A Fine Paper For Fine People

## The Country Paper

Who can know the reasons why many a city man likes to read over the country weekly from his old home? It is enough that his own heart knows.

The country editor's calling is not one which promises vast riches. He must have devotion to his work, and considering what he gets out of it, he delivers a surprisingly high class of goods.

It is doubtful if the country editor always realizes just how great an influence he has and his opportunities. As a matter of fact, he is nearer to the people to whom he appeals than any other man who spreads black ink on white paper.

The men who make city dailies do not repose for a large portion of the time on downy beds of ease, but after all, the editor of the country weekly has the hardest work to do of any man in the newspaper business. He is generally his own printer's foreman, press foreman, advertising manager, collector, editor-in-chief and whole staff of reporters. When he has nothing else to do he can kick off hand bills or business cards. In such cases he is his own power plant also.

The country editor may not just exactly come up to the ideas of the editor of a big city daily, but he suits his own subscribers and even some editors of city dailies know that that is the highest test. Chronicle 1904

## The Ways Of The World

Last week the citizens of Clarendon were called upon to make up a purse of fifty dollars for a long haired greasy looking brother of the human species to have the pleasure of seeing that cat-like genius drop from a twenty-five foot elevation into three feet of water and then show himself alive again on the surface.

Quite a number, of course, contributed and it is said that some \$25 or more was raised. That was all right. The show was said to be a good one of its kind and worth the money.

## Pledge of Allegiance To The Flag

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

The original author of the pledge was Francis Bellamy, who was born at Mount Morris, New York, May 18, 1855, and died August 28, 1931. He was ordained in 1879 at the Baptist Church in Little Falls, New York. The pledge he wrote was first used at the dedication of the World's Fair Grounds in Chicago on October 21, 1892, the four hundredth anniversary of the discovery of America, and has been recited from that day to this, with some changes, by school children throughout our land. Reverend Bellamy's original wording was altered slightly by the First and Second National Flag Conferences in 1923 and 1924 and his work was officially designated as the Pledge of Allegiance to the Flag by Public Law 287, Seventy-ninth Congress, approved December 28, 1945. On June 14, 1954, Flag Day, President Dwight D. Eisenhower signed into law House Joint Resolution 243, introduced by Representative Louis C. Rabaut of Michigan, which added to the Pledge of Allegiance the compelling and meaningful words "under God".

A Day To Honor America

(Editorial)

The 4th of July weekend offers time for a taste of recreation, a bit of fun popping off fireworks, maybe a thought or two about that old-fashioned virtue patri-

tism, and innovative ways to HONOR AMERICA.

Pondering over patriotism—real patriotism—we inevitably reach the conclusion that this country just didn't happen to flourish. Much of the toil and struggle that helped make the United States strong and free represented someone's contribu-

tion in self-sacrifice, either in peace or in war.

Carrying this train of thought a bit further, many of us can't ignore the indications that America didn't wax robust from material sources alone. The idea of reverence for a Supreme Being is intertwined with the nation's development since the day the country was founded 155 years ago.

On this comfortable, lazy weekend, the churches and synagogues will have their doors open as usual on the Sabbath. If we juggled the family schedule a bit, and perhaps arranged the family picnic or golf date or trip to the beach an hour later, we could slip into our chosen church or temple and listen to the men in the pulpits reading the Scriptures and discussing the truths that weathered the test of time for centuries before 1776.

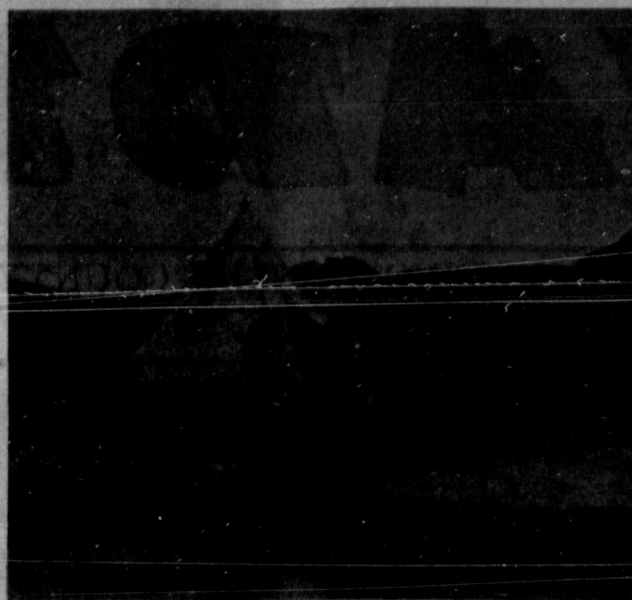

Obviously, most of us are aware—often we're not allowed to forget—that separation of Church and State is a fundamental principle in the United States. This premise in an official sense, and undoubtedly has steered the nation away from some grave pitfalls.

But individually, throughout the country's history, most leaders have been influenced by the Judaeo-Christian ethics, the source of the Ten Commandments. Anyone familiar with American tradition will observe the concept of divine guidance was seldom far from the minds of those who played significant roles in sharpening United States' destiny.

Here are a smattering of instances in which reverence for Sacred Providence was indicated. The list could be much more extensive.

On the day of this country's birth, the Founding Fathers wrote into the preamble to the Declaration of Independence "... and to assume among the powers of the earth that separate and equal station to which the laws of Nature and of Nature's God entitle them..."

As school children or adults, when we pledged allegiance to the flag we recited the words "I pledge allegiance to the United States of America and to the republic for which it stands, one

EARLY DAYS — Out on the range

nation under God..." Since then we've seen the motto "In God We Trust" on our money so frequently, we've virtually forgotten it exists.

On the Tomb of the Unknown Soldier in Arlington National Cemetery is carved the inscription "Here rests in honored glory an American soldier known but to God."

So the idea of a religious observance on this Independence Day weekend assumes validity. Both Church and State today are confronted with new perplexities that the Founding Fathers never dreamed of. Consequently, religious bodies are assuming increasingly activist roles.

The questions leap out at us. What can we do about peace in Vietnam and the world? Threats to the environment? Drug addiction and disillusioned youth? Disadvantaged minorities? Unemployment? Poor housing? Hunger? Education?

These problems cry out for innovative approaches and hard work. Perhaps, as has been said about New York's vast, interrelated difficulties, they can't really be solved, but must be managed. On the other hand, maybe you hold the magic key to certain solutions.

There is an ironic footnote to current religious activism. Karl Marx contended that organized religion — particularly Christianity — diverted man's atten-

tion from the problems at hand by insisting that suffering was mankind's lot on earth and salvation could be found only in the hereafter.

But events in recent years have shown that religion is abandoning this ostrich posture and is trying to cope with temporal affairs. There is room for you to share in these programs.

Theologian Paul Tillich observed that in weighing the price of space exploration, with its effect upon social priorities, a tendency toward cynicism often follows. "These spiritual factors, however," he continued, "should never lead to a decision to give up either the production of technical tools or attempts to penetrate into outer-terrestrial spaces..." For danger is not a reason to prevent life from actualizing its potentialities.

And in this matter of priorities, let's make a list of our own. Putting first things first, the allotting of some time for religious contemplation this holiday weekend should be tops on the schedule.

MOST WELCOME

A very welcome and convenient walk was put down Wednesday from the Cold Storage corner across the mud-hole and sloppy street to T. J. Noland & Co's Corner. The parties who did this deserves a leather medal.

Charles Goodnight has an exhibit at the Fort Worth convention 15 polled Angus yearlings.

Charley Lewis, who has been sick for a week, has improved enough to be at his place in the postoffice again.

Del Harrington left Monday for Houston where he will work for an insurance company among railway employees for several weeks.

The revival services carried on some two weeks at the Methodist church by Revs. Henson and Barcus closed Sunday night. About 40 conversions are reported.

In view of the fact that the city election is only seventeen days off and no candidates for the offices made public, it looks as though somebody might be on a still-hunt. It can't be possible that political aspiration is dead in Clarendon.

This Season's Fashions

(This ad appeared in the Chronicle 1904)

Our buyers have spent the past two weeks in St. Louis selecting Fall and Winter Millinery, Notions, Silks, Satins, Velvets, Veltiens, Plush, Gloves, Children's and Boys Caps, Collars, Facinators, Shawls, and Ladies and Misses Furnishing Goods too numerous to mention, for we aim to keep a COMPLETE LADIES STORE. The New goods will be in in the next few days and open for your inspection.

