## LAND OWNERS TO DECIDE SOIL CONSERVATION ISSUE MON.

County agent H. M. Breedlove stated this morning that a hearing on a soil conservation district would be held at the court house in Clarendon on the 19th of May, this coming Monday, at two o'clock.

Notice was filed at the state conservation board in form of a petition signed by fifty Donley county land owners requesting a hearing in regard to the operation of a district. Breedlove stated that a member of the state board would be present to explain the operations of the Soil Conservation District and if enough interest was shown at the meeting in Clarendon then an election would be ordered by the state board and if sixty six and two thirds of the land owners voted in favor of the district then it would become effective.

Breedlove stated that only landowners would be eligible to vote in regard to the formation of a district. It is entirely up to the people who own land to decide if they want this soil conservation district formed. Breedlove stated and our job will be to give them information in regard to how the district operates. It is important that every landowner in Donley county attend this meeting. Breedlove stated and all other persons are invited to attend whether they are land owners or not. We would like to have all of the farmers in the county attend this meeting on the date mentioned above and get first hand information on what a Soil conservation district is and what it can do and what it can not do.

It is also expected that Mr. P. G. Haines, Specialist in Soil and Water Conservation for the Texas A&M College Extension Service will also be present. Breedlove urges all persons to attend this meeting and express themselves in regard to what they think about the formation of a Soil and Water conservation District.

## BONES AUTO REPAIR GARAGE TO MOVE

The Homer Bones' auto repair plant will be moved to his new building and be in operation Friday of this week, Mr. Bones stated today.

Mr. Bones has occupied the Caraway building on East First for some five years. His new building, 42x45 feet, stucco type, is two blocks east on the north side of the street just east of the Cameron lumber yard.

Mr. Bones, having a penchant for mechanical lines, turned his attention to wheels and cogs at an early age. He began work for Ballew & Noble in 1925, then established his own plant in 1936. At this time, he is moving to his own building constructed especially for an auto repair business, with plenty of equipment and plenty of parking space.

## What Lunch Rooms Mean To Schools

Since October 28, the W.P.A. school lunch room, operating in the Junior High building has served lunches 135 days to approximately 75 underprivileged children daily.

The total number of lunches served to date is 12,600. Approximately 2000 of those were paid for at the rate of 15c per meal. The remaining 10,600 were served free to underprivileged children.

Foods consumed in the lunches are from two sources. The Surplus Commodities program of the Federal Government has furnished 7,869 pounds of food, while local funds have bought food to the amount of approximately \$400. The lunches are prepared and served by a group of four women, all of whom have had much experience in cooking and serving lunches, as well as in the canning of foods.

This lunch room, together with others in Donley and Armstrong Counties, is under the supervision of Mrs. Edythe Maher. Much credit is due both Mrs. Maher and the workers for the excellent service to the school and community.

Of the funds spent locally almost \$300 has been realized from paid lunches while local contributions have accounted for approximately \$75.00. These contributions are greatly appreciated by the Clarendon Schools and all others connected with the lunch program. Donations have been made by a great many civic and social clubs, as well as by many individuals, ranging in amounts from \$1 to \$10. Without this help the lunch program could not have been a success.

At this time, with one week to go, there are accounts outstanding of about \$75 while the treasury has only \$31. Approximately \$50 will be needed to finish the job. Anyone wishing to help in this connection is urged to leave his donation with Norwood's Pharmacy, Douglas & Goldston Drug Co., Caraway's Cafe, or at the office of this newspaper.

## POPPY DAY OBSERVANCE WILL BE MAY 24TH

Aubyn E. Clark Post and Auxiliary will, through a committee, offer the annual sale of Poppies on Saturday, May 24th, it is announced.

## Farm Prices Are Pegged

Lacking only the signature of the President to become law, the Senate passed a measure Wednesday, 75 to 2, to peg loan prices to be paid producers of cotton, corn and wheat.

The parity price is said to have been designed to give the farmer the same relative purchasing power he had in the pre-war days of 1909-13.

Fully believing that the Bill will become law, the proposed new loans would be 13.49 cents a pound on cotton, 69.87 cents a bushel on corn, and 96.22 cents a bushel on wheat.

It is believed that food prices, in some instances, will increase 10 to 20 percent as result of the stabilization, one Senator suggested. Congress had approved the Bill Tuesday by a vote of 275 to 63.

## BAND DIRECTOR THANKS PUBLIC FOR AID

The members of the Clarendon High School Band wish to express their sincere appreciation to all the citizens of Clarendon for making the recent trip to the National Band Contest at Waco possible. Also, the band wishes to thank Homer Parsons for so graciously cleaning all the band caps.

The trip was not only very successful, but an inspiration to all the band members, and it is our hope that next year you will even see a better high school band. Ray Robbins, Director.

