High School Teams To Play Wellington

The high school boys and girls basketball teams will travel to Wellington Friday night for the second conference game of the season. The girls game is to start at 6:30 p.m.

In conference play on the local court last Tuesday night, the Bronchoettes got off to a good start by downing the visiting Tigerettes 55-27. Dorothy Richey, back in action after a long vacation with a knee injury, hit 22 points to be followed by Janette Rampy with 21.

The Bronchos put up a battle but fell short in the scoring column to the towering Tiger named Welch who poured in 36 points to help his team win 47-39. Cearley and McAnear tied for scoring honors for their team with 14 points each.

Services Held Friday For Joe H. Miller

Joe H. Miller, 48, former resident of Goodnight, died Thursday, Jan. 10th, in Northwest Texas Hospital at Amarillo. Death was unexpected.

Funeral services were conducted at the Goodnight Baptist Church at 2 p.m. Friday with Rev. A. B. Moseley, pastor of Pleasant Valley Baptist Church in Amarillo officiating, assisted by Rv. O. G. Edwards, pastor of the Goodnight Baptist Church and Rev. C. W. Garrison, pastor of the First Baptist Church at Claude. Interment was in the Goodnight Cemetery under the direction of Murphy Funeral Home.

Joseph Henry Miller was born October 15, 1914, at Goodnight and lived there until five years ago when he moved to Amarillo. His residence in Amarillo was at 2104 S. Fairfield.

He was a member of the Goodnight Baptist Church, was a veteran of WW II, serving in the Army from 1942 to 1945. At the time of his death he was employed at the Pantex Ordnance Plant. He also had farming interests at Goodnight.

Survivors include his mother, Mrs. Julia Miller of Amarillo; one sister, Miss Grace Miller of Amarillo; and five brothers, Homer of Guyman, Oklahoma, Vernon (Pete) of Amarillo, Alvin of Claude; Bob and Ivan, both of Amarillo.

Pallbearers were C. M. Hudson, Jr., A. J. Garland, Clarence Shores, Ralph Justiss, Robert Oblander, and Bernard Tipton.

Healy Reappointed Chairman Of Committee

State Representative, W. S. (Bill) Healy of Paducah became the second lawmaker in the history of Texas to be reappointed chairman of the appropriations committee.

Healy was named chairman of the state appropriations committee Thursday by House Speaker Byron Tunnell.

Healy was chairman of the appropriations committee in 1959 when Waggoner Carr was speaker of the house.

One other person in the history of Texas has served as chairman of the appropriations committee more than once. He is Max Smith of San Marcos, who actually held the post three terms — 1953, 1955 and 1957.

The appropriations committee handles every dollar spent by the State of Texas and its chairman automatically becomes a member of the legislative budget board.

Healy is beginning his fifth two-year term in the House. He stands 10th in line of seniority in the House of Representatives.

In addition to the appropriations committee, Healy also is vice chairman of the judicial districts committee and a member of the banks and banking, insurance and labor committees. The 82nd district includes Cottle, Motley, Foard, Wilbarger, Hardeman, Childress, Hall and Donley Counties.

Notice To Parents Of Beginning School-Age Children

Parents residing in the Clarendon Consolidated Independent School District who have children who will become six years old on or before Sept. 1, 1963, should make sure that their child has been enumerated on the 1963 census rolls.

The census blanks have been sent home by students now in school this week and parents who have a child who is not going to school this year, but will be ready to attend next year should add that child to the blank.

Parents who do not have children in school this year, but who will have a child to begin next year, should contact Mr. Kenneth D. Vaughan, Superintendent of Schools, for the proper census blank on which to enumerate the child. This must be done BEFORE February 1, 1963.

Shell Oil Company Exploration Crew Moving Here

The Leader was informed this week that a Shell Oil Co. exploration crew was moving to Clarendon which will be headquarters for seismograph operations in this entire area.

We understand that drilling crews are already working out of Clarendon and the office for the operation will be moved just as soon as the Bartlett building south of the City Drug is readied for occupancy.

There will be approximately twenty new families moving here with the group and it has been reported that they will possibly be located here for quite some time. They are moving here from Quanah where they have been located for several years. Mr. R. A. Sebesta is in charge of the group. Their locating in Clarendon was brought about by the friendly atmosphere of our residents, school facilities and our churches.

The Leader joins other residents in welcoming these new families to Clarendon and know they will enjoy making their home here.

Registration For College Spring Semester Mon.

The first semester of the 1962-63 school year for Clarendon Junior College will come to an end on Friday of this week.

Registration for the spring semester will be on Monday, January 21, beginning at nine o'clock in the morning. Registration will continue throughout the day. The College Book Store will be open for business on both Monday and Tuesday. Classes for the second semester will begin on Wednesday, January 23.

Thirteen Shopping Days Left To Buy Poll Tax Receipts

Time is running out with only 13 more working days to purchase that most coveted poll tax receipt that might become very, very important later on in the year. The deadline for purchasing your poll tax is January 31st.

The alarming note at the present time is that only 429 receipts had been issued up until Wednesday morning of this week. This figure is exceedingly low with the prospect of several important local issue elections in the making. Everyone of legal age and required to have a poll tax to vote, should go to the county tax office and purchase their poll tax right away and not put it off any longer. The present figure is around 800 less than last year which was a low figure for a general election year. If you already have your poll tax be sure and remind your friends to purchase theirs right away.

