## PONIES ARE FAVORED OVER 'ROCKETS, BUT DOPE DON'T COUNT IN BRONCHO GAMES

By DICK COOKE

With bitterness still in their hearts over the 12 to 7 whipping by the Shamrock Irish two weeks ago, the Clarendon Bronchos will be playing for keeps in hopes of regaining their lost prestige in 3-A when they meet the Wellington Skyrockets here Friday night.

The Bronchos will have a better club on the field than Wellington tomorrow night, but that fact seems to have no bearing on the Ponies win column. Clarendon has been better than any club they have met so far, yet they have lost two heartbreaking games. Lack of old experienced men on the squad has spelled their defeat in both instances.

Suffering no additional casualties in the Shamrock game and after a week's rest, the Bronchos should be ready to gallop over the downtrodden Wellington crew.

Both clubs have an even standing in the conference race with two games won and one lost. Wellington was smacked around a plenty last Friday by McLean who walked off with a 47 to 0 victory. The Rockets have respective wins over Lakeview, 19 to 0, and Wheeler 7 to 6.

Clarendon managed a 6 to 0 win over Lefors and trounced Wheeler 34 to 0.

In outside games, an official's mistake licked the Bronchos 18 to 12 by Claude. Wellington has lost to Chillicothe, 41 to 0, Panhandle 33 to 0, and Perryton 7 to 6. Their two conference wins are all they have on the outside of the ledger.

### MISS MARTIN WILL PRESENT A CAPELLA CHOIR HERE

In keeping with its policy of presenting the best in music to the people of Clarendon, and the surrounding community, the McDowell Club of Clarendon will, on Sunday afternoon next, October 27th, present Miss Helen Martin of Pampa and her A Capella Choir in a Concert at the College Auditorium at half past three in the afternoon. Miss Martin will be happy to greet her Clarendon friends at that time. There is no admission charge.

### TWO CARS DAMAGED WHEN THEY MET ON HIGHWAY

Not only were the cars driven by Ernest Eudy and Coy Ringwald damaged when they collided at the intersection of Highways 18 and 287 the evening of the 17th, but several of the youths were injured.

### Hallowe'en Show At Hedley School

The Hedley Parent-Teacher Association will sponsor a Hallowe'en Carnival at the High School Auditorium October 31st at 8 o'clock. This Carnival is the principal means of providing funds to carry out projects during the year.

### LOCAL MAN'S HOBBY IS WHITTILING WOOD

Naturally, you would not expect a man to whittle iron, but how about some of the Chinese bone whittlers? This man is no Chinaman. He is an Oklahoman, if anything. He used to live there.

At present he uses his spare time whittling wood, mostly cedar. Many useful objects are made. This includes articles for homey displays. Some are picnics. Others are salt and pepper shakers. Often he forgets about wood and falls back on gyp rock.

You would never guess his name. A. W. Simpson, he of the feed business down on the Bowery. Take a look at his perfectly made articles.

### ATTEND McDOWELL CLUBS DISTRICT CONVENTION

Those from here to attend the district convention of McDowell Clubs of the Seventh District in a meeting at Quanah Saturday included Mrs. Marvin J. Warren, a delegate from the local Club, and Mrs. L. E. Thompson, district chairman of motion pictures.

Others attending were Mmes. J. L. McMurtry, U. J. Boston, E. W. Henshaw, H. R. Beck, Allen J. Bryan, Simmons Powell. Mrs. Bryan appeared on the program in a piano solo. Mrs. E. W. Henshaw sang the Lord's Prayer.

### JUDGE LINK HAS MORE JOBS THAN NEEDED

That is what Judge W. T. Link thinks about it. He was appointed to the registration board of Donley county. Then he was made chairman of the Board. Then the Governor appointed him to a second post. The last official position is that of "appeal lawyer" for the registrars.

Now comes the Judge who says he cannot serve to register a man, and later prosecute a cause arising under that registration. Therefore he expects to resign from the Registration Board.

### DELINQUENTS STILL MAY REGISTER BEFORE OCT. 29

Local conscription registration boards over Texas were advised last week to accept all registrations from persons who failed to register on October 16.

Adjustment General J. Watt Page, acting on instructions from Washington advised local boards that persons who failed to register on the registration date would not be regarded as delinquents until the national lottery on Oct. 29th.

### TRAINING ON BATTLESHIP IN CARIBBEAN SEA

Robert Nichols, State University graduate and who is in officers training on the battleship New York, is expected to arrive at Norfolk naval station at Portsmouth, Virginia within a few days, all a part of the training being given those in reserve officer naval training.

For some weeks, the New York has been in Caribbean waters. A trip round the Gulf of Mexico was made and a trip back by Cuba.

### BUGBEE ANNOUNCES DATES WILKIE BROADCASTS

The Leader is requested by Chas. H. Bugbee to announce that presidential candidate Wendell L. Wilkie will speak on the Mutual broadcasting system at 8 p. m. Friday night. Irvin S. Cobb will speak over the Columbia system at 8:30 tomorrow, Friday night, the 25th.

### BROTHER OF LOCAL LADY DIES AT LIPAN

Funeral services were held at Lipan, Texas Sunday for James B. Aiken, 57, oil operator, who died in Alexandria, La. after a long illness. He was a brother of Mrs. S. W. Lowe of Clarendon.

## Baptist Revival Closed Sunday

The Baptist revival closed Sunday after being in session two weeks. Rev. Sid Martin of Memphis did the preaching. The choir was directed by George Reynolds of Childress.

A number of additions to the church resulted from the revival. During the same period, a religious census of the town was taken. It is believed that much good has been accomplished.

Numerous members of other churches were in daily attendance as well as ministers of other churches. There prevailed throughout a general feeling of cooperation resulting in a spiritual uplifting of the community in general. Rev. Martin is a forceful minister, a man of dynamic force and a personality that is most pleasing. Mr. Reynolds did a fine job of looking after the church music and other duties devolving upon the man of many talents suited excellently for the line of work he has chosen.

## Donley County Youth Leads Swine Record

Jack Ballew, Donley County 4-H Club boy, brought more recognition to Donley County by winning more places in the Hampshire Division at the State Fair of Texas than any other boy in the State. Jack is a young 4-H Club boy just starting out and is making a name for himself at an early stage of the game.

