## TEXAS LAWMAKERS TAKE LEAD LEGISLATING AGAINST STRIKES

### STRIKES IN MANY KEY DEFENSE LOCATIONS MOST ALARMING

Cong. Gene Worley informed the national Congress in Washington Wednesday that he did not think John L. Lewis, president of the CIO, represented the rank and file of patriotic American labor. Mr. Worley followed his talk with the introduction of a bill similar to that introduced by Senator Connally in the Senate Monday.

Worley is a member of the House Labor Committee, and made a plea that "the government by legislation prevent the destruction of labor through the mercenary actions of some of its leaders. Whatever the intentions of Mr. Lewis, at this particular moment, he is neither serving labor as its alleged leader, neither is he serving his country to which he owes his allegiance."

of the defense plants are on strike today, or have a scheduled strike. This does not include the proposed railroad strike over the nation at this time.

#### O'Daniel Protests

Sen. W. Lee O'Daniel, an avowed foe since he went to Washington as Senator, against "dictatorial bureaus" controlled by "wild-eyed labor leader racketeers" who were putting thousands of small businesses and millions of laborers out of worthy defense efforts, and the right of labor to earn an honest livelihood.

"We ought to stop men beating others over the head with clubs when they go down to the factory to go to work, when the only offense the victim has committed is simply that he did not belong under the banner of a labor racketeer," the Senator stated.

"The federal bureaus which administer priorities and price-fixing are estimated to drive out of business enough people to cause millions to lose jobs. The labor leader racketeers are closing many factories and throwing thousands of other honest laboring people out of jobs."

O'Daniel said that some citizens were afraid to protest because they might be branded as unpatriotic. He said that he had "proven" his own support of the administration's foreign policy, "but our domestic policy is another matter."

The Senator is definitely of the opinion that Congress was certain to pass a regulatory law to protect labor against a racket. He has already introduced a bill similar to that he sponsored and had passed in the Texas legislature while he was governor.

### Luper Escapes Claude Jail

Allowed the liberty of the "run-around" in the Claude jail because "he ain't done nothin' much" caused Robert C. Luper to throw a loop for Sheriff Ray Burton about 10:30 Tuesday night.

Luper "has went" and Burton wonders why and how it all happened. It is reported that Luper kicked a hole through the wall while in a fit of nightmare. Another party says he went through the bars.

Luper was being held for a number of rural house burglaries in Armstrong, Donley and Carson counties. He allegedly signed a confession after being picked up by officers at Pampa, as related in your Donley County Leader last week. Sheriff Guy Wright has a signed confession in his possession since the Hardin and Dale homes were involved in the daring exploits of daylight robberies, in which Wright retrieved the loot mostly from Albuquerque last week.

#### COOK'S MOTHER DIES TUESDAY AFTERNOON

Friends of the family will be grieved to learn of the death of the mother of Mr. Fred Cook, manager of the gas company here. Mrs. Phillip Cook resided with her husband at Bayside, Texas, on the coast.

#### ANNOUNCEMENT

The Baptist Church is packing a box for Buckner's Orphanage at Dallas, Monday. The box is to be filled with canned foods, jellies and cookies of all kinds. Anyone wishing to donate to a very worthy cause is asked to have any of the above mentioned at the church Monday afternoon, from 2 until 5 p. m.

#### VISIT IN McLEAN

Mr. and Mrs. Walter Smith, their daughter, Grace, and Billie Nell Warren attended the ball game at McLean, and also visited in the home of relatives of the Smiths, there Friday night, returning home Saturday.

#### CITY MARSHALL DEER HUNTING

There is breathless anticipation in awaiting the report of city Marshall R. T. Brown. He and his son-in-law, L. N. Snoddy, left Sunday to hunt deer in Sterling and Kimball counties.

#### VESTAL MOSLEY IN TEMPLE HOSPITAL

Vestal Mosley who has been in failing health for some time, took a turn for the worse Wednesday, and Sunday was taken to Scott & White Sanitarium in Temple for examination to determine, if possible, the cause of his illness. He was accompanied by Mrs. Mosley and his sister, Mrs. Ruby Bromley.

#### FROM CALIFORNIA

Roy Tepner, brother-in-law of Mrs. Henry Williams and a resident of Naphtha, California, visited Mr. and Mrs. Williams Tuesday. He was accompanied by his son Henry Tepner of Pampa.

### Fathers-Sons Program

The program committee for the Father-Son annual banquet to be held in the basement of the Christian church at 7:30 next Tuesday evening, have completed the program for that occasion. The copy given your Donley County Leader is as follows:

"America"  
Invocation—Frank J. Hutchins, M. A.

Dinner.  
Special Music.  
Son's Address—Tommy Goodner.

Father's Response—W. H. Patrick.  
Special Music—Billy Jack and G. D. Shelley.

Introduction of Speaker—H. T. Burton.  
Main Address—Fancher Upshaw of Amarillo.

Announcements.  
Election of Officers.  
"God Bless America".

Benediction.  
Special music by Hugh Harmon's orchestra.

#### RURAL WRITERS TO BE DAY EARLIER

Due to the fact that next Thursday, the 27th, is Thanksgiving Day and a national holiday, your Donley County Leader will be out a day earlier. Our rural news writers will please get their news in a day earlier.

Advertisers will greatly oblige by getting their copy ready a day earlier.

All places of business in Clarendon are expected to close for the day, a few of them a part of the day, the Leader was informed today.

#### GONE TO DALLAS

Mr. and Mrs. Cal Merchant and son Ira of Amarillo left Wednesday (today) for Dallas where Mr. Merchant will go through the clinic there.

#### MIAMI PUBLISHERS HERE SUNDAY

Mr. and Mrs. Bob Haynes, publishers of the Miami Chief, were guests in the J. E. Humphrey home Sunday. They brought Mrs. Sam Hedgecocke down, she being a sister of Mrs. Humphrey. Mrs. Hedgecocke lives at Corpus Christi, but resided in the Panhandle some fifty years.

#### VETERAN'S BROTHER DIES AT ELECTRA

Joseph C. McCracken, 94, last surviving Confederate veteran of that county, and a brother of F. R. McCracken of Alanreed, passed away Tuesday. He was a member of Bolen's regiment under command of Captain Graham, going from Montague county in 1864 at the age of sixteen.

The two brothers, whose natal day was September 17th, got together for a birthday celebration annually. The brother at Alanreed is aged 92, has been a resident of Donley county some forty years.

### Quattlebaum Is Returned To Pastorate

The annual conference of Northwest Texas Methodists closed at Big Springs Sunday.