## GONE TO HOUSTON

Mrs. C. W. Taylor is spending the week with her daughter, Mrs. Cecil Stevenson and family in Houston.

## ATTEND STATE MEDICO CONVENTION

Among the several hundred to gather in Ft. Worth for the State Medical Convention in Ft. Worth the first of the week were Dr. and Mrs. B. L. Jenkins. Dr. Jenkins was a program speaker. He is said to have been an annual attendant at state conventions of this character for more than thirty years.

## Molesworth Buys Oaks Creek Ranch of 10,240 Acres

Improvements are in progress on the new ranch location recently purchased by John Molesworth from the Bugbee Livestock and Land Company southeast of Clarendon, joining the Word ranch property on the east. The sixteen sections embraced in the Oaks Creek ranch are situated in Donley and Hall county, and are a portion of the old Shoe-Bar ranch better known to old-timers as the "horse pasture."

This land was purchased by T. S. Bugbee in 1898 and incorporated with the Bugbee Livestock and Land Company in 1912.

Mr. Molesworth is having various improvements made. Fencing is being done. A headquarters house is being built. H. T. Warner is making tanks at a rapid pace with his wonderful equipment, second to none in the Texas Panhandle.

Mr. Molesworth has long been identified with the larger ranching interests of the Panhandle. For some time he and his son, Jack Molesworth, have been associated with W. J. Lewis in ranching on the Mill Iron.

Trustees, principals and teachers are expected to gather here Saturday at 10 a. m. to hear W. T. Lofland, deputy state Supt. explain the 12-grade system for public schools.

Trustees, who have not qualified, are expected to qualify on that day, Miss Ruth Richerson, county school superintendent, stated.

## SCHOOL MEETING WILL BE HELD SATURDAY

Trustees, principals and teachers are expected to gather here Saturday at 10 a. m. to hear W. T. Lofland, deputy state Supt. explain the 12-grade system for public schools.

Trustees, who have not qualified, are expected to qualify on that day, Miss Ruth Richerson, county school superintendent, stated.

## NEXT DRAFT CALL WILL TAKE THREE MEN

Cecil Durwood Hightower and Perry Millard Cruse are the white men to answer the next draft call from Donley county. They will leave here May 20th.

Due to enlistments, only one colored man will be taken. He is Alvin Clyde Dykes, who will leave here the 19th, one month short of the day that colored people celebrate emancipation.

## FARMER DIES SUDDENLY NEAR ASHTOLA

A. E. Swearingen, employed for some three years on the farm of J. B. Masterson near Ashtola, died within a few minutes after being stricken early Monday.

He is survived by his wife and six children. The family moved here from Oklahoma. Will Swearingen, a brother, and family of Erick, Okla. attended the last rites.

Funeral services were conducted in Goodnight with interment there.

## FUTURE WINNERS NOW BEING GROOMED

Donley County 4-H Club boys are putting their beef calves on feed for the 1941 livestock shows, according to a statement made this morning by County Agent, H. M. Breedlove. Fifteen calves have already been selected and are now in the feed lots and being taken care of by 4-H Club boys.

Breedlove stated that sixteen more calves would go on feed in the next few days, making a total of thirty-one calves fed in Donley County by 4-H Club boys.

The calves now on feed in Donley County have been carefully selected from various herds throughout the county and the 4-H Club boys are looking forward to a big year for the coming year.

## SCHOOL NOTICE

I will again teach pupils who are deficient in some subjects, or in work for advanced standing—at my home one block south of the Methodist church.

Mrs. C. A. Burton.

## HONOR MOTHER SUNDAY

Mrs. O. W. Latson had an enjoyable Mothers Day with all of her children with her except one. Those present were Mrs. Wynn Collier and daughter Carolyn of Tahoka, Mr. and Mrs. Harold Rawlings and daughters, Lola Dell and Jacqueline of Dallas, Mr. and Mrs. Carson Wells of Hobbs, Betty of Lubbock Tech and Jack Latson from San Antonio.

## MULKEY MEMORIAL SERVICE HELD

In paying tribute to the memory of the late Homer Mulkey at City Park Sunday afternoon, Miss Anna Moores read a poem, "Trees," fitting into the service of dedicating a tree.

Talks were made by Mayor Tom F. Connally and Sam Braswell. The plaque to be dedicated by the Lions club did not arrive.

Improvements are in progress on the new ranch location recently purchased by John Molesworth from the Bugbee Livestock and Land Company southeast of Clarendon, joining the Word ranch property on the east. (36 years ago this week in Donley County.)

By agreement, the stores will close at 7:30 p. m. each week day except Saturday.

R. B. Robinson of Jericho bought supplies here Monday. County surveyor Clark is making a plat of Rowe this week.

The ladies were out in all their Easter finery Sunday. The large hats with many flowers looked odd, but we will get used to them.

