Eudorse Bryan, But Refuse To Repudiate Sullivan.

By a vote of 1,038 to 570 the democratic convention at Peoria, Ill., Wednesday placed upon the table the request of William J. Bryan for the resignation of Roger C. Sullivan from the national committee. Despite the fact that Mr. Bryan had declared that he did not wish to be indorsed unless Sullivan was repudiated, the convention declared him to be the one and only man capable of leading the democratic party to victory in 1908. The indorsement of Mr. Bryan and the tabling of the motion calling for the resignation of Mr. Sullivan came at the close of a most exciting session of the convention, in which there were several fights and throughout which confusion reigned supreme.

Negro Troops A Vexing Problem.

WASHINGTON, D. C., Aug. 23—Army officers are at their wits' end to furnish a solution of the question as to what is to be done with the negro troops of the United States. The Brownsville episode has brought the matter to a crisis, and although the troops which offended the citizens of Texas are to be transferred to Indian Territory, the authorities of the department by no means feel sure that this will end the difficulty.

It is carefully explained at the department that the sending of troops to Texas was not without a thorough consultation on the part of the officers in charge of the matter. It was recognized that they would not be welcomed there, but it was also recognized, according to the statements made today, that they would not be welcomed at any other fort in the United States.

According to the statements made this afternoon by the war department, it seems probable that congress at its next session will be asked to repeal that section of the law which calls for the enlistment of negro troops.

Newest Cause for Divorce.

Obesity as a cause for divorce is the latest. The sylph-like bride became in eighteen years so fat Mr. Link was completely discouraged and sought the New York courts to dissolve the ties that bound. Link is quite artless in his argument, but Mrs. Link, who doesn't see the case just his way, resents having her 225 pounds put aside with the consolation if she grows thin her fastidious lord will marry her. Evidently love flew out of the Links' window when the lady hit the beam at 200. Since then there have been domestic agonies and no end of anti-fat medicines without avail.

The insurgents in Cuba have started a revolution. Wednesday there was a fight, during which several men were killed or wounded on both sides. Eventually the insurgents captured the town and fifty Rural Guards, who are now being held prisoners. Guerra is now in complete control of San Luis, which is reported to be completely quiet. The city of San Luis has a population of about 6,000. American dealers have been commissioned to buy hundreds of horses for the use of the Rural Guards now being recruited.

In making dates don't forget that Huston Franklin show, Monday night Aug. 27th.

Crusoe Island Destroyed.

A report reached New York Monday that the South American earthquake destroyed the island of Juan Fernandez off the Chilean coast. It belonged to Chile, and on it were a penal settlement and a fort.

This is the island made famous by Daniel De Foe as the scene of the thrilling adventures of Robinson Crusoe.

A Dearth of Laborers.

General Passenger Agent A. A. Glisson of the Denver Road is in receipt of advices from the lines along the Pacific Coast to the effect that that section of the country is almost facing a labor famine. The letter states that at least 40,000 workmen and laborers of all kinds are needed for every branch of business.

Earthquake Losses.

Loss of life at Valparaiso by recent earthquake was close to 3,000, while property loss is fully \$100,000,000.

With the first terrible shock of the earthquake buildings collapsed, their walls falling with tremendous noise. The shock was followed almost immediately by a fierce storm, the wind prostrating walls that had been weakened by the earthquake, and these broke trolley wires, which flashed incessantly. The second shock was even heavier than the first.

Five minutes afterward fires started in every direction, and immediately afterwards the whole town was illuminated by gigantic flames.

The Western Pacific Railroad, which is at present being built between Salt Lake City and Los Angeles, is in need of at least 7,000 men, while the Southern Pacific needs about 2,000 in the same territory. This does not include the need of labor in the fields and other branches. The wages offered are high.

Hoke Smith has been nominated for governor of Georgia.

The report that Stensland, the Chicago bank defaulter, has been arrested in Mexico proved to be a fake.

