CLARENDON, DONLEY COUNTY TEXAS. SATURDAY AUGUST 18, 1906

No 65.

Governorship Goes to Campbell: On 3rd Ballot.

After a play of all kinds of political chicanery, and the unseating of a number of Panhandle delegates at the Dallas convention, the nomination went to Campbell anyhow on 3rd ballot. They made a failure to corner the vote of the delegates of the dropped candidates for Bell. Following are the bulletins:

12:30 p. m. On the first ballot the vote is announced as follows (last three figures show decimal of thousandths of a vote): T. M. Campbell, 213.241; O. B. Colquitt, 169.934; C. K. Bell, 163.357; M. M. Brooks, 156.118.

1:59 p. m.—The roll call on the second ballot has been suspended and the convention is now balloting on a new appeal from the ruling of the chair that the county delegations can be governed by the unit rule regardless of instructions under the Terrell law. There is intense feeling over the issue in the convention.

2:25 p. m.—Colquitt has withdrawn from the race in the midst of the second ballot. The fight is now down to Campbell and Bell. Bell is going to withdraw when Colquitt stops speaking.

2:35 p. m.—Colquitt advises his followers to support Campbell.

3:20 p. m.—C. K. Bell's representative, who informed Chairman Temple that Bell would withdraw when Colquitt was through with his speech, has failed to accept the recognition of the chair and the roll call is proceeding. It looks as if nearly all votes will go to Campbell.

Convention hall, 4:10 p. m.—Thomas M. Campbell, of Palestine, has been nominated on the third ballot.

The rest of the ticket was nominated as indicated in the primaries.

Must Ride on Cattle Train.

After Aug. 28 the man who rides as a caretaker of live stock in transit will be compelled to ride on the same train as the cattle or else pay his fare, and will not be allowed to ride on the passenger train going and then return on his live stock contract.

At a meeting a short time ago of the railroad solicitors it was decided after a careful study of the Hepburn bill and the construction placed on the clause that relates to the transportation of caretakers of live stock it will be construed in a very literal sense.

It has been the common custom in this state and the two territories to hire some one to ride on the same train as the cattle do and give them attention needed while the owner went to market on the passenger train ahead of his cattle and then returned on the contract in which the live stock was shipped.

This will be a thing of the past after Aug. 28.

According to Guymon, Ok., papers that town will build a \$10,000 system of water works, a \$10,000 hotel, a \$10,000 school building, a number of brick business buildings and will have money to burn when the crops have been harvested.

For Sale—One of the finest 320 acre farms in Donley county—185 acres in cultivation, crop fine. Third and fourth of crop goes with place. Terms easy. See me or write me.

Prohibition Ticket.

The Prohibitionists of Texas put out the following ticket at Terrell Tuesday:

Governor—J. W. Pearson, Boyce.
Lieutenant governor—Thomas Brown, Beaumont.

Attorney general—J. M. Russell, Amarillo.

Comptroller—J. P. Crouch, McKinney.

Land commissioner—H. L. Winchell, Cisco.

Superintendent public instruction—J. L. Andrews, Dallas.

Following is the platform adopted:

The prohibition party of Texas, in convention assembled, recognizes now as in years past God's authority in all matters of government and politics and traffic in alcoholic beverage as the greatest present danger which threatens the lives, health and happiness of the people of our nation; the integrity of our institutions and the future of our children.

We declare the toleration of such a business in this country to be contrary to all reason, either moral or economic.

We as Prohibitionists, do not offer prohibition as a cure-all; but we declare the legalized saloon to be the salient point in the battle lines of these forces of evil which resist good government and hinder the progress of our people towards righteousness, peace and prosperity.

There are other evils in the battle lines, such as the disregard for law, corruption of elections, unjust legislation and many more. But if the liquor traffic be destroyed many other evils will disappear and all will be greatly lessened.

We declare that a just government will secure the rights of all the people. That while we agree to the rule of the majority as a matter of convenience, we contend that the minority should be fairly represented in our legislative bodies. Believing that the license is the strategic point we concentrate our fire upon it and invite the support of all our fellow citizens.

We declare that the business and moral interest of our state demand:

1. The absolute prohibition of the manufacture, importation, exportation, transportation and sale of intoxicating liquors for beverage purposes.

2. The initiative and referendum.

3. The impartial enforcement of all laws.

4. That we request our senators and representatives to work for the passage of a law preventing the United States government from granting permits to sell liquors in prohibition territory.

5. Such rigid government control of public service corporations as shall best secure the interests of the people, and in case the interest of the people requires it, government ownership of public utilities.

