Panhandle Press Association

Here's How Dalhart Got Big War Project

EDITOR'S NOTE:—Every town in the Panhandle wants to know how "to get a government war project." Most citizens erroneously think Congressman Gene Worley "tells" the army and navy what he wants for his district and in what town he wants it located. Ed Bishop, publisher of the Dalhart Texan, was of the same opinion until a group of government engineers dropped in at Dalhart a few weeks ago. Recently official announcement was made that Dalhart would get an air corps project costing more than \$3,000,000. In the following column Publisher Bishop gives the low-down on how Dalhart got its big war project.

By ED BISHOP
Publisher, DALHART TEXAN

Well it's here! The thing we've been talking about. The thing we've been wondering about, has at last been confirmed. Senator Tom Connally and Congressman Eugene Worley's office authorized the public confirmation of the location of an air school near Dalhart, to cost in excess of \$3,000,000!

Now that we know definitely the school is to be located here, the past history may be of interest to many, who of a necessity, never heard a great deal about it. Perhaps some think that politics brought it about. Others may feel that some of our big friends brought it about. Both assumptions are incorrect.

In the basement of the Central Methodist church, following a banquet in his honor, Gene Worley told several interested citizens that government army projects

were in no way connected with politics. "All I can do for you is to present your brief, showing the location, etc., of Dalhart" was the way he put it. I was first to disagree with him. I firmly believed that the "big shots" decided the location, etc., of these projects. Today, I am just as firm in my opinion that if the politicians had had no more to do with other projects than the one located in Dalhart, Gene was 100 per cent correct!

Out of a clear sky, nine government army officials dropped into Dalhart one Sunday night. For almost a week they kept Herbert Peoples, Elmer Elliott, Herman Steele, L. L. Swim, and perhaps a few other local citizens busy. They investigated and when I say investigated, I mean it in all that it implies. They said very little. In fact hardly anyone knew what they were particular interested in until they had been here several days. Every courtesy was shown them. They wanted no publicity and they received none. They neither asked for nor sought entertainment, any recognition—nothing except the cooperation of local citizens in getting the information they wanted. This was given them as near 100 per cent as possible.

When they left they said neither "yea" nor "nay." Then anxious days of waiting took place. We had specific instructions not to take it up with Washington, yet every friend in nearby towns said we were foolish not to follow it up. When the committee went to Chicago to see Rock Island officials several of them thought it might be well to go on to Wash-

ington, but Worley's office advised against it.

In the meantime Herb Peoples' telephone kept busy. Calls from various government officers in numerous towns and cities came in day and night, asking more information, seeking title to land, wanting briefs, statistics and still more information. They got it as promptly as Herb could deliver.

Then silence! Not a word from anyone. A lot of local talk. The news reached other communities. They sent committees to Washington and were told the school would be located at Dalhart. Still no confirmation. We called Washington. Still no soap. We were told to be patient, but it was a trying job.

The confirmation came in a confidential call to the mayor. But no public announcement was permitted. In the meantime announcements came from Del Rio, Childress, Pampa, Ardmore, Oklahoma, and other towns. We felt safe, but not quite safe enough. Then yesterday the public announcement came, and despite the "I-knew-it-all-the-time" folks, there was a sigh of relief.

The above is written so the public may understand that politics played no part in securing this project for Dalhart, and that no matter what is told you on the contrary, that is the truth. Gene Worley's office did everything it could in keeping us posted and to Mrs. Altavene Clark, secretary, we are deeply grateful. Senator Connally wired confirmation, which was appreciated. Several local parties inform us that the same announcement was received from Senator W. Lee O'Daniel.

Dalhart was selected for this school due to its geographical location, available transportation facilities, etc., and I feel that the friendly attitude of local citizens and the splendid cooperation given officials had some bearing upon the final decision.

AID FOR DEPENDENT CHILDREN CONTINUES SERIOUS PROBLEM

The great number of dependent children applying for aid continues to be the most serious problem facing the State Department of Public Welfare, an analysis of pending applications revealed this week. State Office instructions to field workers this month directed that they continue to concentrate on clearing applications for Aid to Dependent Children. Instructions took account, however, of the fact that many Old Age Assistance recipients have had a change in circumstances since last investigated and, in areas where the children's program does not require the whole time of the staff, workers will devote all available time to reviewing the situation of aged recipients and adjusting grants in accordance with current needs. Emergency need among new applicants is to be given priority at all times, it was stated.

REMEMBER PEARL HARBOR - BUY DEFENSE BONDS.

J. ROSS BELL

J. Ross Bell, candidate for Chief Justice Court of Civil Appeals Seventh District, was born 58 years ago in Tennessee. Received his law degree and was licensed to practice law in 1910. Taught school two years in public schools of Mississippi and West Texas. Came to West Texas 32 years ago and began the practice of law.

He is a married man and has one son who is serving in the Air Corps of the United States Army. For eight years District Attorney of Baylor, Cottle, King, Knox, Dickens and Motley counties, retiring of his own accord. One of the outstanding lawyers of West Texas, has participated in the trial of many important cases before both the State and Supreme Court of Texas. Many people in each of the 46 counties of this district are well acquainted with him and know his qualifications both as a man and lawyer. His qualifications for the position he now seeks has not been questioned.

For many years active in the advancement of the civic, agricultural and religious interests of West Texas.

The present emergency will prevent him from seeing as many people as he would otherwise have seen, but the support of all will be greatly appreciated and is respectfully solicited.

MIDWAY
Mrs. John Goldston

Guests in the John Chamberlain home Sunday were Mr. and Mrs. W. M. Pickering, Mr. and Mrs. Will Chamberlain, Mr. and Mrs. Gene Chamberlain and son of Memphis.

Mr. Dixon of Range visited in the Holland home Sunday.

Tom Perdue and boy also visited the Hollands Sunday.

Bill Bromley is now working as guard at the new defense works in Amarillo.

Mr. and Mrs. Milt Allen and Mr. and Mrs. L. L. Taylor visited the W. K. Davis home Sunday.

Mrs. Neva McCrary of Silver City, N. M. and Mrs. H. L. Riley of Clarendon visited Mrs. W. K. Davis last Thursday.

Mrs. Ray Hefner and daughter of Amarillo visited with the Hefner's and her parents, Mr. and Mrs. Scott over the week end.

Mr. and Mrs. John F. Harlen and daughter of Amarillo visited his mother and grandmother, Mrs. Potter Sunday.

A brother of Mr. Everett Stevenson from Tennessee visited with him the past week.

Betty John Goldston is visiting this week with the Gene Chamberlain's in Memphis.