Pinkerton Elected Vice President Of WJAC

At a recent meeting of the Executive Committee of the Western Junior College Athletic Conference, W. W. Pinkerton, Chairman of the Business Department of Clarendon Junior College, was elected to serve as Vice President of the conference. The President is General J. D. Gay of New Mexico Military Institute. Other members of the conference are Frank Phillips College of Borger, Amarillo College, Lubbock Christian College, South Plains College of Levelland, Odessa College, Howard County College of Big Spring and San Angelo College.

FARM NEWS

from County ASCS Committee

New Grower Cotton Allotment

February 15 is the final date set aside to file an application for a new-grower cotton allotment. To be eligible, neither the operator nor the owner of the farm covered by the application must own or operate any other farm in the United States for the current crop year. The operator must expect to obtain, during the current year, more than 50% of his income from the commodities produced on the farm for which the application is filed.

Feed Grain Sign-Up

Instructions have been received from the State Office for the sign-up for the 1963 Feed Grain Program to begin February 1. The county office is now preparing all the necessary forms needed. Watch your mail for more information about the program.

Application For Loans

January 1, 1963, is the last day on which a producer may apply for either a 1962 grain sorghum or 1962 wheat loan. If you have made application for a loan and it has not been disbursed, please remember that the final date for disbursement is February 15, 1963.

1963 ACP

We are beginning our new program year and are anxious to help anyone who has a conservation problem. We are especially interested in introducing the ACP program to producers who are not familiar with it. There were 52 applications approved last week for cost-share assistance in the amount of approximately \$10,000.

Some of the practices being carried out by producers at this time include:

- Underground irrigation pipe—Slaton Mahaffey
Deep-plowing — D. M. Cook, J. B. McDaniel, Buford Holland
Grass seeding — Herlie Moreman
Stockwater dam — Lamar Aten
Terraces — Roy D. Brock
Cotton burs — Billy Christal, Clifton Phillips, Lloyd Risley
Stockwater well — Edwin L. Floyd
If you are interested, go by and see the work that these producers are doing on their ACP practices.

Vaughan Attends Conference In Austin

Superintendent of Schools and Clarendon Junior College President, Kenneth D. Vaughan, attended the Advisory Conference on Education in Austin last week.

Among the topics discussed at the conference were: Accreditation Standards, Teacher Preparation and Certification, Programmed Instruction, Guidance and Counseling, Textbook Administration, Teaching Americanism in the Public Schools and Common Legal Problems.

Mr. Vaughan was appointed to the Evaluation Committee of the Conference. The job of the committee is to evaluate and recommend changes for future conferences.

SQUARE DANCE LESSONS TO START FRIDAY NIGHT

There are openings in all age groups and if you have not been contacted and are interested in taking the lessons contact Junior Spier at Junior's Food Market or be present for the meeting Friday night.

Little League Managers Named For 1963

The Clarendon Little League organization held its first meeting last Thursday and in view of the nice turnout, a top-notch season is being forecast.

During the business session, the managers for 1963 were picked by the board of directors.

In the senior league, a league which is now in the first stages, Hubert Kidd and John Payne were elected managers. This league will include boys from 13 to 15 years of age. The sole purpose in the formation of this league is to give the boys that have just completed their last year in Little League, to have something to look forward to and continue playing. It is hoped that the league will consist of 2 teams from Clarendon and one each from Claude, Panhandle, Groom and White Deer.

In the major league, managers picked were B. M. Hicks — Cubs; Fred Ketchum — Giants (formerly Gold Sox); Dennis Bradshaw — Yankees; Billy Jack Land — White Sox.

In the minor league which is also known as the peewee league, Jake Lamberth is the only definite manager at this time. Two or more managers are still needed for these little fellows. Anyone interested may contact Horace McClellan, David Bennett or John Payne.

The next meeting will be held in the near future. The time and place will be announced in the Leader.

Hedley Bank Has Two New Directors

Announcement was made this week by A. W. Anderson, President of the Security State Bank, Hedley, Texas, of the election of two new Directors of the Bank, J. C. Shields of Lelia Lake and Delbert White of Quail. Both Mr. Shields and Mr. White are well known and respected by the citizens of this area.

Mr. Anderson stated that the Bank was very fortunate to have these men to become associated with the Bank. In addition to these two new directors the other three directors of the Bank are Mr. Anderson, W. M. Decker and Claud Thorp.

Mr. Anderson stated also that he appreciates the business and good will that has contributed to the tremendous growth of the Bank during the past year. The deposits at the end of last year reached an all time high.

First Real Blast Of Winter Weather Drops Mercury To -8 Degrees

Loans Now Available For CJC Students

According to an announcement from the office of the Dean of Clarendon Junior College, educational loan funds are available for needy students who are interested in entering Clarendon Junior College. However, in order to participate in the loan fund for the second semester, applications must be in the office of the Dean within one week.

These funds which are available for needy students are made possible by an act of Congress when it passes the National Defense Educational Act in 1958. Priority is given to: 1. Students who have exhibited superior capacity for Education achievement. 2. Students preparing to teach in Elementary or Secondary schools. 3. Students who are studying physical or biological sciences, mathematics, engineering or modern foreign languages. But — no student is disqualified because of his field of study if enough loan money is available to go around. The prime requisite is that the student need the funds in order to continue his education. No interest is charged on this loan as long as the student is enrolled in school as a regular full time student, and 10 years is allowed for repayment after completion of the students schooling. 3% interest on unpaid balance is charged annually during the repayment period.

Dean Abel welcomes applications against this loan fund from any local needy youth who has postponed his educational pursuit due to financial difficulties.

Shower And Quilting For J. M. Grahams Fri.