I fear the centralization of big industries in the hands of five or six men will prove a big mistake. When half a dozen men control the business and financial policy of a great industry a single error of judgment will plunge the whole nation into financial loss and ruin.—Russel Sage.

The negro is doomed in East Texas. The boll weevil will put him out of business. He is nothing but a cotton farmer and a slow one at that. He won't plant early and he won't cultivate readily; hence he is up against trouble of a serious nature. Next year he will go hungry.—Tyler Courier.

Canyon City Reunion.

The Denver road will give a rate of one fare plus 10 per cent for the round trip to Canyon City on Aug. 26 on account of the occasion of the reunion of Confederates, West Texas Cowboys' Association and Randall County Fine Stock Show to be held Aug. 28-30.

Some folks say, a show cannot come back unless it is good. The Huston Franklin show returns for one night Aug. 27th.

Old newspapers cheap at this office. Only 15 cts per 100.

Democrats Indorse Roosevelt.

The indorsement of President Roosevelt by the Twelfth district democratic convention of Ohio demonstrates how loosely party lines are being drawn these days. An appeal to party regularity is proof positive of weakness, and should be construed as an attempt to condone wrong by recourse to prejudice. There could have been no consideration of party in the resolutions of those Ohio democrats when they indorsed President Roosevelt.

Party lines are looser today than at any time since the Civil war. Party is becoming more and more a qualified term. It is quite common to hear of a Roosevelt democrat or of a Folk republican. Duty is now quite often considered the antithesis of party. A marked tendency of both organizations is to attach less significance to party and more importance to duty, less thought of mere form and more consideration for the spirit of the law.

It is fortunate for the well being of the American people that they are becoming more independent of thought and less devoted to mere party name. The great issue of corporation regulation will never be settled by a blind adherence to regularity. The vote of a minority party plus that of the independent voter is often needed to carry into effect necessary reforms. It was true of Roosevelt, of Folk and of LaFollette, and the principle is being illustrated in Kansas where, for the first time in years, a democrat is making a winning campaign for the governorship.

The ranks of the independent voters are receiving new recruits daily, and these are the citizens who are putting the greatest statesmen in positions of public trust.—Kansas City Star.

To Give Away 10 Million.

From a source seemingly reliable, an announcement was made today that Mrs. Margaret Olivia Sage, widow of Russell Sage, intends to distribute 10 million dollars in charities as soon as her friend, Miss Helen Gould, gets back from Europe. Mrs. Sage, it is said, believes that Miss Gould is able to give her some valuable advice as to how to distribute the money advantageously. The nephews and nieces of Russell Sage who heard the story declared it was probably true, as Miss Gould and Mrs. Sage had for years been working together along the lines of philanthropy laid out by Miss Gould.—Ex.

Avery Turner, vice-president and general manager, is given as the authority for the statement that when the Santa Fe's Belen cut-off is completed and the Pacific Coast freight and passenger traffic is routed over this way there will be fifteen or twenty trains a day over the Southern Kansas line, which will then be a part of the main line. This will mean something for Miami.—Chief.