In Millinery our line will be exclusive having all been purchased from various houses in both St. Louis and New York, the leading Fashion centers and can be relied upon as New Goods and this Seasons Creations. As in the past, Correct Styles and Lowest Prices. Mrs. A. M. Beville & Co. Chronicle 1904

Groceries Your Line?

"Johnny," said a provincial grocer to the new boy, "what kind of butter did you send over to the Hendersons?" "Some of the rolls, sir," said the new boy respectfully. "Oh, great Caesar!" groaned the grocer. "Sent 'em some of that good butter just after I have got 'em down to this here in the barrel butter! Gave 'em a taste of good butter after I have got 'em to think this barrel butter was the best in the world! And still you say you hope to own a grocer's shop some day! The taste of that you sent 'em will awaken all their old slumbering desire for good butter, and I'll have to work another two years getting 'em down a little poorer each time before I get 'em where there's any profit on 'em again! You might as well put on your coat and go. Groceries ain't your line!"

The Masonic Festival and public installation of officers to take place June 24, St. John's Day, promises to be well attended and several men of note from a distance have promised to be here, among them Wm. Clark, G. M. of Masons of Texas, who will speak and conduct the installation of officers. Also Lieut-Gov. Browning will be present to make one of his characteristic speeches, who was the first district deputy Grand Master for the Panhandle district, first W. M. of Clarendon lodge, which is the mother lodge of the Panhandle, and to him is greatly due the credit for the spread of Masonry in Northwest Texas.

SHOOTING

Late Saturday evening about six o'clock a shot rang out in Tyler's saloon and a minute later two or three cowboys came out leading John Lindly with blood pouring from a large bullet wound through the left side of the collar bone. He only walked about 75 feet, however, and fell in front of Posy & Patman's store, from where he was carried on a stretcher to the Clarendon hotel. Drs. Stocking and Carroll were called, who probed for the ball, but it had ranged down, breaking a rib below the shoulder blade, and they failed to locate the bullet.

It was first thought the wound would be fatal. He was on a drive to deliver cattle. He is about 18 years old and a brother, Thos. Lindly arrived yesterday to wait upon him.

Geo. Jowell, the city marshal was put under arrest and Justice Beville placed his bond at \$1,000, examination being waived. When Lindly's condition worsened, Jowell was rearrested and his bond was increased to \$2,500.

Eye-witnesses to the shooting are not disposed to talk and we hardly know what evidence will be brought out on trial but it is a fact that Lindly was unarmed. The public generally feel that the shooting was entirely unjustified.

J. H. and J. W. Burson of Mulberry Flat were in town Wednesday on business.

Otto Reimer was badly bruised and had a leg broken last Sunday by a horse falling with him. He came to Clarendon Sunday night and is stopping at the Atterbury Hotel.

A young clerk was shut six hours in a refrigerator the other day by accident. When at last released, he said he felt as though he had been attending a sociable at a fashionable church.

J. W. Kent has moved his family back to town from the ranch.

Personals

J. C. Scoggins went to Chillicothe yesterday.

The entertainment given by the Catholic school was very good and well attended.

Mrs. F. E. Caraway is spending a month visiting relatives at Fruitland and Ft. Worth.

G. M. Bugbee spent the first two days of this week with his family at Lakeview, Hall County. J. C. Scoggins has been awarded the contract for carrying the mail the next two years from Clarendon to Paloduro, Boydston, and Whitefish. H. J. Stockett secured the contract to Brice.

Miss Bessie Chamberlain will be entertained at Quannah next week by Miss LeRoye Green, who will give a few select friends a house party.

Industrial West, June 20, 1902

"What is the pedigree of your calf," asked a would-be-buyer of a farmer. "All that I know about it is that his father gored a book agent to death, tossed a justice of the peace on top of the barn and stood a lightning rod man on his head in a fence corner. His mother chased a female lecturer two miles one day. If that ain't pedigree enough to ask \$4 on, you needn't take him."

A woman in the railroad station the other day had a great deal of trouble with one of her children, a boy of seven or eight, and a man who sat near her stood it as long as possible and then observed, "Madam, that boy of yours needs the strong hand of a father." "Yes, I know it," "but he can't help it. His father died when he was six years of age, and I've done my best to get another and failed. He can't have what I can't get. Would you care to try yourself?" The listener had fled.

W. J. Parsons, a well-to-do stockman and old acquaintance of L. C. Beverly's arrived here the first of the week to become a citizen of Clarendon. He has moved into the Ewing home.

C. C. Youngblood, of Ellis county came in on a prospecting trip Tuesday night and to visit acquaintances at Brice.

A Detroit paper contains this advertisement: "Notice - if-who is supposed to be in Chicago, will communicate with his friends at home he will hear of something to his advantage. His wife is dead."

A big Shipment of shoes just received at Rosenfield's.

J. M. Shelton, the Giles merchant, spent Tuesday in town. He says he is doing a fairly good business.

A report in the Childress Post says the temperature there Saturday was 102 in the shade and 124 in the sun and that hot winds prevailed two days.

A great many towns have a day each month called "trade day." Why cannot Clarendon have such a day, when farmers can meet in town with anything they have on hand to swap, from wagon and team down to a bench-leg vice? Suppose they meet on July 4th and set such a day.

Tom Murphy, a painter of Memphis, and Joe Grady were arrested Saturday for drunkenness and Monday the Mayor fined them \$1 each and costs which they have worked out.

P. A. Buntin who has been haying on the J A ranch came in Wednesday and will stay till after the Fourth.

J. B. McClelland came home yesterday morning from a trip to Colorado Springs, Colo.

Uncle Sam's Panama Canal diggers already have about 30,000 men on their pay roll.

FT. WORTH MARKET

Top prices Monday, January 4, were: steers \$3.90; cows \$2.45; calves \$4.00; hogs \$4.90. Receipts were: Cattle 2,500, calves 119, hogs 1,400.

H. W. Taylor is having a well put down at the rear of his business houses and will put up an elevated tank of 300 barrels capacity and a windmill. The tank will be kept pumped full of water for fire protection. This will be a good move, and may at some time prevent a costly fire.

The name of Eldridge post-office has at last changed to Alanreed.

A tuner called at the home of a lady reporting that her daughter had left word to call and repair the piano. The lady taken by surprise asked, "What is wrong with the piano?" to which the tuner replied, "three strings were broken." The lady confidentially handed the tuner a dollar and instructed him to break the remainder.

Watch for Odus Caraway, he runs our bread and vegetable wagon, Simpson & Ramp.

A certain woman in town told her husband that she never told a lie and never would be guilty of such a thing. He told her he did not question her veracity, but hereafter when he knew she had deceived him he would simply cut a plain notch in the piano. "No, you don't she cried, "I'm not going to have my piano all ruined like that."

One of the greatest trials and miseries of this life seems to me to be the absence of a grand spirit to keep the body under control. Illness and grievous afflictions, though they are a trial, I think nothing of, if the soul is strong for it praises God, and sees that everything comes from his hand.

NOTICE

The citizens are requested to organize a volunteer Fire Company, of about 30 members, elect a chief, asst. chief, and secretary, which will be given recognition by the Town Council and officers, and given authority consistent with the laws and ordinances and furnished such apparatus as the town may be able to purchase from time to time.

Currie C. Powell, son of W. P. Powell came in from Channing this week to help run the business of W. P. Powell & Sons. Homer Powell left a few nights ago for Bartlett, where he has charge of an old mill.

Mrs. J. H. Buntin and two children of Plainview, came over Wednesday on a visit to the family of P. A. Buntin and yesterday went to Quannah for a visit.

WORK

If we work upon marble, it will perish; if we work upon brass, time will efface it; if we rear temples, they will tumble into dust; but if we work upon immortal minds, if we imbue them with principles, with the just fear of God and love of our fellowman, we engrave on those tablets something that will brighten all eternity. Daniel Webster. Chronicle 1904

Master Ralph Collinson and his sister, Cathleen, aged 14 and 8 years, returned home Sunday night from a nine months stay in Chicago, having traveled the entire distance with strangers. They have been staying with their uncle and grandparents. Ralph seems to travel with as much selfconfidence and ease of mind as the oldest drummer and Cathleen was as well satisfied with her custodian as if he had been full grown.

Conditions

Since the settling of this country, range conditions have never been half so bad as at the present time. Many of the farmers who had fine bunches of cattle have been forced in the last few weeks to sell them at a great sacrifice to avoid the starvation that was inevitable. The light rains that have fallen were insufficient to keep the grass growing more than a few days after which it parched and almost disappeared. The sale and movement of cattle and other stock will be bound to continue regardless of price unless there are abundant rains and that very soon.

