MOISTURE TOTAL FOR JAN. & FEB. ALMOST NIL

Our weather observer is still functioning but has had very little to do in the way of measuring moisture. During January, no moisture was recorded at all and only .07 was recorded during the entire month of February, .03 on the 2nd and .04 on the 11th. In comparison with January and February of 1966, we are 1.30 inches short.

We had quite a variation in temperature during February though with a real warm 82 degrees on the 15th and a cold 9 degrees on the 24th. March is starting out with spring-like weather but we can expect a continuation of the windy days and blowing dust, at least until we get some moisture.

Clarendon Bronchos Advanced To Regional Tournament Finals Win Runner-Up Trophy After Losing To Lorenzo In Final Game

The Clarendon Bronchos coached by Carl Irlbeck and backed by a host of fans defeated Aspermont 56-52 at Lubbock in an early morning game played in the Coliseum Saturday, February 25 to reach the finals in the State Inter-scholastic Basketball Tournament but that night lost the championship game to Lorenzo by a score of 82-72. Archie Smith was high point man for the tournament and was named to the All Tournament Team along with one

player from Clint. Others named were from the Lorenzo team. Archie Smith was high point man in the Aspermont game hitting the basket for 27 points. Larnce Gardner tallied 18. Klutting scored 17 points for Aspermont. The game was close and had fans standing before the final minutes of play. At the half period Aspermont led Clarendon 30-26. In the third quarter the Bronchos took a 41-38 margin into the last eight minutes of play and As-

permont cut an eight point deficit to two points on a press. Larnce Gardner hit a free throw with 52 seconds to go and another with 39 seconds to go, however Suggs of Aspermont banked a field goal and again there was a two point deficit. Two free throws each by Archie Smith and Larnce Gardner cinched the game.

The game with Lorenzo was hard fought all the way. The first six minutes of play was scoreless then Lorenzo scored eight straight points. At half time Lorenzo held a 20 point lead over Clarendon. The Bronchos came back in the third period and outscored Lorenzo 30-19 to bring them within eight points of Lorenzo. With 1:25 left to play the score stood 78-72. Fisher of Lorenzo removed all doubts as to the outcome of the game with a layup and two more buckets.

Archie Smith tallied 34 points for the game; Larnce Gardner hit 16, and Mac McClellan totaled 10. Several from Lorenzo hit the two digit mark. Fisher with 27, Watson with 21, Jones with 14, and McDaniel with 12. Lorenzo hit 50 percent from the field to Clarendon's 39.7.

The height of the Lorenzo team was one of the determining factors of the game. Their boys took more rebounds than the Bronchos. At times the game was allowed to get rougher than necessary. Mears glasses were broken and knocked to the floor, his eye cut. The Clarendon boys are to be commended for their clean sportsmanship in both their games. Officiating was considered most fair in the Aspermont game. The officials that called the Clarendon-Lorenzo game were from the Lubbock district and had called several games involving Lorenzo during the past season.

The comment throughout the coliseum was that Clarendon had one of the best teams entered in the tournament. A few bad calls can break a team's spirit, but the Bronchos fought the battle to the finish.

Midway of the Phillips-Dimmitt game which followed the Clarendon-Lorenzo game Saturday night the Clarendon Broncho team was presented the Class A Regional Runner-Up Trophy which is now on display at Clarendon High School.

Coach Carl Irlbeck and the entire team extend their thanks to all who traveled with the Bronchos, sent telegrams, and gave them such tremendous support. Coach Irlbeck in commenting stating that the boys did a good job in their Lubbock games to bring to a close a really good year, and they are planning to go a step further next year and make State.

Again, we say "Congratulations, Coach Irlbeck and the Clarendon Bronchos."

Eventhough they didn't win the final game to go on to state, the Bronchos were proud of the runner-up trophy that was awarded them at the regional tourney Saturday night. At left is Archie Smith, who won a place on the all-tourney team and was also high point man of the tourney and Coach Carl Irlbeck, who praised his boys highly for their "fight to the end" spirit.

City Politics Begin To Pick Up

With Saturday, March 4th as the deadline, city politics picked up some this week with Dr. Chas. E. Deyhle breaking the ice and announcing for Alderman.

Tuesday night the ticket began to fill out with Dr. Richard L. Gilkey announcing for re-election as mayor. Chauncey Hommel announced for re-election as Alderman and Gene White also announced as a candidate for Alderman.

