Parents Interested In Cub Pack Here To Attend Training Course April 21

In response to the demand for Cubbing on the part of Clarendon boys who are 9, 10, and 11 years old, a training course for parents will be held at Clarendon Junior High School next Tuesday evening, April 21, beginning at 8:30 p. m.

Cubbing, the younger boy program of the Boy Scouts of America, is a supervised activity program, which centers in the home with the parents as the guiding influence. So that parents may more clearly understand the operation of a Cub Pack, and their responsibility to their own boy in the program, a training session is required for them. The 9, 10, or 11 year old boy who wishes to become a Cub, may not join until one or both of his parents have taken the required training.

A recent survey of 8, 9, 10, and 11 year old boys in the Clarendon schools shows that 50 boys in this age group wish to become Cubs. In the light of this enthusiasm, the Adobe Walls Council, of which Clarendon is a part, is offering this parent training, so that these boys may join a Cub Pack, to be formed in Clarendon. Cubbing has grown by leaps and bounds throughout the United States in the last five years, and has enjoyed a remarkable growth in the Adobe Walls Council.

Cubbing is preliminary training for entrance into the Boy Scouts of America, and Cubs graduating from the Clarendon Pack will be eligible for entrance into Troop 37 of Clarendon, sponsored by a Group of Citizens, of which Chas. M. Lowry is chairman, and O. D. Lowry is Scoutmaster.

Any parent of a boy 8, 9, 10, or 11 years of age is invited to attend next Tuesday's meeting, it was announced by J. Troy Israel, Field Executive of the Adobe Walls Council.

CONSERVATION CHECKS TOTAL \$48,264.98

Walter J. Flynt, secretary of the Donley County A.C.A., announced this week that \$48,264.98 in conservation payments had been received by Donley ranchers and farmers during the past two weeks. \$54,150.59 had been received before this last batch, bringing the total at this time to \$102,415.57. Approximately \$200,000 will be received altogether he stated. "We will be glad to help any producer plan his 1942 crop operation," Flynt said, "and explain all soil building, pasturing and planting on conserving acres any time now."

ATTENDING CONVENTION

J. C. Estlack, local postmaster, left for Waco Wednesday where he will attend the Texas Postmasters' Convention this week.

Eighty-Five Year Old Man Plows 84 Victory Gardens In Clarendon

*** **

"I wanted to help the war effort," stated Hugh Brown, pioneer Donley county man, when asked why he was still plowing gardens at the age of eighty-five years. He informed a Leader reporter that he had intended to let the garden plowing go by this year, but that the Government's plea for everyone to raise a garden had caused him to alter his plans.

In past years plowing gardens was a yearly routine with Mr. Brown, better known to his many friends as "Uncle Hugh". But this year his efforts have taken on a new meaning. Since the last of January he has plowed, or had plowed under his supervision, eighty-four gardens here in Clarendon for people who have answered the Government's plea for a Victory Garden program. Thus, he has plowed the same number of gardens as he is old in years, for after all, he will not be eighty-five until the 26th of this month. He also states that there are many other garden plots besides the ones he plowed, making Clarendon a veritable greenery of vegetables.

"I just got to thinking about how serious this war really is," stated Uncle Hugh, "and I concluded that I was too old to do any fighting, so I might as well make it possible for people to raise gardens. I know how to do good plowing, and I believe the

5-STAR EMBLEM AWARDED TO MRS. J. A. HELTON

The Emblem of Honor Association has awarded a Five-Star Emblem of Honor Pin to Mrs. J. A. Helton of Clarendon, in recognition of the services of her five sons with the armed forces of the United States. They are: Lt. Joe A. Helton; Sgt. Allen A. Helton; Sgt. Pilot Harrell B. Helton; F.C.P. Carroll Helton; and Pvt. Claude G. Helton.

"We believe that any woman who contributes so handsomely to the defense of her Country is deserving of an award of this kind and recognition, not only by her own Community, but by the Nation as a whole," Martin Stern, Secretary of the Association stated in a letter to the Leader Thursday morning.

GOVERNOR PROCLAIMS TEXAS CHILDREN'S WEEK, APRIL 19-25

Governor Coke Stevenson has proclaimed the week of April 19-25 as Texas Children's Week. C. B. Morris has been appointed as County Chairman. R. E. Drennan, McHenry Lane and Miss Ruth Richerson have been appointed on the committee to arrange the program.

Anyone wishing to help in the observance should contact the above parties, as Texas Children's Week will be observed in our churches and schools this week.

PIE SUPPER AT MIDWAY NEXT WED. NIGHT

The Midway community will be hosts to all candidates and guests at a pie supper to be held at the Midway school house Wednesday night, April 22nd.

All proceeds from the supper will go to the Navy Relief Society. Mrs. David Caraway will make a talk on Navy Relief.

All candidates are invited to come out and make their speeches and enjoy the occasion.

DR. J. GORDON STEWART MOVES OFFICE

In order that his patients would not have to climb stairs, Dr. J. Gordon Stewart has moved his office to the Latson building and is located on the ground floor, next to Nadine's Beauty Shop.

Dr. Stewart came to Clarendon in March of 1941, and has enjoyed a nice practice since that time.

MOTHER VERY ILL

Mrs. Jones, mother of Mrs. Jack Bailey of the Martin community, is very ill at this time. She was moved from the home of a daughter at Brice to Mrs. Bailey's, Saturday, in a Buntin ambulance.

STATE GAME RESERVE RENEWED ON RO RANCH

Renewal of the State Game reserve covering some 66,000 acres of the RO Ranch and Wib Fowler pasture land for the next 10 years was announced this week by W. J. Lewis Jr. There will be no hunting or fishing allowed as the State Game Wardens will hold full jurisdiction over the whole area and will post signs all along so that hunters and fishermen will know the forbidden territory.

This game reserve was organized a few years ago in order that the game in this area would have a chance to replenish, and eventually restock farm and ranch land surrounding the reserve.

"It was not the hunters of Donley that made this act necessary," Lewis stated, "but the hunters from a distance who knew no limit that led us to believe that it would benefit the whole territory if we placed it in a State Game Reserve."

Registration Of Men 45-64 Due April 27th

Announcing the distribution of instructions to Texas local boards concerning the April 27 registration, General J. Watt Page, State Selective Service Director, said this week that plans are under way to register approximately one and one-half times the number of men who were registered in the third registration.

As soon as the President's proclamation calling for the fourth registration has been received at State Headquarters, Gov. Coke Stevenson will, according to the Director, issue a proclamation calling upon all men in this State who had attained their forty-fifth birthday on or before February 16, 1942, and have not attained their sixty-fifth birthday on April 27, 1942, to register as of their home address between 7 a. m. and 9 p. m. on Monday, April 27.

General Page pointed out that although the men affected by this registration are not liable for military service under the Selective Training and Service Act of 1940, as amended, they will be registered in much the same manner as men who enrolled in previous registrations.

HAS APPENDECTOMY

Mrs. I. M. McCuam, mother of Mrs. Joe Ritter, suffered an appendicitis attack Monday, and was rushed to Adair hospital in a Buntin ambulance. She underwent the appendectomy the same afternoon, and is reported as getting along nicely at this time.

EDUCATIONAL TOUR WILL BE MADE OF ALL STATES

Carl B. Morris Jr., son of Mr. and Mrs. C. B. Morris, is making preparations for a busy summer. He is to leave May 15th with the Agricultural Department of College Station to make a tour of the southern states, up the Atlantic coast to New York, and then back through the middle west to College Station. He will then leave again with his fellow itinerants, taking him along the eastern slope of the Rockies across to Washington, and back along the southern route to College Station.

On this tour which will take approximately three months, this group of Aggie students will inspect all important agricultural projects throughout the United States. Carl will receive more credits by making this trip than by staying at the school this summer.

SELL HOME

J. N. Wood sold his residence to Ray Wood of Amarillo. Mr. and Mrs. J. N. Wood will leave for Ft. Worth and Dallas Monday where they will visit relatives for awhile.

OCTOGENARIAN DIES AT SILVERTON

With the death of A. P. Donnell at Silvertown Sunday, Briscoe county lost not only her oldest citizen, but also a man who had done much toward the advancement of that section for more than a half century.

Mr. Donnell helped to organize Briscoe county. He was an uncle of A. C. Donnell of Clarendon, and was well known to practically all old-timers of this section.

Dust Bowl Renamed

DALHART, April 15.—Clyde L. Leighton's "Beef Bowl" has won the nationwide cash award contest to rename the old Dust Bowl, which last year harvested the biggest crop in history.