THE MEANEST MAN

The meanest young man in Kansas lives at Horton. He asked a young lady what she wanted for a birthday present and suggested gloves, but the girl thought something for her neck would be nicer. On the evening of her birthday he handed her a small package neatly done up. Nervously she opened it in the presence of the other girls and found—a bar of soap.

J. E. Crisp has worked up a First Monday Trade Day, to be inaugurated Monday, Oct. 3. This is something Clarendon needs, and we believe it will prove a drawing feature which will grow popular. If you have any thing to trade from a second hand pocket knife to a herd of stock, bring it to town and see what you can do. Some other fellow may bring for trade just what you want. If there is nothing that suits you to barter for, then it might bring its full worth in cash, and for a nominal compensation Auctioneer Crisp will cry it off for you. Something you own, but have no use for may be just what another wants. Chronicle 1904

**A THOUSAND WAYS OF LYING**

There are a thousand ways of lying, but all lead to the same end. It does not matter whether you wear lies, tell lies, or live lies, your character is ruined all the time.

There is no more demoralizing influence in modern life than the unnatural straining to seem other than we are. Nothing else so quickly lowers self-respect, takes the fine edge off honor and blunts the conscience as the sense of being a sham, a gilded fraud, or an unreality. It cheapens standards, lowers ideals, saps ambition, and takes the spring and joy out of living. No man can make the most and the best of himself until he is absolutely and unflinching true to his highest ideals, and this is impossible while he is living a lie. Chronicle 1904

Chronicle 1904

An old lady of poor eyesight entered one of our street cars and found difficulty in getting a seat, when a lady in riding dress (with a man's hat) politely rose and gave her a seat. "I thank you, sir," said the old lady, "and I believe you are the only gentleman in the car."

**Mulberry Flat News**

We are moving on nicely on the Flat. Mrs. Summerour has been suffering with rheumatism, but is improving. We trust she will soon be able to be up and enjoy good health again.

The people of the Flat gave a basket supper in the interest of Buckner Orpan's home which resulted in a nice little donation of \$36.25 and \$2 being given since which makes \$38.25 that we have given the home.

Mr. and Mrs. Doshier spent the Christmas holidays back east, but are back on the Flat. We are always glad to see them.

Mrs. D. Bagwell made a flying trip to Clarendon Tuesday.

Bro. W. S. Bagwell and family have moved on the plains. We regreted to give them up but we trust they have bettered themselves. We will always be glad to see Bro. Bagwell and family with us on the Flat. Industrial West 1902

**COLLECTION**

A negro preacher, at the close of the sermon, made an impressive pause, and then proceeded as follows: "I hab found it necessary, on account ob de astringency ob de hard times an' de general deficiency ob de circulatin' mejum in connection wid this chu'ch t'interduce ma new ottermatic c'lection-box. It is so arrange that a half dallah or quartah falls on a red plus cushion without noise; a nickel will ring a small bell distinctually heard by de congregation, an' a suspensidah-button will flash off a pistol; so yo will gov'n yo' selves accordin'ly. **"SAWCYETY"**

One more event in "sawciety" circles is the divorce of Dutchess Valency at Paris, who is a daughter of Levi P. Morton, ex-vice-president and Wall Street Banker. The novelty of an empty title soon wears off and the next thing is to get rid of the excuse that wears male attire. Of course the humiliation doesn't amount to much, as these petted females usually have money enough to buy the next biped they take a fancy to.

**THE INDUSTRIAL WEST**

The Industrial West printing office is situated just north of the courthouse. A large sign hangs just above the front porch with our inscription thereon facing east that all who are not blind — to the fact that we do good printing — may read. Our engravers Roman is the latest in all kinds of commercial printing, cards, invitations, etc. Remember the facts above stated, gentlemen, in your rush for good things. Industrial West 1902

**Tax Rolls Complete**

Capt. Carhart and John Alexander have completed the tax rolls for this year and the total for the state, county and school is \$25,257.79. Assessed values are \$2,454,360, or about \$26,000 more than last year. On land the increased values amount to \$192,000, the value of cattle have decreased considerably. We will give a tabulated statement Saturday. Chronicle 1904

**Crossed With Buffalo**

Charles Goodnight says: "This year I have several head of calves only one-eighth blood and will give them every chance to take blackleg in order to test them, although I think they are immune. I have been trying for several years to establish a race of cattle from the buffalo. So far I have only partially succeeded. When this is done it will be the greatest thing for the cattle industry of America. They have some characteristics that are very valuable to this interest. Beside their great weight and the extra quality of meat, they are first most probably immune from disease; second, they never eat loco; third, they never lie with their backs down hill, which causes so much loss in weak cattle; fourth they do not go into bog holes; fifth, they have the greatest lungs in any animal on earth; sixth, they put on more flesh for what they eat than any other animal. Chronicle, July 2, 1904

**Goodnight Baptist College**

The Goodnight Baptist College faculty has been selected in full for the coming term. Rev. Thornton and Miss Nora Skinner of Clareadon both have positions under Rev. Webb. Miss Dora Chandler, of Erath County, will teach music. (We have since learned that Miss Norma has declined to teach this year.) Chronicle 1904

**Personals**

C. A. Wright has moved to the Chamberlain place, as has also Jim Smith. J. E. Crisp has finished his new residence and will move into it tomorrow. Vital statistics for December 1903 show eleven births; three boys and eight girls. There were two deaths, both females. A case was tried this morning in which W. D. McManamy sued Cline & Haggard and garnished a fire insurance company, in whom Haggard had a claim and judgement was rendered for plaintiff. Dr. Stocking says tell all the people THANKS and a happy New Year, and he will be at the same old stand for 1904. R. N. Rutherford, who has lately moved from Hill County, placed his children in college this week. Chronicle 1904

**Special Trains**

The special stock trains which were so successfully run by the Denver road from Amarillo to Fort Worth last year, will be inaugurated, beginning tomorrow, the first train arriving at Ft. Worth Monday morning. These trains will be run on every Sunday and Wednesday. In order to accommodate the shippers north of Amarillo stock will be brought to Amarillo on regular freight trains and transferred to the special stock trains thereby giving those above Amarillo the advantage of this fast live stock train. This service proved very satisfactory last season to both the shipper and railroad, and bids fair to become a permanent thing in the future. Chronicle 1904

**COUNCIL MEETING**

The city council met Monday and besides allowing bills and approving reports, appointed Eph Taylor as inspector of fues, to be paid by the owners of buildings 50c for first and 25c for each additional flu. Metal flues to be inspected yearly and brick or stone ones once in three years. Alley in block 145 was ordered opened. The mayor was authorized to receive bids for excavating a 200-bbl storage cistern at the crossing of First and Kearney streets. Industrial West Feb. 1902

**SEAWALL COMPLETE**

Galveston's Seawall was completed Friday. One year, three months and sixteen days have been consumed in building this gigantic piece of masonry which stretches 17,293 feet along the gulf side of Galveston island, completely warding off the sea from the city. The seawall as it now stands represents an expenditure of \$1,198,318.80 by the county. Chronicle, August 3, 1904

**POWELL SCHOOL HONOR ROLL**

The following pupils have made excellent grades in arithmetic and spelling for the month ending Feb. 21, 1902: Alhaiden Brooks, Isaac Stockett, Willie Brooks, Kattie Stockett, Melvin Dalby, Maynard Dalby, Lottie Stockett, Stella Dalby, Jessie Hunt, Julia Hunt, John Hunt, Ollie Stockett, Davie Dalby. We hope that this month some of the students will come to the front with other studies and a better attendance. W. H. Morrison, Teacher. Industrial West 1902

**EXPELLED**

Two or three boys who had been expelled from the college created considerable disturbance at the entertainment Friday night, and after requests to desist, without avail, two of them, Bob Goodman and George Williams, were finally put under arrest by Justice Beville, but were released upon a promise to appear next morning. During the night they skipped the town on a southbound freight, but telegrams overhauled them at Vernon where they were held until friends paid their fines. They were from Greer county, Ok., and one claimed to be a young preacher. The town nor college has lost anything by their departure. Industrial West 1902

The public are invited to attend a novel entertainment at the Opera House Friday night, August 26th, called "Ye Great Concert of Ye Olden Tyme." **Eloperment**

Just before going to press we learn of an elopement and private marriage of Mr. Bunk Stubbs to Miss Della McCracken. We suppose they went to Le-fors last Sunday and got license and were probably married by Judge Saunders. At any rate on Friday evening the marriage became known and Mr. Bunk Stubbs and wife went to Mr. F. R. McCracken's on Whitefish to seek possibly parental forgiveness. Somehow we do not approve of elopements and secret marriages yet we wish the young folks happiness and prosperity. Chronicle 1904

### Our Birthday

(Editors Note: The following account of Clarendon newspapers was published in 1911. The Clarendon News continued to be published until 1945 at which time it was purchased by The Donley County Leader and both names have been appearing on the masthead since. The Leader was established March 12, 1929 by J. C. Estlack.

