Broncho coaching staff attended school

The Clarendon Broncho coaching staff attended the 49th annual Texas High School Coaches Association Coaching School in Ft. Worth July 24-28. Attending the 4-day clinic were coaches Ted Allen, Boe Smith, Eric Erwin, and Roy Rutledge. The Coaches Attended various lectures given by outstanding coaches over the nation. The highlight of the week was the all-star basketball and football games played on Friday and Saturday nights. Coach Allen and Smith and their wives attended the Balfour Hall of Honor Luncheon to witness the induction of Coach L. G. Wilson of Floydada into the THSCA Hall of Honor. This is the highest honor a Texas coach can receive.

Two-a-day workouts

The Clarendon Broncho's hopes for a district championship begin at 8:00 Monday morning Aug. 13. The Broncho's will work out for two weeks twice a day with scrimmages scheduled Aug. 23 (Thurs.) at Claude and Aug. 31 (Fri.) against Phillips at home. Head Coach Ted Allen and his staff are expecting close to 82 athletes to participate in the drills. With this number of athletes, a freshman schedule has been planned also.

This is a year for optimism as Coach Allen welcomes back 13 letterman. The Top'o Texas Football Magazine released last week picks the Panhandle Panthers add the Bronchos to tie for the crown in district 2-A. According to the magazine "The major factor for the Bronchos is the overall strength and quickness in the line and backfield. The success of Clarendon's split backfield-wideout offense are with all district candidates Tim' Brown (TE), Mickey McGuire (6-4, 240, SG), and Brian Murry (6-2, 197, QT). Clarendon has a winning tradition and helping to carry that into the fall will be QB's Lyn Thompson and Lance Thornberry. Coach Allen says,

Fire destorys Clendennen home

Fire totally destroyed the Clendennen home one mile south of Hedley Monday while the family was away from home. With the stucco and brick structure completely engulfed in flames when 2 units of the volunteer firemen from Hedley arrived their responsibility was to keep other buildings from burning. A brisk south west wind proved to be an advantage by keeping the flames away from the outbuildings. The home and furnishing were totally destroyed. There was no dollar amount available for the considerable loss at

Farm Bureau to have annual BBQ

The Donley County Farm Bureau annual chicken barbecue will be held Friday, August 10th, 7:30 p.m. at Lelia Lake Community Center. Please leave a half a chicken per person at Charlies Market or Bylow Grocery in Clarendon or Canway Grocery in Hedley. Chickens will be picked up promptly at 12:00 noon on Friday at these locations. Bring your card tables. All members are invited to attend.

Compiled by Tommie Saye-Cooperative Observer for National Weather Service, Clarendon.

Mrs. Lane rites held Tuesday

Funeral services for Mrs. Marie Lane, age 64, were held at 4:00 p.m. on Tuesday, August 7, 1979 in the Calvary Baptist Church of Clarendon with Rev. Lowell Hall, Pastor of the Independent Baptist Church of Rome, New York, and Richard Roehr both sons-in-law of Mrs. Lane, officiating. Interment was in Citizens Cemetery with arrangements under the direction of Robertson Funeral Directors.

Mrs. Lane died at 12:20 p.m. on Sunday, August 5, 1979 in St. Anthony's Hospital in Amarillo after a long illness. She was born March 18, 1915 in Comanche County, Texas. She married J. B. Lane on December 21, 1931 in Pervis, Erath county, Texas. They moved to Donley County from Comanche County in 1937 and have been residents since that time. She was a member of the Calvary Baptist Church in Clarendon.

Survivors include her husband, J. B. Lane of the home west of Clarendon; four daughters, Mrs. Carol Hall of Clarendon, Mrs. Joanna Hall of Rome, New York, Mrs. Joan Roehr of San Angelo; one half-brother, Jay Durham Jr. of Idabel, Oklahoma; fifteen grandchildren; and three great grandchildren. Grandsons of Mrs. Lane served as casket bearers.

press time, nor had there been an investigation with a cause for the fire determined.

Tri State Fair animal show

The Baby Animal Show is one of the favorites of fair-goers each year at the Amarillo Tri State Fair. This year's display will be viewed during the entire week of the fair, September 17-22. Exhibits in the show include baby animals of all types that are 30 days young or less. Horses, cows, lambs, sheep, goats, rabbits, chickens, and other birds will be among the species to be displayed. Prize money totaling \$130.00 will be awarded to exhibitors of the most attractive and best baby animals in the show. Superintendents of the event are Ernie Houdashell, John Burrow and Sue Heath.

For additional information about the Baby Animal Show, contact the offices of the Tri State Fair.

Lone Star Gas Co. files for rate increase

Lone Star Gas Company filed an application with the Texas Railroad Commission Wednesday seeking to increase its authorized city gate rate to \$2.21 per Mcf (thousand cubic feet) of gas—a 15 percent increase in the city gate rate in effect December 1978.

If the request is granted, the company would realize an additional \$40.9 million in revenue annually. "The increase is necessary," says Douglas W. Williams, senior vice president of Lone Star, "because of the sharply higher costs of buying gas in the field and the increase in the general costs associated with operating any business."

The city gate rate is the amount Lone Star Transmission Division charges the company's Distribution Division for gas delivered to residential and commercial customers and for distribution company-used and unaccounted for gas. Transmission is the segment of the company that buys, cleans, stores, and delivers gas to the cities.

The increase, based on the city gate rate in effect last December, is 29 cents per Mcf. The average residential customer's bill would increase approximately \$28 per year. Lone Star's current city gate rate, established by the Railroad Commission in 1977 and based on a test year ending December 1975, allows Lone Star to recover only 85 percent of the increase in gas costs above \$1.1802.

As part of the application filed Wednesday, Lone Star is again requesting a 100 percent flow-

Senior Citizens bus damaged

An accident at 9:30 p.m. Friday, Aug. 3, caused approximately \$1,000 damage to the Senior Citizens Bus which was parked at the curb by the center.

A 1968 Chevrolet, driven by Kenneth Green, went out of control and was in collision with the bus. Green sustained injuries to his leg. There was no one in the bus. Green's car was a total loss.

Raidance singers cancel engagement

Due to circumstances over which they had no control, the Raidance Singers, a gospel singing group from Amarillo will not be appearing in Clarendon as scheduled this week.

through of gas purchase expense consistent with the rule-making request presently pending before the Railroad Commission. "As a result of the 85

Lanny Voss to teach seminar at First Baptist Church for youth

This Happening is going to take place at the First Baptist Church on Friday, Saturday, and Sunday at 7:00 p.m. All High School and College Youth are invited to attend.

Lanny Voss will be the seminar teacher discussing dating relationships, alcohol, and divorce on a young person's level. Lanny is an Attorney-at-law in Plainview, Texas.

Carol Helms and Becky McAlister will be providing the music each night. They will also be doing a Boredom-Buster after church on Sunday night.

Both Carol and Becky will be working on their Masters Degree at the Stephen F. Austin University at Nacogdoches, Texas. They have worked this summer in Texas, New Mexico,

Frank Lyle celebrated his 99th birthday

Mr. Frank Lyle was honored on the occasion of his 99th birthday on August 1, 1979, with a party at his home. Hosting the party was the First Christian Church, of which Mr. Lyle is a long-time member.

Seven flavors of homemade ice cream were served along with a variety of cakes and brownies. Everyone enjoyed the good food and fellowship and especially being able to share with Mr. Lyle the special time of his 99th birthday.

Mr. Lyle opened gifts and cards from family members, and Mr. Wilbert Bernabe, minister of the First Christian Church, presented Mr. Lyle with a money tree from members of the church.

A total of 55 people gathered for the occasion including close family friends, Mr. and Mrs. Othel Elliott and Mrs. Minnie Bell Hicks from Clarendon. Out-of-town relatives attending were Mr. and Mrs. Kenneth Lyle from Dallas, Mr. and Mrs. Jay Lambert and children from Pampa, Mr. and Mrs. Billy Barnes and children from Amarillo, Mrs. Charmine Lyle from Gruver, Mr. and Mrs. Fred Lyle from Texhoma, Okla., and Andy Hafford from Portales, New Mexico.