Rev. J. O. Quattlebaum Jr. is returned to pastor the Clarendon church. This fact will be most pleasing to the many friends of the minister and his family. His ministry here has been most successful, and his personal popularity among the masses exceeded by no other pastor serving the Methodist church of Clarendon.

Rev. G. T. Palmer is again returned as superintendent due to his excellent service to his church.

Other appointments by Bishop Ivan Lee Holt:

Alanreed-Heald, Alton Vaught; Briscoe-Allison, E. L. Naugle; Clarendon, J. O. Quattlebaum; Clarendon Circuit, Vernon Willard; Dodson Circuit, W. B. Gilliam; Hedley, C. R. Lamond.

Lakeview Circuit, O. F. Storey; Lefors, G. E. Tyson; McLean, R. S. Watkins; Memphis, E. L. Yeatts; Mobeetie, G. W. McClain; Pampa First Church, E. B. Bowen; McCullough, R. L. Gilpin; Harrah, Newton Starnes.

Quitaque, U. S. Sherrill; Shamrock, A. C. Haynes; Shamrock Circuit, M. G. Brotherton; Turkey, Hamilton Wright; Wellington, J. E. Kirby; Wellington Circuit, H. R. Bennett; Wheeler, W. W. Cook; missionary secretary, W. W. Cook; director evangelism, district superintendent.

#### DRUNKS ROUNDED UP OVER SUNDAY

It was late Saturday night that Sheriff Guy Wright and deputy Truett Behrens rounded up four transient whites imbibing too freely. They landed in the cooler until arrangements could be made for fines or bonds before Judge Weatherly.

Sunday night, highway patrolmen Snodgrass and Gardner came upon a drunken party of four men and a woman of color east of town. They had taken precaution to pull off the pavement to celebrate.

The five were lodged in jail until taken before Judge R. C. Weatherly early Monday. One gave Amarillo as his home. The others were from Memphis, they stated.

### Program Next Wednesday

The annual town-wide Thanksgiving program will be presented at the First Presbyterian church Nov. 26th, to which the public has a cordial invitation.

The sermon will be by Rev. Frank H. Hutchins, M. A., rector of St. John's Episcopal church here.

Other ministers and leading members will sit with the speaker and take some part in the observance.

The choral group of the McDowell Club has been in rehearsal some time for this occasion. This Club will have charge of the music.

Songs by the MacDowell singers: "Prayer of Thanksgiving," "Now Thank We All Our God." The program will begin promptly at 7:30.

The offering will be given toward aiding the school lunch room.

#### CARAWAY IS MADE COMMANDER

At a meeting of the 18th District American Legion at Dalhart Sunday, F. E. Caraway was made commander of the Fourth zone. This zone includes Posts here, at McLean, Shamrock, Wheeler, Wellington, Memphis, Hedley and Claude.

Others from here to attend were Mrs. F. E. Caraway, Tom Tucker and Dick Chunn.

Mr. Caraway succeeds Joe Holland as zone commander.

#### TO MINERAL WELLS

Disgusted with the results of the duck season, and not unmindful of the results from the deer season of last year, Fred Buntin has just gone jelly bent. He is down at Mineral Wells for an indefinite contact with the bathing facilities of that popular resort.

#### METEOR FALLS ON HUTCHINSON RANCH

Rattlesnakes and meteors are twin perils on the ranch of Dr. R. A. Duncan of Amarillo, located in Hutchinson county, northwest of White Deer.

Buck Moore, ranch foreman, was riding over the ranch Saturday afternoon. He thought he heard an airplane falling. Moore glanced up, saw a huge ball of fire shooting toward him.

A second later a mass of flames smashed into the ground 40 feet from Moore and dug a pit. The mass apparently was a small meteor.

Dr. Duncan, the ranch owner, went out to look the thing over Sunday afternoon. Warned that the section was swarming with rattlesnakes, he took several rifles and pistols with him, killed 45 snakes by shooting from his car. Ranchers had killed 35 the preceding day. The pasture was formerly a prairie dog village and the snakes had apparently "holed up" for the winter.

#### DEER HUNTING DOWN SOUTH

Apparently thinking it was nobody's business but theirs, Coley Huffman and Charley Ballew "snuck out" of town the last of the week bound for some deer territory in the south central part of the state. Warned against Gillespie county where Coley has produced a number of failures, they will no doubt get over in Kimball and other counties where they have to fight the deer off with clubs in order to back them out of barrel range for a shot.

Anyhow, the Leader editor has been promised a batch of venison, and awaits the return of the pair of expert marksmen with jubilation.

#### HOMEMAKERS MEET IN AMARILLO

Miss Juanita Bingham represented the local high school chapter of Future Homemakers in a district meeting at Amarillo Saturday in which representatives of schools from thirty-five counties took a part in an educational program.

### Auto Title Law Causes Stir

Do you expect to operate your car after January 1st next? Do you expect to get another car license next year? Well if you do, now is the time to make sure that you really own your car under the Title Act of the last Legislature.

Conferring with sheriff and tax collector Guy Wright relative to the matter, Mr. Wright wished to show every courtesy to the public possible. He made the following explanation:

"The Certificate of Title Act which is now in effect requires that all Cars or Motor Vehicles which were purchased new since January 1, 1936, no matter who the present owner is, must have a Certificate of Title in order to register the car for the 1942 Registration year, or to be legally operated on the Highways after January 1, 1942. Titles must be obtained before January, 1942.

All Cars or Motor Vehicles which have been sold or transferred since October 1, 1939, no matter as to the year or model, must have Certificate."

Applications should be made through your local Tax Collector accompanied by your 1939 License Receipt. Fee for Certificate of Title is fifty cents.

### Lady 94 Years Old Visits Brother

Having spent the summer with a granddaughter at Raton, Mrs. Hulda Crone stopped here Sunday to visit with her brother, J. F. Cannon. Mrs. Crone is 94 years old. She is active and enjoys seeing the relatives and of going places of interest.

She has spent the greater part of those 94 years near Grand Saline to which place she was enroute for the winter when she stopped here.

Mr. Cannon, the brother of Mrs. Crone, is 87 years young and active as a man twenty years younger.

Other relatives spending the day with Mr. Cannon were Mr. and Mrs. Sam Cannon, and Mr. and Mrs. Joe Cannon of Vernon, and Mrs. Hulda Wilson, a daughter, of Memphis.

Clarendon F.F.A. youths added two new herdsires to their already imposing group herdsires this week with purchases of Chester white and Berkshire boars. The chester white boar is sired by the world champion Chester White Boar "Star King," the boar that sired the grand champion barrow at the last two state fairs of Texas, the last two American Royal Shows, and the last International Livestock Show. Two littermates of the chester boar have been recently shipped to California for service there.