With this issue the News enters the 23rd year of its existence. The first Clarendon News was established in 1878, but after a few years of existence, and several changes in ownership, the name was dropped for a number of years.

Since the News was first started Clarendon has been the home of many papers, the town having had as many as three at a time several different times, and four at one time. We are not familiar with the early history of the town and its newspapers, and are indebted to some of the old citizens for facts from which we give the following:

As stated above, the first Clarendon News was established in Old Town, four miles north of the present Clarendon, in 1878 with L. H. Carhart as editor. The first issues were printed in Iowa, and contained the ads of many merchants in Iowa, Illinois, Wisconsin and other far away states. It was later published in Sherman, which was the nearest town of any size.

Mr. Carhart was succeeded as editor in 1884 by J. B. McClelland, who disposed of the paper in 1887 to W. J. Grant.

The Traveler, the first paper published in the new town, was established in 1889 by B. Wilson Edgell. In December, 1889 he was succeeded by Harrington and Evans and in December of that year the name was changed to the Industrial West.

W. P. Blake bought the Industrial West in January, 1894, and shortly afterward changed the name to the Clarendon Chronicle. In February, 1903, the Chronicle was changed to a twice-a-week paper.

In November, 1909, A. M. Beville bought the Chronicle and changed the name to The Clarendon News. In 1910 the News and the Times consolidated and after running a short time, Mr. Beville bought out Alvis Weatherly. Mr. Beville sold to J. M. Warren, Oct. 1, 1911.

In 1890, R. W. H. Kennon started the Journal, which was sold in 1902 to Albert Erwin. His brother-in-law, J. E. Cooke afterwards acquired a half interest and finally bought out Erwin. In 1894 R. B. Edgell started the Banner which was later sold to J. E. Cooke, who changed the name to Banner-Stockman. Jno. E. Cooke published the Banner-Stockman in 1902, and in 1908 sold to R. C. Dial, who sold the subscription list to the Times, which was started by Alvis Weatherly in April, 1908.

N. T. Thompson began the publication of the Donley County Pluck in July, 1882, and sold to the Industrial West in 1893.

The Agitator, a Methodist, anti-saloon and anti-gambling paper, 5-col. folio weekly, was started in February, 1899 by Jno. R. Henson, then pastor of the M. E. Church. It was printed in the Chronicle office and was a very live "agitator." After running nearly a year, H. B. Martin, of Memphis, now of Amarillo, moved a small plant with an army press here and published the paper for awhile. Then Frank Kendall bought out Martin, then after a few months sold out to A. M. Beville, who changed the name to The News. July, 1904 the plant was sold to Jno. Cooke, of the Banner-Stockman.

Besides the above, Rev. W. Rogers, pastor of the Baptist church, published the Panhandle Missionary in 1906-6, the work being done in the Chronicle office.

A College monthly has also been run by the students most of the time during its sessions, and part of the time a 3-col. folio local church paper has been got (See OUR BIRTHDAY Page 8)

### Local Farm Bureau Sponsors Two To Firemen's School

Donley County Farm Bureau will help sponsor 2 Volunteer Firemen to the 32nd. annual Texas Firemen's Training School July 18-23 at Texas A & M University, according to Jay Gould of Clarendon, president of the local farm organization.

Planning to attend from this county are: Delbert Robertson and Jerry Hawkins of Clarendon.

The local County Farm Bureau and Texas Farm Bureau Insurance Companies of Waco provide most of the money for registration fees, room and board with each volunteer fireman paying a nominal fee. County Farm Bureaus across the state are helping sponsor approximately 100 firemen at the six-day training school.

"Farm Bureau is glad to participate in such a worthwhile program because the skills learned in the training school help hold down property losses and injuries due to fires," the county president said. He added that Farm Bureau also has a continuing program which pays \$75 to a fire department when the department fights a fire on a Farm Bureau-insured's property in a rural area.

The annual firemen's training school at College Station is expected to attract some 3,000 men engaged in fire prevention, control and safety, from municipalities, industries, and armed services, representing more than 700 cities from approximately 40 states and 20 countries. The Farm Bureau has been sponsoring volunteer firemen from rural areas to the school for the past eight years.

Practically all of the training, except fire prevention and administrative procedures, will consist of field operations with apparatus and equipment.

The Texas Farm Bureau has two special conferences planned for those rural firemen sponsored by county Farm Bureaus. TFB President J. T. Woodson will speak to the group on the evening of July 19 on the subject, "Texas Farm Bureau's Interest in Rural Fire Protection."

Joe Smetanna, TFB safety director, will present a demonstration on electric shock prevention. Ward Cross, administrative assistant, TFB Insurance Companies, will talk to the group on the evening of July 20 on the topic, "Preventing Rural Fires."

Christy Lee Edwards Services Held Sat.

Graveside services for Christy Lee Edwards were held Saturday afternoon in Memorial Park Cemetery in Amarillo. Christy Lee, 23 month old daughter of Mr. and Mrs. Joseph Edwards of Hedley, was the victim of a Jeep accident.

Rosary was said Thursday evening in Sacred Heart Catholic Church in Memphis.

The child was dead on arrival Thursday morning at Hall County Hospital after she fell from the Jeep and was struck by the vehicle as it was negotiating a turn near Clarendon. The Edwards moved to the Hedley area some two months ago from Los Angeles, California.

Surviving are the parents, a brother, two sisters, and grandparents.

### Old Settlers To Meet Friday, July 2nd

Ernest Kent, Chairman of the Old Settlers meeting during the July 4th celebration is reminding all Old Settlers that the event will be held in the Mulkey Theatre at 2 p.m. Friday, July 2nd. Gary Barnhill granted permission to use the theatre which provides comfortable seating and a cool and pleasant atmosphere in which to meet.

Kent reported a good program in prospect with Rev. Milton Jochez, pastor of the United Methodist Church, as the main speaker.

Special recognition will be given to the oldest present, the one having the largest family in Donley County, and the one traveling the greatest distance.

The Fiddlers contest will follow the meeting at 3 p.m. at the same place so you Old Timers can keep your seats and enjoy some real expert fiddling music.

### News Copy Must Be Turned In Earlier

With school out and summer vacations being enjoyed by many, family reunions taking place and families following a less routine style living news copy is being turned in later and later each week. We are always eager to have your news and appreciate the fact that it takes effort and time to get it together.

The working hours of your editor, his wife, and our employees grow longer and longer. We are not going to be able to continue working these long hours. Just reading proof alone, takes beyond midnight and occasionally can be managed but not week after week. This is the last and final stage your copy goes through and is very minor, the checking and setting in type, working up ad copy, etc being much heavier.

We are asking for your help and cooperation in getting your copy in on time. Rural columns should be in by at least mid afternoon Monday, as well as news events of the previous week. Monday events will be accepted on Tuesday and Tuesday events later that day, or if night meetings, will present a demonstration on electric shock prevention. Ward Cross, administrative assistant, TFB Insurance Companies, will talk to the group on the evening of July 20 on the topic, "Preventing Rural Fires."

Grand Jury Returns Five Indictments

A Donley County Grand Jury returned five indictments Monday of this week.

An indictment of murder without malice aforethought was returned against Mrs. Blanche Gambill. Wesley Gardner was indicted for car theft and three other indictments, theft of hogs, swindle by worthless check and breaking in car and theft, were returned by the jury but the last three had not been taken into custody.

Band Students Asked Please Take Notice

Garry Bowen, Band Director, has asked that all Band students meet at the Band Hall Friday morning, July 2nd at 10 a.m. to pick up music to be used during the July 3rd Parade.

At 1 p.m. Saturday, July 3rd, the students are asked to assemble at the Band Hall for the Parade. No uniforms will be worn. You may choose appropriate wear for the occasion.

Band Parents are asked to contact Mr. Bowen or Mr. and Mrs. Doyle Hall in regard to selling cold drinks on July 3rd.

Warning Regarding Fireworks, Drinking And Reckless Driving

The City Police Department and the Sheriff's Department have both issued warnings this week in regard to the shooting of fireworks, excessive drinking and reckless driving.