Basil Smith, whose term expires this year along with Hommel as Alderman, has declined to run again. He stated that he had served two terms and felt that someone else should have a turn at the office. I will continue to do anything I can to help the city in an unofficial capacity, he added.

DON'T SHOOT OUT CITY STREET LIGHTS

That is the warning issued by the City this week. Street lights are operated for the safety of the public and frequent replacing of light bulbs is expensive to the taxpayer.

Numerous lights have been shot out recently and those caught in the act or reported to the City Police department will be punished according to the law which is not very lenient in such cases.

Texas Public School Week March 6-10

Texas Public School Week has been designated as March 6-10 and you are extended an invitation by our school administrators, and teachers to visit our schools during this week, sit in classes, eat lunch, and see our school at work. If you find it inconvenient to visit during this time you are always most welcome.

Texas Public Schools were established 113 years ago, the belief of Texans being that "Education is the Bulwark of Democracy." You can't take a sentimental journey back to the school room because that little old school isn't there anymore. Times have changed! You can see how our schools are equipped, staffed, children taught, and view the remarkable progress which has been made in recent years to solve tomorrow's needs today.

Texas Public Schools Week gives every person interested in the Public Schools the opportunity of getting as much information as he wants from teachers and administrators about how the schools in our community function. Plan a visit to your school during Public School Week, March 6-10.

Washington Report

From Congressman
BOB PRICE 18TH DISTRICT, TEXAS

1322 CONGRESS OFFICE BUILDING, WASHINGTON, D. C. • 205-2704

On February 20 I introduced two measures to give our veterans of the war in Viet Nam the same benefits as earlier Congresses gave those of us who fought in Korea and in World Wars I and II. One of these bills would add pilot training to the list of educational benefits available to these Viet Nam veterans. The other would extend full war-time benefits to veterans of Viet Nam, expand educational allowances

under the GI bill, and give a cost-of-living increase to aged veterans and their survivors who are receiving pensions. The members of our armed forces are again fighting and giving their lives in the defense of freedom. This is one way in which we can convey our gratitude for their service in Viet Nam. In other Viet Nam related activities, I have joined several other members of Congress in

introducing a resolution asking the President to halt trade, educational, and cultural exchanges, and other related agreements with Russia and its East European satellites until they stop aiding North Viet Nam.

I have also asked Secretary of State Dean Rusk to reconsider a planned sale of government-subsidized vegetable oil to Communist Yugoslavia. This is clearly illegal in view of the Findley Amendment to the last agriculture appropriations act. This amendment, passed by Congress, prohibits government-subsidized sales to countries who are trading with North Viet Nam or who allow ships and planes under their registry to carry goods to that country.

In other activities since my last report to you, I have had the pleasure of attending a briefing at the U. S. Naval Academy in nearby Annapolis, Maryland. I joined a group of high school guidance counselors from our Panhandle area who were flown here by the Navy to tour the academy and attend these very informative meetings.

During the Lincoln Day recess of Congress I was honored to be invited to Houston to address a group of 300 Harris County residents. While there I was shown through the Manned Spacecraft Center by astronaut "Buzz" Aldrin who was in the same fighter squadron with me during the Korean Conflict. As you may remember "Buzz" was the last astronaut to "walk in space."

Recent visitors to our Washington office include: Robert Olte, Charles Bacon, Joe Wiloughby, Mrs. E. A. Kimmins, Elrora Jackson, Margaret Haley, Jane Williams, Bill Prather, Mrs. Nan Gibbs, Esther Boulware, Gladys Davis, Rex Vaughan, M. D. Coleman, Lee Webb, Mr. and Mrs. Charles Jones, G. G. FOLKS passing this "owl tree" in Monroe, Wis. got the feeling they're being watched.

NICE CONSTRUCTION — Linda Owens would welcome some help building sand castle at Cypress Gardens, Fla.

KEEPING WATCH — The J. M. Dickson family moved into their new home last week end. Mrs. Dickson's parents, the Theo Johnsons of Amarillo, have been here helping with the new home.

Mr. and Mrs. M. L. Sims visited his brother, Mr. and Mrs. Altman Sims in Newlin Sunday afternoon.

Mrs. G. T. Foster of Memphis spent the week end with her son, the Charley Fosters. They visited Sunday afternoon with Mrs. Williams and the Denver Powells in Wellington.

