TYPICAL WEST TEXAS FAMILY WINS

This family of four, Mr. and Mrs. D. E. Leathers (top) of Clarendon and their children (bottom), Margaret Jean and Johnny, are representing West Texas at the New York World's Fair. They were adjudged first place in a "Typical American Family" contest sponsored locally by the Donley County Leader, the Star-Telegram and the West Texas Chamber of Commerce for the state. The Ford motor company is furnishing transportation to and from the Fair. All expenses will be paid by the sponsors. The fair will pay all expenses and the winning family will be guests of the "Typical American Home" for one week on fair grounds.

CLARENDON'S POPULATION LARGER THAN EXPECTED

Various estimates of the population of this town, exclusive of boroughs and suburbs, ran from 1500 to 2200. The City proper had a population of 2,756 in 1930. The 1940 preliminary figures released by the supervisor of the census at Pampa Tuesday, gave the present population as 2,442. These figures are subject to correction. All those overlooked, if any, are requested to call the Leader office.

ED SPEED HAS HANKERIN' FOR WESTERN SCENES

For some few years Ed Speed is said to have had a "hankerin' for the Pacific coast. He craves to see where the juice grows that he gets out of the cans. Now that he has sold his home to Grover C. Heath, he may take a look over the western country. The Heath family now has one of the prettiest homes on East First street.

Lelia Pupils On Rail Outing

RIDE DENVER TO HIGHWAY PARK NEAR GILES TO ENJOY NOVELTY

Believe it or not, many boys and girls almost ready for high school have not ridden on a train, the old standby of transportation. Many grown-ups have not ridden on a modern air conditioned train.

As an educational feature of the Lelia Lake grammar school, sixty-six pupils a few days ago boarded the Denver noon train at Lelia and rode to Giles for an outing at Highway park.

Every courtesy was shown the school group by trainmen. An inspection of the train was made from "stem to stern," and every detail explained to the youthful prodigies.

As the train neared Giles, it was stopped at the nearest point to the park where the pupils took off for the hills and hollows of the Park. Supt. Raymond Wilson headed the excursion, assisted by Miss Lucas, Miss Webster and Mrs. Cook, instructors in the grades.

"The old depot at Lelia Lake took on an appearance of days of yesterday when "putting the train through" was a great outdoor diversion," stated Mr. Albert W. Gerner as he was asked for information.

Probably the boys and girls making the trip are now boosters of the old Denver that hauled their ancestors to the Panhandle in the days of martial bliss and wide open ranges.

Wildcat Tests May Start Soon

Following the flurry of leasing here the past two months many naturally think that something will break loose in the way of wildcat drilling. Two different companies had geologists here the past week allegedly for the purpose of locating drilling sites. One will be about nine miles north of town, and the other will be west of town a short distance. If the information is reliable, drilling preparations may begin next week.

ATTENDS STATE MEDICAL CONVENTION IN DALLAS

Dr. and Mrs. B. L. Jenkins are in Dallas for the week. They are spending a visit with Dr. Oscar Jenkins and family while Dr. B. L. Jenkins attends the sessions of the State Medical Convention.

WPA Projects Open To Public

MAYOR PROCLAIMS WEEK OF MAY 20-25 FOR PUBLICITY AID

There has been more or less secrecy about some of the WPA projects in the past. Those in charge of many such projects were instructed to refer inquirers to headquarters for information, we were told. Now that is to be cleared up all within five days.

At the request of backers of what is designated as "This Work Pays Your Community," the honorable Mayor accedes to the entreaties of those in authority and issues a proclamation in which the public is invited to inspect and examine on specific dates such matters as may have been here-to-fore a deep mystery.

The projects are said to include "Professional and Service Projects" of Clarendon, and likely will include the county as well since the county is sponsoring some of the projects.

There is a hope that a need will be shown for carrying out the unfinished business. Since it is a national affair, projects will include the "health service, child welfare works," Community projects list "housekeeping aides, school lunch, matrons, sewing room, public records, library, recreation, commodity distribution projects operating within the confines of the City of Clarendon."

This covers all the information given the Leader, and it is passed on to our readers just as it came to the Leader.