The Berkshire boar is a littermate to the champion Berkshire barrow at the Texas and Oklahoma State Fairs and is sired by the champion barrow of the 1940 Oklahoma State Fair.

The boars cost the club boys \$120 and \$125 respectively which cost is being met through cash prizes won by the local F.F.A. Chapter in swine production work with a certain amount of aid from the Clarendon Lions Club. The boys realized that the investment on the boars was high but they intend to carry the work on the same high standard in these breeds as in the Hampshire, Duroc, and Poland breeds where they have secured world championship bloodlines from stock furnished by Ballew's Hampshire Farm, Bagby and Mayfield's Duroc Farms, and Carl Morris' and Tierra Blanca Poland herds.

The boars will be open for service to the public and the service fee will be \$3 payable in advance, and ten cents per day for caring for sow if left over one day. The chapter's Duroc, Poland China, Berkshire, and Chester white boars will each be stationed at the herdsire pens.

#### BAPTIST SERVICES NEXT SUNDAY

Without a pastor at present, Rev. A. F. Loftin of Estelline will supply the pulpit sermon at the First Baptist church Sunday, the 23rd, at both morning and evening services.

### Husband Killed In Collision

Tragedy came into the life of a well known lady born and reared here when Hubert L. Campbell, husband of the former Dorothy White, met instant death while attempting to cross a railroad tract in Victorville early Tuesday afternoon. He died instantly and his car was demolished as the train going some 90 miles an hour struck his car.

Mr. and Mrs. F. A. White, parents of the bereaved wife, left for the Los Angeles suburban home of their daughter Tuesday night by rail.

Mr. Campbell, who has visited here a number of times, had been branch manager of the Bank of America in Victorville for some fifteen years.

Funeral services were held in Long Beach this afternoon.

### Two Families In Reunion

Two well known pioneer families gather here today in observance of Thanksgiving and reunion, the affair being planned as a surprise for those residing here.

Dr. and Mrs. Oscar L. Jenkins and daughter, Margaret Ann, of Dallas are here. All members of the Jenkins family will be present.

All members of the Bourland family will be present. The gathering will be at the home of Miss Annie Bourland.

The entire affair came as a surprise last night when the intentions of relatives became known with the arrival of the Dallas relatives. Those residing here had not been informed of such a reunion. Surprise? Most assuredly!

### Yule Lighting Prizes Again

Perpetuating an annual custom, the reporter for the Christmas lighting display committee announces that awards will be given for winners of the residential district between December 20-25th. The award last season went to Claude C. Smith.

The business district will be judged between 10th and 15th of December. The Bryan Clothing company has won the awards the past two seasons.

Plans are made to have the Christmas lights on the streets by December 8th.

#### FROM ARKANSAW

Mr. and Mrs. Perry Alden and daughter of Bentonville, Ark. visited their daughter and sister, Mr. and Mrs. Guy Wright and children here last week.

### Celebrates 59th Anniversary

Celebrating their 59th wedding anniversary Sunday were Mr. and Mrs. W. T. Lowe, one of Donley county's most loveable couples, at the home of their son, Sam Lowe.

Several of their children were present, and others sent greetings. Mr. and Mrs. Joe Yarbary and Mr. and Mrs. Benton Moreman of Groom came over to add to the felicitations.

A number of local friends extended the courtesies of best wishes.

#### HEDLEY EX-SENIOR BANQUET 28TH

Former students and graduates of the Hedley high school will hold their annual banquet this time at the club house at Lake McClellan five miles northeast of Jericho, Friday, November 28th, at 8:30 p. m.

Music and eats will be provided by the management. The plate charge will be seventy-five cents. All ex-seniors are urged to attend.

#### FOOTBALL TICKETS RATED HIGH

In case you do not already have your football tickets for the A&M and State game at College Station Thanksgiving, you are out of luck. Tickets being resold are going at \$15 to \$35, an ex A&M student stated Wednesday.

Among those likely to see the game are "Flip" Breedlove, Bert Smith, Cap B. Morris and perhaps several others. It is said they purchased tickets early at the regular price.

#### WASHINGTON SLOW TO GRASP REAL SITUATION

Unless the world is due to plunge into a repetition of the dark ages and a lapse of authentic history, some one, someday, is going to pen bitter notes concerning Administration and Congressional leadership, during the present American crisis.

Neither the Administration nor the Congress seems able to realize that in this national emergency, there is room for no political favors, as usual, to pressure groups.

In the price control legislation, as well as in the need to control wild cat strikes, there is no disposition to serve the country and let the chips fall where they will.

Any price control bill will be a vicious, discriminating measure, unless it contains a ceiling on wages, farm prices, rents, foods and all of the necessities of life.

Unless wages are stabilized, pressure groups will continue to skyrocket them, by strikes against defense production. Unless farm and all food commodities are stabilized, food manipulation and actual buying demand will send these prices forward by leaps and bounds.

Result will be terrific increase in living costs, with no one, other than highly skilled workmen and farm commodity raisers, in position to meet it.

Countless thousands of clerical workers, salesmen and clerks,

small independent business men and others will be caught between the grinding stones of constantly increasing cost and non-increasing revenue. Into this maw also will fall those, who are forced from employment by changeovers in non-defense to defense industries and workmen from shops, forced to curtail output for lack of materials.

Such vicious arrangement is sure to force countless thousands upon relief rolls and once more add relief to the burden of taxation.

President Roosevelt himself is author of the thought that political liberty without economic freedom, is a barren thing.

The time is here when he must draw stabilization laws that demand a fair and equitable sacrifice from all of us or sell into economic slavery a vast portion of our people, by leaving loopholes for others to pile up wartime profits, simply because they are members of pressure groups.

Moreover adequate stabilization is protection even for the groups involved for \$2.00 wheat and \$100.00 cattle simply means high priced production cost to the farmer and certain ruin, if he emerges from a brief period of such operation to find bread lines and no purchasing power at any price, for his products, after it is over.

Nor does anything but chaos and ruin await the laborer, who

works for wartime, inflated wages for a brief period, only to emerge into a time when factory chimneys no longer smoke and there is no work for him, at any wage.

The black years of the past depression taught us that none of us could live profitably, at the expense of the rest of us and that any condition that sapped the buying power of the great mass of people, meant ruin to all groups.

Unless the Administration and the Congress can find backbone enough to draw laws to protect all people regardless of class or membership in pressure group, we are at the point where democracy at home, may be more important than democracy abroad.—Bill Rutherford, Editor Moore County News.

