DOG VACCINATION DATE SET FOR MARCH 31

The annual Dog Vaccination Day has been set for Friday, March 31. Vaccination and tags may be taken care of at the same time at the City Hall building at 4 p.m. on that day. This is an annual program sponsored jointly by the City and Dr. Chas. E. Deyhie, local veterinarian. The regular charge would be \$4 but at this time you may receive both the vaccination and the city tag for your pet for only \$3.

Reports indicate that cases of rabies have already been reported and with warmer weather there will be even more arising. Skunks have been moving into town lately also and they are one of the main sources of infection in this area.

All pet owners are urged to protect their pets and their family as well as citizens of the town by taking advantage of this program. The dog tag is not a permit to allow your pet to run roughshod over your neighbors. It has been pointed out that the Dog Ordinance will be enforced.

Clarendon Bandsmen Participate In Solo And Ensemble Contest

Thirty Clarendon High School students took part in the University Interscholastic League Solo and Ensemble contest held at Canyon, Saturday, March 18. Outstanding music educators from Texas and Oklahoma were on hand to judge the various events. Ratings given were Division I through V with a Division I rating being superior.

First Beneficial Rain In 6 Months Recorded

The first beneficial moisture in six months was recorded here Sunday when our official weather observer measured .38 inch. This brings our monthly total to .39 and the years total to .48.

Other points over the country received from a half inch to one inch. Hubert Rhoades measured .50 at Ashtola, Willard Knox .66 at Lelia Lake and W. G. Johnson topped them all with 1 inch at Hedley.

In some areas this was enough moisture to allow plowing operations and farmers and ranchers are hoping that this is the beginning of a good rainy season which is certainly needed from every outlook.

CLARENDON BAND WINS HONORS AT SHAMROCK

The Clarendon High School Broncho Band under the direction of Phil Anthony was named the Outstanding Concert Band in Class A at the St. Patrick's Day Band Festival in Shamrock. A beautiful trophy was presented to the band in recognition of this accomplishment.

Getting the Little League all set up for the regular season which is not too far distant and the organization of an American Legion League for the older group of boys, will be the main topics of discussion.

All interested in helping and working with the summer baseball program in any manner are urged to attend this meeting. "Don't forget the time and place of this meeting as we certainly need your assistance", Vaughan stated.

HELP REQUESTED TO SAVE ROCKS AT OLD CLARENDON

Plans have been made to use the old foundation rocks at Old Clarendon for the reconstruction of the old courthouse on look-out hill above the old Clarendon site.

People have been carrying off these old white rocks and should this practice continue, there will not be enough rocks left to construct anything. They are of no value to anyone but are valuable from a historical standpoint if they can be used as mentioned above.

It is the plans of the historical group here to reconstruct the old Clarendon courthouse on the same site where the old Clarendon cemetery will be located. It is hoped that the Boy Scouts can establish an old Clarendon museum in the building. At any rate, if you are an Old Clarendon visitor, please leave the foundation rocks where they are.

Washington Report

From Congressman

BOB PRICE 10TH DISTRICT, TEXAS

1222 LONGWORTH OFFICE BUILDING, WASHINGTON, D. C. • 222-2704

Since my election I have received many letters in regard to postmaster and rural carrier appointments in the district. However, these appointments are made by the President with the advice and consent of the Senate. This is a holdover from the days when all government jobs went to the friends of politicians.

On March 9 I introduced a bill to take these jobs out of politics. The legislation would provide that appointments to these positions be given to qualified career employees in the postal service.

A resolution approving additional United States food to India was debated in the House on March 9. During the discussion

I pointed out that the American farmer should not be asked to subsidize this Nation's foreign policy, of using American food to aid and stabilize needy areas, unless he is getting a fair price for his products.

The actual purpose for considering the resolution was to take the blame from the President's shoulders for sending more grain abroad for which the American farmer received prices well below parity. Just last month the Department of Agriculture reported the market price for wheat was only 58 percent of parity and for grain sorghum, 76 percent of parity.

While taking all these things

into consideration I decided to vote for the resolution anyway. There are starving people in India who need this food. It is a market for the farmer's product and will keep our surpluses down. I will be doing everything possible in the future to see that American farmers receive a better price for their grain in transactions with India and other countries.