Three Grades Will Journey To Caverns

PRINCIPAL AND TRUSTEES WILL ACCOMPANY MARTIN PUPILS THURSDAY

Thirty pupils of the 6-7-8th grades of the Martin school will leave on Thursday morning of this week to spend four days on an educational tour with the Garlsbad Caverns as their main objective.

Stops will be made at the big Museum in Canyon. That may take most a day. The Helium plant west of Amarillo will require some little time to learn what most any one should know about the biggest thing of its kind in existence, and so important in war time.

Arriving at Roswell, a side trip out to the Cap Rock and an inspection of the chain of "bottomless" lakes will be a treat. This natural phenomenon where the water runs north part of the time, and south some of the time connecting the small, round lakes, is well worth seeing.

Principal Harry Hartzog and his family will be in charge of the school children. Trustees Virgil Jordan, J. H. Helton and Neeley Veazy will take their women folks along and make a picnic trip of this annual affair.

MARTIN SCHOOL CHANGES SCHOOL FACULTY

The Martin school will open this fall with F. L. Behrens as principal. Miss Lou Brock and Miss Nova Cook will instruct the primary grades.

This school has steadily grown in influence the past few years under the very able leadership of Harry Hartzog who will be identified with the Community Center consolidated school four and a half miles north of Kirkland next term. His work will be that of coach as well as instructor in the school room.

Miss Mildred Pittman will teach in the Leslie school down in Hall county next term.

ATTEND HOSPITAL SERVICE IN AMARILLO SUNDAY

Several members of the American Legion Post and Auxiliary attended the hospital dedication in Amarillo Sunday afternoon. Among them were Mr. and Mrs. L. E. Thompson, Mr. and Mrs. B. C. Antrobus, Mr. and Mrs. E. R. Andis, R. M. Chunn and "Cooch" Decker.

The veteran's hospital in Amarillo is credited to Bill Stroud of Hedley, Geo. Broome and Lew Fields of Amarillo because they started agitation for the project several years ago and kept at it until the building started.

Cong. Marvin Jones was among the speakers heard at the dedication.

MRS. J. C. BULLOCK DIED IN MEMPHIS SUNDAY

Mrs. Bullock, popular teacher of the third grade in the Lakeview school fell a victim of a pneumonia attack. Revs. Applewhite and Starkey conducted the last rites in the Baptist church of Lakeview Monday.

Twelve of the girls of the third grade acted as flower girls. Attending the casket were Dan Dean, S. A. James, A. W. Green, Elmer Sanders, C. C. Brown, L. L. Waldrop.

Surviving is the husband, J. C. Bullock and two children, Clinton Henry aged 11 and Mary Jo aged 9, and a number of other relatives.

The Buntin mortuary of Clarendon had charge of funeral arrangements.

HAS MAJOR OPERATION

Mrs. Walter Wilson had a major operation at Adair hospital Sunday. Her condition at this time is said to be satisfactory.

DIRT FARMER CANDIDATE IN DONLEY WEDNESDAY

Actual dirt farmers seldom offer for office any more. In the race for state representative, there are two lawyers and a dirt farmer. The farmer has the edge over the lawyers by having served one term back in 1934. The dirt farmer is John Puryear of Wellington. The lawyers are Luther Gible of Wellington and Ennis Favors of Pampa.

YOUR SCHOOL LIBRARY

The Junior High School Library will be open to visitors Monday, Tuesday and Wednesday of next week. This is in accordance with the national "This Work Pays Your Community" program.

WILL SPEND A WEEK AS GUEST OF WORLD'S FAIR IN TYPICAL AMERICAN HOME ON GROUNDS

BUGBEE PICTURES MAXWELL HISTORY OF NEW MEXICO

Clarendon citizens will want to buy the First June issue of Ranch Romances magazine, for it contains an article illustrated by several of our own Harold Bugbee's admirable drawings. The article is by Mrs. Hazel C. Upshaw of Texas and New Mexico, and is called "Lucien Maxwell, Duke of the Cimarron."

It tells the fascinating story of Maxwell's life, and the high spots have been pointed up by Mr. Bugbee's drawings. He has done an excellent sketch of Maxwell in his prime, and, among others, a sketch of the old Maxwell house at Cimarron and one of the famous Aztec Mill Maxwell built in 1864.