Mrs. Fanny Rector spent Tuesday night with Mrs. Dick Tomlinson.

Mr. and Mrs. Will Chamberlain and daughters visited with Mr. and Mrs. Sam Spradlin at Spade Flat, Sunday morning.

Mr. and Mrs. D. W. Tomlinson of Borger spent Sunday with his parents, Mr. and Mrs. Dick Tomlinson.

Mrs. Fanny Rector and son Wilson visited Monday in the Dick Tomlinson home.

Mrs. Elizabeth Evelsizer and Tom Corder went to Amarillo Tuesday.

MEMORIAL DAY 1942

THE AMERICAN SOLDIER --- A DEFENDER OF TRUE DEMOCRACY

Many are the years that have passed since the first American soldiers emerged victorious from the battle which determined a people's right to a democratic life. Many are the battlefields to which soldiers wearing the uniform of the army of the United States of America have carried the spirit of democracy.

Today we observe another Memorial Day. Wreaths will be placed—battlefields visited—speeches made --- all over the land, in tribute to the men who lived, fought and died that freedom might continue to ring out, here. Yet the best tribute any American can pay those men's memory is to pledge himself to living democratically, whatever part he plays in civil life, or as an active participant in our second World War.

RELIABLE PRESCRIPTION SERVICE

**THE TEMPLE OF TRUTH**

By the Apostle

**I'LL SWAM!**

Comes now the statement that Pork & Beans in the can will soon no longer be seen on the grocer shelves. Well, brother, the pork disappeared several years ago,

and we won't miss the beans too much. What next?

**AND THEN—**

When President Roosevelt announced a \$25,000 limit on incomes, over 3,000 country editors just laughed and laughed.

**VICTORY GARDENS.**

Last week something was said about Victory Gardens. Some don't appear to understand just

what is meant. Well, if you get more garden than the insects and the neighbor's chickens, then you have a Victory Garden.

**BIOLOGICAL.**

Ima Goner says Blue Bug Besie has run after the boys until she is beaulegged.

**CONVALESCENT.**

Doctors tell me that they can always tell when the male pat-

ients are improving. It is when one of them takes more interest in the nurse than in his ailments.

**ADVERTISING.**

WANTED—A man with four good tires would like to meet a lady with 100 pounds of sugar. U. R. Nutty, care the Navy.

**WAR INVENTION.**

The Victory Cake made without sugar, eggs or butter is a coming

fad, or should we say a mighty fine rubber substitute.

**MERELY ART.**

The bozo who named 'em slacks had never taken a squint at the rear view of them in action.

**COMMON SENSE.**

Here's How Dalhart Got Big War Project," is the heading of a special article appearing in this issue of your Donley County Leader. Editor Ed Bishop, himself a former C of C secretary and a strong advocate of Chamber of Commerce tactics wrote the article. It is right along the line with what you read in this column last week. Only those who profit from spending the "jack-pot" fund for the boys are against this kind of information getting out on them. If you have seen your neighbor spend your money which you donated in all sincerity, read this article and learn how other towns have handled the matter of securing something worth while.

**OH MY GOSHI!**

A few years ago we had no money and could not get it. Now that we have the money we can't have it. Yet some folks don't think life runs in circles.

**HOT CAKES.**

For the benefit of other bachelors, here's our hot cake recipe. Break an egg into a cup of sweet milk. Mix with a cup and a half of flour, 2 teaspoons baking powder, one-fourth teaspoon salt, one tablespoon melted grease, one teaspoon syrup. Pour this last mixture into the milk and stir until well mixed and smooth. Pour on a greased surface thinly, and cook rapidly. Try it. I've survived on this for years.

And let me say "thank you" to the large number who, by phone, letter and word of mouth gave me their approval of the statements made in this column last week relative to alleged defense projects for Clarendon and Donley county. Taken to the masses by vote, they will be right. Nothing should be done without consulting all the folks whom such a project would affect. Let's at least be democratic if we can't be sensible.

Mr. and Mrs. Jim Christian and Rev. Frame and wife of Claude visited Mr. and Mrs. G. A. Anderson Monday.

Mrs. C. M. Plaster of Canyon visited her daughter Fay Plaster, Monday.

Mr. Suel Buchanan of Sunray visited his parents, Mr. and Mrs. W. H. Buchanan.

**A Safe Way To Better Health**

**Vaporized Mineral Health Bath**

Volumes have been written and much said about the therapeutic value of steam baths as a preventative and a cure for the many ills of man. Today practically all our largest and best sanitariums and health institutions administer as their basic therapy some form of bath, due to a knowledge of the absolute necessity of stimulating and vitalizing before any so called disease condition can be broken up and relief or a cure effected.

Our bodies, though composed of many organs and organisms, have but four organs of elimination, namely: the skin, lungs, kidneys, and bowels. The first two of which absorb or gather energy and eliminate poisons and waste materials.

An inactive state of the skin is found present in nearly all chronic maladies. This is not only a consequence but often a direct cause of seriously depleted, nervous and morbid body condition.

It is generally accepted by all classes of physicians from the allopath to the naturopath, that the skin with its more than three million pores, (the function of which is to eliminate) is one of the greatest eliminative organs of the body. Yet this great medium of getting rid of the body poisons is generally overlooked. Perhaps this is due to seemingly less effort to take some short-cut method where there is little or no effort necessary.

There are some things science has not been able to explain. One is the way by which the body, through the skin, collects, absorbs or takes up the energy from the sunlight and the air that surrounds it.

Neither can we explain how the leaves take up the air and light though we know that process or inexplicable action of nature is going on all about us every moment.

We believe it is through this same absorbing process that Electric Mineral Fume Treatments produce their wonderful rejuvenating and nerve exhilarating action.

Chiropractor  
Clarendon, Texas  
(Adv.)

**From where I sit . . .**

by Joe Marsh

Every Friday night a bunch of us fellows get together over at Bill Webster's place. We wouldn't miss those weekly get-togethers for anything.

There are seven in the group—Bill Webster, Judge Cunningham, Pete Swanson, Old Doc McGinnis the dentist, and young Doc Mitchell the M.D., the government man Bob Newcomb, and myself.

We don't play cards. We don't sing or carry on.

We just sit quietly and talk—and drink a glass or two of beer.

I guess we discuss just about everything under the sun—politics, business, family affairs, music, farming, hunting, fishing, and what not.

But mostly we like to chew the fat about life's experience and a man's philosophy in these times.

To sort of help out the conversation, we've found mellow beer particularly relaxing. Every one of us likes the tangy taste of beer... and now and then Judge Cunningham insists on ale for everybody.