His entry, one of several hundred from more than 30 states, has been chosen by a committee of pioneer Texas Plainsmen. The 54-year-old stockman lives near Clayton, N. M.

The Dalhart Texan made the award. The two biggest international registered Hereford bull shipments in history have been made from Dalhart. One was 254 in 1930 by Coon & Culbertson, of Dalhart, then the biggest registered Hereford breeders in the world. The other was 250 this spring by W. O. Culbertson & Sons who now have the Coon & Culbertson herds. Both went to the Palomas Land & Cattle Co. in the State of Chihuahua, Old Mexico.

Beef cattle income in the 80 counties of the old Dust Bowl is now 28 to 36 million dollars yearly. Wheat payroll, next biggest, is 24 million dollars.

FARMERS ADVISED TO LET VOLUNTEER WHEAT GROW

Wheat growers are advised to wait before plowing up their volunteer wheat, because it can be used for other purposes than green manure.

Walter J. Flynt was informed through a letter from the state office at College Station that this wheat could be grazed on through, cut for hay or can be harvested provided it be used for certain purposes. He states that he will have complete information at a later date as to what can be actually done, so keep a touch with his office in the near future for this data.

"We are having trouble getting someone to measure wheat land, but should have a party to do the job within the next week as all wheat land must be measured before May 3rd," Mr. Flynt stated.

AMERICAN LEGION TO MEET AT VEGA

On Wednesday evening, April 22nd, the 18th District American Legion will hold the regular monthly meeting at Vega, Texas.

The American Legion of the Vega Post and its Auxiliary will be hosts to the district. Lunch will be served at the school gymnasium, followed by business session with dance as closing program. Child welfare will be stressed at this meeting.

MARTIN P.-T. A. TO SPONSOR PLAY

The public is cordially invited to attend a play, sponsored by the Martin P.-T. A., to be given at the school house Friday night, April 17th. The curtain will rise at 8:30. The admission is free.

The title of the play is "His Butler's Wife," a comedy of two acts, which promises lots of laughs. Plenty of music and entertainment is promised for the evening.

Drive Started For Navy Relief Society

Sub-chairmen for a drive for Donley County's quota of \$210 for the Navy Relief Society were appointed last night at a meeting at the County Agent's office in Clarendon.

The move was in line with Navy Week beginning April 19, which was proclaimed by Governor Coke R. Stevenson.

Nollie Simmons, USDA chairman, who was recently appointed County Navy Relief chairman by Attorney General Gerald Mann, presided at the meeting.

Sub-chairmen named were Bert Smith and Laverne McMurtry of Clarendon; Alva Simmons, Hedley, and Quinn Aten, Lelia Lake. The entire ten members of the Donley County USDA Board were also appointed to work on the drive.

Complete plans for the drive had not been worked out today, but Simmons expressed belief that the community as a whole would readily cooperate in the movement to show their appreciation to the Navy.

The Navy Relief Society is the substitute for the head of the family when a man is in the Navy, Coast Guard or Marines, and is fighting our battles on the high seas or battlefronts.

Tom Goldston Dies Tuesday

Funeral services were held at 3:30 Wednesday afternoon for Tom Goldston, 49-year old Clarendon business man, who died Tuesday afternoon following a long illness. Services were conducted by Rev. J. O. Quattlebaum, Jr. at the First Methodist Church.

Mr. Goldston, member of a pioneer family, moved to Donley County from McClellan County in 1902. He received his education in the Clarendon schools and entered the jewelry business thirty years ago with his brother, Joe Goldston, under the firm name of Goldston Bros.

He is survived by his widow, five brothers and two sisters. The brothers are F. L., J. H., Walter and Joe of this city and L. G. of Bisbee, Ariz. Two sisters are Mrs. R. H. Thomas of Olton, and Miss Eva Goldston of Clarendon.

Pallbearers were Clyde Douglas, Sam Dyer, Odos Caraway, H. T. Burton, McHenry Lane, Allen Bryan, Buntin Funeral Home had charge of funeral arrangements.

HUGDINS WILL HAVE CANDIDATE RALLY

There will be a pie supper and candidate rally at Hudgins school house Friday night, April 17th. The usual entertainment is promised along with plenty of talking and hand-shaking.

The public is invited to attend and help all they can. Proceeds will go to buying new song books which are badly needed.

Sixty-Four Donley County Club Boys Sign Up For Swine Projects

MRS. HOWARD WILL LIVE IN MEMPHIS

Since the death of her husband, M. T. "Doc" Howard, several years ago, Mrs. Howard continued to make her home on the Howard ranch some forty miles south of Clarendon. For some forty years that was home and she learned the management of a ranch long years ago.

Recently, Mrs. Howard had a home built in Memphis and has moved to spend her last years in the beautiful little city where lives one of her sons, Arthur W. Howard and his family.

Mrs. Howard saw unfavorable seasons due to climatic conditions. She saw drought for several years. Yet, despite it all, she managed her ranch on an equality with the seasoned veteran cowmen of the west. The legion of friends of this fine lady hope that she will find rest and enjoyment in her new home.

YOUNG ATTORNEY RECEIVES NAVY COMMISSION

George W. McCleskey, former Clarendon youth and now an attorney associated with the firm of Nelson & Brown, law firm at Lubbock, received his appointment Saturday as ensign in the Naval Reserve. He was ordered to report at Dallas "not later than Tuesday".

George, as a young attorney, has made a fine record and his many friends here in Clarendon will be glad that he has received this worthy appointment.

George is the son of Mr. and Mrs. Geo. H. McCleskey of Clarendon. He is now married.

According to last reports received by his parents, George left for the West Coast this Thursday at noon.

PANHANDLE PRESS ASS'N. ELECTS NEW OFFICERS

At the closing session of the 33rd annual convention of the Panhandle Press Association in Amarillo Saturday, Wes Izzard was elected to the presidency. Jimmy Gillentine of the Hereford Brand became vice president, and Clyde Warwick, publisher of the Canyon News was re-elected secretary.

Members of the board of directors for the coming year are Tex DeWeese, publisher of the Pampa News; W. R. Rutherford, Moore County News; Kenneth Fink, Childress County News; S. B. Whitenberg, Amarillo Times; J. E. Staley, Clayton News; and Douglas Meador, Matador Tribune.

Panhandle Workers Conference To Meet With Turkey Baptist Church

*** **

*** **

The Panhandle Baptist Association Workers Conference will meet with the First Baptist Church at Turkey, Tuesday, April 21st. The program has been planned with the intention of blending plenty of prayer and songs. Mr. and Mrs. J. T. Sizemore will render special music preceding the sermon and inspirational message. Those who have had the pleasure of hearing this splendid young couple sing, will want to hear them again. Mr. Sizemore is a dynamic worker which assures a lively and interesting program for the day's meeting.

Rev. John F. Johnston and his church members extend a cordial welcome to everyone to attend this inspirational meeting. Rev. Johnston states that he and his church are expecting a large attendance.

Sixty-four Donley Co. youths have made arrangements with J. R. Gillham, local F.F.A. adviser, to carry swine projects this summer. A majority of the projects will be feeding demonstrations, and a number will be gilt and brood sow projects. The county is well represented with boys from Hedley, Bray, Windy Valley, Lelia Lake, Hudgins, Chamberlain, Martin, Ashtola, Goldston, Sunnyview, Midway, and Clarendon enrolled in the work.

The youths will exhibit their barrows in the fall shows, and the three hundred pigs they will have on feed this summer will go a long way in helping in the "Victory Drive" for increased food production due to the war effort.

Gillham stated that any youths desiring to enter pig club work should contact him at an early date. Any youth over six years of age is eligible for pig club membership. Pigs of each of the Hampshire, Berkshire, Poland and Spotted Poland, Duroc, and Chester whites are available to Donley County youths at a reasonable price.

A detailed list of the boys and their projects will be given at an early date.

FOUR CHILDRESS YOUTHS ARRESTED TUES. NIGHT

Highway patrolmen arrested four Childress youths near Clarendon late Tuesday night, and took into possession 12 half pints and one whole pint of whiskey. Lindsey Swafford, driver of the car was charged with bootlegging, and Charles Yeary and Jimmy Ray Lewis paid \$12 drunk fines, and the fourth youth, Roy Simmons, was released. Swafford is still in the county jail pending further action.