THOMPSON BROS. ANNOUNCE REFRIGERATOR CONTEST

Sixty refrigerators and \$3,500 in cash will be awarded weekly between May 20 and June 30 in this year's Servel Electrolux-P&G soap contest it was announced today by L. E. Thompson, manager of Thompson Bros. company.

"Our company invites all who are interested to drop in at our salesroom where we will be glad to give them complete information concerning the details of the contest. We will also supply entry blanks to all applicants. You have nothing to buy, and no great literary talent is necessary," Mr. Thompson stated.

AMERICAN MUSEUM CREW GOING BACK NORTH

Working this section in the winter months, the crew returns to the Dakotas for the summer months each year, or have done so for the past eight years. The families best acquainted here are the manager, N. J. Vaughan and Mrs. Vaughan, and Mr. and Mrs. John Lynch.

Dr. C. H. Falkenbach, field representative of the American Museum with headquarters in New York, was here Wednesday and spent quite a bit of time with the editor of the Leader in looking over his geological and paleontological specimens collected for the local museum.

Former Clarendon Publisher Dies

It was during January of 1909 that John Esten Cooke sold his Banzer Stockman here to R. C. Dial and sought other fields. He was a popular citizen of Clarendon and became just as popular at Brady. Later he became owner of the Rockdale Reporter of Rockdale, Texas which he published from 1911 to his death Friday, May 10th. He served a term as president of the Texas Press Association several years ago.

He had just recently received his second appointment as postmaster of Rockdale.

J. E. Cooke was a Cousin of the late W. H. Cooke of Clarendon. He visited relatives and friends here last some two years ago.

At the World's Fair the West Texas family will spend a week's all-expense-paid vacation in one of two typical American homes erected on the fair grounds especially for the typical American contestants. Their "typical neighbors" during the week will be a family from Maine. Thirty-three families will compete for the national award.

AGED MAN UNIMPROVED

Friends of Mr. R. L. Bain do not find him making the improvement they would like to see at this time. His condition remains critical.

Marvin Jones Will Resign

DEFINITE STATEMENT MADE WILL QUIET ALL RUMORS TO THE CONTRARY

WASHINGTON, May 13.—Chairman Jones (D-Tex.) of the house agriculture committee, who is to leave congress for a federal judgeship, urged today the reelection of incumbent congressmen and declared the national legislature needs experienced members if it is to "escape domination by the executive branch of the government."

While stating in his prepared remarks that he was "retiring from congress at the end of the present term," Jones said off the house floor that he actually had not made up his mind definitely just exactly when he would leave congress. He said it might be during the congressional recess, after the present session is adjourned. He is to fill a vacancy on the United States court of claims.

Winning In District One Was Matter Of Beating Less Than a Hundred Panhandle Families

WINNING IN 10 DISTRICTS INVOLVED 984 FAMILIES OVER WIDE AREA

"How little things can grow!" was the expression of D. E. Leathers when he came into the Leader office after winning in District One. Just a few days before, George Wayne Estlack, advertising man on the Leader force here, had written the Abilene office of the West Texas Chamber of Commerce for entry blanks. He talked the matter of entering the contest with Mr. Leathers, and finally the editor was called in. We all talked it over, the three of us, and saw no reason why the D. E. Leathers family should not get the honors and the trip.

LEADER SPONSORS FAMILY
Your Donley County Leader wanted to see a typical farmer family win. It wanted to see a Donley county family win. After rehearsing the record of the D. E. Leathers family, there was no chance for the family to lose. They are now on their way to New York, sponsored by the Donley County Leader. Newspapers and chambers of commerce were asked to sponsor families to enter the "Most Typical Family of West Texas contest," sponsored by the Star-Telegram and the West Texas Chamber of Commerce.

A messenger at the Leathers home Friday morning informed them that the family had won first place over 10 districts. From that time on, things began to happen thick and fast. Members of the family were almost too busy to be found for congratulations. The first trip was made to Amarillo where clothing was purchased for the trip. Sears-Roebuck surprised them with a refund after the purchases were made and paid for, just to show appreciation for bringing honors to the Panhandle.