Winning at the State Fair of Texas by Jack 4th place, single. Hampshire barrow—180 lbs. 10th place, single.

Hampshire barrow—240 lbs. 10th place, heavy. Hampshire barrow—240 pounds 14th place, heavy.

These hogs in the Junior Division were carried over to the Open Division and shown against all other Hampshire in the State of Texas and Oklahoma and placed as follows in the open class Hampshire:

Open Class Hampshire: Hampshire barrow—180 pounds 2nd place, single. Hampshire barrow—180 pounds 4th place, single. Hampshire barrows—180 lbs. pen of three, 2nd place, heavy.

Hampshire barrow—241 pounds 5th place, heavy single. All of these hogs fed by Jack Ballew were bred by his father, E. S. Ballew, one of the State's leading Hampshire breeders, who is well known among registered Ballew are as follows:

Jr. Show (Boys Club Division) Hampshire barrow—180 pounds, breeders throughout the South-west. Donley County 4-H Club boys combined with the FFA boys to win first in the State Fair of Texas in the best car load of hogs shown in any one county. This was shown in competition with 11 other car loads of hogs and were either directly or indirectly from the E. S. Ballew Hampshire hog farm.

Donley County has become well known in the past few years throughout the State of Texas for their high bred Hampshire hogs.

### F. F. A. MEMBERS SECURE CHAMPION SPOTTED POLAND CHINA STOCK

Five F.F.A. members bought two bred Spotted Poland China gilts, one gilt pig, and seven barrows from the champion stock of C. H. Woods, and Otis Williams of Amarillo, Texas, this week. The pigs were sired by the grand champion boar of the state, and three of the pigs are from the grand champion female.

Lee Christie, Harice Green, Billy Jack Green, Billy Thornberry, and C. G. Kirkland were members securing the pigs.

### UNION CHURCH SERVICE WITH LEGION PROGRAM

Due to world conditions, the 11th of November, Armistice Day, will mean more this year. The Legion and Auxiliary units here are planning a union church service Armistice Day. An impressive program is being outlined at this time and will be published in full in the Leader next issue.

## Mother's Natal Day Observed

REVERED LADY BECAME RESIDENT HERE 40 YEARS AGO

The Bourland name has been connected with ranching, business and official affairs of this county for forty years. That name has been honored and those bearing it have been numbered among the most highly respected and enterprising citizens throughout their period of residency.

The family came to Clarendon in August of 1900, purchasing as their first home what is now known as the Lott place south of the cemetery. For the past several years, the home has been maintained in town.

Saturday was the date selected for the homecoming and observance of Mrs. W. R. Bourland's 86th birthday, a surprise given the mother of this estimable family.

The good old American custom was followed, with the family gathering from a distance remaining over Sunday. Those gathering to gladden the heart of the mother whom all her acquaintances offer felicitations, were Mrs. O. L. Jenkins and daughter Margaret of Dallas; Mr. and Mrs. Lawrence Bourland and two sons of Happy; Mr. and Mrs. Finn Bourland of McLean; Jim Bourland and son Charles of Pampa; Mr. and Mrs. F. L. Bourland, W. M. Bourland and Miss Annie Bourland of Clarendon.

### CONSERVATION ASSIGNMENTS CLOSE OCTOBER 31st

The final date for making assignments on the 1940 agricultural conservation payments has been set at October 31st, except for construction of terraces, ditches, reservoirs and dams. The final date for making assignments for these purposes has been set as November 30th or the time the application for payment is approved.

Likewise the closing date for making assignments under the 1940 Range Conservation Program has been set at October 31st, except that assignments may be made on the range checks to secure payment for services rendered after October 31st. In these cases, November 30th or the time the application for payment is approved, is the final date.

## Raymond Ballew Case Postponed

Charged with an assault with attempt to murder Charley Hume, a Memphis nightwatchman in 1937, Raymond Ballew was convicted in district court at Memphis. A higher court reversed and remanded the case.

The case is being tried here on transfer from Hall county. Set for trial last Monday, the case was continued upon motion of defense attorney Jimmy Mahan, until October 31st, due to the absence of two material witnesses.

Ballew was returned last week from Huntsville by Sheriff Pierce where he is serving a 2-year sentence on a conviction of assault-to-murder charge on the person of Ed McCreary of Memphis.

### Cash Prize Offered School Students

Here is how some student of any Donley county school may win one dollar: Write a letter telling why you prefer Admiration coffee. To the best letter received by October 31st, \$1 will be paid. Bring the letter to the Leader office. With it bring a coupon from an Admiration coffee package or jar. You may retain the coupon and use it to enter the big cash prize contest.

A dollar a week will be paid for the best letter until further notice. Get the coffee from any Admiration grocery advertising in the Leader. You have all to win and nothing to lose since you get big value in Admiration coffee, and stand a good chance to win several times what the coffee will cost you.

## Fire Destroys Picked Cotton

FIERY CHARIOT RIDES HIGHWAY SATURDAY

Elijah, or whoever he was of ancient vintage, had nothing on John Heathington and Doc Mann Saturday afternoon when it comes to a flaming chariot episode.

These two men had started to the gin with a bale of seed cotton on a trailer. They faced a stiff breeze and knew nothing of the fire for something like a mile. All the while they whizzed down the highway south of the Chamberlain school headed north about 3:30 p. m.

Passing near the R. W. Moore farm, his sons, George and Rex saw the smoke emitting from the vehicle but were too far away to make themselves heard. The men aboard the "chariot" finally "smelled" something and were surprised to find their load on fire. The sideboards of the trailer were hurriedly removed and the trailer saved. The cotton was a total loss.

### MEMORY LANE

(10 years ago in Donley county.) Donley County was awarded 16th place at the State Fair and Randall county again took first place.

The Bronchos won over Wellington Friday 6 to 0. Mrs. Charity C. Roy, 78, mother of Sheriff M. W. Mosley died at his home Monday afternoon after an extended illness.

W. A. Lewis on the S. D. Churchman farm near Brice took his life with a pistol last Sunday afternoon.

W. S. Parsons has purchased the Parsons building and will enter upon a period of expansion with his feed mill enterprise.

