## Donley Co. Fat Stock Show Closes In Grand Finale As Berkshire Takes Honors

Billy Smith's smooth 210 pound Berkshire topped the annual Donley County Fat Stock Show's barrow division here Friday in which over 200 top barrows competed. J. F. White's chester white barrow won reserve grand champion honors.

E. M. Regenbrecht, extension service swine specialist and judge of the show, stated that the Donley county event was perhaps the most outstanding county show in the entire state, and he had a high praise for the exhibits.

H. C. Shaw, who Thursday exhibited the grand champion calf, won top honors in the lamb division with a ramboillet lamb. Jack Young's crossbred lamb was awarded the reserve championship.

In the light chester white barrows, Douglas Jarrell's entries were awarded the second and third places, and the remainder of the barrow placings are as follows:

**MEMPHIS ROTARY CLUB EXTENDS INVITATION TO DONLEY PEOPLE**  
President T. E. Noel of the Memphis Rotary Club, Rev. E. L. Yeats, General Chairman of all committees and Harry Delaney in charge of the program, extend an invitation to the citizens of Clarendon and Donley County to attend the Easter Cantata to be held in the new outdoor amphitheatre in the City Park at sunrise on April 5th.

The Memphis Rotary Club is sponsoring this event, and there will be voices from Donley, Collingsworth, Childress and Hall counties taking part in this program. Rehearsals have been held regularly for some time.

The stage is built fan shape and is 80 feet long and 30 feet wide, and will accommodate 250 people. The amphitheatre is in a semi-circle and has 20 rows of seats,

### CLARENDON YOUTH RECEIVES "WINGS"

The Leader has received notice that among the 28 men from Texas as graduating from the Air Training schools at San Antonio, is Harrell B. Helton of Clarendon, who is getting his "wings" as Staff Sgt. Pilot from Kelly Field.

Harrell is a brother of Tom Helton who is owner of the Clarendon Steam Laundry. There are four other Helton boys in the army.

### BREAKS WRISTS

Mrs. Annie Parks suffered painful injuries late Tuesday afternoon at her home when she went out to tend to her chickens. As she started through the gate she tripped on a board and fell, breaking both wrists.

## Donley Barrows Bring Top Prices At Amarillo Fat Stock Show

Charles Smith's Grandchampion 237 pound Chester white barrow sold for 50c per pound at the auction of the top barrows of the Amarillo Fat Stock Show Wednesday. J. B. Knight's champion duroc brought 33c a pound and was bought by W. B. Mayfield, local duroc breeder, and the only Donley County citizen to support the local youths in the sale. All other Donley county barrows were sold to Amarillo firms.

H. A. Harrison's champion Poland brought 22c, Billy Thornber-

### THAD LYLE RECEIVES ARMY PROMOTION

Thad, son of Mr. and Mrs. Frank Lyle was promoted to the rank of corporal recently. He entered army service January 6, 1941 at which time he was sent to Scott Field, Ill., where he studied radio. He received his diploma there and was sent to Puerto Rico about 6 months ago where he finished the advanced course. He is now entering an officer's training school.

Donley county folks are proud of these boys who are making Uncle Sam's army the greatest on earth.

**BREAKS ANKLE**  
Miss Billie Jean Knox of Ashtola suffered a broken ankle the first of the week while playing basketball.

**MAN ARRESTED FOR DRUNKEN DRIVING**  
A Wellington man was arrested here Friday night by Patrolman R. C. Johnson. He pleaded guilty Saturday in County court, and was released after having paid a \$50 fine and court costs. He also had his driver's license revoked for 6 months.

This is just another case that goes to show that it doesn't pay to mix 'booze' and gasoline, especially on the highway.

**CHURCH LADIES SELL WASTE PAPER**  
Waste paper collected the past four or five months by the Women's Society of Christian Service was sold this week, netting the church organization a tidy sum of \$84.60.

Over this period of time these ladies, assisted by the young people of the Methodist church, collected 21,495 pounds of magazines, newspapers, scrap paper and card board, and was sold to the Pampa Rag & Paper Co., and the Texas Rag & Paper Co. of Amarillo.

Mrs. L. N. Cox, chairman of this committee, stated that they wished to thank those who helped by contributing and lending their services.

**NEGRO FINED FOR HAULING LIQUOR**  
Bud Calloway, negro, was arrested Monday night for bootlegging whiskey. He had one case in his possession at the time and was fined \$122.40 Tuesday morning in county court. Calloway gave his address as living near the east line of Donley County.

It has also been brought to our attention," Mr. Hodges added, "that you will have plenty of time to return home and attend Sunday school and other services in your local church."

### ALL VEHICLES MUST BE WELL LIGHTED

"It is absolutely necessary that all automobiles have two head lights and one tail light burning; and all trucks and trailers must have all clearance and tail lights burning while driving at night," R. C. Johnson, State Highway patrolman, stated this week.

He also stated that drivers who want to avoid embarrassment and delay, should have all lights checked before the vehicle is driven on the streets or highway, for this law is going to be fully enforced.

### FORMER PASTOR VISITS HERE

Rev. and Mrs. O. P. Kiker of Wichita Falls stopped here Sunday to visit with Mrs. Eula Cox.

Rev. Kiker was pastor of the local Methodist church from about 1908 to 1912. He was very popular among his people, and will be remembered by old timers who are still living here.

### IN AMARILLO MONDAY

Mrs. John McMahan took her baby girl to Amarillo Monday for medical treatment. Her aunt, Mrs. Ollie Hommel and small daughter Patsy Jean, accompanied her.

### Ennis Favors Asks For Second Term

State Representative Ennis Favors this week authorized the Donley County Leader to announce his candidacy for a second term, subject to the action of the democratic primary in July, to the office of State Representative, 122nd District, comprising Collingsworth, Donley, Gray and Wheeler Counties.