We are asking parents to convey the message to their youngsters that it is unlawful to shoot fireworks within the City limits, stated Police Chief Gary Gerdes. Please be considerate of others and regard the danger involved with shooting fireworks. Gerdes added. All violators will be picked up and dealt with according to the law, he concluded.

Systematic Parking For Rodeo & Dance

The Outdoor Entertainment Association and local law officials have set up a new plan to help eliminate the parking problem at the Rodeo Grounds this year.

Jerry Hawkins, chairman of the Association, stated that the main road leading to the Rodeo Grounds turning off Highway 287 will be converted to a ONE-WAY route this year going north for entrance to the grounds only. The return route will be the road north of the grounds going west and east and coming back to highway 287 about a half mile east.

There will be signs to indicate the various gates. Those interested in going to the rodeo and staying in the grounds should go to Gate 1. Rodeo officials and rodeo contestants are to use Gate 2. Local residents planning to attend the rodeo are requested to use the route from the north end of main street near Depot and go east and use the north gate. The Lions Club will assist with the parking tonight (Thursday), the Volunteer Firemen Friday night and a crew of individuals Saturday night.

The association and law officials will appreciate your interest and help in observing this new system which should make the parking more convenient for everyone.

### Fiddlers Gather Here For Contest Friday

Tom Waters, Chairman of the Old Time Fiddlers Contest, reports that Fiddlers from several states as well as Texas plan to be here for the Fiddlers Contest to be held at 3 p.m. at the Mulkey Theatre Friday, July 2nd, and urges all local residents who can, come out and welcome these visitors and enjoy the good music they will be presenting.

As has been the case in years past, few local people come out for this event, and folks, you just don't know what you are missing. It is an embarrassing situation, too, to have these competitors come from a distance or those who live here present such a fine program to such a few attending. The seating will be comfortable, the building air-conditioned. You can just sit back, relax, and enjoy yourself. Immediately prior to the Fiddling, the Old Timers will have their meeting at the same place, so you can be assured there will also be plenty of visiting.

A \$200 purse has been set aside for prize money. First place winner will take home \$75; second place \$50, 3rd place \$35, 4th place \$25, 5th place \$10, and 6th place \$5.

Let's give all of these Fiddlers a warm and hearty Welcome. Join with them for an afternoon of good old time music.

### Terrapin Race Set For July 2nd At 2 p.m.

The Terrapin Race held each year in conjunction with the July 4th Celebration and sponsored by the Clarendon Chamber of Commerce will be held at 2 p.m. July 2nd on main street. Eligible age groups are 0-6, age 7 thru 11 and age 12 and up.

Only Land Terrapins may be entered. You youngsters see Basil Smith at First Supply Co. to enter and get your number. If you have not found a Terrapin yet, check with Basil and he will possibly be able to direct you to someone who has an extra.

First place winner will receive a \$25 bond; Second place \$10; and third place \$5.

Smith already had close to a hundred entries Tuesday afternoon and looked for entries to really pick up between now and noon Friday.

Masonic Lodge Plans Public Installation

Masonic Lodge No. 700 AF&AM will hold public installation of officers at the Lodge Hall Monday night, July 5th, 1971, at 8 p.m.

City Hall To Close Friday - Open Mon.

City Administrator Walter B. Knorr reported yesterday that the City offices would be closed Friday instead of Monday in observance of the 4th. This will allow us to have our clean up crews on the job Monday instead of waiting another day.

Knorr also reported that the City had received its sales tax money from the state for the first quarter in the amount of \$4,943.59.

On July 1st local residents will be paying the new schedule of 5% sales tax, 4% going to the state and 1% being returned to the city.

ASHTOLA NEEDLE CLUB BAKE SALE SATURDAY

The Ashtola Needle Club will have a Bake Sale July 3rd at Barbeque time. Round out your meal of fine barbeque with that dessert which is your favorite. There will be a variety to choose from. Special orders should be placed with Mrs. H. S. Mahaffey.

ROEHR'S GRADUATE FROM INSTITUTE

Mr. and Mrs. Richard Roehr graduated May 20 from the Mexican Baptist Institute in San Antonio, Texas after nine months of study of the Spanish language.

On July 7 they will receive their appointment from the Home Mission Board of Southern Baptist Convention for location in the Rio Grande area.

Mr. Roehr is the son of Mr. and Mrs. Chet Roehr and Mrs. Roehr is the daughter of Mr. and Mrs. J. B. Lane, Clarendon residents.

### Activities and Events For July 4th Celebration Beginning Today

The big annual celebration will get underway tonight with the first Rodeo performance and dance and according to Horace McClelland and Wayne Riggs... everything is in readiness for three days of special entertainment. The program of events is as follows:

JULY 1ST  
Rodeo 8:30 p.m., Rodeo Dance - Open Floor, Rodeo Grounds, Don Thornberry chairman.

JULY 2ND  
Flip Breedlove and crew fire pits for barbecue job. Plenty of wood on the lot and we kinda hope it rains to make them use it all.

12 Noon—Deadline for entering terrapin race. Race to begin at 2 p.m. at intersection of Kearney and 3rd street. Basil Smith Chairman, Headquarters at First Supply.

Old Settlers Reunion at 2 p.m. Mulkey Theatre. Tunny Kent, Chairman.

Fiddlers Contest at 3 p.m. at Mulkey Theatre Tom Waters Chairman.

Rodeo - 8:30 p.m. Rodeo Grounds.  
Dance - 9 p.m. Open Floor, Rodeo Grounds.

JULY 3RD  
Queen voting final count 1:30 p.m. Mrs. Wayne Riggs, chairman, assisted by Mrs. Bill Craft and Lee Ann Palmer.

Western Parade at 4 p.m., Alton Estlack, Chairman.

Parade entries will meet at 3 p.m. in front of the City Hall. Buckaroo entries will meet at the same time but along the north side of the city park which will shorten the route for the little folks.

Free Barbecue at 6 p.m. at Courthouse lawn, R. E. Drennan M. C.

Rodeo - 8:30 p.m. Rodeo Grounds.  
Presentation of Rodeo Queen.  
Dance - 9 p.m. Open Floor, Rodeo Grounds.

Of special interest this year will be the Kids Calf Scramble at each performance of the Rodeo and the Pony Express Race between teams from neighboring towns.

President of the OEA, Horace McClelland, expressed his desire to thank each and everyone who has helped in any manner to make this celebration a big success.

### Rodeo Queen Count

Counting of votes in the July 4th Rodeo Queen Contest is held each Friday. Votes are 1c each and each contestant has three boxes placed in various business houses over town. Remember to vote for the candidate of your choice. Mrs. Wayne Riggs, Mrs. Bill Craft, and Lee Ann Palmer make up the committee working with this phase of the annual celebration.