Nine indictments have been returned by the grand jury to date. Most of them are charged with "drunk" driving.

R. F. Morris is again at home after spending four months in South Carolina.

M. S. Parsons has purchased the Gillespie storage building and will continue his well known produce business.

Waiter Zirako of 184 West 19th street, Chicago owned and had banded the pigeon recently shot and killed by Chas. Dozier south of town recently.

Mr. and Mrs. Ben E. Harris of Hedley celebrated their 60th wedding anniversary at their home there October 17th.

Night officers Guy Pierce and Bill Robinson located nine head of stolen hogs in a trunk near the depot Thursday night. L. F. Cleek of Panhandle owned the hogs, but did not know they had been stolen. The man driving the truck gave the name of Edwards.

D. O. Stallings is proudly displaying the second crop of crab apples this season grown on the same tree.

The Queen theatre building owned by H. Mulkey is being remodeled.

Prestdio, Texas, 302 years old, got her first railroad Monday. It's a small town on the Rio Grande.

A large number of local people toured the Palo Duro Park canyon on opening day Sunday.

### MEMPHIS PASTOR SPEAKS TO CHURCH GROUP

An interesting talk on the subject of "Hobbies" was made here Tuesday evening with Rev. E. L. Yates, pastor of the Memphis Methodist church as speaker.

The occasion was the entertainment of the young people at a dinner which was sponsored by the ladies of the church. The affair was held in the dining room of the local Methodist church with forty in attendance.

### HAS SECOND OPERATION FOR HEAD INJURY

Mrs. Haskell Kemp had a second operation to the frontal bones in her head at St. Anthony's hospital in Amarillo Tuesday. More of the bone had to be removed because of infection, it is said.

## CITIZENS APPLAUD LEATHERS FAMILY IN PROGRAM SATURDAY

HOLLAND BROS. CHANGE AT SERVICE STATION

"Times have changed since 1926, and we have to have more drive-in room," was the reason advanced by Joe Holland today for the big change being made to the front of the big Holland Bros. service station.

A 47-foot beam will be placed to hold up the front giving that amount of space to patrons in the driveway. The small auto display room at the front will become a part of the driveway. The change will add much to the convenience as well as the general appearance of the building. Speed Bros., who constructed the building, are making the change.

### LADIES VISIT RELATIVES AND STATE FAIR

Mrs. Fred Russell, Mrs. T. E. Trussell, Mrs. Townsend and Mrs. Will Johnson left Friday for Dallas, stopping the first night at Grapevine where they spent the night with Mrs. Dozier, daughter of Mrs. Townsend. Cleo Russell, student of John Tarleton College at Stephenville, met his mother at Ft. Worth, after which they all saw the State Fair at Dallas. They visited Miss Katrena Carlile at Dallas who is in nurse training at Baylor hospital.

### LEATHERS PENS MESSAGE TO FLIP BREEDLOVE

County agent Flip Breedlove received a picture postal of the Empire room of the Palmer House in Chicago. That wasn't news, but "D. E." wrote a short message that said: "Hello, Flip. Come up and have breakfast with us. The plane ride was grand. I will present the Mayor of New York with a 10-gallon hat from the State of Texas. Tell Mr. Estlack I will write him tomorrow after I get to Detroit. From your old Pal, D. E. L."

### REGISTRATION BOARD NEEDS MORE HELP

Judge W. T. Link, chairman of the Registration Board, asked the Leader to announce that the Board is greatly in need of office help for handling the filing of questionnaires that are due to arrive soon after October 29th. Teachers, professional businessmen, and others who will contribute their services in this important contribution to the defense of the nation at this time, are asked to contact the local Board, or call Judge Link's office.

### CLAMPITT GROWS FINE ELM SHADE TREES

At this time D. W. Clampitt here is offering some five hundred Chinese Elm for sale. The trees have been well cared for, are thrifty, straight and will make fine shade trees. They make a quick growth and are affected little by cold weather. Some of the most beautiful shade trees in this section are of the Chinese Elm type.

### ARVIL DODSON JOINS UP WITH UNCLE SAM

Stationed at Ft. Sam Houston, Arvil Dodson is a member of an engineer corps, one of the branches of Uncle Sam's army. Vacancies are available in the infantry, field and coast artillery; signal, air and quartermaster corps. Also cavalry and medical department.

Emmett Jones and Augusta M. Sparks, both of Clarendon, are now in the army, having joined a cavalry unit stationed at Ft. Bliss. Enlistments may be made at Lubbock, Pampa, Amarillo, Childress or Plainview.

## DONLEY COUNTY FARMERS GET \$112,107.37 PARITY PAYMENTS

1,544 1940 Cotton Parity Checks on 969 farms totaling \$112,107.37 have been received to date. Payment is yet to be made on 36 farms. Signing the applications for the 1940 Agricultural Conservation Payment will begin this week. Those farmers who have taken advantage of their maximum soil

In taking their leave on their second trip to New York Saturday, Clarendon and Donley county citizens bade Mr. and Mrs. D. E. Leathers and Johnnie and Margaret Jean bon voyage on their first airplane trip.

A parade around 10 a. m. featured the beginning of a program that was to be held on the City Hall steps where the masses could enjoy it most. In the parade, Doss Palmer of the Palmer motor company, Ford distributors here, drove the Ford in which the Leathers family was seated. A number of other cars followed. The High school band led the parade on the streets dressed in uniform, presenting a most pleasing spectacle.

The family had been chosen by judges at the World's Fair in New York as winners in the "Most Typical Family" contest open to the nation. They left Ft. Worth Sunday by plane, bound for Chicago, Detroit and New York.

The program was broadcast over Station KGNC at Amarillo from the City Hall here. Cal Farley, merchant prince of Amarillo was announcer, toastmaster and general manager of the affair at the request of Mr. Leathers and Mr. Doss Palmer. Palmer and Farley paid for the broadcast which was without merchandise advertising.

The local band, directed by Ray Robbins, and the Sons of the West of Amarillo took turn about with music.

John Gillham, secretary of the Chamber of Commerce introduced Mayor Tom F. Connally who made the first talk. The Mayor complimented the Leathers family and brought them greetings from Clarendon citizens.