Olla Stockett, aged 12, and daughter of H. J. Stockett, fell and broke her arm Monday requiring the services of Dr. Stocking.

W. C. Alexander of Memphis spent the week here with his son J. J. Alexander and family. He says the farmers of Hall county are busy planting.

J. A. Witherspoon of near Giles boasts of twin children, twin calves, twin cats and twin dogs, and it wasn't much of a time for twins either.

Bud McClaren got stalled with a Shoe Bar team and wagon in Red river Saturday, and had a difficult time getting out of the quicksand. The leg of one valuable mule was broken in the excitement.

Owing to the trains delay, Homer Mulkey was late in getting down to Memphis. When he did get there, he said he did a big business taking pictures of the business houses and individuals.

Luke Bagwell of Claude, manager of the M Bar ranch, was down Tuesday. He said he had sold two cars of 2's to a Kansas City buyer at \$25 a round.

G. S. Vineyard of the Claude country was here Sunday. He reports the loss of a number of cattle from hail and the cold rain.

Some amusement was occasioned Wednesday in court by a slight altercation between A. J. Barnett and his son Buck Barnett, and A. T. Cole, an attorney for Braley, Sheriff Patman stopped it, however, before any damage was

done other than to the dignity of the court, who assessed a \$5 fine against each of the three.

Tom Buntin is all smiles. It's a boy, born Tuesday night.

Fred Dewey, our Denver engineer, charged with the shooting of Rhodes at Childress recently, was acquitted of the murder charge there Wednesday.

R. J. Dillard of Sunset, Texas spent yesterday here prospecting for a location to practice law.

Eph Taylor says he has experimented on a process of tempering and hardening metal, and thinks it the best method in existence.

In the Dallas district court the three cases of Rev. S. A. Hayden vs. Dr. J. B. Cranfill, which have been pending for some years, have been settled by mutual agreement. Mr. Hayden is to be paid \$100 in each case, and Rev. Cranfill pays the court costs amounting to \$10.500.

Rev. G. S. Hardy and wife, Mrs. Tresise and Misses Burkhead, Hawkins and Anthony went to Childress Wednesday to give an entertainment for the benefit of the college. They were to give one also at Quanah before going off to Decatur.

Mrs. D. L. McClellan is visiting her daughter, Mrs. Gene Nolend at Stratford.

J. S. Davis shipped out a train of John Slaughter cattle yesterday to Kansas City.

Judge Morgan, W. H. Patrick and W. H. Taylor spent two days the first of the week in Childress.

R. L. Blassingame of near Duke, Greer county, Okla. is over here looking for a better location for drinking water.

Mrs. Edith Morris of Amarillo spent the past week here with her mother, Mrs. Vinson.

MEMORY LANE

(10 years ago in Donley county.) Seventeen boys were guests of the Rotary club luncheon Friday. President B. L. Jenkins tapped his bell and turned the 'presidenting' over to Nickey Stewart, after which the boys put on a program. Gus B. Stevenson, band director, with Bob Bledsoe, Hubert Reavis, A. J. Smith, Jack Latorson complimented the Rotarians with several musical numbers.

Joe Bob Baker held the lucky number in the free contest of a Shetland pony given by Homer Mulkey of the Pastime Theatre.

Miss Dorothy White will represent Clarendon as a princess, and Miss Lotta Bourland as princess of Clarendon college in a pageant, 'Texas Under Five Flags,' at Lubbock the 15th.

Everything from a 'swinette' to a Jews harp was represented on the musical program at the Lions club Tuesday. I. B. Pierce, Elmer Palmer, T. D. Nored, Joe David were assisted by Mrs. G. L. Boykin in filling out a real musical program from 'hoe-downs' to classics.

Chief Marribala of the Pueblo Indian reservation at Teos, N. M. has asked Frank White of the Clarendon hatcheries to ship him several hundred chicks. The tribe is going in strong for poultry growing and wants to start with the best.

Quite a stir was noted this week when Sheriff Pierce rounded up a bunch of alleged white men in the black belt north of the tracks. A number of leading citizens encouraged the Sheriff to institute a clean-up.

Cold weather and rain has delayed planting the past week. The fruit crop has been killed by the freeze, and possible a large number of the trees.

Rev. C. B. Ingram has been holding a meeting in ntelope Flat the past two weeks. He reports a very successful meeting.

Those from Martin attending the one-day Short Course at Canyon Tuesday were Mr. and Mrs. J. B. Turnbow, Mr. and Mrs. Pete Hurn, Mr. and Mrs. Virgil Jordan, Mr. and Mrs. Claude Easterling.