The problem of our defense policies still overshadow most other considerations here in Washington. The war in Viet Nam of course, remains at the top of the list, occasionally other problems arise. One of these was recent testimony before a Senate subcommittee when a former State Department official testified that his sources in Cuba have indicated that Russians still have some missiles in that country.

For many months I have advocated blockading Cuba. This would undoubtedly bring about Castro's downfall in a short period of time. It seems very stupid to me for our fighting men to be dying in the jungles of Viet Nam, thousands of miles away, while we continue to let this com-

munist sore exist 90 miles from our shores.

On the subject of Viet Nam, I would like to quote from a letter one of my colleagues received from an American airman serving there. It expresses my feeling.

"We might make a few of our 'friends' mad when we sink a few of their ships in the Port of Haiphong or stop them from going in, but if we don't want to lose another 500 planes over North Viet Nam, we are going to have to say, 'OK, on these dates we are going to bomb Haiphong and Hanoi—civilians, sorry about that, but move out of the city.' We would then totally destroy their means of waging war at the minimum loss of life to all concerned."

Until next week, regards from your Congressman, Bob Price.

1926 Book Club Hears College Choir Tuesday

The 1926 Book Club met Tuesday afternoon at Patching Club House with Mrs. Jack Clifford presiding. A delightful program was presented by the College Choir under the direction of Mrs. W. R. Lawrence. Mrs. Beryl Clinton was the accompanist. The program included the following members: Amen, The Palms, No Man Is An Island, The Holy City, Vaya Con Dios, Battle Hymn of the Republic, and On The Street Where You Live.

Spring flowers decorated the entertaining rooms and centered the refreshment table. Hostesses for the afternoon were Mrs. C. A. Pitts and Mrs. Frank White, Jr.

Attending were Miss Inez Blankenship and Mesdames J. R. Brandon, Jack Clifford, L. N. Cox, J. R. Gillham, Doyce Graham, Loyd C. Johnson, Otis Naylor, Harold Phelps, C. A. Pitts, W. N. Poole, Frank White, Jr., Beryl Clinton and visitors Mesdames W. R. Lawrence and Beryl Clinton, and members of the College Choir. —Rep.

JAYCEE-ETTE NEWS

Clarendon Jaycee-Ettes held a call meeting Tuesday night, March 21 at the Jaycee Room. After a discussion the group decided to serve coffee at the College auditorium while bids are being opened. Other discussion included plans for the activities for the coming year with Jaycee president, Bob Bell.

Two guests from the Amarillo Club were present, Brenda Higley and Kay Smiley. Kay is a candidate for Area I Vice-President. One new member also attended, Betty White. —Rep.

Area FHA Meeting Held In Lubbock Mar. 18-19

"21 Years — Foundation for Progress" was the theme of the Area I FHA convention when members of the organization convened in Lubbock March 18-19 to celebrate the birthday of the organization. Following the birthday banquet, Lewis Timberlake of Austin told the 1,200 young women that "no one is too young or too old to accept the challenge of leadership." Special music and talent numbers entertained members while delegates from individual chapters met to elect officers. Trudy Reed represented the Clarendon chapter in this meeting.

Highlighting the Saturday morning session was an address by Dr. Clark Ellzey, professor of Home and Family Life at Texas Tech, who discussed the topic "Youth's Greatest Problem." A presentation of the 100 voice FHA Choir, "Sing Out '67", featuring patriotic songs and directed by James D. Cram of Plainview, highlighted the afternoon session.

Twenty-one members of the local chapter participated in the week-end convention. They were accompanied by Mrs. Velma Bourland, Mrs. T. W. McAnear, Mr. and Mrs. Lacy Noble, and Bob Cain.

ASHTOLA CENTER NEWS

Mr. and Mrs. W. L. Tatum and Mr. and Mrs. Robert Tolbert will host the 42 party Friday night, March 24, at the Ashtola Community Center. Meeting time will be 7:30. Bring sandwiches. —Rep.