Early in the parade the Leathers family where he spoke briefly in describing "how it felt to be a national winner." Mr. Leathers then called J. C. Estlack to the mike by saying, "I want to introduce the owner and publisher of the Donley County Leader, the man who is responsible for all this because he nominated my family." Estlack stated that he and his force on the Leader felt honored for having the opportunity to serve a family of such recognized merit as the Leathers family.

County agent H. M. Breedlove was called to the mike by Mr. Leathers to tell the folks how he had trained Johnny Leathers to make so many 4-H Club winnings. Judges stated that the calf record of Johnny Leathers went a long way toward the family winning.

Doss Palmer obeyed the commands of Cal Farley to appear before the mike and tell the big crowd "how he appreciated the part Ford was taking in the contest, and the fact that his friends of many years were bringing to Texas and Donley county more publicity than any other event in all history."

Mrs. Leathers, Margaret Jean and Johnnie were each called to the mike by Cal Farley in turn where he asked questions bringing out important facts relative to their trip.

Geo. B. Bagby, local life insurance man, made moving pictures of the affair which will be shown on the screen in the near future.

Armed with a letter of introduction to Mayor LaGuardia given them by Mayor Connally, the Leathers family left in a new Ford driven by Frank Norris Jr. of the Ford agency in Ft. Worth. The Sons of the West played "Eyes of Texas" as the crowd applauded vociferously.

### HERE FROM LUBBOCK

Mr. and Mrs. Earl Lovell and sons, Kenneth and Bobbie of Lubbock were here for the week end visiting his parents, Mr. and Mrs. S. H. Lovell.

building assistance will be the first to have their applications submitted until December 1st or later. Applications for payment under the 1940 Range Conservation Program will be submitted beginning next week. As in the farm program, the full payment must be earned before the application can be approved prior to December 1.

The Thomas community instead of making the candidates buy pies

and cakes last week treated them like home folks and gave them refreshments. Boy, oh boy, that should get them a hard surfaced road or something.—J. E. Staley in Clayton News.

A WHITE HOUSE HOPEFUL JOINS THE COLORS

The ink was scarcely dry on the conscription bill before Elliott Roosevelt, the President's second

son, felt the urge to defend his country. He did not call on a recruiting sergeant. He called on the chief of staff. Within a day or so he popped up as a captain in the air corps.

In the matter of rank Elliott didn't do quite so well as his elder brother, Jimmy. Jimmy, without previous military experience, blossomed forth as a lieutenant colonel of marines, and drew active duty pay for accompanying their father on a South American junket. Jimmy is also of draft age, but the conscription boards won't be bothering him, either. As a reserve officer he is exempt.

The military qualification of Capt. Elliott Roosevelt must have been more apparent to the commander in chief of the army and navy, who commissioned him, than to the parents of boys who will be called into the infantry at \$30 a month. Elliott is in the air corps, but if the Nazi bombers ever start winging north from Tampico to bomb William Allen White at Emporia, as his father once suggested they might, he won't be going out to meet them. He can't fly, at least in a military plane.

Elliott will serve his country in the procurement division of the air corps. That's where the money goes out. His qualifications as a purchasing agent, if they exist, have escaped wide public recognition. His only recorded experience in this field lay on the other side of the fence. He was trying

to sell military aircraft, not buy them. The record is in the files of the Nye committee confronted him seven years ago, and if he possessed the qualities of a Gladstone or a Lincoln.

Twelve years! A discarding of a solid tradition! Four more years of class antagonism! Four more years of impulsive government, of prodigious expenditures, of dictatorial practices! This is too broad a mandate for any man at any time. Our democracy is not so frail that it would not endure. But whether it would survive in the form which was designed for it and which the people have taken for granted during a century and a half is such a serious question that millions of the most intelligent Americans will refuse to take a chance. Voting for Willie, they will vote for unimpaired democracy and for national unity first of all.—Chicago Tribune.

THE MEDICAL TRUST.

There is a movement on foot in this country which is already well under way to make impossible the purchase, at the village drug store, of any proprietary remedy, axative or headache tablet. It will not be at all surprising if the present trend continues, if within the next twenty-five years all proprietary remedies will disappear from druggist's shelves, and even the time honored castor oil cannot be sold for the purpose for which it is by nature intended without a doctor's prescription.

There is already a demand that all castor oil be labeled with the following warning: "Warning: Continued use may cause user to become dependent upon its use." Tsk, tsk.—Posrd County News.

FOR THE CONSUMER

The consumer who walks into the modern retail store today has a far better chance of getting what he wants and what he pays for than did the consumer of yesterday. And one reason for that lies in the progress that has been made in informative, accurate labeling of foods, drugs, cosmetics and other commodities.

If a packaged or canned product is top-quality, it says so. And if it is below the best standard, it says that too, with equal frankness. Its net weight must be plainly printed. If artificial colorings or flavorings have been added that must be admitted. The same rule applies to most merchandise from hardware to silk slips—a customer is advised of the quality he pays for.

What has caused that salutary advance? The answer must take into account several factors. The law is one—labeling legislation has been widely perfected and such bodies as the Federal Trade Commission have done excellent work in showing the packager who tries to fool the people that misrepresentation doesn't pay. Consumer groups must also be given their share of the credit—they have worked with the other groups involved to good effect. And last but not least has been the influence of the modern retailer, who literally operates on the principle that the consumers' interest is his interest.—Empire-Tribune.

LESSON.

We look back and note the French saved Paris—but in saving it they lost something worth more to the nation than Paris was worth. The English may lose London, and every land mark in it that goes back to the old days when the empire was in the building, but if England is finally victorious she will rebuild a modern and a better London. In the place of the old landmarks of the history and tradition of that nation will come new landmarks of a new day and a new order made richer by added tradition, that when the oppressor threatened destruction of England's way of life she stood firmly entrenched against the tide of madness that threatened to engulf civilization. If war must come to the United States, this is the reception we would want to give it—a fight to the finish for the things we consider sacred, that when justice triumphs, we will be steeped in a greater tradition that will see a more closely united United States.—Tulsa Herald.