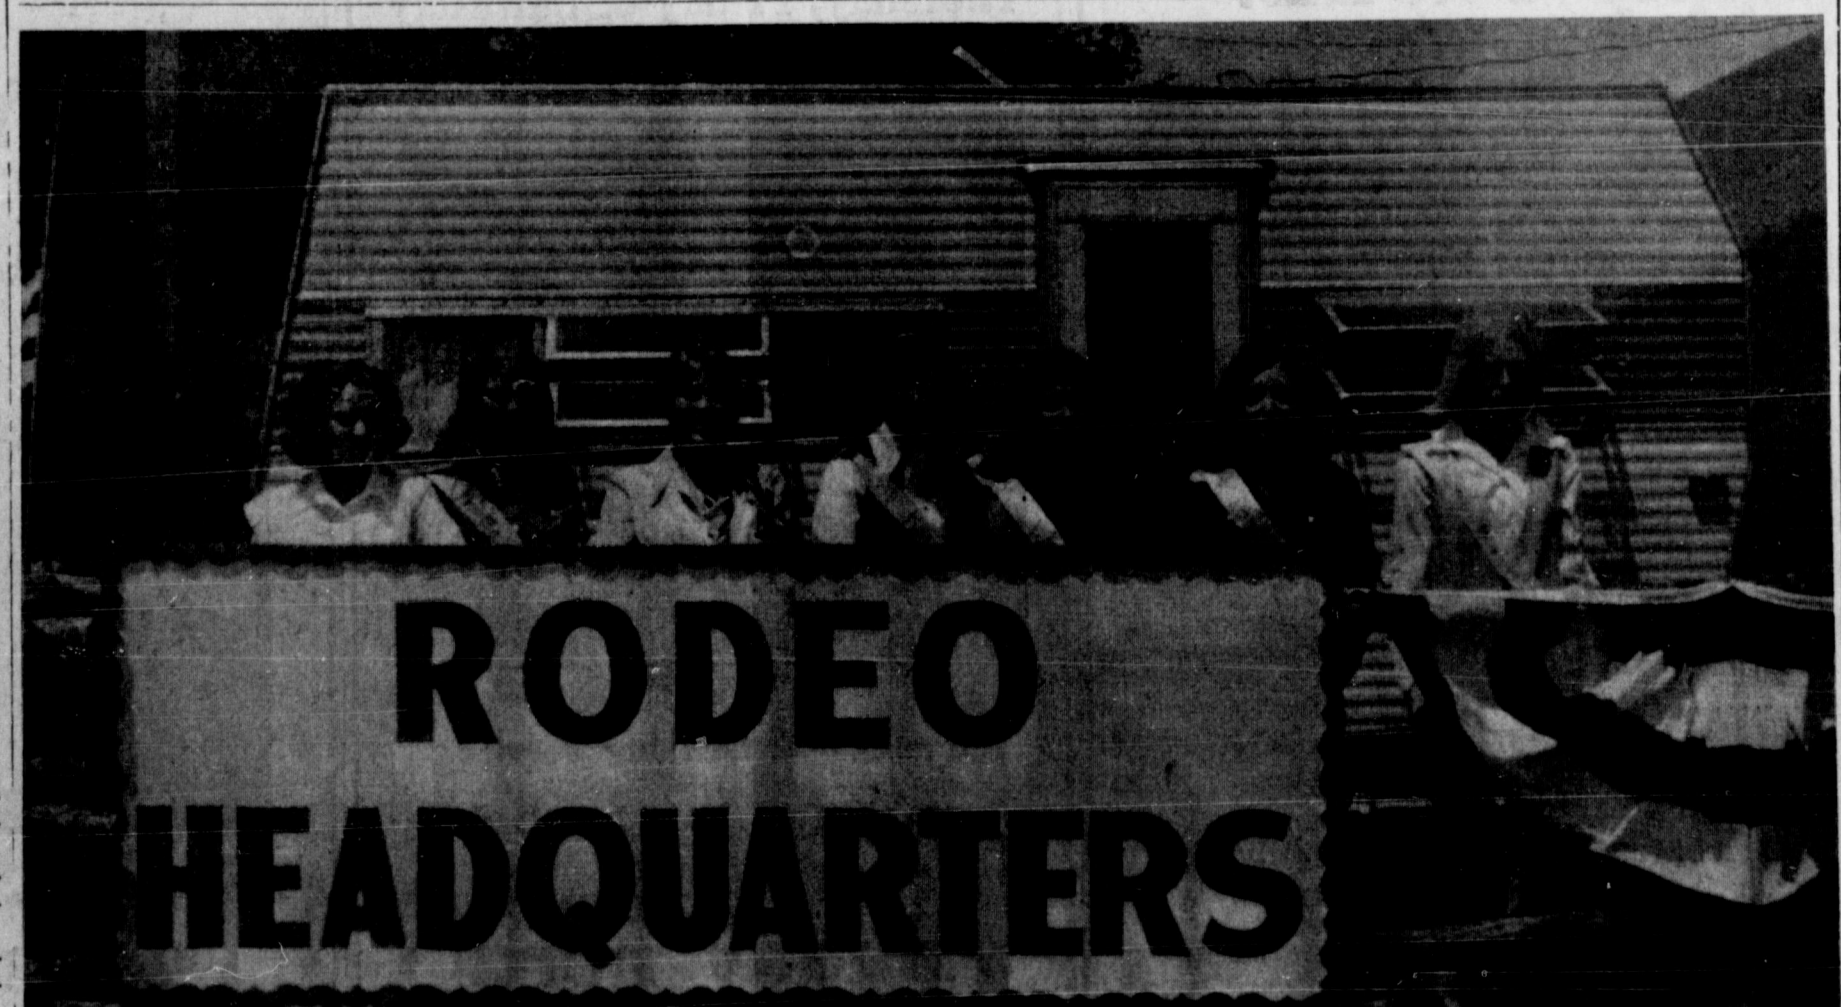

Count as of Friday, June 26:  
Cindy Hommel ..... 3036  
Becky Hudson ..... 1638  
Bette Hudson ..... 3264  
Debbie Lowry ..... 862  
Katrina Messer ..... 2583  
Joni Myers ..... 8527  
Wanda Trout ..... 1491

Next count to be Thursday afternoon, July 1. Final count Saturday afternoon, July 3rd. Totals are posted in each block of Main Street or you may check the window at City Drug or Junior's Food Store.

### KIN DIES IN MEMPHIS

Mrs. Aurelia Adelia Pyeatt, 96, mother of Owen Pyeatt of Amarillo and a former resident of Clarendon, died at her home in Memphis Friday. Services were held Saturday afternoon at the First Baptist Church in Memphis with burial in Fairview Cemetery.

## Mr. and Mrs. Lee Marshall Observe Golden Wedding

### Lee Marshalls Feted On 50th Anniversary

Mr. and Mrs. Lee Marshall were honored by their children with a buffet supper Saturday evening June 26 at their home at Muleshoe, Texas in observance of their 50th Wedding Anniversary.

Marshall and Oma Shipp were married Aug. 18, 1921 in Callahan County and left immediately on a move to Collingsworth County by Mule drawn wagon, settling near Latic to set up house keeping and a farming operation.

In the late 20's they moved to Donley County and farmed west of Clarendon in the Ash-tola community until the early 40's when they moved to Lamb County and farmed near Field-ton.

Retaining their farming interests at Fieldton, they moved to Earth County, near Hico, in the early 50's, but returned to the south plains in the early

60's, settling at Muleshoe where they farmed until the late 60's when they retired.

The Marshalls are parents of three children, two sons and one daughter. They are Bob Marshall, Muleshoe; Dr. Jim Marshall, Cadwell, Idaho and Mrs. H. E. Cornelius, Plainview, Texas. They have seven grandchildren and five great-grandchildren, all present for the celebration except four.

Fifty-eight friends, neighbors, relatives and family members celebrated the occasion with them.

### MARRIED

Wesley Knorpp and Miss Bliss Bugbee were married Wednesday night at the residence of the bride's parents, Mr. and Mrs. T. S. Bugbe, Rev. Dickey performing the ceremony. They left immediately for a trip to Colorado points.

## Old Maid Society Reunion June 25-27

Back in the last twenties a group of fifteen girls ran around together and called themselves the "Old Maid Society", so on June 25, 26, and 27th this group of women had their second reunion, the first reunion was held in June, 1960 with eleven attending. And eleven years later there were twelve attending. The meeting was in the home of Edna Montgomery Smith.

The following were present: Davilla Kelly O'Donnel of San Gabriel, Calif.; Cecelia Atteberry Braswell of Kerville, Texas; Gwyn Youngblood Kesler of Austin, Texas; Florence Fink Brittain of Jacksonville, Texas; Julia Mae Caraway Land of Rottan, Texas; Gladys Burson Arnold of Silverton, Texas; Julia Taylor Murphy and Elgin Patrick Sackett of Amarillo, Texas; Jane Killough Bownds, LaTrice Benson Bell, Nadine Halle Martin, and Edna Montgomery Smith, all of Clarendon.

Friday at noon a luncheon was served at Syd Blue's at Howard-wick. Saturday was an all day gab session, getting acquainted again, telling about the children and most of all showing pictures and bragging on the grandchildren. There was lots of good food in the home of Edna Smith. Then, Sunday morning, Tommy Saye made a group photograph. At noon the women ate buffet at the Country Club. The end of another grand meeting came, each saying that we would get together again another day.

Only one of the original group of 15, Lois Alexander, has remained single. Rep.

## Style In Carpet Selection

Carpet styles used to be rigid and standardized. A certain type carpet only went with a particular kind of furniture; specific colors only looked well with reds, blues or yellows.

But not any more, says Jan Slabaugh, Extension housing and home furnishings specialist at Texas A&M University.

Today all styles and colors can be combined for an electric look, Mrs. Slabaugh explains. The popular trend is to combine carpeting with different moods — matching stripes with circles, velvets with wools, modern with traditional.

Shag, for example, looks sharp when accented with modern or traditional. It even complements Early American, the specialist points out.

And plushes can be used with chrome, glass, aluminum or velvet.

Oriental provide an interesting contrast with contemporary furnishings but also look well with traditional items.

Rya rugs are naturals in a contemporary setting, yet they can create excitement with Early American or antique styles.

