three daughters: Mrs. Gerald Blount of Clarendon, Mrs. Johnny Jo Hutchison of Pampa, and Mrs. Delaire Shannon of Amarillo. They also have eleven grandchildren.

Friends of the couple are invited to attend.

MIDWAY QUILTING CLUB

The Midway Quilting Club met at the Lelia Lake Community Center Thursday, November 20, for an all day meeting. Dinner was enjoyed by eight members and one visitor, Mrs. Wbl Chamberlain. Hostess was Lucille Luttrell.

The next meeting will be our Christmas party at Eva Phelps on Wednesday, December 17, at 2 p.m. Bring a polyanna gift. Rep.

SHOWER HONORS MISS DEBBIE LYNN JACKSON

Mr. and Mrs. Herbert Shields and David hosted a miscellaneous shower honoring Miss Debbie Lynn Jackson and Donald Shields who are to be married Wednesday night, November 26, at the First Baptist Church.

Many beautiful and useful gifts were received.

Among the out of town who were present were Mr. and Mrs. Bruce Shields of Amarillo and Mr. and Mrs. Coleman Shields of Memphis, Rep.

COLORFUL CORDUROY—Alive with color and high fashion is this ribless cotton corduroy coat dress by Maggie Stover. The long-sleeved A-liner proudly wears its paisley print in psychedelic shades of yellow and gold tastefully subdued by blacks and browns.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. E. W. Talley of Clarendon, Texas announce the engagement and approaching marriage of their daughter, Judy, to Dewayne George, son of Mr. and Mrs. J. A. George of Hedley, Texas.

A December 12th wedding date has been set.

BRONCHO BOOSTERS

The Broncho Boosters held their regular Monday night meeting at the Cafeteria with a large group in attendance.

A film of the Clarendon-White Deer game was shown and comments were made by the coaches. Everyone is invited out Monday night of this coming week. Rep.

LELIA LAKE CENTER

We will meet at the Lelia Lake Community Center Saturday night, December 6, at 6:30 p.m. Bring a covered dish and invite friends and relatives. All are welcome. We will play volleyball and 42. Hostesses will be Madge Poole and Pauline Roberts. Rep.

ATTEND HILL BURROW SERVICES IN N. MEX.

Mrs. J. B. McDaniel attended funeral services for her uncle, Hill Burrow of Clayton, N. Mex. Saturday, November 22. Services and burial were in Texline. She was accompanied by her sister, Mrs. Homer Hoffman of Nocona, and their mother, Mrs. Nora Key of Vernon who is a sister of Mr. Burrow.

Mr. Burrow was the father of Glenn Hill of Clayton, a rancher and cattleman who is well known throughout this area.

TB Program Given Here Tuesday

Mr. Charles McIntosh, Executive Director of the Top of Texas Tuberculosis Association was in Clarendon Thursday, November 20, to present programs for elementary and high school students, Federated Clubwomen, and all interested area residents.

Mr. McIntosh stressed that cigarette advertising sells two things. It sells dreams of glamor, romance, and sexual prowess. It also sells cigarettes, which is equivalent to selling death. In speaking before school students he pointed out that Cigarettes mean Cancer, Heart Attacks, Bronchitis, and incurable extension of bronchitis, Emphysema.

Later in the day in an address to Federated Clubwomen and others, McIntosh spoke on the current problem of tuberculosis on local, national, and world levels and related his own experience as a tuberculosis victim. He urged Donley County residents to support the Christmas Seal campaign which finances the Association's work.

ASSEMBLY OF GOD JOINS REVIVALTIME

The Clarendon Assembly of God Church participated in the annual "Revivaltime" World Prayer meeting Sunday afternoon, November 23, in a 5:30 p.m. service. Rev. Cecil Chisum, pastor reported that the prayer meeting followed a special broadcast over KCAN, Canyon, locally, and is a cooperative project of the Assemblies of God Women's Missionary Council, Men's Fellowship, and "Revivaltime."

Lists of names and needs of those who request prayer are distributed by mail to church groups indicating they will join in the program.

NOTICE

"Since I am going to be out of town for some days, I am taking all of the dishes brought to the Lloyd Carmichael home to the Assembly of God Church and will appreciate your picking them up there", stated Mrs. Carmichael.

CARDS OF THANKS

We want to thank all of you for the kindness shown us in the loss of our loved one, Joe K. Thompson. We also want to thank Murphy Funeral Home and Bro. Cecil Chisum for their help and thoughtfulness.

The Thompson Family
The Chuzan families wish to express deep appreciation to the many friends for their acts of kindness and words of comfort at the death of our loved one.

The family of Richard M. Chunn
To all of you who remembered me with cards, flowers, visits, calls and many other kindnesses during my recent illness and hospitalization I extend my sincere thanks. Your thoughtfulness will always be remembered and has meant much to me.
Homer Estlack

Go American Day on CC Campus a Success

Clarendon College was honored Friday, November 21, by some five hundred high school and college students attending the GO AMERICAN DAY on the campus.

Rev. Leon Hill, retired minister of Amarillo, delivered a most inspiring and heart-warming keynote address on "America." Following this address, Mrs. Norma Selvidge and her drama department presented a one-act play entitled "Exit for Seven", a dramatic production dealing with the lives of seven people just before execution. They were being executed for what they believed in an adverse political situation.

In conclusion, Bill Sarpalus, president of the Clarendon College Student Senate, gave a most inspiring speech entitled "Why". This talk certainly left nothing to be imagined by the young eyes of today's people as to why America is as it is and what we can do today to become more patriotic and better Americans.