An all-day quilting and shower will be held Friday at the Ash-tola Community Center for Mr. and Mrs. J. M. Graham who lost all their personal and household items in a fire that consumed their home northwest of Ash-tola Sunday evening. Everyone is requested to bring a covered dish.

Mr. and Mrs. Graham were at home when the fire of undetermined origin broke out late Sunday evening but they were unable to control it and the home was completely destroyed before the local fire department could reach the scene.

Open House For Two New Homes Is Rescheduled

Due to the sub-zero weather experienced here last week end, Bill Williams has rescheduled the showing of two new homes here in west Clarendon for this coming Sunday afternoon from 1 to 5 p.m.

The public is cordially invited to come out an inspect the two Medallion homes which are located one block east and one-half block south of the water tower.

The first real frigid blast of winter blew in with a strong wind last Thursday afternoon to drop the mercury to two degrees above zero by Friday morning and a very cold -8 degrees by Saturday morning. This was quite a drop in temperature from the balmy 74 degrees which was recorded here both Tuesday and Wednesday.

The mercury had climbed to 49 degrees Thursday when the frigid air pushed in. The high temperature for Friday was only 7 degrees and the strong wind was accompanied by a light snow that came to rest at the first wind break. The high for Saturday was 14 degrees and after an even zero Sunday morning, the mercury rose to 32 degrees Sunday afternoon. By Tuesday the mercury was climbing again and the high for the day was 47 degrees.

Low gas pressure in the west portion of town caused considerable damage to plumbing and discomfort to residents who did not have enough heat to keep their homes comfortable while the strong wind was blowing.

**IMPORTANT CHANGES NOTED IN INCOME TAX LEGISLATION**

COLLEGE STATION — During the last session of Congress important legislation relating to income tax payments was passed. Among the changes were depreciation and tax credit on certain types of assets used in farm and ranch operations as well as other businesses, reports C. H. Bates, extension farm management specialist.

The investment credit provision is a tax credit of 7 percent, computed on the purchase or investment in depreciable, personal property during 1962 and thereafter. Livestock, including race horses are excluded from the list of eligible items, Bates points out. The credit is given only for the tax-year in which the business asset is acquired and includes such items as tractors, combines, trucks, cotton harvesters and new fences, explains the specialist.

Here is an example of how the investment credit provision works. Assume a tractor is purchased in November 1962 for \$5,000 with no trade-in. The useful life of the asset determines the amount of tax credit allowed. If the tractor is set up on a life of 8 years, a full 7 percent of the purchase price or \$350 is credited on the tax due from the taxpayer for 1962 business operations.

If the asset has a determined life of 5 years, only a third of this amount is allowed as a tax credit. Assets having a 6 or 7 year life entitle the purchaser to two-thirds of the \$350 tax credit, explains Bates.

Used equipment items get the tax credit, too, but are reported separate from new assets, says

Bates. In case of 'trade-ins,' the portion of the purchase price eligible for tax credit is computed differently on new and used equipment.

Because this provision is new some taxpayers may overlook the requirement that the tax credit is compulsory on eligible assets. The basis or remaining cost for depreciation purposes must be reduced by the credit taken. If the taxpayer fails to take the credit for items purchased in 1962, he simply loses the amount involved and it cannot be recovered in future years, says Bates. All farmers are urged to get a copy of the 1963 Farmers Tax Guide at the office of county agents or Internal Revenue when it is available.

**DRY LUMBER BEST**

COLLEGE STATION — Properly kiln-dried lumber makes the best buy for home builders, reports Bill Smith, extension forester at Texas A&M College. Kiln-dried lumber is pre-shrunk and dried under very carefully controlled conditions to provide creak-proof and

crack-proof homes. Also, kiln-dried lumber is stronger than green (undried) lumber and is free of decay organisms or strain fungi. This is the reason it is important to use dry wood and keep it from absorbing moisture. House lumber delivered to a building site should be kept with a protective cover, Smith points out.

When poorly seasoned wet lumber dries, it shrinks. This shrinkage may open cracks in floors, walls, or ceilings which will add to the homeowners' worries. Kiln-dried lumber will prevent the occurrence of cracks, but it must be properly installed and kept dry.

Exposed wood can be protected from moisture by treating it with a good water repellent or by coating it with a suitable paint finish.

Eighty-five percent of all new homes have structural framework of wood, reports the U. S. Bureau of Labor Statistics. So, no matter what type material is used in building a home, it's likely to have some wood. It will pay to consider using kiln-dried lumber, Smith says.

## LIBRARY NOTES: EDITH BARNES

Two more books have been given to the library in memory of Pat Heath.

A memorial gift has been given to the library to be dedicated to the memory of Mr. Reagan Bryan.

Quoting from the "Fort Worth Star Telegram": "One of the foremost chroniclers of the rip-roaring Old West is a slim and gracious Fort Worth banker's wife, Mrs. Joe A. Clarke, 3605 Bellaire Dr. S., compiler and editor of a new addition to published frontier lore, 'Life in the Saddle.'"

"It is the story of Frank Collinson, a Yorkshire-born cowman who came to Texas after the Civil War and 'got into the writing game when he was almost 80.'"

"Collinson, whom J. Frank Dobie has called 'one of the most powerful men I ever met,' began his career rounding up wild mustangs on the Will Noonan Ranch near Castorville.

"The man was a joy to write about," says Mary Whatley Clarke.

"His life was full of the sort of adventures that several generations of red-blooded American boys have thrilled to — and still do. It was a life that can never be lived again."