Chamberlain

Chamberlain Community Center is planning the annual chicken bar-b-que for Friday, August 17, at the Community Center. Watch for more details next week.

percent flow-through restriction, Lone Star absorbed approximately \$13 million in gas costs in 1978 alone," Williams says.

The proposed rate increase will only affect residential and commercial customers. Customers may call Jenny Barker 1-800 492-6715 ext. 2421.

Farm Leader to speak

National Farmers Union President, Tony Dechant, will address the volatile situations of the world wheat market and the impact of both domestic and international policies on the future of the family farm when he addresses an area meeting of Texas Farmers Union District I, according to Jerry Gee of Spearman.

Gee is President of the Hansford-Hutchinson County Farmers Union which is host for the meeting scheduled for 8 p.m., Monday, August 13 at the County Barn in Spearman. A barbecue meal is also included in the agenda and any interested area farmers are invited to attend.

Dechant has been at the helm of the 300,000 member National Farmers Union since 1966 and is recognized policy leader both domestically and international-

ly. He is the recent past president of the International Federation of Agricultural Producers, a vice-president of CARE, and a trustee of the American Freedom from Hunger Foundation.

His address to the District TFU members will center on the ever growing problems faced in international trade and the critical role of grain exports which could again be used as a political tool for bargaining, possibly through embargos rather than price agreements between food exporting countries. Dechant is also expected to discuss the role of farm organizations in the face of challenge coming from Secretary of Agriculture Bob Bergland for a national dialogue prior to the enactment of new farm legislation to replace the Agriculture Act of 1977.

Gray County 4-H rodeo

The Gray County 4-H Youth Rodeo will be held August 17 and 18 at the Top of Texas Rodeo Arena in Pampa at 7:30 p.m. each evening.

The rodeo is for all youth ages 9-18. For ages 9-11, the entry fee is \$8 per event. The 12-14 year old age group will have an entry fee of \$10 per event. The older age group of 15-18 will have a \$15 fee per event.

Stock producer for the rodeo is James Martin, Spearman. B Bar K belt buckles will be awarded the top three winners in each event. Boys and girls All Around Buckles will be awarded in each age group.

The events include a heading and heeling to be held Saturday, August 18th at 2 p.m. with an entry fee of \$15 per team. Other events include pole bending, barrel racing and calf tying for all ages of girls. In addition, the older age girls, age 15-18 will have Breakaway Roping.

The boys events include: (age 9-11) breakaway roping, barrel racing and calf riding; (age 12-14) ribbon roping, steer riding, and breakaway roping; (ages 15-18) bareback bronc riding, bull riding, calf roping and ribbon roping.

There will be activities and refreshments each night following the seminar.

Senate bill 621 will bring big change

The passage of Senate Bill 621 will bring big changes for Donley County in the system used to appraise property for school, city, hospital, junior college, and possibly, county tax purposes. Senate Bill 621, the "Peveto" bill, was passed by the legislature during the last session and signed by the governor in June. The legislation is to take effect September 1 and is to be fully implemented by 1982.

All property in the county will be revalued by a central appraisal office at 100% of value. The school, college and hospital districts, city and county will use the new value and set tax rates based on that valuation.

The county has the option to use the new valuation system, but is not required to do so at the present time. There will be a referendum put before the people in 1980 for a constitutional amendment which, if passed, would require all counties to join the central appraisal office.

None of the existing taxing entities in Donley County are assessing at 100% value except the city. The school district assessment ratio through the 1978 tax year was 40% but will increase to 60% for the 1979 tax year. Although the school district is increasing the assessment ratio, the tax rate will be lowered so there will not be a tax increase on real property unless there are improvements that would increase the value of the property. The junior college district assessment ratio has been 40% and it will remain that until the legislative change is required.

Leslie Garnett, new Home Economics Agent for Donley County assumed her duties here August 1, in what was a sort of return engagement for Miss Garnett.

She attended Clarendon College and as a student there came to like the town and its people.

Leslie graduated from Texas Tech University with a degree in Home Economics Education and Demonstration. She attended Caprock High School in Amarillo, Clarendon College, and Vernon Junior College.

She was in 4-H as a 4-H Gold Star Girl, was the recipient of the Texas Plains Key Award, State Fair Honor Award, and the Santa Fe Recordbook award. Leslie also attended

Grasshoppers damage

As a Freshman she attended the first Donley County 4-H Club meeting, and gave a speech on her trip to Chicago won on her record book in Santa Fe.

All-American Apple Pie BY LESLIE GARNETT

Baseball, hotdogs, apple pies and sugar cookies. Apple pies and sugar cookies are definitely all-American, especially when they are baked by Donley County 4-H members!

Have you ever wondered why some pie crusts are always flaky? Or the cookies on television are even and brown? Next Tuesday, August 14, at 7:30 in room 102 at Clarendon College, we are having an Apple Pie and sugar cookie workshop. The objective of this workshop is to teach the qualities to look for in good apple pies and sugar cookies, cost comparisons of home-made and ready made baked goods, and demonstration of several "fool proof" recipes.

There will also be the chance to taste and judge the different pies and cookies personally. The workshop is open to everyone who is interested in perfecting, or learning new baking skills. All 4-H members, leaders and parents are encouraged to attend.

On September 8, at 10 a.m. there will be a Donley County bake-off open to 4-H members ages 9-19. At 1 p.m. the public will have a chance to partake of these delicacies at the All-American Apple Pie Auction and awards program to be held at 1 p.m.

The winner of the bake off will take his or her Apple Pie and Sugar Cookies to the Tri-State Fair to be judged at the district Bake off on Sept. 15.

The district winner will receive \$100 for 1st, \$20 2nd and \$10 3rd prize. All other participants will receive \$5.

Mr. and Mrs. T. J. Campbell, Jeff Campbell and Luceil Jones returned Sunday night from Fowler, Colo. where they attended the Tyler-Hess reunion and helped celebrate the 50th wedding celebration of Mr. and Mrs. Miles Tyler. One hundred and three persons were present for lunch on Saturday.

Grasshoppers damage

Grasshoppers are stripping and severely damaging rangeland and crops in the Texas Panhandle, and may have their eye on high-value windbreak trees.

"When grasshoppers exhaust their food supply of grass and small plants, they feed on the tender foliage of trees. In the Panhandle, this means the trees in windbreaks and shelterbelts," said Robert Fewin, windbreak silviculturist with the Texas Forest Service.

The most susceptible species to grasshopper damage are conifers and evergreens, especially ponderosa pines. During epidemic outbreaks, grasshoppers eat all green foliage within reach, which weakens the tree. Since pines cannot replace their leaves as rapidly as deciduous trees, they are more seriously injured by defoliation than hardwoods. One year of complete defoliation may be enough to kill a tree, especially during a dry summer, according to Fewin.

Last year, grasshopper defoliation killed numerous ponderosa pines in newly established windbreaks. Heavy damage also was reported in 15-20-year-old windbreaks near Spearman and Perryton, killing 25-30 foot trees.

Many countries in the Panhandle are currently under an aerial spraying program using the insecticide malathion under a cost-share program between landowners and several governmental agencies. Malathion and other currently registered insecticides are effective in controlling grasshoppers. However, chemicals must be applied directly to the insect, requiring repeated applications to control migrating grasshoppers.

"Unfortunately, we don't know of any inexpensive control methods," Fewin said. "Other than spraying, there's not much that can be done to save the trees. Protective wire mesh cages can be placed around

Veterans Q & A

Q-My claim for compensation for a World War II service disability has been approved by the Veterans Administration. Am I now eligible for service disabled veterans insurance? A-You are not eligible if your only service was during World War II. Service disabled veterans insurance is available only to those veterans released from active service under other than dishonorable conditions after April 24, 1951.

Q-My father reached age 78 in March 1979. Is he eligible for the 25 percent increase in his VA pension?