Leonard Selvidge, Registrar of Clarendon College, announced that this day may become an annual affair on campus.

FFA Leadership Conference Held on CC Campus Saturday

Saturday, November 22, marked the meeting of nine area high schools on the Clarendon College Campus with each competing against the other in the Greenbelt District FFA Leadership Conference.

The results of these contests were as follows:

- RADIO GROUP: Memphis, first; Lakeview, second; Paducah, third.
- SENIOR SKILL: Memphis, first; Paducah, second; Clarendon, third.
- JUNIOR SKILL: Clarendon, first; Childress, second; Paducah, third.
- SENIOR CHAPTER CONDUCTING: Wellington, first; Clarendon, second; Paducah, third.
- JUNIOR CHAPTER CONDUCTING: Wellington, first; Paducah, second; Clarendon, third.
- GREENHAND QUIZ: Turkey, first; Wellington, second; Memphis, third.

SCHOOL CAFETERIA MENU

- WEDNESDAY — Stew with Meat and Vegetables, Fruit Jello, Cookies, Corn Bread, Milk.
- THURSDAY — Ham, Sweet Potatoes Peas, Hot Rolls, Butter, Fruit, Milk.
- FRIDAY — Hamburger on Bun, Lettuce, Pickles, Onions, Fruit, Potato Chips, Cake, Milk.

SEAFOOD OFFERS MAXIMUM VALUE PER FOOD DOLLAR

Basically, fishes are cheaper in comparison with high protein foods since they raise and feed themselves and don't require the attention of a farmer or rancher. This means the fisherman can limit his investment to harvesting and processing equipment, without the added financial burdens imposed by land, feed, and investment needs, and can pass the savings directly to the consumer.

Comparatively, fishes are lower in price than other high protein food items. Filets, portions, sticks, and most canned fish, have no bones and little or no waste. Fish steaks have only a small piece of backbone.

Fish goes well with plentiful, low-cost foods. Mix fish in soups, chowders, or casseroles or just serve it with other foods.

Fish can be prepared in many ways by using low cost but tasty spices and seasonings, such as salt and pepper, cinnamon, cloves, thyme, nutmeg, curry powder. They are the most economical protein foods you can buy and serve. Compare and see!

There are about 160,000 acres of land in Texas farms and ranches.

1970 COTTON ALLOTMENT AND YIELD NOTICES

These notices will be mailed very soon. You will have fifteen days from the date on the notice to appeal either the yield or the allotment. Please keep in mind that even though you may have brought your production records in earlier and we have had the gin records here in the office, THIS IS NOT AN APPEAL. You must come into the Office and sign an official appeal, COTTON REFERENDUM

Ballots for voting in the 1970 Upland Cotton Marketing Quota Referendum will be mailed on Friday, November 28. These ballots must be mailed or returned in person no later than December 5, 1969, to be counted.

A "Yes" vote by two-thirds or more of the producers voting in the national referendum will mean that marketing quotas, price support payments to co-operators, and other provisions of the cotton program will be in effect for 1970.

A "no" vote by more than one-third of the producers voting in the national referendum will mean:

No marketing quotas and no penalties will apply to the 1970 upland cotton crop. No price-support payments will be made. Price-support loans at 50% of parity will be available to producers who do not exceed their allotments. Acreage allotments will remain in effect as a means of determining eligibility for price support loans. There will be no export market acreage reserve.

It is important that each cotton producer expresses his opinion by voting. It costs you nothing except a little bit of time. Do not let a small majority decide what the cotton program for 1970 will be.

1970 COTTON YIELD

The 1970 cotton yield for Donley County has been established at 289 pounds. This is down 43 pounds from the 1969 yield.

We urge each one of you who can prove a yield higher than the one established for your farm to do so.

QUALITY JOB PRINTING AT THE LEADER

EVERYONE CONCERNED WITH CONSERVATION

Good soil conservation practice today is the only way an adequate supply of nutritious food can be assured for tomorrow. Soil Conservation touches everyone, whether it be the farmer, merchant, teacher, lawyer, doctor, banker, the old or the young.

Man's struggle with soil erosion is as old as agriculture itself. Records of his effects to adjust himself to the land are written on landscapes around the world. Ruined land and starving people show us he failed to care properly for nature's great natural resource, "The Topsoil." If we wish to avoid these mistakes we must study the records and know the reasons for man's failure.

The conservation and development task in years directly ahead is going to be formidable. For example, the population of the United States will require over twice as much production from its agricultural land by the year 2000. We now use about 350 billion gallons of water daily; by 1990 we will need 600 billion gallons of water per day. Each year more than a million acres of land are taken out of agricultural use and used for highways, housing projects and other urban uses. By the end of the century the demand for recreation will double. We are still losing some 500,000 acres of land a year as the result of erosion and other damage, both rural and urban.

A trip across almost any state will furnish one the opportunity to observe the relationship of the soil and the well being of people. In areas where conservation has been practiced, one may see good crops, good fences, good buildings which are painted and well cared for, a happy and prosperous people living on the land, and thriving towns or cities serving those who live there. In regions where soil conservation has not been practiced one finds poor crops, poor fences, dilapidated buildings, bad roads, poor schools, poor churches and a low level of human well being. How does erosion affect you? It affects everyone, directly or indirectly.

It influences not only the United States, but touches, sometimes quite tangibly, the interests of foreign countries with whom we do business. Soil is the basic source of wealth and no one,

however remote from the farm, is entirely unaffected by soil erosion.