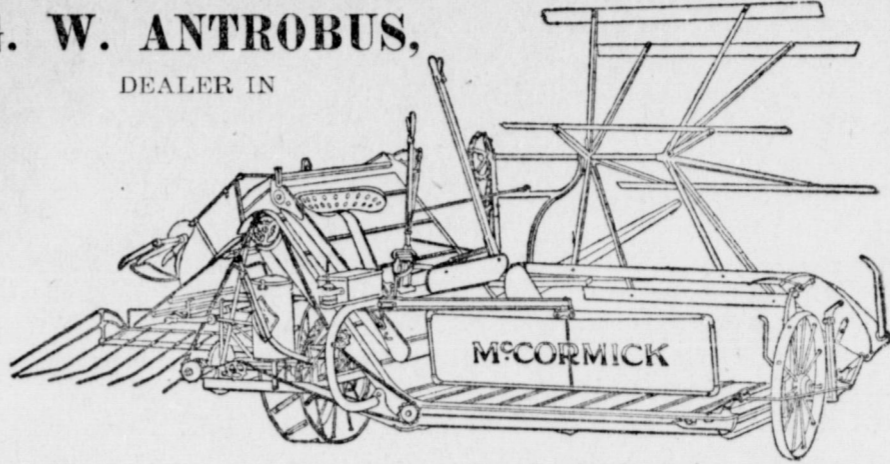

Near Prior's Creek, I. T., five boys dug up \$1,000 which had been buried by their grandmother. She had received the money at a payment many years ago. It was all in \$20 gold pieces. The boys are Luke, Levi and John Sapsucker U-ha-lu-gi, and Sugar, all full-blood Indians. The money was drawn at the big payment at Fort Gibson in 1852 and was latter buried at the home of the Indian woman who drew it. It was known that she had buried the money, but when she died she took the secret with her to the grave.

The Clarendon Chronicle

Published Twice-a-Week by

W. P. BLAKE, Editor and Proprietor.

Entered February 13, 1903, at Clarendon, Tex., as Second class matter, under Act of Congress March 3, 1879.

CLARENDON, TEX., AUG. 25 1906.

The democrats of Texas seem to know that they have enough of the Terrell election law, but do they know what they do want.

It is given out from the Attorney General's Department that no proposition has been made by that department to compromise the pending anti-trust suits against the Fort Worth Live Stock Exchange and its members and that none will be made. So far as that department is concerned the suits will come to trial at the time set.

Trouble with negroes seems to be on the increase everywhere. Numerous accounts of assaults and robberies are mentioned in the daily press and the negro problem in the larger cities is getting to be a serious one. The premeditated, murderous raid of negro troops at Brownsville for no other reason than that they were not granted social equality has aroused the people all over the state. Only a few days ago one rode into and through the state in a sleeper contrary to the state law, and they are demanding recognition in places that bode no good for them.

Jno. W. Veale has defeated D. E. Decker for the state senate by four convention votes. Decker carried the majority of the Panhandle counties, but was defeated by the counties at the lower end of the district. His fight for the quarantine line won him the animosity of the counties below it.—Dalhart Texan.

The above erroneous statement has been copied, or a similar statement has been made by most of the papers that supported Mr. Decker. The truth is that Mr. Veale carried 17 counties above the quarantine line to Mr. Decker's eleven in the same territory. And below the line Decker carried five counties to Veale's six. Will these papers now publish the facts?

The Clarendon Chronicle is still running its announcement column, which the defeated candidates should consider a graceful act.—Quanah Tribune.

The Chronicle carries the announcements of all candidates until the convention nominates its choice, which will be done today in the senatorial and judicial conventions. It will then only carry the nominees. Our county holds no convention, hence the candidates will all run until the November election. In these days of convention manipulation, none of their fates are yet definitely decided nor will be until the final convention passes on them.

It is reported that there is a move in Austin, strongly backed, to bring out Colquitt for United States senator against Bailey, and it is stated that he will certainly be in the ring, backed by Campbell. All of Colquitt's friends claim that he has a strong following in the legislature, while Bailey's Waters-Pierce oil record handicaps him.

When the Bryan presidential boom was launched it was reported that Grover Cleveland would take a seat in the bandwagon, but no such announcement has come from that gentleman even to this date.

If you hate your enemies you will contract such a vicious habit of mind as by degrees will break out upon those who are your friends, or those who are indifferent to you.—Plutarch.

The Ohio democratic platform agreed upon contains an unqualified indorsement of Bryan for president in 1908.

The state democratic platform opposes lobbying; the contributing of corporations to campaign funds; nepotism in the state service; and the occupation tax on useful occupations.—Childress Post.

All good doctrine, but we hope the Post will not forget about a year after the general election to tell how well the platform pledges have been enforced.

About eighteen home-comings are being worked up in as many states for the coming autumn. It is a shrewd effort to drain Texas, but it will not work. The autumn is busy time in Texas.—Houston Post.

There is nothing to carry Texans back to these states but old memories. There is everything imaginable to bring them back after a short visit and make them better citizens than they were before.—Ft. Worth Telegram.