PAINTINGS TO BE EXHIBITED AT FARMERS STATE BANK

Mrs. Roy Jewell of Hedley, Texas has accepted an invitation by the Farmers State Bank of Clarendon to exhibit some of her paintings in the Lobby of the Bank, Friday, March 24. Paintings will remain in place until noon Saturday, March 25. Everyone is invited to come by and see Mrs. Jewell's exhibit.

LARSEN STUDENTS RECEIVE SUPERIOR MUSIC RATINGS

Several Music students of Lilly Larsen took part in contests sponsored by the Junior Federation of Music Clubs at Borger recently. Gary West earned a gold cup in Original Compositions. He has received Superior ratings for three consecutive years. James Thomas received a Superior rating in Violin Solos, Musicianship and Original Composition.

WALKING SAFELY

Many hips, legs, and other assorted bones have been broken by slipping on muddy, wet, slimy rocks.

Keep away from the orthopedics by using a little forethought. If you don't have any non-slip boots or shoes, make the footwear you are wearing non-slip by tacking three bottle caps (corrugated slides down) to the sole of each shoe, in the shape of a triangle.

PANHANDLE ANGLER'S TIP

After an ice fishing jaunt, keep the ice hole open by sticking an inflated balloon in the hole.

Balloon will keep the opening from freezing over, insuring a good "fishing hole" next trip.

Gov. John Connally's emergency appropriation recommendations to the Legislature held the spotlight at his weekly press conference.

Connally noted that the Senate "apparently wants to study very carefully" the emergency appropriations for which he has asked. He said that plans for San Antonio's HemisFair '68 have to be "seriously altered" if the Senate takes much longer. Governor asks for \$5,500,000 in emergency funds for the state's exhibit, the Institute on Texas Cultures.

Legislature could pass an emergency appropriation to finance immediate pay raises for state employees only if Connally asked them to. However, he declined and stood his original recommendations for increases, effective September 1.

Connally also answered some of the opposition which has lived up since he asked the Legislature to legalize the sale of liquor by the drink. "Opponents on an issue like this always write, and proponents never do," he said, after the flood of letters began arriving. His bill initially contemplated automatically legalizing over-the-bar sales in wet areas without necessity for additional local option elections. However, there is strong pressure to require separate elections. Connally acknowledged the entire proposal faces "tough sledding."

Governor also revealed that A. W. Moursund of Johnson City, close friend and business associate of President Johnson, has asked not to be re-appointed to the Texas Parks and Wildlife Commission. His term expired last week, but he will serve until Connally appoints a successor.

Connally also hinted that he is considering running for a fourth term. He said, "My future action may be determined by what we accomplish during this session."

He declined to say where he stands on pari-mutuel horse race betting legislation or daylight saving time for Texas.

RACE ON—The horses bounded out of the legislative starting gate with record speed in the Senate.

Senate Committee on Counties, Cities and Towns approved the measure to legalize horse race gambling in Texas by a six to five vote.

However, newsmen's polls indicate the bill lacks majority support in either house. Proponents virtually acknowledge that—but feel that their prospects are brighter than ever before.

Bill is sponsored by Sen. Jim Bates of Edinburg and Rep Maurice Pipkin of Brownsville. House

bill was referred to the Counties Committee.

Senate committee hearing featured arguments on tourist attraction and tax revenue vs. moral and economic objections to legalized gambling regardless of its visitor appeal and tax potential.

APPOINTMENTS—Ned Price of Tyler, former Smith County judge, was re-appointed by the governor to a new six-year term on the State Board of Insurance.

Connally picked Corpus Christi oilman Laurence A. McNeil as new board member of Texas College of Arts and Industries, Kingsville. He succeeds John Lynch of Houston, who resigned.

Bob G. Allen of Hamilton, a staff member for two years, was named acting director of the Texas Office of Economic Opportunity, replacing Walter Ritcher, who resigned to join the federal war on poverty.

Miss Bernice R. Johnson of Austin, secretary-treasurer of the Board of Nurse Examiners, was selected to serve on the 50-member U. S. Defense Department Advisory Committee on Women in the Services.

CONSUMER CREDIT CODE—A hard crackdown on certain firms offering credit is the recommendation by a governor's study committee on consumer finance.