For more information about Soil and Water Conservation contact Mike Isbell, Richard Finch, or Monty Sowers at the Soil Conservation Service office in Clarendon.

FEED HIGH-QUALITY HAY THIS WINTER

Forage production has been limited on many pastures this fall, and livestock producers should pay close attention to the quality of hay used, advises Neal Pratt, Extension agronomist, Texas A&M University.

Hay can furnish all or most of the nutritive requirements of beef cattle if quality is at acceptable level, and amounts are in adequate supply, says Pratt. Beef cows without calves can obtain their daily requirements from hay of 9 to 10 percent crude protein, if sufficient amounts are available. For cows with calves, a crude protein content of 12 to 14 percent is needed, notes the specialist.

Hay supplies in many areas of the state have been somewhat limited this fall, due to inadequate rainfall, says the agronomist. Although quality has been favorable the reduced supply should be fed to maximize its use, he adds.

In planning next year's hay production, Pratt suggests that livestock producers start early with a soil test and the application of the recommended amounts of fertilizer and limestone for high-quality and high production. He reminds that hay should be harvested before it matures. When hay crops mature, the quality declines very rapidly.

NEW AGE LIMIT FOR BLOOD DONORS

A new age limit for blood donors has been set by the American Red Cross and the American Association of Blood Banks. Blood now will be accepted from donors up to the 66th birthday. The old age limit was 61. Healthier older Americans and an increased need for blood caused the change reports Minnie Bell, Extension specialist for aging. Demand for blood is rising about 12 per cent each year. Those giving blood must be in good health and meet the requirements for donors.

ARRESTS NUMBER 1,814 IN SEPTEMBER

Texas Parks and Wildlife Department game management officers cleared 1,814 cases from the books in September. Of these, 1,574 convictions were obtained.

The most numerous of the violations were those involving fishing with 653 convictions. Of these, 533 were for fishing without a license.

There were 575 water safety convictions of which 279 were for failure to have a U. S. Coast Guard approved life saving device for each person on board.

Hunting violations convictions numbered 296; commercial fishing, 49; and trespassing violation, one.

For the fiscal year 1968-69 the Department cleared 19,393 cases and received \$371,644.37 in fines and court costs.

In September the total revenue to the State treasury from game and fish violations was \$33,400.24.

SKIN TEST BEFORE CANCER SURGERY?

San Francisco (WMNS) — A skin test, used so far only experimentally, has proved a highly accurate predictor on some cancer patients.

The test indicates which patients will survive surgery without a recurrence for at least six months and which patients will either have a recurrence during that time or will prove to have an inoperable tumor.

Dr. Donald L. Morton, chief surgeon of the National Cancer Institute, told the American College of Surgeons recently that the test could save a cancer patient from futile surgery, providing further experiments bear out its accuracy. "If a patient is going to have a recurrence in six months," Dr. Morton said, "there is no point in putting him through the trauma of major surgery if some other form of therapy could be used."

The test consists of applying a widely used industrial chemical known as DNCB to the patient's forearm. Dr. Morton's research showed that 90 percent of the patients who broke out in an allergic reaction remained disease-free for at least six months following surgery. But, of the negative reactors, 97 percent could not escape their cancers.

TECH RAIDERS TO PLAY TURKEY DAY

The Red Raiders of Texas Tech will conclude their regular season of play at Little Rock, Arkansas Thursday, November 27, when they clash with the Arkansas Razorbacks in War Memorial Stadium. Game time is 1:50 p.m. The game is to be carried on National TV (NBC).

LIVESTOCK SCATTER MESQUITE BEANS

Livestock which have grazed on pastures where a heavy crop of mesquite beans was produced should not be moved onto mesquite controlled areas, points out County Agent Ronald Cooch.

The reason is a simple one, he notes, for the livestock can be the source of reinfection.

He says studies conducted at the Rolling Plains Livestock Research Center at Spur show that mesquite beans passed through an animal's digestive tract have an 82 percent germination compared with a germination of 26 percent when the seed are left in the pod.

Livestock grazing mesquite infested rangelands should be kept in drylot until all mesquite beans are expelled before putting them on controlled areas, says Cooch. From three to six days should be sufficient, the tests showed.

Mesquite controlled areas should have a maintenance control practice applied at five to seven year intervals to keep the re-invasion of mesquite plants from producing beans, says the county agent.

The larger the turkey the more people each pound serves. Gwendolyn Ciyatt, Extension consumer marketing specialist for Texas A&M University, says a four-pound turkey has four servings, an 8 pound bird equals 10 servings, a 12-pound one provides 20 servings and a 20-pound turkey has 40 servings.

Nearly 10,000 Texas landowners have installed recreational facilities on their land for public use.

AUSTIN, Tex.—Gov. Preston Smith turned from reading political polls to Indian signs last week and came up with a proposal for a new park in the Amistad Reservoir area near Del Rio.

Smith made a day-long inspection tour by air, car and boat, primarily to view 8,000-year-old Indian pictographs in Seminole canyon.

Impressed, the governor said the area must be developed as a recreation site and necessary steps taken immediately to protect primitive art from elements and vandals.

Smith said he personally favors state park development but noted that legislation already has been introduced to create Amistad National Recreation Area covering some 63,000 acres of land and water.

Parks and Wildlife Department Director J. R. Singleton said state funds could come from future sale of bonds from the \$75 million Texas recreation and park development bond program. However, Singleton favors waiting on federal action to establish a national recreation area and determination of funds that U. S. agencies will provide for access roads and other facilities.