Over \$500,000,000 Worth of U. S. Ships Under Construction

NEW YORK—America's ship-building industry had more than \$500,000,000 worth of merchant ships under construction or under contract during the first nine months of 1940, J. Lewis Luckenbach, President of the American Bureau of Shipping said.

At the end of September 184 ships totaling 1,517,190 gross tons were on the ways or on paper in shipyards from coast to coast, a building boom unmatched since World War days.

Mr. Luckenbach said 100 of the ships were large fast freighters, most of them fitted for conversion into naval auxiliaries. Twenty-five were combination passenger cargo liners and 59 were tankers.

Thirty-four ships have been completed so far this year, eight in September alone.

**TEMPLE OF TRUTH**

By The Apostle

**WARNING.**

The Japs had better not toy with us or we will leave a lot of toys on their hands. We've been keeping the Nipponese going too long already.

**INFORMATION.**

It has been said that reading makes a full man. Listening won't hurt him any either, provided he listens to things taken from a public record where he has reason to believe that he is hearing the truth. If you have a curiosity to know what the Dies Committee has been doing, listen to KRLD station at Dallas each afternoon at 5:15. Set your dial at 100. Donald Scott is really spilling the beans each afternoon now. He reads the results of investigations taken from the Dies report. You will get a shock—listen to it.

**WAR HYSTERIA.**

We are not running a list of the registrants for the reason that it provokes a form of war hysteria on the part of mothers who should be spared that trial until (and if) it comes. The list is being publish-

ed to fill space by some. At the same time, it is devised as a check-up to see who failed to register.

**CAL FARLEY.**

Amarillo is credited with being the most selfish city in Texas. They need a lot of men of the type of Cal Farley, that ambassador of good will to all the people of the Panhandle. Cal Farley came down by request and staged the announcing act for radio broadcasting of our Leathers program Saturday. It did not mean a dime to him except that he wanted to help our community. He and Doss Palmer paid the station for the time, too. Those are the kind of men who really do things without a lot of howling about it. If you go to Amarillo to buy anything, be sure to see Cal Farley's stock. He has everything for the auto and a big clothing line and dozens of other wares to show you. Let's return the favor when you want to do some buying in Amarillo.

**MEMBER WHEN?**

What was termed a rough house a few years ago, is merely termed a swing session today.

**THE LEATHERS FAMILY.**

Sunday the Leathers family attended church in Ft. Worth by

hearing Rev. J. Frank Norris. Monday they spent five hours as guests of the Ford motor company in Detroit where they were greeted by Edsel Ford, the president. Tuesday they were received by President Roosevelt in Washington, flying on to New York the same afternoon where the Ford motor company presented them with a 1941 grey super-deluxe Ford fortor sedan with all the trimmings. They will make the return home leisurely, seeing more sights on the way.

**CLEM JOHNSON.**

Readers of this column will recall some weeks back when mention was made that Clem Johnson, a real cowpuncher, carried his needles and thread along in his hot roll and quilted at odd times. His quilt blocks were taken from the hat linings given him. We are sorry to say that Clem Johnson was buried at San Jon, New Mexico last week at the age of 78. He died in a Tucumcari hospital. He was a native of Jack county and punched cattle in this section 35 to 40 years ago along with Judge Jack Mead of Miami and the writer.

The D. E. Leathers family went places when they entered a contest. You can do the same thing if you keep trying. Every week you have as many chances as you care to take at the Admiration coffee cash contests advertised in your Donley County Leader. It costs you nothing to try if you are a coffee user. Housewives may make several entries each week.

Ask your grocer for an application blank and do that today. We want to see our Donley county housewives get their share of the \$3,000 prize money being offered to users of Admiration coffee just as we wanted to see a Donley county family win the national "Most Typical American Family" contest. The eyes of the nation this week are upon the D. E. Leathers family, those fine neighbors of ours who have made us proud of the manner in which they won—and took it after they won.

**A FRIEND IN NEED.**

In St. Anthony's hospital in Amarillo is Mrs. Haskell Kemp. She had her second operation Tuesday because of a head injury. She has a lot of friends in this section having grown up here. She is a daughter of Mrs. W. H. Corbin south of town. Write Mrs. Haskell Kemp a card or letter and direct it in care of St. Anthony's Hospital, Amarillo. She needs your friendship now more than ever. The least one can do is to cheer her up. But do that now—today—please.

**HASTOON YAZZIE.**

"There is nothing like getting close to mother earth. Just to get the 'feel' of soft, warm earth with the feet is a thrill," stated Hastoon Yazzie Sunday as he poked his bare feet into his wife's flower pot on the front porch. Old Hastoon has been laid up from the kick of a "bureau" mule, he explained. When asked why he called it a "bureau" mule, the old man explained that it was a bu-

reau mule because its jackass of a daddy was loaned to him by the governor four years ago.

**OUR WEAKLY POME.**

"If Hitler was what Hitler seems When Hitler dreams his nasty dreams We'd all be sure to fear and faint If Hitler was—but Hitler ain't."

**THANKS A LOT.**

Our friends are paying their subs now at a lively clip. If you want to take advantage of the present rate, please do so now. The rate will be increased with the next rise in the cost of newspaper that may come any time. Thanks a lot, folks, thanks a lot.

## 1912 NEEDLE CLUB

Mrs. Minnie Dyer entertained the needle club at the home of her daughter, Mrs. T. H. Ellis, Thursday afternoon. The guest rooms were beautifully decorated with fall flowers. Fancy needle work was the main feature of the afternoon.

A lovely two-course luncheon was served to Meses. L. S. Bagby, R. A. Chamberlain, B. L. Jenkins, A. R. Letts, A. L. Chase, J. W. Evans, Selja Gentry, A. A. Mayes, H. Glascoe, J. T. Patman, J. T. Sims, Ed Dishman and invited guests, Meses. J. B. McClelland, M. H. Rhoades, W. C. McDonald, Blanche Davis, Sam Dyer, Miss Nettie Sims.

## GARDEN CLUB

Garden Club members met Monday afternoon in the home of Mrs. A. L. Chase with Mesdames Prewitt and McDowell as co-hostesses.

