Don't forget Clarendon's first Monday sale July 2

An old fashion St. Roost celebration planned

For a real old fashioned Fourth of July enjoy Saint's Roost Fourth of July Celebration and Rodeo in Clarendon, July 4th, 6th and 7th.

Three performances of the rodeo will be held, Wednesday, July 4th at 8:30 p.m., Friday July 6th at 7:30 p.m. and the final performance will be Saturday, July 7th, at 8:30 p.m. Books for all rodeo events will be open one day only June 29, from 9 a.m. until 4 p.m. All entry fees must be paid for by each only. Money sent by Western Union should be sent to CLARENDON RODEO CHILDRESS WESTERN UNION. All fees must be paid by 5 p.m. June 30th. NO EXCEPTIONS! Phone 806-874-2539.

For the kids rodeo events there will be a wild calf race and calf scramble each night. A drawing

for Free Beef will be held at each rodeo performance also. The parade will be held at 2 p.m. on the Fourth of July with entries from across the area.

The Old Settlers Reunion and Fiddlers Contest are places to visit. Old settlers will gather at 10:30 a.m. A cash purse will go to the winner of the Fiddlers Contest, to be held at 3 p.m. One of the highlights of the day is the barbecue with serving to begin at 11 a.m. Al Morrah Shrine Club sponsors the barbecue and proceeds from the sale of tickets at \$3.00 per plate will go to benefit the Crippled Children's Hospital. Tickets may be purchased from any Shriner, the Farmers State Bank and Henson's.

County Craft Fair '79' will be set up on the Clarendon courthouse square, July 4th, from 9:00 a.m. to 4:00 p.m.

Deadline for booth reservations is June 30th and the cost of booth space is \$7.00 per booth. For reservations, accompanied by space remittance contact Laura Harbert, chairman, Naylor Route, Clarendon, Texas 79226, or call 874-3910 or 874-3697. With your entry fees list items you plan to show or sell.

Food of a wide variety will be available. These foods will be prepared by local clubs.

The Last Dollar will provide the dance music on Wednesday July 4th, and other bands will be Fiddling Frenchy Burke on Friday, July 6th and Tiny Lynn & Western Band on Saturday, July 7th.

A cordial invitation is extended to everyone to visit Clarendon and the Saint's Roost Celebration on July 4th, 6th and 7th.

DONNY HOWARD, son of Mr. and Mrs. George Howard ready for the call "Play Ball."

School tax exemption noted

Time has been extended until July 16, for property owners to make application for their Clarendon Independent School tax exemption.

Exemptions amount to \$5,000.00 on a residential homestead. In addition those disabled through Social Security and under 65 years may be entitled to an additional \$10,000.00 exemption for a maximum of \$15,000.

For those 65 years of age the exemption is \$5,000 for a residential homestead plus \$10,000 because of retirement age or older.

This exemption is based on 100% assessed value of the described property. If you are entitled to these exemptions and have not signed up for them you need to do so. Such exemptions must be signed up for before they are granted.

Clarendon Independent School District will continue taxing personal automobiles.

Automobile taxes are being collected in lieu of raising taxes on other real property since auto taxes are not reimbursable from the state.

Owners will be taxed on current land values of rural property instead of land usage values. At present personnel and funds are not at hand for implementation of taxing on land usage values.

Call Chamber of Commerce if you want a float in parade

Individuals and organizations who are planning to enter floats, or other entries in the Fourth of July parade should contact John Sarich, Chamber of Commerce manager who will need the information for lining up the parade. Call Chamber of Commerce 874-2421.

Band calendars are here

The Community Birthday Calendars recently sold by the Ban Boosters have arrived in Clarendon and will be available for you to pick up at a booth on the courthouse lawn which will be set up in connection with the County Craft Fair on July 4th. Be sure to watch for the Band Boosters Booth so that you can pick up your calendar orders. A limited number of extra calendars will be for sale if you were missed when orders were taken.

CHS twirlers bring home 1 rating from state

Clarendon High school's four twirlers for the past school year recently received a 1 rating for their line routine in State UIL competition in Austin. The twirlers who competed are Dee Ann Cook, senior and head twirler, Lisa McAnear and Sherilyn Walker, juniors, and Karen Kotara, freshman. On the day that the Clarendon line performed, the rating sheets posted showed only four other lines received a 1 rating. The Clarendon twirlers have participated in State competition as a line for the past three years, but this is the first time that a line from Clarendon has received a 1 rating, which is the top rating. One of the UIL representatives stated that it was very rare to award the 1 to a twirling line.

Three of the twirlers, Lisa McAnear, Sherilyn Walker, and Karen Kotara, also performed solo routines at State. They each received a III rating for their solo performances. It was Karen's first year to compete on the state level as a soloist. Lisa has competed as a soloist for two years and Sherilyn has competed for three years. Dee Ann Cook also qualified for State solo competition but chose not to perform so that she could give more time to the line routine.

Instructor for the Clarendon twirlers is Mickey Fowler from Lakeview. Mrs. Fowler is a former champion twirler herself and has judged UIL competition in the past as well as having taught at twirling camps. She teaches both line and solo routines, making the routine fit the twirler's personality and ability or the particular music that the band may be using.

CLARENDON PRESS WILL BE PRINTED EARLY

Next weeks paper will go to press several days earlier than usual in order for the printers to have the Fourth of July off and we are asking that all copy for the Clarendon Press be brought into the Press office by noon on Friday in order to get in the July 5, issue of the paper.

CLARENDON TWIRLERS and winners-Dee Ann Cook, [back row l to r] and Sherilyn Walker; front row [l to r] Lisa McAnear and Karen Kotara.

Foster Whaley meets with teachers groups

School Superintendents, retired teachers and other school personnel from over Legislative District 66 met Monday, June 25, at Clarendon College to hear three of the state's most knowledgeable persons explain changes made in state laws, brought about by recent sessions of the legislature.

Foster Whaley, state representative, said he was highly pleased with the information presented by Jim Hooser, director of Government Relations, TSTA; Raymon L. Bynum, Associate Commissioner for Finance, Texas Education Agency and Leonard Prewitt, executive director Teachers Retirement System of Texas, all of Austin.

Over 75 persons interested in the recent change made in school finance and the teacher retirement system attended. They came from each of the 10 counties in legislative district #66. The district includes Gray, Wheeler, Hall, Donley, Armstrong, Briscoe, Floyd and Motley Counties.

Kenneth Vaughn, president of Clarendon College, welcomed

the group. Mary Cooke, Helen Carr and Jeff Walker, superintendent of schools helped in making local arrangements for the meeting.

Jim Hooser, was very complimentary of the efforts to have

Two Ashtola boards combine

Directors of the Ashtola Community Center and officers of the Ashtola Needle Club met last week and consolidated into one group in an organizational change.

Of prime importance to the group was the raising of funds to maintain and improve the Ashtola Community Center. One project is the raffling of a hand made quilt, which chances on the quilt selling for \$1.00 each. The quilt is on display at Osburn Furniture where it will remain until the 3rd of July.

For the 4th of July the quilt will be moved to a booth on the courthouse lawn for viewing and to sell chances until 3:30 when a drawing will be held and the winner determined. The winner

does not have to be present to win. Proceeds from the sale of the quilt will be used for the Ashtola Community Center.

Survey shows youth wants swimming pool

From a recent survey taken in the Clarendon and Hedley schools concerning possible recreational facilities for the youth of our county, a swimming pool was the preference given by the majority of the students.

A group of interested and concerned citizens are working hard to find out if there is a possibility that Clarendon could have a pool in the near future. Almost all towns around Clarendon have pools even towns smaller than Clarendon.

For more information visit the booth at the 4th of July celebration. To start raising funds for a pool the youth will be selling tickets for a Microwave Oven to be given away at the end of July.

Chamber of Commerce sponsors turtle race

One of the highlights of the kids events for the Fourth of July is the annual Turtle Race with three divisions of age groups and sponsored this year by the Clarendon Chamber of Commerce on Saturday, July 7, at 2 p.m. in the intersection of Henson's, Goodman's, Bain's and the College Automotive.

Those wishing to enter may pick up their numbers at Henson's NO PHONE CALLS PLEASE.

There will be three divisions with 0-5 years, 6-10 years and 11-15 years. Winners in each division will be awarded a \$25 bond as a prize.