Mr. Favors is married with a family residing in Pampa, and made his first race for office two years ago winning over two op-

ENNIS FAVORS

ponents in the first primary without a run-off.

He was very active during the last session of the Texas Legislature, and used common sense together with his legal ability in solving the many controversial problems, and the last Legislature had its share of such problems, and met them squarely, and as a result a number of constructive laws were passed.

Ennis Favors said, "I did my best during the last session of the Legislature to represent all the people of my District and Texas, and if I am elected for a second term, I will do my best to represent all the people of my District and Texas."

## New Pastor And Wife Now Here

Rev. and Mrs. E. L. Moody are now comfortably at home in the Baptist parsonage, Mrs. Moody having arrived Monday to join her husband who has been here for some time helping on the parsonage and making special preparations before her arrival.

Rev. Moody is the new Baptist pastor who began his duties here March 1st. He comes from Henrietta where he was pastor for eight years. He has been preaching in the Association for eighteen years, and now comes to the Clarendon church to continue his worthy endeavor.

All Clarendon and vicinity welcome the both of them into their midst, wishing them much happiness and success, and all the joys that go along with the making of new friends.

### LOCAL ARMY SELECTEES CALLED RECENTLY

Selectees who recently were called to army training centers are: Ansil Arthur Adamson, Herman Bryant Barnes, William Charles Foster, Doyle Kooztz, Gran Watters, George Lewis Stone, William Roy Peden, Clyde Austin Thomas, Jimmie J. Fetters, Harry Elwood Miller, Homer Washington Chapman, Ham Handy Stewart, George Wimberly Spier, Winfred Emanuel McPherson, Manford W. Snelson.

## Donley Youth Wins Honor

Donley County 4-H and F.F.A. youths again proved their ability as feeders of baby beef calves when H. C. Shaw showed the reserve champion calf at the Amarillo Fat Stock Show, and was also awarded the honor for having the best Panhandle calf. This makes the third consecutive year that Donley County has received this honor.

In the senior calf division, H. C. Shaw placed 1st, Billy Thornberry 4th and Bob Word 15th. Bob also placed 9th in the junior division.

### SCHOOL AGE ELIGIBLES MUST BE REGISTERED

In order that a complete survey of all eligibles for the school census be made this month, Supt. H. T. Burton requests that all parents with children who will be 6 years of age by the 1st of September this year, or any who will still be under 18 by that time, whether in school or not, get in touch with either himself, R. E. Drennan or McHenry Lane before the end of this month.

This census count governs the amount of state aid allotted this school district, and every child registered will help the financial condition of the local schools.

### TWO NEW TEACHERS ADDED THIS WEEK TO SCHOOL FACULTY

The local high school and college faculty received two new members this week when Mrs. A. B. Turner was selected as head of the Science department, and Preston B. Williams as History teacher.

Mrs. Turner will fill the vacancy left by Gordon Hanchey, and Mr. Williams, who has been teaching at Electra, will take the place of Miss Gladys Wallis.

## Mrs. David Caraway And Children Arrive From Pearl Harbor To Stay For The 'Duration'

Mrs. David Caraway, daughter-in-law of Flem Caraway, and three small children arrived in Clarendon Wednesday, March 5, from Pearl Harbor, Hawaii. Due to the war restrictions on military secrets, she was not allowed to say how long the journey took from there to San Francisco.

From San Francisco they came by the way of Nevada where she and the children saw their first snow. Mrs. Caraway having lived in California before going to the Islands.

The eldest child, a girl aged 9, has entered school here and is in the 4th grade. Her name is Denise. Next is David, age 5, and Martin, age 8 months.

Mrs. Caraway's mother-in-law remained in the islands with her son, David, who is Chief Quartermaster on one of the large ships there. David Caraway joined the navy when he was 15 years of age,

## Donley County Takes New Laurels In Swine Division Amarillo Fat Stock Show

### RECEIVES CIVIL SERVICE APPOINTMENT

Edwin Eanes received word Saturday to report to the Signal Section, San Antonio General Depot, Ft. Sam Houston, Thursday, March 12. He will probably be assigned as a radio technician under the Civil Service Commission.

Mr. and Mrs. Eanes left Tuesday morning in order that they might get settled before he reports on the job.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Bill Wood, formerly of Clarendon, but now living at Munsey, Indiana, announce the birth of a girl, born Feb. 14, who has been given the name Mary Louise. Mrs. Wood will be remembered as the former Delphia Bones.

Donley County farm youths, already known far and wide over the Panhandle as breeders of championship hogs, added new laurels to their already growing collection of awards when they annexed the grandchampionship and the county honors in the swine division of the Amarillo Fat Stock Show which opened Monday morning in Amarillo.

The Chester White barrow of Charles Smith, Clarendon, was named the best pick of the entire show, while reserve champion honors went to a Duroc-Jersey exhibited by J. B. Knight of Clarendon. Ralph Morrow of Clarendon, with his Chester Whites, won the reserve championship for pen of three. The Donley group of 25 hogs won first in that division.

Donley county youths copped most of the high prizes, although an Armstrong county youth, Fred Brown of Claude, was the high individual of the show. Fred brought a litter of six pigs to the show and with them won first in light and heavy Hampshires, champion Hampshire, first in pen of three and litter in the Hampshire division and then took the grand championship for pen of three and litters.

Donley county winners in each breed exhibited and places won are as follows:

**Poland China**  
Light: 1st, H. A. Harrison; 2nd, Carl McElroy; 3rd, Russell Morris.  
Heavy: 2nd, Billy Jack Green.

### NEW POSITION

John McMahan took over the bookkeeping duties of Thompson Wright at the Farmers State Bank, Monday. Thompson entered Navy service this week. McMahan was previously employed by the Palmer Motor company, at which time he gained his experience along the bookkeeping line.

and has been stationed in Pearl Harbor since 1933.