Smith said he plans to consult with Singleton and request the PD chief to call all appropriate state department heads together at an early date to explore the state's role in area development.

CRIME AND NARCOTICS — An anti-crime and narcotics education package is being drawn up by the Texas Education Agency for classroom use beginning in September, 1970.

Detailed proposals for a statewide attack on crime and narcotics will be drafted. State Board of Education has authorized the agency to develop proposals requesting funds through the federal Juvenile Delinquency Prevention and Control Act of 1968, plus state and private sources.

Program was initiated by the 61st Legislature, which directed

the agency to develop "a course on the evils of crime and narcotics" which will be required of all students.

Next planning step will bring 100 educators and other interested persons together in Austin for the first National Leadership Methods Laboratory on crime and narcotics. Laboratory will be directed by R. T. "Sonny" Davis, Austin attorney.

Scope of the problem the Legislature is trying to solve is illustrated with the latest figures compiled by the Department of Public Safety. During February through August, 1969, a total of 1,635 students in Texas in the 11 to 18-year-old age bracket were arrested on narcotics and drug charges. This includes 519 arrests for possession of marijuana, 243 for dangerous drugs, and 273 for narcotics.

COURTS SPEAK — Harsh editorials criticism of a university professor's anti-war demonstration activities did not constitute libel, since the man was a public figure subject to criticism, Supreme Court has held.

A Corpus Christi contractor must pay \$127,700 damages to the widow and children of a man killed in collision with one of the firm's heavy highway construction machine units, high court said.

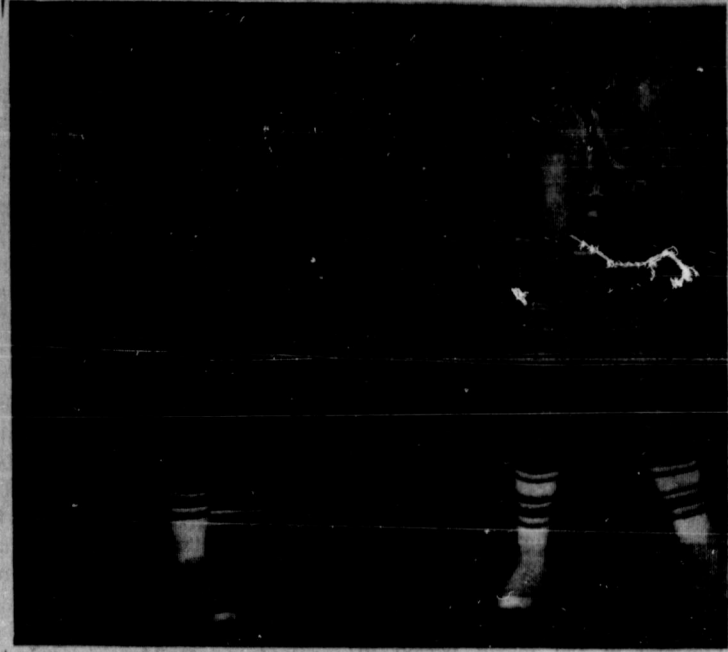

In other recent decisions, court concluded that:

A new hearing should be granted in the state's suit for more than \$10,000 in telephone taxes from a McAllen firm which installs and services auto telephones.

No commission is owed a newspaper broker who said he had arranged for the sale of two Corsicana newspapers, since he had no written contract.

HOSPITAL FUNDS APPROVED — Texas' Board of Mental Health and Mental Retardation has approved more than \$6.3 million in new construction projects.

Included is \$1.5 million for Corpus Christi State School, phase 3; Lubbock state school, \$915,000, phase 3, and Richard

Additional projects will be at Big Spring State Hospital, Rusk State Hospital, Vernon Center, Wichita Falls State Hospital and San Angelo Center.

Wichita Falls, Plainview and Midland received first-year grants for community MH/MR centers.

ATTORNEY GENERAL RULES — Deposit-type accounts may be accepted by state-chartered savings and loan associations under the Texas Savings and Loan Act. Atty. Gen. Crawford Martin held.

In other recent opinions Martin ruled that: A county depository contract is not assignable by a liquidator of a defunct bank to a successor bank, and successor First State Bank of Arkansas Pass, therefore, is not subject to terms of a depository contract with a defunct bank.

Texas Board of Licensure for Nursing Home Administrators consists of seven appointed members and two ex-officio members, completing nine-member board. Members appointed to this board and the State Board of Examiners for Psychologists serve for two years except for initial appointees.

Ex-officio members of the Texas Civil Judicial Council do not hold separate and distinct offices. Terms of appointive members are six years, one third appointed every two years.

APPOINTMENTS — Gov. Preston Smith appointed Hidalgo County Court-at-law Judge J. R.

Alamia of Edinburg to serve as 92nd District Judge until the next general election. He succeeds the late Judge Tom L. Hartley.

Smith also made these selections: State Antiquities Committee—Dr. W. C. Holden of Lubbock and Dr. Fred Wendorf of Dallas.

Good Neighbor Commission — Mrs. James Day of Brookshire, Earl William Gammage of Houston and James Weldon Thomas of Dallas.

Good Neighbor Commission — Mrs. James Day of Brookshire, Earl William Gammage of Houston and James Weldon Thomas of Dallas.

Polygraph Examiners Board — Henry LeBrozec County of Austin.