6. A simple adequate election law that will give each political party the right to decide when, how and by whom its candidates shall be nominated, and that will provide for a general election law by which an intelligent citizen can vote without the assistance of the attorney general or a professional politician.

We believe that every plank in the above platform is important but we insist on the first as being vitally so.

The Committee on platform also offered the following resolutions, which were adopted:

Resolved, That it is the sense of this convention that all party prohibitionists should do all in their power to adopt the local option law whenever the same is presented to the people for adoption. And while it is a fact that the prohibition party is the only party that votes a unit for local option, all other parties being divided on this issue, we desire to place ourselves on record to that effect.

Resolved, That we heartily endorse the action of the American Express company in refusing to deliver or ship c. o. d. packages of liquor into local option territory, in conformity to the decision of the supreme court of the United States.

Dr. Stocking of Clarendon was placed on executive committee for the coming two years.

Two Republican State Tickets.

The white and dominant wing of Texas republicans met in convention at El Paso Tuesday with 200 delegates present, not over 15 of them negroes. Cecil Lyon was re-elected chairman of the executive committee.

The following ticket was named:
Governor—Dr. C. A. Gray, Fannin county.

Lieutenant governor—Fredrick Hofheinz, Comal county, president of the Hermann Sons of Texas

Attorney general—Charles W. Ogden, San Antonio.

Comptroller—Wentworth Manning, Van Zandt county.

Treasurer—G. Mendell Booth, Taylor.

Superintendent of public instruction—F. Vandervoort, Dimmit county.

Commissioner general land office—H. C. Harding, Amarillo.

Railroad Commissioner—W. F. Conner, Dallas.

Judge court criminal Appeals—A. G. Porter, El Paso.

The black and tan delegation of near 200 met in Houston on the same day, 90 per cent of whom were negroes.

This is their ticket:

Governor—Colonel E. H. R. Green of Terrell.

Lieutenant governor—Judge J. C. Gibbons of Paris.

National committeeman—William McDouald of Kaufman.

State chairman—Dr. Alex W. Acheson of Denison.

They adopted a platform condemning the Democratic party, trusts, leasing of convict labor, commending free schools, and eight hour day for government laborers, care for confederate veterans within the state, fuller accommodation for the state's insane and river improvements.

Socialist Ticket.

The Texas socialists met in Dallas Tuesday and put out the following ticket:

For Governor—George Clifton Edwards of Dallas.

For Lieutenant Governor—Lee Rhodes of Providence.

For Comptroller—G. W. M. Taylor of Poolville.

For Treasurer—W. J. Bell of Tyler.

For Attorney General—M. A. Smith of Campbell.

For Superintendent of public Instruction,—J. M. Crier of San Antonio.

For Land Commissioner,—J. L. Swan of Stamford.

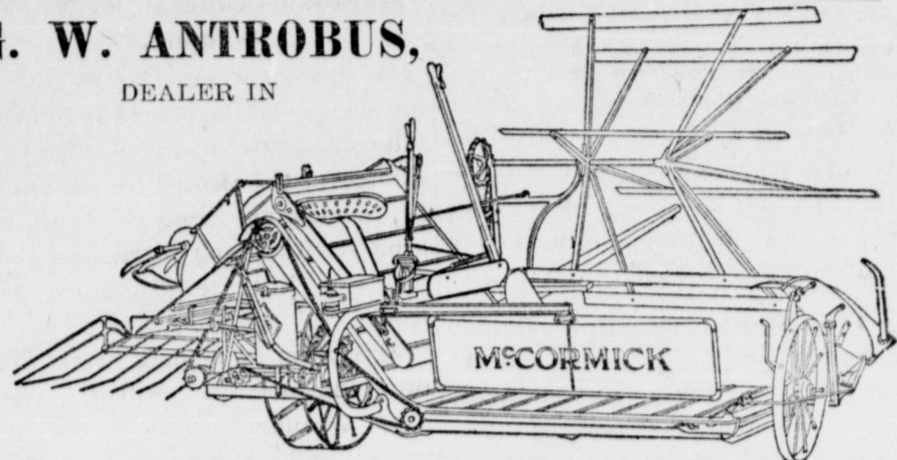

For Railroad Commissioner,—E. R. Meitzen of Hallettsville.

For Chief Justice of the Supreme Court,—William D. Simpson of Dallas.

For Judge Court of Criminal Appeals,—Eustace Bellinger of San Antonio.

A report comes from Mexico of an explosion of a large quantity of dynamite at Hacienda Robinson, the property of the Chihuahua Mining Company, killing twelve persons and wounding many more. The dead body of a boy with a 22-caliber rifle was found near by. It is supposed that the boy fired into the dynamite and caused the explosion, which could be heard for miles and shook the ground like an earthquake.