#### Window Unit Precludes Dust

WACO, Texas, Nov. 20.—A new completely assembled window unit designed especially for low-cost, small homes is announced by IDEAL Company, of Waco, largest soft woodwork manufacturing establishment in the South. The name chosen for this new building product is "IDEAL ALL-WEATHER Window Unit." This name was selected because the entire unit was designed to give adequate protection against all weather hazards during all seasons of the year.

Created in the Products Designing Department of the great IDEAL Factory, pre-tested under various severe conditions, and offered to the public for the first time this spring, the new IDEAL ALL-Weather Window Unit is creating a sensation wherever it is shown.

This window unit is precision-manufactured and completely assembled at the factory. It includes frame, sash, glass, weatherstrip, and sash balances. The sash and sills are wood preservatives treated by the "IDEAL METHOD" for longer life and more satisfactory service. The exclusive type of spring-bronze weatherstrip is extremely efficient. Scientific tests have proved it to be on a par with the highly efficient weatherstrip of the IDEAL Lock-Joint Window and the IDEAL Casement Window. This weather-tight construction gives a definite saving in winter heating cost and assures added protection against the infiltration of dust.

These windows give to low-cost, small homes an added element of true architectural beauty and lasting window satisfaction not heretofore available in inexpensive windows. It is available in single, twin, triple, or any multiple number of windows in the unit and may be had, when desired, with pre-fit, preservative treated IDEAL screens. All horizontally divided glass is bedded in bedding compound by the "IDEAL METHOD" before the application of putty for extra tightness and service.

The U. S. has served notice of suit on ex-gang chief Al Capone for \$119,367 back taxes on beer made in his prohibition breweries. Capone lives at Miami Beach, Fla.

**THAT TEA PARTY.**

Tea parties have been associated with big events all the way back into history. The English will recall our own Boston tea

party in which they got the worst of it. Now the Ark Royal, one of their largest airplane carriers, was dumped to the bottom of the Mediterranean. The report from the commanding officer: "I was having a cup of tea and some toast in the Ark Royal's ward room with guests and torpedo officer Capt. L. E. H. Maund when the lights went out and the Ark's bulk seemed to shudder." Sounds comical, doesn't it.

**TOUGH SLEDDING.**

The real estate men are kicking about the way California is humping up around Los Angeles and surrounding territory, shat-

tering buildings and breaking bar room glassware. In fact the quakes have changed most anything except the climate. The fog continues to hang on.

Cong. Gene Worley refused to vote for the shooting war by repealing the neutrality law. In other words, Gene may think America should not beat England into the war, especially when England declared war some two years ago, and has done very little about it since.

**Home Economics**

The Area I Homemaking students met in Amarillo on November 15, 1941. This was a long awaited experience and 1500 girls and sponsors attended from 68 schools.

The morning program called "Wings Over America" left a spirit of patriotism with everyone. The idea carried out was an airplane flying over different countries of the Western Hemisphere. The outstanding custom of each country visited was given by schools in this area. The Phillips chapter had charge of the program, and gave a typical demonstration of South America. Then, in turn, Spearman gave Mexico; Canyon carried out the life in Hawaii with a hula dance.

The Childress boys homemaking chapter gave an idea of Alaska. Life in Porto Rico was explained by real Porto Ricans.

Immediately after lunch a house of delegates meeting was held consisting of the area officers, a delegate from each school, and the nominees for area officers next year. The purpose of this meeting was to elect new officers. Clarendon feels very honored at having an area officer again next year. The officers chosen at this meeting were:

President—Nancy Jane Ripple, Phillips.

Vice-President—Maxine Harp, Abernathy.

Recording Secretary—Edith Moss, Groom.

Corresponding Secretary—Marilyn Bartlett, Clarendon.

Reporter—Colleen O'Grady, Pampa.

Treasurer—Lora McGowan, Paducah.

Each school submitted an idea for an area song for next year. "Home on the Range" was the one that seemed most agreeable to the group, and was made the area song for next year.

Everyone was thrilled at seeing a real style show with real models. This was the main event of the afternoon. The ensembles modeled were furnished by White & Kirk, Gordons, and other leading stores in Amarillo. Between models to add interest, was a variety of musical selections. After witnessing a baton twirling number by Betty Ann Craft, the Clarendon chapter felt that they really had talent to be proud of in their club. It seems that twirling two batons at once is no easy job, but she did just that along with other very difficult stunts.

Amarillo climaxed the day with a tea in the school cafeteria.

**ASHTOLA**

Mrs. W. B. Miller

Mr. and Mrs. Ed Dewey spent Monday in Amarillo.

Miss Charlene Knox spent the week end with Miss Carolyn Crain at Goodnight.

Mrs. Sam Allen and children from Amarillo are spending this week in the home of Mr. and Mrs. A. L. Allen.

Ashtola school was suspended Friday for an indefinite period on account of cotton gathering.

Mr. and Mrs. Garland Clemons returned to their home at Duke, Okla. Saturday. They were accompanied by Mr. Clemons' mother who had spent the past several weeks here with them.

Miss Betty Fern Higdon from Goldston community spent the week end with Mr. and Mrs. Eulan Higdon.

Miss D. Miller from Amarillo spent the week end in the home of her parents, Mr. and Mrs. W. B. Miller.

Mr. and Mrs. Otis Naylor and son Robert from Sunnyview community spent Sunday in the home of Mr. and Mrs. H. S. Mahaffey.

Mr. and Mrs. Guy Kuykendall and family, former residents of Ashtola, have recently moved back to the community.

**DR. JENKINS MAKES STATEMENT**

Due to age and some of its handicaps I have, after due deliberation, decided that it would serve the best interests of my friends, as well as mine, that I limit my activities; and such I plan to do. With that in view I have procured a young man who can and will render to you far better service than I ever did or could. Hence it is with pleasure I present M. E. Borsook, M. D., an affable christian gentleman. He is a graduate of the Medical Department of the University of Toronto, Canada. That is one of the three best medical schools in the world; and in which he took the full six years course. He then spent two years in one of New York's larger hospitals. The first year as rotating interne; that means he served in its every department, medicine, surgery, obstetrics, diseases of women and children and skin. The second year as resident surgeon. Since that time he has been in active general practice in South Dakota, where he was chief surgeon in a standard hospital. Therefore I, very frankly, say to you, my friends: he is a real physician in its fullest sense, and as such I commend him to you.

I also want to take this opportunity to thank my friends for their many kindnesses, courtesies and the confidence shown me during my thirty one years in Clarendon. To many of you I owe a debt of gratitude I can never repay; but to you may I say: I shall continue, as long as I live, to endeavor, as best I can, to liquidate that debt.