Art Exhibits

An invitation is extended to artists who want to display their work in the Artist's Studio exhibit for the Fourth of July to be held in the Lion's Club Hall. Non-Members will be charged a fee of \$2.00 per entry.

Youth artists are invited to exhibit with a limit of 3 of their works. To be shown in a separate division.

F. Jonus, artist from Amarillo will judge the exhibit. All entries must be taken to the Lion's Club Hall between 1 and 4 p.m. July 3, for the judging which will be done at 5 p.m.

For more information call Patsy Hill, at 874-3942 or Tillie Anglin at 874-3969.

Vacationing policeman

Gene Keith, member of the Dallas Police Department, who came through Clarendon about two weeks ago en route to Yellowstone Park stopped in Clarendon when he purchased a copy of the Clarendon Press with an article about his group of Texas policemen, and an incident with a truck driver.

Keith was one of 14 Texas motorcyclist, including one Texas Highway Patrolman who were off duty policemen who annually join up with California highway Patrolmen for a vacation in some spot selected by both groups. The meet is called the Cal-Tex Run.

Most wives accompany their husbands on these trips which the law enforcement personnel feel is a productive time for "store talk" and an exchange of ideas.

During the trip the group encountered a variety of weather to span all four seasons, suffered a few bruises from the

Boys and girls find your turtles, get your numbers and be present Saturday, July 7, at 2 p.m. to enter the Turtle Race, sponsored by the Clarendon Chamber of Commerce.

Grasshoppers increase in numbers

For the third season in succession grasshoppers have multiplied in such numbers in some areas of the county as to pose a threat to farmers gardens at this early date and an invasion of fields by the end of this week when they are expected to begin moving.

The government program for spraying is for range land only, with the landowner paying 1/2 of the cost on his range. Only when 10,000 acres in a block have been signed up can spraying of range land be done. No large area of range land appears to be badly enough affected to sign up for the program in Donley County according to information from the county agent's office.

For the farmers Gooch has encouraged them to spray their turn rows now before the 'hoppers start moving for a better kill.

Caution should be used when any product to kill grasshoppers or other insects is used near gardens when produce is to be eaten.

Radiance Singers at Nazarene Church

Wednesday, July 4, the Radiance singing group will perform at the Nazarene Church at 7:30 p.m.

They will also appear on the platform by the court house square with the platform gospel singers during the day Wednesday, July 4.

Everyone is invited to come and enjoy their music during the day and at the evening service at the Nazarene Church.

RONALD BOLEY

Boley new high school board director

Ronald Boley has been employed by the Clarendon Schools as the new band director. He will assume the duties of his new position shortly.

Boley comes to Clarendon from Lefors where he served as band director for two years.

Calling Freeport his home town, Boley attended Texas Tech in Lubbock and following graduation he went to Snyder. He met his wife, Vickie in Snyder.

Nixon chosen Clarendon A.D.

Mark Nixon, head basketball coach at Clayton, N.M., the past two years, was named yesterday as athletic director and men's coach at Clarendon College here.

The announcement was made by Kenneth D. Vaughan, president of Clarendon College.

Nixon, a 1976 graduate of West Texas State University, replaces David Land as AD and men's coach at the junior college. Land recently accepted the girls' athletic directorship and girls' basketball coaching position at Waco Midway High School.

Nixon, who spent one high school coaching season at Dexter, N.M., before taking the job in Clayton in 1977, officially begins work here Sept. 1. He'll have teaching duties in addition to the athletic administrative work and the coaching of the men's team.

Vaughan said Nixon has already begun recruiting for Clarendon College, a school whose team was 3-24 this past season.

Nixon, from Nara Visa, N.M., played junior varsity basketball for three seasons at West Texas State. He was a graduate assistant coach for the Buffs during the 1975-76 season.

Nixon is married to the former Nonie Cain, also of Nara Visa.

Nixon, 27, will have a hand in naming the Clarendon College women's basketball coach. Vaughan said the field has been narrowed to three candidates and Nixon has talked to each of them. Land was both men's and women's coach at Clarendon last year, but the administration split the two jobs for the coming season.

"We hired Mark because we felt his past record, training and abilities as a coach would allow him to compete in this conference (Western Junior College Athletic Conference). "We thought his knowledge of the area basketball players was important to his recruiting," said Vaughan.

"He has the needed teaching abilities. We feel fortunate and proud to hire Mark."

Nixon signed his contract with Clarendon College yesterday morning. The school's board of regents is expected to approve the hiring of Nixon at its next meeting (July 10).

Calendar of Events

SUN. July 1, 6:30 p.m. sacred mini-concert with Jessie Adams and Valerie Ashcraft.

MON. July 2, Women's Aglow meeting, 7:30 p.m. Lion's Club Hall

Mon. July 2, all day Blood Pressure readings at Donley County Senior Citizens.

Tues. July 3, dance at the Senior Citizens building at 8 p.m.

WED. July 4, 7:30 Radiance Singers at Nazarene Church.

THURS. June 28, Social Security representative, 9:15-12 noon in the Conference room of court house annex.

First Monday sale July 2nd

First Monday in July comes with all the festivity of the Independence Day celebration and shoppers are in for a treat through out the entire week with the many visitors who always arrive for a few days in Clarendon the Fourth of July.

Shop the specials down town and visit with out of towners who are shopping or visiting with family and be happy with fun and profit.

Lions Tail

By GENE ALDERSON
The Clarendon Lions Club held its regular meeting at noon on Tuesday at the Lions Hall with Darrell Leffew presiding in the absence of Boss Lion Courtney. There were 23 members and five guests present. Lion Paul Henderson brought his son, Jim; Lion Jimmy Lampier had as his guest Jimmy Davis of Memphis, who is Division Manager of General Telephone; and Edwin Nash of Amarillo, who is a salesman, was the guest of Frank White, Jr.

ceremonies, Lion Drenanan interceded Rev. Robert C. Jones and Mr. John Garner, who in May of this year went on a tour of Jordan, Egypt and Israel. Rev. Jones told us about the trip.

One of his observations was that the rate of inflation in these countries is tremendous. He once paid \$1.00 for a cup of coffee. The tour crossed into Israel from Jordan at about the point where the Children of Israel first entered into the Promised Land after their wilderness wanderings. They passed by the mountain from which Moses viewed the Promised Land after he was forbidden to enter.

No fire works in city limits

City officials and the Clarendon Fire Department remind the public that the shooting of fireworks within the city limits of Clarendon is illegal and those who are caught are subject to fines or other charges as the situation warrants.

Hot dry weather creates a fire hazard and persons going out of the city limits to shoot fireworks should select a place where permission from the landowner has been granted. A spot away from grass and weeds or other flammable growth will prevent fires.

ENERGY. We can't afford to waste it.

Improper gasoline storage an explosive situation

With Texas motorists becoming increasingly concerned over short supplies of gasoline and strict allocation plans in the state's major metropolitan areas, a dangerous problem could become critical—the improper storage of gasoline.

Doug Williams of Dallas, chairman of the Texas Automobile Insurance Service Office, suggests the only safe place to store gasoline may be in your car or truck's fuel tank or in an approved gasoline storage container in a well-ventilated area. A gasoline can stored in the trunk of a car is like carrying a bomb that could go off at any minute.

Technicians have compared the destructive force of a two-gallon can of gasoline to that of several sticks of dynamite," Williams said. "A spark from starting the engine, the flame of lighting a cigarette, or the impact of a collision could blow the vehicle apart, causing death or injury."

Unfortunately, the TAISO chairman says, the fear of running out of gas may put a lot of rank amateurs into the gas storage game.

"Many of those who handle gasoline for a living are quick to note that a container with a small amount of fuel can be more dangerous than a full tank," Williams said. "The reason is that a small amount of gasoline in a can creates a highly explosive gas-air mixture which is more explosive than liquid gasoline itself."

Another problem brought on by the gas crisis, according to TAISO, is the use of secondary of auxiliary gas tanks, many of which are improperly installed or are not manufactured to industry standards.

Though an auxiliary fuel tank may extend the time between stops at the gas pump, it can also be just as deadly as a can of gasoline in the trunk if improperly installed. Many deal-

LYNN ALDERSON and **Shaun Heil** (l to r) with awards.

Scouts go to summer camp

Six Scouts from Troop 66 attended summer camp for a week at M.K. Brown Scout Camp at Wheeler and returned home with an impressive array of accomplishments.

