Denver Road in Yoakum System.

An Austin dispatch says the action of the Trinity & Brazos Valley railroad in preparing to remove its general offices to Fort Worth is looked upon as a preliminary step toward the consolidation of the general offices of the several roads which with it are to compose the Colorado Southern, New Orleans & Pacific systems in Texas.

It is expected that the authority for this proposed consolidation will be asked of the legislature when it meets in January. By that time the connecting links in the new system will have been completed. The roads which will probably be embraced in the proposed consolidation are the Fort Worth & Denver City, the Trinity & Brazos Valley, the Wichita Valley, the Beaumont, Sour Lake & Western, the Orange & Northwestern and probably the St. Louis Brownsville & Mexico.

B. F. Yoakum is the leading factor in all of these roads and the new system will probably be better known as the Yoakum system. As now situated each of the roads is compelled to maintain separate general offices although they are under the same ownership.

Why does the administration issue \$30,000,000 of Panama canal bonds, when there is, according to the official statement, \$170,000,000 of available cash in the treasury, of which over \$50,000,000 is in the favored banks and not drawing interest? Is the reason for the issue of bonds because the banks require them to put up as security for more money? The fact that the taxpayers of the United States will have to pay interest on this new issue after July 20th, does not hinder a republican administration from saddling the load on the people while the banks go free. The game of finance as played by the republicans is all one-sided and the banks always get the best of it.—Ex.

While standing on the platform of a trolley car in New York City, Tuesday, William Breusted of Waco, Texas, was robbed by a pick-pocket of a wallet containing \$175 and a draft on a bank in New York for \$800. This is the second time Breusted has been robbed while visiting New York. On the other occasion he lost \$400.

One hundred Polish immigrants arrived in Fort Worth, Tuesday, over the Missouri, Kansas & Texas from Galveston, bound for different points in Texas. They were dispatched over three different roads, forty leaving on the Rock Island, thirty-five over the Denver and twenty-five over the Texas & Pacific west, to Thurber.

The building boom in San Francisco might be even bigger than it is if the builders had not to pay tribute to the Steel Trust at the rate of \$7 a ton on all the structural iron they use.—St. Louis Republic.

One of the Russian Terrorists made a mistake a few days ago and killed the wrong general, he having had only a photograph by which to recognize the victim doomed. But the mistake is not deplored by the Terrorists, since it is the open season with them for all generals.—Dallas News.

Gov. Folk on Mail Orders and Home Advertising.

Governor Joseph W. Folk, in addressing the retail merchants of Missouri at their convention in Jefferson City, Tuesday, spoke against the mail order business and favored advertising in home papers. He said in part:

"We are proud of our splendid cities and we want them to increase in wealth and population and we also want our country towns to grow. We wish city merchants to build up, but we also desire country merchants to prosper.

"I do not believe in mail order citizens. If the place is good enough for a man to live in and make his money in, it is good enough for him to spend his money in.

"No merchant can succeed without advertising in one way or another. Patronize your town papers, build them up and they build the town up and build you up in increased trade and greater opportunities. Do not be afraid your business is going to be hurt by the recent exposures of wrong-doing in the commercial world. No man who is doing an honest business can be injured by light. All business will be better for the cleansing process it is going through and for stamping out evils."

The attorneys general of several states have been filing informations against Rockefeller and Standard Oil in their states during the last few weeks. There is no "information" in these filings except what Ida Tarbell published years ago. What have all these attorneys general been doing in the intervening years? It takes a lawyer a long time to learn some things.—Ex.

The bulletins of the Texas Experiment Station are mailed out free of charge to anyone sending his name to the director at College Station. The mailing list already contains 25,000 names. Get your name on the list and keep step with the procession.

According to Harpers, more than \$4,000,000 worth of automobiles were brought into the United States during the fiscal year ending with the last week of June, and more than \$3,000,000 worth were exported during the same time.

The Japanese continue to surprise the world. The last thing they have done is to send two christian missionaries to India under the auspices of the Young Men's Christian association. Both of these missionaries are graduates of American and European universities. They will likely have greater success among the East Indians than the white faced representatives from the occident. These missionaries are supported entirely upon contributions by the Japanese people.—The Investigator.

Stir your ground whether weedy or not. The primary object of cultivating crops is to keep the soil in good condition, but if it were not for the weeds a lot of farmers would neglect this important work. Sometimes our blessings come in disguise.