Committee found that the public is being defrauded by such organizations as home-improvement firms and small loan businesses. Governor's recommendation is that the state set up strict regulation of these businesses—all the way from bank and savings and loan associations down to retail merchants giving credit.

Code would set maximum credit charges, limit insurance required for credit transactions make clear to consumers amount of credit or cash advances and all charges or pertinent data and prohibit deceptive advising in the field.

Also included in the recommendations was altering the state statutory ceiling on interest rates which the various types of business may charge for credit.

PARK MONEY—Governor Connally's proposed constitutional amendment to authorize the sale of \$75,000,000 in bonds for state park development was unopposed at its hearing before the House Committee on Constitutional Amendments.

Measure would provide that the bonds be paid off from entrance fees at the parks. Interest rate would not exceed six per cent per year.

When no one appeared to testify against the measure, Rep. Rayford Price, committee chairman, referred it to a subcommittee composed of Reps. A. C. Atwood of Edinburg, Bill Bass of Ben Wheeler and Gerhardt Schulle of San Marcos.

CONSTITUTIONAL REVISION—Three bills are in the Legislature aimed at forming a Texas Constitutional Revision Commission to investigate whether and how to either revise or rewrite the Texas Constitution.

Governor Connally's bill, sponsored by Rep. Randy Pendleton

of Andrews would set up the commission and provide for a state Constitutional Convention in Austin in June, 1968. It also would give Connally authority to appoint 10 of the 25 members of the commission and call for a November election of 450 delegates.

Rep. Carl A. Parker of Beaumont also introduced a bill setting up the commission. But his would give the governor no more appointments than the speaker, the lieutenant governor and the chief justice of the Supreme Court.

Sen. A. R. Schwartz of Galveston has introduced a Senate bill to create the commission with 45 members. The governor, speaker, and lieutenant governor each would appoint 15 members under this measure.

FEED LOT LICENSING—Disagreement on a bill to regulate and license cattle feed lots marked a hearing before the House Committee on Livestock and Stock Raising. Disagreement is among cattlemen concerning its merits and among committee members on whether to immediately approve it.

Bill, sponsored by Rep. Tom Holmes of Granbury, would require cattle feed lots with a capacity of more than 1,000 head to be licensed by the state and to meet state standards.

Motion to approve the bill without submitting it to a subcommittee came out with an 8-8 tie and was thus defeated.

Lloyd Bergsma, representing Texas and Southwest Cattle Raisers Association, testified on behalf of the bill. Three witnesses appeared to oppose it, asking for evidence that feed lots are a public nuisance.

IMPROVE FARM INCOME FOR YEAR OF 1967

The soil is a good place to start farm income improvement for 1967. A soil inventory, points out County Agent Ronald Gooch, should include a close study of the acres to be farmed or grazed since soils may vary in their productive capacity and adaptability to crops.

A logical first step, he says, is a soil testing program. The determinations from the soil testing laboratory will give needed information on the amounts of plant food required to provide the planned crops or pasture with the nutrients for production requirements. The fertilizer recommendations for a particular field will be based upon the analysis made of the soil sample submitted to the testing laboratory.

The county agent emphasized the importance of submitting soil samples which are representative of the field or pasture. This is the real key to soil testing. The results of the laboratory analysis, Gooch explained, will be no more accurate nor representative than the soil sample submitted.

Producers are invited to contact Gooch for detailed information on how to take soil samples and also for information sheets and soil sample containers. Gardeners are also reminded that soil testing can help them solve soil fertility problems connected with their activities.

RIGHT OF WAY—Failure to yield right of way figured in 10 per cent of the fatal accidents on the rural highways of Texas last year, according to the Department of Public Safety. This being the case, "Texans for Traffic Safety" suggests you don't depend too heavily on other drivers doing what they're supposed to.

PROTEIN SUPPLEMENT SAVES ON FEED LOT BILL

With the moisture shortage this fall and winter, supplemental feeding will be mighty important during the next few months.

According to County Agricultural Agent Ronald Gooch, cattlemen may be able to save some time and money by feeding protein supplement twice a week rather than daily feeding.

In a Texas A&M University test, cattle fed protein supplement twice a week performed just as well as those fed daily. The result from twice weekly

feeding was about a 60 percent saving of labor and travel as compared to daily feeding.