A-No. Public Law 95-588 eliminated the 25 percent increase in rates for veterans attaining age 78 on or after January 1, 1979. However, those pensioners who attained age 78 before January 1, 1979,

do retain the 25 percent pension increase they received. Q-I am a veteran taking nurses training in a VA Vocational Rehabilitation Program. Will VA pay for the uniforms I require for the training? A-VA will not pay for uniforms or other apparel worn instead of ordinary clothing. Apparel or other items needed for protective purposes will be authorized for veterans in vocational rehabilitation training.

WE NOW HAVE IN STOCK THE Amazing "Lightning Rod" Wick Applicator, to control Johnson Grass and weeds in your crops. You can run in wind without worry of damage to your crop, saving you many hours of down time; also you will notice a considerable saving in chemical cost with this proven method of application. Drop in and ask about the "Lightning Rod." Lone Star Chemical, Lockney 652-2761, Residence 652-3434. Silverton call Deanie Henderson 823-2376.

your Bible has the ANSWERS!

Send Bible-related questions to Gene Basden, Church of Christ, Box 861, Clarendon, Tex 79226

The purpose of this column is to renew confidence in the Bible, God's Will revealed to man. Confusion is the result of the wisdom of man as is amply proven by 20th century "progress." This progress in what God calls "weak things of the world", 1 Corinthians 1:27 NASV, has undermined man's trust in Him and His whole plan for man's benefit. Man has substituted sensuality for spirituality.

Those who call themselves Men of God must use Scripture properly to guide others by teaching, Matthew 28:19, that they too may become sons of God, Galatians 3:26, adequately prepared to teach, reprove, correct, and train in righteousness, 2 Timothy 3:16,17. God's Word must not be subjected to the fickleness of "interpretation", resulting in the confusion likened unto Babel. It has definite, clearly stated doctrine, which by obedience to it, one is freed from slavery to sin, Romans 6:17,18.

"Interpretation" of any information, whether history, economics, physics or religion is subject to bias. Pressures from undue sentiment, emotion, social or political forces and many other areas warp, bend and re-shape that information to suit the whims and desires of men. God will not have it this way. He

has built-in safeguards to protect the Divine message from such influences. Jesus said, "By their fruits you shall know them", thus indicating a clear possibility of identity, doctrine and fellowship. It is a Christian's privilege to maintain this distinctiveness or lose his privileged position.

While rejecting man's interpretations, we must remember that the character of God is such that He expects to be understood as mankind reads of His desire, Ephesians 3:1-12. Every human being will be aware of His Will, for He will see to it, John 6:45; Jeremiah 31:34. Those who call themselves Men of God must sow the seed, the Word of God, by which a man is born again, 1 Peter 1:22,23. Those who hear, and obey the truth purify their souls, same passage.

I personally have a deep fear of what could happen to my eternal soul, should I NOT teach God's Truth properly. Those who do not teach as God has instructed could hardly believe in God, else they would fear Him, too. My allegiance is to God and His Word. I owe no person any loyalty outside this.

God has answers for my needs. May I help you to fulfill your ministry and thereby fulfill mine?

Mrs. J. S. Hinds has resigned as Director of our Center, because of ill health.

And Mrs. Vardi Jane Long was elected to take Mrs. Hinds place as Director.

Mrs. Rhua Ketchum as Assistant Director and Activities Director.

Mrs. Hinds will continue as President of the Senior Citizens Center and Mr. J. S. Hinds as Maintenance Director.

Mrs. Altha Floyd will assist with our nutrition program.

Lunch is served every day Monday thru Friday.

Mrs. Sherron Moore will assist with our daily exercise program.

On our outreach program, Mrs. Vera Mae Petty and Mrs. Elouise Spalding have been taking people to the Doctor.

Every Monday we have a staff meeting.

Quilting every day from 8 a.m. to 4 p.m.

Exercises at 10:30 Monday thru Friday.

The second Monday night is games from 7 p.m. to 10 p.m.

The 4th Monday night is our Birthday party.

Those having birthday don't bring a covered dish. Games and quilting from 7 p.m. to 10 p.m. Tuesday we have a class on nutrition at 11 a.m.

Art lessons from 1 p.m. to 4 p.m. at Clarendon Senior Citizens Center.

Mrs. Betty Williams will teach Bridge Classes as soon as we get enough for a class.

We hope to start our craft classes again soon.

Summer commencement

WTSU--West Texas State University will hold its summer commencement ceremonies for approximately 379 graduates Aug. 18 beginning at 4:30 p.m. in the Amarillo Civic Center Auditorium.

WTSU summer school will end Aug. 16, and classes will resume for the regular fall semester on Aug. 30. Fall registration will be Aug. 29 in the WTSU Activities Center.

Summer commencement rehearsal is scheduled for 10 a.m. that day in the same location.

The student graduating from Clarendon is Melvin Overcast, master of education in HPE education.

Sara Lynn

Mr. and Mrs. Ed Rangle, of Amarillo announce the arrival of a daughter, Sara Lynn, on Tuesday, July 17. The young lady weighed 7 lbs. and 12 ozs. She is the great granddaughter of Ruby Bromley of Clarendon.

Margaret Waldrop has returned from a two weeks visit in Phoenix with her daughter and family, Mr. and Mrs. Bill Lester and boys. One weekend was spent seeing the Grand Canyon.

Melissa Reynolds, daughter of Sharon and George Reynolds of Houston has been here visiting for the past one on a half weeks with her grandparents, Dr. and Mrs. George Smith.

Slow-Pitch tournament

Silverton Fire Department will sponsor a Slow-Pitch Baseball Tournament in Silverton August 17-18-19, 1979. Entry fee will be \$60.00 plus two balls, and all proceeds of the tournament will be used to help defray the cost to the fire department of installing the cable television storm warning system and the balance due on the new fire truck.

Entries may be mailed to Emmett Tomlin, Jerry Patton or Anthony Kingery in Silverton. For further information, call Jerry Patton at 823-2125.

Trophies will be awarded to the winning teams. A concession stand will be provided.

our chicken barbeque.
Mr. and Mrs. Bob Kidd returned last Tuesday afternoon from a vacation in Hawaii. Joan said "The Hawaiian Islands are just beautiful, but there's no place like 'home'."

Mr. and Mrs. Olace Hicks and Dennis and Loretta Harrison met Anna at Amarillo Airport Tuesday evening. The plane was due at 6:20 p.m., but due to an electrical storm in the Dallas area, they had a long wait. Anna's plane arrived about 9 p.m. We are so glad she is 'home'.

Mr. W. T. Elliott, Shane and Shauna were dinner guests of Mr. and Mrs. Otto Elliott Wednesday enroute to Hillsboro, Texas to pick up his wife Bobbie. She attended a relative's funeral. They are back home in Claude from Montana now.

Mr. and Mrs. C. C. Bell of Amarillo visited Mr. and Mrs. Donald Ballew Tuesday.

Mr. and Mrs. Roy Blackman attended the Bogard Reunion at Junction, Texas, Friday through Sunday. Sisters and one broth-

THREE FISHERMEN of Clarendon in the days before Greenbelt Lake with their im-

pressive catch are [l to r] Charlie Oakly, Cecil Thomas and Glen Adkins.

Chamberlain news

MRS. HAWLEY HARRISON

There was a good crowd at Chamberlain Community Center Friday night and Dennis and Ruth Lindley were able to come. Mr. and Mrs. Lloyd Thomas and Mr. and Mrs. Bob Williams were hosts for the meeting. Our next meeting will be August 17. Come if you can. We will have

er, nieces and nephews, and cousins by the dozens. A real good time was had by all. Lots of good food and visiting and remembering.

All kinds of games 42 and 88, ping pong, table tennis, horse shoe pitching, swimming and skiing. We really never could decide who was best in each game so we all ate a dish of ice cream and settled for being 'the best'.