Advisory Board, Texas Tourist Development Council — Gus E. (Gene) Lehmann of Kerrville, Mayor Wesley D. Rogers Jr. of Lubbock, Robert E. Conwell of Corpus Christi and Aubrey N. Kline of San Antonio.

House Speaker Gus Mutscher has appointed Rep. Cordell Hull of Fort Worth chairman of the House Interim Study Committee on the Utilization of Automatic Data Processing in State Government. Other members selected for the interim committee are: L. Dean Cobb, Dumas, Vice Chairman; Harold Davis, Austin; Elmer L. Tarbox, Lubbock; Jimmy Weldon, Port Arthur and Joe Allen, Baytown. Dr. A. W. Wortham, head of the department of industrial engineering at Texas A&M, will serve as an ex-officio member of the committee.

Rep. Russell Cummings, Houston, will head the special committee to examine the management practices of the state agencies. Also on the committee are Reps. John Allen, Longview; Grant Jones, Abilene; Fred Orr, DeSoto and W. C. (Bud) Sherman, Fort Worth.

Rep. Jake Johnson of San Antonio has been appointed chairman of the House Interim Committee on Military Affairs by Speaker Mutscher.

Lt. Gov. Ben Barnes appointed the remaining members to the Senate Interim Committee on Public Utility Commissions. Sen. Charles Wilson of Lufkin had previously been appointed as chairman. Sens. H. J. Blanchard of Lubbock, Criss Cole of Houston, William T. Moore of Bryan and J. P. Word of Meridian were added to the committee.

Reps. Leroy J. Wieting of Portland and J. A. Garcia Jr. of Raymondville have been named to the House Interim Committee on Recreational Water Safety.

MILITARY LIQUOR SALES EYED — Liquor Control Board is recessing its tax collection-enforcement limitations on federal military posts, apparently with intentions of increasing state revenues.

LCB ordered a staff study to determine those posts on which state jurisdiction has been yielded and those which have not. Members seemed to have an eye on collecting the state's new five cents-a-drink service charge at clubs on military bases.

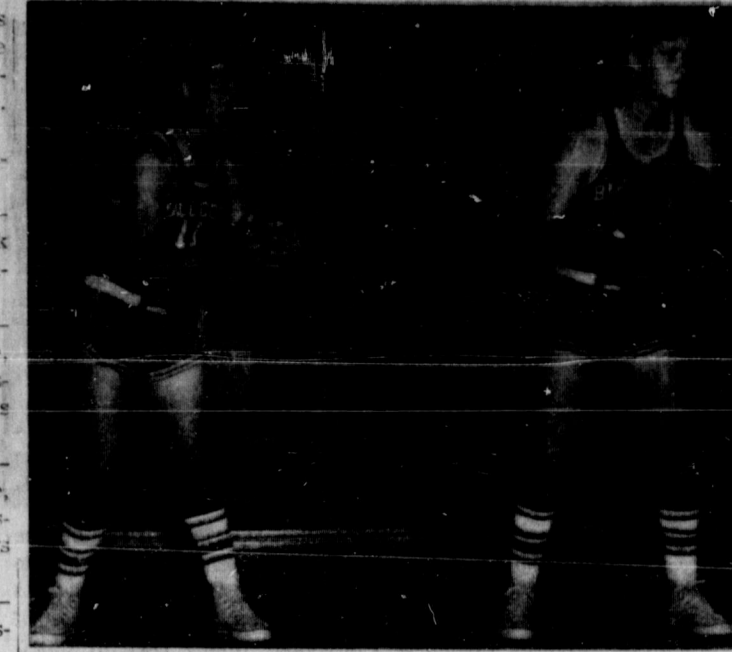

At the same meeting, Board turned down for the present the idea of a master club card which would create a system of guest reciprocity in participating private clubs. Proponents were offered a chance to get an attorney general's opinion on the subject, however, if they would officially request a permit in writing.

MEDICAL ASSISTANCE UNIT TO FUNCTION — State Department of Public Welfare's first medical assistance unit will begin field operations from San Antonio December 1, serving a vast 48-county area of South Texas.

Team, headed by a doctor, will have responsibility for medical review and utilization review of services provided by physicians, nursing homes and state institutions participating in Medicaid. Unit will also offer consultation to nursing homes on patient care and social services and medical record keeping. Its consultation services will be available to state mental hospitals and schools for retarded.

Unit is due to be the prototype for similar services in 16 welfare regions.

AUSTIN, Tex. — A "State of Emergency" exists for reducing Texas' traffic toll, Gov. Preston Smith warned in addressing some 700 safety-minded persons who answered his call to attend a

KNOW YOUR CLARENDON COLLEGE BULLDOGS

public support conference to discuss the problem and how to solve it.

Result is a new statewide safety campaign. It got underway immediately and is focusing efforts on the holiday periods — Thanksgiving, Christmas and New Years. These are the times when accident frequently is usually high.

Smith reminded the conference of community leaders that 10 Texans a day die in automobile accidents. Figures provided by the Texas Safety Association reveal that last month alone the loss — dollarwise — amounted to \$77 million. Crashes in Texas' urban areas account for \$50 million of this figure.

Causes? Higher speed limits, abolishing the old merit-rating insurance plan which called for higher premiums on bad-risk drivers and a 1965 law which allows judges to probate misdemeanor sentences including traffic offenses were blamed for the climbing death rate.

Whatever the cause, 5,481 died last year, 217,000 were hurt and \$875 million in economic losses chalked up. Department of Public Safety statistics indicate 3,700 will die this year unless holiday safety campaigns are a remarkable success.