Feeding twice a week doesn't necessarily mean feeding less supplement, just feeding larger amounts less frequently.

Also, during cold winter weather, cattle need plenty of forage to produce body heat. A low quality roughage that is high in fiber is a good feed during a storm, because of the high body heat production resulting from digesting the fiber in the roughage.

A well-fed cow can stand ex-

tremely low temperatures. Researchers say the critical temperature is just above the temperature at which cattle begin to shiver. A cow on a fasting diet, or without any feed, reaches a critical temperature at about 55 degrees F. A maintenance ration lowers the critical temperature to about 23 degrees F. With an increase in feed consumption, the critical temperature will drop to well below zero.

Wet hair coats and an increase in wind velocity raise the critical temperature and at the same time increase feed requirements ne-

cessary for body heat production. It'll pay good dividends to keep cattle well-fed during the winter stress months, concludes Gooch.

trees in multiples of 50. Cost of seedlings and seed is \$1.50 per hundred plus state sales tax. All orders will be shipped prepaid between mid-January and the first week of March 1967. Seedlings may not be resold nor used for ornamental purposes. "Orders will be accepted on a first-come first-serve basis," Cloud said.

Applications for ordering windbreak seedlings can be obtained from your local County Agent or Soil Conservation District office or from the Director, Texas Forest Service, College Station.

FIRST IN A SERIES
The first Southern Regional Pesticide-Chemical Application School will be held at Wichita Falls' Ramada Inn, April 4-6. Pesticide applicators and others involved with pesticides from northern Texas and Oklahoma are invited to participate. Dr. Jack Price, leader for the Texas Agricultural Extension Service's pesticide-chemical program, is coordinator for the series of nine meetings to be held at different locations over the 13-state Southern Region. Their purpose is to give participants basic knowledge of the sciences and skills involved in the safe and effective use of pesticide chemicals.

February 11 is the deadline for ordering windbreak seedlings to be planted this year, Cloud said.

Windbreak species available now include: black locust, catalpa, Chinese elm, cottonwood, mulberry, osage orange, redcedar, sycamore, euonymus, buffalo-berry, rose multiflora, and Austrian, loblolly, ponderosa, short-leas, and slash pine. Stratified black walnut seed is also available.

If any ministers stoop to the reading of this lowly column, will you please take note of the following experience...

Last week as my wife and myself were reading our daily Bible reading a seemingly great truth just seemed to reach out to us. This is so often true as we read and re-read the same passages. Something becomes clear that had been unseen at other readings...

We had read how that when King David had finished numbering the people that he realized that he had committed a great sin. And then how the prophet Gad had been told by God to offer King David his choice of three forms of punishment. He was to choose between seven years of famine, or that he must flee three months before his enemies while they would pursue him, or that there be three days pestilence in the land...

The answer of King David came in the fourteenth verse of the twenty-fourth chapter of Second Samuel; "And David said unto Gad, I am in a great strait; let us now fall into the hand of the Lord; for His mercies are great; and let me not fall into the hand of man." This brought a thrill to our hearts.

I suppose this thought may have been preached on many times, but we could not remember a sermon. There seemed to be much that could be said on this decision by King David. With all of his courage and his past record as a warrior. Even with his ability as a king he chose not to face any of these things without the help of God, but rather to humbly trust in

God to be merciful and just in His punishment of David's sin. Will some preacher write me if he ever used this text for a sermon, and give me a thumb-nail sketch of his thought...

We heard of the fellow that was so cock-sure of himself that he boasted that he never in all his life had been wrong but once. That was once when he thought he was wrong, and later learned that he was right. I had to run this one by sort of slow to get the full meaning...

FEARFUL REPORTS

Monday, Fearful received a call to say his suspect last week was Tim Caldwell.

Tuesday, Fearful received a call from the Chemistry class to find a student called "Bucky". The person was said to have blond hair, brown eyes, and be short in stature.

Wednesday, Fearful went to CHS to see if he could get any clues. As he went down the hall at 10:30 he was overcome by a smell from the Chemistry class, and had to be taken home. Anyway it was the wrong Chemistry class.