Thirty-eight out of the 48 attended a small church. The ushers even had to bring out the chairs. I think the preacher was a little nervous, wondering if there were any more. Our niece, Barbara Trew sang a special, and two other nieces Kim and Dusty Kinnison sang a duet. The congregation seemed especially pleased. After church a big Sunday dinner was spread and the entire bunch ate too much so we just visited, reminiscing and enjoying each other. We came home on Monday, and we were slightly tired, but we enjoyed every bit of it.

Mr. and Mrs. Frank Corder, were in Amarillo on business Tuesday.

Mrs. Lavonia Sloan of Fruit, Colo., Mrs. Dickie Percival, Mrs. Flossie Reynolds and Mr. Otis Koontz visited Mr. and Mrs. D. R. Koontz Thursday afternoon.

Mr. and Mrs. Orville Swanson, Willie and Jamie of Amarillo spent Saturday and Sunday with Mr. and Mrs. Frank Corder.

Carol and Rence Duncan of Greeley, Colo. visited their son, Jerry and Kathleen Duncan in Odessa, and relatives in Wellington, and spent Saturday night and Sunday with her parents Mr. and Mrs. Frank Thomason.

Mr. Alvin Corbin and Mrs. Bertie Faye Corbin of Amarillo, Mr. and Mrs. Donald Ballew and Mrs. Clara Mae Carter were dinner guests of Ruth and Nell Corbin Sunday.

Mr. and Mrs. Hoyt Goad and family returned home to Murfreesboro, Tenn. Friday.

Wanda and Dood Cornell visited Mr. and Mrs. Otto Elliott Sunday afternoon.

Lloyd V. Risley and Teresa spent Saturday night with Mr. and Mrs. Charles Blackburn.

Dennis and Loretta Harrison and Anna were Sunday dinner guests of Mr. and Mrs. Olace Hicks.

Mr. and Mrs. Cecil Mathews and Mr. and Mrs. Charles Blackburn attended a tea at Paducah, honoring Deputy Grand Matron of Eastern Star in Paducah Sunday afternoon.

We were so sorry to learn of the death of Mrs. Marie Lane. Our sympathy goes to the loved ones and friends in their loss.

Ewaine and Janice Barbee

and Beth attended the 1973 class reunion at Booker, Texas Saturday.

Mr. and Mrs. Tom Barbee of Quitaque visited Mr. and Mrs. Ernest Barbee an Ewayne SJanice and little Beth Monday. Neal Carter and Jan Claassen of Elkhart, Kansas spent Monday night and Tuesday with Mrs. Clara Mae Carter.

Mrs. Bradis Ballew, Mrs.

Clara Mae Carter, Nell Corbin and Mrs. Gertrude Reid visited Mr. and Mrs. Nuford Dill in the Memphis Rest Home Monday afternoon.

Mr. and Mrs. Henry Mann visited James Alvin McAnear Sunday afternoon. Mr. and Mrs. Mark Allen and Ann Allen of Alberquerque attended the Allen family reunion in Munday, Texas.

The Lions Tale

BY GENE ALDERSON

The Clarendon Lions Club held its regular meeting on Tuesday at noon at the Lions Hall. There were 25 members and 3 guests present. Ted Bolf, Chevrolet Factory Representative from Amarillo, was the guest of Gene Alderson. Following our regular opening ceremonies, Boss Lion Courtney announced that it was time to make plans for our annual pancake supper on the evening of the first home football game.

He then asked for a volunteer to be chairman of this project. The silence was deafening. The Boss Lion then announced that he appoint a chairman next week -- probably selected from among those members absent next week. Don't say we didn't warn you.

Lion Fred Carter then introduced Philip Morman who is the son of Lion Jack Morman, and Philip brought our program. He introduced Shiniche Yoshumara from Tokyo, Japan who is a guest in the Morman home for a month as a part of the Labo Exchange Sprogram sponsored by 4-H Clubs. This program involves about 150 youth statewide and about 6,000 nationwide. Its purpose is to exchange culture between two countries.

Howardwick Party Line

BY NORMA CORGILL

Good morning party liners. This is Norma Corgill, who will be trying to write your news for awhile. I would appreciate it very much if each and everyone out here would help me by calling your news items to phone number 2156.

If you have been visiting, had visitors, have had reunions, caught some big fish, or any thing that would be of interest to our little community, please let me know.

This is the month for reunions and every week we have some group enjoying the little park and community building in Howardwick.

The annual Corgill reunion was held in Childress Fair Park, July 28-29. There were 125 attending. So as far away as Bakersfield, California. Attending from Howardwick were Jim and Thelma Corgill and Norma Corgill. The eldest present was Uncle Henry Corgill of Childress who was 93 years old. The youngest was the great grandson of Jim and Thelma Gregory Eugene Boudreau of Amarillo, Texas.

Sunday, August 12, the Castner singers of Lubbock will be singing at the Howardwick Baptist Church. There will be a covered dish lunch at noon. More Gospel singing in the afternoon. Everyone is invited to come and enjoy the good singing and Christian fellow-

ship. Visiting in the home of Norma Corgill, the past week was her granddaughter, Patricia Cook and children Jeremy, Stacy, and Brian, of Dallas.

Visiting in the John Raines home last week was Dickie Dan. He went to Happy this week to attend Wigwan Camp.

Visiting with Jim and Thelma Corgill were Thelma's brother Royce McCreary, wife Louise and son Royce Dale of San Jose, California.

The Bowers reunion was held here at Howardwick with the John Raines, a brother of Mrs. Raines Charles Bowers and wife Connie were here. They had not seen one another in 43 years. Iris, Lorene Bowers, Cecil Bowers of Ft Worth and Hope Dodson, Andrews, Texas.

Mr. and Mrs. Tuffy Reynolds have visiting with them this week, Guy and Sharil Cloud and children, from Fate, Ark.

Troy and Willie Moore recently attended the Abston reunion in Vernon. There was a large crowd there for Saturday afternoon and evening and Sunday. There were a few in their late 80's.

The Moores also visited friends and relatives in Margret and Crowell, Texas.

The Troy Moores and the Allen Bartels took a drive all day Saturday through Palo Duro Canyon.

Ray and Elyun Taylor from Vega spent a few days last week at their place in Howardwick also visiting them was their son, Don and daughters Tracy and Jodie Taylor from Amarillo.

The Edens family has reunion

Children of the late Mr. and Mrs. Henry Edens had their 25th reunion on August 5, in the Lion's Club Hall. Eight of the ten living children were present.

Those attending were: Mr.

and Mrs. Bill Edens and Pat, Benny and Anna Edens and Jack Buckner, Steve Edens Jr., Mrs. Grace Baker and Steve Sandoval, all of Clovis, N. M.; Mr. and Mrs. Guy Edens, Ray and Shin, of Ft. Worth; Steve Edens, of Steve Edens, of Clovis N. M., daughter Susie and granddaughter Misty, of Albuquerque, N. M.; Mr. and Ms. Wayne Baker, of Dumas; Caroline Bullock, of Fayetteville, N. C.; Mrs. Bernice Conn, Paula Lawrence, Bruce and Amber and Buford Conn, all of Abernathy; Nolan, Sue and Lennie Salmon, of Brice; Sammie Goodwin, Jerry and Nelda Baker, of Amarillo.

Also Mr. and Mrs. Jack Edens; Mrs. Roland Salmon; Zuela Sanders; Jennie Porter; Hugh and Oneta Sanders all of Clarendon.

Everyone had a good time visiting and had lots of good food. The day was enjoyed by all.

Cancer news

Immunologists at Baylor College of Medicine here have found that man-made and natural agents together can give

a greater boost to the immune system that fights off cancer and now they want to know why.

Dr. Duane L. Peavy, Assistant Professor of Immunology and Microbiology, and his colleagues are exploring two compounds: one, BCG, a tuberculosis vaccine, and the other, LPS, lipopolysaccharide, a component from the cell walls of bacteria. These, given at the same time, the scientists have discovered, have a greater effect than if used consecutively, one apparently amplifying the other. Dr. Peavy's research is supported by an American Cancer Society grant. Dr. Peavy hopes to find out

why this paradox occurs. He believes that the answers can also disclose how and why the immune system works.