COTTON CROP INSURANCE

Two hundred and forty-one cotton crop insurance policies were signed up by Walter J. Flynt, secretary of the Donley A.C.A. office. These policies covered some 356 farms with approximately 40% taking 75 percent insurance and 60% taking 50 percent insurance.

Navy Service Club To Be Organized

The wives, mothers, sisters and sweethearts of the men from Donley County that are serving in the Navy, Marines and Coast Guard, are urged to be present at a meeting to be held at the County Agent's office on Thursday, April 23rd at 8:00 p. m.

The purpose of the meeting is to organize a permanent Club or Auxiliary to further the best interests of the men in the service.

Since it will be impossible to contact all those interested, this notice is to be considered as an invitation for all to be present for the organization of the group.

Mrs. David Caraway has been appointed temporary chairman to preside at this first meeting.

The Navy Relief Society needs your contribution for this worthy cause. Your community committee will call on you during the coming weeks. The week of April 19th has been designated as "Navy Appreciation Week."

Judge E. L. Pitts Seeks Office of Chief Justice

District Judge E. L. Pitts of the 99th District Court of Lubbock, has announced for the office of Chief Justice of the Court of Civil Appeals, 7th District to succeed Chief Justice M. J. R. Jackson, who retires voluntarily next January 1.

Judge Pitts is 53 years old, a native Texan, born in Fannin County. His parents moved to West Texas when he was a child; and he grew to manhood in Palo Pinto County, where he resided until he moved to Northwest Texas.

E. L. PITTS

as some years ago. Judge Pitts' education was received in the public schools, East Texas Normal College, Commerce, Texas, and the University of Texas. Subsequently he taught school; and then he entered the law profession. Before his election as District Judge, he served as County Judge of Lubbock County.

Friends of Judge Pitts are convinced that his education, training, natural ability and twenty years experience as a trial judge qualify him exceptionally well for the position he now seeks. They point out that in his judicial career he has had come before him almost every conceivable type of case; and that he has conducted his courts to achieve prompt, impartial, courteous and satisfactory settlements of the issues involved. Attention is also called to the much study he has given to the new rules of procedure for the Texas Judiciary, and his conviction that the proper application of them will expedite trials to the end that justice will be better served.

Judge Pitts has a record for having participated wholeheartedly in varied civic affairs; and if he has a hobby, it has been in working and counselling with young people, particularly boys and girls. Based strictly upon his record, Judge Pitts solicits the support of all voters in the forty-six counties comprising the 7th District, Court of Civil Appeals of Texas, subject to the Democratic Primaries.

Old Age Assistance: What It Is And How It Works

The real name is "Old Age Assistance." The word "pension" is not mentioned in the law at all. Pensions are paid to those who have earned them in the nation's armed forces, or under a retirement system where the recipients contributed out of earnings over a long period of years. If the government has a "pension" system, it is what is known as Old Age and Survivors Insurance.

Old Age Assistance is primarily intended to guarantee that no aged person shall suffer from lack of necessities. The law declares that it "shall not be construed as a vested right in the recipient of such assistance." It is "not transferable or assignable" nor "subject to execution, levy, attachment, garnishment or other legal process."

To qualify for this assistance the law requires that certain conditions must be met. An eligible person must be at least 65 years of age. He must be a citizen. He must have lived in Texas for at least five years during the last nine, including one year just before making application. He must not be an habitual criminal or habitual drunkard, and he must be in need as defined by the law.

ASHTOLA
Mrs. W. B. Miller

Rev. R. L. Self filled his regular appointment for the Baptist church Sunday morning and evening.

Mr. and Mrs. J. R. Brandon returned Friday night from a visit of several days to relatives at Springdale, Arkansas.

We are sorry that Miss Charline Knox and little Robbie Self were both on the sick list first of the week.

Mrs. Harold Longan and her two young sons Pat and Harley Dean spent Saturday at Canyon. Mr. and Mrs. Roy Cornelius and little daughter, Georgia Faye, from Lubbock, spent Saturday night in the home of Mr. and Mrs. H. S. Mahaffey.

Mr. and Mrs. L. Morris and family spent Sunday in the home of Mr. and Mrs. Eulan Higdon on the Charlie McMurtry ranch near Clarendon.

Mrs. Al Word and little daughter spent several days last week visiting in the home of her parents, Mr. and Mrs. Moreland in the Midway community.

Mr. and Mrs. D. W. Tomlinson Sr., Ted and Mr. Tomlinson's mother, spent Sunday in the home of Mr. and Mrs. W. P. Holley.

Mr. and Mrs. George Walker spent Saturday at Amarillo and Canyon.

J. W. Rowland went to Vernon Monday to visit his daughter and husband, Mr. and Mrs. Edwin Andrews. He intends to stay until he "fills up and gets good and ready to return," he announced.

Conservation Vital To Production Goals

COLLEGE STATION — More positive conservation is necessary if American farmers are to reach their production goals this year and meet the greater demands which will be made of them in future years.

That's what Fred Wallace, national chief of the Agricultural Adjustment Agency, this week told AAA committeemen in a letter pointing out that if it had not been for the conservation work of recent years, agriculture would not even have "an outside chance of reaching 1942 production goals."

Wallace said that American agriculture, aided by a running start, would be able to carry out its war production task by a gigantic effort to do two things: (1) Use every method of adjustment to get the right amount of each product, without waste; (2) Use every method of conservation to increase yields this year and build up the soil for bigger output next year.

"This means making the best possible use of our land in producing the food needed to win the war and write the peace," he wrote. "Every conservation measure we know about must be used to make every acre count in producing this year's record output and in building soil fertility for even greater production next year and for the duration. Agriculture must be prepared for a long war."

BLIND CONFIDENCE
CONFIDENCE is a precious attribute bringing inevitable results. That is why we guard so carefully this confidence our customers have felt in dealing with this organization for a long period of time. It is confidence built upon a foundation of ability and the desire to handle each account, large or small, as though it were our personal business. Such confidence pays large dividends—dividends you too may enjoy by making this YOUR bank.

THE TEMPLE OF TRUTH
By the Apostle

BUSINESS VS. PLEASURE.
The old Apostle had to abandon the attendance on the Panhandle Press convention in Amarillo last week after plans were made to see the folks at the Friday night

affair. It was a matter of having another job and having to attend to it. Now the Postal Department insists that all postmasters attend the State Postmasters' Convention in Waco this Thursday and Friday. As you read this, the old Apostle will be there. He has a craving to make you the best postmaster ever. He is ignorant and must 'inhale' more knowledge as the old-time westerners used to say. Later on he will make an at-

tempt to sponsor a "Postoffice" column in your Donley County Leader. There are so many things that patrons of the mail service could do to insure a quicker and safer delivery of the letters they send through the mails. Maybe a lot of folks don't know these things. The Apostle did not until he came on this postmaster job.

MISCONCEPTION.
The trouble with the American

government is that the people expect too much for too little performance.

COMMON SENSE.
If there's anybody who deserves generosity in these times, it's the man or woman in uniform. The raising of the base pay of privates in the army and apprentice seamen in the navy to \$42 a month, and to increase the pay or allowances of non-commissioned and

commissioned officers in both services, is a matter of common sense. The nurses in uniform are often young ladies who volunteered before war was declared. Our women folks have been most loyal. They always are if you happen to think about it.

INSULT.
The height of something or other happened here recently when a bride was showered. She received three different sugar bowls, all beautiful works of art, and here comes the sugar rationing.

SYMMETRY.
These new-fangled ties with holes in 'em that look like the mice or moths ha dbeen on the job, are not altogether a mistake. Some smart guy got the idea that sox and ties should match.

LIFE'S BATTLES.
A way in which we may help to win battles on the war front is to win battles on the home front. Win victories over fear, futility, failure, destructive criticism and personal persecution. A strong, victorious home front should help to make a strong and victorious war front.

POLITENESS (?)
The Jap is said to be very polite, or at least their defenders of their presence in this nation before the war often claimed that quality for them. These same kind of sneaky, slimy, tricky, lying heathens of hell actually apologized over the air for having bombed an American hospital on the Bataan peninsula recently, then bombed it again three days later. May there arise a sentiment so strong that all Japs of all ages and sizes will be excluded from all the American possessions at the close of the war. You wouldn't pitch your helpless little children into a den of rattlesnakes, would you?

HAPPINESS.
Dishing out defense stamps to our little folks at the postoffice window is great fun. You would be surprised how well these real smallish boys and girls know about world affairs. And are they loyal! I asked one little boy what he was going to do with his money, after he told me how much he was saving up. Then he reared back on his strong American dignity and informed the postmaster that "It won't be but twelve years until I will be old enough to get in the army, then I can kill Japs!!!" He said it like he meant it—and did.