**THE SQUARE DANCE**

The square dance is as native to America as Plymouth Rock. Fortunately, it is coming back; people in cities as well as in country communities are rediscovering it. Nothing so robust, so colorful, so much real fun, could ever die out; it has simply been obscured for a time by amusements that never actually satisfied. The country dance banished the loneliness of the frontier for our forefathers and their children. It taught them etiquette and gave them poise and bearing. It can do something just as important for us. The relaxation, the jollity, the friendliness of the square dance is something that America especially needs right now—Henry Ford.

Fertilizer sales in Texas for the 1940-41 season totaled 115,850 tons as against 107,950 tons for the previous year. The increase was distributed largely over the north-eastern part of the state.

## Wedding Date of Miss Noland and Mr. Lewis Is Announced

Announcement of the forthcoming marriage of Miss Vera Noland, daughter of Mr. and Mrs. Eugene Homer Noland, and granddaughter of the late Mr. and Mrs. D. L. McClellan, pioneer settlers of the Panhandle, to William Jenks Lewis, Jr., son of Mr. and Mrs. W. J. Lewis of Clarendon and Dallas, was made at a tea given by the bride-elect's mother and sister, Mrs. Robert W. Boston, of Vernon, from 3 until 5 o'clock Saturday afternoon at the home of Mrs. U. J. Boston in Clarendon.

The wedding will take place at high noon Dec. 6 at St. John's Episcopal Church in Clarendon. The bride's only attendant will be her sister, Mrs. Robert W. Boston, who will serve as matron of honor. Serving as best man will be Mr. Lawrence C. Neece of Pampa, and the ushers will be Lu McClellan, Jr., of Clarendon, cousin of the bride, Robert W. Boston of Vernon, Tom Slick of San Antonio, and William Gibbons of Houston.

Names of the betrothed couple and their wedding date were inscribed on a tag tied with white tulle to a large white moire covered wedding ring box, which centered the lace covered table and contained a wedding ring made of small white flowers. Rings of the same blossoms encircled silver candelabra in which burned white tapers, carrying out the bride-elect's chosen colors of white and silver. On the buffet, as a background for the tea table, was a bouquet of white rosebuds, and white rose and mums were used throughout the guest rooms.

In the receiving line were Mrs. E. H. Noland, Mrs. Robert W. Boston, Mrs. W. J. Lewis and the honoree.

Miss Berkeley Ryan poured tea the first hour, and Miss Laverne McMurry the second hour.

Other members of the house party were Mrs. Claude Moore of Memphis, Mrs. Ralph Randall of Panhandle, Mrs. Lloyd Benson and Mrs. John McClellan of Clarendon.

Miss Noland is a granddaughter of Mr. and Mrs. T. J. Noland, pioneer merchant family of Clarendon.

A series of pre-nuptial courtesies will honor Miss Noland.

Hattie Palmer and son James Wesley visited her brother, Mr. and Mrs. Hal Riley in Amarillo the past week end.

## PEP SQUAD LEADERS ENTERTAIN FOOTBALL BOYS AND COACHES

Misses Neta Jane Cornell, June Miller and Lou Alice Adams entertained the football players, coaches and managers Wednesday night.

They were first taken to Pastime Theatre where they enjoyed "Honky Tonk" and then refreshments were served at the Norwood Pharmacy. Place cards were goal posts with each player's name in maroon. Candy pumpkins were used as favors. The booths were decorated with maroon and white banners and streamers. The salad and sandwiches were maroon and white.

There were 34 present, including the three hostesses.

## MISS VERA NOLAND AND WILLIAM LEWIS ARE COMPLIMENTED

Mr. and Mrs. H. M. Breedlove honored Miss Vera Noland and William Lewis whose marriage will take place Dec. 6, with a dinner-bridge party Tuesday evening at their home.

The dinner was served buffet style, with the table center-piece of a miniature bride and groom at the altar, made of white chrysanthemums. The entertaining rooms were decorated throughout with fall flowers.

At the close of the games a gift was presented the honorees. Bridge prizes went to Mrs. W. W. Noblet, high for ladies, John Knorpp high for men; Laverne McMurry 2nd high for ladies, Johnnie Blocker 2nd high for men.

Guests: Honorees, Miss Vera Noland, William Lewis, and Messrs. and Mmes W. W. Noblet, Geo. Norwood, Walter Knorpp, Clyde Slavin, John Knorpp, Carroll Knorpp, Kelly Chamberlain, Alfred McMurry, Simmons Powell, John McClellan, Johnnie Blocker, Misses Laverne McMurry, Nettie Sims, Pat Slavin and the hosts, Mr. and Mrs. H. M. Breedlove.

**GARDEN CLUB**  
The Garden Club met Nov. 1st at the home of Mrs. J. L. McMurry, with Mrs. C. T. McMurry and Miss La Verne McMurry assisting the hostess.

Open house was held for the club to enjoy the beauty of the newly decorated house. The lovely and specious home was like "Home Beautiful" magazine in reality.

The entertaining rooms were decorated with white chrysanthemums, english ivy and a lovely aquiferium of roses.

The president, rs. Lee Holland,

presided over the business session. The program was in charge of Mrs. Joe Goldston. Since this is the last meeting of the year, she read the Garden Clubs letter to Santa Claus. Mrs. Mae Prewitt gave an educational discussion of Christmas decorations. In the absence of Dr. I. Q. Mrs. Sam Braswell with her able assistant Mrs. Lee Bell, conducted a quiz on the growth and propagation of the Poinsetta.

Delicious refreshments were served to twenty members and guests.

## WOMENS SOCIETY OF CHRISTIAN SERVICE

The Women's Society of Christian Service of the Methodist church met in business meetings in the homes Wednesday afternoon.

Circle One met in the home of Mrs. U. J. Boston.

Mrs. Lon Rundell had charge of the program. Mrs. R. Y. King read the devotional. Mrs. J. O. Quattlebaum sang a solo.

Refreshments were served to 20 members and 2 new members.

Circle Two met with Mrs. Chas. Lowry. Mrs. Clarence Whitlock gave the devotional and presided at the business meeting. Mrs. Lowry gave two articles on "Our Home Schools."

Refreshments were served to 7 members.

Circle Three met with Mrs. G. T. Palmer. Mrs. C. A. Burton gave the devotional and finished the mission study book. Mrs. Palmer presided at the business hour.

Refreshments were served to 9 members.

These Circles ask that anyone having old papers or magazines that they wish to give away to please call Mrs. Nathan Cox.

**BOOK CLUB HAS VARIED PROGRAM**  
The 1926 Book Club met Nov. 18 at the Clubroom with Mrs. J. R. Gillham and Mrs. Frank White Jr. as hostesses.