The family went to Big Springs today with Homer Mulkey, a director of the W. T. Chamber, where the organization began its 22nd annual convention today.

The Leathers family will make their first official appearance in the West Texas Chamber of Commerce Revue. "Life in America," Thursday night at the opening of the regional chamber's annual convention in Big Spring.

The winning family will be presented at the convention general assembly Friday morning by Amon Carter, District 4 director of the West Texas chamber. The family will be guests at the newspapermen's luncheon Friday noon.

The Leathers family will leave immediately after the rally on their trip to New York, with Fort Worth as the night stop Friday. Other overnight stops on the trip will be made at Nashville, Tenn., and Washington, D. C. They are due to arrive in New York at noon Monday, May 20.

At the World's Fair the West Texas family will spend a week's all-expense-paid vacation in one of two typical American homes erected on the fair grounds especially for the typical American contestants. Their "typical neighbors" during the week will be a family from Maine. Thirty-three families will compete for the national award.

If our neighbors win the national honors, they will receive a new home, completely furnished, a new car and what has been described as a "large bank roll." Plenty of Donley county folks feel sure that the Leathers family will win in New York city. When you go back and read the judging points again, you will recall that this family's talents and inclinations simply covers a multitude of those requirements not found in any other one family. Sure they'll win!

After the return, your Donley County Leader will attempt to give you a story on the trip, what they saw and learned, back in the effect east.

CURTIS DOUGLASS INSPECTS POLITICAL FENCES

Here for a short time Tuesday was Judge Curtis Douglass of Panhandle, candidate for the state senate. Judge Douglass was a candidate for the same office some four years ago, being beaten by Senator Clint Small by a small majority.

Rep. Max Boyer of Perryton is the opponent of Judge Douglass this time. Reports over the district indicate that Douglass will be an easy winner.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners."
The first roses are blooming. If one lived to be a thousand years old, the thrill at the first rose in any season would continue, I suspect.
Have you seen the gorgeous red ones by the side of the McCrary home, or the bonny pink rose on the rock wall of the Joe Goldston's?
The climbing roses on the Gentry's fence are blooming with a riotous abandon that makes it breath-taking in its floral effect.
The peonies are one of the most decorative and effective garden subjects; several clumps are in bloom at the Cal Merchants. The golden elder with its lacy blossoms are in the Caraway and Shaver yards.
Iris still wave their lance-like shafts of flowers in the May Prewitt yard and have ended her quest for the "Rainbow's end."
Try to imagine a flowerless world. Impossible! Bright blossoms are always welcome.
In joy or in sorrow, they are efficient messengers, more eloquent in their sweet silence than a thousand spoken words.

OUR TAXES OF \$8,000 A DAY

HELP TO KEEP THEM IN SCHOOL

- Of the total taxes paid each year by this Company and associated Companies as citizens of your community, a substantial proportion goes to the support of your schools.
The Companies' total tax bill for 1939 exceeded \$3,000,000—more than \$8,000 a day! One of the large items in it was school taxes.
Educators have estimated that in the United States the average cost of putting a child through one year of public school is about \$75.00. If the total taxes paid annually by these Companies were applicable to educational purposes alone, they would provide a year's education for something like 40,000 children every school year!
Our taxes are important to the proper maintenance and conduct of not only public schools but also all forms of government. They are an obligation of citizenship and contribute to the welfare of communities throughout the territory we serve.

MODERN BOOK INFLUENCE.

The society writer for a certain west Texas weekly must have been reading G-of-W or G-W-Wind or something until her mind was tinged. In writing up a kid musical program, she said:

"The auditorium was filled with expectant mothers awaiting the appearance of their offspring." That ought to be some consolation to other writers.

HITLER AT OUR HOME.

We never fully found out the name of the woodpecker that plays in our back yard every spring until this week. We have named him "Hitler" because he seems so determined. Right now he is trying to pick a home-hole in a block of petrified wood, and shows no sign of giving up the job.

The hostess served a delicious refreshment of ice cream and angel food cake.

Guests of the Club were Mesdames Frank Whitlock, Clarence Whitlock, Reagan Bryan, Miss Mozelle Billingsly.