Prices Thursday were:
Steers from \$3.00 to \$4.15
Cows from \$1.60 to \$3.10
Calves from \$2.25 to \$4.50
Hogs \$5.65 to \$6.65.

New Mexico Earthquakes.

Socorro, N. M., south of Santa Fe, has been badly damaged by an earthquake. Fifty-two shocks have been felt since Sunday morning. The courthouse is wrecked. The buildings of the School of Mines are cracked and nearly every residence in the city is cracked or wrecked. More than two-thirds of them at least are damaged or destroyed.

The town, which is largely of adobe and brick, is almost shaken to pieces. The people are fleeing, but no one is killed. Huge boulders have been jarred down on the railroad track and trains cannot enter the town.

The water in the hot springs near Socorro has increased several degrees in temperature, and the inhabitants fear that the ancient extinct volcano ten miles from the town will break out and begin spouting lava again.

The people are fleeing without even locking up their houses and getting out as soon as they can.

Worse Than the Dance.

The Christian Advocate says it first thought the skating rink might prove a place of healthful exercise, but it now says,

"But it was not long until the money shark had control, and now all sorts of arrangements are being made to beguile the young and middle aged into undue exercise, questionable contact and lateness of hours. They now race round the floor like race horses on the track, and prizes are offered for the winners. They fall into each other's arms beyond anything known in the promiscuous round dance and the wee small hours find them still whirling in the giddy maze of the rink. Young men and young women seem almost intoxicated with its excitement and fascination. Married women are caught by its spell, and many of them join in the exercise with men not their husbands and husbands with women not their wives. They skate and skate until almost physically exhausted, and return to their homes weary and worn out with the excess and lateness of the night. And in some places such is the popular excitement of this craze that Sunday night is given over to it and the revelry is something to be deplored. Such excesses are neither healthful nor beneficial and they are not always moral. Many sad and unmentionable results have come to our ears directly caused by the familiarity and personal contact on the floor of the skating rink. It is developing into an evil in many places, and only an evil, and it is time fathers and mothers were giving serious thought to these abuses to which it is necessarily open. It has placed itself alongside of the round dance and it is useless to blind our eyes to its tendency in this respect any longer.

The Panhandle Christian Camp Meeting.

HEREFORD, Tex., July 18.

Notwithstanding the rain the attendance upon this meeting has been good. Three services a day have been held with sermons and addresses by different preachers on different lines of christian work. The music lead by Evangelist Edward O. Beyer is made one of the special features of each service. Already some eighteen or twenty additions to the church have been made and it is believed the meetings will be continued through another week.

The preachers in attendance are the pastor at Hereford, John W. Marshall and E. O. Beyer of Chicago, C. C. Bearden of Clarendon, J. S. Stockard of Canyon, Jewell Howard of Amarillo, Dr. H. E. Luck and family of Dallas, State Secretary J. C. Mason, F. L. Jewett of Austin, J. S. Coleman of Dalhart, and Bonner Frizzell of Texas Christian University.

Besides the ministers of the Christian church present, sermons or addresses have been delivered by Rev. Carey of the Presbyterian church, Hereford, Rev. C. S. Barcus of the Methodist church, Hereford, and Dr. L. C. Kirkes of the Presbyterian church, Amarillo. The union sentiment among Christians seems prominent and all seem to be enjoying themselves very much.

Next Sunday's program is as follows:

Sunday school, conducted by Pres. A. C. Elliott. Communion service. Preaching by Evangelist John W. Marshall. Address by F. L. Jewett, dean of bible chair, University of Texas. Address by A. J. Bush supt. Christian Orphans' Home. Sermon by Evangelist John W. Marshall.

Rev. Granville Jones, the able prohibition speaker and editor of a redhot prohibition paper, is now speaking for Tom Campbell for governor.

The 13th annual catalogue of Agricultural and Mechanical College of Texas, 140 pages, is out, giving full information to those interested in this great state school.

The Fort Worth Record makes much ado over its statement that Dr. Cranfill would support Bell for governor. Mr. Cranfill only said what he would do if he were a democrat, and Cranfill is no democrat. He is a partisan pro., and will vote for the nominee of that party.