"Illustrations for the book were done by Harold D. Bugbee of Clarendon, western artist.

Mr. and Mrs. Clarke were visiting there when Bugbee brought out some of the drawings and paintings he had made of Collinson, and some small cast figurines of the old cowman. Bugbee, to whom the book is dedicated, 'was schooled in frontier life by Collinson, and he in turn immortalized the cowman in his western drawings, paintings and figures.' Mrs. Clarke says."

In his column J. Frank Dobie has this to say in writing about John Chisum: "His name enters numerous books, one of them being 'Life in the Saddle,' by Frank Collinson, which consists of his writings and transcripts of his conversation, arranged and edited by Mary Whatley Clarke of Fort Worth. The book is illustrated by skillful Harold D. Bugbee.

"Frank Collinson, one of the most picturesque and intelligent of frontier cowmen knew Chisum very well."

Mr. Collinson and his family were among Clarendon's pioneers and a daughter, Mrs. Al-len Jefferies, still lives here.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

**RAILROAD SAFETY ACT SOUGHT** — A bill requiring trucks that carry inflammable materials or explosives to come to a complete stop at a grade crossing will come before the 1963 Legislature.

Texas Joint Railway-Labor-Legislative Board, which repre-

sents eight brotherhoods with about 39,000 workers and 40,000 pensioners, voted to push for such a measure.

Board Chairman Billy Cowan said his group has been worried about truck-train accidents for a long time. Three trainmen were killed last month in one such

collision at Chandler. One died in a collision with a gasoline truck at Sinton in 1957; three were burned to death by flaming gasoline at Pittsburg in 1954.

Brotherhoods have urged the Legislature to pass this bill before. But it always died in one house or the other.

They'll also ask the 58th Legislature to pass a bill requiring more safety devices at grade crossings. In other legislative activity they will back repeal of the poll tax, and adequate industrial safety act, and a measure to move primary elections nearer to the general election.

**HEALTH ACT SUCCESSFUL** — Joseph F. Lakey, director of the State Health Department's division of food and drugs, said that passage of the Texas Food, Drug and Cosmetic Act of 1961 gave his enforcement officers a law with "teeth" in it.

Lakey, who became director in 1946, started working for the act in 1947 with the support of almost every civic club in Texas. It finally was passed last year.

It prohibits the manufacture, sale or delivery of any adulterated or misbranded food, drug, device or cosmetic.

"Teeth" in the act include:

1. A clause that says any food is adulterated if prepared, held, packed or stored under conditions whereby it could be contaminated;

2. Labeling restrictions calling for a statement of ingredients, and the manufacturer's name and address;

3. An embargo provision, which allows time for laboratory tests of a suspicious product before it can be released on the market.

Sharpest "tooth" is a stiff penalty for a second offense — \$100 to \$1,000 fine, or one year in the county jail, in addition to destruction of the product.

Lakey stated that in the past year about 5,500,000 pounds of contaminated food had been re-

moved from the market without court action.

**COUNTIES CAN SET UP LIBRARIES** — Attorney General Wilson ruled that a county commissioner's court must establish a free, county library if a petition for its establishment is signed by a sufficient number of qualified voters.

It also authorizes commissioner's courts to set aside tax funds to maintain the free, county library.

Burton S. Burks, Sr., Hood County attorney, asked for the ruling.

**CAPITAL LANDMARK PRESERVED** — Money raised by the Austin Heritage Society prevented demolition of the old and historic Lundberg Bakery building in Austin.

Sufficient funds were raised to make a down payment on the building, located just across from the Capitol grounds.

Building was erected in 1876 and served as a bakery until 1937. An eagle and flagpole rising above the classical arch over the white brick facade are in keeping with the character of the 74-year-old State Capitol.

The Heritage Society and the Austin Junior League plan to restore the Lundberg Building and make it a tourist information center. A coffee bar, a home-baked-goods exchange and a crafts-and-souvenir center will provide operating expenses and pay off the mortgage.

**JOBLESS INCREASE** — Texas unemployment numbered 156,300 during October, says the latest release of the Texas Employment Commission.

This figure represents an increase of 900 over the previous month.

However, the October, 1962, total was 5,300 less than the October, 1961, figure, the commission said.

**SDEC CHIEF RESIGNS** — Clyde E. Johnson has announced his resignation as executive director of the State Democratic Executive Committee.

Termination is effective January 15.

He indicated he will enter the public relations field in Austin.

**TRAFFIC TOLL UP** — Texas traffic deaths to date, for 1962, total 2,179.

Department of Public Safety says this figure is up three per cent over last year.

Fatal accidents have risen four per cent, now totaling 1,799.

**PLAN BLOCKED** — A proposed prepaid prescription plan has run afoul of the State Insurance Commission.

Atty. Gen. Will Wilson has advised Ins. Commr. William A. Harrison that the plan would constitute engaging in the insurance business.

Harrison said that Prepaid Prescription Plan, Inc., had proposed a policy whereby prescriptions by doctors would be dispensed by licensed pharmacists to individuals or groups who become subscribers to the plan.

Company also planned to enter into contracts with pharmacists to provide this prescription service to the subscribers.

**"SEND MORE MONEY"**

An ancient joke tells of the amateur poker player who fell in with a group of professionals, lost his shirt, and wired home: "It's a great game. Send more money."

The American taxpayer is now in the shoes of that hapless victim.

At the federal level, we hear much talk of income tax reduction — though how this can be accomplished, in the light of eight or ten billion dollar annual deficits without shrinking the dollar's buying power farther, is a question that would stump Socrates. That aside, other federal plans, now in the press on regardless stage, call for a myriad of changes in tax policy that would subject individual and corporate taxpayers alike to an almost endless series of expensive irritations, and bury

us under a flood of tax forms.