You mightn't think that just settin' and talkin' would be so much fun. But it is. Particularly when a man begins to get around to the age of reason. Like us.

And it's wonderful how a few glasses of good beer help bring out good talk and good sense when men get together. There's something peaceful and friendly and human about beer that brings out the best in a man.

They call beer the "beverage of moderation." That "moderation" idea is good philosophy... maybe that's why good beer and good fellowship go together so well.

Seems to me there ought to be more of this quiet talk over a glass of beer. It sure straightens out a man in his thinking.

Anyhow, men ought to get together and be friends. That's the way we were made. Why not try it more often—all of you?

Joe Marsh

### COOK—PUTMAN

Miss Jean Cook and Gene Putman were married in Amarillo, Wednesday, May 20 at the Polk St. Methodist Church, with Dr. Earl G. Hamlett, officiating. They were accompanied by Mr. and Mrs. Homer Charles Speed and Miss Billie Cook.

Mrs. Putman is a daughter of Mr. and Mrs. Fred Cook of this city, and is a graduate of the Clarendon High School. She attended the Junior College here the past year.

Gene Putman is a son of Mr. and Mrs. M. L. Putman of Clarendon. He is a graduate of the local high school where he was a member of the Broncho football squad for two years. He also attended Clarendon Jr. College. For the past year he has been working for the Highway Department.

The young couple will make their home near Dumas.

### FRIENDSHIP CLUB

This club met in the home of Mrs. Glenn Williams Tuesday, May 26th. The meeting was opened with a prayer by Mrs. C. R. Skinner. After a short business session, the rest of the afternoon was spent socially.

The hostess served a lovely plate lunch to guest, Mrs. Bill McConnell of Panhandle, and to club members, Mesdames H. Tyree, C. R. Skinner, J. P. Pool, J. M. Morrison, G. J. Teel, J. A. Meaders, J. D. Stocking, L. Ballew, M. E. Thornton, and Miss Katie Meaders and the hostess, Mrs. Glenn Williams.

### GOOD NEIGHBOR CLUB

Mrs. W. H. Corbin was hostess to this club at her home Tuesday afternoon. A quilt was quilted for the hostess during the afternoon. Refreshments were served to members, Mesdames C. E. Lindsey, Donald Ballew, Clyde Butler, Dave Williams, Frank Bullington, J. D. Shelley, and guests, Misses Nell and Ruth Corbin who assisted in the serving.

The next meeting will be June 2nd with Mrs. Owen Pyeatt.

### CELEBRATES BIRTHDAY AND SHOWER

The ladies of the Presbyterian Church honored Mrs. Homer Charles Speed with a shower at the church parlor Wednesday afternoon. It was also the 22nd anniversary of the Auxiliary.

Hostesses were Mesdames D. F. Wadsworth, Howard Stewart, Karl Adams and Miss Mable Mongole.

The parlor was decorated with roses, larkspur and daisies. One table was centered with a lovely pink and blue bride's cake arranged on a bed of roses. Another table held the Auxiliary birthday cake.

The bride, before her recent marriage, was Miss June Miller. She was presented a service of Sterling silver and a set of pottery.

Refreshments of cake and brick ice cream was served to honoree, Mrs. Homer Charles Speed; Mesdames A. L. Chase, R. A. Chamberlain, F. E. Chamberlain, Neal

Bogard, Heckle Stark, Homer Taylor, Melvin Cook, Homer Glascoe, Ed Dishman, Nona McClure, Ollie Kendall, Everett Stevenson, J. A. Potts, Walker Lane, Alvin Devers, M. M. Miller, G. L. Green.

Tea guests, Mesdames Edd Speed, Lee Bell and Bobby, Misses Margaret Faye Wadsworth, June Melton and Ruth McDonald of Plainview.

### DISTRICT MEETING

The Women's Society of Christian Service of the Methodist Church held a district meeting at McLean, Wednesday. Those attending from here were Mr. and Mrs. G. T. Palmer, Mesdames C. A. Burton, Chas. Lowry, Lester Schull, J. M. Acord, A. B. Turner, Joe Hurn, Earl Reeves, Nathan Cox.

### WILSON REUNION

Those attending the Wilson reunion at a park in Childress Sunday from here were Mr. and Mrs. Tom Helton and children, Dorothy Jean and Jimmy, Mrs. Fanny Wilson, Mr. and Mrs. Dick Lanham and daughter, Mary Katherine; Miss Leona Caison and Mrs. C. A. Wilson who has been visiting here attended the reunion and then returned to her home at Blair, Okla.

### HIGGINS—PITTMAN

Vows uniting in marriage Miss Reba Higgins of this city and Sgt. Clyde Pittman of Ellington Field, were spoken at Houston, Friday, May 15th.

The bride, daughter of Mr. and Mrs. Wince Higgins of Midway community, wore a blue suit with brown and beige accessories. She graduated from Clarendon High School and later attended an Amarillo beauty school.

Sgt. Pittman is the son of Mr. and Mrs. U. G. Pittman of the Martin community. He has been a member of the U. S. Army Air Corps since March 1941. He is stationed at Ellington Field, where he is serving as an airplane mechanic.

After a short wedding trip to the coast, the groom returned to his post and the bride to Clarendon where she is employed by Irene's Beauty Shop.

### MOTHER'S STUDY CLUB

The club met Tuesday at the home of Mrs. W. A. Riney for their annual spring luncheon and the last meeting of the year.

Hostesses were Mesdames Donald Ballew, Alvin Landers, Bill Hilliard, Henry Tatum, Fontayne Elmore, Regan Bryan. During the business session, Mrs. D. F. Wadsworth was voted back into the club and they decided to cooperate with the P. T. A. in sponsoring a children's story-telling hour. It will start the second Tuesday in June on the court house lawn, and will continue to be held on this day at 7:30 in the evening throughout the summer.

The club was entertained by a book review given by Mrs. Paul Smithy. The book was "Mr. George's Joint" written by Mrs.

## TEXAS WOMEN ACCEPT WAR'S CHALLENGE

Texas women are taking in their stride the transition from feminine tasks to places in the assembly lines of war production plants. Through its training and reemployment program, WPA in Texas is sending increasing numbers of women from projects to national defense schools and helping them to obtain jobs in airplane plants and other war industries. Symbolic of the new era are men and women standing shoulder-to-shoulder in the big warschool at Dallas. Inset is Mrs. Opal Stone, typical of WPA women trainees for employment in aircraft factories. Wife of a World War I veteran, she is the mother of three children.

Lee Whitton. It was a negro story told in negro dialect.