The answers may also help to explain how one of the two forms of immunity blocks the effectiveness of the other, particularly in cancer patients.

One, a generalized system of immunity, functions by "B cells" circulating through the blood to act as sentinels and summon antibodies to attack substances "foreign" to the body. A second system, involving "S cells", also responds to invaders but specifically, to particular cells, such as "abnormal" cancer cells.

In some patients this system is successful in producing specific antibodies which attack cancer. It also acts directly itself against the malignant cell.

In what appears as a mistake of nature for some cancer patients, the "B cell" system not only attacks the cancer but at one point also blocks production of the specific antibodies of the "S cell" system by coating the cancer cells with protein and preventing their receptors from stimulating the "S cell" reaction.

A Moment For Meditation

INEZ G. LAWRENCE

"We have this treasure in earthen vessels." 2 Cor. 4:7

Recently on television there was a story which featured a man in his late eighties standing beside a windmill tower he had built from salvage material.

"How can you work like this as old as you are?" he was asked.

"But I don't feel old," he answered.

That reminded me of what my mother said on her 85th birthday.

"I feel as young inside as I did when I was 20," she said. My own middle-aged children try to ignore their birthdays, insisting they feel as young as their teen-agers.

What is this inside youthfulness we feel even in the face of approaching old age? Are we kidding ourselves as we adjust

to dentures, hearing aids, walking canes, and wrinkles? I think not, for even in the face of serious illness there is a will to live. We expect the pain to go away or get better, for things to be pleasant again. Is it hope? Is it faith? perhaps both.

For you see there is a timeless candle within us. God breathed a part of His eternal Self into man. He became a living soul. The verb is continuous. That means there is no time bracket for the spirit-only for the body in which it lives. Certainly we still feel young because the spirit remains fresh and vital whatever the years are. What does it matter when whether you celebrate or ignore a birthday?

Instead give thanks for the experiences you already have had, then look forward to even greater ones in the future. The real you is ageless.

Mitchell reunion held

Cousins of the Joe Mitchell family met at the Community building August 3-5. There were 35 present.

Boating and skiing were enjoyed.

Those present were: Mr. and Mrs. A. J. Mitchell of Howardwick, Cletus Mitchell, Mr. and Mrs. Jimmy Baird and Jay, Karan Baird and Joe Swan, Jimmy W. Baird and Angie Richard, Mr. and Mrs. E. W. Holland and Tony and Becky all of Pampa; Mr. and Mrs. Harold Mitchell and Kelly, Pat Mitchell, Mr. and Mrs. Craig Mitchell, Mr. and Mrs. Al Ruphert and Amy all of Amarillo; Floyd Murry, Dr. and Mrs. Mitchie Murry and David, Mrs. Marrita Autry and John and Jimmy all of Canadian; Mr. and Mrs. Boots O'Neal and Mrs. Travis Dunn and John.

Daughter of Lockney; and Mrs. Virginia Dunn of Muleshoe.

Mr. and Mrs. T. J. Campbell, Jeff Campbell and Luceil Jones returned Sunday night from Fowler, Colo. where they attended the Tyler-Hess reunion and helped celebrate the 50th wedding celebration of Mr. and Mrs. Miles Tyler. One Hundred and three persons were present for lunch on Saturday.

Lauri O'Neal daughter of Mr. and Mrs. Boots O'Neal of Vernon and Tammy O'Neal daughter of Mr. and Mrs. Wes O'Neal of Electra spent last week with their grandparents Mr. and Mrs. Boots O'Neal and John.

PUBLIC NOTICE

Lone Star Gas Company, a Division of ENSERCH Corporation and Lone Star Gas Company of Texas, Inc., in accordance with Section 43(a) of Article 1446c V.A.T.C.S. hereby give notice of the Companies' intent to implement a new schedule of rates for the intra company city gate rate charge and/or operating expense for gas delivered for distribution for domestic and commercial uses, including company used and unaccounted for gas, at the city gate of each city, town and village served by Lone Star Gas Company in the State of Texas effective September 5, 1979.

The rate schedule is expected to furnish a 15% increase in the Companies' gross revenues in the State of Texas.

A Statement of Intent has been filed with the Railroad Commission of Texas and is available for inspection at each of the Companies' business offices in the State of Texas.

 for Woodhill Permatex
 The cost of professional household repairs is rising by leaps and bounds. Many homeowners and apartment

dweller have found it necessary to learn some of the basics of do-it-yourself projects. Americans are taking do-it-yourself seriously. And, the home improvement industry

has grown from \$11.4 billion four years ago to \$36.3 billion today. In ten years, experts predict we'll be fixing things at a rate of \$100 billion annually. With that in mind, here are some tips which I have learned over the years that may help the budding do-it-yourselfer:
 -Applying grout to bathtubs or sinks, use a squeegee to spread the material instead of a trowel. The metal of a trowel could scratch the surface.
 -Add a couple of drops of germicide to wallpaper

adhesive. This will help prevent mildew during drying.
 -Re-attach wood chips to furniture or broken handles to household tools with the Glueomatic Pen, a handy new appliance for applying instant glue without the mess formerly associated with instant adhesives.
 -Eliminate squeaks in hardwood floors by sprinkling talcum powder over cracks.

 Some scales are so delicate they can measure the weight of the writing on a piece of paper.

LELIA LAKE NEWS

By MARY CASTNER

Tami and Christi Deen are visiting in Ft. Worth with their grandparents, Mr. and Mrs. W. W. Deen.
 Max Courtney of Southland visited Wednesday evening with Mr. and Mrs. R. D. Castner.
 Mrs. Edna Wilson returned to her home in Tyler Wednesday after a stay of several weeks with her sister, Mr. and Mrs. Bill Poole.
 Mr. and Mrs. J. L. Butler had business in Amarillo Friday.
 Mr. and Mrs. C. C. Ayers visited last Sunday in Amarillo with her brother-in-law, Lee Moore, who is very ill and is still in Northwest Texas Hospital.
 Mr. and Mrs. Dick Noble of Lubbock spent Thursday night with his brother, Mr. and Mrs. Lacy Noble.
 Mr. and Mrs. Mike Gilger and daughter, Kim, enroute to their home in Perryton, stopped for a brief visit with her parents, Mr. and Mrs. J. L. Butler, Tuesday.
 Mrs. W. H. Browning and daughter, Sue Thompson, visited Tuesday in Hart with her son and family, Mr. and Mrs. Sam Browning.
 Andy Moffitt of Memphis spent several days last week with his grandparents, Mr. and Mrs. F. A. Floyd.
 Mrs. D. O. Smith and son, Mr. and Mrs. Stanley White, all of Muleshoe visited Wednesday with Mr. and Mrs. C. C. Ayers. Mrs. Smith and Mrs. Ayers are longtime friends.
 Mr. and Mrs. Wiley Reynolds, Terri and Preston Byrd, went to Six Flags over the week-end.
 Mrs. Merle Daniel of Sherman visited over the week-end with her children, Mr. and Mrs.

Two Scouts receive Order of Arrow ordeal

Lynn Alderson and Bobby Asher, Clarendon Scouts received their Ordeal in the 1979 Order of the Arrow Special Services Organization in the Boy Scouts of America.
 Lynn is a Life Scout and Bobby is a Star Scout. They bring Troop No. 33 to its present record of 52 members who received this honor.

Research: It Pays In Many Ways

Alternatives are not necessarily new sources or technologies. They can be basic approaches neglected during years of abundant, inexpensive oil. One "alternative"—coal—has been around for centuries. It's now becoming increasingly important because the U.S. has more than a third of the world's supply—enough, some say, to last 1,000 years.
 Research benefits all of us because its results could:
 • Create more efficient methods to use land and natural resources.
 • Provide new kinds of jobs to keep the economy growing.
 • Reduce, or at least hold down, the cost of conventional fuels.