Colorful garden flowers decorated the house. Mrs. Simpson gave an interesting article on "Growing the Berry-Bearers." Mrs. Andis discussed color harmony in the garden.

A dainty refreshment plate was served to two guests, Mrs. Ernest Hunt and Mrs. Frazier and the following club members: Mesdames Jim McMurry, George Ryan, Lee Bell, A. W. Simpson, Ben Andis, Walter Taylor, Lee Holland, Marvin Warren, Edd Speed, O. L. Fink, Joe Goldston, J. H. Howze.

## CLARENDON H. D. CLUB

Mrs. Frank Hommel and Mrs. M. A. Hahn entertained the Clarendon Home Demonstration Club at the Clubroom Friday afternoon October 18th. The meeting opened with members repeating the Lord's prayer led by Mrs. G. A. Anderson. The vice-pres., Mrs. C. L. Benson, presided over the business meeting. The program leaders were Mrs. Hommel and Mrs. Hahn. Subject: "Hobbies."

The Hallowe'en motif was used in the decorations and refreshments.

Next meeting will be with Mrs. A. H. Baker, Oct. 25, instead of the regular meeting day Nov. 1. Lovely refreshments were served to Meses. G. A. Anderson, G. W. Antrobus, A. H. Baker, C. L. Benson, A. L. Chase, Elmer Hayes, C. D. McDowell, A. W. Simpson, O. C. Watson, Meses Etta and Ida Harned and the hostesses, Mrs. Frank Hommel and Mrs. M. A. Hahn.

A CIVIL SERVICE CRISIS.

For five or six years believers in efficient public service have been profoundly disturbed at the proportion of United States Government employees subject to political appointment instead of merit system selection. For two years civil service legislation to correct this situation has been making its laborious way through Congress, but now the fruit of that effort is in danger of being lost unless public sentiment intervenes in its behalf.

The Ramspeck bill, which would extend the civil service regulations to approximately 150,000 positions now subject to politics, has passed both the House and Senate which commonly is supposed to be equivalent to enactment. But it passed the two houses in somewhat different form, was reconciled in a very intelligent conference committee report, and the report was adopted by the Senate. But the House of Representatives nearly upset its original approval of the bill

and has sent it back to conference with insistence upon the cumbersome and injurious Nichols amendment.

The essence of this amendment is that it would apportion Government jobs among the States in a way to make votes for Congressmen.

The Ramspeck bill already makes a great concession by "blanketing in" to civil service a large body of political appointed workers if they can pass merely a qualifying examination. If it should prove necessary to swallow also the Nichols amendment in order to gain the larger point of civil service extension, that still would be worth while. But it is to be hoped that the House will recede from that position.

Unfortunately the bill seems endangered by a coalition of numerous Republicans with the spoilsmen among the Democrats. Whether these Republicans object to less than perfection in such a bill or whether they think of keeping these positions open in hope of a victory for themselves in November, they would do well to act consistently with their criticisms of New Deal patronage and help pass the act.

Primarily the case of the Ramspeck bill presents the question: Do Americans want efficiency or spoilsmanship in their Government service? Congressmen who are home campaigning may have an opportunity to hear from their constituents on this point. —Monitor.

### Cold-Storage Eggs Are Fresh Compared to This Aged Dozen

AUSTIN—The University of Texas has a dozen aged eggs—and is very proud of them. They were laid 25,000 years ago, apparently by a water bird similar to the crane, and are the first ever discovered in Texas. Found recently by a university WPA field crew near Aransas Pass, they were packed in plaster of paris binding and brought to the school for cleaning. The bird probably laid them in sand near a water hole and forgot them, Dr. E. H. Sellards, director of the university's bureau of economic geology, said. Fossilized, they are white and slightly larger than chicken eggs.

### First Defense Line To Help Employees

Employees of United Gas Pipe Line Company and associated companies who enter the military service of the United States either by enlistment or selection under the National Guard and Selective Training and Service Acts of 1940, will receive three months pay, a year's leave of absence and other benefits, according to an announcement today by company officials.

Various other provisions which will protect employees' continuity of service, group insurance benefits and other rights are embodied in the general statement of company policy. During the first three months that employees are in military service they will be paid their regular salaries, less the amount of their government pay.

The group insurance of each employe will be maintained in force by the companies during the entire period the employe is in military service and the companies will pay the employe's share of the premium after the first 90 days of service.

All regular employees of the companies are eligible for these benefits and at the conclusion of their service with the United States armed forces they will have an additional period of 40 days in which to apply for re-employment. Any employe so applying during the 40-day period will be re-employed at the same rate of pay he was receiving when he was inducted into military service and will be restored to his former position or to a relatively similar position, provided he is still qualified to perform the duties required.

Mrs. Annie Wadsworth, mother of D. F. Wadsworth, is again at home after a visit with relatives and friends in New Mex. and Pan-handle points.

Movie fans who attend the Saturday night Prevue, also Sunday and Monday, are going to enjoy a rollicking good time with "Young People," the 20th Century-Fox film which stars Shirley Temple, Jack Oakie and Charlotte Greenwood (above, left). Five grand songs and dances add to a show full of fun in Shirley's latest, happiest hit. Featured in a strong supporting cast are Arleen Whelan, Geo. Montgomery, Kathleen Howard.

### 'Young People' Called Rollicking Good Time

Bubbling-over with mirth and melody, and with Jack Oakie and Charlotte Greenwood sharing the fun, "Young People," new 20th Century-Fox hit coming Saturday night Prevue at the Pastime Theatre, has been heralded as the most enjoyable of all Shirley Temple's twenty-two pictures. "Young People" is Shirley's first musical picture in two years.

There are five top-notch songs cleverly blended with the plot in "Young People." The unusual story deals with troopers Jack, Charlotte and Shirley who decide

## Cold Wave. Heatless Barn. Car's stood a Week. But starts in a Wink!

Bad days ahead. But here's how Winter OIL-PLATING maintains needed lubricant in advance—for Safe Quick Starts...

Ever hear of "the break-away?" Sounds harsh. You can almost feel what it means in the lingo of auto repairers... the moving parts "breaking away" from dead cold standstill... risky moments when your engine's cold steel needs lubricant fearfully fast. And that's why it needs to be OIL-PLATED today by the economical change to Conoco Germ Processed oil.