At the state level, there is, for the most part, a mad search for more tax revenues for welfare services, for schools, for highways, for urban renewal (the current polite term for slum clearance), and for just about anything else anyone can dream up. Most barbarous of all is the scheme — now in effect in some states, and planned by others — whereby federal income taxes are not allowed as a credit a-

gainst state income taxes. Thus, the taxpayer pays a tax upon a tax, on money which he never really had at all.

No man can foresee the end. But the way we're going, that "Send more money" wire will have to go unanswered. The well runs dry.

If Wide-Track is as hot as  
Pontiac says, why don't they  
put it in their Tempest?

They just did.

We can take a hint. When people are as happy with something as Pontiac owners are with Wide-Track, we're willing — nay, eager — to let everybody else in on it. That's why Tempest has a Wide-Track of its own this year. It's why you got to choose between a lively 4 and a 326-cu. in. V-8, too. We aim to please — and if we do say so, we're pretty accurate. \*Optional at extra cost.

One quilt was quilted. The next meeting will be with Joy Roberson all day at the Center Jan. 24. —Rep.

## C. L. MIXONS CELEBRATE GOLDEN WEDDING DATE

Mr. and Mrs. C. L. Mixon celebrated their golden wedding anniversary Sunday, January 13, at the family home in Clarendon. About fifty friends and relatives called.

Curtis Lee Mixon and Carrah Idell Abercrombie were married January 12, 1913, in Hopkins County at Liberty by Rev. T. A. Roach. They lived at Arbala for a year and then moved to Brasher where they lived four years. In 1920 they moved to Wood County and in 1924 to Panhandle later moving to Giles and to Memphis before moving to Clarendon in 1948. The couple has eight living children and two deceased.

Children attending the celebration were Clara Gales and son, Mr. and Mrs. Baynard Carthel and children of Plainview; Mr. and Mrs. Ted Richards, Mr. and Mrs. Otis Mixon and children, Mr. and Mrs. V. O. Mixon, Mrs. Gladys Turner and Donna of Amarillo; Mrs. Norene McBrayer and children of Dumas. Leon Mixon of Dumas was unable to be present.

Relatives here for the occasion were Mrs. Irene Garrett of Shamrock; Mr. and Mrs. Orvell Smith of Childress; Mr. and Mrs. Edwin Beasley of Amarillo; Mr. and Mrs. Carl Birkle of Tullia; and Mr. and Mrs. Ronnie Haveron of Pampa. Friends from Memphis were Mr. and Mrs. Cecil Lockhart, Mr. and Mrs. R. G. Patrick, Mr. and Mrs. Garvis Davis and Mr. and Mrs. E. L. McQueen, Sr. Among others attending were Mrs. J. H. Helton, Mr. and Mrs. C. A. Wright, and John Sommers.

## KIL KARE KLUB HOLDS THURSDAY MEETING

The Kil Kare Kneedle Klub met Thursday afternoon, January 10, at 3 p.m. in the home of Mrs. G. C. Heath, for the first meeting of the new year. Decorations of numerous potted gold Chrysanthemums and arrangements of gold roses adorned the entertaining rooms.

After viewing the many lovely golden wedding gifts our hostess received, the afternoon was spent in visiting and sewing. Our new president, Mrs. John Bass, presided during a business meeting making plans for the year. She also entertained with several piano selections. We were happy to welcome a new member into the club, Mrs. Clyde Gilbert.

Delicious refreshments of white cake decorated in gold, mints, tea and coffee were served to Mesdames Clyde Gilbert, S. W. Lowe, M. C. Rumpy, John Bass, Will Kennedy, Harry Brumley, Frank White, Sr., Nollie Simmons, Homer Mulkey, Cap Lane and Miss Etta Harned, by the hostess, Mrs. G. C. Heath. —Rep.

## MRS. JIM WARREN HOSTS GOOD NEIGHBORS CLUB

FROM A FRENCH COURT—A bedroom becomes a sitting room in the French manner by use of an alcoved sleeping area. The bed is placed in a corner and footed by an expensive closet trimmed with French floral pillowcases. The pattern is repeated in the canopy and side draperies, using two double-size sheets. Two more sheets make a striking window treatment, and another makes a dust ruffle. Sheets and pillowcases by Lady Fefferell.

## F.H.A. GIRL OF THE WEEK

Miss Lynn Bourland has just been named FHA Girl of the Week. She is a sophomore and song leader for the Clarendon FHA Chapter. Her responsibilities are to teach relaxer songs and chapter songs to the group as a part of the chapter program when they meet bi-monthly.

Lynn made and modeled two all wool garments, a suit and a full length coat, in both the county and district "Sew With Wool" contest recently. Although she did not place in the top five, she received ratings of good, fine and excellent on workmanship and modeling in the district contest.

Lynn selected several Christmas songs and assisted in leading them for the FHA Christmas assembly recently. These audience participation numbers have created a lot of interest this year.

Lynn is assistant manager of girls basketball "B" team. She is also a member of the annual staff, and a student assistant in the homemaking dept.

## BETA SIGMA PHI ENTERTAINED IN RISLEY HOME THURSDAY

AUSTIN — Governor-elect John Connally has picked seven men to fill key appointments in his administration. Oldest of the seven is Crawford Martin of Hollsboro, who will be Secretary of State. And he is only a year older than the 44-year-old future governor.