**BIGGEST FAMILY.**

Admitting that large families are a curiosity in these times, still a few happen along. Right now we want to know what parents in Donley county have the greatest number of children. The children need not live in this county, but the parents, both of them, must in

order to get your Donley County Leader free for a full year. All right, folks, let's hear promptly. A list will be printed, and the winner announced in early June.

**PRESS LEADER.**

Among the newspaper folks of Texas, no one is better known than Clyde W. Warwick, secretary of the Panhandle Press Association. Friend Warwick is a part of the Association, and often becomes almost the whole works. His extreme fairness, diplomacy and desire to help just any one

has made him very popular among not only other newspaper people, but among his own folks in Randall county where he has published the Canyon News for over a quarter of a century. A fellow can be a success though he be modest.

**LEFT TOWN.**

Down in Louisiana last week, a paper sought to do high honor to one of the swell families of a certain town. Above the photo of a lady the news man placed in large type the "In Recital" designation. What happened? He left the "I" out of recital, the family got sore and the news man took an enforced vacation.

**HILLS vs. HOLLERS.**

You have often heard the expression, "making a holler about it." That is what is being done right now. When A. L. Hill was elected school trustee at Jericho, Chas. H. Hill at Smith, and C. N. Hill at Bray, all within Donley county, it's time to make a "holler" about Donley county having "hills" as well as "hollers."

**COWBOYS (?) MAYBE.**

Since the "Rodayro" season is about to begin, why not place some regulation on this drugstore cowboy business to avoid an over-plus? For instance, here is a suggested scale: If he owns one cow, that entitles him to wear a bright colored kerchief around his neck. 2 cows, loud kerchief and shirt to match. 3 cows, he can add the pants. 4 cows, he can add the John B. hat. 5 cows, he is entitled to dress in the full rig, and if he likes, cuss, chaw 'terbacker' and drive a flivver.

**MORE COW STUFF.**

Many years ago a fellow came over from Scotland and began work on a ranch in the Panhandle. He had the saving habit typical of his tribe, but was a fine fellow and we grew to like him. He had one curious trait. When about to get on his pony, he always removed his boots and tied them on his saddle. We naturally presumed that he wished to avoid excessive wear. But he didn't. He disliked spurs, and in removing his

boots he needed none. He had plenty of sharp corns on his feet.

**WEAKLY POME.**

Keep your vision clean, Clear and bright; For you are the mirror Reflecting your world tonight.

**GOOD GRAZING.**

Do you enjoy the lamb's-quarter greens these days? Lots of 'em, and nothing better. And say, the English peas planted in February are now ready to eat. It's great to be able to eat to live rather than to live to eat. In fact I can eat anything that won't bite me first, and relish the whole mess.

Adios Amigos! I am headed for the patch of greens with a 2-gallon bucket on each arm.

## MacDOWELL CLUB'S PRESENTATION

Clarendon has been outstanding in the nation for many things. Now a new note has been struck in the presentation of Charlotte Ingham Word in her own compositions, Monday evening, May 12, by the MacDowell Club of this city. Assisting on this program was Mrs. E. A. Paschal of Amarillo, leading soloist there, former pupil of Bentonelli, Metropolitan and Chicago Civic Opera tenor, holding many important positions with the musical clubs and organizations of Texas. Following the opening numbers on the program, the Federated Music Clubs collect, then the Spanish Serenade in a contrasting lighter mood, by an extremely well balanced chorus and ably directed by one of Texas outstanding directors, Mrs. H. R. Beck. Mrs. J. L. McMurtry, president of the Clarendon MacDowell Club, greeted out of town guests from Amarillo, Canyon, Memphis, Hedley and Ashtola, expressed the appreciation of the club to Mrs. Paschal for the time and effort given and the sharing of her wonderful talent of song with them, also the honor the club felt in presenting the works of one of Clarendon's own women, Mrs. Millard Word. Mrs. John C. Knorpp's presentation of James Weldon's reading "The Creation" was beautifully done adding just the right contrast to a program of music.

The audience was lead thru varied emotions in the songs of Mrs. Paschal, sometimes the full tones of a deeper number filling the auditorium, sometimes the breath-taking lyric tones as soft as a bird-song echo. Perhaps the one number demanding most recognition was the Sonata, expressing the very soul of the composer in all its tempos and cadences.

Those in the Club not in the chorus acted as ushers, also presenting Mrs. Word with her gifts of flowers as well as telegrams, at the conclusion of her "Sonata." Thru their beloved president, Mrs. McMurtry, the MacDowell Club wishes to express their gratitude for the use of the Methodist Church on so many occasions, and to the newspapers for their generous publicity.

## F.F.A. YOUTHS ENTERTAIN WITH PICNIC

Approximately thirty F. F. A. youths entertained their girl friends with a picnic at the Word ranch, Monday, May 12th. The group left school at 3:45 p. m., rode on a truck to the ranch and played various games until about 6:45 p. m., when the picnic lunch was served. The group returned to town about 8 p. m.