The style you select gives insight to your personality and life pattern, and the eclectic approach allows freedom to create your own look, Mrs. Slabaugh concludes.

Monrovia, Liberia is named for U. S. President James Monroe.

Mrs. Kate Stone visited the C. L. Hunnicutt family in Ft. Worth this week.

The Hedley American Legion Post is now accepting members for 1972. Eldon C. Selky, a Vietnam veteran, was the first to pay his dues in advance. A World War I veteran, John M. Tate, was the second.

Mrs. Stan Orvin and three children and Mrs. Charles N. Johnson and daughter, Charlotte and Cindy, all of Matador visited the Clifford Johnsons Sunday.

Mrs. Brad (Sharon) Stafford is reported doing fine after surgery in Amarillo last week.

Mr. and Mrs. W. W. Clendennen spent the week end in Ft. Worth. Mrs. Essie Crawford returned with them. She has been visiting her daughter there for a week or so.

Miss Jo Beth Fancher of Clustee, Okla. has been visiting the Doyle Messer family the past week. She is a niece of Mrs. Messer.

Mr. and Mrs. Jack Marshall and son, Lumas, of Ft. Worth visited relatives and friends in Hedley Friday of last week.

Mr. and Mrs. R. T. Stevens of Dallas and Mr. and Mrs. Claude Bain of Borger visited with Mrs. Edith Bain last week.

Terry Williams, grandson of Rev. and Mrs. J. J. Terry, is visiting his mother, Mrs. Ludena Williams in Portales, N. M., this week.

Mrs. Ceil Lamberson has returned from a visit to Perryton. There she visited her grandchildren, Mr. and Mrs. Jimmy Lamberson.

Tommie Brown of Amarillo and Peggy Lamberson of Perryton are visiting their great grandmother, Mrs. Ceil Lamberson, this week.

Cindy Johnson of Matador is visiting her grandparents, the Clifford Johnsons, this week.

Miss Jamie Evans is at home from Anchorage, Alaska for a summer vacation. With her is a friend, Miss Ann Birthold of San Antonio. Enroute home they have visited in Hawaii, the Tracy Sanders in San Diego, and other points.

Mr. and Mrs. Doyle Messer visited relatives in Clustee, Okla. last Sunday. Miss Jo Beth Fancher, who has been visiting here, returned home with them.

Profits tell society what people want and losses tell society what people don't want. A lot of people don't know what profits do. Profits are carrots that make business produce more efficiently. Losses are valuable, too, because they force change. Far from being a dirty word,

profits are an ingenious social invention to get producers to make what people want. In fact, the communists are having to re-invest profits for just that reason.

## Highlights and Sidelights From Your State Capitol

By Vern Stanford

AUSTIN, Tex. — Gov. Preston Smith, in an unprecedented veto action, turned the job of rewriting the entire 1973 state budget to a special legislative session next year.

Smith took the axe to \$3.1 billion in state spending which he found unnecessary and unwarranted for the second half of the biennium. He announced his decision on a statewide television program, and said that he will submit to the lawmakers, before September 1972, a new 1973 budget proposal which will require no new taxes.

Smith made it clear that a 1972 special session is inevitable, anyway, because the Legislature did not appropriate welfare funds for the second year.

Governor's action may accomplish the following regardless of whether a new tax bill can be avoided next year (Texas Research League estimates a \$474 million biennial tax bill will be required in the 1972 special session):

Legislators will have to take a sober second look at spending items in an election year when many are faced with general election contests.

Fact that little additional federal aid is available for welfare spending, in spite of predictions by Smith, Lt. Gov. Ben Barnes and others, will be partially obscured, since the special session will not be confined to welfare alone but opened to the entire area of government spending for 1973.

Smith decided to reveal his future political plans but left dangling the prospect of a third term race.

Governor claims the public response has been almost 100 per cent favorable to his historic veto. Lieutenant Governor and House Speaker Gus Mutscher pledged cooperation.

COURTS SPEAK — State Supreme Court, in a five-four decision, held that an insurance company can't fight its policyholders in suits against uninsured motorists except in unusual situations.

A man fired by an oil company for not getting enough new business in the Beaumont-Houston area was granted a new trial through a Supreme Court order.

High Court upheld the county court at law finding that a San Antonio woman could collect damage to property due to erosion.

Supreme Court heard arguments in the Braniff and Texas International Airways effort to ground the new Southwest Airlines (Dallas, Houston, San Antonio routes).

Court of Criminal Appeals reversed the death penalty of a man convicted of a 1967 knife murder of a Baylor University coed and ordered a new trial.

Trial of former San Marcus Police Chief Waymon Dial, for burglary, has been transferred to Harris County.

APPOINTMENTS — James L. Lindsey of College Station, long-time newspaperman in Midland, San Angelo and San Antonio, was named by Governor Smith Austin on the State Banking Board.

Smith also recently named: Emory Walton of Eastland — criminal district attorney for the county;

Dr. Hampton C. Robinson of Houston (reappointment) — State Board of Health;

J. R. Owen of Taylor — 26th district attorney;

Jack C. McKenzie of Corpus Christi, Curtis C. Gunn of San Antonio, H. G. Andrews Jr. of Stamford, Dick McClain of Houston, Fenner Tubbs of Lubbock and W. O. Bankston of Dallas — Texas Motor Vehicle Commission;

Harold Boyd-Harvey of Lubbock — Industrial Accident Board.

Governor also named a 41-member Texas Film Commission.

District Judge Tom Davis of

Vernon and Earl E. F. Dally of Houston have been appointed commissioners for the Court of Criminal Appeals.

Attorney General Martin is the new president of the National Association of Attorneys General.

Richard Keahey of Austin is now director of the Veterans Land Program and Jim Watson of Lubbock is General Land Office personnel director.

CITIES COLLECT \$33.5 MILLION — Texas cities which levy a one per cent local option sales tax received nearly \$35.5 million from January-March collections on sales within their boundaries.

Collection for the first quarter of 1971 compared with \$39.6 million for the final quarter of 1970 and \$36.5 million for the third quarter of 1970.

More than 400 cities levy local option sales tax.

Money goes to the state comptroller and is handed back to cities of origin. During the quarter ending March 31, the state retained \$719,756 as its service fee.

INSURANCE RATE HIKE ASKED AGAIN — Auto insurance companies were expected to re-

quest rate increases of more than 25 per cent at a hearing before the State Insurance Board June 30.

Companies six months ago were granted a 14 per cent increase, but were far from happy and insisted on more. They wanted a 27 per cent boost.

A new law permits motorists to purchase deductible liability insurance if they are willing to assume the risk of the first \$250 damage their car may do to property. Another new act gives the State Insurance Board direction to promulgate rules for cancellation and non-renewal of policies.

SIX CITIES WIN CITATION — Six Texas cities received plaques as winners of governor's community achievement award.

Cities were Victoria, Trinity, Mansfield, Taylor, Lamesa and Grand Prairie Awards went for efforts to improve the quality of living.

PARKS APPROVED — A \$558,600 project for Lake Arrowhead State Park near Wichita Falls has been approved, with state and federal agencies splitting the cost.

Two park projects totalling \$510,400 were approved for Dallas; as were a \$274,613 land acquisition for Denton park; a \$75,200 park land purchase in Pasadena and a \$51,200 new park purchase in Terrell.

Clarendon — Well, now, that is a great view to take of it! Clarendon makes no boast of her riches, but she can afford to take a little pleasure when she feels like it and is liberal enough to contribute to the pleasure of others, and at the same time she is not indebted to anybody for promised bonuses, and can show as "many good and lasting improvements" as the best of them. Come up on the Fourth, Mr. Post, and see our fine court house and its shady, well-kept grounds, our splendid public school building, our two colleges, our electric light plant, our water works and our beautiful residences, and partake of our bounteous barbecue, for which it took one solicitor only about half as many minutes to raise \$260 and several beeves for the occasion. We will say, too, if Childress people are really opposed to drinking good water, there are places yet in Clarendon where other drinks are sold where they might be satisfied. Anyway come up

and spend the day with us, you will be welcomed.

**OUR BIRTHDAY—**

(Continued from Page 1)  
 ten out by the pastors of the M. E. church.  
 The present management has had charge of the News since Oct. 1st 1911, and although a newcomer in this section of the country, we are already in love with Clarendon and the Clarendon country. We appreciate highly the friends we have made, and the patronage that has been accorded us, and are trying to show our appreciation by publishing a live, readable paper and doing satisfactorily all the work entrusted to us. We intend to constantly improve our service, and shall leave nothing undone to give our patrons the best to be had in our line.  
 If hard work and unceasing effort will count for anything, we are going to make this the banner year in the existence of the News.