Youngest appointee, 27-year-old Larry Temple of Austin, will be an administrative assistant. Teamed with Temple are 32-year-old Bill Fowler of Dallas, 38-year-old Frank Miskell of Austin, and 34-year-old Scott P. Sayers of Fort Worth.

Howard Rose, 32-year-old Midland attorney, will be Connally's executive assistant.

Bill Cobb, 38, will be budget director. He's an Austinite.

Two of the appointees are carry-overs from the Daniel administration, to some degree. Martin served as state senator from Hillsboro for 14 years — through 1962. Cobb was chief examiner for the Legislative Budget Board from 1951 until 1962, when he became assistant director of the Texas Industrial Commission.

Fowler, Miskell and Sayers worked on Connally's staff while he was campaigning for governor.

BOARD REPLACEMENTS ANNOUNCED — Governor Price Daniel made numerous gubernatorial appointments at term's end. He has stated he will make no more appointments unless death creates a vacancy.

He named Milton Potts of Livingston, manager of the Sam Houston Electric Cooperative for the past 22 years, to the Texas

Water Development Board, and he re-appointed Marvin Shurbert of Petersburg to that board.

Daniel also appointed: Dan Melton, Lufkin insurance man, to the Neches River Conservation District board; Fred Mercer of Silvertown and Arville Setliff of Turkey to the Upper Red River Flood Control board.

Jack Douthit of Sterling City, Dale Leddy of San Angelo and L. T. Youngblood of Bronte were reappointed to the Upper Colorado River Authority; J. W. Mullins of Coleman and Isaac S. Pate of Vos were named to the Central Colorado River Authority, and O. L. Cheaney of Santa Anna reappointed.

Mrs. James P. Hart of Austin (wife of the former chancellor of the University of Texas), W. R. Beaumier of Lufkin, and Vann M. Kennedy of Corpus Christi were named to the Texas State Historical Survey Committee.

TURMAN SEEKS POST — James A. Turman, who ran for lieutenant-governor last year and lost, wants to return to his favorite field — education.

The 35-year-old Speaker of the House quickly advanced in the field of education before he became a legislator eight years ago. He earned a doctorate in education, then became assistant professor of education and assistant to the president at Texas Woman's University.

He has asked the Texas Commission on Higher Education to consider him a candidate for its post of executive director.

SCHOOL FUND STILL GROWING — The Permanent School Fund, that provided more than \$21,000,000 of non-tax money for use in public schools in 1962, now consists of investments totaling more than \$477,000,000.

Furthermore, it should continue to grow, since the current rate of return on corporate securities, treasury bonds and municipal bonds has increased from 3.38 per cent to 3.51 per cent.

In the past 23 years, the Fund has earned more than \$162,000,000 in interest through investments made by the State Board of Education.

WEATHER WOES CUT PRODUCTION — Weather played havoc with almost every major crop in the state in 1962 and caused crop production to hit its lowest point since 1937.

U. S. Department of Agriculture reports that the 1962 crop (See Highlights page 8)

**Coronet**

5 repeat actions	Fastest typing	No pounding	Even typing	10 clear carbons
------------------	----------------	-------------	-------------	------------------

Electricity lets you underline a full row of words just by holding down the key, rat-tat-tat, just like that. The same is true for dashes, spaces, dots and the letter "X" for crossing out.

Electricity lets you type as fast as you want even if you're a speed champ. And there's no jumbled letters, no jumpy lines, no uneven spacing.

Electricity does the work for you. There's no pounding the keys. And you can adjust the touch from featherlight to the same as a manual's.

Electricity gives you an expert's even touch on the keys. All letters are typed with the same even blackness . . . your typing looks perfect.

You adjust a dial and can make up to ten carbon copies. More important, the tenth is just about as clear and readable as the first.

**SMITH-CORONA CORONET**—Crisp, modern styling. Four decorator colors. Full office keyboard. Choice of many type styles. Lightweight all-steel carrying case. **ONLY \$10 DOWN.**

**HEDLEY NEWS**

**Mabel Bridges**

News is short this week since zero weather no one could get cars started to go anywhere. Hope to have more news next week.

Ed Boliver, Editor of The Hedley Informer, has bought the Assembly of God Church in Hedley for a new Informer office. Carpenters are working on the building to make a more desirable office. Ed says the weather will have to get much warmer before any moving is done. Congratulations to The Informer family.

Mr. and Mrs. Ernest Houdershell attended the funeral of her uncle, Bob McLaughlin of Seminole, Okla., Friday.

The Hathaway home in west Hedley burned Friday. The fire was discovered upstairs. The fire department, hampered by zero weather and frozen plugs, was unable to contain the blaze and other homes in the area were endangered by the wind blowing fire into the yards and onto roofs. The Hathaway house was destroyed within a few minutes after the fire had been discovered. This house was the home of the Uncle Ben Harris family and one of the old homes in Hedley. Mr. Hathaway had

improved it and made it one of the nicer homes here. Origin of the fire is unknown.

Clyde Grimsley was able to come home Wednesday after several weeks in an Amarillo hospital where he was seriously ill. Welcome home, Clyde. You have surely been missed.

Grandpa Bailey passed away in Wellington Rest Home Jan. 8th at the age of 92.

Funeral was held Thursday in Hedley Methodist Church with pastor, Rev. Gill, in charge.

Surviving are a son, Myron Lee of Houston; one daughter, Mrs. Frank Hefner of Borger; a daughter-in-law, Mrs. Loyd Bailey of Amarillo; several grandchildren and great-grandchildren.