Members present were Mesdames W. B. Sims, Eva Draffin, H. C. Brumley, Homer Mulkey, Buel Sanford, W. A. Massie, Cap Lane, R. R. Dawkins, J. R. Bartlett, E. H. Noland.

PATHFINDER CLUB

The last meeting for the Club year was held in the home of Mrs. J. L. McMurtry, with the Senior girls of the High School and College as guests.

The meeting was called to order by the president, Mrs. Edd Dishman, and the Club Collect was read in unison. The necessary business concluding the year's work was transacted, after which Mrs. C. E. Bairfield gave a most interesting report of the recent District Federation meeting at Shamrock.

The program for the day was a "Rose Festival," led by Mrs. J. L. McMurtry. She explained that our late season must account for the scarcity of roses. Instead, the spacious rooms were decorated with lovely iris.

Little Miss Dorothy Ann Kennedy played "To a Wild Rose" by MacDowell. Mrs. McMurtry, Mrs. Henshaw and Mrs. Beck sang "Roses of Picardy," accompanied by Mrs. Rayburn Smith. Mrs. C. E. Bairfield gave a musical reading, "Ashes of Roses," accompanied by Mrs. Beck.

Mrs. Henshaw sang "In the Time of Roses" and "Mighty Lak a Rose," accompanied by Mrs. McMurtry. Then the club stood and sang "The Last

Besides the girls as guests, there were others, including Miss Howren, Mrs. Thornberry, Mrs. Rayburn Smith, Mrs. Florence Hvass, and Mrs. John Deaver, Mrs. Tarver, Mrs. Rufus Greene and Mrs. Ed Kinslow from Memphis.

The dining room was charming with its lace covered table, its background of roses and honeysuckle surrounding the punch bowl over which Mrs. Dishman presided, while the hostesses, Mesdames Boston, Fvass, Stewart and Bourland, served the guests. On each plate was a rosebud, so it was really a "Rose Festival" despite the "weather man."

Hybrid corn has taken the Corn Belt by storm and Texas farmers have heard so much about the wonderful results that they yearn to try some. But, warns E. A. Miller, agronomist of the Texas A&M Extension Service, these northern hybrids are not suited to Texas conditions.

Hybrid corn has to be developed and tested for different sections of the nation. The Texas Agricultural Experiment Station has a number of hybrids that show promise and these will be released for production in another year or so. A few of the commercial hybrid varieties available at present are suited for extreme Northeast Texas and North Central Texas.

Due to increased operating costs and loss of markets to other states, Texas oilmen drilled 2,221 fewer wells last year than in 1938.

Red Cross To Aid War Needy

AMERICA ASKED FOR TEN MILLION DOLLARS TO PATCH WAR LORD'S PATH IN EUROPE

Again the challenge comes to America from European battlefields to back the Red Cross in salvaging human wrecks, victims of a dictator who finds glory from the contemplation of wounded and dying human beings besought with hunger and disease.

The first call is for ten million dollars. This call comes from the American Red Cross War Relief Fund Campaign. Donley county has been asked to raise \$380.

Contributions should be left at either of the three banks here. J. D. Swift is Chapter treasurer in Clarendon. Mrs. Allen Jeffries is Roll Call chairman and Sam Braswell is Chapter chairman.

Higher taxes and other increased costs for Texas oilmen caused a decline of 4,355 in the number of oil wells drilled in the State in the past two years, compared with the previous year.

Texas oil producers lost over 68 million barrels of their market to other oil states with cheaper producing costs in the past two years, according to Railroad Commission figures.

GONE WITH WIND PICTURE HELPS PENSIONERS

Texas' old age pensioners also got a cut on that book which Margaret Mitchell wrote about the old south. Texas has a tax of one cent on each ten cents of theatre admissions when the admission is 51 cents or more. Ordinarily, that tax doesn't yield much—a few hundred a month from road shows.

But since "Gone With The Wind" started showing in Texas at advanced prices, Comptroller George Shepard reported last week, an additional \$68,207.39 cents has rolled into the state's tax collection coffers, of which three-fourths went to old age pensioners and one fourth to the schools.

Ira Merchant of Beverly Hills, Calif. is here visiting relatives and friends.