The movement of fruit, grain and coal over the North Texas lines of the Missouri, Kansas and Texas is becoming so heavy that a shortage of trainmen is feared. Brakemen who have had experience are being hired as fast as they apply for positions, but the supply of trained men does not seem to equal the demand.

The interstate commerce commission is moving to make an investigation of the freight rates to Texas points, which may prove of great importance to certain Texas towns. The recent increase in rates to Texas points through the restriction of the common point territory is the immediate cause of the activity of the commission.

Politicians have been flocking into Oklahoma for years, clamoring for statehood with the hope of getting a piece of official pie in the hand-out. The Gainesville Messenger says there are four thousand offices to fill in the new state of Oklahoma. To fill these four thousand offices there will be at least fifty thousand candidates, judging from the present indications. There will be from twenty to forty candidates for governor.

The 1906-7 catalogue of the Texas Baptist University has been received, consisting of 30 pages and numerous engravings. This educational institution is growing rapidly in popularity, and has one of the very best faculties in the music department in the South.

We were told yesterday that S. H. Hunt, who left here last spring and bought four sections in Sherman county, has been offered \$75,000 for his land.

Mrs. A. S. Hinton and children, of Harrison county, Texas, who have been visiting the Saunders and Hudgins families in Gray county, left last night for their home.

Five cars of Texas peaches were wrecked and scattered along the track for a half a mile near Atoka. The small boys of the town had a glorious time until they began telling the medicine man their tale of woe.

The track laying on the Wichita Valley extension from Seymour to Stamford is progressing rapidly and the steel is down about ten miles beyond Munday.

Members of a threshing crew near Burbank, I. T., engaged in a battle with pitchforks Monday and Frank Girdner of near Kaw City was dangerously injured about the head and shoulders.

Source of Anarchy.

It is a common thing to hear the head of the trusts score socialism and rail against anarchy, but it is a fact that trust practices are driving more people into socialism and anarchy than all else combined. Referring to this, the Amarillo Herald says:

"The expose of trusts and combines is water on the wheel of Socialism. Socialistic literature and oratory have not done one tithe as much as has been done by the organized efforts of syndicated wealth in annulling the competitive system of driving small dealers out of business. The Oil trust, the Tobacco trust, the Sugar trust, and the rest of the trusts covering every staple article of commerce, will have to do business within the legitimate channels of competition and obey the law or be inundated and kicked out of existence by the triumph of Socialism. How paradoxical, but true, that the Croesuses of the competitive business should face annihilation by a rival business system or be sent to the workhouse for abuse of power under their own."

And no longer ago than June 20, Senator Lodge said in a speech, in the U. S. Senate:

"I have no sympathy whatever with the socialistic movements that are going on to take possession of all sorts of business and all so-called public utilities, whether municipal, state, or national. I believe the movement, if successful, means the destruction of the government which we reverence and love, and which it has taken us a hundred years to build up. "But I say, and I say it in all seriousness, that those packers in Chicago and those owners of the Standard Oil have done more to advance socialism and anarchism and unrest and agitation than all the Socialist agitators who stand to-day between the oceans."

The Texas Cotton Crop.

The Dallas News' second report on the cotton crop of the State of Texas and Indian and Oklahoma Territories for the current season comprises individual reports of correspondents at 542 points, which individuals reports, written on July 12, show that the crop in Texas was 12.9 per cent better than the crop of 1905 on the corresponding date, and Indian Territory 6.7 per cent better, whereas the condition in Oklahoma is the same as it was a year ago.

Taking the State as a whole, conditions are more nearly uniform than they have been for some years past. The reports show favorable weather conditions over most of the State and many of the correspondents report the best prospects since 1900.

In Archer and Foard counties grasshoppers are reported to be doing considerable damage. In that section of the State also the crop has suffered from hail, heavy beating rains and cool nights.

The crop as a rule is well fruited, but lacks uniformity in development. In Eastern Texas it averages a little earlier than last year, and in portions of South Texas it is earlier. Throughout the remainder of the State it is generally two or three weeks later. Picking is in progress in the southernmost counties of the State.

As a rule the condition of the crop in Indian Territory is good, but in some districts it is suffering from too much rain. In Oklahoma good conditions prevail, except in some of the western counties, where the crop is very backward on account of heavy rains during the spring and consequent deficiency in cultivation.

Sheriff Sampson Connell is under indictment at Georgetown charged with perjury in regard to a mileage account for witnesses in the district court. He gave bond in the sum of \$500 and the case was set for July 23.