OIL-PLATING must help faster than any mere fast flow of oil, because sooner than any oil-flow could begin, OIL-PLATING is up to its topmost point in your engine! OIL-PLATING is kept surfaced direct to cylinder walls, pistons and other precious parts; by a strong "power of attraction" processed into Conoco Germ Processed oil. Hence OIL-PLATING doesn't all go draining down during parking—doesn't take leave—doesn't wait for the oil-pump to restore lubrication at every start. That's why OIL-PLATING doesn't let your engine suffer Winter's worst. Always there ahead of starting wear, OIL-PLATING helps your engine to keep its fine fit. And that's your big help toward oil mileage. Mileage is what has won the Conoco man his proud title of *Your Mileage Merchant*. Today have him put in your Winter Germ Processed oil. ## Tax To Bar New Millionaires And Skim Off Profits Now Law

WASHINGTON — Broad tax legislation using an excess profits levy as a barrier against profiteering on military contracts and intended at the same time to encourage defense enterprises has been signed into law by President Roosevelt.

The new law, signed at 11 p. m. Eastern Standard Time last Wednesday night, carries an excess profits tax of from 25 to 50 percent and raises the corporation income tax from 20.9 to 24 per cent, the new rates being applicable on 1940 income and thereafter.

**Amortization of 20 P. C.**  
The White House announced the signing last Thursday.

As a means of activating the

defense program, the law permits manufacturers and others to amortize, or to deduct from their taxable income, their entire cost of facilities completed for defense purposes after June 10, 1940. The deductions would be made at the rate of 20 per cent a year for five years.

It also suspends, during such period as the excess profits tax is levied, present 8 and 8 per cent limits on profits from warships and military aircraft.

The excess profits tax, designed to retard the creation of "war millionaires," is the first of its type enacted since the years immediately following 1917-18.

The nation's 400,000 smallest corporations will not have to pay it, since the law exempts the first \$5,000 of every corporation's profits. Small corporations also will not be affected by the income tax increase because Congress in writing the measure left untouched the special lower rates on corporations with net income of less than \$25,000.

Also set up by the law is a government insurance system for members of the present-day military and naval establishments, including draftees and National Guardsmen called to active duty, permitting them to obtain low-cost policies up to a face value of \$10,000.

**Other Provisions**  
In addition to the \$5,000 excess profits exemption, larger corporations are allowed untaxable credits, which may be determined by one of two methods.

The first, or "average earnings," system declares as "excess" those profits exceeding an amount equal to 95 per cent of a corporation's average earnings over a four-year base period, 1936 to 1939 inclusive.

Under the second, or "invested capital," method the credit would be 8 per cent of a corporation's currently invested capital. In figuring a corporation's capital the firm's own invested money would be included in toto, its borrowed capital counted at 50 per cent of the amount borrowed.

On the "excess," determined by either method, the following rates apply: 25 per cent on first \$20,000, 30 per cent on next \$30,000, 35 per cent on next \$50,000, 40 per cent on next \$150,000, 45 per cent on next \$250,000, and 50 per cent on all over \$500,000.

Another provision of the measure permits parent corporations owning 95 per cent of all classes of stock of affiliates—excepting non-voting preferred—to file consolidated returns under rules and regulations to be prescribed by the commissioner of internal revenue.

product—is negligible in the face of losses which farmers are now undergoing in their efforts to sell crops when no market need exists, he said.

A patent for the freezer is now pending in Washington, D. C., and will be controlled by the University of Texas Research Corporation, Dean Woolrich, head of the University's bureau of engineering research, revealed.

Another patent is being taken out for the polyphase freezing solution—a vapor, liquid and ice mixture of sugar syrup—which will not freeze until it reaches -5 degrees F and coats the frozen fruit or vegetables with a thin film of sugar solution to prevent

oxidation, he added.

The first few machines will be built in University laboratories and released for development purposes, Dean Woolrich said. Later private concerns might be licensed to manufacture the freezers in large numbers.

### Frozen Food Machine Will Cut Expenses

AUSTIN, Oct. 23.—A machine to help the Texas farmer slash losses from untimely sale of produce on a flooded market has been perfected by University of Texas engineers.

A quick-freezing mechanism built at the low cost of \$500—designed to aid small growers of North, East and Central Texas who have been dumping their fruits and vegetables on the market to avoid spoiling—it was called a marked advancement over earlier quick-freeze devices by University Engineering Dean W. R. Woolrich.

Offering a faster freezing rate, the machine uses to advantage the ice crystals which have heretofore clogged freezing apparatus to stymie engineers experimenting with the immersion type of refrigeration, he pointed out.

Dean Woolrich pictured the farmer of the future bringing his produce to a community locker plant where it will be quick-frozen and stored away under his name for use as the market demand arises.

The estimated cost of freezing with the new machine—two and a half cents per pound of frozen

### FATHER OF EIGHT IS HELD ON WIFE BEATING CHARGE

SIMILAR CHARGE PENDING WHEN SECOND WAS MADE THURSDAY NIGHT

Said to be a reasonable man when sober, Johnny Long, 35, and the father of eight children, is being held on a second assault charge on his wife at his home a mile west of Hedley Thursday night.

Mr. Long was tried on two charges of drunk driving here Tuesday, to which he pleaded guilty in both counts. A number of his neighbors testified as to his good reputation when sober. In the first case he was given a \$50 fine and costs, 90 days in jail and driver license revoked for six months.

In the second case he was given the same penalties except that his driver license was revoked for one year. An appeal bond was filed to give the defendant time to gather his crop before beginning his jail sentence.

A resident of that section for many years where the family derives a livelihood from farming, Long is said to be reasonable until he gets under the influence of intoxicating liquors.

Mr. Long, a member of the Hedley school board, has rendered efficient service to the community, his friends state.