BULLDOG KENNEL

COMMENTS FROM THE COACHS CORNER

By Lawrence Overcast

The Bulldogs travelled to Roswell last Friday night to face a determined New Mexico Military squad. The CC canines were stubborn in their refusal to be intimidated on their host's home court however, and dished out, for the second time this year, a stunning defeat, 95-79.

Rick Vidaurri was high scorer with 20 points; Dennis Shugart was a close second with 19, and Harry Cannon totaled 18 points. Tom Byrd worked the boards in high style, bringing in 15 defensive rebounds.

The green and white were not quite so successful Saturday night when they tangled with the tall Texans from Levelland. Playing against a capacity homecoming crowd of frenzied fans and a team bent on revenge after two previous drubbings, the Bulldogs almost, but not quite, brought off a third victory over the host team. The CC boys finally bowed out in the last seconds, trailing 95-81.

Tom Byrd, handicapped with four fouls early in the game, didn't see as much action as usual, but still covered 14 defensive rebounds. Harry Cannon shot a good 21 points; Rick Vidaurri sank 17, and Roy Holloway scored 14.

The Bulldogs closed conference play with what was perhaps their worst game of the season as they were humiliated by Lubbock Christian College Monday night, 95-79. They were out-shot, out-rebounded, and generally outplayed by the Chaparrals, who were not that good. We were that bad. The hapless Bulldogs were all fumble-fingers and stumble-toes; in addition, they escorted their opponents to the free-throw line 27 times while we only managed sixteen attempts. In spite of their poor performance, Tom Byrd had an all-time scoring record of 24 points, while Cannon sank 22. Rick Vidaurri, who was sick, recorded only 8 points. These figures show that the green and white could have run away with the contest if they had played the consistent game of which they are obviously capable.

After dropping their first game of the season to New Mexico Junior College, the Bulldogs closed their regular season on a happier note, taking the Thunderbirds 81-75 Tuesday night. The score was close at times, but CC held a comfortable lead most of the night. The real story was told at the free throw line, where the Bulldogs hit 33 out of 47 tries. New Mexico connected on only 15 out of 28.

Cannon led the pack with 24 points. Holloway came through with 20; Barrera connected with 12 and played the boards in a fine way bringing down 14 defensive rebounds; Byrd shot 16 and came through in high style with 17 defensive rebounds.

We finished conference play in a three way tie for fourth place with Lubbock Christian and South Plains, standing 7-7. Howard County is first, Odessa second, and Amarillo third.

The Bulldogs face a formidable foe in the Region Five Tournament in Amarillo Thursday night, when they take on Ranger, who is ranked third in the nation. We will greatly appreciate the support of all local fans who can possibly make the trip.

The Board urges anyone who wishes their block paved this Spring and Summer to get their money into City Hall so that their block may be prepared and made ready for paving. This money is being deposited in a paving fund and should your block not be completed for any reason your money will be refunded.

This will give you a street 48 feet wide, should you want it wider or need additional paving on the side of your curb the price for this is \$1.00 per square yard.

There being no further business to come before the Board at this time motion was made by J. G. McAnear with a second by John Jones that the meeting adjourn. Motion carried.

Farm Pesticide Survey To Be Made Here

A survey on 1966 farm pesticide use and related farm practices and characteristics, will be made in Donley County during February and March, according to Cary D. Palmer, State Statistician, Texas Crops and Livestock Reporting Service.

Donley County is one of 417 counties in the U. S. included in a national study of farm uses of pesticides. The results will be used to help assess the economic impact of present and future chemical uses and to appraise the rapidly changing structure of United States agriculture. This study, the second of its kind, is part of the USDA research program to develop more effective and safer pest control methods and to aid decision making in farm and ranch management. The first survey conducted two years ago indicated U. S. farmers spent \$514 million on pesticides in 1964.

Farm operators living in selected areas of the county will be asked to report on the sprays and dusts used in 1966 against crop and livestock insects and for killing weeds. The survey will include questions on the materials used, costs and method of application, and other related farm characteristics such as crop acreage, farm income, machinery and equipment use, labor requirements, feed and fertilizer use.

Howard Clark of Amarillo will interview farmers in Donley County, starting on February 27, 1967. He will be working under the supervision of the Texas Crop and Livestock Reporting Service.