The tableware was beautiful Mexican pottery upon Mexican hand-woven cloth. The center piece was a beautiful bouquet of blue cornflowers.

Those present were Mesdames J. E. Burch, Walter Clifford, Frank Hommel, Ernest Hunt, J. H. Howze, R. Y. King, G. G. Reeves, Paul Smithy, C. B. Morris, J. E. West, Joe Ritter, Mrs. Leo Cantrell was a guest.

The sponsors of the story-telling hour, the Mother's Club and the P. T. A. have selected a story-teller who will be paid from the funds of the organization. Those to assist with the program are as follows:

June 9, Mrs. R. Y. King and Mrs. J. E. West; June 16, Mrs. Henry Tatum and Mrs. Bill Hilliard; June 23, Mrs. Ernest Hunt and Mrs. Donald Ballew; June 30, Mrs. C. B. Morris and Mrs. W. A. Riney; July 7, Mrs. Alfred Estlack and Mrs. Frank Hommel; July 14, Mrs. Paul Smithy and Mrs. Walter Clifford; July 21, Mrs. Alvin Landers and Mrs. J. H. Howze; July 28, Mrs. E. S. Ballew and Mrs. H. T. Warner; August 4, Mrs. L. N. Cox and Mrs. Ralph Decker; August 11, Mrs. C. J. Douglas and Mrs. U. Z. Patterson; August 18, Mrs. Bryan Armstrong and Mrs. Vada Carpenter; August 25, Mrs. Regan Bryan and Mrs. G. D. Shelley.

Virginia Williams who has been employed as librarian at Lovington, N. Mex., is home for the summer.

Edgar Antrobus of Tucumcari, N. Mex. is visiting his mother, Mrs. Lena Antrobus here this week.

Mr. and Mrs. Alfred Estlack and daughters, and Mr. and Mrs. Jack Murf were in Amarillo Monday.

## Naval News

The United States Navy Thursday opened its V-7 training program leading to commissions as deck or engineering officers, to married qualified college graduates between the ages of 19 and 27.

It marked the first time that the Bureau of Naval Personnel, seeking 10,000 additional men for duty on ships coming rapidly off the ways, had allowed married men to enlist as apprentice seamen and begin a 120 day rigid training schedule that would fit them for duty afloat.

Lieut. (j.g.) L. S. Poer, officer-in-charge of the Dallas Naval Office of Officer Procurement, said recruiting would begin immediately throughout Texas. Enlistments will be made both by the Dallas Office of Naval Officer Procurement and other Navy Recruiting services.

When acceptable college graduates in the V-7 age group are enlisted, they will be sent to Notre Dame University for a thorough 30-day physical hardening program, serving as apprentice seamen at \$21 a month. Once this course is completed, they will be assigned to one of three officer training schools with the rank of Midshipman, paying \$65 a month.

There is no authority for payment of allowances for Midshipmen's dependents in the Naval Reserve. Each married candidate, therefore, must furnish a statement signed jointly by himself and his wife that his dependents will be adequately provided for while he is in training.

Unmarried college graduates who enlist in V-7 will be required to remain unmarried until completion of Reserve Midshipman training.

Mr. M. R. Allensworth will leave today for Los Angeles where he will spend some two weeks.

Mr. and Mrs. Lacy Noble and son left Monday for Bakersfield, Calif. where they will make their home.

**DOWN IN TEXAS**

By Edmunds Travis

Voters of Texas will decide at the general election in November the fate of one of the most important proposals of constitutional change to be submitted in many years. The measure in question is H.J.R. No. 1 submitted by the legislature at its most recent regular session.

If adopted, H.J.R. 1 will add to Article III of the State constitution a new section to be known as Section 49a, for the purpose of holding appropriations within revenue and funding whatever deficit in the general revenue fund may accrue by September 1, 1943.

Under this section, the comptroller will be directed, in advance of each regular legislative session to report to the governor and legislature the condition of the State treasury at the end of the last preceding fiscal year, and to estimate probable receipts and disbursements for the current fiscal year. He shall also submit an itemized estimate of anticipated revenue, showing the several funds to which it will be credited. After January 1, 1945, the legislature shall make no appropriation in excess of anticipated revenue, save in case of emergency and by a four-fifths vote of the total membership of each House. No appropriation bill shall be considered passed unless it bears the comptroller's certificate showing that the amount appropriated is within the estimate of available funds.

The deficit is to be retired by issuing serial bonds in the sum of the total outstanding on September 1, 1943, the bonds to draw interest of two per cent or less and to mature within 20 years from their date.

It would be difficult, if not impossible, to draw an amendment better calculated to put the State on a cash basis and keep it there. The language with respect to an "emergency" might be thought to offer a loophole, but, without it, the amendment would be too rigid. It is obvious that circumstances may arise in which it would be unwise to delay an appropriation until revenue is provided. So long as more than one-fifth of the members of either legislative house adhere to the

A SINGLE CONE, DROPPED BY A PINE TREE, MAY CONTAIN SEEDS ENOUGH FOR FIFTY TREES OF THE FUTURE.

spirit of the amendment, the "emergency" provision cannot be abused.

In view of the strong popular demand for economy in State expenditures, H.J.R. No. 1 should have an excellent chance of adoption. Its greatest danger lies in the chance that it may be overlooked or voted upon hastily.

**ECONOMIC HIGHLIGHTS**

At the present time, there are slightly more than 2,000,000 men in the American Army. There are 1,000,000 more men in the Navy, and about 500,000 in the Air Force. That marks an immense change from a few years ago, when the Army was down to around 150,000 men, and the other military branches were also negligible so far as numbers are concerned. But the change that will take place in the future, according to current plans, will be infinitely greater—and will have an infinitely greater effect on the normal ways of the nation.

Top military men believe that the Army will have to be increased to 8,000,000 men and perhaps still more—that the Navy will have a personnel of around 2,000,000—and that the Air Force will also reach the 2,000,000 mark. In short, if this war continues, between 12,000,000 and 13,000,000 men will be required for military service.

Not all of these men, by any means, will be combat troops. A major Army is a world of its own, requiring every kind of skill, talent, craft and profession. For each man in the fighting lines, there must be several men behind the lines in the departments of supply, communication, transport, etc. The same thing is true of the Navy and Air Force. But all of these men, whether they serve with guns or with tools, will be wearing uniforms, and all of them will be out of civilian life.

The reasons for planning so vast a military establishment are obvious. We must figure on a long war whose end will be the actual land invasion of Axis countries. All hope that will not be necessary and that Germany and Japan will collapse. But it would be the height of folly to plan on that. We must, instead, plan on doing it the hard way.