### A PROCLAMATION TO THE PEOPLE OF THE CITY OF CLARENDON

WHEREAS, October twenty-seventh has been designated by the United States Navy Department for nation-wide dissemination of information relating to the activities and importance of the Navy in our national defense, and

WHEREAS, it was in the month of October, in 1775, that our forefathers decided that to have a nation we must have a navy, and

WHEREAS, from the very beginning of our national life, the Navy has always been, and justly deserves to be, an object of special pride to the American people, and

WHEREAS, its record is indeed one to inspire such sentiments, and

WHEREAS, the Navy is not only the first line of defense, but it is the most important line of defense, and

WHEREAS, the Lions International club of this city, through its officers and individual members, is cooperating with the United States Navy in recruiting and information activities:

THEREFORE, I, Tom F. Connally, Mayor of the City of Clarendon, call upon our citizens this week preceding and including Navy Day, October Twenty-seven, to join in Navy Day observance by displaying the Stars and Stripes, and upon all young men who can do so to call upon Lions International club members of this city and obtain without obligation on the naval service of our country.

IN WITNESS WHEREOF, I have hereunto set my hand and sealed the seal of the City of Clarendon to be affixed this 16th day of October 1940.

Tom F. Connally  
Mayor, City of Clarendon, Tex.

### JAY MAKES GOOD GRADE ON CIVIL SERVICE

Andrew Jay, who took a civil service examination recently in general auto repairing with a view of accepting a job with the federal government, was informed today that he made an average of 94. He will next take a physical examination. If he is lucky on that, he will then be subject to Uncle Sam's call in the defense plan.

Mrs. Lena Antrobus is spending the week with relatives in Lubbock.

### F.F.A. INITIATED GREENHANDS TUESDAY NIGHT

Twenty-one greenhands were officially initiated into the local F.F.A. Chapter, Tuesday, October 22, at the local group's regular monthly meeting. The regular initiation ceremony was accompanied by pranks for the new members by older members. A few of the greenhands were unable to be present for the meeting, and they will be initiated at a future meeting.

J. D. Cheatwood, Harold Donnell, Billy Ray Graham, Billy Jack Green, Rogers Hester, Troy Moffett, Billy Frank Moreland, Ralph Morrow, Ray Pittman, Dennis Rattan, Jack Riley, Victor Smith, H. C. Shaw, Kenneth Taylor, Bob Word, Fleetwood Cornell, O. A. Smith, W. C. Gunter, Calvin Naylor and Johnnie Beard are members of the greenhand group this year. Charles Eugene Thompson, who recently succumbed to an attack of blood poisoning, was elected to honorary membership.

### CLIFTON NEELEY CASE CONTINUED MONDAY

Charged with the theft of a 'pickup' from Reagan Bain May 12th, and of drunk driving at the same time, the charges against Clifton Neeley of Memphis were scheduled to be heard this term of court. Trial has been continued to the next term of court for cause.

The charges against Neeley arose when the missing pickup was found south of town and Neeley was found near the machine in an alleged drunken stupor. Slightly injured, he was brought to the hospital by parties who happened along on the highway. Later, Neeley was arrested by local officers down town, and charged as stated above, by Sheriff Pierce.

Among the large number of Panhandle dealers to attend a Ford meeting in Amarillo Wednesday night were Doss Palmer and son Ray representing the Palmer Motor Company of Clarendon.

Mr. and Mrs. H. Cline are visiting in Amarillo.

### Leathers Family Won—So Can You

CASH PRIZES OFFERED BY COFFEE FIRM

Each week the Duncan Coffee Company make it possible for users of Admiration coffee to win valuable cash prizes. The requirements are such as to make any housewife eligible.

In this contest, you have sixteen more chances of success than in a national contest of similar nature. This is due to the fact that the Admiration coffee contest is limited to the Southwest only.

Look over the grocery lists in this issue for those advertising Admiration coffee. Get an entry blank from the grocer advertising Admiration coffee. The directions are plain. Every user of coffee has a chance to win. In other words, you have all to win and nothing to lose, since it costs you nothing to enter the contest.

The D. E. Leathers family entered a "Typical Family" contest through the Donley County Leader—and won. They won in Texas and are now in New York after having won in the national contest. They had all to win and nothing to lose. The family grabbed opportunity when it knocked at the Leathers door. It has meant thousands of dollars to this Donley County family.

The way to win is to try. Get your entry blank and comply with the instructions today. You have as much chance to win a nice cash prize as any one.

### WINDY VALLEY BAPTISTS WILL SELL BUILDING

The members of the Windy Valley church are disbanding as an organization. They are to sell their church at public auction Saturday, November 2 at 10 a. m.

In addition to their building, they will sell the piano, a carbide lighting system, pews and several other articles. M. L. Putman will cry the sale.

Members of the church committee are V. D. Roy, T. J. Talley and H. W. Stogner.

Mr. and Mrs. F. A. White are spending the week on the South Plains.

Mrs. Jim Archer of Anson arrived Tuesday to spend a few days with her sister, Mrs. S. C. Bell and family.

### SOLUTION SOUGHT IN GEORGIA TO MYSTERY OF LOST COLONY

BOSTON, October 15.—Possible clues to an American mystery 350 years old—the mystery of the Lost Colony of Roanoke—will draw 50 prominent professors of history, geology and botany to Gainesville, Georgia, next week and transform them from university scholars to detectives on the trail of colonial history.

Heading the list of those invited, it is announced, will be Prof. Samuel E. Morrison of Harvard University, who, as sailor on the trails of Christopher Columbus, has already had more adventure than half a dozen ordinary college professors.

Clues to the possible fate of Sir Walter Raleigh's colony, the first colony on the American continent, have been discovered in the form of inscribed tablets near Atlanta, Georgia. Covered with moss, aged by the weather, they appear to tell of the wanderings of the abandoned colony, and hint at its ultimate fate.

But the possibility of a hoax remains, and Dr. J. H. Pearce, President of Brenau College, where the discovery was made, is "reserving judgment" until the final verdict of 50 expert historians and geologists is rendered.

It was on June 20th, 1584, that 7 vessels and 108 settlers under a charter from Queen Elizabeth landed at Roanoke, in what is now North Carolina. Wandering about the new world, suffering from Indian attacks, the little colony struggled to eke out an existence in the new world. A year later Sir Francis Drake took them back to England, but second and third attempts were made. When, in 1590, John White arrived with supplies and men, he found that the hardy settlers had completely disappeared.