Thursday, Fearful decided to go to CHS in the afternoon. As he passed Miss Glover's class he saw his suspect, but as luck would have it, Mr. Rumpy came down the hall with a ladder and knocked him out.

Please help Fearful find his suspect.

EDITORIAL WHO'S GOT YOUR GOAT?

Don't let anybody get your goat? That is, don't lose control of yourself.

The goat refers to an old belief of racehorse owners. They thought that a goat in the same stall with a sure winner would keep the thoroughbred calm. But if the goat was stolen or strayed

off, they believed the thoroughbred would lack its former composure and lose the next race. Your own ability to control yourself is the goat in question here.

Do you allow anyone to get your goat?

CLASS NEWS MY PICKUP TRUCK

By Larry Sanders

I have a pickup truck Which is very easy to get stuck. When I go out to the dam, I have a hard time getting 'round. But when I get to the strip, That pickup's ready to rip.

My hot rod pickup has a Buick mill; She'll move a lot of iron just sittin' still. I pull to the line and step on the gas And watch the other car go back fast.

I win a few drags and have a lot of fun. Yep, my hot rod pickup is a sure-of-a-gun.

LOCAL PASTOR IN SHAMROCK REVIVAL

Rev. W. R. Lawrence, pastor of First Baptist Church, will be in Shamrock with the Eleventh St. Baptist Church for a revival meeting beginning Easter Sunday night and continuing through the following week. Rev. Lawrence will return to his own pulpit Sunday night, April 2.

Mr. and Mrs. John Wayne Cearley and John Dean let Monday enroute to California after a visit with his mother, Mr. and Mrs. John H. Jones, and with other relatives. John has been assigned to the Naval base at San Diego, but will report for duty at Port Hueneme March 28.

Jaycee Installation Banquet Held

The new officers of the Clarendon Jaycees were installed Saturday night at their annual installation banquet. Several Jaycees from area towns were present, as were several local people.

The new officers for the 1967-68 year are: Bob Bell, President; Glenn Wallace, Vice President; Duane Nichols, Secretary; Charles Vaughn, Treasurer; Gary Gerdes, Interclub Director. Other directors are Delbert Robertson, Bright Newhouse, Owen Johnson, and Gene White.

Awards were presented to members as follows: Spark Plug Award, Gary Gerdes; Spoke Awards, Duane Nichols and Charles Vaughn; Roadrunner Awards for most traveling, Chauncey Hommel, Bob Bell, Glenn Wallace, Gene White and Gary Gerdes; Sound Citizen Awards, Bright Newhouse, Roland Hill, and Lloyd Leeper. 100% Awards for 100 percent attendance at meetings were awarded to Gary Gerdes, Bob Bell, Owen Johnson, Duane Nichols, and Glenn Wallace.

Key Man Award voted on by the members and awarded to the person who was the Key to Success during the past year was given to Gary Gerdes, Past President. Jaycee of the Year Award for faithful service to the Jaycee club and the town during the past year was awarded to Delbert Robertson.

Each year the Clarendon Jaycees award the Distinguished Service Award to one person in the community who has worked hard for the further development of the town to make it a better place to "live and raise a family". This year the Jaycees elected W. Carroll Knorpp for this award, due to his efforts in past years toward the development of the Greenbelt Water Authority Reservoir on Salt Fork of Red River north of town.

Mr. and Mrs. C. R. Cross, Jr. of Anaheim, Calif. visited recently with his parents, Mr. and Mrs. C. R. Cross, Sr. and his brother and family, Mr. and Mrs. Herman Cross and Annette.

FARM NEWS

from County ASGS Committee

ALTERNATE CROPS NAMED FOR 1967 PLANTING ON DIVERTED ACRES

Alternate non-surplus crops which may be grown on feed grain or cotton diverted acreage have been named by the U. S. Department of Agriculture. These crops are castor beans, guar, sesame, plantago ovata, mustard seed and crambe. As was the case in 1966, a reduction is made in program payments per acre when these crops are planted on diverted acreage. Guar can be classified as an approved conservation use for diverted acres upon written notice from the farm operator that the crop will be used only for cover and not harvested. For the applicable deductions when substitute crops are planted for harvest on diverted acres please contact your local ASGS office.