The president, Mrs. John Knorpp, gave a report of the State Federation meeting at Dallas. Mrs. Allen Bryan introduced Sara Beth Lowry who played a piano number. Miss Maurice Berry briefly reviewed the book "Born in Paradise" by Armine Von Tempski, and then showed films of scenes in Hawaii.

The hostesses served refreshments to five guests, Mmes. Barsook, Cantrell, Phelan, Warden and O. D. Lowry and nineteen members.

**GRANT-RUSSELL**  
Mrs. Edna Grant and O. Fred Russell were married in Lelia Lake Saturday night at the home of the Rev. Hitt, pastor of the Baptist church, Rev. Hitt officiating in a double ring ceremony.

The bridal couple was accompanied by Melba Bullard, sister of the bride, Louise and Cleo Russell, son and daughter of the bridegroom, and Mr. and Mrs. G. H. Hamil.

Following the ceremony, a reception was held at the home of the bride's mother, Mrs. W. A. Bullard in Lelia Lake.

The bride wore a powder blue dress with accessories to match.

They are making their home in Clarendon where Mr. Russell has been in the meat market business for a long number of years, being the senior partner in the Russell-Ayers firm.

**JUNIOR H. D. CLUB HAS DINNER PARTY**  
Members of this club honored their husbands with a dinner party at the clubroom Thursday evening, Nov. 13.

The fall motif was carried out in decorations of the room. The table center-piece was made of fruit and berries. The delicious chicken dinner was served buffet style.

After dinner games of 42 were played with high score prize going to Roy Blackman.

Those present were Messrs. and Mmes. Roy Blackman, Ralph Decker, Bill Larimer, B. B. Harris, U. Z. Patterson, Walter Flynt, Dexter Todd, L. L. Wallace, Clyde Wilson, Guy Wright, Mmes. Jennie Burch, Beth Oran, Hattie Palmer.

The next meeting will be Nov. 27 with Mozelle Wright and Beth Oran as hostesses.

**PATHFINDER CLUB**  
At the Pathfinder Club on Nov. 14th, Mrs. L. N. Cox reviewed Allis McKay's "They Came to a River."

This is a story of one of our last frontiers—the upper Columbia River in the apple growing district. It is important because it is one of the few books which portray this section of the great northwest.

Mesdames T. H. Ellis and W. H. Patrick, assisted by Mrs. Harold Bugbee, were hostesses to one guest, Mrs. J. F. Blocker, and the following members: Mesdames C. E. Bairfield, H. R. Beck, Fred Buntin, C. A. Burton, L. N. Cox, Ed Dishman, J. W. Evans, Ernest Hunt, Lee Holland, B. L. Jenkins, R. Y. King, J. L. McMurry, J. R. Porter, Oscar Thomas, A. T. Cole, Clyde Douglas, Eva Draffen and Misses Burlison and Mongole.

"SMILIN' THROUHG" with Jeanette MacDonald and Brian Aherne, showing at The Pastime Theatre November 22, 23, 24.

## 1930 NEEDLE CLUB

Met with Mrs. Bryan Armstrong Tuesday afternoon.

Fall flowers were used in room decorations.

During the business session, Mrs. Fred Russell was voted into the club. Conversation and needle work filled the remainder of the afternoon.

Refreshments were served to members. Mmes. Josie Peabody, Frances Hilliard, Glynn Kirby, Mabyn Andis, Ellen Bryan, Mozelle Wright, Nora Decker, Alice Bain, Ona Tatum and hostess, Nina Armstrong.

## MISSIONARY CIRCLES

**PERFUME FIXATIVES**  
Skunks and muskrats are now being "milked" of their offensive secretions to supply fixatives for the manufacture of perfumes, the American Chemical Society reports. Other standard fixatives, such as musk, civet, ambergris and castoreum, have been made scarce by war. Chemically treated, fixatives act like butter in a refrigerator, absorbing and blending the scents used in perfume.

**Tigers Defeat Bronchos 31-0**

The McLean Tigers defeated the Clarendon Bronchos last Friday night on Tiger field, 31 to 0. By virtue of their win the Tigers are still tied for second place in the district with the Shamrock Irishmen who had an easy time walloping Wheeler 33 to 0.

Although the score was lopsided, the game was no push-over for the Tigers. The Bronchos put up a stiff defensive game and on several occasions almost swept the McLean boys off their feet.

Clarendon staged several scoring threats but lacked the needed power to keep moving when the Tiger defense stiffened. The Clarendon boys made 13 first downs to 11 for the Tigers.

**BOY SCOUTS WILL MEET AT PAMPA**

Boy Scout Day for the Adobe Walls Council will be held in Pampa this year on November 27, it was announced this week by the Local Council office.

Last year, Scouts of the Adobe Walls Council participated in the Boy Scout Day at Canyon, at which West Texas State College was host to the Scouts from the Llano Estacado Council also. For 1941, however, the Activities committee of the Council felt that a full program for the day could be provided at Pampa, headquarters city of this area.

All registered Scouts, Scouters, Cubs and Cubbers of the 15 counties covered by the Adobe Walls area are to be guests for a full day of fun provided by Pampans.

THANKSGIVING PROCLAMATION

The Pilgrim Fathers, after bounteous crops in their new homes in 1608, issued a proclamation calling all inhabitants to meet and publicly give thanks to an All Wise Father, who had so wonderfully blessed their efforts as they settled in this new and untried land.

This was the beginning of Public Thanks Giving in America. This custom was continued by the early settlers each year, until this country became the UNITED STATES of America; then the first president of the United States, George Washington, in 1789, issued his first Thanksgiving proclamation, calling on all the people to meet and give thanks on the fourth Thursday in November.

In keeping with that honored and benevolent custom, and to remind the people of Clarendon, of the many blessings and privileges that we have enjoyed in the year just passed.

Therefore, I, Tom F. Connally, Mayor of Clarendon, do hereby call on our people in every walk of life, to give thanks for these privileges; and do, set aside, and designate Thursday, November 27th, 1941, as a day of Thanks Giving; and to prove our loyalty to our Country, to our neighbors and to God, that we are really thankful, let us make some contribution to those among us, who by reason of adverse circumstances, are not so well situated as we.

Given under my hand and seal of office, at the City Hall in Clarendon, Texas, this 17th day of November 1941.

Tom F. Connally, Mayor of Clarendon, Tex.

LOCAL DEFENSE BOARDS TO TAKE SCRAP DRIVE TO FARMS

The Department of Agriculture has announced that farmers throughout the country will be asked to sell their scrap metal for use in defense production.