The picnic is an annual affair and has grown tremendously the past several years.

## MRS. W. J. LEWIS ENTERTAINS WITH BUFFET SUPPER

Complimenting her son William, Mrs. W. J. Lewis entertained with a lovely buffet supper Saturday evening at her home. The table was very beautiful with red roses and white snapdragons, red candles and brass candelabras. Roses were also used throughout the house.

## A GRUEN CURVEX

GRUEN CURVEX . . . 17 jewel Precision movement. 14 kt. yellow gold filled case. **\$45.00**

Your graduate will always treasure a Gruen CURVEX. It represents an entirely new principle of watch construction. The sleek, wrist-form case was designed by Gruen engineers in collaboration with the world-famous stylist, Count Alexis de Sakhnoffsky. . . . But most important, the full-size 17 jewel Precision movement itself is actually curved to fit the case. This permits of sturdier working parts . . . results in almost uncanny accuracy. It isn't a CURVEX unless "GRUEN" is on the dial. Others \$24.75

**GYPSUM WILL BECOME VALUABLE MINERAL**

AUSTIN—Two University of Texas industrial chemists—Dr. E. P. Schoch and W. A. Cunningham—have perfected a new "wet" method of producing a cement-hard gypsum plaster that is triple the strength of ordinary plaster now used. The process has been patented after having been pilot-checked in the University Bureau of Industrial Chemistry laboratories. Significance of the new process lies in opening a new field of exploration for the State's tremendous gypsum deposits.

**DON'T BUY DEFERMENT INSURANCE**

State Selective Service Director J. Watt Page last week issued a warning to prospective draftees—and particularly those draftees of color—not to buy any "deferment or exemption insurance."

Nobody can insure you and guarantee exemption, Page said, because there is no such thing as "exemption" under the selective service law, except for preachers.

Page said that the selective service office had been informed that "swindlers"—one of them posing as a "colored sergeant" were operating among the negroes of

Texas "threatening hesitant victims with induction into the army on a moment's notice." Page said the policies were being sold on a strictly cash basis and that they guaranteed exemption from military service.

**STATE SOIL CONSERVATION BOARD OF TEXAS**

**NOTICE OF HEARING UPON ORGANIZATION OF PROPOSED DONLEY COUNTY SOIL CONSERVATION DISTRICT, EMBRACING LAND LYING IN DONLEY COUNTY, TEXAS.**

WHEREAS, on the 22nd day of April, 1941 there was duly filed in the office of the State Soil Conservation Board, at Temple, Texas, a petition signed by fifty or a majority of land owners pursuant to the provisions of the State Soil Conservation Law, as enacted by the 46th Legislature, known as House Bill No. 20, requesting the establishment of Donley County Soil Conservation District; and

WHEREAS, the lands described by said petition, and other lands which will be considered for inclusion in said district, are located in Donley County, described substantially as follows:

All the lands lying in the County of Donley.

Now, therefore, notice is hereby given that a public hearing will be held pursuant to the said petition, on the question of the desirability and necessity, in the interest of the public health, safety, and welfare, of the creation of such district; on the question of the appropriate boundaries to be assigned to such district; upon the propriety of the petition, and of all other proceedings taken under the said Act; and upon all questions relevant to such inquiries. The said public hearing will be held by the State Soil Conservation Board on the 19th day of May, 1941 beginning at 2 o'clock p. m., at Clarendon in the county of Donley.

All persons who shall hold title to any lands lying within the limits of the above described territory as owners, and all other interested parties, are invited to attend and will be given opportunity to be heard at the time (s) and place(s) hereinbefore specified.

State Soil Conservation Board  
By V. C. Marshall,  
Administrator.

Dated this 1st day of May, 1941.

**Chiropractics --- Radioclast**

Chiropractic Starting May 26, 1941, and continuing throughout the week, I will be assisted by an expert technician in giving the Radioclast diagnosis and treatment. Dr. Goss, a very efficient and experienced doctor in this type of work, will aid me in this clinic. This instrument, the Radioclast, is the means by which disease in any part of the body is detected. Scientifically, it is one of the greatest discoveries of the day, and is the finest and latest instrument of its kind on the market.

In making an examination with this instrument no questions will be asked, but you will be told what your trouble is, where it is, its intensity and the procedure for correction.

If you or any member of your family are ill, or feel that you have some unknown cause for suffering, it will pay you to attend this clinic regardless of any examination you may have had in the past. A nominal fee will be charged for each examination. If you are not satisfied with the examination, your money will be refunded.

We will only be able to accommodate a limited number of people, since each examination requires approximately one hour. Therefore, I urge you to telephone early for an appointment, or call in person at our office.