1967 FARM PROGRAM PARTICIPATION

As of March 1, 1967 the following number of farms were signed to participate in the 1967 Farm Programs — 506 cotton farms, 347 feed grain farms and 174 wheat farms.

ACP FOR LOW-INCOME FARMERS

Poor land produced little income for use in solving farm conservation problems. Unsolved farm conservation problems mean poorer land each year. To help stop this downward spiral, ASGS regulations allow Federal cost-sharing of up to 80 percent of the cost of a conservation practice needed by a low-income farmer to help save the land. The ASGS County Office has full details.

PAYMENT REDUCTION FOR DIVERTING BELOW AVERAGE LAND

For annual programs, payment for the farm may be reduced where the County Committee determines that the average productivity of the acreage diverted otherwise eligible, is substantially less than the average productivity of the cropland which

would normally be devoted to the crop. This is most important so be sure to remember this when you choose the acreage you will designate as diverted acres. Your payment could be affected.

MEASUREMENT SERVICE

The measurement service for wheat is available. The staking service for cotton, feed grain, and diverted acres is also available. Charges for these services will vary for the individual farms, so if you're interested, come in and talk with us.

SONS VISIT HERE

Capt. Donald A. Pitts of Omaha, Nebraska and Lt. David Pitts who has been based at Ft. Knox, Ky. have reported for duty following leaves spent with their parents, Mr. and Mrs. C. A. Pitts. While here the boys and their parents enjoyed a fishing trip to the Texas Coast.

Capt. Donald Pitts returned to his base at Omaha, Nebraska Friday after a three week leave.

Lt. Donald Pitts left Thursday morning for a training period in Panama after which he will join the 173 Airborne Division in Viet Nam. He was here for a 30 day leave.

JUG OF WATER STARTS AUTO FIRE FRIDAY

A bottle of distilled water sitting on the back seat of an auto owned by Mrs. Leo Wallace and parked in front of her business here, apparently set off a fire that caused considerable damage to the interior of the car.

The sun shining through the container of water magnified and set the back seat on fire. This is a good warning to anyone in regard to leaving any type of liquid in a car seat where the sun rays can reach it.

HOSPITAL NOTES

Patients as of Wednesday, March 22: Mrs. Fannie Reynolds, Mrs. Minnie Ivey, Mrs. Dean Hill, Mrs. Bertie Hancock.

Dismissals: Elizabeth Barker, Tom Chapman, Mrs. Helen Jeffers, Tom Stewart, Mrs. W. G. Word.

APRIL 1 DEADLINE FOR BASS

The Texas Parks and Wildlife Department reminded landowners with eligible stock ponds to formally request any needed bass fry in advance of the April 1 deadline.

Applications for catfish and sunfish may be made until August 1. The late restocking requests will be filed for service in 1968.

Applicants may obtain application forms from Department offices or from Carl Carter, local game warden for this area, who lives here in Clarendon. His territory includes Donley, East half of Armstrong, and east half of Briscoe Counties.

They should be mailed direct to the Texas Parks and Wildlife Department, John H. Reagan Building, Austin, Texas 78701.

Game wardens will inspect areas listed as needing restocking. Those approved will be processed by the distributing hatchery superintendent assigned to the affected area.

NEW SOCIAL SECURITY SCHEDULE ANNOUNCED

The District Office, Social Security, has released the service schedule for the months of April, May, and June. A Field representative of the Social Security Administration will be at the Courthouse in Clarendon on Thursdays from 9 a.m. to 12 noon April 13 and 27, May 11 and 25, June 8 and 22. He will help with any matters relating to Social Security.

If you plan to visit the Amarillo office at 1006 Adams Street hours are 8:15 a.m. to 4:30 p.m. Monday through Friday and until 7:30 p.m. on Thursday evenings.

TO VISIT SON

Mr. and Mrs. Homer Bones, Mrs. Jerry Bones of Amarillo, and Mrs. Wilson Gray are visiting the Bones' son, Jerry, at Chanute, Ill. Mr. Bones left Monday with Jerry's car. Mrs. Homer Bones, Mrs. Jerry Bones and Mrs. Gray left Wednesday morning. Mrs. Jerry Bones will remain with her husband who is based at Chanute Field.