Secretary of Agriculture Claude R. Wickard requested U. S. Department of Agriculture Defense Boards in each State to make plans for their States immediately and enlist the county defense boards in the effort.

Mr. Wickard pointed out that the Office of Production Management has been putting on a drive to increase the flow of scrap metal from the cities. OPM has now requested the aid of the Department of Agriculture in increasing the flow of scrap from the farms.

Threatened by shortages

"The national defense program is seriously threatened by actual and impending shortages of iron and steel scrap," Mr. Wickard said. "In addition, civilian shortages of steel including metal for farm implements and parts needed by farmers will be more severe if steel mills cannot be kept running at capacity. Farms have long been one of the most important sources of scrap metal. Therefore, it is a patriotic duty to see that the scrap be made available for use. As much as possible should be moved from farms now to avoid possible transportation difficulties later. The financial return to farmers for their old metal cannot be expected to be large, but the results will be important to farmers and to the whole defense effort."

Department agencies represented on the State and county defense boards are expected to give farmers all possible assistance and information, including estimates of prevailing prices for scrap in various parts of the country.

THANKSGIVING DAY, 1941

First, let us all give thanks That we dwell in a land at peace; Within our churches may we pray That wars abroad shall cease.

SIDE GLANCES ON TEXAS HISTORY

By Charles O. Hucker University of Texas Library

Of The Profits In Porch-Sitting

Many people always make for a new country because they feel it offers them the opportunity to make a quick fortune; and the swarming influx of settlers into Texas during the early days of its statehood, true to that generalization, seems to have resulted from such an impulse—hope animated by practical ambition and deeply colored with the attraction of the unbelievable.

In Texas, people seemed to think, all you needed in order to make your mark in the world was first of all a little capital, enough merely to buy a few cattle; secondly, a front porch and an easy chair to occupy while they multiplied out on the plains; and, lastly, a market for the tremendous herd you would soon possess. And the market, at least, did exist.

This sort of notion spread like wildfire through the United States during the 1850's and '60's, generated chiefly by travelers who could claim only a superficial acquaintance with the cattle business. John C. Reid of Alabama was one of these; and his analysis of the Texas cattle industry in his "Reid's Tramp" is one of the most startling bits of statistical information to be found in the Texas Collection of the University of Texas Library.

Cows at \$5 a Head

Reid passed through Texas in 1856 on his way to the Gadsden Purchase, where he was to establish a mining company. He traveled obliquely across the state, from Galveston to El Paso, noting as he went the peculiarities of the countryside, of the people, and of their occupations. He admired the people very much, coming ultimately to the conclusion that "no people ever exhibited more heroism, moral courage, sublimity, than the Texans in their war."

But as regards the cattle business, which particularly caught his fancy: Suppose you entered Texas with \$2,000, he began. With that capital you could buy a herd of 500 cows, for, he wrote, "an ample supply of grown cows may be obtained near, by judicious se-

lections, at not exceeding five dollars a head." Then you could hire a Mexican cowboy or "shepherd" for an annual salary of \$175 and wait confidently for your pot of gold.

Reid's Mathematics

"Five hundred cows," Reid figured, "will give annually one calf each; of these (calves) one in five will die, and the remainder belongs to the sexes equally." Thus after only one year you would have 900 head. At the end of the fourth year "there are 2,100 head, of which 700 are cows, 600 heifers, and 800 bulls"; and at the end of the seventh, 4,260 head.

"The grand heifers have by this time," he figured on, "arrived at the producing age, and now the increase is somewhat similar to arithmetical progression." Thus, if only you could hold out for twenty years or so, you'd find yourself ultimately with a herd of oh, so many thousands.

But should you wish to sell at the end of the seventh year, he pointed out, your fortune would have been made even then. For in any market, he claimed, you could sell your herd at \$7 a head for a total of \$29,820. That, even minus your cowhand's wages and your original investment plus interest, would leave you a profit of \$23,564. And \$23,564 is a pretty good profit from porch-sitting.

Chiropractic

FIBROUS TISSUE

The Radioclast Will Detect Tumors

Fibroma is the term applied to the nonmalignant tumors so frequently found. The most frequent location is the uterus, broad ligament, bladder, or skin. They are made up of connective tissue, many times growing very rapidly, other times, they remain in the body with little growth for years. Again one that has been almost dormant for years for no apparent reason begins a rapid growth. Pressure symptoms, fullness with general ill health are symptomatic. Any woman with a vaginal hemorrhage or bloody discharge between the menses should be examined for tumors or abrasions.

The Radioclast is the greatest device ever offered to patients for diagnosing and treating their ailments. It tells the patient six things:

- 1. What his trouble is.
2. Where it is located.
3. How bad it is.
4. Whether or not it can be remedied.
5. How long it will take to remedy his trouble.
6. What his diet should be.
7. What the expense of his treatment is apt to be.
The Radioclast is a diagnosis and treating instrument.

Builders of Southwestern Homes that Satisfy Since 1868

**"Texan" Home Is Inviting Your Inspection**

The model Cameron-Built "TEXAN" home at 400 Taylor Street will be open for public exhibition throughout the week beginning next Sunday, November 23rd, local manager of Wm. Cameron & Co., sponsor of the home, announced today.

There will be no admission charge, and the visiting hours will be as follows: Sunday, 1:30 p. m. to 8:30 p. m.; week days, 1:30 p. m. to 8:30 p. m.

Representatives of the sponsor of this modern, low-cost home will be on hand to escort visitors through the rooms, explaining all construction features and answering any questions the visitors might have.

This rather unusual home was designed by Cameron's Home Planning Department and was built by John M. Bass, contractor. Sub-contractors were the following: Ralph Decker, painting and paperhanging, and the Speed Bros. on the concrete work.

This model home has six rooms including living room, dining room, kitchen, two bedrooms, bathroom, hallway, and six closets.

One of the most important necessities in a modern home is plenty of built-in cabinets and wood-work specialties. The "TEXAN" is equipped with the nationally famous IDEAL Step-Saving Kitchen completely built-in. It also has IDEAL Built-In Medicine Cabinet, Ironing Board, China Cabinets and Mantel, IDEAL Windows, Doors, Windows and Door frames, Screen Doors, Window Screens, and Interior Woodwork Trim are used throughout.

The floors are of the first grade of oak. The roof is of the best quality red cedar shingles.

Minnesota Brand paints, enamels, and varnishes, selected and handled exclusively by Wm. Cameron & Co. because of their unusual suitability for the Southwest climatic conditions, were used throughout. Wallpaper consists of choice selections from among Cameron's "1941 Smash Hits." The foundation is guarded by approved metal termite shields to exclude termites and all other crawling insects.