Lynn Alderson and Shaun Heil both came home with patches for the mile swim. Bobby Asher and Lynn Al-

deron were Tapped Out into the Order of the Arrow.

Receiving merit badges they had earned at camp were: Richard Richardson, Canoeing; Shaun Heil, Swimming, Fishing and Canoeing; Carl Cox, Orienteering and Swimming; Lynn Alderson, Swimming and Environmental Science; Robert Youngblood for Orienteering.

Gasoline Cost

THE U.S. NEW AND WORLD REPORT of June 18 reported that regular leaded gasoline costing 80 cents at the pump was divided as follows: basic cost of crude oil 47.7 cents; refining cost 3.4 cents; transportation cost 7.9 cents; oil companies' profit 2.5 cents; taxes 12 cents; marketing cost 2.5 cents; dealers' markup 10%. Source of figures was the oil industrv estimates.

ers of auxiliary gas tanks have seemingly sprung up overnight selling poorly constructed or poorly installed merchandise.

Though gasoline storage in cars is a major concern of safety officials, gasoline storage in homes can be as, if not more, dangerous. Houses have been lifted off foundations and set afire by a basement full of gasoline fumes ignited by a water heater or furnace pilot light.

In one California fire, seven members of a family were badly burned when they tried to store fuel in a plastic trash container in a bedroom closet.

Thus, what might look like a convenient way to beat a gasoline shortage on the road or in the home could have tragic side effects if precautions are not taken. Here are a few tips from TAISO:

—Keep all gasoline in containers tightly capped if they contain any fuel.

—Once a container is empty and thoroughly ventilated, leave the cap off to allow fumes from the remaining drops of gasoline to evaporate.

—Never put gasoline in anything but a container specifically designed for fuel.

—Keep gasoline where only an adult can get it. The smell of gasoline is often intriguing to children; don't let their curiosity

cause them or anyone else harm.

—Stored gasoline must be kept away from heat and flame. Remember that gasoline will expand in volume as temperatures rise and may seep out of even the best container.

TAISO is licensed by the State Board of Insurance as an advisory organization. It represents approximately 350 insurance companies that write 98 percent of the premium volume of auto and related line in Texas. The Service Office assists in gathering and maintaining statistics related to automobile insurance and offers counsel on forms and other technical matters considered by the State Board.

ENERGY. We can't afford to waste it.

Natural gas prices

Natural Gas Prices

Natural gas used within the state of Texas during 1978 averaged \$1.1145 per thousand cubic feet compared to 60.53 cents per thousand cubic feet for natural gas sold outside of Texas. Texas natural gas producers sold 7,050,060,408 thousand cubic feet during 1978 and 29.91% of this gas was shipped outside the state.

Texas paid on natural gas produced in Texas are based on the market value of the gas and gas going outside of Texas is priced at a lower level than that used in the state. State producers pay a larger part of the tax. (See FACTS FOR YOU, 1979, P. 113) (FISCAL NOTES, May 1979, State Comptroller)

State Revenues

Total state revenues collected from September 1, 1978 to March 31, 1979 at \$4,968.5 million were 11% above revenues for the same period last year. Taxes accounted for 54% of the state's income and funds from the federal government accounted for 27%.

The State expenditures for the September 1, 1978-March 1979 at \$5,134.0 million was 11% above a similar period last year. The cost to the state for the support of local education and the state's contribution to the teacher retirement program for the September 1978-March 1979 period, accounted for 53% of all expenditures for the period. Services provided by the state such as welfare, mental health, law enforcement, etc. accounted for 24% of total expenditures for the period. It must be noted in this category that welfare cost for the period was 16% of the total or 67.3% of all services.

Antitrust Suit

Independent car-radio distributors sued Toyota Motor Company of Japan and Volkswagen AG of West Germany over their provision of car radios as standard equipment.

Last month, General Motors Corporation settled a similar antitrust suit by agreeing that it would allow purchasers to refuse GM-made Delco radios on some car models and to apply credit for the cost of the radios toward purchase of GM parts.

The Toyota suit was filed in a U.S. court in Atlanta, Georgia and the VW suit in Baltimore, Maryland. Both petitions alleged that, by including the radio price on a non-deletable basis, the companies are violating provisions of the Clayton and Sherman Antitrust Act. (WALL STREET JOURNAL June 11, 1979)

Grain Compact

It appears that two states, Colorado and Kansas, legislatively approved a grain compact bill and eight states killed the plan. Texas is one of the eight states that refused to accept the plan.

Musical "Texas"

The 1979 cast of the musical drama, "Texas" is made up of actors, singers and dancers from 50 communities. Some of them are known in your area.

To see and hear them, come to "Texas" which plays nightly except Sundays from June 20 through August 25 in the Palo Duro Canyon State Park, half an hour from Canyon and Amarillo in the Texas Panhandle.

For tickets and information, please call 806-655-2181, or write "TEXAS", Box 298, Canyon, Texas 79015. It is helpful to make reservations in advance. There have been no shortages of gasoline in this area.

Tax subsidies

U.S. NEWS AND WORLD REPORT of June 18, 1979 reports that tax subsidies in 1978 amounted to \$124.4 billion which was 266.95% of the \$46.6 billion reported for 1969. The article predicted that by 1984 the estimated tax subsidies would amount to \$270.3 billion which is 217.28% of the 1978 tax subsidy.

Wheat and Feed Grain Program 1979

USDA reports that wheat producers indicate they plan to set aside 10,612,473 acres (18.67% of 1978 harvested acres) under the 1979 wheat program. Feed grain producers indicate they will set aside 6,186,488 acres of the 1979 crop (6.67% of 1978 harvested acres). In addition to these acres, corn producers plan to voluntarily divert for payment 3,444,936 acres (4.92% of 1978 harvested acres). Grain sorghum producers indicate they will divert voluntarily for payment 673,554 acres. Wheat producers have also signed up 1,176,514 acres under the special wheat acreage grazing and hay program.

Patricia and Jerome Doerrie, of Booker Texas, visited Mr. and Mrs. Horice Green, Elena and Jennifer. They reported three inches of rain, milo which had been planted and a good wheat crop still in the wet fields.

Gov. Clements veto state assistance for county roads

Today the Presidents of the Texas Association of Counties and the County Judges and Commissioners Association of Texas expressed their profound shock and dismay over Governor William P. Clements' veto of state assistance for county roads for the state fiscal year 1981. Derwood Wimpee, Rockwell County Judge and President for the Texas Association of Counties stated that he was extremely surprised by Governor Clements' action and expressed the belief the Governor may have been seriously misinformed about the operation of the sunset law. "Based on the text of the Governor's veto message, it appears the Governor thought the Board of County and Road District Indebtedness could not operate after September 1, 1979," Judge Wimpee said. "Unfortunately, the veto wiped out the 1981 appropriation to the counties of Texas for road maintenance and construction even though the sunset act makes provision for the distribution of an appropriation to an agency being

abolished." Judge Jerome Decker of Medina County and President of the county Judges and Commissioners Association of Texas also expressed his surprise over the veto and gave his support to Judge Wimpee's comments. "I cannot believe that a program as vital as this one is, could be intentionally vetoed by any governor of Texas," Judge Decker said. "The county judges and commissioners of Texas have always strongly supported a modern and efficient highway system composed of state highways supported by an extensive framework of county roads," he added. Both Judge Decker and Judge Wimpee expressed the belief that governor Clements also supported the county foundation upon which our state after September 1, 1979. Judge Wimpee said, "Unfortunately, the veto wiped out the 1981 appropriation to the counties of Texas for road maintenance and construction even though the sunset act makes provision for the distribution of an appropriation to an agency being

county and road district highway fund. This fund would be distributed every year to all 254 counties on a formula basis to provide some state support to the counties in recognition of the need of the essential role county roads and highways play in the overall state transportation system. In 1951 the Legislature acknowledged that an efficient state system depended heavily upon the network of local roads maintained by the counties of Texas. From 1951 to 1979 every legislature has appropriated these important funds to the counties. The Texas sunset act which passed in 1977, provides for the phased abolition of the board of county and road district indebtedness. From 1951 to 1978 every governor of Texas has approved that part of the general appropriation act that made the \$7.3 million appropriation. Now for the first time in history a governor of Texas has vetoed this appropriation. Under the constitution of Texas the only local tax source a county has is the property tax. Governor Clements veto will force all 254 counties to choose between 1) a tax increase to make up for this unexpected early loss of state assistance; or 2) a reduction of local road and bridge maintenance and construction expenditures. With legislation enacted this year, it has become far more difficult to raise property taxes for almost all purposes. With the required implementation of a number of new and larger tax exemptions, the early loss of state support for county roads could not have

petition governor Clements to examine closely the effects of his veto. We feel that after serious consideration, this assistance to county roads will continue to be justified and desirable. Finally, we ask Governor Clements to include the restoration of the 1981 appropriation for county road aid in any call for a special legislative session.