Honor The Dead; Help The Living

Bright red poppies, crepe paper replicas of the famous poppies of Flanders Fields, fill Legion headquarters here today as the women of the American Legion Auxiliary prepare for the annual observance of Poppy Day on Saturday, May 25th.

The poppies were received from Veterans Hospital Legion, Texas where they were made by disabled World War veterans. They show the patient and devoted work of these men who made them in remembrance of their departed comrades. All handmade, the flowers vary slightly according to the skill of the veterans. "Poppy-making means much to the disabled veterans," explained Mrs. Ralph Andis, Poppy Day chairman. "For those in the hospitals, it provides an interesting occupation to fill the long hours of illness and convalescence. It has high value as occupational therapy, helping the men speed their recovery. It gives them the encouraging experience of again earning money and of being able to send money home to help support their families."

"The poppy work rooms maintained by the Auxiliary in a number of states, provide employment for disabled men outside the hospitals who are unable to do other work. For them the poppy work is an eagerly sought relief from unhappy idleness, from the almost hopeless search for a job their limited strength can perform, and a means of supporting themselves and families."

The disabled veterans are the only persons who receive pay for poppy work. The Auxiliary women who handle and distribute the flowers serve as un-paid volunteers, all contributions received on Poppy Day going to support Legion and Auxiliary efforts for the disabled and the needy families of veterans.

In making my announcement as a candidate for the office of county treasurer, I feel that there is little to say since I have resided in Donley county for thirty years. Most every one knows the family name, and how it has been connected with our county affairs.

I have never before asked for an office, but feel that I can qualify in every particular, and shall, if elected, devote my entire time to the duties of the office.

Your vote and influence will be greatly appreciated.

'Star Dust' Film Is Inspired By Famous Song

LINDA DARNELL STARS IN STORY OF HOLLYWOOD

What is generally conceded to be the greatest of all modern ballads, "Star Dust," by Hoagy Carmichael and Mitchell Parish, has inspired a great picture, the 20th Century-Fox film of the same name which stars lovely Linda Darnell.

The perennially popular number is sung by Mary Healy in the film, coming Saturday Prevue to the Pastime Theatre.

The picture tells the story of plucky small-town youngsters scrapping for fame in the great adventure that is Hollywood—a story that will might be the tale of Linda's own meteoric rise to stardom.

Also featured are two brand new songs by Mack Gordon, famous Hollywood song writer. These songs, "Secrets in the Moonlight" and "Don't Let It Get You Down," are two of the best numbers Gordon has ever done and it should be remembered that he was in on such famous hits as "Did You Ever See a Dream Walking," "Never in a Million Years," and many others.

John Payne appears opposite Linda in "Star Dust." Among the players Production Chief Darryl F. Zanuck chose for other featured roles in her supporting-cast are Roland Young, Charlotte Greenwood, William Gargan, Mary Beth Hughes, Mary Healy and Donald Meek.

MRS. GLASCOE ANNOUNCES FOR COUNTY OFFICE

In making my announcement as a candidate for the office of county treasurer, I feel that there is little to say since I have resided in Donley county for thirty years. Most every one knows the family name, and how it has been connected with our county affairs.

I have never before asked for an office, but feel that I can qualify in every particular, and shall, if elected, devote my entire time to the duties of the office.

Your vote and influence will be greatly appreciated.

Mrs. Homer Glascoe

CLARENDON NEWS HAS NEW EDITOR THIS WEEK

Mr. and Mrs. Bill Sercomb of Borger have come to make their home in Clarendon. Bill is a product of Iowa and completed his education in the Missouri School of Journalism. He has been employed on the staff of several east Texas newspapers, but more recently in Borger. He succeeds Dick Cooke as local editor of the News. Bill says he likes Texas and her people very much and intends to make his home in the Lone Star state indefinitely.

DISH OF PLOVER PROVED COSTLY

Saginaw, Texas, May 15.—J. C. Jasper of this community recently discovered how expensive a meal of meat taken illegally can prove to be. He was convicted of illegally killing four upland plover and was fined \$200 and costs, which amounted to \$11. That made each plover cost him \$27.50.

Arthur Sims of Ft. Worth, accompanied by his son Jack, spent Mother's Day here with his parents, Mr. and Mrs. W. B. Sims.