The children of Lloyd & Frances McCord

request your presence to celebrate the 40th anniversary of their parents. The reception will be held at the First Baptist Church in Clarendon, Texas, from 2:00 to 4:00 p.m., August 12, 1979.

Defaulted student loans

State Comptroller Bob Bullock Thursday said more than 200 state employees who defaulted on student loans they got in college may not get state paychecks this month.
 Bullock said the former students were identified in a computer cross-check of loan defaults against the July payrolls submitted by state agencies.
 State law prohibits a person owing the state a debt from receiving state payments of any kind.
 Bullock said he's written the former students telling them their paychecks will not be released until the debts have been resolved.
 "This is the first time we've worked overdue student loans and it's safe to say it won't be the last," Bullock said.
 The 200 employees in question are part of 24,685 named by the Texas College and University Coordinating Board as being in default on education loans worth \$39.6 million under the Hinson-Hazelwood program.
 The 200 state employees collectively owe the state some \$327,000, in amounts ranging from \$48.32 to \$7,781, according to Bullock.
 The payroll checks will be held by the Comptroller's office until the Coordinating Board says the debts have been settled.
 "Leaving college without paying back state-sponsored education loans is going to be a lot tougher than skipping book fines," Bullock said.

Baker family reunion

Mr. and Mrs. D. W. Tomlinson of Bartlesville, Okla. hosted the Barker reunion in their home August 3rd thru 6th.
 An enjoyable visit to Wollaroo wildlife refuge and museum and National Y-Indian Guide Center and a tour through Frank Phillips Mansion was made Saturday and Sunday. Lots of card games and dominoes, piano playing, good eating and visiting made for four delightful days.
 Attending were Viola Graham and NOva Mooring of Clarendon, Mr. and Mrs. Don Barker of Amarillo, Mr. and Mrs. Dick Noble of Lubbock, and Mr. and Mrs. Douglas Tomlinson and children.

 Pat Gattis and children Liz and Joe of Irving, spent the weekend with her parents Mr. and Mrs. Boots O'Neal and John.

HOW TO BEAT THE HEAT

With the gasoline shortage people will be staying home rather than travelling to the beach or the mountains for relief from the heat.

Here are four tips that will help you keep cool this summer.

1. Take neither hot or cold showers. A hot shower or bath can saturate you with a long-lasting and oppressive feeling of heat, like standing in the hot sun.

2. Drink plenty of liquid. The more you perspire, the more you should drink. On a really hot day, you can pour off 15 quarts of water. Interestingly, gin and tonic, a traditional favorite warm-weather drink that provides needed liquid, is also a refreshing thirst quencher. Using Beefeater Gin, distilled and bottled in London will give your gin and tonic that same identifiable excellence you give your Beefeater martini.

3. Eat slowly, but well. Haste overtakes your stomach, and the harder it has to work, the hotter

you'll feel. But don't forget that you burn up as many calories in hot weather as in cold. Dining only on salads, you starve yourself for energy.

4. Sleep more. Extra rest is important, and doctors advise that you sleep an extra hour during the hot weeks. On hot, muggy nights, you can still get a good night's sleep. Try putting your mattress on the floor. The hot air will rise, leaving you surrounded by cool, cool air.

At \$1,000 a yard, shah-toosh may be the dearest cloth in the world. More expensive and considered even finer than vicuna, it is a brown-gray wool made from the throats of Indian goats.

What may stick in many people's throats could be increases in the price of cotton. The National Cotton Council points out that unless the Occupational Safety and Health Administration's regulations are halted by the courts, their cost—over \$2 billion—may have to be tacked onto the price you pay for fabrics and clothing.

FOR SALE: Elberta peaches will be ready Aug. 11, at Truett Behrens Orchard 2 1/2 miles east of Clarendon on Hwy 287. \$6.00 we pick. \$5.00 you pick. Please bring containers. 32-1tp

FACTS & FIGURES

At \$1,000 a yard, shah-toosh may be the dearest cloth in the world. More expensive and considered even finer than vicuna, it is a brown-gray wool made from the throats of Indian goats.

What may stick in many people's throats could be increases in the price of cotton. The National Cotton Council points out that unless the Occupational Safety and Health Administration's regulations are halted by the courts, their cost—over \$2 billion—may have to be tacked onto the price you pay for fabrics and clothing.

From the architecture of the building, to the of the newest construction treatment of cancer the Don and Sybil H. Cancer Center will be kind" for the State of The Center, which built in the Amarillo Center, is scheduled construction in September completion is expected To develop a comprehensive plan to treat and manage the Panhandle area, from Washington, Madison, Wisconsin, St. to, California, and M.D. son Hospital, represent many different types of programs were bro Amarillo.
The result of this was the formation Panhandle Area Cancer which is responsible Center.
The Don and Sybil H. Cancer Center is designed support and work with cancer programs and at St. Anthony's Hospital Plains Baptist Hospital Northwest Texas Hospital Because only about cancer patients actually hospitalization, the Sybil Harrington Cancer's approach to treatment will be ambulatory. can live at home in surroundings with family friends while coming Center for treatment. A group of small ind clinics will be created the patient immediate the full range of necessary for modern treatment. The emphasis on "small" to personal relationship the patient, his family professionals treating. Before a patient with treated at the Don and Harrington Cancer Center she will be evaluated of specialists such as radiation oncologists, oncologists and other oncologist is one who specializes in the treatment of cancer. For example, in pre- or post-operative therapy is necessary, also be determined if therapy should begin surgery or be delayed recurrence is evident. In the design of the architects Paul Rudolph York and Wilson/D Amarillo have made an create an environment port, concern and inde They have conceived and Sybil Harrington Center as a large home protective roof over the sheltered porch courtyard. The Don and Sybil H. Cancer Center will latest in cancer treatment diagnostic facilities. A therapy section, which house two linear accelerator pharmacy and laboratory planned.
A treatment planning will be instituted at the will be shared with St ny's Hospital. Space provided for the Pan Regional Tumor and Registry and the Cancer Society. The C also contain an amphit

Silver dollars to be sold

Two sales of 978,134 Carson City silver dollars--last of the government's holdings--will be early next year, the U.S. General Services Administration announced today.

The agency is asking for an expression of interest from persons interested in purchasing the coins. It is requesting they send a post card with their name and address, including zip code, to: Carson City Silver Dollars, San Francisco, Calif. 94170. Information and order forms will be sent those on the list prior to the sales.

The marketing plan announced today closely follows the

recommendations submitted by an advisory panel of numismatic experts to GSA Administrator Rowland G. Freeman III. The panel was convened in Washington D.C., in April.

"This plan will insure the public a widespread opportunity to obtain these coins," Freeman said, "while assuring maximum

return to the Treasury for the benefit of all the taxpayers."

GSA, the government's business agent, is authorized to sell the coins under legislation

signed by President Carter March 7, 1979.

Freeman said public interest in the silver dollars, minted

between 1879 and 1891, has been significant, with more than 60,000 inquiries received by GSA since the legislation was passed.

The first sale will offer 923,287 silver dollars to the public by mail order at fixed prices. This sale will feature three separate categories of the 90 percent silver coins (with the quantity available in parentheses): 1883-CC (195,745), 1884-CC (428,152) and "Mixed Years-CC-1879-1885 and 1890-1891--(299,390).

The coins, with no limit on the number that may be ordered, will be sold only for delivery to addresses within the United States, its territories and possessions and to APO and FPO numbers. Orders will be processed at random based on dates received, and will be filled up to 500 coins per

category. To insure equitable public distribution, GSA will fill the balance of orders for more than 500 silver dollars from any coins remaining at the end of the sale.

The second sale will offer 54,847 Carson City silver dollars in three separate mint-year categories: 1880-CC (4,284), 1881-CC (18,996) and 1885-CC (31,567). These coins will be sold at public auction by mail bid. There will be a limit of five from each category per bidder. If any coins remain from the first sale, they will be included, as lots, in this offering.