The above veto of the Governor affects Donley County in that it steps our Lateral Road Funds in the amount of \$18,657,65, beginning in 1981. The only way the Counties have in replacing the above is through taxation.

Home made ice cream safety

College Station--With hot, summer weather rapidly approaching, many people will be cooling off with homemade ice cream. However, failure to follow certain precautions can result in food poisoning, points out Al B. Wagner with the Texas Agricultural Extension Service, Texas A&M University System.

Last summer, 22 food poisoning outbreaks involving 292 people across the United States were associated with homemade ice cream, Wagner, a food technologist, explains.

Investigators found Salmonella in most of the 73 hospitalized patients. Most often, dirty, cracked or ungraded eggs from

a non-commercial origin were the source of the bacteria. "Don't cut corners on homemade ice cream ingredients," warns Wagner.

The food technologist suggests certain precautions when making ice cream to avoid food poisoning.

Begin by washing all freezer parts with hot, soapy water and rinsing thoroughly.

Use only good quality ingredients. Never use cracked or dirty eggs or milk or cream of questionable quality.

Before adding fruit, wash it thoroughly, and don't use soft, overripe segments.

Lastly, always cook the ice cream mix before freezing, advises Wagner.

Laundry has man's touch

College Station--Laundry has a man's touch these days, and men say they're happier with the results than most women, says Becky Culp, a clothing specialist.

A recent survey reports that males are responsible for one fourth of the laundry--or more when wives are outside the home more than 30 hours per week, the specialist says.

Ms. Culp is with the Texas Agricultural Extension Service, The Texas A&M University System.

More women working outside

the home is greatly influencing who does the laundry.

In households where laundry was a share task, sharing increased 15 percent from 1977 to 1978.

In addition, more youth under age 18 are taking major responsibilities for the laundry.

Among problems reported with laundry, most resulted from washloads with soiled children's clothing or washloads using cold wash-water temperatures.

JOHN 3 : 16 - 17

God so loved the world that he gave his only begotten son, that who ever so believed in him should not perish but have everlasting life. For God sent not his son into the world to condemn the world but that the world through him might be saved.

come at a worse time. It appears that this loss will result in a reduction in preventive maintenance and repairs to county roads and bridges. It may mean a much greater cost to the local taxpayer when major repairs are required. Today, more than half of all the roads in unincorporated areas of Texas are county maintained. With inflation and rising costs, the \$7.3 million originally provided in 1951 has less buying power, however, it has been an important source of support for hard-pressed county budgets. On behalf of the county taxpayers of Texas, we respectfully

of Wichita Falls Judy hopes to get moved into their new home soon.

Lisa Cannon and Janet Risley had a good visit at Boma Cannons, Frank and Mary Cannon visited with Maurice and Mary Neal Risley Friday afternoon.

Mr. and Mrs. Richard Dingler went to Memphis Saturday and came back through Lake View and Leslie. The crops don't look to good down in that area.

Lane and Paula Garvin had the windows broken out of their trailer home in the storm that hit Silvertown. We are so sorry for them.

Donald Bradis Ballew visited Richard and Ethel Dingler Sunday afternoon.

Mr. Emory Stone of Amarillo had dinner with Mr. and Mrs. D.R. Koontz Sunday.

Louie and Oleta Griffin of Amarillo visited Dennis and Loretta Harrison Saturday afternoon.

Charity Humphrey visited Mrs. Richard Cannon Saturday afternoon.

Frank, Mary and Lisa Cannon spent Saturday in Crowell with his father Mr. and Mrs. J.M. Jim Cannon

Dennis and Loretta Harrison and Louie and Oleta Griffin and

Rose Bud attended the Tractor Pull in Amarillo Saturday night.

Mr. and Mrs. D.R. Koontz visited her mother Mrs. Fannie Stone at the Medical Center Nursing Home. She is doing fairly well.

Dude and Wanda Cornell Bill and Cora visited Mr. and Mrs. Otto Elliott Sunday.

Mrs. Clara Mae Carter was supper guest of Ruth and Nell Corbin Saturday night.

Mrs. Gladys Blackburn visited her sister, Mrs. J.T. Sykes of Amarillo Wednesday and had supper with Marie and Lloyd V. Risley and children.

Mrs. Ella Mae Childers came Sunday evening to visit Mrs. Richard Cannon and took her to Amarillo to her Doctor Monday for a check-up.

Ed and Paula Berg and girls and Anna Harrison are touring England, Scotland and Wales, and were in Wales last card we've had.

Mrs. Ruby Blackman visited her sister Mrs. Blanche Smith at Medical Center Nursing home Monday.

In Vostok, Antarctica, the temperature fell to -127°F on August 24, 1960.

U. S. Dept of Agriculture Texas

The public will have one additional week to comment on a proposal to give schools participating in the national school lunch and breakfast programs an option in the way they announce income eligibility criteria for free and reduced price meals.

Currently, schools participating in the USDA programs must notify parents of the income scales for both free and reduced price meals. The department has proposed to allow school food authorities that wish

to do so to announce in the letter to parents only the maximum eligibility level for reduced price meals. All schools would continue to make both free and reduced price income scales available to local new media.

The proposal was published in the Federal Register on May 25.

Comments should be sent to Margaret O'K Glavin, Director, School Programs Division, USDA, Food and Nutrition Service, Washington D.C. 20250 until July 2.

Farm Bureau says

The Texas Farm Bureau has called on Texas congressmen to support the Geneva trade package is due House consideration at any time. The House Ways and Means Committee reported the measure Thursday by a favorable vote of 33-0.

In a letter to members of the Texas congressional delegation and the two Texas Senators, TFB President Carol Chaloupka reminded them that a "significant portion" of Texas farmers' and ranchers' income is tied to agricultural exports.

"While we were hopeful that trade restrictions on American farm exports would be lifted more than they were, the trade package, viewed in its entirety, offers improved opportunities for exporting U.S. farm com-

modities," Chaloupka said. "The concessions we gave on imports are relatively modest in comparison with the benefits gained."

The Texas farm leader stressed the importance of farm exports to all of American agriculture.

"A step backward now could result in a severe depression for the industry," he said.

He also reminded the congressmen of the importance of farm exports to the total economy.

"A large portion of dollars earned in foreign trade comes from the agricultural sector," he said. "This has helped our balance of trade, strengthened the dollar, and enabled us to buy imports, such as petroleum."

Indians of Clarendon, Pee Wee Team

Chaloupka told the congressmen that their vote and support for the trade package are needed "to preserve this vital outlet for our farm and ranch goods."

This statement in the form of a telegram was sent to President Carter on this date requesting agriculture priorities for diesel fuels from Jack Hightower, Mr. President.

Farmers breathed a collective sigh of relief when you promised they would be guaranteed 100 percent of their fuel needs and Special Rule No. 9 was implemented to fulfill that promise. Press reports this morning indicated the Administration has determined that farmers no longer need priority allocation of diesel fuel because planting has been completed. I understand the rule is to be repealed and diesel fuel previously allocated to agricultural production will be diverted to the independent truckers.

Feeding the American people has to be our top priority. I know there are areas of the nation where produce is rotting in the fields or storage sheds, and in my area beef packing plants have curtailed their purchase of live cattle for slaughter because their freezers are filled to

overflowing. There are no trucks to haul it. On the other hand, although planting may be completed in most of the nation, wheat harvest is only now reaching its peak. Completion of planting by itself does not stop the tractors. In portions of my district cotton has been planted as many as three times because rains have washed away the seed. Low temperatures and wet ground have hindered germination of the cottonseed, but weeds are thriving. Cultivation is vital to the crops and is ongoing.