**AUTO MANUFACTURING ALLOTMENTS MADE**

The Office of Production Management May 3 notified the automobile manufacturers of their individual allotments of motor vehicles to be manufactured in the year August 1, 1941, to July 31, 1942.

The scheduled reduction in material requirements has been accomplished, as the final total allotted amounted to 4,224,152 motor vehicles against 5,289,972 manufactured in the preceding year, or a reduction of 1,065,820 units equaling 20.15 percent.

Small companies manufacturing less than 2,000 units have not been curtailed. Companies manufacturing trucks exclusively have been curtailed 5 to 10 percent, depending upon the volume of their business. Medium-sized passenger car companies have been curtailed approximately 15 percent and the large companies have been reduced 21 1/2 percent.

**SURVEY REVEALS REASONS FOR CHARLES BOYER'S POPULARITY**

Ask any given number of women why Charles Boyer makes their hearts flutter, and you'll get nearly as many different answers. During the production of Universal's "Back Street," in which Boyer is co-starred with Margaret Sullavan and which comes to the Pastime Theatre Saturday night Prevue, Sunday and Monday, producer Bruce Manning endeavored to discover what was the secret of Boyer's appeal.

Manning asked the extra girls, some seventy-five of whom were working in the scene with the star. Incidentally the extra girls refer to Boyer as "Chuck". And he likes it.

"It's his smoky eyes," was the first report Manning received. It was from a statuesque brunette.

"His voice is what thrills me," declared a not-too-chubby blonde. "Even over the radio it's got 'oomph'."

Manning sought out an older woman. She had a different theory.

"He's so chivalrous," she said. "Why can't American men be more like that?"

Not knowing the answer, Manning interrogated another elderly lady. She sighed. "I guess it's because he looks so sad," she ventured.

Manning says he still doesn't know exactly why Boyer is so popular with the women. "I'll just have to let it go at that," he said.

"Back Street" is the screen version of Fannie Hurst's well known novel of the same name. Widely discussed because of its

controversial theme, the story has enjoyed a phenomenal circulation both in book form and through its serialization in a leading magazine.

**A REAL LOVE NEST**

An Iowa newspaper has this to say in regard to an old couch that was taken in as part payment on a new one by a furniture dealer. The owner of the old couch had seven daughters who evidently "did time" on said couch, for in the process of making repairs on the relic, the furniture man found 47 hair pins, 46 buttons, 34 sticks of gum, a gentleman's glove, 8 cigarettes, a Ford key, 2 poker chips, 4 handkerchiefs, 3 powder puffs, 6 painful original poems, 3 gentlemen's ties, 4 collar buttons, 13 safety pins, 2 combs, 1 ear muff, 3 10c pieces, 37 gent's calling cards, 217 pins, 1 small bottle of perfume, 3 hair nets, a gold ring, a buttonhook, a shirt stud, a stick-pin, a hunk of bologna, a watch fob and 27 garters!

**PETROLEUM INDUSTRY PAY PENSION TAX**

AUSTIN—The Texas petroleum industry will pay new taxes almost equivalent to the additional funds for old age assistance raised by the omnibus tax bill, figures obtained from the State Comptroller's office show.

New taxes imposed on the Texas petroleum industry by the bill total \$10,990,617, it was estimated. The Texas old age pension fund will get an additional \$11,253,121 from new taxes levied by the omnibus bill. Of course, not all the new petroleum taxes go for old age assistance, as teacher retirement, dependent children, needy blind and the general revenue fund all get their share.

Of the total of \$22,087,501 in new taxes which the bill is estimated to raise, the petroleum industry will pay \$10,990,617, or almost half. Most of this falls on Texas oil producers who are expected to pay \$8,536,000 more in gross production taxes alone, or a total of \$23,536,000 in this one tax. Gas producers are due to pay \$700,000, or a total of \$1,400,000, and carbon black producers \$179,617 more, or a total of \$600,000. Petroleum's share of the new franchise tax is estimated at \$750,000, while a new gross receipts tax of 2.2 per cent on oil and gas well servicing is expected to raise \$825,000.

**MATTRESS PROGRAM IS ABOUT TO CLOSE**

With the Donley County Mattress Program almost completed, County Agent, H. M. Breedlove, is requesting that all farmers who received cards from his office to make their mattresses, please report to either the Hedley plant or the Clarendon plant and make their mattresses at once, as the mattress program is almost complete and he wishes to close this program, so that the Comfort Program can start as soon as the material arrives.

Breedlove stated that when the mattress program was completed 1000 mattresses will have been made, and the same number of comforts will be made for each person who received a mattress. Breedlove also stated that it was not necessary for a person who would receive a comfort to make a separate application, as only those persons who had received mattresses would be eligible for comforts, and the mattress applications will serve as applications for the comforts.