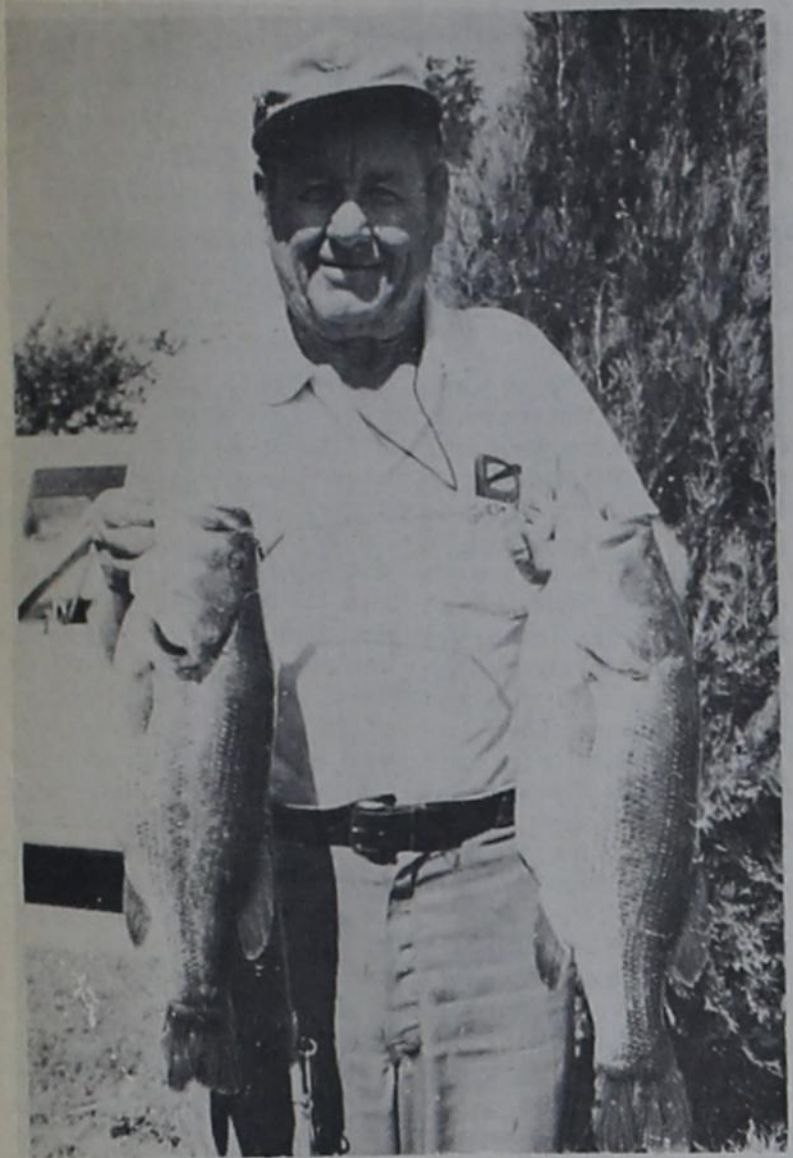

Prices will be announced prior to each sale, with either fixed prices or minimum bid prices determined by market conditions at the time.

All prices will include the cost of delivery by registered mail, except for any coins offered on a

lot basis in the second sale. Successful bidders on any such lots will be responsible for the removal of the coins.

Coins offered in the two sales represent the balance of some 2.9 million Carson City silver dollars discovered in a U.S. Treasury vault during a 1964 audit. From 1972 to 1974, GSA sold 1,959,428 of these silver dollars in five public sales, netting \$55.3 million for the government. Sales were discontinued in 1974.

Designed by George T. Morgan, the coins feature the head of Miss Liberty on one side and an eagle within an olive wreath on the other. The letters "CC"--for Carson City--appear under the wreath. The Carson City mint was closed in 1893. Dates of the sales will be announced as soon as GSA plans are final.

STINA CAIN well known sportsman and former school administrator displays two exceptional bass caught from Greenbelt Lake recently. One bass weighed 6 lbs. 9 ozs. while the other weighed an even 6 lbs. Cain said he hooked these fish about three minutes apart. They were taken on top water lures.

Cancer Center

From the architectural design of the building, to the utilization of the newest concepts in treatment of cancer patients, the Don and Sybil Harrington Cancer Center will be "one of a kind" for the State of Texas.

The Center, which will be built in the Amarillo Medical Center, is scheduled to begin construction in September and completion is expected in 1981.

To develop a comprehensive plan to treat and manage cancer in the Panhandle area, consultants from Washington D. C. Madison, Wisconsin, Sacramento, California, and M.D. Anderson Hospital, representing many different types of cancer programs were brought to Amarillo.

The result of this consultation was the formation of the Panhandle Area Cancer Council which is responsible for the Center.

The Don and Sybil Harrington Cancer Center is designed to support and work with existing cancer programs and activities at St. Anthony's Hospital, High Plains Baptist Hospital and Northwest Texas Hospital.

Because only about 10% of cancer patients actually need hospitalization, the Don and Sybil Harrington Cancer Center's approach to treating cancer will be ambulatory. Patients can live at home in familiar surroundings with family and friends while coming to the Center for treatment.

A group of small independent clinics will be created to provide the patient immediate access to the full range of specialists necessary for modern cancer treatment. The emphasis will be on "small" to insure a personal relationship between the patient, his family and the professionals treating him.

Before a patient with cancer is treated at the Don and Sybil Harrington Cancer Center, he or she will be evaluated by a team of specialists such as surgeons, radiation oncologists, medical oncologists and others. (An oncologist is one who specializes in the treatment of cancer.)

For example, in breast cancer, it is important to decide if pre- or post-operative radiation therapy is necessary. It must also be determined if chemotherapy should begin following surgery or be delayed until a recurrence is evident.

In the design of the building, architects Paul Rudolph of New York and Wilson/Doche of Amarillo have made an effort to create an environment of support, concern and indeed love. They have conceived the Don and Sybil Harrington Cancer Center as a large home with a protective roof overhanging a sheltered porch courtyard.

The Don and Sybil Harrington Cancer Center will contain the latest in cancer treatment and diagnostic facilities. A radiation therapy section, which will house two linear accelerators, a pharmacy and laboratory, are planned.

A treatment planning module will be instituted at the Center will be shared with St. Anthony's Hospital. Space has been provided for the Panhandle Regional Tumor Clinic and Registry and the American Cancer Society. The Center will also contain an amphitheater for

the purpose of cancer education.

To make the Center a reality, two grants totaling \$4 million have been made to the Panhandle Area Cancer Council from the Harrington Foundation. The construction site of 3.73 acres, and \$60,000 for interim financing of operational expenses was granted to the project by the Amarillo Area Foundation.

A campaign to raise a minimum of \$1.5 million from regional contributors will begin August 6 under the leadership of businessman Ed Fancher and civic leader Betty Howell. Serving on the Steering Committee to direct the campaign are: Mrs. Lee T. Bivins, C.A. Cash, James R. Cook, Gene Edwards, Mrs. T. Boone Pickens, Berl Springer, Tol Ware, and K. Bert Watson.

Veterans

Q & A

Q--If a serviceperson is totally disabled at time of discharge or release from military service, what kind of coverage is he entitled to under the Service-member's Group Life Insurance (SGLI)?

A--SGLI coverage will continue for one year or until the serviceperson's disability ceases to be total in degree, whichever occurs first. The insured may apply for Veterans' Group Life Insurance at any time during the one-year period SGLI is in effect.

Q--I plan to submit new and material evidence to my service connected condition for consideration by a regional office rating board. I have already filed notice of appeal. Must I first withdraw the appeal before I submit the new evidence?

A--No. New and material evidence may be submitted for consideration by the regional office rating board at any time prior to certification of the appeal and transfer of the claims file to the Board of Veterans Appeals.

Q--Does a widow or widower permanently lose entitlement to VA benefits if he or she remarries?

A--No. A widow or widower may reclaim eligibility for Veterans Administration benefits if the remarriage is terminated by death, divorce, or annulment.