Grandpa Bailey was a long time resident of Hedley having lived here until his health required nursing care. He had a host of friends here who extend sympathy to the family.

Mrs. Bill Johnson was painfully burned when hot grease was spilled on her foot.

Mrs. W. W. Wiggins is improving at her home after having a bad time from sticking a nail through her foot several weeks back.

Don't neglect to call your Hedley reporter if you need to subscribe for The Donley County Leader. All new subscriptions and renewals will be given prompt attention.

Mr. and Mrs. Jerry Gray of Clarendon, Mr. and Mrs. Jim Wilson of Wellington spent Sunday with the lady's mother, Mrs. Elna Davis.

Mr. and Mrs. Les Castle of Levelland, Mr. and Mrs. W. G. Tims of Lockney and the Homer Lee Morgan family spent Sunday with their mother, Mrs. W. B. Morgan.

Mr. and Mrs. J. S. Skaggs received a message Friday that their son had passed away. He suffered a heart attack in Oklahoma City. Mr. and Mrs. Skaggs and Mr. and Mrs. John Stephens left Friday to attend the funeral in Oklahoma City.

A crew of surveyors and engineers are now staking out the new location of the Greenbelt Dam site north of Hedley. Dr. S. H. Townsend, President of the Water Authority has now recovered from his recent illness and work on the dam should progress more rapidly.

Mr. and Mrs. Clifford Johnson, Herlie Moreman and Earl Wheatley attended the Mid-Winter Conference of District 211 Lions at Pampa last week end.

Several members of the Lions District Cabinet plan to attend the meeting of the Lelia Lions Club next Monday. The meeting is called for 7 p.m. and coffee will be served.

Leader—Local rate, \$3.06 a year

**TO THE PEOPLE OF THE 18th DISTRICT**

By Congressman Walter Rogers

**THE 88th CONGRESS**

The 88th Congress of the United States of America convened at 12 Noon on the 9th day of January, 1963, with 433 Members present. 257 of these were Democrats and 176 were Republicans. One Member, a Democrat, was absent and there is one existing vacancy due to the death of Congressman Clem Miller of California, who lost his life in a plane accident last year. Elections are in progress to fill this vacancy. It presently appears that the division in the House of Representatives will be 258 Democrats to 176 Republicans. Should the California seat be filled by a Democrat, which is expected, the count would be 259 Democrats to 176 Republicans.

Prior to the opening of the Congress on January 9th, each Party held a caucus. The primary purpose of the caucus is for the purpose of nominating the candidate for Speaker of the House, selecting a Majority Leader, and nominating certain candidates for offices of employees of the House. The present Speaker of the House was nominated for return to this position, which had been held for so long by a Texan, Sam Rayburn. Mr. McCormack succeeded Mr. Rayburn upon his death and has been the Speaker since. He was re-elected for the 88th Congress by a vote of 256 to 175. The Republican nominee was Mr. Charles Halleck of Indiana. The vote was along Party lines. Everyone voted except the two nominees, who voted "Present", which explains the difference between the number answering present on the first roll call and those voting in the Speakership race.

The Democrats in their caucus named as Majority Leader the Honorable Carl Albert of Oklahoma. Mr. Albert is a man who is short in stature, but long in brains. He has often been referred to as "The Little Giant."

He was a Rhodes scholar and has been looked upon by many as having one of the most brilliant minds of his generation. The Republicans chose as their Minority Leader the Honorable Charles Halleck of Indiana, who was their candidate for the Speakership. Had the Republicans been in the majority in the House of Representatives, Mr. Halleck would have been elected Speaker.

Although there were limited fireworks in the Democratic caucus, the Republican caucus, according to the news media, produced a rebellion that unseated one of the older Members and replaced him with a representative of a younger group — younger both in age and in service in the Congress. This is very similar to the rebellion which occurred a few years back when the long-time Republican leader in the House, Joe Martin of Massachusetts, who had served as Speaker, Majority Leader, and Minority Leader, was unseated and replaced by the present Minority Leader, Charles Halleck of Indiana. How much bitterness will result from these actions is difficult to tell at this time, but it is obvious that there is a bad taste in the mouths of several who were on the losing side in that fight.

Both the Democratic and the Republican Parties named their respective Whips. Mr. Les A.rends of Illinois was named Whip for the Republican Party, and Mr. Hale Boggs of Louisiana was

named Whip of the Democratic Party. These are the political "top sergeants" who are supposed to keep party members in line and keep up with what's going on. Needless to say, their job is a very tough one, and many times a thankless one. I am sure that both would tell you that, contrary to some general beliefs, independent thinking is the order of the day for most Members of the House of Representatives, especially in the South.

In any event the groundwork for the First Session of the 88th Congress has been laid. Committee work will commence soon and representative government will begin to function. Let us all hope that results will be forthcoming that will be most beneficial to the advance of civilization in keeping with the freedom and dignity of the individual.

**THE MONA LISA**

You have all read about the loan of the famous "Mona Lisa" by France to the United States. It is presently being displayed at the National Gallery of Art on Constitution Avenue. There was a special showing for the Congress and other public officials, which I attended along with Mrs. Rogers and Mrs. Julia McKernan of Pampa. There was quite a crowd and the painting was at the end of one of the wings of the Gallery, making access to it quite limited. I could see the painting from the rotunda and was satisfied with that view. The next day I was

talking with former Congressman Brooks Hays at the White House, and asked him if he had attended the ceremonies and viewed the Mona Lisa. He replied that he had viewed the painting in somewhat the same manner as Aunt Rhody from down in Arkansas. Someone asked Aunt Rhody if she had seen Haley's Comet. Her reply was "Well, yes, but only from a distance."