Mrs. Caraway stated that the most remarkable thing about the people here was their neighborly spirit—that everyone had been grand to them since their arrival. She has rented an apartment at the Gilbert Bryan home, and plans to remain here for the duration of the war.

In speaking of the attack on the Islands on December 7, she said: "If the Japanese intended to create a panic they certainly failed, for in a few hours after the first attack you would have thought they had been at war for quite a long time."

Mrs. Caraway has a very charming personality and three very attractive children. She has a great love for the Islands where she plans to return as soon as the war is over.

### FUNERAL SERVICES FOR VINSON INFANT

Funeral services at the graveside were conducted for Martha Louise, infant daughter of Mr. and Mrs. Herman Vinson, Tuesday afternoon. Rev. E. L. Moody, Baptist pastor, officiated.

REV. E. L. MOODY

### CAR OVERTURNS NEAR JERICO

Corporal Ben Smith of Eli received a fractured arm and other bruises when his car overturned on highway 18 near Jericho Sunday. The other occupant of the car, Miss Frances Stanley of Memphis was scratched and bruised. Corp. Smith is stationed at Sheppard Field.

### BACK ON JOB

Valley Harrel, Home Supervisor of the FSA is back on the job after being absent from her work for the past six weeks on account of illness.

### EIGHT YOUNG MEN LEAVE FOR NAVY

Seven young men from Donley County are leaving this week to join the armed forces of the United States. Those leaving Sunday night were Leondus (Doc) Yankey, Joe Ballew and Burrell Rhea.

Those leaving Tuesday night were Pete Carter, Thompson Wright, Dexter Todd, William Nelson Merritt and Clyde Slavin.

### FILLS PULPIT HERE

Rev. J. R. Lemond of Hedley filled the pulpit here at the Methodist church Sunday. Rev. Quattlebaum was sick with flu.

### DOWN FROM GROOM

Mr. and Mrs. W. Z. Borron, Mr. and Mrs. Dean Borron and Mrs. Corser of near Groom were Clarendon visitors Tuesday.

## War Rationing Booklets Will Have Same Value As U. S. Currency

In a letter from Texas Rationing Administrator, Mark McGee at Austin Wednesday morning to Miss Helen Wiedman, local consignee, we quote the following information:

"The dates for the registration of all citizens, and the issuing of War Rationing Booklets No. 1 have not been set but the date will be National."

"It will be difficult to impress upon you the real value of the booklets," he goes on to say. "We are informed by the Washington office that they have the same value as United States currency. Therefore, they should be kept under lock at all times, and a complete record by serial numbers kept."

In another paragraph of the letter he states: "We are beginning a campaign to be termed 'Re-purchasing Program.' Those in possession of more sugar than

can be allowed under the rules, which is two pounds to the person, should return the sugar to the stores where they purchased it prior to registration time. This cannot be over-emphasized because the rationing booklets are not sugar rationing booklets, but are general rationing booklets and may in the future be used for any number of things, such as hosiery, radios, bicycles, etc. Further, all citizens ought to be informed that they should register on 'R' Day, because without booklets they would not be able to secure articles that may be rationed other than sugar.

"Each county is supposed to receive the following materials: War Rationing Booklets No. 1, Application Forms, Instructions to consumers and instructions to rationing personnel. A person must register at his nearest school center."

RED CROSS VOLUNTEER SERVICE

The last yarn for the knitting of sweaters was given out over the week end to Mrs. B. F. Kirtley. Another shipment is expected soon, however, so keep in touch with your service room and mean while devote your spare time to knitting or crocheting six inch squares for afagans. We wish to stress the fact that if you have any odd scraps of yarn left from any of your personal knitting or crocheting or otherwise no matter what color or what weight and wish to donate it to your local chapter, do so right away. Or, if you wish to knit these squares yourselves, go to the knitting room any afternoon with the exception of Wednesday and you will be given instructions. Please remember this. Go to your knitting bag and dig out these yarn scraps. They will be put to a good use.

Mrs. L. K. Cantrell is the first woman to turn in her sweater. Mrs. Cantrell first learned to knit November 15 and since that time has knitted five sweaters and is now an instructor of knitting at the service room. Running Mrs. Cantrell a close second is Mrs. Crockett Taylor who has also completed and turned in her sweater.

Twenty-seven navy sweaters and one chest protector made from yarn scraps were shipped out Saturday. Destination—Iceland.

Socks were issued this week to Miss Lee Patton, Shirley West,

Joyce Lawrence, Mrs. Heathington, Mrs. C. E. Griggs, Mrs. Jack Molesworth, Mrs. C. B. Morris, Mrs. J. Gordon Stewart, Mrs. W. A. Riney, and Mrs. Crockett Taylor.

The Home Demonstration Club of which Mrs. O. C. Watson is president has turned in six perfectly beautiful baby blankets made from scraps left over from the pajamas and one large heavy comfort. These articles are on display at the service room and are well worth a trip down town to see.

Mrs. W. L. Jordan of Martin has taken scraps from the pajamas for two quilt tops to be pieced by women in the Martin Community, and Mrs. Earl Myers of Lelia Lake has taken scraps from the convalescent robes for quilts to be pieced by Lelia Lake women.

We hope in due time to furnish work for the rest of the outlying communities, but due to the shortage of material the shipments have been slow coming in. Your Volunteer Chairman, Charlotte Molesworth, will leave this week to be gone for a short while and her place will be taken by co-chairmen, Mrs. H. T. Burton and Mrs. Allen Jeffries so anyone wishing any sort of information may call either of the two women.