The country is at last winning "the battle of production." We haven't lived up to all our hopes and forecasts. But the instruments of war are rolling out of the plants in a steadily gaining stream. That stream will soon reach flood proportions.

The next job is to win "the battle of ocean transportation." We're trying to keep the actual combat fronts away from this continent, but we can't do that unless we can produce the vast amount of shipping that is needed to transport and serve and supply United Nations' troops on all the far-flung warfronts of the world. This isn't simply a matter of producing enough ships to offset losses. Our rate of production must be far greater than our loss rate, especially in the matter of tankers. So far, ship production has been under the schedules previously laid down. Strenuous efforts are being made to bring it up to the necessary level. The work done in our shipyards will have a tremendous bearing on the length of time it will take to win this war.

Donley County Leader, \$2 a year.

**HEARING WAIVED BY COUPLE IN SHOOTING OF PHYSICIAN**

LITTLEFIELD, May 23—Dr. W. R. Newton of Cameron and his wife, Mrs. Ruth Newton, jointly charged here with assault with intent to murder, waived examining trial Saturday afternoon before Justice of Peace S. J. Farquhar.

The couple, charged in connection with the shooting early Thursday morning of Dr. Roy E. Hunt, Littlefield physician, were held for action of the August grand jury. Farquhar set Dr. Newton's bond at \$15,000 and that of his wife at \$10,000.

Drs. Hunt and Newton were classmates at the medical school in Galveston of the University of Texas, where they were graduated in 1933. Mrs. Newton is the former Miss Ruth Nichols of Clarendon.

The two doctors were also internes at the same hospital at Houston. Mrs. Newton was a nurse at the hospital. Dr. Ewell Hunt, Lubbock, brother of the wounded man, said.

No motive for the shooting, which resulted in critical intestinal wounds for Dr. Hunt, has been developed. Dr. Hunt was shot at a point on the Lubbock-Littlefield highway where he went in response to a mid-night telephone call, thinking there had been a wreck. He said he had been fired upon five times without warning. Despite his wounds he drove his own car to a hospital here, where he was given blood transfusions. His condition Saturday was reported improved.

Dr. Newton, son of the late State Senator W. R. Newton, has been practicing medicine at Cameron since he completed his medical education. Dr. Hunt, member of a prominent Lubbock family, has been practicing here since 1937.

**CIVIL SERVICE COMPETITIVE EXAMINATION**

The United States Civil Service Commission announces open competitive examination for the position of Trainee Traffic Controller (Airway and Airport), \$1800 a year, for employment in Region Four, Bureau of Federal Airways, Civil Aeronautics Administration, Headquarters, Fort Worth, Texas (Comprising the States of Arkansas, New Mexico, Oklahoma, Texas, and that part of Louisiana west of the Mississippi River).

The age limits for this position are 20 to 45. The maximum age limit does not apply to persons granted military preference.

Competitors will not be required to report to any place for a written examination, but ratings will be assigned based on information in the application, subject to corroboration.

Applications may be filed with the Manager, Tenth U. S. Civil Service District, Customhouse, New Orleans, Louisiana, until further notice.

Further information and application forms may be obtained from the Secretary, Board of U. S. Civil Service Examiners at any first or second-class post office.

**New Pre-Flight Training Hardens Air Cadets**

Applications requesting the new pre-flight training school announced last week by Lieut. Comdr. Barry Holton, of the Naval Aviation Cadet Selection Board in the Allen Building, are coming in rapidly and the first class of men slated to leave Dallas in June, is expected to be filled within a short time.

These men will undergo a vigorous physical training program at the University of Georgia that is intended to make American naval air fighters harder and tougher than anything the axis powers can produce.

While in training, the men will receive along with regular daily drills, instructions on how to swim five miles under full pack, how to swim in oil burning water, how to kill or cripple a foe with bare hands, and how to use knees, arms, and feet as well as brains, to overcome the enemy.

Commander Holton pointed out that the new physical program is exactly what is needed to harden our flyers to withstand the hardships of war. He also pointed out that each flyer forced down behind enemy lines, who was eventually able to return to his own unit, represented a savings of ap-

proximately \$12,000, the cost of his training.

"This step is necessary," Holton stated, "in order that our naval aviators may be able to withstand the gaff of rough fighting. Many of our men have grown soft in the last 20 years due to the easy American way of living and this program will definitely make fighters that will push forward to battle and not veer away from any encounter with the enemy. This sort of action is what it takes to win wars."

While Aid to Dependent children was instituted because of the need to aid mothers deprived of normal support in rearing their children, aid may be given also to a father of children who are deprived of a mother's care. The primary purpose of the program is to prevent the separation of a child from its parent by reason of poverty.

The 1942 Texas goal for peanuts is 1,056,000 acres, or more than three times the acreage planted the previous year.

RED CROSS VOLUNTEER SERVICE

Knitting War Relief wool was issued this week to Mrs. Homer Glascoe and Mrs. Joe Kendall for mufflers; to Mrs. Harry Ruddell, Mrs. Frank McClure, Mrs. H. C. McMahan, Mrs. Tom Bugbee and Mrs. C. E. Bairfield for sweaters. Yarn for five sweaters went to Ashtola and to Hedley. Also two mufflers to Hedley. Olive drab yarn went to Mrs. R. M. Morris, Mrs. C. E. Griggs, Mrs. H. C. McMahan, and Claudia Lancaster (colored). O. D. sweaters were turned in by Mrs. Bennett Kerbow and Mrs. Ralph Andis. We have just received another shipment of 84 pounds of wool and we are short on knitters. If you can knit, please call at the production room and help us get these sweaters made up. We are still asking for scrap yarn for the afagans. Instructions for new type of afagan have arrived. They are made from woolen squares and crocheted around the edges. So we need any donations of old woolen trousers and vests. Or, if you have any old socks or sweaters or scarfs that could be raveled out and used for this purpose, we would be glad to receive it. Two nice donations of scrap yarn was given by Mrs. A. C. Donnell and Mary Cooke but we are needing still more and more. One of our most faithful workers is Mrs. R. M. Morris who is 75 years old and is ill a great deal of the time. Mrs. Morris is now working on her third sweater since the first of the year. Her son, Marshall, recently joined the armed forces. Another willing worker is Mrs. Marie Lane, mother of five children, the eldest of whom is nine years old. Mrs. Lane is a frequent visitor to the Red Cross room and is learning to knit. We are soon going to be short on knitting instructors. If there is anyone that can knit and is willing to give one afternoon each week, we would appreciate their assistance. Cutting and Sewing Miss Maurice Berry, head of the Homemaking Department in the high school, took out twenty-four hospital gowns to be completed by her pupils in their summer course. Mrs. Joe Horn recently donated to the Red Cross a quilt top and batt. Our thanks and appreciation to Mrs. Horn. A quilt quilted by members of the Martin Quilting Club have turned in another quilt. Production Room News On Thursday of last week the Hedley division of this chapter opened their production room. Attending from here were Charlotte Molesworth, Mrs. H. T. Burton and Mrs. G. E. Norwood. Mrs. Burton and Mrs. Norwood gave knitting instructions and Miss Molesworth took down material. The opening was well attended by truly enthusiastic women. Mrs. Clyde Bridges is chairman of the room and Mrs. G. E. Kinslow is chairman of the knitting division. On Friday afternoon Miss Molesworth, Mrs. Paul Smithy, Mrs. Jack Molesworth attended the Martin Garden club meeting at the home of Mrs. E. B. Allen. Fifteen ladies were given instructions in knitting and they are starting off on an afagan. Homer Parsons of Parsons Bros. Cleaners has offered to clean free all the donations of any old clothing that may come in. We sincerely appreciate Mr. Parsons' generosity. News Briefs The American Red Cross is co-operating with the Australian Broadcasting Commission and the Mutual Broadcasting System in conducting a daily radio program of personal messages from American troops stationed in Australia to their families in the United States. As a souvenir of the broadcasts, the Red Cross sends individual records of each man's message to his family. The records are suitable for replaying on phonographs.—From release of May 12. The American Red Cross has shipped 598,000 articles, produced by women volunteers, to the men in America's armed forces. The largest item is represented by 317,890 knitted sweaters, and other hand knitted garments as follows: socks, 97,990; mufflers, 53,358; helmets, 43,461. Large quantities of sea boots, beanies, watch caps, cap mufflers, scarfs, mittens, gloves, wristlets and rifle mitts were also sent.—From release May 6.

Prospects Good For Basketball At Canyon

CANYON, May 26.—At a time when Coach Gus Miller would like to give most of his attention to his football problems, he cannot overlook the fine basketball material which is showing up for tryouts. The fame of the "tall team" which won the Border Conference championship without loss of a game last season has interested dozens of towering lads in West Texas State. "Right now," Miller said, "the boys in sight and the regular squad would average up even taller than last season's squad." Two lineups are being built around Ray Ellefson, 6 foot 8 inch freshman from Minneapolis, Minn. Letter men who are galloping around this big fellow are Douglas Groom, forward; Ledru Jacobs, forward; Clark Johnson, center and forward; and Charles Johnson, William Stockman, and Norman Trimble, guards. Certain to see much action next winter is James Crews, freshman sensation from Wilson, Texas. He dominated scoring on the frosh team which won the Amarillo City League title.

GARDEN GLANCES

"America beautiful lies in the hands of the gardeners." The Mock orange tree are flowering gaily at home of Bill Greene. Terraced, well trimmed lawn and other flowers are given a more attractive appearance by the clean new white covering that has recently been given to the house. Bright colored poppies and beautiful red roses blooming in the garden of the Ralph Keys home add to the landscape of the grounds as much as the redecorated exterior adds to the house. Clarendon citizens as a whole are glad that so many are interested in taking good care of their homes and grounds. A number of huge trees are flowering in the yard of Judge A. T. Cole giving a gay aspect to the landscape. Larkspur poppies and roses are producing very bright splashes of color in the garden of Lee Holland. The victory gardens are indeed a thing of interest to most people now. It is a very good plan to visit your neighbors and friends gardens; it will be an incentive and will also afford a time for some casual bragging. The J. H. Hurn's, the Humphreys' and the Andrew Jay's all have marvelous gardens. They are indeed a credit to the owners.

Furbearing Animals Are Important

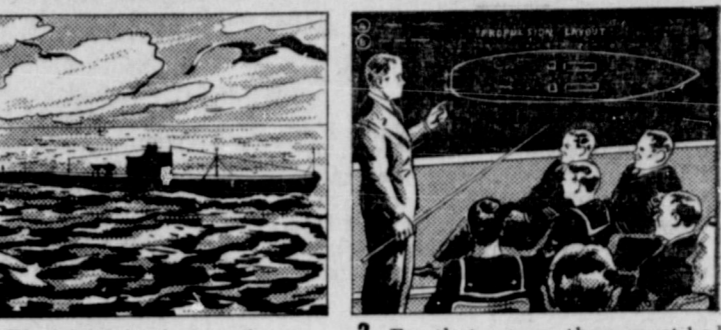

AUSTIN, May 27 — Without furbearing animals operation of the Nation's heavy bombers at extremely high altitudes would be difficult if not impossible, the Executive Secretary of the Game Department said today in commenting on the vital part wildlife, as well as every other natural resource, is and must continue to play in the war for freedom. The Army and Navy air units use the pelts of fur-bearers in the manufacture of heavy flying suits which aviators wear on bombing expeditions that range up to approximately 18,000 or 20,000 feet, it was pointed out. The fur-lined suits literally make these high-altitude flights possible in the frigid sky zone. The Executive Secretary urged all Texans on whose lands wildlife, and especially fur-bearers, occur to redouble their protection of the animals in view of their importance to aviation. Under general law in Texas, the pelts of fur-bearers may be taken only during the months of December and January, but there are many special county laws on the subject which trappers should consult and these may be obtained free of charge upon request to the Game Department, Austin. Also, trappers must have licenses. A resident trapper's license costs \$1. A non-resident trapper's license costs \$200.00. These may be obtained from any Game Warden, County Clerk, most sporting goods stores, or direct from the Austin office of the Game Department.

State Assumes Support Of Needy Blind

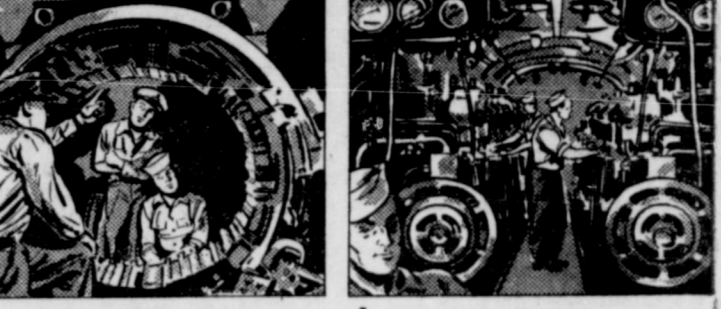

Have you been missing the blind beggars who once were familiar sights upon the streets of Texas cities? Texas is now providing blind persons with regular monthly support in their own homes thru the Aid to the Needy Blind program of the State Department of Public Welfare. Those who continue to solicit alms either do so because they do not meet the residence or citizenship requirements, or prefer to make their living by begging because it is more profitable or because they have learned to love the daily contacts with passers-by and the hubbub of street life. Welfare statistics reveal that 2,999 blind persons are now receiving a total of \$68,661 per month in average grants of \$22.89. The Texas law specifies that no person who publicly solicits alms shall be eligible for blind aid. Of course, only a small percentage of recipients of state aid previously lived by soliciting alms. The great majority of the blind population disdained this mode of livelihood. Welfare Department statistics have not classified prior support so as to reveal the number who previously lived by soliciting alms. Of the 2,857 cases tabulated, 809 previously lived on their own earnings or resources; 1,437 had been supported by relatives or friends; 586 were being supported by public or private relief; and the prior support of 25 was not ascertained. In order to qualify for aid a

Navy School at G.E.

Just one evidence of the cooperation between the armed services and our vast industrial army—a school for submarine electricians conducted at one General Electric factory.

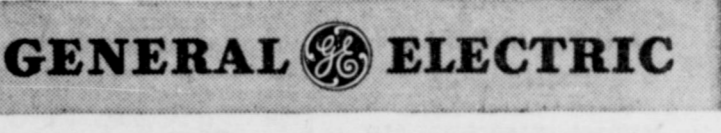

1. Electricity is vital to the running of every submarine. It does an amazing variety of important jobs, from turning the propeller to cooking the coffee. 2. For that reason, there must be well-trained electricians on every underwater craft. At this school, Navy electricians attend classes taught by G-E engineers. . . . .

3. . . . . and go out into the shops where they watch workmen construct the same kind of electric equipment that will some day be put in their charge. 4. This is but one proof of the thorough training which the U.S. Navy gives its men, so that the vital equipment of war will always be ready for action.

General Electric believes that its first duty as a good citizen is to be a good soldier. General Electric Company, Schenectady, N. Y.

blind person must not only be in need but he must be examined by a physician who is skilled in diseases of the eye and determined to have less than one-tenth normal vision. Economic blindness includes not only those who are totally blind but those who may require assistance because their vision may be so poor they cannot work and support themselves. To be eligible a blind person must be a citizen of the United States and must have lived in the state at least one year just before applying for aid, and four more in the last nine. Grants vary according to the amount needed in each individual situation to provide the basic necessities and necessary treatment. The Welfare Department attempts to render services to the blind such as securing Braille editions and talking book equipment. Sometimes they can be assisted toward securing employment or operating vending stands which, even though it may pay very little, frequently has a wholesome effect on their lives. In some cases state financed surgical treatment may bring back sight, especially when blindness is due to cataracts, or medical treatment may avert complete loss of vision. A total of 2,675 blind persons received \$61,366 through the Aid to the Needy Blind program in Texas in March. Learn the right way the Navy way.

AT YOUR SERVICE.... Drive in and get all the service and courteous treatment you're entitled to! Water, Check tires, Polish windows, Check oil. Best of all, you'll like the quality work and friendly atmosphere.

POWER after 10 YEARS of Competition between Two Theories WE CHEERED, too, when Uncle Sam called on industry to work 24 hours a day, seven days a week, until the war is won. Continuous production, you see, is nothing new to us. We've always worked that way. It's one big reason why we were prepared to serve the army training camps, the flying schools, and the new war plants in West Texas—all in addition to serving your home and business. We are proud that our service to you has not suffered despite the unforeseen problems created by the war. We believe that it is a credit to the American way of doing things... a tribute to the American system of free initiative and free enterprise. The electric industry throughout the nation is providing power where it's needed, when it's needed... more than the combined total of all the enemy nations! This is in contrast to claims by proponents of socialization who, many months ago, predicted an immediate and disastrous shortage of electric power—and calling for political management rather than business management. Hundreds of millions of tax dollars were diverted from useful production to subsidize political projects in competition with electric systems already owned by the public (through millions of small stockholders) and regulated by the government. INVEST IN AMERICA! Buy War Bonds and Stamps! Countless thousands of tons of strategic materials were wasted in building unnecessary socialized plants and transmission lines that duplicated existing systems adequately serving the public. Here are the results of this long conflict between two theories—free enterprise as against tax-free competition built with tax dollars: ● Today, in time of America's greatest need, the country's electric operating companies are supplying over 90 per cent of all the power commercially generated; ● Last year they paid \$510,000,000 in taxes, enough money to equip 2,400,000 soldiers or build 9,273 fighting planes; ● The average home now gets over twice as much electricity for its money as it did 15 years ago. It represents American genius at its best. In little more than two generations, an "experiment," at which wisecracks scoffed, has become indispensable in American homes and in America's war effort. It has been possible simply because America's electric companies have been built and operated the American way—by good business management. West Texas Utilities Company

### TO THE PRODUCERS OF DONLEY COUNTY.

By Walter J. Flynt  
LOCAL AAA SUPERVISOR

Donley county has a new aerial survey, which means new maps from one end of the county to the other.

We are very proud of these new maps in the county office because it is complete coverage over the whole county. Heretofore we have only had partial coverage, that is only the maps which were to be used in the farm programs were issued to us, and it was hard to connect, or to find some of the farms, sometimes. They also include a lot of land which has been contoured since 1937 in these pictures.

There will be some difficulty in measuring in 1942, due to these new maps. The farm boundaries will have to be located on aerial maps. On most of the maps there is shown a broad fence row, sometimes as much as one-half chain wide, which makes it very difficult to tell exactly where the farm boundary does come, unless it is measured out.

Permanent fields will have to be located. By permanent fields we mean, any part of the cultivated which is sufficiently separate from other land to be called a separate field, which is divided by a road, ditch, terrace, fence line, etc.

Then after farm boundaries, and permanent fields are located, plot lines and soil building prac-

tices must be checked. I have told you the above in order that I might tell you this: In order that these lines may be located properly on the aerial maps the Operators should be there to help, and instruct the Reporter. If these lines, especially farm boundaries, and permanent fields are not located properly this year, it may be a year or two before the error is caught thus changing the farm measurements in the years to come. Since one of the most prevalent complaints to this office among Operators, is the changing of the size of the farm from one year to the next, the County Committee and I feel that this is a very important item, and the time to give all assistance possible to Reporters to get the measurements right the first time it is put on a map, then only the inside measurements can be wrong afterward.