"The grim reality," said Smith, Leader—Local Rate \$4.00 A Year

is that one out of every seven motor vehicles registered in Texas was involved in an accident in 1968. The certainty of 10 Texans losing their lives on the highways of our state each and every day is more than tragic. It constitutes a crisis — a crisis that, in my mind, is a state of emergency."

OIL ALLOWABLE ROCKETED —State oil production allowable zooms to a near record 62.7 per cent of potential for December under a Railroad Commission order.

December figure is highest set under present formulas except for last June's 63.5 per cent. It will authorize a maximum 3,770,319-barrel daily production. This is 472,051 more than November which was limited to 52.7 per cent allowable. Estimated daily production during December is expected to average out at 3,194,476.

Five of 14 major crude oil purchasers asked for an allowable increase. Eight asked retention of the November level, and only one sought a reduction.

EDUCATION'S INVESTMENTS —Moving more heavily into equities instead of debt investments, the Texas State Board of Education has decided to put 60 per cent of its income into corporation stocks. It may increase that to 70 per cent if it finds bargains in the stock market in November and December.

Board took this action after two vice presidents of the Chase Manhattan Bank, the board's fiscal advisors, suggested heavier investments in common stocks. Voters of Texas have removed the constitutional limit that the fund's money must go 50 per cent into municipal and government bonds.

Board of Education buys from \$4 million to \$5 million worth of securities a month. It put the \$4.1 million it got from cash bonuses on oil and gas leases on Nov. 4 mainly into U. S. treasury bills. This timed so as to fill in the gaps in the year ahead and hold average buying to about \$4 million.

CC Girls Play In Amarillo Tennis Meet

The girls' doubles tennis team of Clarendon College competed in the Amarillo College Invitational meet last Friday, November 21.

Janice Shipman of Happy, Texas, and Debe McAnear, Clarendon, composed the doubles team that was defeated for the consolation prize by an Amarillo College team, 6-2, 6-2.

The girls opened play by being defeated by another Amarillo College team, 6-4, 4-6, 6-4. Moving to the consolation bracket pitted the Clarendon College team against the Eastern New Mexico University team. Clarendon breezed by Eastern, 6-3, 6-3. This victory moved the Clarendon team in the consolation finals where they fell to the Amarillo team.

The Clarendon College team is just newly organized, and the team had only played twice together prior to competing in the Amarillo tournament. The girls plan to enter other tournaments this fall and will play conference teams this spring. Susan Stockton will also play for the team and will be competing in singles.

The Adobe Walls Council Comanche District, Order of the Arrow held a meeting at Samnorwood High School Sunday last to elect a new Chief and representatives for the area troops. Elected left to right were Stephen Range of Shamrock; Phillip Range of Shamrock; Charles Phelan of Clarendon; Robby Dwight, Chief, of Samnorwood; and Jim Bob Brooks of Wheeler.

JIMMY BLACKERBY GRADUATES FROM OCS

Jimmy Blackerby, brother of Mrs. Jeff Walker and a former resident of Clarendon graduated from Officers Candidate School at Fort Benning, Georgia in exercises held at the United States Army Infantry School there November 12. He is now a Second

Lieutenant assigned to the Infantry at Fort Hood, Texas.

Blackerby has been visiting relatives and friends in Clarendon and Amarillo and his parents at Arlington. At the termination of his leave he will report for duty at Fort Hood the last of this month.

FORMER CLARENDONITE DIES IN IOWA PARK

Leonard Cecil Parker, 62, a Wichita County rancher was pronounced dead on arrival at a Wichita Falls hospital Monday afternoon after apparently suffering a heart attack.

Funeral services were held Wednesday morning at the First United Methodist Church of Iowa Park with Rev. Richard T. Perry, pastor, officiating. Burial was in Highland Cemetery.

Mr. Parker was born October 29, 1907 in McLean. He grew up in Clarendon where he was a star player on the Clarendon football team. In 1926 he was married to Ida Benson in Clarendon. The family had lived in the Wichita Falls area for the past 36 years.

Survivors include his wife; a son of San Angelo; a daughter of Iowa Park; his mother, Mrs. Rowena Parker of Iowa Park; a sister, Mrs. H. T. Warner of Clarendon; and a brother, Walter of Farmington, N. Mex.; also six grandchildren.

Mr. and Mrs. Joe Bownds attended the Golden Wedding anniversary celebration honoring Mr. and Mrs. Ralph Andis in Amarillo Sunday.

Bronchoettes Lose To Paducah Tues. Nite

The Clarendon High School Bronchoettes dropped two games to Paducah Tuesday night at Paducah. Varsity girls were defeated by a score of 27-45 and the B team by a score of 29-41.

Varsity girls trailed throughout the game, never able to get within close range of their opponent. By quarters the tally was 4-9, 9-20, and 20-35, and the margin was stretched into the final period of play.

Joan Smith hit 15 for Clarendon with Lee Ann McCracken dropping in 11. Dorothy Harrison was high for Paducah with 25 points.

By quarters the B team stood 7-6, 10-7, 21-28, but lost more ground in the fourth period to be defeated by 15 points. Carolyn Barrow hit 19 to pace Clarendon and Dianne Cornell hit 10. Linda Hampton was high for Paducah with 17 points.

The Bronchoettes will play Flomot Tuesday but location of play is not definite at this time.

Mrs. Nettie Curry of Palo Duro Convalescent Home in Claude visited with the G. W. Estlacks in Clarendon Thursday afternoon.