Champion knitters: Mrs. J. N. Warren, 77, of Palestine, Texas turned out more than five hundred knitted garments during World War I and has recently completed her 101st men's sweater in this crisis.

Mr. and Mrs. J. H. Hurn were business visitors at Mobeetie, Tuesday.

HUDGINS Mrs. S. M. Harp

As there is so much sickness in our community we had only a small crowd out for Sunday school and singing.

The Bible study has been changed to Friday night. The Chapter is the 20th of St. John. There will be singing every Sunday night.

CANYON BUFFALOES TO TOE BATTLE LINE

CANYON, March 12. — West Texas State College's far-flung basketball battle line will be extended once more to Madison Square Garden March 17 when the Border Conference champions enter the Metropolitan tournament.

Recently Coach Al Baggett's tall Buffaloes dropped a 56-58 game in the Garden as Long Island University won in a thrilling overtime period. They returned to this section to win every remaining game on their schedule and to take the Border Conference title without dropping a contest. Now they have accepted an opportunity to battle again in the Big Town.

Chevrolet Dealers Study Problems

A comprehensive picture of the retail automotive business in its "duration dress," presenting a cross-section of Chevrolet dealers' thinking on problems common to all auto dealers will result from a series of 94 zone, regional and national dealer committee meetings beginning Feb. 24 and concluding with a two-day final session in Detroit, Mar. 16-17, William E. Holler, Chevrolet general sales manager, announced today.

In the face of stringent restrictions applying to the auto manufacturing business as the first war-time commercial "casualty," these meetings are expected to develop a compilation of immediate needs foreseen by the retailers so that they may remain the servant of the motorist.

In 37 zones throughout the country, 76 dealer meetings will be held. Two groups—the Dealer Service Committee and the Dealer Business Management Committee—will discuss the two current prime phases of the retail automobile business. Selected delegates from these groups then will convene in Chevrolet's eight regional headquarters points March 3 to prepare a more inclusive report for their representatives to bring to Detroit for the final sessions with Mr. Holler, his staff, and department heads.

Sugar Rationing Days Drawing Nearer

Sugar rationing, one of the necessities of war, is a week closer, and in the Southwest the planning machinery for registering every man, woman and child for ration books already is working. Almost any day now the office of Price Administration in Washington is expected to designate a four-day period in which everyone is to register.

In the meantime, the region Price Administration Office in Dallas is making extensive plans for the registration to be carried out without undue confusion in Texas, Oklahoma and Louisiana.

OPA officials have been assured of full cooperation throughout the three States and believe that no serious difficulties will arise in listing every person who is entitled to ration books. The registration will be conducted by elementary school teachers in every county, with representatives of families and individuals going to the schools to present them, provided the school is in the same county. GUNS "FROZEN"

New pistols, rifles and shotguns have been added to the list of consumers' durable goods "frozen" by war necessities. Dealers are prohibited by a WPB order from selling or delivering such firearms except to agencies or officers of federal, state and local governments.

Mr. and Mrs. Frank Bourland and Mrs. C. C. Powell attended the Fat Stock show at Amarillo Monday.

Schools Will Close for Teachers' Meeting In Amarillo

According to plans at the present time, the schools of Donley County will close March 20 and 21 to permit teachers and administrators to attend the Northwest Texas Conference for Education in Amarillo. It will be the first meeting in Amarillo, where auditorium facilities are adequate for this large convention of teachers.

Nearly all schools of the 26 Panhandle counties will close for the two-day sessions.

The program for the general and sectional sessions has been completed by W. B. Weathered of Pampa, president of the conference, he announced this week. The Conference in its business phases is District 9 of the Texas State Teachers Association. Dr. A. M. Meyer of West Texas State is vice-president; Glenn Allison of Hereford, treasurer; and Supt. W. C. Perkins of Shamrock, secretary.

Speakers at the general sessions will include Dr. Zebulon Judd of Alabama Polytechnic Institute, Auburn, Ala.; Charles H. Tennyson, public relations director of the Texas State Teachers Association; Dr. A. D. Zanzig, music instructor at the University of Texas; Dr. F. M. Kercheville, University of New Mexico; Dr. Homer P. Rainey, president of the University of Texas; Jeff Williams, famed humorist of the Chickasha, Okla.; Ralph M. Pearson, designer of Nyack, N. Y.; and Dr. J. A. Hill, president of West Texas State College.

Educational specialists also will be heard at sectional meetings, which will be held in various churches and schools of Amarillo. Registration for the Conference will open at the Amarillo Municipal Auditorium at 8:30 a. m. on March 20th.

Join The Navy And Go To School At The Same Time

CANYON, March 12. — High School youths 17 to 19 years old may enlist in the U. S. Navy entering an accredited college or university, according to information received by West Texas State College.

High school boys may enroll at West Texas State on May 27, for instance, then apply to a Naval Recruiting Station for enlistment in Classification V-1. Such enlistment permits them to remain in college to obtain the training needed by the Navy, and they will not be subject to the draft.

On completion of the first half of the sophomore year, the V-1 group will apply for transfer to Classifications V-5 or V-7 (Aviation Cadets or Midshipmen of the U. S. Naval Reserve.) The Navy will require 80,000 of these college-trained fliers and officers. Trained fliers will draw \$245 a month, or more, and midshipmen \$183 a month or more. They will have four years of college training.

Certain courses in mathematics must be taken in college by the enlisted men.

Recently four members of West Texas State's tall basketball team enlisted in the Navy. They will remain in college to complete required courses.

Creamery Defense Short Course

COLLEGE STATION, March 12 —Another in the ever increasing list of National Defense courses offered at Texas A&M College will be the Creamery Defense Short Course March 16 to April 25, C. N. Shepardson, head of the college dairy husbandry department, announced.