Let 'em go. When they tell of the glories of Texas; its fine crops fertile and cheap lands, healthful climate and genial, progressive people, they will arouse a line of thought in those old states that will result in thousands of them moving to this state in the near future.

The Miami Chief had a whole, 7-col. page ad last week and it did the editor so much good that he had the paper folded with its in'ards out. There was also some good descriptive matter of the Panhandle on the inside pages.

Gov. S. W. T. Lanham and Senator Tillman are to deliver addresses on opening day at the State Fair of Texas. As there will be no Texas democratic convention in session perhaps they will escape being hooted down.

World's Favorite Fruit.

It is estimated by those who know that the apple is the favorite fruit of the world, but whether favorite or not, it is eaten more than any other fruit. When William the Conqueror went from Normandy to England, among the many good things he did was to have large orchards planted whenever he and his followers settled, and these orchards consisted principally of apples, the fine quality that grew so abundantly in France.

Baptist Revival.

Don't forget about the revival meeting to begin at the Baptist church on Wednesday night before the second Sunday in Sept.

The church has been very fortunate in securing the services of Rev. J. Frank Norris, of Dallas, one of the best revivalists in the state.

All christians are urged to assist in this meeting. A great meeting for the salvation of the lost is the purpose of the meeting.

The apple crop around Denison is affected with the black rot and is almost an entire failure. Spraying as a preventive seems to do no good. The black rot appeared there several years ago and has puzzled nurserymen as to the cause.

Owing to a shortness in the fund appropriated for the purpose, Paymaster West of Texas National guard has been informed that those who participated in the late encampment will not get their pay for two weeks or a month. There are 2,016 men and officers to be paid and it will take \$35,000. A check on the treasury will be mailed from Austin to the men and officers.

Land in the Panhandle will not depreciate in value and may be classed as a cash asset. Purchase a farm at prevailing prices, cultivate the soil intelligently and live at home if you are interested in the future of your family.—Chief.

The Tented Theatre.

Return of The Show That Pleased so well. The Huston-Franklin Orpheum show and big Temple of music will play a return date in Clarendon on Monday August 27th.

This is the same company that made a big hit and pleased so well in the opera-house last winter and they are coming back with an entire new line of the best acts, pictures, songs, electrical effects, etc. obtainable. The show this year is pronounced by all to be the best performance ever given by this company. There are ten big numbers or "turns" consisting of the five Hewettes, Americas greatest musical act, Dan O'Neil, champion dancer of the West, The train wreckers, Illustrated songs, Buster Brown baby Francis, Day sisters, Sis Hopkins, Elks dream, O'Neil and Clarette, The Seven Ages and Prof Robert's wonderful educated rats. In fact a great big two hour show without any waits or delays. One night only, Monday August 27th.

Johnny went to see the stock yards, Mother missed him in the jam; Johnny fell into the discard, And came home as potted ham. —Puck.

It is claimed that the Belen cut-off, being built by the Santa Fe from Texico to Belen, N. M., will cost \$11,000,000 and through trains will run about Nov. 1.

PAVILION THEATRE

10 Big Acts 10

ONE DAY ONLY Monday Aug. 27

My New Store
Is specially constructed for light both day and night and for air in Summer, and warmth in Winter, with a private room for customers in fitting Suits, Skirts and Waists.
Plenty of Room
now to fully accommodate my trade every season of which has been a large increase over the preceding one.
New Fall Hats
My first line of Fall Street Hats will be on display **Saturday September 1st.**
I will go to the St. Louis Market Sept. 6th and will make special purchases of Suits, Skirts, Waists and Hats to order for customers who desire. If I can serve you see me before going.
Skirts and Waists
I still have some skirts and waists on hand. I will put them on sale **Saturday, Monday and Tuesday** regardless of their cost. I expect my fall stock of Millinery and Ladies' Furnishings to far exceed in variety and quantity, all my previous efforts and with correct style goods. My usual low prices and courteous treatment for all. I hope to merit your Fall trade.