MIDWAY
Mrs. John Goldston

Mr. Joe Jones had a very serious attack Friday night and Saturday. Marvin Jones of Lubbock and Mr. and Mrs. Ernest Jones and son spent the week end with their parents.
The Midway Quilting Club met in the home of Mrs. Bob Williams Thursday afternoon and quilted a nice quilt for Mr. and Mrs. Robbie Seaton whose household things were burned. The top was donated by Mrs. Glenn Williams, the lining by Mrs. Longan and the thread by Mrs. Higgins and the cotton was bought by the Club. A miscellaneous shower of many useful gifts was also given them. Those present were Mmes. W. D. Higgins, Everett Stevenson, Loyd Moreland, Edith Longan, Glenn Williams, Bingham, Luttrell, King Tomlinson, Dick Tomlinson, Harlen, Donald Harlen, Arthur Davis, John Goldston, Arthur Seaton, Miss Katie Meaders. Those sending gifts were the Frank Hardin, Bill Hardin, Mrs. Ballew, Mrs. Potter, Mrs. W. K. Davis, Helen Chamberlain of Memphis. The Potter's gift was a nice quilt, a pair of feather pillows, a pair of drawn worked pillow cases and one-half dozen wash cloths. The Potters are Donley Countys most liberal family in every emergency.

Mrs. Tomlinson returned home Thursday after a visit with relatives.
Mrs. Gamble and sister left Thursday for a visit with their mother near Middleton.
Mr. and Mrs. Gene Chamberlain and son of Memphis visited relatives here Friday evening.
Mr. and Mrs. Henry Riley and sons, Newman, and Mr. and Mrs. Elmo Riley of Shamrock, Mr. and Mrs. Milt Allen and son Riley, Mr. and Mrs. L. L. Taylor of Clarendon, Mr. and Mrs. Arthur Davis and children were guests in the W. K. Davis home Sunday.
Mr. Gene Hester and children left Friday for Loveland to be with Mr. Hester's brother "Red" Hester who is seriously ill.
Mrs. Longan was a dinner guest in the Fred Johnston home Sun.
Mrs. A. B. Stephens and baby came over from Matador Saturday. They are with her mother.
Mrs. Dick Tomlinson and Mrs. Longan visited Fanny Rector in Clarendon Monday afternoon.
Mrs. Tomlinson Sr. has rented her farm to the Charley Youngs

MEN OF WAR

General Electric men and women—thousands of them! Four typical scenes showing the spirit with which they are tackling the grim job of producing for war!

1. Thousands of employees, only ten days after war declaration, gathered in mass meetings in most major G-E plants to pledge all-out war effort!

2. Almost 85 per cent of all General Electric employees signed up to buy U. S. Defense Savings Bonds totalling more than \$20,000,000 a year!

3. A sign chalked by a G-E workman on a big machine being built for war. The sign carried this challenge to fellow workers: "Remember Wake Island!"

4. And day and night—around the clock—G-E workmen keep steadily at the most important job of building weapons and supplies for U.S. fighting men!

General Electric believes that its first duty as a good citizen is to be a good soldier.

Mr. John Naylor is in Amarillo this week.
Mrs. John Naylor is visiting her sister in Pampa.

Mrs. Hefner who is ill, is some better this week.
Marvin Jones remained over for several days to be with his father, Mr. Jones, who had another serious attack Monday.

Chester Seaton who has rheumatism fever is very ill. Mrs. Salmon came over from Borger Monday to be with her folks.

Buford Holland has been sick with flu. He is better today.
The John Goldstons went to McLean Monday to visit their son, Mr. and Mrs. LaVern Goldston.

LaVern has not been well and had gone to Amarillo for some X-Rays.

AMARILLO HIGH SCHOOL GLEE CLUB PRESENTS MUSICAL PROGRAM

One of the most enjoyable musical programs of the season was presented Monday evening at the College Auditorium. The Amarillo High School Glee Club, under the direction of Miss Mabel Rowan, rendered one of the most versatile, and finished performances it has been our privilege to attend.

Each carefully chosen selection was well received by the audience. The crescendo and pianissimo effects were especially good.

Miss Rowan is recognized as a director of exceptional ability. The pleasing rendition, and interpretation, showed to the best advantage the responsiveness of the Glee Club, and the musicianship of the director.

Each section was comprised of many outstanding voices, carefully blended and balanced.

Among the most outstanding numbers were "Listen to the Lambs," "Rain and the River," and the ever popular "On the Road to Mandalay."

The numbers rendered by Melvin Cobb, soloist, were highly pleasing to the audience, and showed most unusual talent for such a young singer.

"We are indeed grateful to the Globe-News for making this goodwill presentation possible, also to our own citizenship for the large attendance, and enthusiastic response," a member of the Mac Dowell Club stated Wednesday.

F.F.A. BOYS ENTERTAIN WITH PICNIC

Approximately eighty boys and girls attended the annual F.F.A. picnic at the Word ranch, Tuesday afternoon. The youths left school at 4:45 p. m. and spent the remainder of the afternoon at the ranch through the courtesy of Messrs. Loyd and Dayton Shelton, where they enjoyed baseball, rope games, boat riding, swinging, hiking and other outdoor features.

A picnic lunch of weiners, lettuce, pickles, apples, cookies, marshmallows, and chocolate milk was served. The group was accompanied by Dean R. E. Drennan, and Mr. and Mrs. J. R. Gillham and Martha Beth Gillham.

PATHFINDER CLUB

Met in the home of Mrs. Lena Antrobus with Mrs. Antrobus and Mrs. C. D. McDowell as co-hostesses.

At the business session, Mrs. J. H. Howze, incoming president, gave a report on the recent meeting of the District Federation meeting at Lubbock, at which she was a delegate of this club.

Mrs. R. Y. King was leader of the program which was on the "Holy Land."

Mrs. H. T. Burton gave the historical geography of the Holy Land.

Mrs. A. T. Cole talked on Shopping on the Street Called Straight. Mrs. King, "From Tent to Tent with the Bedouins."

Refreshments were served to members. Mmes. Charley Bairfield, John Bass Sr., Fred Buntin, C. A. Burton, H. T. Burton, L. N. Cox, J. H. Howze, A. T. Cole, Mollie Gray, Lee Holland, B. L. Jenkins, R. Y. King, C. T. McMurtry, J. L. McMurtry, C. B. Morris, J. T. Patton, L. E. Thompson, J. Gordon Stewart, Misses Maurice Beery, Mabel Mongole, Mrs. A. A. Mayes was a guest.

MOTHERS STUDY CLUB

Mrs. H. T. Warner and Mrs. Jack Molesworth were hostesses when this Club met at the Warner home Tuesday afternoon.

Mrs. Paul Smithy was leader of the program and spoke on "Character Development."

Mrs. Walter Clifford talked on "What You Should Know About Children Diseases."

At the business meeting, Mrs. Walter Clifford was unanimously elected Club president for the coming year.

Refreshments were served to members. Mmes. Bryan Armstrong, J. E. Burch, Walter Clifford, R. Y. King, Ed West, J. H. Howze, Alvin Landers, Bill Riney, Paul Smithy, Henry Tatum, and guests, Mrs. L. C. Riley and Mrs. Arthur Letts.

CLARENDON H. D. CLUB

The Clarendon Home Demonstration Club will meet Friday, April 17 at 3:30 p. m. at the home of Miss Ida Harned with the exchange of flowers. Mrs. C. D. McDowell and Mrs. G. A. Anderson will be the demonstrators.

FOSTER-EDWARDS WEDDING VOWS SAID FRIDAY

The marriage of Miss Jacque Foster of Clarendon to Carl William Edwards of Amarillo was solemnized Friday evening at 8:30 in the home of Mr. and Mrs. Aggus Huckaby, uncle and aunt of the groom in Memphis. Rev. Sid F. Martin, pastor of the First Baptist Church, officiated, reading the impressive single ring ceremony. The bridal couple stood before an improvised altar of fern and spring flowers with tall white tapers burning on either side.

Miss Mary Sue Huckaby acted as bride's maid and Mr. Huckaby was best man. Only the immediate family was present.

After the ceremony, a wedding supper was served, following which the young couple left for Amarillo.