With the war depleting skilled dairy workers in Texas, the problem of replacing them with men not subject to immediate service has arisen. It is to fill this need that the course is offered.

"There is a constant demand for churn men, freezer men, pasteurizer operators, laboratory technicians, department foremen, plant superintendents and plant managers," Shepardson said. "With the intensive course we have planned, we aim to turn out graduates capable of filling any of these positions."

NEW TANK IN PRODUCTION

Production of a new tank for the Army, known as the M-4 medium tank, has begun at a new Mid-Western plant, War Production Board officials have announced. Current plans call for several new types of light tanks, which will come into production when facilities now being prepared are ready. The locomotive, automotive and farm machinery industries will be the major participants in the tank production program when it gets into full swing to meet the President's goal of 45,000 tanks in 1942.

**THE TEMPLE OF TRUTH**  
By the Apostle  
**CHEMISTRY.**  
Modern chemicals make it almost impossible to determine the age of women or whiskey.

**DOGON IT!**  
Lying about eating sweets may occasionally fool the doctor, but not the scales.  
**THE GOSSIPER.**  
Despite the heavy traffic toll, still more people are "run down" by gossipers than by automobiles.  
**TRAFFIC SIGN.**  
Down near New Braunfels there is a most worthy product of

a genius in the form of a road sign near the first service station in the north suburbs of that little city. It reads: "Slow down before you become a Statistic!"  
**EVIDENCE.**  
An old boy arrested on an Amarillo street for being drunk, was haled into police court. "What evidence have you that this man was drunk?" asked the judge. "Well," said the cop, "I saw him

drop a piece of money into the auto meter on the curb, look in the jewelry window at a clock and yell, "good gosh, I've lost a hundred and forty pounds!"  
**TIMING GEAR.**  
The first screw that gets loose in the head is the one that controls the tongue.  
**MORE OLD STUFF.**  
The only person to be really in-

terested in hearing you tell your troubles is a lawyer. He gets paid for it. (Ain't it a fact!)  
**TRANSFORMATION.**  
When the bridegroom begins to complain about the shortage of sugar, the bride may as well conclude the honeymoon is all over.  
**EVER GET STUNG?**  
The difference between selecting and picking a friend, is that when you select one you don't usually "trim" him.

sponsible fellow told me a few days ago that Pacific coast property within 200 miles of the water edge had depreciated 80 percent since the war began, and that if a real bombing started out there, it could be bought for a song. This man has property out there and will sell it on that basis, in case you want to buy near Los Angeles.

**ADVICE.**  
A job well done and a still tongue are the best weapons with which to fight opposition. It was old Mark Twain who first announced: "Keep your bowels open and your mouth shut and avoid most of life's worries."

**POLICY STUFF.**  
Some of his best friends may want Lt. Gene Worley to quit the navy right now. All of his enemies, political and otherwise do. Mr. Worley wasn't joking with his folks of the 18th District during his last campaign when he announced that: "Should I vote for war at any time, I shall be among the first to enlist!" He couldn't get into the army at first trial because he was married. Having had military training at A&M College, he could get into the navy—and did. Our Gene is built that way, and don't forget it.

**SOCIAL SWELL.**  
The young social favorite of today is often the result of an industrious mother building a nice home with the sale of cream and eggs before the daughter's arrival.  
**BITE IN IT.**  
What a number of people want near the soldier camps now is a prohibition law with a strong set of false teeth that may be easily removed at night.

**FROM WAR FRONT.**  
The latest from the war front is said to be a cable from Gen. MacArthur of the Philippines who cables that "if the Pacific coast can hold out until spring, I will send reinforcements from the Batan peninsula."  
In closing, without joking, a re-

**CHICKEN POETRY**  
Neighbors please keep your chicks at home  
And pen them so they cannot roam  
Across my lawn and thru my flowers  
Where I have worked so many hours.  
Your hens are fat, your cocks well fed  
(My plants have been their daily bread):  
My purse is thin: I am not able  
To fatten fowls for another's table.  
I counted thirty-six today  
Here in my yard scratching away.  
They gobbled everything in sight  
We have to feed the cat at night.  
They are ruining my flowers,  
grass, weeds,  
Leaf and twig, roots and seeds.  
They'll soon be eating the humans  
and loam—  
Neighbors, please keep your  
chickens at home!

**Cotton Hosiery Matches Fabric**  
Cotton hosiery to match cotton fabrics is the new hosiery wardrobe fashion note. This year for the first time, there are cotton stockings suitable for each cotton fabric on the market. For daytime wear the plain sheer, clear, high twist cotton hosiery with or without lace or embroidery clocks, are suitable for all but the sheerer daytime frocks. For evening there is the cobwebby fine lisle, mesh or lace stocking that is particularly attractive with the new ballerina and ankle length cotton dress and the low heel ballet type of dancing slipper. For town and country wear, there is the coarser mesh. For active sportswear, the knee length socks or anklets are appropriate. Not only is the texture of the cotton hosiery in harmony with the cotton dresses, suits and sportswear, but the hosiery colors complete this summer's colorful cotton ensemble.

**Cotton And Corn Cob Substitutes For Tin**

It is now possible that the modern young bride, who uses the can opener to obtain the necessary food products to prepare most of her meals, will soon be opening cans which are made from cotton and corn cobs.

In a report from the Chemical Warfare Service, this change in materials was suggested as a possible new development to replace the enormous quantity of tin now being used in the victory program. The new material can be used in packing fruits, vegetables and practically every other kind of foodstuff on the market today.

In an address at William and Mary College on possible new developments in chemistry, Colonel Maurice E. Barker stated that the cotton could be formed into sheets, and the sheets bonded with plastics made of corn cobs.