This morning a fuel distributor in my home town, which is in the middle of a major cotton-producing area, called to say he had been operating for 45 days with only a 50 percent diesel and 60 percent gasoline allocation. The 100 percent guarantee had not caught up with him, and I have similar calls almost every day for the past month.

Wheat harvest in my district will not be completed until mid-July, and it will then grind its way north through the mid-west to the Canadian border. The harvest this year in the High Plains of Texas may be as much as 40 percent higher than a normal year, and last year it was only 40 percent of a normal year. The consequence is dramatically higher consumption of fuel this year, and it must be available at the time it is needed. Every hour ripened wheat remains in the field increases the odds of its being devastated by an act of nature.

I respectfully suggest that the wrong answer to the immediate problem could create an even more severe problem in the long run. Trucks and trains must be allowed to roll, but tractors and combines must be allowed to operate in the fields to assure that the trucks and trains will continue to have something to haul. Repeal of Special Rule No. 9 prior to its original July 31 expiration date would be premature and counter-productive. Every possible administrative means must be initiated to meet the needs of truckers without damaging agricultural production.

NFU dismayed at revocation of rule 9

Washington, D.C.—National Farmers Union President Tony Dechant today expressed dismay at President Carter's decision to revoke Special Rule Number 9, which permitted agricultural producers to receive needed supplies of diesel for planting and harvesting this year's crop.

"Many agricultural producers are still in a critical energy need situation," Dechant said. "There are several significant production regions which need diesel fuel to power irrigation pumps during the summer. At the same time, harvest season is upon us and we will need diesel to get the crops out and to market points. It will have been in to have provided farmers with the necessary diesel to plant their crops if they don't have the ability to harvest and transport those crops to market."

"We are, however, mindful of the fact that many perishable agricultural products are rotting in the fields for lack of transportation services. Additionally, there is a need to move industry equipment and supplies if we are to avoid a serious economic disruption," Dechant acknowledged.

The Administration now needs to give immediate attention to establishing procedures that will put into priority position the fuel needs generated by the production and harvest cycle in the immediate weeks and months ahead.

Minutes of city council

Meeting in regular session the Board of Aldermen of the City of Clarendon met on Tues., June 5, in the board room at city hall with Leonard Selvidge, mayor, and aldermen Shirley Clifford, Lloyd McCord, and Charles Deyhle Sr. Not present were aldermen Bob Kidd and Cecil McAfee.

Routine business was attended to and guest Mrs. Charles Deyhle, discussed the condition of the tennis courts. The matter was to be discussed with the schools, by the mayor and aldermen.

Chief Hodges gave a report on the Police Department.

The Board of Aldermen met as a Board of Equalization on the tax roll for 1979. The time was set for June 19, at 7:30 p.m. at the City Hall to hold a public meeting on the equalization of taxes.

Business taken care of and the meeting was adjourned.

storage tank, and also an 8" line between the two water tanks. E. Replace a number of very old 2" steel lines. Total estimated Project Cost, \$500,000.00.

Motion was made by Aldermen Shirley Clifford, seconded by Lloyd McCord to apply for a 75%-25% Grant and Loan from FHA for the amount of \$500,000.00. This would be a grant of \$375,000.00 and a loan to the city of \$125,000.00. Motion carried.

Motion was made by aldermen Lloyd McCord seconded by alderman Bob Kidd to lay a 6" line and put in a Fire Hydrant at Gibson's and Mr. Burger. Motion carried.

Business taken care of and meeting was adjourned.

Final June Meeting for Board of Aldermen

A regularly scheduled meeting of the Board of Aldermen met on Tuesday, June 19, 1979 at 7:30 p.m. in the board room at Clarendon City Hall.

Present for the meeting were Leonard Selvidge, Mayor, and aldermen Shirley Clifford, Lloyd McCord, Bob Kidd and Cecil McAfee. In addition present were City Sec. Bill Weatherly, Chief of Police, Bill Hodges, Bright Newhouse, Mrs. Jim Baker, E.W. Anglin, Mr. and Mrs. Tex Naylor, Durwood Ray, Mrs. Jessie Sneed, Rev. Paul Heil, Mrs. Shirley Petty, Mrs. Linda Roberson, Mr. and Mrs. Jim Butler and Mr. and Mrs. Johnny E. Leathers.

Routine business was disposed of and guest Bright Newhouse presented a deed of dedication entered into the minutes book. The deed of dedication was accepted by the city after a motion by alderman Bob Kidd seconded by alderman Cecil McAfee.

Rev. Paul Heil, Shirley Petty, Linda Roberson, Dorothy Butler, Jim Butler, Betty Leathers and Johnny Leathers met with the city board in regular session in regard to building a swimming pool in the city.

On a motion by alderman Bob Kidd seconded by alderman Lloyd McCord the city will increase its payment to the

county for the recording from \$25 to \$35.

The board asked Chief Hodges if he would have Homer Bones repair the auxiliary motor at the radio tower.

Business completed and the meeting was adjourned.

Medical Center news

On Wednesday June 20, Frank Reid, Odie Moss, Alene Moore and Mel Mills sang for residents of Medical Center. There were 19 persons present.

Mary Myers, teacher of the Bible class had 13 persons present for her class on Thursday.

At the weekly summer ice cream social on Friday there were 24 residents present and three visitors, Mrs. Walter Johnston, Pat Basden, wife of the Church of Christ minister and Betty White.

Pat Basden, volunteered to come each Friday and bring something to add to the activities and handwork at the Medical Center.

Rev. Wayne Naylor from the First Baptist Church in Hedley will be doing the preaching the first Sunday of each month and the young people of his church will be in charge of the music.

Certification of Acreage

All Crops Must Be Reported. July 15th is the final date to certify cotton, corn, grain sorghum, set-aside, and other NCA crops. Again, crops are to be certified on a field by field basis, irrigated separate from dryland, solid acres separate from skip row. It will save all of us some time if you have already measured your crops and set aside. So, please have your measurements ready when you certify. NOTE: This year's acreage report is very important. There are heavy penalties for not reporting correctly. Therefore, please measure your crops carefully before reporting the acreage.

Prevented Planting

You have through June 25th for cotton and July 5th for grain sorghum to file for prevented planting.

ACP Practices

If you do not intend to carry out your approved ACP conservation practice please come in to the ASCS office and cancel the practice. There are people waiting in line to use those cost-shares.

Grain Reserve Program

Wheat loans in the three year Grain Reserve Program may now be repaid through the

county ASCS office. The release period will be in effect until June 29, 1979.

Loan Rates

The 1979 loan rate for wheat is \$2.35 per bushel and grain sorghum is \$3.39 per cwt.

Interest Rates

The interest rate for 1979 commodity loans is 9%.

Wheat Low-Yield Payments

The low yield payment for wheat is figured on 60% of your wheat yield times acres planted for harvest minus the appraised or harvested production times \$1.70 per bushel. EXAMPLE: Wheat yield 20 bu. x 60% = 12 bushels, 12 bu. x 100 acres planted = 1200 bu. less 200 bu.

production = 1000 bu. x \$1.70 = 1700.00 low yield payment.

NOTE: to be eligible for this low yield payment, you must file and application within 15 days after harvest.

Spot Harvesting Wheat

If you only spot harvest wheat, you will need to report the acreage harvested and we will have to appraise the acreage not harvested prior to making other use of the land.

Jerry C. Gage

Mr. and Mrs. O.C. Watson Jr., of Colorado Springs, Colo. and Dorothea Ledbetter, of Amarillo spent the week-end with their mother on the occasion of Dorothea's birthday. After an enjoyable visit the guests returned home Sunday evening.

Reynolds family reunion

On June 16, 1979 at Leila Lake Community Center the Reynolds family reunion was held. There were 125 in attendance with the states of Calif., N.Mex., Okla., South Dakota and South Carolina being represented.

The highlights of the day was the 95th birthday party of the Mother and Grandmother, Mrs. Henrietta Reynolds who lives in the Martin Community. Seven of her children were in attendance. Polly Burke of Milpitas, Calif., Frank of Alamogordo,

N.Mexico, Bertha Van Meter of Kilgore, Texas, Eddie Reynolds and Martial Webb of Amarillo, Lorene McAnear and Marie McCraker of Clarendon.

Grandma Reynolds has 9 living children, 44 grand children, 109 great grandchildren, and 22 great great grandchildren for a total of 179 living descendants.