About 2 million acres are lost each year through various forms of "development" — highways, shopping centers, sprawling new housing additions. — Fort Worth Star-Telegram.

**CAP Grazing And Haying**

Our approval for grazing and haying CAP land has been extended through September 30, 1971. There is no charge to the owner or operator of dryland CAP farms, but there is a maximum that can be charged if relet to others to graze or hay. Applications must be filed before haying or grazing is begun.

**Emergency Livestock Feed Program**

Our present approval for this program has also been extended. Applications will be accepted through September 30, 1971. Check with us concerning eligibility requirements, etc.

**Certification**

August 15 is the final date to certify your feed grain, cotton, and set aside acreages. If you will go ahead and certify as soon as you have completed your planting it will help speed up your payment.

**Burning Crop Residue**

Producers are again reminded that deliberate burning of any crop residue violates reasonable conservation principles and any RE cost-shares due them under the program will be withheld or required to be refunded.

**Holiday**

This office will be closed Monday, July 5, in observance of Independence Day.

**U. S. Agricultural Exports Approach \$7.5 Billion**

Total United States exports of agricultural products in the year ending June 30 should approach the \$7.5 billion level, with Texas farmers seeing bright spots in cotton, grain sorghum and wheat.

Texas accounted for \$422 million or about 15 percent of the cash receipts from marketings of U. S. farm products in fiscal 1970, according to Charles K. Baker, Extension marketing specialist.

The state ranked fourth among agricultural exporting states, but it led in cotton with 29 percent of the total and ranked second in rice with 24 percent.

Baker points out that U. S. cotton exports for July-March 1970-71 were at 2.6 million bales — substantially above the two million bales shipped during the same period a year earlier.

Grain sorghum exports reached 153 million bushels, up from 102 million during the same period a year earlier. Wheat shipments increased to 513 million bushels, while rice exports dropped 11 percent.

U. S. farm products exported in 1970 reached \$7.2 billion, 21 percent higher than in 1969. Commercial exports reached a record level while shipments under government programs continue to take a smaller portion of the total. Baker notes that Japan became the first billion dollar customer for U. S. farm products.

"The impact of foreign markets on economic stability in Texas agriculture is evident when we note that export sales equaled 79.5 percent of farm cash receipts for rice, 50 percent for wheat, 44.5 percent for feed grains, and 33.5 percent for cotton," he adds.

During fiscal 1970, U. S. agricultural imports reached \$5.5 billion, showing an increase of 11 percent over the previous year. Baker explained that there are two types of imported commodities — competitive and non-competitive.

Non-competitive items such as coffee and cocoa rose 13 percent, while competitive items increased 10 percent.

Imports of beef and veal totaled 1,318 million pounds and \$646 million in fiscal 1970. Baker indicated that even though lint cotton imports showed a decrease, competition was still heavy from cotton equivalents which include synthetic fibers and textiles.

**WELFARE LEGISLATION**

The House passed last week, over my opposition, a combination social security-welfare reform bill which will guarantee a minimum annual income of \$2,400 per year to a family of four, in addition to food stamps. My main opposition to this legislation came not from the \$2,400 per year figure, which is what a family of four on welfare receives in many states today, but comes from the \$7,000 annual minimum that many members of Congress are advocating.

I also opposed the bill because it enlarges the Federal bureaucracy by "federalizing" all welfare programs; eliminates state residency requirements for welfare recipients. In addition, the bill will more than double current expenditures for welfare and almost doubles the number of people eligible for welfare.

One of my major objections is the precedent it sets in providing aid to the so-called "working poor." Welfare has always been based on the theory of help for the very young and for older citizens and for the disabled. When you start giving aid to those who have jobs you are getting away from that time honored concept of only helping those who cannot help themselves.

**Farm Payment Limitation**

One of the most discouraging moments in the House of Representatives came last week when the body voted to decrease assistance to farmers just one day after approving additional millions of dollars for welfare.

As I told the House during debate on the amendment to the Agricultural Appropriations bill to limit farm payments to \$20,000 per crop, I believe this was a kick in the teeth to the American farmer.

It has been less than a year since the Agricultural Act of 1970 with its \$55,000 per crop limitation was adopted. Now, before the ink is dry on that law, the limit is lowered to \$20,000 I pointed out, unfortunately to no avail, that farmers have borrowed money, leased land for a period of years, bought new expensive equipment, and planted crops they are now tending in good faith. The House has reneged on its commitment to the farmer made in the 1970 Act.

The urban Congressmen who voted for this reduction cannot seem to understand that it is their constituents, the consumers of food and fiber, who are really being subsidized by government farm payments. Without these payments the consumer will be forced to actually pay what farm products are really worth or will do without because the farmer cannot continue to produce at a loss. Consumers use only 16.9% of their disposable income today for food compared to 25% only 8 years ago.

I will be contacting as many Senators as possible in an effort to have the amendment defeated in the Senate.

**Watershed Moratorium**

Dozens of letters were received in my office in opposition to a proposed amendment to the agriculture appropriations bill which would have cut off funds to the watershed program for a year. I fought this amendment vigorously on the floor of the House and am pleased to report that we were able to defeat it.

**PRAYER IN SCHOOLS**

I signed the petition to force the House Judiciary Committee to hold hearings on a bill I and several other members have introduced to allow the states to vote on a Constitutional amendment to permit prayer in public schools.

I have introduced this legislation in each session of Congress since my election but the liberal-dominated Judiciary Committee has refused to hold hearings. As soon as 218 members sign the petition, the Committee will be forced to report the bill to the House within 30 days.

**Vitamin A Deficiency Usually A Problem**

Cattlemen should be keeping a closer eye out for vitamin A deficiencies where drought conditions have reduced the quality of the hay and forage they normally feed their livestock.

Breeding cows that are vitamin A deficient will probably give the stockman his most harmful and most costly problem, according to L. A. Maddox Jr., Extension beef cattle specialist. While breeding cows that are deficient in the vitamin may continue to have estrus periods, fewer cows become pregnant. If the pregnant animal is severely deficient, she may abort the calf or give birth to dead, weak or blind calves.

Cattle can store the vitamin, but calves at birth have practically no body storage of carotene (vitamin A) and they must depend on a supply from the colostrum or milk.

Younger animals tend to show signs of vitamin deficiency in less time than older ones, but there are differences among individuals of the same age who receive the same treatment.

Calves weighing between 250-400 pounds may show deficiency symptoms in 40-80 days. Those above 400 pounds show symptoms in 80-140 days and older cattle show signs in 100-150 days, Maddox notes.

To have sufficient vitamin A to be able to save their calves, cows must have good green hay, ample silage, vitamin A fortified concentrates or synthetic vitamin A.

Synthetic vitamin A can be mixed with feed, injected inter-

muscularly and/or administered in controlled drinking water. Maddox reminds stockmen that products containing vitamin A should be stored in cool, dark places because the vitamin loses its potency when exposed to sunlight, air and heat.

Alfalfa and silage are two of the better natural sources of the vitamin. A bright pea green color is usually a good indicator of vitamin potency in hay, but it isn't completely reliable, Maddox warns.

Hays that contain molds as a result of heating probably have lost some or all of their vitamin A potency. Chemical testing procedures give the most reliable determination of the vitamin.

One symptom of the early stages of vitamin A deficiency is night blindness, but other signs such as watering eyes and some swelling joints are easier to recognize, Maddox says.

In the latter stages cattle become less alert and lose their appetites. Other symptoms of prolonged vitamin A deficiencies are nasal discharges, rapid breathing, staggering gait, convulsions, or complete blindness.

Another sign that is characteristic of the vitamin deficiency is sluggishness. A staggering gait has also been noted. If this condition goes unmedicated, the cattle will eventually die, Maddox says.

**Veteran News**

Q—Does the VA provide any educational program for veterans disabled in military service?

A—Yes. There is a rehabilitation program for veterans who suffered serious service-connected disabilities. For information on this program, contact the nearest VA office, or local service organization representative.

Q—I am a World War II veteran and the VA advised me that I can carry only \$10,000 worth of Government Life Insurance. Is this true?

A—Yes. The maximum of \$10,000 in VA insurance coverage is established by law.

Q—I was hospitalized in a VA facility for more than 21 days for an injury I received on my job. Would I be entitled to a temporary VA 100 percent rating for this period of hospitalization?

A—No. Only veterans hospitalized for more than 21 consecutive days for treatment of service-connected disabilities may qualify for this benefit.