A combined use of cotton and corn cobs in making containers would not only ease the pressure on the scarcity of such metal as tin, but would enable the cotton farmer who always raises a considerable quantity of corn to get cash for the cobs, a product which heretofore has had no value excepting for fuel.

**Texas Farmers Pledge Victory Production**

By B. F. Vance  
Chairman, Texas USDA War Board

As planting season begins, Texas farmers tackle in earnest the biggest job they have ever been asked to do—the production of a record crop of food.

But it's a job they have said they could do and a job that they will do.

America placed an order with Texas farmers for 615,763,250 gallons of milk; Texas farmers pledged 663,000,000 gallons.

America called for 207,274,000 dozen eggs; Texas pledged 231,585,721 dozen.

America asked for the marketing of 3,531,287 head of beef cattle; Texas promised 3,776,431 head.

America ordered 2,017,462 hogs; Texas pledged 2,676,694.

America wanted 1,056,000 acres of peanuts planted in Texas; Texas farmers promised at least that many.

All down the line of increased production of crops needed to win the war, Texas farmers have responded wholeheartedly.

Behind this program for increased production are the U. S. Department of Agriculture War Board, composed of representatives of all USDA agencies in the state. These boards, set up by Secretary of Agriculture Claude R. Wickard last July, have been assigned the task of aiding agriculture to shift from a peace-time to a war-time economy, from peace-time production to war-time production. The boards were set up in each state and each agricultural county in the nation.

Heading the war board program in the state is the Texas USDA War Board which directs the various agricultural war programs, such as scrap iron collection, machinery repair and food production, of the Department of Agriculture. Each agency of the U. S. Department of Agriculture is represented on the Board by one member.

But it is upon the 254 county USDA war boards in the state that the state board depends. The county board set-up is along the same lines as that of the state board with the county AAA chairman acting as chairman of the county USDA war board and one member representing each agency of the USDA in the county.

Cotton as an insulating material for buildings is now a familiar story, but here's a new angle on the use of cotton for insulation. The other day when a 5-year old boy swallowed a 2½ inch corsage pin, doctors and parents got busy with first aid. And would you believe it, the boy actually enjoyed the treatment because it consisted of a cotton sandwich. Yes, sir, slices of bread with a liberal application of jelly and absorbent cotton were given the boy to form a protective coating to prevent damage to stomach tissues until the pin could be removed.

**Agriculture Is Ready**

By George Slaughter  
Chairman, Texas AAA Committee

When war struck the United States, agriculture, unlike so many other industries, already was well underway with its program of conversion to war-time production and thus was well-prepared to do its share towards winning the war-and writing the peace.

For agriculture started its conversion to war production a year ago when Secretary of Agriculture Claude R. Wickard asked for greater production of certain foods which are needed by nations at war. A little later, in July, 1941, he ordered the setting-up in every state and every agricultural county in the nation, U. S. Department of Agriculture Defense Boards and to these boards he assigned the task of helping the farmers of America shift from peace-time production to war-time production.

But, as a matter of fact, agriculture's preparedness goes back much farther than 1940. It goes all the way back to 1933, nine years ago this week, when the then Secretary of Agriculture, Henry A. Wallace, called to Washington a group of farmers with the idea in mind of formulating a program for agriculture. Out of that conference came the National Farm Program which helped agriculture through the depression.

The National Farm Program was more than an emergency measure, and the people of the United States today can be thankful that they already have in operation a program which has made the conversion of agriculture to war production a comparatively simple matter.

**Naval Air Station At Corpus Christi Sets Safety Record**

CORPUS CHRISTI—The gigantic Naval Air Station located here has set an enviable safety record among civil service personnel in comparison with other Naval Training Stations throughout the nation, according to the January safety bulletin issued by the U. S. Compensation Commission.

During 1941, the "University of the Air" had only seven lost time accidents, none of which were fatal. This tops the safety records set by all other Naval Air Training Stations for the year.

**Texas Panhandle Carries Out Soil Conservation**

COLLEGE STATION—Although 1941 was the wettest year in the annuals of weather data of the Panhandle, moisture conservation was carried out by contouring on 938,015 acres of cropland and 104,647 acres of pasture land in Extension District One. In addition, according to Parker D. Hanna, district agent, 103,059 acres on 8,694 farms were terraced, or more than twice as much terracing than was done under the supervision of county agricultural agents in any preceding year.

While soil erosion by water ordinarily is a minor problem in the high plains area, the spectacular effects of wind erosion in the middle thirties makes this one of prime importance. As covercrops and maintenance of other vegetable matter in the soil constitute one of the principal controls of wind erosion, the effectiveness of these practices ties in closely with the moisture conservation program. Accordingly, 382,719 acres of cropland were strip-cropped, covercrops were planted on 686,729 acres, and approved summer fallow practices were carried out on 507,900 acres in 1941.

"From this it can be seen," the district agent says, "that Panhandle farmers have learned the lesson that the most effective control of soil blowing is keeping a cover on the land and incorporating vegetative matter into the soil."

**Harvesting Hay Crop Demands Good Machinery**

COLLEGE STATION—Harvesting a hay crop is a job that won't wait, according to B. F. Vance, chairman, Texas USDA War Board, who urges Texas farmers to get farm machinery in top-notch shape.

Conversion of plants to war work and demand for metals and other critical materials of war have caused restrictions on materials available for manufacture of new farm machinery, he points out.

Since adequate feed production is recognized as a vital part of the Food for Victory program, allotments of materials for hay-making equipment have been fixed at a relatively high rate, Vance said. He urges farmers to repair machinery and order parts as soon as possible.

In general, materials for the manufacture of new farm machinery have been restricted to an average of about 83 percent of the materials used for similar purposes in 1940, he says, while use of materials for repair parts is permitted at an average of about 150 percent of the 1940 level.