CC Bulldogs Lose to Trinidad and Lamar

The Clarendon College Bulldogs took to the road this past weekend and found the traveling a little tough. The Bulldogs were downed by Trinidad Junior College of Trinidad, Colorado, by a score of 77-63. On the following night tall and talented Lamar Junior College bounced the Dogs by a resounding score of 107-77.

The Bulldogs fought gallantly against Trinidad, but the height and rebounding of the Trojans proved to be too much for the Bulldogs, who were playing without the services of three starters. Trinidad's starting line-up stood 6'10", 6'8", 6'7". The number six man was 7'1". Even battling all of this height, the much shorter Bulldogs were downed by only eight points at half time.

Poor freethrow shooting proved to be fatal in the second half as the Dogs converted only 8 of 22 attempts. This was far off the 85% pace which the Bulldogs hit in the Garden City tilt. Both clubs hit poorly from the field with Trinidad hitting 37.6% and the Dogs hitting only 31.9%. Jackie Tharsher led the Bulldogs scoring with 18 points. Joe Cue,

5'11" forward, did a fine job on the boards, hauling down 16 rebounds.

The Lamar powerhouse unleashed an opening game attack on the Bulldogs and didn't ease up until 5 minutes were remaining in the game. The Bulldogs played even with their opponents until mid-way through the first half, when Lamar opened up a 6-point lead and put on a press. The Dogs were forced into numerous turnovers and when the half ended, Lamar held a 14-point lead.

The rugged Lamar team sensed victory and began pulling away early in the second half. Midway through the second half, the Bulldogs were down by an unsurmountable 32 points, and Lamar coasted to an easy victory. Tharsher led the Dogs in scoring again with his best scoring effort of the year, hitting 33 points.

Mr. and Mrs. Jerry Allen and children of Hart were Clarendon visitors over the week end visiting their parents, Mr. and Mrs. Homer Estlack and Mr. and Mrs. Bill Allen.

NEW AND USED TYPEWRITERS & ADDERS AT THE LEADER

MEARS HONORED AT WEST TEXAS STATE

Clarendon High School and Irvin Mears, a 1967 graduate son of Mr. and Mrs. B. R. Mears of Clarendon, has been named the Most Valuable Player on the West Texas State University Intramural Football team at Canyon.

Irvin led the league in scoring with 294 points and led the Terrill Hall team to an undefeated season. The team was, however, defeated in the final playoff game by the Rogues 14-6 to end the season 24-1.

Go Bronchos! Fight! Win!

BRONCHO COLUMN...

Sponsor: Mrs. Glen Bromley
Co-Editors: Debbie Lowry, Lee Ann Palmer, Beth Waldrop

HAVE YOU HEARD

Suzanne, have you ever heard of "Turkey in the Shoe?"

Creta, does Bobby use Aqua Velva?

Mrs. Bromley, was that an ambulance you were driving Thursday night?

Marica, when are you ever going to learn to pick yourself up off the Chemistry room floor?

Who's the girld grabber?!

The flu bug is really competing with the love bug—wonder who will win?

Certain football boys who put red lights on teachers' cars? Nervousness.

Mrs. Lemons, Mrs. Bromley

will be happy to show you how to sew buttons.

Candy has lumpy arms...

Mr. Brown likes to hunt? So does Mr. Lutz... the birds are safe, anyway!

Mrs. Grady has had a birthday! Happy Days!

SPANISH CLUB

The Spanish Club wishes to express its sincere thanks to the people who bought tacos. The sale was so successful the club ran out of tacos and could not fill all the orders. Our deepest apologies to those who did not get their tacos. We hope to have another sale in the future.

We also thank the mothers of the Spanish Club members who so generously donated their time and talents in making the tacos to sell; to those who donated beef and beans, a sincere "thank you," and to all members who contributed food and time, it was well worth the effort. This money will go toward the Spanish Club page in the annual and will be used for later activities and projects. The Spanish Club is a

working group that is enthusiastic in learning about another culture and another language.

CLASS NEWS

Each of the classes at CHS held meetings Tuesday, November 18. The purpose was to discuss future plans for the December 6 Christmas Ball sponsored by the Student Council.

Freshmen, Sophomores and Juniors will furnish decorations and Seniors will provide refreshments. Any interested students may help decorate the Cafeteria Friday afternoon, December 5, and Saturday morning, December 6.

SENIOR NEWS

The Senior Class of Clarendon High School selected their motto Tuesday, November 18. They chose as their motto this year, "Grant us the knowledge to know what is right and the courage enough to do it."

HAVE YOU NOTICED

Have you noticed all of the colorful Broncho Booster signs painted on windows downtown? Have you noticed the Broncho Banner stretched across the high-

way and the signs on all the street corners? If you haven't make a point to do so. The town of Clarendon is very proud of the BRONCHOS. GO WIN REGIONAL!

THIS WEEK

T—is for timeless, all that will endure.
H—is for home, a place to come to.

A—is for assembly, the right to gather together.

N—is for nearness, never too far.

K—is for kindness, something the world needs more of.

S—is for sincere, a feeling few people know.

G—is for giving, which is better than receiving.

I—is for idealism, the ability to strive for an ideal.

V—is for value, all that is important.

I—is for identity, each to his own.

N—is for namesake, one named after a loved one.

G—is for God, for with him all is possible.

These letters spell THANKSGIVING, a word that all should know.