Mrs. Edwards, daughter of Mr. and Mrs. L. R. Foster at Clarendon, is a graduate of Chamberlain high school. The groom, son of Mr. and Mrs. J. S. Edwards, formerly of Memphis and Hedley, was employed a number of years at the M System store in Hedley, and is well known in that city. He is now owner and manager at the San Jacinto Furniture and Upholstering Co.

Mr. and Mrs. Edward will make their home in Amarillo until Mr. Edwards is called to the army.

BLUE BONNET BRIDGE CLUB

Mrs. Geo. Ryan entertained the Club with two tables of bridge at her home Thursday afternoon. Lovely iris and honeysuckle were used to decorate the guest rooms.

In the games of bridge, Mrs. Letts won high score prize, Mrs. C. T. McMurtry drew consolation. Mrs. Kennedy was given guest prize.

A lovely plate lunch was served to guests. Mrs. A. L. Chase, and Mrs. Ruth Kennedy; Club members. Mesdames, A. R. Letts, J. L. McMurtry, C. T. McMurtry, Fred Chamberlain, John Blocker, C. G. Stricklin.

FRIENDSHIP CLUB

Met Tuesday afternoon with Mrs. J. D. Stockings at her home. Mrs. C. E. Lindsey presided at the business.

The next meeting will be with Mrs. M. E. Thornton, April 23. An ice course was served to members. Mmes. J. W. Morrison, J. A. Meaders, H. Tyree, Glenn Williams, C. E. Lindsey, J. G. Teel, M. E. Thornton, Miss Katie Meaders and the hostess.

1937 BRIDGE CLUB

Mr. and Mrs. L. B. Penick entertained this club at their home Monday evening. The rooms were decorated with a variety of spring garden flowers.

In the games, high score prize went to Mr. and Mrs. Geo. Wayne Estlack, low to Mr. and Mrs. Harry Hart.

A delicious salad course was served to guests, Mr. and Mrs. Tommy Harris and Mr. and Mrs. John Gillham, and to members, Mr. and Mrs. Geo. W. Estlack, Mr. and Mrs. Harry Hart, Mr. and Mrs. A. D. Estlack and the hosts.

LES BEAUX ARTS CLUB TO SPONSOR BENEFIT TEA FOR RED CROSS

The Les Beaux Arts Club will sponsor a Silver Tea for the Red Cross Benefit, Friday afternoon at 4:30 in the Methodist church parlor.

The program will be a book review—Life of Leonardo Da Vinci by Antonio Ballengin, given by Mrs. Geo. Bagby. Mrs. Frank White Jr. will render a vocal solo. A sextette from the MacDowell Club will sing.

This worthy effort deserves your support. Help the Red Cross that they may further a magnificent endeavor.

JUNIOR LES BEAUX ARTS CLUB

Met Thursday, April 2nd at the home of Betty Jo Caraway with Gladys Hardin as assistant hostess.

RED CROSS VOLUNTEER SERVICE

News that we have all been waiting for: The instructions have arrived for 66 sleeveless garments, the first of the knitted garments for our own armed forces. And to show that local knitters are always on the alert, nearly twenty-five sweaters were issued on Monday and Tuesday afternoons with no notice in the paper. Up until Tuesday afternoon yarn was issued to the following:

Mmes. Floyd Lumpkin, Ernest Hunt, G. E. Norwood, J. T. Hoy, Hattie Palmer, Ruth Kennedy, Sella Gentry, Carl Peabody, C. E. Griggs, Forest Sawyer, Bert Smith, B. C. Antrobus, Ed Dishman, Ralph Andis, W. G. Word, H. B. Kerbow, John Smithy, Ernest Kent, and Misses Vivian Taylor, Marilyn Maher, and Maurice Berry.

Sweaters from the last quota were turned in this week by Ione Wall, Mrs. Carl Peabody, Mrs. L. N. Cox, Mrs. Harold Bugbee, Mrs. C. D. McDowell, Mrs. C. E. Griggs (sox), Mrs. Carroll Knorpp, Mrs. Heckle Stark, Mrs. Ed Dishman (sox), Mrs. B. C. Antrobus, Mrs. Will Johnson, Marilyn Maher, Maurice Berry, Mrs. F. L. Goldston, Juanita Bingham (muffler), Betty Lou Naylor (muffler), June Melton (muffler), and Mrs. Paul Smithy (sox). Mrs. Homer Glascock turned in a number of squares for the afagan.

Charlotte Molesworth, director of the Volunteer Service in this county, has recently returned from a visit down state during which time she visited the production rooms in San Antonio and Dallas. She reports that about the same type of work is being done there, but (and here's a compliment to some of you) none of the work she examined, especially the quilts, equals that which has been done by the community women and the various clubs. She also said that other chapters are in much the same situation that we

are—a shortage of material. Mrs. U. J. Boston reports that she expects to start cutting on the hospital garments Monday. All sewed and knitted garments will be carefully inspected upon reception at the Red Cross room. If they do not come up to a standard of good workmanship worthy of the American Red Cross label, the maker will be asked to correct the errors.

The time taken in restitching a seam neatly or loosening the neck of a tightly knitted sweater, is time well spent. The gratitude of the ultimate wearer will more than repay the effort.

Rumors have been flying around in nearly all the chapters that the Red Cross is going to quit issuing wool and other material. Let us correct this now by stating that there is positively no truth whatever in this rumor, and let's all help to do our bit by not repeating such rumors.

The garments that were put on display for the open house last week have been left up for the benefit of those that have not yet seen them and will remain so until Monday afternoon. If you haven't seen this display, we wish to tell you that it is well worth a trip to town.

Friday afternoon Les Beaux Arts Club is giving a silver tea at the Methodist Church and all proceeds are to be given to the Red Cross. Read the announcement in this paper and make it a point to attend. Everything that is given will go to this chapter. The club will pay for their own expenses.

Your writer's thanks to Mrs. H. T. Burton who so kindly furnished the material for this column in the absence of Miss Molesworth.

Mr. and Mrs. Cal Merchant visited their son and family, Mr. and Mrs. Jack Merchant at Pampa, Sunday.

WAR WORKER GIRLS IN UNIFORM—Eight young women employees of the Philadelphia Ordnance District Headquarters are shown in their new tan uniforms which they designed and purchased with their own funds. Wearing of the uniform is optional, but many girls prefer it because it is practical and military in appearance. Adoption of similar uniforms is considered by the thousands of women and girls in War Department Offices in Washington and elsewhere in the country. Overseas caps are Army type and the jackets are single breasted, have four buttons, epaulets and slit in back, similar to Army officers' blouses. Buttons are Army type. The skirts are flared, have deep single "kick pleat" in front and back, with zippered side fastener and a belt overlapping. Shoes are Army officer style with strap and buckle over instep and with spectator heels. Shoe color is "turf."

One Year of Food For Freedom Production

College Station, April 9.—Texas farmers this week looked back on a year of Food for Freedom production and knew they had done a good job.

At the same time, they looked to the future, to the current crop year which must break all records, and knew they had a still bigger job ahead of them.

One year ago, April 3, 1941, Secretary of Agriculture Claude R. Wickard issued a call for more dairy, poultry and pork products. Texas farmers answered that call by increasing their production of all three.

According to V. C. Childs, Agricultural Marketing Service representative on the Texas USDA War Board, Texas produced 4,452 million pounds of milk in 1941, compared with 1940's 4,192 million pounds and 184,833,333 dozen eggs compared with 178,250,000 dozen. The 1941 pig crop totaled 2,309,000 compared with the previous year's 2,144,000.

The nation's agriculture as a whole responded to the Secretary's call in the same vein by producing 115,498, million pounds of milk compared with 1940's 109,510 million pounds and 3,392,000,000 dozen eggs compared with 3,239,000,000 dozen. The national pig crop in 1941 was 85,035,000 compared with 79,840,000 in 1940.

Mrs. Houston Bell was released from the Adair hospital Sunday. Mr. Bell took her and the baby, Jacqueline Dian, to their home.

Texas Cities Have 499 Automobile Graveyards

SAN ANTONIO—Texas has 499 urban automobile graveyards from which war-essential scrap metal may be salvaged, according to war records transmitted to the War Production by the Work Projects Administration.

The inventory made by WPA in Texas cities having a population of 15,000 and more is part of a nationwide survey requested by the War Production Board. Surveys of automobile graveyards in smaller towns and rural areas were made by the Department of Agriculture.

According to the WPA survey, Houston has the state's largest number of auto graveyards, with 65. San Antonio has 58, Dallas 47, Austin 29, Fort Worth 36, Beaumont 23, El Paso 20. The survey was completed in 26 Texas cities by WPA.

Purpose of the survey is to give the War Production Board's bureau of industrial conservation a complete picture of the Nation's scrap supplies.

Twenty-Mile Belt Made With Cotton

The world's longest conveyor belt, constructed to carry sand and gravel a distance of 9.6 miles from Redding to the Shasta Dam area on the Sacramento river, is made of cotton.

Made of 42 ounce duck, the belt itself measures 20 miles from end to end and weighs 1,500,000 lbs. It required 500,000 pounds of long staple peeler cotton in its construction. Twice as long as any previously built conveyor belt, it crosses a broken desert country between Redding and the dam, beginning its haul at an elevation of 1490 feet and making delivery at an elevation of 650 feet.

Capacity of the system is 1,100 tons an hour, some of the gravel as heavy as 6-inch cobble. Material will be in transit 40 minutes from end to end, and 4 years of continuous operation will be required to move the total requirements for construction of the dam, estimated at 10,000,000 tons.

Mrs. Ike McEwen had an appendectomy at the Adair hospital Monday.

Mr. and Mrs. Lee Holland were in Borger Monday on business.

Rev. and Mrs. G. T. Palmer were called to the bed side of her sick father, Mr. George, at Alison, Monday.

Thirteen Pearl Harbor Marines Recommended For Citations

SAN FRANCISCO—The United States Marines, conspicuous in any battle as gallant warriors, produced a new list of heroes at Pearl Harbor.

Maj. Gen. William P. Upshur, commanding the Department of the Pacific, said recently that 13 enlisted men in the marine corps had been recommended for the Navy Cross for bravery in action that Sunday, Dec. 7 when the Japs came.

"During the early stages of the attack on Pearl Harbor, the recommendation said, 'two destroyers were bombed and set afire while in drydock. The fuel oil which was liberated and ignited made a seething caldron of the dock. A battleship in the same dock was in a precarious position and exposed to serious damage by fire from the burning oil. The burning destroyers set off magazines, depth charges and torpedoes, causing heavy explosions.'"

The men cited for heroism were members of the yard fire department. The recommendation said they "set up their apparatus immediately upon call and remained at their stations until the fire was out. Even though exposed to the enemy bombardment, the fumes and heat of burning oil,

and explosions in the destroyers, there was no flinching, although the men were knocked down several times by blasts.

"Moreover, by their individual and combined action, they without doubt saved the battleship from serious damage or possible destruction."

Those recommended for the Navy Cross included Sergt. Claude E. Thompson of Blanket, Texas, son of Mrs. Alma E. Thompson of that city, and Pfc. Omer E. Hill of Alanreed, Texas, whose mother, Mrs. Alice J. Hill, lives in Clarendon.

FARMING ON THE LEVEL—"Farming on the level" helps to maintain or to increase production of the Food for Victory crops, and at the same time often conserves time and tractor fuel, according to Paul H. Walser, state coordinator for the Soil Conservation Service and a member of the Texas USDA

War Board. This photograph shows a farm being operated on the level, or on the contour, in order to conserve both soil and moisture. The additional moisture held in the field may mean the margin between crop failure and a fair harvest. In addition to increasing production,

contour cultivation in some areas has required ten percent less time and seventeen percent less tractor fuel to produce an acre of corn when compared to non-contoured fields. This means a saving of seven hours of time and fifteen gallons of fuel for a field of thirty acres.

Frankie Frisch Writes Bulletin On Baseball

Frankie Frisch, manager of the Pittsburgh Pirates and former great second baseman of the New York Giants and St. Louis Cardinals, has just written an illustrated bulletin on baseball which can be obtained free of charge at Keds dealers by all boys and girls, according to Frank Leahy, head of the Keds Sports Department of United States Rubber Co.

"Play Ball" is the title of the booklet, which gives full details on fundamentals in pitching, catching, batting, infielding and outfielding, as played by major leaguers. A large number of photographs show stance, grips, close-ups with proper use of fingers in pitching a fast ball, curve ball, knuckle ball and other points youngsters always ask questions about.

Frank Leahy announces that during 1942 other official sports bulletins will be issued on such subjects as sports and games to be written by leading athletes. He says: "With America at war, we feel it's more important than ever that boys and girls keep on playing—but play right so they'll develop strong bodies, clear thinking, good judgment, team work."

Texas School Youth May Be Given Major Role In Good Neighbor Relations

AUSTIN, April 8—Texas high school youth may be given a major role in the maintenance of good neighbor relations between the United States and Mexico, according to plans being worked out

by the University of Texas Inter-scholastic League and the high schools of Mexico City.

A representative of Mexico City schools, Senor M. Nuncio who is manager of the Polytechnical Institute, has been in Austin conferring with Athletic Director Rodney Kidd and other League officials in regard to possibility of working out a home-and-home schedule arrangement between teams in Mexico City and Texas.

"We believe this will be one of the greatest steps in setting up a sound inter-American policy," Senor Nuncio declared. "If the youth of our two great countries are brought into friendly contact, then our whole national policy of the future will look to a similarly friendly trend."

Since the program started in July, 1936, 242,092 aged Texans have received Old Age Assistance at one time or another.

LOYALTY From Dog World, 1924

A man may lose his house and lot, his friends may pass him by. He may not have a thin dime left to rent a slab of pie; But if he owns the homeliest and saddest dog in town, He has one pal whose honest love will never turn him down. A man may kick his mangy pup, and cuss him day and night, Still will the faithful cur be true and greet him with delight. Life long he sits upon the porch and wags his happy tail, To greet his lord when he shall come from Congress or from jail.

BETTER BABY YOUR MOTOR

"...and put some teeth into it!"

ONCE UPON A TIME, car owners were merely urged to use good oil, to change it regularly when worn, to adopt a regular schedule of lubrication service.

Now, in the new era filled with priorities, with the manufacture of new automobiles absolutely cut off, real teeth have been put into the idea of caring for a car in order to lengthen its life.

One of the most useful precautions you can take to preserve and protect your motor is to use good oil. But which oil is good? The following facts should help you decide:

Phillips, one of the great independents of the petroleum industry, with a fine reputation for giving greater value, makes this simple, straightforward statement: If you want our best oil, remember we specify that **Phillips 66 Motor Oil** is our finest quality... the highest grade and greatest value... among all the oils we offer.

Every time a new 1,000-mile mark clicks up on your speedometer, play safe with your motor, and play fair with your budget, by draining and refilling with Phillips 66 Motor Oil.

All This Has Been Done—And Nobody Shoved Around!

AUSTIN, April 15.—On April 5, 1933, President Roosevelt signed an executive order which, it is reliably estimated, caused:

More than 60,000 bridges to be built;

More than 150,000 miles of truck roads and country roads to be constructed;

More than 3,000,000,000 (billions) of trees to be planted;

More than 8,000,000 soil conservation dams to be built.

That executive order created the Civilian Conservation Corps—an organization which during the past nine years has trained more young men in the basic prerequisites of the soldier than the Army, Navy, and Marine Corps combined.

In Germany, had they planned such an enormous job, maybe they would have called it a "Nine Year Plan" for mobilizing the labor front. Perhaps Hitler would have told the world that only dictatorship, with its ruthless efficiency, could ever complete the task successfully. This week, as the CCC observes its Ninth Anniversary, the job has been done by boys serving voluntarily with nobody shoved around by a fuhrer. These accomplishments are history and the CCC is turning resolutely to war tasks.

There are 600 camps in operation with an enrollment of 110,000. Assigned to military reservations to aid the War Department are 100 companies with an enrollment of 20,000. From 50 to 80 additional companies have already been scheduled to be transferred to projects on military reservations.

More than 80,000 boys, in 500 companies, are assigned to forest fire fighting in all sections of the nation and to other types of war

resources protection and development.

Being trained as automotive mechanics at 51 central motor repair shops are 2,000 boys selected because of mechanical aptitude.

The CCC Cook and Bakers schools are training 2,600 enrollees. These schools furnished the Army, during the early mobilization period, with 25 per cent of its head cooks.

The CCC radio schools are training 1,000 enrollees as radio instructors and operators. The bulk of those finishing the radio courses are snapped up by the Maritime Commission as civilian operators, or go into the armed services.

Texas has been called upon to recruit for CCC service all available, unemployed young men of good character between the ages of 17 and 23½ who are not subject to immediate military call. Applications are being taken at the local county welfare office.

Due to the rainy weather, our Sunday school and B.T.U. was short in attendance. Here's hoping more can come next Sunday.

Those to visit in the Sullivan home Sunday were Misses Wilda Fae, Iva Ruth and June Gibbs, Geraldine Jordan, Helen Bulman, Katherine Allen, Laverne Marshall, and Billy Jack Green and Lee Christie.

Every body is invited to a play at the school house Friday night, April 17th. It will be a free play entitled, "His Butler's Wife." Everyone come that can.

Miss Wilda Fae Gibbs of Canyon visited her parents here over the week end.

This Sergeant Acts Dual Role With Carrier Pigeons and Bayonets

A worker of miracles is Master Sergeant Max Bronkhorst. At Fort Sam Houston, Texas, he is engaged in the dual capacity of training homing pigeons for the Signal Corps and in teaching New York clerks, Pennsylvania steel workers and young farmers from half a dozen states in the dexterous use of the bayonet.

He has been breeding carrier pigeons since his boyhood in Rotterdam, Holland, nearly half a century ago. He brought a basketful of his Dutch birds to America long before the first World War and with him they entered the United States Army. Both made good. Nearly everybody knows how pigeons are used in modern warfare for auxiliary communications and for pilots of airplanes whose radios go wrong. Parachute troops and military intelligence agents also need the courageous feathered messengers.

Very few are downed by gunfire, the sergeant says, but a good many are killed by hawks and cats. He declares that with the best of food and care a pigeon will serve the Army and the nation for as long as 10 years.

Bronkhorst is equally enthusiastic in his work as an instructor in bayonet practice. He acquired his skill with the steel weapon while serving in the Dutch army and majored in its use in the A. E. F. He is especially proud of his bayoneteers in the squads at Fort Sam Houston.

—U. S. SIGNAL CORPS PHOTO.

Sergt. Max Bronkhorst

I have never seen anything like them, he says. These men are just superior, and that's all there is to it. I've seen bayonet fighters of all races but none will be able to stand up against these American boys.

Soldiers from the farms, adept in handling the pitchfork, are

handy with the bayonet but he singles out the Pennsylvanians for the highest praise.

"Especially these Polish boys from the steel mills," the sergeant grins. "The Poles have a perpetual resentment of the wrongs suffered by their native land. They can come to grips."

Stop Typhoid Fever By Vaccination

AUSTIN—"If you have not been vaccinated against typhoid fever within the last two or three years, go to your doctor and be protected against it," Doctor Geo. W. Cox, State Health Officer, advises prospective campers, Boy and Girl Scouts, summer vacationists, and all other users of the open road—whether for business or pleasure—as the out-of-doors season approaches.

"Typhoid fever," he continued, "is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual.

"A carrier is a person who has had typhoid at some time and who even after recovery carries the germs of the disease in the

urine and the discharges from the intestinal tract. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

"Typhoid germs are hitch-hikers. They are picked up and spread from person to person by water, milk, flies, fingers, food. Every case of typhoid is contracted by way of the mouth and the digestive system. The State Department of Health and the local health departments can be depended upon to continue their fight against the disease, but there will still be sources of infection that can be warded off only through the protection afforded by vaccination against the disease."

Vitamin B1 As A Fertilizer

The amazing story of Vitamin B1, as told by promoters of its use for flowers and plants, is seen to be only a dream in the daylight of scientific investigation. Not justified by the evidence, is the scientific verdict upon such claims as "vitamins now discovered to work wonders with plants; tremendously successful results; 5 inch rose buds; daffodils larger than a salad plate; snapdragons 6 feet tall; vitamin B1 releases the plant food in the soil and magnifies it."

The true story of Vitamin B1 for plants and flowers is told by G. S. Fraps and J. F. Fudge in Circular 95 entitled Vitamin B1 (thiamin) and other vitamins as fertilizers. This circular can be obtained free of charge from the Texas Agricultural Experiment Station at College Station, Texas. This is summarized below.

Vitamin B1 (thiamin) has been claimed by persons interested in selling this material to produce considerable increases in plant and flower growth. Experiments conducted by qualified scientific investigators in a large number of laboratories, including that of the Texas Agricultural Experiment Station, have shown that in nearly all cases the application of commercial preparations of vitamin B1 (thiamin) is without value.

Most green plants synthesize within themselves sufficient quantities of vitamin B1. Vitamin B1 also occurs in organic matter in the soil and in organic matter in fertilizers, such as manure and cottonseed meal, and may be absorbed from the soil by the plant.

Favorable results have been secured with camellia and pansies under certain conditions. Vitamin B1 may also be of value for certain slow-growing perennials or in transplanting.

There is no evidence that other vitamins are of practical importance in increasing the growth of plants or the size of flowers, when applied to the plant or the soil.

Anti-Freeze To Be Saved

Service station attendants have been enlisted in the spring offensive against waste of automobile anti-freeze. U. S. Price Administrator Leon Henderson has asked filling station men to impress on motorists the necessity for saving the contents of their radiators after draining this spring for use next winter. Alcohol, the base of most anti-freeze solutions, is essential to the manufacture of smokeless powder for the war.

Cotton Clothes Women's Choice During Wartime

During the national emergency, cotton clothes will be first choice for the woman who wants to be well-dressed and at the same time keep an eye on the family budget, according to reports from The National Cotton Council and Cotton-Textile Institute.

The 1942 spring styles will show cottons as the standby for thrifty smartness, with the two-piece suit more popular than ever before.

Washable blouses head the list as a "must" item in milady's spring wardrobe. Smart women everywhere, both young and old, will wear them because of their extreme washability. Cotton blouses can be easily laundered to give that epic and span, well-groomed look.

Made in chambrays, batistes, organdies, or piques, the blouses will be in bright colors such as coral pink and chartreuse. Coin spots and huge prints will replace the polka dot as a favorite in patterned effects, with some of the most attractive models showing white or pale sand colors with colored dots.

Buffaloes Praised By Opponents

CANYON, April 6.—Basketball players of Bradley Tech, one of the three teams to defeat the Buffaloes this season, have voted West Texas State the strongest offensive team and the best all-around club they met this season.

The Peoria, Ill. team picked All American Price Brookfield of West Texas State as the best all-around player they met this season. Brookfield came within one point of being the unanimous choice of the Bradley Braves, Captain Frank Stockman and Jack Maddox also were rated high by the Illinois team.

These honors were mild, however, compared to the action of Arizona State College of Tempe, whose Bulldogs merely selected the entire Buffalo team as their all-opponent quintet.

The West Texans have put away their basketball togs after winning 28 games and losing three. Brookfield ran his total score for the regular season to

520 points—a new national record. He added twelve more in the Madison Square Garden all-star game which followed the Metropolitan tournament.

Coach Al Baggett signed a contract for 1943 games in New York City, Baltimore, and Philadelphia. Despite the loss of four starters, the Buffs will be tall and formidable again next season. William Stockman of Malta Bend, Mo., a guard, will be the captain of the squad.

Paper Important During War Time

COLLEGE STATION—Saving paper probably never has been more necessary than it is now, for the country needs large supplies for packaging war materials—to wrap shells, protect airplane parts, wrap army supplies and food sent abroad.

Louise Bryant, A&M College Extension Service specialist in home management, explains that old newspapers, magazines, cartons and boxes are all used to make pasteboard. She suggests keeping papers in neat piles with cartons and cardboard boxes flattened out. This waste paper can be sold or given to some charitable organization to sell.

"You can save paper by using it economically, too," the specialist says. She suggests having several articles wrapped together when this is practical, using your own bags or boxes for shopping or carrying clothing to and from the cleaners, taking a market basket or a big cloth shopping bag to the grocery store. Homemakers easily can make a big shopping bag of any clean strong washable cloth, she says. The material need not be new.

Small size paper bags should be used over and over as long as they are clean.

Until the war emergency, smart housewives substituted paper for cloth wherever they could to save washing. Now they need to help the country by using fabrics, glass or china instead of paper napkins, paper towels, picnic plates and cups. This means more washing, of course, but in war time everyone is willing to do a little extra work, Miss Bryant says.

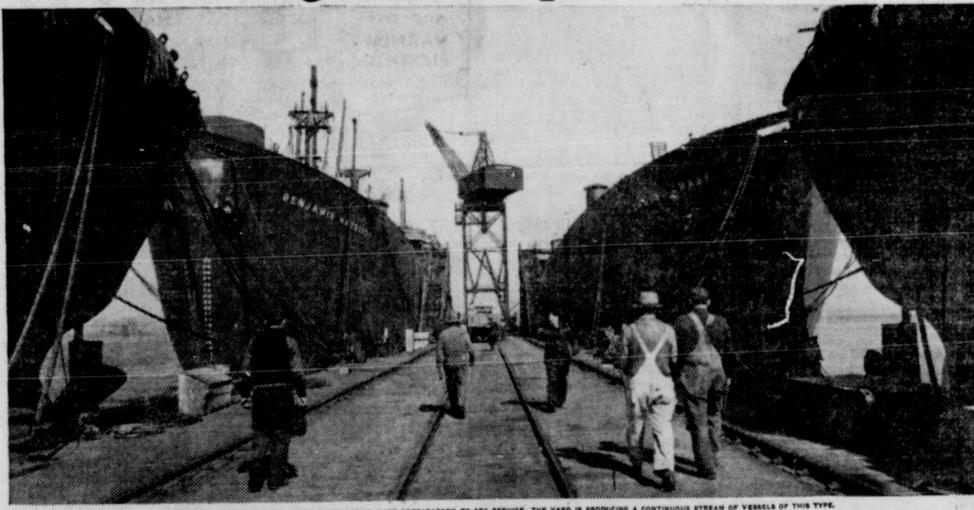

In spite of deaths and removals from the rolls for other reasons, 168,262 aged persons received assistance in March as compared with 166,079 who received aid the previous month.

New High in Ship Production

LIBERTY SHIPS BEING FITTED OUT AT A BETHLEHEM YARD PREPARATORY TO SEA SERVICE. THE YARD IS PRODUCING A CONTINUOUS STREAM OF VESSELS OF THIS TYPE.

Bethlehem ship production this year will represent the greatest all-round shipbuilding output by any company in the history of the country.

Speed, speed and more speed is the constant objective; and always speed with quality, for a jerry-built ship is virtually useless in the grim tasks of maritime war.

The first Liberty ship which recently discharged supplies at a Red Sea port was built in a yard that was virtually nonexistent a year ago. A tanker was delivered in 100 days from laying of keel. A battleship will be delivered 14 months ahead of schedule.

Cargo ships are being built in less than one-half the time

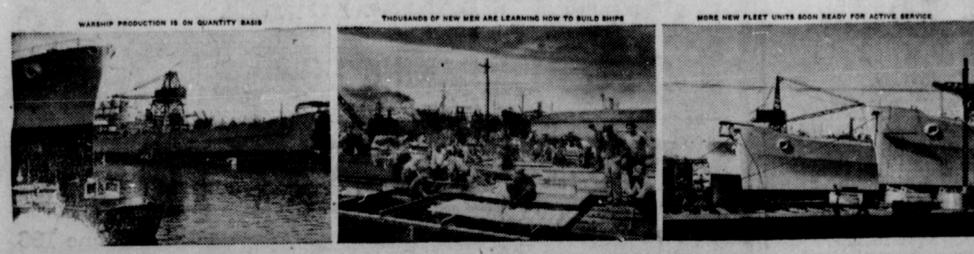

required in the first World War. Comparable speeding up has been achieved on other types of ships and the schedule is being constantly stepped-up.

Expanding old yards, building new ones, tripling employment in a year's time, training thousands of new men, putting every effective facility to use, adopting pre-assembly and mass production methods—all these spell tonnage and more tonnage, a steadily-mounting output of ships from Bethlehem yards.

All hands are doing their utmost for Victory, working to achieve the maximum for the U. S. Navy and the U. S. Maritime Commission, so that the "bridge of ships" shall be maintained and steadily enlarged.

ballyhoo" in his campaigning. He said he will get over as much of the state as possible, under time restrictions, and that his purpose will be to meet personally as many voters as possible before election day.

Gordon Smith was born in Henderson, Rusk County, Texas, 1904. Attended public schools of Henderson, moving with his father's family, Lon A. Smith, to Austin, Texas, 1919, where he continued his studies in the public schools of Austin. At the age of sixteen he began work in the American National Bank as messenger boy. He received promotions until he was made Assistant Cashier. He attended night school while a bank employee, receiving a diploma from the American Institute of Banking. He is worthy of your confidence and vote. He is qualified by nature, education and experience for the office of State Treasurer. He will make Texas a faithful, dependable and capable State Treasurer.

BEHIND THE SCENES IN AMERICAN BUSINESS

By John Craddock

Changing Tactics

On the domestic battlefield—where a war is being fought against that constant companion of Mars, Old Man High Cost of Living—the campaign now is moving rapidly into the "frontal attack" phase. That is, the OPA is swinging more and more into action on retail price control and rationing, instead of the "rear guard" or "delaying actions" it has employed in months past. Price ceilings will get more and more numerous, and will be applied more directly to retail prices of articles, rather than to wholesale ones on materials and commodities. Action on basic cost-of-living influencers like food, clothing and rents will be stressed first. It's hard to anticipate the specific steps, but the wise thing for Mr. and Mrs. John Q. Public to do is keep eyes and ears open for all developments in the price line—up or down—and shop thrifly and intelligently. For instance, there's definite news on new regulations about installment buying. Starting March 23 the time periods allowed will be shorter, down payments must be larger, and seven new items come under this regulation.

Discovery
While a shortage of small parts held up delivery of desperately needed war equipment, a vast, untapped array of machinery, skilled mechanics and manufacturing space which can be used to turn out millions of small items for planes, tanks, guns and boats was uncovered in the nation's 40,000 automobile dealer shops. Final results of a nationwide survey of these establishments were submitted to the War Production Board by Joseph W. Frazer, president of Willys-Overland Motors. On the basis of the study, engineers estimate that a hypothetical arms factory of more than 250,000 square feet—about 10 miles wide and 10 miles long—could be constructed. This would employ more than 185,000 skilled mechanics and would be equipped with more than 18,000 lathes, 15,000 grinding machines, 1,400 shapers, 16,000 drilling machines, 52,000 welding units, 40,000 buffing machines and 1,600 screw machines. The Frazer survey represents returns from 4,131 dealers. He said many of the machines are similar to thousands now being used in England's highly effective "bits and pieces" program. State results have been turned over to state officials and divisional offices of WPB.

Powdered Eggs Are Big Item

AUSTIN — Texas poultrymen are doing their share in the nation's food-conservation for victory program as result of expansion of the egg processing industry, according to University of Texas Bureau of Business Research reports.

Powdered eggs, a boon to the confectioner, the baker, and the exporter, are now comprising the bulk of this state's egg marketings, the Bureau has found. So extensive has this method of shipping become that only one car of eggs moved by rail in the shell during January out of the total of 701 cars.

A singular advantage of this form of shipment, over and above that of preservation, is the sharp reduction in shipping costs, since one carload of powdered eggs is the equivalent of eight carloads of shell eggs. Frozen eggs, which are only half as bulky as shell eggs also figure in the picture, January shipments numbering 26 carloads or 52 carloads of shell equivalent.

Development of the egg-breaking industry shot total shipments of Texas eggs last year to the all time high of 5,834 carloads (shell equivalent) or about three and a half times 1940 shipments and more than five times the 1939 movement.

Of the 1941 shipments, more than half or 2,961 cars went to the port of New York, the bulk probably being destined for export to England.

Mrs. Dillie Gibbons from Jericho spent the week end in the W. W. Crawford home.

Miss Maude Crawford from Silverton spent the week end in Clarendon.

Mrs. Lester Schull visited her parents, Mr. and Mrs. Homer Speed in Amarillo Monday and Tuesday.

Miss Marjorie Harlan and Mildred Davis of Kellerville spent Friday night with relatives.

Donley County Rationing Board Warns Against Price Inflation

It has come to the attention of the Donley County Rationing Board that there has been some over-charging for tires issued by the Rationing Board. The dealers have been charging more than the posted price. Also we find that some passenger car tires have been sold for tractors instead of tractor tires. This is a violation of the Tire Rationing Regulations and is a Federal offense. Any person violating these regulations is subject to a term in Federal pen, and also heavy fine.

If many of these cases are called to the attention of the board it will be necessary to report this to the Washington Office. We would appreciate the cooperation of the tire dealers, also the consumers in carrying out these regulations.

Persons eligible for new pickups and new trucks will make application to the office of Defense Transportation at the following places: 553 Federal Bldg., Dallas, Texas; 103 Federal Bldg., El Paso, Texas; 1109 Electric Bldg., Fort Worth, Texas; 614 New Federal

Bldg., Houston, Texas; 205 U. S. Post Office Bldg., San Antonio, Texas.

Persons buying steel wheel tractors cannot change over to rubber tires.