Some of our good Panhandle people, to wit George Shaeffer and his fine family from Canyon, who came up from Norfolk where George is stationed with the Air Force, especially to view this famous painting.

We also had the pleasure of a visit this week from Mr. Frank Storm of Amarillo. Mrs. Julia McKernan was a guest in our home for several days and we enjoyed her so very much.

Cosmetic manufacturers are urged to provide physicians with scientific information about newly marketed beauty products in order to head off possible side effects from these products. The plea was made by Dr. Rudolph L. Baer, professor of dermatology at New York University Schools of Medicine during an American Medical Association sponsored symposium. In his words, "While the lay public is constantly being exposed to intensive and persistent advertising campaigns, pertinent information about new cosmetic preparations is rarely, if ever, sent to dermatologists."

**Amarillo Badgers Beat Bulldogs, 81-62**

The Clarendon Junior College Bulldogs lost their third conference game of the season last Friday night as the Amarillo College Badgers came to town and left with an 81 to 62 victory.

As has been the case in previous games, the Bulldogs were unable to put two good halves together in any one game. The Badgers jumped off to a quick lead and rolled up a 38 to 21 halftime advantage. The Bulldogs came back the last half and played almost on even terms with their visitors but could never catch up.

Jimmy Boyd, freshman guard from Vernon, was again the high scorer for the Bulldogs as he led both teams in scoring with 23 points. Boyd has an 18 point per game average this season and ranks fourth in the conference scoring. But he is the only member of the team who can score consistently as the next man to him, Bill Bentley, is averaging slightly more than nine points per game.

The smooth-operating Badgers lost little time in taking a commanding lead. They scored six points before the Bulldogs could score and went on to leads of 9-1, 11-3 and 17-7 in the first ten minutes. The Bulldogs hit six quick points and narrowed the lead to 17-13, but that was the closest they could get as the Badgers went on to their 38 to 21 halftime lead. In the second half the Bulldogs cut the lead to 11 points at one time (57-46), but could not close the gap any further.

Behind Boyd in scoring were Joe Lennon and Bill Bentley with 9 points each. Lennon, a sophomore letterman from Dodson, played less than half the game in picking up his best

night of the season.

**Bulldogs Play Decatur Saturday Night**

The Bulldogs of Clarendon Junior College will travel to Decatur Saturday night for a return game with the tall and talented Decatur Baptist College Indians. The Bulldogs will be looking for revenge as the Indians took a 66 to 61 win over them in a game played here recently.

Coach Don Dorman, still searching for a winning combination among his few sophomores and inexperienced freshmen, has indicated that he will go along with Max Courtney, Alvin Scott, Bill Bentley, Jimmy Boyd and James Starkey as starters. Randall Murry, Joe Lennon, Leroy Garrett, and James Allen will see front line reserve duty.

The Bulldogs have a 1-3 record in West Junior College Athletic Conference play and a 3-9 overall record.

**FORMER RESIDENT DIES IN CALIFORNIA**

Word was received here Wednesday morning that M. E. Caldwell, 67, former Donley County resident, died at Hansford, California, Tuesday night. He was a brother-in-law of Leo Wallace.

Mr. Caldwell was a resident of Lelia Lake and Ashtola from 1920 to 1934 and moved to California in the early 40's.

He is survived by his wife and eleven children.

Mr. and Mrs. Walter Hodges of Hereford spent Sunday night and Monday in the home of Mr. and Mrs. Will Pickering.

First steam railroad was in 1830 between Baltimore and Ohio.

Continued from page 5

index fell nine per cent below the 1961 level to 127.0. All-time high of 145.0 was set in 1939, and the 1961 level was second highest.

Crops hardest hit were: wheat, down to 43,700,000 bushels or 49 per cent below 1961; citrus, down to about six per cent of 1961 production; sorghum, down 12 per cent; cotton, down 106,000 bales — to 4,680,000 bales.

Production of corn, peanuts, soybeans and rice was down. However, yield per acre was up over the previous year.

Weather's costly whims cut the total value of 1962 crops to \$1,400,000,000 — or eight per cent below the 1961 value. Cotton lint and cottonseed accounted for 57 per cent of the total; sorghum grain, 14 per cent; and wheat, six per cent.

**RETURN OF DIGNITY** — Speaker-elect Byron Tunnell of Tyler said he's going to restore dignity to the House, where legislation frequently resembles a trading boom at the New York Stock Exchange.

He warned legislators that they can no longer have secretaries work at their desks, and relatives will not be allowed to sit with them, except on very special occasions.

**CARR NAMES AIDE** — Atty. Gen. Waggoner Carr has named Albert Jones of Austin as his first assistant.

The University of Texas professor has been directed by Carr to completely reorganize the attorney general's office. Carr said he has asked Jones to head up the reorganization "in order to secure the utmost efficiency in its operation."

Carr noted that Jones, a Fellow of the American College of Trial Lawyers and a former president of the Texas State Bar, will give the office the services of an

outstanding and prominent trial lawyer.

**ECONOMIC HEALTH** — Texas Bank Deposits are continuing to set records almost everywhere.

A survey of major cities was made after the state banking commissioner and the U.S. comptroller ordered condition reports as of December 28.

The December 28 date caught

many banks by surprise. They were anticipating the call date to be December 31.

Some bankers said the difference in dates prevented them from reporting even higher figures. Last day of the year usually is a high mark for bank deposits.