Leader Out-of-County Rate \$5

MR. IRRESISTIBLE

Mr. Irresistible Football of '69 was Mack Tomlinson. The Senior Irresistible Player was Bennie Reese, Junior player was Jay Lamberth, Sophomore was Mack Tomlinson, Freshman was Ward Palmer. These players were chosen by the talkative girls of C.H.S.

PLAYER OF THE WEEK

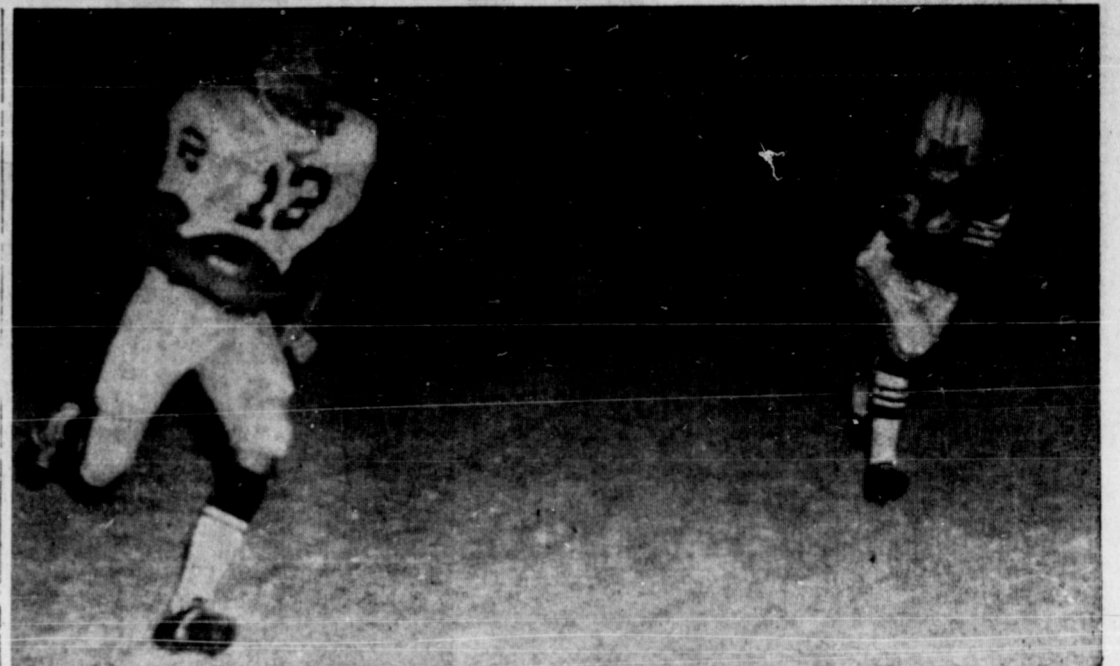

Bennie Reese was chosen as "Player of the Week" for his outstanding play in Friday night's Bi-District clash with White Deer. This is Bennie's second time to be chosen by the coaches for this honor. Bennie is a senior fullback for the Broncho Team.

CONGRATULATION BRONCS

CHS hails their mighty Broncho players. The Bronchos have held high the mighty maroon and white for eleven games straight. Congratulations, Broncs, and ALL THE WAY TO A REGIONAL VICTORY!

FRESHMAN CLASS NEWS

Last Tuesday the Freshman class met to discuss future plans for the December 6 Christmas Ball. Student Council members have asked the Freshmen to bring decorations for the Cafeteria and two cans of food for the needy.

Jim Moore zipped around right end for 8 yards and the first score in the Bi-District tilt with White Deer Friday night. Jim threw a 48 yard pass to Bobby Leeper to set up the play on the 8. Scotty Lindley's kick was good for the extra point. —Photo by Saye's.

THE RED CANDLE HEX

The week of November 24-29 has been declared "Break the Jinx" Week by the Cheerleaders of Clarendon High School. Clarendon has never won Regional—so it is a jinx and will need the support of everyone in Clarendon.

FRESHMAN CLASS NEWS

The history of the hex is as follows: (1941) The University of Texas hadn't downed Texas A & M at Kyle Field in 18 years. A fortune teller (named Madame Hippie) had a dream one night and foresaw a method by which to break this jinx — burn red candles. Everyone everywhere in the city of Austin burned candles

all that week. Needless to say, Texas won. The candle burning trick was again put into practice against Baylor and Southern Methodist, Texas again defeating them both.

The red candle hex has been proven time and time again to work and has the most power the first time used. We, the cheerleaders of C.H.S. are going to attempt the biggest hex our opponents have ever seen, break the jinx, and place the Bronchos into the state playoffs. But to do this, we need 100% cooperation of all of the Clarendon residents and surrounding area.

THE RULES ARE:

(1) A red candle must be

bought and be placed in a window (preferably seen from the street.)

(2) The candle will be burned from 9-9:30 starting Monday, and each night after, and for one hour on the night before the game, from 9-10.

If everyone does it, there is no way the Bronchos can lose so buy your candles as soon as possible and let's break the jinx. WIN REGIONAL.

Like the Indians used mirrors for signaling, the pronghorn antelopes warn other members of the herd about danger by raising the white hairs on their

THOUGHTS FOR Thanksgiving

... a Time for Togetherness, with Prayer and Gratitude

Family, neighbors, friends... everyone joins together in a community spirit of Thanksgiving as glad voices show gratitude through prayer. We share in this joy of Thanksgiving, with special thanks for the opportunity and obligation of serving our friends and neighbors, and working with them for the betterment of our community, that we may fully deserve the many blessings for which we are always grateful. To all, a happy Thanksgiving.