The noon meal was catered by Suphens of Amarillo, much good food and visiting was enjoyed by all.

IT'S A GRAND OLD 4th

Afternoon ceremony unites Carrie Neal and Jim Moore

Marriage vows for Miss Carrie Lee Neal and James Ray Moore were solemnized Saturday, June 23, at half past four in an afternoon ceremony at St. Paul United Methodist Church in Amarillo. Rev. Dr. Leo K. Gee, minister of St. Paul and Rev. Bobby Giles, of Ft. Worth, officiated at the double ring ceremony.

Parents of the couple are Mrs. Ruth Neal, of Amarillo and Dr. and Mrs. R.L. Gilkey, of Clarendon, parents of the groom.

Twenty-one branched candelabras arranged with foliage and baby's breath decorated the back of the church while the center aisle was marked with white candles, garlands of greenery and bow streamers. The altar decorations were a pair of flanking branched can-

delabras entwined with fern and baby's breath and bearing white tapers.

Traditional wedding marches were played by organist Mrs. McDonough and soloist, Mrs. Jack Hutson, of Amarillo, sang "Someone Who Cares" and "The Wedding Prayer".

The bride was escorted to the altar and given in marriage by her brother, William E. Neal, of San Antonio. She was lovely in a gown of ivory chiffon, English net and re-embroidered lace, styled with a Queen Ann neck line. The entire bodice of net over taffeta was covered with re-embroidered lace had tiny cap sleeves edged with the lace and a hi-low waist line. The skirt fashioned with a soft A-line front and gathered at the waistline in the back had clusters of re-embroidered lace

on the lower skirt terminating in a chapel length train banded with scalloped re-embroidered lace.

Completing the bridal ensemble was her ivory net cathedral length veil sprinkled with small clusters of re-embroidered lace. The veil was attached to a lace encrusted head piece and secured with a cluster of flowers on either side.

The bride's bouquet was a cascade arrangement of gardenias, ivory roses, stephanotis blossoms and greenery tied with ivory satin ribbon caught in love knots. For her jewelry the bride wore a single strand of pearls and to carry out the old adage for good luck she wore a genuine six pence in her shoe.

Maid of honor was Miss G. Humphrey, Oklahoma City, Okla. and matron of honor was Mrs. Stephen P. Coneway, sister of the bride, from Hereford. Other brides matrons were Mrs. Jerry Gibson, of Austin; Mrs. Russell Patterson, of Tulsa, Okla. and Mrs. Bill Beakley, of Amarillo. Miss Christine Ware, of Amarillo, was a bridesmaid and junior bridesmaid was Miss Amy Coneway, niece of the bride from Hereford. Bride's maids and bride's matrons wore identical dresses of floor length seafoam colored Quinia jersey styled with fitted bodice, spaghetti straps and a natural waistline. Skirt detailing was a gently gathered skirt with over lap front. Sheer chiffon over tops with full cap sleeves repeated the over lap of the skirts. The bride's attendants carried over-arm bouquets of lilies with mauve centers and greenery.

John T. Moore, of Austin

brother of the groom served as best man. Groomsmen were Robert L. Riviere, Robert L. Pigg and Pat Kelly all of Austin; Bill Beakley and Ras Redwine both of Amarillo. Ushers were Stephen P. Coneway, of Hereford; Michael Fitzpatrick, of Austin; Todd Knorpp, and Ronnie McAnear, of Clarendon.

Flower girl was Miss Holly Ann Payne, of Amarillo, cousin of the bride and Joshua Coneway, of Hereford, nephew of the bride was ring bearer.

The mother of the bride chose a simple long, sheath gown of pleated ivory silk and wore matching accessories. Her corsage was a cymbidium orchid.

The mother of the groom wore a teal blue gown of luster knit styled with long sleeved jacket and wore complimenting accessories. Her corsage was a cymbidium orchid.

Mrs. Tripp Miller and Miss Ansley Payne, cousins of the bride presided at the guest register.

Following the wedding ceremony a reception was held. The bride's table was covered with an ivory floor length skirt with ivory lace overlay. A silver urn of white roses, ferns and lilies centered the table. The wedding cake was a four tiered ivory creation decorated with ivory rose clusters and topped with ivory satin wedding bells. It was circled with flowers and greenery.

A silver punch bowl, opposite the cake was also encircled with flowers and greenery. The buffet table repeated the ivory table covering and was centered with a floral arrangement of fern and lilies. Music for the reception was provided by Roy Lee Brown.

Members of the house party were Mrs. Mark Hutsell, Childress; Mrs. Michael Fitzpatrick, Austin; Miss Elizabeth Ladd Oklahoma City, Okla.; Miss Elaudia Bittman, Amarillo; Mrs. John T. Moore, Waxahatchie; Mrs. William D. McBee III, Dallas; Mrs. William E. Neal, San Antonio and Mrs. Trip Miller, of Studio City Calif. Members of the houseparty alternated serving at the refreshment tables.

For a wedding trip to the Bahamas and Nassau, the bride wore an ensemble of toasted caramel linen weave fabric with a beige jacket and matching accessories. Her corsage was the gardenia lifted from her bridal bouquet.

Cousines shown the bride include a lingerie shower given by Mrs. Monte Reed, of Canyon; a miscellaneous shower given by Mrs. Charles E. Deynie Sr. Mrs. W.H. Skelton; Mrs. William Craft, and T.M. Caldwell Jr. a party hosted by St. Andrews faculty in Amarillo; a couples party hosted by Mr. and Mrs. Bronnie McNabb and Mr. and Mrs. James F. Hayes, and a poolside party hosted by Mr. and Mrs. James Aikman, Mr. and Mrs. Bill Beakley, Mr. and Mrs. Phil Jordan, Mr. and Mrs. Greg Mitchell, and Mrs. and Mrs. Ras Redwine V, of Amarillo.

Also a brunch given by Miss Christine Ware and Mrs. J.Z.

Smith of Amarillo.

Dr. and Mrs. R.L. Gilkey, parents of the groom hosted the rehearsal dinner with a yard party at their home in Clarendon, of Friday evening, June 22.

Mrs. Moore was a 1973 graduate of Clarendon High School and graduated in 1977 from the University of Oklahoma, at Norman where she received a B.S. degree in Elementary Education. She was

listed on the Deans Honor Roll and was a member of Kappa Alpha Theta Social Sorority. She has been teaching at St. Andrew's Episcopal Day School, Amarillo.

The groom is a 1970 graduate of Clarendon High School and was graduated from the University of Texas where he was a member of the Texas Longhorn football team. He is employed by Chaparral Aviation in Dallas.

Astola Martin news

Please call your news to the Clarendon Press office, and ask that it be put in the Astola - Martin news.

Mrs. Horace Green's sister, Mrs. Dwayne Naylor and her daughter visited with the Horace Green's this past week. They were on their way to Canyon to register the daughter in WTSU, while in Clarendon they also visited grandparents, Mr. and Mrs. Royce Hall.

Mr. and Mrs. Horace Green visited this past week with Mr. Green's brother, Billy Jack Green in Canyon, also with Mrs. Billy Jack Green who is a patient in St. Anthony's Hospital. They also visited his father, Joe Green of Canyon.

Cristy and Bradley from Pampa grandchildren of Mr. and Mrs. Clovis Bible are visiting this week with their grandparents.

Mrs. J. B. Lane is still in the St. Anthon's Hospital. Room 346, Amarillo. She would appreciate cards and visits.

Mr. and Mrs. William Jones and grand children Renee and Jimmy Don, and Mr. and Mrs. Frank E. Jones and Jeff all of Amarillo were visitors this past week in the home of Mr. and Mrs. B. E. Jones. Also recent visitors to their home were Mr. and Mrs. Floyd Jones of Greenville.

Water Facts

Exercise 'N Water

During strenuous exercise, drink water often. Again, thirst is usually a good indicator of how much you need.

On the other hand, the intake of extra-salt is probably not necessary, since the usual salt level in the American diet is already high.

Water Everywhere, But Do We Drink Enough?

COLLEGE STATION--Water, water everywhere--but do Texans drink enough? Adults need a little more than two quarts a day, says Marilyn Haggard, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Water is an often neglected nutrient," she says. Still it's critical to human survival--and good health.

It transports nutrients that nourish cells, and it helps the body get rid of waste products.

Drink Drink Drink

Every day, it's important to replace water that is lost through urine, pores, skin and lungs.