Want Annexation To Texas.

U. S. Bateman of Roswell, N. M., a lawyer and ex-representative in the territorial assembly, wrote to every United States senator Monday in regard to the annexation of the counties of Chaves, Eddy, Guadalupe, Lincoln and Roosevelt to Texas in the event that statehood should be voted down. These counties are solidly democratic and will vote nearly unanimously for statehood. It is Bateman's opinion that with these counties annexed to Texas, Arizona would ultimately be forced to accept statehood with the remaining portion of New Mexico, which is Republican.

Bought 50,000 Ounces of Silver.

Director Roberts, of the mint at Washington, bought 50,000 ounces of silver Wednesday at 66.62 cents per ounce. It is expected that the government will require from fifty to one hundred ounces of silver a week for an indefinite length of time. It is the purpose, therefore, of Secretary Shaw and Director Roberts to receive bids Wednesday of each week until further notice.

Wonder if the rainmaker has tired himself out and let up at last? We hope so.

The late primary election fully demonstrated that the city dailies are not the whole thing when the country press gets together.

Perhaps the shortage of school teachers in Kansas is accounted for by the fact that some of the counties require contracts prohibiting the school "marms" from having beaux during their term.

The talk of a few New Mexico counties along the Texas border seceding is likely all a bluff. These are about the best counties in that territory and we do not think she can afford to spare any good land.

The Rock Island road has recently placed an order for 5,000 box cars and asks for bids on 5,000 more. The Harriman lines are in the market for 4,000 box cars, 1,400 flat cars, 1,000 refrigerator cars, 875 oil tank cars, 600 hopper cars, 50 gondola cars and 500 stock cars.

The four candidates for governor up to the primary of July 28 spent campaigning, in the aggregate, \$49,059.69, or an average of \$12,264.62. The least expense account reported is \$9,734.65 and the highest \$15,664.83. In the campaign of 1890, which was credited with being strenuous, Hogg spent for postage \$82.75, telegrams \$26.24, express charges \$25.70, printing \$251.20, making a total of \$385.

Why is it that a man will spend ten or fifteen thousand dollars to get a job good for four years, that is only worth \$4,000 a year or \$16,000 for the term? Darned if the editor knows, and he gives it up. However we would be more than pleased to put the people next, to the best of our ability, if anyone can furnish a satisfactory answer.—Belton news.

Honor, my dear boy, honor.—Ft Worth Record.

Then if the "honor" is such a card and the salary cuts such a little figure why is it that some of the dailies are raising such a howl for the salary to be trebled?

A home-coming is talked of in Missouri. There were in 1900 618,248 persons living in other states and territories who were born in Missouri. Of these 51,676 were in Texas; Kansas and Illinois leading. Old Missouri has the wherewithal to entertain them magnificently.

Childress has a new sheriff. Mr. Bellah has resigned and J. W. Cochran the late nominee has been appointed. Wonder if Childress will back the new sheriff in getting rid of its blind tigers?

A lot in some nice cemetery. It is time for pa to get; Tommy's started in a smoking Of the baleful cigarette.

—Waxahachie Light.
A lot has been bought; in a deep pit Tommy's gone and no joking, Cigarettes he would not quit, But he's where he's still smoking.

Mr. Bryan has a chance to prove his sincerity by demanding that ex-Senator James K. Jones of Arkansas cease his democratic professions. Mr. Jones appealed to the President last week in behalf of the Standard Oil company.—Ex.

Governor Frantz has issued a proclamation declaring Mangum, Ok., to be a city of the first class, and calling an election of city officers to be held September 15.

And This In Kansas.

LEAVENWORTH, Kas., Aug. 14—It was stated here to-day that plans are being made to have all negro troops in the United States army stationed at one post because of race feeling that exists at many points where both white and colored soldiers are stationed. It is said that a Southern post probably will be settled on for the negro troops.

Murderous Outrage By Negro Soldiers.

A dastardly outrage was committed against the people of Brownsville Monday by about twenty negro soldiers of the United States infantry, who came from Fort Brown armed with Krag-Jorgensen rifles for the purpose of raiding the town.

A number of houses were fired into and one man killed. They shot an officer through the arm and killed his horse, then escaped to the post. The causes leading to this tragic affair were trivial. The negro soldiers, since first coming there, have been incensed at the refusal of the Brownsville saloons to serve them at the bar with their white customers. A negro soldier was knocked down on the street the other day by a custom guard for brushing rudely against some ladies in his company on the street. A number of soldiers have been reprimanded for swearing on the streets and one or two arrests have been made for disorderly conduct. This is absolutely all the provocation they had.