**TRUCK OPERATORS ASKED TO MAKE BIDS**

SAN ANTONIO, May 10.—Invitations to truck owners to bid on contracts for truck services on WPA projects during the next fiscal year have been mailed to persons holding such contracts by the State Procurement Officer of the United States Treasury, E. A. Baugh, state director of operations for WPA, said today.

Truck owners in any part of Texas who do not receive their invitations may secure them by sending their requests to the State Procurement Officer, Bedell Bldg, San Antonio, Baugh said.

All bids for truck service contracts must be returned to the State Procurement Office not later than June 6, 1941, Baugh explained, and contracts for truck services on WPA projects during the fiscal year beginning July 1, 1941, will be awarded winning bidders.

Each truck must comply with WPA safety requirements before contracts will be awarded.

**\$100 Reward Offered**

There is a hundred dollar reward out for "Old Bill".

It's the old electric bill that is "wanted," according to Chas. M. Lowry, local manager of the West Texas Utilities, who announced the reward.

Fifty dollars, he said, will be paid for the oldest bill sent in by any customer of the company on or before June 15, and five dollars each for the next 10 oldest. To be eligible for the reward, he explained, all entries must be dated at least 15 years ago, must be for service in the home, and must be accompanied by a 100-word-or-less letter telling something about the lights and appliances used and the cost at the time the bill was paid.

"All present customers are eligible, except employees," Mr. Lowry said. "The old bill may be for service received from the West Texas Utilities or a predecessor in this community."

Purpose of the "reward", he added, is to compare present-day improved service and lower cost with the "good old days" when oil lamps were first being displaced by better light.

**AIR CORPS ENLISTMENTS FOR 8TH GRADERS**

Corporal Harvey M. Gist, U. S. Army Recruiting Officer, at Pampa, Texas, announces that the War Department has lowered the requirements for enlistment in the Regular Army Air Corps from High School graduates to the 8th Grade education, providing applicants for this branch can pass the War Department Classification Test.

The new Regulation opens, to intelligent young men with out a High School education, an excellent future and a wonderful opportunity to learn an Aviation trade, through the Air Corps Technical Schools which are open to any enlisted man of the Air Corps.

The following courses are just a few of the many taught at the Air Corps Technical Schools, Aircraft Machinist, Airplane Mechanic, Welders, Electricians, Instrument Specialists, Aircraft Sheet Metal Workers, Aircraft Riggers, Radio Repair and Operators, and many others too numerous to mention.

erous to mention, for the Air Corps Soldier must be a specialist in some department.

Applications are being accepted now, at this office or the nearest Recruiting Station, of young men with at least an 8th Grade education who can pass the test. Young men applying now have three choices of assignment: March Field, California, Air Base, Fort Sill, Oklahoma and Lowry Field, Colorado.

Recruiting Stations are located at the Post Office Building, Pampa, Post Office Building, Amarillo, Post Office Building, Plainview and the Court House, in Childress, with the Main Station in the Post Office Building, Lubbock.

**CAP AND BALL PISTOL RECALLS OLD DAYS**

Many a man in early pioneer days staked his life on his skill and his trusted horse pistol of cap and ball vintage. That was evidently true under conditions in old Donley county more than fifty years ago.

Just recently D. Leach, employee of the Finch Bros. ranch for many years, found a Colts cap and ball style of pistol. Two bullets remained of the six chambers indicating that the owner may have been hard pressed after firing four times. Was he killed by an Indian? inquires county agent H. M. Breedlove, who has the pistol on exhibit with his many other trophies at the office of the county agent.

### HANSFORD SHERIFF WINS FAME IN CAPTURING ALLEGED WIFE MURDERER

On the morning of March 20 of this year, the body of a woman was found in a ditch near Spearman, Texas with her head crushed in places by hammer blows and identifying marks removed from the body. The bloody hammer was found later under a culvert nearby.

Sheriff H. L. Wilbanks found parties who had seen the couple and the car in which they were touring. They were strangers and no further progress was made until the sheriff began tracing from a trade mark inside the lady's shoe. This shoe, he learned, was sold by a dealer in Marion, Indiana, according to records of the shoe factory.

Arriving at Marion, Indiana with a photo of the dead woman and the shoes, the sheriff easily found relatives and friends who identified the dead woman as Mrs. Leota Frances Murphy, 45, long a resident of Marion where she was known as a poet and writer.

Following a lead to Chicago where she went to get married, the sheriff found out a plenty about one Orion J. Brown, 50, several times an ex-convict who, presumably had married Mrs. Murphy in Missouri March 12 and started to Mexico on a honeymoon, according to letters she had written back home to relatives.