Adults can get most of their two quarts of fluid from beverages and a little from solid foods.

Infants use more than twice as much water as adults, so they need more water for each pound they weigh than adults do for each pound of weight. Ask your doctor about the needed amount.

Special Summer Needs

During summer months, the body loses larger amounts of water through perspiration.

It's important to replace that water, too.

Let your natural thirst be your guide, Miss Haggard stresses. Also, sodium (salt) is lost through perspiration--and it must be replaced.

If not, the sodium level in the cells is diluted and too much fluid collects there. This can cause a drop in blood pressure, weakness and muscle cramps.

Some Early American settlers lived on a diet of mostly lobster and fish. Many lobsters weighed 25 pounds and were so abundant the smallest child could catch them.

MRS. JAMES RAY MOORE
nee Carrie Lee Neal

Mr. and Mrs. Tom Hickman from Brackenridge visited with her parents Mr. and Mrs. Benny Clay over the weekend.

Principal Uses Rope in Rescue

Reprinted from Glove-News
By DAVID HANNERS
Staff Writer

Ropin' tain't nothin' for an ole Clarendon boy, draws Bill Hill. Shucks, ev'ry kid plays with a lasso.

But Hill, an Amarillo public school principal who helps direct a summer camp near Taos, N.M., used his roping yesterday to pluck a near-frozen man from the icy raging waters of Rio Pueblo.

"I threw it and it settled over his head and we pulled it tight," said Hill in a telephone interview from Camp Summerlife, 18 miles southeast of Taos. His wife, Mary, is camp director and Hill is waterfront director.

Hill, principal at Puckett Place Elementary school, was summoned from his cabin about 7 a.m. yesterday by two camp counselors who had been out jogging when they heard cries for help from Rudi Montoya, 31, of Chimayo, N.M.

Montoya had been driving on New Mexico 3 about 1 a.m. when his truck went off the road

On the average it takes 1.2 seconds to make a field goal in football, including the snap from center, the ball placement and an accurate hit by the kicker.

An old law once on the books in Indianapolis, Ind., makes it a crime to argue on Sunday.

and plunged over a 60-foot cliff into the Rio Pueblo.

The river, usually a babbling mountain brook, was running high because of persistent rain and melting snow in the high country.

The truck was swept up in the current and bashed against an out-crop of rocks, which caught the pickup. Montoya got out and grabbed part of the truck's cab which was still above water.

For almost six hours, he clung to the cab amid the cold, raging waters.

When Hill arrived, he threw a rope to Montoya, but the man would not let go of the truck to grab hold of it.

"He wouldn't put it on," said Hill "His chest and his back were hurting."

When that failed, Hill said, there was only one thing left to

do -- lasso the man.

It would be a throw of 10 to 15 yards, but that's not too much for an "ol' Clarendon boy."

"We thought that'd be a good try," said Hill.

Hill threw the lariat and it dropped over Montoya. In a few moments, he was pulled to safety.

Montoya was taken to Holy Cross Hospital at Taos, where he is being treated for shock and exposure. His condition today was listed as "good."

Just where did Hill learn to throw the lariat?

"He's just an old Clarendon boy," said his wife, Mary. "He's messed around with it, but he's never done any rodeo or anything like that."

Hill has another explanation. "Heck," he said. "Every boy throws a rope if gets on in his hand."

Exercise Important To Weight Control

you and the LAW

PRESENTED BY THE STATE BAR OF TEXAS

Q: I'm afraid my daughter and son-in-law will try to donate my body to science when I die, but I want to be buried in the traditional way. Can they do this over my objections? How do I make sure my wishes will be carried out?

A: One thing you can do is to leave a will naming someone you trust as executor. You can also make advance arrangements with a funeral home. The type of burial can also be specified in your will. You can draft your own will in Texas if it is entirely in your own handwriting, including your signature. If the will is typewritten, at least two people must witness your signature. You might want to contact a lawyer to make sure your wishes are carried out in a properly written will.

In 1643 on Manhattan Island, there were over 20 different nationalities and sects, speaking 18 different languages.

Health Surveys indicate that many people are gaining weight or staying overweight on relatively moderate calorie intakes. Although overeating is probably the major cause of overweight, physical inactivity contributes greatly to the problem.

There are a few encouraging signs that desire for fitness, or health-consciousness, is replacing simple weight-consciousness in the minds of many Americans.

There is growing awareness that a sedentary way of life can contribute to degenerative disease of the arteries and to obesity and its potential complications, most notably, diabetes, says a new pamphlet from the American Medical Association.

There also is a growing preference among Americans for a

healthy, physically fit appearance. Emphasis is on condition. Body, skin and hair that are in good condition are widely regarded as necessary for good looks.

You may feel too lazy to get started on a physical fitness program, but it's probably the lack of exercise that makes you feel that way. On the other hand, you may think of yourself as active or energetic because you are always busy—too busy to take time out for vigorous exercise. Some of the busiest people in the world have found time for jogging, tennis or morning calisthenics.

There are all sorts of guides to simple home exercise programs. Or there is jogging or other such activities. Or regular participation in active sports and games, such as handball or tennis. If you are over age 30 or are unaccustomed to vigorous exercise, consult with your physician before starting a program.

But, if you want to maintain good health and to keep the excess pounds off, a regular, vigorous exercise program is a must. For the rest of your life.

There's enough phosphorus in the average man's body to make 2,200 match heads.

Keep your fireplace completely closed when you're not using the fireplace. A lot of heat in winter and cold in summer escape through the chimney if it's left open.

Rubbing gold leaf with onion juice brightens it.

Inflation costly

BENTSEN REPORT

A dinner for two that cost \$7 in 1967 comes out to \$16.50 this year. Actually, it's even more than that since this year's figure was computed in March and the rate of inflation has continued to climb steadily since then.

A \$15 pair of shoes in 1967 has gone up to \$25.75 in 1979. And, a house you could have purchased for \$35,000 in 1967 would cost you \$87,000—and more—this year.

In short, the rising cost of living over the past dozen years has cut the value of the dollar by more than half, to only 48 cents. Clearly, indisputably, inflation today is the number one problem facing the United States of America.

What can we do about it?

I am convinced that the best way to control the rising cost of living is to attack it from two directions; with more spending by business and less spending by government.

There are some hopeful signs that the idea of cutting government spending may be starting to catch on in Washington.

Congress last fall voted to cut the President's budget authority by \$14 billion. That is not as much as the \$29 billion cut I cosponsored, but it is an encouraging sign nonetheless.

This year the president presented a relatively austere budget, although it still projects a \$29 billion deficit.

I am working in the Senate to make further cuts in the budget. As an example, I have introduced a bill to save taxpayers \$2.28 billion in the coming fiscal year by eliminating that portion of Revenue Sharing that goes to state governments. I'll be making other proposals for spending cuts in the months ahead.

Less government spending will be of significant help in our battle against the rising cost of living, but by itself it isn't enough to do the job.

We need to combine reduced government spending with increased spending—increased investment—by business. Increased investment is needed to boost our sagging rate of productivity, or output per manhour, which is probably the single most important thing we can do to combat inflation.

Since 1960 the U.S. has allocated a smaller fraction of its total output of goods and services to investment than any other Western democracy. Total fixed investment in this country has run at about 17.5 percent of real output. By way of comparison, the figure for Japan has been about 35 percent.

How can we turn this around? Simply reducing government spending and government regulation will help. In 1929 spending by all levels of government amounted to only 10 percent of our country's total production. In 1977 that rose to 34 percent and it is projected to exceed 50 percent in the 1980s.

A study by the Hudson Institute concludes that there is a correlation between the size of government and the rate of

growth in the economy. The bigger government is, the slower the rate of growth.

The reason is not difficult to identify: government crowds out and destroys the incentives for productive private investment. The economy begins to strangle on regulation and red tape. The toll exacted by an expanding government sector in Western countries has cut attainable economic growth rates by as much as a third in the past 15 years.

Another problem that retards business investment in this country is a tax system that rewards consumption and punishes thrift. One result of this is a low rate of savings. In 1976 the rate of savings as a percentage of disposable national income in the U.S. was only 4.8 percent, compared to 13.1 percent in France.

I have proposed several legislative initiatives that would encourage Americans to save more.