"This is one of 36 Cameron-Built "TEXAN" model Homes throughout Texas which have been opened for public inspection," said Mr. Wyatt. "Government statistics show that about 80% of the adult population of the United States earn less than \$2,500 a year. Certainly these people cannot afford the more expensive homes which are being offered the buying public and, for this reason, Cameron is giving special attention to the building of small, high-quality homes containing a maximum of livability, comfort, and beauty to meet the need for low-priced, real-value homes."

Five Indiana Congressmen, led by Rep. Charles Halleck who nominated him last year, have repudiated the Republican leadership of interventionist Wendell Willkie.

After two men were arrested near the Coronado, Cal., residence of Naval Ensign John Roosevelt, his wife and 16-month old son, the Secret Service revealed it was guarding his home.

**Old Santa Hears Garden Club Wishes**

Dear Kris Kringle:

We Gardeners need help very badly.

For the past four years, the club has been studying how, when and where to plant shrubs, trees and flowers—and it's really a hard job. So Santa, since your mission is to care for needs of poor folks, show charity this year, won't you?

Bring us from your well-loaded pack just what we need to finish landscaping our yards. Our wants are few.

Rubye Bromley will take any kind of shrubs and flowers and could use steen loads of plant food. Mrs. Boston would like another flowering peach, since the one she has is planted in the wrong place. Mrs. Braswell knows all about poinsettias but needs a lot of ideas for her garden next year. Poor Marie Bell doesn't have time to order tulip bulbs, so please bring her a bushel or two to plant hither and yon, also a bubble bowl because she has one rose. Mrs. Brumley and Mrs. Chase want a few more hundred irises—those that flower two or three times a year. Mrs. Dawkins needs two more cape Jasmynes, the ones she has might freeze this year.

Nora Goldston only had five dozen dahlia tubers this year so put in a wide selection for next spring delivery. Pearl Goldston could use a dozen more Hemerocallis—you know, those high-priced ones. The Howze yard is rather large. She would like a cacti and rock garden, a rose garden and an out-door fire place. Eva Holland desires all kinds of evergreens and a smaller back yard. The Misses Harned want a more dependable and stronger yard man. Odell Hoy needs enough plants to fill her greenhouse, any variety that will produce hundreds of flowers for cutting and bales of peat moss. The freezes and insects have destroyed Mrs. Lea's red mallow and tamarix—please replace them for her.

Mrs. McDowell would like all the new creations in chrysanthemums that will withstand cold weather, so she won't have to snitch any when out of town. Beulah McMurtry needs ten good sized shade trees for her yard and would like another thousand tulip bulbs. Miss Katie Meaders could use a pair of Easy-wear garden gloves, pruning shears, and a half dozen flower holders. Mrs. Monogole's friends want her to have more narcissus for cut flowers. Mrs. Noland badly needs a reminder that The Garden Club meets on the third Monday. Mae Prewitt wants a hedge of polyantha roses—and marigolds, sunflowers and goldenrod that will not give her hay fever and asthma. The Rincey's hedge has many bare spots, could you replace this before spring.

Emily Ryan needs a much larger yard fifty more years and perpetual flowering phlox. Last summer while Bertie Speed was away the weeds grew four feet high and choked out her grass, so please be kind enough to bring her a weedless lawn. Mrs. Simpson has only one wagon load of sand to store her dahlia bulbs so finish filling her basement for her. Luma Smith wants Pearle Goldston's pink rose and another bed of moss. If you have any wild flowers bring Mrs. Taylor several as collecting them is her hobby.

Yours for making the world more beautiful,

The Garden Club  
P. S. Oh, yes, Santa Claus, I almost forgot. All the gardeners need a new pair of garden shoes—our old ones are worn through on our spading-foot, and we get our feet dirty where the sand sifts through.

**Autumn**

When autumn paints the hills with gold,  
And veils the trees in purple haze,  
And lacy patterns bright and bold  
Reveal a beauty to amaze,

Then joy is rampant every where,  
When autumn paints the hills with gold;  
The scent of pine is in the air,  
And loveliness the days unfold.

A horde of wealth in leafy mold  
Is drifting with the whispered breeze  
When autumn paints the hills with gold,  
And burnishes the quaking leaves.

A hallowed glow beneath the blue,  
Makes pictures lovely to behold,  
That we, in speechless silence view,  
When autumn paints the hills with gold.

—Eunice Clement Hyatt.

Mrs. Fern Durham and son Dan of Memphis spent Sunday here with her mother, Mrs. Linnie Cauthen.

**TAMALE VENDOR SELLS ONLY TAMALES NOW**

Liquor Control Board Inspector R. T. Bailey listened with interest to the spiel of a hot tamale vendor on the streets of San Augustine in October.

"Hot tamales!" the vendor cried. "And that ain't all!"

Bailey followed the vendor and finally stopped him. Search revealed that he really did sell hot tamales, but in the bottom section of a double boiler on the vendor's vehicle Bailey found what he was looking for—moonshine liquor.

As Bailey was leaving town for Jasper, after the moonshine liquor had been confiscated and destroyed and the vendor had paid a fine, he again heard the spiel on the streets.

"Hot tamales," the vendor now cried. "And that's all!"

**New Cotton Market Is Found**

College Station, Nov. 18.—There is a new, almost untouched market for cotton that will use around 750,000 bales a year if only 10 percent of the potential market is captured.

The field is that of insulation. Use of cotton for this purpose is apparently past the experimental stage.

Most cotton insulation to date has been used in home construction. Tests, however, show that the lightness and cohesiveness of cotton insulation make it a natural where setting by vibration is a factor.

For this reason manufacturers are turning to cotton insulation in refrigeration cars and trucks and in household refrigerators. The product is now being tested for use in marine and airplane construction.

Cotton insulation material is impregnated with a fire resistant agent and houses insulated against cold, heat, and sound with cotton treated in this manner are actually more fire-proof than non-insulated structures.

Fay Berry was up from Lakeview Saturday and drove home a new Chevrolet. He says their cotton crop is immense.

**Shamrock Plays McLean Tigers Friday Nite**

The football harvest in District 3-A is almost over. The Lefors Pirates finished their season last week with an impressive victory over Wellington to remain unbeaten and untied. With the title under their belts, the Pirates are waiting for the winner to be declared in District 4-A, which will be either Spur or Floydada. The Floydada team is picked to be the winner.

Only one game remains to be played this week in District 3-A. The Shamrock Irishmen will go to do battle over at McLean to decide which team will take second position in the conference. To date both teams are tied for second place, each having lost to the Lefors Pirates. Both teams are strong and are evenly matched. Last week's results were as ex-