Returning to the Texas Panhandle, she wrote cards from Lubbock, Abertnathy, Clovis and other places. Then her money, \$800 to a \$1,000 was gone and she was murdered and thrown in a ditch as stated above.

The trail ended in Chicago Friday. Brown was arrested and lodged in jail.

Dist. Atty. W. L. "Bill" McConnell, son-in-law of Mrs. Sarah Stocking here, went to Chicago with extradition papers seeking to return the accused to Hansford county, Texas for trial.

Sheriff Wilbanks said that through his investigation and relatives and friends of Mrs. Murphy he had pieced together this story of the romance:

Brown rented an office in Chicago last January for the Lawrence Produce Company. He and the Marion poet became members of the Get Acquainted Correspondence Club of Denver. They exchanged letters, met there March 10 and, the Sheriff believes were married in Missouri March 12.

The trail led to Chicago, where the police have aided in the hunt for Brown since April 15.

Brown's wife, the former Erna Mae Auweiler, was questioned during the day. She said she was living at San Mateo, Calif., when she contacted him through the Stanley Ideal Hearts Club of Oakland, Calif. She added that they were married Oct. 29 at Reno and came to Chicago.

She said she knew of no other women in her husband's life and asserted: "I never want to see him again!"

Sheriff Wilbanks said Brown's criminal record, dating back to 1915, showed that he was sentenced to San Quentin prison in 1935 on charges of stealing \$3,500 in jewels from the home of Earl M. Daniels at Highland Park, Calif.

Sheriff Wilbanks did his sleuthing in Texas boots and ten-gallon hat. He drawled to reporters that he enjoyed the city, particularly when the fire trucks were screaming to fires. He was especially interested when they came to put out a fire at his hotel.

Fame came to West Texas when Frank Norfleet turned detective and succeeded in placing over seventy criminals behind the bars, three of whom had swindled him of his life's savings.

Will Sheriff Wilbanks become another Norfleet? Only time will tell. But Texas has always resorted to stern methods of disposing of highway killers in her courts.

Brown was returned to Texas after an extradition fight, and was taken to Perryton Monday.

Orin J. Brown of Chicago, was identified positively there by seven Perryton people as the man who was seen there in the company of Mrs. Leota Murphy the morning of March 20, the day her body was found on a highway in Hansford County, according to District Attorney W. L. McConnell. An eighth witness was not positive of the identification.

When confronted in a hotel room by those making the identification, Brown claimed that he had never been in Texas except once when he passed through the Panhandle in 1934 and that he had never seen any of the persons identifying him. He maintained that he was in Chicago at the time of the slaying.

Those identifying Brown were Ray Weir, Arthur Townsend, Beulah Scott, Bernard Leslie, W. H. McClung and J. W. Cheek, who saw the couple when they were eating breakfast here. Otis Cox, service station attendant, said Brown asked him the road to

Borger the morning of the slaying.

Brown was taken there by District Attorney McConnell, Sheriff H. L. Wilbanks and Deputy Sheriff J. B. Cooke.

The trial date has been tentatively set at June 2, at Perryton.

Now comes the glory month—iris still here, peonies coming into their fullness, and roses at the door. The brave old bore-infected locusts are blooming in several places and especially pretty on north side of town. In the Dr. Stricklin's yard a superb beauty bush is a veritable bower of small pink trumpets.

A bed of rare colored iris in the Chase's yard makes a lovely garden picture, and very beautiful is the blue iris hedge at the Braswell's.

The roses at the Van Kennedy's home are unusually lovely. Bright pansies edge a flower bed at the Hoy's, while at the Sims' scarlet verberna makes a gay splash of color.

At the Boston's home dainty columbines and red phlox are a delightful sight.

# ★ 29 MILLION!

**A record never before approached!**

★When the 29,000,000th Ford rolled recently from the assembly line, an all-time record for the industry was set. 29,000,000 units built by the same management and all bearing one name—a name that has become one of the best-known trade-marks in the world!

It is significant that this achievement comes at a time when our country is making a mighty effort to re-arm swiftly. For to further that effort, to help speed it along in any possible way, we have offered the vast facilities of the Rouge Plant and every ounce of our experience.

As you read this, a new \$21,000,000 Ford airplane engine plant, started only last fall, is nearly completed. A new magnesium alloy plant, one of the few in the

country, is already in production on lightweight airplane engine castings. Work is right now under way on a new \$18,000,000 plant for mass production of big bomber assemblies. Orders have been filled for military vehicles of several types, including army reconnaissance cars, staff cars and bomb service trucks.

In the midst of this activity for National Defense, building the 29 millionth Ford car is simply one part of the day's work.

The public has acclaimed the 1941 Ford car as the finest in Ford history. Ford Dealers are enjoying their greatest sales and expecting their best year since 1937.

It is good to be producing the things America needs, and to be setting records on the way!