**STRIKE OUT HEADACHES**

Headaches may follow a number of different experiences—fatigue, eyestrain, sinus trouble, neuralgia, high blood pressure, menstrual disturbances or other conditions. Regardless as to the exciting cause of headaches, there is always a similar underlying neurological mechanism which produces every headache. This is a short circuiting of abnormal nerve impulses into certain nerve pathways. Since the Chiropractic approach is primarily neurological, the Chiropractic adjustment can bring about almost immediate relief from headaches. Continued adjustments can correct the exciting causes.

In one type of headache, Chiropractic is most efficacious—Migraine—a sick headache. This is a most severe headache, affecting usually one side of the head at a time, with disturbance of vision, and nausea, frequently being present. This condition responds quickly to Chiropractic adjustments.

**Buffaloes Win 28 Games**

CANYON, March 8.—Twenty eight games won of 30 games played is the season's record of the Buffaloes of West Texas State, the world's tallest basketball team.

Coach Al Baggett's giant plainsmen won all sixteen games of their Border Conference schedule, taking possession of the cactus circuit's cage trophy in their first year of membership. They also won the Oklahoma City invitation tournament by beating strong southwestern outfits, including the University of Arkansas, the Oklahoma Aggies, and the Pittsburg, Kans. Teachers, defending champions.

Their two losses were to Bradley Tech at Peoria, Ill., and Long Island University in Madison Square Garden.

The West Texans scored 2127 points to 1290 for their opponents, averaging 70 points a game. Their high scorer was Price Brookfield, with 507 points for an average of 16.9 points a game. The runnerup was Cowboy Jack Maddox, with 331 points.

**STATE RESTAURANT ASS'N MEETING TO INCLUDE LOCAL OPERATORS**

"Newspaper Advertising for Profit" will be one of the major subjects discussed by several thousand cafe men of Texas during the Fifth Annual Convention of the State Restaurant Association of Texas, April 1, 2 and 3, according to Harry Akin of Austin, President of the organization. The same subject will be featured at local meetings of restaurant associations over the State during the month of April. Restaurant operations during the emergency, the effect of price controls, emergency mass feeding in case of disaster, plans for conserving food supplies, solving the problems of waste, labor scarcity and rising costs, will also be emphasized on the program.

Mr. Akin announced the appointment of Lee A. Muse and G. E. Allen, prominent restaurant operators of Clarendon, to the State Attendance Committee for the Convention.

**NO MORE RADIOS!**

Manufacture of radios and phonographs for civilian use will be discontinued after April 22 under a recent WPB order. With the exception that manufacture of repair and replacement parts will continue to a degree the entire facilities of the radio and phonograph industry will be made available for war production. The order affects 55 companies that employed about 30,000 persons in 1941, and produced about 13,000,000 sets. War equipment to be produced by the industry will include airplane detection equipment and communications equipment for the armed forces. Conversion of the industry to war production is expected to be 95 per cent complete by June 30 of this year.

**Freight Charges On Livestock May Increase**

COLLEGE STATION, March 14.—Livestock producers and shippers were warned today by H. H. Williamson, director of the Texas A&M College Extension Service, that drastic increases in freight charges on livestock may go into effect March 15.

Interstate Commerce Commission's Service Order No. 68 requires rail carriers to furnish only equipment of the size and type ordered.

It further provides that freight rates will be based upon the size and type of car actually furnished. The order was issued in anticipation of substantial increase in rail movement of livestock, due to reduced use of trucks and expected increase in livestock production. The USDA Board has called for increased production of hogs, sheep and lambs and for increased marketing of heavier beef cattle.

Director Williamson pointed out that two 40-foot single-deck cars for a hog or mutton shipment instead of one 36-foot double-deck car would result in the freight rate of \$104.14 instead of \$65.35 for a 150 mile movement, an increase of \$40.79 or 62.4 per cent.

Pending possible modification of the order producers and shippers are urged to conserve equipment, load cars heavily, order and use size and type car actually needed, and load double-deck cars when possible, Williamson said.

**Baptist Convention To Have Gov. Speakers**

HOUSTON, March 12.—Representative of the United States Treasury Department and the Office of Civilian Defense will have places on the program of the Texas Baptist Sunday School Convention, to be held here, April 7-9, it was announced today by Dr. G. S. Hopkins, Dallas, State Secretary.

Dr. Milton T. Gregory, assistant regional director, Eighth Regional Office of Civilian Defense, will present the case for civilian defense activities. A personal representative of Secretary Henry Morgenthau will represent the Treasury Department.

The above arrangement is in keeping with the theme of the convention, "Victory Through Jesus Christ." Attendance is expected to reach 10,000.

Special trains will be operated from Dallas, Austin, San Antonio, Beaumont, and Port Arthur.

A special feature of the program will be a "Sunday School Training Banquet," limited to 600 people who have completed at least twelve Sunday School study course books.

**Classwork Finished By 1,500 Soldiers**

SAN ANTONIO, March 12.—More than 1,500 officers and soldiers have completed WPA adult education courses in Texas army camps since the inception of this phase of the educational program, it was reported today by Carl W. Huser.

Ranging from elementary courses to college level work, the adult education program is conducted on military posts at the request of commanding officers, Huser stated. Courses are planned in accordance with the educational requirements of those registering for study, it was explained.

Currently enrolled in WPA-conducted classes at Texas army posts are 676 officers and men. Additional classes have been requested by several post commanders and will be placed in operation soon, Huser said.

**UNIVERSITY OF TEXAS TO SPONSOR MINERAL RESEARCH SOON**

Urgent need for strategic war minerals has resulted in certification by the U. S. War Department of a \$220,579 grant from the WPA for a statewide survey of vital mineral resources in Texas, to be sponsored by the University of Texas Bureau of Economic Geology.