In all new work, especially an undertaking as large as this, there are bound to be errors of one kind or another. This office's one aim is to get measurements and classifications right, and the only one who can help us is the Operator, so if we have an error in your measurements or classifications, we appreciate our attention being called to the fact and the correction will be made.

### BIGGEST—

(Continued from Front page) some of the civic organizations had expressed themselves as going to put up a sign by their stack of salvage on the vacant lot so that people could give them the salvage. It is estimated by the Donley county war board that this program will put much salvage into the factories over the nation as this program is being launched in counties over the nation. It will also give a great deal of money to the local Red Cross organization, Navy Relief organization and any other organization that is of much importance to the great war effort being waged by the United Nations.

#### FROM EL PASO

Mr. and Mrs. Jack Latson of El Paso spent Wednesday night here with his mother, Mrs. O. W. Latson. They left today for Memphis, Tennessee where Mrs. Latson will remain with her relatives while Jack will return to El Paso for induction into the army.

### Our Great America by Tryon

WOOD PACKING BOXES USED FOR SHIPMENT OF U.S. FIGHTING PLANES TO SEVERAL REMOTE FOREIGN TERRITORIES ARE FREQUENTLY USED THEREAFTER BY THE NATIVES FOR HOUSES. STRANGE CONTRAST TO AMERICAN HOMES THEY ARE REGARDED BY THE NATIVES AS "MANSIONS".

### Navy Club—

(Continued from Front page) man of the Amarillo Recruiting office.

The Amarillo Glee Club has arranged to give programs this summer, throughout the Panhandle, for the purpose of assisting in the organization of Navy Clubs in the area.

Since these clubs are designed for the purpose of furthering the best interests of our men at the front, it prevails upon everyone who has a son, husband or brother in active service, to associate herself with the Navy Club.

Our men on the fighting fronts are giving of their every last effort that we may live in freedom and security.

Can we each conscientiously say that we are giving of OUR best efforts for THEIR welfare?

Can we, as their mothers, wives or sisters, do less than give a portion of our time, our interest, our enthusiasm, to do those things which give them a fuller degree of pleasure and comfort wherever they may be, because the effort came from the home front for which they are fighting?

On Monday night, June 1st, at 8:30 p. m. there will be a called meeting at the club room in Clarendon.

The National Club includes relatives of Navy, Marine and Coast Guard personnel in its membership.

It is requested that every resident of Donley County eligible to become a member, give this date her fullest consideration, and present herself at this next meeting.

#### VISIT IN TULIA

Mr. and Mrs. Joe Hurn and granddaughter, Mary Ladell Cox went to Tulia, Friday to take their grandson, Joe Van Zandt home. Mary Ladell will remain for two weeks, while Mr. and Mrs. Hurn returned home Sunday.

#### VISIT IN NEW MEXICO

Mr. and Mrs. W. A. Land and grandson Billy Marvin Land, visited the past week end in Tucumcari, N. Mex. with their son, Mr. and Mrs. Marvin Land and Tommy. Mrs. Marvin Land and son Tommy returned to Clarendon with them Monday night en route to De Queen, Ark. to visit her parents, Mr. and Mrs. T. M. Gore, for two weeks.

Wilma Dee Smith is spending the summer at home, having taught in the Palo Duro school near Dumas the past winter.

### NO TIME TO WASTE

The cost of war has come home to many an American for the first time. The income taxes due in mid-March were the highest in our history. A new tax bill is being debated which will double the tax load. It has been necessary to raise the debt limit past the \$100,000,000 point. Every American, no matter how small his income, must and will help pay for war in one fashion or another.

Congress must do more than raise taxes. It must take two definite steps to protect the people and the national economy.

First, something drastic must be done to pare non-defense spending. So far, there has been much talk and practically no action. Abnormal peacetime extravagance goes on "as usual." Congress must be told that the American people demand maximum retrenchment in every non-defense field. This should save a minimum of \$2,000,000,000 a year.

Second, there must be an end to the idea that the government can pay for everything and finance everything. Government financial agencies' proper job is to pay for military necessities which are outside the sphere of private enterprise. Only the government can build barracks, buy ships, planes, munitions, pay for the maintenance of troops, etc.

In other fields, private banking and other financial institutions can do the job. They have the money. They have the personnel. They are prepared to go the limit. Yet government, at the expense of all the people, has usurped a hundred and one fields of banking activity which properly belong in the field of private, self-sustaining enterprise.

The government will act in these matters when, and only when, the people demand it. And there's no time to waste in making the demand.

#### RETURN HOME

Mr. and Mrs. W. J. Lewis returned Wednesday morning from Washington, D. C., where they have been visiting a daughter, Mr. and Mrs. Tom Slick for the past three weeks.

#### TAKEN TO HOSPITAL

John Goldston was taken to an Amarillo hospital in a Buntin ambulance for an emergency operation Wednesday night.

Fern Martin, teacher at Plemmons, is at home for the summer.

Mr. and Mrs. Ed Todd of Childress spent the week end with relatives.

### LARIMER ANNOUNCES COMMERCIAL EDUCATION PROGRAM EXPANDED

All people desiring to learn to type, take dictation, keep books, or to "brush-up" on these skills are asked to meet at the Clarendon Junior College at 8:00 p. m. Friday to enroll. Efforts are being made to secure high school and college credit for successful completion of these subjects by those desiring it. (Adv.)

#### VISITING HERE

Mrs. Lucy Allred and sons, Harlan and Curtis, accompanied by her daughter, Mr. and Mrs. Eliza Messick and baby of Altus, Okla. are visiting Mrs. Allred's sisters, Mrs. T. Jones and Miss Cora Ferris north of town.

### ACCEPTS GOVERNMENT POSITION AS TYPIST

Margaret Jean Leathers will leave next Friday night for Washington, D. C., where she has accepted a government position as Senior Typist. Miss Leathers, along with three others were the only ones from Brantley Draughtons Business College of Ft. Worth, that passed the senior examination.

Miss Leathers is a daughter of Mr. and Mrs. D. E. Leathers of Lelia Lake.

Louise Butler is visiting Laura Rhodes at Lefors this week.

June McMurtry, who attended school in Austin the past year, has returned here for the summer.

### VISIT IN MINERAL WELLS

Margaret Sue Morrow, Mrs. Jordan and a nephew, Jack Grey, are visiting Mr. Morrow in Mineral Wells this week. Jack Grey will return to his home in Houston. Margaret plans to remain in Mineral Wells to be near her husband, at Camp Wolters.

Mr. and Mrs. D. Jordan of Athens, and daughters, Joanna and Glenna visited in the Clyde Butler home Sunday.