Hote Lydle, a deaf and dumb boy, aged 14 years, was drowned at the bridge over the West Fork of the Trinity at Fort Worth Wednesday. Young Lydle, with a party of other boys, was in swimming at the place named and Lydle got beyond his depth.

T. L. Forrester, brakeman on the Santa Fe, was killed Sunday at Cananea. He was crushed almost beyond recognition by a car becoming disconnected on the coal chute. The body was shipped to Paris and buried from the home of his parents. He leaves a widow and three children. He was insured to the amount of \$3,500.

Tuesday morning about four o'clock the barn of C. F. Bray, who lives four miles west of Chico was totally destroyed by fire. Loss about \$600, no insurance. Four hogs, a wagon, surrey, harness and a considerable amount of corn, hay and other feedstuff was burned. The origin or the fire is supposed to be incendiary.

Passenger train No. 7 carrying hundreds of Texas Elks to the convention at Denver, was wrecked three miles north of Forbes' Junction early Monday. Engineer Martin J. Culton was killed and Fireman Charles T. Garrett badly injured. That the whole train was not carried into a deep ravine, resulting in serious loss of life, is due to the fact that it was running slowly on account of the recent heavy rains.

CHRONICLE CORRESPONDENCE

Mrs. Chas. Crow spent several days visiting her father this week. Jesse Ring shipped from Giles Sunday 282 head of goats to Kansas City.

W. H. Thaxton, of Dumas, Tex., visited several days in Giles this week.

Miss Gayden, of Winona, Miss., came in Friday to visit her cousin, Mrs. Geo. Craine.

Mr. Tom Phipps, of Temple, Tex., is here with his mother, Grandma Phipps.

Gus Shelton, of the Indian Territory, nephew of J. M. Shelton, is visiting relatives here.

A Memphis doctor was called in to see Mrs. J. O. Rhey Sunday, who lives three miles northwest of Giles.

Judge Akers has been quite ill this week and a doctor was called in Thursday. The Judge is some better at this writing.

Mrs. Ack and Shade Killian, with their families, came in Saturday to be at the bedside of Mrs. Phipps, their grandmother.

W. D. Shelton, who has been working for Lewis & Molesworth at Bovina, has a sprained ankle as a result of his horse falling with him.

Mr. P. C. Johnson went up to Clarendon the 11 on a house hunting expedition as he has to give possession of the place where he is now living, which was sold to John Gist recently.

Grandma Phipps, the aged mother of Mrs. J. M. Shelton, is very seriously ill and a doctor has been in attendance, but as Mrs. Phipps is 85 years old there is very little hopes of her recovery.

W. A. Wylie moved his family to Giles Monday. He was unable to get a house in Wichita Falls, where he has a position on the Wichita Valley road and will move his family as soon as he is able to get a residence.

GET THIS BEAUTIFUL COLORED PICTURE FREE.

Splendid Reproduction, in Sixteen Tints, of a Celebrated Painting.

Every person who sends One Dollar to pay for a year's subscription to the TWICE-A-WEEK REPUBLIC of St. Louis, Mo., and FARM PROGRESS, will receive ABSOLUTELY FREE, a beautiful colored picture, 24 by 32 inches entitled "The Departure of the Bride from the Home Washington." This picture is a direct reproduction from the celebrated painting from Ferris. Sixteen colors were employed in the process. It is on fine, heavy paper, and will make a magnificent ornament for the home. Aside from its genuine artistic merits, it possesses an uncommon interest to every American, as the central figure in it is George Washington, standing at the portal of his Virginia home, bidding adieu to the bride and bridegroom. The color work is highly ornate and correct in every detail.

The TWICE-A-WEEK REPUBLIC is the oldest and best semi-weekly family paper in the country, and FARM PROGRESS, which is also published by the Republic, is the fastest-growing farm monthly in America. Remember, that you get both of these splendid journals an entire year, and the beautiful colored picture, all for ONE DOLLAR.

Present subscribers may take advantage of this offer, by sending a dollar and having their time marked up a year. The Republic hereby gives notice that this offer may be withdrawn at any time, and those wishing the picture should send in subscriptions AT ONCE.

Remit by Post-Office or express money order, registered letter or bank draft. Do not send personal checks. Write names and addresses plainly, and address:
