

THE TEMPLE OF TRUTH

By the Apostle
By A. D. Estlack

BUSINESS MINDED.
Slim Jarrald says that he is setting his boy, Skinny, up in the bakery business. "You see," says Slim, "he's always so keen for

dough and such a loafer that I'm sure he'll rise in the business."
If you think you had an empty feeling when the doorknob came off in your hand, just try stepping on a running board that isn't there.
BE PREPARED.
"And now," said the modern mother, giving her talk at the Home Demonstration Club, "the

first thing to remember when preparing a quick meal, is to know exactly where the can opener is."
Don't spread rumors — once started they're like prairie fires — hard to stop and do a lot of damage.
THAT FAMILIAR MENU.
"Twill take more than a war to stop politics — there's too much gravy to go with the 'hams."

Politics are still in the doldrums here — no back slapping and very few handshakes.
SWEET AND SOUR.
There was quite a rumpus in Hogeeye Gulch last week when the telephone in the only grocery store fell in the sugar barrel. The receiver was off the hook for ten minutes while the town loafers gave the telephone a general scraping. Inquisitive ears, glued

to the receivers over the community, waited in suspense as the scraping and mumbling of words floated over the wires. Four women fainted and a score of kids were slapped when suddenly some nearsighted yokel at the sugar barrel mistook Cussin' Bob Hankin's little finger for a lump of sugar.
TIME MARCHES ON.
Zeke Pollard says his old man sure gets a lot of laughs out of looking at the old family album, but sure changes tunes when Mrs. Pollard suddenly pushes his face toward a mirror.
CLOSE COMMUNION.
Susie Peck and Red Cayenne were in the living room the other night when the living room chair caved in. "But neither one of us was hurt," said Susie.

Edison's Ideas Go to War

American scientists and inventors, many of them working in the laboratories of American industry, will play a big part in helping to win the war.

1. Thomas A. Edison, born 95 years ago on February 11, was one of America's greatest inventors. In addition to his famous lamp . . .
2. . . he built the first of America's electric power systems, and discovered some of the principles which other scientists used to give us the radio.

3. Today electric light, electric power, and radio — so much improved that Edison wouldn't know them — are performing many vital tasks in America's war effort.
4. And scientists throughout the nation, in laboratories like the G-E Research Laboratory, are working, as Edison once worked, to bring victory.

General Electric believes that its first duty as a good citizen is to be a good soldier.

Eliminating Sinus Trouble & Hayfever With Chiropractic

The sinuses consist of a number of honey-combed bones situated in the head and face region. Directly over the head we have the frontal sinuses which communicate with the nose. Behind the nose and either side of it, we have the ethmoidal and sphenoidal sinuses. And in each cheekbone we have what is called the antrum. All of these communicate with the nasal passages. Apparently nature designed these sinuses as a means of warming the air which is taken in through the nose before it is introduced into the lungs. They afford a greater space for the air to pass over. Examine the radiator of an automobile, and you will see that it consists of a number of very finely honey-combed cells. This is a cooling device, allowing a greater amount of surface for the heat generated by the engine. In the sinuses the action is warming and moistening the air before it is taken into the lungs.

STATE TOURNAMENT BASKETBALL GAMES TO BE BROADCAST

AUSTIN, March 4. — Twelve Texas radio stations will carry play-by-play reports of the finals in the University of Texas Inter-scholastic League basketball tournament Saturday, March 7.
The twelve stations will completely cover the state, allowing followers in every section to follow their favorites through the colorful final round of the tournament, which will bring 24 teams to Austin in competition for three state championships.
Starting at 7 p. m., and continuing four hours, the broadcast will be heard over KRLD, Dallas; KGKO, Ft. Worth; KWTW, Wichita Falls; KGNC, Amarillo; KRO-D, El Paso; KTSB, San Antonio; KNOV, Austin; KRIS, Corpus Christi; KRGV, Weslaco; KXYZ, Houston; KFDM, Beaumont, and KFRO, Longview.

Now every one of these sinuses is lined with the same mucous membrane which lines the nose and other air passages. When an inflammation of this mucous membrane develops it is known as catarrh, maybe hayfever which means that there is an excessive outflow of mucous. Sinus congestion begins when the sinuses are unable to drain off the excess mucous. The inflammation and pressure which result from this congestion produces chronic headaches and neuralgic pains thru out the face and head.

CANS AVAILABLE FOR HOME USE

Tin cans of the home-canning type will be available in ample supplies for home and institutional canning, according to WPB announcement. The recent WPB order restricting sales of tin cans by manufacturers to commercial canners is not applicable to home canners, it was pointed out, since the order classifies "canners" as those packing for re-sale. The Department of Agriculture hopes to raise home canning this year to a level about 100 per cent above 1941.

Chiropractic effectively reaches the root of this disorder by changing the condition of the mucous membrane by removing the cause of its congestion. Spinal adjustments remove disturbances to nerve fibers supplying the blood vessels and membranes of the sinuses and bring about quick relief and permanent cure.

GOLDSTON
Beatrice Smith
Mrs. McQueen and daughter and son from Hedley are now running the store at Goldston. Mr. and Mrs. Higdon and family who have been running the store moved to a farm a few miles east of the store.
Mr. Leonard Dozier visited in the Roy Roberson home awhile Friday afternoon.
Mrs. Roy Roberson and children visited in the H. C. Smith home awhile Friday evening.
Miss Katherine Allen visited her parents over the weekend.
A farewell party was given at the school house Tuesday night for Mr. and Mrs. Tom Eanes and children.
The young folks Sunday school class enjoyed a party Friday night. It was given at the home of Mr. and Mrs. Floy Hodges.
Mr. and Mrs. Tom Eanes are visiting this week west of town.

MIDWAY
Mrs. John Goldston
Mrs. Dick Tomlinson received word to come to Amarillo Sunday to the bed side of her sister, who was seriously injured in a car accident. The roads being impassable with a car on account of the snow storm raging, Tom Corder took her to Clarendon in a trailer pulled by a tractor where she took the bus for Amarillo.
Mrs. Stephens of Matador spent Friday with her son and family in the Longan home.
Mrs. Harold Longan and children spent Friday and Saturday in the Longan home. Mrs. Longan and children plan to leave soon to join her husband in New Mexico.
Miss Jane Williams came home from Groom school for the week end and on account of the snow could not return until Tuesday.
The Midway school bus did not run Monday on account of the snow. In fact most all Midway was snow bound. All traveling Sunday had to be assisted with a farm tractor. A few cars went through Monday afternoon.
Mrs. Chamberlain visited with her son, Mr. and Mrs. Will Chamberlain and children Saturday, and got snow bound, and could not get home until Monday afternoon.
Martin Allgren of Clarendon visited in the Goldston home Monday evening.
Mr. Lagrone returned to day (Monday) from a week's trip to Comanche.
Mr. and Mrs. J. A. Meaders have been ill for the past two weeks and are not improving much.
Miss Katie Meaders who spent several days in N. W. Hospital in Amarillo is improving slowly.
Clifford Davis visited his parents Monday evening. He was on his way home to Amarillo from Lubbock where he had been on business.
Mrs. Lon Rundell and Mrs. Dave Johnson of Clarendon visited Mrs. John Goldston Tuesday afternoon.
Miss Betty Joe Caraway and Oscar Butler visited with Mr. and Mrs. W. K. Davis one day the past week, Oscar being here a few days from California.
Mrs. Edwin Eanes, Mrs. Eanes Sr. and Miss Cleo Eanes also Mrs. Leslie Pickering made a trip to Amarillo Thursday.
Mrs. Stone has been ill for the past few weeks. She is reported as improving.
Mr. and Mrs. Pete Riley visited with her mother, Mrs. Stone Mon.

Jointly sponsored by the Hogg Foundation of the University of Texas and the Women's Physical Training Department, Mrs. Grace Sloan Overton of New York will appear in a two-weeks lecture series in Austin beginning March Eighth.
Fifteen percent of the enlisted men in the U. S. Navy wear the crossed cannon of the gunner's mate.

LIFE SAVER FOR Cold Weather Starting

Are you all at sea about what to do when your motor suddenly refuses to start because the temperature is low? Here's the answer. Just fill the tank with Phillips 66 Poly Gas. That's the quick, easy way to find out what a difference high test makes.

Phill-up with Phillips for Instant Starting

Keeping Fruit And Vegetables In Lockers Will Aid War Effort

CANYON—How use of frozen food lockers can enable West Texas farmers to help win the war is described by Prof. Frank R. Phillips, head of the department of agriculture at West Texas State College.

left at the top of containers to allow for expansion in freezing. All containers should be plainly labeled. A weak brine solution for packed vegetables sometimes is used in storing of peas, snapbeans, asparagus, and carrots.

REMEMBER THE NEW LEGAL RATE IS EFFECTIVE

Are you charging the new legal rate for all forms of this nature appearing in your publication? If NOT you are losing money and just clogging the machinery which the press has in working order.

HUDGINS

Mrs. S. M. Harp There were no services Sunday as the roads were almost impassable out our way.

ASHTOLA

Mrs. W. B. Miller There was no church service at Ashtola Sunday due to weather conditions.

Bombs

... from America

Because it's bombs and destruction that is the only language the Axis powers understand—and bombs they shall have made possible by your purchase of Defense Bonds.

Never has war been so expensive. And never did your government have greater need for your help. Buy Defense Bonds today and as often as your income will permit.

Lubbock's First Flying Cadets Arrive

LUBBOCK, Feb. 26.—Fresh from basic training at Randolph Field, Lubbock's first flying cadets have just arrived here for the last lap of their Air Corps aviation course at the newly-completed Lubbock Army Flying School.

Cotton Farmers Pass Second Deadline

COLLEGE STATION — Two deadlines up and two to go is the status of cotton crop insurance in Texas, Donald L. Cothran, state cotton crop insurance supervisor, said this week.

Texans Want Quality Eggs

COLLEGE STATION — Texas consumers want quality eggs and are willing to pay for them. Myrtle Murray, Extension Service specialist in home industries, says this trend became evident in 1941 when not one of the 14 cooperative egg marketing associations in the state was able to meet all demands for graded eggs packed in specially designed cartons.

Board To Reconsider Teeth or Eyesight Deficiencies

Local boards throughout Texas have been directed to reopen and consider anew the case of every registrant who has heretofore been classified in Class I-B or Class IV-F predicated on deficiencies in teeth or eyesight.

Needy Children Are Cared For

AUSTIN—Since Texas, in cooperation with the federal government, initiated a program last September for aid to destitute children, approximately 10,000 needy children have been placed on the rolls and 17,772 children in 7,540 families have applications pending.

HELP FOR TIRE DEALERS

A plan by which tire dealers, whose business has been curtailed because of the necessity for rationing tires, can dispose of their stocks of new passenger car tires and tubes has been announced by the OPA.

Museum Building Still Growing

CANYON, Feb. 28.—Forms for second floor columns are being placed by WPA workmen constructing the addition to the Panhandle-Plains museum.