One of my bills, for example, gives individuals a tax exemption for the first \$500 of interest earned in any savings account over a one-year period. The exemption would be on the first \$1,000 interest for a husband and wife filing a joint tax return.

The fight against inflation demands that we take these and other steps to increase business spending and reduce govern-

ment spending, if we want to avoid seeing the value of our dollar cut in half again over the next dozen years.

Green Thumb and Medical Center works hand in hand

Green Thumb - A blessing for the employer and the employee. The Green Thumb Program is sponsored by the National Farmers Union and funded by the U. S. Department of Labor. The program is a Public Service Employment Program for the Elderly, Low Income, Rural People, providing opportunity to do useful work and extra income for a new start. It establishes a new purpose for living for many persons thought to have outlived their usefulness. This new purpose for living fights off those feelings of uselessness and rejection, two reasons that older persons health usually declines, bills pile up and their situation worsens.

Green Thumb has proven to be very helpful to Medical Center. We have processed nine persons through our facility. I currently have three workers on the Green Thumb Program and two former Green Thumbers on Medical Center payroll. They (Green Thumbers) have proven to be good, dependable workers and their attitude and willingness to get the job done is a very much appreciated.

It is my understanding at this time that persons are trying to change the program to such an extent that Donley county would only be allowed two (2) Green Thumb Workers. What a Pity! The metropolitan areas will be getting the majority of allotments for workers instead of the rural areas. We, the rural areas need our proper share of the allotments from Green Thumb personnel. The Metro-areas have programs for their elderly, we need a good Green Thumb Program continued in our community and our county.

Unripe bananas will turn brown even in the refrigerator, but their insides will ripen only when kept at room temperature.

Q: If my savings account has a survivorship clause naming my wife as the beneficiary, does the savings account need to be included in our wills?

A: If the savings account provides a valid right of survivorship, the funds pass directly to the survivor regardless of the language of the will. However, joint tenancies with right of survivorship between spouses have repeatedly been found invalid in Texas. These accounts will be treated as community property under laws of descent and distribution.

Q: Can I get a loan without my husband as a co-signer?

A: "Man is made by his belief. As he believes, so he is." Bhagavad-Gita

Service held for Dolly Mayo

Funeral services for Dolly Mae Mayo, age 71, a resident of Clarendon and Donley County for 52 years, were held at 4:30 p.m. on Saturday, June 23, 1979, in the First Baptist Church with Rev. Harold Scarbrough, Pastor of the Temple Baptist Church in Amarillo, and Rev. Paul Heil Pastor of the First Baptist

Church in Clarendon, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Mayo died Thursday morning, June 21, 1979, at the home of her sister, Mrs. Fred Hutson, of Clarendon. She was born on July 1, 1907 at Asper-

mont, Texas and came to Donley County from Hall County. She was a Baptist.

Survivors include two sons, G.T. Mayo and Billy Mayo, both of Amarillo; four sisters, Mrs. Fred Hutson of Clarendon, Mrs. Willie McClenny and Mrs. M.M. Martin both of Amarillo, Mrs. Ralph Ashford of Saint Jo, Texas; and two grandchildren.

Casket bearers were Jimmy Hutson, Kenneth Hutson, Edward Martin, Don Martin, Frank Reid, and Billy Ray Johnston.

Rites held for Frank Thomas

Funeral services for Frank Brown Thomas, age 73, a resident of Donley County 64 years, were held at 10:00 a.m. on Saturday, June 23, 1979 in the Church of Christ in Clarendon with Gene Basden, and Bright Newhouse, officiating. Interment was in Citizens Cemetery with the arrangements under the direction of Robertson Funeral Directors.

Mr. Thomas died at 6:00 a.m. on Thursday, June 21, 1979, in the South Hills Manor Nursing Home in Dimmitt, Texas. He was born on August 18, 1905 in Montague County. His wife came to Donley County in 1910 from Montague County. His wife Lillian Thomas died in 1975. Mr. Thomas was in the furniture business in Clarendon for over 35 years and operated an automatic Laundry before moving to Hereford in 1974. He was a member of the Church of Christ, Masonic Lodge and Khiva Temple.

Survivors include a son, Edwin Thomas of Hereford; a sister, Mrs. Martha Shane of Amarillo; three brothers, Joe Thomas of San Bernardino, Calif., Oscar Thomas of Hereford, Lloyd Thomas of Wichita Falls; a sister-in-law, Mrs. J.L. Thomas of Ft. Worth; a uncle, Bryan Thomas of Electra; Six Grandchildren, and four great grandchildren.

Casket bearers were James Bain, Ernest Kent, Jack Clifford, Carroll Knorpp, John Garner, and Frank Reid.

Odell McBrayer rites held in Ft. Worth

Odell McBrayer, 71, died Tuesday June 19, of an apparent heart attack at his home in Fort Worth.

Funeral services were held Thursday, June 21, at 2:30 in the Terrace Acres Baptist Church. Interment was in Greenwood Cemetery in Fort Worth.

Mr. McBrayer was born August 11, 1907 and had been a farmer in the Goldston Community in Donley County since the early 1940's. He retired and moved to Fort Worth in 1964.

Survivors include his wife Ola, of the home, two daughters and five sons all of Fort Worth.

Mrs. Jessie Adamson funeral held

Funeral Services for Mrs. Jessie Mae Adamson, age 85, a resident of Rogers, Arkansas, and a resident of Hedley, and Donley County, most of her life,

were held at 1:00 p.m. on Saturday, June 23, 1979 in the Church of Christ at Hedley with Bright Newhouse, Gary Jones, and David Hubbard, officiating. Interment was in Rowe Cemetery at Hedley with the arrangements under the direction of Robertson Funeral Directors.

Mrs. Adamson died on Wednesday, June 20, 1979, while visiting in Sheridan, Wyoming. She was born on August 4, 1893 at Paris, Texas and came to Donley County at a early age.

She was married to the late Simon Grant Adamson in 1915 at Hedley. He died in 1964. She was a member of the Christian Church, and the Order of the Eastern Star.

Survivors include four daughters, Mrs. Thomas Sawyer of Sheridan Wyoming, Miss Zona Adamson of Deming, N.M., Mrs. Carmen Hubbard of Amarillo, Mrs. Melvin W. Jones of Rogers, Arkansas; two sons, Bernard Adamson of Hedley, Tom Adamson of Clovis N.M.; three sisters, Mrs. Nellie Webb of Amarillo, Mrs. Oscar Bench of Lebanon, Missouri, Mrs. Edna Broball of Florida; two

brothers, Mr. Roger Douthit and Mr. Paul Douthit, both of California, eight grandchildren, and three great grandchildren. Casket Bearers were Connie DeBord, Harold White, Jimmy Taylor, Doyle Messer, Billy Clubb, and Larry Helms.

VA news

Since the first GI Bill was signed into law on June 22, 1944, over 17 million armed forces veterans have taken some form of training under this popular program

More than 161 billion in credit has been extended to armed forces veterans for home buying since 1944 under the Veterans Administration GI Bill loan guaranty program

Of the 6 million Vietnam Era veterans who have trained under the GI Bill, more than 58 percent used this valuable entitlement to attend college.

Special Veterans Administration efforts during 1978 to alert Vietnam Era veterans to unused GI Bill education benefits were expanded to a nationwide campaign in 1979. The original awareness program, "Operation Boost," had focused on 11 states where GI Bill participation was under 50 percent.

GI Bill home loan eligibility can be used an unlimited number of times provided the veteran applicant has no outstanding Veterans Administration guaranteed loan. Over 10 million home loans have been guaranteed since 1944.

The GI Bill, which has cost nearly 49 billion since World War II, is considered one of the least expensive of veterans' programs by Max Cleland, Administrator of Veterans Affairs, when considered in terms of returns on a public investment.

Pat Porter of Tulsa, visited with her sister and family, Mr. and Mrs. Bill Weatherly several days last week.

The Hedley ISD announces that all persons are entitled to receive an exemption of \$5,000 from the market value of their residence homestead for the purpose of school taxes. In addition, all persons who are 65 or older or under a disability for purposes of payment of disability benefits under federal old-age, survivors, and disability insurance are also entitled to an additional exemption of \$10,000 from the market value of their residence homesteads for the purpose of school taxes.

To qualify for these exemptions, an application must be filed with the school district tax office by July 16, 1979. Application forms are available at the school tax office located at Hedley Schools.