Q--I am paid death pension benefits by the Veterans Administration as the helpless child of a Civil War veteran. May I also receive aid and attendance benefits?

A--You can not receive aid and attendance benefits. There are no provisions for payment of additional benefits to a helpless child receiving death pension.

Q--I am a Vietnam Era veteran with 120 days active duty. I applied for a VA guaranteed home loan two years ago but was denied because of a lack of qualifying service. I heard that the law has changed. Am I now eligible for the loan guaranty?

A--You may now be eligible. The Veterans housing Benefits Act of 1978 requires only 90 days of active duty for home loan entitlement for Vietnam Era veterans. Service must have been performed between Aug. 5, 1964 through May 7, 1975.

Social Security

Q--I am over 72 years old and receiving full Social Security Benefits even though I am still working full-time. My employer continues withholding FICA (Social Security Tax) from my pay. I maintain that he shouldn't withhold FICA since earnings after age 72 do not count, who is right?

A--Sorry, your employer is right. There are two issues involved. One is the payment of FICA, the Social Security Tax. The law requires the collection of the FICA Tax on all wages paid and all self-employment income regardless of the person's age. The other issue is earning under the annual earnings test for determining Social Security Benefits payable for those who work after becoming eligible. You are right. Under the Social Security Annual Earnings Test, earnings after age 72 do not count so you are entitled to full benefits. The FICA you continue to pay is not for naught. Each year an automatic recalculation of benefits, considering the additional earnings is made for those on

Social Security who pay FICA. In most cases this results in increased benefits.

Q--I'll be 65 later this year. I need to know what I have to do to sign up for my Social Security? When do I need to get started and what do I need to furnish to get my benefits set up?

A--You need to file your application three months before the month you will celebrate your 65th birthday. When you file, we'll need to see your birth certificate or some other document that shows your age or date of birth that was recorded as early in your life as possible. We'll also need to see last year's W-2 forms if you worked for wages or last year's tax return if you were self-employed. You don't even have to come to the Social Security office to file your claim; you can do it on the telephone. In Amarillo, please call 376-2231 to file your claim by telephone.

Area State Park is new

Caprock Canyon State Park near Quitaque is one of Texas' newest public recreational areas, yet one of the region's oldest attractions for man.

To learn just how attractive it was to prehistoric man and to determine how rich its archeological resources might be, a team of scientists made a pilot study in the Lake Theo portion of the park this week (week of July 29).

Dr. Eileen Johnson, director of the Lubbock Lake Site Project which operates through The Museum of Texas Tech University, and four others were interested particularly in the soils and the microvertebrate record of Caprock Canyon.

Gathering samples with her at the park were: Dr. B. L. Allen, soils specialist and member of the plant and soil sciences faculty at Texas Tech University; Vance Holliday, field supervisor for the Lubbock Lake

Site 1979 dig and also a soils scientist; Curtis Welty, Lubbock Lake Site field geologist; and Ron Ralph, archeologist, Master Planning Branch, Parks Division, Texas Parks and Wildlife Department.

Ralph explained that the pilot study supports the work of the department, which funded the research, in planning how to best assign areas of Caprock Canyon State Park for various public uses. Protection of cultural resources is a part of the planning. The archeological input is used in determining which areas to develop and how to safeguard fragile resources.

At Lake Theo archeologists already have found evidence of Plainview and Folsom periods, 9,500 to 10,500 years ago.

Holliday said that he has a special interest in the buried soil sequence and its relationship to the buried soils at the Lubbock Lake Site.

Johnson said that evidence of ancient fauna discovered at the Lubbock Lake Site indicate that it at one time was a biotic extension of the Rolling Plains onto the Llano Estacado.

"There should be a similar microvertebrate record from Lake Theo," she said, "and discovery of this would be important to the environmental record of the pleistocene epoch."

"The Lake Theo study is a part of our interest in developing the historic relationship of that site with the Lubbock Lake Site."

The soils study furnishes a time frame, she explained, and this is important in creating a physical framework for understanding culture interrelationships.

News from Washington

From Jack Hightower

Congressman Jack Hightower, Chairman of the Texas Democratic Delegation in the House of Representatives, along with 14 co-signing Texas Congressmen have petitioned President Carter to act immediately

to assure farmers that adequate diesel supplies will be made available.

"We want action and we want it now," Hightower proclaimed to the President. "This is of serious concern to all Americans. Shortages of diesel could effect not only the supply of our food and cause serious shortages, but also create a stalemate in our export commodities and jeopardize trade abroad. Diesel shortages in rural America have international ramifications."

"The problem of diesel shortages has continually troubled the farming community since spring planting began in March. Producers and those of us in the Congress who serve agri-business and have large rural areas within our districts breathed a collective-but short-lived-sigh of relief when the promise of 100 percent of fuel was made and delivered through Special Rule No. 9," Hightower noted in a letter to President Carter.

"Many of us protested when the rule was withdrawn in June and our warning became fact by mid-July when diesel allocations

began to be depleted. Irrigation wells powered by diesel motors have been shut down in areas from South Texas where they were watering peanuts to the High Plains where half-grown corn crops are already beginning to burn."

"Thousands of farmers cannot plow land for winter wheat planting in August and September. Harvest is underway in South Texas and local distributors often cannot furnish a farmer enough to run his tractor for a full day's plowing," Hightower continued.

"We are asking that the winter stockpile of home heating oil deadline be moved back 15 days in order that fall harvest can be assured without being detrimental to our winter heating supply," Hightower explained.

"If corn or peanuts or any other crops are not irrigated now, there will not be a crop to harvest. There will be no crop until next fall. If wheat land is not plowed and planted when the time is right, there will be no wheat crop until June of 1981. Diesel must be made available

during August and continue into the fall, next winter will be too late.

In an additional development today, Congressman Hightower stated, "The announcement by the Department of Agriculture today was truly 'good news and bad news'."

"Although I am very pleased the Department of Agriculture has told the Russians that an additional 10 million metric tons of wheat will be available over the next 14 months, I wish the announcement could have been made three weeks ago. The Russians will have available an additional 2 million metric tons this marketing year and the additional eight during the 1980 marketing year."

"I urged the President to make additional wheat available on July 12 but I am grateful the action was finally taken."

"The disappointment of the day was the announcement that we would not have any set-aside requirement in the 1980 wheat program. That will mean that in addition to fence to fence planting, producers will have target price protection of only

around \$3.07 per bushel for next year's crop. They did raise the loan for wheat from \$2.35 to \$2.50 per bushel. That is below the \$3.40 per bushel I had ask

for but a 15 cent increase in bette than nothing. I am afraid there is not enough in the program to protect our producers.

NEWS OF TRAVEL

Soaring prices and a shortage of gas are suddenly facts of life this summer, and they call for some quick new ideas in planning or re-planning vacations. What to do without spending a bundle, and where to go that's a world away from gas lines and gas limits, yet inexpensive and classy? One answer: hole up on an island in the Caribbean. There are plenty to choose from, and these days they're one of the best buys around.

From Aruba to the Virgin Islands, from Antigua to the French West Indies, it's "Caribbean Bonanza Time," a period of incredibly low hotel rates and uncrowded, hassle-free vacation attractions. "Bonanza Time's" biggest lure is the 30% to 60% discount on room rates in virtually every hotel in the Caribbean, large and small, luxurious and simple.

But low cost and freedom from "gas pains" are not the only advantages to travel in the Caribbean now. Uncrowded conditions prevail, as well, at all tourist facilities on the islands. Want the best court for tennis, and lessons with a pro who has time to correct your backhand? Looking for no-wait, play-through rounds of golf, with plenty of carts and caddies? Want the maitre d's undivided attention and the personal interest of the wine steward at dinner? They are all bonuses to summer and fall travel in the Caribbean, the perfect vacation alternative.

For more information on the 22 member countries of the Caribbean Tourism Association, as well as further details on "Caribbean Bonanza Time," see your travel agent or contact the C.T.A. at 20 East 46th Street New York City 10017.