Minerals to be sought include manganese, barite, iron ores, tin, celestite, fluorite, high alumina clays, graphite, tungsten ores, lead and zinc ores, titanium ores, dolomite for magnesium, and mercury ores. The survey will be conducted by counties, about eight or twelve county units operating simultaneously, using an average of 12 WPA workers for each.

**THIS MAN BROOKFIELD ROLLS UP POINTS**

CANYON, March 10.—This man Price Brookfield, ace forward for West Texas State College, is the loudest disclaimer of the idea that the world's tallest team is a one-man outfit. He cites that every starter is a high scorer on the Border Conference championship team.

But Brookfield's record for his freshman year and his three years of varsity competition is something to send the experts to their archives. This season's schedule gave Brookfield 507 points in 30 games. In three varsity years he ran his total to 1393 points, having added 491 as a junior and 394 as a sophomore. As a freshman he made 256 points in a short schedule. Grand total: 1649 points in his college career.

**PCA'S Encourage Home Gardens**

HOUSTON, March 8.—Production Credit Associations are encouraging members to increase home gardening this year as one of the vital phases of war production efforts, according to President Virgil P. Lee of the Production Credit Corporation of Texas.

"The associations, which are farmer-stockmen owned cooperatives that provide credit service for every county in Texas, have always maintained that live-at-home programs are a fundamental principle of sound farm management," he said. "In this all-out war effort there are added incentives for producing and consuming food at home. Transportation and distribution facilities needed for military purposes will be released, families will be better nourished and home labor can be turned into cash savings."

The 36 associations in Texas have notified member-borrowers and other farmers and ranchmen in their respective territories that they are ready to take on additional business to aid in the national effort to attain Food for Victory goals, Lee said, pointing out that the associations all feel that home gardens are a basic part of the program.

**Yes, We Can't**

Seems as if sugar rationing when it comes, will be handled through our schools. Can't you visualize that little primary teacher telling the big strong president of the school board that he can't have any more sugar?

**"Hey, Joe!"**

... Wonder what we're worth on the hoof?"

Just in case Joe doesn't know, it cost his country \$211 to equip him. Multiply that by an army, and you have a tidy sum of money.

We ought to know. Over 2,400,000 Joes could be completely outfitted with the \$510,000,000 which America's electric power companies paid in taxes last year.

That's considerably more than a million dollars a day!

We're glad our stake in Democracy is so large. The freedom America's fighting for is worth whatever it costs.

Even though our taxes have been going up, our rates have been going down. Today, the average household electric user gets about twice as much electricity for his money as he did 15 years ago.

This record is directly due to the careful planning of the business men who manage the nation's electric companies.

They were prepared when the war emergency came. Prepared to power shipyards, arsenals and plane plants.

And they'll stay right on the job of making America POWERFUL until a couple of million Joes go back to civilian clothes again!

## Brice Lad Turns Cheek to Movie Star As Kisses Passed Out to Soldier Boys

Are some of the army boys starting a new kissing technique, or was it just a case of modesty? At any rate Starlet Marilyn, movie star, found one army youth who believes in turning his cheek when being attacked by lipstick.

The youth in question is none other than J. W. Hatley, son of Mr. and Mrs. John Hatley of Brice, who is now in California, training with Uncle Sam's armed forces.

The incident of the "kissing bee" took place recently when Starlet Marilyn donated kisses to the soldier boys, who more or less probably welcomed the occasion. The cameraman knew his stuff, too, for catching the unusual; and so the picture found its way into the March 2nd issue of Life Magazine. In the lower left hand corner on page 83 may be seen our hero offering his cheek to the best of his ability.

In writing to his parents a few days ago, J. W. confesses that he is the lad who is breaking an army precedent. Cheek kissing is an old, old custom, discarded when the automobile made its debut at the turn of the century. But now that cars seem to be heading to a stalmate, at least for the "duration", maybe J. W. has something!

But doggonit, J. W., let's not over do the thing! A gradual change will hurt a lot less, and besides, how do you know you can't face a 'blitz' of rouge and lipstick? Or do you!

### LAKEVIEW EAGLES LOSE FIRST GO STATE FINALS

As far as the Lakeview Eagles are concerned the State Basketball Tournament ended for them at Austin last Thursday afternoon in their first try of the tournament. The boys from Lakeview staged a last minute rally but it was not enough and they lost a close game to an Elkhart quintet, 36 to 32.

The Eagles led at half time 20-18, but a third period spurt by the Elkhart boys shoved the Eagles behind. The Eagles then attempted a late rally that fell victim of a stalling game executed by Elkhart.

Lakeview's speedy Scott accounted for 21 of his team's 32 points, but the lead that Elkhart piled up during the third period spelled the difference between victory and defeat.

Boys playing for Lakeview were Davis, Merrill, Bounds, Gibson, Scott and Johnson.

### ELECTRIC APPLIANCES MAY BE RATIONED

Factories that once hummed busy as a bee turning out electric appliances today are roaring like a lion following conversion to the manufacture of war materials. Hence, the West Texas Utilities foresees a time when rationing will be applied to all appliances, in addition to refrigerators—a day when floor sweepers, irons and similar items will become as hard to get as a new tire or a hundred pounds of sugar.

So the company is advising that you "be good to your electric appliances and they'll be good to you."

Refrigerators, it was pointed out, are vital to the conservation and protection of food and, therefore, steps should be taken to keep them in good repair and to prevent unnecessary deterioration. Most all appliances, it was said, are important in maintaining civilian morale, performing many household tasks and allowing more time for war efforts.

Special care was urged for all appliance parts and cords for lamps in which rubber or copper is used.