Monday at Childress Rev. Bloodworth and Ben Harding engaged in a personal difficulty over a change asked in a road running diagonally across the latter's land.

The residence of Sam Polk was burned at Greenville Tuesday, a portion of the contents being saved. Loss on building and contents \$1,500, insured for \$1,000.

Dallas received her first bale of cotton for the present season Wednesday. It was raised by M. C. Glenn, a farmer near Kleburg. The bale weighed 540 pounds and was bought at 9.90c, being rated as middling basis.

Ora Rogers, a small boy at Lometa, was accidentally shot and killed by his older brother last week while out hunting. It is stated that after the child was killed, his brother carried his dead body more than a mile to the nearest house.

H. R. Yarbrough a farmer was drowned Tuesday in Chambers creek, four miles north of Italy. He, in company with others, were digging bait on the banks of the creek and Yarbrough slid into the water. His companions tried in vain to rescue him.

The residence of Jim Porterfield, nine miles north of Dublin, was burned Monday night while the family was absent. Loss \$3,000, insurance \$800. A small boy, a son of a tenant on the place named Corley, is in the Stephenville jail, charged with burglariously entering the house and setting fire to it.

College Notes.

Reported for THE CHRONICLE.

Dr. Burkhead reports a most pleasant trip to Childress, where he addressed the Y. M. C. A. in the afternoon and preached to a crowded house at night, then spent Monday meeting old and new friends. He will spend next Sunday at Hereford in the interests of the College. He has a pressing invitation to be at Portales, N. M., but can not meet both invitations. We will have students from Amarillo this year. The people from the metropolis begin to turn their eyes this way because of our superior educational facilities.

There will be new students this year with us from McLean, Matorador, Wellington, Stratford, Amarillo, Groom, Chillicothe, Hale Center, Silverton, Hereford, Olustee, Ok., Portales, N. M., and other points to hear from.

Mrs. E. E. Baldwin who is spending the Summer near Guyton, Ok., was down this week arranging about placing her daughter, Aris, in the girl's dormitory.

Bro. Hardy is moving into the house just south of the campus where they will be at home till Conference.

Miss Mamie Harrington and Nora Talley of this year's class have returned from Landon's Conservatory, Dallas, where they have been studying this Summer. Both young ladies will teach music this year.

Bro. Mood will spend next Sunday in Channing in the interests of the College.

Mrs. S. E. Burkhead is expected home from Marlin soon.

D. B. Doak is to assist in a revival at Portales, N. M., before time to enter school at Georgetown.

Edgar Spurlock from Stratford writes that his school is progressing nicely. It will not close in time for him to enter school at the opening, but he will come in later.

Ewing Bain from Silverton and Bounds Howe from Claude write this week asking that rooms be reserved for them. Geo. Palmer from Cataline writes that he will be here by the 27th, ready for work.

Several people are being kept busy at the College getting everything in readiness for the opening. Geo. Pipkin came up from Matorador Saturday to take Prof. Johnston down there.

Missis Gabie and Pearl Betts have gone to Hereford for a brief visit to their home folks. Ernest, Nora, and Mable Clare will accompany them home to be ready for school.

The real need of the College and of our town is the construction of houses that people may rent. Yesterday a gentleman from a distance visited all the real estate agents hunting a house. He was anxious to bring his family for the purpose of putting his children in College, but left without making satisfactory arrangements.

Our local patronage promises to be very good. A great many of our people are looking forward to the opening of school.

Women Want Trousers.

Five hundred women engaged in the culture of beet sugar in Berner county, Iowa, where the industry is important, have struck, and the industry is threatened, because church people invoked state law in order to keep women from wearing pants in the fields. The women workers say it is far easier to work in trousers than in skirts.

People led by the Rev. Thorkelson insist that bifurcated garments are immoral, and even indecent. Seven girls who belonged to the Thorkelson's church have withdrawn. The justices of the peace sided with the girls and have refused to prosecute. Owing to the fact that the men are all engaged in harvest fields, the beet sugar industry will suffer greatly if the girls cannot work, and they say they will not work in skirts.

Elsewhere in this issue will be found the advertisement of the Agricultural and Mechanical College. This institution is doing a great work for the people of the state; not merely in educating their sons along industrial and technological lines, but also for the farmers, stockmen, fruit and truck growers and others actually engaged, at the present time, in the development of the state's great resources. The moral tone of the institution has been so much improved it is now all that could be desired by the most exacting mother. The institution will probably have more application for next year's entrance than it can supply with rooms and accomodation. It will be well, therefore to write the secretary at an early date for a catalogue and other information, and when you have made up your mind to go, register your name with the secretary in order that space may be reserved for you.
